## Project to Put New Life In Old Keltner Hotel

By MELODY DAWES

People are once again coming and going in the old Keltner Hotel at the corner of Sweet Street and Lockwood Ave. in Tahoka. The newly formed Tahoka Historical Society is currently working on a portion of the building and will soon be making plans for the rest of the building.

Approximately a year ago, the hotel was donated to the Tahoka Chamberettes because of their ceaseless efforts to make Tahoka a town everyone could be proud of. Their original plans were to restore the

hotel and allow the town to use it for different community functions. The Chamberettes worked hard throughout the year under the leadership of Dean Bartley to raise funds for the project.

After several months of legal work to check into all aspects of the project, Chamberettes were advised to form a corporation made up of Chamberettes and other local townspeople. Thus, the Tahoka Historical Society, Inc. was formed on Dec. 28, 1982.

The corporation consists of a board

of directors who met on that date and agreed to serve on the board for a period of 1, 2 or 3 years. Board members are Dean Bartley, Ann Roberts, Nadine Dunlap, Beth Huffaker, Melody Dawes, Jay Dee House, Dalton Wood, Tom Marrier, Nick Summitt, Jim Solomon, Mildred Abbe, John Fisher, Barry Weaver, Richard White, Joe Hays and Jimmy Huckabey.

Officers elected at the meeting are Mrs. Bartley, president; House, first vice-president; Mrs. Huffaker, second vice-president and Mrs. Dawes, secretary-treasurer.

This board is responsible for all aspects of the hotel. One of the qualifications of the donation of the building is that Cubanna Daniels, who presently resides at the hotel, be provided better living quarters.

A local contractor was hired and work has begun on the west end of the first floor where separate rooms will be re-fashioned into an apartment for Mrs. Daniels.

### Tentative Plans

When the apartment is completed, the board will make more specific plans regarding the rest of the building. Tentatively, the board would like to see some of the walls torn out on the first floor to make room for a large banquet room. Hopefully, the lobby can be restored similar to its original design and decoration to preserve the historical aspect of the building.

Tentative plans also call for two rooms on the second floor to be restored as they originally were for the public to view and for several other rooms to be re-designed to use for club meetings, conferences, seminars, or whatever needs the community might have.

This project entails much hard work and even more money. Because of the Chamberettes fund raising efforts the past year, they recently gave two donations to the Tahoka Historical Society for a total of \$4,000. Also, several items have been donated for the remodeling of Mrs. Daniel's apartment. Marrier's Furniture will provide carpet, Jay Dee House has given some ceiling tiles, Jimmy Huckabey is donating paint, and Love, Hays and Schaffner are donating a dryer. Anyone interested in making a donation in any form is asked to contact one of the board members.

### Opened in 1925

The building is structurally very sound even though it is almost 60 years old. The late C.B. Keltner purchased the lot and started building the hotel in May of 1924. The hotel opened early in 1925 and Mrs. Daniels, Keltner's daughter, recalls those first years as "very prosperous." There were not many nice hotels on the plains at that time and according to her "many people had to be turned away."

When Keltner opened his operation and for several years thereafter rates were \$1.50 per night, which was the same rate as most hotels in the area at that time.

The hotel included four rooms on each floor with baths shared by one

A GIFT FROM THE HEART—Jill Jaquess, daughter of Mr. and Mrs. Jackie Jaquess, sheepishly hands her kindergarten teacher, Kathy Gardner, a large treat for Valentine's Day. Mrs. Gardner, of Lubbock, joined the Tubbs Elementary staff in January. (LYNN COUNTY NEWS PHOTO)

## WOODWORK BY DALTON

I FOUND THE lost words which I couldn't find last week; a clipping a reader brought me from a newspaper sometime around 1960, in which the writer, Frank Hill, had received a clipping from a reader and he ran it in his column.

In computer language, this is called an endless loop. In the newspaper business, we call it stealing somebody else's stuff and using it over and over.

The clipping I couldn't find last week was on my desk all the time, but had hid itself through three searchings before jumping up in plain sight.

In the article more than 20 years old, the Houston Police Dept. was credited with preparing "Ten Easy Rules for Raising a Delinquent". They probably got it from someone else, too, since I seem to have read it in Ann Landers from time to time. Ann not only reruns her own stuff; she's been stealing material from the Lynn County News.

Anyway, there also was another list of things parents can do to assure that their children will fail. Both are reprinted here, because they really are worth repeating often:

1. Begin at infancy to give the child everything he wants. This way he will grow up to believe the world owes him a living.

2. When he picks up bad words laugh at him. This will make him think he's cute.

3. Never give him any spiritual training. Wait until he is 21, and let him "decide for himself."

4. Pick up everything he leaves lying around — books, shoes, clothes. Do everything for him so that he will be experienced in throwing all responsibility on others.

5. Quarrel frequently in his presence. In this way he will not be too shocked when the home is broken later.

6. Give a child all the spending money he wants. Never let him earn his own. Why should he have things as tough as you had them?

7. Satisfy his every craving for food, drink and comfort. Denial may lead to harmful frustrations.

8. Take his part against neighbors, teachers, policemen. They are all prejudiced against your child.

9. When he gets into real trouble, apologize for yourself by saying "I never could do anything with him."

10. Prepare for a life of grief. You are bound to have it.

### How To Help Your Child Fail

Take the position that the teacher, not the child, has the entire responsibility for the child's performance in school. Get indignant about it.

Pay no attention to your child's comings and goings.

Encourage him to participate in as many after-school activities as possible. Disregard the fact that although all of these undertakings may benefit children in various ways, they must detract from the enthusiasm that youngsters have for hard application to mental tasks.

Let your child know from the start that you have no faith in your school system, and be sure to criticize the teacher in his presence.

When your child comes home day after day without any books or assignments, and tells you he has "nothing to do," always believe him.

Encourage your child to dress in a sloppy manner when he goes to school. It's cute, and besides that idea that sloppy dress, behavior, and achievement go hand in hand, is old-fashioned.

Keep him out of school each day attendance inconveniences you, or it rains, snows, or he wants to stay in bed.

When the teacher or principal sends a note home, read it, and then get mad about it. Rush over to the school and tell the teacher and principal they are "picking on your child."

This will guarantee failure in school ... and in life.

WHEN DAYTON PARKER Pharmacy ran a page ad in observance of the company's 20th anniversary and showing how the drug store itself had been around Tahoka since 1903, it stirred some memories in the mind of Dr. Conrad Lam, former Tahokan now living in Michigan. He wrote a letter including some incidents of early days here, and it is reprinted inside this issue. Recommended reading for anyone over 40.

other room, plus rooms with no baths. However there also were a woman's shower and a man's on each floor.

Meals were not served at all at the hotel as it was run exclusively on the European Plan meaning that the price included the room and services generally provided by hotels.

### Enforces Order

The Keltner family lived at the hotel in the back part and Keltner served as clerk, general manager, and sometimes bouncer. Mrs. Daniels recalls that her father was a large man and as much as he enjoyed being around people and visiting, there were simply some things he would not tolerate. He kept a baseball bat handy if he had to throw someone out for gambling or drunkenness. This did not happen often, but Mrs. Daniels remembers that when it did, the patrons did not dare return.

When the Depression hit this part of the country in the thirties, business was slow and times were hard. But, Mrs. Daniels claims that she still has fond memories of people

## Cemetery Land Funding Okayed

Tahoka City Council Monday night authorized Mayor Mel Leslie and City Manager Carl Reynolds to proceed with borrowing \$30,000 to be used for purchase of 20 more acres to be added to the present City of Tahoka Cemetery, to take care of future needs at the site.

The present cemetery encompasses about 17 acres and will meet needs for a few more years, at which time it is hoped that the new area, just east of the present cemetery and across a county road, will be ready.

With Mayor Leslie and councilmen Richard White, Cap Wharton and Tom Cooper present, the council also acted on several other matters. Absent were council members Jim Solomon and David Midkiff.

An election to fill two council seats and the job of mayor will be held April 2, and March 2 is deadline for filing for any of these posts. The terms of Mayor Leslie and councilman Midkiff and Wharton are scheduled to expire. Of the three, on-

ly Wharton already has filed for reelection.

Anyone wishing to file for any of the posts may do so at city hall. Challenge Exploration Co. was given approval for seismograph operations in the city subject to a contract accepting liability for any damages incurred in the operations.

The council also approved a map specifying zoning areas in the city. A plan calling for stricter enforcement of zoning laws in the city is being implemented, with a new zoning board for the city to be appointed.

Two applications for housing renovation assistance through the Community Development Block Program were approved.

