Seniors In County Ready For Diplomas

Three of the county's four high schools will have graduation ceremonies during the next week, with 44 Tahoka High School seniors scheduled to get their diplomas in ceremonies Friday night at Kelley Field, starting at 8 p.m.

O'Donnell and New Home commencement exercises are scheduled next Tuesday, May 24. O'Donnell will graduate 29 seniors and New Home 16. Wilson commencement

exercises are May 27. School administrators, school board members, and others will take part in ceremonies at Kelley Field with the program to be moved into

the gymnasium if it rains. The Tahoka High School Bulldog Band also will take part.

Top Students Announced
Thomas W. Young, son of Mr.

and Mrs. Joe Young, has been named valedictorian of the 1983 graduating class with an academic grade average of 94.89. Salutatorian is Gerald Craig, son of Mr. and Mrs. Winford Craig, with an average of 93.1.

Thomas has been involved in many school activities in his four years at THS. He served as president of the National Honor Society, president of Speech Club and was class president and reporter. He was Chamber of Commerce Student of the Year; a member of Who's Who at THS and was winner of local science fair for three years.

He plans to attend McMurry College and major in business administration.

Gerald's school activities have included National Honor Society, Student Council, DECA president; played freshman and junior varsity football, track and basketball. He received scholastic awards in DE I, Geometry and English II in his junior year.

He plans to attend college at Western Texas in Snyder where he will major in electronics.

Stacie Cogburn has been named valedictorian and Jesse Barrientes salutatorian of the O'Donnell graduating class which will receive diplomas Tuesday.

Leslie Mickey, minister of the O'Donnell Church of Christ, will give the commencement address. Mrs. C.A. Doss will be pianist for the program and the FHA Choir will sing "We Have This Moment Today" and "Up Where We Belong." Principal Kenneth Crouch will present the class and Supt. Dale Read and school board president Robert Bessire will present diplomas.

At New Home, seniors will receive diplomas, handed out by School Board President Leland Zant and Supt. Ricky Mantooth. The ceremonies will be in the high school gymnasium.

Valedictorian Joe DeLeon, son of Mr. and Mrs. Benito DeLeon, and salutatorian, Lance McNeely, son of Mr. and Mrs. W.H. McNeely, will be recognized at the ceremonies.

Dogs Cause Problems In City

Tahoka police answered several calls during the past week involving dogs.

One Tahoka resident complained to police about loud dogs barking at night, while another resident reported that someone deliberately ran over her dog in front of her house and killed it. Also, Will Parker reported to police that a dog attacked him while jogging at the west end of N. 8th.

On Sunday night, a Tahoka resident reported to police that 15-20 teenagers were gathered in front of her house. She reported they were "cussing and going on" and was afraid that a fight would break out.

Jo Ann Martinez of 1320 Ave. F reported to police that someone had broken out her car windows while parked at her residence on Saturday.

Police arrested two subjects for public intoxication during the past week and issued two tickets for impeding traffic (parking in the middle of street).

At the Lynn County sheriff's department, officers this week commended citizens of the county for being more alert to possible violations out in the county. Sheriff Stanley Krause said the department had received numerous phone calls in the last week or so regarding suspicious persons or events and had checked them all out. He credited the awareness of citizens in the rural areas as having much to do with the fact that no new rural burglaries were reported during the last week.

In jail during the week were two persons for public intoxication, and one each for driving while intoxicated and theft by check.

OUTSTANDING OLDER TEXAN--
Tennie Mae Meeks, voted as an Outstanding Senior Citizen by the Tahoka group, holds her certificate of recognition received in Lubbock last week. The award was given for leadership and unselfish service.

O'DONNELL TOP STUDENTS--Stacie Cogburn, daughter of Mr. and Mrs. Willie Cogburn, has been named valedictorian of the 1983 graduating class with a weighted grade point average of 3.24 and 91.6 numerical average. Jesse Barrientes, son of Mr. and Mrs. Jesus Barrientes, is salutatorian with a 3.18 weighted grade point average and a 90.3 numerical grade average.

