Candidates File For School, City Jobs

With school and city elections coming up in all four Lynn County communities and with about a week left before the March 6 deadline for signing up, candidates have begun to file for the unpaid jobs of community service.

In Tahoka, councilman Jim

Solomon, an insurance agent, has filed for the position of mayor. That job has been held for 24 years by Meldon Leslie, who also was on the council for four years before becoming mayor. Leslie's term is expiring, and so far he has not signed up for re-election.

Also expiring on the city council are the terms of two council members, W.O. (Cap) Whorton and Dalton Wood. Both signed up for re-election this week. As of Tuesday afternoon, no other candidates had signed up.

Solomon, who has a year to go on his council term, does not have to resign to run for mayor, city manager Carl Reynolds said. He explained that Solomon's position as council member becomes vacant only if Solomon wins the mayor's race. In that event, the seat would become vacant and the council would appoint someone to fill the unexpired term.

In the Tahoka school board race, four persons had signed up by press time for two positions scheduled to become vacant. Terms of Austin E. (Bob) Haney and Robert (Bones) Smith are to expire. Smith has signed for re-election, and others who have signed up for the school board race are Ray Morales Sr., Billy Davis and Linda Spruiell.

At Wilson, nobody had signed up for two positions coming vacant on the school board. In the city election, the terms of mayor and two councilmen are scheduled to expire. None of those whose terms expire, Mayor Don Morton, council members Lonnie Donald and Lupe Arellano, have filed for re-election.

Nobody has filed for mayor. Signed up for the city posts are John Guzman and Mrs. B.E. (Charlene) Webb.

In O'Donnell two of the three incumbents whose terms expire have filed for re-election to the city government. They are Tommy Woolam and David Smith. Term of Billy Edwards also is to expire. In the O'Donnell school election, with two spots to fill, incumbents Jimmy Popnoe and Weldon Bessire have filed for re-election, and also filing was Alton Cook.

Two positions are to be filled in New Home school election, and three have signed up. They are Lonette Smith and incumbents Dwayne Smith and Kay James.

The terms of Mayor Clifton Clem and those of David Gandy and Leroy Nettles on the city governing board are scheduled to expire at New Home, but there was no information available on whether anyone had signed up for these places.

Commissioners Approve Audit

Lynn County Commissioners Monday approved an audit report on finances for 1984. The annual report by Love, Hays and Schaffner was presented by Kerry Musick and Joe Hays. All commissioners were present for the meeting.

Tubb, North Schools To Be Combined

In a called meeting last week, Tahoka school board voted to combine Tubb and North Elementary schools into a single elementary school, kindergarten through grade 6, with one faculty and one principal for the two buildings.

The changeover will be effective June 8. Currently the schools have two principals, Tom Cooper for Tubb and Clifton Gardner for North. Cooper has resigned effective at the end of the school year, and action on Gardner's contract has been delayed at his own request.

Vandalism Listed At Schools Here

Tahoka school Superintendent Dale Summitt reported to police that someone had shot some holes into a door and through three windows at Tahoka High School sometime on Saturday. Officials believe a 22-caliber weapon was used. Three windows were found broken and one door had three shots through it.

Police also received one complaint about loud music and one report of an obscene phone call during the past week.

Tickets issued include three for careless driving and one each for exhibition of acceleration, parking in middle of street, parking in a roadway, no driver's license and one ticket for running a stop sign.

One person was jailed during the week for revocation of probation.

Open House Set At Wilson Schools

Wilson ISD will have open house for Public School Week Tuesday, March 5.

All parents and interested persons are invited to visit the school on that day between 8:30 a.m. and 3:30 p.m.

A special meal will be prepared in the lunchroom for those wanting to eat. Cost of the meal is \$2.50 for visitors.

Chamber Banquet Tickets Offered

Tickets for the annual banquet of Tahoka Chamber of Commerce, with cartoonist and former Lubbock Mayor Dirk West as principal speaker, were still available this week, ticket sales chairman Weldon Self said.

The tickets are priced at \$7.50 per plate, and include a meal of brisket, potato casserole, cheese rolls, etc., served by Tahoka Chamberettes.

PERFORM PLAY — Mrs. Laura Cooper's sixth grade students enacted "The Hearing" during class this week. Tiffany Huffaker acted as court reporter and Kerrie Stanley as Judge in the play about a courtroom hearing for a boy accused of shoplifting. (LYNN COUNTY NEWS PHOTO)

students will be going to the lunchroom. Guests may go to the student's room and accompany them to the cafeteria. Guests will pay in the cafeteria line, at a cost of \$2.50 per person.

Cooper invites guests to "please plan to eat with your favorite elementary student. If you cannot make it during Public Schools Week, you may come any other day throughout the school year."

John Haines, Jr./Sr. High Principal, 998-4538, invites parents to the school during Public Schools Week.

Dale Summitt is superintendent of Tahoka Schools and encourages the community to visit the schools, see what the students have accomplished, and meet the teachers.

