THIS NEWSPAPER office gets lots of mail every day except Tuesday and we always have the biggest load of mail on Monday morning, since the postoffice people stay busy all weekend cramming our box full of stuff addressed to us. And we suspect they also put into our box all the things addressed to "Boxholder" that they have left over after everybody else gets one.

Well, I'm told by my resident postperson that they don't do any such thing, but it sure seems like we get a lot of unnecessary stuff, especially on Mondays. (Congratulations, you may have won five million dollars if you'll just send us these numbers and let us mail you a \$29.95 autographed photo of Cindy Lauper...or, You have been selected to receive one of our major prizes, a 1987 Yamasaki boat, or \$2,000 cash, just call us in Las Vegas in the next 48 hours...or Buy this Medigap insurance...).

Not everything we get in the mail is useless; sometimes we get checks and often we get material which is interesting to read. For example, on Monday we received Bob Bullock's monthly publication, Fiscal Notes and in it was a report on how many acres of Texas farmland is owned by

foreigners. The total is about a million acres, which is a lot of land if you have to hoe weeds on it, but which represents less than one per cent of the state's 134 million acres in farm production last year.

Lubbock County has a few acres owned by foreigners, but most South Plains counties showed none. Quite a bit of land in the Big Bend region is owned by foreigners (who probably bought it sight unseen).

THE MORE money a married woman earns, the higher the chance of divorce, says an article in the Wall St. Journal about the effects on a marriage of a wife's earning more than her husband. The story says about eight million wives are the primary breadwinners in their families today, and that about two million wives earn more than twice as much as their husbands. This causes friction in some families from social stereotypes both inside and outside of the marriage. Many husbands are quite happy that their wives earn more than they do.

If your wife earns more than you do and still does all the housework and most of the yard work, don't make any waves. It's the best deal you could ever get, fellow.

### DPS Estimates 40 Will Die Over Holiday Weekend

The Department of Public Safety estimates that 40 persons will die in traffic accidents in the state during the upcoming Fourth of July holiday period.

For counting purposes, the National Safety Council has designated the 78-hour period from 6 p.m. Thursday, July 2 through midnight Sunday, July 5, as the holiday period.

Last year, during the Fourth of July period, 41 persons were killed in Texas traffic accidents, with four others subsequently dying of injuries suffered during the time frame.

Though the number of holiday vehicle deaths varies from year to year, the causes of fatal accidents do not.

"Last year, slightly more than 6 out of 10 traffic fatalities resulted from accidents in which either speed or driving while intoxicated were listed as contributing factors," Gossett said. "The message is clear—high speed or driving under the influence of alcohol, and often a combination of both, can kill motorists. It's also very important to remember to wear that safety belt and make sure very young children are in child safety seats."

The DPS will conduct its

Operation Motorcade program during the July 4 period, with periodic reports on the number of traffic deaths occurring during the 78-hour counting period.

### Teams Still May Sign For Golf Tourney

Two-man partnership teams still may sign up for the T-Bar Country Club's low-ball golf tournament this weekend, Country Club President Pat Green said Wednesday.

Entry fee is \$40 per person for the tournament which begins Saturday with qualifying rounds for the various flights. Non-members of the club may enter, Green said.

Anyone wishing to enter or seeking more information should call the T-Bar at 998-5305.

### Forgery Case Investigated

Lynn County sheriff's department was investigating a forgery report this week, but details were not immediately available as the investigation was not completed.

No new burglaries were reported in the county during the last week. No reports of any investigations by the Tahoka Police

### Horwoods Hope London Trip To Settle Residency Issue

The Bruce Horwood family now expects to have to make a trip to London to deal with the American Embassy there, with the hope that they can obtain a classification as "permanent U.S. residents" that will enable them to continue living in Tahoka.

The family which has lived in Tahoka for six years except for a three-month period which messed up the five-year residency requirement for applying for U.S. citizenship has been ordered to leave the country by July 4.

In recent weeks, concerned neighbors and friends in Tahoka have been bombarding the offices of Sens. Phil Gramm and Lloyd Bentsen and Rep. Charles Stenholm with letters and phone calls supporting the Horwoods in their fight to stay in Tahoka.