WOODWORK BY DALTON

JUST ABOUT NOW a lot of young people will be getting, or have just got, their certificates of graduation from high school.

The certificates are handed out usually in uncomfortably warm ceremonies--in commencement exercises. Speakers will tell them all what a challenge they are facing and how they are the ones who will mold the future of this area, and this nation (which is true).

Probably, if the truth were known, many of those who are graduating would just as soon not face any more challenges right now. They figure it was challenge enough just to get out of school. And doing that really is an achievement worth being proud of. Most of those who are in the top portion of their classes academically, however, will be looking ahead to doing greater things. They are the kind who want to do things better, or they wouldn't have done as well in high school.

At any rate, all of the graduates of all of the schools are to be commended. They deserve the spotlight they are getting at this time.

I MADE A major decision this week. I decided to throw away my 1979, 80 and 81 telephone books. Every time the phone company puts out a new book, I just add it to the stack of books under my phone on the desk. The phone was getting so high I couldn't see the numbers when I dial, so out went those three years. I can't imagine what anyone would need them for, but they probably will

be needed desperately just a few days after they are destroyed.

"WHY DON'T YOU play golf with Carl any more?" asked the wife one morning.

"Well," the husband replied, "would you play golf with someone who puts down the wrong score and moves the ball when he thinks you're not looking?"

"Certainly not!" she replied in astonishment.

"Well, Carl won't either," grumbled the husband.

SOME OF THE area pharmacies are selling what is called the Dallas Diet. This is where you watch "Dallas" on TV and skip dinner....or it may be where you spend a big weekend in Dallas at a big hotel and then you can't afford to eat for the next week.

CAR COLORS AND CHARACTER: If you're buying a new car, the color you choose offers a clue to your personality, according to the Automotive Information Council. Red and yellow are often chosen by bold, adventurous individuals; white cream, grey or silver by those who pride themselves on moderation and good taste; blue, brown, green or gold by practical types. Pink and orange are said to have "small universal appeal." (Especially in two-tone combination, we'd wager).

The way most young people learn that money doesn't grow on trees is by getting out on a limb.

New THS Ag Teacher Hired

Dennis Belew, who has been teaching vocational agriculture in Anton Schools for the last eight years, has been hired as agriculture teacher for Tahoka Schools.

Belew taught five years at Frenship High School prior to that. He has a bachelor of science degree in agriculture from Texas Tech and a master's degree from Sul Ross. Belew originally was from Fluvanna.

Mrs. Belew also has been teaching in Anton. They have two children, a boy and a girl.

All school board members were present for the session which took up mostly routine matters at the meeting of the board last Thursday.

Business manager Loretta Tekell reported a balance in all funds on April 30 of \$408,411.74. She also reported that current tax collections totaled \$726,161 and were 86.1 per cent complete.

Thirteen applications for transfer into the Tahoka School district were approved.

Policy matters related to accepting

resignations by school personnel and other policies affecting teachers were voted by the group.

Supt. Jim Coulston reported that there were high scores in third grade spelling and in all 9th grade subjects in recent TABS testing. A public hearing on the TABS results is scheduled at the time of the next school board meeting, which has been changed to 8 p.m. June 14.

It was voted to paint the cafeteria and enclose the south end of the room.

Elementary principal Clifton Gardner reported 53 now have registered for kindergarten next year and that more than 60 are expected. Coulston announced that three teachers would be needed.

Enrollment in all grades as of last Thursday was reported at 779, up slightly from the previous reporting period.

WINS PRESTIGIOUS SNAKE SHOOTING EVENT--Local Highway Patrolman Jerry Griffin displays the two trophies he won at the 35th Annual Peace Officers Rattlesnake Rodeo held in Cleburne last week. Officers shooting were given points for each (snake) head shot and five points for the body shots. Griffin hit two out of three head shots to win the event. He also was presented a pair of boots.

