**VOLUME 80, NUMBER 18** 

TAHOKA, LYNN COUNTY, TEXAS, THURSDAY, MAY 5, 1983

HE DON'T LOOK LIKE COUSIN ARCHIE - Winning cast in the UIL one-act play, "The Sisters McIntosh," are these Tahoka Jr. High students: (left to right) Johnna Phillips, Matt Ray and Jan Stringer.

as follows:

(LYNN COUNTY NEWS PHOTO)

### **UIL One-Act Play Winner**

Tahoka Junior High won first place out of the five schools participating in the UIL One-Act Play which was presented at Frenship Thursday, April 28.

Cast members and their honors are Leta Pierce.

Jan Stringer, Best Actress; Johnna Phillips, All Star Cast and Matt Ray, Honorable Mention All Star Cast.

The winning play was directed by

SUNDAY is Mother's Day and a no longer is locally owned) has

# Stolen Safe Is Recovered

Cases of criminal mischief, wrecks in Tahoka and out in the county, and burglaries were among items keeping law enforcement personnel in the city and county busy during the last week.

A 150-pound safe containing some money was taken in a burglary of the New Home Phillips 66 station, owner Servando Benavidez of Wilson reported last Friday. Officers followed tracks of a 1-ton truck which also was stolen from the station, found the truck about three miles northeast of New Home, and also found the safe. It had been unloaded and put into a hole which had been dug but not covered. The -safe had not been opened.

Also taken in the burglary was about \$300 from a Coke machine, the report stated.

A tire and rim, planter box and some greenery were reported stolen from the Hochheim Insurance building on Main St. in Tahoka sometime during the last week or so.

Officers this week recovered in Lubbock welding equipment which had been stolen from Walter Ray Steen of Wilson March 22. One man already had been charged in the case.

A trial in 106th District Court last Wednesday was halted and the jury dismissed after the prosecution was unable to establish enough damage the criminal mischief charge against Bob Mimms of Tahoka to make the case a felony. The defendant then entered a plea of guilty to a

misdemeanor charge and the jury was dismissed. District Judge George Hansard assessed a penalty of three months probated and Mimms is required to pay for damages set at \$121 in the case involving an incident at the Tahoka High School field house.

On Sunday a 1971 Pontiac driven by Jesse Laureles of Tahoka struck a utility pole in the 1300-block of Ave. J. City police also investigated a collision at N. 5th and Ave. N Friday, involving a 1977 Chevrolet pickup driven by Mary Mercy Tejeda, Rt. 5, and a 1970 Chevrolet pickup driven by Mauricio Flores, Lubbock.

Department of Public Safety officers investigated two accidents on U.S. 87 during the week. About 3 a.m. Sunday a late model Datsun driven by Cheryl Ann Powlik of Big Spring struck two highway signs about 5 miles south of Tahoka. She was slightly injured.

Murry Mattox of Lubbock was driving north on 87 about six miles north of Tahoka when his Dodge struck a median and overturned about 6:40 p.m. He also suffered only minor injuries, a DPS officer said.

Tahoka Police were called to the 2100-block of S. 1st early Sunday and questioned two persons in regard to a storm door and window and en door being d

LADY HONORED - Mrs. G.M. (Lady) Stewart of Tahoka, a board member of the City-County Library since its inception, was honored at a reception last Sunday afternoon in the library. At left is Mrs. Don (La Vonne) Sharp of New Home, a present board member.

(LYNN COUNTY NEWS PHOTO)

# Lady Stewart Honored

Lynn County residents paid tribute to Lady Stewart and her efforts on behalf of the City-County Library Sunday afternoon as a recep-

pectations of the library were such that improvements were necessary to properly serve the area. A trial period with the West Texas Library tion at the library honored Mrs. System was instituted and the library board made every effort to conform to the guidelines and requirements of that organization, but as of Aug. 31, 1983, the City-County Library will be terminated as a part of the West Texas Library Systems. This is mainly due to the financial demands on a per capita basis that the WTLS requires. A few services will be lost, but the City-County Library will See LADY STEWART Page 5

time for all of us to honor our mothers. There's not much new that can be said about mothers and their day, unless someone wants to take a firm stand against motherhood. Someone may, but not this someone. I'm very much in favor of mothers and strongly believe that everyone who fulfills all the biological and moral qualifications should consider motherhood.

So I am for motherhood and apple pie, but I really don't care for baseball much. Still, two out of three isn't bad.

Weekly, Newsweek, Reader's Digest and the TV Guide last weekend, I decided that ours is not the only publication which sometimes has trouble finding interesting things to write about. There wasn't a lot in those mags that rang any bells with me when I was sort of searching for something to comment on.

However, when all else fails, I usually pick up the Sunday A-J and give it a fast once-over. This week, I decided to take it a section at a time, starting with whatever section was on top of the stack after everyone around had read the paper.

First there was the amusements, presided over by William D. Kerns. This guy writes well, and does some good interviews with pictures, and puts out a lot of opinions I often don't agree with, or never have a chance to see or hear the particular attraction he refers to. But he writes too much for the finite mind to absorb in one setting. Possibly he gets paid by the word, as I always suspected the translators of some portions of the Old Testament did.

The next section told about how the Avalanche-Journal parent organization (the Lubbock paper caused by a gas water heater.

set up its own bureau in Washington. (We're thinking about setting up a chest of drawers in Grassland). And there was an ad suggesting that if you want to lose weight, you oughta try stomach stapling surgery. Anybody that tries to-staple my stomach is gonna be in for one heck of an altercation.

Also in that section are stories about how Mark White can't live up to his election promises, and another story in which Bill Clements says he's not a bit surprised.

On the front page of the paper LOOKING through Family is a story saying Rep. Froy Salinas is against a proposed law to make open containers of beer or liquor in a car illegal. He says it will bring more harrassment of Mexican-Americans and blacks.

> Also a story about the Postal Service trying to push "clusters" on everybody. Some months ago, this newspaper was advised that this is the only way a small town now can get city delivery, no door-to-door. Of course, that's useless. If you have to go out for a couple of blocks anyway to get your mail, you may as well go on downtown to the postoffice. especially in a small town.

> There were some other sections, too, but I never got around to them.

### Water Heater **Causes** Alarm

A short-circuit in a hot water heater tripped breakers and started smoking Tuesday at the home of Edwin Pebsworth, 2422 N. 3rd, and Tahoka Volunteer Fire Dept. was called out quickly.

No damage resulted, but the Pebsworths understandably are a bit gunshy about such things, since their home nine miles south of Tahoka was destroyed by fire last Dec. 16 -

### **CF Bike-a-Thon Termed Successful**

The Cystic Fibrosis Bike-a-Thon was held last Saturday with 20 eager boys and girls ages 5-13 participating.

