Crime Line Offers \$200 Reward ...

For information clearing any of the following three offenses:
Theft of a Rossie .38 revolver from the residence of Amelia Longoria of New Home, sometime within the last month.

Theft of a wallet and checkbook from the home of Douglas Moerbe, 3.5 miles northeast of Wayside Gin, on Saturday, Nov. 7.

Criminal mischief in the form of sand poured into the engine oil of a county-owned front end loader, at the intersection of FM 179 and 213 north of New Moore on Monday night, Nov. 10.

Leopards Play Vernon In Bi-District Friday

The undefeated New Home Leopards, champions of their six-man district in football, will play Vernon Northside in the first round of the state playoffs at 7:30 p.m. Friday in Rule.

New Home, 10-0 for the year, and Northside, 7-3, have one common opponent, Higgins,

which won the district title by beating Northside 46-26. New Home beat Higgins 43-38 in an early non-district game. Leopards Coach George Deck cautioned, however, that comparative scores don't mean much, especially at this stage in the season.

Winner of Friday night's game will play the winner of the Jayton-Fort Hancock game, which will be played in Pecos Saturday night. Fort Hancock, winner of district 3, was state champion last year.

sweat shirt will go to all who bring in \$25 or more dollars for the cause and a turkey will be given to those who raise at least \$100. Turkeys for the event will be donated by Thriftway Grocery and Summit Venture Food. Punch and cups for refreshments are donated by McDonalds Corporation.

More more information contact Kathy Box, 998-5021.

Turkey Walk Set Saturday

Kathy Box, chairman of the Lynn County Heart Association, reminds everyone that the annual turkey walk will be held Saturday from 9 a.m. to 12 noon at the Mini Park, just north of the Tahoka City Hall.

Several prominent citizens will be walking or jogging to raise money for this cause. Included will be Mayor Jim Solomon, Gary McCord, Nick Summitt and the champion walker of all, Ma Hill. The event is open to any and all who want to participate. Money raised will go to the Lynn County Heart Assn.

WOODWORK

By Dalton

SOMEWHERE out there must be a guy who would make a great appointee to do some important national job, like secretary of defense or Supreme Court justice, or head of PTL Ministries.

This man will be one of the dullest people on earth; he will have a fair education and a devoted family, but he has never done anything exciting. But he has never offended anybody. He has absolutely no qualifications for any kind of political high-profile job, except the main one: No matter how hard they try, the TV people and the members of the opposing political party can't dig up any dirt on him.

Apparently this is the kind of person that national political leaders are going to have to appoint, judging from the Bork and Ginsberg crucifixions and some other recent incidents. A friend commented to the other day — and I agree — that the disturbing trend is toward finding someone to fill major appointive positions who has never done anything wrong and has no skeletons in his closet, no matter how long ago. Qualifications seem to be

secondary, or further down than that.

NATIONAL WILDLIFE magazine reports that the custom of kissing under the mistletoe goes back a long way. According to Norse mythology, says the magazine, the Goddess Frigga made the plant a symbol of love and promised to bestow a kiss on all who passed under it.

I have never been kissed by anybody named Frigga.

Another wildlife magazine says that the wings of a male ruby-throated hummingbird beat 200 times per second during his courtship flight. The report commented that "he's just nervous."

AT TEXAS TECH Monday a Nobel Prize winning physicist, Robert W. Wilson, spoke on the topic of "After the Big Bang." I missed it, but it's doubtful I would have understood much of it anyway. The Tech release said Dr. Wilson "is best known for his part in the discovery of the 3K cosmic black body background radiation..."

IT'S A RADISH--All the Fraggles (little creatures which like radishes) would be beside themselves if they could get a radish this size. This giant white radish, weighing 7 pounds 4 ounces and measuring 22 inches long, not counting the roots, was grown by Mrs. Lessie Smith in her back yard at New Home. The radish is 12 inches in circumference. Mrs. Smith, above, said she has several others almost as large.

Eagles Face Wink Friday In Playoffs

The O'Donnell Eagles, runners-up to Plains in the district and owning a record of 8 wins against just one loss, will play the highly-ranked Wink Wildcats in bi-district Friday night.

The game will be played in Seminole High School stadium starting at 7:30 p.m.

Smokeout Set Today

Today is the Great American Smokeout day when smokers are asked to give up cigarettes for one day.

According to the ACS, an estimated 150,000 new cases of lung cancer will be reported this year. The incidence rate in white males dropped from 82.7 per 100,000 in 1982 to 79.3 in 1983. However the incidence rate in white females and in black males and females continues to rise.

Farm Accident Fatal To Wilson Woman

A Wilson woman who was helping harvest the family cotton crop was killed Monday night in a freak accident involving a cotton stripper.

Mrs. Monroe (Lorene Ruth) Talkmitt, 60, was pronounced dead at the scene of the accident near Wilson. Justice of the Peace H.W. Edwards of Tahoka ruled the death accidental.

Edwards said one of Mrs. Talkmitt's sons, Quintin, was operating a cotton stripper Monday evening. As he raised the basket to empty it, Mrs. Talkmitt climbed above the cab to clean out some snagged cotton.

The son, who was unaware of his mother's presence, lowered the basket and crushed the woman between the cab and the basket.

Services for Mrs. Talkmitt will be at 10 a.m. today (Thursday) in St. Paul Lutheran Church with the Rev. Francis Mennenga, pastor of Redeemer Lutheran Church of Lubbock, officiating.

Burial will be in Green Memorial Park under direction of White Funeral Home of Tahoka.

She was born June 8, 1927 in Fedor and attended Fedor and Thorndale Lutheran schools. She moved to Wilson in 1943 and married Monroe Talkmitt on June 1, 1947, in Wilson. She was honored as Lynn County Conservation Homemaker of the Year in 1984. She was a housewife, an officer of the Lutheran Women Missionary League, a Sunday School teacher and a member of St. Paul Lutheran Church.

