### Burglars Again Hit New Home Station

For the fifth time this year, the New Home Phillips-66 Station was burglarized early Monday morning. This time 70 cartons of cigarettes were all that was taken, valued at \$601. The station owned by Servando Benavidez had been burglarized two weeks earlier.

Crime Line, 998-5145, is offering a \$500 reward in this latest burglary of the station, and also is offering \$500 for information leading to clearing of two other new burglaries, one at a convenience store in Wilson and the other at Draw Paymaster Gin. Both of the latter two occurred Saturday night or early Sunday.

Coin changers with undetermined amounts of money in them were stolen from three machines at the Draw gin, and \$150 cash also was stolen. Two of the coin changers were found two miles south of

Lakeview near FM 179.

Burglars apparently used a pry bar to force open the front door of the gin at Draw and also the front door of Das Kraut Haus, the store and station at Wilson. Taken from the Wilson store were some blank company checks and 20 cartons of cigarettes valued at \$160.

Sheriff's officers Friday arrested Raul Rodriguez Camacho, 44, of Torreon, Mexico, near the Wells community on a warrant from Glasscock County for theft of a 1975 GMC pickup, which was recovered near Wells. Bond was set by Tahoka Justice of the Peace Ed Hamilton at \$10,000, and the subject was held for Glasscock County authorities.

Six young persons involved in the beating of two New Home youths last week appeared to answer charges. Three of them, age 17 and

18, were given six months probation plus restitution and court costs, and the three juveniles were placed on six months voluntary supervision.

In jail during the week were three for assault and one each for driving while license suspended, theft, driving while intoxicated and revocation of probation.

Tahoka police answered calls regarding prowlers and threatening phone calls and investigated two accidents. On Nov. 14 a 1974 Chevrolet truck driven by Herman Rojas struck a parked 1976 Chevrolet owned by Clarence Denzy Jr. of Tahoka in the 1700-block of N. 5th. And a late report filed on a Nov. 1 accident at the high school parking lot involved a 1982 Chevrolet pickup driven by David Dwain Engle and a 1977 Pontiac driven by Pedro Gutierrez Jr.

CARVING THE BIG BIRD — A scene similar to the one above will take place in many homes Thanksgiving Day (Thursday) when turkey, the nation's traditional main dinner course, will be served. W.H. (Dub) Kenley has the honor of carving this large turkey.

### Taxes Paid Earlier

A new discount schedule allowed on paying school taxes this year apparently has resulted in much earlier than usual collections of taxes, a report to the Tahoka School board indicated last Thursday night.

School business manager Loretta Tekell told the board that tax collections in October totaled \$308,786, or 40 per cent of the tax roll. She said that "almost nothing" was collected during the same month last year, and that by Nov. 15, 1982, only \$70,000 had been collected.

Board members appeared to be pleased with the result of the discount program in bringing in tax money sooner, noting that money lost through discounts allowed should be made up by interest earned on funds deposited until they are actually needed.

Mrs. Tekell reported a balance in all funds totaling \$317,000 more than at the same time last year.

The board discussed at length action of the board of review (equalization board) last week in lowering the tax appraisal district's valuation of stock of First National Bank of Tahoka, and voted unanimously to protest the value set on the stock by the review board. The review board had accepted the lower figure, about 10 per cent of what the Lynn County Tax Appraisal Board had set, after an appraiser employed to represent the bank had explained how he arrived at a value for the bank stock.

The school board was to meet Tuesday to determine what form of protest would be presented to the board of review.

The board of review also lowered the valuations which the appraisal district had set on stocks of Wilson State Bank and First National Bank of O'Donnell.

With all board members present, the school board also approved the annual audit report of finances presented by Becky Lusk of the accounting firm of Bolinger, Segars, Gilbert and Moss of Lubbock.

A textbook committee including parents of students in each grade was approved, and the board voted to accept the resignation of Mrs. Norma Wood as a teachers aide and employ Rachel Vega as her replacement.

Board member Jim Wells reported that he and Supt. Jim Coulston attended a meeting in Dallas of the Governor's Select Committee on Education, headed by H. Ross Perot. Wells said he spoke to the committee regarding the plight of school districts in West Texas farming areas.

