Crosbyton Scalps Bulldogs, 44-6

by scholastic and other casualties, fense. went down 44-6 to the Crosbyton Chiefs here last Friday night.

This week the Bulldogs face unbeaten Shallowater in the Mustangs' home corral, before returning home to face New Deal next week in the penultimate game of the season.

Crosbyton running back Duane Moore scored all five of Crosbyton's first-half touchdowns to make it 36-0 at halftime. Tahoka came back to play the Chiefs on equal terms in the last half, being outscored 8-6. The third quarter was scoreless, but near the end of the quarter, junior Trey Nance, playing quarterback for the first time in a varsity game, connected with end Cody Bailey on a 30yard pass play which carried down to the Crosbyton 1-yard line, and on the first play of the fourth period, Nance kept the ball and scored from the 1. The extra point failed, and Tahoka trailed 36-6. Lennie Moreno of Crosbyton scored later in the quarter on a 12-yard run.

Bailey caught four passes for 63 yards and end Adam Holland caught one for 10 yards. Nance completed 5 of 9 attempts, but had two inter-

everybody to get out of the way.

Out Of The

by Juanell (Wood) Jones

I was rummaging through the kitchen pantry the other day looking

"Yeah, I'd like a new car," he said. Good grief ... I don't know how

He has a good point, though. We have two vehicles at our house,

one of which I guess could be considered reasonably attractive (if one

was attracted to those kinds of things). The other metal thing sitting

on four wheels in our driveway (I hesitate to even call it a vehicle) is

on its last legs and in the past few years has developed a serious case

of "automobile rot." This is where any appendages sticking out in the

interior of the car start to fall off, and pretty-colored wires underneath

the dash begin a gradual descent until you're not sure if you should

stick your foot through all those electrical things dangling down to get

to the brake or to just throw it in neutral to slow down and holler for

My husband bought this car when he was in high school 15 years

ago. It was a pretty good car until it came down with this "rot" about

8 years ago or so. It began in the vinyl roof and slowly seeped its sinister

way into the car from all sides. The vinyl developed hideous flakes and

holes, and people hid their faces when we drove by. The fenders began

to crumple and headlights dangled at odd positions, enabling us to see

in the dark for a left turn at all times, and then the body paint decided

Then the rearview mirror fell off. Every year when it was time to get

an inspection sticker we would get the "superest" super-glue we could

find and stick it back on. It would stick if you held it in place for a

couple of days and didn't drive over any bumps on the way to the inspection sticker place. Then it would crash down on some unsus-

pecting knee or toe when it got tired of hanging on to the glass. We

did this for several years until we decided for safety's sake to pretend

that particular model car didn't come equipped with a rearview

This worked well for about two years, because we didn't drive the

car at all and forgot to get it inspected. When we moved to Tahoka,

the car was the last thing we moved ... in the dead of night ... and

guess who saw us. This DPS trooper had eyes like ... like ... well, like

my mother when we were kids and she could see through the wall into

Today, I still drive that car (yes, Mr. Trooper, sir, we get it inspected

every year whether it needs it or not). When I want to roll down the

window on the driver's side, I have to attach a handle that I keep in

the glove box. If a passenger wants to roll down the other window, I

let them have my handle (we only have one). The windshield wipers

still work, if you help them get started, and the blinkers work if they

the next room and tell we were doing something wrong.

it would leave and go find another car to grow on.

for something to cook for supper, and I asked my husband, "Is there

Woods

something you want that we haven't had in a while?"

The Tahoka Bulldogs, decimated team in tackles and assists on de-

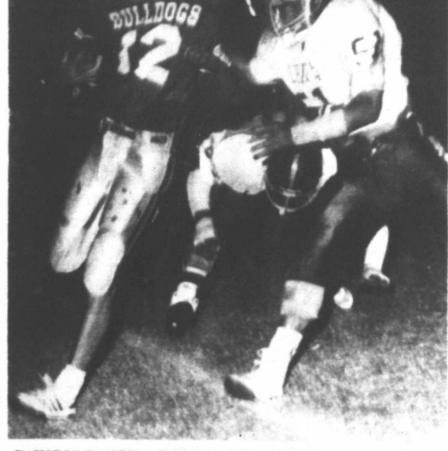

Coach Joe Paradis said center Roger Aleman and guard Ray Mulanax did good work on offense.

Tahoka Twirlers Do Well In **U.I.L.** Contest

The Tahoka High School Band traveled to Jones Stadium on the Texas Tech campus Tuesday, Oct. 17, for the UIL Marching Contest. The band earned Division III (Good) and Division II (Excellent) ratings for their performance. Twirlers Kathy Amador and Allison Rhodes earned Division II ratings on their twirlers solos, Eden Williams and Terri Solomon earned Division I (Superior) ratings. A twirling trio performed by Kathy Amador, Allirecovered fumbles for Tahoka, while son Rhodes and Eden Williams

GAINFOR TAHOKA-Quarterback Trey Nance is chased out of bounds on this running play after a short gain against Crosbyton. The Chiefs won the game here last Friday night 44-6. Nance did score the Bulldogs' only

It's Time To Turn Back Clock This Weekend

Hickory dickory dock; The mouse ran up the clock. But I really must say

That's the wrong way,

Because on the last Sunday in October, you're supposed to run the clock back, or when you go to church next day, you're gonna be in for a shock,

The annual change from daylight time to standard time is scheduled for 2 a.m. Sunday, which means Lynn County residents, like everyone else, should turn their clocks back an hour before retiring Saturday night. In other words, if someone goes to bed at 11 p.m., he should set his clock at 10 p.m. and enjoy an extra hour of sleep.

