**J.V. TEAM** — Members of the Tahoka High School Junior Varsity basketball team are, back row (l-r) Paul Zuniga, Pedro Gutierrez, Tadd Knight, Martin Hammond and Todd Nance. Front row (l-r) are Jeff Forsythe, Andrew Chapa, W.J. Martin and Michael Hernandez.

## Robert Edwards Is Candidate For Commissioner

Robert Edwards, who lives on his farm 9 1/2 miles north of Tahoka, and who has lived there for 32 years, this week is announcing his candidacy for the office of commissioner, Precinct 4, Lynn County. Edwards is asking voters to elect him to serve the remaining two years of the term of the late E.R. Blakney. Edwards, 57, and his wife Wilma, have two children, Mrs. Dan (Donna) Stone and Milton Edwards, both of Tahoka. The Edwards are members of the First Baptist Church, Tahoka, where Robert is a deacon. A 1944 graduate of Brownfield High School, Edwards made the following statement: "I promise, if elected, that I will treat everybody the same, and will do my best to represent the people of the precinct fairly and adequately."

## Four Indicted By Grand Jury

Indictments were returned against four persons by a 140th District Grand Jury meeting in Tahoka Monday. Steve Trevino Serrato III, 20, of Tahoka, was indicted for theft over \$750 and under \$10,000. He is accused of taking a truck from Bartley-Weaver Fertilizer Dec. 8. Serrato was involved as the victim in another case handled by the grand jury. Ysidro Gonzales Jr., 17, was indicted for aggravated assault in an alleged stabbing of Serrato in the leg on Oct. 31. Raul (Rudy) Acosta Jr., 25, of Tahoka, was indicted on a charge of burglary of a habitation on Oct. 3 in

Tahoka. Acosta originally had been charged with rape, but this charge was dropped. Armando Rivas Gonzales, 47, of Lubbock, was indicted for driving while intoxicated subsequent offense. He had been arrested last Sept. 7. Mike Huffaker was foreman of the grand jury. Tahoka police picked up three runaway boys from Lamesa, two 16-year-olds and one 15-year-old, on Monday night. When asked why they had skipped school on Monday morning and walked from Lamesa to Tahoka, one 16-year-old told the officer in charge that he had been beaten by his father with a bullwhip. The other 16-year-old said he had also been beaten by his father and the 15-year-old said he feared that his father would harm him. None of the three are related. Tahoka welfare officers were called in to inspect one of the boys who in fact had been severely beaten, from evidence of welts and severe cuts on his back. The parents in Lamesa were contacted and were told that the boys would be placed under protection of welfare authorities and were taken to Lubbock and placed in a welfare shelter. Police also answered a couple of family disturbance calls during the past week and also investigated a fight in Allsup's parking lot. No one was arrested.

## Commissioners Okay Microfilm Contract

Lynn County Commissioners Monday approved a contract with Southwest Microfilm to put records of the

county clerk on microfilm to assure that the records will not be lost in event of fire or other disaster destroying the bound volumes in the courthouse.

All the clerk's records for years past will be microfilmed, as will all records in the future, with the microfilm to be stored by the company in El Paso. From these records hard printed copies can be made if needed. Bound volumes will continue to be available in the clerk's office.

All commissioners were present at Monday's meeting, including newly-appointed Prec. 4 Commissioner Nell Blakney, who succeeds her late husband in this job until a commissioner is elected in November to serve the remaining two years and two months on that term.

Terms of Bart Anderson in Prec. 3 and Eldon Gattis in Prec. 1 also are scheduled to expire this year and will be on the ballot in the May primary and November general election.

Commissioners Monday again voted to keep the county officials' pay on a salary basis, rather than a fee system. Counties of less than 20,000 population have this option.

Also approved were county officials reports, monthly bills, a schedule of holidays for 1984 and an annual payment of \$1000 to the Lynn County Soil and Water Conservation district.

Annual payments to fire departments in the county also were approved, with Tahoka VFD getting \$3,000, O'Donnell \$1,250 and Wilson and New Home departments \$750.

Names also were drawn for a county salary grievance committee to serve for the year. County Judge J.F. Brandon presided at the meeting.

STANLEY GILL

## Bank Names New Officer

The First National Bank of Tahoka has announced that a new officer has been added to the staff. Stanley Gill will begin employment Monday as Assistant Vice President and Loan Officer.

Gill has been Assistant Vice President of the Tahoka Production Credit Office since May, 1981 and has also been a loan officer with the Lynn County FmHA office. He has been engaged in a family farming operation in the New Home area since 1976. He is the son of Mr. and Mrs. Robbie Gill of New Home.

Stanley is a Director of the Tahoka Rotary Club and serves as music director and deacon at the New Home Baptist Church. He is a graduate of Texas Tech.

He and his wife, Julia, are parents of Martin and Abbie, ages seven and four.

President Frank Barrow said that "The bank is fortunate to be able to get someone from this area with lending experience that is familiar with our customer needs."

## Farmer's Computer Demonstration Set

The Tahoka School Agriculture department and the Farmers Co-op of Tahoka are sponsoring a free computer software demonstration for area farmers Monday, Jan. 30, from 7 to 10 p.m. in Tahoka School Cafeteria.

