Rain Sunday, July 31, .27 in W. Tahoka, from a trace up to 1 inch or more in some areas of county. July total 1.81 inches; this year, 9.53 inches.

C-C President Resigns Post

The president of the Tahoka Chamber of Commerce, Tom Marrier, dropped a bombshell on the chamber directors monthly meeting at noon Tuesday by announcing he was resigning because he plans to move from the city to go into business elsewhere.

He indicated that his furniture business in Tahoka would be continued by someone else, but did not give any details.

The resignation elevated vice president C.T. Louder to the post of president.

Chamber directors were served a meal by the Tahoka Chamberettes.

The group discussed the upcoming Oct. 1 Harvest Festival, next year's chamber banquet, the Keltner Hotel furniture auction coming up Saturday, and a pancake supper which the Chamber will sponsor prior to the Tahoka-Slaton football game Sept. 9.

Doris Scott, contract services representative for the West Texas Alliance of Business, spoke to the group regarding a Private Industry Council employment and training program which will begin Oct. 1. She said the organization would help put prospective employers and employees in touch and part of the cost of training the employees would be paid back to the employer.

IN THE GOOD OLD DAYS — Dr. Richard White holds a sign found in the Keltner Hotel denoting that a room cost \$2 per day or \$10 weekly. (LYNN COUNTY NEWS PHOTO)

City Will Seek Help For Work at Airport

Tahoka City Council Monday night decided to apply for a grant through the Texas Aeronautical Commission to help sealcoat the main runway at the city airport, noting that the runway is getting in bad condition.

City Manager Carl Reynolds explained that if the grant is obtained, the city would have to pay 25 per cent of whatever the cost of the

project is, with the grant paying the other 75 per cent. The council's vote simply was to apply for the grant to see if the city can get it.

With all council members present, the group also made two appointments, authorized seeking new bids on a city pickup, and discussed a proposal made by the Cemetery board in July.

The board had requested that the city go ahead and start developing about seven acres of a 20-acre section of land recently acquired just east of the present cemetery.

Although the Cemetery Board representatives had cited the need to get started now on preparing the section for usage, council members decided that the figures on annual sales of cemetery plots, average number of funerals per year and the city's economic situation make it

feasible to delay start of the new section's development at least until next year. It was noted that the land itself needs to be paid for, and that the city has no money budgeted either to pay for the land or for the development of it.

Council members did commend the Cemetery Board for its work on the project, and said the plans for development will be used later.

V.F. Jones was reappointed as the city's representative to the Canadian River Municipal Water Authority, and Judy Woodard was appointed as city court clerk.

Reynolds reported that the operation of the city swimming pool has been satisfactory this year, and that the recently reopened Community Center has been getting good usage for family reunions during the summer.

Keltner Hotel Furniture Auction Slated Saturday

Furniture from the Keltner Hotel in Tahoka will be auctioned off Saturday, Aug. 6, at 11 a.m. in the street at the east entrance of the hotel with Billy Miller as auctioneer.

Chamberettes will sell food and drinks with the proceeds from all sales going to the restoration of the hotel.

Beds, dressers and tables from rooms in the hotel will be auctioned as well as baked goods and a quilt donated to the Historical Society by the Senior Citizens.

Items may be viewed by the public at 10 a.m. Saturday.

Tahoka Classes Start Aug. 19

The Tahoka ISD will implement a seven period day beginning with the first day of classes on Aug. 19.

Students of Tahoka schools will register Wednesday, Aug. 17 at their respective schools at 1 p.m.

Classes will begin for grades K-3rd at 8:35 a.m. Classes for grades 4-6 will begin at 8:20 a.m. Grades 7-12 will begin classes at 8:15 a.m. All classes will dismiss at 3:45 p.m. Buses will run at 3:50 p.m.

Lunchroom schedule is as follows:
K-3 10:45 a.m. to 11:30 a.m.
4-6 11:40 a.m. to 12:15 p.m.
7-12 12:15 p.m. to 12:50 p.m.

All students in kindergarten must be five years of age on or before Sept. 1. All kindergarten students must bring their birth certificates and health records. Any first grade student who was not in school in Tahoka last year will need a birth certificate or school record from prior school. All other students entering Tahoka schools for the first time must bring school record and health record from prior school.

Wilson and New Home Schools will begin classes on Monday, Aug. 22.

All county schools require the following immunizations for school attendance:

Polio - At least one of these doses must have been received since the fourth birthday, or during the month prior to, or of, the fourth birthday.

DPT and/or Td - At least one of these doses must be received since the fourth birthday, or during

the month prior to, or of, the fourth birthday, and within the past ten years.

Measles-Mumps vaccine is required for twelve-year old students. Mumps-Mumps vaccine is required for five through seven year old students.

Those students needing immunizations may obtain them during the month of August at the Dept. of Health Resources, 1640 South 1st.

School Hires New Assistant Grid Coach

In a short, called business meeting Monday, the Tahoka School Board hired Mike Underwood as assistant football coach.

Underwood, a graduate of East Central State College, Edmond, Okla., had recently coached in New Deal.

His 12 years of experience includes employment at Electra and Darrou-zett schools.

Underwood, who has a Bachelor of Arts degree, will also teach secondary history.

According to Superintendent Jim Coulston the faculty of Tahoka schools is complete.

Classes will begin Aug. 19.

Burglars Take Guns

Burglars took nine firearms, some diamond rings and other jewelry, two television sets and other items from the home of Gary Stennett a mile east and one mile south of Tahoka during the night of July 26.

Lynn County Sheriff's officers were given a long list of items stolen after the home was entered through a west side window while the family

was away. A pry bar was used to get into the house.

Among the items stolen were Browning and Marlin semi-automatic .22 rifles, a Rossi .22 pump rifle, Remington model 514 .22, Smith and Wesson .357 revolver, Colt .38 special, two Savage shotguns and an H&R shotgun. Also an RCA 19-inch color TV with remote control, Panasonic TV and a Bauer movie camera.

Total value of all the items taken was set at \$6438. Some other guns in a case and some expensive photography equipment owned by Mrs. Stennett, a professional photographer, was not taken.

Crime Line is offering a \$300 reward in the Stennett burglary.

Paul Harris of Tahoka reported a toolbox and tools stolen from a pickup at 2201 Main St. during the night of July 27. The tools were valued at a total of \$1334.

Tahoka police officers were involved in a chase last Wednesday night whereby a vehicle was headed east on Lockwood at a very high rate of speed. Officers attempted to stop the vehicle, but it tried to flee from them. Police finally stopped the vehicle at 1414 Ave. L where three subjects got out of the car and ran from

the scene on foot. A 16-year-old juvenile was arrested and taken to juvenile authorities and was issued a citation for no drivers license, fleeing from a police officer, and driving recklessly.

On Saturday, police investigated an aggravated assault of a Tahoka man who was hit on the head with a chrome 22 cal. pistol by a Lubbock man. The man was taken to Lynn County Hospital where he was treated and released. The subject was taken to Lynn Co. Sheriff's office on Tuesday and was jailed on a felony charge.

Also on Saturday, police officers arrested one subject for DWI.

At approximately 2 a.m. Sunday, officers answered a family disturbance call where one suspect was arrested for public intoxication and disorderly conduct. The subject was taken to Lynn Co. Sheriff's Office and jailed.

Tahoka High School reported to police during the past week that a Kodak A.N.Y. projector had been stolen from the school sometime between the 11th of July and Aug. 1. Its value was set at \$895.

WOODWORK

BY DALTON

OKAY, EVERYBODY: Remember all of those things you were going to do this summer? Well, you'd better get on the stick and get them done, because summer is slipping away rapidly.

