Store Windows Shot; Thefts Reported

Bob Brake, co-owner of Heritage Furniture located at 1432 Ave. J, reported to Tahoka police that someone had shot four plate glass windows with a BB gun on Saturday. Value of the broken windows was set at \$775.00.

Crime Line, 998-5145, has offered a \$300 reward for information clearing the case of criminal mischief. The windows were shot on the night a street dance was held in the vicinity.

On Monday, Alex Castillo of Rt. 5, Tahoka reported to police that someone had broken into his car and had stolen a carton of cigarettes, a .38 special pistol and \$45 cash.

Police investigated one accident during the past week on Friday at the intersection of Lockwood and Ave. L that involved a 1977 Pontiac driven by Charles Amon Isham of Tahoka and a 1982 Oldsmobile driven by Glynnda D. Gresham of Electra. No injuries were reported.

Police also received a call from a resident complaining of "kids making a lot of noise" on a parking lot late Saturday night.

A tractor on a farm 12.5 miles west of Tahoka and a quantity of cotton in a field were damaged early Friday morning as occupants of a vehicle which had

stalled took a tractor owned by Wayne Crotwell of Tahoka and tried to start the pickup by pulling it around in the field owned by Crotwell. Officers talked with witnesses and learned the identity of the occupants of the pickup. The suspects paid Crotwell damages totaling \$200 and no charges were filed.

Last Wednesday (Aug. 22) evening, Wilson city officer Bob Ray observed two persons running from a pickup to another vehicle in Wilson and gave chase, joined by Deputy Rex Childress, as the car sped toward Slaton. In Slaton, police officers stopped the vehicle and two suspects were detained. A 17-year-old Slaton youth pleaded guilty of theft before Lynn County Judge J.F.

Grandparents Day Is Sept. 9

Gov. Mark White has designated Sept. 9 as "Grandparents Day" in Texas.

O.P. (Bob) Bobbitt, executive director of the Texas Dept. on Aging, said, "Grandparents are very unique individuals; they can spoil our children with love and ask so little in return."

Brandon and paid fine and restitution totaling \$388. A 16-year-old companion from Slaton was released to his guardian, with the case to be referred to Lynn County juvenile authorities.

The suspects had stolen three tires from the bed of a pickup owned by David Lynn Bell of Wilson, and also had cut a hose at Wilson Oil Co. service station.

T.B. Mason, Rt. 4, Tahoka, reported a stock trailer missing from a farm site northwest of Gordon.

In jail during the week were one person each for theft by taking, assault, disorderly conduct, evading arrest and traffic violation and driving while intoxicated, third offense.

Tahoka Teacher Tops District In Her Field

Barbara Jaquess of Tahoka High School has been selected as the outstanding secondary business education teacher of District 17 of the Texas Business Education Assn.

The state outstanding business education teacher of the year will be selected from the 20 district recipients at the Texas Business Education Assn. meeting in Amarillo on Oct. 4-6. Mrs. Jaquess is one of the nominees for the state honor.

Mrs. Jaquess will be recognized at the TBEA meeting as the outstanding business education teacher of the year for this district and will receive a certificate indicating this honor.

County Pay Raised, But Not For Commissioners

Lynn County commissioners Monday approved a budget for the coming year which includes 5 per cent raises for all county employes and elected officials, but the commissioners excluded themselves from the pay increases, leaving their salaries at \$11,018 per year.

Commissioners also get \$3,000 annual travel expenses.

The new budget calls for expenditures of \$1,072,297 next year, up \$67,000 from the 1984 budget. Most of the increase is for salaries. Anticipated revenue from all sources except revenue sharing is \$1,576,905 for next year, with \$624,170 of this expected to come from taxes.

The tax rate has not yet been set, but commissioners indicated they plan to keep the rate the same as it has been, 27 cents per \$100 valuation.

Commissioners also approved payment to Gaines County for Lynn County's share of office expenses for the district attorney, totaling \$926, approved addition of a 15 per cent attorney's fee on collections of delinquent taxes by the county appraisal district, starting next July, and accepted a bid of \$9,925 from McCord Motor Co. on a new ¼ ton pickup for the extension office.

Lit Moore appeared before the

commissioners to question why the county should not get a fee from seismograph operators who use county roads.

Tahoka Postmaster Leonard Dunn appeared before the group to inform them that residents on Tahoka mail routes are going to have to have their rural delivery mail boxes to the right side of the road according to the line of traffic and the direction the mail carrier comes to the house. This

means that many rural boxes will have to be changed, Dunn said, adding that this is in accordance with a directive from the main post office, and that he has no choice but to implement it.

He said recent accidents involving rural mail carriers have been attributed to the carrier's having to cross the road to the left side to put mail in boxes, and the postal department has decided to compel all persons receiving rural mail to place their boxes on the right side if they are not there already.

"We know this is going to cause some problems for some people, particularly any elderly persons who now will have to cross the road to get their mail, but there is just nothing we can do locally except to do what they say," said Dunn.

He said he was giving the commissioners the information so they would know what is happening if some of their constituents ask county help in making a place for a mailbox across the road.