Computers are becoming very beneficial to agribusiness. They can be used for budgeting, business planning, math, record keeping, cash flow, income tax planning, etc.

Examples of programs available are: budgeting for the lease of land or machinery, or for the purchase of feeder livestock, maintaining depreciation schedules, and others too numerous to list.

Representatives of Agriplex Computers in Lubbock will conduct the free software demonstration using the school owned Apple IIe computers.

## Hospital's Operations Detailed

Lynn County Hospital admitted 771 patients during the fiscal year ending Sept. 30, 1983, hospital administrator John Brooks told Tahoka Rotary Club members last Thursday.

Brooks presented a program on the operation of the hospital in the county, citing statistics and showing the importance of the hospital to the county's citizens. He said that over the last year, the hospital has been running at about 45 per cent of total occupancy, and added that in order to break even financially the facility should average about 16-18 patients every day, or about 75 per cent occupancy. There are 15 rooms in the modern facility first opened in January 1971, with six of these private rooms.

He mentioned that there are now phones in patient's rooms, and anyone needing to call the patient's rooms should phone 998-5515 or 998-5516. These numbers are for patient's rooms only; the regular hospital number is 998-4533.

Members of the hospital board are Larry Hagood, president; Leland White, vice president; Joy Bragg, Nick Summitt, Roger Doss, Jess Dorman and Dale Zant.

Lab examinations in just one year totaled 17,286. Brooks told the club. He also touched on requirements regarding medicare and medicaid patients, and noted that a registered nurse must be on duty at all times. He announced that three registered nurses from Canada were scheduled to join the staff. The three nurses did arrive this week.

He also noted that the hospital has 47 fulltime employees and about a dozen part time workers.

## Bart Anderson Seeks Re-Election

Bart Anderson, commissioner of Precinct 3, this week made the following statement to the Lynn County News announcing he will seek re-election to the post he now has had for two terms:

"I would like to take this opportunity to announce my candidacy for re-election for commissioner of Pct. 3. I feel that it is a privilege serving you now and would like the privilege to serve you one more term. I appreciate your consideration and support in the past and am looking forward to seeing every voter in my precinct before election."

## WOODWORK

BY DALTON

HERE IT IS only January, but the candidates already are popping up everywhere telling folks how they'd like to be elected or re-elected in the May primary and November general election.

Politicians get a lot of criticism, some of it deserved, but I would not like to have a job which depends on the whims of the voting public every two or three years. A guy may be doing a good job and get crossways with the general public and lose out (or he may be the biggest crook in 17 states and get re-elected anyway).

Anyway, I'd hate to think my ability to buy beans and pay the rent depended on my popularity with voters.

I HAVE ten dollars and seven cents worth of bingo coming to me, because I didn't get to play that much last year. According to the December report from Bob Bullock, Texans spent on the average \$10.07 per capita playing bingo since the game was legalized on a local option basis. That's \$168 million, and that's only the amounts reported to the state.

The same publication from

Bullock said Texas in 1982 had a million more people than it had in the 1980 Census, with the total at that time being 15.3 million. Houston, though, is now losing people faster than it is gaining new ones.

Most of those million extra Texans can be seen standing in line at Furr's Cafeteria in Lubbock almost any evening.

I HAVE FINALLY figured out why I can't seem to get my weight down and keep it there. It's not so much the food I like; it is simply that I have caught a bad case of the fats. Researchers at the Rockefeller University have linked obesity to viral infections. The report I read said "the researchers theorized that by destroying certain neurons, the virus causes obesity by interfering with the synthesis of release of catecholamine."

I don't know what that last stuff is, but if it will keep me from getting fat, I'll buy a couple of bottles of it as soon as it's available. And if obesity is catching, maybe somebody will come up with an inoculation against these fat germs (10 cc's of cottage cheese?).

## Eldon Gattis Seeks Re-Election

Eldon Gattis announced this week that he is a candidate for re-election to the office of Lynn County Commissioner Precinct 1, subject to the May Democratic Primary Election. On behalf of his candidacy, Gattis made the following statement to the citizens of Precinct 1.

"I would like to extend my thanks to each of you for your support and cooperation during my first term as your commissioner.

"I have enjoyed working for you and respectfully request an opportunity to continue to serve you. Your vote and support certainly will be appreciated."

## Chamberettes Elect Officers

New officers were elected at the regular monthly meeting of the Tahoka Chamberettes Tuesday, Jan. 10. Those elected were: Beth Huffaker, president; Donna Raindl, vice president; Lenda Wood, treasurer; and Juanel Jones, secretary.

Members voted to pay yearly dues of \$5 and discussed old and new business.

The Chamberettes is a non-profit civic organization of women interested in promoting and improving our area. Anyone may join and visitors are encouraged to bring a sack lunch and attend the monthly meetings at noon in the SPS Reddy Room, on the second Tuesday of each month.