Yeah, I know. It's only the first week in August, and the weather has been hotter than John McEnroe's temper, and lots of folks are just now leaving for vacation. But school starts in just two weeks (or three, in some area towns), and football players and band members are already straggling back, and some of you with kids in school had better hurry if you're going to go someplace this summer.

If it seems like school is starting earlier every year, consider that some Houston schools (and possibly a few in other places) are now going year-round. The idea is that it makes little sense to use the expensive school facilities only three-fourths of the time, so they're scheduling classes all year, allowing them to take some of the classroom load off. Different groups of students are going nine months at a time, each group starting three months later than the previous one, in staggered fashion.

Staggered is exactly what all

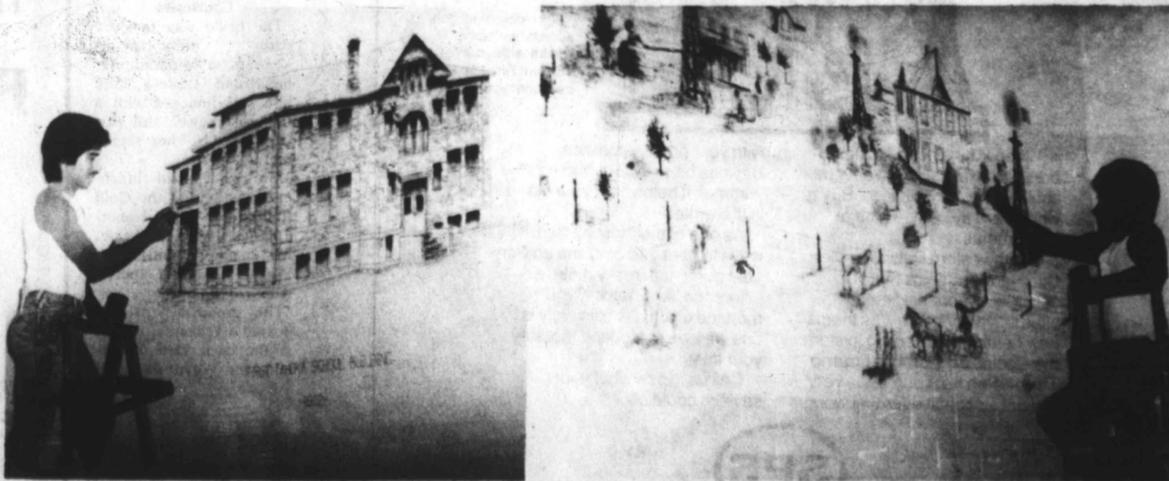

the teachers and students around these parts would be doing in the summertime classes, unless they got all of the facilities air-conditioned.

TARZAN has gone the way of Little Black Sambo and Old Black Joe, at least in activities sensitive to the pressures of the Black Anti-Defamation Coalition. That group got NBC to remove Tarzan from the script of a new Gary Coleman TV-movie which had intended the Ape Man to be one of a young black boy's heroes.

The black protesters said Tarzan was "a white hero in a black man's world, which is Africa, and that this was offensive, almost a racial insult."

Some years back, black pressure groups had "Little Black Sambo" taken off the shelves of libraries, and Stephen Foster's famous song "Old Black Joe" has become, in recent printings which include the words, "Poor Old Joe". Now Tarzan has been replaced in a movie by a poster of Magic Johnson.

Tarzan probably could care less, so long as Jane is portrayed by Bo Derek (Ay-eee-ahh!)

TAHOKA SCHOOL CAFETERIA HAS NEW LOOK — Jerry Cazares is shown as he paints murals on the walls at the Tahoka School Cafeteria. Jerry, a junior in Tahoka High School, has been painting only three years after taking art lessons in Junior High School. The picture at left shows the

first school building in Tahoka, dated 1912. At right shows the public square of Tahoka, 1907. Some of Jerry's other work can be seen at the city library and Tubb Elementary school. (LYNN COUNTY NEWS PHOTO)

Crime Line Offers

998-5145

\$300 Reward ...

For information leading to arrest and conviction of persons who burglarized the home of Gary Stennett, southeast of Tahoka, during the night of July 26. The burglars took nine guns, two TV sets, many expensive rings and other jewelry. A detailed list is on file at the sheriff's office.

Callers to Crime Line, 998-5145, need not identify themselves; arrangements will be made to pay any rewards through an intermediary. Crime Line is answered 24 hours a day, and also will accept collect calls.

M.A.D.D. Chapter Forming in Lynn County

Ten persons attended a meeting, led by Mrs. Suzan Duncan of Tahoka, for the purpose of forming a Lynn County chapter of M.A.D.D. (Mothers Against Drunk Driving) July 26 in the Southwestern Public Service Reddy Room.

Mrs. Duncan stated that according to information she had received more than 250,000 persons have been killed in the U.S. by drunk drivers in the past 10 years. She said drunk drivers kill more people than murderers, more than those who commit assaults and they do more property damage than the forgers, burglars and robbers all added together.

She also said that in Texas, 12 persons a day are killed by drunk drivers.

The first chapter of M.A.D.D. was formed in California in 1980 and since then approximately 190 chapters have been

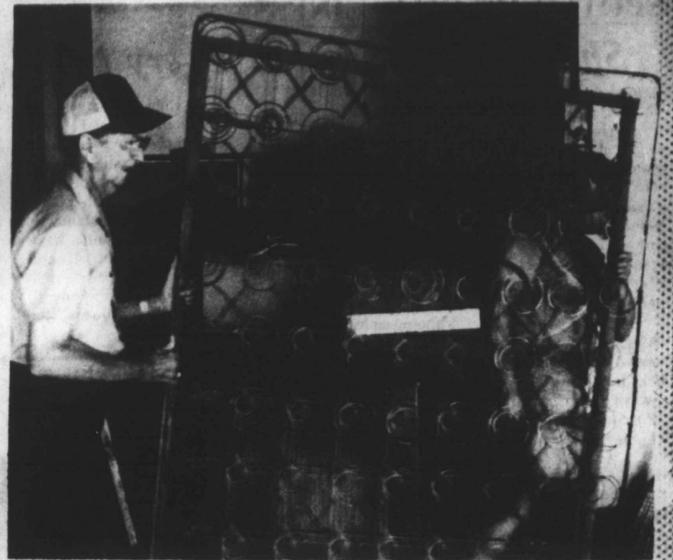

formed in the United States. In the West Texas area, M.A.D.D. is active in Lubbock county with other area communities working to gain charters for their counties.

According to Mrs. Duncan one of the things M.A.D.D. does is to educate all citizens about the tragedy being caused by drunk drivers and re-educating persons not to drive after drinking.

The next meeting of the chapter in Lynn County will be Aug. 23 (time and place to be announced later) with Jimmie Steed and Debby Moen of the Lubbock chapter to be speakers.

M.A.D.D. is open to all citizens who are concerned with the DWI issues. Representatives are needed from all the area communities, Mrs. Duncan said.

For more information call Suzan Duncan, 998-4842.

MOVING DAY--Shown moving furniture at the Keltner Hotel to get ready for the auction sale Saturday are, left to right, George McCracken and Dr. Richard White. (LYNN COUNTY NEWS PHOTO)

Church Of Christ Sets Meeting

The Tahoka Church of Christ is sponsoring a week-long gospel meeting with Mike Danchak, minister for the Kingsville Church of Christ preaching.

Assemblies will begin Sunday, Aug. 7, and end Friday with Bible Class on Sunday at 10 a.m., preaching at 11 a.m. and assemblies on Sunday night at 6.

