HOWARD COLLEGE-BIG SPRING FFA LEADERSHIP CONTEST

AREA FFA CONTESTANTS — The New Home FFA Chapter attended the Area II Leadership Contest Nov. 21 at Howard College in Big Spring. The Greenhand Quiz Team placed 4th in Area. The team consisted of (shown left to right) Advisor Dale Schaffner, Tobi Timmons, Stacy Smith, Leandra Hernandez, Shane Thompson, and Scott Fillingim. Tobi Timmons also placed 6th in the Creed Speaking Contest.

Delay In Aid Checks To Area Is Anticipated

The Texas Department of Human Services announced that the checks to the recipients of the Aid to Families with Dependent Children (AFDC) program will not be mailed from Austin until the first working day after the federal funds become available to the state, which will be Jan. 4.

Based on past experience, mail from Austin takes about five days to reach some addresses in the Panhandle. It is conceivable that the checks will not reach the AFDC recipient families until Jan. 11.

The department is concerned that many of the families who depend on these payments will be unable to pay utility bills and rent in time to avoid disconnection of services or eviction from their homes.

Community agencies and groups who provide emergency services are also concerned because there is not enough funds to assist the number of families who may need help due to the delayed payments.

The department is asking utility companies and rental agents to take this delay into consideration and allow some additional time for payments.

District's Secretary. She will compete in the Area Sweetheart contest in May, in San Angelo, at the Area II Convention.

CHRISTMAS GIFT — Mr. and Mrs. Dan H. Cook of Wilson decided this was one of the best Christmases yet. Three of their family members graduated from Texas Tech on Dec. 19. From left to right: Mrs. David Cook (Lisa Steinhauser), Randy Moczygomba (husband of Stephanie Cook), and Mrs. Kelly Livingston (Shelly Cook).

Seven Persons Indicted By Grand Jury Here

Seven persons were indicted on felony charges ranging from murder to driving while intoxicated by a 106th District Grand Jury which met in Tahoka Monday.

Jose Ines Flores, 56, of Tahoka, was indicted for murder of Luis Rangel, also of Tahoka. Rangel was shot to death at a home in Tahoka on Dec. 5.

Juan Moreno Valdez of Slaton was indicted on charges of burglary of a habitation, the homes of Donald Basinger and

Ruth Mathis, both in Lynn County.

Leopoldo Luis Mecalco, 25, of O'Donnell, was indicted on a charge of burglary of a building, the Farmers Co-Op Gin at O'Donnell, just three days after the burglary occurred. The building was burglarized Dec. 26, and some coins were taken. Most were recovered, officers said.

Enrique Guillen of Brownfield was indicted for burglary of the home of a relative in Lynn County on Nov. 9.

Scott Hargrove and Chris Spain, both of Lubbock, were indicted for aggravated robbery in connection with the holdup of Allsup's Convenience Store and clerk Mary Garza in O'Donnell on Sept. 25.

Delvin Buchanan, 38, of Tahoka, was indicted for driving while intoxicated, subsequent offense, in connection with DWI charges on Dec. 3, 1986.

Tahoka police officers this week investigated a report from Jackie Jaquess, 2019 N. 3rd, that someone had stolen four plywood cutout figures from his front yard on Tuesday or earlier. One blue Smurf, 24 inches tall, and cutouts of a Road Runner and two pigs were stolen. They were valued at a total of \$120.

In Lynn County jail during the week were one person for simple assault, one for revocation of probation, and one charged with burglary, plus additional charges of possession of marijuana, unlawfully carrying a weapon and resisting arrest.

WOODWORK

By Dalton

APPARENTLY there will never be an end to increasing taxes. The state and federal governments especially don't mind piling it up on the backs of the taxpayers. And as this year winds down, get ready for a new round of tax increases starting Jan. 1.

The great State of Texas, which should be changed to the great State of Taxes, is launching a sales tax mess which can add up to 31 different tax rates, all of which are more than you are paying now. The confusion will be mostly because of local-option sales taxes, such as one recently voted in Lubbock County. And the people who have business in several different counties and cities will be the ones who have the hardest time figuring out what to charge their customers.

