Me and John Smith (officially it's The Journal and the Corner Drug) will hold an election party again this year and you're invited. We will have election boards on the north wall of the drug store, and we'll try to have figures on the board within 5 minutes of the time the polls close.

Come down, hang around, have a cold Coca Cola, smoke a Phillies Cheroot, and talk with your neighbors. Republicans may view the election boards at no cost to them; in fact they may be made to feel welcome, just as onlookers, you understand.

Even Bill Thomson, self-confessed GOP organizer in the fifth ward, will not be unwelcome, he will be tolerated, we will be not cordial, but tolerant and understanding.

Apathy, on the part of the voters, is deplored by some with whom I've talked. Lay it on the line: Some 25 persons, captivated candidates, attended the very well publicized candidate speaking and box supper held here Saturday night, in a town of 5,000 and a territory of 15 to 20 thousand. What does this portend? Not necessarily apathy or indifference on the part of the voter, but his decision that candidate speaking went out with Joe Bailey and Jim Ferguson.

Personally, I don't see how you could quit having box suppers and candidate speaking, but if the people won't cooperate by attending why keep on trying?

If I were a candidate, I would take the lack of attendance at a candidate rally as indicating that the voters already had "made up their minds" and I would do something about it.

I tell you this: I have talked with many, many candidates and unanimously they say they would like to be elected (or defeated) by a majority of the PEOPLE, not a majority of those who choose to vote.

Hagler Rites Held At Dimmitt

DIMMITT—Funeral services for Gene Hagler, 39, were held at 10 a. m., Saturday at the Dennis Chapel here.

Hagler, a native of Muleshoe, died at 2:30 p. m., Thursday, April 21 following a heart attack while working for a ditching company at Vigo Park near Tulla. He moved to Dimmitt three years ago from Wichita Falls.

D. C. Lawrence, minister of the Church of Christ here, officiated, assisted by the Rev. M. A. Smith, Jr., pastor of the First Baptist Church here. A second service was held at 4 p. m., in the Walker Funeral Chapel at Dalhart. Burial was in Dalhart Memorial Cemetery.

Hagler is survived by his wife; a daughter, Billie, and a son, Randy Joe, all of the home; another daughter, Glenna Jean, Fort Worth; his mother, Mrs. Anna Hagler, Ranger; a brother, R. V. Hagler, Fort Worth; and two sisters, Mrs. Verma Whitehead, San Antonio, and Mrs. Christine O'Shields, Ranger.

Dinner Bell Hit By Blaze

Fire at the Dinner Bell Cafe Friday night caused nearly a total loss of the fixtures and considerable damage to the building.

It was said the insurance company estimated fixtures loss at \$5,000. Firemen said walls and ceiling of the building were badly damaged by the flames, which apparently started around the water heater. The cafe was closed for the night when the blaze occurred.

Mrs. Rena Spies is the proprietor of the cafe. The Johnson Bros. own the building, which is now being rebuilt. As a footnote, firemen reported they went back to the gutted building Monday afternoon. A spokesman for the department said apparently some boys had been trying to smoke, and they left a nice little fire going in the floor.

Cub Pack Boys To Be Enrolled Tonight

Boys who want to belong to the Cub Scouts should attend a meeting to be held in the Scout Hut tonight. Boys of 8, 9, and 10 years of age who are not Cubs now will be enrolled at that time.

Hal Anderson To Show Exhibit At ENMU, Portales

HAL ANDERSON

Hal Anderson, 5th grade Richland Hills pupil, received an invitation this week to exhibit his project at a Science Fair at Eastern New Mexico University in Portales.

This fair is for high school seniors, and will be in conjunction with examinations for science and mathematics scholarships. A number of Muleshoe high school students will be in attendance. Registration will begin at 8:30 a. m., New Mexico time, Saturday, April 30 in the science building on the University campus and the public is invited to view the displays until noon.

Dr. W. J. Neill, of the University invited Hal to exhibit the grand champion winner of the Richland Hills Science Fair. The exhibit is on "The Development of the Chick". Also he will show his project on "Distillation of Water", and a model of an active volcano. Both these exhibits were given honorable mention in the Muleshoe fair. Hal's science teacher is Mrs. Jack Beddingfield.

Science Fair Thrills Visitors

The "Science Fair", which was held in Muleshoe at the Richland Hills cafeteria Saturday, April 23, was termed a great success by all who viewed it. There were many, many science projects exhibited and all were very good.

The judges were O. M. Hofstad and W. J. Neill, teachers from ENMU in Portales, W. C. Robinson and Walter McGuire, traveling science teachers from Clovis, John Hughes of Southwestern Public Service in lawview, and Dale Fischgrabe of the ASC office in Muleshoe. They awarded first, second, and third prizes to the fourth, fifth, and sixth grades. A trophy was awarded to the most outstanding exhibit.

The trophy was awarded to Hal Anderson, son of Mr. and Mrs. David Anderson, on his display of "Development of a Chick".

The sixth grade students who won prizes were: First prize, "A Model Farm on Erosion", by Katherine Sue West, daughter of Mr. and Mrs. John West, and Mary Lou Perry, daughter of Mr. and Mrs. Leon Perry; second prize, "The Solar System", by Jan Everette, daughter of Mr. and Mrs. R. C. Everette, Melinda Harris, daughter of Mr. and Mrs. Marion Harris, and Judy Elliott, daughter of Mr. and Mrs. Harmon Elliott; third prize, "Control Areas of the Brain", by Randy Beaty, son of Dr. and Mrs. B. Z. Beaty, and Eddie Gilliland, son of Mr. and Mrs. R. D. Gilliland.

The fifth grade winners were: first prize, "Development of a Chick", by Hal Anderson, son of Mr. and Mrs. David Anderson; second prize, "Two Way Telegraph", by Verolyn Scoggins, son of Mr. and Mrs. Lewis Scoggins; third prize, "Sea Shells", by Billy Jackson, son of Mr. and Mrs. M. C. Jackson.

The fourth grade winners were: first prize, "Rock Collection", by Lynn Pitts, daughter of Mr. and Mrs. Kirk Pitts; second prize, "Volcano", by Toni Fite, daughter of Dr. and Mrs. James Fite, and third prize, "Motor", by Clifford Black.

Shown above are the judges in Saturday's Science Fair, left to right, O. M. Hofstad, ENMU; W. C. Robinson, and Walter McGuire, traveling science teachers; John Hughes, Southwestern Public Service Co.; Dale Fischgrabe, ASC, Muleshoe, and W. J. Neill, ENMU.

At bottom is pictured one of the exhibits, depicting an active volcano, another entry by Hal Anderson.

son of Mr. and Mrs. Eugene Black.

Those receiving honorable mention were: "Telegraph", by Stanley Johnson, son of Mr. and Mrs. Randy Johnson; and Ransom Jones, son of Mrs. Norma Jones. Both boys are fourth graders. In the fifth

grade "Water Purification", and "Volcano" by Hal Anderson won honorable mention. In the sixth grade, "Hoover Dam", by Rickey Bradley, son of Mr. and Mrs. R. A. Bradley and Ronald Green, son of Mr. and Mrs. Raymond Green, won honorable mention.

St. Clair Erects New Building

Construction is under way on a building at the corner of Main and Avenue B which will house the St. Clair Variety Store with which will be combined the Ben Franklin Store, owned by St. Clair.

