

Bulldogs Get Tough Too Late, Lose 25-7

BY DALTON WOOD

The Tahoka Bulldogs died by the pass in nearly every game last season, and there were definite indications that pass defense will be a major headache again this season, as Stanton used passes in the first half to outscore Tahoka 25-7 in the season opener.

Stanton Quarterback Kevin Glaspie hit six passes out of six in the first half, including two touchdowns to receiver Derek Sorley, before one of Glaspie's passes finally fell incomplete just before halftime. Stanton also rushed for 82 yards in that half, but in the second half the **Bulldogs limited Stanton to just** one pass completion in two efforts as the line put more pressure on the quarterback. And the Dogs did really well in defending against the run, limiting Stanton to a minus 6 yards in the second half.

Hokydog Turnaround

In the first half, Stanton made 12 first downs to only 2 for Tahoka, but in the second half. Tahoka had six first downs to two for Stanton.

With hard-running fullback Johnny Morin shifted to the unaccustomed position of quarterback because of a scrimmage injury to starter Trey. The show will be an outdoor Teaff, the Dogs' offense splut- event, held in the back yard of tered, but did score once and Mrs. E.L. Short at 2029 N. 1st. close on another occasion. The Buffaloes drove 77 yards to score the first time they had the ball, aided by a couple of piling on penalties, and Danny Koonce ran 13 yards for a TD, with guard Bobby Almager kicking the point. Morin's first pass was intercepted, then Stanton scored again, on a drive which included

big gains on third down passes. Glaspie ran 13 for the second Stanton score, a running try for points was stopped, and it was 13-0, still with 5:27 left in the first quarter.

Tahoka got into the game late in the first quarter after Scott Isbell made his first of two fumble recoveries, this one at the Buffalo 17. From there, Morin ran 17 yards on a keeper to score, and then kicked the point to make it 13-7.

TD Passes

In the second quarter Glaspie passed to Sorley 34 yards for a score, but the point try was blocked by Lupe Aleman and Tadd Knight. After another Tahoka fumble was lost to the home team, Glaspie passed 22 yards to Sorley for still another touchdown. This turned out to

Fall Style Show Set

A "Back To School - Fall Style Show," sponsored by Tahoka Chamberettes will be held Saturday, Sept. 15, at 4 p.m. The fashion show will feature local "models" from three merchants in Tahoka, including Genny's, Tahoka Daisy, and Jennings. lickets are 32 and can be purchased from any Chamberette or at the show. Refreshments will be served and a bake sale will be held in conjunction with the style show. In case of inclement weather, the show will be moved to the Fellowship Hall of the First United Methodist Church of Tahoka.

be the final score of the ballgame.

Late in the third and early in the fourth, Tahoka missed a good chance to score after taking the ball deep in Stanton domain following a bad snap on fourth downs. After Todd Nance ran 11 yards, Andrew Chapa gained 9 to give Tahoka a third and one at the Stanton 3, but two runs failed to make a first down and Stanton took over.

Leading rusher for Tahoka was Emilio Calvillo Jr., a senior moved from end to fullback. He gained 38 yards in 8 carries. Morin ran 11 times for 24 yards, Jerry Alvarado 9 for 22 yards, Nance 3 times for 21. This week the Bulldogs go to Hale Center, which lost a close

game, 16-12, to Cooper last week, and is rated along with Abernathy as the two top teams in that district.

Raise Salaries, Says Committee

A nine-member county grievance committee unanimously voted this week to increase salaries of six Lynn County officials by 10 per cent over their current salaries rather than the 5 per cent which had been scheduled in next year's budget.

HEAVY GOING--An unidentified Tahoka runner finds it hard to run through a herd of Buffalo at Stan-

ton. Other Tahoka players here include Jesse Vasquez (74) and Marty Hammonds (83).

By being unanimous, the action of the committee makes the 10 per cent figure mandatory for the six officials who had filed in protest of the 5 per cent figure,

and who had asserted in letters filed with the commissioners that their pay was too low in comparison with those of officials in counties of similar size.

Asking for the higher figure were County Sheriff Stanley Krause, County Clerk C.W. Roberts, District Clerk Joy Laws, County Attorney Jimmy Wright, Tax Assessor George McCracken and Treasurer Cynthia Bryan.

Marathon 44-31

The New Home Leopards made their first six-man football game ever a good one as they beat Marathon 44-31 last Saturday. Jimmy Wyatt scored three touchdowns and Robert Poer two to lead the Leopards.