Survivors include her husband; her father, Oswald Dube of Lubbock; four sons, Darrow, Quintin and Robert Ortiz, all of Wilson, and Luciano Ortiz of Biloxi, Miss.; three daughters, Rosario Hernandez of Weatherford, Janis Beard of Houston and Twilla Garrett of Maxwell; three sisters, LaVerne Austin of Wichita Falls, Janet Hunger of Lubbock and Vernell Nelson of Waco; a brother, Leonard Dube of Wilson; and 11 grandchildren.

Pallbearers will be Clyde Austin, Glen Austin, Mike Koslan, Douglas Moerbe, Doyle Talkmitt, Randy Talkmitt, Curtis Gickhorn and Lester Gickhorn.

Youth Sentenced In Four Burglaries

A 17-year-old Lubbock youth was given a 10-year probated sentence by District Judge George Hansard this week after the suspect entered a plea of guilty of charges of burglary of four homes in the northern part of the county last month.

Cody Allen Cloud also was fined \$2500 and ordered to pay \$7110 restitution for items stolen

from the homes of Jim Garner, Mrs. J.B. Edwards, Lit Moore and James Key. Only some costume jewelry owned by Mrs. Edwards and Mrs. Key was recovered.

Two other persons pleaded guilty before Judge Hansard. Ricky Lynn Graves, 23, of Tahoka, was assessed a five-year term in prison, probated, on a charge of forgery by passing. And Richard Lee Johnson, 23, of Hearne, pleaded guilty of burglary of a habitation and received a probated 10-year prison term.

Police arrested a 43-year-old Tahoka man on Friday at the Rusty Nail, located at the southeast corner of Main and S. 3rd Street, for intention to sell alcoholic beverages in a dry area. Several cases of beer were confiscated along with ledgers of beer purchases and sports gambling forms.

Sherry Lynn Tilley of 1104 S. Ave. K reported to police on Saturday that someone had stolen an Alpine cassette stereo from her 1981 Pontiac between Nov. 13-14. Value of the stereo and damage to the dash was set at \$350.

Crime Line, 998-5145, is offering \$200 rewards in each of three cases reported this week to Lynn County Sheriff's Dept. One of these involves damage to a county-owned front end loader; Commissioner Bart Anderson reported that someone had poured sand into the engine oil of the equipment when it was parked at the intersection of FM 179 and FM 213 a mile north of New Moore on the night of Nov. 10.

A reward also was offered in the theft of a wallet from the pants of a man sleeping at his residence between 2 a.m. and 9:30 a.m. Nov. 7. Douglas Moerbe, who lives 3.5 miles northeast of Wayside Gin, reported the theft. Another reward of \$200 was offered in the theft of a Rossie .38 revolver from the home of Amelia Longoria of New Home, sometime within the last month. The revolver was valued at \$180.

In jail during the last week were one person each for possession of alcoholic beverages in a dry area, driving while license suspended, speeding plus failure to appear, no drivers license plus no insurance, and revocation of probation.

HARVEST IN FULL SWING — Scenes like this one north of Tahoka last weekend were all around the county as the cotton harvest picked up the pace following a freeze. The strippers in the above photo have cut a wide swath in the cotton. Below is a closer view of one of the strippers dumping a load into the module builder.

Debbie Vickers Is Chairperson For March Of Dimes

The March of Dimes Birth Defects Foundation has begun recruitment for the 1988 Mothers March to be held on the weekend of Jan. 23-24. The chairwoman for Tahoka is Debbie Vickers. She will be recruiting leaders and individual Block Marchers from Tahoka to cover the city in January.

The Mothers March campaign is an educational fundraiser. Block Marchers distribute information sheets on nutrition and prenatal care while collecting contributions to the March of Dimes. These funds are used to support programs in research, public and professional education and public affairs aimed at the prevention of birth defects.

Tahoka residents are encouraged to volunteer when Debbie and her leaders call, and "March a Block" to prevent birth defects. Help us to reach our goal -- to insure that every baby born has a healthy start in life. Interested citizens may call the March of Dimes office (806) 797-6771 or Debbie Vickers 998-5397.

MR. AND MRS. JIMMY BLAKLEY

Sheila McNeely - Jimmy Blakley Exchange Wedding Vows In Lubbock

Sheila McNeely and Jimmy Blakley were united in marriage Friday, Nov. 6, in the Shepherds Word Church in Lubbock. Bro. Ronnie Blakley, brother of the groom, and pastor of Shepherd's Word Church, performed the ceremony.

Parents of the couple are Mr. and Mrs. Jerry McNeely of New Home and Jimmy Blakley Jr. of Lubbock.

Given in marriage by her father, the bride wore a pink satin dress. She carried a bouquet of red roses, pink carnations, and baby's breath, accented by pink and burgandy bows and streamers.

Dorothy McNeely, mother of the bride, was matron of honor. She wore a burgandy dress and carried a pink carnation with burgandy streamer.

Bill Ockander of Amarillo was best man. Debbie Blakley Eaton, sister of the groom, provided wedding music.

Stanley McNeely, brother of the bride, and Timmy Rash of Tahoka were ushers.

The reception was held in the recreation hall of the church. Serving at the bride's table were Sherry Hinson of Smyer, Jerry Scroggin, Patti Nettles of

Lubbock and Brenda Comer of Clyde.

The bride is a graduate of New Home High School, attended Texas Western College in Snyder and Mickey's Beauty Academy of Lubbock. She is employed at Madamoselle Beauty employed at Madamoselle Beauty Salon in Lubbock. Jimmy is a graduate of Roswell High School, Roswell, N.M. and attended college in Portales, N.M. He is employed by Channel 10 in Amarillo and Ocklander Recording Studio.

They honeymooned in Ruidoso, N.M.

The couple will live in Amarillo.

Smoke Stoppers Offer Classes

Smoke Stoppers of Methodist Hospital is currently hosting classes to help smokers kick the habit. Smoke Stoppers is a behavior management program using personal stress management and nutritional awareness as vehicles for smoking cessation.

The class involves all five of the senses in developing new associations about smoking. Instructors will show how to implement these unique non-smoking associations in the conscious and subconscious mind. The program discusses ways to prevent weight gain and reduce irritability.