USDA Offers To Acquire Cotton Under Loan

During a period ending May 26, the U.S. Department of Agriculture is offering to acquire cotton from farmers who have pledged cotton as collateral for Commodity Credit Corp. price support loans, Secretary of Agriculture Block announced.

Block said the heavy sign-up for participation in the Payment-In-Kind program makes it necessary for the CCC to either acquire additional cotton from farmers to obtain CCC loans on their 1983 crop for PIK purposes. The amount of cotton currently owned by CCC is not sufficient to fulfill all PIK obligations, Block said.

CCC will acquire the cotton for an amount which is equal to that which is necessary for farmers to liquidate their CCC loan obligations. Farmers with CCC-loan cotton have through the close of business May 26 to submit offers at the county Agricultural Stabilization and Conservation Service office where the loan was obtained to sell their cotton to CCC. All zero offers will be accepted by USDA.

In addition, there may be some farmers with cotton loan collateral who will require additional compensation before selling their cotton to CCC, Block said. In these cases, farmers may submit competitive bids as to the amount of additional compensation which is required. The bids must specify the quantity of cotton which the farmer offers to sell to CCC and the number of bales which CCC must pay the farmer in-kind as additional compensation. Bids will be received by the local ASCS office beginning May 16 and ending May 26.

CCC may reject any bid that includes in-kind compensation. Block said. The factors used in determining whether any of these bids will be accepted include the total cost to the government, the location of the cotton, the quality of the cotton and total needs, he said. If such bids are accepted, the farmer will receive the in-kind compensation immediately, Block added.

USDA's offer to purchase the cotton is open to all farmers with 1982-crop

BEWARE OF TICK FEVER:

With a large tick population this spring due to the mild winter, Rocky Mountain spotted fever is an increased threat, says an entomologist with the Texas Agricultural Extension Service, Texas A&M University System. The disease has already caused two deaths in Texas this year. It's spread by the American dog tick and the Lone Star tick. First symptoms include sudden onset of headache, fever and aching muscles. A rash starts two to three days later. Be aware of ticks in the environment and examine your body and clothing regularly for ticks. Always remove ticks with their mouthparts intact.

Burial was in Tahoka Cemetery under direction of White Funeral Home.

Mrs. Parker died Friday at her home. Justice of the Peace Ed Hamilton ruled she died of natural causes.

She was born Dec. 18, 1918, at Whitney and moved to Lynn County in 1923. She married Reid Parker Sept. 30, 1939, in Amarillo. She was a member of First Baptist Church.

Survivors include her husband; two daughters, Kay Burkhardt of Cooper and Cynthia Bryan of Tahoka; a sister, Maxine Conrad of Richmond, California; two brothers, Bob Connally of Tahoka and James Keith Connally of Denver; and four grandchildren.

Pallbearers were Dub Gurley, Willis McNeil, Glen Anderson, Jim Payne, Stanley Krause and Jessie Spruiell.

TAHOKA RODEO ASSN. SLATES MEETING

The Tahoka Rodeo Assn will hold a meeting tonight (Thursday) at 8 p.m. in the Southwestern Public Service Reddy Room.

All members are urged to attend.

Wheels For Life Seeks Sponsors

Saturday, May 21, St. Jude Children's Research Hospital Wheels For Life Bike-A-Thon will be held in Tahoka and citizens are asked to sponsor the riders by pledging a contribution for each mile they ride.

The ride will start at N. 3rd and Ave. P at 9 a.m. and travel to the Country Club and return.

If you would like to sponsor a rider, please call 998-4123 and someone will contact you. Riders may still obtain sponsor/registration form at Tubb Elementary.

Volunteers are also needed to help with the Bike-A-Thon. If you wish to help please call St. Jude Catholic Church 998-4123.

The Bike-A-Thon money earned will help continue life saving study of childhood cancer.

Free Movie Slated

Alzheimer's Disease Assn. will present a free movie, "Someone I Once Knew", May 21 at 2 p.m. at Texas Tech's Health Science Center, 3601 4th Street, Bldg. 5-B, Room 148-B.

