TAHOKA, LYNN COUNTY, TEXAS, THURSDAY, MARCH 6, 1986

10 PAGES IN ONE SECTION PLUS INSERT

OLDER WORKER WEEK — Judge J.F. Brandon, seated, signs a proclamation designating March 9-15 as Older Worker Week in Lynn County, noting that the Farmers Union's Green Thumb Program has provided training and job opportunities for older rural Texans for more than 20 years, and noting that "older workers possess unique skills, capabilities and talents gained through years of experience and hard work." The judge is flanked by four workers in the Green Thumb program in Lynn County. Seated are Mrs. Annie Belle Stice, left, and Audrey Akin. Standing are Tom Curry and Lylia Knight. Tires, Wheels Stolen From Trailers At Farm

Theft of seven tires and wheels from trailers owned by Martin Warren was reported to Lynn County sheriff's office last week. Hubcaps also were stolen from the gooseneck trailers, and all the stolen items were estimated by officers at a total value of about \$1400. The theft occurred sometime after 6 p.m. Feb. 25.

Crime Line has offered a \$300 reward in that case, and also has offered a \$200 reward in the case of a stolen Honda motorcycle. Owner Danny Orr reported the XR500 red and blue racing dirt bike stolen from a field six miles southeast of Tahoka either March 2 or March 3.

J.O. Jeffcoat of Welch reported tires shot on a John Deere tractor and on gauge wheels while the equipment was located four miles south of New Moore, sometime within the last two weeks. Total damage was estimated at \$270.

Ray Foster of Wilson reported that about Feb. 7 a large quantity of tools was stolen from a garage five miles northeast of Wilson.

Tahoka police are investigating a shooting incident that occurred at approximately 12:30 a.m. on Tuesday that involved four Tahoka residents who exchanged gunfire at South 6th and Ave. E. No injuries were reported, however.

Police arrested a 43-year-old Tatum, N.M. man on Tuesday in the 1200 block of Lockwood for public intoxication. He was transported to Lynn Co. Jail.

Police investigated a theft reported at Bartley-Weaver Fertilizer Co., located at 1029 Lockwood, on Saturday. Reported missing was a flomax eight inch pump with a Briggs and Stratton engine which had been removed from a trailer that was parked in a storage lot.

Police also made two other arrests for public intoxication, one of which included warrants served for failure to appear out of Lubbock County. One DWI arrest was made during the past week, also.

Tickets issued during the past week include one for disorderly conduct resulting from playing loud music at unreasonable hours in a public place, one ticket for running stop sign, no driver's license and no proof of liability insurance, one ticket for no proof of liability insurance, one ticket for drag racing and two citations for exhibition of acceleration and excessive noise.

In jail during the week were two persons for public intoxication, one for DWI judgment and sentence, one for DWI third offense and traffic and one for no liability insurance.

Crime Line Offers
\$300 Reward ...

For information leading to clearing of theft of tires and wheels from trailers owned by Martin Warren. The items were stolen from a farm nine miles northwest of Tahoka between 6 p.m. Feb. 25 and 7 a.m. the next morning.

\$200 Reward ...

For information clearing theft of 1982 Honda XR500 red and blue motorcycle stolen from a field about six miles south of Tahoka March 2 or March 3. Owner of the racing dirt bike is Danny Orr.

City Hall To Provide Access To Handicapped

Tahoka City Council Monday night approved a revenue sharing budget totaling \$60,000, including \$10,000 to be spent in building a ramp and other remodeling at city hall to allow for easy access to the building by people in wheelchairs. This will comply with a federal law relating to access to public buildings for handicapped.

Other items to be paid from revenue sharing funds this year include a police patrol car, meters and valves for the water department, repairs on sanitation department equipment, a one-time expenditure of \$750 to help the Lynn County Pioneer Club with transportation expenses for

Tahoka senior citizens to see their doctors, and \$27,500 for a new back hoe when needed.

Three representatives of the Pioneer Club were on hand to request the aid for the transportation program. Present were Catherine Barham, Dub Kenley and Mildred Abbe.

Councilmen voted to authorize Mayor Jim Solomon and City Manager Carl Reynolds to negotiate the best arrangement they can on operation of city-owned land which is farmed north of the city, about 500 acres altogether.

Applications for housing assistance under the Community Development Block Grant were

approved.

Police Chief Gary Morrison made a monthly report of activities of the police department, giving some details on some of the situations handled by the police. He noted that one ticket had been issued for playing loud music from a car parked downtown, and that one ticket was for going 88 mph in a 50-mile zone.