"They appeared to be genuinely concerned about the future of education in Texas," he said.

### Bank Announces Tyler Promotion

The First National Bank of Tahoka this week announced that Linda Tyler was elected Assistant Cashier-Loans at the Nov. 19 Board of Directors meeting.

The new officer will be an addition to the loan officer staff and she also will continue as secretary to the president of the bank. She has been employed at the bank since March, 1981.

Mrs. Tyler is the wife of Jimmy Tyler, who operates a trucking concern, Sanco Farms, Inc. They have two children, Casey, 6, and Trisha, 7.

They have lived in Tahoka since 1979.

### Tahoka Merchants To Offer Moonlight Bargains Dec. 2

A three-hour Moonlight Madness Sale with 23 Tahoka merchants participating is planned for next Friday, Dec. 2, from 6 to 9 p.m., with special prices being offered on a wide variety of items for those three hours only. Most of the merchants taking part

also will give away prizes of merchandise or turkeys at drawings to be made in the individual stores at the end of the three-hour period. Winners do not have to be present, but they must sign up during the three-hour sale period.

A Chamber of Commerce committee which organized the sale has encouraged all the participating merchants to offer unusually good bargains during the sale time, to show residents of the community that it is profitable and easier to do Christmas shopping at home. Some merchants have made special purchases just for the sale, and most are offering some items at or below their own cost.

Santa Claus also will visit each of the participating stores sometime during the Moonlight Madness Sale, and will be at Paris Cafeteria the last hour, from 8 to 9 p.m. to talk with youngsters who missed him on his earlier rounds.

Downtown the participating mer-

chants who will be open next Friday night until 9 are: Lankford's Variety Store, Curry's Lawnmower Sales and Service, the Lynn County News, Tahoka Drug, Western Gift Store, Paris Cafeteria, and Whitaker Hardware, all along Main Street on the east side of the downtown area, and Thrift-T-Mart at 1900 North Main.

Dayton Parker Health Mart Pharmacy on the north side of the square.

Tahoka Home Furnishings, Gennys and Murray's Florist on the west side of the square.

Bartley-Weaver Fertilizer Co. at 1029 Lockwood and Higginbotham Bartlett Co. on Ave. H, Perry's on Lockwood at Conway and Handi Hobby and Thriftway, both at

Lockwood and Ave. L. Raindl's House of Flowers at 1317 Ave. J and Cross Stitch Corner at 1613 Ave. J.

Jennings of Tahoka, and the Tahoka Daisy on Lockwood, west of the rest, except for Summitt Venture Foods, which also will have specials for the sale period.

### WOODWORK

BY DALTON

I HAVE two or three pairs of shoes in the closet which are almost new, but I seldom wear them because they hurt my feet. Actually, almost all shoes hurt my feet. When God made the human body, he made a wonderful machine, and feet are necessary, although I think, with no criticism of God intended, that feet could have been not quite so ugly, especially mine.

I have almost never bought a pair of shoes that didn't hurt my feet, no matter what the salesman said or how much stretching and reshaping of the shoes was done. Our Maker probably did not intend for any of us to wear shoes, and for some of us, that's more true than for others. I mean my feet stick out in places most unusual and the shoe has not been made that fits the contours of those knobby appendages.

The woman who lives at our house read in Hints from Heloise that you can soak your socks in alcohol and your shoes won't hurt your feet, or at least not as much. She said that a nurse discovered you could soak the socks, put on the shoes while the socks are still wet, and wear previously uncomfortable shoes all day long without screaming in agony or being cruel to nice little old ladies who come

into the office to make reasonable requests.

My wife said she tried it and it works, so why didn't I try it? So I did, one day last week. I hauled out an expensive pair of shoes I hardly ever wear because after about two hours I'm ready to hit the first person who says "have a nice day."

Soaking my socks in alcohol, I discovered that I had a small cut on one finger. After telling the bathroom mirror that by golly, I believe my finger has a cut place on it, I put on the socks. They were plenty cold. I then put on the shoes, and my feet felt a little strange, but through the day, I discovered that there's a lot to be said for the alcohol-socks plan.

