Golf Equipment Stolen From T-Bar Cart Houses

Thousands of dollars worth of golf equipment was stolen by burglars who broke into eight golf cart houses at T-Bar Country Club last Friday night.

Crime Line, 998-5145, is offering a \$500 reward for information in the burglaries of the cart houses, from which valuable clubs were stolen. Most of the victims of the burglaries, which occurred between 8 p.m. Friday and 11:30 a.m. Saturday, had not set a value on their losses. Among those who had were C.T. Louder, who said his clubs and those of his wife were taken and were worth \$1250, and Robert Draper set his loss at \$900. Others who were victimized were Kathy Dorman, Sammy Sims, Pug Paris, Harry Lee Short, Mark Tekell and Eldon Carroll.

Crime Line also put up a \$500 reward in the burglary of the home of J.B. Rackler, a mile north of the Gordon community on FM 212 between 9 a.m. and 7 p.m. Sunday, July 24. Burglars entered by breaking a window and took items valued at more than \$2500, including an RCA TV, Emerson microwave, Regina vacuum cleaner, Athena sewing machine, some meat, chicken and roast, and some dishes.

A 6-volt battery was stolen off a tractor owned by Danny and Joe Brewer while the tractor was parked a half mile north of the intersection of FM 213 and FM 2956 Tuesday night or early Wednesday. Crime Line is offering a \$300 reward in the case.

Douglas Moerbe of Lubbock Rt. 6 reported a rally wheel valued at \$235 was stolen off his 1988 GMC pickup sometime in the last three weeks.

A 1978 GMC van driven by Juan S. Aguilar, 40, of Lubbock, and carrying six passengers, struck a Black Angus calf owned by T-Bar Ranch on U.S. 87 3.4 miles south of town on U.S. 87 about 9:45 p.m. Thursday. The van's occupants suffered no injuries requiring treatment by a doctor, according to the investigating highway patrolman. The calf was fatally injured.

Scott Childress of 2006 N. 7th reported to police on Sunday that

someone had thrown eggs on his car and house between 3 a.m. and 6 a.m.

Police arrested a 25-year-old Tahoka man on Monday and he was transported to Lynn County Jail and charged with aggravated assault on a peace officer, resisting arrest, expired registration, no evidence of insurance, expired motor vehicle inspection sticker, and fleeing from a police officer.

Police received a call from Allsup's on Monday at approximately 12:10 a.m. that someone had stolen three bags of ice and had driven away. Also, Thriftway reported to police on Thursday, July 28 that a woman had stolen five bags of ice. When she was later arrested by police, she admitted to the incident and later paid for the ice and all charges were dropped.

Bill Chancy reported to police on Friday that someone had broken out five glass window panes at his Exxon station

located at 1028 Ave. J. This was reported to have occurred between 10:30 p.m. Thursday and 7 a.m. Friday and damage was estimated at \$250.

Jesus Martinez reported his residence burglarized, located at 1900 S. 4th, between 9:45 a.m. and 12:15 p.m. on Friday. Reported stolen were one Canon 35mm camera with zoom lens, one Smith Corona electric typewriter, his and hers Seiko watches, a Hotpoint microwave oven, a 13" Zenith color television, K-Mart binoculars, and damage to one kitchen window. Total value of stolen property and damage was set at \$1690.

Police answered two family disturbance calls and arrested one person for DWI during the past week.

In jail during the week were two persons for public intoxication, and one each for aggravated assault plus resisting arrest and other charges, driving while intoxicated, second offense, felony DWI, and traffic violation.

Council Hears About Phones, Police Work

Tahoka City Council Monday night heard O.D. Hearn of GTE Southwest discuss Tahoka's telephone operations, and also heard the monthly report of Police Dept. activities from Chief Ray Woodall.

They also approved retiring some additional bonds with money saved by refinancing some other bonds owed by the city.

Mayor Pro Tem Dayton Parker presided in the absence of Mayor Jim Solomon. Other councilmen present were Jimmy Huckabey, Wayne Tekell, Milt Uzzle and Nick Summitt, plus City Manager Barry Pittman.

Name Of Business Here Relates To 1916 House

One of Tahoka's newest businesses, Aunt Becky's Place, will have open house next Tuesday, and the gift shop-tanning and exercise salon will have door prizes and specially-priced bargain items for the grand opening.

How the family business operated by Rhonda Littlepage Reid and daughters Alecia Reid Hancock and Rochelle Reid got its name is a question frequently asked of the owners. The three are the wife and daughters of the late Mike Reid, who was a great-grandson of Rebecca Roberts.

Visitors to the business on

Lockwood in Tahoka next Tuesday will see the inside of the house originally built for Rebecca Roberts in 1916. Rebecca Roberts was known as "Aunt Becky" and "Granny" to those who knew the Lynn County pioneer woman who first settled on the Forrester Ranch west of Tahoka and later became one of the oldest and best-known pioneers of Lynn County.

Part of the "Aunt Becky's Place" business is located in the structure built for Mrs. Roberts in 1916.