Each contestant, with one or more sponsors, completed the four-mile course. The sponsors pledged a minimum of 25 cents per mile for the rider with the proceeds going to the Cystic Fibrosis foundation.

Trophy winners were: 5-year-old Casey Weaver; 8-year-old Jeff Brooks; 9-year-old Chris Carter and Betsy Huffaker; 10-year-old Timothy Young, Shanon Holden, Brian James, Bridget Miller, Todd Wright, Trey Nance, Jennie Wells and Aaron Miller

Others were: 11-year-old Lanae Monk, Tabatha Miller, Cruz Rivas and Lewis Garcia; 12-year-old Rusty Lawson and Jody Woodard; 13-year-old Bruce Lehman and Luke Dunlap.

A 26-year-old man was arrested and charged with using profane and loud language at a residence other than his own Sunday. He pleaded guilty in city court of disorderly conduct and was fined \$129.

A 29-year-old Tahoka man pleaded guilty in city court of a charge of public intoxication and was fined \$49 following his arrest Sunday.

In jail during the week were one person each on charges of revocation of probation, disorderly conduct, driving while intoxicated and public intoxication.

Police issued more tickets than usual during the week. These included four for exhibition of acceleration, two for no drivers license, two for running a stop sign, and one each for following too closely, no proof of liability insurance and failure to yield right of way. Police also answered a number of routine calls, including one for loud music.

Beauty is in the eye of the beholder. The trouble is that most of today's beholders have their eyes glued to the TV set and don't behold anything else.

Stewart for her many years of service to the facility, and a picture of Lady, her choice, was hung in the reading room, with an appropriate plaque. More than 75 people attended the reception.

The library board and Phebe K. Warner Club hosted the reception.

In 1980 - 81 the demands and ex-

# **City Will Reopen Community Center**

particularly for family reunions.

The city has budgeted \$6,000 for work on the center, which was shut down some months back because of its poor condition, including inadequate and dangerous heating. Now some painting, installation of several tables and getting the air conditioners in workable shape are planned, with more extensive work to be

Tahoka City Council Monday done on the facility before winter. night voted to do as much work on / The motion to start working on the community center as needed to the center also included some new get the facility back into operation fees and rules to be enforced regarfor the use of citizens this summer, ding the center's use. Fee for use of the center was increased to \$25 per day (from \$15), and among events which no longer are allowed at the center are dances and weddings. Every user will put up a \$50 deposit, returnable, with no exceptions. And no more than 75 persons are to be in the center at any one time.

Approval of the motions was unanimous, with all council members present. However, Mayor Mel Leslie was absent and Mayor Pro Tem Jim Solomon presided.

A request by CXC corporation representative Steve Peterson to make seismographic soundings in the city limits was denied.

Several applications for housing assistance from the Community Development Block Grant funds were approved after it was determined that all the applicants had already been checked out to determine that they meet the requirements for the federal assistance.

### **Old Settlers To Meet**

A meeting will be held Monday. May 16, at 8 p.m. in the Lynt Meeting Room to plan for the Old Settlers Reunion. All interested persons are invited to attend.

### **Tahoka Schools To Dismiss Early**

The Tahoka schools will dismiss at 2 p.m. Friday, May 6, for Teacher-In-Service. Busses will run at 2:05 p.m.

JORDAN SPEAKS TO FCA — Cartis Jordan, Washington Redskins defensive back and former Texas Tech star, is flanked by some of the members of the Tahoka Fellowship of Christian Athletes after Jordan spoke to the group last Wednesday. # Hospital Auxiliary News

The Hospital Auxiliary met Monday, May 2, at 9:30 a.m. in the hospital cafeteria.

Larry Hagood and Don Dawes met with the auxiliary and reported that ambulance drivers will have to be certified under new rulings beginning in 1984.

The hospital board has appointed Don Dawes as co-ordinator of ambulance drivers. The auxiliary was asked to sponsor a meeting

whereby an informed person will come and explain a training course for EMT. This meeting will be to create interest for EMT training and to seek out concerned and interested persons.

The board expressed appreciation to the auxiliary for the work they have done. Also letters of appreciation were read from Dr. Richard Wright and Dr. S.K. Banerjee and Juanita Warren.

The isolette was shown to members of the auxiliary by Mr. Brooks. The auxiliary is considering purchasing new dividing curtains in semiprivate rooms or having the old ones cleaned. Eight members attended the meeting.

### Lutheran Convention Is Held

Nine members of three congregations from the Wilson, Slaton and Posey communities participated in a significant ecumenical event in San Antonio April 29 - May 1 at the Convention Center with "Becoming One in the Son," as the Convention theme. They were part of a delegation of nearly

Lady Stewart **Continued** from Page 1 have access to books through the Lubbock facility, but at a small processing charge basis, as telephone charges will be

made. The library committee reviewed all of the books that were on the shelves, and many were found to be out-dated and in very poor condition. Many books had not been circulated and radical measures were taken to improve the quality and selection of the books offered to patrons. The library now has approximately 10,000 books on the shelves and they are current and usable selections. Additional books are being purchased and processed constantly.

Rearrangement in the facility to separate the children and youth books was implemented and the separate room was

carpeted and painted and new and additional shelves were installed. An appropriate mural was painted by Jerry Casarez, a young artist from the Tahoka area.

In April of 1982, the county budgeted \$2,400 per year to the library. With the county furnishing rooms and utilities the county contribution is approximately \$5,000 per year. The City of Tahoka presently contributes \$200 per month. County and city officials are active on the library board and all other towns in the county are represented on the

board. Recently a program wherein individuals may give a book in honor of or as a memorial to the person of their choice has been instituted and this has been well received.

The most recent librarians have been Mrs. A.J. Kaddatz, Mildred Sherrill and currently Lennie Cox. Many volunteer librarians have also serv-

#### Phebe K. Warner Letter to Study Club Meets **The Editor** The Phebe K. Warner Study Club met Tuesday,

Dear Lynn County News, I have not been getting my paper the last two weeks and it is paid up un-

til August. My daughter, Meeting was called to Mrs. Janice Spears, sends order by President Jill it to me for my birthday Warren and roll call was every year and I used to answered by naming live there and I sure enjoy something you've made or getting it so I hope you all someone else has made will keep sending it. I am Mrs. Gladys Blair.

Vice-president Lynn

**Dear Editor:** School traditions are very important to students as well as faculty. Mostly though, to seniors. This is our last year in high school and it is important to each and every one of us.

At the Junior-Senior Banquet, memories brought out in the class history, the wills and prophecy. Each of these

> must be approved by various people. This year, I feel much material was cut unnecessarily. Many of the wills are tradition. They have been passed down for more years than we can remember. We can easily understand cutting something which may be cruel or cause harsh feelings. But if it isn't

don't want the traditions

are

mean or in bad taste, it shouldn't be taken out. We want this to be the best year ever and we

to be broken. There are many other students who feel the same way we do. and some teachers, too. Maybe this letter won't change anything, but it will let everyone know how we feel.