MRS. BRADLEY J. WILLINGHAM nee Holly Kamp  
**Kamp - Willingham Exchange Vows In Bryan**

Holly Lea Kamp and Bradley J. Willingham were united in marriage Dec. 17 at 4 p.m. in the First United Methodist Church of Bryan with the Rev. Carroll Fancher officiating the double ring ceremony.

Parents of the couple are Drs. Dan and Marihelen Kamp of Lubbock and Leland Willingham of Temple and Fannie Willingham of Austin. Holly is the granddaughter of Etta Lorene Reid of Dickens, formerly of Tahoka.

The bride, given in marriage by her father, wore a designer wedding dress with a three foot lace train. The bodice was of embroidered point d'espi-

it with scattered seed pearls. She carried a bouquet of white imported Holland flowers.

Hedi Kamp, sister of the bride of Lubbock, served as maid of honor. Other attendants were Missy Rives of Dallas, Susan Lovan of Bryan, Greta Schlueter of Austin, and Lisa Jones of Bryan. Their dresses were of white 'moire' taffeta and they carried different bouquets of white Holland flowers trimmed with cranberry ribbon.

Serving as best man was Leland Willingham of Temple, father of the groom.

Fern Hamman played traditional wedding selections and Matthew Cole sang "On The Wings of Love."

A reception was held following the ceremony at the Aggeland Inn. The house party consisted of Reba Ragsdale, Grace Hightower, Patsy Potts, Cherry McDonald, Susan Beck, Nita Thorton, Barbara Jones, Delores Klussman, Norma Schuleter, Liz Thoede and Phyllis Mays.

The couple honeymooned on a Pacific Cruise and will make their home in College Station.

The bride is a graduate of Bryan High School and Texas A&M University. She is employed as assistant manager of Charli. The groom is a graduate of Johnson High School in Austin and Texas A&M University. He is employed by Krogers.

### Letter to The Editor

Dear Editor:  
Have enjoyed the News so much. Saddened at times when reading one of my old friends has died. Is there still a New Lynn community?  
Keep up the good work.  
Martha J. Taylor

(Editor's Note: New Lynn now consists of a gin which is inside the old school building.)

### Garden Club

The Tahoka Garden Club will meet Tuesday, Jan. 17 at 9:30 a.m. in the Lynn County Pioneer Club with a business meeting and election of officers planned. A tree will be planted in observance of Arbor Day. Members will eat lunch at the Pioneer Club.

### City-County Library News

BY LENNIE COX

If you are the parent of a four or five year-old child, then I have some good news for you! Starting on Wednesday, Feb. 1, there will be story telling time from 9:30 to 10 a.m. every Wednesday until sometime in May.

Mrs. Carolyn Virgin, home economics teacher, will be sponsoring this program. Her advanced child development class will be doing a variety of techniques for story telling such as having puppet shows and other interesting things.

If you would like for your child to attend these sessions each Wednesday, please come by the library and register sometime between now and the first of February so Mrs. Virgin will know how many to expect. The library is open from 8 to 5 on Mondays and Wednesdays and from 1 to 5 on Thursdays. We surely hope you will let your child take advantage of this opportunity.

We surely do appreciate the money given for the memorial fund. We have had quite a few people to contribute to this just recently. Anytime that you give money to this fund and would like to suggest a certain book to get in memory of someone we would be happy to do it.

If you have not visited the library lately, we invite you to come in and browse around. I dare say that you would find a book to your liking and would want to read it. It costs you nothing to check one out unless you keep it overtime, so we would like for you to come and pay us a visit sometime.

### TUESDAY BRIDGE

The annual membership game was held at Tuesday night bridge Jan. 3 and winners were: First, Lena Burleson and James McAllister; second, Weesie Carroll and Margie Maddox; third, Klydie Scudday and Nan Chesshir; and fourth, Altah Thomas and Catherine Barham.

### Stenholm Will Seek Re-Election

Charles W. Stenholm announced that he will seek a fourth term as the Representative from the 35 county 17th Congressional District.

As has become his tradition, Stenholm made the official announcement on the square of his hometown of Stamford. Local as well as district-wide supporters attended the activities.

Fareed Hassen of Stamford, Stenholm's Chairman of Finance, presented the Congressman with a \$1,500 certified check filing fee for the Democratic primary.

Stenholm and his wife Cindy unrolled a scroll bearing names of grass root supporters from all over the 17th District. Signatures for the scroll were collected by Area Coordinators.

Stenholm told the crowd, "The past five years have been a rich experience for me and my family. None of this would have been possible without your support."

### State Migrant Plan Available

A copy of the state migrant plan for fiscal year 1985 is available at Region XVII - Education Service Center, 4000 22nd Place, Lubbock, for public view and comment.

A 30-day formal comment period is required by law to allow all interested persons the opportunity to read the plan and mail their comments to the Texas Education Agency, 201, East 11th Street, Austin, TX 78701 by March 30, 1984.

### Krueger Plans Tahoka Visit

Democrat Bob Krueger brings his front-running U.S. Senate campaign to Tahoka Jan. 13, 1984.