For further information call Susan Tucker 799-1329 or Becky McGee 381-1010.

North Elementary News

The last class meeting of the year was held Wednesday, May 18, in the music room. Refreshments were served before the business meeting. Students whose birthdays fall in the summer months were honored.

The program consisted of talent by the students. Class 5-B won the softball tournament and will play the fourth grade on Thursday. The classes used the balance of the class treasury money, which was from dues, to buy and engraved plaque to leave to the school.

Outside activities and a picnic is scheduled for Friday, the last day of school.

A special thank you to the staff of the Lynn County News for printing our news each week.

A special thanks to all the sixth grade moms for their help in preparing the food for our "Around the World" banquet. Another very special thanks to those moms who served the food and cleaned up for us. The meal was a success and the program that followed was enjoyed. Dr. David Murrah gave a talk and slide presentation on his recent trip to Hawaii, Great Britain and Israel.

4-H Slates Celebration

A 4-H Extravaganza will be held June 11 from 10 a.m. to midnight at the South Plains Fairgrounds in Lubbock to salute the 75th anniversary of 4-H Clubs in Texas.

Activities will include a fiddler's contest, family olympic games, horseshoe and washer pitching, domino tournament, awards ceremonies, box lunch auction, barbecue dinner and a dance with music by the Maines Brothers band. Most of the activities will be free, said Harriet Pierce, Lynn County Extension agent.

A complete schedule of Extravaganza events and additional details are available at the county Extension office.

TUESDAY BRIDGE WINNERS

The winners of Tuesday night bridge, May 10, were: first, Catherine Barham and Maxine Edwards; second, Fern Leslie and Evelyn Anderson; third, Lottie Jo Walker and Auda Norman.

RECEIVES SERVICE ACHIEVEMENT AWARD--Darlane Gurley, Lynn County Heart Chairperson/Treasurer for 10 years and president of the association affiliate in 1980-81, received a 12 year service achievement award from the American Heart Association. Most Modern Equipment Being Added At Hospital

Lynn County Hospital has become one of the best equipped small town units in West Texas, although it continues to have a shortage of patients, finances, and registered nurses to satisfy Medicare, states John Brooks, administrator, in a recent talk on "An Update of the Hospital" at Rotary.

Brooks, who assumed the head job here three years ago, following a succession of administrators since 1971, has been in the hospital business 30 years, 16 years as an administrator.

Lynn County Hospital District was created in November, 1967, by vote of Lynn County citizens after a special bill permitting the district was passed by the Texas Legislature.

The hospital was built from a bond issue and a \$325,000 Federal Hill-Burton Act grant, and was opened to the public in January, 1971.

Elected Board

It is governed by an elected board of directors currently composed of Larry Hagood, chairman, Roger Doss of O'Donnell, Leland White of New Home, Tom Freitag of Wilson, Jesse Dorman, Mrs. Joy Bragg and Nick Summitt, all of Tahoka.

Annual budget is a little more than \$1 million, about half of which is for the payroll, and about half for supplies and other expenses. Current room rates are \$93 for six private rooms, and \$88 for nine semi-private rooms, about the lowest rates in the area; use of emergency room is \$22 and nursery \$45.

A new, modern ambulance was purchased courtesy of the Commissioners Court last September. The hospital has purchased radio equipment that allows the hospital and ambulance direct contact with Lubbock hospitals in emergencies. This equipment was bought through South Plains Emergency Service for about \$5,000, the hospital paying 20 percent and the Federal government the rest, including installation. The ambulance is staffed by two attendants and a nurse.

New Equipment

During the past two years the hospital has acquired the following equipment, financed by the Hospital Auxiliary through their fund-raising projects: Heart monitor system for two patient rooms with controls at the nurses' station, cost approximately, \$13,500; a pediatric mist tent; a portable whirlpool for bathtub use; lounge chairs for private rooms and reclining chairs with trays for semi-private rooms; a digital blood pressure cuff; a patient lift to help move and lift patients who can not help themselves and an incubator for the nursery. All of this cost about \$23,000, all paid for by the Auxiliary.