First of all, it did take a lot longer than usual for my feet to start hurting — almost all day, in fact. And there are fringe benefits: when you lean over to tie your shoe, it clears your sinuses. And the alcohol kills all the little cooties crawling around between your toes.

We told our son-in-law that we had tried alcohol to alleviate the pain of tight shoes, and he said yeah, he'd heard that if you drink enough of it, you feel no pain in your feet, or anywhere else.

ALL IS WELL NOW — Brice Thomas, held by his mother Mrs. Cliff Thomas, wasn't very happy with having his fingerprints made Friday, but after it was over, a pacifier in his mouth and a mother's tender care made everything fine. Jointly sponsored by the Lynn County sheriff's department and Tahoka High School VOE unit, fingerprinting was done for 330 children. Representatives from these organizations are, left to right, Chief Deputy Sheriff Joe Bryan, Deputy Rex Childress and VOE student Maria Huffaker.

**MR. AND MRS. RANDY REDWINE**

**Hollye Williams-Randy Redwine  
Exchange Vows In San Angelo**

Hollye Williams and John Randel Redwine exchanged wedding vows in a candlelight ceremony Oct. 8, 1983 in the Johnson Street Church of Christ in San Angelo. The 2 p.m. ceremony was officiated by William Young, minister of the church.

Parents of the couple are Mr. and Mrs. Joe Vinson of San Angelo and Mr. and Mrs. John Ed Redwine of Tahoka. Randy is also the grandson of F.E. Redwine and great-grandson of Mrs. Hattie Fulford, both of Tahoka.

The bride, escorted and given in marriage by her parents, wore a gown designed by Alfred Angelo. The v-neck bodice featured puffed sheer over-sleeves with fitted elbow-length lace cuffs. The skirt fell to a chapel length train enhanced by lace appliques and sequins. Her headpiece was a ringlet of white flowers and seed pearls which held the layered waist length veil of illusion, made and designed by her grandmother.

Her bouquet was a cascade of daisies, ivy and small white wedding star flowers.

Musical selections before the ceremony were from "The Sound of Music" with traditional wedding music played during the ceremony.

The maid of honor was Angela Manly of San Angelo. She wore a yellow satin dress and carried a mixed flower nosegay. Bridesmaids were Robin Smith, Sally King, sister of the bride; Norma Jo Summers, sister of the groom, all of San Angelo. They wore dresses of orchid yellow taffeta and silk flowers in their hair. They also carried mixed flower nosegays.

Flower girl was Pamela Parker of San Angelo. Bestman was Micheal Bragg of Snyder. Groomsmen were DeRex Williams, brother of the bride, Darion Hartman and David Hartman, all of San Angelo.

Ringbearer was Davis Cornell of San Angelo.

A reception was held in the Holiday Inn Corral Room. Members of the houseparty were Mrs. Wanda Smith and Mrs. JoAnn Avants, sister of the bride, both of San Angelo and Mrs. Carolyn Redwine of Brownfield.

The couple will make their home in San Angelo. The bride is a 1980 graduate of San Angelo Central High School, attended Western Texas College and Angelo State College. She is employed at Joe Vinson Plumbing as secretary and receptionist.

The groom, formerly of Tahoka, is a 1979 graduate of Tahoka High School and a 1981 graduate of Western Texas College with an Associate Arts degree in Fine Arts. He is employed at Mitsubishi Aircraft International as a build-up worker.

**PROTECT YOUR CREDIT CARDS**--A booming business in bank credit card fraud means consumers need to be careful about credit purchases during the hectic holiday shopping season, says home economist Nancy Granovsky. According to Granovsky, consumers can take steps to protect themselves. When shopping, make sure the sales persons removes the carbon after the slip has been signed, or remove it yourself along with the customer's copy, so it can't be used later to change the amount charged.

Avoid giving your credit card number over the phone if at all possible. Keep all charge slips so you can check your statement to make sure each charge is legitimate. Also keep a list of your cards, the account numbers and who to notify in case of loss or theft.