Krueger will be meeting the public at the Farmer's Co-op Gin, 11:40 to 12:30. Traveling with Krueger is former state senator E.L. Short. Krueger, a New Braunfels businessman, was Ambassador at Large to Mexico from 1979 until 1981.

From 1975 until 1979, Krueger was a U.S. Congressman. Prior to his career in politics, Krueger was a teacher. For 12 years he taught at Duke University.

### Savings Bonds Sales Up 28 Percent

Sales of U.S. Savings Bonds during the period January through October 1983 in Texas amounted to \$223,485,458, an increase of 27.5 percent over the same period a year ago, T.J. Morrow, District Director for the U.S. Savings Bonds Division in Dallas, announced. These sales represent 99.5 per cent of the state's 1983 assigned dollar goal of \$224,700,000.

Sales of Series EE Bonds amounted to \$2,039 during October 1983, for a total of \$25,801 for the ten-month period in 1983 in Lynn County, F.B. Hegi, Volunteer Chairman, said. These sales represent 55 per cent of the County's 1983 assigned dollar goal.

Nationally, January through October 1983 sales of Series EE Bonds totaled \$3.3 billion, an increase of 28 per cent over 1982 sales. Savings Bonds held by the public amounted to \$70.9 billion as of Oct. 31, 1983, an increase of \$2.5 billion in the ten-month period.

THE STATE OF TEXAS

TO: Guadalupe Dominguez de Jacal, Respondent:

GREETINGS:

YOU ARE HEREBY COMMANDED to appear and answer before the Honorable 106th District Court, Lynn County, Texas, at the Courthouse of said County in Tahoka, Texas, at or before 10 o'clock a.m. of the Monday next after the expiration of 20 days from the date of service of this citation, then and there to answer the petition of Gilberto Jacal-Guerra, Petitioner, filed in said Court on the 3rd day of January, 1984, against Guadalupe Dominguez de Jacal, Respondent, and said suit being numbered 4297 on the docket of said Court, and entitled "In The Matter of Marriage of Gilberto Jacal-Guerra and Guadalupe Dominguez de Jacal," the nature of which suit is a request to grant divorce and appoint possessory conservator.

The Court has authority in this suit to enter any judgement or decree dissolving the marriage and providing for the division of property which will be binding on you.

The Court has authority in this suit to enter any judgement or decree in the children interest which will be binding upon you, including the termination of the parent-child relationship, the determination of paternity and the appointment of a conservator with authority to consent to the children adoption.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said Court at Tahoka, Texas, this 3rd day of January, 1984.

Joy Laws, Clerk,  
District Court,  
Lynn County, Texas

### Sales Tax Rebate Told

State Comptroller Bob Bullock sent checks totaling \$44.6 million in local sales tax payments to the 980 cities that levy the one percent city sales tax.

"These checks are up a whopping 39.5 percent over last January's payments," Bullock said. January checks were for taxes collected on sales made in November and reported to the Comptroller's Office by Dec. 20. O'Donnell's net payment this period - \$0.

Tahoka's net payment this period - \$3,930.15. Comparable payment prior year - \$1,787.40. 1984 payments to date - \$3,930.15.

Wilson's net payment this period - \$775.05. Comparable payment prior year - \$0. 1984 payments to date - \$775.05.

One of the most unusual ways of collecting debts is the course pursued by the Charleston, West Virginia General Hospital. Patients who are late paying their bills receive a form letter that says: "Hello there, I am the hospital's computer. As yet, no one but me knows that you have not been making regular payments on this account. However, if I have not processed a payment from you within ten days, I will tell a human, who will resort to other means of collection."

### TIME-SAVING SHORTCUTS

#### DISHWASHERS

An automatic dishwasher is becoming a necessity for many busy families. According to Whirlpool's consumer research, consumer's "most wanted" shopping list of design features for a dishwasher is headed by good washing performance, followed closely by energy saving, high quality and convenient use features.

The new Whirlpool dishwasher line was developed to meet these wants by incorporating a revolutionary new washing system that gets dishes cleaner while using less hot water.

The Power Clean washing system flushes food from the dishwasher load with powerful sprays of water. The food particles then pass into the patented Power Clean module where a heavy duty food grinder chops up large food chunks into small particles. After grinding, a centrifugal process separates food from the recirculating wash or rinse water, removing it before it can be redeposited onto the dish load. With this process, the separated food particles are isolated from the recirculating water until they can be removed during the drain-out periods of the cycle.

Whirlpool's engineering tests demonstrate that the new washing system not only offers improved performance and energy savings, it also meets the consumer's need for even better quality. So, in addition to the full one-year warranty offered on all Whirlpool dishwashers, Power Clean energy saver models also have a second year limited warranty, providing for replacement of any part of the new washing system.

In eighteenth-century Europe, sugar was such a rare and highly priced commodity that it was included in a list of jewels and precious gems presented as gifts to the Queen of Hungary.

Offers a new concept in helping the hard of hearing. Livingston Hearing Aid Center, Inc., will sponsor free electronic hearing tests on Tuesday, Jan. 17 from 9:30 a.m. to 11:30 a.m. The tests will be given at the Senior Citizens Center in Tahoka by Clinton S. Simmons. His experience and professional approach assures you of personal understanding and expert help.

