## Stubborn Gin Fire Keeps Firemen Busy

A stubborn cotton burr fire at New Lynn Gin had Tahoka Volunteer Fire Dept. answering three calls to the scene Monday and Tuesday, and on Tuesday more water had to be hauled in to control the fire.

Fire Chief J.T. Miller said there was no damage at the scene, except for the time operations of the gin were suspended. Post Fire Dept., Wilson Fire Dept. and several farmers in the area with water tanks also brought water to the fire.

The chief said the danger of fires at gins is considerable at this time of year and with all

## Tahoka City Finances In Good Shape

Auditor Joe Hays made his annual report to the Tahoka city council Monday night and said the city's finances are in good shape. The council then voted to accept the annual audit.

Paving of several blocks and parking areas in the south part of the city has been completed, and the councilmen approved the first estimated payment on the project, which is being paid by grant money from the state.

A block and a half of Ave. M and an equal portion of Ave. N, south of South 8th St., was included in the paving, plus a large parking area on both sides of the city swimming pool and the street between the Little League and softball parks.

Following some complaints of citizens regarding parking of large trucks in residential areas, the city council Monday voted to amend the code of ordinances so that trucks of 2-ton size or larger may not be parked in residential sections of the city.

## WOODWORK

By Dalton

SOMETIME pretty soon, probably about Jan. 1, the State of Texas is supposed to bill all of us who are in retail businesses an extra \$25 for renewal of our annual permit to collect sales taxes.

Most of you out there don't have to collect taxes when you sell things and don't have to mail them in to the state. But for those of us who are supposed to collect the sales taxes, this is a stinking ripoff. Why should people who are in business have to pay the state for the privilege of collecting the state's taxes for them?

A newspaper has to promote responsibility and good citizenship and therefore is not ever supposed to advocate disobedience of any law (it is okay to advocate changing the law). However, this is such a stupid law that if anyone is planning to organize a revolt against paying the fee, I certainly would join it.

All of us who are in business should notify the comptroller's office that they can either send us the permit number free, or we'll quit collecting taxes on our sales, or we will collect them as usual and send them in whether we have a current permit or not. And then they can either accept the taxes we have collected or just send them back.

Of course, one or two businesses couldn't get away with that. But if we all organized, maybe they'd get the message. It's only 25 dollars,

but it still is robbery.

WE'VE HAD lots of good weather, even into December, so winter is having a hard time getting here. Still, I think I already have had a slight touch of what some doctor the other day described as the SADS (Seasonal Affective Disorder Syndrome).

This particular syndrome is not related to queerism or drug use. It's just a fancy name for wintertime depression, which this alleged expert said is very real. He said studies have shown that many persons become depressed, some severely, during the winter, when everybody has stopped-up sinuses, runny noses, hacking coughs, snow on the carpet, cold hands and feet and ears, and they're all shut up in rooms and offices breathing on each other. Seems to me I also read that there is more violence in winter, more domestic trouble, etc.

It was interesting, too, that he described the typical SADS victim as being outwardly very bright and chipper just before they go blah.

That's because people cover up their innermost feelings until their defenses finally collapse and they start screaming and go running down the street with a machine gun, axe, slides of their last vacation to Colorado or some other device designed to inflict pain on their fellow man.

### Ambulance Fund Is Opened In City

The Tahoka EMS has opened a fund for the purchase of a new ambulance. The 1982 model ambulance now being used is needing minor repairs all the time and the transmission is slipping. EMS is asking for tax deductible donations from the community so that the county and hospital taxes won't have to be raised.

An ambulance service is mandatory by the state as long as there is a hospital district in the county. Whether volunteer or private service, there has to be an ambulance service provided.

The Tahoka EMS is strictly volunteer. They work all football games, rodeos, and other community events free of charge.

Your support will be greatly appreciated. For more information contact Billy Tomlinson, Joe F. Hays, chairman, or any EMS volunteer.

**DRINKING WATER**

The body needs to replace 2½ to 3 quarts of water every day to keep healthy. Some water comes in our food, but 6 to 8 glasses of pure water are needed. Alcoholic drinks, coffee, tea and sodas are not ideal for this purpose — they have a diuretic effect, washing water from the body via urination. Plain pure water is best, perhaps with fruit or vegetable juices added.

### Dear Customers,

Ho, Ho, Ho! Grand words aren't they! Especially for the youngsters, but also for those of us who love to give the finer gifts. Such as gold, silver, diamonds, sapphires etc.

