## Medical Waste Facility May Be Built In Tahoka

Tahoka city officials Monday cleared the way for construction of a \$4 million medical waste disposal plant to be located on city property north of town, operated by private firms. The facility would employ about 30 workers, adding approximately \$600,000 annually to the economy of the area through payroll alone.

With all members present at a called meeting Monday, the council approved leasing 3-5 acres of city property northeast of town near the present landfill, to Hayden-Wegman, Inc. of New York and the Stafford Group of Lubbock, which propose to build the facility within two years.

Mayor Jim Solomon said the deal is contingent on the two firms' ability to secure the proper permits and upon a satisfactory lease being worked out between the city and the firms. Lee Stafford of the Stafford Group said permits would have to be secured from the Texas Dept. of Health and the Texas Air Control Board. "We

have not formally applied for permits, but we will," he said.

Stafford said the waste disposal plant would handle what is termed "red-bag" medical waste, which is generated by hospitals, doctors' and dentists' offices and nursing homes. It is projected to serve an area within a 100-mile radius of Tahoka.

Exact location of the facility has not yet been determined, but the 3-to 5-acre site will be located somewhere in the 500 acres the city owns in the vicinity of the landfill. Most of the waste materials will be incinerated, according to city officials. Reportedly the companies plan to build a building about 80x100, containing two incinerators and a giant cooler for storage of waste before it goes into the incinerators.

Solomon said Tahoka officials are convinced that the medical waste incinerator is environmentally safe. He added that the city will not underwrite any of the project's funding. "We're certainly interested in the

30 possible jobs and the large payroll," the mayor said. He estimated that the project also could mean as many as 10-15 more students in the school system, and therefore more money for the school district.

He said Tahoka was selected for

the disposal site because of its location on the future interstate highway and its accessibility to the required natural gas and electricity.

Reportedly only two other medical waste disposal plants are in operation in Texas, both near Houston.

## School Board Races In County Contested

Contests are assured in all four school board races in Lynn County, as more candidates than available positions will appear on ballots for trustees of New Home, Tahoka, Wilson and O'Donnell school districts.

As the deadline passed last week for signing up for both school board and city races, it appeared that city elections in O'Donnell, New Home and Wilson will have no contests on the ballot, as their numbers of candidates matched the available positions.

In Tahoka, four persons signed up for three places on the city council. Incumbents Dayton Parker, Wayne Tekell and Jimmy Huckabey, plus new candidate Joe Calvillo signed for places on the ballot.

Candidates for the Tahoka school board include the two incumbents, Thalia Burks and Delbert McCleskey, plus Brad Hammonds.

On the New Home school trustee ballot, five persons are running for two available 3-year terms, and two are running for one 1-year unexpired term, which resulted when Kay James resigned from the board to accept employment with the school. Seeking that one-year term are David Foerster and Alan H. Nettles. For the regular 3-year terms, with two seats available, are John Carl Armes, Russel Barnett, George Dozier, Andy Fillingim and Richard Holder. Dozier is an incumbent; the other term expiring is that of Danny Nettles, who did not seek re-election.

In a contest for two 3-year terms on the Wilson school board are John Earl Fields, David Wied and incumbent Bobby Lee. And four persons are running for a single one-year unexpired term, including Servando Benavides, who now is a board member, and Melissa Hernandez, Doug Savell and David Rohde.

O'Donnell school board candidates are Bobby Joe Furlow, Nelson Hogg and Jackie Stidham, with two places to be filled in the election.

Stidham is an incumbent. David Franklin resigned his board seat last year and is not a candidate.

Mayor David Smith is unopposed for re-election in O'Donnell, as are two council candidates, Bill Clopton and Stella Sanchez. Clopton is now on the council; incumbent Bill Gilley is not seeking re-election.

In Wilson, Mayor Jackie Bishop is the only candidate for that job, and Oscar Follis and David Cook are the only candidates for two council seats. All are incumbents.

Only the incumbents are running for three city council seats at New Home. They are J.A. Evans, Louis H. Rodriguez and Stoney Gill.