Daylight time is in effect from the first Sunday in April to the last Sunday in October.

O'Donnell Clinic To Re-Open Soon

Open house is being planned for O'Donnell's South Plains Rural Health Clinic. Since the closing of the Health Clinic in O'Donnell, area residents have questioned why, and asked the board to consider it's reopening. St. Mary's Hospital in Lubbock hired Josie Alvarado and later, Gloria Valdez, registered nurses to work in the Rural areas to help the low income receive the needed medical attention. They, with Dale Read, Superintendent of O'Donnell School, have been working on the Clinic which opened this month.

Booster Club To Honor Jr. High

There will be a special meeting of the Tahoka Booster Club to honor the Tahoka Junior High athletes on Tuesday, Oct. 31 at 7:30 p.m. in the THS Library. All parents of Junior High athletes are invited to attend.

There will be a film of the junior high game shown at the meeting, according to Coach Joe Paradis.

On Wednesday, Nov. 1, the public is invited to see the Clinic, meet the personnel and set appointments. The Clinic is open every Wednesday from 9 a.m. to 4 p.m. and is located on 5th street in O'Donnell, next to the tax office, in the school building. Appointments can be made by calling O'Donnell 428-3490 or Community Action in Tahoka 998-5094.

BASKETBALL BEGINS-Tahoka girls basketball workouts began this week. The girls are working out twice daily under supervision of Coach Steve Qualls. Shown here are four players in line for use of the ball. From left are Kim Ingle, Jennie Wells, Connie Parker and Tavia Lawson. In December, the girls team will play a game at Reunion Arena in Dallas prior to a Dallas Mavericks game. (LYNN COUNTY NEWS PHOTO)

New Home School, Homes Burglarized

New Home High School and several residences in the county were reported burglarized during the last week and charges were filed this week against two persons in relation to a recent break-in at T-Bar Country

The high school superintendent's office at New Home was burglarized in the early morning hours of Oct. 18, after a knob was broken on the office door. Files were pried away to gain access to the handle of a safe. Taken from the safe were bills and change totaling \$550. Nothing else was reported missing.

Lynn County Sheriff's Dept. officers said charges of burglary of a building were filed this week against

Adult Education Classes Planned

Basic adult education classes began Monday at Tahoka High School, but interested persons still may start the classes, according to school counselor Sherri McCord, coordinator of the adult education program, who urged all interested adults to attend the classes which will be offered in three categories.

Classes are offered in English as a cond language, GED for those seeking the equivalent of a high school diploma, and "Amnesty" for those who want to fulfill immigration requirements.

Classes are offered on Mondays and Wednesdays, from 7-9 p.m. in rooms 131 and 132 of Tahoka High School. Persons desiring more information may call Mrs. McCord at 998-4538:

Halloween Haunted House Slated

The Future Homemakers of America organization at Tahoka High School is again this year sponsoring a "Haunted House" on Halloween night for children. The haunted house is for children from preschool through sixth grade, only.

The haunted house will be located in the Home Economics Building at the corner of Avenue P and second street. The house will be open from 7-9 p.m., on Oct. 31. The charge of admission is 50 cents per child. Each child will be given a goody bag of safe treats when leaving the house.

Thomas Glisson, 18, of Tahoka, and James Kirk Pierce, 21, of Lubbock, in connection with the burglary of T-Bar Country Club's main building on Oct. 7. Items taken at that time, plus damages, were estimated at about \$3000. Most of the articles stolen have been recovered and returned to

On Oct. 18 Christina Muse reported her residence two miles south of Union Gin on FM 2192 was burglarized and the kitchen and a bedroom ransacked. Among items missing were a .22 rifle, microwave oven, two radios, two telephores and a cooler chest.

A house owned by Mrs. Jim McMahon of Lubbock near Gordon Gin burned the night of Oct. 11 and it later was determined that all the furniture in the house had been stolen prior to the fire.

The home of Modesta Vasquez about 6 miles northeast of Wilson was reportedly burglarized last Saturday. Stolen were a microwave oven, wall clock, hat tree and a 24inch Catalina color TV.

Don L. Fleming of Lubbock reported burglary of a garage at a residence 2.5 miles north of Tahoka on U.S. 87 between Oct. 10 and Oct. 24. Tools and tires, total value estimated at \$445, were stolen.