"Aunt Becky was a lovable, friendly and happy character who went through all the hardships of the pioneer life, yet her happy nature was very infectious to all she came into contact with," said Rhonda Reid.

Rebecca Roberts came to Lynn County in 1901, first living in a dugout on the Forrester Ranch at West Point. She moved to town when her three children reached school age. She wanted them to have a public education. Her children were Oscar Roberts, Viola Roberts Swafford and R.C. Roberts. Grandchildren who survive her are Weesie Carroll, James "Sonny" Roberts, Billy Thuren and Alice Reid.

WOODWORK

By Dalton

IN THE American Heart Assn.'s list of recipes which are supposed to be good for you, they have included something called "Israeli vegetable salad." It includes stuff like fresh tomatoes and olive oil, so maybe they call it that because it is real jewsy.

Salads are supposed to be good for you, and, although I usually try to avoid any foods that are good for you, I do like some salads.

The salads I like, though, have to have a lot of things left out of them that many people like in salads, such as brussel sprouts, celery, and little pieces of styrofoam sometimes called cottage cheese.

My idea of a tasty salad is one full of fresh tomatoes, raw carrots, a couple of pounds of tuna, lots of cheese, some fresh peppers, chunks of bacon, Hi-Ho crackers, and lettuce. If you have enough of it, it makes a great meal. Of course, if you have enough, it also has so many calories that it is bad for you.

Reminds me of the late Jackie Gleason's remark that "Metrecal ain't half bad if you mix it with gin."

I MAY BE the only person in this part of the country who has not yet been to Sea World in San Antonio. I don't know how long the attraction has

been open, possibly just this year, but it sure has been popular. The reason is a really big multi-media promotion of the facility, including fixing up a Southwest airliner to look like Shamu the whale (which I saw on TV and which was the first time I ever had been aware of Sea World.)

Anyway, it must be interesting. I will try to visit it one of these days.

SALUTING THE SALUTERS: First National Bank of Tahoka each week runs a salute to some segment of our community, usually to persons or organizations which contribute some service to others without pay, and often without recognition. In weeks past the bank's advertising, always starting out "A Salute To...", has recognized volunteer firemen, ambulance attendants, leaders in the scouting programs, small business operators and their employees who give courteous and personalized service, and many others, including this week's salute to Sunday School teachers.

We hope that all those who have been so recognized will take the trouble to reciprocate by telling someone at the bank that they appreciate the kind words.

BOY SCOUT TROOP 721 — Went to camp at Tres Ritos, N.M. last week. There were 11 boys and three adults who went. These boys earned 20 merit badges and 8 skill awards. They worked very hard to accomplish this, and want to thank their sponsors, the Tahoka Rotary Club, for donating money to help them go. Two patrols brought home ribbons for Honor Patrol, and the troop brought home a ribbon for Honor Troop. Shown here (not listed in order) are adult leaders Mike Quisenberry, Ronald Roberts and Monty Witt; and scouts Robbie Roberts, Terry Gwin, Stephen Gwin, Chris Cole, Jeff Brooks, James Sullivan, Greg Smith and Cody Hale. Not present for the picture were David Quisenberry, Ray Newson and Jason Heath. (LYNN COUNTY NEWS PHOTO)

MIKE MONTEMAYOR AND DOLORES FRAUSTO Couple To Wed August 20

Mr. and Mrs. Willie C. Frausto of Wilson announce the approaching marriage of their daughter Dolores, to Mike Montemayor, Jr., son of Mr. and Mrs. Mike Montemayor Sr., of Tahoka.

Miss Frausto is a 1983 graduate of Wilson High School and is a beautician. Montemayor is a 1983 graduate of Tahoka High School. He is engaged in farming.

The wedding is scheduled to be held at the Blessed Sacrament Catholic Church of Wilson on Saturday, Aug. 20, 1988 at 4:00 p.m. in the afternoon.

(Editor's Note: We mistakenly printed the wrong date on this couple's wedding announcement last week. The couple will marry August 20, and not on Sept. 20 as previously printed. Our apologies to the couple.)

Sales Tax Payments Still Increasing

State Comptroller Bob Bullock said Tuesday that payments cities that collect local sales tax continued to show an increase this month, with July payments up 14.3 percent over those sent in July last year.

Net payment this period in O'Donnell was \$763.60, last year it was \$633.66, Tahoka was \$4,763.46 while last year it was \$3,466.01. In Wilson, it was the same as last year, \$0.00.

"The gaining strength in our state economy is being reflected on a local level, and local governments can continue to expect a steady increase in their share of sales tax collections," Bullock said.

Keep In Touch With Teachers, Parents Urged

Tahoka I.S.D. Elementary administrators are encouraging parents to take every opportunity to visit their child's teacher at school to either observe a class or to discuss a particular problem that the child is having.

School officials invite all parents and citizens of Tahoka

I.S.D. to visit the classrooms anytime.