Other cases handled by the department included driving while intoxicated, drag racing, public intoxication, two tickets for having no proof of liability insurance, some work on burglaries and break-ins and two dog bite incidents.

All council members were present, plus Reynolds and Solomon.

Third Candidate Files For Board

With three places to be filled on the Tahoka ISD board in the April 5 election, three candidates had filed for the posts by early Wednesday. Several hours remained before the filing deadline, however.

Latest candidate to file is Carroll Rhodes. Incumbents Bettye Green and Joe Hays also have filed for re-election. Term of Dr. David Midkiff also is scheduled to expire.

Chamber Board Reviews Plans For Banquet

Members of the board of directors of the Tahoka Chamber of Commerce Tuesday discussed plans for the annual banquet coming up next week and members were urged to push ticket sales for the event March 14.

The banquet will have a sesquicentennial theme and featured speaker will be Merle Anthony of Wichita Falls.

It was noted that the chamber office will be closed from March 17 through March 21. Anyone with chamber business during that time is asked to call 998-4911.

Nadine Dunlap, chairman of the Wagon Train committee, reported on plans for activities in conjunction with the arrival of the wagon train in Tahoka on May 8.

Wagon Train Committee To Meet Monday Night

The Tahoka Wagon Train Committee will meet Monday, March 10 at 7 p.m. in the meeting room of Lyntegar Electric Cooperative. All interested persons are welcome to attend, according to Nadine Dunlap, spokesperson for the committee.

WOODWORK

BY DALTON

SOMEONE showed me an advertisement the other day for a bicycle which has a lawn mower on the bottom of it. It costs about \$400, and the idea is that you combine the exercise bicycle idea with mowing your yard, and that way the job gets done while you get your leg exercises.

Actually that doesn't sound like too bad an idea if you are the type that would ride an exercise bike, which is a way to get tired while going nowhere. Exercises that work out the arms and legs and get you puffing are supposed to help strengthen your heart. I guess the mower-bike is geared so low that it just barely moves across the lawn, so it likely would take a long time to mow.

It takes me a long time to mow with a 4-horsepower, superduper self-propelled wide-swath grass whacker. That's mainly because I don't like to do it. My wife can mow the yard in half the time it takes me to do it, so I usually let her.

Anyway, I'm not sure that you really need a combination bicycle-mower to get exercise and mow the lawn at the same time. You can get a mower that is not self-propelled, or you

can even buy a hand mower with no motor at all, at some places. And even if you have a power mower, you can get plenty of exercise trying to start the blamed thing.

Nowadays they have loused up power mowers so that they stop running whenever you take your hand off the throttle to scratch your nose or hitch up your pants, or whatever. This is safer, someone decided, but it also is aggravating. They also have cut back on the rpms, although they won't admit this. A few years ago I bought a 4-horse mower that at full throttle runs about half as fast as a 3-hp one I had a few years ago. You could use that old mower in the alley and it would cut down everything in its path — grass, weeds, bushes, fence posts or whatever. But those kind are too dangerous.

The safest mower is like another one we used to have in the storehouse: it wouldn't run at all.

DURING HIS 100th birthday interview, a salty centenarian told a reporter: "If I'd known I was going to have to live this long, I'd have taken better care of myself."

Two O'Donnell Players Nominated For Honors

Brian Snellgrove and Philip Furlow of O'Donnell High School are two of 60 finalists for the Fina Texas Academic All-State 1985 High School Football Team.

The selections were based on academic achievements and participation and leadership in school and community activities.

Snellgrove was named Student Council president and also was president of the junior class and the National Honor Society. He participated in UIL Number Sense competitions and band. He was vice president of the FFA chapter and has been awarded the Lone Star Farmer and Greenhand Degrees.

He has attended a Farm Bureau citizenship seminar, the Texas Institute on Cooperative Education, church mission trips and the 1985 Science Symposium.

He is on his church Youth Council and is a church song leader.

He has played high school basketball and tennis four years.

On the O'Donnell football team, he played center, guard and linebacker.

Furlow was president of his Future Farmers of America chapter for three years, was Area II Star Chapter Farmer of Texas and was runner-up for District Lone Star Farmer. He was on the District FFA talent team three years and was district treasurer, district champion in public speaking and Star Greenhand. He won the Santa Fe Educational

Award and twice was chosen as the Outstanding Member of the Area II Leadership Conference.