## Tahoka Players On All-District Girls Cage Team

Chasity Hood of Tahoka was named to the first team all-district girls basketball team selected by coaches in the district recently, and Betsy Huffaker and Myra Williams were on the honorable mention list. With all three scheduled to be back next season, Coach Steve Qualls said the honors are a tribute to all the girls on the team, and a sign of good things to come.

Hood is a 5-6 junior post "who had a good year, and her best is yet to come," Coach Qualls said. She averaged 16 points and 9.1 rebounds per game in the 29 games played last season.

Huffaker averaged 6.6 points and 6.3 rebounds per game and the recognition was described by Qualls as "outstanding for her first year on the varsity." She is a sophomore, and also a 5-6 post.

Freshman Myra Williams, a 5-5 guard, played in only 17 games, averaging 5.9 points per game, and 2.5 assists. "Her ball-handling, passing and shooting turned us into a better team and relieved a lot of pressures," the coach said.

A NICE LADY brought me a pie the other day, the first pie I ever have received because someone liked something I wrote about them. Mostly when someone reacts to something I have printed, it is negative, and they want to throw a pie in my face, as she pretended she was going to do when she brought it in.

I've been in the newspaper business for about 40 years and nobody ever brought me a pie before now, although I have been the grateful recipient of fresh vegetables and fruit and things like that on occasion.

Actually I have received a few pies, but they were brought to our home and were for the family. This is my only pie all my own, and it came at a good time, as my number one pie-maker was out of town for a week having fun at Sea World with our grandchildren. I shared a little of it at the office, but when I found out how good it was, I took it home and finished it all by myself. It was really too good for all those clowns in the office anyway.

About 18 years ago, when we first moved to Slaton, a neighbor lady brought us a pie as a welcome gesture and left it at our home. Later, of course, we ate it, and then my wife asked me if I would return the plate to Mrs. Holt on my way to work. J.W. Holt, who at that time was president of the bank in Slaton, lived across the street, and I took it by there and gave it to him, explaining that his wife had brought us a pie, and we really enjoyed it.

He took the plate, as his wife was not at home. Later he told me he was a bit puzzled, because he hadn't known that she had sent us a pie. "She never baked me a pie," he said. And not much later, I learned that the pie had been brought to us by Mrs. Lee Roy Holt, who lived down in the next block. Anyway, we finally got it all straightened out, generating some amusement for the people involved, and Zelda got her pie plate back.

## Thefts, Vandalism Cases Investigated By Officers

Drunk driving cases, thefts and vandalism incidents were investigated by law enforcement officers in the county and in the city of Tahoka during the last week.

McCord Motor Co., 1313 Lockwood, reported to police Saturday that someone had driven up against a 1985 Pontiac 6000 with the bumper of another vehicle and then pushed the Pontiac into the side of a new Oldsmobile Toronado, causing approximately \$2,000 damage to the passenger side of the Olds. McCord Motor Co. is offering a \$300 reward for information leading to the arrest and conviction of the guilty person or persons. Police indicated they do have a suspect in the case.

Police arrested a 43-year-old man Saturday on charges of driving while intoxicated plus unlawfully carrying a weapon. He was booked and jailed.

On Sunday, police arrested a 21-year-old O'Donnell man for DWI and speeding. He also was placed in Lynn County jail.

Bill Grider of 1506 Ave. L reported to police last Thursday that someone had cut three tires on his 1977 Chevrolet pickup parked at his residence.

Arlis Askew of Tahoka told sheriff's officers that a spare tire and tool box had been stolen off a tractor at a farm in the west part of the county. Value of the stolen items was set at \$350.

A 1982 Ford pickup owned by Joel Castro of O'Donnell was reported stolen sometime Monday night or early Tuesday, and was found abandoned in Lamesa Tuesday night. No arrests had been made in the case.

David Arreal of New Home reported an equalizer valued at \$120

was stolen from his pickup about 3 p.m. Monday by a suspect in another pickup. A window glass in Arreal's pickup was broken, with damage estimated at \$150.

Eight persons were fined by Judge J.F. Brandon in county court hearings on misdemeanor cases Tuesday. One man was fined \$161.21 plus \$66.50 court costs on a plea of guilty of theft by check. The other seven defendants also were fined on various charges, with each also paying an additional \$101.50 court costs. Five were fined for first offense DWI, each assessed \$350 fines and getting 2 years probation. One person was fined \$250 plus one year probation for driving while license suspended, and another person drew the same penalty for theft by taking.