Around here, it will be 7 per cent (I think), as it has been for a couple of months.

The federal government is increasing the social security tax again, from 7.15 to 7.51 per cent. This will cost workers more, and will also cost employers more. It also will tend to make businesses try to get by on fewer employees, and therefore contribute to a situation where people find it harder and harder to get jobs.

Texas businesses also are facing huge increases in unemployment taxes (219 per cent), and in franchise taxes for corporations.

All these gloomy things make it hard to look forward to the New Year, but surely some

good things will happen to offset what the state and federal governments are doing to us. For one thing, the farmers should for once be getting some money coming in, and that helps everybody.

So look for those good things, and have a Happy New Year.

KNOTHOLES: I threw five million dollars in the trash this morning. I got one of those deals from Readers Digest and I opened it and tried to wade through all the pages of garbage they always send, but gave it up and tossed it out...Just think how much better it would be if God had arranged it so that when we overeat, we grow taller, instead of bigger around the middle. Then if you got too tall, you could go on a diet...I have already had all the winter weather I need. I am ready for summer.

LA-SHEA KIETH

La-shea Kieth Named FFA Sweetheart

The Mesa District FFA Banquet was held Dec. 7, and La-shea Kieth, from the New Home FFA Chapter, was elected 1987-88 Mesa District Sweetheart.

La-shea is the 17-year-old daughter of Mr. and Mrs. Freddie Kieth. She is currently a senior at New Home High School and along with all her school activities she is this year's Mesa

The Waco Suspension Bridge was the longest of its kind in the nation when it was built back in 1870. Thousands of cattle and numerous wagon trains passed over the structure in its heyday, and the famous Brooklyn Bridge in New York was patterned after it. The 475 ft. bridge is still used today, but only as a pedestrian crossing. Tourism Division, Texas Dept of Commerce photo.

January 1988

The following events, selected by Mari Schnell of the Tourism Division of the Texas Department of Commerce, are but a few of the many excellent opportunities offered by communities across the state.

Year-Round Tours -- Gladys Porter Zoo, Brownsville. Since opening in 1971 as one of the premier zoos of the world, it has become a unique haven for rare and endangered species. The 31-acre preserve has over 2,000 mammals, birds, reptiles, amphibians and invertebrates. Open daily 9 a.m. till one hour before dusk. Admission: \$3.50 adults; \$1.50 children. Wheel chairs and strollers available. Free brochure from Gladys Porter Zoo, 500 Ringgold St., Brownsville 78520 (512-546-2177).

Year-Round Flea Marketing (begins Friday before the first Monday of each month) -- First Monday Trades Day, Canton. During the late 19th Century, trades day became an important means of communication for rural folks as they waited until "First Monday" to go to town to visit and deal in business matters. Today, it is more a form of entertainment and bargain hunting. Set on 70 acres with 4,000 booths, 10 miles of street and ample parking space, the market offers commodities for sale or swap that range from precious china to "one hoss" plows and livestock. Free admission. More information from City of Canton, Box 245, Canton 75103 (214-567-6556).

Jan. 1 -- Cotton Bowl Parade and Football Classic. The parade begins at 9 a.m. near the Convention Center, moving east on Commerce from Houston to Harwood and then south to the Scottish Rite Temple. At

The unusual Tibetan-style architecture on the campus of the University of Texas at El Paso resulted from a 1916 fire which destroyed half of the buildings there. The wife of the Dean at that time borrowed the design from National Geographic. Three of the oldest buildings were designed in pure "Bhutanese eclectic," a style seen in a Tibetan monastery and fortress in the Himalaya. Most of the later buildings are variations on this style. noon, it's Texas A & M University vs. University of Notre Dame in the Cotton Bowl at Fair Park.