The building will be 50x140 feet in dimensions, of brick and tile construction. Irving St. Clair of the firm said the building should be finished around August 15.

The St. Clair Variety has been in the same building with St. Clair Department Store. Ben Franklin Store is located at the corner of Main and Avenue D.

The Department Store will occupy the entire 100 foot front building in which it is now located after a complete remodeling job.

Local Teams Place In Tech Judging

Three teams of the Muleshoe FFA participated in the Texas Tech Judging contest last Saturday. These teams were a Livestock Judging Team, a Dairy Judging Team, and a Land Judging Team.

Although only one team placed, Mr. Biekel and Mr. Adams said, "All three teams did a very fine job." The Dairy Team took a ninth place and qualified for the State Contest at Texas A & M on April 30.

The members of the Dairy Team are as follows: Bill Howard, Wayne Tunnell, and Jerry Don Coulter. The members of the Livestock Team are: Rodney Blackwood, Ronald Julian, and Nelson Shipman, and the members of the Land Team are Stacy Lackey, Doug Criswell, and Dale Vise.

While these three teams were competing at Lubbock, the Muleshoe FFA also had participating in the State Land Judging Contest at Stephenville. Members of this team were as follows: Donald Peel, Jackie Redwire, George Neiman, and Henry Reid.

Recreation Group Will Meet Friday

The Board of Directors of the West Plains Recreation Center will meet Friday evening at 8 o'clock in the home of Thurman White. The purpose of this meeting is to elect the officers of the Board, and to plan the recreation program for the summer.

We, as Board Members, wish to thank the Chamber of Commerce for calling a meeting of interested persons together to discuss the program. From this group of people the Recreation Center was organized. This organization now belongs to the PEOPLE. We are not affiliated or sponsored by any other club, group, or Chamber of Commerce.

The idea of a recreation program has been accepted so very graciously by a great majority of our young people. We circulated a petition thru Junior High and High School to see how many were really interested in a full recreation program. It was very gratifying to have 506 students sign the petition. We also took a survey asking the type of recreation they would like to have. This is a list of the activities listed:

Tennis, Football, Volley Ball, Archery, Golf, Pool, Swimming, Track & Field, Baseball, Chess, Checkers, Ball Room Dancing, Square Dance, Bowling, Table Tennis, Softball, Horse Shoes, Miniature Golf, Weight Lifting.

Bicycle Tours. All - City Round-up Water Skiing, Summer Theatre, Band. All of these were wanted along with some write-ins. Some of the write-ins were: Drag Races, Skin Diving, Indian Crafts, Rodeo, Horseback Riding, Skating, and Badminton.

At this time the survey is not complete, but we know enough now to realize that we are going to have a full time program, and a hard job for the summer. We can not carry this program out without the help of a large number of adults. We will need everyone's support with money and

labor. Anyone wishing to help with a donation or labor, please send them both to the West Plains Recreation Center, Box 563, Muleshoe, Texas.

The Board Members Thank you.

Preliminary Census Figures Due In 2 Weeks

Mrs. Ellen Gupton, census crew leader for Bailey and Cochran counties, said today that the enumerators have completed their count of the population. She said that preliminary estimates for towns and counties may be expected in about two weeks.

Mrs. Gupton asked that if anyone knows or thinks he has been missed in the count, they report to her, Telephone No. 3-3090, and she will check it. Or, she said, a form may be secured at the postoffice.

Subscription Caution Suggested By Reader

A Journal subscriber called this week to suggest a warning might be in order concerning two subscription solicitors who came to their farm home. She said they told her their names, said they were "on leave" for 30 days from Texas Tech.

They went down to the field to see her husband. While they were doing this, she called Tech and found the two young men were not enrolled there. The family decided to check their credentials. They did not notify the officers, but thought The Journal ought to sound a warning to others to be cautious about giving subscription money to strangers.

VOTING PLACES, JUDGES LISTED

Stage Is Set For First Democratic Primary In Bailey County May 7

Candidates, precinct and county workers, all concerned are hoping for the biggest turnout of voters ever in this county for the first Democratic Primary, set for a week from the coming Saturday, May 7.

Some hot precinct, county, district, and state races have developed, so the prediction is that the voters of Bailey County will have plenty of incentive to vote in addition to their consideration of duty. There are about 2500 qualified voters, in the county, counting those who have paid poll taxes and those who are exempt, including the older persons.

Must Have Poll Taxes
County Democratic Chairman Harvey Bass issued a warning to all who expect to vote, that they must have their poll tax receipts with them in order to cast a ballot. In case a receipt has been lost, the prospective voter must make affidavit to the fact before he will be allowed to cast his ballot.

Absentee Vote Thru May 3
Mrs. Hazel Gilbreath, county clerk, said absentee voting is now underway, and the voting absentee will continue through May 3. Anyone who is going to be absent on voting day and is qualified may cast an absentee ballot, she said.

There is another formality. When a poll tax receipt is presented it will be stamped either "Democrat or Republican", according as the voter wishes; if the voter is a Republican he will not be, according to law, allowed to cast a ballot in the Democratic primary. This is a new state law, and is not a whim of election judges or party officials.

Political Pot Boils At MHS
Candidates for student officers in Muleshoe high school and their respective backers are feverishly working on publicity stunts and material as the time rapidly approaches for the annual election. Next week will be "campaign week".

The election for student council officers and cheer leaders will be Friday, May 6. This year two cheer leaders instead of one will be elected from the junior class.

James Shepherd, a junior and this year's vice-president, is running for president; Robert Garlington, sophomore, is running for vice-president; Carolyn Burge, a junior, who has served as historian this year, is unopposed for secretary.

Davy Jean Anderson and Dick Allison are both in the running for parliamentarian. Davy and Dick are freshmen students this year and the one elected will serve as Texas Ass'n., of Student Councils parliamentarian. Running for the office of Student Council reporter are Bennie McDaniel a sophomore, and Magann Lamb, a junior, is running for re-election.

Sordra Broyles, Janie Sanders, both juniors, Lynn Lenau, and La Nell Boothe, sophomores, are in the race for historian. In the running for senior cheerleaders from the senior junior class are Sordra Taylor, who has been a cheerleader for three years, Janie Sanders, and Joy Autry.

From the sophomore class Shirley Henry, Ronda Johnson, and Mary Sanders, are in the race for junior cheerleaders. For next year's sophomore cheerleaders are Donnie King, who was this year's cheerleader, and Karen Jones, who was the alternate.

Arvel Whites Are Back In Muleshoe
Mr. and Mrs. Arvel White are again citizens of Muleshoe after a brief sojourn in Spearman, where they owned a department store for about nine months. Previously Mr. White had been with St. Clair Department Store here for seven years and was its general manager. Now, he's back at St. Clair's and the couple are at home here.

Mrs. White was for several years a teller at the Muleshoe State Bank. Both have been active in club, church, and civic affairs.

Ike Stinson In Statement To Precinct Voters
I. M. (Ike) Stinson, a candidate for Commissioner, Precinct 1, Bailey County, subject to the Democratic Party Primary May 7, has issued the following statement to the voters:

I am taking this opportunity to solicit the vote and influence of anyone whom I might have failed to contact in my house to house canvass for Commissioner of Precinct 1, Bailey County.