## British Isles Trip Meeting Rescheduled

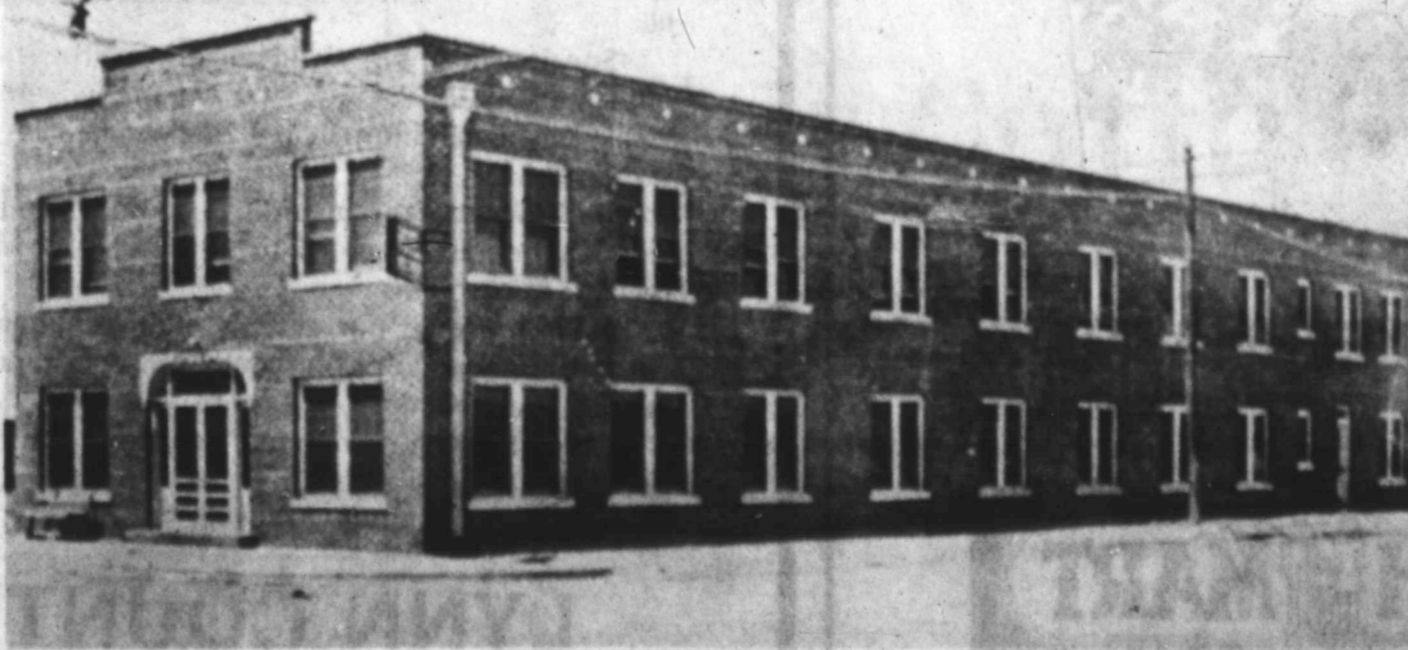

A meeting to discuss the upcoming Lynn County News trip to the British Isles has been rescheduled for 7:30 p.m. Friday night (Feb. 11), since a winter storm froze the meeting out last Friday.

The meeting will be at the home of Mr. and Mrs. Dalton Wood, 2106 N. 8th St. in Tahoka, and anyone interested in knowing more about the trip is invited to come and ask questions.

Some slides will be shown, and application forms for passports will be available. Also pictures for passports will be made after the meeting, free of charge.

A deposit of \$100 per person will assure anyone a spot on the trip, which will leave Lubbock airport at 2 p.m. May 28 for the 16-day tour of England, Scotland and Ireland, returning June 12 at 6:45 p.m.

Cost of the trip is \$1775 per person, including all transportation, hotels, breakfast every day and nine evening meals.

KELTNER HOTEL—This photo was taken when the hotel was only a few years old and entertained guests from all across the plains. This picture was taken from a folder of pictures advertising the city.

MR. AND MRS. T.B. MASON

### T. B. Masons To Celebrate 50th Anniversary

Mr. and Mrs. Thomas B. Mason of Rt. 4 Tahoka will be honored Sunday, Feb. 13, with a reception celebrating their 50th wedding anniversary from 2 to 4 p.m. in the Tahoka Church of Christ hosted by the couple's seven children and their families.

The former Evelyn May Ray and Mason were married Feb. 9, 1933 in the old Garlyn Community in Lynn County. They have lived in their present home for the past 44 years. They also have lived in the Gordon and Meadow Communities.

The couple's children include Tom Mason Jr. of Friona; John Mason of Colorado Springs, Colo.; Charles Mason of Post; Mrs. Ida Brown of Hobbs, N.M.; Jack Mason of Albuquerque, N.M.; Joe Mason of Hurst; and Mrs. Mary Fisher of Ruidoso, N.M.

Friends and relatives are invited to attend the reception.

### Sausage Festival Set

St. Joseph's Catholic Church's 13th annual Sausage Festival dinner will be held Feb. Sunday, Feb. 20, starting at 11 a.m. in St. Joseph's Hall, 20th and Division St., Slaton.

Tickets are \$4 for adults and \$2 for children age 10 and under. Festival highlights include: homemade German sausage, Country Store, Texas Tech German Dancers, German puppet show, auction at 3 p.m., and German Curio Shop.

### Look Who's New

Mr. and Mrs. Menford Gandy are the parents of a daughter, Lezli Rae, born Thursday, Feb. 3, at 9:01 a.m. in Methodist Hospital weighing 6 lbs. 14 ozs. and was 20 1/2 inches long.

She has a brother, Gary, three-years-old.

Grandparents are Mr. and Mrs. T.D. Hager and Mr. and Mrs. C.M. Gandy, all of Tahoka. Great-grandparents are Mr. and Mrs. O.C. Hager and Minnie Gandy, all of Tahoka.

### Engagement Announced

The children of Billie White announce the engagement and approaching marriage of their mother to Don Everett of Gail. They plan to be married Feb. 19 at 6:30 p.m. in the Fluvanna Baptist Church.

Don is a rancher at Gail.

### TUESDAY BRIDGE WINNERS

The winners of Tuesday night bridge Feb. 1 were:

First, Maxine Edwards and Auda Norman; second, Boots Walker and Eunice Hunter, both of Brownfield; third, Fern Leslie and Jean McCord; fourth, Margie Maddox and Edwina Morris, both of Lamesa; fifth, Mildred LeMond and James McAllister.

SHOP IN TAHOKA

### MILDRED ABBE HONORED BY GIRL SCOUT COUNCIL

Mrs. Mildred Abbe of Tahoka was among seven honorees who received a certificate of appreciation from the Caprock Council of Girl Scouts at their annual meeting Monday, Jan. 31 in Lubbock.

### Pythian Sisters

Lynn Temple #45 met Feb. 1 in regular session with MEC Dorothy Kidwell presiding.

Florine McCracken who was absent when other officers were installed Jan. 28, was installed Feb. 1 into the secretaries chair.

Temple deputy, Darlene Gurley; District Deputy, Helen Ellis and Grand Treasurer Helen Farr were introduced to the Sisters.

The degree staff has been practicing on a drill to take to Lubbock's Friendship Temple Feb. 19 for their installation of officers. They are also planning to take a drill to Grand Temple which will be in Lubbock in June.

17 women were present for the meeting.

### Items Needed For Hotel Job

Dean Bartley, chairperson of the committee working to renovate the historic Keltner Hotel in Tahoka, said this week that among items needed for the renovation are ceiling fans with lights and one refrigerated air conditioning window unit.

Anyone having any of these items to donate to the project is asked to contact her or any other member of the committee.

The Tahoka Garden Club will meet Tuesday, Feb. 15, at 9:30 a.m. in Brownfield in the home of Mrs. Betty Merrett with Mrs. Lavelle Crain as co-hostess. The program will be "Patio Beauties—Hanging Baskets and Potted Plants," by Mrs. Lucille Stewart. After the meeting the group will eat lunch in Brownfield.

The first moving picture theater was the Electric Theater on South Main Street in Los Angeles, which opened in 1902 with an hour-long presentation. Admission was two cents.

### THS Band To Perform At Six Flags

The Tahoka High School Band, under direction of Mike McGhee, will compete in the prestigious 20th anniversary Six Flags Over Texas Open Band Festival April 21-23. The event is part of a series of festivals featuring 20,000 musicians from junior high and high bands, orchestras and choruses from all over the U.S.

Entrants will see a Friday night concert at the Arlington theme park and visit other Dallas/Fort Worth attractions.

### Brownfield C-C Banquet Rescheduled

The annual Brownfield Chamber of Commerce Banquet will be held Saturday, Feb. 19, at 7 p.m. in the Brownfield High School Dining Commons located at 701 North Fir.

The theme is "Cajun Humor." Guest speaker will be Justin Wilson, widely acclaimed as one of America's foremost humorists.