In jail during the week were one person each for DWI plus minor in possession, plus running a stop sign; public intoxication plus fleeing, plus no drivers license plus expired vehicle sticker; public intoxication plus disorderly conduct, and one for public intoxication plus making alcohol available to a minor.

MRS. JAMES MERCER (nee Kimberly Donahue)

### Miss Donahue, James Mercer Exchange Wedding Vows

Kimberly Donahue and James Mercer exchanged wedding vows March 17, 1990 at First Presbyterian Church of Lancaster, TX, with Steve Jester officiating. Parents of the bride are Thurman and Beryl Selman of Lancaster. The groom's father is Joe Mercer of Amarillo and he is the grandson of Mrs. Pearl Mercer of McLean. The bride wore a formal length gown of white satin as she was given in marriage by her father. Her gown by Ginza was white satin with Schiffli embroidery and a ribbon lace. The gown had an open sweetheart neckline, fitted basque waist and tulip short sleeves, all lavished with lace appliques encrusted with sequins and pearls. Small pearl waterfalls adorned the sleeves, front of the

bodice and front of the skirt. Soft gathers at the waist fell into a cathedral train. The satin skirt and train were motif with cut out floral and scroll Schiffli lace re-embroidered with ribbon lace and lavished the entire hemline and train with scalloped Schiffli lace. The veil was a band of Venise lace adorned with silk flowers and pearls and crystals. A single layer fingertip veil with fluted edges completed the ensemble. The bride carried a nosegay of white roses, stephanotis, lily of the valley and peach tulips. A pearl cross from her grandmother was included in the bouquet. Matron of honor was Jole Alejandro of Wichita Falls. Bridesmaids were Paige Rivas of Tahoka and

Diana Stewart of McLean, and Megan Murphy of Garland was a junior bridesmaid who carried the rings. The attendants wore tea-length dresses of teal moire taffeta. Miss Murphy wore a light pastel floral print which accented the attendants' dresses. Each carried a nosegay of white and peach flowers with teal ribbon. Randy Stewart of Lubbock was best man; groomsmen were David Tolleson and Charles Stewart of McLean. Ushers were Andy Eck of McLean, Stephen Selman of Lancaster, and Sean Baughman and Jason Baughman of Waco. A reception in the Lancaster Community Center followed the ceremony. The bride is a graduate student at Texas Tech. The groom is employed with Lyntegar Electric Cooperative in Tahoka.

**SQUARE DANCING**  
 If we really want a healthy and fit citizenry, we should reactivate that good ole American custom of square dancing - a perfect exercise to keep the heart and blood vessels in good shape. It is a happy, exciting social experience as well, which avoids mental depression and stimulates the immune system to peak efficiency. Square dancing and clogging too can be performed by any normal person from 8 to 88, if you start young and keep at it. So take your partner and promenade!

**Public Notice**  
 Southwestern Bell Telephone Company hereby gives notice that it has filed an application requesting the PUC to declare Southwestern Bell's intrastate Billing and Collection market subject to significant competition and to authorize the following form of pricing flexibility: detariffing of the rates, terms and conditions of the Billing and Collection services now offered in Section 8 of Southwestern Bell's intrastate Access Service Tariff. Approval of the application as filed would result in all tariff sheets in Section 8 (Billing and Collection) of Southwestern Bell's intrastate Access Service Tariff being cancelled, and the service thereafter being provided on a contract basis. Through this application, using procedures established by P.U.C. SUBST. R. 23.27, Southwestern Bell seeks to obtain uniformity of rates, rules and regulations for intrastate and interstate Billing and Collection services. Approval of this application would remove all rates, terms and conditions applicable to billing and collection from Southwestern Bell's Intrastate Access Service Tariff. Intrastate billing and collection service would continue to be subject to PUC regulatory oversight only to the extent that (1) Southwestern Bell would be required to maintain current price lists at the Commission for the service, and (2) the revenues or losses from the service would be subject to the regulatory treatment specified in P.U.C. SUBST. R. 23.27(p). Further, under procedures established by P.U.C. SUBST. R. 23.27, the PUC's General Counsel, the Public Utility Counsel or any affected person could seek a subsequent review of the rates, terms and conditions of this service. Persons who wish to intervene or otherwise participate in these proceedings, or who would like further information, should call or contact the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757, (512) 458-0100. Further information may also be obtained by calling the Public Information Office at (512) 458-0227, or (512) 458-0221, teletypewriter for the deaf. The PUC has assigned this matter to Docket No. 9224. A prehearing conference will be held on April 19, 1990, at 9:00 a.m. at the Commission's offices at 7800 Shoal Creek Boulevard in Austin, Texas. The deadline for filing motions to intervene is April 26, 1990.

