## Sales Tax Payments Still Increasing

State Comptroller Bob Bullock said Friday that payments to cities and counties that collect local sales tax increased again this month.

"The Texas economy is steadily improving," Bullock said. "Cities and counties across the state are still seeing the benefits."

Bullock sent checks totaling \$113.5 million to 1,043 Texas cities that collect local sales tax at either one or one and one-half percent.

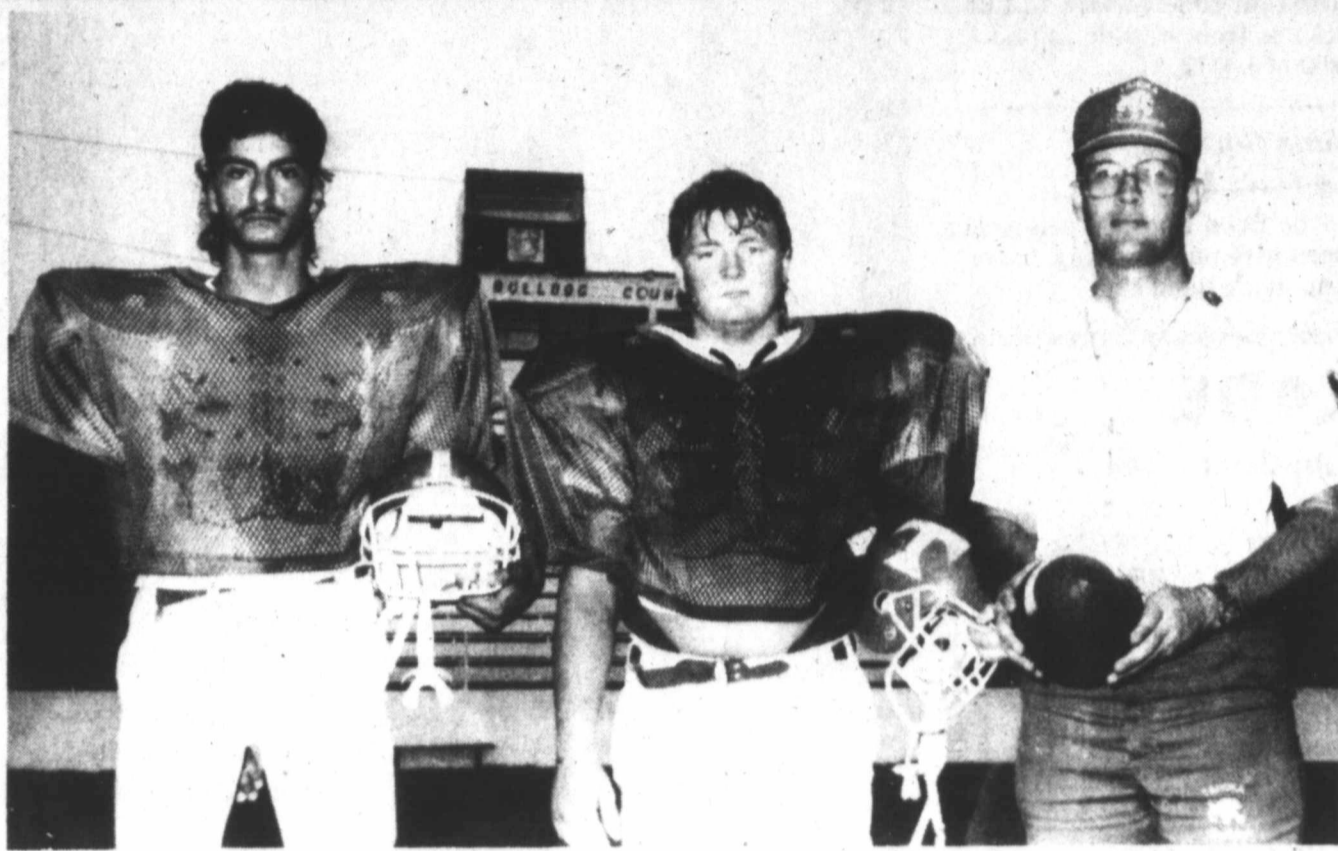

Checks totaling \$10.4 million were sent to 81 Texas counties that collect one one-half optional county sales tax, Bullock said.

Net payment this period in O'Donnell was \$2,248.38, last year it was \$1,648.47; Tahoka was \$8,707.88, last year it was \$7,497.57; and Wilson was \$767.03 and last year it was \$259.33.

August's checks represent taxes collected by monthly and quarterly filers in June and reported to the Comptroller's Office by July 20.

## 'Gabriel' To Perform

The United Methodist Youth Fellowship of Tahoka invites the public to a concert featuring "Gabriel," a contemporary Christian music group. The concert will begin at 8 p.m. Sunday, Aug. 21 at the First United Methodist Church in Tahoka.

CRUCIAL TRIO--These three, the Quarterback, the Center and the Coach--are vital to the success of the Tahoka Bulldogs this season. From left are QB Ramiro Rodriguez, center Ronnie Dunn and Coach Ted Wiley. Rodriguez and Dunn are among the returning starters from 1987. The Bulldogs scrimmage at Denver City Friday night. (LYNN COUNTY NEWS PHOTO)

## 1988 Bulldogs To Start With Tough Scrimmage

The 1988 edition of Tahoka Bulldogs will get their first action against another team Friday night as they journey to Denver City to scrimmage the Mustangs, a highly-rated Class AAA team.

Coach Ted Wiley said the junior varsity No. 1 group would

scrimmage at 5:30 p.m., followed by the JV No. 2 unit against the comparable Denver City group, with the varsity squads to scrimmage after that.