ROY DEAN USSERY-JODI CHADY

### Jodi Chady - Roy Ussery Announce Engagement

Mr. and Mrs. James D. Chady of Benton, Ill. announce the engagement and approaching marriage of their daughter, Jodi Camiele, to Roy Dean Ussery, son of Mr. and Mrs. J.D. Ussery of New Home.

Jodi is a graduate of Benton High School, Rend Lake College and attended South Plains College. She now is employed by Target, Inc. as a merchandise specialist. Roy is a graduate of New Home High School and South Plains College. He is employed by D-kaib-Pfizer Genetics as research technician.

The couple plan to be married March 26 at St. Joseph's Catholic Church in Benton, Ill.

Maximilian I, an Austrian prince, originated the tradition of the diamond engagement ring in 1477. His bride was Mary of Burgundy, whom he had never seen until their marriage.

### Join a growing outfit!

In 1983, the Texas Farm Bureau is 50 years old. From its humble beginnings back in the midst of the Great Depression, the TFB has grown into the largest state Farm Bureau in the nation—more than 300,000 member families.

A special Farm Bureau week is being observed statewide February 7-12, 1983, to commemorate the TFB Golden Anniversary year.

As a farmer or rancher, here's why you should join this growing outfit:

•**Speak with an organized voice.** Only the strongly organized can be effective with local, state, and national governments. Alone, you are weak. Allied with more than 3.2 million families nationwide, your voice is magnified.

•**Improve net farm income.** Become active in one of the 11 organized commodity divisions to help solve production, marketing and regulatory problems.

•**Help preserve our system of government.** Farm Bureau offers citizenship training for our youth and educational programs for young farmers and ranchers.

•**Save through economic services.** Members enjoy numerous benefits that are available only through group association—including insurance, tires, batteries and tillage tools.

# PIK Program Inspires Farm Wife's "Recipes"

By MELODY DAWES

Area farmers have been in a dilemma for a while trying to find a way to make a "profit" from their crops. However, they are not too excited about the government's proposed "Payment In Kind" program known as PIK.

Supposedly, this program would allow the farmer to reclaim some of his crop produce that has not sold, and sell it himself within a limited time frame. Of course the farmers are not convinced

that they can sell it either. Hence, what do you do with produce no one will buy?

A local farmer's wife, Layce Scott, has a simple solution which she outlines in her booklet entitled, "What to do with PIK. You can't sell it—Here's how to eat it."

Layce's husband, Kenneth, farms southeast of Tahoka where they reside with their two children, Trayce is 11 and Trent is 6.

The idea started as a joke between herself and her

husband when the program was first introduced a couple of months ago. Her husband encouraged her to write down her "recipes" and when she took pen in hand, the ideas rolled off the top of her head and she had several pages of publishable material in about a week.

Copies of the booklet can be obtained directly from Mrs. Scott by sending a request plus \$2.95 to Rt. 5 Tahoka, Tx. 79373.

When asked her purpose about going to the trouble to publish her humorous recipes, she claimed she just did it so the farmers "would have something to smile about."

Here's a sampling of the unusual ways to use all that surplus produce some of the farmers may find themselves with:

### Stalk Salad

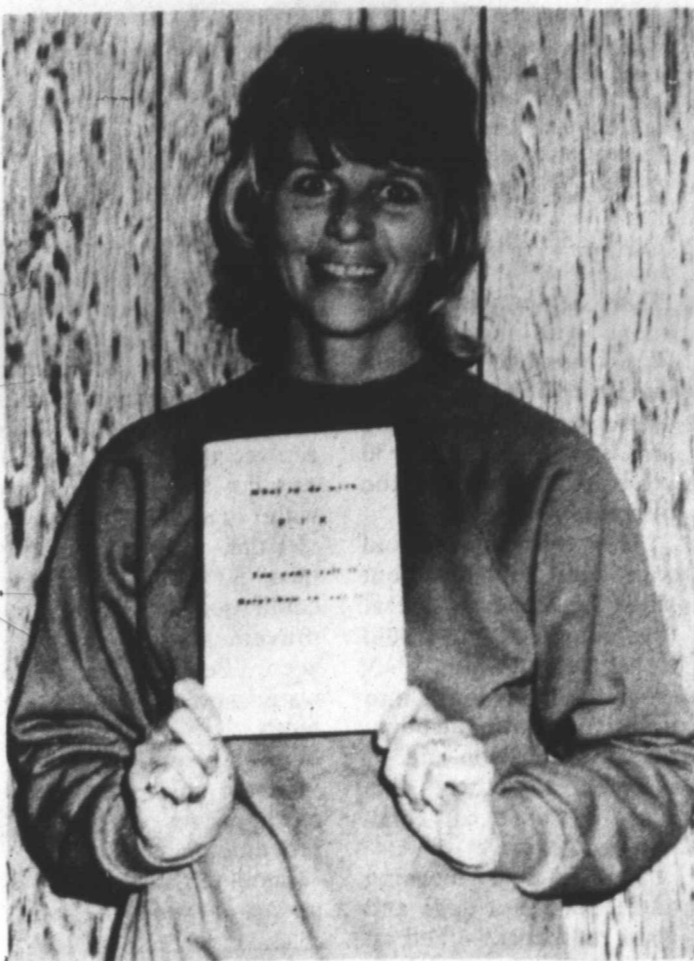

Gather cotton stalks, milo stalks, corn stalks. Wash stalks well. Mix all together. For added flavor, add cotton seed, milo leaves, and corn kernels.

### Cotton Loaf

Mix cotton, burrs, stalks and leaves well. Place in a loaf pan. Bake for 5 hours at 200 degrees. May need to add water. Hint: Wear asbestos gloves to avoid injury to hands when mixing.

### Cotton Candy

Glue cotton on stick. Mrs. Scott was recently interviewed by two of Lubbock's TV stations for their nightly news program. She also talked with a reporter from the Lubbock-Avalanche-Journal which will carry her story sometime this week.

NEW COOKBOOK—Layce Scott, wife of Lynn County farmer Kenneth Scott, proudly displays a copy of her booklet, "What to do with PIK. You can't sell it—Here's how to eat it." Mrs. Scott has a humorous solution to the PIK program for area farm families. (LYNN COUNTY NEWS PHOTO)

## Deadline For Internship Nears

The deadline for applications for the fourth Washington internship program sponsored by Congressman Charles W. Stenholm is Feb. 17.

Students and teachers interested in participating in the program, which will include two Omar Burleson Congressional Interns and two Lyndon Baines Johnson Congressional Interns, must have their applications postmarked by midnight of Feb. 17 and mailed to the Congressman's District Office in the Abilene Federal Building.

Those selected to the program will receive full Congressional experience in Stenholm's Washington office this summer with one intern from each program to serve during June or July, 1983.

For applications and further details contact the Abilene Federal Building, P.O. Box 1101, Abilene, TX 79604 or call 915-673-7221.

MRS. RONNY JOLLY nee Cindy Johnston

## Cindy Johnston-Ronny Jolly Exchange Wedding Vows

Cindy Johnston and Ronny Jolly were married Saturday, Jan. 29, at 7 p.m. in New Home Baptist Church with Rev. Clarence Teddar officiating.

The bride is the daughter of Mr. Lynn Johnston of New Home and the groom is the son of Mr. and Mrs. Bill Jolly of Tahoka.

Rhonda McNeely of Levelland served as matron of honor. Donna Smith of New Home was bridesmaid.

Jimmy Dorman of Tahoka was best man and Keith Williams of Lamesa served as groomsman. Ushers were Kyle Johnston, Dan Long and Van Long.

Candlelighters were Jay Johnston and Katrina Hughes.

Dorothy McNeely, pianist, accompanied Richard Byers as he sang, "If," and "You Light Up My Life."

The bride is a graduate of New Home High School and is employed by Barnell Enterprises. The groom is a graduate of Tahoka High School and is employed by Santa Fe Railroad.

The couple will reside in Tahoka.

Only female and young gorillas sleep in trees, mature males sleep on the ground at the base of the tree.

**Family Focus**  
 By Harriett Pierce

Anytime of day--morning, noon or night--is a good time to feature pork on your menu. Fresh pork sausage has been a favorite breakfast food of Texas families throughout the years.

There are more than 200 varieties of sausage, all somewhat different depending upon the meats, spice and processing methods used. The meats in sausage--whether beef, pork, lamb or veal--need to be of high quality and selected for the proper ratio of lean-to-fat.

Pork sausage was found to increase acceptance and palatability of venison patties in a recent study conducted in Texas. Many deer hunters through the years have had their venison combined with pork in the form of sausage.

Fresh pork sausage is made from selected cuts of pork that has not been cured. The meats are chopped and ground to the proper consistency for the specific sausage being made.