Weekday assemblies are at 10 a.m. and 7 p.m.

Danchak received a bachelors degree in religion and a masters degree in counseling from Abilene Christian University.

He has done post graduate work in family counseling at Texas Tech.

Mike holds teacher certification from the Texas Education Agency in History and English and is certified as a public school counselor, licensed as a professional counselor by the Texas State Board of examiners of professional counselors.

Mike and his wife, Sharon, have two children, Jeffrey, 9 and Erica, 4.

City-County Library News

By LENNIE COX

We have had very good response for our memorial fund ever since we started it. Many people have given to it in memory of some loved one. From January of this year until now, the library has received \$180 in donations to be used to get new books. Anytime that anyone donates to this fund, we try to get a book that is appropriate in memory of that person.

Also we feel that the book sale we had some time ago was successful. Even yet we are having people to come in to buy some books which have been taken off the shelves because of worn conditions or because of duplicate copies, so as of today, we have sold \$99.75 worth of books at 25 cents each. Besides the books, we have had some records to sell which has netted \$48.25 for the library. We have only twelve more records left which can be bought at a nominal fee if anyone would like to buy them and at the same time help the library.

We are still getting many new books in and among

them are some books on how to learn Spanish. Last year I received many requests for such books, so now we have a few available in our library.

Although I have more than 300 books checked out of the library each month, I wish more people would avail themselves of the opportunity to check out and read more books from this source. As I have men-

tioned before, if anyone does not find the book that he needs in our library, then I will try my best to get it through our inter-library loan system.

WEDNESDAY BRIDGE

Wednesday bridge did not play July 27. Next date of play will be Wednesday, Aug. 3, at 1 p.m. at the T-Bar Country Club.

TUESDAY BRIDGE

The winners of Tuesday night bridge, July 25, were: first, Lottie Walker and Mabel Gur-

ley; second, Mildred LeMond and Carol Maule; third, Charles Burleson and Lena Burleson; fourth, Boots Walker and

Eunice Hunter; fifth, Jacquie Chessier and Margie Maddox.

SPOTLIGHT ON BUSINESS:

She Has Flowers For Every Need

[Tahoka Chamber of Commerce sponsors a program of recognition of business people in the city who are chamber members. Periodically, a story written by a Lynn County News staff member will spotlight a new or established business or person. Fourth of a series puts the spotlight on Mrs. Donna Raindl.]

Mrs. Donna Raindl has moved back to Tahoka to her first love, which has always been flowers.

Purchasing the "House of Flowers," located at 1317 Ave. J, originally owned by Jo Bob and Anita Billman, Donna is much at home, since she was employed there in her "growing up" years.

Donna and her husband, Mitch, who also grew up in Tahoka, are building on wedding services for their

customers.

They can provide services for a complete wedding and reception, setting up, directing and cleaning up, which will leave a bride and groom "trouble-free".

These services include wedding invitations, which can be done in calligraphy if desired, photography, cake selection, candelabra in all shapes, such as spirals, arches, fans, hearts or trees; and kneeling benches.

At the wedding reception they provide the tablecloths, silverware, brass, etc.

Donna is now buying flowers direct from growers in Colorado, California, Oregon and Utah.

She will have a variety of Holland flowers, which will include exotic flowers. Customers may select containers from her or

bring their own.

At the House of Flowers one may find a wide selection of silk flowers and pot plants or may special order with plants arriving within 24 hours.

Mitch and Donna have two sons, Brent, 4, and Brady, 1.

They invite everyone to "Say It With Flowers" for any occasion.

GOV. WHITE RECOGNIZES VOLUNTEERS

Gov. Mark White has designated Aug. 2 as Hospital Auxiliary Day and Aug. 8-12 as Junior Volunteer Week in Texas.

In making the announcement, the governor said, "Volunteers do not wear a price tag; their price tag is contributions to community, thereby enriching life in the community and assisting hospitals."

Statewide, 323 auxiliaries contributed 3,674,000

Labor Day Drivers Urged To Slow Down

Major V. J. Cawthon, Commander of the Texas Dept. of Public Safety in Region 5 said, "We will use all available personnel to reduce the death toll

hours of service to hospitals; \$5 million in cash/equipment; and 767 scholarships worth \$500,000.

during the Labor Day holiday." He said, "In 1982, 50 persons were killed in traffic accidents on Texas streets and highways during the Labor Day Holiday."

This is the last holiday of the summer and thousands of motorists will take to the highways for an outing. Some of these motorists will be driving at high rates of speed. Others will be intoxicated. Cawthon said, "These two combin-

ations plus the lack of seat belt usage could cause a high death count this Labor Day weekend."

He said, "Our troopers will be aggressive in combating the speeding and

DWI problem because these violations continue to be the leading factors in fatal accidents."

Lynn County Merchants Appreciate Your Business

Benjamin Franklin, in addition to being a great statesman and inventor, was an accomplished performer on the guitar and harp.

DONNA RAINDL

IT'S ALL IN THE MIND

THINKING YOURSELF WELL

By Dr. Earlene Castellaw
All of us have heard of documented cases where incurable diseases were healed instantly. Such apparent miracles sometimes take place at religious shrines. At Lourdes in France, a boy blind after deterioration of his optic nerves regained his sight in a matter of minutes.

At a London prayer meeting, a minister took into his hands the club foot of a girl who had been crippled since birth. To his amazement, it instantly lost its shape in his hands and reformed into a perfect foot.

Some people regard such cases as miracles or magic. But consider, what physicians are now able to accomplish with laser beams. Did you know that an incision can be healed instantly with no scar, when a beam of this concentrated light is aimed at the wound? What could be happening? We already know that a stitched incision will heal with time. The laser simply accelerates the healing power that exists in every human body. This is the real magic of healing—the forces in the body that constantly work to maintain or reestablish health. This is the very energy that makes us alive. When the energy is activated, the body can recreate an optic nerve or make a club foot into a perfect one.

It has been shown that this energy is very responsive to thought. Constant streams of negative thoughts like fear or anxiety drain energy and weaken the body so that it becomes vulnerable to disease. Uplifting thoughts, including prayer, enhance energy. The actual

form of thought or prayer doesn't matter, as long as it changes consciousness and stimulates a realization of the healing power within the person.

Health is the natural and normal state of the body. It takes ten times as much energy to make yourself sick as it does to stay well, because it takes a tremendous effort to go against the force of life within you.

Dr. Earlene Castellaw

We can cooperate with our bodies, we can help the tremendous healing power within us, by using our thoughts. Your mind can make you sick. But you can also think yourself well, if you choose.

There is a science of right thinking that has helped many people achieve their goals. If you would like to know more about this thought system, write to Dr. Earlene Castellaw, c/o Religious Science Information Center, 3130 Fifth Avenue, San Diego, California 92103. Or call toll free, 800-633-7989 (from outside California); 800-633-7990 (inside the state).

Muse Plans Expan

Plans for Tahoka Pion are being Harold Gre of the muse directors, to Thursday no The preser just about fu and the bo build an ad north to the

Slat Pho

Museum Plans Expansion

Plans for expansion of Tahoka Pioneer Museum are being considered. Harold Green, chairman of the museum board of directors, told Rotarians Thursday noon in a talk. The present building is just about full of exhibits, and the board hopes to build an addition on the north to the present build-

ing, he said. Recently, the board rejected the donation from Santa Fe railroad of the Tahoka depot. He said the board had decided expense of moving the depot and renovating it would be prohibitive. Anyway, the depot building has deteriorated badly and has been stripped of all equipment. In his talk, he covered just about every phase of the museum's operation, and called on Winston Wharton, Mayor Meldon Leslie, Dr. K.R. Durham

and Frank Hill for brief talks. The present building bought by City of Tahoka from the R.W. Fenton Jr. estate, refinished under direction of Wharton, and others, and many people have had a hand in collecting and displaying relics, documents, pictures, etc. that portray for present and future generations an insight to early life in Lynn County. The museum is financed by money gifts, memberships and dues, the City of Tahoka, and the Green

Thumb program, which furnishes a worker to keep the facility open weekdays from 10 a.m. to 4 p.m. Right now, during the summer vacation season, may travelers stop in Tahoka to view the museum exhibits.