He added that probably more than 40 per cent of the boxes on Route 4 and 20 per cent on Route 5 will have to be moved. He also said that the responsibility for moving the boxes is the customer's, and that the changes must be done "as soon as possible."

O'Donnell Postmaster Eloy Vigil and Wilson Postmaster Jim Coleman were not at the meeting, but the ruling applies to all rural boxholders everywhere, according to Dunn, so some persons on those routes face the same problem.

Commissioners confirmed that a \$5 additional fee on all vehicle registrations would be added after Jan. 1 to license fees which already have been markedly increased by the state. The \$5 will go into the road and bridge fund.

All commissioners and Judge J.F. Brandon were present.

COMPTROLLER TO BE AVAILABLE SEPT. 5

State Comptroller Bob Bullock has announced that Virgil Rogers from his Lubbock Field Office will be at the Lynn County Courthouse in the court room on Wednesday, Sept. 5, from 10 a.m. to 12 noon.

Anyone with problems or questions concerning state taxes should contact Mr. Rogers at the courthouse in person or call the Lubbock Field Office, (806) 795-0691.

Wilson Lions To Sponsor Blood Drive

WOODWORK

BY DALTON

WE BOUGHT a piece of equipment the other day and somehow we were able to pay for it. The salesman took our check and went back to wherever he goes back to when he leaves here, and a couple of hours later he called us up: "I need to get some information from you and set up an account for you, the boss says," he informed me.

"But we paid cash," I protested. (Has the blamed check already bounced? I wondered. Surely he didn't sneak over to the bank and try to cash it).

"Yeah, I know, but I'm told we still have to get credit references," he told me. So I told him I'd try to think of three or four places where I had paid cash before. "I paid \$4.49 cash for my wife's anniversary dress at the Goodwill Store," I offered.

Anyway, I gave him some references, but the whole thing was kind of dumb. Just a couple of days earlier, we went

to a motel and paid cash for the room and the clerk wanted to see our drivers licenses. He said people had been running off with their TV sets (implying that we didn't look too reputable). Later I discovered the TV set was black and white (mostly white, with little illegible figures jumping around on the screen) and nobody in his right mind would steal one of them.

It's a shame, but I guess we have come to a time when nobody trusts anybody. That's because in many places, like the cities where the motel and the salesman were located, people will steal you blind if you don't watch out. You just have to protect yourself if you don't live in some nice place like this community.

Along that line, we got a chuckle from a sign on the back of a van we passed. It said "This Vehicle Protected by Smith and Wesson."

Denise Deuval Deuval Exchange Vows In San Angelo

In a garden ceremony on Aug. 25, at 6 p.m. Denise Curry and Clifford A. Deuval were united in marriage at the Gazebo in San Angelo with Rev. Dan Keeney officiating the double ring ceremony. Music was provided by Kim Able.

Parents of the bride are Mr. and Mrs. John Curry of Bryan, formerly of Tahoka. Mrs. Ed Herron and T.L. Deuval Sr. of Fort Worth are parents of the groom. Grandparents of the bride are Elnora Curry of Tahoka, Eli Vickers of Lubbock and Winnie Vickers of Snyder. The groom's grandparents are Mr. and Mrs. W.E. Waldrop of Fort Worth.

Presented in marriage by her father, the bride wore a Victorian style white gown. The sheer Y-neckline featured a Pallantine collar of applied Chantilly lace accented by a deep Wedgewood lace ruffle.

Scattered over the fitted bodice, sheer tapered sleeves and waistline were appliques of Chantilly, silk Venise and Schiffler laces, each dusted with iridescent sequins and seed pearls.

A full skirt boasted hand-clipped appliques of Chantilly lace and an inverted V-inset of teardrop Wedgewood lace ruffles.

Mother-of-Pearl buttons enhanced the back of the bodice of the fitted waistline where satin streamers and rows and rows of Wedgewood lace ruffles cascaded

to a chapel length train. The bride's white picture frame hat was covered with Alenecone lace and held an eight foot train with blusher.

The bride carried a silk nosegay of lavender, purple and pink carnations accented with white roses.

Attending her sister-in-law as matron of honor was Mrs. Alan Curry. Bridesmaids were Mrs. James Calcavechia, Elaine Draper and Marisa Jackson. Chrissy Curry served as flower girl. They wore identical lilac formal length dresses.

Serving as best man was Bruce Alan Deuval, son of the groom. Groomsmen were Alan Curry, Mike Sawall and Greg Curry.

Michael Burton served as ring bearer.

Ushers were John Douglas Curry and Lance McNeely.

Following the ceremony a reception was held at the Century Terrace Clubhouse. Serving were Javaun Mims, Samantha Powell and Cindy Sawall.

Following a wedding trip to Austin the couple will live in San Angelo.

The bride is a graduate of Tahoka High School and received her BA in Sociology at Angelo State University. She is employed as an Adult Probation Officer in Tom Green County. The groom is a 1972 graduate of United States Armed Forces Institute and is currently employed by Foster Communications.