Running the spread and wishbone attack for the Bulldogs will be senior quarterback Ramiro Rodriguez, 160, who was a starter last year, and who has been looking good in practice, Coach Wiley said. Snapping the ball to him will be Ronnie Dunn, 185-pound senior who has been a starter most of the time since he was a freshman. Other experienced offensive players include right guard Mark Vega, a starter last year; Kurt Bryan at right end, a starter last season; and Thomas Glisson, left end who was a starter early last season.

"Our tackles, both on offense and defense, need experience and work," Wiley said. At present Ricky Saldana, who was a starter at defensive end last season, is working at offensive right tackle as well. Chris Jurden, a 240-pound freshman, plus sophomore Gabriel Lopez, 180, and junior Dallas Williams, 180, are working at tackle on offense.

Wiley explained that the tackles and guards have to be able to protect the quarterback long enough to get the offense going. The guards especially must move well to pick up the pass rush, he said.

Other probable starters on offense include Mike Ramirez, a part-time starter at right halfback last season, and either Shannon Clift, 149-pound senior, or Cory McCleskey, 165-pound junior, at the fullback spot vacated by premier running back Rusty Jen-

nings, who graduated. Possibilities at the left halfback spot are Charles Jurden, a junior, and seniors Greg Deleon and Angel Hernandez.

Junior Timothy Young also has been working at quarterback.

Wiley expects to make some changes on defense after scrimmages against Denver City and Abernathy help coaches decide on the best alignments. But at present the defensive ends appear to be Dunn and either Saldana or Danny Calvillo, with Hernandez or Chris Jurden at nose guard, Williams and Valentin Deleon at defensive tackles, Clift and McCleskey at linebackers in the 5-2 setup, with Glisson, Rodriguez and Ramirez among the secondary.

The Bulldogs open the season against Class A Plains here on Sept. 2, then play Class AAA teams Cooper and Coahoma before getting into a 7-game district schedule. Gone from the district is Spur, replaced by Idalou.

The first three games will start at 8 p.m. All district games will start at 7:30 p.m., beginning with the Ralls game, homecoming, at 7:30 on Sept. 23. This year Tahoka has six home games and only four away.

## Agency To Renovate Keltner Hotel Here

One of Lynn County's historic landmarks, the Old Keltner Hotel in Tahoka at the corner of Lockwood and Ave. J, is scheduled for some renovation as headquarters for the South Plains Community Action Assn.

Tahoka Historical Society, which owns the hotel and which has been on hold for the last few years on a plan to renovate the facility, voted last Wednesday night to lease the building to the SPCAA which has indicated it can come up with the necessary funds to fix up the facility which has been deteriorating because money was not available to do the job.

Tahoka Chamberettes have been paying for upkeep of the apartment in the rear of the hotel and paid for renovation of that apartment. The Chamberettes will receive the \$200 monthly payment from SPCAA, less any expenses, and will continue to pay the utilities on the apartment portion of the hotel.

A tentative lease agreement for a 20-year period has been signed

by both parties involved, but the entire arrangement is subject to signing of a slightly revised document expected within a week or so.

One of the stipulations of the agreement is that the hotel, including the lobby and front desk area, will not be structurally altered without approval of the Historical Society. It was mentioned that the area just south of the hotel may become a parking area or children's playground, whichever suits the needs of the community action group.

Howard Maddera of Levelland, executive director of the SPCAA, said the Tahoka office has outgrown the space it occupies in a building on the west access road of U.S. 87 in Tahoka.

It was noted that it may be several months before renovation actually begins on the hotel, and that in the interim, the windows may be boarded up temporarily to help protect the interior.

## Officers Investigate Burglaries, Thefts

More burglaries and thefts were investigated by law enforcement officers in Lynn County during the last week and one collision on U.S. 87 was reported to the Dept. of Public Safety.

Hand tools, power tools and a yellow Honda 50 trail bike were listed as stolen from a farm shop owned by Harry Lee Short of Tahoka sometime between Aug. 12 and Aug. 16. The stolen articles were valued at \$1,180. The shop is located 15 miles southeast of Tahoka.

Crime Line has offered a \$500 reward in the above case.

Officers are looking for a white Ford Pinto that smells like pizza since a white male in his late teens entered Allsup's in O'Donnell around 12:30 a.m. Friday, ordered two pizzas, six corn dogs, and two burritos, and while the clerk was ringing up the amount after sacking the items, he grabbed the sack and ran from the store. He left on U.S. 87 in a white Pinto.

Checks paid by a Tahoka farmer to a farm hand were altered to larger amounts and cashed by a woman related to the recipient, in the amount of several hundred dollars. The woman admitted changing and cashing the checks and investigation is continuing, with charges not yet filed.

DPS officers investigated a collision at 8:10 a.m. Friday 1.8

miles south of Tahoka on U.S. 87. A 1985 Renault driven by Carolyn Garcia, 46, of Lubbock and a 1982 GMC van driven by Joan Knox of Tahoka were involved. Both drivers and a passenger in the Garcia vehicle reportedly suffered minor injuries but told officers they would see their doctors.

The Texaco station, located at the intersection of Hwy 380 and U.S. Hwy 87 was reported burglarized on Monday. Reported missing was one roll of quarters valued at seven dollars reported stolen from the cash register. Nothing else was reported missing.

Bernice Phipps, owner of Tahoka Daisy, 1926 Lockwood, reported to police that two females ran out of her store on Tuesday and drove off and she than discovered that her billfold had been stolen. Police and Lynn Co. Sheriff's department were notified and the two suspects were stopped approximately 11 miles north of Tahoka on U.S. 87 and transported back to the sheriff's office where they were identified as being the ones in the store. The two suspects, age 15 and 26, both of Lubbock, later admitted to that they had taken the billfold. A Slaton resident found the billfold and contacted the police department. The billfold was returned to Mrs. Phipps. The 15-year-old girl was placed in custody of juvenile probation officer Jerri Akard and was later released to her mother's custody.

Police investigated a family disturbance call during the past week.