Many gifts have charm and value, but no other gift can give joy and be an investment, too! That's right, gold prices are rising everyday, and there is no better reason than this to invest in fine jewelry. TODAY!!!

Cars need tires, gas, oil and tune-ups. Toys need batteries and rarely last through the holidays. Clothes shrink or we gain weight, they fade and tear. But a diamond last forever! And what better gift is there but a gift that last through eternity. A gift that will be remembered for many more Christmas' to come!

## Phone Installation Charges May Be Reduced

Certain individuals in areas served by General Telephone in Texas who presently do not have telephone service may be eligible for reduced telephone installation charges as part of a national program being piloted in Texas to expand the availability of telephone service.

E.L. "Buddy" Langley, president of General Telephone, said installation fees for eligible participants will be reduced by a maximum of \$30 with the balance payable without interest in four equal monthly payments.

Texas is one of four states in which the program, called Link Up America, is being piloted. The telephone company official said the goal is to preserve and promote telephone service for low income households and to get those Americans who currently do not have telephone service onto the telephone network.

Qualification for the program is based on income level and eligibility for social service assistance programs. In general, an individual or household will qualify if income is below the federal poverty level, and the individual has not had telephone service for at least three months.

Qualified individuals who are interested in more details or who might want to sign up for the program are asked to contact the Link Up America representative in the General Telephone business office.

The program is limited to reduced installation charges and does not include any assistance with monthly phone charges.

# Bring back the "Good old days" ...with GTE CLASSIC SERVICE.

### GTE TURNS BACK THE CLOCK WITH CLASSIC SERVICE.

Remember "the good old days?" Whatever problems you had with your phone service, you'd just call GTE and we'd take care of it. No second thoughts. No repair bill. Your regular phone bill covered everything.

Now, under recent FCC rulings, you're responsible for the cost of repairs to the wiring and jacks inside your home or business. This makes things a little more complicated.

### CLASSIC SERVICE HELPS KEEP THINGS MORE LIKE THEY USED TO BE.

We can't bring back "the good old days" entirely but, with new CLASSIC SERVICE, we can make things more like the way they were.

With CLASSIC SERVICE, you pay only \$1.25 per month to have GTE repair your telephone wiring and jacks during normal working hours, at no additional charge.

Just \$1.25, per telephone number, on your monthly phone bill (about 4¢ a day) covers you, no matter how many jacks you have. And if you sign up before JANUARY 1, 1988, you can avoid the one-time sign-up charge.

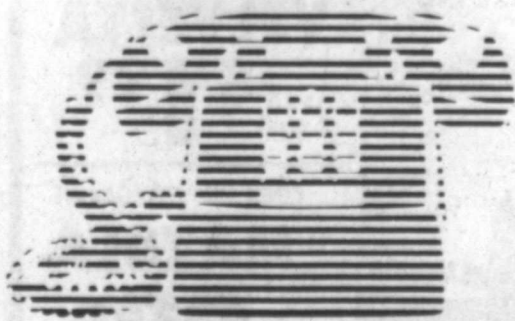

Here's how you'll save with CLASSIC SERVICE ...

### NO SERVICE CALL CHARGES

Without CLASSIC SERVICE, if you have a problem with your phone service, and a GTE service call is needed to locate the trouble, you will be charged for the visit if the problem turns out to be in your wiring, jacks, or telephone instrument.

With CLASSIC SERVICE, there is no service call charge during normal working hours.

## GTE CLASSIC SERVICE

### NO REPAIR COSTS

With CLASSIC SERVICE there is no additional charge for repair or replacement of inside wiring and jacks\*. If you elect not to subscribe to CLASSIC SERVICE and need inside wiring or jack repairs, you have three options:

• As a full-service telephone company, GTE will be happy to make the repairs. But under the new FCC ruling, if you have not subscribed to CLASSIC SERVICE, you will be charged.

• Or, you contract with a third party for repairs, but rates and qualifications vary widely.

• Or, you can make the repairs yourself, but you'll have to supply your own materials. With CLASSIC SERVICE, there is no service call charge. No repair charge. No worry. That's why we call it "CLASSIC."

### HERE'S WHAT CLASSIC SERVICE COVERS ...

- Service call charges
- Identification of the problem.
- Repair or replacement of inside wiring and jacks.

Like anything else, your telephone wiring can deteriorate with age and exposure to air and humidity. CLASSIC SERVICE covers this damage, as well as damage caused by natural disasters such as floods or lightning.