In cases where a conference is desired, school principals suggest that parents call the school to set up a conference with the child's teacher in order to work out problems concerning the progress of the children.

Additionally, when the parents' work schedule permits, the school urges that parents come to the school and eat lunch.

Indeed, the school realizes that they are working with the most important asset that parents have: their children. Therefore, Tahoka I.S.D. urges parents to feel free to come to the school to visit and to work out problems that exists in their children's school life.

Second Quarter County Bingo Receipts Higher

State Comptroller Bob Bullock Friday sent second quarter 1988 checks totaling \$1.9 million to 101 cities and 65 counties that have legalized charity bingo and levy the two-percent local gross receipts tax on the game.

Among the counties receiving Friday's payment, Harris County received the largest check totaling \$177,839. Dallas County's check was for \$159,984. Tarrant County received \$127,614 and Bexar County received \$66,596. Lynn County received \$2,517.24, bringing this year's total to \$7,621.87, compared to \$4,482.64 received by the same time last year.

As of Friday a total of 1513 non-profit organizations were licensed to hold bingo games in Texas.

Salute to Sunday School Teachers

Sunday school teachers are a pure product of volunteerism at its best.

There is nothing to be gained materially from the hours spent conducting classes and giving religious lessons. It doesn't enhance an individual's social standing or offer a means of improving career promotions. Not only that, it is often next to impossible to know whether the work is producing favorable results.

Outside of the introduction to religious values coming from regular church attendance, Sunday school teachers are more prone to inspire their students to learn than actually instruct.

Our Sunday school teachers do a lot of pointing. They like to show what others have done toward bettering their lives using a fair and honest approach.

Not only do they point out the virtues leading to self improvement, there is also the part where they single out successful individuals and show the effects particular careers have for the benefit of their fellow man. Classes aren't the only avenue available to Sunday school teachers. They can be found working all hours with students along with planning outings as means of keeping a high interest level.

Such devotion is what makes these folks worthy of recognition.

Parents Can Help Elementary School

By Gaylon Gassiot
Tahoka I.S.D. is here for the benefit of the students of our school district, we can insure that our children will get the most benefit from the school experience during the 1988-89 school year if they will follow these practices:

1. Get to know your child's teacher early in order for both parents and teacher to be able to work together. The beginning of the year is a much better time to meet a new teacher, rather than to wait to come up to school when there is a problem.

2. Communicate with your child's teacher often and it will bring good benefits for all.

3. Take an interest in what your child is studying in school. Ask to see the homework your child is being assigned. Let your child know that you are interested in how much he learns in school. Be available to your child at night so that you can go over what he has done or will be doing in class.

4. See that your child follows the rules of the school. Study the handbook yourself and go over the Student Handbook with your child and let him know that you intend to work with the school if he breaks a rule in the handbook. Keep the student handbook handy so that you may refer to it.

5. Insist that your child attend school regularly so he can gain the most from his classes.

Women Sought For Highway Jobs

There are now job possibilities for women in the highway construction industry. The Highway Construction for Women program will be recruiting women for referral to highway construction jobs in the Lubbock area in August. These positions include form setters, concrete finishers, steel reinforcers, carpenters, truck drivers, and general construction laborers.

The Highway Construction for Women program staff is interested in talking with women who may desire the new challenge of "non-traditional" work. Interested women should call on Monday, only, Aug. 15, (806) 792-2723 between 9 a.m. and 4 p.m. and ask for the Highway Construction for Women program. The Highway Construction for Women program is operated by the Texas Engineering Extension Service, a part of the Texas A&M University System.

Notice of Effective Tax Rate 1988 Property Tax Rates in New Home I.S.D.

This notice concerns 1988 property tax rates for New Home I.S.D. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. Compare it to the tax rate the taxing unit proposes for this year. This year's rollback tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

Last year's tax rate:

- Last year's operating taxes	\$303,059.57
+ Last year's debt taxes	\$22,810.93
= Last year's total taxes	\$325,870.50
+ Last year's tax base	\$32,587,050.
= Last year's total tax rate	\$1.00/\$100

This year's effective tax rate:

Last year's adjusted taxes	\$324,857.
(after subtracting taxes on lost property and taxes to correct appraisal roll errors)		
+ This year's adjusted tax base	\$33,064,970.
(after subtracting taxes on new property)		
= This year's effective tax rate	\$.98/\$100
× 1.03		
= Maximum rate unless unit publishes notices and holds hearings	\$1.01/\$100

This year's rollback tax rate:

Last year's adjusted operating taxes	\$302,130.97
(after subtracting taxes on lost property and taxes to correct appraisal roll errors and adding taxes lost in court suits)		
+ This year's adjusted tax base	\$33,064,970.
(after subtracting taxes on new property)		
= This year's effective operating rate	\$.91/\$100
× 1.08		
= This year's maximum operating rate	\$.98/\$100
+ This year's debt rate	\$.00/\$100
= This year's rollback rate	\$.98/\$100

SCHEDULE A: Unencumbered Fund Balances

The following balances will probably be left in the unit's property tax accounts at the end of the fiscal year. These balances are not encumbered by a corresponding debt obligation.