### IRS Compliance Initiative Looking At Service Industries

The Dallas District of the Internal Revenue Service has launched a major compliance effort aimed at businesses that illegally claim unqualified employees as independent contractors. According to Gary O. Booth, District Director, "The practice of putting workers on the books as if they were subcontractors rather than employees avoids payment of millions of dollars in Social Security, income and employment taxes for the employer. But it has a devastating effect on those employers' employees and the employer's competitors who are reporting and paying the taxes correctly."

The potential for abuse exists in almost every industry, but IRS research shows that service industries are highest in noncompliance. "A

Dallas businessman recently called my office complaining that he was about to lose a \$1 million contract for janitorial services to a competitor who was able to underbid him substantially because the competitor treated his cleaning personnel as independent contractors rather than employees as the law requires," said Booth.

"The businessman stressed that HE paid his taxes appropriately and was confident that the several thousand workers employed by him pay theirs, too, because he assures that taxes are properly withheld on their paychecks," Booth continued. "He was justifiably upset that by doing the right thing, his business was being jeopardized."

Employees who are treated as independent contractors when this status is inappropriate are in jeopardy as well. Often, said Booth, they are unaware that "they must pay in self-employment taxes, including FICA tax bill."

### Former Lynn County Resident Honored On 90th Birthday

Family and friends of Mrs. Annie E. Slover gathered to celebrate her approaching 90th birthday (April 3) on March 24 with a reception at her son's home in Midland.

Hosting the reception were her children, Mr. and Mrs. C. Aud Slover of Midland, Mrs. Jean McClelland of Edinburgh, Rev. & Mrs. Dwight Townsen of Oregon City, Or. and Mr. & Mrs. Wayne Lindsey of Dallas.

Also attending were ten of Mrs. Slover's 11 grandchildren, six of her 13 great-grandchildren, and a number of friends and relatives. The latter included Tahoka residents Mrs. Ina Slover (sister-in-law) and Jerry Slover (nephew). Another sister-in-law, Mrs. Georgie Henderson of Dimmit, Nephews Steve Slover of Ruidoso, NM and Bill Henderson of Dimmit, and niece Shirley Williams of Monahans also attended.

Mrs. Slover, widow of Lynn County pioneer John Slover, lived on a farm south of Tahoka from 1923 until 1969, when John entered the Tahoka Nursing Home and Annie moved to town. Annie has made her home in Midland with her son since 1974. Currently, Annie enjoys her flowers, reading, working crossword puzzles, playing games, writing letters and assisting in caring for her great-grandchildren.

#### Green Up Your Lawn

About this time of the year home lawns need a boost to get them in shape for the upcoming spring season.

Brett Cypert, county agent, suggests three operations that can get a lawn off to a good start - scalping, fertilizing and applying a weed killer.

Scalping a lawn in early spring serves to revitalize it and promote early spring green-up. Begin the operation by lowering the blade of your lawnmower 1/2 to 1-inch below the normal setting. Then mow the lawn in two directions that are at right angles to each other. Remove the clippings after each mowing. They are excellent to add to a compost or to use as a mulch for garden and landscape plants.

Cypert also recommends keeping the lawnmower blade lowered until early summer.

After scalping the lawn, apply a complete fertilizer (one containing nitrogen, phosphorus and potassium) to promote leaf and root growth. Use 1.5 pound of nitrogen per 1,000 square feet of lawn area. This is equal to 18 pounds of an 8-8-8 fertilizer or 12 pounds of a 12-4-8 fertilizer. Repeat the application in the early summer and fall.