\*Coverage does not include ...

- Willful damage
- Damage due to negligence
- Telephone instrument repair

### AND NOW, NO SIGN-UP CHARGE UNTIL JANUARY 1, 1988.

Whatever problems you may encounter with your phone service, we urge you to call GTE first, even if you don't have CLASSIC SERVICE, because in many cases we can correct the problem from "our end." But if the problem does turn out to be inside your premises, won't it be nice to have CLASSIC SERVICE protection?

Sign up for CLASSIC SERVICE before JANUARY 1, 1988 and avoid a sign-up charge.

Happy Holidays!

## OUT OF THE WOODS

By Juanell (Wood) Jones

SHOPPERS READY? Rev up your engines and grab your purses. Thanksgiving is over and now its time to get down to the serious business of Christmas shopping. For those who are ready to

really get with it and take care of their Christmas gift-buying in a precise, orderly fashion, here's a checklist of how to prepare yourself for the "Christmas Shopping Marathon."

First, take lots and lots of money. Credit cards will do in a pinch, but some people (says my husband) tend to get carried away with their spending with those handy little plastic cards.

Second, make a gift list for the people you want to give a gift this Christmas. Hint: write this on a very small piece of paper — that way you can be very choosy about who you buy for and what to give. On this list, write down a maximum dollar amount for each gift, and don't — repeat don't — go over that amount under any circumstances.

Of course, if you find that super-duper bargain on the table-saw your husband has been wanting for three years and it's a great price but still over the maximum limit you set for yourself, don't worry about it. Buy it anyway. He'll love it. It's only money (my theme song).

Wifely tip: If you are going to go over the limit on a gift, make sure it's on the gift for the person who lives with you and has access to your financial records — that way he can't fuss about how much you spent, unless he is a total jerk and doesn't know how to appreciate a nice gift.

Okay, enough said about money. The next tip to remember is: wear your jogging shoes when you shop. You'll need them... trust me. Even if you are one of those disgustingly organized people who can buy everything in one place without going all over town, you're still going to be sidestepping the hordes of shoppers inside the store.

Practice jumping aside at home, and have practice races with your children to the kitchen counter (pretend it's the bargain table).

Let's see, what else... take a book to read as you wait in line at the checkout register. A novel like "Gone With The Wind" may get you through about three-quarters of the line. If you have a book that has a sequel, take it with you too.

And, lastly (but not leastly?), when you have finished all your shopping, take a break. You deserve it. Treat yourself with a hot fudge sundae and a moment of rest. You'll need it before you tackle the task of wrapping that carload of presents.

Happy hunting, and remember: Be cheerful. This is supposed to be fun.

## Check Safety To Make The Holidays Bright

- Before hanging strings of lights, spread them on the floor and check for frayed or bare wires, cracked insulation, loose connections, and damaged plugs or light sockets.
- Check extension cords for wear or damage and don't run them across walking areas.
- Test lights before putting them on the tree. Unplug them before making repairs or replacing bulbs.
- Overloading circuits with too many lights can cause fire. Follow manufacturer's instructions about the number of lights allowed on one circuit.
- Choose a fresh, green tree, trim its base and keep it in plenty of water. If the needles are brown and break off easily, it could be a fire risk.
- If you buy an artificial tree, make sure it has been tested for flammability by Underwriters Laboratories (UL).
- Place your tree away from the fireplace or other heat sources and out of the traffic pattern.
- Never string lights on a metallic tree. Light strings with damaged insulation can electrically charge a metallic tree. Instead, shine unattached colored floodlights or spotlights on the tree.
- Always turn off lights before leaving home or going to bed. You'll save money and be safer, too.
- Never use lighted candles on a tree or near evergreens. And don't burn evergreens in the fireplace.
- Do not use inside lights on the outside. All outside lighting equipment, including lights, cords and plugs, should be waterproof and made for outdoor use. Also, hang sockets downward and don't leave a socket empty.
- When hanging lights on the rooftop or in tall trees outdoors, stay clear of electrical lines. Make sure you or your decorations don't come in contact with them.
- Should you receive a CB radio or television this Christmas, let a qualified serviceman install the CB base unit or television antenna for you. This delicate job is best left to the professionals.
- Be sure electrical toys are tested for safety. Look for the UL mark.