He served two years on O'Donnell High's student council, and was in the band. He took part in persuasive speaking, where he was second in the state UIL competition, and placed fourth and fifth in district standard debate competition. He was in the UIL One Act play competition and was named Outstanding Student in Social Studies.

He has been president of the local church youth organization, vice-president and then president of the Northwest Texas Conference of the United Methodist Church Youth Organization, secretary to the nine-state Jurisdiction Conference and delegate to the National Youth Ministries Organization.

In football, he was an all-district and third all-state guard.

From the 60 finalists, 11 members of the Academic All-State Team will be picked by a committee in April. Each will receive a \$1,000 college scholarship. One will be named the Fina Academic Athlete of the Year.

"The 60 finalists are exceptional in every way," said John W. 'Bill' Cahill, public relations director of Fina Oil and Chemical Co. "They are perfect or near perfect in the classroom. They are active in other extra-curricular and community events. They all have exhibited leadership qualities."

Chamberettes To Meet Tuesday

The Tahoka Chamberettes will meet Tuesday, March 11 at noon in the SPS Reddy Room for their regular monthly meeting. All members are urged to attend and visitors are welcome.

Subjects on the agenda are the upcoming Chamber Banquet which the Chamberettes will prepare, Wagon Train events, the Chamberette logo contest, and the possibility of a style show in the near future.

Chamberettes Sponsoring Logo Contest

The Tahoka Chamberettes are sponsoring a logo contest in an effort to design a logo for the women's service organization. Anyone is eligible to enter the contest, and the group is offering 20 silver dollars to the person who comes up with the logo the group prefers.

"We want something that will identify us immediately when people see it used on our posters, programs, shirts, or whatever," said Juanell Jones, president.

"We hope to get several entries to choose from, pick a winner, and possibly improve upon that choice," she added.

Rules for the contest are:

- The logo must say "Tahoka Chamberettes". Drawings or artwork is optional.
- Drawn with black pen on white paper no larger than 5"x7". Color and shading may also be used.
- Entrant's name, address and phone should be written on the back side of the paper.
- All entries will be property of the Chamberettes. Winning entry may be altered to suit the Chamberettes.
- Entries must be received by 5 p.m. Thursday, March 13, 1986 at the Lynn County News Office, 1617 Main St., Tahoka, or mail to Chamberettes % Juanell Jones, P.O. Box 516, Tahoka, Texas 79373.

All entries will be considered and the Chamberettes will vote within the week following the entry deadline. The winner will be notified and will be presented the \$20 prize.

SCRIPTURE
Matthew 5:1-12, 13-16

To love really means to become vulnerable. To love means giving ourselves, all that we are to others, as we allow them to love us. It means reaching out to them at their point of need and giving them ourselves. This is what Christ has done for us and is continuing to do.

He meets us at our point of need and gives us Himself and His love. He does not give us a bunch of pious cliches — Jesus gives us Himself, fully, totally, completely — even unto death.

But Christians, to give me words without giving me yourself is to leave my cup empty. The greatest gift you can give me is to give me yourself — your love, and my cup of blessing will be filled to overflowing. And that is what the Lord tells His disciples, then and now, to do — love and give yourself — saying, "Blessed are they..."

And in studying the Beatitudes we can learn that after "blessed are they who..." we find for every act of love given, something is received; the Kingdom of Heaven; comfort; satisfac-

tion; mercy; the name "Children of God." For love given, love is received in superabundance. Our cup of blessing is filled to overflowing. We need to learn how to receive as well as how to give.

Jesus Christ gave Himself on Calvary, but I have to receive Him for myself, and so do each one of you. Love is a relationship — a two-way street (giving and receiving) and both directions need to be traveled. And the Lord says, "Blessed are they who..."

So first, Christ's disciples are called to be themselves. We don't have to look alike, be alike, think alike — it's okay to be different. Remember that God loves us all (that's the point right there) and wants our witness for Him. Second, we are called to give ourselves and our love to others, loving Christ above all, and loving people at their point of need, allowing them to love us. Third, we are called to receive love from others, as love is a two-way street — giving and receiving. Both directions need to be traveled.

And there are some things in which believers in Christ are similar: Jesus said we are the salt of the earth. And He said, "You are the light of the world," to give light wherever we are. And all of us, together and when we are apart, yet always Jesus is with us in the Holy Spirit; so this we are all to do: "Let your light so shine before men, that they may see your good works, and glorify your Father which is in heaven."