Porfirio Garcia, 48, of Tahoka, was sentenced to 20 years in prison last week after pleading guilty before District Judge George Hansard of a charge of murder. Garcia was accused in the shooting death of Juan M. Cortez in Tahoka March 5.

Tahoka Police Dept. investigated three family disturbance calls during

In jail during the week were one person each for assault and fleeing from a peace officer. The county jail was also housing 15 federal prisoners as of Wednesday.

Lady Raiders Set **Workout In THS** Gym On Nov. 2

Texas Tech's Lady Raiders basketball team, coached by Marsha Sharp, will work out from 4 p.m. to 6 p.m. Thursday, Nov. 2, at the Tahoka High School gymnasium. Any interested persons may come and watch the Tech team during the workout.

Tahoka High School girls basketball coach Steve Qualls said he invited the Tech team to conduct a regular workout here so that the Tahoka girls could see what a college team does in workouts.

Lady Raiders assistant coaches are Linden Weese and Karla Kitten. The Lady Raiders finished third in the Southwest Conference last

Tahoka Girls Team To Play Game In Reunion Arena

On Dec. 22, the Tahoka High School girls team will play before their largest crowd ever as they are scheduled to take on Class AA Alba-Golden in a game at Reunion Arena in Dallas prior to the professional men's basketball game between the Dallas Mavericks and the Los Angeles Clippers.

Tahoka girls coach Steve Qualls said that tickets are priced at \$11 per seat, including both games. Anyone interested in attending the games should contact Qualls, who said only a limited number of tickets is available. He may be contacted at the school, 998-4538.

Qualls said Alba-Golden is in East Texas, near Tyler.

He said the Tahoka boys team may play a game at Reunion Arena

feel good that day and there's nobody behind you anyway. There is only one redeeming quality about this car, and we all know what that is: it's paid for, from the top of its hideous roof to the bottom of its tread-less tires. But even that wonderful fact is about to fade away into the sunset. It really is time for us to buy another car, and in my next column I'll tell you just how to go about it. Happy driving.

The Mobile Breast Cancer Detection Unit of Odessa, Texas, which services Tahoka recently received the certification of the American College of Radiology Mammography Accreditation Program.

Mammography is an x-ray examination of the breast, which the American Cancer Society and other medical experts see as the best means for early detection of breast cancer.

The program is voluntary and is designed to insure that women receive optimum quality mammographic examinations. The process is done through a peer review evaluation of the facility's staff qualifications, equipment, quality control and quality assurance programs, image quality, and breast dose. The accreditation must be renewed every three years.

The accreditation program was instituted because of the concerns of radiologists, other national medical organizations, and the public that qualified personnel perform and interpret mammograms and that dedicated mammographic equipment be used. The American College of Radiology received an American Society Control Grant which was used to pilot test the Accreditation Program.

Breast cancer will strike one in 10 American women. The American Cancer Society predicts that about 41,000 women will die of breast

cancer this year. As there is no way to prevent the disease, early detection and treatment offer the greatest hope for survival.

The American Cancer Society recommends that women do monthly breast self-exams and have regular physical breast exams by a doctor. It further recommends mammography on the following schedule:

A baseline mammogram (for reference) between age 35 and 39. A mammogram every one or two

years between age 40 and 49. An annual mammogram from age

The Breast Cancer Detection Unit will be in Tahoka on Tuesday, Oct.31. Call 998-4533 for an ap-

Antonio Saldana **Guest Speaker** At Meeting

The Parents and the Parent Advisory Committee for Chapter I Regular and Chapter I Migrant will have their first meeting on Nov. 7, in the School Cafeteria. The meeting will be held from 3 p.m. until 3:30 p.m.

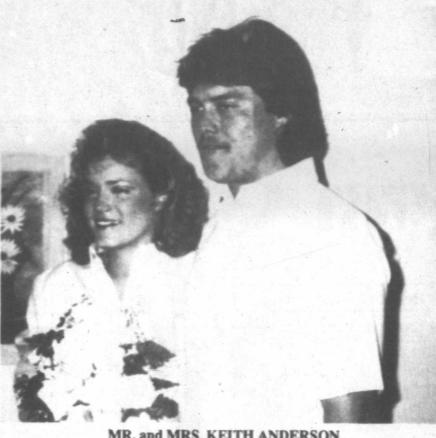

Antonio Saldana, Migrant Consultant from the Region XVII Service Center in Lubbock will present a short program on Life Management Skills. All parents and interested persons are urged to attend this meeting of the Parent Advisory Commit-

MR. and MRS. KEITH ANDERSON (nee Penny Renea Whitten)

Couple Exchange Wedding Vows

Penny Renea Whitten and Keith Lane Anderson were married Friday, Oct. 20, at 7:30 p.m. at Lamesa in the home of the bride's parents, Walter and Ann Dunham. Parents of the groom are Glenn (Bonzo) and Wanda Anderson of

Honor attendants were Liz Burton, sister of the bride and Danny Cook,

Penny is employed by K-Bobs of Lamesa and Keith works for West Texas Industries in Lamesa. The couple will live in Lamesa.