Chad Ford was the leading rusher, gaining 102 yards on 15 carries, and Wyatt gained 47 in 16 trips. Wyatt also caught four passes for 62 yards and two TDs, and scored again by running 15 yards with an intercepted pass.

Poer caught three passes for 80 ards and two touchdowns; Kyle James caught two for 70 yards and one TD; and Arthur Silva caught a 5-yard scoring pass.

Coach Larry Morgan's team gained 152 yards rushing and 217 yards passing.

cable television service will pay the new state sales tax of 5.125 per cent (including 1 per cent city sales tax) on their monthly bills. Your newspaper will cost you that much more, too, and no longer will people impress you by figuring the tax in their heads while the rest of us are trying to multiply it out on paper.

The state comptroller's office has sent out some new releases which tell about various things which will come under the new tax law, and of course, all the things that always have been taxed will cost more, too.

Among other things that will be taxed for the first time are fertilizer used for lawns and gardens; parking in such places as the Astrodome or Texas Stadium, or anywhere else where they charge for parking; repairs on appliances, TV sets, but not on cars and other vehicles; tickets to sports events like high school or Texas Tech football games (but if you movies; cigarettes and some other things you'll find out about when you go to buy them. We thought it was a bit ironic that the comptroller's office, which handles millions of

you're exempt); tickets to

dollars of our money, couldn't spell "nickel" correctly in its releases, making it "nickle" everytime.

Also, the story on taxes on repairs was a bit confusing. In one sentence, it said "the cost of repairing property-including home repairs--will be taxed under a new law passed by the Legislature and signed by Gov. Mark White." A few paragraphs down in the story, it says "Repairs to real estate are not taxed."

I always thought my house was real estate. I guess if you live in an unreal estate, and you fix it up, it is taxable.

The cost of registering your car, buying gasoline, sales tax on cars and some other things were raised Aug. 1.

Remember who to thank for all this when you go to pay any of these new costs: the Legislature and Mark White, governor of this great State of Taxes.

Sales Tax Seminar Is Set For Sept. 19

State Comptroller Bob Bullock said Lynn County residents with questions about changes in state tax laws can get answers during a special seminar to be held from 10 a.m. to 12 noon on Sept. 19 at the Commissioners Court Room in Tahoka.

"The state sales tax rate is going up and a number of new items and services will be taxable for the first time beginning Oct. 2,' Bullock said. "We are holding seminars across Texas so that these changes won't come as a surprise to anybody."

Comptroller representatives will explain the changes and answer questions during the seminar. The meeting is open to the public.

not asked for an increase, served as non-voting moderator for the grievance committee, which included the six officials filing the grievances.

The action by the committee apparently means that all the elected officials except the four commissioners, Judge Brandon and two justices of the peace in the county will get 10 per cent increases. The commissioners are scheduled to get no increases, and the others are scheduled to get 5 per cent raises, unless the commissioners take further action.

One official said the county has enough surplus to take care of the newly-required raises for this year at least without having to adjust the budget.

The grieviance committee also included recommendations of 10 per cent increases for persons working in the department of the six officials who asked for higher pay, although the law apparently says the grievance committee has no authority over salaries of persons other than the elected officials themselves.

Wilson Loses To Steers 16-0

The Wilson Mustangs were shut out 16-0 by Farwell last week, but Coach Gary Lewis is looking for some improvement this week as the Mustangs go to Spur. Spur lost a 10-7 game to Ralls last week.

Farwell halfback Rodney Roberson scored on touchdown runs of 27 and 4 yards and Tackle Kendall Coates kicked two extra points. Wilson also lost a safety in the third quarter when a center snap went over the head of the punter.

Wilson running back Timmy Riojas gained 38 yards in 7 carries, and Justin Bednarz had 25 yards in 6 trips. QB Bryan Bednarz completed 6 of 25 passes for 64 yards and had two intercepted. Justin Bednarz also caught three passes for 38 yards.

Farwell had 14 first downs to 9 for Wilson, 222 yards rushing to 100 for Wilson, and 21 yards passing to the 64 for the Mustangs.

Coach Lewis said all three Mustang linebackers, Justin and Bryan Bednarz and Chris Burtch, did a good job.