**CLINTON S. SIMMONS**  
 Most hearing aid specialists sell you the brand of hearing aid they carry. And that brand may not have the model that's exactly right for you.

With Livingston Hearing Aid Center, Inc., it's different. We offer a new concept for the hard of hearing by carrying a wide variety of hearing aids from over 12 different manufacturers. We promise to fit you with an aid that answers your problem exactly. And our promise is backed by a 30 day satisfaction guarantee or your money back.

Everyone, especially older citizens, should have their hearing tested electronically at least once a year. Many of you may suspect you have trouble hearing and understanding.

Repair service and cleaning will be available to you for your present hearing aid - no matter what brand or where you bought it. The hearing tests are free and will only take 20 minutes of your time. Please come in and take advantage of this special opportunity. Pd. Adv.

# 1984 Licenses To Bear New Codes

Beginning Jan. 1, 1984, those persons who renew their driver license, qualify for their first license, or apply for a duplicate permit will receive licenses bearing new codes signifying class of license.

Col. Jim Adams, director of the Texas Dept. of Public Safety, said the department is starting the conversion to a new classified driver licensing system in accordance with a law passed this year by the Texas Legislature.

"Licenses issued prior to 1984 will be valid until the expiration dates which appear on them," Adams said. "The new licenses will carry classifications designating the type and weight of vehicles which the holder may operate."

The new license classifications are A, B, C, and M.

The C license permits operation of single, two-axle vehicles with a gross weight of 24,000 pounds or less excluding motorcycles and mopeds. This designation also allows the towing of a vehicle not exceeding 10,000 pounds gross vehicle weight (GVW) or a farm trailer not exceeding 20,000 pounds GVW. In addition, the Class C designation permits the operation of a bus with a maximum seating capacity of 23 passengers not including the driver. Standard operator licenses issued under the old law will be converted automatically to Class C permits upon renewal or issuance of a duplicate license.

The Class B license allows the holder to drive all Class C vehicles plus single vehicles with a GVW exceeding 24,000 pounds and buses with a capacity of 24 or more

passengers. Motorcycles and mopeds are excluded.

Class A permits allow operation of any vehicle or combination of vehicles including those listed for classes B and C. Mopeds and motorcycles are excluded. Commercial and full chauffeur licenses issued under the old statute will be converted automatically to Class A permits upon renewal or issuance of a duplicate license.

The Class M designation allows the holder to operate motorcycles, motor-driven cycles and mopeds. The road test must be taken with a vehicle which meets the specific requirements of the license class for which the person is applying.

"All classes of license including renewals will be valid for four years," Adams said. "The fee for obtaining or renewing all license classes will be \$10. An examination fee of five dollars will be charged for those drivers seeking a higher license classification or a motorcycle endorsement for their current license."

Drivers who have no moving violation convictions over a four-year period and who also have no physical limitations are eligible to renew their license by mail. To qualify for mail-in renewal, a driver must first receive a DPS form in the mail. This application should be mailed back to the department within one week after it is received.

## science in our lives

A competition that's motivating American high school students towards advanced scientific research has announced the deadline for its fourth annual contest. It's an event that offers youngsters from every area of the country the opportunity to play a role in the nation's Space Shuttle Program.

The Space Shuttle Student Involvement Program (SSIP) is open to all regularly enrolled students in grades nine through 12. The students are asked to propose experiments suitable for possible flight aboard the Space Shuttle. Where possible, the experiments may be performed by the astronauts. The competition is sponsored by the National Science Teachers Association and the National Aeronautics and Space Administration.

Unlike science fairs and other competitions, SSIP doesn't depend on elaborate school facilities or sophisticated techniques. The emphasis is on inquiry and creative thought. The deadline for submitting proposals is February 1, 1984. ## How To Choose And Fit Toddlers Footwear

When it comes to choosing your baby's first pair of shoes, which type will help him put his best foot forward?

Surprisingly, some of the footwear once thought to be beneficial can actually harm, not help, it's now believed. According to Dr. Andrew Mezey, director of pediatrics at Bronx Municipal Hospital Center and associate professor of pediatrics, "Unless a child has been diagnosed by a medical expert—not a shoe salesman—special orthopedic shoes are totally unnecessary, and are potentially harmful. Rigid shoes limit movement, which in turn inhibits the development of supporting muscles."

"A toddler's foot is biomechanically sufficient to support his weight. Simply styled soft-soled shoes offer enough protection for the normal foot to allow for comfortable movement," Dr. Mezey asserts.

For years, most children's shoe specialists recommended stiff, sturdy, hard-soled high tops in the belief that a child's feet needed proper molding to support developing bones.

However, today's medical consensus is that rigid footwear is best worn by mountain climbers under extremely hazardous conditions, not by children taking their first steps in the backyard. Current thinking is that a child's foot needs flexibility and

comfort, not constraint, to grow naturally during the formative years.