Cont. - Feb. 23 -- "American Masterworks from the Munson-Williams-Proctor Institute" Exhibit, Museum of Art, San Antonio. The museum is the only Texas stop for this significant exhibition of paintings from the institute in Utica, New York. Works by 82 artists, spanning 200 years, represent all major developments in American art: portraiture, landscape, still life, genre and abstraction. Also on exhibit at the museum are paintings by contemporary Hispanic artists, until Jan. 24, and recent acquisitions in Asian art, Jan. 17 - Feb. 28.

On Feb. 21, a big Asian Lunar New Year Celebration will be held. Admission: \$3 adults; \$1.50 senior citizens; \$1 children 6-12, under 6 free. Details from Museum of Art, 200 W. Jones Ave., San Antonio 78205 (512-226-5544).

Cont. - April 16 -- 1987-88 Star Series, Paramount Theatre, Austin. Live productions in the historical movie-house present music, comedy, classical guitar, jazz dance and a children's series to delight the young. "Big Band Galaxy of Stars" on Jan. 22 features Jimmie Rodgers, Maxene Andrews, Ink Spots and Kay Kyser Orchestra. Feb. offers: World Premier of "American Window," comic vignettes of American characters, by several Austin playwrights including Joe Sears and Jaston Williams; Vienna Choir Boys; "Amadeus Conducts Mozart;" and "The King and I." Complete schedule from Paramount Theater, Box 1205, Austin 78767 (512-472-2901).

Jan. (weekends) -- Kwahadi Indian Dancers Winter Ceremonials, Amarillo. History and folklore of American Indian culture is proudly and dramatically displayed by 50-70 boy scouts. After years of training, the boys perform traditional Indian dances in colorful array of paint and feathers. Indoor performances at 7:30 p.m. Their beadwork, paintings, pottery and other art forms of the Native American are exhibited. Admission: \$3.50 adults; \$2.50 students. Tickets and information from Kwahadi Dancers, Explorer Post 8, 1319 Broadmoor, Amarillo 79106 (806-355-5301).

Jan. 7, 21 -- Historical Walking Tour, Columbus. On the 1st and 3rd Thursdays of each month, this little town on the banks of the Colorado River welcomes the public to historical landmarks, cultural centers, craft and antique stores. Included are: 1886 Stafford Opera House, with historical documents display; Confederacy Museum in an 1883 water tower; 1890 Courthouse, with stained glass dome; 1870 German stencilled Gant Guest House; 1836 log cabin; museums; and many antique and craft shops. Map and information from Chamber of Commerce, 425 Spring, Columbus 78934 (409-732-5881 or 3864).

Jan. 22 - Feb. 7 -- Southwestern Exposition/Fat Stock Show and Rodeo, Fort Worth. This event with the world's original indoor rodeo is a long standing tradition celebrating its 92nd year. Top rodeo cowboys compete in riding, roping, dogging and barrel racing. The stock show features prize livestock and horses, auctions, parade, carnival and a children's barnyard. Details from

Southwestern Exposition, Box 150, Fort Worth 76101 (817-332-7361).

Jan. 23-31 -- 51st Texas Citrus Fiesta, Mission. Tribute is paid to Rio Grande Valley produce with a variety of entertainment including citrus exhibits, royalty coronations, quilt show, golf tournament, 10K run, fiddlers contest, variety show, arts, crafts and carnival. Highlights are the Product Costume Shows featuring fashions created from natural Valley-grown products using a cloth base, and the Parade of Oranges with many of the floats decorated with Valley-grown fruits and vegetables. Complete listing and prices from Texas Citrus Fiesta, Box 407, Mission 78572 (512-585-9724).

Couple Exchange Wedding Vows

Brenda Sue Isbell and Andrew Ira Anderson, Jr., exchanged wedding vows December 19 in the home of the bride's parents, Mr. and Mrs. Raymond Ashbrook of Tahoka. Mrs. Laurel Bodkin of San Antonio is mother of the bridegroom. Rev. Mark Gibbens-Rickman pastor of First United Methodist Church of Tahoka, officiated. Honor attendants were Mae Dawn Norwood of Iraan, sister of the bride and R.D. Smith of San Angelo.