Type of Property Tax Fund	Balance
Unencumbered fund balance for Maintenance and Operation\$128,233.

SCHEDULE B: 1988 Debts Service

The unit plans to pay the following amounts for long-term debts that are secured by property taxes. These amounts will be paid from property tax revenues (or additional sales tax revenues, if applicable).

Description of Debt	Principal or Contract Payment to be Paid	Interest to be Paid	Other Amounts to be Paid	Total Payment
	N/A	N/A	N/A	N/A
Total required for 1988 debt service	\$-0-
- Amount (if any) paid from funds listed in Schedule A	\$-0-
- Excess collections last year	\$-0-
= Total to be paid from taxes in 19__	\$-0-
+ Amount added in anticipation that the unit will collect only ___% of its taxes in 19__	\$-0-
= Total Debt Service Levy	\$-0-

SCHEDULE C: Expected Revenue from Additional Sales Tax

(For counties and cities with additional 1/2 cent sales tax)

In calculating its effective and rollback tax rates, the unit estimated that it will receive \$ N/A in additional sales and use tax revenues.

This notice contains a summary of actual effective and rollback tax rate calculations. You can inspect a copy of the full calculations at the Tax Office - New Home, Tx.

Donation of Hay Needed For Drought Disaster Victims

The Texas Department of Agricultural would like to know who would be willing to donate hay from CRP acres if they were able to recover their baling cost of approximately \$30.00 per ton.

USDA secretary, Lyng has made this allowance in Minnesota and we expect Texas farmers will also be allowed to help their neighbors. So that we may know how much acreage would be available, please call the 1-800-DIAL-HAY Program.

Losing Weight No Mystery

Someone is bound to come up with an "anchovies and cranberry juice" diet. Everything else has been tried. Fad diets come and go. They come because they promise dramatic results; they go because none of them has been proved effective.

There's nothing mystical about weight loss, according to Ann Blankenship of Texas College of Osteopathic Medicine. It's simple arithmetic--the number of

calories taken in versus the number burned. You gained weight if you take in more than you burn. You lose weight if you burn more than you take in. So that means you have two choices: eat less or be more active.

Fad diets are designed for short-term effects, not for major lifestyles changes, says Dr. Blankenship. When you return to normal eating, the weight comes back.

With rare exceptions, gradual weight loss is the only kind that stays with you. Dr. Blankenship suggests a balanced weight-reduction diet and moderate exercise. Find something you'll really stick with the long haul or you're wasting your time.

Lighten Up

Do your heart a favor and lighten up. Don't take everything so seriously. Stress is an important factor in a large percentage of heart attacks. And stress is a problem you can do something about.

Dr. James Hall, psychologist at Texas College of Osteopathic Medicine, reminds us that it's not the amount of stress in our lives that does us in. It's the way we handle it.

And Dr. Hall has some tips for doing that. When you feel overwhelmed by problems and begin blowing them out of proportion, that's your cue to stop. Whatever you're doing, stop long enough to:

- *Look at the situation.
- *Prioritize the problems according to their importance--and according to your ability to have an impact on them. Don't waste

4-H News

4-H Members Attend State Congress

Four Lynn County 4-H members attended the 1988 Texas 4-H Congress in Austin, July 19-22. Attending were Jason Spence, State 4-H Council; Robin Moore, serving as a 4-H Lobbyist; and Lanae Monk and Kristin Belew, members.

This year's Congress was aimed at helping our youth get a better understanding of how legislation is developed and how it moves through the Senate and the House of Representatives, said Annis Brown, CEA-HE.

More than 500 4-H members between the ages of 15-19 got a first hand look at the legislative process actually developed bills to present to the governor. Eight out of 85 bills were passed at 4-H Congress this year. Several of the bills passed were: To prohibit unsafe or unstable nuclear dumpsite; to mandate AIDS Education for secondary students; to reduce no pass, no-play penalty; to increase qualifications for obtaining welfare, and to enable AIDS victims to remain in school.

The annual congress is designed to be a leadership and citizenship development experience for older 4-H members. In addition to developing legislation, the youths also learned about the lobbying process.

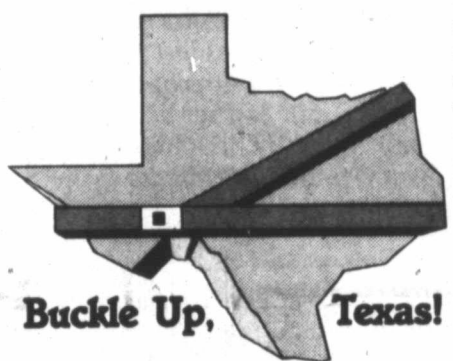

They also spent some time at the LBJ Library and enjoyed a complete tour of the Capitol.

A Visit With Your County Agent

By Brett Cypert, CEA-Ag.
Time To Control White Grubs In Lawn

Lynn County residents who want to protect their lawns need to keep a close lookout now for white grub worms, cautions Lynn County Extension Agent Brett Cypert.