**The Concerned Seniors Tracy Draper** 

Today (Thursday) is the day of our mini Arts-Crafts and Food Fair at the center. All those 55 or over bring arts, arrangements, handcrafts, plants, needlework, canned goods, baked goods and candy to the Center by 3 p.m. today. Judging will be two Home Demonstration Agents after the Center closes. The displays may be viewed Friday from 9 a.m. to 12 noon. Items may be picked up

from 12 to 3 p.m. Be sure to call or come by and register if you wish to ride the buses to the Senior Extravaganza in Lubbock on May 12. The Center will be closed for the Extravaganza.

Come by and vote for an outstanding senior citizen from Lynn County. The votes will be counted Friday, May 6. The person chosen will be recognized at a ceremony at the Extravaganza.

Monday nights are game

nights. Come and join the fun. We have several baby quilts available for sale now. They are all full crib size and some have a pillow and a pillowcase to match. They sell for \$25

and \$30. Social Security representative will be here May 18 at 9:30 a.m.

Our special thanks to Noel White, his son, Steve, Larry and Shorty Bilberry, Lily Hart, and Tol Thomas for bringing our special music Monday night. Joanna and T.J. Thomas added to the music, too. A good crowd enjoyed the "pickin and

Dry or Irrigated Land (High Plains of Texas, New Mexico, Rolling Plains) tolerance (High Plains of Texas, New Mexico, Arizona) (Texas South Plains, Rolling Plains, Brazos Valley, Coastal Bend, Oklahoma)

# RANGER

RANGER RV12 is a medium tall, compact, close fruiting Verticillium Wilt Tolerant Variety developed from a verticillium tolerant breeding line of Texas Agriculture Experiment Station.

RANGER RV12 is highly water responsive. The high gin turn-out adds to its productive ability on verticillium wilt infested soils.

The Plains origin and disease pressure development make RANGER RV12 a consistent productive variety, with yields and fiber qualities at the "TOP OF POSSIBLE" in good and bad years under disease conditions of the High Plains cotton producing areas.

RANGER RV64 is a Verticilium Wilt Tolerant Variety, productive under a wide range of contritions, cultural practices, soil types and moisture conditions of sexas.

Developed from a high micronaire, disease tolerant breeding line of Dr. L.L. Ray, Texas Agriculture Experiment Station, Lubbock, Texas,

RANGER RV64 has a good threshold of tolerance to early season diseases, bacterial blight, fusarium wilt, root-knot nematode complex. Has consistent earliness - yield - fiber and seed quality.

# COKER PLAINS

5

COKER 4360\* ... Our most stormproof stripper variety is a high yielder too. It topped the 22 varieties tested in the Floyd County irrigated Variety Demonstration with 863 pounds of lint per acre. And in years when many other varieties have been discounted for low mike, Coker 4360 has come through in the premium range. Tolerant to verticillium wilt.

COKER 312\* ... Proven high yielding, premium staple variety well adapted to irrigated areas. It consistently staples 34/32" and often makes 36/32" ... which has meant an extra \$20 or more per bale in many years for Coker 312 growers. And that length advantage will be particularly noted and rewarded with the increase in High Volume Instrument (HVI) classification. If your cotton is hand classed, be sure the classer knows your variety is longstaple Coker 312.

COKER 5110\* ... Three major advantages in addition to its Coker-bred yield potential have made Coker 5110 a very popular choice of growers on the Plains. One advantage is its fast, vigorous seedling growth. Second is its high degree of tolerance to limited moisture conditions and ability to still make big lint yields. And, it has premium staple too.

# **Cascot Cotton** BR-1

BR-1 has been tested throughout the Cotton Belt and in one word the results have been "tremendous." BR-1 is an extra early maturing variety with excellent disease resistance to bacterial blight, and moderate resistance to Verticillium wilt and Fusarium wilt nematode complex.

An excellent yielder on dry and irrigated land, BR-1 fruits well on a strong, conventional stalk. Storm resistant bolls, inbred cold tolerance, and high seedling vigor are other traits that make this variety one of the most popular in the Cascot line.

Whether you are looking for picker or stripper cotton, BR-1 is a variety that you can count on to produce.

Properties: • Boll Type - Storm Resistant . Lint Turnout - Med. to High

Staple Length - 32-34 Micronaire — 3.9-4.8

B-2

B-2 is a fast fruiting, extra early maturing variety. This variety produces a short compact plant that is unique in its light green color. These characteristics make B-2 ideal for stripping.

Cascot B-2 has inbred cold tolerance and resistance to bacterial blight. These traits allow earlier planting while still producing vigorous, healthy seedlings. B-2 is suitable for dryland and irrigation production all along the Cotton Belt.

Properties: . Boll Type - Storm Resistant . Lint Turnout - Med. to High Fiber Strength — 24 gm/tex

 Staple Length — 32-33 Micronaire — 4.2-4.8

L-7

From the thousands of seed stocks tested, L-7 has emerged as one of the most accepted Cascot varieties throughout the Cotton Belt. L-7 is also one of the most Verticillium wilt resistant commercial varieties on the market according to test results.

Like all the Cascot varieties, L-7 is cold tolerant, early maturing and high yielding. It is suited for stripper or picker harvesting and produces well on dry or irrigated land. Yields on irrigated land have been exceptional.

Properties: • Boll Type - Storm Resistant Lint Turnout — High Fiber Strength — 25 gm/tex

 Staple Length — 33-36 Micronaire — 4.0-4.5

C-13

C-13 is a high yielding, extremely early variety with a maturity range of 120-130 days. This new addition to the Cascot line seems ideal for today's cost efficient management systems. Cascot C-13 is adaptable to many varied environments and although new, has performed well in advanced strain tests and state yield trials in Texae, Oklahoma, Arizona, Arkansas and Louisiana. Like all the Cascot varieties, C-13 is cold tolerant, possesses excellent seedling vigor, and is im-

mune to bacterial blight. Properties: • Boll Type - Storm Resistant • Lint Turnout - High • Fiber Strength - 25 gm/tex

• Staple Length - 33-36 • Micronaire - 3.9-4.6

Top Quality Seeds Available Now From WADE FARM Phone 998-4558 IMPLEMENT CO. US 380 East AT NIGHT, CALL 998-4440 • 799-3069 • 628-3382 • 998-5365

harvest after harvest of nutritious yellow grain. GRAIN COLOR/GRAIN TYPE: Full yellow color. Yellow grain type.

SPECIAL CHARACTERISTICS: Noted for its strong stalks and a tolerance to Biotype E greenbug. Plus, tillers don't rise above the average head height. ADAPTATION: Massive root system makes the most of available water. Widely adapted from dryland stress to full irrigation.