**Storing Sausages**  
 Fresh pork sausage is not smoked or cured, so it must be stored under refrigeration and thoroughly cooked before being served. Store fresh or fresh smoked sausage in original wrapper in the refrigerator for up to one week. Cooked fresh or smoked sausage can be stored up to two weeks, while dry or semi-dry sausage can be safely stored under refrigeration two to three weeks.

Popular breakfast menu choices include pork sausage links, patties or country sausage. These sausages go well with waffles, eggs, pancakes, English muffins, French toast, or just wrapped in a biscuit or crescent roll. They also are favorite ingredients

The acre was originally the area a yoke of oxen could plow in a day.

### OVEREATERS VICTORIOUS TO MEET

Anyone interested in a weight loss support group Overeaters Victorious, is invited to join the group who will be organizing.

This is for everyone in the Sudan community and is to be held each Wednesday afternoon from 5-6 p.m. at the Methodist Church.

If interested call Carol Bellar at 227-2542.

OFFICIAL PROCLAMATION  
BY

J.F. BRANDON, COUNTY JUDGE  
LYNN COUNTY TAHOKA, TEXAS

Greetings:

The Texas Farm Bureau is 50 years old this year. For the first time in its history, the Texas Farm Bureau is now the largest state Farm Bureau in the nation with more than 300,000 member families enrolled.

The Farm Bureau is a grass-roots organization, and its foundation is the county Farm Bureau. There are 216 organized county Farm Bureaus in the state, including the Lynn County Farm Bureau.

Therefore, I, J.F. Brandon, County Judge of Lynn County, do hereby designate February 7-12, 1983, as FARM BUREAU WEEK in Lynn County, and urge our citizens to give due recognition to this Golden Anniversary Year observance in Texas.

In official recognition thereof, I hereby affix my signature this 7th day of February, 1983.

Signed, J.F. Brandon  
Lynn County Judge 6-1tc

BID NOTICE

The New Home I.S.D. will receive bids until 8:30 p.m. March 1, 1983 in the office of the superintendent on two stucco houses to be moved. Bids will then be opened and read aloud. The houses may be inspected by contacting the superintendent of schools. The Board reserves the right to reject any and all bids and to obtain the most advantageous bid to the New Home I.S.D. 6-2tc

## Former Tahoka Resident Outlives Insurance Policy

Former Tahoka resident Belton Howell, now of Odessa, beat the odds by staying alive for 96 years, and he's now more than \$2,000 richer as a result.

Howell took out an insurance policy in 1923 with Southland Insurance in Tahoka, where he lived until 1980 before moving to Odessa with his wife of 67 years. He was subject of an article in the Odessa American Feb. 1, written by Elizabeth Simpson. The article in part:

After he turned 96 on Sept. 9, 1982, his insurance company sent him a letter telling him he had lived past the mortality rate on his insurance policy. A check for \$2,040 would follow.

"It never entered my mind that I would outlive the mortality rate," Howell said. "But there's no secret to longevity. You just live one day at a time. If you can get by without being in too big of a hurry and don't let your troubles

go to bed with you, you'll do all right."

Don Nelson, insurance agent with Waddell & Blank Insurance Co., said this is the first time he has seen anyone outlive a life insurance policy in the 30 years he has been in the business.

"The company could wait until he dies but since the money is due at this time, they would rather pay it to him. They are not as likely to run into problems of who the beneficiary is," Nelson said.

Howell attributes his long life to hard work and good eating.

"I got up every morning had a couple of eggs and good red ham, worked all day, come home along about sundown and ate a couple of more eggs," Howell said. "I didn't know eggs were bad for you."

When his doctor lectured him recently on the ills of cholesterol, Howell had but one response.

"My goodness," he told the doctor. "I wish I would have known that 50 or 60 years ago, I would have lived to be an old man if I'd have known that. I'm just a little past 96 now."

Although various health problems may have slowed Howell down a little, he still has a memory that can explain every photograph, newspaper clip and greeting card on his cluttered bulletin board.

He was born in Comanche County Texas on Sept. 9, 1886, and moved to West Texas when he was about 10 years old.

"I have done every kind of work there is - from cattle ranching to farming, to automobile mechanic." Although Howell said he didn't get much of a formal education, "there wasn't anybody who could floor me with a mathematical problem."

And in the many years of West Texas living, Howell has seen a series of changes.

"I saw the telephone come into general use. Next I saw the automobile replace the horse. Next I saw hot and cold running water in all the homes."

"I don't see how in the next 80 years anyone could see as many improvements as I have seen. People use more water now to wash their teeth than they used to take a bath with."

For the most part, Howell approves of the improvements.

"I wouldn't want to give up any of them," he said.

## Computer Applications Program Set

The Caprock Council of the International Reading Assn. will present its third program on Thursday, Feb. 17, at the Coronado Lounge, University Center, Texas Tech University.

Jay S. Blanchard, Assistant Professor of Reading in the College of Education at Texas Tech, will be speaking on "Computer Applications in Reading."

The Caprock Council of the International Reading Assn. is an organization for all people interested in promoting reading.

Thursday- Hamburger, French fries, lettuce, onions, pickles, K-3rd sliced peaches, 4th-12th peach cobbler, milk

Friday- Fish, catsup, cheese wedges, blackeyed peas, tossed salad, cornbread, butter cookies, milk

Just dial 1-800-447-4700 and ask for agent referral. Farmers can be assured that all agents listed will be either certified by FCIC or authorized by a reinsured company," Crouch said.

## FCIC Agent Referral Available

Names of certified agents who have completed the Agent Certification Training and testing program will be available at a toll free 800 telephone number in 1983, according to F.W. "Ted" Crouch Jr., Director for the College Station, Texas Field Operations Office of the Federal Crop Insurance Corporation (FCIC).

"The individual farm yield guarantee and other program changes make immediate access to a trained agent necessary," Crouch said. "Absentee landowners needing to locate a qualified agent in the same county where the land is located will find this service especially helpful," Crouch declared.

Just dial 1-800-447-4700 and ask for agent referral. Farmers can be assured that all agents listed will be either certified by FCIC or authorized by a reinsured company," Crouch said.

**HEAD START--The Tahoka Home Base Head Start held their second parent meeting at the home of Mrs. Sofia De La Fuentes in O'Donnell to plan a Valentine party for the children. Pictured from left are Vickey Gutierrez, parent; Sylvia Moore, chairperson; Sofia De La Fuentes, vice chairperson; Bennie Nance, teacher. Others not shown-- Soyla Liendo, secretary, Ruth Ann Pesina, parent; and Jessie De Leon, teacher. Parent meetings are held on the first Wednesday of each month at 1:30 p.m. Parents, committee members and teachers will attend a workshop at Texas Tech University on Research In Action, Feb. 9-11.**

### NEW STATE OFFICIALS SUPPORT PROGRAMS

More than 500 Texas Farmers Union members and friends attending Texas Farmers Union's annual convention in Austin Jan. 20-22 heard

the state's newly-elected officials pledge their support for farmers and rural programs, including the TFU Green Thumb employment program for older workers.

The Sonar system of discovering objects under water was developed by Paul Lanevin around the end of World War I.

CONRAD R. LAM, M.D. (Consultant Emeritus)

Jan. 31, 1983

Mr. Dayton E. Parker,  
Dayton Parker Pharmacy,  
Tahoka, Texas 79373.

Dear Mr. Parker:

My sister Margaret Fulton of Lubbock sent me a copy of the Jan. 6 issue of the Lynn County News.

That picture of the soda fountain at Thomas Bros. Drug in the twenties brought back such pleasant memories that I can't resist sending you anniversary congratulations.

Part of the money for my college education at what was then Simmons College was made working in Craft's Tailor Shop "We Know How", across the street from Thomas Bros. and Parks Meat Market. Those hot afternoons close to the Hoffman press were made tolerable by that wonderful coke break. Many is the time I have stepped up to that fountain and asked Oscar Roberts or A.D. Sanders for a cherry or lemon coke. They would fill a glass with crushed ice from the huge pile behind the counter, and give me a generous squirt of coke syrup and the indicated additional flavor, all paid with sparkling carbonated water! (Five cents!)

A different kind of memory was stirred with that picture of the big 1915 fire. I remember it vividly. The Lam family has been in Tahoka a little over a year, and lived in a three-roomed house on the west edge of town. Doc Windham lived to the north of us. At the height of the fire, embers came down in our yard, and we watched our roof carefully. The picture plainly shows that the wind was from the east (unusual), and that the fire started across the street in the Hotel Lynn. The article states that the hotel was brick. My recollection is that the first Hotel Lynn was a wooden frame structure. If it had been brick, it seems likely that the fire could have been brought under control, even though there wasn't much of a Fire Department then. I will raise this question with Frank Hill.

Hope you will treat me to a coke sometime!