Party Honors Mrs. Mensch

A surprise birthday dinner was held for Eva Mensch Sunday, Aug. 25, in the home of her daughter, Mrs. W.S. Pierce, celebrating her 89th birthday.

Those attending were Mr. and Mrs. Wayne Bradshaw, Ricky and family of Graham; Mr. and Mrs. Allen Kilpatrick of Lubbock, Mr. and Mrs. C.M. Mensch of Lorenzo, Mr. and Mrs. O.C. Mensch, Mr. and Mrs. J.C. Durham, Marvin and Douglas Pierce, all of Tahoka, and her sister, Doris Staggs of Lubbock.

Immunizations Available Sept. 7

Free immunizations will be available at the Texas Dept. of Health Resources, 1640 S. First, Tahoka from 9 a.m. to 4 p.m. Friday, Sept. 7.

Mr. and Mrs. Leslie Paris will host the Tahoka Garden Club's annual summer night picnic in their back yard, 1919 Main, on Aug. 31 at 8 p.m.

Mary Heather of Hemphill-Wells Travel will present a slide review of a trip to classic Greece.

CUT FIREWOOD NOW-- Firewood cut now will be dry by the time cold weather rolls around, says a forestry specialist with the Texas Agricultural Extension Service. Dry firewood produces more heat and burns easier than freshly cut wood. Stack wood off the ground, in an open area to allow air circulation and cover to keep off the rain. When buying firewood, know the difference between a standard cord of wood and a "face" cord. A standard cord is a stack 4 feet wide by 4 feet high and 8 feet long. A face cord is a stack 4 feet high and 8 feet long, but the pieces are only 18 to 24 inches long, making it only 1/2 to 2/3 a standard cord.

Pleasant Grove Baptist Sets Revival

The Pleasant Grove Baptist Church, 7th and Ave. D in Tahoka, will hold revival services Sept. 11-16 beginning at 7 p.m. The evangelist will be Rev. Sister L.E. Moore. Rev. Henry Brawley is the pastor.

First National Bank of Tahoka invites you to a reception honoring 55 years with Pete Hegi at the FNB Community Room 9:30 p.m. Friday, August 31, 1984

F. B. (Pete) Hegi

Meet F. B. (Pete) Hegi, Chairman of the Board. He came to work at the bank on September 1, 1929 from Petersburg and has been here ever since.

We would like to offer our congratulations to Pete on his 55th Anniversary of service to the bank and our customers. Pete handles loans, and helps with C.D.'s and checking accounts. According to Pete we have one of the strongest banks in Texas with fine employees to back up that claim.

Since 1907, we've made service and safety our way. Make it yours, today.

Look Who's New

Curtis and Kelli Ferguson wish to announce the arrival of their son, Garrett Blake, born Monday, Aug. 20, at 6:29 p.m. He weighed 7 lbs. 5 ozs. and was 20 1/2 inches long.

Grandparents are Bob Ferguson of Grassland and Jimmy and Linda Huckabey of Tahoka.

CATTLE INVENTORY, FEED-LOT NUMBERS UPDATE--The mid-year cattle inventory startled many analysts, but the July cattle-on-feed report was encouraging, says an economist with the Texas Agricultural Extension Service, Texas A&M University System. The mid-year inventory showed total cattle and calf numbers down only 1 percent, a conservative estimate in the wake of drought conditions over much of the nation during the first part of 1984. At the same time the July cattle-on-feed report showed a 5 percent drop in feedlot placements during the second quarter of the year. Fed cattle prices should display some gradual strength in the near future and feeder prices also should move upward due to tighter supplies.

DRUG PROBLEM FOR ELDERLY--Older people take a lot of pills. Although only 11 percent of the U.S. population is over 65, this group takes about 25 percent of all prescription drugs--and not always to good effect. Used carefully and appropriately drugs can improve the quality of life for the elderly, but they can also cause problems says Dr. Judith Warren, a gerontologist. Some elderly people take incorrect medications, too much medication or a combination of drugs that are not compatible, she says. Then, if they suffer fatigue, confusion or depression, the symptoms may be written off as evidence of simply growing old. The problem may even be compounded if the elderly patient's symptoms are inappropriately treated with a tranquilizer or antidepressant. Warren recommends that the elderly take all their prescription drugs--especially if prescribed by more than one doctor--and over-the-counter drugs to their physician for a regular review.

Cancer Follow-Up To Be Conducted

During the first two weeks of September, a volunteer group of Lynn County residents will call on families to complete the first phase of follow-up work to Cancer Prevention Study II, a large-scale, long-term research project of the American Cancer Society.

The study, the largest of its kind ever undertaken, is examining the lifestyles of more than 1.2 million Americans to learn about possible relationships of cancer to such occupational exposures, pollution, low-level radiation, low tar and nicotine cigarettes and passive smoking.

"Though the scientists are not able to report on definitive findings about cancer development and prevention this early in the study," said Wendell McLendon, chairman of the Lynn Unit, "data analyses about potential cancer risk factors in our lifestyles and environment."