**Histamine changes  
reaction to medicine  
for hypertension**

Histamine, the natural compound most people associate with setting off allergy symptoms, can alter the reaction of drugs given to fight high blood pressure, says a Texas A&M University medical researcher.

Histamine is synthesized and released by nerves in the central nervous system, and can be found near cardiovascular "control centers." The substance causes large increases in blood pressure and interferes with medication for hypertension, explained pharmacologist Dr. Jerome Trzeciakowski.

**SPOTLIGHT ON BUSINESS:**

**Cafeteria Venture Extended**

[Tahoka Chamber of Commerce sponsors a program of recognition of business people in the city who are Chamber members. Periodically, a story written by a Lynn County News staff member will spotlight a new or established business or person. Fifth of a series puts the spotlight on Mrs. Maxine Paris.]

**BY DEAN BARTLEY**

Needing a therapeutic change in her life, Mrs. Maxine Paris' supposition that she would be in the cafeteria business about a year has turned into seven years. "These years have flown," she admitted.

She was speaking about Paris Cafeteria presently located at Main and First Street in Tahoka, which she and her husband, Leslie, own.

"I had three deaths in my family in six months and I was looking for something to bury my mind into for therapy when after much prayer I purchased the Tahoka Cafeteria, which was located at 1617 Conway Street at that time," Maxine said.

Leslie opens the cafeteria at 6 a.m. before he goes to work at his business, then Maxine and seven employees finish out the day until closing time at 10 p.m.

"I really like meeting travelers that stop in to eat," Maxine said, "as well as visiting with the home town people. We

feed area football and basketball teams almost every Friday night during season play."

Many combinations of meals are served at the cafeteria; salad bar, fish, steaks, ala carte orders and a variety of baked pies, cakes, rolls, doughnuts and party cookies.

Maxine and one employee had lessons in cake decorating enabling them to take orders for birthday, anniversary and wedding cakes.

Also, they cater wedding rehearsal and banquet dinners up to 100 persons.

The cafeteria seats approximately 60 persons in the outer room, also about 60 persons in the party or meeting room. Advance reservations may be made for this room. Several groups have taken advantage of this service for

the upcoming holidays. Maxine and Leslie have three children, Pug, Danny and Kellie and two grandchildren, Brent and Brek.

**NEW APPRAISAL DISTRICT DIRECTORS TO BE SELECTED**

This month, for the third time since the establishment of countywide appraisal districts to consolidate property tax appraisal functions in Texas, new boards of directors are being selected for each appraisal district.

These directors, elected for two-year terms, appoint the district's appraisal review board members, employ the chief appraiser, set district policies, establish its budget and contract for its major expenditures.

**STORING SMOKED CURED MEATS**

For maximum flavor from smoked cured meats, a food and nutrition specialist with Texas A&M University's Agricultural Extension Service recommends that the products be used rapidly. Bacon can be refrigerated at 35 to 40 degrees for seven days. A whole ham can be refrigerated for seven days, a half for three to five days and slices for three days. Smoked sausage will keep for two to three weeks. Cured smoked turkey can be refrigerated for two weeks. Since frozen cured meat loses quality rapidly, long freezer storage is not recommended. Bacon should be frozen at zero degrees F for one month or less and ham for only one to two months. Turkey can be frozen for three to six months, but freezing is not recommended for sausage. Cured meats are safe when frozen for longer periods of time, but there may be a drop-off in taste that makes the product less enjoyable.

**Mr. Dalton Wood:**  
What a nice time we had at the Phebe K. Warner dinner, so many friends. For reasons beyond our control, we are forced to be away from Tahoka and all our friends. Grace Huffaker really got after me about my age. Sure did miss Frank Hill. It really hurts when one loses a special friend. Come Nov. 28, 1983, we will celebrate our 68th wedding anniversary, all but last three years in Tahoka so we feel like we are part of the community.

I need to get back so I could help Truett Smith with his memories as I have some memories he does not have. I have a lot of Lynn history in my head sure wish I could get recorded.

Mr. Wood keep tooting that horn real good, enjoyed it.