In jail during the week were one person each for theft under \$20 revocation of probation (hindering secured creditors) and revocation of probation (burglary of a building).

## Entry Date For Fair Set

A Sept. 6 deadline has been set for receiving entries in the open sheep show, one of several livestock judging events scheduled during the 71st annual Panhandle-South Plains Fair here Sept. 24-Oct. 1.

General Manager Steve L. Lewis said Gil Engdahl of San Angelo will judge the show, set to begin at 9 a.m., Sept. 30 in the Swine Barn.

Other shows officials include Thomas C. Gaither, Superintendent, and Danny Belew of Tahoka, assistant.

BULLDOG COACHES-- Coaching the Tahoka Bulldogs this season are from left, Steve Qualls, Greg Tabor, Charlie Holland, Head Coach Ted Wiley, Charles Jurden and Joe Paradis. (LYNN COUNTY NEWS PHOTO)

**CRIME LINE** 998-5145

## Crime Line Offers

**\$500 Reward...**

For information leading to the clearing of a burglary of a farm shop owned by Harry Lee Short of Tahoka. About \$1,200 worth of tools and a Honda 50 trail bike were stolen from the shop about 15 miles southeast of Tahoka between Aug. 12-16.

## WOODWORK

By Dalton

MID-AUGUST is characterized by a number of activities which signify that school is about to start in a few weeks. Some teachers and administrators are hard to find because they're taking advantage of the last chance to go on vacation. Others, such as coaches and band directors, are already hard at work trying to get youngsters ready to do their things, although it's too hot out there to do anything.

Businesses are trying to get by shorthanded as the last workers who have not already gone on vacation are gone to the mountains or to Whale World (Wally World?) or wherever.

Most youngsters are ready to go back to classes. They eagerly await school, but for many this feeling will last only about half a day. Mothers who have had little darlings around all summer are also anxious for

school to start. Football fans are wondering what kind of team their schools will have this season, and the DPS is warning drivers that they must stop for school buses, and that little ones will be milling around the schools.

It's a great time of year, and Fall also is the best time of year, weatherwise, in this area. Even folks who don't have students in school are affected by all the activity, and most of us are glad to be part of it.

A LITTLE GIRL came home from school one day and informed her mother that "I was the smartest one in the whole class today."

"Really? What happened?" "We wrote on the blackboard," said the girl proudly, "and I was the only one in the class who could read my writing."

## Funds Available To Needy For Major Home Repairs

Guadalupe Economic Services of Lubbock announces the availability of funds to make major home repairs for low-income, elderly or handicapped homeowners in the counties surrounding Lubbock, including Lynn County. A grant from Farmer's Home Administration is making these funds available to the rural areas.

Margy McMennamy, GESC Housing Director, states that this money can be used for such repairs as roofing, plumbing, electrical rewiring and handicap accessibility. A total of \$10,000 per home is available depending on the value and condition of the home before repairs are begun.

Only 55% of the value can be spent for repairs and the house

must be brought up to standards with the money invested or the house will not be considered for the program. The first \$5,000 is repayable in the form of a 5% loan; the remaining amount used for thermal improvements will be a grant to the homeowner.

Applicable counties are Bailey, Lamb, Floyd, Motley, Cochran, Crosby, Dickens, Castro, King, Yoakum, Terry, Lynn, Garza, Deaf Smith, Parmer, Swisher, Dawson, Hockley and Gaines. Portions of Hale County (excluding the city of Plainview) and the southeast quadrant of Lubbock County (Idalou and Slaton) are also included.

This rehab program has been in existence for two years and is coming to a close at the end of

September, 1988. Anyone wishing to apply should do so immediately. Applicants must have an appointment and applications will not be taken unless the homeowner brings with him the following: (1) Proof of ownership — must be living in the home one year prior to application; (2) 1987 Income Tax returns; and (3) copies of property tax receipts — property taxes must not be delinquent.

For further information or to schedule an appointment, call Ms. McMennamy or GESC Housing Counselor, Francisco Carrillo at 806-744-4416 in Lubbock, or from outside Lubbock, 1-800-666-4372.

### Band Boosters To Have Meeting

The Band Boosters will have a meeting Thursday, Aug. 18 at 7 p.m. in the Band Hall.

MR. AND MRS. MARTIN HAMMONDS nee DINA SPENCER

## Spencer-Hammonds Married Aug. 4

Dina Spencer, daughter of Mr. and Mrs. W.O. Spencer of Plains and Mrs. Dixie Perkins of Runaway Bay and Martin Hammonds, son of Mr. and Mrs. E.M. Hammonds, Jr. of Tahoka were married in a double-ring ceremony at 8:00 p.m., Aug. 4, 1988 in the First Baptist Church of Tahoka, with Rev. Danny Curry officiating.

Dina was given in marriage by her father. Matron of honor was Cheryl Buchanan of Lubbock, sister of the bride. Best man was Mitchell Hammonds of Tahoka, brother of the groom. Marauda Bachanan, bride's niece and Kales Hammonds, the groom's niece, both served as flower girls. Wedding music was played by Gilda Taylor of Tahoka. The tape of "Thanks Again" by Ricky Skaggs was played prior to

the ceremony and dedicated by the couple to their parents. Vows were exchanged before a cross candelabra and greenery. Ushers included Ty Botkin of Tahoka and Darr Spencer of Lubbock.

After a wedding trip to San Antonio, the couple will reside in Lubbock.

Dina is a graduate of Plains

High School and Martin is a graduate of Tahoka High School and attended South Plains College. Martin is now employed by Shipley Plumbing-Heating-Cooling of Lubbock.

### Area 4-H, FFA Members May Compete In Fair

Members of 4-H Clubs and Future Farmers of America chapters from 23 area counties are eligible to compete in a junior steer show scheduled in conjunction with the 71st annual Panhandle-South Plains Fair here Sept. 24-Oct. 1, according to general manager Steve L. Lewis.