Information obtained in this follow-up and subsequent ones will be added to baseline data that already has been collected and computerized, and will enable researchers to begin the process of data analysis. Two other follow-ups are scheduled for September 1986 and 1988.

Home Economics In The '80s

BY TAMERA OVERCAST

What Adults Can Do For Teenagers

When teenagers feel good about themselves and get along well with their parents, they are not as likely to choose friends their parents don't like or to go along with the group in illegal activities. Teens who feel good about themselves are more likely to make wise career and dating choices than teens with poor concepts. Here are some things that parents can do to help teenagers feel good about themselves.

- Accept teenagers' feelings. Teenagers are at times worried, afraid, sad, hurt, angry and disappointed -- just like adults. They need to be able to share unhappy feelings with parents.

- Give lots of encouragement. Teens need to know their families care about them, especially when they get in trouble. Be sure they know that you care. Show interest in their friends, school, and activities. Stand by them, not over them.

- Encourage teens to learn as many skills as possible. Teens who have specific skills, such as dancing, singing, or playing basketball, are more likely to be accepted by other teenagers. Being accepted gives feeling of personal worth.

- Begin to "let go". Parents have to learn to "let go" in order to keep their teens. Separation from the family is a task which teenagers must accomplish to become adults. Parents can help by "letting go" gradually as the child matures.

- Only battle over important matters. As long as teenagers don't hurt themselves or others, ignore little things that irritate you such as hair styles and strange looking clothes. Save your influence for important matters.

- Don't treat teens like children. Teenagers resent being treated like children. If you treat them like children, they will set out to prove they are not children sometimes with anti-social behavior.

havior.

- Give reasons for orders. Teens accept authority more readily when they think it is reasonable and for their own good.

- Don't push teenagers to grow up too fast. Some parents push teens to use make-up, or begin boy-girl relationships. "Hurried" teens are anxious teens. Let teens grow at their own pace.

City-County Library News

BY LENNIE COX

At the beginning of the summer vacation, I began keeping an account of the names of the children from 12 years old and

under just to see how many would use the library during this period and how many books each one might read.

It was interesting to note that there were 101 children who used the library during the summer months, and altogether read 594 books. I would like to

give special recognition to those who read 12 or more books during this time: Shannon Kregger, 17; Georgia Williams, 17; Eden Williams, 17; Katy Hufaker, 20; Cynthia Stancell, 12; Jodi Williams, 12; Allison Rhodes, 18; Tonya Colwick, 20; Jennifer Cabral, 23; Austin Thomas, 20; James McVey, 14; Rachel Curry, 18; and the one who read the most of all, Jill Jaquess, 29.

I just hope that these young readers will continue using the library even during the school year and that other will join them, for we have a lot of new books for them now.

We still continue to get new books in for the adults and young people, too, so we hope

you will come in and find a book to your liking. We are here to serve you. If we do not have the book you want, we will try our best to get it for you.

Forum For Absentee Landowners Set

About 40 percent of all agricultural land in Texas (50% National, 60% Lynn County) is leased or rented and--according to USDA study--less than one landowner in six (17%) is willing to pay for conservation work carried out on rented or leased land.

As a result, erosion is often worse on such land.

If you own land that you lease or rent to someone else, you

might want to consider helping your tenant apply needed conservation or grassland improvement practices.

For information, contact Soil Conservation Service personnel at 998-4622. Also, a forum will held on Friday, Sept. 7, from 10 a.m. to 12 noon to assist absentee land owners with any farm problems they have. On hand will be personnel from SCS, ASCS, FmHA and Extension Service. A conservation tour will follow at 1 p.m.

Hayes and Jamie Garcia, manager. Head coach is Larry Morgan and assistant coach is Jeff Faubion.

NEW HOME RETURNING SENIORS — The Leopards return five seniors this year which include (left to right) Jay Warnick, Sammy Ibarra, Chad Ford, Kyle James and Robert Poer.

New Home Goes To Six Man Grid Format

The New Home Leopards are looking for a new fresh start for this year as they will be playing six-man football with 16 boys on the team, including five seniors. Head Coach Larry Morgan said he was not sure what to expect with this transition, but, "it should be interesting and fun with the new rules and regulations of six-man football." New Home opens Saturday, Sept. 8, hosting Marathon at 3 p.m.

The other games scheduled for the Leopards this season are night games, all starting at 7:30 p.m., except for the homecoming game against Cotton Center Oct. 12, which begins at 7 p.m. Since the Leopards decided to play six-man ball too late to get into a district this season, they will not be eligible for any playoffs, and also will play only seven games, three of them at home.

New Home junior high teams also will play six-man football.

REDUCE TRACTOR THEFTS--With tractor thefts a major problem in rural areas today, farmers can take certain steps to hinder thieves, suggests a community development specialist with the Texas Agricultural Extension Service, Texas A&M University System. These include removing the rotar, shutting off the fuel line, locking the tractor in gear, chaining the wheels, and keeping a close watch on the tractor or hiding it. These steps can remove the opportunity for tractor thefts.

WILSON NEWS

BY MARGRET CRISPIN

The First Baptist Church "Click" (young people) defeated the "Clack" (other people) Sunday night 2-1 in volleyball following worship service.