Chili Supper Set At Grassland

A chili supper will be held at the Grassland Community Center Tuesday, March 5, beginning at 6:30 p.m. Tickets are \$3 for adults and \$1.50 for children.

Proceeds will be for benefit of the community center.

Variety Benefit Is Planned

Lynn County Texas State Teachers Assn. will sponsor a variety benefit show to help fund a scholarship to be given at the end of May. The benefit will be held at the Tahoka High School on March 18. Anyone interested in performing should contact one of the following:

Leta Pierce, Tahoka, 998-4327; or 998-4538; Donna Hopkins, O'Donnell, 428-3247; Debra Shaw, Wilson, 628-2801 or 792-1225 after 5 p.m. Deadline is March 8.

Cheese Distribution Schedule

Feb. 28- St. Jude's Catholic Church, Tahoka 10 a.m. to 2 p.m.
March 1- New Home FFA building 9 a.m. to 4 p.m.
March 4- Wilson City Hall 9 a.m. to 3:30 p.m.

Tahoka Public Schools Week Set March 4-8

The week of March 4-8 has been set aside as Public Schools Week in Texas and will be observed in Tahoka Public Schools. Parents and community members are invited and encouraged to visit Tahoka schools during this week.

North Elementary Principal Clifton Gardner has extended a special invitation to grandparents to come during the week and eat lunch with their grandchildren. Parents are invited to visit classes, attend computer class at their child's scheduled time and eat lunch with their children.

Fourth grade students may invite their guests on Monday, fifth grade on Tuesday, and sixth grade on Wednesday. Parents are invited to visit their child's music memory class on Thursday and "Come Meet a Classic." Sixth graders meet from 9:30-10:30 a.m. and fifth

graders meet from 10:30-11:30 a.m. for this class.

Visitors should make advance plans to visit North Elementary by calling the principal, Clifton Gardner, 998-4233.

Tom Cooper, Tubb Elementary principal, also has invited grandparents or other senior citizens to eat lunch with the students. Because there are more students this year than in previous years, each grade has been assigned one day to invite their guests. Third grade may invite their guests on Monday, second grade on Tuesday, first grade on Wednesday, and kindergarten on Thursday.

Those who plan to eat at Tubb Elementary should call the school at 998-4350 by 9 a.m. on the day they will eat. This will help the lunchroom staff plan the amount of food to prepare. At that time, school personnel can tell visitors what time the

WOODWORK

BY DALTON

WHAT I WROTE about dogs got me a couple of poison pen letters from dog lovers, as I suspected it might. One of the letters was especially humorous, suggesting that some people's breath smells as bad as dog's and mentioning all the dogs that have saved people's lives, and even voicing the hope that when I die, all the dogs in Lynn County would visit my grave and do uncouth things on it.

If this happens it won't bother me much at that point.

The writer also wound up with the comment that "I'll bet you don't print this in your paper." Obviously, I have reprinted part of it, something I normally don't do for unsigned letters. How many times are we going to have to tell everyone that we do not publish unsigned letters, nor do we withhold the name?

One dog lover who was not afraid to take credit for his opinions and who did sign his name to a letter was Gerald Moore, of Seymour, who is some kind of official (top dog?) of something called Southwestern K-9 Services. He suggested (jokingly, I think) that I will soon be in jail on a five-year term for allowing an animal to starve. He also suggested that I get a dog feeder and keep it full. He doesn't

know my dogs. I feed them plenty, but one won't let the other eat sometimes. Also, my dogs would die of overeating if I put a feeder out there. You could put 400 pounds of food out and it would be gone by nightfall.

Anyway, Gerald is a friend of mine and I'm sure he will visit me regularly in prison.

Despite all this howling, I stand by what I said about mouth-to-mouth resuscitation for hounds. If that's the only thing that will save a dog and I'm the only one around, he'll just have to go on to that big boneyard in the sky. Better him than me.

WORD FROM AUSTIN is that the Texas Blue Law probably is on the way out, with the House set to vote it out and the Senate pretty well divided at this time. Hearings on the issue are coming up soon, but polls indicate most citizens want the law repealed.

I remember when the law was first passed about certain things not being sold on Sundays. One guy in Plainview told his preacher that he'd vote to make all businesses close on Sunday if all churches would be required to close their doors the rest of the week.

ARBOR DAY PLANTING — Members of Tahoka Garden Club met at the senior citizens center last Thursday to plant an apricot tree in observance of Arbor Day. Eight members of the club are shown in front; observing from the steps is Mrs. Willie Thomas. Garden Club

The Tahoka Garden Club met Tuesday morning, Feb. 19, in the home of Mildred Abbe with Adria Ann Crotwell as co-hostess with 16 members and four visitors present. One new member was voted into the club, Lucille Wright.

Lahrue Tippit read some articles from the Lone Star Gardner magazine. A pot-pourri workshop was given by Mildred Abbe. Clifford Tankersley and Lena Short were elected delegates to the district meeting in Big Spring March 19-20.

The next regular meeting will be March 19 in the home of Lena

Short, 2405 Lockwood at 9:30 a.m. with Lahrue Tippit and Gleda Jackson as co-hostesses.