May the Lord help us to love even as He first loved us. While we were yet sinners, He loved us. And may He grant us the wisdom to follow Him — that we might truly be, give, and receive.

Texas Treasury Unclaimed Money Fund Lists Names

Each year banks and other businesses turn over to the State of Texas accounts that have been inactive for three years or more.

This year more than \$117 million has been reported to the State Treasurer Ann Richards. This includes accounts of \$50 or more for approximately 150,000 owners.

If this money is not claimed, it helps pay for Texas public schools and state government services. All Texans benefit!

State Treasurer Ann Richards wants to reunite as many people as possible with their money. A Lynn County list is given below:

Estate Planning Seminar Set

Steps for passing on to heirs an operating business and at the same time lowering the estate tax burden will be detailed at a special estate meeting to be held Tuesday, March 11, beginning at 7:30 p.m. in the meeting room of Lyntegar Electric Co-op in Tahoka.

Dr. Wayne Hayenga, Extension Management Economist and attorney will conduct the meeting with Extension economist Dr. Jackie Smith, assisting. The seminar will include a discussion on components of a Basic Will- selection of an executor, guardian, or trustee; Use of a Trust; Taxable Estate.

This meeting is sponsored by the Executive Committee of the Lynn County Program Building Committee. All interested persons are invited to attend.

PREPARE LOW-CALORIE, LOW-FAT EGG DISHES--Eggs are low in calories--with 80 calories for one large egg-- and also contain a good level of vitamins and minerals for those calories. To keep egg dishes low in calories and fat, Texas A&M University Agricultural Extension Service nutritionists recommend using nonstick pans and cooking sprays to cut down on fat when cooking. Poached, soft-cooked or hard cooked eggs require no fat for cooking. In quiche, omelets, frittatas and other egg dishes, use low fat dairy products, such as lowfat milk and reduced fat cheese to cut calories. Substitute a cracker crumb crust for a pie crust which is high in fat and calories when you make quiche. Or use rice, potatoes, or bread on the bottom of the pie plate. Use vegetables for filling quiches and omelets.

DON'T TOP THAT TREE--This is the season when homeowners and others get the urge to "top" or "dehorn" landscape trees with the assumption that the trees will be better off. On the contrary, topping is one of the worst practices that can be used on a tree, says a forester with the Texas Agricultural Extension Service. Topping means

cutting back branches to stubs and sometimes all the way to the trunk. This severely injures trees and sets them up for attack by diseases and insects. Topping also reduces a tree's life expectancy and therefore affects its landscape value. And the practice can even kill a tree outright.

Study Estimates \$718.9 Billion School Tax Base

AUSTIN--The property tax base of Texas school districts grew by 3.9 percent from 1984 to 1985, according to estimates released by the State Property Tax Board (SPTB). Preliminary results of the agency's 1985 Property Value Study Show that school districts contained a total of \$718.9 billion in taxable property value as of Jan. 1, 1985.

This 3.9 percent growth rate in the school tax base is less than half the 8.7 percent increase that occurred between SPTB's 1983 and 1984 studies.

State law requires SPTB to estimate the taxable value of property annually in each of the state's 1,063 school districts.

"A school district's taxable property value is one of the important factors that determine the amount of state education aid the district will receive," explained Ron Patterson, SPTB's executive director.

DO YOU HAVE HBP?

Have you had your blood pressure checked recently? Is it normal--about 120/80 reading? Is it low? High? Or do you know? It is estimated that over 23 million North Americans suffer from high blood pressure (HBP) and that half are not aware they have it--they do not see a doctor for periodic physical exams.

Since HBP develops without warning, it is considered "the silent killer" and thousands will die this year because of it. But, once diagnosed HBP can be controlled by diet or medication or both. HBP control can reduce the number and severity of premature heart attacks, strokes and kidney disease.

A Visit With Your County Agent

Wheat Producers Should Check For Greenbugs

Wheat producers in Lynn County should check their fields now for greenbugs.

Recent wheat surveys on the South Plains have shown an increase in these insects with the warm weather of the past two weeks. "Generally speaking, greenbug numbers are higher at this time in fields which have not been grazed."

"The weather plays an important role in greenbug activity," he said. Mild weather brings about increased greenbug numbers, as they can reproduce readily at temperatures down to 55 degrees. However, below 65 degrees such beneficial insects as lady beetles reproduce slowly, and this situation can result in a greenbug build-up.