Oil and Gas Well **Completions Decrease**

Texas oil and gas operators reported 177 gas and 387 oil completions in September, according to Railroad Commission Chairman Kent Hance. In August total was 266 gas and 523 oil completions. September 1988's total was 192 gas and 509 oil completions.

Hance said 1,236 drilling permits were issued by the Railroad Commission in September. In August, the total was 1,403. September 1988's total was 1,125.

Randall and Janna Baccus of Brownfield announce the birth of their daughter, Kendra Leigh, born Tuesday, Oct. 17, 1989 at 2:30 a.m., at Methodist Hospital in Levelland. She weighed 5 lbs. 8 ozs. and was 18-1/2 inches long.

Grandparents are Ted and Sandra Jourden of Levelland and Roy and Anita Baccus of Seminole.

Great-grandparents are Harold and Juanita Warren, formerly of Tahoka, now of San Angelo and Evan and Essie Jourden of Level-

Shirley and Robert Draper of Tahoka are her great-aunt and uncle.

According to the American Cancer Society, one out of ten women will develop breast cancer sometime in her lifetime. It is currently estimated that over 37,000 women die each year

as a result of breast cancer. Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival rate. The cost is only \$60.00.

Curry Presents Data At Research Sessions

By JACOUI LOCKABY **Texas Tech Journalism** Student

Zane Curry, a Lynn County resident and an instructor in the department of Merchandising, Environmental Design and Consumer Economics at Texas Tech University, recently gave a presentation at two regional research conferences.

The presentation given by Curry, "Supporting Environments" was taken from his Masters Thesis "Rural Housing Alternative Designed for Mature Adult Residents," he said.

The first conference was the Sixth National Forum on Research in Aging held in Lincoln, Neb., Sept. 20-21.

This conference focused on the problems faced by the elderly and what can be done to solve them, he

According to Curry, who lives about five miles west of Tahoka, the people attending this conference had one thing in common-doing research on the elderly.

The second conference was the Eleventh Annual Society on Aging and was in Ft. Worth, on Oct. 4-5.

The focus for this conference was designing desirable environments for the elderly and also solving problems of the aged, Curry said.

1829 South 7th

In designing environments for the elderly, it is important to keep not only their independence in mind but also to have assistance readily available if they need it, he explained.

A wide variety of people took part in the Ft. Worth conference. They came from different areas and backgrounds, but had the common goal of discussing research of the elderly and society, he said.

Curry said there was a combination of 2,000 or 3,000 professionals and laymen from New Mexico, Texas, Louisiana, Arkansas and Oklahoma who attended the confer-

At the conferences, Curry attended different workshops on ways to help the aged, he said.

The paper Curry presented at the two conferences was on the survey of the needs of the mature adult which he conducted in Lynn County.

Curry said that although he submitted his paper to both conferences, it is unusual to be accepted to more

"The mature adults are a major part of the community," Curry said,

AHA Chapter Elects Officers

The Lynn County Chapter of the American Heart Association (AHA) met recently and elected new officers for 1989-90. Named President was Alecia Curry; vice president Doug Hall; treasurer Jo Beth Renfro; development chairman Annis Godfrey; program chairman Pat Glisson; and secretary Diann Reynolds.

Vice President Hall stressed that the AHA is dedicated to doing all it possibly can to make problems of the heart a thing of the past as soon as possible. "But they do need help from everyone," he said. "There are several fund raising programs planned for the near future. These have been great in the past because you (area citizens) supported us when we needed you - and that need has not ended. We need you now," he emphasized.

On Oct. 30, telephone calls will be made for the Telepledge to be held. "Please answer your telephone (7-9 p.m.) with an open mind and a pledge on your lips," Hall said.

Nov. 11 is the date set for the AHA Turkey-Walk, with turkeys given for miles walked. The organization also plans to have a bike ride along with the turkey walk. "We look forward to a great turnout of pledges and participants," Hall added.

A volleyball tournament and basketball tournament is also in the planning for the coming months.

"We need you and many people have needed the results of the AHA's labors and are living today to prove our work," Hall said. "Please help us. You don't have to make donations at just these events mentioned - we'll take your donations anytime. Try us, you'll see how agreeable we can be. We love you for your help," he con-

Lupus Victims Support Groups Meets Monthly

The Lubbock support group for lupus victims meets on the third Sunday of each month, and all Lynn County residents are invited to attend the meetings.

The group meets at Lubback General Hospital in the medical building classroom No. 1. The invitation was issued this week by a spokesman for the group who explained that October is Lupus month. The October meeting already has been held, and the next meeting will

Mary Lou Boggus of Corpus Christi recently visited her mother, Mrs. Ava Lichey, and was with her when Mrs. Lichev had eye surgery. Mrs. Lichey then went to Corpus Christi with her daughter for an 8day visit. On the return trip, Mrs. Lichey visited with her grandson, Roddy Boggus, during a layover at Dallas-Fort Worth airport.