On Thursday, Feb. 21, the Garden Club met at the Lynn County Pioneer Center to plant an apricot tree that had been given by Lena Short at 11 a.m. with eight Garden Club members present. After the tree was planted, Mildred Abbe gave a program about Arbor Day. Several stayed to eat lunch at the center.

MRS. DANNY ROBERT COOK (nee MARLA ANN HUFFAKER) Huffaker-Cook Vows Exchanged In Double Ring Ceremony Here

Marla Ann Huffaker became the bride of Danny Robert Cook Saturday, Feb. 23, at 6:30 p.m. in the First Baptist Church of Tahoka with Rev. Bob Ferguson performing the double ring ceremony.

Parents of the couple are Mr. and Mrs. Kenneth Huffaker of Grassland and Mr. and Mrs. Bobby Cook of Tahoka.

Vows were exchanged before brass columns holding baskets of silk flowers and flanked by heart shaped candelabra which held greenery and silk flowers. The unity candle was placed in greenery before the altar.

Given in marriage by her father, the bride wore a formal gown of white sheer organza. The high neckline was accented with alencon lace and tiny seed pearls. Rows of organza ruffles cascaded into a cathedral train.

The bridal hat of alencon lace and seed pearls held a cathedral length veil of silk illusion. The bridal bouquet was of white silk roses accented with dusty rose and navy flowers and lace streamers.

Something old was a satin and

lace covered Bible carried by her mother in her wedding; something new was her dress; something borrowed was a diamond necklace; and something blue was her garter.

Kathy Cook, sister of the groom, was maid of honor and Marci Gandy was matron of honor. They wore gowns of dusty rose taffeta which featured a fitted bodice with sweetheart neckline, puffed sleeves with matching bows at the shoulders and softly gathered skirts. They carried navy silk flowers accented with baby's breath and satin ribbon of dusty rose and grey.

Mike Montemayor served as best man and Keith Anderson, cousin of the groom, was grooms man.

Candles were lighted by Rusty Cook, cousin of the groom, and David Cook, brother of the groom.

Ushers were Brad Huffaker, brother of the bride, and Roddy Gandy.

Wedding music was presented by Donna Stone. Daron Norwood sang "Endless Love", "Can't

Pythian Sisters

Lynn Temple #45 met in regular session Feb. 18 with 18 in attendance and MEC Clifford Tankersley presiding. District Deputy Elsie Dee Brooks will make her official visit to Friendship Temple, Lubbock, March 18.

Temple Sweetheart Dorothy Kidwell was honored, being escorted to the altar by Manager Billie McNeely. Elnora Curry gave an appropriate reading. Trutie Schuknecht, Past Chief, presented a gift and "Let Me Call You Sweetheart" was sung.

Plans for the District Convention to be hosted by the local temple Saturday, April 27, was discussed.

Youth-Adult Basketball Game Slated

The youth of the First Baptist Church will play the adults in basketball Thursday night, Feb. 28, at 7:30 p.m. in the North Elementary gym. In the first and third quarters the girls will play the women and second and fourth quarters will be the boys against the mens' team.

Tickets are \$1 per person and may be purchased at the door or from the First Baptist Youth. A refreshment stand and an auction of cakes and pies will be featured. Proceeds will go toward the Youth Ski/Bible Retreat during spring break.

The former Montie Stanley and Frank Lindsey were married Feb. 28, 1935 in Lynn County.

Those attending from out of town included Mary F. Stanley of Dawson, Mary Lou Bray and Emma Jean Stanley, both of Dallas, Cordie Walters and daughter Billy of Slaton, Mr. and Mrs. Lee Tyler and Emma Estill, all of Lubbock.