Lewis said students from the following counties will be eligible: Bailey, Borden, Briscoe, Castro, Cochran, Crosby, Dawson, Dickens, Floyd, Gaines, Garza, Hale, Hockley, Kent, Lamb, Lubbock, Lynn, Motley, Parmer, Scurry, Swisher, Terry and Yoakum.

During the Middle Ages, the year began at various dates in different times and places. In England it was not until 1751 that January was restored to its place as first month, as it had been during the Roman era.

People believe if you carry a potato with you, you will be healthy.

## A Salute to

### Professional Volunteers

Not everything we do is for a profit. The small perks of our business community show this, except when done on a regular basis and are often assumed to be part of the required action. For every place with a ready coffee pot, there are perhaps a hundred like places without one. In some other ways, however, there are gifts and concessions with the same meaning of accommodating at no extra cost.

Our professional people often offer better examples of those doing things without a profit motive in mind.

A doctor will give vaccine shots on a mass basis or examine school children simply for the sake of making a contribution to public health. Registered nurses regularly put on clinics to promote improved techniques and understanding of health care to mothers with small children.

An attorney may develop a specialty of public speaking touching the law profession and how it affects our daily lives. Law enforcement officers are usually giving safety courses of one kind or another.

Because they feel a real need, we appreciate those volunteers upgrading our knowledge and understanding.

Aug. 19 at Loop. The Mustangs are in six-man football District 3-A.

The last scrimmage of the year for the Mustangs will be against Amherst. It will be at home Friday, Aug. 26. This will also be "MEET THE MUSTANGS" night. All parents and fans are invited to come out to meet the new coaches and the players.

Ted Dockery, elementary principal, announced this week that all elementary students should come to the school Thursday, Aug. 25, between 9 and noon to register. At this time, students will be given school supply lists, handbooks, calendars, etc. He emphasized the importance of being at this pre-registration. Registration will be in the halls of the elementary building outside each classroom.

Wilson High School students may pick up their schedules today, (Thursday, Aug. 25) in the principal's office from 9 a.m. to noon. New students should pre-register at this time.

Ann Lowrie, new home economics teacher at Wilson High School, announces that a meeting has been called for Monday Aug. 22 at 7 p.m. in the home economics cottage to get an organization for the women of Wilson started. All women in Wilson are invited to attend. Her plans for the organization include presenting educational programs, such as time and money management, health fairs, geriatric care, etc; and creative programs, such as creative cooking, construction of unit clothing, scherenschnitte, candle art, etc. Ideas are welcome.

Mrs. Clara Phillips of Wilson will be honored Sunday from 1-4 p.m. on her 90th birthday, with a reception in the Wilson Merchandise building. Friends are invited to call.

Lynn County Merchants Appreciate Your Business

### Lubbock's Annual Senior Citizen Jamboree Slated

The City of Lubbock Parks and Recreation Senior Citizen Program and the South Plains Association of Government's Aging Program will sponsor the 4th Annual Senior Citizen Jamboree on Friday, Aug. 19 at the Lubbock Memorial Civic Center Exhibit Hall. Seniors, 60 years of age and over, are invited to participate in the event which is free of charge. The theme this year is "The Olympic Games," and everyone is encouraged to wear jogging suits or anything red, white and blue.

For detailed information, call Kay Stiner at 762-6411, Ext. 2680.

### Wilson Sets Elementary Registration

Wilson Elementary School will have registration for all students on Thursday, Aug. 25, 1988, from 9 a.m. to noon. Registration will be in the elementary school outside each classroom.

Students new to Wilson Elementary School need to bring birth certificates, immunization records, social security number, and report card from the school last attended.

If a parent has a four-year-year, the principal should be contacted, so it can be determined if there will be a sufficient number to warrant a four-year-old program.

There are about 400 different kinds of ants in the United States alone.

#### WILSON NEWS

By Pam Williams

All Girl Scouts Leaders (Daisy, Brownie, Junior) will have a special meeting on Aug. 25 at 2 p.m. at Pam Williams' house. Calendars with all planned events for the fall will be handed out as well as troop registration packets and lots of ideas for activities. The field representative from the Caprock Council will be meeting with the Wilson leaders.

The Wilson I.S.D. Board of Trustees met in regular session Monday, Aug. 8, in the school board room. The board approved a "beginning-of-school" luncheon for the employees of the district. This will be Monday, Aug. 29, at noon and will be catered by Danny's Fins and Hens. In other business, the board amended the 1987-88 budget, approved the purchase of some tools for the bus barn, left breakfast and lunch prices the same as last year, reviewed a health insurance program for employees, set the appraisal periods for the 1988-89 school year, and approved the district and campus improvement plan. In other business, the board accepted the resignation of Cres Merrell and employed Jo Ellen McClintock as a secondary teacher.

Angie Crenshaw, WHS cheerleader sponsor, reports that the cheerleaders had a successful camp and brought home two trophies.

The Wilson School yearbook is in. Students may pick them up on Friday, Aug. 26, at 4 p.m. Anyone owing his annual needs to bring his money to pick up the annual. The annual staff has extra annuals to sell. Those who did not order an annual, may purchase one Friday or anytime after that. The price of the book is \$16.

Wilson High School Mustangs began two-a-day workouts Monday, Aug. 8 with a total of 16 boys. They have been working on the fundamentals of six-man football. According to Coach Rex Bilby the team is looking good and should compete for the district title. Coach Bilby is assisted by Coach Bruce Hirt. The Mustangs will have their first experience at six-man play when they scrimmage Loop, Friday,

## OUT OF THE WOODS

By Juanell (Wood) Jones

OUR 6-YEAR-OLD son was looking through a stack of magazines at our home the other day, and came across some back issues of "Sports Illustrated." He looked at several issues, then said, "Mommy, do we have the swimsuit issue of Sports Illustrated?"