 Biotype E greenbug protection More great yields

YIELD: There's more to this hybrid than high yields at harvest. Drought resistance keeps it going and growing all season. Disease and insect protection help this plant produce to its potential.

**GREENBUG RESISTANCE:** DK-46 offers excellent resistance to greenbug, including the new Biotype E. SPECIAL CHARACTERISTICS: DK-46 topped over 100 competitive hybrids in drought performance trials.

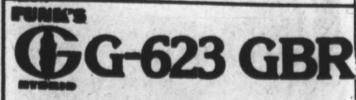

# CONLEE **RAWHIDE GBR**

A Green Bug Resistant Hybrid **Grain Sorghum** 

RAWHIDE GBR is a Hetro Yellow Hybrid Grain Sorghum developed especially for it's resistance to green bugs. It is a medium to medium late maturing hybrid (62-75 days to 50% bloom) with excellent yield potential.

RAWHIDE GBR stands about 36 to 38 inches on short, stout stalks, with wide spread light green leaves. It has a large root system and sets a semi-open head with good exertion of 3 to 5 inches for easy combine harvesting. RAWHIDE GBR will perform well with dryland or irrigated farming.

Above specifications are made on averages for Texas. Actual measurements and times will vary with growing conditions.

### Strong-standing, reliable yield leader with bred-in greenbug resistance

Here's a top medium-maturity hybrid with a difference

- greenbug resistance bred in by Funk's researchers. If a greenbug problem has made you wonder what to plant, your time of indecision is over. G-623 GBR fits farming programs over a wide area from the Rio Grande to southern Nebraska. It's fortified against disease, with good tolerance to anthracnose and moderate tolerance to maize dwarf mosaic virus. Copes with drouth stress, too, bringing in a crop every year, whatever the weather conditions. Dry down is fast, and harvest starts on schedule. The extremely uniform plants produce highquality bronze-colored grain of top nutritional value. Strong stalks help prevent lodging and keep the crop standing for easy harvesting. Hybrid Features: Greenbug resistant; very uniform

plants; high-quality, nutritious grain; excellent standability; tolerant to anthracnose, MDMV; adapted to both irrigated and non-irrigated conditions.

Good inventory of forages for cover crop on your PIK acreage.

T-E GOLDMAKER

T-E GOLDMAKER DOESN'T SET SEED (UNLESS POLLINATED BY NEARBY SORGHUM) Therefore

- Nutrients and sugar stay in stalk and leaves.
- Increases palatability after frost.
- Better standability not top heavy. Doesn't present a volunteer problem.
- No shredding necessary.
- Makes excellent grazing throughout winter. No waste - livestock utilize entire plant.

Good green manure crop when planted late.

RECOMMENDED PLANTING RATE

4# to 8# in rows — use higher rate to increase grazing quality 15# to 20# broadcest. Plant anytime moisture is available after soil temperature -E Goldmaker has good drouth tolerance and will grow 6' to 8' when ad and nutrients are available.

WE RECOMMEND T-E GOLDMAKER

### Redskin **Back Speaks Of Tahokans To Athletes**

Curtis Jordon, defensive back for the world champion Washington Redskins, spoke at the weekly meeting of the Tahoka chapter of Fellowship of Christian Athletes last week, asserting that God allowed him to reach all the goals he wanted, only to find them hollow without God as the center of his life.

"The center has to be surrounded by prayer (Philippians 4:6), fellowship (Phil. 2:1-2), witness (Phil. 2:15) and the Word, the whole Bible," said the former Texas Tech secondary standout. Jordan also commented to the young Tahoka ath-

letes meeting at the Assembly of God Church that "there would be a lot of rich kids after the NFL draft."

### White Named Ag Who's Who

Gary White of Tahoka was named Who's Who for the College of Agriculture at Texas Tech at an April 15 meeting of most. the faculty and Deans.

White was cited for his contributions to Texas Tech and also to the College of Agriculture

Science. Associate Dean Bill Bennett praised Gary for "his willingness to help at any agriculture function." He also noted that, "Gary has exhibited the highest degree of character and leadership for the college in his five years with us." Gary is the son of Don

and Billie Everett and the late Martin White of Tahoka.

Graduation ceremonies for the College of Agriculture at Texas Tech will be held at 8:30 a.m. Saturday, May 14, in the

LYNN COUNTY NEWS. THURSDAY, MAY 5, 1983, PAGE 9 **Fund Set Up For Grandson** 

A fund has been established at the State National Bank of Groom, Texas for anyone wishing to contribute to the medical expenses of Lance Brooks, son of Mr. and Mrs. Leonard Brooks of Groom. Lance is the grandson of John and Juanita Brooks of Tahoka. Lance, 6, has a rare incurable disease. He has been treated in hospitals in Dallas, Pampa, Amarillo and Lubbock during the past two

vears.

The medical bills and incidental expenses to the family in finding medical care for him have accumulated tremendously. Anyone wishing to express interest and concern for the welfare of Lance and to help on medical expenses may send contributions direct to the Leonard Brooks Medical Fund at the State National Bank, Box 220, Groom, TX 79039. The fund will be administered by Leonard Brooks for medical expenses where needed

her two large stripers caught at Buchannon Lake last week. The fish weigh approximately 10 pounds each. (LYNN COUNTY NEWS PHOTO)

### PAGE 10, LYNN COUNTY NEWS, THURSDAY, MAY 5, 1983 **ORDINANCE REGULATING ZONING** IN THE CITY OF TAHOKA. TEXAS

#### Sec. 1. Interpretation and purposes

The zoning regulations and districts as herein established, have been made in accordance with a comprehensive plan, for the purpose of promoting health, safety, morals, and the general welfare of the city. They have been designed to lessen congestion in the streets, to secure safety from fire, panic and other danger, to provide adequate light and air; to prevent the overcrowding of land; to avoid undue concentration of population, to facilitate the adequate provisions of transportation, water, sewerage, schools, parks and other public requirements. They have been made with reasonable consideration, among other things for the character of the district and for its peculiar suitability for particular uses, and with a view to conserving the value of the buildings and encouraging the most appropriate use of the land throughout the city.

### Sec. 2. Zoning districts and map.

Zoning regulations and districts, as herein set forth, are approved and established. The city is hereby divided into classes of use districts termed respectively as follows, all are shown upon the zoning map which is adopted with and is declared to be a part of this ordinance, and shall be considered as much a part of the same as if the matters of information set forth hereby were all fully contained and described herein. Said map shall, on its face, be identified and verified in the manner following: It shall bear the title "Zoning Map of the City of Tahoka, Texas''; it shall bear even date with the passing of this ordinance; it shall bear the names of the city council members, the city consultants, and it shall be attested by the signatures of the mayor and the city secretary. The original of said map shall be kept in the city hall and a replica thereof shall be produced upon paper in such reduced scale as will permit of such replica copy being passed upon and attached to the page of the ordinance records immediately following transcription therein of this ordinance.