The classes are open to anyone who wants to quit smoking. For more information, call the Educational/Media Center at (806) 793-4100 or the Centre for Cardiac Rehabilitation and Fitness at (806) 793-4386.

Letter To The Editor

Mr. Wood,

Football has finally drawn to a reluctant close in Tahoka for the 1987 season. The athletes, coaches and fans of our Bulldogs have had a season which, in many ways, was far too short, but, which also has been one of fulfillment and excitement. As a staff, we are very proud of our team for the way they continued to battle in every game they played regardless of the persistent adversities they encountered every week. This team has shown the pride and character of true champions and has set our program on the road to future district championships!

As our team grew this year we also noticed the growth of a new and stronger spirit in our boosters and supporters around town. These fans were always there to work, encourage, and help our team. We will never be able to express the great appreciation we and the athletes have for these loyal supporters, so we will simply say now: "Thanks for a great year, we love and appreciate each of you for what you've given us this season."

Finally, we want to express our gratitude to you and your staff at the Lynn County News for the great coverage and interest in our Bulldogs, and to the faculty, administration, and school board of Tahoka I.S.D. for their support also.

Once again, thanks to all of you for your support this year!

Sincerely,
 Ted Wiley

JUST SAY NO!

Our society has come up with some more and less effective ways to deal with the problem of alcohol abuse over the years.

Then: During Prohibition from 1920 to 1933, government agents closed down public places that served alcohol. Sometimes, the illegal "speakeasies" and distilleries were attacked by ladies wielding hatchets.

Now: Today, many people realize a good way to stop alcohol abuse is not to start. Educating the very young can help prevent the problem. The Office for Substance Abuse Prevention suggests parents talk to their children about the dangers of alcohol before they're subject to peer pressure. For free information on preventing young people from using alcohol and drugs, write: National Clearinghouse for Alcohol and Drug Information, P.O. Box 2345, Department 10, Rockville, MD 20852.

LUBBOCK, Friday, November 13, 1987
 The cessation of insecticidal bombardment in the High Plains 1987 boll weevil war came November 11, appropriately coinciding with the signing of the armistice ending World War I on the same date in 1918.

Aerial applications of low volume malathion to weevil-infested fields along the eastern rim of the High Plains began September 21 this year. They stopped seven weeks later after weevils in over 615,000 aggregate acres had been given lethal doses of insecticide totaling 57,639 gallons.

Officials of Plains Cotton Growers, Inc., Lubbock, which has conducted the weevil control program since 1963, early in September had estimated sprayings would cover 600,000 acres. That estimate was lowered to about 450,000 in October after the spread of weevil populations failed to develop on an expected time schedule.

But the reduced estimate had counted on a "normal" freeze date around the end of October. When a freeze destroys the weevil's food supply, officials explain, spraying to prevent the pest from attaining the diapause stage in which he overwinters is no longer necessary.

In fact, the freeze was delayed until November 10. Meanwhile, as PGC Field Service Director Ed Dean puts it, "The summerlike weather that was so conducive to cotton production was equally good for the production of weevils."

The build-up and spread of weevils expected earlier occurred during this extra 10 days of warm weather, Dean continues, forcing a fifth treatment that covered almost 166,000 acres and brought the total back to the original estimate.

The control program is jointly funded by High Plains producers and the U. S. and Texas Departments of Agriculture.

The weighted average price paid to farmers for U. S. cotton through September this year is 58.1 cents per pound.

The weighted average price for the calendar year is important to producers because the 1987 deficiency payment rate will equal the difference between the average and the established 79.4-cent target price.

The monthly average price rose from 46.4 cents per pound in February to a high of 68.3 cents in July, sparking concern that the final payment rate might fall below the 8.15 cents per pound advance payment received by most producers. But the average price by September had fallen to 64.9 cents, making that an unlikely possibility.

Food Box, Clothing Pantry To Open

The Lynn County Food Box/Clothing Pantry, sponsored by South Plains Community Action, will open Monday, Nov. 23. Hours will be 9 a.m. to 4 p.m. Monday through Wednesday. Outreach will be done on Thursday and Friday. A VISTA volunteer will be available to help the community any time day or night.

The main purpose of the project is to provide food and/or clothing for low-income families in the Lynn County area. This includes migrants, seasonal workers, senior citizens, and handicapped. The applicants will receive food and/or clothing based on their income determined by a poverty guideline form used by all government agencies.

The building, 1618 Ave. K, has been donated by Dr. David Midkiff.

The program has been started with no funding, therefore, donations, from the community are needed for food, clothing, office supplies, utilities, phone, and other miscellaneous expenses.

All donations are tax deductible and receipts are provided for all donations. Volunteers are also needed to help with fund raising, solicitation, distribution, etc.

JUMP STARTING
 Each year, 25,000 people injure their eyes while jump-starting their cars. Recharging batteries produces hydrogen gas — highly explosive. Before jump-starting:
 1. Check that both batteries have same voltage.
 2. Keep flames and cigarettes away from battery.
 3. Connect cables before starting either car.
 4. First connect positive post to positive post — then connect negative post of good battery to the engine block of the stalled car — not its negative post (and far from the battery, so spark cannot ignite the battery gas.)
 5. Don't lean over engine — wear goggles or safety glasses.

By Florence Davies — Call 924-7479

Don B. Rudd of Bedford was here Monday until Wednesday with his mother, Mrs. Billie Rudd, and other relatives.

Mr. and Mrs. L.J. Pickett announce the engagement of their daughter, Lori Sue, to Timothy Lynn Pruitt, son of Mr. and Mrs. Morris Pruitt of New Home. The couple will exchange vows May 7, 1988, in Monterey Baptist Church.

The bride is a graduate of Coronado High School and the prospective groom is a graduate of Guyton High School, Guyton, Oklahoma and Wayland Baptist University in Plainview.

Stephanie Kieth, 3, participated in a tumbling and trampoline meet in Lamesa Saturday, Nov. 7. She won first place in both events.

A bridal shower for Andrea Eades will be held in the home of Barbara and Leland White, Saturday, Dec. 5, at 7:30 p.m. All friends are invited to attend.