Startled, and not entirely sure I had heard him correctly, I said, "What did you say?"

"I said, do we have the swimsuit issue? And the summer olympics issue?" he said. When I just looked at him with my mouth hanging open, he added impatiently, "They come free with your paid subscription."

Oh. For a minute there, I thought he was already, at 6 years old, ogling the models in swimsuits, and checking out current sports issues to chat about with the guys.

No. What was happening was a conditioned response to their television commercial, which states umpteen million times what you get with your paid subscription to Sports Illustrated. At the end of the commercial when they say, "Call now," our son asks for the telephone, saying he's "posed to call this number."

It's rather scary, isn't it? Children listen carefully when parents least suspect it. Commercial jingles and catch phrases stick with them like glue, but do they remember to brush their teeth every night and where their toys are supposed to go? No. There is only a small portion of the brain reserved for practical application, and the rest of it is just a big catch-all with phrases, jingles and stupid songs roaming around, ready to pop out at

the strangest moments.

You ask your child what he'd like to eat for supper, and he may pop out with something like, "It's a good time, for the great taste, of McDonald's," singing on-key like a professional. You have trouble starting your car in the morning, and he may tell you that your local car dealer can "make you a deal, yes sir, you just come in and see us today!"

While he was brushing his teeth, our son looked at the brand name on his toothbrush, grinned, and said, "Oral-B, the toothbrush dentists use most." Give me strength. Do you have a headache 'this big?' Anacin can help.

How do I know all these things? 'Ooh, ooh, I heard it thru the grapevine ...'

### SCS Gets Praise In House Hearing

The Soil Conservation Service last week was praised for the approach it is using to implement conservation provisions of the 1985 farm law.

Frank Jones of Lamesa, a cotton producer, told a House Agriculture subcommittee in Washington that SCS's use of alternative conservation compliance systems rather than strict use of "T" values significantly reduces erosion without imposing unreasonable economic costs on producers or taxpayers.

"No compromise is made in technical standards because the alternative systems consist of high quality practices that incorporate the seasoned judgement of SCS conservations and their experienced field people," he stated.

Testifying for the National Cotton Council, Jones said that making SCS adhere strictly to the more stringent "T" values, as some advocate, would force many farmers out of the conservation program and even force some of them out of business.

As an example, Jones said more than 3 million acres of cropland in his home state of Texas are classified as highly erodible—including that on his own farm. An estimated 60 to 75 percent of the cotton produced in Texas, the nation's largest cotton-producing state, is on highly erodible land.

Under the SCS alternative systems, producers are allowed to grow crops on highly erodible land while conserving the soil through such accepted cultural practices as shredding stalks, delaying spring tillage, rotating crops in various sequences, using terraces, and practicing contour farming.

"Many of these options are expensive," Jones said, "but they allow me and my fellow producers to farm."

"The Heat Pump's probably the best investment I ever made."

Jerry Bruns  
Muleshoe, TX

## Getting You Back In the Game...

The Sports Medicine Center of the Southwest is a comprehensive treatment program for the competitive athlete as well as the general sports enthusiast. It features a state-of-the-art diagnostic and rehabilitation facility equipped to care for most any sports related injury. The center is operated under the direction of a team of physician specialists, plus registered physical therapists and an exercise physiologist. The entire team is in tune with the special needs of athletes and their desire and determination to excel. They understand the frustration an injury can impose on them. But more important, this team has the know-how to treat an injury and put the athlete back in condition as quickly as possible.

**Obituary**

**Roy Miller**

Services for Roy Lee Miller, 83, of Tahoka were held at 3 p.m. Friday, Aug. 12, 1988 in First Baptist Church with the Rev. Danny Curry, pastor, officiating. Burial was in Tahoka Cemetery under the direction of White Funeral Home. He died at 1 p.m. Wednesday, Aug. 10, in Slaton Care Center after a lengthy illness. He was born on June 13, 1905 in Cherry Hill, Ark., and moved from Childress County to Lynn County in 1937. He attended school in Clarksville. He married Eva Lindsey on July 18, 1925, in Clarksville. He was a retired farmer and a member of the First Baptist Church. Survivors include his wife; five sons, Jack, J.T. and Milton, all of Tahoka, Edd of Big Spring

and Wilford of O'Donnell; two daughters, Sue Shill of Hale Center and Donna Brooks of Tahoka; three sisters, Inez Lambert and Rena Edwards, both of Tahoka and Bell Duke of Mesa, Ariz.; 18 grandchildren; 21 great-grandchildren; and three great-great-grandchildren. Pallbearers were Darrell Dunn, Raymond Stotts, Weslie Boone, Ray Woodall, Eldon Gattis, Boyd Barnes, Kent Gibson and Mike Lankford.

The Lynn County 4-H officers met, Aug. 2, for an officer's training at the SPS Reddy Room in Tahoka. They also planned a yearbook with the schedules of the meeting and the people who are involved in 4-H. There will be another officer's training on Aug. 20, so be sure to come.

CALL 998-4650 FOR APPOINTMENT

**\$50.00**

According to the American Cancer Society, one out of ten women in the United States will develop breast cancer sometime in her lifetime. It is currently estimated that over 37,000 women die each year as the result of breast cancer. Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10-year survival rate. A mammogram can detect a cancer this small, even before it can be felt. Appointments can be made by calling 998-4650.

The American Cancer Society has established guidelines for mammography in asymptomatic women. (Women who have no symptoms of disease). Those guidelines have been adopted by the American Academy of Family Physicians, American College of Obstetricians and Gynecologists, and The American College of Radiology. Those guidelines are:  
I. 35-40 years of age - One baseline mammogram.  
II. 40-50 years of age - A mammogram every 1-2 years depending on breast type and risk factor.  
III. 50 years of age and over - An annual physical examination and annual mammogram.  
IV. Asymptomatic women under 50 years of age with significant high risk factors should be examined at appropriate intervals. These risk factors include previous breast cancer and family history of cancer.