### Clint House Receives Honorary FFA Degree

Clint House, vocational agriculture instructor and Future Farmers of America advisor at Midway High School, was nominated to receive the FFA's Honorary American Farmer Degree.

House is the son of Mrs. Lottie House and the brother of Mrs. Helen Farr, both of Tahoka.

House was nominated for the degree by Texas FFA Assn. and the nomination was approved by National FFA Board of

### OEA Student Of The Week

OEA STUDENT OF THE WEEK--Patricia Payton is this week's Student of the Week. She is the daughter of Pearl Payton and is a member of the varsity basketball team and enjoys running track and playing tennis. She is studying to be a legal secretary.

Directors. Honorary American Farmer Degree is the highest honorary degree presented by FFA, it was explained.

House has been a vocational agriculture teacher at Midway for 31 years. During that time he has had seven students who earned American Farmer Degree, sixty students who earned state proficiency awards, and has had 13 National FFA Chapter awards and five National FFA Safety awards.

Teachers are awarded points for each student they supervised in earning state and national FFA awards. Teachers also receive points for serving as officers and committee members of National Vocational Agricultural Teachers' Assn. and for their participation in national meetings of FFA and other professional associations.

House is one of ten vocational agriculture teachers from Texas to be nominated for the degree this year.

### Melt-In-Your-Mouth Doughnuts Ready To Eat In Minutes

For a quick breakfast or coffee treat, make up a batch of Speedy Orange Glazed Doughnuts—in minutes. The recipe for these melt-in-your-mouth doughnuts sidesteps all the fuss of traditional homemade doughnuts by starting with refrigerated biscuits.

Simply make a hole in the center of each biscuit and fry in hot shortening or oil. Then dip the light, tender doughnuts in the tangy orange glaze given here or another favorite glaze or frosting.

#### SPEEDY ORANGE GLAZED DOUGHNUTS

**GLAZE**  
1 1/3 cups sifted powdered sugar  
2 tablespoons orange juice  
2 teaspoons grated orange peel

#### DOUGHNUTS

7.5-oz. can Pillsbury Refrigerated Buttermilk or Country Biscuits  
Shortening or oil for frying  
Heat shortening to 375°F. In small bowl, combine sugar, orange juice and peel; set aside. Separate dough into 10 biscuits. Using thimble or small round cookie cutter, cut hole in center of each biscuit. Fry biscuits and holes in hot shortening (375°F.) until golden brown, about 1 1/2 to 2 minutes. Drain. While hot, dip both sides of doughnut into glaze. Serve warm. 10 doughnuts.

Dieters note: commercial salad dressing may contain as much as 40 percent fat. Home-made dressing usually contains even more.

STACY BLAIR

### Blair To Play Sunday At First Baptist

Sunday night, Nov. 27, at 7 p.m. Stacy Blair, the 1979 winner of the Maurice Andre International Trumpet Competition in Paris, will present a concert of religious music and share his testimony at First Baptist Church in Tahoka.

A native of Eastland, he has performed in several countries and on radio and TV.

Blind from birth, Blair learns his music from recordings and can play over 55 trumpet concertos by memory. He has also done extensive work with the Gideons and the Foreign Mission Board of the Southern Baptist Convention.

The concert Sunday night is free and open to all. A love offering will be taken. He will also play a couple of numbers in the Sunday morning worship service. Everyone is invited to attend. A nursery will be provided at the church.

### Theta Eta Has Meeting

Members of the Theta Eta Chapter of Delta Kappa Gamma International enjoy a musical instrument display and musical tunes by Stinson Behlen on Nov. 14 held in the First Baptist Church of Post. Mr. Behlen, a musical instrument builder of Slaton, played folk music from various countries on instruments he made as follows: a dulcimer, mandolin, banjo, three accordians, a mouth bow, and an African slit drum.

Adene Dixon of Brownfield presided over the business meeting.

Post members hosted the meeting, using an autumn theme and festive refreshments. Mrs. Sandra Alexander gave the inspirational thought entitled "Be Proud You're Human."