Mr. and Mrs. Herman Brown report that their son, Harlan Brown, a career serviceman, will be returning this fall and hopes to make his home in this area.

Harry Hewlett was back home Sunday at First Baptist Church. He has been recuperating from surgery at Slaton Nursing Home.

Mr. and Mrs. Roy Lynn Kahlich were hosts Friday night for a Patio Party for seven Tahoka couples. The Kahlichs made up the party and it was auctioned off last year at the Hospital Auxiliary auction.

The Mustangs will scrimmage Thursday at 6 p.m. at Ralls.

The Mustang Band elected officers for the school year this week. They include: Gloria Rios, president; Laura Cantu, vice president; Brian Wright, secretary; Melinda Ehlers,

treasurer; Martin Villarreal and Nancy Schneider, librarians; Jeffrey Bednarz, Suzanne Schwertner, Corbet Foster and Brent Brieger as quartermasters.

Suzanne Schwertner will serve as drum major since Rusty Hart transferred to another school district. Twirlers are Michelle Patterson, Angie Morton and Trisha Houchin.

William "Bud" Cook, 75, of Tahoka, father of Virginia Gicklhorn, died last week at Lynn County Hospital after suffering a stroke.

Mrs. Sue Whisner of Artesia, N.M. visited over the week end with her mother, Mrs. Lorain Crowson.

St. John's Luther League went to Midland Saturday for a visit to Water Wonderland. Sponsors, Pastor Greg Pietz and Victor and Onita Steinhauer, accompanied 12 youngsters including Melinda and Paul Ehlers, Vicki and Lisa Steinhauer, Craig Morton, Jana and Craig Wuensche, Chad Joy, Christi Slone, Pam Bishop, Trisha Houchin and Michelle Patterson.

James and Janet Wuensche celebrated their birthdays recently with a barn party. Approximately 45 guests were present for a casserole supper.

Defense Seen As Key To Wilson Hopes

The Wilson Mustangs will go into the 1984 football season in a realigned district, the north zone of 7-A, and Coach Gary Lewis is hoping the smaller number of district opponents will help Wilson's chances this season.

Fans of the Mustangs got their first look at the players in action last week as Wilson topped Lorenzo by one score in a scrimmage at Wilson. Today (Thursday) the Mustangs will scrimmage at Ralls.

"We just have to beat three of four (district) teams to reach the playoffs," Lewis said. "It was difficult last year but the new district should be pretty wide open. Klondike is definitely the favorite, but it should be a dog fight for second place."

And Lewis expects his team to be in the pack chasing the district's second playoff berth.

"We should be real competitive," said Lewis, whose first Wilson team was 5-4-1 overall but tied for third in District 2-1A South with a 4-2-1 record last season.

Lewis is counting on his defense, including seven returning starters, to set the tone for the Mustangs' season.

Pacing the defense will be a trio of three-year lettermen — seniors Bryan Bednarz, Adam Vaca and Abram Vaca.

Bednarz, a 6-foot-1, 175 pounder, anchors the linebacking corps while twins Adam, a 5-10, 150-pounder, and Abram, a 5-11, 140-pounder, solidify the defensive backfield.

Mark Burch, a 5-10, 160-pound junior, returns to join the Vacas in the backfield while Justin Bednarz, a 6-foot, 180-pound sophomore, returns for another season at linebacker.

Along the front wall, 5-10, 175-pound senior Ruben Villarreal returns at end and 5-6, 145-pound junior Timmy Riojas is back at noseguard.

The Mustangs also return seven starters from their wing T offense but Lewis expects to alter Wilson's attack this fall, concentrating more on a ground game.

"The running game will be our strength," he said. "We probably won't throw as much as we did last year. We threw

15 to 25 times a game. "We'll cut that back to 10 to 15 this year."

Bryan Bednarz, starting fullback last season, will be moved to quarterback while Justin Bednarz will be shifted from end to halfback.

Riojas, who rushed for 450 yards last season, will take over at fullback.

The Mustangs will open their season Sept. 7 at 8 p.m. against Farwell at Mustang Stadium. District play begins Oct. 12 at Meadow.

WILSON INDEPENDENT SCHOOL DISTRICT

The Wilson School serves nutritious meals every school day. Students may buy lunch for 65 cents in K-3 and 75 cents in 4-12. Breakfast is 35 cents.

Children from families whose income falls within the level shown on the scale are eligible for either free or reduced price meals priced at 35 cents for lunch and 25 cents for breakfast.

To apply for free or reduced-price meals, please fill out an application as soon as possible, sign it, and return it to the school. Please answer all questions on the form. An application which does not contain the following information cannot be processed by the school: (1) the total household income must be listed by the amount received by each household member receiving income and the type of income it is (such as wages, child support etc.) OR your food stamp case number if you household is on food stamps, (2) names of all household members, (3) social security numbers of all household members 21 years old or older or the word "NONE" for any household member who does not have a social security number and (4) the signature of an adult household member.