Courthouses Topic Of Abbe Lecture Today

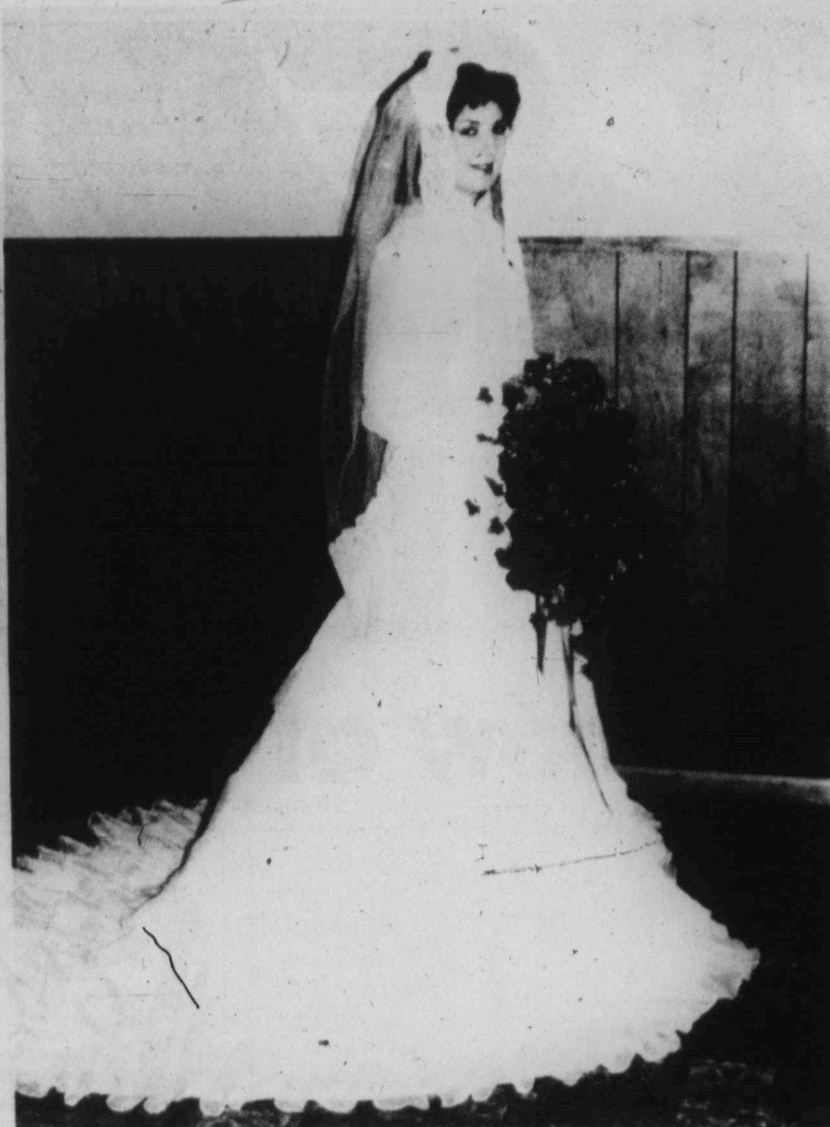

Joseph E. King and Donald R. Abbe, both of the Texas Tech University Center for History of Engineering and Technology, will speak on "Courthouses of West Texas" at 7:30 p.m. today (Thursday) in the Texas Tech Library Special Collections Area.

The lecture is in conjunction with the Library of Congress Exhibit "Houses of Justice: County Court Architecture Across America" on display at the Library.

Both King and Abbe, son of Mrs. Mildred Abbe of Tahoka, have done extensive research on older structures in Texas and other southwestern states.

Abbe has worked on historical engineering surveys of New Mexico, Arizona and Nevada. He has done a New Mexico architectural survey of Chavez and Roosevelt counties which documented more than 8,000 pre-1945 structures.

He has also directed a multi-year survey of 48 counties in the Texas Panhandle and South Plains.

MRS. JON MARK EASON (nee DEBORAH HIGDON)

Deborah Higdon-Jon Mark Eason Exchange Marriage Vows

Deborah Denise Higdon of Maryneal became the bride of Jon Mark Eason of Wilmington, N.C. in a double-ring ceremony Feb. 14 at the Maryneal Baptist Church with Dwayne Dennis officiating.

Parents of the couple are Andrew and Carol Higdon of Maryneal and Fred Eason of Atlanta, Ga., and Virginia Eason of Wilmington, N.C. The bride is the granddaughter of Mr. and Mrs. A.D. Riddle of Tahoka.

The altar was decorated with heart-shaped candelabras with white columns flanking the altar adorned with cascading ivy and the unity candle. Red bows with baby's breath and hearts decorated the aisles in true Valentine's Day fashion.

The bride, escorted by her father, wore formal gown of white organza and simulated alencon lace. The bodice featured a high neckline and full bishop sleeves with tiny buttons down the back of the bodice. The A-line skirt was enhanced with tiers of ruffles cascading into a cathedral train and also bordering the skirt. She wore a fingertip veil of white organza edged with alencon lace drifting from a Juliet cap which was re-embroidered with tiny seed pearls.

The bridal bouquet was a cascade arrangement of red roses trimmed with hearts and red bows.

Pianist June Flippo, aunt of the bride, accompanied Charlene Kilgore, aunt of the bride, and Jamie Fredrick as they sang "We've Only Just Begun," "The

Wedding Song," "Theme from Ice Castles," and "Evergreen."

Maid of honor was Sarah Higdon, sister of the bride. Vicky Stewman served as bridesmaid. They wore red taffeta full-length gowns with off-the-shoulder styling and carried nosegays of red silk roses with white lace and bows.

Best man was Fred Eason.

father of the groom. Groomsman was Harold Meyers.

Daren Flippo of Abilene, cousin of the bride, and Chris Higdon of Fort Worth, brother of the bride, were ushers.

The reception was held at Maryneal Community Center by Rudy Thomas, Sandra Light and Lisa Sorrels. Debbie Kutch and Sherrie Dennis served at the bride's table and Rebekah Killgore and Dawn Flippo, cousins of the bride, served at the groom's table. Jennifer Killgore, cousin of the bride, registered guests.

Liesle Muncy and Diane Flippo distributed red and white satin rice bags to the guests.

The bride is a 1983 graduate of Highland High School and a sophomore at Abilene Christian University. The groom is a member of the United States Air Force.