### DPS Stresses Caution On Travel

Thanksgiving often means traditional family reunions. Major M.J. Cawthon, Regional Commander of the Texas Dept. of Public Safety said "Holiday weekends also often mean more collisions, injuries and traffic deaths because more people travel, and more traffic means more exposure to accidents."

Last year during the Thanksgiving holiday weekend, Texas recorded 40 traffic fatalities. Major Cawthon said, "Some people tend to drink more during the holidays and then attempt to drive. By doing this, they show a low regard for the well being of themselves, their passengers and other

### Social Security

By BOOTH ROBBINS

#### Some Social Security Benefits Taxable for 1984

"Will some of my benefits be taxed," many people getting Social Security benefits ask, "and if so how soon?" They refer to a recent change in the law that calls for part of a higher income person's benefits to be included in taxable income beginning with 1984.

Actually about 90 percent of the 36 million people getting monthly benefits will not be affected in 1984. Only people who have substantial income in addition to benefits must include some of those benefits-but never more than half-in taxable income at the end of each year.

To decide if this provision applies to you, simply follow these steps:

1. Estimate and add together these income sources for 1984: (A) your adjusted gross income; (b) nontaxable interest income (if any); and (c) one-half of your 1984 Social Security benefits. Some benefits are taxable only if the total exceeds a "base amount": \$25,000 if you're single; \$32,000 if you and your spouse file tax returns jointly; and zero if you and your spouse file tax returns separately.

2. If the total a, b, and c, above exceeds the base amount, your extra taxable income will be an amount equal to the smaller of (a) one-half of the excess over the base; or (b) one-half of your 1984 benefits.

For general information about taxation of benefits, contact any Social Security office.

**COTTON TODAY**  
A NATIONAL COTTON COUNCIL SERVICE

**Cotton People To Hear**  
Senator: Sen. David Pryor (D-Ark) will address the National Cotton Council's annual meeting Feb. 5-7 at the Excelsior Hotel in Little Rock, Ark.

Sen. Pryor, who is scheduled to speak Feb. 6, is a member of the Agriculture and Finance committees. Pryor has a law degree from the University of Arkansas, and formerly practiced in his hometown of Camden where he and his wife founded and published the weekly Ouachita Citizen.

He will be joined by other nationally known figures in addressing the Council meeting which is expected to draw some 1,500 or more cotton industry leaders from 17 states.

**Maid Judge Panel**

**New Cotton Stripper Is Announced**  
Taylor Tractor and Equipment Co. representatives have just returned from a special announcement meeting in Lubbock, where a big new John Deere cotton stripper was introduced. It's the John Deere 740, a 4 or 5 row tractor-mounted stripper.

This new stripper is designed to be teamed with a high-horsepower tractor and is said to reduce harvesting cost by as much as 51 per cent. In a comparison test across 1500 acres, John Deere engineers reportedly found that a new 4-row 740 mounted on a 4450 tractor with front-wheel drive costs as little as \$15 per acre to operate.

The harvester comes with the largest basket in the industry for a tractor-mounted stripper — 706 cubic feet. An optional basket compactor and dump control makes it easier to fill and unload. It also comes with a 4-row header that's adjustable for 36 to 40 inch rows.

**Emergency Loans Available For Farmers**

Emergency Loans for farmers, ranchers, or aquaculture operators are available through county offices of the Farmers Home Administration according to Curtis Barlow, FmHA county supervisor.

Those who need farm credit as a result of damages and losses to all crops grown in the disaster year in Garza County caused by drought beginning April 1, 1983, should make their needs known at the Farmers Home Administration office in Tahoka.

Applications for assistance in the disaster stricken counties will be accepted by FmHA until May 18, 1984, for physical and production losses.

FmHA loans covering actual physical and production losses may be used to replace installations, equipment, or buildings, lost through disaster. Funds may be used to buy feed, seed, fertilizer, livestock, or to meet interest and depreciation payments on current real estate and chattel debts.

Funds can be used for essential operating and living costs, Barlow said.