Footwear manufacturers lately have turned to the development of such shoes and the result is a new gen-

eration of footwear which combines the comfort of sneakers with the style, quality and protection only leather can offer. Shoe experts at Wolverine World Wide Inc., parent company of Hush Puppies, now in their 25th anniversary year, have embodied this new comfort concept in a line of infants' and toddlers' shoes called Soft-Puppies™. These shoes are made of top quality, pliable leather which protects the foot without confining it. The lightweight flexible shoes are made of a durable thermoplastic rubber which provides enough traction for baby to move around with confidence.

Actually, the concept of soft-soled shoes is not new, but a return of the theory that nature does her best work when left alone. Dr. Mezey points out that most children are born with perfectly healthy feet and that the "majority of foot problems develop not in infancy, but after years of wearing ill-fitting adult shoes."

A free booklet called "How to Choose and Fit Toddlers Footwear," is available by writing to: Wolverine World Wide, Inc., Hush Puppies Division, c/o Public Information Director, 9341 Courland Drive, Rockford, MI 49351.

## WILSON NEWS

BY MARGRET CRISPIN

Mr. and Mrs. Fred Linton, Christopher and Christin, of Monahans, visited over the holidays with her parents, Mr. and Mrs. Floyd Heck. Christin is spending this week with her grandparents.

### Blood Drive

The Wilson Lions Club will be sponsoring a Blood Drive Thursday, Jan. 19, at the school band hall from 4 to 6 p.m. Everyone is encouraged to come out and donate blood. W.R. Steen is chairman for the drive.

Mrs. Bertha Holder fell two weeks ago and broke her hip. She underwent surgery at Lubbock's Methodist Hospital where she is still a patient. She is in room 224.

Mrs. Thoe Young is a patient at Lubbock's Methodist Hospital in room 782.

Mr. and Mrs. Fred Davidson of Gruver were recent visitors of Mrs. Pearl Davidson and Ann Davidson.

Owen Leach, deacon of Oakwood Baptist in Lubbock, was the speaker Sunday for First Baptist Church in Wilson.

Connie Moore of Midland and Mr. and Mrs. Lee Moore and family of Lubbock were weekend guests of their parents,

Mr. and Mrs. Zollie Moore.

Mr. and Mrs. John Turner and John Jr. of Elfrida, Ariz. visited over the holidays with Mr. and Mrs. Glynn Moore.

William Jones of Slaton was the guest speaker at First Baptist Church on New Year's Day.

Mrs. Zora Powers underwent hip surgery Wednesday in St. Mary's Hospital in Lubbock. She is the mother of Mrs. Shorty Moore.

Mr. and Mrs. Mfsh Bartley and Ashley of Levelland visited Tuesday and Wednesday with Mr. and Mrs. Ray Crispin and family.

**SNACK ON CITRUS**—Substituting citrus for the high calorie sweets you have been eating during the holidays can help you get your weight under control. The high nutrient density of oranges and grapefruit is an advantage for dieters who want to keep their calorie intake low without sacrificing good nutrition, says a food and nutrition specialist. Because Texas citrus is known for its sweetness, it makes an excellent low-calorie snack. A half grapefruit, for example, contains only 55 calories and a whole orange has just 64 calories.

## Wilson 4-H Club Meets

The Wilson 4-H Club met Monday, Jan. 9, at 7 p.m. in St. Paul Lutheran Church in Wilson. Clint Gardner of Lyntegar Electric presented an interesting program on Home Electrical Safety. After the program the club elected officers for the 1984 year. They are: Joseph Duenez, president; Dusty Hart, vice president; Tanya Duenez, secretary; Shane Moore, treasurer; Malinda Isham, reporter; Lori Duenez, council delegate and Eva Gickhorn, refreshment committee chairman.

## Wilson School Menu

Jan. 16-20, 1984

### BREAKFAST

**Monday**- Donut, diced peaches, milk  
**Tuesday**- Hot rice cereal, toast, applesauce, milk  
**Wednesday**- Pineapple muffin, mixed fruit, milk  
**Thursday**- Waffle, butter, syrup, pineapple juice, milk  
**Friday**- Frosted Flakes cereal, toast, orange juice, milk

### LUNCH

**Monday**- Tuna sandwich, pork & beans, pickles, peanuts, apple rings, milk  
**Tuesday**- Turkey, dressing, gravy, English peas, cranberry sauce, hot rolls, sliced peaches, milk  
**Wednesday**- Meat & spaghetti, spinach, green beans, cornbread, chocolate pudding, milk  
**Thursday**- Tacos, red beans, salad, orange Jello with pineapple, milk  
**Friday**- Cheeseburger, lettuce, onions, potato rounds, pickles, yellow cake with chocolate icing, milk

**CITRUS NUTRITION**—Most people know that citrus is high in vitamin C, but may not realize that just one orange provides 110 percent and half a grapefruit provides 80 percent of the recommended daily allowance, says a food nutrition specialist. In addition, citrus has negligible sodium and is high in potassium. This is important for people on sodium-restricted diets, and those interested in overall good nutrition.