Following the ceremony, a reception was held with Vicki Ashbrook and Becky Aguero serving. The couple will be at home in San Angelo, where both are employed.

RESPIRE CARE ASSISTS FAMILIES

Families with a disabled or chronically ill member now have a resource for learning about available respite care, according to family life specialist Dr. Sarah L. Anderson. Respite care is any type of relief care, ranging from a few hours break to intermittent custodial care for varying lengths of time, explains the Texas A&M University Agricultural Extension Service home economist. "The continuous care required by a severely disabled child or an aged, infirm parent is physically and emotionally draining. Without some relief, the stress will take its toll on the family." According to Anderson, The Texas Respite Resource Network (TRRN) has published a Directory of Texas

Obituary

Guadalupe Rangel

Mass for Guadalupe Rangel, Sr., 54, of Tahoka were celebrated at 2 p.m. Monday in St. Jude's Catholic Church with Rev. Rodney Howell, pastor, officiating. Burial was in Tahoka Cemetery under direction of White Funeral Home.

Rangel died Friday, Dec. 25 at 9 p.m. in Lynn County Hospital after a lengthy illness.

He was born in Cameron and moved to Lynn County in 1949. He married Josephine Soliz on Dec. 12, 1953 in Tahoka. He was a farm laborer and member of St. Jude's Catholic Church. A son, Luis, died in December, 1987.

Survivors include his wife, Josephine; three daughters, Ernestine Moreno of Farmersville, Roselinda Garcia of Abernathy and Eva DeLeon of Tahoka; two sons, Guadalupe Jr. and Victor, both of Tahoka; three sisters, Mercedes Sosa, Olivia Barela and Leonor Canales, all of Lubbock; two brothers, Sotero Sr. of Florida and Frank Vasques of Round Rock; and 12 grandchildren.

Pallbearers were Monico DeLeon, Nickolas Saldana, Cruz Rivas, John Chapa Jr., Willie Benitez Sr., and Manuel Zomora.

Exercise Classes To Begin Jan. 5 Here

Low-impact aerobics and toning exercises will be offered in Tahoka beginning Tuesday, Jan. 5, in the fellowship hall of the First Baptist Church. The classes will be held Tuesdays and Thursdays, 5:30-6:30 p.m., taught by Pam Paris.

Cost of the class is \$1 per person, and 50-cents per family for babysitting, if needed. Mrs. Paris will also offer a short devotional with each class.

"We're going to do low-impact aerobics, which means little or no jumping," stresses Mrs. Paris. "These classes are for anyone who wants to strive for better health and fitness, and I hope the group will encourage each other in dieting and exercise," she said. There is no need to register for the classes.

A truly unique event of the Texas Citrus Fiesta is the Product Costume Show. Rules dictate that costumes be completely covered by some type of Rio Grande Valley grown product, including, of course, citrus. This dress was constructed with over a dozen different Valley products. The Fiesta will be held Jan. 23-31 in Mission, TX. Tourism Division, TX Dept of Commerce photo.

Preventable Infection Still Causes Death

Tetanus is 100 percent preventable, yet 45 Texans between 1982 and 1986 reportedly acquired this dangerous, and often times deadly, infection, says the Texas Medical Association.

Tetanus, also known as lock-jaw is caused by certain bacteria that live in the soil and enter your body through a wound. Outdoor hazards such as nails and thorns cause the type of puncture wound in which tetanus most commonly thrives. The infection causes your muscles to become stiff and to have extremely painful spasms. Often times the patient suffocates from muscle spasms in the throat and chest. About 40 percent of all tetanus cases result in death.

An immunization can protect you from the bacteria, but one immunization during childhood does not protect you for life, reminds the TMA. Infants are immunized in their first year, and everyone should have a booster shot every ten years. According to a study by the Centers for Disease Control, more than 50 percent of people age 60 and older are not protected against tetanus.