Billie Jo and Charles Freeman of Crosbyton came Sunday and we went to Tahoka for Thanksgiving dinner with the Chamberettes and visited with Mary Ann Cowan of San Benito, in her father's home.

A wedding shower for Mrs. Mark Pruitt will be held in the fellowship hall of New Home Baptist Church Saturday, Nov. 21, at 10 a.m. Friends are invited to attend.

Perry Haley is here for the fall to help his granddad, V.P. Haley, gather his crop. In January Perry will again enroll in A&M where he is a sophomore. His major is ag-economics.

V.F. Jones and his daughters, Virginia Griffing and Mary Ann Cowan, went to Coleman Friday for funeral services for Mr. Jones' brother-in-law, Prestley Galloway, 73. Services were held at 3 p.m. with Ira L. Galloway officiating. Interment was in the Glen Cove Cemetery.

After the morning services in the United Methodist Church

Sunday, a Thanksgiving dinner was served.

Darrell Scott of Lubbock spent the weekend here with his grandparents, Mr. and Mrs. V.P. Haley.

Mr. and Mrs. Leroy Nettles were in Austin a few days last week with the grandchildren.

Mrs. Jean Ray and Peggy Morrow were in Ardmore, Okla. Tuesday until Saturday on business and visiting Jean's mother, Mrs. Bessie Fuller.

Avoid Etching Glassware In Dishwasher

Glassware washed in a dishwasher can easily develop a film or cloudiness. In hard water areas, this filming can be removed, but in soft water areas it causes permanent etching.

You can tell if your glassware is etched by firmly rubbing a cloudy area of the glass with a soft cloth dipped in vinegar. Let the glass dry. If the cloudiness

remains, the glass is permanently etched.

Water quality, temperature, the amount of detergent, certain types of glassware and washing conditions can all contribute to the problem.

To help prevent etching or at least slow down the process, try the following actions:

Choose a low phosphate detergent with 8.6 percent phosphorous or less, or one designed specifically for soft water.

Use a minimum amount of detergent, about 1 tablespoon for each dispenser cup. Add a teaspoon more when washing heavy, greasy loads.

The water temperature measured at your sink should not exceed 140 degrees F. High water temperatures speed etching, so don't use the Hi-Temp washing option if you have one on your dishwasher.

Use good loading practices to assure the water circulates well and thoroughly rinses all items.

Don't add water softening products to the dishwasher. These products are designed to rid removable film, but will speed up the etching process.

Since etching is a complex problem involving many variables, it may not always be possible to prevent. So you may simply want to hand wash special glassware.

Phebe K. Warner Club News

The Phebe K. Warner Club met Nov. 10 in the home of Mrs. Dorothy Kenley with Mrs. Debbie Vickers serving as co-hostess. Mrs. Edna White presided over the meeting attended by 22 members and one guest.

Mrs. Mary Belew introduced the program presented by Stanley Young, Lubbock County Extension Agent, who provided helpful information for the more informed and selective purchase and preparation of a variety of meat cuts.

The club voted to donate \$100 to the group of Tahoka High School students who have been selected to attend the National Youth Leadership Congress in Washington, D.C. this month. The five students are Luke Dunlap, Regina Ingle, Gary Daniell, Amber McNeely and Lendi Jordan.

Mrs. Lois White reported that the club will soon begin working on its annual scholarship fund project. Members of the community will be invited to participate in a community Christmas card which will appear in the Christmas edition of the Lynn County News. Each name will represent a donation to the club's two scholarship funds - the Lady Dobbins Stewart Scholarship, awarded yearly to a senior girl, the Maurice Bray Scholarship, awarded each year to a senior boy.

The club's next meeting will be a Christmas dinner on Dec. 8 in the Methodist Church Fellowship Hall.

Holiday Cooking Workshop Set

The Home Economics Department at Tahoka High School is sponsoring a "Festive Foods" cooking class, today (Thursday). Melinda Holloway, Consumer Specialist from Southwestern Public Service, Lubbock, will provide the demonstration.

Various recipes for holiday use will be demonstrated, as well as gift ideas, and creative use of food. Free recipe book will be given to participants.

The demonstration will begin at 7 p.m. at the Home Economics building, 2nd Street and Ave. P. Class size is limited to 30. Please call for reservations, Patti Rambo or Donna Stone, 998-4474.

Haise To Run For State Board Of Education

Lubbock businessman Monte Haise, who has served 12 years on the board of trustees for the Lubbock Independent School District, has announced his intention to file for election to the State School Board of Education. He will seek to represent District 15, which includes a wide area of West Texas.

Haise, a financial consultant with Thompson McKinnon Securities Corp., served as president of the Lubbock board of trustees for seven of his dozen years in the elected position. He also was an advisor to the State School Board for two years.

District 15 includes Lynn County. A West Texas native, Haise will run on the Republican ticket.

Haise attended elementary school in Tahoka and Lubbock and graduated from Lubbock High School in 1955. He also is a graduate of Texas Tech.

Home Repair Loan Plan Is Explained

Guadalupe Economic Services Corporation, through grants from the Farmer's Home Administration, has established a program to provide low interest loans for home repairs.

Funds are available for major repairs such as roofing, plumbing, electrical structure problems and handicap accessibility, to comply with standards.

The amount of the loan is based on 55 percent of the value of the home with the maximum amount \$5,000. Loans are repaid at 5 percent interest with a ten year repayment schedule. County income limits are based on family size and combined yearly income. Income, credit history, need for repairs and ability to pay, will be considered.

Priority will be given to elderly handicapped and to low income individuals. Each applicant should bring proof of home ownership such as Deed (must have been living in home for one year prior to applying); income verification for 1986, such as W-2 form, 1040 or Social Security determination letter; and Property Tax receipts (taxes must be current).

SPC Plans 30th Anniversary Celebration

South Plains College will celebrate its 30th anniversary Nov. 21 with a host of activities for area citizens, parents, former students and friends of the college.

The celebration on the Levelland campus will include a Campus Open House, Parents' Day and 1987-88 Homecoming. A special Campus Dedication Ceremony is slated for 2 p.m. that day with former Gov. Preston Smith as one of the special guests.

Open House will be from 3 to 5 p.m.