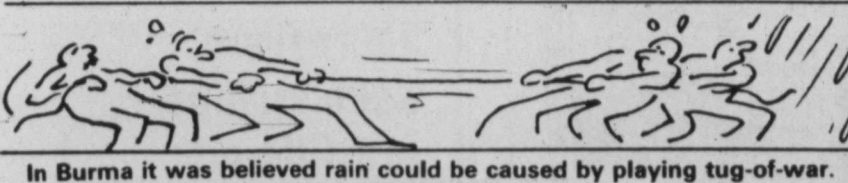

The couple will live in Abilene. Mrs. A.D. Riddle, grandmother of the bride, and Mr. and Mrs. T.R. Riddle, all of Tahoka, attended the wedding.

The first practical typewriter was built in 1808 by an Italian, Pellegrino Turri, to help a blind friend correspond with him.

Neon tubes were shown for the first time at the Paris Motor Show in 1910. Its main drawback was that it only came in red.

In Burma it was believed rain could be caused by playing tug-of-war.

Journalism Scholarships Are Offered

High school seniors in West Texas are invited to apply for journalism scholarships at Midland College for the 1985-86 school term, according to Ralph L. Sellmeyer, Allison Professor of Journalism.

The scholarships are funded by a \$750,000 endowment provided by the James Allison family, former publishers of the Midland Reporter Telegram, and provide all books, fees and tuition for those receiving the scholarships.

Students granted scholarships are also eligible for paid staff positions on the college's weekly newspaper and the twice-yearly college magazine.

Interested students should write to: Ralph L. Sellmeyer, Allison Professor of Journalism, Midland College, 3600 North Garfield, Midland, TX 79705. Those who desire additional financial aid should also write to Bill Burns, director of financial aids.

FmHA To Hire Extra Employees

The Farmers Home Administration will hire additional temporary employees to help process farm loan applications in Texas according to Texas FmHA State Director J. Lynn Futch.

The employees will serve for four months to help with the seasonal loan peak and to process loans for hundreds of farmers who have requested a review of their debt situation to see if they qualify for the new debt restructuring program.

Under the new program, farmers who are having trouble meeting their FmHA payments, may have their loans rescheduled or have up to 25 percent of their loans, up to \$200,000, set aside for five years with no interest.

"We already know where qualified potential staff people are," Futch said, "and we hope to put them to work as soon as possible."

Curt Terry On A&M Honor Roll

Curt A. Terry from Tahoka, junior animal science major, has been named to the Dean's Honor Roll at Texas A&M University.

Recipients of the Dean's Honor Roll must be registered for 15 semester hours and earn at least 3.75 grade point ratio.

Letter to The Editor

Dear Mr. Wood,
I rarely get upset enough to write a letter to the editor, but I feel like there is a situation which warrants it right now. I am speaking of the recent resignation of Tom Cooper as principal of Tubb Elementary. I am sure Mr. Cooper has many reasons for submitting his resignation at this time, however, I wonder if the community realizes what a valuable asset to the school is being allowed to slip away.

Mr. Cooper has the kind of relationship with his teachers that encourages them to do and be their best without intimidation. He has the utmost respect for them and has been a continual support through many changes this past year.

Above all, and most important, is the rapport he is capable of developing with children. He is so very able to communicate with them and make them feel comfortable in a sometimes uncomfortable institution. Mr. Cooper is a fine example of manhood and for our children to look up to in the area of family, service, community, religion, and social relationships. I personally know of no other man in the Tahoka school system whom I would rather my children look up to.

I'm afraid our school board and superintendent have many questions to answer as they allow one of Tahoka's finest to resign from this important post.

Respectfully submitted,
Melody Dawes

NOMINATIONS FOR RURAL HERO—Nominations are now being sought for the 1985 Rural Herosim Award. The award is presented annually by the Texas Farm and Ranch Safety Council to someone who has performed an act of life-saving herosim in a farm or ranch environment, says a safety engineer with the Texas Agricultural Extension Service. Nominations should indicate a thorough report of the incident, including names of all persons involved, the location and date and must be submitted by March 15 to Dr. Gary Nelson, 303 Scoates Hall, Texas A&M University, College Station, TX 77843. The incident must have occurred in 1984.

MAKING THE MOST OF KITCHEN APPLIANCES—Rather than buy more electrical kitchen appliances, many consumers would be better off making full use of the ones they currently own; says a Texas A&M University Agricultural Extension Service home economist. "Too many of us have electric fry pans, griddles or blenders gathering dust in cupboards, while we shop for food processors and electric woks", says Bonnie L. Piernot, a consumer economics specialist. Expanding the use of appliances you already own requires deliberate action, she says. For example, an electric fry pan will do more than fry foods. It can be adapted for stir frying; baking pizza, cake or muffins; popping corn or slow cooking. She advises consulting the care and use manual that came with the appliance for ideas on different ways to use it.

The first crease-proof fabric was introduced in Manchester, England, in 1932.

Summer Camping At Texas 4-H Center

Summer camping programs abound for Texas 4-H'ers this year.