Regina Barnes - Darryl Crutcher Exchange Wedding Vows Sept. 1

Regina Renee' Barnes and with long full georgette sleeves Darryl Thomas Crutcher exchanged wedding vows Saturday, Aug. 1, at 5 p.m. in the Draw Methodist Church. Officiating the double ring ceremony were Rev. Elmer Ward, of Draw and O'Donnell Methodist Churches, and Dr. Bervin Caswell, retired minister of Abilene, uncle of the bride.

Parents of the couple are Boyd and Fern Barnes of Draw and John and Pearl Crutcher of New Moore.

The church was decorated with two large baskets of pink gladolia, carnations, cushion mums and gypsophilia with pink satin bows and streamers atop white Grecian columns flanking the brass unity candle formation with emerald leaf fern and pink bows and streamers complimenting a large white swirled candle and two cathedral tapers. Completing the setting were votive candles scattered through emerald fern greenery, which was massed across the curved altar rail.

The bride, given in marriage by her father and mother, wore an informal wedding gown of white illusion and satin fashioned with an empire waistline edged in satin ribbon. The Queen Anne neckline was surrounded with Chantilly lace and ruffles. The Victorian sleeves were edged in lace and ribbon. The Victorian skirt was enhanced by panels of Chantilly lace and ruffles overlaid with ribbon.

She carried a nosegay of white silk roses, stephanotis, and pink gypsophilia nestled in lace and complimented with pearl clusters and a shower of lace and satin streamers with touches of pearls and pink gypsophilia. Janie Isbell of Tahoka, sister of

the bride, was matron of honor. She wore a floor length white eyelet over pink taffeta gown

and empire waist circled with pink ribbon. She carried a nosegay bouquet of pink and white silk flowers surrounded in lace with pink streamers. Philip Furlow, nephew of the bride, pianist, presented the

wedding music of "Lady", "When I Dream", "If", "Wedding March", "Just You and I". Best man was John Crutcher, father of the groom. Scott Isbell and Aaron Furlow, nephews of the bride, were

ushers. The groom wore a grey western suit.

A reception was held following the ceremony in the home of the bride's parents.

Courtesies Regina Barnes, bride-elect of Darryl Crutcher, received bridal shower Aug. 18 at the O'Donnell Methodist Church Fellowship Hall. Hostesses were Charlie Blair, Louise Durham, Patsy Jackson, Patsy Sanders, Carole Edwards, Shirley Clark, Cedaelia Williams, Virginia Hensley, Jo Hensley, Mary V. Sherrill, Claudia Heathington, Connie Smith, Fern Modisette, Doris Conrad, Gene Singleton, Melba Childress, and Treva Franklin. Hostess gifts were cookware, a cake knife with the couple's wedding date engraved on it and the flower arrangement at the serving table.

Regina Barnes was honored Sept. 1 with brunch at the home of Rev. and Mrs. Elmer Ward. Mary Ward hosted the bride's mother, Fern Barnes, and two sisters, Brenda Furlow and Janie Isbell. The groom's mother, Pearl Crutcher, and sisters, Stacy and Dawn, also participated in reliving funny, special moments in the couple's lives.

The cost of repairing personal property -- including home repairs -- will be taxed under a new law passed by the Legislature and signed by Gov. Mark White. The tax rate is 4 1/8 per cent. A

local sales tax of one percent or a

tax authorized by the Legislature for mass transit in some of Texas' large cities may boost the total tax to as much as 6 1/8 percent.

This is the first time such a tax affects every household in Texas directly. Repairs of washing machines, dryers, lawn mowers, vacuum cleaners, microwave ovens (if they are freestanding) telephones and television sets are all included. Also included are the extended

warranties consumers buy to protect these items.

Repairs to real estate are not taxed. Neither are repairs to items that are specifically exempt, such as eye glasses or hear-

ing aids, motor vehicles and aircraft. Parts are taxed, but not the repair work itself.

If you watch breaks or if your camera's shutter is on the blink, their repair is taxable at the place where you take them to get them fixed.

Any questions involving which repairs are taxed and not taxed can be answered by calling State Comptroller Bob Bullock's office toll free on 1-800-252-5555 or the regular number, 512/475-1931.

NUTRITION MISINFORMA-TION CREATES HEALTH **PROBLEMS--Nutrition misinfor**mation gained from advertising, the meida or friends, can aggravate or create health problems, says Texas A&M University Agricultural Extension Service nutritionist Marilyn Haggard. Diseases like diabetes or cancer can worsen if you ignore medical diagnosis and treatment in favor of a "miracle vitamin cure". Taking large amounts of vitamins in the mistaken notion that this will improve your health can also affect medical tests, she says. In the case of diabetes, too much vitamin C can give a false positive or a false negative on some urine tests for diagnosis and management of the disease. Fad weight-loss diets can even lead to disease, notes Haggard. For example, it's possible to starve to death on a macrobiotic brown rice diet.