"People have done so much for us," said Dorothy Horwood Tuesday. "The senator's office called us yesterday and told us how many calls and letters they have had...we want everyone to know where we stand, and right now we're waiting for word on when we will have to go to

London."

She explained that an earlier plan to go to Canada to work things out had fallen through because their papers have already been sent to the U.S. Embassy in London. "If we waited for them to transfer our papers back, it might be a month or longer, and we're facing this July 4 deadline." Mrs. Horwood added that the family is seeking an extension on that deadline, however.

At any rate, as of Tuesday, the family was expecting to make a trip to London and was waiting word on just when they need to be there before trying to get airline reservations. In Britain, said Mrs. Horwood, they hope to get their passports stamped as "permanent U.S. residents," which would allow them to stay in Tahoka, although the trip outside the U.S. would mean they have to start all over again on a five-year continuous residency plan before they can apply for U.S. citizenship.

### Savings Bond Sales Up 23 Percent

Sales of U.S. Savings Bonds for the first half of fiscal year 1987 in Texas amounted to \$232,781,413, an increase of \$44 million or 23.3 percent over the same period of 1986, T.J. Morrow, District Director for the U.S. Savings Bonds Division in Dallas, announced recently. These sales represent 60 percent of the state's 1987 assigned dollar goal of \$388 million.