Greenbugs damage plants by injecting a toxin into the leaf as they feed. The toxin kills the leaf around the area where the aphid inserts its mouthparts. Repeated feedings can cause the whole leaf to die. Infested fields may have yellow spots appearing where the greenbugs are more concentrated.

"These yellow spots can also be caused by moisture stress or nitrogen deficiency. Wheat growers are encouraged to spend some time examining plants and scouting their field for greenbugs.

The need for applying an insecticide depends on the number of greenbugs present, plant size, moisture conditions and effectiveness of beneficial in-

sects. As a general rule, greenbugs should be treated when populations reach 100 to 300 per foot of drill row on wheat three to six inches tall. There are several insecticides which are different in reducing economic infestations of this pest.

ADULT CHILDREN AND OLDER PARENTS LIVING TOGETHER--To reduce some of the problems in a two-or-three generation living situation, a Texas A&M University Agricultural Extension Service family relations expert recommends a thorough discussion and agreement between parents and adult children about the roles and responsibilities of each. Because adult children often move in with parents at a time of crisis in their lives, it may be difficult for them to effectively communicate about these matters at first, says Dorothy Taylor. The older parents may also be upset about the imposition on their time, finances, lifestyle or privacy. But to avoid conflict later, it is important for adult children and older parents to eventually work out an agreement about sharing household duties, telephone and utility costs, child care and discipline of the grandchildren. The Specialist says they may also need to discuss parking space for automobiles, personal space and privacy, kitchen privileges and meal preparation, laundry and general expectations about evening hours, use and volume of television and stereo music.

MORMON WORKERS--Representing the Church of Jesus Christ of Latter-Day Saints in Tahoka, Brownfield, Levelland and surrounding areas are these two missionaries, Elder Joseph Alvarez, left, and Elder Marvin Blanchard. Alvarez is from California and Blanchard from Idaho.

Cotton Today

NCC Launches Campaign--The National Cotton Council is preparing to tackle the textile import problem through a Beltwide campaign designed to (1) encourage retailers to stock more U.S. made cotton textile and apparel products, and (2) convince customers to buy those products.

A resolution authorizing the campaign was adopted by delegates at the Council's recent annual meeting. A pilot program kicking off the campaign will be carried out by Delta Council Women's Steering Committee in Mississippi. The idea for the Beltwide approach was initiated by two of its members, Mrs. Joy Barrett of Belzoni and Mrs. Janet Flowers, Tunica.

A Council kit containing suggestions for cotton wives clubs and other industry groups to carry out the campaign in their

communities has been prepared and will be distributed to interested organizations upon request. Promotional materials for use in the campaign will feature a logo with a cotton boll superimposed on a bolt of fabric, and the slogan, "Grown and Made in the U.S.A.--IT MATTERS."

Maid of Cotton Sherri Moegele will play a major role in the campaign, emphasizing the textile import problem and the importance of buying American-made apparel at all of her domestic tour stops. Information on conducting campaigns can be obtained from the Council's Communication Services.

Cotton's Annual Use Rate Up--Reflecting continued consumer response to Cotton Incorporated's promotion and other factors, U.S. textile mills' cotton consumption rose to a seasonally adjusted annual rate of 6.5 million bales in January, the highest of the current marketing year. This was 5.2 percent above the annual rate in December and 19.4 percent above the rate in January, 1985, according to James Howell, Jr., market research analyst for the National Cotton Council.

Total fiber use rate in January was 23.5 million bale equivalents, down 4.9 percent from December but up 10.4 percent from the same month a year ago. The use rate for man-made fibers was 16.9 million bale equivalents, down 8.2 percent from December but up 8 percent from a year ago. A large part of the drop in made-made fiber use was in nylon fiber, possibly reflecting a drop in carpet production. Synthetic use also declined in cotton/synthetic blends. Cotton's share of total fiber use climbed to 27.5 percent in January from 24.9 percent in December and 15.5 percent in January 1985.

PCG Director To Be Elected

Lynn County cotton producers and agribusinessmen will elect a Businessman Director to Plains Cotton Growers, Inc. at a 7 p.m. meeting Monday, March 17, in the community room of the First National Bank, Tahoka.

Announcement of the election comes from Wayne Huffaker of Tahoka, Lynn County Producer Director to the 25-county cotton organization, and Joe D. Unfred of New Home, current Businessman Director.