GENERAL ELECTION **NOVEMBER 6, 1984**

PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 29 proposes a constitutional amendment that provides to state-chartered banks the same rights and privileges that are or may be granted to national banks of the United States domiciled in this state. For example, if national banks become authorized to maintain branch offices, this amendment would extend the same privilege to state banks.

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment to provide state banks the same rights and privileges as national banks."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 19 proposes a constitutional amendment that restructures the Permanent University Fund to provide: (1) for the expansion of the institutions eligible to participate in the bonding capacity of the fund to include the components of The University of Texas and Texas A&M University systems that have been added to those two systems of higher education since the Permanent University Fund was last restructured by constitutional amendment; (2) for the expansion of the purposes for which bond proceeds can be expended from new construction to include major repair and rehabilitation projects and the acquisition of major capital equipment (e.g., computers and laboratory equipment) and library books and materials; (3) for an increase in the bonding capacity from 20% (2% for The University of Texas System and 1/2 for the Texas A&M University System) to 30% (20% for The University of Texas System and 10% for Texas A&M University System) of the value of the assets (exclusive of 'real estate) in the Permanent University Fund in order to provide sufficient bond proceeds to care for the addition of 10 -new institutions to those authorized to participate in the Permanent University Fund bonding program and to care for the expanded purposes for which the bond proceeds can be spent; and (4) for the dedication of the dividends, interest, and other income from the Permanent University Fund remaining after payment of principal and interest due on bonds and notes issued, to the provision of support and maintenance (over and above normal legislative appropriations) for Texas A&M University in Brazos County, Prairie View A&M University, and The University of Texas at Austin. House Joint Resolution 19 also annually appropriates \$100 million in each fiscal year, beginning September 1, 1985 (from the first money coming into the state treasury that is not otherwise appropriated by the constitution) for the use of those

education which are not included in The University of Texas or Texas A&M University Systems and, therefore, not eligible to participate in the Permanent University Fund bonding program. The amount of this appropriation could be adjusted every five years by a 2/3 vote of the Legislature, but could not be adjusted in such a way as to affect. outstanding bonding indebtedness. Each institution of higher education that is eligible to participate (i.e., those institutions of higher education outside The University of Texas and Texas A&M University Systems) would be authorized to expend directly its share (such share to be determined pursuant to an equitable formula) of the \$100 million appropriation for the purposes of acquiring land, constructing and equipping buildings or oth-

er permanent improvements, major repair and rehabilitation of other permanent buildings or improvements, and acquisition of major capital equipment (é.g., computers and laboratory equipment) and library books and materials. Additionally, each institution would be authorized to issue bonds backed by a pledge of up to 50% of its share of the \$100 million annual appropriation for the purpose of land acquisition, new construction, and major repair and rehabilitation projects.

Except in the case of fire or natural disaster and in other extraordinary cases, verified by a twothirds vote of each house of the legislature, all institutions of higher education would be precluded from receiving appropriations of general revenue funds for the purposes of land acquisition, new construction, and major repair and rehabilitation projects.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to create from general revenue a special higher education assistance fund for construction and related activities, to restructure the Permanent University Fund, and to increase the number of institutions eligible to benefit from the Permanent University Fund."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 65 proposes a constitutional amendment which authorizes the legislature to provide for the payment of assistance to the surviving, dependent parents, brothers, and sisters of officers, employees and agents of the state or its political subdivisions, including members of organized volunteer fire departments and members of organized police reserve auxiliary units authorized to make arrests, who die in the course of performing hazardous official duties. Payments to surviving spouses and dependent children of agencies and institutions of higher

brothers, and sisters of certain public servants killed while on duty."

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 20 proposes a constitutional amendment which abolishes the office of county treasurer in Bexar and Collin counties if a majority of the voters in each of those counties vote in favor of abolishing the office of county treasurer in a local election to be held on the issue. All the powers, duties, and functions of the office of county treasurer in each of these counties would be transferred to the county clerk.

constitutional The proposed amendment will appear on the ballot as follows: "The constitutional amendment to abolish the office of county treasurer in Bexar and Collin counties."

