## City Reported In Good Financial Condition

The City of Tahoka wound up its fiscal year Sept. 30 with more money than anticipated in the general fund, and overall the city appears to be in good financial condition, according to Joe Hays, Certified Public Accountant, who reported on the audit of city finances for the year 1988-89 at Monday's meeting of the city council.

The balance in the general fund as of Sept. 30 was \$98,068, according to City Manager Barry Pittman, who said that the budget for that fund in the fiscal year had projected a balance at the end of the year of \$75,359. In other words, the city had more than \$22,000 over what had been anticipated in that fund.

The audit by the firm of Love, Hays and Musick was reviewed by Hays at the regular meeting of the council, attended by Pittman, Mayor Jim Solomon, and council members Jimmy Huckabey, Dayton Parker, Wayne Tekell and Carl Reynolds. Councilman Milt Uzzle was not present.

A bid for a new pickup for the water department was awarded to McCord Motor Co. of Tahoka, which offered a new Chevrolet pickup for \$11,659.

Police Chief Jerry Webster gave the council a report on activities of the Tahoka Police Dept. for the last month, and also gave a report on activities for the year.

**NEW CHAMBERETTE OFFICERS** - Elected this week as new officers of the Tahoka Chamberettes were, from left, Betsy Pridmore, President; Lenda Wood, Secretary; Jackie Stephens, Treasurer; and Kandy Jay, Vice President. The Chamberettes are a non-profit organization of women who support and promote Tahoka, and is continually seeking new members. The group meets at noon on the second Tuesday of each month. (LYNN COUNTY NEWS PHOTO)

## FFA Stock Show Set Here Saturday

The Tahoka FFA and 4-H Live-stock Show will be held Saturday, Jan. 13. The show will start at 8:30 a.m. at the county barn. This show will be open only to Tahoka FFA and 4-H members.

There will be approximately 5 steers, 30 lambs and 100 hogs. Curtis Preston, County Extension Agent from Silverton, will be judging.

All animals must be in barn and weighed by 8 p.m., Jan. 12. There will be a \$3 entry fee per animal paid upon arrival at show barn. Everyone is invited.

## VFW Post 4336 To Be Instituted

Lynn County Veterans of Foreign Wars Post 4336 will be formally instituted at 2 p.m. Sunday, Jan. 14. This ceremony will be held at Lyntegar Electric Co-op Meeting Room, Ave. J and North 1st street, Tahoka.

Clyde Hall, past State Commander will preside. Sumner M. Clayton, III, Commander, District 7 and District officers will assist in giving the members obligation and the installation of officers.

Families, friends and guests are welcome to attend this impressive ceremony.

Refreshments will be served afterwards.

**Woodwork...**  
  
by Dalton

FROM A FOREST PRODUCTS company called Georgia-Pacific comes a tidbit about soil, including the technical explanation of the composition of soil, which I always figured was just plain old dirt, but which G-P said is composed of microbes and organic matter that "perpetuate plant and animal life...derived from carbon dioxide gas that is filtered through the leaves of trees and other plants, and from water absorbed by their roots."

That didn't sound too exciting to me, but I was interested in the comment that "it takes Mother Nature approximately 600 years to produce one inch of topsoil."

I've always heard of topsoil, and that if you have good topsoil, you can grow good stuff, but I don't know if it means anything other than the soil that is on top of the ground (as opposed to bottom soil, subsoil, middlesoil and sidesoil). And maybe in Atlanta, Ga., where Georgia-Pacific is located, it takes 600 years to get an inch of topsoil added to the ground. Out here, it sometimes takes only about 30 minutes, when the wind is blowing from the west.

THE KILLER BEES are coming. This has been predicted for several years, raising the image of swarms of bees stinging people to death, as in some Grade D horror movie. We've been told for some time that these militant African honey bees are steadily advancing up through Mexico and will soon be in Texas (and implying that eventually they will move northward until all of the nation dies writhing in agony from bee stings, or the hives, or whatever you get from bees).

Anyway, we get bad news and good news from the Texas Agricultural Extension Service, which predicts that these Africanized honey bees now are expected to arrive in the Brownsville area between February and May, this year. Researchers say the bees, popularly known as "killer bees", should arrive in the Rio Grande Valley by August or September.

The good news? Dr. John Thomas of the Extension Service, a beeology expert (only he doesn't call it that), says these bees aren't really killers; they're just mean and ornery. Further good news for West Texans is that they may not be able to live this far north.

"These bees are not going to hunt people down and kill them," he said. Only one person a year dies from bee stings in Texas, and Thomas said he would be greatly surprised if that number increased appreciably with the arrival of the Africanized bees.

But, he cautioned that the bees are much more aggressive than most bees, and will react vigorously when disturbed. "A person who stumbles into their path should get away as quickly as possible," he said in a masterpiece of understatement.

In other words, wherever these little stingers congregate is not a good place to be.

I CAUGHT A fragment of somebody's comment on TV the other night where someone said "it's not good to keep going on yo-yo diets." This is one I haven't tried, I thought, although I have been known to try as many as 12 different kinds of diets in one month. I need to get more information on this yo-yo diet. Maybe you just get a yo-yo and play with it during the dinner hour instead of eating.

## Tahoka's Varsity Cage Teams Zap New Deal

Tahoka's varsity boys and girls teams lost Tuesday night to Seagraves, but last Friday night they won district games over New Deal, with the girls winning big and the boys coming back to win the game in the final seconds.

A 3-point shot from the field by Joe Clyde Hays on Friday, Jan. 5, brought the Tahoka boys from behind in the last 20 seconds, and he also added a free throw to provide the margin of victory in a 55-53 win. Hays, a guard, also led the team in scoring with 15 points, with guard Mike Burleson close with 12 points. Paul Glisson hit 8 points on the inside. Tahoka had led for most of the game, but had fallen behind near the end of the game before Hays' heroics. Hays had two 3-point goals and Burleson had three 3-pointers.