TEXAS CRUDE OIL PRODUCTION LISTED

Texas crude oil production totaled 72,307,166 barrels in May, according to Railroad Commission Chairman Mack Wallace. This figure compares

with reported April production totaling 71,105,079 barrels and May 1982 production of 74,392,114 barrels.

Texas oil production averaged 2,332,490 barrels daily in May, down from 2,370,169 barrels daily in April and down from 2,399,746 barrels daily in May 1982.

The May production allowable totaled 95,172,141 barrels.

The preliminary May summary indicated Texas

oil production was 24.02 percent under the allowable for the month. The state's top producing counties in May were Pecos, 4,269,084 barrels; Yoakum, 3,778,652 barrels; Ector, 3,741,803 barrels; Hockley, 3,186,071 barrels; Scurry, 2,568,795 barrels; Crane, 2,187,956 barrels; and Refugio, 1,913,528 barrels.

During the American Revolution, many brides did not wear white wedding gowns; they wore red as a symbol of rebellion.

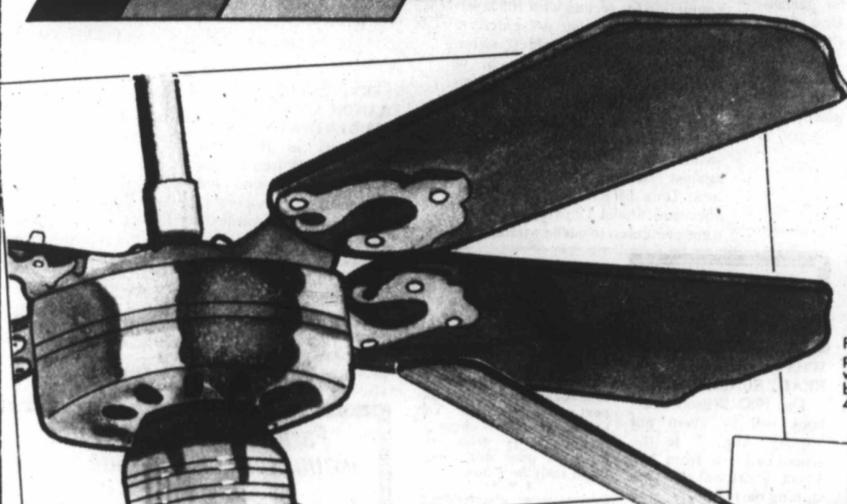

EXTRA MILE CITATION--The first Extra Mile Citation was presented by the State Department of Highways and Public Transportation to Phillip Barnett of Tahoka on July 27 at a Rotary Club luncheon in Lubbock. Marcus L. Yancey Jr., Deputy Engineer, made the presentation on behalf of the commission. He cited Barnett as carrying a double honor, for those persons who in prior years have performed in such an exemplary manner, and for himself in going above and beyond the call of duty in the midst of a tornado and storm June 18, 1982, with water knee deep, to save an individual.

Blood pressure clinics continue every Wednesday from 1 to 3 p.m. in the hospital lobby. No reservations required.

ATPE Workshop Held

Local members of the state's second largest education association gathered in Austin recently for leadership training.

More than 200 educators from across the state attended the Association of Texas Professional Educators' (ATPE) Leadership Training Workshop July 21-22.

Attending from Lynn County ATPE were Bill and Cheryl Clifton. Bill is the 1983-84 president for the county unit and president-elect for Region 17 ATPE.

DIXIE COMMUNITY REUNION SET

The Dixie Community Reunion will be held Sunday, Aug. 14, in the Tahoka school cafeteria, 2123 North 3rd. Bring a picnic lunch. Bread, tea, and paper plates will be furnished.

SPOTLIGHT ON BUSINESS:

She Has Flowers For Every Need

[Tahoka Chamber of Commerce sponsors a program of recognition of business people in the city who are chamber members. Periodically, a story written by a Lynn County News staff member will spotlight a new or established business or person. Fourth of a series puts the spotlight on Mrs. Donna Raindl.]

Mrs. Donna Raindl has moved back to Tahoka to her first love, which has always been flowers.

Purchasing the "House of Flowers," located at 1317 Ave. J, originally owned by Jo Bob and Anita Billman, Donna is much at home, since she was employed there in her "growing up" years.

Donna and her husband, Mitch, who also grew up in Tahoka, are building on wedding services for their

customers.

They can provide services for a complete wedding and reception, setting up, directing and cleaning up, which will leave a bride and groom "trouble-free".

These services include wedding invitations, which can be done in calligraphy if desired, photography, cake selection, candelabra in all shapes, such as spirals, arches, fans, hearts or trees; and kneeling benches.

At the wedding reception they provide the tablecloths, silverware, brass, etc.

Donna is now buying flowers direct from growers in Colorado, California, Oregon and Utah.

She will have a variety of Holland flowers, which will include exotic flowers. Customers may select containers from her or

bring their own.

At the House of Flowers one may find a wide selection of silk flowers and pot plants or may special order with plants arriving within 24 hours.

Mitch and Donna have two sons, Brent, 4, and Brady, 1.

They invite everyone to "Say It With Flowers" for any occasion.

GOV. WHITE RECOGNIZES VOLUNTEERS

Gov. Mark White has designated Aug. 2 as Hospital Auxiliary Day and Aug. 8-12 as Junior Volunteer Week in Texas.

In making the announcement, the governor said, "Volunteers do not wear a price tag; their price tag is contributions to community, thereby enriching life in the community and assisting hospitals."

Statewide, 323 auxiliaries contributed 3,674,000

Labor Day Drivers Urged To Slow Down

Major V. J. Cawthon, Commander of the Texas Dept. of Public Safety in Region 5 said, "We will use all available personnel to reduce the death toll

hours of service to hospitals; \$5 million in cash/equipment; and 767 scholarships worth \$500,000.

during the Labor Day holiday." He said, "In 1982, 50 persons were killed in traffic accidents on Texas streets and highways during the Labor Day Holiday."

This is the last holiday of the summer and thousands of motorists will take to the highways for an outing. Some of these motorists will be driving at high rates of speed. Others will be intoxicated. Cawthon said, "These two combin-

ations plus the lack of seat belt usage could cause a high death count this Labor Day weekend."

He said, "Our troopers will be aggressive in combating the speeding and

DWI problem because these violations continue to be the leading factors in fatal accidents."

Benjamin Franklin, in addition to being a great statesman and inventor, was an accomplished performer on the guitar and harp.

DONNA RAINDL

IT'S ALL IN THE MIND

THINKING YOURSELF WELL

By Dr. Earlene Castellaw
All of us have heard of documented cases where incurable diseases were healed instantly. Such apparent miracles sometimes take place at religious shrines. At Lourdes in France, a boy blind after deterioration of his optic nerves regained his sight in a matter of minutes.

At a London prayer meeting, a minister took into his hands the club foot of a girl who had been crippled since birth. To his amazement, it instantly lost its shape in his hands and reformed into a perfect foot.