May or June beetles have been emerging from the soil and swarming in lawns in the evening, he noted. Females laid eggs which have hatched into white grubs. These grubs are beginning to feed on roots of home lawn grasses, the Extension agent said.

Once the grub begin feeding, control measures should be taken.

Treatment time varies with the area of the state. Homeowners in the South Plains need to treat between mid-July and early August. Timing of chemical application is critical for adequate control.

White grubs in excessive numbers can heavily damage lawns. Check for white grubs by cutting a square foot section of sod with a shovel and examining the roots and soil to a depth of four inches. Examine at least one square foot of sod for 1,000 square feet of lawn area.

used at recommended rates given on the chemical container label.

The Extension agent said the granular form is easier to apply and to wash into the soil than are liquid or spray formulations. "After using granules, drag the grass with a tow sack or water-hose to knock them down to the

soil. Then apply enough water to soak the granules into the soil," he advised. The insecticide should be watered in with a half-inch to an inch of water immediately after application, he said.

Diazinon sprays should be applied at the rate of 25 gallons of water, including the insecticide, per 1,000 square feet to wash the chemical into the soil. Wetting the lawn before spraying also helps.

"Always keep children and pets off the treated lawn until the grass is dry," the county agent stressed.

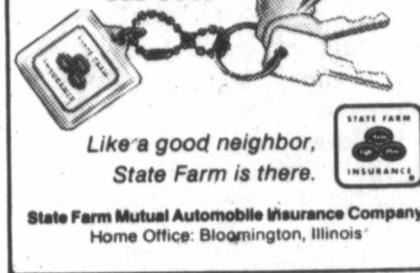

The key to controlling white grubs homelawns is proper timing of chemical applications and getting the insecticides through the grass to the root zone where the grubs are feeding, Cypert emphasized.

Further information is provided in the publication, "White Grubs in Texas Turfgrass," available at the county Extension office.

Notice of Public Hearing on TAX INCREASE

Lynn County Hospital District will hold a public hearing on a proposal to increase total tax revenue from properties on the tax roll in 1987 by 8% over present rate of .15515 per \$100 valuation. Your individual taxes may increase or decrease depending on the change in the taxable value of your property in relation to the change in the taxable value of all other property.

The public hearing will be held on **AUGUST 15, 1988** in the Hospital dining room from 2:00 p.m. to 5:00 p.m.

Governing Board Members voting at meeting July 28, 1988
FOR THE PROPOSAL: Leland White, Harold Barrett, Joy Brookshire, Bobby Cox and Dale Zant.
AGAINST THE PROPOSAL: Ann Wyatt
PRESENT, NOT VOTING: None
ABSENT: Billy Tomlinson

The statement above shows the percentage increase the proposed rate represents over the 1987 tax rate that the unit published in August 1987. The following table compares taxes on an average home in this taxing unit last year to taxes proposed on the average home this year. Again your individual taxes may be higher or lower, depending on the taxable value of your property.

	LAST YEAR	THIS YEAR
Average home value	\$40,000.00	\$40,000.00
General exemptions available (amount available on the average home, not including senior citizen's or disabled person's exemptions)	NONE	NONE
Average unit taxable value	\$40,000.00	\$40,000.00
Tax Rate15515	.16756
TAX DUE	\$62.06	\$67.02

Under this proposal taxes on the average home would increase by **\$4.96 or 8%** compared with last year's taxes.

OUT OF THE WOODS

By Juanell (Wood) Jones

GOOD GRANDPARENTS are God's way of making parenthood bearable. They offer to take your children (without pay) for several hours and entertain them, sometimes overnight, and love them and play with them til they're good and worn out, and then bring 'em home to Mom and Dad. Isn't that wonderful?

If you are really lucky, like me, and have your children's grandparents living close by (several blocks away, within bicycling distance, is ideal), then you can steal several hours a week of blissful peace and quiet while the kids go pester that nice couple who always have ice cream, Cheetos and lots of time to play.

When I was a child, I had

one set of grandparents who lived nearby, and for my brother and sister and I, it was our second home. It was terrific! They always had candy on the coffee table, cookies in the kitchen, and a cabinet drawer that always had bubble gum in it. They always played with us, laughed with us, sang to us, danced with us (my grandmother taught my sister and I how to do the Charleston and some crazy dance where you cross your hands and knees till you don't know what you're doing), cranked hundreds of gallons of homemade ice cream in the back yard, played a zillion (or so) games of croquet with us, and taught my brother the fine art of Monopoly-playing until we wouldn't play with him any

more 'cause he always won.

When we were teenagers, we still loved to visit our grandparents, although they no longer lived in the same town. Our friends were always welcome in their home, they didn't mind loud teen music (they just had this fixed grin on their faces), and they offered a sympathetic ear when we wanted to talk about what we thought at the time were the biggest problems anybody could face.

