Tahoka Man Shot To Death

A 30-year-old Tahoka man was found dead in the living room of his home just east of the Tahoka city limits shortly after midnight Sunday and officers said the victim, Juan M. "Johnny" Cortez, had been shot 16 times with a .22 caliber weapon or weapons.

Charged with murder and held in Lynn County jail in lieu of \$100,000 bond was Porfirio Garcia Garcia, 48, also of Tahoka.

A Tahoka policeman and a sheriff's deputy were first called to a location on the east edge of town after getting reports of a man with a gun in a pickup. The officers later located the suspect and found a .22 automatic rifle in the pickup. The suspect also had blood on his clothing, according to the deputy's report, but at that time there was no report that anyone had been shot.

The suspect was taken to jail for public intoxication, but about 12:30 officers received an anonymous call that they needed to check on Johnny Cortez at his home. Officers found Cortez' body in the living room, and Justice of the Peace H.W. Edwards pronounced the victim dead at the scene at 1:50 a.m. Monday. Garcia was charged and Edwards set bond.

Officers found a .22 pistol near Cortez' body, and it later was reported that the victim had been shot 16 times. Garcia and Cortez reported had had problems concerning domestic relations.

A ruling in the death is pending an autopsy report.

Tahoka Police investigated an accident on Monday at N. 3rd and Ave. S involving a 1985 Pontiac driven by Dayton E. Parker of Tahoka and a 1977 Pontiac driven by Charles Harrison Cate IV of Tahoka. No injuries were reported.

City police arrested two Tahoka men on Tuesday night for driving around with an amber light in the back of their car. The light reportedly had been stolen from an intersection

on S. 3rd where a sewer line had been under repair.

Jo Swinford of 1627 S. 5th reported someone had entered her garage and stolen various roofing tools, a 6-foot ladder, drill, portable welder, hammers, ice chest and other items during the past week.

In jail during the week were the murder suspect, and one person each for public intoxication, possession of a controlled substance (cocaine), public intoxication plus disorderly conduct and minor in possession, burglary of a habitation plus failure to appear, and speeding. In addition, three more persons were jailed for disorderly conduct.

LOTS OF POINTS—Gaylon Paul goes up for two points as teammates Juan Munoz at left and Coby James, right, look on. Looking on also is about all the Gruver players can do here, except for one who is falling

hard. New Home won the game and a trip to the state tournament, 63-62, on a last-second shot by Gaylon, who scored a bunch of points in the regional games.

Leopards Make First Trip To State Tourney

Gaylon Paul and his New Home Leopard teammates probably never heard of Frank Merriwell, but they did achieve a victory in the regional tournament last Saturday that would have been typical of the almost-impossible, last-gasp miracle finish by the wounded hero which Merriwell used to write about.

Plagued by a badly-sprained ankle, 6-4 senior post Gaylon Paul nevertheless fired a last-second shot from the lane from under the basket just as the final buzzer went off to turn apparent defeat into victory for the Leopards and send them on their way to the first state tournament ever for New Home boys as the winners of the Region 1-A tournament.

Paul's shot gave New Home a 63-62 win over Gruver in the finals at Levelland. Now Coach Jeff Faubion's team is in Austin where they are scheduled to play Moulton in the first round of the state showdown at 10 a.m. today (Thursday). Moulton is 32-4 for the year and New Home, now ranked fourth in state Class A, is 31-2.

Top-ranked Ladonia and fifth-ranked Eula will square off in the other semifinal game

at 8:30 a.m. and the winners of the two Thursday morning games will play for the state championship at 9 a.m. Saturday. All games are in Frank Erwin center, popularly called the "Superdome" in Austin.

The Leopard team was given a big sendoff Tuesday, and a busload of boosters and many private vehicles were to head for Austin Wednesday.

In the finals at Texan Dome Saturday night, Gruver had taken a 62-61 lead with just 7 seconds left and it looked like New Home's season was over. The Leopards called time out before Coby James inbounded the ball under the far basket, and he managed to get the ball to Joe Solorzano as seconds ticked away. Solorzano drove down the center of the lane and was able to get it to Paul,

who fired the winning basket just as the buzzer sounded.