In addition to the

above, the hospital has acquired a copy machine for the office, and the X-ray department has been updated with newer and better equipment.

Lynn County Hospital has a working agreement with West Texas Pulmonary Service of Lubbock for treatment of patients with pulmonary problems; also, use of portable equipment for brain scans, nuclear medicine, and EEG.

Instead of being on the Social Security plan, the hospital has an attractive pension retirement plan that saves money for the hospital but is a benefit to employees. Also, there is a training plan for persons who wish to attend nursing school for either RN or LVN qualification if such person agrees to return on course completion to the local hospital for employment. Also, there is hospital, life and disability insurance for employees, and vacation and sick-leave programs.

Associations

Lynn County Hospital is a member of both Texas and Northwest Texas Hospital Associations, registered with American Hospital Association, and approved by Medicare, Medicaid, Blue Cross Insurance, and other insurance companies. It is licensed by State of Texas Health Department.

On the local staff are two doctors, Dr. Richard Wright, who has been here ten years, and Dr. S.K. Banerjee; two surgeons from Lamesa on the courtesy staff, Dr. David Smiley and Dr. Dan Kahn; a radiologist and a pathologist from Lubbock.

Due largely to the fact that a second doctor has not remained here long enough to build up a practice, hospital occupancy has dropped in five years from 62 percent to 42 percent. But, Dr. Banerjee has indicated he intends to stay.

Administrator Brooks says: "This is your hospital and it needs your support. Use it when you need to be hospitalized. The hospital needs three things, more patients, money, and registered nurses to satisfy Medicare."

A mole can dig a tunnel 300 feet long in one night.

Eighteen of us traveled to the Texas Tech Recreation Center last Thursday to attend the Senior Extravaganza. A good time was reported by all. Our display table won several rosettes.

Winning first place overall was Willie Thomas' afghan. Alta Thomas' Christmas tree skirt, needlepoint picture and crewel embroidery, and Pauline Stephens' quilt. Winning second over-all was Buelah Hubbard's ivy. Geneva Carter's canned pears. Sue Hagood's flower arrangement and Julia Garcia's terrarium. Congratulations to all these people on their outstanding work.

We'd like to thank the Methodist Church for the

By Florence Davies — Call 924-7479

Walter Smith remains in the Methodist Hospital, but may be moved early this week to the Slaton Rest Home.

A graduation party for Elaine Griffin was held in the home of Mr. and Mrs. Wendell Morrow Monday evening, May 2. Hostesses were Laurie Neitzke, Ann Wyatt and Peggy Mor-

row. Hamburgers, cake and drinks were served to 11 guests. The senior girls gave Elaine the Leopard Year Book, hostess gift was the letter patches for her jacket.

Ross and Susie Mathis of Amarillo were here last week, Saturday until Tuesday, with her brother and sister-in-law. E.M.

and Billie Rudd.

Jerry Roberts, New Home Church of Christ minister, entered Methodist Hospital this Monday morning. An angiogram will be run Tuesday.

Mrs. Julia Gill will present her piano pupils in a recital in the New Home Baptist Church Fellowship Hall at 7:30 p.m. Thursday, May 19. Pupils are Le'Shea Kieth, Tara and Tobi Timmons, Scott Holder, Sharmon Kreger

and Kary Durham. Kary will also present violin music. Everyone is invited.

After learning of the death of his sister-in-law, Mrs. Medford (Lola Maxine) Moore of Oklahoma City, Saturday Mr. and Mrs. Lit H. Moore Jr. drove to Oklahoma. Funeral services were Sunday, May 8, in the United Methodist Church in Wellston with Rev. Lester Key officiating.

Mrs. Moore, 68, died Saturday after a lengthy

illness. Former residents of the New Home community. Medford was a retired mail carrier.

Gloria, Terri, and Toy Dulin of Tulia spent the weekend with Donnie Morris and attended morning services in the New Home Baptist Church.