When we became adults, and eventually parents, they still loved us unconditionally and welcomed their great-grandchildren with open arms. My grandmother, who was an ordained minister, baptized our first child on a Christmas eve.

Now, my grandmother is in a nursing home, incapable of recalling these memories, unable to care for herself, and, most of the time, not able to recognize any of her family. My grandfather died last month. In my heart, I still remember them as they used to be, and I still love them. And I miss them.

When I see my parents caring for my children, as my grandparents cared for me, I am reminded of that loving legacy. Grandparents are truly God's gift to parents — and children.

In old England, the word "child" referred only to a girl.

WILSON NEWS

By Pam Williams

The heirs of the late Mr. and Mrs. Elgin Davidson of Winters met in Odessa July 23 for a reunion called the "Cousins' Day." Forty were present, including the children, grandchildren, and great-grandchildren of: Mrs. L.B. (Mozelle Davidson) Hensley and L.B. Hensley (deceased) of Walnut Spring; Phillip Davidson and Mrs. Phillip (Edgar Partain) Davidson (deceased) of San Angelo; Mrs. W. Fred (Pearl Williams) Davidson and W. Fred Davidson (deceased) of Wilson. The states of California, New Jersey, Arizona, Oklahoma, Washington, Indiana, and Texas were represented. The next reunion will be July, 1990, at San Angelo.

Guests at the First Baptist Church on Sunday, July 24, were Fred and Georgia Davidson of Gruver; Misha, Gordon, David and Courtney Moore of Goodwell, Okla.; Melinda, Mike, Adam and Caleb Cline of Texhoma, Okla.; Gwen and Gail Davidson of Lubbock. These were all guests of Pearl and Ann Davidson. Misha at the organ, Melinda at the piano, and Gail on the trombone played the offertory hymn, "Amazing Grace" for the church services. Afterwards, the family guests had dinner at the fellowship hall of the church.

completed his 4-H record book for this past year. His record book was done in Veterinary Science and was judged on the county level and again on July 26 at the District level. Here he received 1st place blue ribbon for his records. The books are judged on the amount of information recorded pertaining to his project and include pictures, stories, and recordkeeping covering all his activities for the year.

Eva and Brandi Gickhorn, daughters of Lester and Sheri Gickhorn, participated in the Lynn County Clothing/Fashion Show on July 18 in Tahoka. Eva was entered in the Junior II Casual Construction Division, while Brandi was entered in the Junior I Casual Buying Division. Both Eva and Brandi were selected as Best Models for each of their divisions. Each received a \$5 gift certificate from Jennings of Tahoka. Both received participation ribbons. Eva placed second in her category and was able to attend the District Show on July 28 which was at Lubbock Christian University.

Cub Scouts, Webelos, and Girl Scouts are reminded of the swim party Thursday night (Aug. 4) from 7 to 9 at the Slaton pool. All swimmers must pay \$1 and bring or buy snacks.

Three boys and six girls recently attended Coach Chris Kennedy's "Camp of Champions" basketball camp in Slaton. The participants learned ball handling skills, shooting techniques, dribbling, as well as participating in

hot shot competition, free throws, three on three games, and regular five-man team competition. Coach Kennedy stressed constantly that it takes hard work, determination, hustle, and pride in oneself to make a champion. All the kids learned a lot and worked hard to earn their "Camp of Champions" certificates. Those attending from Wilson were Cody Donald, Greg Savell, Jeremy Raley, Faith Pewitt, Randi Pewitt, Brandi Gickhorn, Jamie Raley, Jodi Wied, and Amy Clem.

Has everyone noticed the new store in town? The Country Store opened on July 20. They have stocked the essentials of milk, bread, etc., and are open until 11 p.m. It is located next to the Green Building.

Notice of Effective Tax Rate 1988 Property Tax Rates in City of Tahoka

This notice concerns 1988 property tax rates for City of Tahoka. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. Compare it to the tax rate the taxing unit proposes for this year. This year's rollback tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

Last year's tax rate:

Last year's operating taxes	\$158,673
+ Last year's debt taxes	\$29,229
= Last year's total taxes	\$187,902
+ Last year's tax base	\$41,755,890
= Last year's total tax rate	\$.45/\$100

This year's effective tax rate:

Last year's adjusted taxes	\$187,902
(after subtracting taxes on lost property and taxes to correct appraisal roll errors)		
+ This year's adjusted tax base	\$41,765,580
(after subtracting taxes on new property)		
= This year's effective tax rate	\$.44989/\$100
× 1.03		
= Maximum rate unless unit publishes notices and holds hearings	\$.46338/\$100

This year's rollback tax rate:

Last year's adjusted operating taxes	\$158,673
(after subtracting taxes on lost property and taxes to correct appraisal roll errors and adding taxes lost in court suits)		
+ This year's adjusted tax base	\$41,765,580
(after subtracting taxes on new property)		
= This year's effective operating rate	\$.3799/\$100
× 1.08		
= This year's maximum operating rate	\$.4103/\$100
+ This year's debt rate	\$.0637/\$100
= This year's rollback rate	\$.4740/\$100

SCHEDULE A: Unencumbered Fund Balances

The following balances will probably be left in the unit's property tax accounts at the end of the fiscal year. These balances are not encumbered by a corresponding debt obligation.