Chasity Hood scored 18 points to lead Tahoka's girls to their fifth win of the season against 14 losses, and their biggest margin of victory this season in a 51-19 win over New Deal. Tahoka led 20-4 at the end of the first period and 37-11 at halftime. Jennie Wells had 12 points and Betsy Huffaker 11 for the Lady Bulldogs.

At Seagraves, the varsity girls lost 58-49 after being outscored 22-12 in the first period; after that, Coach Steve Qualls' team played the Eaglettes on even terms. Hood led Tahoka with 23 points.

The Bulldog boys scored only 2 points in the fourth period as Seagraves ran away with the game 83-30, leaving the Dogs with a season record of 5-13, 1-4 in district.

In the third game of district play for the junior varsity girls, Tahoka's JV lost to Ralls 36-29. Marla Wright led scoring with 10 points. Leah DeLeon and Nickie Harvick had 5 each.

The jayvee girls traveled to New Deal Jan. 5, beating the Lionesses 26-25 as Lucy Gassiot scored 10. Harvick had 7 and JayJay Wiseman 5. Other girls on the JV squad include Denise Brown, Brandy Burleson and Donna Thomas.

On Dec. 4, the Tahoka 7th grade boys basketball team beat the Crosbyton team on the Chiefs' home court, 36-24. High scorer for the Dogs was Greg Smith with 12 points.

Among others scoring for the 7th grade boys were Wesley Solomon, Rowdy Braddock, Robbie Webster, Conner Krey, Robin Curry, Drew Stone and Chris Rodriguez.

On Dec. 8, the 7th grade boys lost to Ralls 37-30; dropping Tahoka to a 3-4 record for the season. Solomon led Tahoka with 11 points and Smith had 10. Stone, Rodriguez and Justin Whitley also scored for Tahoka.

Tahoka's 8th grade boys hosted a

tournament and advanced to the finals before losing 49-25 to the Lorenzo 8th grade. In the first game, Tahoka edged New Home 26-25 as Michael Solorzano scored 10 points, a total he matched in the finals against Lorenzo.

On Dec. 8, the 8th grade boys beat Ralls 28-27, bringing their record to 3-7 for the season, and again Solorzano scored his 10 points.

Also scoring for the 8th graders in the December games were Chad Lawson, Terry Gwin, Gilbert Resendez, Lane Schuknecht, Doug Smith and Jason McMillan.

Next game for the 8th grade will be at the Lorenzo tournament this weekend.

Katy Huffaker scored 17 points to lead the 7th grade girls to a 31-21 victory over the Ralls 7th graders on Jan. 8 in Tahoka. Also scoring for Tahoka were Shannon Garvin, Jill Jaquess, Lynna Rash, Stephanie Stennett and Lisa Martin.

Also on Jan. 8, the 8th grade girls lost to Ralls 27-22. Top scorer for Tahoka was Miranda Martin with 7. Others scoring were Jennifer Patterson, Kelly Wells, Cindy Ramirez, Cindy Gassiot, Jill DeLeon and Katy Copeland.

The 8th grade girls bombed New Home 26-9 in the first round of the 8th grade tournament here Jan. 6, as Martin scored 6. Battling for first place in the tournament, Tahoka lost 29-22 to Lorenzo. Patterson led Tahoka with 6. Among others scoring in tournament games were Ginger Malone and Renae Williams.

## Sleeper Attacked With Machete

A man sleeping in his home near Wilson was attacked with a machete early Sunday morning, and remained in Lubbock General Hospital this week for treatment of lacerations to his shoulder, head, arm and hand.

Steven Martinez, 29, told officers he was attacked by a 32-year-old relative who later was arrested and taken to Big Spring for psychiatric evaluation. No charges had been filed as of Wednesday morning, but Lynn County Sheriff's Dept. officers indicated that charges of attempted murder may be filed.

Two of the victim's brothers told officers they were awakened by the commotion and found the 32-year-old man astride the victim in his bed, slashing him with a machete. The brothers said they took the weapon away from the attacker.

Also investigated by the sheriff's department was the burglary of the home of Joe Vasquez 3.5 miles northeast of Wilson on Sunday. Among items missing were a Quasar 19-inch color TV, a small stereo, a jewelry box and jewelry and a Montgomery Ward microwave

oven. Entry was gained by forcing a front door.