HOUSE PASSES STENHOLM MEASURE

The House of Representatives passed a measure by Congressman Charles W. Stenholm (D-Stamford) to strength-

en and expand the Farmers Home Administration county committee system. FmHA county committees, currently appointed by agency officials, would include some locally elected members under changes Stenholm designed. In addition, some appointed members would have agricultural lending experience so as to bring greater expertise to the committee's decisions.

It's hard to write a condolence letter. It's hard to put the proper tribute into words at a time of loss. Put your tribute into action, instead, with a memorial contribution to the Heart Fund. The money will go into life-saving scientific research and education, with the bereaved family receiving and acknowledgement of your thoughtfulness. There's no more meaningful tribute to a friend than a Heart Fund memorial gift. To make a memorial gift, call Darlene Gurley at 998-4511.

Family Focus

By Harriett Pierce

Carpets represent a considerable expenditure in regard to the family budget.

The right decision about carpeting depends on a basic understanding of carpet fibers and construction. It is also important to consult a reputable dealer and to read the carpet label very carefully before making a choice.

Carpet Construction
Most carpets are made by one of four methods—tufted, woven, needle-punched or hand-knotted.

Tufted carpets are made on a tufting machine. Yarn is looped into a preformed backing. Then an adhesive coating is applied and a second backing attached.

Woven carpets are made on high-speed looms in one single operation. Woven carpets will not come loose or unravel.

Needle-punched carpets are made on a pre-woven fabric. Needle-punched carpeting has a smooth surface and is often used for indoor/outdoor use and kitchens and bath.

Hand-Knotted carpets and rugs are generally made in the Middle East. They are usually hand-made and are expensive.

Carpet Fibers
Carpet fibers chosen depend on durability, wearability and price. Carpet fibers to consider are:

Nylon is especially durable, resistant to abrasion and is water absorbent. Look for nylon carpeting with fibers that have been twisted and heat set. This process prevents crushing or matting. Nylon carpeting is also non-allergenic. Polyester carpeting resembles wool in appearance. It is moisture resistant and comes in a variety of textures and colors. Polyester carpets are less resilient and should be used in low traffic areas. Acrylic carpeting is the closest to wool of all the man-made fibers. It is crush resistant, fade resistant and cleans easily.

Wool is a natural fiber and is an excellent carpeting material. Wool is crush resistant, durable and easy to clean. Check to see that it has been moth-proofed. Wool carpeting is considerably more expensive than man made fibers.

Carpet Density
The best guide to quality in carpeting is its density. Density refers to the number of ounces of yarn in each square yard of carpeting—and the denser it is, the better the quality. To check for density, bend back the carpeting to expose the backing. The more backing you see, the less dense and durable the carpet will be.

Carpet Surface, Texture
Texture refers to the surface pile of the carpet. Plus carpets have a velvety look and show footprints. Cut and looped carpet creates a sculptured effect, and is excellent for high traffic areas. Shag carpeting creates a casual look, but is hard to deep clean. One-level

Letter to The Editor

Dear Mr. Wood:

Congratulations are in order for Gov. Mark White, Sen. Ted Lyon of Rockwall and Rep. Fred Agnich for their successful efforts in passage of the Texas Wildlife Conservation Act of 1983.

Not to be forgotten is Texans for Wildlife Conservation, whose members include the more than 800 sportsmen's clubs in Texas. The group formed to promote passage of the act, which would not have been possible without their devotion and sacrifice of time and energy.

The act gives the Texas Parks and Wildlife Dept. statewide authority for wildlife management and eliminates locally specialized wildlife laws previously in effect in 116 Texas counties. The Texas Wildlife Conservation Act at last enables the Parks and Wildlife Dept. to manage our state's wildlife resources on a scientific basis statewide.

In my opinion, it is the most far reaching wildlife conservation legislation ever passed in the state.

Generations to come of outdoor enthusiasts and sportsmen truly owe Gov. White, Sen. Lyon and Rep. Agnich and Texans for Wildlife Conservation a debt of thanks.