I want to remind you also of the privilege every American enjoys, but does not always exercise—the right to cast his ballot for the candidate of his choice.

If every man and woman would pause for one moment and think what this privilege means to them and their way of life, there would be a 100 per cent turnout at the polls May 7, 1960. Let's make it just that.

Voting Places Listed
Name and number of voting precincts, and names of election judges and places where polls will be held are listed for the county as follows:

No. 1, Muleshoe: Legion Hall, Ernest Kerr, judge.
No. 2, West Camp: Baptist Church, Tom Watson, judge.
No. 3, Mays: Longview church house, Bert Seales and J. U. Dawson, judges.
No. 4, Three Way: School house, George Tyson, judge.
No. 5, Circleback: Gager Gin office, V. E. Garner, judge.
No. 6, Bula: School house, Vern Weaver, judge, and close at 7 p. m.
Polls will open at 7 a. m.

Miss Hubbard And Mr. Oldfield Exchange Wedding Vows April 16

MRS. BARNEY OLDFIELD

Jo Ann Hubbard of Grants, N. M., became the bride of Barney Wayne Oldfield of Grants, N. M., in a double ring ceremony Saturday, April 16, in the Bula Church of Christ. Bud Hammans, minister, read the wedding vows.

Miss Hubbard is the daughter of Mr. and Mrs. John Hubbard of Bula and Mr. Oldfield is the son of Mr. and Mrs. Clarence Oldfield of Grants, N. M.

The bride, given in marriage by her father, was wearing a lovely white silk organza dress, designed with appliques of alencon lace outlining the scooped portrait neckline and brief sleeves. The bodice was fitted with a crushed cummerbund, with a band of lace gracing the front, terminating at the full chapel sweep. She wore elbow length mits made of the same material. Her veil of illusion fell from a crown of lace and seed pearls. Her bouquet was of white orchids and stephanotis.

The best man was Buck Murry of Albuquerque, N. M. The maid of honor, Carolyn Reynolds of Odessa, was wearing a lilac lime (orchid) faille waltz length dress fashioned with a round neck coming to a V-shape in the back, with a full skirt and a cummerbund at the waist. Her headpiece was made of orchid straw and

lace. She carried a bouquet of french white carnations with orchid streamers.

The bride's maids, Wanda Hubbard, sister of the bride, and Sammye Kaye Hubbard, and Sammye Kaye Hubbard, cousin of the bride, were dressed exactly like the maid of honor. The flower girls were Terry Claunch and Margaret Richardson, both cousins of the bride. The ushers were Burley Roberts and Norvell Roberts of Enochs, both cousins of the bride.

The reception was held in the home of the bride, Mrs. Burley Roberts registered the guests. Mrs. Bill Brown of Los Alamos, N. M., and Marilyn Dougherty of Amarillo served the guests.

The serving table was covered with orchid net over white. The three tiered wedding cake centered the table with the crystal punch bowl service placed on one end. The other end of the table was attractively arranged with the bouquets of the bride's maids.

For her going away attire, the bride chose a beige linen suit with a black picture hat, black accessories and complimented with an orchid corsage.

After a short wedding trip to Albuquerque, N. M., the couple will be at home at 417

New Officers PTA Installs

The Muleshoe Parent-Teacher Association held the final meeting of the year April 25, 1960 with the president, Mrs. Heathington, presiding.

A report on absenteeism in the Muleshoe Public Schools was given by the project committee. Mrs. Bernard Phelps read the list of recommendations and it was voted to send them to the Board of Education for consideration. A leaflet will be prepared and sent home stressing the importance of any given child's attendance in school.

The room count was won by Mrs. Fox, Richland Hills, Miss Boone, Mary DeShazo, Mrs. McSpadden, Junior High and the Senior Class, high school.

The program was given by a group of seventh grade students under the direction of Mrs. W. B. McSpadden. The students gave the highlights of the achievements in P-T-A this year. Those participating were: Judy Bell, Shirley Richards, Michael Sanders, Zela Boles, Rebecca Camp, Beckye Mason, Michael Flite, Tonny Welch, Donna Phipps, Johnny Dalton, Sherry Billingsley and David Luna. Tonny Welch entertained the group with piano selections.

An installation ceremony was held by Mr. Kirk. Those installed were: Roland McCormick, president; Mrs. Bernard Phelps, first vice-president; Mrs. Ed Edmiston, second vice-president; Mrs. C. C. Taber, treasurer; Mrs. Eugene Black, secretary; Mrs. Owen Jones, historian; and Mrs. W. B. McSpadden, parliamentarian.

Asper St., Grants, N. M. Mr. Oldfield finished his schooling in the Grants schools and received his B A degree from Highlands College in Las Vegas, N.M. He is employed at the Post Office in Grants. Mrs. Oldfield attended Bula High School and received her B A degree from WTSC in Canyon. She is employed with the Grants school system.

Miss Turner And Mr. Hawkins Take Marriage Vows April 23

MRS. EUGENE HAWKINS

Miss Rita Luene Turner, daughter of Mr. and Mrs. Doyle Turner of Pleasant Valley and Franklin Eugene Hawkins, son of Mr. and Mrs. F. M. Hawkins of Y. L., were married at 4:00 p.m., Saturday, April 23, in the First Baptist Church.

The couple exchanged vows beneath an arch, in a setting of white gladiolas, blue asters and candelabra. The Rev. E. K. Shepherd read the double-ring ceremony.

Escorted to the altar and given in marriage by her father, the bride was wearing a full length dress of imported, hand clipped, chantilly lace and tulle, designed with elongated bodice, featuring a bateau neckline, edged with natural petal scallops of lace. A bouffant skirt of crystal pleated tulle, featured an overskirt of lace, which swept

into a short train. Her circular tiered veil of illusion fell from a queen's crown of tiny organza petals encrusted in sequins. She carried a bouquet of white stephanotis, centered with a white orchid.

Attending the bride as maid of honor was Miss Kay Wilson, Her bridesmaid was Miss Pat Barrett. They wore dresses of blue silk organza and carried white carnations.

Richard Hawkins served his brother as best man. Gerald Shanks was groomsman. Lyndal Black and Joe Childs were ushers.

Candlelighters were Sherri Turner, sister of the bride and Corene Gates, niece of the groom. They were attired in dresses identical to the other attendants' dresses. Dorene Gates was flower girl.

Mrs. Buddy Peeler, who was accompanied by Mrs. W. T.

Andrews, sang, "O Promise Me" and "Always". Following the ceremony, a reception was held in the Chester Wilson home, 310 E. Elm.

The bride's chosen colors of blue and white were carried out. The serving table was covered with white cutwork linen over blue, centered with an arrangement of blue carnations, white stock and candy-tuft with blue candles.

Mrs. Wilson was assisted in the house party by Dolores Wagnon and Nancy Julian. Jana Goodwin registered the guests.

The couple will be at home in Muleshoe where they are both seniors at Muleshoe High School.

Miss Plemons Will Wed Mr. Tate June 1

Nancy Plemons

Enochs News Events

by Mrs. Jerome Cash

by Mrs. Jerome Cash
W. M. Bryant is home and improving this week, after surgery a few days ago at the Medical Arts Hospital at Littlefield.