The Texas 4-H Center, located on Lake Brownwood in the heart of central Texas, offers a unique camping experience for youth

9-19, says Greg Henley, county 4-H program leader with the Texas Agricultural Extension Service, The Texas A&M University System.

For 9-11 and 12-14 year olds, a number of three-day camps are available. Dates for six camps are June 23-26, June 26-29, July 7-10, July 10-13, July 14-17 and July 17-20.

Each camp is designed to teach or improve a youth's skills in a variety of areas, notes Henley.

Each day includes sessions on shooting sports, canoeing and sailing, high adventure initiative activities, nature crafts and outdoor education. In addition, nightly camp activities feature parties, folk games, movies and other entertainment.

For the 13-19 age group, 4-H Project Camp offers more of a challenge. It is a five-day camp, June 17-22, which gives in-depth training in a choice of computers, shooting sports, food and fitness, canoeing and sailing, food and nutrition, or photography. This training is combined with the fun and excitement of camp life, and evenings provide "whole camp" activities.

Campers of all ages learn to adjust to camp environment, share responsibilities and appreciate natural surroundings while enjoying the fun of activities designed especially for them.

Experienced resource teachers and qualified college-aged counselors conduct activities. County Extension agents and volunteer adult leaders supervise camps at all times.

For applications or additional information, contact the county Extension office, says Henley.

CANCER: The Good News - Part 2 Detection Depends On You

Tim Dillard describes himself as "just a country boy from Cross Plains," yet he dreams of traveling to faraway places someday.

Now 24, Dillard dares to share some of those dreams -- especially about going to Hawaii -- because he appears to be winning his personal war against cancer. He is also busy running the flower shop he owns and planning improvements for the garden he enjoys in his hometown near Abilene.

"I thank the good Lord every day that I've been so fortunate. The doctors in Houston said I had a pretty bad case -- and there were times when I felt like I might not make it," Dillard recalls.

Testicular cancer is the type he had. Although relatively uncommon, it strikes young men between 18 and 35, often interrupting their college or career plans. Dillard had never heard about testicular cancer until his diagnosis was confirmed in late 1981, but he has plenty to say about it now.

"Every young man needs to know that a lump or pain in his testicles could be serious. There's no time to waste in getting to a doctor," Dillard says.

The cure rate for testicular cancer when the tumors are contained inside the testicles is vir-

tually 100 percent. Even when the malignancies have spread, as Dillard's cancer had to one of his lungs and several lymph nodes, surgery along with potent anti-cancer drugs can successfully treat 75 percent or more patients. Radiation therapy also may be used in some cases.

Dillard had two operations and multiple courses of chemotherapy at the University of Texas M.D. Anderson Hospital and Tumor Institute at Houston. He has been free of any signs of cancer for nearly two years.

Curing testicular cancer and many other malignancies depends in large part on men and women of all ages paying attention to warnings from within their bodies and looking for clues among their loved ones.

Being cancer-conscious means women take a few minutes each month to examine their breasts for lumps and men check periodically for enlarged -- and usually painless -- testicles. Both of these habits should begin during the teen years.

Other early warning signs that might signal cancer include changes in bowel or bladder habits, unusual bleeding, sores that don't heal, altered appearances of warts and moles,

persistent hoarseness, nagging coughs, difficulty in swallowing and any unexplained bumps or lumps.

"Detecting most cancers early can mean the difference between cure and a poorer prognosis for many people. It is imperative that people seek medical help the moment they notice something out of the ordinary," maintains Dr. Helmuth Goepfert, chairman of head and neck surgery at M.D. Anderson Hospital.

"One message we simply must get across is that people cannot be treated successfully for most cancers until they replace their fears with facts. Getting accurate information and, in some cases, second opinions is everyone's right and responsibility," Dr. Goepfert notes.

Regular breast self-examination by millions of American women gets credit for improving breast cancer survival rates over the past 20 years. Women over 50 and those who have a family history of this type are at increased risk for breast cancer, which affects one in nearly every 10 women in this country.

More options than ever are available now for women diagnosed with breast cancers, although there is debate among medical specialists on the best approaches for some types. Limited surgery combined with radiation therapy is becoming more common for smaller tumors. This

regimen not only saves most of the breast tissues but it has produced treatment results equal to more radical operations in many studies. Chemotherapy is being used with increasing success to prevent recurrences and to treat breast cancers which have spread to other body sites.

There is no debate, however, on the value of women practicing regular breast self-examination, perhaps after the monthly menstrual period. Professional breast examinations should be done at least every three years from age 20 to 40, and annually thereafter.

National guidelines also have been approved advising women to have low-dose X-ray tests called mammograms at varying intervals to pick up extremely small lesions, some as tiny as a pencil eraser. A baseline mammogram is recommended for most women between ages 35 and 39, then every one to two years between 40 and 49, and annually after age 50. Women at higher risk for breast cancer and those with abnormal mammographic findings should be followed more closely.