Paul led scoring with 23 points and had 10 rebounds despite missing nearly 3 minutes of the game at the end of the first period and into the second after falling to the floor with a sprained ankle which gave him problems for the rest of the game. James had 19 big points and Darrell Paul scored 11 before fouling out with more than 7 minutes left.

Gruver's Greyhounds took a first-quarter lead of 21-16, but New Home came back to lead 45-41 at halftime. The scoring dropped off sharply in the second half, and each team made

just 7 points in the third quarter.

In the semifinal game, New Home beat Vega 69-60 and in the first round of play Friday, the Leopards bopped Klondike 53-39.

Darrell Paul led scorers with 24 points against Klondike, while James scored 13 and Gaylon Paul 12. Against Vega, New Home trailed 28-26 at halftime, but had a big third quarter, scoring 23 points against 15, and behind the 23-point performance by James, won that one. James also had four 3-point shots in that game, while Carey Rudd and Michael Caballero had two 3-pointers each.

FOREHAND RETURN—T.C. Spruiell returns a serve during a doubles match for Tahoka. Spruiell and his partner, Chuck Cate, played well but lost to the Lamesa team Monday.

NAMED ALL-DISTRICT—Ramiro Rodriguez, left, Chuck Cate and T.C. Spruiell (not shown) were named to the District 4-AA All-District basketball team this week. Cate was one of ten boys selected to first team all-district, and Rodriguez and Spruiell were honorable mention.

Thriftway Plans Major Expansion

Thriftway Supermarket in Tahoka will almost double the present size of its customer service area by adding 5800 feet to the east side of the present structure, owner Glen Holt and manager Steve Sanders announced this week.

The project which eventually will require knocking out the east wall of the present building is expected to begin within the next week or so and is scheduled for completion in June. Greenstreet Construction of Lubbock is general contractor for the project.

When the project is completed, the selling area of the store will have about 12,000 square feet, not counting storage areas, which also will be expanded slightly, said Sanders. All aisles will be shortened to make more room at the south end of the store between the ends of the gondolas and the freezer spaces on the south wall.

Fifteen more doors of freezer food areas will be added, said Sanders, and there will be 12 new feet of dairy cases and 16 more feet of meat display cases. The meat market cutting area will be completely rebuilt, he said.

The store now has six aisles and will have 11 when the job is finished, Sanders said, adding that the aisle spaces between the present displays will be a foot wider than they are now.

The new addition will be in the form of a steel building with a brick front. Entry to the newly remodeled store will be basically in the same place as now.

"We decided on the expansion to serve the people of the Tahoka area better and to give everyone a more comfortable and pleasant place in which to shop," Sanders said.

I KNOW THE real reason why most of the senators are against John Tower: it is because he is too short, and there is, of course, an unwritten agreement by all persons in the country to discriminate against all persons under 5-6, especially males.

Actually, those people who say they will vote against him because of boozing and womanizing are all 5-10 or taller, and they are incensed that anyone so short as Tower should be able to attract all those women, and besides, where does this little shrimp get off, thinking he can hold a job so important as secretary of defense?

There is an acceptable image for persons in important jobs, and it is that they should be tall, dark and handsome, and slender. Tall, light and handsome, or tall, bald and slender are not too bad, and even tall, dark and fat is acceptable. But short and fat and drunk are no-nos.

I don't know how tall John Tower is, but he is pretty short, because I remember meeting him one time and I could look him in the eye, something I can't do with most males over 10 years old. I know how he gets overlooked at concession stands while they serve the tall person standing behind him, and how he can't comb his hair in many public restrooms because the mirror is too high to see into.

I also don't know when the Senate will finally vote on Tower; the stories in the daily paper I read didn't say. The Senate is expected to reject the appointment, however, and if they do, it no doubt will be blamed on unconfirmed reports of bad moral conduct, but now you know the real reason.

His opponents probably will push to name some 6-foot wimp who doesn't mess with women (because he likes guys better) and who thinks a missile is a girl's muscle.

GERALD PADEN

Gerald Paden To Speak At Gospel Meeting Here

Gerald Paden of the Sunset School of Preaching in Lubbock will be the speaker at a Gospel Meeting of the Tahoka Church of Christ on Sunday, March 12 through Thursday, March 17.

Sunday morning Bible classes will be held at 10 o'clock with services at 10:50, and the evening service will be held at 6 p.m. Services will be held Monday through Thursday at 7:30 p.m.