Homecoming activities get underway at 6 p.m. with the SPC Lady Texans playing Scottsdale (Ariz.) College in Texan Dome. Texans will play Cisco Junior College at 8 p.m.

For more information, contact South Plains College, 894-9611.

Does my baby need a Social Security card for \$10?

ASK MR. BERKO

Dear Mr. Berko: I have just received a letter from a company that offers, for \$10, to help me get a Social Security card for my new baby. They claim the government requires it and there are so many requests that Social Security is way behind in sending them out. Do I really need a Social Security card for a baby that won't work for years? Should I send the money?

—Louella G., Yonkers, NY

Dear Louella: You do need the card. The IRS requires that the child have a SS card if you wish to take the income tax deductions for the child. But you don't have to pay anyone to get it for you. These companies have no inside track. They merely take the papers you send them and forward them to a Social Security office. If anything, this process slows things down. Simply call up or visit the Social Security office near you and get the application.

Dear Mr. Berko: I would like to know how to figure the monthly check I will get when I retire.

—David G., Fairlawn, NJ

Dear David: This computation is very complicated even if you know the various formulae. Yes, it can be computed in a number of ways. Unless you are over 55 any estimate would be meaningless since your work record until 62 would affect the figure. However, if you are 55 or older, write to any local SS office and ask them to give you an approximate figure. If possible send them your withholding forms from the last two years.

Dear Mr. Berko: I read your book and sent in the form you provide that is to be sent to Social Security for my work record. They sent me the records and there is a gap in the years from 1957 to 1959. I worked for a coal company in Naticoke, Pennsylvania. The company has been closed for years and there is no way for me to get my records. What can I do?

—Stanley W., Bennington, VT

Dear Stanley: There is not much you can do except go back to the IRS and have them check your records again and, if possible, that of the coal company. Usually the SSA will not correct records more than three years old. This is a common problem and the reason we suggest that everyone ask for their earnings record every 30 months. Forms are available at any SS office.

Dear Mr. Berko: What types of income will not affect my Social Security benefits?

—Shane F., Beaux Bridge, LA

Dear Shane: The simple answer is any "unearned" income. That is income that is not paid for work and not subject to Social Security tax. These include dividends on stocks, interest on savings, pensions, payments for death, sickness or injury, annuities or capital gains from investments.

RONALD B. ROBERTS

Airman Ronald B. Roberts, son Mr. and Mrs. Ronald Roberts of Tahoka, has graduated from Air Force basic training at Lackland Air Force Base.

During the six weeks of training the airman studied the Air Force mission, organization and customs and received special training in human relations.

In addition, airmen who complete basic training earn credits toward an associate degree through the community college of the Air Force.

He is a 1980 graduate of Tahoka High School.

Navy Seaman Robert Villarreal, son of Martin and Olivia Villarreal of Wilson, recently participated in exercise Display Determination while serving aboard the guided missile cruiser USS Belknap, homeported in Gaeto, Italy.

The exercise conducted in the central and eastern Mediterranean was designed to enhance the combat effectiveness, readiness, coordination and interoperability of allied land, air and sea forces while simultaneously demonstrating allied capability to defend and reinforce the southern region of Europe.

A port visit was also made to Istanbul, Turkey during the exercise.

A 1985 graduate of Wilson High School, he joined the Navy in January, 1986.

Savings Bond Sales Up

United States Savings Bonds sales in Texas for the period October 1986 through August 1987 amounted to \$343,282,292, an increase of \$5.5 million or almost two percent over the same period a year ago. T.J. Morrow, District Director for the U.S. Savings Bonds Division in Texas, announced. These sales represent 88.5 percent of the state's 1987 assigned dollar goal of \$388 million.

Sales of Series EE Bonds amounted to \$2,524 during August 1987 in Lynn County. F.B. Hegi Volunteer County Chairman, said. The October 1986-August 1987 total for the county was \$33,145, which represents 94.7 percent of the county's 1987 assigned dollar goal.

Nationally, sales of Series EE Bonds in August totaled \$461 million and brought total sales of U.S. Savings Bonds to \$9.84 billion for fiscal year 1987, an increase of 37 percent over the

same period a year ago. The amount outstanding in U.S. Savings Bonds as of Aug. 31, 1987 was \$97.99 billion, up 14 percent over August last year.

UNSUNG HEROES

Nearly 90 million Americans volunteer. They contribute more than 16 billion hours of work valued at more than \$100 billion. Nearly half of all Americans 14 years or older volunteer to help others in need. They contribute their time and energy in many ways that improve the quality of life for all people, from serving on boards and committees, to serving food at shelters for the hungry and homeless.

Why do they do it? According to United Way, the largest voluntary network of health and human-care agencies in the country, people volunteer for many reasons. Volunteering gives them the chance to:

- obtain personal satisfaction by helping others;
- test leadership skills;
- become better known in the community;
- gain valuable experience and contacts, and sharpen skills for future jobs;
- do something different and important; and
- work together with all kinds of people.

During its centennial year, United Way salutes the achievements of all this nation's volunteers—from those in the business world to the arts community; and from volunteers in environmental groups to political and social welfare organizations. To find out where you can volunteer in your community, contact your United Way.

GREAT AMERICAN SMOKEOUT

TAKE A BREATH

Join the Great American Smokeout on Thursday, November 19. Millions of smokers across the country will take a break and try not to smoke for 24 hours. How about you? Or, if you don't smoke, adopt a smoker for the day and promise to help that friend get through the day without a cigarette!

85-7MM-Rev. 4/87-No. 5680-LE

A FEW QUIT TIPS

- Hide all ashtrays, matches, etc.
- Lay in a supply of sugarless gum, carrot sticks, etc.
- Drink lots of liquids, but pass up coffee & alcohol.
- Tell everyone you're quitting for the day.
- When the urge to smoke hits, take a deep breath, hold it for 10 seconds, & release it slowly.
- Exercise to relieve the tension. Try the "buddy system," and ask a friend to quit too.