V. A symptomatic woman should have a mammogram at any age when she experiences a mass, nipple discharge, skin changes or unexplained breast pain. A screening mammogram is an x-ray of the breast using extremely low dosages of radiation (usually comparable to dental x-rays) and is designed to find very early cancers. A female technologist who is highly trained in mammography will perform the examination. The charge for the screening mammogram is \$50.00. The Unit accepts cash, check, Visa, MasterCard and American Express. For more information or to make an appointment call 998-4650.

**NOTICE OF VOTE ON TAX RATE**

The Board of Directors of Lynn County Hospital District conducted a public hearing on a proposal to increase your property tax rate by 8% on August 15, 1988.

A public meeting of the Board of Directors to vote on the tax rate bill will be held on August 26, 1988 at 2:00 p.m. in the Hospital Dining Room.

**SAFETY BELTS:**

**SENSE AND NONSENSE**

You've heard the reasons that some people give for not wearing safety belts. Most people don't realize that there is more myth than fact to these reasons. When it comes to safety belts, it's important to know the difference between sense and nonsense.  
"I don't need to wear a safety belt when I'm driving just a short distance and I'm not going fast."  
The fact is that all driving can be dangerous. Three out of four crashes causing death occur within 25 miles of home. And more than 80 percent of all car crashes occur at speeds of less than 40 miles per hour. Individuals who were not belted in cars have been killed when the car was going as slowly as 12 m.p.h.  
"It'll be safer if I'm thrown clear of a car in an accident."  
Your chances of being killed are 2.5 times greater if you are thrown from the car. The forces in a collision can be great enough to propel you up to 150 feet — half the length of a football field!  
Safety belts can protect you from:  
• Plunging through the windshield;  
• Being thrown out the door and hurled through the air;  
• Being crushed by your own car.  
In almost any collision, you're better off being held inside the car by a safety belt.  
"I'm afraid that I could be trapped in a burning or submerged car."  
Less than one-half of 1% of all injury-producing collisions involve fire or submersion. But if either does occur, wearing a safety belt can actually save your life. If you're involved in a crash without your safety belt, you may be stunned or knocked unconscious by striking the interior of the car. Then your chances of getting out of the car would not be good. But with a safety belt, you're more likely to be unhurt, alert and capable of escaping quickly.  
"My baby is safe in my lap."  
In car travel, your lap is the most dangerous location

for your baby. In a crash, your child could be thrown from your arms or crushed between your body and the dashboard.  
"I'm a good driver. I don't need a safety belt" because I won't be in a crash."  
No matter how good a driver you are, you can't control the other car or other driver. On the average, you can expect to be in a crash once every 10 years. For one out of every 20 persons, it will be a serious crash. For one out of every 50 persons born today, it will be fatal. Since you can't avoid a collision, your best protection is a safety belt, which cuts your chances of death or injury by 50%.  
"I don't need a seat belt when I sit in the back seat."  
You can be seriously hurt if you are thrown from a back seat onto other passengers or you are thrown out of a window or door.  
"I don't need a safety belt because I have good reflexes. I can protect myself by holding onto the steering wheel or by bracing myself with my arms and legs."  
Collisions usually occur too fast for you to protect yourself, and the forces involved in most collisions are usually too great to withstand, even at a moderate speed. In a 30-mile-per-hour accident, the impact on unbelted passengers is the same as if they had fallen from a three-story building.  
"I'm pregnant and I'm worried that using a seat belt might harm my baby in an accident."  
There is no evidence that properly worn safety belts increase the chance of injury to the fetus, no matter how severe a collision. However, the leading cause of fetal death in a car accident is the mother's death, and fetal injury is closely related to the amount of injury to the mother. Doctors strongly recommend that a mother reduce her own risks and those of her unborn child by wearing a safety belt.

### Farm Labor Seminar Set Today

The Texas Farm Bureau has scheduled a farm labor seminar for Thursday, Aug. 18, from 2:00 to 7:30 p.m., at the Lubbock Holiday Inn.

The meeting is the second of five scheduled for the state through November.

The TFB Public Affairs staff will brief farmers and ranchers on matters concerning them as agricultural employers. Included will be topics such as the following:

--Farm Labor Standards Act

(Wage and Hour) and employment of minors.

--Immigration Reform and Control Act, including Special Ag Workers Program (SAW), Replacement Ag Workers Program (RAW), and Special Temporary Worker Program (H-2A).  
--Social Security and unemployment compensation.

--Worker's compensation.

--An update on the Occupational Safety and Health Act (OSHA), including the Texas Hazard Communication Act and the Federal Agricultural Hazard Communication Act.

The meeting is open to the public. A "dutch treat" dinner will be available.

**CHARM SCHOOL HELD**— These 4-H members attended a Charm School held at Lyntegar and sponsored by the Extension Office. Peggy Morrow instructed the girls in correct modeling procedures, Nadine Dunlap explained hair care, and Kay Mires helped with the exercise and make-up sessions. These girls then went to the Tahoka Care Center and presented a style show for the residents.

### Ira White In 'Show Boat' At Granbury

In the first 15 minutes of the first act, of the current musical production at Granbury Opera House, audiences will hear "Old Man River", "Can't Help Loving That Man" and "Make Believe." Follow these Jerome Kern classics with "Why Do I Love You?", "Life Upon the

Wicked Stage", "You Are Love" and "Bill" and you have "Show Boat" --Edna Ferber's epic melodrama of traveling players, miscegenation and river-boat gamblers on the Mississippi of the 1880's.

Ira White of Tahoka, who has sung and acted in many area musicals, is a featured member of the cast.