#### Sec. 3. Use districts

"Dwelling Unit: Buildings or land, in any portion of the city may be used for any of the uses listed under this classification, but in an "A" district no building or structure shall be hereafter erected which consists of less than seven hundred and fifty (750) square feet of floor space exclusive of garages and out-buildings or attached garages, or structurally altered which is arranged or designed to be used for other than one or more of the following uses (1) One-family dwellings.

- (2) Public schools, parks, or playgrounds.
- (3) Accessory buildings, including a private garage and servant's quarters, when located
- not less than eighty (80) feet from the front line, nor less than five (5) feet from any other street line, nor less than three (3) feet from either side line.
- (4) Incidental uses: Uses customarily incident to any of the above uses, when situated in the same dwelling and not involving the conduct of a business, including customary home occupations when engaged in by the occupants of the dwellings, such as dressmaker, the office of a physician, surgeon, dentist, musician or artist, when used as his or her private dwelling. Said incidental use, however, shall never be permitted as a principal use, but only as a secondary use when indispensably necessary to the enjoy ment of the premises for any of the uses permitted by this section and actually made of the premises but not otherwise.
- (5) Signs No window displays, no name plate exceeding two (2) square feet in area, no emporary bulletin board or sign board exceeding twelve (12) square feet in area ap pertaining to the lease, hire, or sale or construction of a building or premises, nor advertising sign of any other character shall be permitted in any "A" district. (6) Golf courses, but not including miniature, driving range, or any other form of con
- ercial amusements (7) Temporary buildings; when they are to be used only for construction purposes or field
- office for the sale of the real estate of the immediate addition. Such temporary construction buildings must be moved immediately upon completion or abandonment of onstruction and the field office must be removed immediately upon request of the ci tv inspector

'B'' Dwelling District: Buildings or land, in any portion of the city except in an "A' district, may be used for any of the following uses; but in a "B" district no building or land shall be used, and no building or structure shall be hereafter erected or structurally altered which is arranged or designed to be used for other than one or more of the following uses (1) Any use permitted in an "A" district.

- (2) Fire stations
- (3) Churches
- (4) Kindergartens, playschools or day nurseries; when not more than ten (10) pupils
- (5) Parking automobile areas; as accessory use only.
- (6) Telephone exchanges (no business office).
- (7) Two-family dwellings.
- (8) Water supply reservoirs and towers, gas and electric public utility regulator stations but the size, height, and location of said stations to be fixed by the city council.
- (9) There must be a minimum of six hundred (600) square feet of floor space for single family dwelling; duplex apartments when permitted must have a minimum of one
- thousand (1,000) square feet of floor space.

B-1" Dwelling district: Buildings or land, in any portion of the city except in an "A" district or "B" district, may be used for any of the following uses; but in a "B-1" district no building or land shall be used, and no building or structure shall be hereafter erected or structurally altered which is arranged or designed to be used for other than one or more of the following uses:

- (1) Any use permitted, in an "A" or "B" district.
- (2) There must be a minimum of five hundred (500) square feet of floor space for a single family dwelling; duplex apartments must have a minimum of eight hundred (800) square feet of floor space.
- (3) There shall be a front yard having a depth of not less than twenty-five (25) feet from the property line to the front line of the building, covered porch, covered terrace or attached accessory building.
- (4) Trailer camps.

"B-2" Dwelling district: Buildings or land, in any portion of the city except in any of the preceding districts, may be used for any of the following uses; but in a "B-2" district no building or land shall be used, and no building or structure shall be hereafter erected or structurally altered which is arranged or designed to be used for other than one or more of the

(26) Manufacture of any kind not listed under "H" First manufacturing district or under "I" Second manufacturing district, provided that such use is not noxious or offensive by reason of the emission of dust, smoke, gas, noise or vibration.

- (27) Roustabout gangs. (28) Well servicing. (29) Dirt contractors (30) Trucking contractors. (31) Feed stores. (32) Recreation parlors. (33) Bowling alleys. "H" First manufacturing district: (1) Any use permitted in any of the foregoing districts. (2) Alcohol manufacture. (3) Automobile wrecking (4) Bag cleaning. (5) Blast furnaces (6) Boiler works. (7) Brick, tile, pottery or terra cotta manufacture. (8) Canning or preserving manufacture, egg breaking (9) Celluloid and similar cellulose material manufacture. (10) Cotton compresses, cotton ginning, cotton bailing, cotton warehouses and cotton seed manufacture (11) Coal hoists, coal pockets or coal tar trestles (12) Disinfectants and insecticides. (13) Dye stuff manufacture. (14) Fishsmoking and curing (15) Feed mills. (16) Forage plants (17) Grain elevators. (18) Iron, steel, brass or copper foundries (19) Oil cloth or linoleum manufacture. (20) Oil or rubber goods manufacture. (21) Petroleum products, wholesale storage of (22) Pickle manufacture (23) Potash works. (24) Poultry killing, cleaning and dressing, storage of live poultry (25) Pyroxlim manufacture. (26) Railroad roundhouses or shops (27) Rock crushers. (28) Rolling mills. (29) Rubber or gutta-percha manufacture or treatment. (30) Shoe polish manufacture.
- (31) Stone mills or quarries.
- (32) Storage or bailing of rags, iron, junk or paper.
- (33) Stove polish manufacture. (34) Tile roofing or water proof manufacture
- (35) Textile manufacture
- (36) Wool pulling or scouring
- (37) Livestock auction sales with barns and temporary concentration shipping, loading and inloading facilities.
- (18) Manufacture or industrial operations of any kind not heretofore listed; but exclusive of any kind of use listed under "I" district.
- "I" Second manufacturing district.
- (1) Any use not prohibited by city ordinance.
- (2) Nothing in this ordinance shall be construed as repealing any existing ordinance of the city regulating nuisances, or to permit uses which are now prohibited by ordinances.

Newly annexed territory: All territory annexed to the city hereafter shall be classified as A", single family dwelling district, until permanently zoned by the governing body. The city planning and zoning commission shall, as soon as practicable, after annexation of any territory to the city, institute proceeding on its own motion to give the newly annexed territory a permanent zoning and the procedure to be followed shall be the same as is provided by law for the adoption of original zoning reulations.

### Sec. 4. Regulations for buildings and structure

(1) The beight of buildings in the "A", "B", or "C" or "D" districts shall not exceed thirty-five (35) feet or two and one-half (21/2) stories and the height of buildings in the "E district shall not exceed forty-five (45) feet or three (3) stories.

(2) One family dwellings in the thirty-five (35) feet districts may be increased in height by not more than ten (10) feet when two (2) side vards of not less than twenty-five (25) feet each are provided. Such dwellings, however, shall not exceed three (3) stories in height.