A PCG staff member will conduct the election, discuss the new 1986 cotton program and review and answer questions about recent and planned PCG activities.

DRINKING WATER HAS HIDDEN SODIUM--Those whose doctors have told them to follow a low-sodium diet find sodium comes from more places than just the salt shaker. There's sodium in drinking water. "Most people don't think about the sodium content in drinking water," says Mary K. Sweeten, nutritionist. The Journal of the American Dietetic Association reports adults can get 10 percent of their daily intake of sodium from the two and a half quarts of water that most adults drink each day. Other "hidden sources" of sodium include distilled and bottled water and carbonated water in soft drinks.

Pick a sweet orange by examining the navel. Choose the ones with the biggest holes.

The New Home Quilters have pieced and are quilting a Lone Star king size quilt to be given at a drawing May 8 in Tahoka.

Proceeds of the project will go to promote and aid the Sesqui-centennial Wagon Train, of which John and Mary Bess Edwards plan to be a part. Quilters are working Tuesday afternoons at the New Home Methodist Church. Anyone wishing to help quilt is invited to do so. The quilt, when finished, will be displayed in New Home and later in Tahoka.

E.M. Rudd had surgery Monday in South Park Hospital in Lubbock.

Mrs. Dick Starnes of Portales, N.M. was the honoree at a birthday luncheon Friday, Feb. 21, in the home of her daughter, Mrs. Alice Roberts of Lubbock. Celebrating her 81st birthday, her other daughters, Betty Fitzgeralds of Clovis, N.M. and Dutch McAlroy of Brownfield, were co-hostesses. Other guests were old time friends of the Starnes family, Fernie Fillingim, Dorothy McNeely, Helen Reynolds of New Home and June Davis of Lubbock.

Margie Morris of New Home accompanied her mother, Mrs. Josie Busby, and daughters, Shirley Brown and Norma Jo Coleman, all of Hereford, to Los Angeles, Calif. for a week's visit with Carroll Busby and family.

Mr. and Mrs. Jerry Garner and children, Jaci and Justin, and Amy Mounts from Perryton were here Friday until Monday with her mother, Dorothy Bruton.

Mr. and Mrs. Gene Eades, Garner White, Mrs. Inez Miller, Mrs. Bernice Clem, Mr. and Mrs. Leland White, and Mr. and Mrs. Bobby Fillingim, Mr. and Mrs. L.H. Nettles and Robbie Gill were in Earth last Wednesday for funeral services for Bob Belew. Bob's mother, Mrs. Hershel Belew. Bob's mother, Mrs. Hershel Belew, is recovering from pneumonia.

There are still dishes in the kitchen at New Home Baptist Church that should be picked up.

Don B. Rudd of Bedford, Tex. arrived in Lubbock by plane Sunday to spend a few days with

his parents, Mr. and Mrs. E.M. Rudd, and other relatives.

In the absence of the pastor, Rev. Jim Thomas of Lubbock preached both services in the Baptist Church Sunday. Mrs. Thomas accompanied him to the evening service.

Aunt Chloe Russell was visiting in New Home Monday morning. She has been with her niece, Betty and A.C. Fillingim several days. She returned to Knox Village Monday.

Social Security ... Out West

By Bill West
Social Security Field Representative

Tonight I'm going to start preparing my Federal Income Tax Return because, "That time of the year" (April 15th) is just around the corner.

Social Security also shares, "that time of the year" because it is also the Social Security annual report deadline. Those Social Security beneficiaries who were

under age 70 and who earned over the limit in 1985 are required to file an annual report with Social Security. The earnings limit for those under 65 in 1985 was \$5,400 and was \$7,320 for those 65 to 70.

Those who told us they expected to earn over the limit should have already received an annual report form in the mail. Those who earned over the yearly limit who have not received a report form should contact the nearest Social Security office. The annual report can be filed by telephone. When you call be sure to have your claim number (a nine digit number followed by a letter) handy as well as your 1985 W-2 form(s) or your 1985 tax return if you were self-employed. The number to call in Lubbock is 743-7381.

Another closer deadline fast approaching for those over 65 is the Medicare general enrollment

period. The general enrollment period is from January 1st through March 31st every year. This enrollment period is for those who are over age 65 and who, for one reason or another, did not enroll in Part B of Medicare during their initial enrollment or a subsequent general enrollment period.

If you have a Medicare card or if you are receiving Social Security benefits you do not need to enroll for Medicare. Those who are already receiving Social Security benefits will automatically receive a Medicare card a month or two before their 65th birthday.