Some people regard such cases as miracles or magic. But consider, what physicians are now able to accomplish with laser beams. Did you know that an incision can be healed instantly with no scar, when a beam of this concentrated light is aimed at the wound? What could be happening? We already know that a stitched incision will heal with time. The laser simply accelerates the healing power that exists in every human body. This is the real magic of healing—the forces in the body that constantly work to maintain or reestablish health. This is the very energy that makes us alive. When the energy is activated, the body can recreate an optic nerve or make a club foot into a perfect one.

It has been shown that this energy is very responsive to thought. Constant streams of negative thoughts like fear or anxiety drain energy and weaken the body so that it becomes vulnerable to disease. Uplifting thoughts, including prayer, enhance energy. The actual

form of thought or prayer doesn't matter, as long as it changes consciousness and stimulates a realization of the healing power within the person.

Health is the natural and normal state of the body. It takes ten times as much energy to make yourself sick as it does to stay well, because it takes a tremendous effort to go against the force of life within you.

Dr. Earlene Castellaw

We can cooperate with our bodies, we can help the tremendous healing power within us, by using our thoughts. Your mind can make you sick. But you can also think yourself well, if you choose.

There is a science of right thinking that has helped many people achieve their goals. If you would like to know more about this thought system, write to Dr. Earlene Castellaw, c/o Religious Science Information Center, 3130 Fifth Avenue, San Diego, California 92103. Or call toll free, 800-633-7989 (from outside California); 800-633-7990 (inside the state).

Museum Plans Expansion

Plans for Tahoka Pioneer are being Harold Green of the museum directors, to Thursday noon. The present just about full and the building an ad north to the

Museum Plans Expansion

Plans for expansion of Tahoka Pioneer Museum are being considered. Harold Green, chairman of the museum board of directors, told Rotarians Thursday noon in a talk. The present building is just about full of exhibits, and the board hopes to build an addition on the north to the present build-

ing, he said. Recently, the board rejected the donation from Santa Fe railroad of the Tahoka depot. He said the board had decided expense of moving the depot and renovating it would be prohibitive. Anyway, the depot building has deteriorated badly and has been stripped of all equipment. In his talk, he covered just about every phase of the museum's operation, and called on Winston Wharton, Mayor Meldon Leslie, Dr. K.R. Durham

and Frank Hill for brief talks. The present building bought by City of Tahoka from the R.W. Fenton Jr. estate, refinished under direction of Wharton, and others, and many people have had a hand in collecting and displaying relics, documents, pictures, etc. that portray for present and future generations an insight to early life in Lynn County. The museum is financed by money gifts, memberships and dues, the City of Tahoka, and the Green

Thumb program, which furnishes a worker to keep the facility open weekdays from 10 a.m. to 4 p.m. Right now, during the summer vacation season, may travelers stop in Tahoka to view the museum exhibits.

TEXAS CRUDE OIL PRODUCTION LISTED

Texas crude oil production totaled 72,307,166 barrels in May, according to Railroad Commission Chairman Mack Wallace. This figure compares

with reported April production totaling 71,105,079 barrels and May 1982 production of 74,392,114 barrels.

Texas oil production averaged 2,332,490 barrels daily in May, down from 2,370,169 barrels daily in April and down from 2,399,746 barrels daily in May 1982.

The May production allowable totaled 95,172,141 barrels.

The preliminary May summary indicated Texas

oil production was 24.02 percent under the allowable for the month. The state's top producing counties in May were Pecos, 4,269,084 barrels; Yoakum, 3,778,652 barrels; Ector, 3,741,803 barrels; Hockley, 3,186,071 barrels; Scurry, 2,568,795 barrels; Crane, 2,187,956 barrels; and Refugio, 1,913,528 barrels.

During the American Revolution, many brides did not wear white wedding gowns; they wore red as a symbol of rebellion.

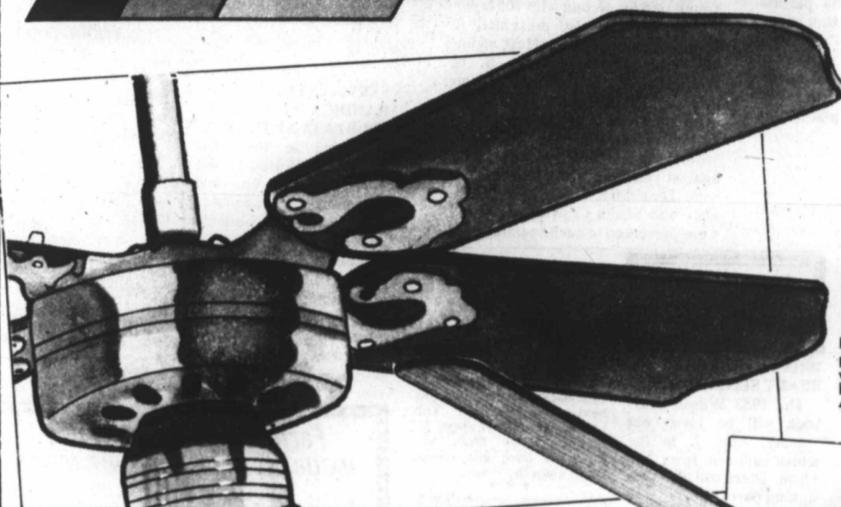

EXTRA MILE CITATION--The first Extra Mile Citation was presented by the State Department of Highways and Public Transportation to Phillip Barnett of Tahoka on July 27 at a Rotary Club luncheon in Lubbock. Marcus L. Yancey Jr., Deputy Engineer, made the presentation on behalf of the commission. He cited Barnett as carrying a double honor, for those persons who in prior years have performed in such an exemplary manner, and for himself in going above and beyond the call of duty in the midst of a tornado and storm June 18, 1982, with water knee deep, to save an individual.

Obituaries

Carl Armes

Services for Carl Armes, 53, of New Home (Rt. 1, Wilson) were held Tuesday, Aug. 2, in New Home Baptist Church with the Rev. Jarrell Rial, pastor, officiating, assisted by Rev. Paul McClung of Ingram and Kenneth McClung of Austin.

Burial was in Resthaven Memorial Park in Lubbock.

He died at 12:12 a.m. Sunday in Methodist Hospital after being injured in a motorboat accident at Buffalo Lakes on Saturday.

Armes was born in Floydada and lived most of his life in New Home. He was a farmer, president of the Lubbock Saddle Club and was a member of the Lubbock sheriff's posse and riding club. He married Melva Holt Aug. 30, 1947, in New Home.

He was a deacon of New Home Baptist Church. Survivors include his wife; two daughters, Diane Scroggins and Donna Smith, both of New Home; a son, John of New Home; two brothers, L.A.

of Memphis, Texas, and W.A. of New Home; and six grandchildren.

Pallbearers were Jack Clements, John Edwards, Bobby Fillingim, Bill Gann, Abe Tucker, Bob McCarty, Jerrell Goldston and C.C. Rendleman.

Honorary pallbearers were members of his Sunday school class.

Ottis "Friday" Davis

Services for Ottis "Friday" Davis, 82, of Tahoka were held at 10 a.m. Friday, July 29, in White Funeral Home Chapel with the Rev. Gene Wisdom, pastor of First United Methodist Church, officiating.

Burial was in Tahoka Cemetery under direction of White Funeral Home.

Davis died at 7 p.m. Wednesday in Lynn County Hospital after an illness.

Born Nov. 23, 1900 in Desdemona, he moved to Lynn County in 1919. He

attended schools in both Desdemona and Tahoka. He farmed until retiring a few years ago.

He was a Methodist. Survivors include two sisters, Veda of Waxahachie and Mildred Schooler of Southgate, Calif.; and several nieces and nephews.