No collections will be taken except the regular collection at Sunday services. Everyone is invited to attend.

Gerald Paden has valuable concepts to share in believing the church must grow. He will emphasize the skills, knowledge and commitment it takes to see growth occur.

His insights were not gained rapidly and superficially in an academic setting nor without the pain of trial

and error. Eighteen years of mission work in Central and Northern Italy, several stateside local works, fifteen years of church growth instruction in Sunset School of preaching, graduate and mission schools and extensive campaign work, church growth seminars and congregational consultation on the three continents have helped form in him both biblical and practical church growth concepts.

His earned degree in Bible at Abilene Christian University, his being driven again and again to the word on mission fields and an unflinching trust in God's inerrant Revelation have made Gerald Paden one of the most thorough and insightful exegetes in Scripture with whom anyone can study.

Tahoka Guidance Counselor Receives Two High Awards

Miss Molly Helmlinger, Tahoka ISD Guidance Counselor, has recently been the recipient of two competitive awards. Miss Helmlinger received the "Award of Excellence" from the Department of Support Services at Texas Tech University. A news conference was held Feb. 27 on the Tech campus to honor several awards recipients. Miss Helmlinger was nominated by both staffs of the Upward Bound and Learn Educational Talent Search Organizations.

She was one of only two people selected from approximately 70 counselors in the region. This award is especially significant because this was the first year it was given and Miss Helmlinger is the first recipient. The inscription on the plaque summarizes why the award was presented to her: "For Outstanding Contribution to and Support of the educational aspirations of high school students in the West Texas area."

"The award caught me by surprise," said Miss Helmlinger. "The Tahoka community, parents, staff, and students have always been supportive of me, but it gratifying to know that others in my profession recognize my contributions. It is very thrilling to be so honored."

In presenting the award, Eric Strong, Associate Director of Upward Bound, made specific remarks concerning Miss Helmlinger's enthusiasm and dedication towards her students and school. "She is an inspiring role model for all young people and we are fortunate to have her assisting us in our organizations."

Miss Helmlinger was also notified of her recent nomination as an "Outstanding Young Woman of America for 1988." She was nominated by her graduate law professor at Texas Tech, Dr. William Sparkman. Miss Helmlinger is also a candidate for the 1988 Outstanding Young Women of the State of Texas. The primary purpose of the awards program has been to recognize the many young women "whose time, talents, and dedication have enriched the quality of American life."

Miss Helmlinger is currently working on her doctorate at Texas Tech University and is majoring in Educational Leadership and Administration. She has maintained a straight A (4.00 GPA) average throughout undergraduate and graduate work. She graduated summa cum laude from the University of Dayton with a Master of Science in Education. She has previously taught K-12 and coached both boys and girls teams in volleyball, basketball, and track.

She has presented workshops throughout the state of Texas and Ohio. She is a member of numerous honoraries including Phi Delta Kappa, Delta Omicron, Omicron Delta Kappa, Mortar Board, and Alpha Lambda Delta. For the past two years, Miss Helmlinger has been the regional winner of the Associ-

MOLLY HELMLINGER

ated of Texas Professional Educators, "Educator of the Year" in the special services category.

She also has an extensive listing of professional affiliations. She is a volunteer instructor in CPR with the American Red Cross, is a member of the West Texas Running Club, and is a parishoner at Christ the King Cathedral Catholic Church in Lubbock.

"Being active in so many organizations, and pursuing my doctorate while holding down my responsibilities with Tahoka ISD requires an enormous amount of organization. I sign my correspondence, 'energetically,' because that reflects the way I feel. I am energized by what I do and love being at Tahoka."

Letter To The Editor

Dear Editor:

How do we began as we are coming to end- of our stock showing days.

There are many fine places to live in Texas, but there is one place where people really care about you-Tahoka- Lynn County- Seven years ago, we lost our dad and husband, Mike Reid, in a car accident and we chose to continue to raise and show pigs. You see, it was family affair, but as it ended part of our family was lost, but just waiting to help were many other families. Those families being people made up of the 4-H and FFA programs. If we had not had them we don't know what we would have done. But with lots of encouragement, help, love and concern we were enabled to hold on to a part of our lives that was so important to us as a family. We could never began to thank all the folks of Lynn County for all their help- our Ag teacher, our county agent, many dads that helped their children, but also helped someone else's child, the many student friends, older friends, and most of all our family Eddie Joe and Alecia Hancock. The list goes on. The experience has been great for us, the memories are priceless, and the caring friends are a gift from God.