**BUYING, STORING CITRUS**—Texas citrus is tree-ripened and ready to eat when you buy it. Select firm, well-shaped, heavy grapefruit and oranges for more juice inside, suggests a food and nutrition specialist. Texas citrus are very thin-skinned fruit. Slight skin defects, such as scars or scratches caused by wind brushing the fruit against tree branches will not affect the eating quality. Store citrus in a well-ventilated place away from heat. They will keep about 10 days at room temperature, or two to three weeks in the vegetable crisper of the refrigerator.

## Hair Affair

**For Special Occasions**  
Dress up your wardrobe with festive hairstyles for extra-special occasions.

Create the full, elegant hairstyle pictured below by using an electric hairsetter. A new one to try is General Electric's Soft Roller Hairsetter, with soft foam rollers that treat hair and scalp gently.

Start with dry hair, parted at the side. Wind two large rollers at an angle at the top, two on each side, one at the crown and one at the nape of the neck. As soon as you wind in the last roller, unwind the first. Brush hair forward with head lowered. Flip hair back and finish by smoothing lightly with a soft-bristle brush.

Use a curling iron to straighten hair and create a sleek look. Preheat the iron and insert a small section of hair between the clamp and barrel. Slowly slide iron from roots to hair ends, keeping hair straight and taut. Try using General Electric's Pro Dry Curling Iron for professional-looking results.

For additional hair care and styling tips send 50 cents for a copy of "Hair Affair," the General Electric and Revlon Flex hair beauty booklet: Hair Affair Offer, Department A, P.O. Box 975, Berlin, CT 06038.

### Cotton Classing Data Compared

In comparing the 1982 and 1983 High Plains cotton crops, both were about equal on balance, according to Mack Bennett, Area Director for USDA's Marketing Services Office at Lubbock.

Grades and Micronaire were lower in 1983 but staples were longer, breaking strength was higher and volume was greater in 1983.

The 1983 predominant grade was 52 at about 29 percent while 1982's predominant grade was 42 at about 40 percent, Bennett continued.

Average staples were 32.1 thirty-seconds of an inch during 1983, down from 1982 average of 38.

High Volume Instrument strength averaged 25.6 grams per tex for the 1983 crop against 24.5 for 1982.

The hail damaged 1982 crop totaled about 700,000 running bales while the 1983 crop reduced by the Payment-In-Kind Program, approached a final total of 950,000 running bales classed at Lubbock, Bennett concluded.

Gins paid High Plains growers \$55 to \$100 per

ton for cottonseed during the 1982 season. Prices jumped during the 1983 season to a range of \$155 to \$185 per ton.

Current spot cotton prices are down from a peak in early December. The "eight-market" average price for grade 41, staple, 34, mike 35-49 peaked on Dec. 7 at 74.14 cents per pound. The average fell four cents by Jan. 3 to 70.14 cents.

High Plains growers sold mixed lots of mostly grades 52 and 53, staples 31 through 33, mike 35-49 after Jan. 1 at around 1700 to 1900 points over 1983 loan rates. This compares with 2000 to 2200 over loan in early December.

Growers offered more cotton when the new year began.

This is the final release for the 1983-84 season.

A Brazilian palm can claim the largest leaves in the plant kingdom. Its fronds are sometimes over 70 feet long and 19 feet broad.

# COTTON TODAY

**NCC President Meets With Reagan:** National Cotton Council President G.B. Brewer, Fresno, Calif., recently attended a White House meeting with other agricultural organizational presidents.

The invitation was extended by President Ronald Reagan to some 18 organizations to discuss current and future agricultural issues.

During the meeting, Brewer emphasized the need for fair trade and strengthening of export credit programs and agricultural commodity/product market development activities overseas. He also pointed out how limits on farm programs benefits cripple those programs.

**Congressman To Address Cotton Meeting:** Rep. Carroll A. Campbell Jr., (R-S.C.), a member of the House Ways and Means Committee, will address the National Cotton Council annual meeting Feb. 5-7 in Little Rock, Ark. He will speak during the general session of the convention Feb. 7.

Rep. Campbell, a native of Greenville, S.C., was elected to Congress in 1978 and re-elected to 97th and 98th Congresses. He is a member of the Congressional Textile Caucus and has been active in Republican Party activities. Prior to election to Congress, he served as a member of the South Carolina House of Representatives.

**Maid Begins Orientation:** Valerie Bendall, 21, of Birmingham, Ala., the 1984 Maid of Cotton, is now participating in a month-long orientation on the cotton industry in preparation for her domestic and overseas tours.

Named Dec. 21, Valerie entered the national selections as the Alabama State Maid of Cotton under a program conducted by the Alabama Farm Bureau.

She was majoring in hospital administration at Auburn University.

During her tour as National Maid of Cotton, she will travel across the U.S. and Canada and promote cotton exports in Asia and Europe.

## Grading Is Discontinued On FM 1328

Grading operations are being discontinued indefinitely on FM 1328 in Lynn County from FM 1317 south of 8.022 miles to US 380, H.C. (Doc) Brown, Supervising Resident Engineer, State Dept. of Highways and Public Transportation, Brownfield, announced.

The discontinuing of operations is necessary until the material dries or better drying conditions are available.