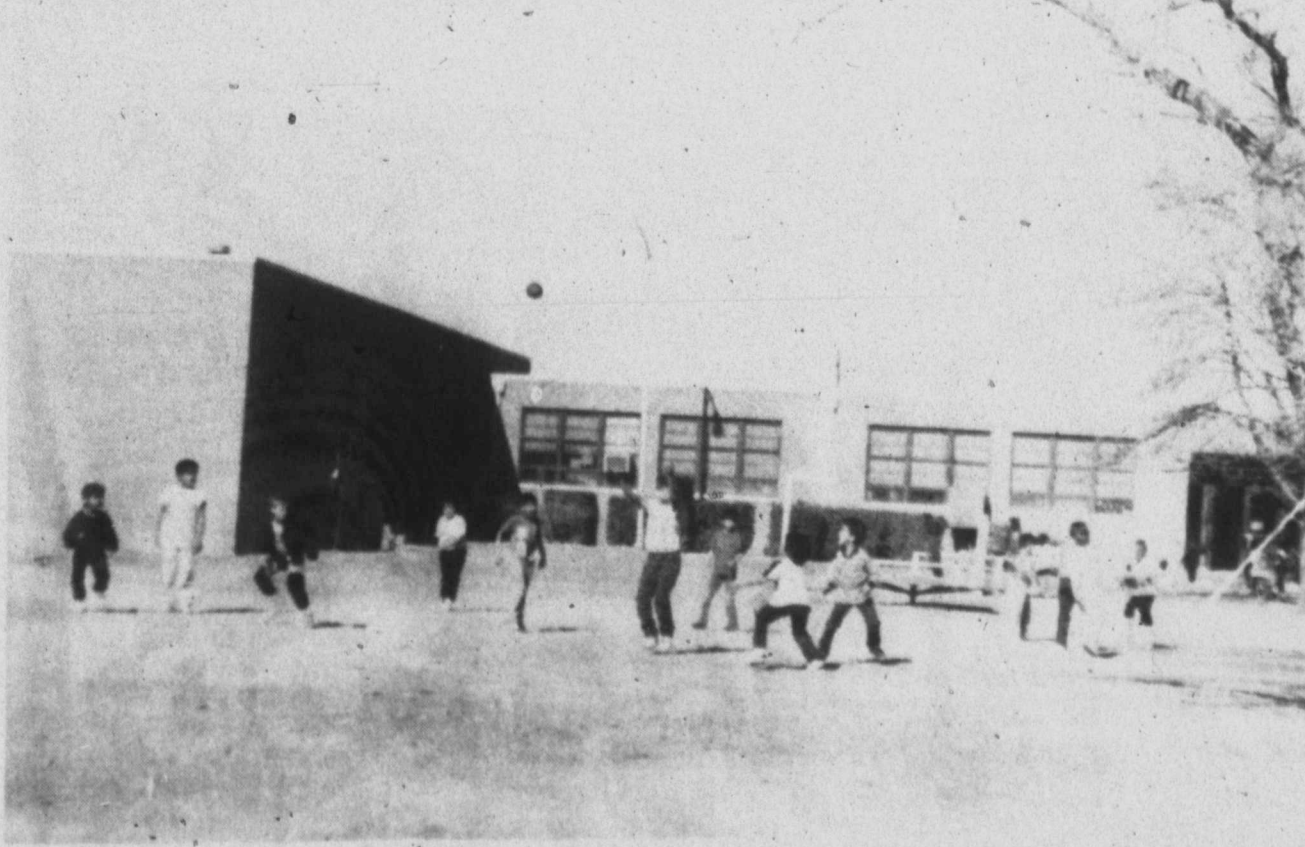

Tahoka Police Dept. investigated a forgery incident reported by Vivian Barnett of Tahoka, who said someone had forged her name on a check at a Lubbock package store for \$55 cash.

Tony Rodriguez reported to police on Friday that someone had stolen his 20-inch bicycle from his residence at 1529 Ave. O.

Mike Smith reported to police Sunday that someone had broken two mirrors off his Toyota pickup parked at his residence, 2325 N. 4th. Damage was set at \$50.

Police Chief Jerry Webster reported that the City of Tahoka had a 28 per cent decrease in burglaries in 1989 as compared to 1988, but an 8 per cent increase in thefts and a 23 per cent increase in the number of arrests by the police department.

Police arrested two persons for driving while intoxicated and one for public intoxication during the past week. These were jailed during the week along with two others for DWI and another for public intoxication.

**Phebe K. Warner  
Club News**

Phebe K. Warner Club met in the home of Lucille Smith with Marilyn Ramsey as co-hostess. There were 15 members present, and Thalia Burks, president, presided.

Zane Curry presented a timely program on the need for and plans for intermediate housing for the elderly in Lynn County. He noted that many of the elderly in our country live in small towns similar to Tahoka and there is a great need here as elsewhere for housing between single family homes and nursing homes.

Curry has made a study of some two hundred persons who are 60 years of age or more. This study was done in connection with his study toward his doctorate in Housing Design. He noted that a primary finding was the concern of elderly people for safety yet some maintenance of independence and privacy. His project, of which he showed plans to the club, would provide these things.

The nominating committee report was given with the following nominees for the coming term: President, Loretta Tekell; First Vice President, Rebecca Ingle; Second Vice President, Mary Belew; Secretary-Re-

porter, LaVerne Lewis; Treasurer, Bennie Carter; and Historian, Louise Smith.

Officers will be voted on at the next meeting of the club which will be in the home of Grace Prohl on Jan. 23.