For a dark green lawn, Cypert suggests applying nitrogen every 50 days at the rate of one pound to 1,000 square feet. Monthly applications of iron chelate or iron sulfate during the spring and summer promote a healthy color in St. Augustine lawns.

To keep crabgrass or other unsightly weeds from becoming a problem, apply a preemergence herbicide (weed killer) in early spring, after the grass has recovered from winter. Applying a preemergence herbicide too early could further weaken turfgrasses injured by winter conditions. Combinations of herbicides with fertilizers are available and convenient to use but, as with all herbicides, should only be used according to instructions on the label.

Proper maintenance is essential for a healthy lawn, and these practices will give new life to a dormant, weedy lawn.

#### Letter To The Editor

Dear Editor,  
I'm trying to get ready to come to the Lynn County Old Settlers Reunion June 23rd. I "think" I was at the first one. (I believe it was in 1934) in the street south of the courthouse and, the beef dinner was "free" that was God-send because there was a lot of hungry people in the county at that time and, I was one of them. 1934 and 1935 was the worst years of my life. They were the "dust bowl" years.

January 4th I went into the hospital for surgery on my left knee. I spent eleven days there. I got an implant a stainless steel and plastic knee joint. I wore the one I was borned with out. Inside nine years I walked 6551 real miles and, I believe, the reason my knee wore out was the natural lubricant for our joints just didn't put out enough, so my joint run dry. November 5, 1988, and I could hardly get to

### 'Jews For Jesus' Speaker To Be At Church Here

Rob Wertheim, representing the organization "Jews for Jesus", will present a program "Christ in the Passover" at Tahoka First United Methodist Church at 7 p.m. Saturday, with any interested persons in the community invited, according to Rev. Larry Ramsey, pastor of the church.

Wertheim will answer the question "What do the Jewish Passover and Jesus' Last Supper have in com-

mon?" in his presentation designed to enhance the Christian understanding of the New Testament by showing the Jewish background for the communion celebration.

A table is set with the traditional Jewish Passover items, including representative foods which are explained, but not eaten. The demonstration has been presented in more than 1,000 churches, according to the organization. A question and answer period will be provided.

### Wilson News

By Pam Williams 628-6330  
Progress reports were sent home at Wilson ISD on Monday and should have been returned to the school by Wednesday.

Little Dribblers will play New Home at Wilson Friday, March 30. The major boys will play first, at 5 p.m., followed by the minor girls at 6, minor boys at 7, major girls at 8 and second major boys game at 9 p.m. The will play again on Monday, April 2 at Dawson starting at 5 p.m. with their regular schedule.

Wilson track teams will travel to Sandoz Saturday for a meet.

PTO officers will meet at 5:30 p.m. Tuesday, April 3, in the school library. All officers are encouraged to attend to discuss plans for electing new officers, the book fair, UIL, and the cookbook.

Elementary and junior high UIL meet will be on Friday, April 6, at Lorenzo. Students have been preparing for the various contests since before Christmas.

Daniel Jones and Jamie Raley, 7th graders at Wilson Junior High, recently were accepted into the Texas Tech GTE-PREP program. This provides an eight-week academic experience for high ability pre-college students who have significant potential for a career in business, engineering, mathematics, or one of the sciences. Participants hear invited speakers from several fields, discuss current and future professional business, engineering, mathematical and scientific opportunities, and explain their research. Assignments and examinations are given and there is an emphasis on problem solving in both the math and computer science courses. They will attend classes between June 11-Aug. 3.

Wilson students participated in an invitational UIL meet at Post on March 8, with 20 students in the various contests, accompanied by sponsors Peggy McCoy, LaRue Parramore and Judy Womack. Students receiving awards were Christi Clark, third in ready writing; Melissa Hernandez, fourth in literary criticism; Cody Means, 5th in persuasive speaking; Angela Young, 5th in spelling, and Gale Schneider, 8th in calculator. Thirteen schools were involved in the invitational meet.

### Eating Right Is Your Best Defense To Staying Healthy

Eating right is your best defense to staying healthy, says Annis Godfrey, Lynn County Agent with the Texas Agricultural Extension Service. The challenge is deciding what "eating right" really means.