Wishing You A Safe, Happy Holiday

## Community Christmas Cantata To Be Presented Sunday Night

Sunday night, Dec. 13, at 7 p.m. the Community Christmas Chorale will present the Christmas musical "Cradle the King with Praise" by Steve Adams with Camp Kirkland and Denny Dawson. This presentation of the Christmas story is given for the glory of God and is also dedicated to the memory of Johnnie Wells, who so faithfully sang in the community Christmas programs through the years. Prior to the presentation of the musical, the handbell choir of First United Methodist Church will ring a short program of Christmas music.

According to director Carroll Rhodes, this cantata does more than just share the Christmas story. It shows the manger must be viewed from the perspective of the cross, God's ultimate sacrifice for man's sins. It is not

enough for man to know that Christ has come, he must accept His sacrifice and then reverence God with obedience and praise.

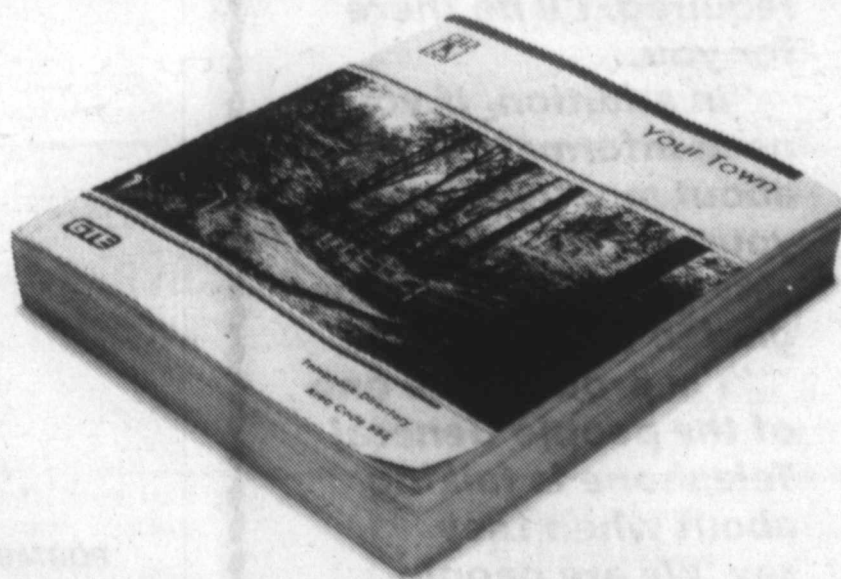

Soloists for the cantata are Beth Askew, Alicia Curry, Susan Duncan, Lila Gassiot, Tony McGowen, Johnna Phillips, Carroll Rhodes, Debbie Webb and Donald Webster. Narrators are Carolyn Botkin, Danny Curry, Susan Duncan, Carroll Rhodes, and Debbie Webb. Portraying Joseph and Mary will be Jim Patterson and Johnna Phillips. The Music Makers, a children's choir for kindergarten through second grade, under the direction of Alicia Curry will also sing during the musical. Rehearsal pianist for the community chorus is Alicia Curry.

Everyone is invited to attend. A nursery will be provided for those children three years of age and under.

## Demonstration Of FmHA Computer Set

An open house will be held at the Lynn County Farmers Home Administration office on Tuesday, Dec. 15, from 10 a.m. to 12 noon to demonstrate the new AT&T computer system, according to FmHA County Supervisor, Curtis Barlow.

The open house is part of a state and nationwide open house to recognize the completion of the three-year automation project: one of the largest projects of its kind in the country. FmHA installed 264 computer terminals in Texas and over 6,000 nationally, Mr. Barlow said.

"We think this computer system is going to be a big help to our borrowers, especially family farmers," said Barlow. "Once we plug basic numbers into the machine, we can help determine which management decisions will be the most beneficial. We'll be able to project annual cash-flow figures quickly and accurately."

"In addition, we can go directly into the FmHA main frame computer in Kansas City, Barlow said. "We expect this equipment will also help us to process applications quicker than we have in the past."

We welcome anyone who is interested in seeing how the new automation system works."

## CARD OF THANKS

Much love and thanks to all our family and friends for your continued concern, thoughtfulness, and every deed of kindness shown to me and my family while I was in the hospital the second time and since my surgery. You will never know how much you all mean to us!

Giving so much of yourselves and your time in cheering me up during both my re-

cent illnesses and hospital stays will never be forgotten. May God bless each of you is our earnest prayer!

Love, Shelley Martin  
and family