Pallbearers were Clint Sikes, Butch Ingle, Cliff Ingle, Beecher Sherrod, Watson Spears and Irvin Dunagan.

Charlie Webb

Services for Charlie Webb, 78, of Ackerly were held Monday, Aug. 1, at 2:30 p.m. in Roaring Springs Church of Christ with Billy Whitaker, minister, officiating.

Burial was in Roaring Springs Cemetery under direction of White Funeral Home of Tahoka.

She died Saturday, July 30, in Harris Hospital in Fort Worth after a brief illness.

She was born Jan. 26, 1905 in Appleby, Texas and attended school in Rannels County. She married William Cecil Webb Feb. 20, 1926 in Littlefield. He died Jan. 12, 1931.

SWIM FOR LIFE AWARD WINNERS—Three persons who participated in the "Swim For Life" event are (left to right) Christy Brown, who tied for second place with Thomas Young (not shown), swimming 103 laps; Vivian McAfee, first place, swimming 128 laps and April Benle, the youngest swimmer.

(LYNN COUNTY NEWS PHOTO)

'Swim For Life' Awards Given

Plaques were presented Friday, July 29, at the Tahoka swimming pool to six members who participated in the Lynn County Unit of the American Cancer Society's "Swim For Life" held July 18.

Receiving first place for most money raised was Matt Ray, who collected \$82.50. Second place went

to Curtis Ferguson with \$56. Vivian McAfee won first for the most laps, 128, and Christy Brown and Thomas Young tied for second with 103 laps.

An award was also presented to Vivian McAfee as the oldest swimmer and to April Benle, 8, of Wolfthorh, as the youngest swimmer. April is the granddaughter of Mrs. Arlie Aycock of Tahoka.

A total of \$344.18 was raised by the swimmers to help in the fight against cancer. Other swimmers were Lena McKibben, Kelli Huckabee and Shelia Crawford. T-shirts were presented to each swimmer.

WILSON NEWS

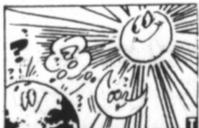

WHS YEARBOOK READY SUNDAY

The 1983 yearbook will be given out Sunday, Aug. 7, in the school cafeteria from 2 to 4 p.m. There will also be a signing party.

Anyone who did not purchase an annual previously may do so for \$15. Any annual not picked up at this date will be distributed on Aug. 19 at school registration.

WBY SUNDAY?

If the sun were the size of a skyscraper, the earth would be the size of a man. The moon would be the size of a cocker spaniel standing next to the man. Yet, because the sun is about 93 million miles from the earth, it does not appear larger than the moon.

NOTICE OF SALE

THE STATE OF TEXAS

KNOW ALL MEN BY THESE PRESENTS THAT COUNTY OF LYNN

Whereas, on the 26th day of November 1979, Donald L. Shadden, Abernathy, Texas, executed and delivered to Taylor Tractor & Equipment, Inc., Tahoka, Texas a certain Retail Installment Contract and Security Agreement which was subsequently assigned to John Deere Company, and thereon mortgaged the following described property, to wit:

1 - JD 482 Cotton Stripper, S/N 297

The maker of the Retail Installment Contract and Security Agreement has defaulted in compliance with the terms of said Retail Installment Contract and Security Agreement. John Deere Company, the owner and holder of said Retail Installment Contract and Security Agreement on account thereof, is offering said property for sale in accordance with the terms of said Retail Installment Contract and Security Agreement. John Deere Company has the right to bid.

Now, therefore, notice is hereby given that on the 11th day of August 1983 at 11:00 a.m. of said date, John Deere Company will offer for sale at Taylor Tractor & Equipment Company, Tahoka, Texas, to the highest bidder the above described property.

Conditions and Terms of Sale: All items will be sold "as-is" and in their present condition. NO GUARANTEE OR WARRANTY OF ANY NATURE, EITHER EXPRESSED OR IMPLIED, is made. Any statement of description is for identification only and not a warranty or representation. All goods are subject to redemption prior to sale. The terms of the sale are cash. The high bidder must submit certified funds (Bank money order or cashier's check) for the full purchase price at the time of sale. All bids must be submitted in person; all sales are for cash and are final. Individual buyers may be required to pay any applicable sales tax on the sales (purchase) price.

Additional information concerning the security interest held by John Deere Company in the above described collateral may be obtained from:

JOHN DEERE COMPANY
FINANCIAL SERVICES
P.O. BOX 20598

TDA Flashfacts

Statistics that shape Agriculture, from the Texas Dept. of Agriculture

World Weather Dampens Export Hopes

EXPORTERS

CANADA

Mild, moist winter helped produce bumper wheat crop, part of second consecutive world record wheat harvest

UNITED STATES

Winter was good for U.S. wheat also, pushing prices down. Heatwave is cutting Midwest corn and soybean production. Flood ravaged Mississippi cotton planting.

BRAZIL

Floods damage wheat and soybean crops, hampering this country's efforts to become a major exporter

ARGENTINA

Drought caused at least a 20 percent cut in this year's corn production.

SOUTH AFRICA

Drought has forced the cancellation of corn export contracts, meaning corn production will be down dramatically in all three corn exporting nations. S. Africa exported five million tons of grain last year, but will import two million tons this year.

IMPORTERS

JAPAN

Rainfall boosts rice production five percent.

CHINA

Rainfall, climate increased cotton production 23 percent from 1981; wheat by 27 percent; corn by 10 percent.

INDIA

Moisture has been good, maintaining rice crop and boosting wheat production 10 percent. India, China and the Soviet Union are the three major importing nations.

SOVIET UNION

Near ideal weather through much of the country is resulting in the best harvest in five years. Wheat may equal 1982's successful crop; harvest of corn and other coarse grains is expected to increase by 43 percent from 1981. Russia's imports are expected to fall by 15 percent, or five million tons, with the U.S. bearing the brunt of the reduction.

Source: USDA

"To hear claims that export policies can solve our farm production and income problems, one would think that the international market is a bottomless pit that can easily accommodate ever larger quantities of American commodities," says Texas Agriculture Commissioner Jim Hightower. "A look at the facts disproves these claims. Countries which traditionally depend on agricultural imports are improving their own production and importing less. All three major importing nations—China, Russia and India—are harvesting bumper crops this year and are drastically cutting back on imports. Russia, for example, is importing only six million tons of grain this year, compared to about 14 million tons last year."

Tips for the Health Conscious

LIGHTEN UP FOR HEALTH

Things get lighter in summer—lighter days, lighter clothes and lighter appetites. It's the time when millions of Americans cut back on calories, fat and salt in a conscious effort to look good and feel better.

Now there's good news for cooks who want to follow the trend toward eating light. The kitchens of Fleischmann's have introduced Fleischmann's® Light™ Corn Oil Spread with 25 percent fewer calories, salt and fat than regular margarine—without sacrificing delicious taste.

Here's a summer casserole that calls for light ingredients and packs plenty of flavor to please finicky appetites as well as waistline watchers. The whole family will discover that eating lighter really does taste better.

SPINACH-CHEESE BAKE

Makes 6 servings
1/3 cup chopped onion
1/4 cup Fleischmann's® Light Corn Oil Spread
1 (10-ounce) package frozen chopped spinach, thawed and well drained
1/2 teaspoon basil leaves

1 cup low-fat cottage cheese
1 (8 1/2-ounce) container Egg Beaters, Cholesterol-free 99% Real Egg Product
1/4 cup Parmesan cheese

In medium skillet, over medium heat, sauté onion in Fleischmann's® Light Corn Oil Spread until tender, about 3 minutes. Stir in spinach and basil; remove from heat.