**Named:** William H. Houston III, Tunica, Miss., producer and chairman of the Cotton Foundation, and Charles C. Wisler, Jr., president, Chickasha Cotton Oil Company, Fort Worth, will represent the cotton industry on the 1984 Maid of Cotton judges' panel.

Sherrye Henry, broadcast journalist and author, New York, will chair the panel.

Other members are Dr. Marcus Stewart, president, Memphis Rotary Club; Ellen Clark, 1977 Maid of Cotton, Dallas; Richard A. Trippier, president, Memphis Cotton Carnival Assn.; Mary Allie Taylor, Maid of Cotton editor, Memphis Publishing Company; and Emmett E. Robinson, director, Communications Services, National Cotton Council.

The selection is scheduled Dec. 19-21 in Memphis. Free reserved seat tickets are available from the Council in Memphis.

These popular Chinese snacking buns are made with a yeast dough and filled with tasty chicken filling. Originally from Northern China, these wholesome and delicious treats were adapted for Americans by the Fleischmann's® Yeast Test Kitchen. The steamed buns keep well and reheat easily. They can be taken along on a picnic if wrapped in foil and heated over a low charcoal flame.

**CHINESE STEAM BUNS (Cha Siu Bou)**  
Makes 2 dozen

5 1/4 to 5 3/4 cups un sifted flour  
1 tablespoon sugar  
1/2 teaspoon salt  
1 package Fleischmann's® Active Dry Yeast  
1 1/2 cups very hot water (120° F. to 130° F.)  
2 tablespoons Planters® Peanut Oil  
2 eggs (at room temperature)  
1 1/2 cups minced cooked chicken  
1/2 cup finely chopped green onions  
2 tablespoons soy sauce  
2 teaspoons sugar

In a large bowl thoroughly mix 1-1/2 cups flour, 1 tablespoon sugar, salt and undissolved Fleischmann's® Active Dry Yeast. Gradually add very hot water and Planters® Peanut Oil. Beat 2 minutes at medium speed of electric mixer, scraping bowl occasionally. Add eggs and 3/4 cup flour. Beat at high speed 2 minutes, scraping bowl occasionally. Stir in enough additional flour to make a stiff dough. Turn out onto lightly floured board; knead until smooth and elastic, about 8 to 10 minutes. Place in greased bowl, turning to grease top. Cover; let rise in warm place, free from draft, until doubled in bulk, about 1 hour.

Meanwhile, combine chicken, green onions, soy sauce and remaining 2 teaspoons sugar; set aside.

Punch dough down, divide into 24 equal pieces. Shape each into 3-inch circle, with centers of circles thicker than edges. Place about 1 tablespoon prepared chicken mixture on each circle of dough. Pull the edges up over the filling, forming a sack; pinch edges to seal. Place buns, seam sides down, on squares of aluminum foil. Cover; let rise in warm place, free from draft, about 15 minutes (buns will not double).

Place buns on foil on steamer rack or cake racks in roasting pan, electric skillet or dutch oven over boiling water. Cover and steam for 12 to 15 minutes, or until done. Cool slightly before serving.

**COTTON TALKS**

Weather-ravaged High Plains cotton producers are urgently protesting the latest blow to their chances for economic recovery, this one from Agriculture Secretary John Block and company.

At issue is a recent "notice" to county Agricultural Stabilization and Conservation Service (ASCS) offices which reduces the 1983 floor under farm payment yields from 90 percent of the yield for the previous year to 80 percent of the previous year's yield in 1984.

The change, note officials of Lubbock-based Plains Cotton Growers, Inc., will result in a significant loss of yields and potential deficiency payments on the High Plains where yields already are low after repeated crop disasters in recent years.

PCG President Tommy Fondren of Lorenzo, recognizing that the Administration needs a high level of participation in the 25 percent voluntary acreage reduction program for 1984, stressed that point in a November 15 letter to Secretary Block. Current low yields, Fondren said, will make it even more difficult to get producer participation in a program already under widespread criticism.

Calling attention to the high cost of the 1983 program, Fondren cautioned the Secretary that if early 1984 USDA acreage estimates indicate a potential for rebuilding a large surplus, "...this Administration, Congress, USDA and producers will feel the displeasure of the taxpayer." And, he continued, "We feel this additional 10 percent reduction in payment yields will encourage overproduction."