Thursday of last week we sent our last cross breed hog to Houston for the stock show. Once again through the help of men and students our animal made it through the sift. Monday, Feb. 27, the animal was loaded into the trailer bound for Houston, upon arrival to the show barn waiting in line in the heat, the animal was stressed- Sweet thing was pulled from the trailer and once again the efforts of many, working many hours the animal died, but not because people didn't try. Thanks to all of you from the bottom of our heart. When people have trouble the Lynn County Bunch bands together to help the fellow friend. We are so lucky to live in a free country with

such great organizations as 4-H and FFA. Our hearts are made humble by your acts of kindness and our thoughts are that every child and parents should have the opportunity to be a part of this fine group of people. Maybe some day, some way we can repay all of you for all you've done for us.

Sincerely,
Rochelle and Rhonda Reid

Farmers Wary Of Reports Of Water Well Pollution

South Plains farmers should be aware of the possibility of new restrictive government rules on chemical use as a result of recent reports of water well pollution at various places in the area, a group of about 75 water district officials and interested cotton growers and others was told recently in Tahoka.

Wayne Wyatt, head of High Plains Underground Water District, Lubbock, was the primary speaker at a meeting of the South Plains Assn. of Soil and Water Conservation Districts which met at Lyntegar Electric Co-op Feb. 22.

Wyatt discussed several situations over the state which he indicated could cause the legislature to vote for more stringent rules on water usage and also on use of certain herbicides and insecticides that might apply to the entire state, although some of the situations which could bring this

about are isolated in water districts in South Texas.

He noted that San Antonio city officials are wanting restrictions put on irrigators in that area who the city claims are depleting the water level. Wyatt said there could be a battle in the legislature to put restrictions on how much irrigation water farmers may pump, and there might be an effort to apply any new groundwater laws throughout the state.

Hosting the meeting was the Lynn County SWCD, with chairman Lit Moore of New Home.

Among SWCD officials present were Fred Squyres, state board member and field representative, from Paducah; Bob Buckley of Temple new executive director of the State SWCD; and W.O. Richards, state association board member.

The local SWCD served barbecue lunch to the group.

WINNERS AT HOUSTON—Todd Houchin, son of Gary and Mary Houchin of Wilson, and a sophomore at Slaton High School, exhibited the champion Chester White junior market barrow, a 253-pound heavy-weight barrow, out of 145 entries at the Houston Livestock Show. Grady Thompson of New Home, not shown, exhibited the first place medium weight Chester White barrow in the same division.

Emergency Farm Loan Applications Being Accepted

Applications for emergency farm loans for losses caused by drought conditions are being accepted at the Farmers Home Administration (FmHA) office located in Tahoka, FmHA County Supervisor Curtis Barlow said this week.

Garza County is one of 24 in Texas recently named by the Secretary of Agriculture as eligible for loans to cover part of actual production losses resulting from the drought conditions. The Tahoka office serves Garza County, Lynn and other counties in the service area are not included in the emergency loan program.

Barlow said Garza farmers may be eligible for loans up to 80 percent of their actual losses or the operating loan needed to continue in business

or \$500,000, whichever is less. For farmers unable to obtain credit from private commercial lenders, the interest rate is 4.5 percent.

"As a general rule, a farmer must have suffered at least a 30 percent loss of production to be eligible for an FmHA emergency loan," Barlow said. Farmers participating in the PIK or Federal Crop Insurance programs will have to figure in proceeds from the programs in determining their loss.

"Applications for loans under this emergency designation will be accepted until Oct. 23, 1989, but farmers should apply as soon as possible, he said.

The FmHA office in Tahoka is open from 8 a.m. to 5 p.m. Monday through Friday.

Lynn County Records An Increase In Aquifer Groundwater Levels

Lynn County groundwater levels rose by 0.45 of a foot, indicating a net increase of 10,402 acre-feet of water to the Ogallala Aquifer last year, according to depth to water measurements taken from 40 High Plains Undergound Water Conservation District No. 1 observation wells within the county.