PROPOSITION NO. 5 ON THE BALLOT

Senate Joint Resolution 22 proposes a constitutional amendment which provides a new method of filling a vacancy in the office of Lieutenant Governor. The amendment requires the President pro tempore of the Senate to call together the committee of the whole Senate within 30 days after a vacancy occurs in the office of Lieutenant Governor. The committee would be required to elect one of its members to perform the duties of the Lieutenant Governor until the next general election. This individual would continue his duties as Senator at the same time that he performs the Lieutenant Governor's duties. If the Senator who is elected ceases to be a Senator before the next general election, another Senator must be elected according to the above procedure to perform the Lieutenant Governor's duties. The President pro tempore would be required to perform the Lieutenant Governor's duties pending the election of one of its members by the committee of the whole Senate.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the state senate to fill a vacancy in the office of lieutenant governor."

PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 73 proposes a constitutional amendment that permits the use of public funds credit for payment of premiand ums on non-assessable life, health, or accident insurance policies and annuity contracts issued by a mutual insurance company authorized to do business in this state. The constitutional prohibition against a grant of public money to an individual, association, or corporation or against becoming a stockholder in a corporation, association, or company has limited life and health group policies of political subdivisions to non-mutual insurance companies. The amendment would permit mutual insurance companies to bid for those policies.

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 4 proposes a constitutional amendment to change the membership of the State Commission on Judicial Conduct to include one Judge of a Municipal Court and one Judge of a County Court at Law, who shall be selected at large and appointed by the Supreme Court with the advice and consent of the Senate. The amendment also provides

additional grounds for removal from children. office of judges or justices of Texas courts, and provides additional disciplinary actions that could be taken in lieu of removal or censure. The amendment would extend the Com-Noble. mission's disciplinary authority to masters, magistrates, and retired or former judges who hear cases by designation. The amendment creates a tribunal to review recom-

on Judicial Conduct for removal or retirement of a judge or justice. The review tribunal would be composed of seven (7) Justices or Judges of the Courts of Appeals selected by lot by the Chief Justice of the Supreme Court. The amendment also provides for appeal of the review tribunal's decision to the Supreme Court of

mendations of the State Commission

Texas and grants an accused judge the right to discovery of evidence. The proposition will appear on the ballot as follows: The constitutional amendment relating to the membership of the State Commission on Judicial Conduct and the authority and procedure to discipline active judges, certain retired and former judges, and certain masters and magistrates of the courts."

PROPOSITION NO. 8 ON THE BALLOT

House Joint Resolution 22 proposes a constitutional amendment which increases the per diem of members of the Legislature. The amount of per diem allowed during a calendar year would be equal to the maximum amount set in federal income tax statutes as of January 1 of that same year as a deduction for ordinary and necessary business expenses incurred by a state legislator. Current per diem is \$30; the maximum deduction is now \$75.

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment to provide a per diem for members of the legslature equal to the maximum daily amount allowed by federal law as a deduction for ordinary and necessary business expenses incurred by a state legislator."

184,000 ACRES DAMAGED IN 83-84 BLOW SEASON -- Will El Nino be with us again this year? The severe weather of 1982 and 1983, plus the high wind last winter have all been attributed to a weather pattern called El Nino. Our prevailing winds come from the southwest and due to an extensive drought there is little if any cover (grass or crops) to the southwest of Lynn County. This fact should tell us that our chances for severe wind damage in the 84-85 blow season have increased. We of the SCS and Lynn County SWCD encourage all land owners and operators to seed wheat on all open areas, ie, turnrows, borders, and terraces. Many landowners could benefit from lightly overseeding their entire fields to wheat. This practice will help our good soil. You as a lover of the land, are asked to do your part. "There have been too many stories in the media," Stenholm said. "People have become nervous about eating meat and eggs -- unnecessarily nervous, I think. When people make diet decisions based on magazine articles that tell only part of the story, then the food industry suffers and farmers and ranchers see demand for their products fall."

Two Lynn County 4-H members placed at the State 4-H Record Book judging contest held at College Station, Texas during August. Patricia Davis took second place honors and is the State alternate in the Public Speaking division. Sharla Miller won fourth place with her record book in the Swine division.