David Coffee of Granbury portrays "Cap'n Andy" with a cast including Donna Norton as the mulatto "Julie", Robert McClellan as "Joe", Rebecca Underwood, Larry Key, Ira White, Ginny Cutting and a company of 50.

"Show Boat" is being presented by the Granbury Opera House stage through Labor Day with performances Thurs., Fri., and Sat. night at 8 p.m.; Fri., Sat., and Sun. at 2 p.m.; Sun., at 5:30 p.m. and special matinee on Monday (Labor Day) at 2 p.m. Phone number of the box office for reservations and ticket information is (817) 573-9191.

Only three percent of the earth's water is fresh.

The albatross has the greatest wingspread of any bird—11 feet from tip to tip.

### School Notes

By Gaylon Gassiot  
Tahoka Elementary Principal  
Contact Principals  
Behavior Guidelines  
For School Activities

Parents of Tahoka I.S.D. Elementary students are urged to back the school in a district wide effort during the 1988-89 school year: to improve overall student behavior at school activities.

At athletic events, students should remain in the seats and bleachers and do not throw anything on the playing area. Students should not block the spectators view by standing at

the railing. During football games, elementary students should not stand under the bleachers.

Also, students who are with their parents in the "reserved section" should remain in their seats and not stand around the steel railing and running about as this is a distraction to those who have front row seats.

Last, the behavior of a school's fans at any athletic contest can affect the district's right to participate in University Interscholastic League competition for later years. Therefore, it is recommended that all fans of both teams act in a good sportsmanlike manner.

### TAHOKA SCHOOL LUNCH POLICY

Tahoka I.S.D. will begin serving nutritious meals on September 1, 1988.

The prices for meals are as follows:

Breakfast		Lunch	
Regular	50¢	Regular	\$1.00
Reduced	30¢	Reduced	.40
Teachers	75¢	Teachers	1.50
Visitors	\$1.00	Visitors	2.50

Children from households that meet Federal Income guidelines are eligible for the free and reduced meals. Registration for the Free and Reduced Lunch Program will begin August 17, 1988 at 9:00 a.m. in Tahoka School Cafeteria. Bring the necessary papers to complete your application. These are: W2 Form, check stubs, employment sheet from your employer, notice form the Welfare Office, and/or information sheet from the Food Stamp Office.

#### LETTER TO PARENTS

Dear Parent or Guardian:

The Tahoka School serves nutritious meals every school day. Students may buy lunch for \$1.00 and breakfast for .50. Children from households that meet Federal Income guidelines are eligible for free meals or reduced-price meals at .40 for lunch and .30 for breakfast. To apply for free or reduced-price meals, complete the enclosed application, sign it and return it to the school.

**FOOD STAMP/AFDC HOUSEHOLDS:** If you currently receive Food Stamps or "Aid to Families with Dependent Children" for your child, you only have to list your child's name and food stamp or AFDC case number, print your name, and sign the application. Since you have already given income information to the welfare office, the school can confirm your eligibility.

**ALL OTHER HOUSEHOLDS:** If your household income is at or below the level shown on the enclosed scale, your child is eligible for either free or reduced-price meals. To apply for meal benefits, you must provide the following information and sign the application: (1) list the names of everyone who lives in your household. Include parents, grandparents, all children, other relatives and unrelated people who live in your household, (2) list the social security number of each adult age 21 or older. If an adult does not have a social security number print "None", (3) list total monthly income and amount of income (BEFORE deductions for taxes, social security, etc.) each person received last month and where it is from, such as wages, retirement, or welfare. If you have a household member for whom last month's income was higher or lower than usual, list the person's expected average monthly income.

**VERIFICATION:** The information on the application may be checked by school officials at any time during the school year.

**REPORTING CHANGES:** If you list income information and your child is approved for meal benefits, you must tell the school when your household income increases by \$50 or more per month (\$600 per year) or when your household size decreases. If you list a food stamp case number of AFDC number, you must tell the school when you no longer receive food stamps or AFDC for your child.

**FOSTER CHILD:** Your foster child may be eligible for meal benefits. If you wish to apply for meal benefits for a foster child, contact the school for help with the application.

**NONDISCRIMINATION:** Children who receive free or reduced-price meal benefits are treated the same as children who pay for meals. In the operation of child feeding programs, no child will be discriminated against because of race, sex, color, national origin, age or handicap. If you believe you have been discriminated against, write immediately to the Secretary of Agriculture, Washington, D.C. 20250.

**FAIR HEARING:** If you do not agree with the school's decision on your application or the result of verification, you may wish to discuss it with the school. You also have the right to a fair hearing. This can be done by calling or writing the following official:

Loretta Tekell, Business Manager P. O. Box 1230 Tahoka, Texas 79373 806-998-4600  
(Name, Address, Telephone Number of Hearing Official)

**CONFIDENTIALITY:** The information you provide will be treated confidentially and will be used only for eligibility determination and verification of data.

**REAPPLICATION:** You may apply for benefits any time during the school year. If you are not eligible now but need to apply later in the year, please fill out an application at that time.

You will be notified when the application is approved or denied.

Family Size	Yearly	Monthly	Weekly
1	\$10,675	\$ 890	\$206
2	14,301	1,192	276

## Travel Fraud Scheme Brings Indictments

Roger Allen Sylvester, Nancy Alton Sylvester, and Richard Paul Nichols were charged with mail fraud, aiding and abetting, and conspiracy in a 50-count indictment returned by a federal grand jury in the western district of Oklahoma, Oklahoma City, on Aug. 2. The maximum sentence for conviction on all counts is 250 years custody of the attorney general and/or a \$12.5 million fine.

The three defendants operated Titan Travel during 1986, and sold vacation packages for travel to Mexico and Hawaii. More than 7,000 customers purchased packages that grossed the operators in excess of \$2 million. Customers in 40 states, including Texas, purchased vacation packages.