VERIFICATION: The information on the application may be checked by the school or other officials at any time during the school year.

REPORTING CHANGE: If your child is approved for meal benefits, you must tell the school when your household income increase by more than \$50 per month (\$600 per year) or when your household size decreases.

REAPPLICATION: You may apply for benefits at any time during the school year. If you are not eligible now but have a decrease in household income, become unemployed, or have an increase in family size, fill out an application at that time.

FOSTER CHILDREN: If you have foster children living with you, they may be eligible for these benefits. If you wish to apply for these benefits for them, please contact the school and they will help you complete the application.

NONDISCRIMINATION: Children who receive free or reduced-price meal benefits are treated the same as children who pay for meals. In the operation of child feeding programs, no child will be discriminated against because of race, sex, color, national origin, age, or handicapped. If you believe you have been discriminated against, write immediately to the Secretary of Agriculture, Washington, D.C. 20250.

FAIR HEARING: If you do not agree with the school's decision on your application or the result of verification, you may wish to discuss it with the school. You also have the right to a fair hearing. This can be done by calling or writing the following official: Carl Foster, Superintendent, Box 9, Wilson, Texas 628-2611.

CONFIDENTIALITY: The information you provide will be treated confidentially and will be used only for eligibility determinations and verification of data.

HELP WITH APPLICATION: If you have any questions or need help filling out the application form, please contact your school principal at 628-2801 or 628-2161. You will be notified when the application is approved or denied.

DPS Estimates 54 Deaths Over Labor Day Holiday

The Department of Public Safety is estimating that as many as 54 deaths will result from traffic accidents during the Labor Day holiday. DPS Director Jim Adams said the estimate is based on previous holiday experience.

"During the last Labor Day period, we had 52 deaths reported in both urban and rural accidents. The inclusion of subsequent deaths due to traffic-related injuries which occurred during the period brought the final count to 55," Adams said.

"Obviously, we would be pleased to have no fatal accidents during this 78-hour holiday, but our statistics show that is not probable. We know that some drivers will insist upon driving while intoxicated, others will deliberately exceed the speed limits and still others will drive in a careless or reckless manner," he said. "Unfortunately, fatal accidents can be expected."

"DWI and speeding are always the biggest contributing factors to our traffic deaths, but the failure to use seat belts is another reason we have so many fatalities. If more drivers would simply stay sober, drive within the speed limits and wear seat belts, fatalities would decline still further," said Adams.

DPS statistics for the year to date reveal a two per cent decrease in fatalities statewide. Adams says the decrease in total deaths may indicate more people are using seat belts.

"While the decline in fatalities is not as substantial as we'd like to see, we do feel that seat belt use is increasing and may be a factor in this decrease. It is an obvious lifesaving device that is available in the vast majority of our vehicles," noted Adams.

DPS will conduct two major programs during the Labor Day period. Operation Motorcade will provide updated numbers of traffic deaths to the news media as the accidents occur. Operation Holiday stations troopers at locations where high volumes of traffic are anticipated or where violations are expected.

Lynn County Farm Tour Set

Cotton fiber qualities (strength and length), new cotton varieties, cotton insect management, strip cropping, parallel terracing, irrigation management and high residue crops will all be topics of plots to be visited on the Lynn County Farm Tour to be held on Friday, Sept. 7, beginning at 1 p.m. at the Lynn County Courthouse in Tahoka.

ASCS, Extension Service, Soil Conservation Service and Farm Home Administration will be available for discussion of soil and water conservation and other topics from 10 a.m. to 12 noon in the Lyntegar Meeting Room in Tahoka.

All interested individuals are invited to attend the tour and meetings. Topics covered and the field stops can provide very useful information in your farm planning and implementation. The tour is sponsored by the Lynn County Extension Service, Lynn County Soil and Water Conservation Service and the Lynn County ASCS.

Obituary

William Cook

Services for William "Bud" Cook, 75, of Tahoka were held at 2 p.m. Friday, Aug. 24, in First United Methodist Church of O'Donnell with the Rev. Elmer Ward, pastor, and the Rev. Gene Wisdom of Tahoka, officiating. Burial was in O'Donnell Cemetery under direction of White Funeral Home of Tahoka. He died at 10:43 p.m. Wednesday in Lynn County Hospital after an illness.

He was born in Munday Oct. 1, 1908. The family moved to Lynn County in 1919. He attended school in Ralls and O'Donnell. He married Earlene Petty Dec. 9, 1945, in O'Donnell. He served in the Army in World War II. He was a retired farmer. He was a Methodist.

Survivors include his wife; two daughters, Virginia Gickhorn of Comanche and Carolyn Dyke of Midland; three sons, Alton of Draw, Troy of O'Donnell and Steve of San Angelo; two brothers, Grey of Lamesa and Vernon of Winslow, Ark.; and seven grandchildren.

Pallbearers were Herman Lawhon, Elvin Ray Moore, Buster Snellgrove, Jack Hoskins, Deen Davis and Shorty Thompson.

The family suggests memorials to a favorite charity.