Both girls are six-year members of the Tahoka 4-H Club and sophomores at Tahoka High School. Patricia, 15, is the daughter of Billy and Ann Davis and Sharla, 15, is the daughte of Billy and Arnetta Miller. Patricia's award was based on her efforts in public speaking for 4-H, school, and community groups and activities. She has competed in Public Speaking contest at South Plains District Round-Up and is very active in other 4-H projects as well. Sharla's award winning record book is supported by her swine breeding program and showing of barrows in several major livestock shows in Texas. Sharla is very active in several other 4-H projects and activities. They are both to be congratulated for their hard work and dedication to 4-H and their project record books, and for their accomplishments this far.

Higher Taxes On Garden Supplies Set

Long before April showers bring you May flowers. October will have brought you higher taxes on your garden.

New tax laws passed by the Legislature and signed by Gov. Mark White go into effect Oct. 2. For the first time, fertilizer used for non-agricultural purposes will be taxed.

For you, that means the cost of growing your garden or taking care of you lawn will go higher. Other than fertilizer, bedding plants bought at nurseries and plants bought at the grocery store are subject to the higher tax rate. Exempt from the tax are annual plants that die after a growth year or that yield food for human consumption.

The tax goes up 1/8 of a cent across the state, but it translates into a 4 1/8 percent tax hike for items such as fertilizer. In some cities that have local sales taxes and special taxes for mass transit, the cost may balloon by as much as 6 1/8 percent.

A bag of fertilizer, then, that costs \$8.99 would cost \$9.35 in most of the state, but \$9.54 in some cities with the add-on taxes.

Fertilizer used for agricultural purposes remains exempt. Farm ers and ranchers do not have to pay the tax on fertilizer if it is sold for their agricultural use. Questions concerning the new tax on fertilizer can be answered by calling State Comtroller Bob Bullock's office toll free on 1-800-252-5555.

FEEDER CATTLE MARKET

COULD JUMP -- A strong feeder

cattle market this fall could

brighten the livestock picture

and give U.S. cattlemen a much-

needed boost. A livestock mar-

keting economist with the Texas

Agricultural Extension Service,

sees prices for 600 to 700-pound

feeder cattle moving above fed

cattle prices. That could result in

\$80 to \$90 feeder calf prices -- a

bullish signal to most cattlemen.

Feeder prices should improve

due to this year's smaller calf

crop and last winter's severe

weather and this summer's

drought, which caused earlier

than normal marketings of feed-

er cattle.

A native Texan, Charles David Whittle graduated from Texas Wesleyan College, Fort Worth, Texas in 1950 and from Perkins' School of Theology, Southern Methodist University, in 1953. He served as pastor in the Central Texas Conference until joining the staff of the General Board of Evangelism in 1961. In 1949, he received the outstanding Rural Pastor of the Year Award. Dr. Whittle has written for Tidings/Discipleship Resources, The Upper Room, The Upper Room Disciplines, Forward, Transformation, The Church School, The Christian Höme, The Methodist Story/Interpreter books, booklets, tracts, and other materials. He directed Evangelistic Missions in Argentina and Uruguay (1964), Chile (1965 and 1969), Bolivia and Peru (1966), Brazil (1967 and 1974), Argentina (1968), and Korea (1983). He participated in the International Congress on World Evangelization in Lausanne, Switzerland (1974) and the Israeli Prime Minister's Conference (1982). He received the "Philip Award for Evangelism" in 1974. In 1977 he was elected Executive Evangelist by the National Association of United Methodist Evangelists. He received Honorary Doctor of Divinity Degrees from Texas Wesleyan College in 1977 and Asbury Theological Seminary in 1979. He is a former president of the United Methodist Church Council of Evangelism. He is currently pastor of the First United Methodist Church in Abilene, Texas, since February 1, 1975.

Johnny Ray Watson

Johnny was raised in a Christian home by loving Christian parents. He accepted Jesus Christ as his Lord and Saviour at the age of 12. In High School he won All-State honors in basketball. Acclaim in basketball followed him at McMurry College, where he was voted the team's Most Valuable Player in 1970 and 1971. His 6'71/2" frame was an athletic asset. It is an asset in his witness today. He made a commitment to the Lord for a full-time ministry in music evangelism in 1972. Since that time, he has sung in hundreds of churches, large and small; in athletic stadiums; convention centers; schools, and crusades. He has worked with the Billy Graham team, Baylor Head Coach Grant Teaff, and many other Christian leaders. Johnny Ray and his wife Brinda have four children, Anthony, 13, ShPwan, 8, Lloyd, 4, and two-year-old Lisa.