Mrs. Alice Harry, mother of Mrs. Roland, is improving this week after surgery at Lubbock last Friday at the Taylor Clinic.

Mrs. Jerome Cash spent the weekend in Amarillo at the bedside of her father, Mr. C. E. Hinton, who has been very sick, but is better at this writing.

Bro. McAlister of Littlefield brought the Sunday morning sermon at Enochs Baptist Church, in the absence of Bro. J. J. Terry, who is in a revival at Lums Chapel. Bro. McAlister is co-owner of Littlefield radio station.

The annual Stockholders meeting of the Farmers Co-op Association of Enochs will be held in the Bula school gym and auditorium Friday, April 29.

Barbecue will be served in the gym from 6:30 to 8:00 p.m. Business session will be at 8 p.m., in the auditorium.

The directors and management cordially invite you to attend.

Mr. and Mrs. Ronnie Ethridge of Muleshoe, spent Sunday with her parents, the Cashs, and attended church at the Bula Church of Christ.

Area Folks Fish At Lake Brownwood

Quite a number of fishermen of the surrounding area have been pursuing the finny tribe at Lake Brownwood, according to word received from there.

Mr. and Mrs. A. J. Shafer of Needmore and Charlie Barnett of Muleshoe spent a few days fishing at Lakehaven Docks on Lake Brownwood. They caught nice strings of bass and crappie.

Another party of fishermen from out Needmore way were Mr. and Mrs. Lewis Shafer, Mr. and Mrs. John Sowder and Tom, Mr. and Mrs. Eston Sowder, Mr. and Mrs. Everett Sowder, Mr. and Mrs. Bill Sowder, Mr. and Mrs. J. W. Casey, and Mr. and Mrs. Thurl Lemons. Mr. and Mrs. Buddie Whitmire of Sudan were with this party and they took home about 200 pounds of dressed fish. Cecil Ingram of Dalhart flew down to the lake and fished a day with this party.

Mr. and Mrs. Wayne Shafer of Needmore and Mr. and Mrs. Billy Chester of Sudan spent several days at Lakehaven Docks fishing and water skiing.

Clothing Committee Meets April 25

The clothing committee of the county extension program committee met Monday, April 25, in the Home Demonstration room.

They discussed problems of clothing for the consumer and the merchant. They will make plans later on for extending the clothing information to the public.

Those attending were: Mrs. Harold Mardis, Mrs. Roland McCormick, Mrs. Louis Henderson, Roger Albertson, Woodie Lambert, and H. D. Agent, Mrs. Harriette Jackson.

**WIN POWER
ROTARY CULTIVATOR**
GIVE **CROPS**
A FASTER START
MODEL NV-2

PAYS OFF WITH BIGGER YIELDS

Knock the weeds out of your growing crops with a Winpower Rotary Cultivator. The off-set "cross-cut" tooth action gives you greater soil disturbance and better cultivation. Break crusts, break clods, pulverize the soil the way you like it. Crops grow faster — stay greener with this type of cultivation.

Come and see for yourself how this tillage tool makes bigger, better crops. See the heavy-duty construction that will give you years of trouble-free service. Give your crops this faster, cleaner start with a WIN-POWER Rotary Cultivator.

**"CROSS-CUT" ACTION
KNOCKS OUT WEEDS**
See the off-set "Cross-Cut" tooth arrangement on the rind. That's the secret of better weeding and cultivation.

BOBO BUILDING
Muleshoe, Texas

The safest place in a lightning storm is your LOK-RIB Building

You enjoy peace of mind in stormy weather when you own a LOK-RIB Steel Building. It's all steel—it won't burn—and if lightning strikes, the easily grounded steel panels dissipate the charge. The extra strength of LOK-RIB's exclusive V-rib design gives you that same safe feeling when winds are high.

The factory-engineered, mass-produced LOK-RIB Steel Building goes up easier and faster. There are no high framing costs. Every part is pre-punched and matched to fit. Four widths—24, 32, 40, and 48 feet.

CHEVROLET

OVER BACK-COUNTRY ROADS AT 45 WITH A SKY-HIGH LOAD OF TIMBER

Chevy middleweight shows the big rigs how it's done!

That's a 6303 medium-duty Chevrolet powered by a 253-cu.-in. V8. But there's sure nothing medium-duty about the load. Mr. J. E. Blankinship, Arkansas logging contractor, says both of his torsion-spring 6303's "move along at 40 to 50 miles per hour with 55,000 pounds gross weight and maintain a 5-trip-a-day schedule with no trouble at all." Figure the money you save when you've got a medium-duty truck that can cover 30,000 back-country miles a year with a high-tonnage load!

We've never seen anything like the amount of praise truck owners are heaping on Chevy's new torsion spring suspension. Owners like the fact the truck handles a whole lot easier, can move faster off the road without beating the driver to death and shaking loose all the sheet metal. They like the idea of extra thousands of miles before trade-in! . . . Drive a '60 Chevy just once. It's a whole new experience.

(Chevy middleweight averages 200 miles of back roads a day dogging timber out of the woods and delivering it to the mill at Crossett, Arkansas.)

putting them off. If, for example, you had planned to establish a waterway last year but forgot it, your terracing might have to be delayed.

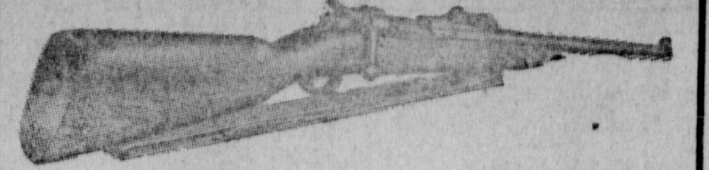

Take the recently developed plan on the Alton Briggs farm near West Camp. Mr. Briggs recently bought this farm and wanted to make a few changes in its operation. A strip along the west side was very sandy. It was a great deal of trouble to hold a ditch, in addition, an extra expense to pump the water lost by evaporation and percolation in the ditch.

Briggs decided a sprinkler irrigation system was needed. He decided that a strip of grass along the sandy area should be planted. In addition,

he felt that a narrow strip of grass on the north and south edges of his farm would be beneficial. This grass would be used as a turn-row and to prevent wind erosion that is common on the ends of the rows. He plans to establish farmstead wind-breaks around the house. He planned a rotation of cotton, grain sorghum and alfalfa on the cropland.

In order to carry out his plans as quickly as possible, Briggs settled on a definite schedule. The first thing to be done was the installation of steel line and sprinkler system. This would furnish water where and in amounts needed to carry out the other phases.

Briggs has already begun installing the steel line. This, as well as planting grass and Great Plains Conservation Pro-

Carl Adair Enlists In U. S. Air Force

Carl Adair, 22, of Muleshoe, enlisted last week in the U. S. Air Force. Carl has been residing with Mr. and Mrs. Claude Locke of Muleshoe. His parents, Mr. and Mrs. Floyd D. Adair, live in Huntington Park, Calif.

Carl is a graduate of Muleshoe High School and attended Eastern New Mexico University at Portales, N. M., for one year.

He was employed by The Muleshoe Journal just prior to his Air Force enlistment and at one time was employed by the First National Bank.