If you get a puncture wound or a deep ragged wound and you are not sure if you have been immunized for tetanus, clean the wound and see your doctor immediately.

Talk to your doctor about this and other immunizations you and your family may need. And be sure to keep your vaccinations up to date.

Hints Given For Financial Record Keeping For 1988

If you're paying year-end bills and wondering where your money went in 1987, now may be the time to improve your financial record keeping for 1988.

"The best record keeping system is one that worked for you," "Typically, this will be a simple system that allows you to easily retrieve the information you want and need." An effective record-keeping system will provide a means of organizing and filing receipts, cancelled checks, income statements and other financial papers and a method for summarizing information about income and expenses.

Any one of several basic record keeping strategies will be helpful:

Receipt method. Keep file and sort receipts according to categories of expenses, such as food, utilities, or entertainment.

Envelope method. Place the money you have allocated weekly or monthly for each category into an envelope.

Envelope method. Place the money you have allocated weekly or monthly for each category into an envelope. As you spend it the money, write what you

spent it for on the envelope. Checkbook method. Code each entry in your checkbook according to the category of income or expense.

Ledger system. Keep detailed daily entries in a ledger. You can buy a record-book in almost any size at a store, obtain one at your county Extension office or make your own forms in a spiral notebook.

Computer system. Computer software is available that allows each income or expense item to be entered after a system of categories is established.

"When you use a credit card, be sure to record the individual purchases in the appropriate categories." "Recording a single credit card payment for a variety of purchases gives you very little information about how your money is being spent." "None of these methods of keeping track of income and expenses and income will do much good unless you summarize the transactions on a weekly or monthly basis."

"However, once you have the summaries they will be invaluable for preparing your taxes at year's end, and getting a good grasp on your family finances."

There's no secret to organizing family finances; it's mostly a matter of having the time and discipline to make a record-keeping system work.

Letter To The Editor

Dear Mr. Wood:

May I take this way of saying a sincere thank you to everyone who participated in the Phebe K. Warner Club Christmas card project? The proceeds will be added to our scholarship funds and used to help young persons in our community with their educations.

The cooperation of the bank personnel, the Lynn County News staff, and each individual is most appreciated. Thank you.

Yours sincerely,
Lois White

SECRET OF SLIM
Losing weight and staying slim is assured with a physically active lifestyle or vigorous exercise each day. This burns away fat tissue and develops muscle tissue which has more dense cells that use more calories just to maintain themselves. Dieting without exercise loses mostly fat tissue, which quickly returns when dieting ceases. But dieting plus physical activity replaces fat with muscle and promotes a more active metabolism, which burns up more calories, even at rest, to maintain slimmness.

Health Tips Offered While Eating Out

It is not surprising to discover that, on average, Americans eat out four times each week. Our fast-paced lifestyles and the convenience of restaurants have made dining out the norm rather than the exception it once was. Even though you may eat out often, you do not have to sacrifice healthy eating habits, says the Texas Medical Association.

Many restaurants have become more health-wise and offer food that is grilled, poached, steamed, or baked rather than fried or sauteed. Even fast-food places are offering alternatives to burgers and fries, such as salads and baked potatoes.

Business travelers, who often eat on airplanes, can order special meals. Place an order at least 24 hours before your flight, and you can receive meals that are low in calories, cholesterol, and sodium.

You can also make special requests in restaurants. Slight changes in food preparation and serving can be easy for the cook and healthy for you.

For instance, ask the waiter to put dressings and sauces on the side. Use small amounts rather than the entire serving. Ask that the fat and/or skin be trimmed from meat before it is cooked and that no butter or fat be added to the meat as it is prepared.

Order a baked potato instead of French fries and go easy on the butter and sour cream. Try substituting yogurt or lemon on your potato.

The salad bar can be a great source of nutrition while low in calories if you do not over do it with dressing, cheese, and croutons.

If you follow sensible eating habits at home and at restaurants, you can indulge once in a while without feeling guilty or harming your health.