Yours very truly,  
*Conrad R. Lam*

TERRY BOTKIN  
Botkin Nominated At SPC

Terry Wayne Botkin of Tahoka, Son of Mr. and Mrs. Finis Botkin, was nominated for the 1983 Homecoming King at South Plains College. Terry, 20-year-old pre-med major, is sponsored by Lamar Hall. Nominees were introduced Monday, Feb. 7, at SPC's homecoming pep rally.

## Montford Introduces Senate Bill

State Sen. John T. Montford introduced Senate Bill 271, "The Victims Bill of Rights," relating to the rights of crime victims and the effect of those rights on the availability of bail and release to parole for defendants. Sen. Montford said, "It's time we started considering the rights of the victims of crimes. For too long now, only the criminal's rights were considered. S.B. 271 answers this problem by specifically listing the rights a crime victim has."

A similar bill, House Bill 420, has been introduced in the House by Rep. Gerald Hill of Austin.

### New Home-News

By Florence Davies — Call 924-7479

Edwin Nettles is in the St. Mary's Hospital where he had knee surgery Friday.

Friends are invited to a wedding shower for Mitzi Mcallister and Kent Bruton Friday, Feb. 11, from 3 to 5 p.m. in the home of Bernice Clem. The bride's chosen colors are earth-tones.

Frances and Grady King of Muleshoe visited here with us Sunday evening.

Mr. and Mrs. Leonard Nettles were in Las Vegas Nev. for a NRECA Convention Monday - Wednesday. It was held in the Las Vegas Convention Center. Also attending from this area were Mr. and Mrs. Billie Weaver of Wilson and Mr. and Mrs. Jim Payne of Tahoka.

Graham George is a patient in St. Mary's Hospital and is scheduled for surgery Tuesday.

Bob Poer entered St. Mary's Hospital Saturday for tests. He is in room 222.

A bridal shower was held Jan. 16, honoring Cindy Johnston and Ronnie Jolly.

Out-of-town guests were from Rochester, Brownfield, Slaton, and Lubbock.

Honor guests were Mrs. Reva Jolly of Tahoka, mother of the groom, and Mrs. Ora Johnston of Rochester, grandmother of the bride.

The table was laid with a white lace over blue cloth with silver appointments. Punch and cookies were served to 67 guests. Hostess gift was a Tappan microwave oven.

The Valentine box supper was cancelled Saturday, Feb. 5, because of the weather. It was rescheduled for Saturday, Feb. 12 at 7 p.m. in the school cafeteria. Sonny Hitt and family will provide the entertainment. Everyone is invited to attend.

Mrs. Don (Gloria) McBrayer was scheduled for surgery Tuesday in the Brownfield Hospital.

Mr. and Mrs. Herbert Biedermann and Betsy of Paint Rock spent last weekend here with John and Brenda Caviness.

Mrs. Bobbie White was dismissed from Methodist Hospital and returned home Friday.

Wendy, 3 year-old daughter of Sherry and Stanley McNeely had surgery Tuesday in Lubbock General Hospital.

J.W. "Red" Edwards, longtime New Home resident who died Jan. 31, played a major role in the development and incorporation of the City of New Home.

On Sept. 14, 1963, a city election was held and J.W. Edwards was elected the first mayor taking the oath of office at the Lynn County Court House in Tahoka.

On March 3, 1964, the town of New Home was incorporated to the city of New Home.

Edwards was instrumental in establishing street paving, city water, sewer, garbage pickup, and volunteer fire department.

He served as mayor until 1967.

In April of 1975 and 1977 he was elected as mayor for two more terms. Due to bad health, he resigned in June of 1978, before completing his last term.

Loved ones and friends attending the funeral were from Fort Worth, Stephenville, Hillsboro, Lake Brownwood, Abilene, San Antonio, Canyon, Fort Stockton, Lubbock, Wilson, Tahoka, Acuff, Carslsbad, N.M., Deming, N.M., Bisbee, Ariz., Kerrville, Hobbs, N.M., Mangum, Okla., Weatherford, Plano, Tye, Post, Wolfforth, Jal, N.M., South Sue City, Neb., Odessa, New Deal, and Crosbyton.

### Letters to the Editor

Letters to the editor do not necessarily express the views of this newspaper. All correspondence must be signed, and in good taste before it will be published, and the name of the writer must be published also. Letters to the editor may not be more than two double-spaced typewritten pages.

Dear Editor,

I read the article from the young lady in last week's paper concerning the condition of her road. We have a similar plight except our getting in and out is a matter of life and death for my husband. He is on kidney dialysis and must drive to Lubbock three times per week. During this last storm he would not have been able to get out if one of our neighbors, B.W. Hobbs, had not assisted us with his tractor. As it was I still rode horseback to Highway 87 in order to drive to work.

Our commissioners do not keep themselves abreast of the problems facing the people of their precinct. Otherwise, I feel they would keep the roads bladed and passable for the residents of their precinct. We should not have to rely on our neighbors for things the county should be responsible for. Thank you for the opportunity to air my feelings.

Sincerely,  
Olene Riley  
Wilson, Texas

### Wet Fields Stop Harvest

Fields wet with snow and rain kept High Plains farmers from final harvesting operations except in the southern counties. Sandy soils in these southern counties allowed some harvesting between storms, explained Mack Bennett, Area Director for

USDA's Marketing Services Office at Lubbock. Gins in other High Plains counties have cleared out most of the harvest backlog and await resumption of the very slow final harvesting stages, Bennett said.

Growers used this time to analyze the newly announced PIK program and to sell some cotton. Mixed lots of mostly grades 42 and better, staples 30-32, mike 35-49 brought growers 75 to 200 points over Commodity Credit loan rates in light trading. A few 1981-crop equities sold at around \$5 per bale.

Several merchants offered contracts to purchase PIK cotton at 43.00 to 45.00 cents per pound, basis grade 42, staple 32, mike 35-49 with 1982 or 1983 Commodity Credit loan premiums and discounts. A few hundred bales were reported contracted at 45 cents, basis grade 4232, 35 to 49, with 1983 loan discounts.

The slow harvest was reflected in the number of samples classed at Lubbock during the week ended Feb. 3. About 10,000 samples were classed by the same date

last season. Predominant grades were grade 52 at 37 percent, grade 42 was 25 percent and grade 53 amounted to 15 percent. About 48 percent was reduced one grade because of bark and eight percent for grass.

Predominant staples were staple 30 at 18 percent, staple 31 was 37 percent and staple 32 accounted for 19 percent. The week's staple average was 31.4 thirty-seconds of an inch.

Mike 35-49 was 79 percent, 33-34 accounted for eight percent, 30-32 was seven percent, 27-29 amounted to four percent and 26 or below was two percent. The week's micronaire average was 38.

Growers may sign up for the PIK program at county ASCS offices until March 11, the deadline for signing.

Deficiency payments for 1982 upland cotton will be 13.92 cents per pound.

"Give me a man that is capable of a devotion to anything, rather than a cold, calculating average of all the virtues."  
Bret Harte

## Tahoka Girls Team Having A Good Year

The Tahoka girls basketball team outlasted Frenship 31-27 to mark up their fourth district win against five losses in district and to run the season mark to 7-15.

While this is not a winning season, it is the best a Tahoka girls team has done in many years, and it is not known how long it has been since the Dogettes won four games in district play in one season.

This year, under the guidance of Coach Ben Blair, the Tahoka girls have been very competitive, and some of their losses have been very close games.

Julie Patterson led Tahoka against Frenship Tuesday, scoring 14 points. The THS fens took an 18-13 halftime lead and had a big third period, outscoring the Tigerettes 10-2, but almost blew in the fourth, when Frenship outscored Tahoka 12-3.

Tahoka's varsity boys also beat Frenship, 49-48, as Tracy Bryson scored 19, Tony Garcia 12 and Otis Pendleton 10. The Bulldogs had an 18-10 margin over Frenship in the last period, coming from behind to win that one and give Tahoka a record of 3-5 in district, 6-18 overall.

The Tahoka teams visited Denver City Feb. 1. The varsity boys were upset by the Mustangs after leading in the third quarter. The final score was Bulldogs 50, Mustangs 66. High point for the varsity boys was Tracy Bryson with 20 points. Trey Teaff scored 13, Otis Pendleton 10, Tony Garcia 5 and Travis Moore 2.

Tracy Brown led the team with 19 rebounds and Otis Pendleton and Tony Garcia stole the ball 11 and 8 times respectively.

**Varsity Girls**  
The Denver City girls slipped—by the Dogettes 38-41 in double overtime. Lela Bailey led the team by hitting 12 points, Julie Patterson hit 10 points, Cynthia Payton hit 5, Cara Monk and Rhonda Nance hit 4 each, and Patricia Payton scored 1 point.

Lela Bailey and Julie Patterson pulled down 18 and 16 rebounds respectively.