It's so easy to become confused with so much misinformation about nutrition making the headlines and appearing in numerous television commercials directed toward health-conscious consumers.

Consider a recent television commercial featuring a consumer who said she is now "eating healthy." She avoided red meat and poultry for the last year and hasn't eaten an egg since Easter, several years before. She said she has found a cheese which is low in fat and cholesterol.

Viewers who are guided by this testimonial, might avoid eating all red meat, eggs, and poultry to lower their blood cholesterol. Eating healthy does not mean eliminating or limiting certain foods in the diet. Most health organizations describe healthy eating as a prudent, low-fat diet based on all the food groups, explains Godfrey. For example, we should include red meat. It provides many of our minerals and vitamins and helps to prevent anemia. For

many people, especially women, eliminating red meat is not a good choice. When thinking about limiting meat, think about small servings if you are watching calories and fat consumption. Be reasonable.

The agent said strict vegetarians have a tough time eating a balanced diet. If you are a strict vegetarian you would consume no animal products. That means no milk, no eggs, no fish nor chicken. If that's true, you'd have a hard time meeting your iron requirement, your zinc requirement and getting many of the B-vitamins you need.

One of the crucial B-vitamins is B12. This vitamin can only be obtained from animal products. If you don't get this vitamin, in adequate amounts, there could be serious health problems.

Studies show that people who follow a good diet and exercise program have less stress and feel better about themselves.

If you have questions about the validity of diet and nutrition information you see or hear, ask a nutritionist or dietitian, or call me at the Lynn Co. Extension office, 998-4650.

**OUTSTANDING**—Jaci Conway of Sweetwater, daughter of Mr. and Mrs. Gary Conway, and granddaughter of Mrs. C.W. (Margie) Conway, formerly of Tahoka, and great-granddaughter of Mrs. Bernice Shepherd, has been selected to "Outstanding High School Students of America" in recognition of her achievements in high school. She has participated in tennis, UIL spelling and typing, honors classes, marching band, flag corps and concert band.

### Public Notice

Southwestern Bell Telephone Company intends to file an application with the Texas Public Utility Commission to introduce new optional services - Call Control Options. The initial service areas will be Laredo, McAllen and Austin. Expansion into other service areas will be based on availability. Customers in other areas will be notified when these services become available.

Call Control Options include six new services - Call Blocker, Call Cue, Call Return, Priority Call, Call Trace and Selective Call Forwarding. The features will be available to single-line residence and business customers.

**Call Blocker** - enables the customer to block incoming calls from a maximum of three specified telephone numbers and/or to block the last incoming call.

**Call Cue** - enables the customer to automatically redial the last outgoing telephone number dialed. If the recalled number is busy, equipment will monitor the line for a maximum of 30 minutes and will let the customer know when the call can go through.

**Call Return** - enables the customer to automatically redial the telephone number of the most recent incoming call. If the number is busy, Call Return will continue to dial the number for up to 30 minutes, or until it completes the call.

**Priority Call** - provides the customer with a distinctive alerting signal, ring or Call Waiting Tone (if the customer has subscribed to Call Waiting), when the customer is called from a maximum of three preselected telephone numbers.

**Call Trace** - enables the customer to initiate a trace of the last incoming call received. The number, date and time will be recorded by Southwestern Bell Telephone so that the call's origin can be identified.

**Selective Call Forwarding** - enables the customer to forward incoming calls from specified telephone numbers (maximum of three) to another telephone number.

### Proposed Rates (monthly)

	Residence		Business	
	Individual	Packaged	Individual	Packaged
Call Blocker	\$3.00	3.00	\$3.00	2.00
Call Return	3.00	3.00	4.00	3.50
Priority Call	2.50	1.00	3.00	2.00
Call Cue	2.00	2.00	4.00	3.50
Selective Call Forwarding	2.00	1.00	2.65	1.00
Call Trace**	1.00	1.00	1.00	1.00

Installation charges for residence customers will be \$2.70 per feature, with a maximum installation charge of \$5.40 per request per line. Installation charges for business customers will be \$5.40 per feature, with a maximum installation charge of \$10.75 per request per line.