The public is urged to watch for barricades and observe warning signs which are still up in the construction area. A notice will be published when work is resumed on the project.

## South Plains Agriculture Previewed

Crop and livestock producers throughout the area will get an up-to-date picture of the season ahead in agriculture during the annual meeting and outlook conference of the South Plains Development Program in Lubbock on Jan. 24. Details of the annual meeting may be obtained at the County Extension office.

The day-long program at the Koko Palace, Ave. Q at 50th St., will give producers information to help them plan for profits in 1984, Billy C. Gunter, district director with the Texas Agricultural Extension Service, said.

## Make These New Year's Nutrition Resolutions

If eating better for better health is among your New Year's Resolutions, here are some tips to help you on your way:

• Breakfast is considered the most important meal of the day by many health-care professionals—so don't skip it. Include fresh fruits rich in vitamins, and breads that supply carbohydrates for energy. Milk, eggs or meat at breakfast mean protein.

• Start adding low-calorie, healthful ingredients to meals and desserts. Fresh fruits, such as the banana, are tasty and nutritious. There are only about 100 calories in an average size

banana, and they're 99.8 percent fat free. Banana calories are not empty—they contribute many essential nutrients on a weight-conscious regimen, including Vitamin A, thiamine, niacin, riboflavin, Vitamin B<sub>6</sub> and Vitamin C. They're also low in sodium and high in potassium.

Bananas are easy to eat, easy to use in every meal of the day and all the snacks in between. Here's just one of the nutritious and delicious treats you can whip up for a holiday treat: Cranberry Banana Bread, with its seasonal bright red color and added fiber, brings a healthful plus to good cheer in the New Year.

Try using healthful and nutritious fruits, such as the banana, in your meals this coming year.

### CRANBERRY BANANA BREAD

- 1/2 cup soft butter or margarine
- 1 cup sugar
- 2 eggs
- 2 cups sifted all-purpose flour
- 1 teaspoon baking soda
- 1/4 teaspoon salt
- 1 tablespoon lemon juice
- 1 cup mashed ripe bananas (3 medium)
- 1 cup chopped cranberries

In large bowl, cream but-

ter and sugar. Beat eggs one at a time, beating well after each addition. Sift together flour, baking soda and salt; blend into creamed mixture with lemon juice and bananas. Stir in cranberries. Turn into a greased 9x5x3-inch loaf pan. Bake in 350°F oven 1 hour, or until cake tester inserted in center comes out clean. Cool 10 minutes, turn out of pan and cool completely. Before serving, sift confectioners' sugar over top of loaf, if desired.

YIELD: 1 loaf.

## FACTS & FIGURES

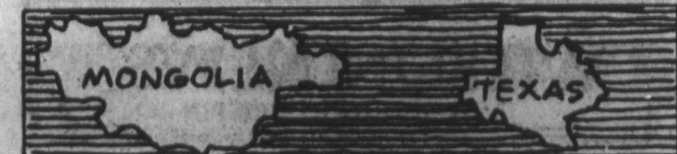

The country with the largest national debt is the United States. If the nearly one trillion dollars we owe were in one dollar bills, they could be stood on end and would circle the equator more than twice. They would weigh 700 thousand tons.

Cherrapunji, India has an annual average rainfall of 432 inches—36 feet.

Mexico's President Miguel de la Madrid knew that the debt had to be paid through the application of bitter medicine, which perhaps would make the patient feel worse instead of improving. Fortunately for his young administration, this didn't happen and Mexicans are still enjoying an enviable social tranquility, their political institutions are very solid and perhaps to the surprise of the entire world, Mexico has successfully carried out a financial policy described as "responsible" by the international community.

At the beginning of de la Madrid's administration, the global amount of Mexico's debt was 80 billion dollars. This is an impressive figure, not only for a country on the road to full development, but for any industrial power.

Mexico has achieved what it has partly because of a

**OSTEOPOROSIS ALERT FOR WOMEN--** More than five million women suffer from osteoporosis. Yet, a recent national survey shows that 77 percent of all women in the United States know nothing about this degenerative bone condition, says health educator Dr. Mary Ann Huessner. Osteoporosis is a disorder which causes bones to lose calcium and become thin, weak and brittle, explains Huessner. National figures show that osteoporosis affected one out of four postmenopausal women. Preventative measures include a calcium-rich diet, consistent aerobic exercise, and when appropriate, hormone replacement therapy. Women should inform themselves about osteoporosis and talk to their doctors about means of treatment and prevention, Huessner says.

## CARD OF THANKS

We wish to express our appreciation to the many persons who made memorial gifts, sent flowers or cards or otherwise expressed their concern for us in the death of Dalton's father, J.L. Wood. Our friends are our greatest asset, and we love all of you.  
Dalton and Lenda Wood

We would like to thank all the friends and neighbors for the memorials, flowers, food, and especially the prayers in the loss of our loved one.

A special thanks to Dr. Wright and the nurses at the Lynn County Hospital, the Tahoka Care Center and the staff at White Funeral Home for all their acts of kindness and concern. Thanks also to the women at the Church of Christ for serving the meal. Your thoughtfulness is deeply appreciated.