Social Security Information

If your desire face-to-face information about Social Security, Medicare, or Supplemental Security Income, you may contact a representative of the Lubbock Social Security office at the Littlefield Senior Citizens Center, 211 Phelps Ave., Littlefield, on March 5, 12 and 26 at 1:30 p.m.

The Lubbock office is open Monday-Friday, 9 a.m. to 4:45 p.m. The address is Regency Plaza Building, Suite 100, 1611 10th St., Lubbock, TX 79401.

The ancient Greeks awarded crowns made of laurel leaves to victorious athletes. The ancient Romans decorated their war heroes with crowns of oak leaves.

Obituaries

Burna Rogers

Services for Burna Fae (Boonie) Rogers, 68, of O'Donnell were held at 3 p.m. Wednesday, March 5, in the O'Donnell First Baptist Church with the Rev. Ernie Waggoner, pastor, and the Rev. Elmer Ward, pastor of the O'Donnell First United Methodist Church, officiating.

Burial was in the O'Donnell Cemetery under the direction of White Funeral Home of Tahoka. She died at 9:30 a.m. Monday in the Lynn County Hospital after a brief illness.

She was born Aug. 30, 1917, in Trenton and attended school in Newmoore, Berry Flat and O'Donnell. She moved to O'Donnell in 1932 and married Joe F. Rogers on Oct. 17, 1936, in Lamesa. He died in 1979. She was a housewife and the curator of the O'Donnell Museum. She was a member of the O'Donnell First Baptist Church.

Survivors include two daughters, Burna Joe Hancock and Donne Lee Moore, both of O'Donnell; five sisters, Jean Flattery and Margaret Lewis, both of Phoenix, Ariz.; Virgie Heard of Laguna, Calif.; and Billie Hoskins of Tahoka; two brothers, Beacher Brandon of O'Donnell and James Brandon of Phoenix, Ariz.; eight grandchildren; and five great-grandchildren.

Pallbearers were Wendell Edwards, Charles Gass, Wayne Mott, Floy Ash, Tom Ed Vestal and Sam Mensch.

Louie Holt

Graveside services for Louie M. Holt, 79, of New Home, were held at 11 a.m. Friday, Feb. 28, at Gaines County Memorial Park in Seminole with the Rev. Leo Cole of New Home officiating.

She died at 4:45 a.m. Thursday at Quaker Villa Nursing Home after a lengthy illness.

Mrs. Holt was born in Clay County. She was a housewife. She moved to Lubbock from New Home a year ago. She was a member of the First Baptist Church in New Home. She married Marvin C. Holt in 1921 in Wellington. He died in 1975.

Survivors include a daughter, Melva Armes of New Home; three sons, Alvis J. of Lubbock, Don M. of Dallas and Gene of Houston; a sister, Fay Hobbs of Mineral Wells; a brother, A.D. Hobbs of Lubbock, six grandchildren; and eight great-grandchildren.

Pallbearers were Jerry Holt, Sammy Holt, Brad Smith, John Armes, Bob Sparkman and J.C. Poyner.

Alma Maeker

Services for Alma M. Maeker, 81, of Wilson were held at 10 a.m. Monday, March 3, in St. John Lutheran Church in Wilson with the Rev. Greg Pietz, pastor, officiating.

Burial was in Green Memorial Cemetery in Wilson.

She died Friday in Highland Hospital after a brief illness.

She was born in Lavaca County. She moved to the Wilson area in 1916. She married Hugo Maeker on Jan. 4, 1930, in Lubbock.

Survivors include her husband; seven sons, Walter Steen and Orville Maeker, both of Wilson, Arden Maeker of Richardson, Ray Maeker of Slaton, Buddy Maeker of Albuquerque, N.M., Wilburn Maeker of Lubbock and Larry Maeker of Sulphur Springs; a brother, Adolph Nieman of Lubbock; 21 grandchildren and 28 great-grandchildren.

Grandsons will serve as pallbearers.

The family suggests memorials to St. John Lutheran Church in Wilson.

E.C. Harris

Services for E.C. Harris, 81, of Arlington were held at 2:30 p.m. Saturday, March 1, at Branon Funeral Home Chapel in Lamesa with the Rev. A.C. Hamilton of Plainview officiating.

Burial was in the O'Donnell Cemetery.

He died at 10:55 a.m. Thursday at the Arlington Memorial Hospital after a lengthy illness.