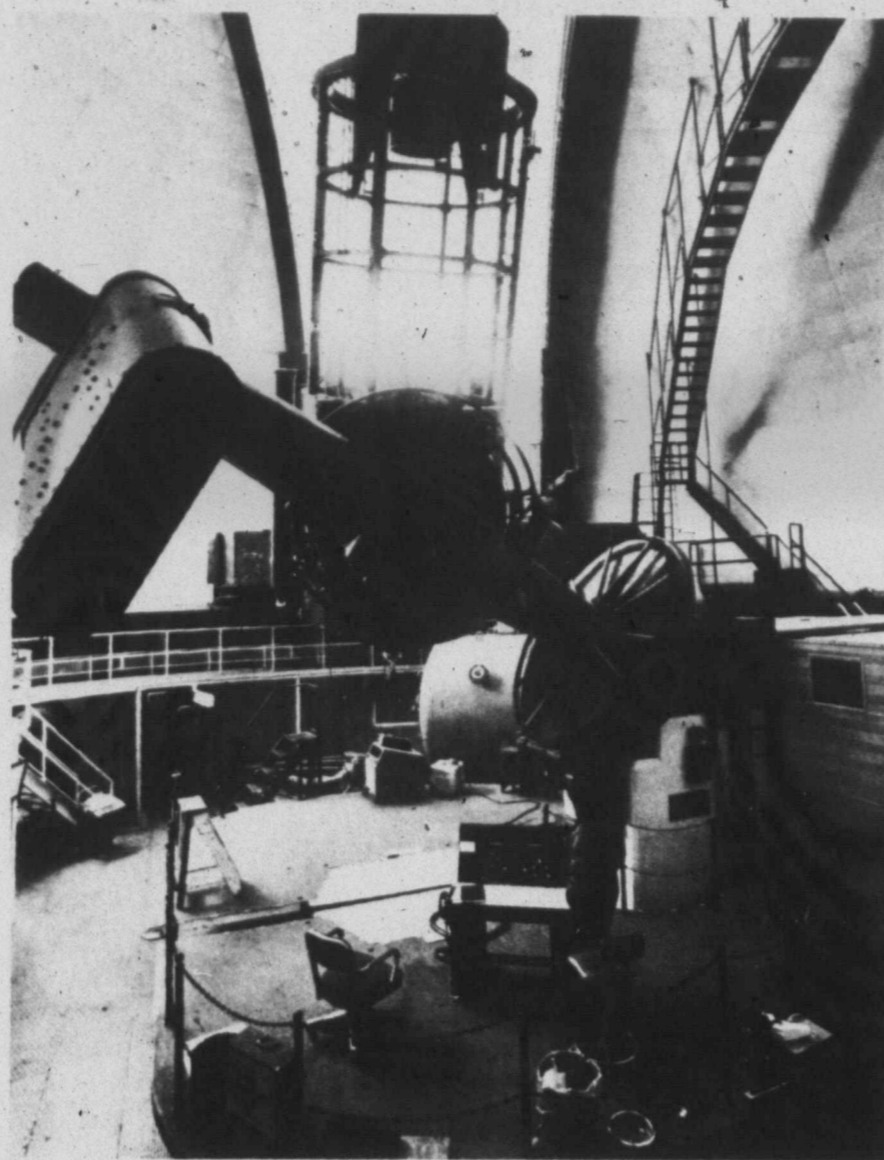

Tahoka Garden Club will meet Tuesday, Jan. 16 at the Lynn County Pioneer Club, 1600 S. 3rd, and lunch will be optional for members. The program, "Designing Wild Flower Meadows," will be brought by Georgia Booker, a national flower show judge from Lubbock.

This will be club's annual Arbor Day program, and they will plant a tree at the center to commemorate Arbor Day.

Some kangaroos live in treetops.

This 82-inch reflector is one of three research telescopes in use at the University of Texas McDonald Observatory near Fort Davis. Completed in 1938 after six years of construction, the telescope was the second largest in the nation and cost \$800,000 to build. The other instruments are 107-inch and 30-inch scopes. The site on 6,791-foot Mount Locke was chosen because of the clear air, high ratio of cloudless nights, and distance from large concentrations of artificial lights. Tourism Division, TX Dept. of Commerce photo.

**EMT Classes  
To Be Offered  
In Tahoka**

A basic Emergency Medical Technician (EMT) course will be held in Tahoka beginning Feb. 13. Classes will be offered on Tuesday and Thursday nights, from 6-10 p.m. There will be approximately 120 hours of classroom instruction dealing with Basic Life Support, plus approximately 50 hours of hospital and ambulance rotation.

Presently, there are eight people interested in this course; however, a minimum of 14 students are needed. The EMT Course will cost \$200 per person. There will be limited financial help for those who agree to help on ambulance service. This is a very good pre-hospital care course to complete, even if one is not interested in working with Lynn County EMS.

For further details, contact any member of Lynn County EMS, or Billy and Jolene Tomlinson (998-4154), or Barbara Cook (998-4752).

Any certified personnel may use this class to receive C.E. hours at \$2 per clock hour.

equipment that the Museum has on display. This proposal was made at the meeting in November, 1989, and a thorough discussion was held as to the possibility of funding, the location in regard to the Museum and the feasibility of such a project. No action was taken as further study is necessary to determine this need.

Melvin Burks reported that a place had not been found to house the old firetruck so that it can be worked on for future display.

The Life Membership plaque has been updated and all names are on it that are current.

Those in attendance at this meeting were Mel Leslie, Mabel Gurley, Lottie Jo Walker, Madeline Hegi, K.R. Durham, Weesie Carroll, Melvin Burks, and Mildred Abbe. Not attending were Auda Norman, Mary Louder, Jim Solomon, Bill Craig, James Roberts, Carl Reynolds and Arlys Askew.

**Construction Work  
Begins On FM 211**

Work was scheduled to begin Wednesday on FM 211, a section of highway 4.9 miles long, from U.S. 87 east to FM 400 at Wilson.

The project will cost \$752,790 and will be handled by Williams and Peters Construction. Frank Phillips will be the resident engineer.

**R** **THE TWO WEEK COMMON COLD**

While you may not associate a two week illness with a minor cold, it is true that some cold viruses are able to linger on for many days. A variety of different viruses can cause common cold symptoms. Some of them can provoke a cough that lingers for a week or more.

Although there is no cure the best procedure is to drink plenty of fluids to help loosen congestion and eliminate toxins from the body. For a severe cold, bed rest is usually a good idea, since fatigue only complicates matters.

**Review Finances For 1990 Planning**

If it's January, it must be time for new year's resolutions. Lose weight. Balance the checkbook. Visit your mother. Plan your funeral.

Plan your funeral? It's not a morbid resolution.

Considering what would happen to your family if you or any other wage-earner should die suddenly should be a normal part of an annual review of the family's finances. January is an ideal time to go through what is called "financial contingency day."

The purpose is simply to review all aspects of your family finances, update needed information and set goals for the coming year. Its side benefits are helping you get records organized for tax purposes and having ready the financial information you'd need in case of a death, accident or major family crisis.

There are several items to consider on a financial contingency agenda:

\*Write out a net worth statement. That means listing the value of all your assets, and listing all your debts. The difference between the two is your net worth.