WILSON NEWS

PAM WILLIAMS 628-6330

The Mustang annuals are now on sale for \$16. A book can be reserved by paying \$8 now and \$8 in the spring. The annual staff is also looking for sponsors to "buy" a page in the annual. For \$40 a business card ad will be placed at the bottom of the page stating that page was sponsored by that business or individual. Half pages are also available.

The Booster Club met Monday, Nov. 9, and voted to buy warm-ups for the boys' and girls' varsity teams and tote bags for the boys' team. They have also begun selling Wilson Mustang buttons for \$1. Buttons can be purchased at the basketball games. Saturday, Nov. 14, was Meet the Mustangs night for the basketball teams. Parents donated pies which were served to players and families following the first game of the season. All players were recognized at the pie supper.

Five high school students won \$25 savings bonds through a drawing. All students having 100 percent attendance during

October were eligible. The winners were JoAnn Guzman, Steve Moczygemba, Cody Means, Vivian Hernandez, and Bobby Tagle.

Second and third graders will present the musical "Mary Poppins" on Thursday (today), Nov. 19, at 3:10 p.m. in the high school auditorium. All parents and friends are encouraged to attend. Characters will be in costume. The musical will last about 30 minutes.

School will be dismissed at 2 p.m. Tuesday, Nov. 24, for the Thanksgiving holidays. Students will be out Wednesday, Thursday and Friday, and return on Monday, Nov. 30.

The Wilson ISD School Board met in regular session on Monday, Nov. 9. Action was taken on the following: The superintendent was appointed as Title IX and Handicap Coordinator for the district. Curtis Wilke was appointed as the District's representative on the Lynn County Tax Appraisal Board. Current employees were reassigned to correct the overcrowding con-

dition in kindergarten and first grade. Beginning Nov. 24 Miss Cole will teach a combined first grade and kindergarten class. Mrs. Smith will teach the regular kindergarten class. Woody will teach the elementary music classes. Mrs. Porsch will continue to teach the regular first grade class. These changes were necessary due to increased enrollment since the beginning of school. The board also approved a career ladder application, the career ladder timeline, career ladder policy changes, and a method for scoring consistent with current appraisal instruments used in 1984-1986.

Due to the limited number of players available, the board chose to participate in six-man football for the next two seasons.

The superintendent reported on the average daily attendance for October, the compliance monitoring visit, and the net football gate for the 1987 season.

On Saturday, Nov. 7, approximately 20 Cub Scouts and their families participated in the pushmobile Derby at Denver City. Den 1 and 2 each made its own car to run in the race. Eight boys from each den race at a time. One boy pushes while his partner rides. Every 20 yards those two get off and another pair gets on. Den 2 won a medal and ribbons for winning 2nd place in the third grade division out of about 12 other cars.

On Wednesday, Nov. 11, Eva Gickhorn and Jamie Raley joined 15 other 4-H members from Tahoka on a field trip to Lubbock. Annis Brown, County Agent, sponsored the tours through the Food Bank and the Texas Tech Cafeteria. The group learned how the Food Bank operates and were able to see their storage facilities. They each brought a canned food item to donate. Next they went to the Food Services warehouse at Texas Tech. They toured this building and saw the huge kitchens where thousands of pounds of food are prepared. They saw the huge mixers and the oven large enough to walk around in. Most of this group will be participating in the foods contest in which each will have to prepare a dish to be judged.

Jason Spence of Tahoka met with the 4-H group Tuesday, Nov. 10. He explained what 4-H is all about and what it has done for him. Then he gave a lesson on bicycle safety. Eva Gickhorn called the meeting to order and took care of business. The next meeting will be Dec. 8 at 4 p.m. in the home economics building.

Sherri Gickhorn, president of the Band Booster Club, wishes to express appreciation to those who contributed to the "Booster Band" night held at the last football game. Parents provided sandwiches, cake, and punch to the Mustang band, the Booster Band and the Plains band.

Wilson To Go To Six-Man Next Season

Wilson High School, which has a long history of successful football teams, and which finished at 7-3 this last season, nevertheless will drop down to six-man football for at least the next two years.

The decision was made on the basis of enrollment and limited numbers of players who will be

available next season. Wilson school board made the decision at a meeting last week.

The Mustangs have consistently had winning seasons in 11-man football.

Life Care Communities

You may have heard of "life care communities" built and funded by elderly people who want the convenience and security of a well run condominium. You may also have heard that some of these communities have gone bankrupt, leaving their clients with shattered dreams and empty pocketbooks.

If you are considering a life care community, check out the sponsor or developer. An organization's claim of church sponsorship, for example, or the word "Christian" in its name guarantees neither church affiliation nor management expertise.

Make sure you have a thorough understanding of the fee structure. Be suspicious of one time only payment plans, or guaranteed fixed monthly fees. It would be wise to get the community's audited financial statement and have your own lawyer or accountant examine it and do further investigations.

Finally, if the community has not yet been built, make sure your money is placed in escrow until the facility is substantially completed.

Last evening a Christian girl asked me about going out with some rough fellows.

"They're not good for you," I counseled.

"But," she protested, "you must think I'm weak."

"No," I answered, "you're not."

I was about to grill some hamburgers, and I said, "Here, take this piece of charcoal. It won't burn you."

She hesitated, but took it; and her hand became black.

"While it didn't burn you," I said, "it did blacken you. So it is with evil companions."

No company is preferable to bad, because you're more apt to catch the vices of others than the virtues, as disease is more contagious than health.

Like the song says, "Shun evil companions."

Options for Health

by Dr. Scott White

Q. Today I heard about a new drug that will lower cholesterol. I think it is called Lovastatin. If I have a high blood cholesterol level, should I ask my doctor about using the new drug?

A. The level of blood cholesterol in the blood, which may be considered high, varies with age. For a young person, a cholesterol level over 200 may be high. For an elderly individual, over 260 is considered high. If your blood cholesterol level is high, and you have not been able to reduce the level satisfactorily by reducing the fat and cholesterol in your diet, then you should ask your doctor about using drugs to control blood cholesterol. Lovastatin, a new drug approved by the Federal Drug Administration in Sept. 1987, should offer some significant advantages to lower cholesterol levels, including an increased effectiveness when compared to older drugs.