WILSON CLASS OF 1949-Members of the Wilson High School Class of 1949 had a reunion Oct. 14 in the Mercantile Building in Wilson. These members were present. Seated in front is Nelda Raymond Chapman. Front row, from left, are Patricia Smith Williams, Anna Jo Joines D'Elia, Lucille (Tiney) Perkins, Balfa Joy Rector Ballard and Dora Yeater Phillips. Back row, Earnest Kolodziejczyk, Alton Kelley, Tommy Bednarz, W.J. Johnson, Jimmy Coleman, Charles Miles, Lyndon Petty, Doug Milliken.

Wilson News

The congregation of First Baptist Church in Wilson will celebrate their 75th Anniversary on Sunday, Oct. 29. The church was organized on Oct. 18, 1914, with 16 charter members. Rev. Benny Hagen of Cisco, who pastored the Wilson church from May 1966 to March 1969, will be preaching during the morning worship service.

Following a covered dish lunch will be a service at 2 p.m. Rev. Darold Baldwin, pastored of the church from June 1969 to December 1972, will bring the message at the afternoon service. All former pastors present will be given an opportunity to reminisce.

Former Music Director Kyle Collier of Morton will lead the music and bring special music for the day.

All former members and guests are invited to be a part of this "Great Day." Pastor of the Wilson Church is Bob Lankford.

(The following is an article written by a student in Mrs. Womack's English II class.)

On Monday, Oct. 16, Katie Kiefer from Channel 28 News gave a presentation on the importance of education to the English II Class at Wilson High School. The class was to take notes on the presentation and prepare a news story.

Ms. Kiefer informed the class about her job and how an education helped her get the job she wanted. She said that when she was younger, she watched the news and knew that was what she wanted to do. Ms. Kiefer also explained the term, "Insurance in Life" to the class. She made the statement, "If you have an education, you have your 'Insurance in Life'. You can do anything you want to do if you have an education."

Ms. Kiefer related several of her personal experiences to help the class realize the importance of an education and obtaining goals.

Thursday, Oct. 26, there will be a health screening clinic sponsored by the Texas Department of Health at the Wilson School. Between 8 a.m. and 4 p.m. community members are encouraged to take advantage of the services available which include blood pressure check, test for anemia and diabetes, and a cholesterol screening (for a small fee). this is being done as part of drug awareness week.

On Friday and Saturday, Oct. 27-

28, the Second Annual Arts and Crafts Fair will sponsored by the Junior Class. On Friday selected booths will be open from 3-7 p.m. A Baked Potato Blitz will be served in the cafeteria from 5:30-7 p.m. with adult tickets \$4 and children under 12, \$3.

On Saturday, all booths open at 8 a.m. At noon there will be a chili cook-off between the Wilson FHA and the Klondike FHA. Also at noon, the Cow Patty Bingo will be played in the parking lot. Tickets are \$5, and the winner will receive \$500. At 1 p.m. the Levis and Laces square dance group will be performing. Sixth graders will present a short play, Rumplestiltskin at 2 p.m. The library will have Halloween activities at 2:30 followed by Rumplestiltskin again at 3 p.m. and a repeat of the library presentation at 3:30. In the high school auditorium the theater arts class will present Halloween Moon at 4:30 p.m. At 7:00 Saturday evening a Halloween Spook House will be held downtown by the FFA and FHA. It will also be open on Tuesday, Oct. 31.

Everyone is invited to be in Wilson for the events Friday and Saturday.

A shower honoring Connie (Moore) Burton will be held Saturday, from 10-11 a.m. at the home of Mrs. Roy Kahlich. Selections have been made at Whitaker's in Tahoka and Anthony's in Slaton.

The Junior High football team will be traveling to Wellman today (Thursday). Game time is 5 p.m.

On Monday, three-week progress reports will go out. These reports are to inform parents of possible problems that need to be corrected as well as commending students doing outstanding work for the six weeks.

The Wilson 4-H Club and Boy Scout Troop 755 participated in the Drug Free America/Drug Free Texas campaign. Red ribbons were placed throughout Wilson in an effort to raise awareness for this statewide and national campaign. Their efforts are appreciated.

The Band Booster Band will be participating with the Wilson Mustang Band Friday night during the Wilson/Wellman game. Anyone wishing to be a part of this fun group please call Band Director Jack Woody at Wilson High School.

Many activities have been prepared this week in conjunction with

the Texas Red Ribbon Campaign that is promoting a drug-free America. Today (Thursday) a community program will be presented by Jerry Phillips of Lubbock at 7:30 p.m. in the high school auditorium. At the same time, Jr and Sr. high age youths will attend a program in a room of the high school building while elementary age students will attend one in an elementary room. FHA will provide child care for those below school age in the home economics building. All parents and concerned community members are encouraged to attend this program.

Friday is elementary decorate contest. They are to decorate a T-shirt, jeans, ribbons, etc. FHA will hand out red ribbons at the football game. There will be a half time promotion for Red Ribbon Week. More information will available at the Information booth at the Crafts Fair.