Type of Property Tax Fund	Balance
General Fund	\$2,500

SCHEDULE B: 1988 Debts Service

The unit plans to pay the following amounts for long-term debts that are secured by property taxes. These amounts will be paid from property tax revenues (or additional sales tax revenues, if applicable).

Description of Debt	Principal or Contract Payment to be Paid	Interest to be Paid	Other Amounts to be Paid	Total Payment
G.O. Bond Series 1981				
3-1-89	20,000	3,150		23,150
9-1-89		2,250		2,250
				25,400

Total required for 1988 debt service	\$25,400
- Amount (if any) paid from funds listed in Schedule A	\$0-
- Excess collections last year	\$0-
= Total to be paid from taxes in 1988	\$25,400
+ Amount added in anticipation that the unit will collect only 95% of its taxes in 1988	\$1,336
= Total Debt Service Levy	\$26,736

SCHEDULE C: Expected Revenue from Additional Sales Tax

(For counties and cities with additional 1/2 cent sales tax)

In calculating its effective and rollback tax rates, the unit estimated that it will receive \$ -0- in additional sales and use tax revenues.

This notice contains a summary of actual effective and rollback tax rate calculations. You can inspect a copy of the full calculations at the Lynn County Appraisal District, Tahoka, Tx. Name of person preparing this notice: Dovie Miller Title: Chief Appraiser Date prepared: July 25, 1988

CARD OF THANKS

CARD OF THANKS
We wish to express our grateful appreciation for your deep concern and sympathy during the illness and loss of our loved one, Borden Davis. Your enduring friendship and love for him were certainly shown through your thoughtful acts of kindness during his illness and upon his death. Thank you for your prayers, visits and many other kind deeds.
The Family of Borden Davis 31-1tc

I would like to thank everyone for the visits, cards, flowers and prayers during my stay in the hospital. Also I thank the ambulance drivers and Dr. Vickers for their services. May God bless you.
C.E. (Edd) Birdwell 31-1tp

I would like to thank each one who was so thoughtful during my stay at the hospital and since I came home: I celebrated my birthday during that time and you were great sending me so many pretty cards and remembrances. I also appreciated those who signed the letter from church letting me know you were praying for me. I love you for being so kind and I pray God will bless each of you as He has me.
Anna Pennington 31-1tp

A note of thanks to Doctor Wright and his staff, and the staff at the Lynn County Hospital for taking such good care of me and my daughter.
Many thanks, Belinda Nutt and family 31-1tp

We want to take this time to express our sincere and deepest appreciation for all that was done to ease and comfort us during the loss of our loved one. Thank you so much for your prayers, the food brought to the home and church, and for each one that helped with the meals. A

special thanks to all of our friends and family for your love and concern shown through your visits to our home. We will always remember the beautiful flowers, cards and memorials as a tribute to Lyndell because of your love for him. He loved the people of Tahoka and always thought of it as his home. Thanks again for your love and caring.
We love you, The Family of Lyndell Wood 31-1tp

Host Families Sought in Area

Host families are being sought for high school students from Sweden, Norway, Denmark, Finland, Holland, Belgium, Austria, Switzerland, W. Germany, Spain, France, Italy, Ecuador, Australia and Japan for the School Year 1988-89 in a program sponsored by the American Intercultural Student Exchange (AISE).

The students, age 15 through 17, will arrive in the United States in late August 1988, attend a local high school and return to their home countries in early July 1989. The students, all fluent in English, have been screened by their local school representatives in their home country and have spending money and medical insurance.

Host families should enjoy teenagers and have a genuine interest in learning about the customs and culture of another country and a desire to share American traditions with a foreign student.

For more information call the State Coordinator or toll free 1-800-SIBLING.

Tuesday Bridge

The winners at T-Bar Duplicate Bridge July 26 were: First, Carol Maule and Edwina Morris; Second, Ruby Miller and Margie Maddox; and Third, Bittie Wells and Lottie Jo Walker.

Letter To The Editor

(The following is an excerpt from a letter written and submitted for publication regarding the death of longtime Tahoka Attorney Calloway Huffaker).

His name is a legend throughout West Texas-his reputation as a lawyer of the "old breed" is not limited to the South Plains and Panhandle of this state. Those for whose cause he fought recall his name with love and pride in the fact that he was once their "champion." Those with whom he fought and scratched, such as an elderly District Judge of Midland County (with whom I spoke just this past May) recall Calloway with deep respect and admiration. Seldom did his adversaries win, it is often noted.