## Cotton Today

**Improved Economy Likely To Boost Demand For Cotton:** Representatives of the industry's seven segments were told this week by a National Cotton Council economist that modest growth of the world economy in 1983-84 is likely to result in better domestic and export demand for cotton.

He said this market improvement, together with a 1983 crop held down by the government's acreage reduction program, could cut the U.S. carryover by more than 2 million bales and bring it down to slightly over 6 million by Aug. 1, 1984.

Dr. Dean Ethridge made the comments in an outlook report to committees preparing for the Council's annual meeting which opens Feb. 6 in Phoenix.

"The implication of this carryover level is that a second year of supply reduction programs will likely be necessary in 1984

tively and Patricia Payton stole the ball 5 times.

**JV Girls**  
The JV girls were defeated by Denver City 30-48. Lena McKibben was high point for the girls with 11 points. Also scoring were Cloey Chancy with 8 points, Sandra Castellon and Rosie Montemayor with 4 points each, and Odelia Sastre, Deedie Daniell and Jo Ann Garcia with 1 point each.

## PUBLIC NOTICE INVITATION FOR BIDS

The City of Tahoka, Texas in behalf of applicants under the city's Community Development block grant program is seeking bids for home improvement work.

Sealed bids for case numbers 82-10-042 and 82-7-029 will be received until 11:00 a.m. Thursday, March 3, 1983 at the Wharton Building, 1730 Main Street, Tahoka, Texas, and at that time publicly opened.

The right is reserved by the owner or the City of Tahoka to reject any and all bids. All qualified bidders will receive consideration for award without regard to race, color, religion, sex or national origin.

Bidding information for the above cases may be obtained at the Wharton Building, 1730 Main Street, between the hours of 8:00 a.m. to 5:00 p.m. Monday through Friday, starting Feb. 11, 1983 through March 3, 1983.

## Cotton, Inc. Promotes Fiber Use, Research

Everyone who has a stake in building markets for U.S. cotton can lend a hand.

This was the message of Cotton Board field representative Curt Wheeler, a native of Southland, to the Tahoka Rotary Club Thursday.

He urged his audience to encourage support and recognition for the producer-funded Cotton Incorporated program as a way of helping themselves. "Through greater producer support," he said, "this will allow Cotton Incorporated to do a better job in promoting U.S. cotton to the benefit of not just producers, but everyone in the cotton community."

First, he said that cotton producers have to have markets to compete, a fact that everyone in agriculture and cotton are acutely aware of in today's difficult business climate.

Secondly, he pointed out that Cotton Incorporated has benefited producers in expanding cotton's uses with the consumers and regaining markets once lost to synthetics.

This was supported in his presentation which showed specific gains for cotton in women's apparel, with a 56% gain by weight; men's dress shirts with a 43% gain for their children.

to bring U.S. stocks down to an acceptable level," he stated.

Dr. Ethridge said the balancing of supply and demand will require aggressive selling along with supply adjustment, and a strong effort to preserve the industry's structure while adjustments are being made. This will involve some agonizing policy decisions and severe tests for the industry in the coming year.

The economist pointed out that the serious imbalance in cotton's situation is the result of two consecutive years of worldwide recession and bumper crops. U.S. cotton stocks, which totaled 6.6 million bales at the beginning of the 1982-83 crop year, are expected to be up to at least 8.4 million bales when the season ends next July 31. While foreign stocks declined half a million bales during the season, Dr. Ethridge said that the U.S. build-up is expected to make world stocks grow from 27.7 million to 29 million.

"Feel the dignity of a child. Do not feel superior to him, for you are not."  
Robert Henri

## RIF Distribution And Party Set

The Texas Migrant Council will have their RIF distribution and Valentine party on Feb. 14 at 2 p.m. in the center. Parents are urged to attend along with their children.

The number of weekly newspapers in the United States is 7,666. Total circulation is 45 million.

amounts to approximately \$2 per bale. The program is administered by the Cotton Board in Memphis, Tenn.

Wheeler is a graduate of Southland High School and Texas Tech and his father has farmed in Garza and Lynn Counties. Kent Elliott, in charge of the program, introduced the speaker.

Rev. Lloyd Hamilton gave the induction talk to a new club member, County Judge J.F. Brandon.

Club President Joe Hays introduced four special guests, all Tahoka High students, Todd Lockaby and Thomas Young, selected for a trip to Washington, D.C., to attend Congressional session; and Misses Katie Hays and Tracey Draper, recently selected as members of the All-Region Band.

## Public Notice

In order to implement prior orders of the Public Utility Commission of Texas in Docket No. 3957, notice is hereby given of Southwestern Bell's proposal to implement a new schedule of intrastate long distance rates, effective April 1, 1983, unless otherwise determined by the Commission.

It is expected that the proposed rate schedule will not increase the company's net intrastate revenues, but rather, the increased rates will offset increased settlements paid to certain other telephone companies.

A complete copy of the new rate schedule is on file with the Public Utility Commission at Austin, Texas, and is available for inspection in each of the company's public business offices in Texas.

### Notice to Customers of Other Telephone Companies

Changes in intrastate long distance rates would also affect customers of other telephone companies because such companies provide intrastate long distance service in accordance with rates specified in Southwestern Bell's tariffs.

## Aviso Público

Southwestern Bell, con el objeto de cumplir con el decreto previo del Public Utility Commission (Comisión de Servicios Públicos) del Estado de Texas, Acta No. 3957, por la presente hace saber su intención de establecer un nuevo arancel de tarifas para servicio intraestatal de larga distancia, con vigencia a partir del 1o de abril de 1983, a menos que la Comisión haga otra determinación.

Se espera que el nuevo arancel de tarifas que Southwestern Bell se propone establecer no aumentará sus ingresos netos intraestatales, sino que servirá para compensar el aumento de los ajustes que se le paga a algunas otras compañías de teléfono.

Una copia completa del nuevo arancel de tarifas se ha archivado en las oficinas del Public Utility Commission (Comisión de Servicios Públicos) en Austin, Texas, y está disponible para inspección pública en todas nuestras oficinas en el Estado de Texas.

### Aviso a los Clientes de Otras Compañías de Teléfono

Cambios en las tarifas para servicio intraestatal de larga distancia también afectarían a clientes de otras compañías de teléfono porque dichas compañías proveen servicio intraestatal de larga distancia en conformidad a tarifas especificadas por Southwestern Bell.

**Southwestern Bell**

### Wade's New Crop Seed Distributor

Hershel Wade is proud to announce that Wade Farm Implement Co. has been approved as the new seed distributor in order to better serve farmers of the Lynn County area.

Wade Implement Co. will now be the official distributor for Funk's Seeds International, Conlee Seed Co., and Dekalb-Pfizer Genetics. "These three companies will enable us to offer a complete line of grain and forage sorghums, millets, small grains and field seeds," Wade announced.

Wade Implement will also handle two brands of cottonseed - Dunn and Cascot Cotton, which will include some of the earliest maturing, highest yielding and quality fibers available to the cotton industry. "The two cotton varieties will enable us to serve the ginners and farmers in one market," Wade added.

In Wales it was thought that rubbing your palm with an oak leaf would keep you healthy for a year.

### A Visit With Your County Agent

By Stanley Young

Heavy snows, wet soils and cold weather has delayed soil sampling for High and South Plains producers.

Soil sampling and fertilizing was also delayed by the government finally establishing the PIK program. Do not let these delays raise your 1983 production cost this year, cautioned Stanley Young, county Extension agent in Lynn County.

"Our farm economics is such that producers can not afford to blindly add fertilizer for the 1983 crop," Young said. "There is still time and the laboratories have computerized their reporting systems for faster sample turn around."

The best time for sampling is just before the field is dry enough to handle tractor traffic. Later every one will be in a dead run to get their land prepared, so be ready to start your PIK production acres on the right foot, he cautioned.

To get a good soil test, a good soil sample is essential. Obtain 10 to 15 samples taken from the surface down to six inches deep. Mix these samples in a plastic bucket. Then take about two-thirds to three-fourths of a pint of the sample soil and mail

to the soil testing laboratory for testing.

Be sure to complete a crop information sheet on each soil sample, notes Young. This aids the soil chemist to generate a better fertilizer recommendation for your farm.

Information sheets, sample bags for mailing and additional information on soil testing is available at the county Extension office.

"Preparing caramel custard by placing the can of sweetened condensed milk in a pan of boiling water is dangerous," says Mary K. Sweeten, foods and nutrition specialist. According to Sweeten, several popular cookbooks recently published by clubs and organizations in Texas contain recipes that recommend heating condensed milk in the can. This method may cause the can to overheat and explode, explains Sweeten.

The baboon is the largest of the monkeys.

### OEA News

The Office Education Association of Tahoka High School is an organization that stays busy year round. The girls do service projects on holidays, give teachers a cake on their birthday, and hold several different money making projects throughout the year.