Bulldog Booster Club To Meet

4-H Projects -- Something For Everyone

4-H, the youth development program of the Texas Agricultural Extension Service, offers exciting projects and activities for every young person between the ages of 9 and 19 who has a curious desire to learn.

4-H encourages learning by doing and provides citizenship and leadership skills, points out Greg Henley, county 4-H coordinator with the Texas Agricultural Extension Service, Texas A&M University System. 4-H

wants to involve all youth--rural, urban, suburban, teens and pre-teens, and from all races, creeds, ethnic and economic backgrounds. 4-H youth learn, work and play together.

In 4-H, young people can learn how to make things, grow things, take care of things and repair things in a wide variety of projects.

And the great part about the whole program is that the 4-H youth can select science, beef cattle, horse and pony, dog care, plant science, gardening, home economics, foods and nutrition, clothing, automotive, bicycle, small engines, electricity, personal development, citizenship, leadership and public speaking.

4-H has a lot to offer. If you want to get involved in an action-oriented program, this is the time to join 4-H. The new

4-H year begins on Sept. 1, so join now and get in on all the action.

David Browning

Services for David Browning, 71, of New Home were held at 11 a.m. Saturday, Aug. 25, at St. Matthew's Baptist Church with the Rev. R.S. Stanley, pastor, officiating.

Burial was in City of Lubbock Cemetery.

He died at 8:15 a.m. Tuesday in St. Mary's Hospital after a brief illness.

He was born in Palestine. Survivors include his wife, Leanna; a brother, Joe of Lubbock; and three sisters, Rosa Lee Sims of Lubbock, Hester Rakestraw of Tuscon, Ariz., and Mary Warren of Big Spring.

Sepeda Infant

Graveside services for Stephen Sepeda, infant son of Greg and Angelita Sepeda of Lorenzo, were held at 10:30 a.m. Wednesday, Aug. 29, in Lorenzo Cemetery with the Rev. Ray Brown of Ralls officiating.

Burial was in Lorenzo Cemetery.

The infant was stillborn at 11 a.m. Tuesday in Community Hospital in Lubbock.

Survivors include his parents; two sisters, April and Roxane, both of the home; and grandparents, Janie Juarez of Laredo and Mr. and Mrs. Dario Amador of Tahoka.

PEAR JAM

- 5 cups prepared fruit (about 3 1/2 pounds fully ripe pears)
- 2 tablespoons lemon juice
- 3/4 cups sugar
- 1 box Sure-Jell Light Fruit Pectin

Prepare fruit. Peel and core about 3 1/2 pounds pears. Chop very fine or grind. Measure 5 cups into 6 or 8 quart saucepan. Add lemon juice.

Then make jam. Mix 1/4 cup sugar with fruit pectin; then stir into fruit in saucepan. Place over high heat and stir until mixture comes to a full boil. Immediately add remaining sugar and stir. Bring to a full rolling boil and boil hard 1 minute, stirring constantly. Remove from heat and skim off foam with metal spoon. Ladle quickly into hot jars, filling to within 1/4 inch of top. Cover and process in boiling water bath for 10 minutes. Makes about 5 (8 ounce) jars.

NOTICE

On page 3 of this week's Super September Sale Circular, there is an incorrect brand name statement in the descriptive copy for Men's Jackets. The photograph is correct, as shown, but the description inadvertently states "Members Only" Jacket indicating a specific brand name. The jackets, however, do not carry the Members Only label. We sincerely regret any inconvenience this may have caused you.

TEAM LEADERS — These are just four of the young men O'Donnell head coach Odis Summers will be counting on for good things this season. Players shown here are from left, center Keith Truitt, running backs Roel Ramirez and Joey Santos, and 192-pound end Ken Burns.

PLAN TO WIN A LOT — The O'Donnell Eagles are expecting to turn things around this year and have a winning football season. The Eagles will host Plains in the season opener Sept. 7. (LYNN COUNTY NEWS PHOTO)

A Visit With Your County Agent By Stanley Young

Check and scout your cotton fields!! Fields checked the last several days indicate a bollworm egg hatch has occurred and very young, one day to three day old worms have been found! Counts

ranging from non-economic infestations of 2500 worms/acre up to economic infestations of over 9000 are being located. So don't close the door yet on bollworm problems this year in the county. Sometimes control of infestations into the early part of September will pay. The recent high temperatures

appear to be forcing the current egg lay down lower on the plant than before. This is a common phenomenon in late August and September for this area. It means the eggs are more difficult to find and short scouting intervals will be necessary to avoid unpleasant surprises. It also means that bolls will be immediately attacked by worms.

The economic threshold that have been advocated all along are still good. For infestations of small worms use 5,000 to 10,000 worms as a treatment level. The precise level will vary according to your scouting expertise. Actually, as over square density drops off with the approach of "cut-out", treatment levels for small worms should be elevated, since an increasing percentage of these small worms will starve to death trying to feed on bolls. Therefore you may want to increase your level of worms/acre before treatment is required.