Q. I'm a 31-year-old woman, and although I feel I am attractive, I've always felt my breasts were too large. What are my options for breast reduction?

A. The only medically effective way to reduce the size of your breasts is thorough breast reduction mammoplasty. This procedure involves surgical removal of breast tissue, fatty tissue and overlying skin. If a woman is overweight and has very large breasts, she should first try to lose weight to reduce breast size without surgery. If weight loss is ineffective, then surgery may be indicated. Reduction mammoplasty is usually performed by a plastic surgeon.

R DRUG TOLERANCE WHAT DOES IT MEAN?

The word tolerance when applied to drugs is not particularly a good thing. For, it can mean that over a period of time our body has become adjusted to a medicine and the drug will no longer achieve the desired effect it once did.

This tolerance effect can apply to many types of common use drug products—laxatives, cough preparations, skin treatment creams and ointments. With prescription medicines the tolerance effect can be even more serious. We will always caution you when such a possibility exists.

"A GREAT MANY PEOPLE ENTRUST US with their prescriptions, health needs and other pharmacy products. We consider this trust a privilege and a duty. May we be your personal family pharmacy?"

Pallbearers were Bob Odell, Jess Goodwin, Stan Sadler, George Childress, Earl Van Stavern, and Bob Marrow.

Consumer Facts

Special Sales

Every day thousands of Texans get flyers or mailers advertising a "special sale."

"By one for \$10, get the second for half price."

"Usually retails for \$89.99, now yours for \$35.50."

These examples of price comparison advertisements and they can be effective. Most retailers who advertise this way are doing so legitimately. Some abuse the technique, however, and could be in violation of the Texas Deceptive Trade Practices Act. A common violation is raising the price just before the sale—the non-sale price must have been in effect for a reasonable period of time prior to the sale and the product must have been sold regularly at that price for the sale to be legal.

Other things to watch out for are meaningless ad phrase like:

"made to sell for \$29."

"compare at \$7.99"

Be careful about undefined phrases like:

"reduced from manufacturer's suggested retail price"

"at factory price"

"plus dealer's cost only."

FAST & FANCY Family Dinners

When the family's schedule means everyone eats at different times, serving a hot and tasty dinner calls for strategic planning. Wolferman's, maker of what many regard as the "ultimate" English muffin, offers this delightful recipe as a quick solution for Mom's on-the-go.

COOS BAY SANDWICH

(Makes 4-6 servings)

COMBINE in a blender or food processor, 12 oz. New York Sharp Cheddar Cheese (grated); 1/3 cup milk; 1 tsp. sugar; pinch of salt. Blend or process until mixture is smooth.

SPLIT and toast Wolferman's Light Wheat or Original English muffins. Spread each English muffin half with 1/2 tsp. mayonnaise.

SPOON 1/4 cup crab meat (drained) onto each muffin half. Top with cheese mixture.

BROIL until cheese is golden and bubbly; or bake at 375°F. for 15 minutes. Serve open face.

This recipe, the muffins, and other tempting delectables come from Wolferman's free "Good Things To Eat" catalog. Call toll free 1-800-255-0169.

TRIBUTE—Tahoka Garden Club placed its traditional wreath in front of the monument to those Lynn County men who died in service, in keeping with Veterans Day last Wednesday. (LYNN COUNTY NEWS PHOTO)

TURKEY SPECIALS KEEP COST DOWN

Thanksgiving dinner may be one of the most economical you eat this year—especially if you have a family tradition of serving a whole bird and making side dishes from scratch. "Most supermarkets use turkey to attract holiday shoppers, so retail prices don't necessarily reflect wholesale prices," says Dr. Dave Mellor, a poultry marketing specialist. He says that unbasted, store brand turkey could be as low as 60 cents a pound, while basted, national brand turkey will be in the 90 cent to \$1 per pound range. A whole bird is the traditional favorite and considerably less expensive than further processed turkey parts or roasts. For example, cooked drumsticks are running about \$1.80 per pound, pre-basted breast about \$1.40 per pound, and boneless smoked turkey about \$4.58 per pound.

THAW TURKEY THE RIGHT WAY

Because a large frozen turkey can take several days to defrost in the refrigerator, people start to take short-cuts like putting the bird on the kitchen counter to thaw, says food safety expert Marilyn Haggard. This practice allows salmonella bacteria to flourish. "The only safe way to thaw a turkey in a hurry is to use a microwave oven or to thaw in cool water in the sink, changing the water every 30 minutes," explains the specialist. "If you don't want to bother with thawing, you would be better off buying a fresh turkey, which can be kept refrigerated for 1-2 days before cooking."

Tahokans Listed As Outstanding Young Men Of America

The Board of Advisors for the Outstanding Young Men of America awards program has announced the following men have been selected for inclusion in the 1987 edition of Outstanding Young Men of America: Clint Jay Gardner, Michael Dwain Allen, Jay Kellin, Roger Wayne Miller, Gary Stephen McCord and Jay Daniel Kelley.

The OYMA program is designed to honor and encourage exceptional young men between the ages of 21 and 36 who have distinguished themselves in many fields of endeavor, such as service to community, professional leadership, academic achievement, business advancement, cultural accomplishments, and civic and political participation.

The men listed, along with fellow Outstanding Young Men throughout North America, were selected after 150,000 nominations were received from political leaders, University and College officials, clergymen, business leaders, as well as from various civic groups and community organizations.

BRAN CHIP COOKIES

Makes 4 1/2 dozen

- 1 1/4 cups all-purpose flour
- 1/2 teaspoon baking soda
- 1/2 teaspoon salt
- 1/2 cup margarine
- 1/2 cup granulated sugar
- 1/2 cup firmly packed light brown sugar
- 1 egg
- 1 teaspoon vanilla extract
- 1 cup NABISCO 100% Bran
- 1 cup chocolate chips

In small bowl, combine flour, baking soda and salt; set aside.

In large bowl, with electric mixer at medium speed, beat margarine and sugars until creamy. Beat in egg and vanilla. Blend in flour mixture. Stir in bran and chocolate chips.