In medium bowl, blend cottage cheese, Egg Beaters, 2 tablespoons Parmesan cheese and spinach mixture. Pour into greased 8x8x2-inch pan; sprinkle remaining 2 tablespoons Parmesan cheese over top. Bake at 350°F. for 45 minutes. Let stand 5 minutes before serving.

COTTON TODAY

A NATIONAL COTTON COUNCIL SERVICE

SBA Proposal Opposed

A proposal to eliminate all agriculture-related lending programs of the Small Business Administration is drawing opposition from the National Cotton Council.

In a letter to a Senate committee, Council President Gerald Brewer said such action "would not only adversely affect agribusiness but it would also be inherently unfair."

He noted that many agribusinesses such as cotton gins are by definition "small businesses" and thus may apply for needed assistance under SBA's programs if they meet all other requirements.

Brewer pointed out that under bill these same small businesses, even though otherwise eligible, would be denied such assistance simply on the basis they are engaged in agricultural processing or handling.

Use Carrot, NCC Says: Using a carrot instead of a stick is the most effective way to achieve acceptable soil erosion levels under the Clean Water Act, the National Cotton Council feels.

The Council recently responded to a Senate committee considering amendments to the Act after a proposal was made that could affect farm program benefits of producers who failed to comply with specific practices.

The Council suggested an incentive approach, including the teaching of soil-conserving tillage methods and providing tax deductions or credits for farmers who accomplish the objective by their own methods.

Strict rules with punishment for violators would be unfair to some farmers, cause unnecessary costs, and fail to protect soil in some cases, the Council stated.

Reagan Intervention Asked: In a letter this week to the White House, Sen. Lloyd Bentsen (D-Tex.) and 10 Texas Congressmen urged President Reagan to implement the cotton PIK provisions of the supplemental appropriations bill immediately, rather than wait for its passage by Congress.

The provisions would require USDA to reopen bids in an effort to obtain sufficient cotton to meet PIK obligations. The letter requested action as a way to end discrimination against South Texas cotton farmers, who are harvesting now.

Cotton Consumption Hits 18-Month High: U.S. cotton consumption rose to a seasonally-adjusted annual rate of 5.9 million bale equivalents in June, the highest since July, 1981. National Cotton Council economists said the total was two percent higher than the previous month, and 19.1 percent greater than a year ago.

Export Commitments At 5.4 Million: Cotton ex-

port sales for 1982-83 delivery increased 27,700 running bales during the week ended July 21, bringing the season's total commitments to 5,462,000. Major buyers were Japan and Taiwan. Sales for 1983-84 delivery rose 120,900 bales, with commitments largely from Japan and South Korea.

Lubbock Field Day Set Sept. 13

The Texas Agricultural Experiment Station at the Lubbock location will host a field day on Tuesday, Sept. 13, beginning at 1 p.m.

Highlights and topics to be featured will include weed control, cotton fiber quality, drought stress of crops, and grape research.

A Visit With Your County Agent

By Stanley Young

Control White Grubs In Lawns

May or June beetles have completed emergence from soil and females are now laying eggs in lawns on the South Plains. White grub worms which hatch are beginning to feed on grass roots in home lawns. Once grubs begin feeding, control measures should be taken.

Treatment time varies with the particular area of the state and ranges from early July in South Texas to mid-August in the Panhandle. Homeowners in Lynn County should treat between late July and mid-August if white grubs are a problem. Timing of application is critical for adequate control.

White grubs in excessive numbers can heavily damage lawns, notes Young. Check for white grubs by cutting a square foot section of sod with a shovel and examining the roots and soil to a depth of 4 inches. Examine at least one square foot of sod for 1,000 square feet of lawn area. Chemical treatment is needed if there are two or three grubs per square foot of sod.

Diazinon or dursban provide adequate control and should be used at recommended rates given on the chemical container label. The granular form is easier to apply and to wash into the soil than liquid or spray formulations. After using granules, drag the grass with a tow sack or water hose to

knock them down to the soil. Then apply about 2 inches of water to soak the granules into the soil. Oftanol, a new white grub insecticide, works well but may not be locally available in some areas.

The key to white grub control in home lawns is proper timing of chemical applications and getting the insecticide through the grass to the root zone where grubs are feeding, emphasizes Young.

Further information is provided in the publication, "White Grubs in Texas Turfgrass," available at the county Extension office.

From The ACEA's Desk

GREG HENLEY

4-H Broiler Projects

Broiler projects are becoming increasingly popular with 4-H members and parents because they offer many advantages with little initial expense or space needed.

Members working with broiler projects receive intensive training in feeding and caring for the chickens and in selecting broilers for show during the short eight-to-12 week life of the project, says, Greg Henley, county 4-H program coordinator with the Texas Agricultural Extension Service, Texas A&M University System.

Requirements for starting a broiler project are small. A minimum

IRRIGATION EVALUATION--The Soil Conservation Service at Tahoka, in cooperation with the Lynn County SWCD and the High Plains Underground Water Conservation District, is now able to evaluate Center Pivot Irrigation Systems and pumping plants. With the extended dry weather, some farmers may be starting up their irrigation systems for one more good watering this year. If you are going to water your crop and would like an evaluation run on your system, please contact the SCS office in Tahoka, 998-4622. Photo above shows our trailer lab and Jody Edwards' center pivot system. An evaluation was run on this system.

amount of space is needed, making the project ideal for urban members and those with limited space and facilities.

Broiler chicks require a clean, dry shelter which can be properly heated and ventilated. A small poultry house or even a partitioned area in the garage or storage building will do. Most broiler projects consist of 25 to 50 pullet chicks, and two square feet of floor space per broiler should be provided.

A good quality commercial broiler ration containing at least 20 percent protein must be fed for best growth and performance, Henley adds.

Broiler projects are low-cost compared to large animal projects. And, most costs can be recovered by slaughtering and freezing the broilers for home use.

4-Hers interested in learning more about broiler projects may contact the county Extension office.

Cholesterol: Does Your Diet Contain Too Much?

Like hypertension and smoking, high cholesterol is an important risk factor of heart disease.

If your diet contains too much cholesterol or fat you increase your chances of getting deposits on the walls of the arteries (blood vessels).

If your diet contains too much cholesterol you increase your chances of getting deposits on the walls of the arteries.

To cut down on your cholesterol, replace red meats, like beef, with lean meats, like fish, chicken, turkey or veal. Use vegetable oils instead of butter.

Knowing the coronary risk factors and working with your doctor to eliminate or control them can help combat heart disease. See your doctor regularly.

This information comes from Smith Kline and French Laboratories, a leader in high blood pressure research and therapeutics.

New Home News

By Florence Davies
Call 924-7479

Larry and Sherry Morgan and the boys just returned from Fort Worth where he was attending the Texas High School Coaches Convention. Sherry and the boys visited with relatives and they all attended parties given for them by friends on Tuesday and Wednesday nights.

Scooter Sharp accompanied by Claude Fewell of Carlisle, Mrs. Carolyn Williford of Irving and Mrs. Minnie Fewell of Ropesville, went to Can-

yon on Saturday for the annual Burtz family reunion in the Canyon Community Center. A reception was held Sunday afternoon for Mr. Fewell's 80th birthday.

Mrs. Loyd Huddleston was in South Park Hospital Tuesday-Friday for tests. She is at home and feeling fine.

Dase Maddison of Carlsbad, N.M. visited here a week with her cousin, Le'Shea Kieth, and accompanied the youth from New Home Baptist Church to Six Flags and Wet and Wild. Three adults accompanied the 17 young people. They were Mrs. Freddie Kieth, Mrs. Kay James and Rev. Rial.