"Tremendous progress has been made in the last 10 years in both earlier detection and therapy for breast cancer. When found early and treated promptly, it is one of the most curable types," notes Dr. Eleanor D. Montague, a radiotherapist at M.D. Anderson.

Early detection of cervical cancer has been a real success story, largely due to women having routine pelvic examinations. By doing the Pap smear test periodically, physicians can pick up very tiny cancers before any symptoms occur and while these are virtually 100 percent curable.

Other common tests used to help find colon and rectal cancers include the digital rectal exam, the hidden stool blood test and proctosigmoidoscopy, in which a flexible, lighted tube enables doctors to inspect the rectum and portions of the colon. Analysis of sputum and chest X-rays are screening techniques available for lung cancer.

Cotton Ginning Nears Finish

Only a few High Plains cotton gins remain in operating status, said Mack Bennett, Area Director at USDA's Marketing Services Office in Lubbock. Most gins have closed for the season. The few remaining open for business reported from 50 to 500 more bales to gin. They expected to finish within the next ten days.

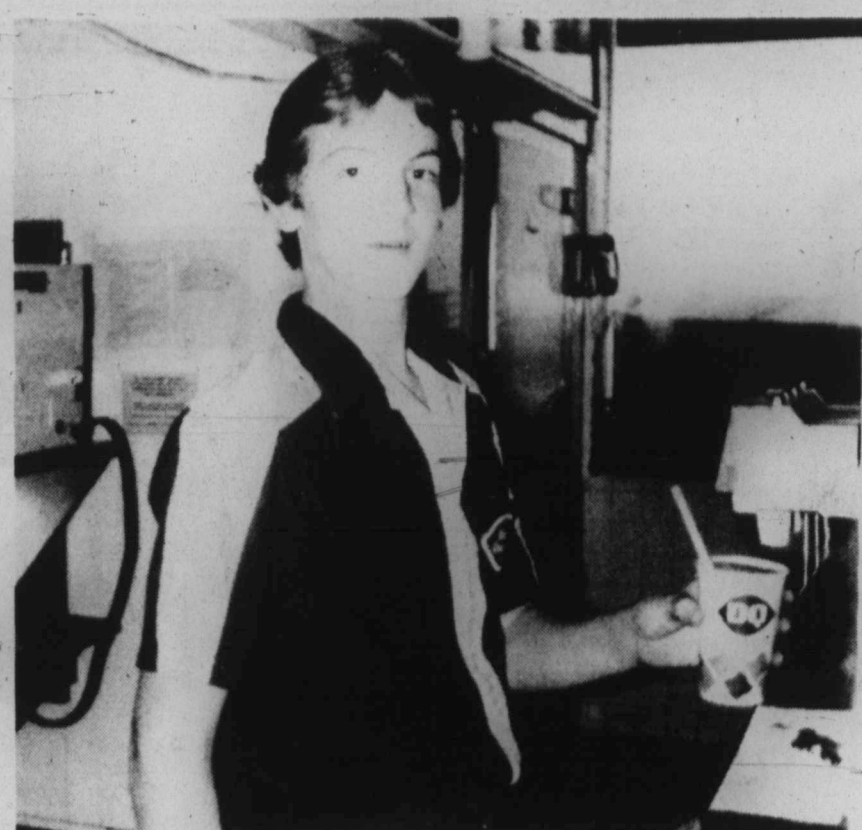

Most of the remaining unginned cotton is field stored in modules, Bennett continued. Movement of modules is limited only when fields are too moist to support equipment.

Growers continued to offer their cotton in sufficient volume to meet current, limited demand. Growers continued to sell near loan levels. Mixed lots of mostly grades 42 and 52, staples 30 to 32, mike 30-32 brought 350 to 400 points over Commodity Credit loan rates, up about 25 points from last week. Some growers rejected prices offered and turned to the CCC loan.

USDA's Marketing Services Office at Lubbock classed 14,000 samples during the week ended Thursday, Feb. 21. This brought the season's total to 1,750,000 and compares with 969,000 classed by the same date last year.

The week's predominant grades were grade 52 at 29 percent followed by grade 51 at 22 percent and grade 42 at 20 percent. About 71 percent was reduced one grade because of bark.

Predominant staples were staple 30 at 25 percent, staple 31 was 27 percent and staple 32 was 15 percent.

DAYTON PARKER

TOXIC SHOCK SYNDROME
Harvard physicians state that "toxic shock syndrome" is due to the modern tampons super-absorbing ability. They keep absorbing all day, swelling, and eventually blocking the vagina completely, with fluids backing up into the uterus. If left inserted for a full day, staphylococci germs multiply in the warm moisture and produce vast amounts of poisonous toxin. To avoid this, Public Health Service urges women to change tampons several times a day, regardless of brand.

'85 FOOD PRICES TO INCREASE MODERATELY-- Food prices should rise from 2 to 5 percent during 1985, about the same increase as last year, notes an economist with the Texas Agricultural Extension Service. This increase will reflect the rate of increase in inflation in the general economy rather than improved prices to farmers. Consumers will spend about 14.6 percent of their disposable income for food in 1985, down from 15 percent last year. Two-thirds of what consumers pay for food makes up the farm-to-retail price spread, the costs involved in transforming raw farm products into finished foods and making them available for consumption.