Carl was enlisted in the "General Occupational Area" which covers such jobs as intelligence and weather forecasting. During his first week of basic training he will be in-

terviewed by a classification specialist, he will express personal desires and indicate whether or not he has had specific training in a given specialty. The intent of this interview, coupled with the aptitude tests given prior to enlistment, is to "get the right man in the right job."

After basic, depending upon the results of the classification interview, he will be assigned to either a technical school or on the job training at an Air Force Base. In either instance, he is on his way to become a specialist in the Space Age Air Force!

Lazbuddie Loses To Nazareth Nine

The Longhorns dropped a 1-0 game to the Nazareth team on Monday. The only run scored was unearned and was a heartbreaker for Lazbuddie pitcher David Tarter, who allowed only one scratch hit to spoil the possibility of a no-hitter. The Longhorns had three hits off of Gerber, a single by David Tarter and a single and double by Jerry Weaver.

Last Thursday, Tarter pitched a no-hitter against Adrian for a 12-2 victory and the preceding Tuesday had a 9-3 win over Bovina, giving them five hits.

Tarter's record as well as the Longhorns season record is now two wins against one loss.

Most of the Longhorns baseball team members were out for track and they should continue to improve with each game.

The Longhorns take on Bovina at Lazbuddie Friday, April 29.

The remaining scheduled games are: Tuesday, May 3, Adrian, here, and Friday, May 6, Nazareth, there.

All games begin at 3 p.m.

WOULD CHANGE ENTIRE CONCEPT

Texas Farm Bureau Opposes Poage Farm Bill

WACO — J. H. West, president of the Texas Farm Bureau, has called on county Farm Bureau leaders to muster opposition to a farm program advocated by Congressman W. R. Poage of Texas.

In a letter to county Farm Bureau presidents and policy execution chairman, West also urged them to contact their Congressmen and Senators in support of the Farm Bureau's proposed wheat legislation.

West charged that the Poage bill (H. R. 10355) would change the entire concept of farm program legislation as it is known now.

"Basically, it involves elements of tight government controls with direct payments under nation-wide marketing orders on a commodity-by-commodity basis, and encompasses, with but a few exceptions, every commodity produced by farmers and ranchers.

"If the program should become law, the cotton allotment could be reduced to about 9 million acres and wheat to approximately 23 million acres", West warned.

The present cotton allotment (including choice A and B programs) is about 17½ million acres and the minimum wheat allotment is 55 million acres.

The farm Bureau leader said adoption of the Poage bill

would mean a licensed and regimented agriculture. He pointed out that production cuts of the magnitude that would be required by the proposed stabilization programs—the inevitable regimentation that would be necessary to enforce such a program and the proposed limitations as payments to individuals—would level per family farm income, and reduce even the most productive farmers to a peasant status.

Farm Bureau has introduced proposed legislation dealing with the wheat situation which West termed "the most serious problem in agriculture." The state Farm Bureau president said that no plan will solve the basic problem or serve the long-run interests of farmers unless it encourages market expansion, reduces incentives for the production of unneeded supplies, minimize economic hardships on wheat growers, and avoids shifting the burden of adjustment to other farmers.

To accomplish these objectives, West said, the Farm Bureau advocates legislation that would:

1. Eliminate acreage allotments and marketing quotas, effective with the 1961 wheat crop.
2. Base wheat supports—beginning in 1961—on the support level with corn, with upward adjustments to reflect differences in weight, nutritive value and buyer preference; however, wheat would be supported at not less than 120 percent of corn in 1961.
3. Protect all farmers against the competition of Commodity Credit Corp. sales from accumulated wheat stocks, which now total over 1.4 billion bushels. This protection would be made effective by providing that no CCC wheat stocks could be sold for domestic use or dollar exports at less than 150 per cent of the effective support price, plus reasonable carrying charges.
4. Help farmers make needed adjustments in land use by expanding the Conservation Reserve program to 60 million acres by 1963.

Today's Meditation

The Christian Witness

Read Acts 13:1-4
The Holy Spirit said, "Set apart for me Barnabas and Saul for the work to which I have called them."

In upper Egypt, Ayyad El Daleel is a devoted elder of a village church. As he was meditating and reading the Word of God, he came to these words: "Whom shall I send, and who will go for us?" For him this was a personal call of the Holy Spirit to witness in a more devoted way for the Lord.

Since then, he spends three days each week in his fields looking after his business. He spends the other four days each week visiting churches. He visits about forty churches every year, most of which have no pastors. He pays his own

expenses and in many cases helps financially the churches he visits.

During the "Lord's four days" he visits the church members and others also. He sings, reads from the Bible, and prays in every home. In the evening he preaches in the church with all seats occupied. Through his witness, many souls have confessed their faith in Christ and joined the church.

PRAYER: O God, I know that Thou wouldst have me do something for Thee today. Help me to forget my comforts till I see others comforted in Thee. In Christ's name and for His sake. Amen.

Thought for the Day
As a Christian, I will do something for God today.

Be glad we have plenty of food to share!

... and be glad our little citizens eat so well ... that in America an hour's pay buys more food and clothing than it did 40 years ago ... that farmers produce abundantly, even though they get only 37 cents out of the dollar you spend for food.

But will your children and grandchildren live so well a few short years from now? In just 20 years, say the experts, every farmer must produce for 50 people ... twice as many as he feeds today.

He'll do it, too, providing he has plenty of low-cost electricity. As help becomes scarcer, he'll use more electric power to do more of the jobs still done by hand. He'll flip a switch to feed more cattle and hogs, milk more cows, care for more chickens.

And supplying plenty of low-cost electricity is the job of America's Rural Electric Systems ... built, owned, and operated by the people they serve so well.

Best of all, rural electricians pay their own way. Already, these systems have paid more than \$1 billion in principal and interest on their \$3½ billion REA loans ... added proof that this is one of the soundest investments our Nation has ever made.

 Muleshoe Continues Much Building

Muleshoe does not pose as being among the class of big cities noted for multiplied thousands of dollars worth of

building construction going on all the time, but it is proud of its steady growth both as to population and wealth.

Last year a check-up revealed more than \$240,000 worth of buildings, business and residence construction was done, and the work is still being continued this year.

Residences are now being erected here by W. B. Wagnon, Dr. L. T. Green, Gale and "Bitz" Holt, and the Higginbotham-Bartlett Co., at an estimated total cost of \$15,000 and there is considerable other minor improvements going on.

About two and a half miles northwest of Muleshoe, John L. Wallace is erecting a five room residence and some miles east of town, Harry Engelking is erecting another five room house. Other cities noted for multiplied thousands of dollars worth of

and business houses which will doubtless materialize in the near future.

LOCALS

Carl Case, of Portales, N. M., transacted business in Muleshoe Saturday.

Muleshoe population jumped Saturday night of last week when a girl was born to Dr. and Mrs. L. T. Green.

Visiting attorneys attending District court here the opening day were E. A. Bills and District Attorney Herbert Martin, Littlefield; Mead Griffin, Plainview; Sam Aldridge, Farwell; and Bert Dryden, Sudan.

Texas Spends Less On Public Schools Than Ten Years Ago

Austin, April 25 — Texas now spends a smaller share of its State tax dollar on public schools than it did ten years ago, the first year of sweeping changes in school financing under the Gilmer-Aikin school laws.