\*Plan your financial goals for this year. Those could include such things as reducing your debt load, saving a certain amount in a college fund for the children, or financing a new car.

\*Establish a household budget or revise last year's to reflect new finan-

cial goals and/or changes in the family's economic status. If one spouse is going back to work, going from part-time to full time employment or retiring, for example, it will have a great impact on income and expenses.

\*Check with your lawyer to have a will drawn up or to see that existing wills are up-to-date. Review how assets and property will be handled in case of death.

\*Prepare or review a letter of last instruction. This letter informs survivors of financial matters needing immediate attention and also describes what funeral plans, if any, you have made.

\*Re-calculate survivor's income and expenses in case of a death, of a wage-earner. Make out a tentative budget for survivors and list all sources of income they can depend upon.

Younger couples are often especially reluctant to go through this process, although they may need it the most.

Young families often have higher debt loads, more dependents and are less likely to have substantial resources to carry survivors through until they can get back on their feet financially. That makes some planning all the more important.

Most families won't have to put their contingency plans into action, but going through the process will help them get a grip on their family finances for 1990.

**THE STATE OF TEXAS, COUNTY OF LYNN**  
**BY VIRTUE OF AN ORDER OF SALE**

DATED on the 22nd day of November, 1989, and issued pursuant to a judgment decree of the 106th Judicial District Court of Lynn County, Texas, by the Clerk of said Court on said date in a certain suit No. 4681, 3rd styled *Clarise Stephens, Individually, and Martha Stephens and Jackie Stephens, Co-Independent Executors of the Estate of A.P. Stephens, Deceased, vs. Don Stephens and Brenda Stephens, in their capacity as Joint Independent Executors of the Estate of David D. Stephens, Deceased, and for the debt of the Estate of David D. Stephens, Deceased, and to me directed and delivered as Sheriff of said County, I have on the 22nd day of November, 1989, Seized, levied upon, and will on the first Tuesday in February, 1990, the same being the 6th day of said month at the Courthouse door of said County, in the City of Tahoka, between the hours of 10:00 o'clock A.M. and 4:00 o'clock P.M. on the said day, proceed to sell for cash to the highest bidder all of the right, title, and interest of the said defendants in such suit in and to whereas the judgment is a foreclosure of a vendor's lien on the following described property, to wit:*

A 2.398 acre tract of land out of Section 202, Block 4, T.T.R.R. Co. Survey, Lynn County, Texas, and being more particularly described as follows, to wit:  
 Beginning at a point in the East line of Section 202, for the Southeast and beginning corner of this tract, whence the Southeast corner of Section 202, Block 4, bears South, 1288.16 feet;  
 Thence South 65°29'57" West at 38.9 feet pass a 3/8" iron rod and continuing for a total distance of 522.40 feet to a 3/8" iron rod set for the Southwest corner of this tract;  
 Thence North 2°59'04" West, a distance of 91.58 feet to a 3/8" iron rod set for the South-Northwest corner of this tract;  
 Thence North 88°42'47" East, a distance of 232.25 feet to a 3/8" iron rod set for a "L" corner of this tract;  
 Thence North 2°10'48" West, a distance of 212.22 feet to a 3/8" iron rod set for the North-Northwest corner of this tract;  
 Thence North 89°23'10" East at 262.97 feet pass a 3/8" iron rod and continuing for a total distance of 301.75 feet to a point in the East line of Section 202, for the Northeast corner of this tract;  
 Thence South along the East line of Section 202 and parallel at a distance of 1.22 feet West of the centerline of Palm Road 2956, a distance of 281.51 feet to the place of beginning;

Said sale to be made by me to satisfy the judgment rendered in the above styled and numbered cause, together with interest, penalties, and costs of suit, and the proceeds of said sale to be applied to the satisfaction thereof, and the remainder, if any, to be applied as the law directs.

DATED this 22nd day of November, 1989, at Tahoka, Texas.

*Jack Miller*  
 Sheriff, Lynn County, Texas

**Friday:** Ham, macaroni and cheese, salad, roll, jello, milk.

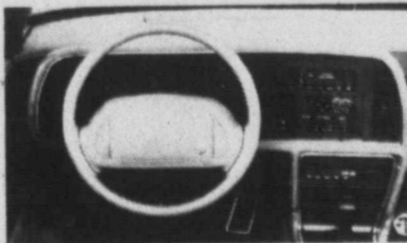

**LOCAL NEWS**

Holiday visitors in the Pauline Brosch and Marie Moss home were James, Vickie and Emily Simonton of New Braunfels, Texas, Theresia Brosch and Jill Collins of Arlington, Roy, Curtis and Leslie. Spann of Houston, Robin Ziek also of Houston, Joe Raindl of New Braunfels, Johnny and Ima Lou Raindl of Tahoka, also Pam Miller of Tahoka.

All enjoyed visiting and having a good time.

**FACTS & FIGURES**

Here's news about cars and car rankings of which you might want to make note. In an independent study of the most trouble-free cars produced for the U.S. market, the best domestic nameplate was Buick. This same study ranked two Buicks in the top ten among 154 individual domestic and imported models.

When it was learned that the market wanted a larger, more substantial Riviera, Buick responded for 1989 with a redesigned model 11 inches longer than the previous model. When the public wanted a Reatta convertible, it got one. Both the Reatta and the redesigned Riviera have received enthusiastic responses from the automotive press.

A major success in the marketplace is the redesigned, front wheel drive Regal, which drove off with the title of best-selling mid-size coupe in the industry last year. For 1990, Regal is adding new four-door sedans to the series and a new 3800 V-6 engine rated at 170 horsepower.

Wigwagging is a method of signaling with one flag. The three motions used represent a dot, a dash and the end of a word or paragraph.

\*During the past 14 years, cotton's market share of fiber use has increased from 33 percent to 49 percent.