Sincerely,
Ed I. Cox Jr.
Vice Chairman,
Texas Parks & Wildlife Commission

Crop Information Needed

The Texas Crop and Livestock Reporting Service will begin contacting farmers and ranchers across the state in mid-May for the 1983 crop information and mid-year livestock inventories.

State Statistician Doug Murfield emphasized that information from the crop surveys will be used by county ASCS offices to set yields for the farm programs. "A good response on these surveys means that we can return more accurate acreage and yield figures back to the counties," Murfield said.

To reduce survey costs, Murfield is urging farmers and ranchers to return the mailed questionnaires as soon as possible.

RECEIVE AWARDS--Roy W. (Dob) Jolly, Maintenance Technician III, (left) received his 25-year service award from the State Department of Highways and Public Transportation Friday, May 13, in Lubbock. William E. Brockman, Maintenance Technician II, received his five year award.

The first transatlantic airmail service began in 1939. The plane flew from New York City to Marseilles, France, via Bermuda and Portugal.

the Federal income tax starting in 1984 under one provision of a new law.
The new law is designed to solve the financial problems faced by the Social Security system. The money saved and new income raised by the law is designated to put Social Security on a sound financial footing.
Under the new law, up to half of a person's Social Security benefits will be included in his or her Federal taxable income if adjusted gross income plus nontaxable interest and half of his or her Social Security benefits exceeds a base amount. The base amount is \$25,000 for an individual, \$32,000 for a couple filing jointly; and zero for a couple filing separately. The amount of benefits that will be included in taxable income will be the lesser of:
*One-half of the benefits received or
*One-half of the excess of the person's combined income-adjusted gross income plus one-half of benefits over the base amount.
People receiving benefits should keep a record of the benefits they receive in 1984 to make figuring their 1984 taxes easier.
Detailed information about how to figure taxes will be available from the Internal Revenue Service later in the year.

Social Security

By BOOTH ROBBINS

The automatic Social Security benefit increase based on the cost of living, previously effective each July, will be delayed for six months, to January 1984 under a new law designed to strengthen the Social Security System.

The purpose of the delay is to save the system money and to help it regain its financial strength. Largely because of economic conditions in recent years, Social Security has had an increasingly severe financial problem.

The new law is designed to meet the problem both in the near-term and into the years after 2000. Other changes made by the new law provide additional income to the system. They include:

*The Social Security System tax rate increase scheduled under previous law for 1985 will go into effect in 1984. The new 1984 rate will be 7.0 percent each for employees and employers, up from the previous rate of 6.7 percent. But, employees will receive a tax credit against 1984 taxes of .03 percent, which will be given when taxes are deducted from wages. In effect, 1984 employees taxes will remain at the level set under previous law. Also, part of the tax rate increase scheduled for 1990 will go into effect in 1988.

*Starting in 1984, the Social Security self-employment tax rate will be equal to the combined employee-employer tax on wages. This will be 14.0 percent for 1984. Previously the rate for self-employed people was about 1 1/2 times the employee rate.

Under this new law, self-employed people will receive a self-employment tax credit of 2.7 percent of self employment income for 1984; 2.3 percent for 1985 and 2.0 percent for 1986-89. After 1989, these credits will be replaced with deductions designed to treat the self-employed in much the same manner as employees and employers are treated for Social Security and income tax purposes. Anyone having questions about the new provisions of the law, or any Social Security question, may call 743-7381 in Lubbock for additional information.

Up to half of Social Security benefits received by people with higher incomes will be subject to

JUST THINKING

About the seniors. They're quite a group, these young men and women. They're a big, big part of our home town. Once they were the little boys you saw playing football on a vacant lot, and the little girls having play tea parties for their dolls. Today, they are mature young people on Graduation Day and ready and confident... eager to take up new challenges, strive for new goals. We're exceptionally proud of you, Seniors, and we wish each of you a full measure of success and happiness in every endeavor.