This is one of the striking facts documented in the latest edition of "Trends".

annual statistical research publication from the Texas State Teachers Association. This year's report covers the first ten years of experience with the Gilmer-Aikin Minimum Foundation School Program.

Public school expenditures are back where they were in 1948-49, percentage-wise, the year before Gilmer-Aikin improvements went into effect, the report shows.

In 1948-49 the State spent 27.49 cents of each dollar for public schools. In 1949-50, the first Gilmer-Aikin year, the figure rose abruptly to 29.67 cents. Last year, in 1958-59, public schools got 27.68 cents of each dollar spent by the State, or two cents less than ten years ago.

Like other State services, the total number of dollars spent for education has increased. But other State expenditures have increased at a faster pace, the figures indicate.

Much of the increased cost of schools, the research shows, has been due to the increased number of school-age children, plus the fact that they are attending school more.

"Trends" points out these significant changes in the last ten years: Scholastic population 5-17 years of age, up 33.6 per cent; enrollment, up 46 per cent; and average daily attendance, up 51 per cent. To teach the 51 per cent more children in school, the total number of teachers has increased 49.4 per cent.

Babson Discusses Our Educational Costs

Babson Park, Mass., April 28 —Probably no event this past year in higher education has stirred up more of a furor than the late Beardsley Ruml's plan for curbing the fiscal ailments of our colleges.

A Taxpayers' Financial Problem
 Most readers know that inflation has made such an impact upon our colleges that fees have been constantly increased year after year. Today we are failing to develop some of our best brains because many brilliant high school graduates just cannot afford college.

To slow down this ever-accelerating spiral of educational costs, and to attract and hold better faculty, it has been proposed that the colleges mass-produce students as an automobile factory mass-produces cars. Theoretically, if a professor teaches 50 in a class instead of 25 students, he has doubled his production. Greater productivity should cut operating costs and in turn lead to higher salaries. Another suggestion is to chop out of the curriculum the many courses of study for which demand is slight and classes small. I personally do not believe in large classes; but I do believe that both

high schools and colleges could omit courses which are now cluttering up educational efficiency.

Reactions To Economies
 Reactions to these plans have been violent. Educators everywhere have been vociferous in their opposition. They argue that students are not to be shaped on a production line as chunks of metal are milled and bored for engine blocks. The large lecture hall, educators rightly contend, would then become little more than a means for transferring the professor's notes to the students' notebooks. A college education is not just cramming the mind with facts about history or science or business. There must be reaction by students; where there is no reaction, there is no learning. Ideas must be chewed, digested, assimilated into the student's own philosophy. To effect this reaction an in-

structor must challenge his students, listen to their questions, criticize or encourage them. Education is the sum total of one's development of character, one's attitude and reactions to life. With such educational goals I fully agree.

Yet if the average high school or college would be honest about how effectively it is accomplishing these goals, all it has to do is to seek the opinion of its most mature students. When it does this I wager many an administrator will be shocked to learn how many instructors are complete bores. The question of cutting out courses is entirely different. A certain course, let them go to a nearby college and get it. Such courses should be taught by only one college within a radius of 15 miles.

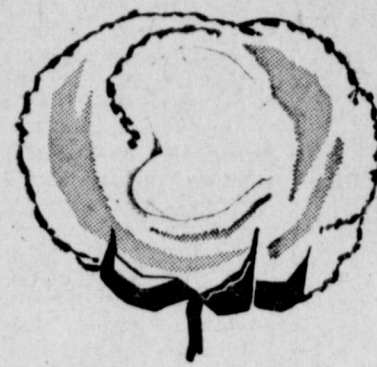

Real Problem Is One Of Values

A look at our national appetite for a good time, our national pastime of belittling things intellectual, our accelerating divorce rate, shrinking responsibilities, our shocking juvenile delinquency, and our measurement of "success" in terms of material possessions, make one wonder just

how effective is the present educational method which our educators so stoutly defend.

What kind of citizens have we after they have graduated from college? Have they developed habits of straight thinking? Are they intellectually honest? Have they made their neighborhoods any better? Have they produced better children? Are they any freer of prejudice? Do they cherish and work for spiritual values for their community the nation, and the world? These are what will make us or break us in our struggle for world leadership. While they may not be any easy academic short cut, I believe there must be a less costly way to sound education. Taxpayer who foot the bills have the right to expect methods that will produce much better education at much lower cost.

Sand Hills Philosopher Doubts

That Machines Will Ever Really Get Rid Of All The Manual Labor

Editor's Note: The Sand Hills Philosopher on his Johnson grass farm discusses work this week, in a theoretical sort of way.

Dear editor:
 Some people never get out of a rut. For example, they think the only time to get spring fever is in the spring, whereas I've found it can be done in the summer, fall or winter too, if you put your mind to it.

What brought this to my mind was an article I read yesterday afternoon when I got tired of working and sat down, by an industrial expert who said that "by the year 2,000 the word 'worker' will be obsolete, men having been replaced by industry. Look about you now do you see many people with a pick and shovel?" he asked. "Do you see anybody actually doing any manual labor?"

Which way you reckon that man was looking? You can look in some directions say mine for example, and maybe not see anybody doing much manual labor, but the idea that manual labor has just about been abolished is one of the biggest hoaxes ever attempted.

Now it's true that riding a tractor beats walking behind a plow pulled by horses, but anybody who imagines driving a tractor eight or ten hours a day, going up one row and down another, doesn't involve work just never tried it. Furthermore, you don't step outside, when plowing time comes, mount your tractor and take off. Somebody has got to get some plows or planters or busters or discs hooked up to that tractor, and if anybody thinks this doesn't involve manual labor, I will be glad to turn the job over to him the first thing in the morning.

And furthermore, manual work isn't confined to the farm. In the most perfectly air-conditioned building in the city, using scientifically designed chairs and an electrically operated typewriter, typing eight hours a day runs into work. A doctor in a modern hospital with all kinds of newer gadgets, including an electric saw instead of a hand saw, still finds himself played out after a four-hour operation. And so it goes.

In fact, regardless of how many labor-saving devices man now has, regardless of all the automatic systems and modern inventions, most people I know wind up the day just about as tired as people did 50 years ago. At least they say they're tired. And when I say I'm tired, I don't want anybody arguing with me about it.

My theory is that machines To buy, rent, sell or trade use The Journal Want Ads.

will never be smart enough to eliminate work. It's up to man to do this, and the only way is not to rely on a machine, but to simply crawl under the shade of a tree and stretch out.

Junior High Band In 1st Division

by Jeanne Gray
Last Saturday, the Muleshoe Junior High Band attended an Interscholastic League contest. The band received a first division in sight-reading. Everyone is quite proud of the ratings and appreciate their director's, Mr. Bob Cheek, efforts. The band played for the Band Booster's meeting Thursday night, April 21. Those numbers on the program were "Goodin'", "Legendary Air", "Proudly We Play", "Syncoated Clock", and "The Thunder".

Some of the Junior High School news gathered this week was the news of a hay-ride and wetter roast for the seventh and eighth grade basketball girls. It is to be held Friday, April 22. The seventh grade and eighth grade boys have begun their spring football training.

The students wish to extend their deepest sympathies to Gregg Blackwood. Gregg's grandfather passed away recently.

The eighth grade at Junior High School have been taking reading tests. The tests are being given by Mr. O. E. Lumsden, vocational advisor.