(3) In the thirty-five (35) and forty-five (45) foot height districts public or semi-public buildings, hotels, apartments, hospitals, sanitariums or schools may be erected to a height not exceeding seventy-five (75) feet when the front, side and rear yards are each increased an additional foot for each foot such buildings exceed thirty-five (35) feet and forty-five (45) feet. respectively, in height.

(4) The height of buildings in the "C" district shall not exceed seventy-five (75) feet or six (6) stories, but above the height permitted at said yard line, four (4) feet may be added to the height of the buildings for each one foot the building or portion thereof is set back from the required yard lines; provided, however, that the cubical content of such buildings shall not exceed the cubical content of a prism having a base equal to the area of the lot and a height of one hundred (100) feet.

(5) The beight of buildings in the "F" district shall not exceed one hundred (100) feet and the height of buildings in the "G", "H", and "I" districts shall not exceed one hundred (100) feet, but above the height permitted at the rear lines four (4) feet may be added to the height of the building for each one foot that the building or portion thereof is set back from the required yard lines; provided, however, that the cubical content of such building shall not exceed the cubical content of a prism having a base equal to the area of the lot and height of one hundred twenty-five (125) feet.

(6) In the "F" district a tower may be constructed without reference to the above limitations, provided the largest horizontal dimensions of any side of the tower shall not exceed sixty (60) feet and provided the horizontal area shall not exceed twenty-five (25) per cent of the area of the lot, and provided such tower shall be removed at least twenty-five (25) feet from

(3) In the "B-2", "C", "D", "E", "F", "G", "H", and "I" districts the minimum area of the lot shall be five thousand (5,000) square feet for a one family dwelling; six thous (6,000) square feet for a two family dwelling; and for apartment houses of buildings arranged or designed for more than two (2) families the minimum lot area shall be seven thou (7,000) square feet for each family in excess of two (2).

(4) On any lot held under separate distinct ownership from adjoining lots at the same time of the passage of this ordinance, such separately owned proper being of record at the time, a single family dwelling may be erected even though the lot be of less area than required by the regulating to area in the district in which it is located; provided, however, that in any event the combined area of the dwelling and accessory building shall not cover more than forty (40) per cent of the total area of the lot.

(5) No lot area shall be so reduced or diminished that the yards or other open spaces shall be smaller than prescribed by this ordinance, nor shall the density of population be increased in any manner except in conformity with the area regulations herein established. Side yard areas used to comply with minimum requirements of this ordinance for a building shall not be in cluded as a part of the required areas of any other building.

#### Sec. 9. Special area regulation

(1) On any lot on which a front yard is required by this ordinance no wall, fence or other structure shall be erected and no hedge, tree, shrub or other growth or structure of any kind shall be maintained in such location within such required front yard so as to obstruct view (2) Any fence, wall, hedge, or shrubbery higher than a base line extending from a point two and one-half (21/2) feet above walk grade to a point four and one-half (41/2) feet above walk grade at the depth of front yard required is hereby declared to be an obstruction to view, except single trees, having single trunks which are pruned to a height of seven (7) feet above walk grade

#### Sec. 10. Nonconforming uses.

(1) Any use of property existing at the time of the passage of this ordinance that does not conform to the regulations prescribed in the preceding sections of this ordinance shall be deemed a nonconforming use; except that any duplex or apartment use existing at the time of the passage of this ordinance shall be thereafter deemed a conforming use. Any lawful use existing within a building at the time of the passage of this ordinance, in any business, industrial or manufacturing district, shall be deemed a conforming use upon the lot devoted to such use at the time of the passage of this ordinance.

(2) The lawful use of land existing at the time of the passage of this ordinance, although such does not conform to the provision hereof, may be continued, but if such nonconforming use is discontinued, any future use of said premises shall be in conformily with the provisi of this ordinnace. If a building occupied by a nonconforming use is destroyed by fire or the elements it may not be reconstructed or rebuilt except to conform with the provisions of this ordinance

(3) The lawful use of the building at the time of the passage of this ordinance may be con tinued, although such does not conform to the provisions hereof, and such use may be extended throughout the building provided no structural alteration, except those required by law or ordinnace, are made therein. If no structural alterations are made, a nonconforming use of a building is once changed to a nonconforming use of a higher or more restricted classification it shall not later revert to the former lower or less restricted classification.

(4) The right of nonconforming use to continue shall be subject to such regulations as to maintenance of the premises and conditions of operation as may in the judgment of the board of adjustment be reasonably required for the protection of adjacent property

(5) Nothing in this ordinance shall be taken to prevent restoration of a building destroyed to the extent of not more than fifty-one (51) per cent of its reasonable value by fire, explosion or other casualty, or act of God, or a public enemy, nor the continued occupancy or use of such building, or part thereof, which existed at the time of such partial destruction

#### Sec. 11. Zoning map designation

(1) When definite distances in feet are not shown on the zoning map the district boundaries on the zoning map are intended to be along existing street, alley or property lines, or extensions of or from the same. When the location of a district boundary line is not otherwise determined, it shall be determined by the scale of the map measured from a given line.

(2) Where the street layout actually on the ground varies from the street layout as shown on the zoning map, the board of adjustment may apply the designation shown on the mapped streets in such a way as to carry out the intent and purpose of the plan for the particular area in question

#### Sec. 12. Completion of existing buildings.

Nothing herein contained shall require any change in the plans, construction or designated use of a building actually under construction at the time of the passage of this ordinance and which entire building shall be complete within one year from the date of the passage of this ordinance. Nothing herein contained shall require any change in plan, construction or designated use of a building for which a building permit has been heretofore issued and which entire building shall be complete within six (6) months from the date of the passage of this ordinance. If any amendment to this ordinance is hereafter adopted changing the boundaries of districts, the provisions of this ordinance with regard to building, or premises existing or buildings under construction or building permits issued in the area affected by such amendment at the time of the passage of such amendment.

#### Sec. 13. Certificate of occupancy and compliance.

(1) No building hereafter erected or structurally altered shall be used, occupied or changed in use until a certificate of occupancy and compliance shall have been issued by the city inspector stating that the building or proposed use of a building or premises complies with the building laws and the provisions of these regulations.

(2) Certificates of occupancy and compliance shall be applied for coincident with the application for building permit and shall be issued within ten (10) days after the erection or structural alterations of such building shall have been completed in conformity with the provisions of these regulations. A record of all certificates shall be kept on file in the office of the city inspector and copies shall be furnished on request to any person having a proprietary or tenancy interest in the building affected.

(3) No permit for excavation for any building shall be issued before application has been made for a certificate of occupancy and compliance.