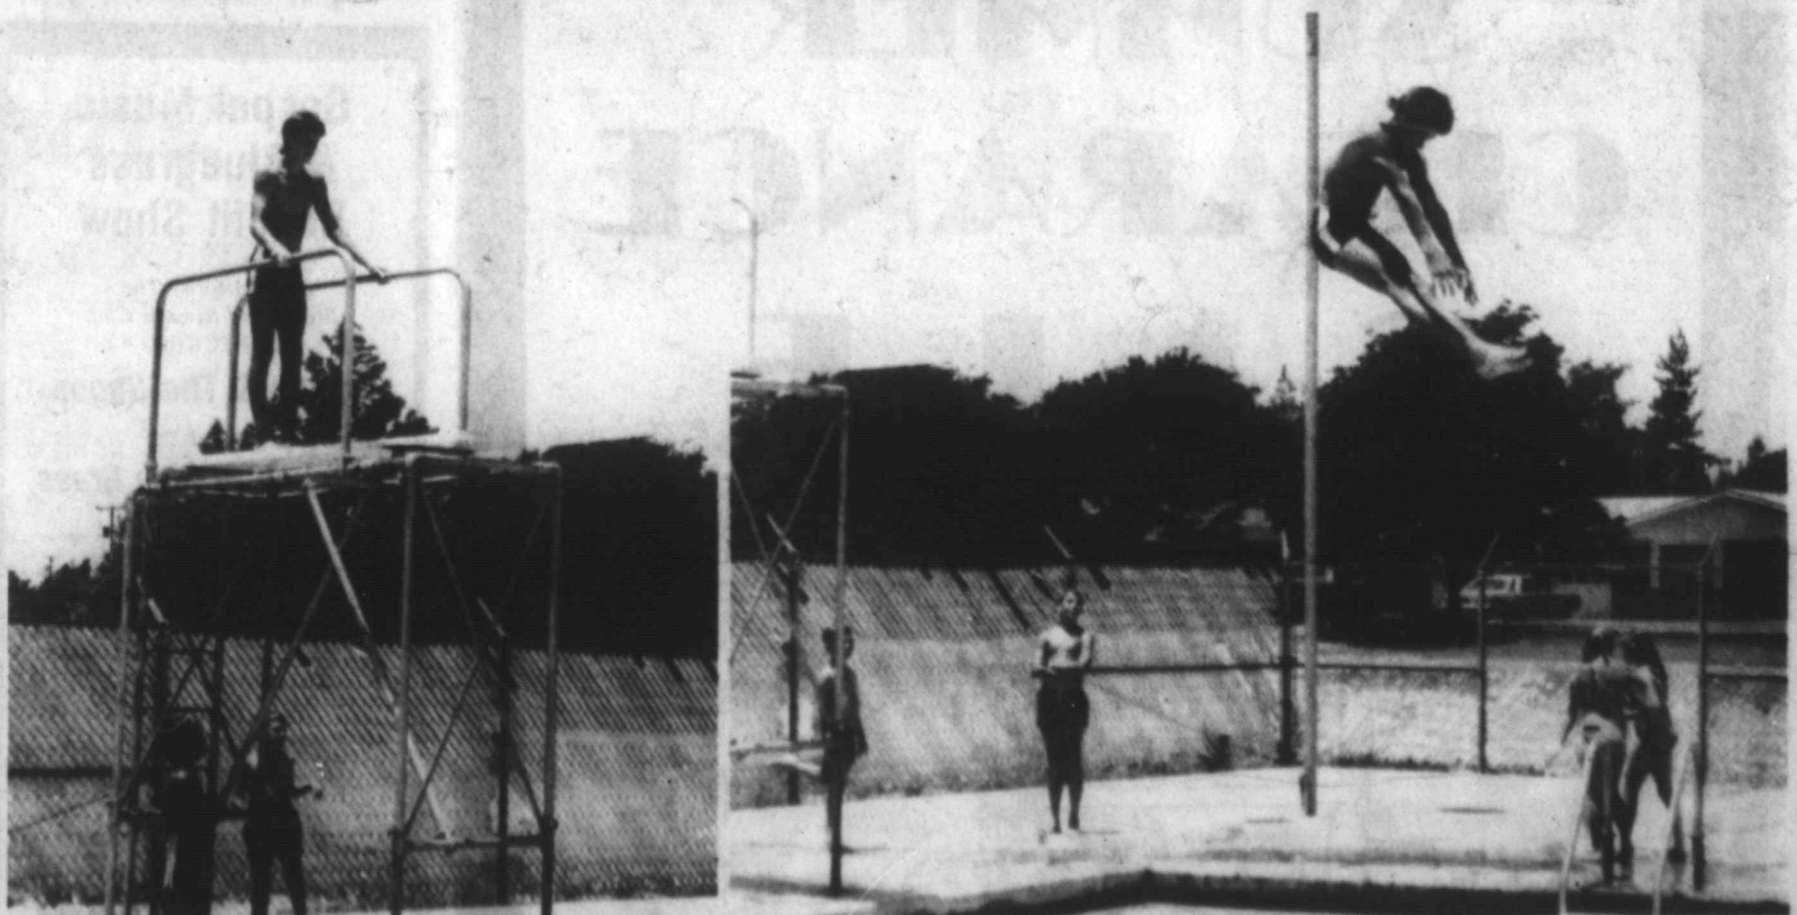

Sales of Series EE Bonds amounted to \$1,887 during March 1987 in Lynn County, F.B. Hegi Volunteer County Chairman, said. The October 1986-March 1987 total for the county was \$22,023.

### Holiday Hours For Post Office Set

The Tahoka Post Office will close at 11 a.m. Friday, July 3, for the July 4th weekend, window service will begin at the regular time Monday, July 6, according to Postmaster Leonard Dunn.