The month of February is a very busy time for the girls. They are preparing for regional contest that is to be held in Plainview Feb. 25-26. Feb. 6-12 is proclaimed OEA Week. During this time, a breakfast will be prepared for the teachers, prospective VOE students will visit the VOE classroom, and the girls will participate in a field trip to Lubbock. The club is also making donations to the Library Fund and the Ladies Auxiliary at the hospital.

Members of the organization are: Pam Ashcraft, Marci Miller, Tracy Draper, Tami Pebsworth, Angela Lindsey, Lola Faye Rogers, Lisa Huckabee, Wendi Curry, Vicki Randolph, Jana Hammonds, Deanna Stanley, and Traci Green.

Sponsor of the organization is Mrs. Barbara Jaquess.

Quick weight loss schemes are not recommended for diabetics, says Mary K. Sweeten, food and nutrition specialist. "Diabetics should avoid all nutritionally unbalanced diets, especially those high in protein mixtures containing low quality protein for use in modified starvation type of diets," warns Sweeten. Diabetics should follow only the diet recommended by a physician.

Happy 18th Birthday Sissy

## PUBLIC NOTICE

On January 25, 1983, Texas Electric Service Company, a subsidiary of Texas Utilities Company, in accordance with procedures established in PUC Docket No. 4224, filed with the Public Utility Commission of Texas a request for approval of certain payments to affiliates. Such payments will be reflected in the Company's fuel cost factor for all classes of customers during the billing quarter April through June 1983.

A public hearing concerning this request will be held at the offices of the Public Utility Commission, 7800 Shoal Creek Boulevard, Austin, Texas, March 7, 1983 at 9:00 a.m.

Payments to Texas Utilities Generating Company for which approval is requested are in accordance with the following prices:

Big Brown	\$0.673215 per one million Btu
Martin Lake	\$1.047895 per one million Btu
Monticello 1, 2	\$0.733081 per one million Btu
Monticello 3	\$0.803260 per one million Btu

Payments to Texas Utilities Fuel Company for which approval is sought are in accordance with the following price:

\$0.161958 per one million Btu

A copy of the request is on file with the Public Utility Commission.

Others include Les'lie Valentine, Brenda Chapa, Jennifer Ehlers, Lela Bailey, Shelia Crawford, Mistie Cook, David Raindl, Traci Green, Jimmie Bingham, Melinda Sullivan, Kelly Draper, Shannon Simpson and Tracy Draper.

(LYNN COUNTY NEWS PHOTO)

### BACKGROUND ON BUSINESS

A major U.S. tobacco company broke ground recently for the largest and most modern cigarette manufacturing plant in the world, a two-million-square-foot building that is more than 400 times larger than the Little Red Factory, the first plant that the company built in 1875.

Located 12 miles north of Winston-Salem, N.C., the \$800 million structure will have capacity to produce 110-120 billion cigarettes

per year or about 35 to 40 percent of the company's projected annual production in 1986, when the facility is scheduled to open.

In addition to the 26-acre plant, a 50,000-square-foot power plant will supply all energy requirements to the building and generate extra wattage, which will be sold to Duke Power.

The groundbreaking ceremony marked the start of the first major element of a 10-year building-and-modernization program announced in 1980 by the company. It represents the first major manu-

facturing facility construction by R.J. Reynolds Tobacco Co. since 1958, when the company became the leader of the domestic tobacco industry.

In the 107-year history of the company, nearly \$55 billion in tobacco taxes have been paid to federal government bodies.

What does it take to be a "gourmet" -- time and money, difficult gourmet recipes, or special recipes? According to

Mary K. Sweeten, food and nutrition specialist, the key to being an outstanding cook is the ability to flavor any food Creatively, subtly and successfully. Learn to enjoy cooking, experimenting and tasting. By adding each ingredient a small amount at a time and tasting after each addition you can turn plain food into a gourmet treat, she adds.

Before the days of gas stations, gasoline for automobiles was sold door to door.

The larger the doors and windows of a home, the greater the chance of heat loss in winter, or heat gain in summer.

## Nannie Norwood

Services for Nannie E. Norwood, 85, of Tahoka were held Tuesday, Feb. 8, in Sweet Street Baptist Church with the Rev. L.C. Länders, pastor, officiating, assisted by the Rev. Joe Webb.

Burial was in Tahoka Cemetery under direction of White Funeral Home. She died Sunday morning in Lakeside Care Center in Lubbock after a lengthy illness. She had been a patient of the nursing home for about a year.

She was born March 4, 1897, in Cleburne, where she attended school and business college. She married Samie Norwood

Feb. 28, 1929, in Knox City. They moved to Lynn County in 1929 from Munday. He died Jan. 27, 1962. She was preceded in death by three sons, Burl, Troy and Samie.

She was a member of Sweet Street Baptist Church.

Survivors include three daughters, Drucille Reche of Placerville, Calif., Margaret Craig and Eva Renfro, both of Tahoka; four sisters, Gillie Lewis, Jean Sceary and Arie Proffitt, all of Munday, and Stella Parramore of Cedar Hill; seven grandchildren; and seven great-grandchildren.

Palbearers were Billy Don Renfro, Wayland Craig, Ronnie Bell, Lyndon Renfro, Harvey Lee Duckett and Grady Herrin.

## Angie Lee Smith

Services for Angie Lee Smith, 94, of O'Donnell were held at 3 p.m. Wednesday, Feb. 9, at First Baptist Church in O'Donnell with the Rev. Oral Bowman officiating, assisted by the Rev. Don Blackman of First Baptist Church.

Burial was in O'Donnell Cemetery.

Mrs. Smith died Tuesday in Lamesa after an illness. She came to O'Donnell in 1924 from Bonham. She was the oldest member of First Baptist Church of O'Donnell and was a charter member of the Study Club. She was a member of the Order of the Eastern Star. She married Roy Smith Dec. 16, 1907, in Abilene. He died in 1968.

Survivors include two sons, Roy and Ross, both of O'Donnell; four daughters, Minnie Harris of Ontario, Calif., Dorothy Hayes of Ballinger and Georgia McKee of San Angelo; two sisters, Flora Moody of Victoria and Elsie McKinney of Asheville, N.C.; a brother, E.F. Chastain of Austin; two grandchildren; 20 great-grandchildren; and 11 great-great-grandchildren.

on Feb. 16, 1946, in Seminole. She moved to Dawson County in 1941 from Belton. She was a longtime member of Crestview Baptist Church.

Survivors include her husband; five daughters, Betty Sue Andrews of Dallas, Katherine Louise Gisle of Runge, Nancy Diane Putman of Lamesa, Helen Joyce Cook of Draw and Jo Ann Malone of Midland; six sons, James Edward Baker of Big Spring, Jimmy of San Antonio, Bobby Ray of Albuquerque, N.M. and Robert, Odes Dwayne and Harold Lee, all of Lamesa; a sister, Dora Baker of Corsicana; three brothers, Lee Parker of Grand Prairie, John Parker of Seminole and J.D. Parker of Levelland; 29 grandchildren and two great-grandchildren.

Home after a lengthy illness.

The Merkel native moved to Lynn County in 1914. Her husband died in 1976.

Survivors include a daughter, Mrs. Imogene Taylor of Midland; two sons, James of Slaton and F.B. of Southland; three sisters, Mrs. C.L. Bridges of Breckenridge, Mrs. Rose Barnes of Merkel and Mrs. A.W. Smith of Chico, Calif.; 14 grandchildren; 35 great-grandchildren and two great-great-grandchildren.

Grandsons were pallbearers.

## Florence Hanks

Services for Florence Lucille Hanks, 68, of Lubbock were held at 10 a.m. Friday, Feb. 4, at White Funeral Home in Tahoka with the Rev. Dub Farley officiating.

Burial was in Tahoka Cemetery under direction of White Funeral Home. Mrs. Hanks died Tuesday at Highland Hospital after an illness.

She was born Nov. 14, 1914 in Rockdale and married James W. Moore Feb. 21, 1946. He died in 1971. She married Robert Hanks Aug. 15, 1976, in Bowie. She attended

school in Wilson and New Home.

She was a Baptist.

Survivors include her husband; a daughter, Verna Allison of San Antonio; two stepdaughters, Judy Rickstrew of Amarillo; two sons, Rodney Moore of Lubbock and James Moore of Seattle; four sisters, Bonnie Blakely and Betty Moore, both of Levelland, Virginia Miller of Hot Springs, Ark. and Flora Mayes of Mineral Wells; four brothers, J.T. Sproles of Oregon, Troy Sproles of Arlington, Leon Sproles of Floydada and Raymond Sproles of Lubbock; four grandchildren and five stepgrandchildren.

Nephews were pallbearers.