#### Sec. 14. Board of adjustme

(a) There is hereby created a board of adjustment consisting of five (5) members, each to be appointed by the city council for a term of two (2) years and removable for cause by the appointing authority. Vacancies shall be filled by the appointment by the original appointing authority of a suitable person to serve out the unexpired term of any member whose place on the board has become vacant for any cause. The board is hereby vested with power and authority, in appropriate cases and subject to appropriate conditions and safeguards to make such exceptions to the terms of this ordinance in harmony with its general purpose and intent and in accordance with general or special rules therein contained for the purpose of rendering full justice and equity to the general public. The board may adopt rules to govern its proceedings provided, however, that such rules are not inconsistent with this ordinance. Meetings of the board shall be held at the call of the chairman and at such other times as the hoard may determine. The chairman, or in his absence, the acting chairman, may administer oath and compel the attendance of witnesses All meetings of the board shall be open to the public. The board shall keep minutes of its proceedings, showing the vote of each member upon each question, or, if absent, or failing to vote, indicate such fact, and shall keep records of its examinations and other official actions, all of which shall be filed immediately in the office of the board and shall be public record. (b) Appeals to the board of adjustment can be taken by any person aggrieved or by any of ficer or department of the municipality affected by any decisions of the administrative of-

(11) Depth of lot: The mean horizontal distance between the front and rear lot line. (12) District: A section of the city for which the regulations governing the area, height and use of buildings are uniform.

(13) Dwelling, multiple: A building used or designed as a residence for three (3) or more families or households living independently of each other. (14) Dwelling, group houses: Detached or semi-detached dwellings built on one lot, usually

in opposing rows separated by a walkway or court. (15) Dwelling, one family: A detached building having accommodations for and occupied

by only one family (16) Dwelling, two family: A detached building for separate accomm

cupied as, or to be occupied as, a dwelling for only two (2) families. (17) Family: A family is any number of individuals living toegether as a single housekeep

unit; as distinguished from a group occupying a boarding house, a lodging house, or both, or hotel as herein defined. (18) Front yard: An open, unoccupied space on the same lot with a building, between the

building and the street extending across the front of the lot. (19) Gross floor area: The gross floor area of an apartment house shall be measured by tak-

ing outside dimensions of the apartment building at each floor excluding, however, the floor area of basements or attics when not occupied as living quarters. (20) Garage, private: A garage with capacity for not more than five (5) motor-driven

vehicles for storage only and for private use.

(21) Garage, public: Any premises not a private garage, as defined above, used for housing of more than three (3) motor-driven vehicles or where any such vehicles are repaired for

operation, or kept for remuneration, hire or sale. (22) Garage, storage: Any premises, except those defined as a private or public garage, used exclusively for the storage of automobiles.

(23) Height: The height of a building or portion of a building shall be measured from the average established grade at the street lot line or from the average natural ground level, if higher; or if no street grade has been established to the highest point of the roof's surface if a flat surface to the deck line of mansard roofs; and to the mean height level between eaves and ridge for hip or gable roofs. In measuring the height of a building the following structures shall be excluded: chimneys, cooling towers, radio towers, ornamental cupolas, domes, or spires, elevator bulk heads, penthouses, tanks, water towers, and parapet walls not exceeding four (4) feet in height.

(24) Hotel: A building occupied as the more or less temporary abiding place of individuals who are lodged with or without meals, in which as a rule the rooms are occupied for hire, in which provisions are not made for cooking in any individual apartment, and in which there are more than twelve (12) sleeping rooms, a public dining room for the accommodations of more than twelve (12) guests, and a general kitchen.

(25) Institution: A building occupied by a nonprofit corporation or nonprofit establishment for public use.

(26) Lodging house: A building other than a hotel where lodging for five (5) or more persons is provided for compensation.

(27) Lot: Land occupied or to be occupied by a building and its accessory buildings, and including such open spaces as are required under this ordinance, and having its principal frontage upon a public street or officially approved place.

- (a) Interior is a lot other than a corner lot.
- (b) Through a lot having frontage on two (2) parallel or approximately parallel streets. (c) Fractional - a portion of a lot that has been cut off of a corner lot, having the side
- line of an adjacent lot as its rear line and the rear line of the remainder of the corner lot as a side line.
- (d) Front line the line of an interior lot which is adjacent to the street. On corner lots it is the prolongations of the front lot line of adjacent interior lots as originally platted.
- (28) Lot lines: The lines bounding a lot as defined herein. (29) Lot, corner: A lot situated at the junction of two (2) or more streets and having a width not greater than one hundred (100) feet.
- (30) Nonconforming uses: A building or premises occupied by a use that does not conform

to the regulations of the use in the district in which it is situated. (31) Open space: Area included in any side, rear or front yard or any unoccupied space on a lot that is open and unobstructed to the sky except for the ordinary projection of cornices, eaves or porches.

(32) Person: The word "person" when used in this ordinance shall for the purposes of this ordinance, mean every person, firm, copartnership, association, partnership, corporation or society; and the term "person" shall include both singular and plural, and the masculine shall embrace the feminine gender.

(33) Place: An open, unoccupied space reserved for purposes of access to abutting proper-

(34 Rear yard: A space unoccupied except by buildings of accessory use as hereinafter permitted extending for the full width of the lot between a building other than a building of accessory use and the rear lot line.

(35) Reserved frontage: A portion of a corner lot fronting the street which was originally platted as a side street. (36) Side yard: An open unoccupied space on the same lot with a building situated between

the building and the side line of the lot and extending through from any street or from the

front yard or to the rear line of the lot. Any lot line not a rear line or a front line shall be

(37) Stables, private: A stable with a capacity for not more than five (5) horses, mules or

(38) Stables, public: A stable with a capacity for more than five (5) horses, mules or other

(39) Street: Any public thorough fare dedicated to the public and not designated as an alley.

(40) Story: That portion of a building between the surface of any floor and the surface of

(41) Story, half: A story under a gable, hip or gambrel roof, the wall plates of which at least

(42) Structural alterations: Any change in the supporting member of a building such as be-

(43) Width of side yard: The mean horizontal distance between a side wall of a building and

(1) The city council may from time to time amend, supplement, or change by ordinance the

(2) Before taking action on any proposed amendment, supplement or change, the city coun-(2) Before taking action on any proposed amendment, supplement or change, the city coun-tion of the planning and zoning commission for its recommendations and

(3) A public hearing shall be held by the city council before adopting any proposed amend-

ment, supplement or change. Notice of such hearing shall be given by publication three (3)

times in the official publication of the city, stating the time and place of such hearing, which

time shall not be earlier than fifteen (15) days from the first date of publication or by certified

(4) Unless such proposed amendment, supplement or change has been approved by the

change has been duly filed with the city secretary, duly signed and acknowledged by the

owners of twenty (20) per cent or more of the area of the lot included in such proposed change

or within two hundred (200) feet from any point of the proposed change in any direction, such

sdment shall not become effective except by a three-fourths (3/4) vote of the city council.