Lovella Milsap of Clovis, N.M. spent a few days with Mr. and Mrs. C.B. Nowlin. Monday the ladies visited their cousin, Mrs. Minnie Nell Valentine, in Lorenzo.

Mr. and Mrs. Sam Pridmore, Mr. and Mrs. Clifton Clem and Mr. and Mrs. Freddie Kieth vacationed a few days last week in Qurray, Colo.

Larry Durham entered Methodist Hospital Friday for treatment of a back injury.

Ray and Lana Banks of Earth were here a few days visiting relatives and friends.

D.B. Morris and Marjie (Busby) Jones were married at 5 p.m. Saturday, July 30, in the New Home Baptist Church with Rev. Jarrel Rial officiating. After a trip to New Mexico they will live in New Home.

Mrs. Dick Turner is reported in satisfactory condition in Methodist Hospital.

Debbie Martinez had major surgery Thursday in Lubbock General Hospital.

Mr. and Mrs. Bobbie Sparkman of Houston

were in Lubbock for funeral services for his brother, David Sparkman of Sherman. Services were in Bethany Baptist Church. David was killed in a freak accident in Sherman Sunday, July 17. Bobbie returned to Houston Sunday, July 24, with Glenda and Shannon staying until Thursday with her father, D.B. Morris.

Due to illness in the families, the smallest number in many years attended the annual Inman family reunion in the Memorial Building in Crosbyton Sunday, July 31. Seven children of the late Mr. and Mrs. W.P. Inman and members of their families attended. They were Cora Shearer of Lamesa, Melvina Nelson of Brownfield, Florence Davies of New Home, Sherman and Beatrice Inman of Muleshoe, Nora Bell Wood of Tahoka, Mary Ellen James of Lubbock and Ornela and Gerald Watson of Arvada, Colorado. Other family members registered from Colorado City, Lubbock, Farwell, Welch, Tahoka, Snyder, Argile, and Durango, Colorado.

Mrs. Shearer was the birthday honoree celebrating her 85th.

The entire community

was shocked and grieved when news spread of the tragic death of Carl Armes Sunday morning. Deepest sympathy is extended to the families. His three-year-old grandson, Travis Smith, son of Brad and Donna Smith, also of New Home, was injured in the same boating accident and remains in Methodist Hospital in fair condition.

James Ray is in Methodist Hospital for test and possibly surgery.

Kauy Turner was ill last week with strip throat.

Survivors include a daughter, Mrs. Earl (Billie Joyce) McKeenan of Dallas; a son, Kenneth D. Webb of Fort Stockton; two sisters, V.O. White and Willie White, both of Amherst; three brothers, George N. White of Ackery, Larkin and Charlie of Amherst; 10 grandchildren; six great-grandchildren.

Mrs. Webb was the aunt of the late Martin White of Tahoka.

Grandsons were pallbearers.

Survivors include five sons, four daughters, 37 grandchildren, 94 great-grandchildren and 8 great-great-grandchildren

Mrs. Travis Inman of Tahoka entered the Lynn County Hospital Monday, July 25.

Only .02 inch of rain was measured in New Home Sunday.

Mr. and Mrs. Wayman Smith were in Portales, N.M. Sunday for funeral services for Mrs. Mary C. Terry, 89. Services were held in the 3rd and Kilgore Church of Christ.

MARK SCOTT NAMED OUTSTANDING MAN IN AMERICA

The Board of Advisors for the Outstanding Young Men of America Awards Program announced that Mark Allison Scott of Wilson has been selected for inclusion in the 1983 edition of Outstanding Young Men of America.

These men were selected from nominations received from Senators, Congressmen, Governors, Mayors, State Legislators, University and College Presidents and Deans as well as various civic groups, including the United States Jaycees which also endorses the Outstanding Young Men of America program.

PRIDE REUNION SET AUG. 7

Former students of Pride School, which was 15 miles west of O'Donnell, will have a reunion Sunday, Aug. 7, at Welch, Texas in the school cafeteria. Mr. and Mrs. B.B. Street of Tahoka once taught school there.

All persons are asked to bring their lunch and visit with friends.

Pioneer Club

We had a great time at the singing Monday night and had lots of ice cream and goodies for everyone. We really appreciate the Seniors from Post for coming to entertain.

We've had several additions to our memorial fund recently by memorials for Thelma Dewbre, Ruth Brashear and Ottis 'Friday' Davis. These are greatly appreciated.

A "Good Ole" Summer-time" senior citizens banquet will be held Friday, Aug. 12 at 6 p.m. in the Lubbock Civic Center with tickets \$5 per person. You must make reservations by Monday. Call or come by the center of your wish to attend. The van will provide transportation if enough want to attend.

Lubbock doctor days are Aug. 8 and 26.

The Social Security representative will be here Aug. 17 at 9 a.m.

Blood pressure check will be Aug. 16 at 11 a.m.

Senior Citizens MENU

Aug. 8-12, 1983

Monday- Hamburger steak with mushroom gravy, potato tots, green beans, cornbread, butter, cantaloupe, milk

Tuesday- Chicken pot pie with vegetables, biscuits, buttered spinach, pineapple & cheese salad, butter, applesauce cake with icing, milk

Wednesday- Chicken fried steak, cream gravy, mashed potatoes, mixed vegetables, roll, butter, fresh fruit cup, milk

Thursday- Barbecue franks, potato salad, buttered cabbage, hot biscuits, butter, apricot cobbler, milk

Friday- Fried fish, tartar sauce, catsup, potatoes au Gratin, tossed salad with dressing, roll, butter, chocolate chip cookie, milk

When using dried herbs, make sure to crumble them to release the flavor.

FACTS & FIGURES

The language with the largest vocabulary in the world is the English language which contains about 490,000 words. That's the most of any language, but it is doubtful if any individual uses more than 60,000.

Read any good labels lately? Some brands show their numbers on the pack. Most cigarettes don't. Each style of Carlton—from the Box at less than 0.01 mg. tar, 0.002 mg. nicotine; to the long 120's at 7 mg. tar, 0.7 mg. nicotine—shows its numbers. In a recent U.S. Government Report, Carlton was listed lowest in tar. Alaska by two aged sisters, No brand listed lower than if they meet.

There are believed to be 20 or more languages, including six North American Indian languages in which no one can converse, because there is only one speaker left alive. Eyak is still spoken in southeastern Alaska by two aged sisters, if they meet.

Carlton's "less than 0.5 mg. tar, 0.05 mg. nicotine."

There are believed to be 20 or more languages, including six North American Indian languages in which no one can converse, because there is only one speaker left alive. Eyak is still spoken in southeastern Alaska by two aged sisters, if they meet.

CARD OF THANKS

Words are inadequate to express our heartfelt thanks and appreciation to those who shared in our loss of Donnie.

The flowers, the food brought to the home, memorials, and messages of love, and of sympathy were sincerely appreciated. Special thanks to Rev. Gene Wisdom for his strength and inspiration, to Billie and Rufus for excellence in their craft, and to Carol Rhodes for his wonderful talent. May God's blessings touch you all.

F.E. Redwine

We want to thank the doctors and nurses for taking such good care of our brother, Ottis Davis, also the Baptist ladies for preparing the dinner, the Baptist choir director and organist for the beautiful songs, the Methodist minister for the lovely service. We want to thank our cousins, Borden and Minnie Davis, Euella and Turner Rogers for all their help. Also all our friends and everyone for their calls, letters and prayers. May God bless you all.

The Ottis Davis Family