\*A survey by Cotton Incorporated indicates that the cotton seal, featured on a wide variety of products made of at least 60 percent of U.S. upland cotton, is recognized by 73 percent of adult Americans. This makes it one of the most recognizable trademark symbols in the nation.

\*According to a recent U.S. Department of Agriculture report, the use of cotton modules as a temporary field storage of seed cotton continued to increase in most states in 1988-89. About 53 percent of the 1988 cotton crop was ginned from modules, while 51 percent of the 1987-88 crop and 45 percent of the 1986-87 crop was ginned from modules.

Designer of the module system was Lambert Wilkes, a Texas Agricultural Experiment Station agricultural engineer in power and machinery based at Texas A&M University.

They system was developed jointly by the Experiment Station and Cotton Incorporated.

These modules are the primary method of seed cotton storage in Texas, Arizona and California, and are rapidly expanding in the mid-South and other areas.

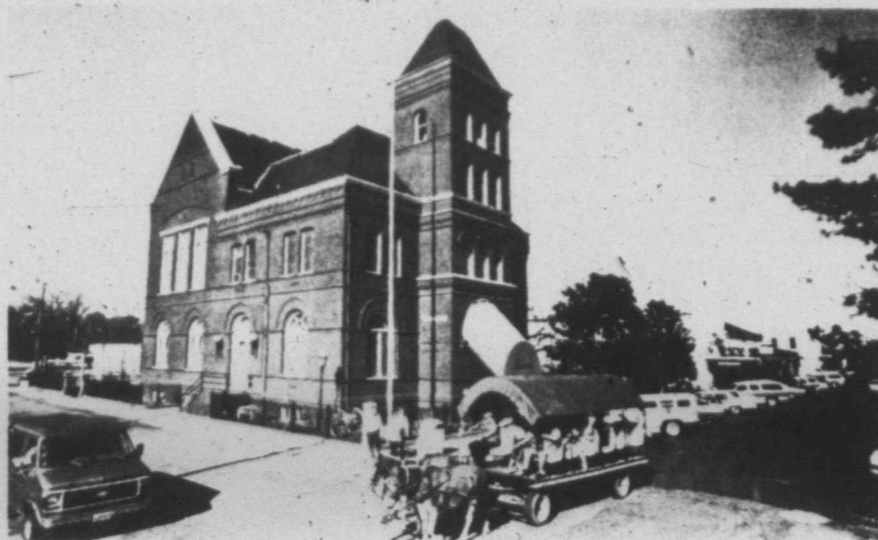

By Donald Miles

Q. The 90-degree push rod V6 engine has been around for a long time. What role will it play for GM in the 1990s?

A. A very significant one. During the 1980s, V6s became mainstay engines with the GM lineup for a variety of reasons. Efficiency became paramount in importance. Not many drivers know it but frictional losses in a V6 are far lower than in a V8 engine. There's also less noise vibration. In addition, the V6 engine permits vehicles to be designed more efficiently. It is for these same reasons, the V6 will play a big role in the next decade.

Donald Miles is Chief Engineer of V6 engines for Buick-Oldsmobile-Cadillac Powertrain Division.

Old meets new as a van makes room for a mule-drawn surrey on Main street in Jefferson. The Northeast Texas town was at one time a major port of entry into the state. Jefferson still bears a remarkable resemblance to many towns of the Old South, and has numerous historical features such as the Excelsior House and the House of Seasons. ## Six Democrats File For Texas Ag Commissioner

The announcement and official filing Friday, Dec. 29, of six farmers and ranchers who will seek the Democratic nomination for Commissioner of Agriculture in the March 13 Primary election "is very positive and encouraging news for Texas agriculture," said Vernie R. Glasson, treasurer of the Texas Farm Bureau Friends of Agriculture fund, Inc., the political action arm of the state's largest general farm organization.

"The fact that six highly-qualified farmers and ranchers are willing to challenge the incumbent in the primary election is testimony to the fact that Jim Hightower is not well thought of by the agricultural community, and that the industry that he is supposed to represent wants him ousted," said Glasson.

"Many Texas newspapers, public opinion polls, and the Legislature have told us that we must elect the Commissioner of Agriculture, and that is what we will do," the official said.

"Voters of Texas will learn that qualifications and willingness to do the job that the Commissioner is sworn to do are the two primary issues in this race and that the six men who file today or those who have announced for the Republican Primary are highly qualified and willing to promote Texas agriculture," Glasson said.

"The incumbent Commissioner has no practical farming or ranching experience and is qualified only

### Turkey Shootout To Be Held

The New Home FFA Turkey Shootout will be held on Saturday, Jan. 6, at 9 a.m., 2-1/2 miles north of New Home. Everyone is welcome to attend.

because of a special 'grandfather clause' provided him by the Texas Legislature," Glasson said. "As we see it today, it is an anybody-but-the-incumbent campaign."

The six candidates who filed with the Democratic Party on Friday are: Neal Burnett, a cotton and grain farmer from Plainview; Dan Pustejovsky, farmer from Hillsboro; Dan Krenok of Rosenberg; John Earl Smith of Quemado, Paul McDaniel of Weslaco; and Clyde Chandler of Rosebud.

"These candidates are all men of integrity, are dedicated to promoting Texas agriculture, are real farmers," Glasson said.

### Filing Deadline Nears For Senior Legislature Candidates

Candidates for the Texas Silver-Haired Legislature, an elected group of advocates for the state's elderly, may begin requesting candidacy forms and petitions at the South Plains Association of Governments offices located at 1323 58th Street, Lubbock. These forms and petitions must be turned in by Feb. 28, 1990. There is a \$5 filing fee.

The Silver Haired Legislature is a non-partisan body, composed of 116 members elected from 28 regions in Texas, that holds sessions during even-numbered years to discuss issues affecting Texas senior citizens. Based on these discussions, they draft proposed legislation to address the issues identified as most important.