He was born in Greenville. He was a retired clerk for the U.S. Postal Service. He was a pioneer resident of Lynn County and moved to Arlington three years ago from O'Donnell. He married Willie Cathey in 1925 in Lamesa. He was a member of the Masonic Lodge.

Survivors include two daughters, Mrs. Billie Caswell of Arlington and Mrs. Trula Bentley of Dallas; a sister, Myrtle Surovic of Lamesa; six grandchildren and eight great-grandchildren.

CARD OF THANKS

We would like to express our appreciation to everyone for the prayers, flowers, cards, visits and food during the loss of our loved one.

A special thanks to Rev. Gene Wisdom for the beautiful service.

Zella was a wonderful person and will be missed by us all.

In His Love,
The family of Zella Thomas
10-11c

We wish to express our appreciation and thank everyone for the visits, calls, food, flowers, cards and prayers. May God bless each of you with his special love.

Mrs. Ora Snider and family
10-11p

We would like to extend our sincere thanks for all the lovely flowers, food, phone calls, and other expressions of sympathy that we received during the loss of our mother. It is a great comfort to live in Tahoka and have so many caring friends.

H. B. and Jeanne McCord and family
10-11c

In the midst of our sorrows we wish to express our heartfelt thanks and appreciation to our many relatives, friends and neighbors for the kindness and sympathy shown us in the loss of our beloved mother. For the food, flowers and memorial gifts we also express our thanks.

The family of Martha McKay
10-11c

Scholarship Available At UTPB

Help is available to students who must commute a long distance. Not based on financial need, the "100 plus" scholarship is designed to aid those students commuting 100 miles or more to attend the University of Texas of the Permian Basin.

The competitive scholarship is open to undergraduates and graduate students with a 3.0 GPA. The applicant must be eligible for regular enrollment and admission, enroll for a full-time (12 hour) course load and establish their eligibility each year. The stipend for this scholarship will be \$300 per semester (\$600 per academic year).

For more information, contact the Office of Financial Aid/Career Services, Room 139, or phone 367-2354.

Farm Family Weekend Set

In an effort to offer help and hope to farm families in the midst of the national farm crisis, First Baptist Church, Lamesa, is sponsoring a "West Texas Farm Family Weekend," March 14-16. "The agriculture industry is doing all it can to help save the farm. Our goal is to help save the farm family," said C.H. Murphy Jr., pastor at First Baptist Church.

The program, which is open to the public, will begin at 7 p.m. Friday, March 14, at First Baptist Church, S. 1st St., Lamesa, with a general rally featuring John Johnson, a motivational speaker from Minneapolis, Minn. Another rally is scheduled for 7 p.m. Saturday featuring Stanley White, a Christian humorist from Stephenville.

Beginning at 9 a.m. Saturday and continuing in 50-minute intervals throughout the day, a variety of seminars will be offered on subjects ranging from financial planning to strengthening the family.

No fees or offerings will be taken but there will be a charge for the meals--\$3 for adults, \$2 for children or \$10 for families of four or more.

AG EXTENSION HELPS WITH NEW SWINE VACCINE--A two year field test by veterinarians with the Texas Agricultural Extension Service and Texas A&M University's College of Veterinary Medicine has led to federal licensing of a new vaccine for pseudorabies, a swine herpes virus disease. Federal licensing was rapidly accomplished following extensive field tests conducted in Texas and supported by the Extension Service. The vaccine, named OMNIVAC-PRV, is the first in a series of new herpes virus vaccines for swine, cattle, horses and pets, points out an Extension veterinarian. American swine producers annually face losses to pseudorabies of about \$60 million. The disease causes reduced growth, infertility, abortion and even death in severe cases. The safety and effectiveness of the vaccine were demonstrated in Texas field tests in a known positive herd in which 1400 doses were administered to pigs of all ages.

KNOW SOIL TEMPERATURE FOR PLANTING COTTON--Soil temperature plays a key role in getting an early, uniform stand of cotton, so farmers need to keep a close check on this situation, says a cotton specialist. Recommended soil temperatures prior to planting are 60 degrees F. at the 8 degrees F. at the 8-inch depth in the High Plains and 60 to 65 degrees F. at the 4-inch depth in other areas of the state. Farmers should plant only high quality vigorous seed. Seed germinates slowly in cold soil and often poor stands result. So "jumping the gun" on planting could mean a poor stand of cotton and the added expense of replanting.