The PTO will be taking reorders on their "Wilson Winner" shirts beginning Monday, Oct. 30 through Friday, Nov. 3. The shirts will be in by the first of December for those who want to order some for Christmas gifts. T-shirts are available at \$5.25 for children and \$6.50 for adult sizes. A child's long sleeve sweatshirt is \$8.50 and the adult long sleeve is \$10.75. Payment is required when shirts are ordered. Order blanks will be sent home with all elementary students on Monday. Extra forms will be available in the elementary principal's office or from Nan Wied, President of PTO.

The next night PTO meeting will be Monday, Nov. 13.

Halloween Party To Be Held At Wilson

Community children are invited to St. John Lutheran Church for Halloween, Tuesday, Oct. 31, from 7-8 p.m.

Admission will be one can of nonperishable food goods, which will go to San Pablo Lutheran Mission in Lubbock.

Veteran News

Attention all veterans of World War I and II, Korean, Vietnam and other wars veterans that are interested in starting a VFW Post in Tahoka, please meet at Community Center on Thursday, Oct. 26, at 8 p.m. If you have any questions on qualifications to become a member, call Dan Curry or Albert Williams.

Denise Mehaffey Huezo is enjoying her second year as Speech/Language Pathologist with Tahoka I.S.D. and says her best moments are when she sees "that bright light come on in the eyes of a learning disabled or language-delayed child." She believes that "no child comes to school to fail or be a discipline problem. These behaviors are just manifestations of learning difficulties."

Denise is married to Robert Huezo, a mechanical engineer at Reese Air Force Base, and they have a son, Robby, who is 5. They live in Lubbock and attend the Church of Christ. Denise enjoys baking, traveling, and going to the San Antonio Spurs games.

She was raised in Paducah, Cleburne and Harlingen and graduated from high school in Harlingen. She graduated from Texas A&I University in Kingsville in 1986 with a Bachelor of Science in Communication Disorders and certified in Elementary Education. Prior to her association with Tahoka I.S.D., she was Speech/Language Pathologist with the San Antonio I.S.D.

Denise is a member of the Texas Speech/Hearing/Language Assn.; South Plains Speech/Hearing/Language Assn.; and Who's Who Among Students in American Colleges and Univer-

I am a lover of history and I have a somewhat unusual hobby. I collect old tokens used by stores, barber shops, pool halls, bakeries, saloons, forts, and other businesses years ago. The tokens were "good for" 5 cents, 10 cents, or such in trade or merchandise or "good for" a loaf of bread, one drink, one shave, one ride or whatever. They were usually made of metal, and while having the general appearance of a coin, they were made in all shapes and sizes.

I am hoping that if you have a "Letter to the Editor" section or such in your paper that you might mention my search. I know that this request is relatively unimportant, but as our

elderly pass away and the younger members of my family inherit their possessions, tokens and other items are considered junk and thrown out. I do get a great deal of enjoyment from by hobby and I do believe that these concrete reminders of our great heri-

The Texas Agricultural Statistics Service will begin contacting farmers and ranchers across the state in late November for 1989 acreage. yield and production totals and endof-year livestock and poultry inven-

"Adverse weather conditions this year have certainly had an impact on Texas agriculture, and these surveys should help us summarize where the industry stands at the end of 1989," state statistician Dennis Findley explained.

"Information from these confidential surveys conducted by mail, telephone or in person will also help producers make their plans for the coming year.

"Sound production and marketing decisions require good, reliable information and some advanced planning, and our reports provide producers with solid facts and figures they can incorporate into their plan," Findley added.

As always, the Texas service will be trying to keep survey costs at a minimum, so Findley is urging producers to return their mailed questionnaires as soon as possible to avoid follow-up contacts.

"Remember, these are sample surveys, so if you are contacted it is important to provide the requested information, since one producer represents, similar operations of the same type and size. Our estimates can be no better than the numbers producers provide," Findley noted.

Results of the surveys will be published in early 1990. Anyone wanting a copy of the results can write Information Section, Texas Agricultural Statistics Service, P.O. Box 70, Austin, Texas 78767.

EMPLOYES OF MONTH-Eual G. Davis, Oz Longoria, Jonama Cox, Robert Gibbens, Charlie Stice, Helen Saldana and Mario Avila (not shown), the entire SCS staff of the Tahoka Field Office, were recently awarded certificates by Wilson Scaling, chief of SCS, Washington, DC. His letter read as follows: "The SCS staff at Tahoka has been selected as August Food Security Act (FSA) Employees of the Month for Texas. A certificate for each employee is enclosed. Your selection was based on your current efforts to implement the conservation provisions of the FSA of 1985. On behalf of SCS, I commend all of you for your performance that led to this selection and encourage you to continue setting an example for your fellow employees. Your efforts in this regard reflect favorably on the public image of the agency and its assistance to the farmers of this nation."

Services Offered By Struggling Chamber Of Commerce Listed

Officials of the Tahoka Chamber of Commerce, struggling to meet its financial obligations, this week detailed some of the services offered by chamber and issued an appeal for everyone who is eligible to join the chamber and pay dues.