The legislation proposed by SHL members is then presented to sponsors in the regular Texas Legislature. The first two SHL sessions have been judged very successful, with state lawmakers responding positively to a majority of the senior group's proposals.

Prospective candidates for the SHL must be at least 60 years of age, registered to vote in Texas, and live in the district from which they are seeking election.

Candidates for the Silver-Haired Legislature will officially campaign from March 1 to April 30, with elections held May 22.

To find out more about candidacy or elections for the Silver Haired Legislature, call the South Plains Association of Governments Aging Department toll free at (800) 858-1809 (V/TDD). In Lubbock call (806) 762-8721 (V/TDD).

Officials of Lubbock-based Plains Cotton Growers, Inc. are now projecting a final 1989-crop cotton deficiency payment of about four cents per pound.

The total payment for the year will equal the difference between the 73.4-cent 1989 target price and the January-December weighted average price paid to U.S. farmers for cotton. PCG expects the farm level price for the year to be 60.9 cents per pound, 12.5 cents below the target. However, most producers late in 1988 or in early 1989 requested and received advance payments of 8.56 cents. Thus if PCG's estimate of the calendar year farm price should prove accurate, the exact final payment would be 3.94 cents.

With the monthly average prices and marketing totals in hand for 11 months, leaving only the figures for December to be plugged into the calculation, PCG Executive Vice President Donald Johnson says, "I don't think there's any way our projections can be very far off the mark."

USDA's National Agricultural Statistics Service (NASS) reports the average price and marketing volume for each month during the year. NASS compiles its figures from a statistical sampling of sales figures supplied by members of the cotton trade. This procedure creates a thirty-day lag in the release of each month's figures, and the December report won't be released until January 31.

Through November, NASS has reported total marketings of 11,809,000 bales at a weighted average price of 60.2 cents. Almost a fourth of that volume, 2,879,000 bales, was traded in November alone at an average price of 65.8 cents per pound. Although the mid-month December price has been reported at only 62.7 cents, mid-month prices in the past have often been misleading. So PCG in its projections couples a 64-cent December price with a three million bale volume to come up with its 60.9-cent weighted average price for the year.

Each producer's total payment, expected in February, will be determined by multiplying the payment rate times his farm's established per-acre program yield times planted acres.

Preliminary marketings and price figures reported by NASS through November appear in the chart below.

	Marketings (1000 bales)		Prices (¢ per lb.)	
	Monthly	Cumulative	Monthly	Weighted Avg.
January	1,557	1,557	54.7	54.7
February	1,433	2,990	52.8	53.8
March	1,057	4,047	55.6	54.3
April	664	4,711	58.7	54.9
May	679	5,390	58.3	55.3
June	460	5,850	57.2	55.5
July	512	6,362	59.5	55.8
August	430	6,792	61.1	56.1
September	537	7,329	63.8	56.7
October	1,601	8,930	66.0	58.4
November	2,879	11,809	65.8	60.2

PCG President Steve Verett of Ralls January 10 will present a paper on "What High Volume Instrumentation Means to Cotton Producers" at the Beltwide Cotton Conference being staged by the National Cotton Council in Las Vegas, NV. And Secretary-Treasurer Wayne Huffaker of Tahoka January 11 will testify on behalf of High Plains producers at a House Agriculture Subcommittee hearing on the 1990 farm program. The hearing will begin at 9:00 a.m. in the Texas Tech University Meats Laboratory auditorium on the Texas Tech campus.

## At last. Something farmers can control.

You can't control prices, the weather or your banker. But you can do something about your health insurance costs.

Communicating for Agriculture understands how hard it is for farmers to buy health coverage. That's why we came up with our own health insurance plan for our members.

Our plan helps our members control their health insurance costs through a cash deductible concept\* - no matter how many claims they file. It's available only to CA members.

Take control of your health care costs. \*Underwritten by Life Investors Insurance Company of America, Cedar Rapids, Iowa.

## A Meeting of Importance to ... FARMERS

### On Withholding Income Tax From Workers' Checks

Effective January 1, 1990 you will have to start withholding income out of your employees' pay checks. This means that you will have to get IRS Form W-4 completed and signed by all employees, and then deduct the income tax based on dependants claimed and the salary paid.

There will be a meeting conducted by Joe Hays of Love, Hays & Musick CPA's, at the Tahoka School Cafeteria on January 15, 1990 at 7:00 p.m. to explain the form W-4 and how to use the withholding tax tables. All farmers are welcome.

**Love, Hays & Musick, CPA's**

When little Jonathan was born a week ago, his parents began buying him U.S. Savings Bonds. "We're already saving for the day Jonathan goes to college," his mother says. Bonds now can be completely tax-free when used for your child's education. Call us to find out more.

## Wilson News

by Pam Williams 628-6330

Wilson ISD offers a Gifted and Talented Program for those who qualify. The program is a pull-out type program emphasizing reading and math and thinking skills. It is for students in grades K-8 and is called STARS. Anyone who would like to nominate their child for this program should pick up a nomination form from either the high school office or the elementary office and return it by Jan. 31, 1990. After nominations have been received, the students will then be tested to see if they do qualify for the STARS program.

The high school Mustangs will be playing Southland here on Friday, Jan. 12 with the girls' game beginning at 6:30. Tuesday, Jan. 16, the

Mustangs will be traveling to Petersburg. The Junior High teams will be playing in the O'Donnell tournament on Saturday, Jan. 13 and will play Southland here on Monday, Jan. 15.

Tickets are available for the 4-H and FFA Barbecue on Sunday, Jan. 14 at the Wilson School Cafeteria. Lunch will be served from 11:30 to 1:30. Tickets are \$5 for adults and \$3 for children. All proceeds will go to help the Lynn County Stock Show on Jan. 25-27. Donations can also be made to Connie Donald at the Cotton Boll.