April 28 is a big date for the seventh grade. After school, that Friday, they will leave for Farwell, where they will go skating at the new skating rink.

Senior MYF Given Back Yard Supper

by Magann Lamb
Mr. and Mrs. Fred Johnson and Mr. and Mrs. Dolly Ann entertained the members of the Senior Methodist Youth Fellowship with a supper in the back yard of the Johnson home. Mrs. Ann and Mr. Johnson are the young people's Sunday School teachers at the Muleshoe First Methodist Church.

The twenty-two young people who enjoyed the evening were Pan and Lynn Lenua, Dolores Waggon, Bob and Gerald White, Pat Barrett, Billy Gilbreath, Barbara and Kenneth Ewins, Juanita Burkett, Jack Roubinek, Sandra Darsey and Kenneth Le Rue.

Richland Hills Wins League Meet Places

by Kenneth Phillips
The first grade had an Easter party and enjoyed playing games and hunting eggs. They enjoyed coloring Easter bunnies, eggs, and ducks.

Now that Easter is over, the children will have their interest in the Science Fair.

The second grade is working on projects for the Science Fair. They decorated their rooms for Easter. Speed tests in numbers are being given throughout the second grade.

The following third graders have birthdays this month: Dinise Dess, Karla Lovelady, Kenneth King, Mary Marquese, David Gupoin, and Johnny Roney. Mrs. Bryant, also, has a birthday this month. The speech club of Mrs. Rutherford's room spoke for the Rotary Club on April 20.

All of the fourth graders had Easter parties. They had a lot of fun and were very excited about it. The fourth graders were very pleased when their annuals came in.

All pupils in the fifth grade are looking forward to the Science Fair and hope that everyone else is, too. They are studying about Sam Houston in history.

The following sixth graders have birthdays this month: Carolia Bass, Clea Corlison, Barbara Van Dyck, Mike Gray, Janice Bruton, and Mary Lou Read.

Science Fair Held At Richland Hills

by Darrell Lancaster
The annual science fair was held at Richland Hills Elementary School last Saturday. A trophy was awarded to the grade showing the best exhibit. Pins and ribbons were given to each grade. Everyone who entered received a certificate.

Richland Hills won third in spelling and second in picture memory at the Interscholastic League Meet. Second and fourth place was taken by Jeanne Waggon and Bruce Purdy.

Judy Elliott received first prize for the most original hat of the Easter Parade. The sixth grade music class paraded down halls and into rooms as they sang "Easter Parade".

Personality of The Week

by Priscilla Inman
Ronnie Black, freshman at Muleshoe High School, has been chosen as the "Personality" for this week. He is the sixteen year old son of Mr. and Mrs. Ralph Black.

Ronnie was born here in Muleshoe on December 20, 1943. He is the sixth child in a family of thirteen children, five girls and eight boys.

When Ronnie was in the eighth grade, he served as Vice-President of his class. He now serves as President of the Freshman class.

Ronnie takes an active part in all athletic events. He plays football, basketball, and track.

Ronnie's older brother, Lyndal, is a Senior and President of his class. Lyndal has also taken part in all athletic events.

Since Ronnie is a freshman, his main ambition in life is to graduate from high school. What he does after this still remains unknown.

Mrs. Hodges Is New 6th Grade Teacher

by Mary Sanders
Mrs. Hodges is a new teacher in the sixth grade. She has taken the place of Mr. Grimsley, who has quit teaching school.

Recently the teachers of Mary DeShazo enjoyed ice cream and cake as a farewell gesture to two of their teachers, Charles Wilhite and Joe Grimsley. Each was presented with a shirt apiece.

The fourth grade enjoyed an Easter egg hunt, basketball and games before the Easter holidays at the home of Mrs. Schuster.

In the front of Mary DeShazo, the fourth grade planted tulips in memory of Mike Barkers father. They are now in bloom and are being enjoyed by all.

Harriet Glaze had an Easter party on her birthday. Four of her friends attended and enjoyed going skating at Farwell.

Linda Fowler had a birthday slumber party. Seven attended.

April 6 Karen Black was 12 and Cathy Wilkerson was 12, April 9.

As an Easter program the sixth grade put on two plays and had an Easter parade for their parent's enjoyment. Mrs. Laign, Miss Mosteller, Mr. Grimsley, and Mr. Wilhite helped with this program. The two plays were "Paul Split the Atom" and "Persons or People".

Sixth Grade Girls Begin Basketball

by Mary Gross
The sixth grade girls from Richland Hills and Mary DeShazo have had their first glimpse of organized basketball. Mr. John Lumsden, the junior high coach, started preparing for next season with workouts once a week.

Approximately twenty girls turned out for the first two workouts. The girls will be practicing the fundamentals of passing, dribbling, and shooting on Wednesdays until about the middle of June.

The girls are coming along nicely and the prospect for future years is very good.

Juniors Pre-Register For Last MHS Year

by Goldie Lowery
Muleshoe high school was recently the scene of pre-registration activity. This was the final pre-registration for the 1959-60 juniors of MHS. In only a few weeks they will be known as the seniors of 1960-61.

To be a senior at the beginning of the 1960 fall term, students must have completed thirteen credits of high school work. To graduate each student is required to have completed eighteen credits. Credits are based upon the student's passing in the designated course of study.

To graduate in May of 1961, each student must have had two years of science; or, one year of science and two years of home economics or agriculture. The student must have completed four years of English, two years of math, other than general math, and one year of American history, and one of Texas history and civics.

Some of the elective courses to choose from were speech, bookkeeping, shorthand, Spanish, business law, typing, history, home economics, science, band, chorus, physical education, and journalism. All are looking forward to a full year of activity.

Senior Class Shirts Are Distributed

by Barrett
Lyndal Black, president of the MHS Senior Class, presided over a called Senior Class meeting Wednesday, April 20.

The meeting was called to tell the class that the shirts they had ordered were in. The Seniors were also told that the announcements had all been paid for and could be picked up in the library before school was out that day. The members of the class are also supposed to go downtown and be measured for graduation gifts.

A committee was appointed by Lyndal to advertise the Senior Play. Those on the committee are Kay Brown, Ronald (Tub) Angley, Sharon Evans, Dolores Waggon, Phyllis Milligan, Arlene Howard, Nelda Hunt, Joe Childs, Joe Jackson, Rita Lewis, and Kenneth Phipps.

The usual tradition is for the Senior class to attend church together the Sunday morning of Baccalaureate. This year's Baccalaureate Services will be held on Mother's Day, so the class decided to attend church together the Sunday morning before Baccalaureate on May 1 at the First Baptist Church.

Parmer County Farm Bureau News

"Some groups are trying to leave the impression that the things that Americans thru the years have given their lives for was a higher standard of living", Roger Fleming, AFBF Sec. Treas., of Washington, D. C., speaking at the Phoenix, Ariz., All-American Banquet this month said, "But I find that hard to believe, because you've got to live to enjoy a standard of living. I believe it is freedom that we have found our young citizens willing to risk their lives for in the past, and Farm Bureau people believe that is the most important thing in the minds of Americans", he said.

After a sixteen day tour of New Mexico, Arizona, and California, we still are convinced that this area is the best for farming and living. We are glad for the other areas to visit but we're happy for this one to return to and live and conduct our business.