The officials said the chamber, which has no regular annual fundraising events, usually gets the following two questions from prospective members: "Why do we need a chamber of commerce?" and "What will the chamber do for me?"

"If there is going to be any progress, if we are to have an active growing area in which to live, we must have an organization like the Tahoka Chamber of Commerce," said Danny Preston, president of the chamber.

"The chamber is the place people contact when they are considering relocating. We answer letters and send guides and brochures on our town, school system, tax structure, recreational facilities and other information as requested," said Preston. "We are a place concerned folks call when they need to know who sells a particular item, or to check out some kinds of problems. When a new industry considers locating in our area, we are the place the can turn to for help.

"The final answer to both questions is simple: The Tahoka Chamber of Commerce does detailed tasks that must be done if we are able to be a city in motion."

Chamber Secretary Rachel Huffaker said the chamber currently has 77 paid memberships, including both businesses and individuals.

Dance Slated At T-Bar C.C.

TEXAS VOTER'S GUIDE

On The Constitutional Amendments To Be Voted On November 7, 1989 The 71st Legislature in the Regular Session passed 20 joint resolutions proposing 21 constitutional amendments. All of these proposed amendments will appear on the November 7 election ballot.

This Voter's Guide is presented as a public service of the Lynn County News

PROPOSITION 1-HJR 102 (1)

To limit the salary of the Lieutenant Governor and the Speaker of the House of Representatives to not more than one-half of the Governor's salary and to limit the salary of a member of the Legislature to not more than onefourth of the Governor's salary.

O For

Legislators are long over-due for a salary increase from the \$600 a month they are currently making. This salary level ranks them 36th out of 50 states.

Against

Amendment is deceptive; "to limit the salary" actually triples their pay and removes forever taxpayers ability to control their pay scale. Future raises would be tied to the Governor's salary and therefore, the legislators would get a pay raise simply by raising the Governor's salary.

PROPOSITION 2—SJR 5

Authorize the issuance of an additional \$500 million of Texas water development bonds for water supply, water quality, and flood control purposes.

☐ For

The state must continue to protect and preserve its important water resources through such a comprehensive approach.

The use of bonds is debt and violates Texas' pay as you go constitutional mandate. Water promoters already have from previous elections \$1.38 billion in state bond money approved but unused.

PROPOSITION 3—HJR 51

Authorizing the legislature to provide for the recovery and further development of the state's economy, with goals of increasing job opportunities and other benefits for Texas residents, through state financing of the development and production of Texas products and businesses.

In today's economy, it is difficult for the agriculture industry and for small businesses to survive. The state dollars would serve to boost these industries and to improve the economy.

Against

The state should not finance "risky" businesses who cannot obtain financing through regular sources. Voters rejected an almost identical proposal in 1987, because voters object to increasing state debt to subsidize private business.

PROPOSITION 4—HJR 13

To authorize the legislature to exempt property of nonprofit veterans organizations from ad valorem taxation.

☐ For Historically, charitable organizations have not been subject to taxes. This amendment would make clear a previous law and ease the burden making sure charitable organizations maintain their tax-exempt status.

By including charitable organizations on property tax rolls, it increases revenues for cities. Charitable groups, including the veterans, already receive enough benefits.

PROPOSITION 5—SJR 11

Promoting economic growth, job creation, and fair tax treatment for Texans who export goods to other states and nations by restoring and allowing, on a local option basis, an ad valorem tax exemption for certain personal property that is in Texas only temporarily for the purpose of assembling, storing, manufacturing, processing, or fabricating.

The "freeport" exemption would encourage companies to bring their business to Texas, creating more jobs and bolstering economic develop in the state. Proponents say this will boost free enterprise in

Against

PROPOSITION 6-HJR 4

Such an exemption may result in lost revenues to municipal

Authorizing the members of a hospital district governing board to serve

☐ For Allowing for extended terms gives greater flexibility in order to meet

local needs. Extended, staggered terms allows elections to coincide with county elections, saving tax dollars.

Two year terms make board members more accountable to the public and opponents feel it limits government.

PROPOSITION 7—HJR 40

To require that a member of the Legislature, the Secretary of State, and an elected or appointed officer, before assuming office sign a written oath stating that the member, the Secretary of State, or the officer did not engage in bribery to obtain the office.

The written statement, which would eliminate the part of the present oral oath relating to bribery, would have greater significance. The new oath would be shorter and more similar to those used by other

The oral sworn statement against bribery has been used for more than a century. There is no need to fix what is not broken. Why waste tax dollars on another method, when the current one is satisfactory and more cost effective.

PROPOSITION 8—SJR 24

Authorizing the issuance of general obligation bonds for projects relating to facilities of corrections institutions, and mental health and mental retardation institutions and for the expansion of statewide law enforcement

☐ For

Measure provides an additional \$400 million to construct and equip badly needed new facilities for correction institutions and mental retardation institutions.

The use of bonds is debt and violates Texas' pay as you go constitutional mandate. Total repayment on these bonds over 20 years equals \$809.7 million.