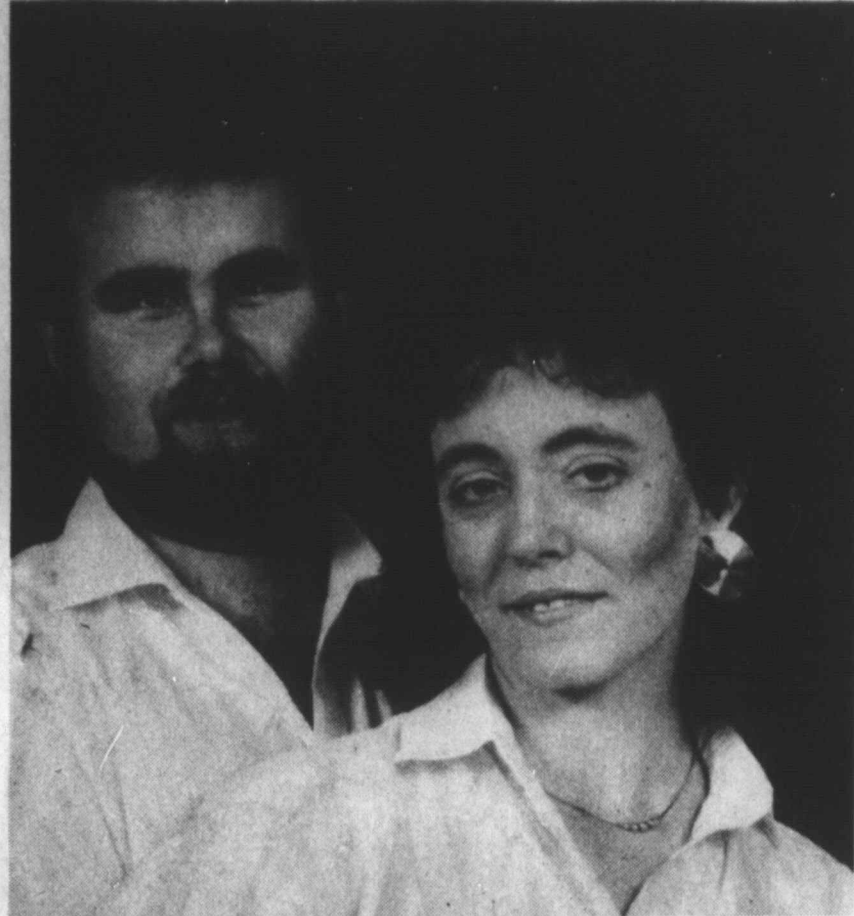

Dept. were available.

In jail during the week were three persons for revocation of probation, and one each for felony theft, driving while intoxicated (bond forfeiture), and speeding, plus no drivers license or insurance.

(Note: The Tahoka Chamber of Commerce selects a business to be spotlighted periodically, emphasizing the importance of these local businesses to the community.)

Tahoka Drug was opened in 1923 by L.C. "Lum" Haney and his brothers. Haney, a registered pharmacist, owned and operated the store until his death in 1968. At that time, his daughter, Bitsie, a graduate of the University of Texas College of Pharmacy, assumed ownership of the store with her husband Johnny.

In 1985, their son, Haney, a graduate of Southwestern Oklahoma State University School of Pharmacy, and third-generation pharmacist, returned to Tahoka and the firm, with his wife Tanya, who is attending Texas Tech University, when she is not working in the store. Haney is also Consultant Pharmacist at Lynn County Hospital and one of the organists at the United Methodist Church in Tahoka.

Johnny and Bitsie also have a daughter, Southern, who is a school teacher in Idalou. She is at

home in Lubbock with her husband, Jack Bush, a marketing consultant, and new baby, Matthew.

A friendly employee of six years, Belen Gomez, is ready to assist the customers at Tahoka Drug.

Tahoka Drug is a member of the National Association of Retail Druggists, Texas Pharmaceutical Association, West Texas Pharmaceutical Association Pharmacist Choice Coop, and the American Pharmaceutical Association. **Avoid Preventable Tragedies With Fireworks On 4th**

The Texas Safety Association warns that July Fourth festivities often turn into unnecessary tragedies each year for thousands who suffer serious injuries as a result of improper use of fireworks.

Statistics indicate that more than 8,000 persons are treated annually in hospital emergency rooms across the U.S. for fireworks related injuries.

"We strongly recommend that our Texas families and friends attend community-sponsored fireworks displays. Home displays are illegal in many communities throughout the state, and too often result in second and third degree burns, partial or total loss of sight, lacerations, and fractures. We want to see everyone return from a relaxing Fourth, not a harrowing one spent in a hospital emergency room," explained George R. Gustafson.

He also warned that small

children should not be permitted to handle any kind of fireworks, noting that approximately 45 percent of fireworks-related injuries occur among children aged 14 and younger.

While most states vary on their fireworks-control laws, Texas Safety Association says that a total ban of all fireworks, except those used by professional pyrotechnicians under controlled circumstances, is the best way to minimize fireworks-related injuries.

### LAUGH FOR HEALTH

"Good belly laughs can add years to your life," says Dr. Abner Weisman, a NYC obstetrician. "Laughter stimulates circulation, rejuvenates digestion, and helps to lower blood pressure. You must learn to laugh. Unless you do, your body reacts to 'negative poisons' that can destroy your health" says Weisman. "The laughing habit can heal many conditions."

Dear John: I'm counting my pennies, so I want to get the most from my purchases. How can I tell if a walk-behind mower or riding mower is best for me?

Dear Money-Minder: Buying a mower takes dollars and sense. Your purchase depends on how much lawn you have to mow and how much time you want to spend mowing it.