Should any part of this ordinance be held valid, no other part shall necessarily be affected

This ordinance was read, passed and adopted at meeting of the city council held the second

lines and at least fifty (50) feet from any ot

(7) Chimneys, water towers, penthouses, scenery lofts, sugar refineries, monuments, cupolas, spires, domes, standpipes, false mansards, parapet walls, similar structures and necessary mechanical appurtenances may be erected as to their height in accordance with existing or hereafter adopted ordinances of the city.

(8) On through lots one hundred fifty (150) feet or less in depth the height of a building may be measured from the curb level on either street. On through lots more than one hundred fifty (150) feet in depth, the height regulation and basis of height measurement for the street permitting the greater height shall apply to a depth of more than one hundred fifty (150) feet from that street

#### Sec. 5. Front varia

(1) In the "A" district there shall be a front yard having a depth of not less than thirty (30) feet from the property line to the front line of the building, covered porch, covered terrace or attached accessory building.

- (2) In the "B" and "B-1" districts there shall be a front yard having a depth of not less than twenty-five (25) feet from the property line to the front line of the building, covered porch, covered terrace or attached accessory building.
- (3) In the "B-2" and "C" districts there shall be a front yard having a depth of not less than twenty (20) feet and in the "F" and "G" districts there shall be a front yard having a depth of not less than fifteen (15) feet from the property line to the front line of the building. covered porch, covered terrace or attached accessory building.

(4) In the "D", "E", "H", and "I" districts no front yard is required unless building is rected or structurally altered for dwelling purposes in which event, a front yard of not less than fifteen (15) feet in depth is required.

#### Sec. 6. Rear yards.

(1) In all districts where buildings are erected or structurally altered for dwelling purposes shall be a rear yard having a depth of not less than twenty (20) per cent of the depth of the lot. provided such rear yard need not exceed twenty-five (25) feet.

- (2) In the "D" and "E" districts there shall be a rear yard having a depth of not less than twenty (20) per cent of the depth of the lot provided such rear yard need not exceed twentyfive (25) feet.
- (3) In the "F", "G"", "H", and "I" districts, when property is not used for dwelling purposes, and when not abutting on the rear of a dwelling district, no rear yard is required. If abutting on the rear of a dwelling district, "A", "B", "B-1", "B-2" or other dwelling districts then a rear yard of at least ten (10) feet is required.

(4) In computing the required bit of a rear yard for any building or such yard abutting an alley, the depth of the lot may be considered to the center of the alley and the required bit of rear yard measures from the center of said alley.

(5) An accessory building not exceeding one story in height may occupy not more than sixty

(60) per cent of a minimum required rear yard. (6) An accessory building exceeding one story in height may occupy not more than forty (40) per cent of a minimum required rear yard.

Sec. 7. Side yards. (1) In districts "A", "B", "B-1", "B-2", "C", and in all other districts where a building is erected or structurally altered for dwelling purposes there shall be two (2) side yards, one on each side of the building having combined width of not less than twenty (20) per cent of the width of the lot, provided that in no case shall either side yard be less than five (5) feet, and provided further that the combined widths of the two (2) side yards need not exceed twelve (12) feet. In the "D" district where a building is erected or structurally altered for dwelling purposes, said building shall have side yards of not less than ten (10) feet from the property line and they shall have a back yard of not less than five (5) feet from the property line

(2) In the "C" district and in the other districts where a building is erected or structurally altered for dwelling purposes for building more than three (3) stories in height, but not exceeding six (6) stories in height, each of the two (2) side yards shall be increased three (3) feet in width for each additional story above the third. For buildings more than eight (8) stories, or one hundred (100) feet in height, there shall be an additional set-back as provided in the lations above.

(3) In the "D", "E", "F", "G", "H" and "I" districts if the property is not used for dwelling purposes no side yards are required, unless a lot abuts upon the side of a lot zoned for dwelling purposes, there shall be a side yard, if provided for a business or industria building, shall not be less than four (4) feet.

(4) For the purpose of side yard regulations, two (2) or more detached one- or two-family dwellings shall be considered as one building when occupying one lot, provided, however, there shall be a minimum of ten (10) feet between the sides of the building on the same lot (5) In the case of group houses or court apartments, when buildings rear upon the side yard, the width of the said yard shall be increased by one foot for each building or apartment abut ting thereon. If any stairways open onto or are served by such side yard, the minimum width of such side yard shall be ten (10) feet

(6) The width of a place or court shall not be less than forty (40) feet measured between buildings or from buildings to the opposite property line, provided that open or unenclosed porches may project into the required place or court not more than twenty (20) per cent of the ridth of such place or court.

(7) All other requirements including front, side and rear yards shall be complied with in accordance with the district in which such group houses or court apartments are located.

(8) Every part of a required yard or court shall be open from its lowest point to the sky unobstructed except for the ordinary projections of sills, belt-courses, cornices; provided, however, the above projections shall not extend into a court more than twenty-four (24) inches nor into a minimum side yard more than twenty-four (24) inches.

(9) The side and front yard requirements for dwellings shall be waived where dwellings are erected above stores or shops.

(10) On corner lots the side yard regulations shall be the same as for interior except in the case of side street or reversed frontage (where the corner lot faces an intersecting street) in which case there shall also be a side yard on the street side equal to the front yard on the lots in the rear. No accessory building on said corner lot shall project beyond the front yard line on the lots in the rear. This regulation shall not be so interpreted as to reduce the buildable width of a corner lot facing an intersection street, and of record at the time of passage of this ordinance to less than twenty-eight (28) feet, nor to prohibit the erection of an accessory building where the regulation cannot reasonably be complied with. In no event shall there be a carner lot with a building situation thereon which is closer than ten (10) feet to either street.

Sec. 8. Lot area (1) In the "A" district the minimum area of the lot shall be seventy-five hundred (7500) square feet including any alley influence.

(2) In the "B" and "B-1" districts the minimum area of the lot shall be six thousand (6,000) square feet for one family dwelling and seven thousand (7,000) square feet for two family a stand of the second second as

" good woone "

Trend index in the second in the second second

ficer. Such appeal shall be taken within fifteen (15) days time after the decision has been rendered by the administrative officer, by filing with the appeal specifying the grounds thereof. The officer from whom the appeal is taken shall forthwith transmit to the board all the papers constituting the record upon which the action appealed from was taken.

An appeal shall stay all proceedings of the action appealed from, unless the officer from whom the appeal is taken certifies to the board of adjustment, after the notice of appeal has been filed with him that by reason of facts stated in the certificate, a stay would, in his opinion, cause imminent peril to life or property. In such case, proceedings shall not be stayed otherwise, than by a restraining order which may be granted by the board of adjustment or by a court of record on application on notice to the officer from whom the appeal is taken and on due cause shown.

The board of adjustment shall fix a reasonable time for the hearing of an appeal, give the public notice thereof, as well as due notice to the parties in interest and decide the same within a reasonable time. Upon the hearing any party may appear in person or by attorney or by