The average annual change in groundwater levels for Lynn County from 1979 to 1989 is an increase of 1.27 feet. Groundwater levels increased an average of 1.69 feet during the five-year period from 1984-1989.

Groundwater levels in the Ogallala Aquifer declined an average of about one-half foot within the Water District's 5.5 million acre service area during 1988.

Very poor soil moisture conditions prior to spring planting, coupled with below average precipitation over most of the area during the growing season, caused irrigators to apply larger and more frequent irrigations than normally required.

By comparing the 1988 depth to water measurements with those taken from the observation well network during January 1987, staff members were able to note the change in groundwater levels.

The 1988 measurement data revealed average annual declines in nine of the 15 counties in the High Plains Water District. The counties are Castro, Deaf Smith, Floyd, Hale, Lamb, Lubbock, Parmer, Potter and

Randall Counties.

The remaining six counties within the district, including Lynn County, showed a rise in groundwater levels during 1988.

High Plains Undergound Water Conservation District No. 1 officials commended Lynn County producers for improving their water management, which has played a major role in slowing the rate of decline from the Ogallala Aquifer.

Green Thumb Honors Workers

In 1959, the American Legion sponsored the first "National Employ the Older Work Week" to draw special attention to the growing and valuable resource of older workers in our nation's labor market.

The week of March 12-18, commemorates the 30th anniversary of this special recognition and Green Thumb, a Senior Community Service Employment Program, funded by the Department of Labor, encourages both public and private sector employers to join them in acknowledging the important contributions older workers provide to our state and nation.

Joe Rankin, President of Texas Farmers Union, which sponsors Green Thumb, invites employers "to utilize an abundance of talent, resourcefulness, and experience by hiring senior Texans. Programs such as Green Thumb assist older workers in improving their employment futures through job placement with public and private employers throughout rural Texas.

"We at Farmers Union take very special pride in our affiliation with Green Thumb, which currently provides part-time employment and training for over 1,100 program enrollees in 129 Texas counties."

Texas Farmers Union Green Thumb places enrollees age 55 and older with local non-profit organizations to provide needed manpower services in such areas as senior cen-

ters, day care and headstart programs, schools, public works, weatherization, libraries, and municipalities.

"During National Employ the Older Worker Week, and every other week, Texas employers should utilize one of our state's most valuable resources—the older worker. Hire experience, dependability, reliability and dedication—Hire An Older Texan!" Rankin concluded.

There are eight employees from the Lynn County area, they are: Audrey Akin, Tahoka, Senior Citizen Center; Annie Belle Stice, Tahoka, Museum; Lylia Knight, Tahoka, Tahoka Health Dept.; Joe Rodriguez and Clarissa Henderson, Wilson, City of Wilson; Josephine Nava, Wilson, I.S.D.; Tressie Senkirk, O'Donnell, Museum; and Lois Haire, O'Donnell, Senior Citizen Center.

One Mans Medicine Another Mans Poison
March is poison prevention month and we would like to point out the dangers of a less familiar type of poisoning accident. That is taking someone else's prescription medicine because the symptoms of an illness appear to be the same as yours.
Only your physician can properly diagnose your medical problem and prescribe the specific drug to help overcome that problem. Rely on him, for today's medicines are very potent and it would be a risk to use a drug that may not be the right one for your illness. Don't take a chance — don't take any one else's medicine.

Fruit Fluff Squares
By: BETTY UNFRED

Crust:
12 chocolate and vanilla creme cookies, crushed
2 tbs. butter or margarine, melted.
For crust, combine crushed cookies and butter; mix well. Reserve 2 tablespoons mixture; press remaining mixture evenly onto bottom of 9 inch square baking pan.

Fruit Fluff:
1 envelope unflavored gelatin
1/4 cup cold water
1 7.2 oz. package fluffy white frosting mix
1 8-3/4 oz. can fruit cocktail, drained

1 8 oz. carton orange-flavored yogurt (if desired, one's favorite fruit-flavored yogurt may be used)

For fruit fluff, soften gelatin in water; stir over low heat until dissolved. Prepare frosting mix according to package directions; gradually fold in gelatin, fruit, and yogurt.