Under current instructions county ASCS offices will use actual farm yields for the previous five years, 1979 through 1983, to figure 1984 payment yields. If the county committee determines that the yield in the lowest of the five years was the result of a disaster, that year will be dropped and an average of the other four will be taken. This "high four" average will be substituted for any of the actual yields of the last three years that fall below that average. Then the 1984 payment yield will be set at the larger of (1) the adjusted average for the last three years or (2) 80 percent of the farm's 1983 payment yield.

The same procedure was used in 1983 except that a minimum of 90 percent of the previous year's payment yield was used. Thus producers who have suffered recent disasters will be subject to a 20 percent yield reduction in 1984 instead of the maximum 10 percent reduction that was in effect for 1983.

This effectively reduces potential producer income, Fondren points out, which will serve as a disincentive to farm lending agencies in a program already devoid of incentives.

"The severity and frequency of our weather disasters in recent years is an obvious abnormality and should be treated as such," states PCG Executive Vice President Donald Johnson. "So we are urging the Secretary to use his authority to rescind the arbitrary lowering of the 1984 minimum from 90 percent to 80 percent of 1983 yields."

## ★ ENCYCLOPEDIA ★

In airports around the country, Federal Aviation Administration controllers guide more than 85,000 flights a day. By the year 2000, air traffic is expected to double.

## ★ TO HELP AIR CONTROLLERS ★

To help air controllers cope with increasing air traffic a new radar system is under development at Westinghouse. The new radar, known as ASR-9, is being designed by computers, and will provide a clearer picture of weather and aircraft than was provided by older systems. It will be installed at over 100 airports starting in 1986.

## Fleas - Don't Let Them Bug You!

The 85,000,000 pet owners in the U.S. spend over 200 million dollars a year in the battle against fleas and ticks. Fleas have an amazing ability to reproduce: a pair can produce up to 6,000 offspring in one month! The problem is the average home, which with temperatures between 60-80°F and humidity between 35-90%, is literally a flea incubator.

A better way to fight them is here—if you understand their development. The flea develops in four stages: Egg, Larva, Pupa and Adult. Female fleas feed off pets and deposit eggs in the fur. When your pet shakes, the eggs fall into the carpet, cracks in flooring and pet bedding. In one to 12 days, the eggs hatch into larvae, tiny wormlike creatures that live off debris in the carpet. In four to eight days, the larvae spin a cocoon and enter the pupa, or resting stage. The pupa is capable of surviving up to three years without food. Normally, the adult flea emerges from the cocoon in seven to 14 days.

Most sprays and powders kill only the adult fleas, but literally tens of thousands of eggs, larvae and pupae can exist in the rug during a severe flea infestation. Treating the adult flea is not enough. There is a new discovery—methoprene—which kills the pre-adult flea. By breaking up the life cycle, the problem of reinfestation can be broken.

One product, an indoor total release fogger, is d-CON® FLEA KILL™, which also contains active ingredients to kill adult fleas. Methoprene has a residual action which lasts for 75 days.

For more information, write for a free booklet c/o d-CON, P.O. Box 454, New York, NY 10163.

**FISH TOSTADAS**

- 3 cans (3-3/4 oz.) Port Clyde or Holmes Fish Steaks
- 2 tablespoons chopped green chilies
- 1 tablespoon lime juice
- 1 jar (8 oz.) mild taco sauce
- 2 tablespoons tomato ketchup
- 6 tostada shells
- 2 cups shredded iceberg lettuce
- 1 avocado, drained
- 1 cup shredded cheddar or Monterey Jack cheese
- 1 lime, cut into wedges

Drain fish steaks and break into large chunks on plate. Sprinkle with chilies and lime juice. Combine taco sauce and ketchup in small saucepan. Heat to boiling. Heat tostada shells following package directions. Place warm shells on heated plates. Spoon fish mixture over each. Add some sauce. Top with lettuce, avocado and cheese. Pass lime wedges and remaining sauce. Serves six.