The proposed date for Call Control Options to be offered is May 1, 1990. These services, however, will not immediately be available to all customers in all areas of the state. Customers in other areas will be notified when these services become available.

Call Control Options are projected to generate first-year annual revenues of \$1,761,000.

Persons who wish to comment on this application should notify the commission by April 20, 1990. Requests for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757, or you may call the Public Utility Commission Public Information Office at (512) 458-0223 or (512) 458-0227, or (512) 458-0221 teletypewriter for the deaf.

\* Some telephone equipment may not be compatible with Priority Call Service.  
\*\* In addition to the \$1.00 monthly rate, Call Trace will cost \$8.00 per use.

## Private Applicator License Program Scheduled Here

With strict new state regulations on use of farm chemicals in effect, Lynn County farmers will have the opportunity to complete training to meet one of the requirements for obtaining a private applicator license at a program scheduled to begin at 8 a.m. Wednesday, April 11, in the meeting room of Lyntegar Electric Cooperative in Tahoka, according to Brett Cypert, county extension agent.

To become a licensed private applicator, a producer must attend a Texas Agricultural Extension service private applicator training program, make a passing score on a Texas Dept. of Agriculture private applicator examination and submit an application to TDA along with a required \$50 fee. The TDA private applicator license is valid for five

years, said Cypert.

TDA personnel will offer testing at the same location beginning at 1 p.m. that same day, April 11. Persons who plan to attend the training session and take the TDA test are encouraged to obtain a copy of *Using Pesticides-Private Applicator Manual* from the county extension office, for review and study prior to the training session.

### "Home Sweet Home" With Cotton...

Cotton is a popular fiber for home fashions. And for spring 1991, more cotton home fashions options will be available in the market than ever before, says Mary Louise Hawkins, senior director of fashion marketing for Cotton Incorporated.

According to Cotton Incorporated's Spring 1991 Home Fashions Selling Ideas presentation, "Home Sweet Home," cotton, already the dominant fiber in home fashions, will expand its presence in the '90s.

"Expect more all-cotton product introductions and increased interest by the consumer as they experiment with new possibilities in decorating," says Hawkins.

In 1989, cotton's market share of home fabrics, excluding carpets, rose four percentage points to 57 percent. Cotton continues to have a strong hold on the home fashions market despite a sluggish retail environment.

Cotton's market share percentages for home fashion items according to NPDI CB3901M.

READY FOR A PICNIC - Chamberettes Betsy Pridmore, left, and Juanell Jones have their picnic lunches ready to attend the Spring Style Show next Thursday, April 5. Everyone is invited to bring a picnic lunch to the noon show at the Fellowship Hall of the First United Methodist Church in Tahoka. Drinks and dessert will be provided.

## Chamberettes To Sponsor Picnic Style Show Thursday

Tahoka Chamberettes are sponsoring their annual Spring Style Show next Thursday, April 5 with a new twist: a picnic style show. Everyone who attends the show is invited to bring their own picnic lunch, whether it be a sack lunch, Slim-Fast or hamburgers and fries. The Chamberettes will provide seating, iced tea and Chocolate Delight for dessert. The show will be held from noon until 1 p.m. at the Fellowship Hall of the First United Methodist Church of Tahoka.

New Spring fashions will be modeled from The Mirror, Jennings of Tahoka and Tahoka Daisy, and jewelry from Parker Pharmacy and

Jewelry. Admission will be \$3 per person.

"We thought it would be fun to do something different this time, so we decided to have a picnic style luncheon," said Chamberette President Betsy Pridmore. "Also, we have so many working ladies as members of Chamberettes that it is hard for us to have the time to prepare a meal and then stay to clean up afterwards at noon on a weekday," she added.

"We hope all the ladies in the community will come to the show," Mrs. Pridmore said. "The merchants here have lots of pretty Spring outfits to show, and the fellowship and visiting at the show is always fun."

## Farmers Invited To Run For FmHA Committee

Eligible farmers in Lynn and Garza counties are invited to become nominees for the Farmers Home Administration Lynn Area Committee, FmHA County Supervisor Curtis Barlow said this week.