Monday, Jan. 15 will be a holiday for Wilson students. This is an end of semester workday for teachers. Tuesday, Jan. 23, school will be dismissed at 2 p.m. for a teacher in-service workshop. Friday, Jan. 26 is scheduled as a weather day for teachers and students.

Report cards will be sent home on

Wednesday, Jan. 17. These should be signed and returned to the school by Friday.

### Wilson School Menu

Randy T. Brewer et ux to Francis John LeClair et ux.  
Jack Alley Robinson to Raymundo Vasquez.  
Robert C. Roney et ux to Gill Farms.

### BRIDGE WINNERS

Winners in the Jan. 2 Duplicate Bridge game, played at the T-Bar Country Club, were: (1) Genny Parks and Al Postar; (2) Kathleen Barton and Ruth Thurman; and (3) Catherine Barham and Betty Taylor.

The coronation ceremony highlights the festivities at the George Washington Birthday celebration in Laredo, held each February. This annual event honors our first president as the first leader in the western hemisphere to free a New World country from the domination of European rule. Other events celebrated on both sides of the border include parades, fireworks, dances, and the ever-popular jalapeno-eating contest. Tourism Division, TX Dept. of Commerce photo.

### Nominations Wanted

### New Award Honors Pioneer Rehab MD

You notice it the first time you're in the Rehabilitation Institute of Chicago. There is a sense of mission in the air that is striking to the uninitiated. Ask anyone who works there and the answer is often the same — it starts at the top.

Dr. Henry Betts is the medical director and chief executive officer of the Rehabilitation Institute of Chicago (RIC). "I never thought I would change the world, but I was willing to give it a try," he says. And over the years, his efforts have helped eliminate many of the barriers, both attitudinal and physical, that had defined the world for millions of people with physical disabilities.

This year marks the 25th anniversary of his leadership at the Rehabilitation Institute of Chicago. To honor Dr. Betts on his anniversary, Prince Charitable Trusts has created the **Henry B. Betts Award**. The largest award of its kind, it will include a \$50,000 unrestricted grant and will be given annually beginning in 1990 to a living individual whose efforts — like Dr. Betts' — have significantly improved the lives of people with disabilities. Candidates' contributions can be in areas such as art, architecture, music, social policy, and medicine.

Among other things, Dr. Betts' efforts have helped lead to the enactment of the 1973 federal law protecting people with disabilities from discrimination. In addition, he has fought for — and helped pass — seat belt and drunk-driving laws, which curb a leading cause of crippling injuries. He also has been cited for meritorious service by the President's Committee on Employment for the Handicapped. But Dr. Betts is more than a civil rights advocate; first and always, he is a physician.

Dr. Betts loves his work. "In many ways," he says, "I see my patients at their best. To see people use strengths they never knew they had, to see them muster all the psychological and spiritual resources they can is really exhilarating. I have the privilege of seeing this every day."

Dr. Betts' philosophy combines the very best of modern medicine:

technological advances and compassion. A physiatrist (a specialist in physical medicine and rehabilitation), his humanistic approach to medicine employs a physician-led team that goes beyond the hospital and into the community to help patients learn to live and work again.

"I never thought I would change the world, but I was willing to give it a try."

Henry B. Betts, M.D.

It is his sense of mission that has helped to make RIC a model facility for rehabilitative medicine centers around the world. Among those who have visited RIC to take notes on replicating the environment are Jihan Sadat, wife of the late Egyptian President Anwar Sadat; and Deng Pu-Fang, a major force behind Beijing's rehabilitation center, who is paraplegic and the son of China's chairman Deng Xiaopeng.

Do you know someone whose efforts have significantly improved the lives of people with disabilities? For information on nominating them for the Henry B. Betts Award, write to: Henry B. Betts Award; Rehabilitation Institute of Chicago; 345 East Superior Street, Room 1582; Chicago, Illinois, 60611. The first winner will be announced in the fall of 1990.

## Obituaries

### Martha Moya

Services for Martha Moya, 9, of Tahoka are pending with White Funeral Home.

She died at 8 a.m. Tuesday, Jan. 9, 1990 in Lynn County Hospital.

She was born Nov. 14, 1980 in Slaton. She was a student at Tahoka Elementary School. She was a Catholic.

Survivors include her parents, Juan and Aurora Moya, both of Tahoka; two sisters, Angela and Mary Ann Moya, both of Tahoka; a brother, Juan Jr. of Lubbock; her paternal grandparents, Manuel and Clara Moya, both of Tahoka; and her maternal grandmother, Romona Castaneda of Tahoka.

### Rebecca Mendoza On WT Dean's List

Rebecca A. Mendoza of Tahoka, a freshman music-business major, has been named to the dean's honor list at West Texas State University.

Students on the dean's list must have achieved grade point averages of at least 3.250.

## NOTICE OF PUBLIC HEARING TO TAX PERSONAL PROPERTY

The New Home I.S.D. Board of Trustees will hold a public hearing on a proposal to tax non-business personal property.

To tax the above property, the New Home I.S.D. Board of Trustees must approve the proposal by ordinary resolution or order and must find that the taxation of property as proposed will be in the public interest of all residents of New Home I.S.D.

The public hearing will be held on February 12, 1990 at 7:00 p.m. at New Home High School.

All interested persons may speak at the meeting and present evidence for or against this proposal.

## A New Decade. A New Vision. A New Name.

When Lubbock General Hospital opened its doors in 1978, we brought the most advanced health care available to the people of West Texas and Eastern New Mexico. Today our vision goes far beyond the traditional hospital concept and extends into the new decade — a decade of multifaceted health care for the people of our region. Today, the vision is called University Medical Center.