Farm Vehicles Exempted From RC Requirements

The Railroad Commission has adopted amendments to its transportation rules that exempt farm and ranch vehicles, vehicles belonging to electrical and telephone cooperatives, and certain other vehicles from requirements to register them with the Commission and maintain \$500,000 in liability insurance coverage.

Kent Hance, chairman of the Railroad Commission, noted that these amendments will decrease regulation and come close to reflecting the intent of the legislature. "While I would have preferred to have exempted all vehicles until we had an opportunity to gather the data necessary for the legislature to determine any needed additional insurance requirements, at least we have made some progress in reducing the burden imposed on small businessmen," Hance noted.

Exempted would be vehicles operated by or on behalf of a farmer or rancher, or an agricultural cooperative if which the farmer or rancher is a member. The vehicles must be transporting the farmer or rancher's own poultry or poultry products, livestock or livestock products, or farm products, to market or to other points for sale, processing, or storage. The exemption also covers vehicles transporting the farmer or rancher's own animals, tools, or equipment from the place of purchase or storage to the farm or ranch of the farmer or rancher.

The Commission also exempted from registration and the \$500,000 liability insurance requirements vehicles belonging to electric and telephone cooperatives, vehicles transporting alcoholic beverages under a wholesale permit from the Texas Alcoholic Beverages Commission, and tow trucks registered with the Texas Department of Labor and Standards.

Soil Test Can Help Plan Next Year's Crops, Says TAES

It's time to plan next year's crops and soil testing should be one of the first items considered, advises a soil chemist with the Texas Agricultural Extension Service.

The Extension Service soil testing program provides advice which can guide producers in maintaining a soil fertility program and furnishes information to help make management decisions, explained Dr. Michael Hickey, soil chemist who directs the Extension soil testing laboratory here.

Proper sampling tools will make the job easier, he said. Suitable tools include a soil sample probe, sharp-shovel and a plastic bucket. The probe is best suited for sampling the sandy soils on the High Plains. If a probe isn't available or moisture conditions make clay loam soils stick in the probe, a sharp-shooter shovel can be used.

"The goal of field sampling is to provide a measure of the average soil fertility in the field," Hickey said.

The first step in sound soil sampling is to subdivide the field, based on the overall appearance of the land and any known differences in past crop production. Hickey said this gives the producer an opportunity to sample problem sites separately so that site-specific fertility problems can be identified and the "average" fertility of the field won't be biased.

Each sample submitted for chemical analysis should represent a composite of 10 to 15 individual samplings, randomly taken, within a given area. For each individual sample, the same amount of soil should be taken to eliminate bias.

If the past crop was bed planted, the best sample will

come from halfway down the bed. If last year's fertilizer was banded try to avoid sampling from the band, Hickey urged.

Prior to taking a sample, scrape the litter from the surface, he advised. Then push the probe into the soil to the depth of plowing, which will be six to eight inches. To use a sharp-shooter, dig a V-shaped hole and take a half-inch slice of soil from the smooth side of the hole.

"While taking samples, it is a good idea to note any soil compaction or the occurrence of plow pans," the Extension specialist cautioned.

Subsamples should be placed into a clean plastic bucket. After all subsamples have been taken for a given area, mix them thoroughly. Take about a pint of this composite mixture for chemical analysis by the soil testing laboratory.

Soil sample bags which hold the proper amount for testing and soil sample information sheets which itemized details about the field and sample needed for interpretation of the chemical analysis are available at the local county Extension agent's office, or at the Extension soil testing laboratory in Lubbock.

The information sheets should be filled in as completely as possible, Hickey stressed. Each soil sample should be marked with the producer's name and sample number, which should correspond to the number on the information sheet. The analysis desired should be marked on the sample, and the proper fee included.

Teens, Alcohol and Rural Roads Don't Mix — Holiday party-time often means a long drive for rural Texas teenagers — a drive that can end in tragedy. "Rural youth are just as subject to pressures to drink as teenagers in urban areas," says Dr. Mary Ann Heussner, a health education specialist. "The relatively lower use of seatbelts in rural counties and the temptation to drive at excessive speeds on open country roads can create a fatal mix."