Titan Travel conducted business by placing advertisements with radio stations concerning a four day/three night vacation to Mexico or Hawaii. Prospective customers were asked to call a toll-free telephone number answered in Oklahoma City. Callers were told that for \$338, they would receive three nights lodging and round-trip airfare for two. Payment could be made by either cashier's check or major credit card. Customers who purchased the vacation later learned that Resort Vacations, Canoga Park, Ca. was the trip provider. Customers also later learned of several qualifications that had to be satisfied prior to taking the trip.

## Infant Needs \$30,000 For Heart Transplant

Relatives of 7-month-old Rebekah Cadena are racing to raise \$30,000 for a heart transplant for the Grand Prairie infant.

Family members, including the child's aunt, Irma Hernandez of Tahoka, were told Aug. 7 that Rebekah, who has an enlarged heart, would not leave Children's Medical Center in Dallas until the transplant.

By the next day another aunt, San Garcia, was printing flyers and contacting newspaper and broadcast media.

A trust fund with the Children's Transplant Association has been set up and various fundraisers are being planned.

The family needs \$30,000 up front for the transplant, which will cost between \$50,000 and \$56,000, Mrs. Garcia said.

Rebekah's father, Salvadore Cadena, is a construction worker and has insurance which will pay only 80 percent of the medical costs. However, the insurance

company does not pay the \$30,000 deposit for the transplant.

Her mother, Christina, is a homemaker and has been at the hospital every day since Rebekah was admitted. Rebekah is the Cadenas' only child.

The second New Year's Day baby born at Arlington Memorial Hospital this year, Rebekah appeared to be a healthy normal girl until her fourth month checkup.

"The doctor noticed something wrong," her aunt said. "She was breathing funny, and her whole chest would move when she breathed."

Physicians determined she had an enlarged heart, and the infant has been in and out of the hospital since then, Garcia said.

When she entered the Children's Medical Center doctors told the family that Rebekah would have to stay in the hospital until a transplant could be performed.

On Aug. 2, both lungs collaps-

ed, and she is now in stable condition in the Intensive Care Unit.

Rebekah is kept sedated because her heart is so large, her aunt said.

Donations should be sent to: Children's Transplant Association, P.O. Box 532432, Grand Prairie, Texas 75051.

## Law Prohibits Passing School Bus In Texas

Major Vernon Cawthon, Regional Commander of the Texas Department of Public Safety, wants to remind everyone that the summer vacation will soon be over, and thousands of youngsters will be starting back to school, many of those for the first time.

So, once again, those big yellow school buses will be back on the street and highways. The Texas Department of Public Safety wants to remind everyone that Texas law prohibits the passing of a stopped school bus that is loading or unloading passengers when the lights are flashing. "If you are in doubt—stop—those few moments you lose may mean a lifetime to some youngster," said Cawthon. "None of us want to be responsible for the death of a young child, so remember to slow down in the school zones in the mornings and again in the afternoons."

Cawthon added, "Just because most of the children will be in school, we must not forget the preschooler who will still be playing in the residential areas. Remember, slow down as you are driving through school zones, playgrounds, and in and around school areas."

## News From ... Home Economics Agent Annis Brown

Lynn County Extension Office

### Financial Counseling Offered To Area Farmers, Ranchers

Help in assessing the financial situations and options for the families in Lynn Co. It is offered through a new project, Texas Volunteers for Rural Families, conducted by the Texas Agricultural Extension Service.

The project provides trained volunteer counselors who will help farm and ranch families assess the financial situation in their operation, identify problem areas and offer alternative strategies to improve profitability, explained Annis Brown, County Extension Agent-H.E. It is funded by a grant from ACTION-Center for Volunteers, Inc., which administers domestic volunteer programs sponsored by the federal government, announced earlier this year by U.S. Senator Phil Gramm (R-Tex.).

Volunteers for Lynn County are Larry and Becky Moore. The Moores have backgrounds in agriculture and related business and have undergone extensive training by professional specialists of the Extension Service, an arm of the Texas A&M University System, Brown said.

Larry and Becky Moore know how to help you look at your business figures and determine what they really mean to you. They're not going to tell you how to run your business, but they will suggest your options.

Brown said the Moores have been trained in procedures to follow for family budgeting and for financial planning of businesses of farming, ranching or which are agriculturally related. This includes financial

structuring, debt restructuring and reorganization of business to maximize the resources which are available. It's a hands-on process, it isn't theoretical, and it is completely confidential. Our goal is to help rebuild rural Texas, one family at a time, Brown said.

The project resulted from a national competition to find ways to assist financially distressed rural families, Gramm said. Texas A&M won an \$84,000 grant to conduct the effort.

"These funds are important because they apply the resources of Texas A&M and ACTION to the real problems faced by many Texas farmers," Gramm said. The senator said he hopes the Texas volunteer network will serve as a model for other industries confronted with financial difficulties.

Families or individual's wanting information on the project can contact the county Extension office at 998-4650.

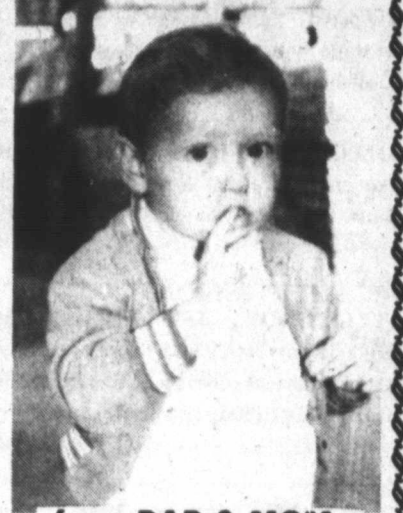

The Bell X-1 was the first plane to officially exceed the speed of sound. It was flown on October 14, 1947 by Major Charles E. Yeager. The plane was nicknamed "Glamorous Glennis."