PROPOSITION 9—HJR 101

Authorizing the legislature to organize and combine various state agencies that perform criminal justice functions.

Measure attempts to streamline the administration of the state criminal justice system, eliminating duplication of efforts by departments and opening communication in the system.

The plan eliminates the separation of powers among the three branches of government needed to provide checks and balances especially crucial in the criminal justice area to protect the accused.

PROPOSITION 10-SJR 4

Authorizing the Legislature to require or permit courts to inform juries about the effect of good conduct time and eligibility for parole or mandatory supervision on the period of incarceration served by a defendant convicted of a criminal offense.

O For

Allows the jurors to know how much of a prison sentence the defendant would actually be required to serve.

Such knowledge would add confusion to the process and cause jurors to impose longer prison sentences.

PROPOSITION 11-HJR 102 (2)

To set the amount of per diem received by a member of the Legislature at the amount allowed for federal income tax purposes as a deduction for living expenses incurred by a state Legislator in connection with official

Increasing the per diem from \$30 a day to \$81 is justified since costs for room and board during the 140 day session has increased significantly.

□ Against Future per diem increases would be automatic and the citizens would no longer have a vote to control the amount of per diem paid to the Legislators.

PROPOSITION 12-SJR 53

To provide for using the permanent school fund and its income to guarantee bonds issued by the state for the purpose of aiding school districts.

School districts would be able to save money with this program, as it makes use of less expensive bond money.

The program would allow the state to evade the constitutional requirement for voter approval of all state debt created through general obligation bonds.

PROPOSITION 13—HJR 19 Providing a bill of rights for crime victims.

By recognizing their rights, crime victims would be guaranteed a more active role in the judicial process. For too long, victims of crime have not been given free access to the judicial process, even to the extent of being barred from the courtroom. Seeing a criminal brought to justice is a very small repayment for the injuries suffered by the victim of crime.

Against

Victims should be given every courtesy, but their rights should not be allowed to undermine the principle of the accused being innocent until proven guilty. Too, a criminal defendant might feel harassed having the victim in court during proceedings.

PROPOSITION 14—SJR 71

Requiring a District Attorney serving in Fort Bend County to be elected and serve a term in the manner provided by general law for Criminal District

Passage would ease the transition as Fort Bend County divides the office of Criminal District Attorney into two new offices of District Attorney and County Attorney.

Against

Voters statewide do not need to resolve the whims of local officials in one out of 254 counties. The proposal is an attempt to avoid a gubernatorial appointment, the normal procedure, for the new office of District Attorney.

PROPOSITION 15—HJR 32 Authorizing the Legislature to permit and regulate raffles conducted by

certain nonprofit organizations for charitable purposes.

Hundreds of legitimate charitable groups, unaware of the present illegality, use raffles now to raise funds.

Raffles only open the door still wider to legalized gambling. A previous exception for bingo has been abused by commercial operators, gaining little for charities. Opponents feel this amendment goes against traditional family values.

PROPOSITION 16-SJR 34

Granting to the people the right to decide whether to create and maintain hospital districts to protect the public well-being in a manner independent

Local option elections to create such entities better reflect the will of

the citizenry. Against

The proposal would cause a proliferation of hospital districts, with taxing authority, to be established in haste.

PROPOSITION 17—HJR 33 Authorizing the state to provide scholarships, grants, loans, and other financial assistance to local fire departments and other public fire-fighting organizations to purchase fire-fighting equipment, to aid in providing necessary equipment and facilities to comply with federal and state law, and to educate and train their members.

☐ For State assistance would benefit smaller communities which cannot afford to provide adequate services.

State money should not be used to finance a local concern when other financing alternatives already exist.

PROPOSITION 18—SJR 44

To eliminate certain time limitations relating to the issuance of Texas agricultural water conservation bonds.

☐ For Passage would provide for the implementation of the \$200 million Agricultural Water Conservation Bond Program authorized in 1985. The nine-week "window" now available for issuance of the bonds is too narrow.

Against The time limits built into bond programs are there to insure their proper usage and to prevent unnecessary, state debt. The time limit should not be disregarded. \$200 million is also far more money than the program is ever likely to use.

PROPOSITION 19-SJR 59 To authorize local governments to invest their funds as provided by law.

☐ For Passage would allow local governments to earn a better rate of return

on their money.

This proposed amendment would open the door to investment in risky money-market mutual funds by local governments not accustomed to evaluating such investments.

PROPOSITION 20—SJR 16

To abolish the office of County Surveyor in Cass, Ector, Garza, Smith, Bexar, Harris, and Webb counties.

Q For Passage would abolish unneeded positions and save tax dollars.

Maintaining the surveyor job assures public access to the county

survey records.

PROPOSITION 21—SJR 74 Providing for the issuance of general obligation bonds as college savings bonds to provide educational loans to students and to encourage the public to save for a college education.

Bonds will finance student loans and promote long term savings for college education.

Against

Demands for these loans are so low the previous issue has not even been fully subscribed. Why do we need more?