CARD OF THANKS

I would like to thank my pastor and friends for the way they stood by me last week in my sorrow and death of my brother, Herman Huffaker, with food, visits, and the help they gave me. Also for their sympathy, prayers and beautiful flowers.

Surely we appreciated the way the community took care of his family.

I will be praying God's best for one and all.

Love,
Maggie Murray

We would like to take this opportunity to thank everyone who has so touched our lives in this time of sorrow; the flowers, food, memorials, prayers and love you have extended to us at this time.

We thank Bro. George for the beautiful words of comfort, Carroll and Susie, Marlin and Diane and Donna for the beautiful music.

God bless each of you.

The family of Clay Bennett
9-1tp

We wish to thank all those who gave floral arrangements, food offerings, cards of sympathy, and memorials to Grassland Nazarene Church Fund, Grassland Cemetery Fund, and Ridley Foundation.

Also thanks to White Funeral Home, the ministers who held the service and those who provided the music.

New Home News

By Florence Davies — Call 924-7479

Feb. 16 students from New Home junior and senior high school competed in a math contest at South Plains College in Levelland. Those attending were Julie Wyatt, Rachel Nettles, Will Barnett, Darrell Paul, Dema Soto, Velma Armijo, LaShae Kieth, Lloyd Caballero, Stella Hernandez and Marisa Castro.

Those placing in the junior high division were Lloyd Caballero, 10th; Dema Soto, 3rd; and LaShae Kieth 2nd. In the senior high division, Marisa Castro took 7th place.

Community Invited

The New Home PTC is sponsoring an open house Monday, March 4, at 7:30 p.m. Everyone is invited to attend. Refreshments will be served in the cafeteria.

This will be a time to meet your

children's teachers, see some of their work and the classrooms.

K.W. Whisenant, 81, and his wife Della, 71, died early Saturday morning, Feb. 16, when fire swept through their home in Seminole. Funeral services for the couple were held Monday, Feb. 18, in the First Presbyterian Church with Rev. Bob Lewis officiating.

Mr. Whisenant, his parents and brothers and sisters, lived in the New Home in the early twenties. They were builders and some of the buildings they constructed here were Jim Izard Store building and home, the old Baptist Church, and the Sam Smith home, also the T-Bar ranch headquarters.

Mrs. Whisenant and Mrs. Izard were sisters.

The couple are survived by two sons, Charles of San Antonio

and Lowell of Colorado; two daughters, Patsy Timmons of Seminole and Nancy Jo of San Antonio; 10 grandchildren and two great-grandchildren.

After two weeks in the Methodist Hospital, Donna (Smith) Beavers was dismissed and returned home Saturday. She will be confined to her home for another two weeks.

Henry and Verna Turner of Hobbs, N.M. and Shirley and Frieda of Lubbock visited last Sunday with Mr. and Mrs. Fred Roper.

J.T. Swinson was dismissed from Methodist Hospital. Sunday after having back surgery Tuesday in Methodist Hospital.

After several days absence because of illness, Mrs. Loyd Bell was able to return to work at the Wagon Wheel Saturday.

Only 6/10" inch of rain was measured here in New Home the past week.

Saturday morning, Feb. 23, Kari, 7, and Kriston, 4, children of Mr. and Mrs. Larry Durham, played the violin in the Texas Tech University Suzuki string program, a 300th birthday celebration of Johann Sebastian Bach, born March 21, 1685, and George Frederick Handel, born 1685.

Lawrence Powell spent the weekend in Paducah visiting relatives and friends.

Sue Inman went by plane to Irving Friday to visit her daughter, Nancy Evans, her children and granddaughter, and helped celebrate Joey's 17th birthday.

Our granddaughter, Kenna Jo Pirtle of Lubbock, visited here with us Sunday evening.

New Home Church of Christ To Hold Meeting

The New Home Church of Christ will hold a series of Gospel messages beginning Sunday, March 3 through Wednesday, March 6. The speaker will be Larry Roberts of Odessa.

The series will begin Sunday with Bible study at 9:30 a.m., worship at 10:15 a.m. and 6 p.m. Weekday meetings will be at 10:30 a.m. and 7 p.m. Everyone is cordially invited to attend.

Lynn County Merchants Appreciate Your Business

FARM ECONOMY TO IMPROVE LITTLE—Both Texas' and the nation's farm economy is expected to show little improvement in 1985, says an economist with the Texas Agricultural Extension Service: Farm cash receipts are expected to gain 1 to 5 percent. Livestock receipts could be up as much as 4 per cent while crop receipts could increase from 5 to 8 percent. Prices paid

for cash expenses are anticipated to remain steady, with an overall expected to increase up to 4 percent as a prices-paid index, whereas the prices-paid index for

production items from non-farm sources should jump 5 to 7 percent, mainly due to high interest expenses. Overall, gross cash income will be stable but net cash income will continue to drop.