Update last year's wardrobe by simply adding a quilted vest, a softer longer skirt or dress, or a ruffled blouse, says Becky Saunders, clothing specialist. Use a wide belt, matching stockings with skirts or pants, a touch of lace or a cardigan sweater worn open or belted as accessories. Also consider shortening sleeves from the wrist to the elbow or removing the collar and lapel of a jacket and binding these areas with fold over braid.

When cows graze on pastures that contain a wild onion weed, the milk they produce doesn't taste good. Herbicides can eliminate this weed without damage to grass pastures.

Big Ben is the 13½ ton bell in the clock tower of the Houses of Parliament in London—the name is often incorrectly applied to the clock itself.

## Marie Wood

Services for Marie Wood, 64, of Seagraves were held at 2 p.m. Tuesday, Feb. 1, in Temple Baptist Church in Seagraves with the Rev. Floyd Haddock, pastor of First Baptist Church, officiating, assisted by the Rev. Darrell Brown, pastor of the Church of the Nazarene in Ropesville.

Burial was in Seagraves Cemetery.

She died about 7 p.m. Sunday in Seminole Hospital after a brief illness.

Born Dec. 14, 1918, in Red River County. She moved from Bogata to Seagraves in 1951. She married W.O. Wood June 9, 1968, in Roswell, N.M.

Survivors include her husband; three daughters, Margie Reynolds and Linda Dawson, both of Seagraves, and Robbie Bennett of Denver City; a son, Rodney Childress of Denver City; two sisters, Florence Murphy of Midland and Doris Cook of Seagraves; a brother, Curtis Morgan of Seagraves; nine grandchildren; a great-grandchild; and 10 step-grandchildren

## Mae Anderson

Services for Mae (Shug) Anderson, 56, of Lamesa were held at 3 p.m. Tuesday, Feb. 8, at Second Baptist Church in Lamesa with the Rev. Clifton Igo, pastor, and the Rev. Scott Pool, pastor of Crestview Baptist Church in Lamesa, officiating.

Burial was in Lamesa Memorial Park.

Mrs. Anderson died at 7:30 p.m. Sunday in Medical Arts Hospital in Lamesa after a lengthy illness.

The Belton native married Odes Leroy Anderson

## Mrs. J.J. Riney

Services for Mrs. J.J. (Zenith) Riney, 95, of Slaton were held at 2 p.m. Tuesday, Feb. 8, in Englund's Funeral Chapel with the Rev. Bob Braun officiating.

Burial was in Englewood Cemetery in Slaton.

She died at 1:40 a.m. Monday in Slaton Nursing

**INSIGHT INTO EYESIGHT**

VAN MOORE, O.D.  
— OPTOMETRIST —

TV GLASSES  
What? Wear glasses to watch TV? Can't I use my reading glasses? "Yes" to the first question; but "No" to the second. Some people, often when they pass the 50-year mark, can benefit by wearing glasses when they watch television. Reading glasses won't help. If you have trouble in seeing at this distance, especially for long periods of time, you should have your eyes examined. If your eyes tend to water or you feel any kind of eye strain when watching television, your eyes need help. Why let eye discomfort take some of the pleasure from watching your favorite shows? Reading glasses are for

reading, for seeing the printed word close up, comfortably. Your TV screen is a lot farther away from your face than a book or magazine would be. Reading glasses may only increase the strain. Some people can benefit from wearing glasses only when they watch TV. It's worth checking out with your eye doctor.

In the interest of better vision from the office of:

**ROYAL CANDIDATES**—The 1983 basketball Queen and King will be crowned this Friday night, with the queen to be chosen from senior candidates Julie Patterson, Melanie Terry and Cara Monk, in front row of the bottom photo. The king will be selected from seniors Otis Pendleton, Tracy Bryson and Tony Garcia, shown in front of the top picture. The others shown are representatives of the other classes. From left back row, top photo, are Joe Dell Patterson, Harvey Hallmark and Trey Teaff. Girls on the back row are Kelli Huckabey, Lela Bailey and Janet Anderson. (LYNN COUNTY NEWS PHOTO)

## County Burglarly Suspect Caught

Three places in New Home were burglarized Tuesday night and a juvenile suspect was arrested in Lubbock County a short time thereafter with a money bag from one of the places in his

vehicle, a stolen 1970 Pontiac. Lynn County officials were still working the case Wednesday, so most details were not available. But it was reported that the Wagon Wheel Restaurant, the Lady Bug and the U.S. Postoffice were burglarized. Frances Deleon of 1723

N. 5th reported to Tahoka police that someone had broken out some of her car windows while parked on Saturday. On Tuesday, Jo Beth Monk of Tahoka reported that someone had broken out some windows of her house as they drove by. Police investigated a two-car accident on Fri-

day at the intersection of Main and Lockwood that involved a 1982 Chevrolet pickup driven by Joe Daniel Summers of Midland and a 1966 Mustang driven by Sheila Yvonne Crawford of Tahoka. There were no injuries.

Police also answered one family disturbance call and one prowler call during the past week.

Raul Santos, Rt. 2, Post, reported to sheriff's deputies that his home near the intersection of FM 211 and FM 212 in Lynn County had been burglarized again. Missing were a Sharp television set and GE electric radio. The same house was burglarized around Christmas.

Sam Pridmore reported Thursday that someone had stolen two radio antennas from a pickup parked at T-Bar Airport, and also had caused about \$150 damage to paint on the vehicle.

In jail during the week were two persons for public intoxication and one for forgery and passing.

## FACTS & FIGURES

One of the world's best-known cigarette advertising slogans is "I'd Walk A Mile for A Camel." If smokers had indeed walked a mile for every Camel produced since 1913, they would have journeyed to the sun and back more than 17,000 times. Had their destination been the moon, they could have made 7 million round trips.

Since Old Joe, the shaggy brown dromedary, first began representing the cigarette, more than 3.25 trillion of them have been produced by R.J. Reynolds Tobacco Co. More Camels have been produced and sold worldwide than any other brand.

If all the tobacco that has gone into the brand was rolled into one long cigarette, a smoker could stand on Mars and light the cigarette with the sun, a distance of about 143 million miles.

Utah's Great Salt Lake was once ten times larger. The outline of the older, fresh lake is still visible on the mountain sides above the present lake's basin.

SHOP IN TAHOKA

**NEW CHILDREN'S BOOKS**—Tahoka High School's OEA Club has sponsored many fund-raising projects throughout the year and to celebrate OEA Week, they are donating their funds to various causes. Lennie Cox, center, happily receives a \$10 check to be used to purchase children's books at the City-County Library. Presenting the check on the right is President Lisa Huckabey. To the left is Jana Hammonds, vice-president of the club. (LYNN COUNTY NEWS PHOTO)

## There Ought To Be A Law!

Imagine a football game in which the rules change for every two yards of the field. That means fifty different sets of rules apply depending on the location of the ball. If playing under those conditions sounds difficult, then try to imagine what it's like to be a manufacturer who sells a product in fifty states.

Recently, an alarming number of lawsuits based on product-related injuries has been filed against manufacturers. These suits have created confusion among consumers and manufacturers. The reason? Rules for deciding injury cases, known as product liability law, vary from one state to the next. Because there are no uniform federal guidelines for these laws, it could be that no one will be playing ball in the near future.

Football helmet manufacturers, for example, say they are in deep trouble because of the current product liability laws. Court decisions have placed the blame for numerous football injuries on helmet makers. Even if a player is injured wearing a 40-year-old leather helmet, the manufacturer can still be held liable. As a result, the companies have paid enormous injury awards and staggering insurance premiums. Without a change in the legal system, say helmet makers, soon there may be no helmets at all because these manufacturers may not want to risk the lawsuits.

This problem stems from the lack of fair, uniform standards for judging these

cases. According to the Coalition for Uniform Product Liability Law—a group of small and large manufacturers—only 28 states have product liability statutes and no two are the same.

The standards for product safety vary so widely among the states that manufacturers cannot know whether a product will pass the muster in all jurisdictions.

These inconsistencies also encourage needless lawsuits. Since 1979, the number of product liability suits in the U.S. has doubled. Even if the suit is thrown out of court, companies still pay expensive legal fees and higher insurance premiums. These costs are passed on to the consumer in the form of higher prices. To make

matters worse, some recent court decisions have awarded reckless product users with large settlements which come at the expense of the careful consumer. So consumers as well as businesses pay for this confusion.

To help resolve this growing problem, Rep. Norman Shumway (R-Cal.) has introduced in Congress a bill to set national standards for liability. His bill would clearly define the rights of both consumers and manufacturers. Sen. Robert Kasten (R-Wis.) has introduced similar legislation in the Senate.

To find out how your legislator feels about this issue, write your Senator or Congressman at the U.S. Senate, Washington, D.C. 20510 and the U.S. House of Representatives, Washington, D.C. 20515.