We hope that our farmers are giving serious consideration to the various farm programs being presented in Congress. There are some so-called "family farm programs" that would cut wheat and cotton acreage in half almost immediately. Even though they may sound inviting on the surface, surely no one has a strong enough imagination to believe that a price could be maintained to give a farmer the same income that he enjoys with more acreage.

We invite your careful study of the American Farm Bureau proposals that are intended to maintain freedom for farmers and others, with the opportunity to do better, rather than a guaranteed, fixed starvation type handout, such as some

proposals that suggest a \$5,000 limit to government aid per individual farmer, regardless of circumstances.

We are well aware that the situation in this area is unlike that of many other farm and ranch areas. The fact remains, however, that any National Farm Program is going to have to be supported by a majority of the Congressmen from fifty states and not just one state or one congressional district.

The Farm Bureau Weed Committee met Monday night with Chairman Gus Schlaubs presiding, to formulate plans for bindweed control this season.

We want to compliment your office secretary, Glenda Rickard, for the fine way she served you during our absence. She appreciates your cooperation with her when she was alone during rush periods.

If you have not renewed your membership, won't you do it now? Joe Jesko and J. T. Jones attended the Bushland Experiment Station Weed Conference last week. J. T. Jones took several boys from Bovina with him. Jesko and Jones are members of the FB Weed Committee.

The grade school tennis players came out very good in the tennis meet at Pep Tuesday, April 19. The girls won first and the boys won second in the district.

The Bula Boy Scouts received \$109 from the local merchants last week as a financial boost for the troop. Merchants donating were: Harry Pollard, Dale Middlebrook, T. L. Simmons, Farmers Co-op and R. T. Newton, Claunch Gin and Central Compress and Wholesale Co., of Sudan, Flash-O-Gas, Morton, Ware & Brittain Pharmacy in Littlefield.

Mrs. Rowland Gibson has been in Lubock at the bedside of her mother, Mrs. Alice Harry. Mrs. Harry underwent surgery at the Taylor Clinic in Lubock Friday of last week. Another daughter, Mrs. Don Jones of El Paso is also here. Date for the Junior-Senior to be with her mother.

Banquet has been set for Friday evening, May 13. It will be held this year at Underwoods on 34th St., in Lubock.

Mr. and Mrs. R. E. Jones returned home Friday evening from a two-weeks visit with their daughter and family, Mr. and Mrs. Earl Shields and baby daughter of Tacoma, Wash.

David Kessler was admitted to the Littlefield Hospital Monday and remained for a physical check-up.

Mr. and Mrs. J. P. Morris made a five day sight-seeing trip up into New Mexico and Colorado. Mr. Morris' mother, Mrs. J. G. Messer of Grand Junction, Colo., returned home with them for a visit.

Mr. and Mrs. Hubert Berryhill spent the first of this

week visiting relatives and fishing at Comanche.

Carol Cook and Opal Bogard, both outstanding students in the Senior Class, were awarded scholarships to play with the Wayland Flying Queens and Queen Bees next fall. The two girls have been outstanding players in basketball almost all their four years of high school.

Opal has won All-District honors all her four years of high school and also received All-Regional honors in 1958-59.

Carol placed on the All-District team in 1958, 1959, and 1960. She also made All-Regional team in 1959.

Carol won outstanding forward and Opal won outstanding guard in 1959 at the Southwest Amateur Athletic Tournament at Duncaneville.

Some time past, the seven Senior girls took a test to determine who would be the Betty Crocker Homemaker of Tomorrow in this school. The results were recently received by Mrs. Duke and Carol Cooke was the winner. She was awarded a pin by Mrs. Duke.

Mr. and Mrs. James Bow-

lin of Littlefield were lunch guests Sunday with Mr. and Mrs. Cecil Jones.

Mr. and Mrs. C. K. Holt visited Sunday afternoon in Lubock with his parents, Mr. and Mrs. C. K. Holt, Sr.

The Bula eighth grade boys led the girls in the race for both valedictorian and salutatorian honors. Mike Risinger is the valedictorian with an average for the year of 94.8.

Roger Jones is trailing close with an average of 92.2.

These boys have been strong competition for one another since the first grade when they started in the fall of 1951.

Sunday afternoon guests in the L. H. Medlin home were Mr. and Mrs. Les Price of Sudan.

Mr. and Mrs. W. B. Gage ate lunch Sunday with their son in Lubock. Mr. and Mrs. Billy Gage and son, Timmy, and on their return home they stopped in Shallowater for a visit with Mr. and Mrs. J. E. Peters.

PRINTING—We do it right at a standard price. The Journal.

CHRISTIAN SCIENCE SERVICE

God's infinite mercy and goodness will be brought out at Christian Science services Sunday.

One of the selections to be read from the Bible in the Lesson-Sermon on "Everlasting Punishment" is the following from Psalms (130:7): "Let Israel hope in the Lord: for with the Lord there is mercy, and with him is plentiful redemption."

Selections from "Science and Health" with Key to the Scriptures" by Mary Baker Eddy will include (329:26): "The pardon of divine mercy is the destruction of error."

The Golden Text is from Psalms (86:5): "Thou, Lord, are good, and ready to forgive; and plenteous in mercy unto all them that call upon thee."

BOOST YIELDS PER ACRE...

with engineered irrigation and Alcoa Aluminum Pipe!

With a complete line of lightweight Alcoa Aluminum Irrigation Pipe, your Alcoa dealer can design a portable sprinkler or gated system for any need!

You apply an exact amount of water when it's needed, from germination to harvest, with engineered irrigation using Alcoa® Aluminum Pipe. You get higher yields per acre cultivated, better quality crops, earlier maturity to catch peak market prices.

Pick the Alcoa Aluminum Pipe you need!

Alcoa Standard Class 150—a heavy-duty, seamless pipe with full-thick walls to take rough handling and high pressures—comes in eight diameters from 2 in. through 10 in. Alcoa Lite-Line is either extruded—lightweight, low-cost pipe for most normal uses; or welded—alclad inside for maximum corrosion resistance. It's available in nine sizes from 6 in. through 12 in. for tapping high-volume water sources. Both Alcoa Standard Class 150 and Alcoa Lite-Line come in 20-, 30- and 40-ft lengths; larger sizes of Alcoa Lite-Line, Welded, also in 50-ft lengths.

Ask your local dealer about Alcoa's 48-Month Irrigation System Finance Plan!

Provisions of this finance plan allow your new irrigation system to serve as security against your loan. There's no red tape . . . you get immediate action on application for a loan. You pay for your system out of your increased profits.

Your Irrigation Dealer has quality Alcoa Irrigation Pipe available for immediate delivery from local stocks. He can engineer an irrigation system specifically for your land, your crops; provide local service on a complete system.

Do not let a minority group take the right to vote or judges away from the people.

Judges are elected by your vote so that the people may control the development of the law.

Some politicians and a few lawyers are proposing that judges ought to be appointed. I am opposed to such a proposition.

The people know as well as lawyers if a candidate is qualified to be a judge.

My finance is too limited to do a lot of advertising in this campaign. However, advertising does not add to a candidate's qualification.

I often wonder where so much money comes from in expensive campaigns for public office.

When I am elected I will be obligated only to the people as a whole.