In 1986, 42 percent of all rural fatal accidents involved driving while intoxicated (DWI), while 35 percent of all statewide accidents involved DWI, according to the

Texas A&M University Agricultural Extension Service specialist. She encourages teenagers to give their parents a worry-free holiday season by staying free of alcohol or other drugs, using a seatbelt and urging friends to do the same and riding with only those drivers and friends who have not been drinking.

VA Announces Increase In Pension Benefits

More than 706,000 veterans and dependents nationwide will receive up to a 4.2 percent increase in Veterans Administration Improved Pension checks payable Dec. 31, 1987, the VA announced.

According to Waco VA Regional Office Director Stephen L. Lemons, the increase, effective Dec. 1, 1987, applies to 431,000 veterans and 275,000 surviving spouses and children nationwide. Lemons said that 36,000 parent of deceased veterans receiving Dependency and Indemnity Compensation (DIC)

benefit would also get increases. The new payments are automatic and require no action by recipients. They range from annual maximums of \$6,214 for a veteran without dependents to \$13,976 for a veteran with three dependents who is in need of regular aid and attendance.

Unlike compensation benefits paid to veterans disabled by illness or injuries related to military service, pensions are affected by income from other sources, so the exact amount of the increase varies.

Increases in Improved Pension and DIC payments to veterans and deceased veterans' parents are set by law at the same rate and date as Social Security benefits.

VA pensions other than the Improved Pension remain fixed at the rates in effect in 1978. The income limits that controls eligibility for these programs, however, are also increased by 4.2 percent, effective Dec. 1.

Recipients of these pensions may request transfer to the Improved Pension plan at any time. The VA reviews each request to advise beneficiaries which program would be most advantageous for them.

VA pensions are paid to wartime veterans totally and permanently disabled from circumstances unrelated to their military service, and to needy survivors of wartime veterans.

The VA has also announced an increase in the maximum amount of reimbursement that may be paid for headstones or markers purchased in lieu of government-furnished markers. The increase, from \$71 to \$76, was effective Oct. 1, 1987.

FINANCIAL RECORD KEEPING FOR 1988 — If you're paying year-end bills and wondering where your money went in 1987, now may be the time to improve your financial record keeping for 1988. "The best record keeping system is one that works for you," says Nancy Granovsky, a family economics specialist with the Texas A&M University Agricultural Extension Service. "Typically, this will be a simple system that allows you to easily retrieve the information you want and need." She maintains that an effective record-keeping system will provide a means of organizing and filing receipts, cancelled checks, income statements and other financial papers and a method for summarizing information about income and expenses. The specialist says there's no secret to organizing family finances; it's mostly a matter of having the time and discipline to make a record-keeping system work.

Severe Leg Cramps Could Be Symptoms Of Arterial Disease

Each year, more than 150,000 Americans suffer from severe leg cramps and the disease that causes them, peripheral arterial disease (PAD), according to the Texas Medical Association.
PAD is a type of atherosclerosis, or hardening of the arteries. The painful leg cramps are caused by a buildup of cholesterol in the leg's arteries that restricts blood flow to the muscle. People most at risk are men over age 65.
Patients who suffer from PAD find the simplest movement, even walking, painful. For example, a PAD sufferer may walk just a short distance before the crippling leg cramps begin. After resting or briefing, walking can be continued but usually is interrupted by pain after walking the same distance.
Early diagnosis of PAD can signal a risk of heart attack or stroke. As the disease progresses, pain is more frequent, during both exercise and rest.
Some patients who suffer from severe cases of PAD can be helped by an operation in which blood flow is redirected around blocked arteries or through an artificial blood vessel. However, most patients do not need surgery because extra blood vessels form naturally in the leg. Several drugs have been tested to try to improve blood flow to the legs, but none have proven effective.
Smoking is the single worst factor in aggravating the symptoms of PAD. TMA advises PAD patients to stop smoking, keep their blood pressure under con-