Our relationship with Calloway was truly unique, in that we were privileged to see all sides of the man. To be sure, we saw the mighty advocate in Calloway-his fighting spirit was with him to the end. More importantly, I believe, is what Calloway showed each of us, and all who truly knew him: a kind and caring heart larger than all of Lynn County-bigger than Texas. He showed that to me too many times to mention. He showed that in a special way to my wife Emily and her family at the passing of Emily's brother. Certainly, this man's heart was nurtured in the bosom of our

Lord. May his soul rest there, forever.

My love, respect and admiration for Calloway as a friend, lawyer and mentor will live in my memory of him. I will forever miss him.

Sincerely yours,
Randall Fluke
Assistant District Attorney,
Midland County
(former Associate of Huffaker,
Green and Huffaker)

Notice of Effective Tax Rate

1988 Property Tax Rates in New Home City

This notice concerns 1988 property tax rates for New Home City. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. Compare it to the tax rate the taxing unit proposes for this year. This year's rollback tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

Last year's tax rate:

Last year's operating taxes\$14,605
+ Last year's debt taxes\$3,158
= Last year's total taxes\$17,763
+ Last year's tax base\$3,947,240
= Last year's total tax rate\$.45/\$100

This year's effective tax rate:

Last year's adjusted taxes\$17,763
(after subtracting taxes on lost property and taxes to correct appraisal roll errors)
+ This year's adjusted tax base\$4,044,430
(after subtracting taxes on new property)
= This year's effective operating rate\$.43919/\$100
× 1.03
= Maximum rate unless unit publishes notices and holds hearings\$.45236/\$100

This year's rollback tax rate:

Last year's adjusted operating taxes\$14,605
(after subtracting taxes on lost property and taxes to correct appraisal roll errors and adding taxes lost in court suits)
+ This year's adjusted tax base\$4,044,430
(after subtracting taxes on new property)
= This year's effective operating rate\$.36111/\$100
× 1.08
= This year's maximum operating rate\$.39000/\$100
+ This year's debt rate\$.07828/\$100
= This year's rollback rate\$.46828/\$100

SCHEDULE A: Unencumbered Fund Balances

The following balances will probably be left in the unit's property tax accounts at the end of the fiscal year. These balances are not encumbered by a corresponding debt obligation.

Type of Property Tax Fund	Balance
General Fund	\$15,340

SCHEDULE B: 1988 Debts Service

The unit plans to pay the following amounts for long-term debts that are secured by property taxes. These amounts will be paid from property tax revenues (or additional sales tax revenues, if applicable).

Description of Debt	Principal or Contract Payment to be Paid	Interest to be Paid	Other Amounts to be Paid	Total Payment
Gen. Obligation bond	2,000	1,008		3,008
Total required for 1988 debt service			\$3,008	
- Amount (if any) paid from funds listed in Schedule A			\$-0-	
- Excess collections last year			\$-0-	
= Total to be paid from taxes in 1988			\$3,008	
+ Amount added in anticipation that the unit will collect only 95% of its taxes in 1988			\$150	
= Total Debt Service Levy			\$3,158	

SCHEDULE C: Expected Revenue from Additional Sales Tax

(For counties and cities with additional 1/2 cent sales tax)

In calculating its effective and rollback tax rates, the unit estimated that it will receive \$ -0- in additional sales and use tax revenues.

This notice contains a summary of actual effective and rollback tax rate calculations. You can inspect a copy of the full calculations at the Lynn County Appraisal District, Tahoka, Tx. Name of person preparing this notice: Dovie Miller

This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. Compare it to the tax rate the taxing unit proposes for this year. This year's rollback tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

Last year's tax rate:

Last year's operating taxes\$665,030
+ Last year's debt taxes\$-0-
= Last year's total taxes\$665,030
+ Last year's tax base\$255,780,780
= Last year's total tax rate\$.26/\$100

This year's effective tax rate:

Last year's adjusted taxes\$664,643
(after subtracting taxes on lost property and taxes to correct appraisal roll errors)
+ This year's adjusted tax base\$247,215,690
(after subtracting taxes on new property)
= This year's effective operating rate\$.26885/\$100
× 1.03
= Maximum rate unless unit publishes notices and holds hearings\$.27691/\$100

This year's rollback tax rate:

Last year's adjusted operating taxes\$664,643
(after subtracting taxes on lost property and taxes to correct appraisal roll errors and adding taxes lost in court suits)
+ This year's adjusted tax base\$247,215,690
(after subtracting taxes on new property)
= This year's effective operating rate\$.26885/\$100
× 1.08
= This year's maximum operating rate\$.29035/\$100
+ This year's debt rate\$.0/\$100
= This year's rollback rate\$.29035/\$100

SCHEDULE A: Unencumbered Fund Balances

The following balances will probably be left in the unit's property tax accounts at the end of the fiscal year. These balances are not encumbered by a corresponding debt obligation.

Type of Property Tax Fund	Balance
General Fund	\$706,358

SCHEDULE C: Expected Revenue from Additional Sales Tax

(For counties and cities with additional 1/2 cent sales tax)

In calculating its effective and rollback tax rates, the unit estimated that it will receive \$ N/A in additional sales and use tax revenues.