Drop batter by teaspoonfuls, 2-inches apart, onto ungreased baking sheets. Bake at 375°F for 10 to 12 minutes. Remove from sheets; cool on wire racks.

CARD OF THANKS

Words can never express my gratitude to each of you for everything you did for me during my time of sorrow of losing my beloved husband, Melmes T. Wyatt.

Most of all I thank you for the food, for serving the food, the cards and the beautiful flowers, and all the thoughtfulness that was shown me and for the prayers, love and concern.

God has truly blessed me to have family and friends such as you.

Laura Bell Wyatt

National Guard Protects Our Lives

When disaster strikes anywhere in the United States, Americans can count on the National Guard for assistance. They plan and carry out rescue operations and are an integral part of our country's defense.

Here are just some of the missions the National Guard is called on to do at a moment's notice:

- National Guardsmen supported the efforts of fire fighters in California, Oregon and Washington state in combatting widespread forest and brush fires throughout the northwest. The Guard provided direct fire fighting assistance, transportation for fire fighters, shower and laundry service, water resupply and communications support.

- It assists in emergencies such as civil disturbances, natural disasters and medical evacuations. It also trains at home and abroad to protect the lives of Americans and our allies.

When it comes to safeguarding the U.S., the National Guard is always on call.

OUT OF THE WOODS

By Juanell (Wood) Jones

I CAME ACROSS an interesting article the other day while searching through our big box of copy we call "fillers" here at the news office. A filler is an article that is not timely, that is, can be used any time to fill up a page when we run out of local news copy.

Anyway, this filler was titled "Useful Phrases If Hijacked" and is a humorous look at expressions one might use if one is unfortunate enough to be forced to land in an unfriendly Middle East country. I'm going to tuck this into my purse, just in case I get shanghaied on the way to Lubbock some day.

Folks who travel extensively (and expensively) through the "almost always" friendly skies may want to memorize these useful, important phrases:

Akbar Khali-Kili Haftir Lot-Fan. Thank you for showing me your marvelous gun.

Fekr Gabul Cardan Davat Paeh Gush Divar. I am delighted to accept your kind invitation to lie down on the floor with my arms above my head and my legs apart.

Shomaeh Fekr Tamomeh Oeh Gofteh Bande. I agree with everything you have ever said or thought in your life.

Auto Arraregh Davateman Mano Sepajeh-Hast. It is exceptionally kind of you to allow me to travel in the trunk of your car.

Fashal-eh Tupehman Na Degat Mano Gofam Cheeshayah Mohemara Jebekheshvarehman. If you will do me the kindness of not harming my appendages I will gladly reciprocate by betraying my country in public.

Khrel, Japaeh Maneh Va Jayell Ambrihahey. I will tell you the names and addresses of many Amer-

ican spies traveling as reporters. *Balli, Balli, Balli, Balli!* Whatever you say!

Maternier Ghermez Ahlieh, Ghorban. The red blindfold would be lovely, excellency.

Tikeh Nuneh Ba Ob Khrelleh Bezorg Va Khrupe Boyast Ino Bergeram. The water-soaked bread crumbs are delicious, thank you. I must have the recipe.

Well, there you have it. Because hijackers are such "swine", I have added my own phrase to the list: "ou-ya etter-ba e-ba ice-na o-ta e-ma ecause-ba y-ma addy-da is-a ambo-Ra." (That's Pig-Latin for "You better be nice to me because my daddy is Rambo.")

I think that should just about cover all necessary statements.

DON'T STUFF TURKEY TOO SOON--It might seem like a convenience to stuff your Thanksgiving turkey in advance, but it could be dangerous, says a food safety specialist. "When a turkey is stuffed it creates ideal conditions for the growth of bacteria in the cavity," says Marilyn Haggard. "In a home refrigerator, it's very difficult to keep the stuffing inside a pre-stuffed turkey below 40 degrees F, which is cold enough to keep most bacteria from growing." For that reason, she says, the U.S. Department of Agriculture advises against buying a pre-stuffed fresh turkey. Haggard recommends preparing and refrigerating the stuffing in advance and placing it in the turkey right before cooking, or cooking it separately.

Cotton Today

Textile Executive To Speak At Beltwide Conference: Daniel K. Frierson, president of Dixie Yarns, Inc., Chattanooga, will report on the textile import problem and trade legislation at the 1988 Beltwide Cotton Production Conference, Jan. 4, at the New Orleans Marriott Hotel.

Frierson is a vice president of the National Cotton Council and new chairman of the Fiber, Fabric and Apparel Coalition for Trade.

Immigration reform's impact on cotton industry employment will be discussed by Elizabeth Whitley, executive vice president of the National Council of Agricultural Employers, Washington, and changes in the 1988 cotton program will be analyzed by Dennis Robertson, legislative assistant to Sen. David Pryor (D-Ark.).

Hearing Set On Cotton/Research Promotion Bill: The House Ways and Means Committee has scheduled a hearing for 11 a.m. Tuesday, Nov. 17, on the cotton research and promotion bill (H.R. 1622) reported earlier by the Agriculture Committee. The bill would amend the current law to authorize collection of a mandatory fee on imported upland cotton and all imported products containing cotton. Current law provides for collection of assessments only on domestically produced upland cotton, and for refunds of the assessments if domestic producers do not want to participate in the cotton promotion program.

Invited witnesses have been asked to comment on an alternative proposal to impose an excise tax of an equivalent amount on all domestically produced and imported cotton, and a derivative tax of an equivalent amount on imported products

containing cotton. Tax proceeds would be earmarked for authorized research and promotion activities of the Cotton Board. Oral testimony will be limited to invited witnesses. Testifying for the National Cotton Council will be Board Chairman Lloyd Cline.

Cotton Textile Imports Climbing Most: Cotton textile and apparel imports in September rose to 453.5 million square yard equivalents, up 8.3 percent from a year ago. Imports of all fibers were up 4.1 percent for the month, totaling 1.02 billion square yard equivalents compared with 982 billion a year ago. Figures for the first nine months of 1987 reflect a 12.8 percent climb in cotton textile and apparel imports over the same period in 1986, and 3.7 increase for all fibers.