The question of square and bloom protection can be looked at from another perspective, how much time do we have to mature a boll? As cooler temperatures return, the boll maturation period is lengthened. It takes 21-30 days to establish fiber length (mature boll size), 20-60 days more to determine micronaire and strength. So you see it may be possible to increase poundage with junk cotton, but is the price too high to pay?

The crop in the county this year has required a large financial investment to reach the stage we are now in, therefore don't neglect to apply proper insect management toward the end of the season. Time spent scouting the fields more could provide a good return for your time spent.

O'Donnell Looks To Good Season

With the O'Donnell Eagles moving into a lower UIL classification this season, new coach Odis Summers is hoping to instill a winning attitude in his team, and other coaches in the district have made the Eagles one of the district favorites, choosing them to finish second behind Klondike.

If O'Donnell should finish second or first in new district 7-A, they would get into the playoffs for the first time in years.

Summers, who coached at O'Donnell between 1975 and 1979, sees a major challenge in getting the Eagles back on the right mental track of a winning attitude. But he will have 17 returning regulars from last year's 2-7-1 team.

One of the Eagles' brightest offensive stars, Jay Edwards, 5-9, 152-pound senior, has been moved from quarterback to running

back, with the coach's son, Kyle Summers, a 145-pound sophomore, expected to handle the quarterbacking chores.

Joining these two on offense will be veterans fullback David Olvera, halfback Roel Ramirez, guard Jerry Miller, tackle Brian Snellgrove, center Keith Truitt, end Bruce Allaire and Mario Bernal, a starting guard last year who has been moved to fullback.

Cotton Today

Cotton Use Rate Turns Up: Use of cotton on a seasonally adjusted annual rate in the United States moved up to 5,728,000 (480-pound) bales in July, an increase of 4.7 percent of June's rate of 5,469,000 bales.

A National Cotton Council analysis of Department of Commerce figures further shows that the current rate was 3.9 percent below the 5,959,000-bale rate of July, 1983. Consumption for the 1983-84 crop year totaled 5,834,000 bales.

July's man-made fiber consumption rates showed an increase of 11.6 percent over June, including a 7.7 percent rise for polyester staple. However, the current rate for all man-made fibers was 4.0 percent below July, 1983, while polyester staple showed a decline of 12.8 percent.

July is the major vacation period for textile mills and seasonally adjusted consumption rates can be misleading at this time.

Information from trade representatives suggests a further slowdown in the demand for domestic products because of continued high levels of imports combined with an extended lack of consumer buying. The back-to-school period is expected to provide some relief, the Council states.

It's Simple

A simple way to acquire a million dollars is to get a job from someone who is willing to pay you a penny the first day and double your salary every day for a month. By the 28th day you will be earning over \$1 million!

A simple way to get around town in style is a sleek new form of personal transportation. It's called an Aero scooter and it offers fuel efficiency, affordability, easy operation and loads of fun. Manufactured by Honda, there's a host of automatic features including an automatic choke and electric starting system.

The larger models ride two with ease and the smaller one is designed for solo riding. Automatic transmission eliminates the need for shifting, and stopping is simple with front and rear hand brakes. Perhaps easiest to handle are their low prices — even if you're not yet a millionaire.

BUDGET Stretching IDEAS

A growing number of American homeowners are turning to one material to save home maintenance costs in a variety of ways.

That material is aluminum and these are some of the ways it's saving people money:

• The average home needs a new paint job every two to four years. By installing aluminum siding, you have eliminated repainting for decades to come and added durability and quality to your home.

• The exterior trim on your home, the gutters, downspouts, soffits and fascia, need their share of maintenance and repainting even more often than siding does. By installing aluminum to protect these areas, you can forget about expensive and time-consuming painting for a long time to come.

• Did you know those loose old wooden window frames could be letting 40 percent of your heat escape every winter day? It would be wise indeed to replace those windows with aluminum thermalized windows. They won't shrink or warp or pull away from weather stripping.

Free booklets with money-saving ideas on aluminum siding or windows are available from the Aluminum Association, Dept. NAPS, 818 Connecticut Avenue NW, Washington, DC 20006.

TIPS ON TRIPS

For less than \$100, a couple can sample the sunny side of life for eight days and seven nights in scenic Santa Cruz Valley — just 25 miles south of Tucson, Arizona — thanks to a special vacation package that runs through August 31.

The offer from Fairfield's Green Valley, one of the nation's most desirable retirement communities, is an ideal way to experience retirement community living during summer months. Lodgings are at the newly completed Desert Casitas Lodge, featuring 61 fully-equipped one-bedroom townhomes, adjacent to a new 18-hole championship golf course. Guests have access to the Green Valley community recreation center, where there is swimming, golf and other sports to be enjoyed. Green Valley offers mountain views, clear air and a wide range of recreational activities in a comfortable climate with low humidity.

The town of Green Valley has a population of 14,000 permanent residents, five medical centers and more than 200 service and retail businesses. Hiking, cool streams and bird watching

can be found just a short distance away in Madera Canyon. Excellent shopping can be found in Nogales, Mexico, just 40 miles to the south, while the metropolitan center of Tucson is just minutes away. Reservations and additional information may be obtained by calling 1-800-528-4930.