As a result of the 1985 farm bill, two of the three members of FmHA county committees must be elected. The third member is appointed by FmHA. The Lynn Area Committee assists the FmHA county office in reviewing applications for farm loans and other farm credit matters.

Generally, farmers who are residents of the county but not FmHA borrowers are eligible to become nominees for the FmHA county committee.

"Farmers in this county, serving on the committee, can play an important role by assisting in the process of loan applications and reviews," said Barlow.

All terms of service will be for three years each on a staggered basis. Nominating petitions must be re-

## Farm Bureau Backs Perry

The Texas Farm Bureau AGFUND Board of Directors has announced its endorsement of State Representative Rick Perry, R-Haskell, for Texas Commissioner of Agriculture.

In making the announcement Thursday, TFB President S.M. True of Plainview called Perry a "conservative who has shown strong leadership while serving in the Texas Legislature."

Perry, a member of the Agriculture and Livestock Committee of the Texas House of Representatives, is also a fifth-generation farmer and rancher. He is currently facing a runoff election on April 10. Perry was the leading vote-getter in the Republican primary on March 13.

True referred to Perry as the "only candidate left in the race who is officially qualified as an active farm and ranch producer."

## Decline In Groundwater Levels Seen In Last Year

Lynn County groundwater levels decreased an average of .61 feet in 1989 in 40 privately-owned wells measured by the High Plains Underground Water Conservation District No. 1 in its 154,100 acre service area in the county.

The decline indicates a decrease of 14,100 acre-feet of water in storage in the Ogallala Aquifer last year in the portion of Lynn County lying within the boundaries of the water district.

The change in groundwater levels within this north portion of Lynn

County in the decade from 1980 to 1990 was an increase of 10.7 feet, however.

In the entire 5.5-million-acre service area of the water district, the groundwater levels in the Ogallala Aquifer had an average decline of one foot during 1989, when drier than normal pre-plant soil moisture conditions and below average precipitation during the growing season caused irrigators to apply heavier and more frequent irrigations than normal in 1989.

## TO ALL INTERESTED PERSONS AND PARTIES:

You are hereby notified of the opportunity for written public comment concerning the Construction Permit Application No. C-20001 by South Plains Textile, Inc., a cotton reginning plant in Wilson, Lynn County, Texas. This facility proposes to emit the following air contaminant: cotton gin dust. Before a permit can be issued for this facility, all emission sources must demonstrate compliance with all Rules and Regulations of the Texas Air Control Board and all applicable Federal Regulations. This includes the application of "best available control technology" to each emission source and compliance with all ambient air quality standards.

A copy of all materials submitted by the applicant is available for public inspection at the Texas Air Control Board Lubbock Regional Office at 5302 S. Ave. Q Drive, Lubbock, Texas 79412, telephone (806) 744-0090, and at the Texas Air Control Board, 6330 Highway 290 East, Austin, Texas 78723. All interested persons may inspect these materials and submit written comments to the Executive Director of the Texas Air Control Board. Any person who may be affected by emissions of air contaminants from the proposed facility may request a contested case hearing from the Board on the construction permit application pursuant to Section 3.271 (c) of the Texas Clean Air Act. All comments and hearing requests must be received in writing by April 19, 1990. All written comments submitted to the Executive Director shall be considered in determining whether to issue or not issue the permit. All comments will be made available for public inspection at the Texas Air Control Board Office in Austin.

## NOTICE TO BIDDERS

Notice is hereby given that the Commissioner's Court of Lynn County will receive sealed bids in the office of the County Judge, until 9:00 a.m., and opened at 9:00 a.m., April 12, 1990, for the purchase of the following equipment:

One new Tandem powered motor grader meeting the following minimum specifications: Diesel engine with 150-180 variable net flywheel horsepower. Articulation main frame with indicator. ROPS regular cab with factory installed heater, air conditioner, and pressurizer, AM-FM radio, front and rear window wipers with window washers, defroster fan, rear drawbar, direct drive power shift transmission with six (6) speeds forward and reverse, travel speed of approximately 25 MPH. Variable displacement hydraulic pump. Full Hydraulic controls on all implements with lock valves on all hydraulic circuits; 14 ft. chrome moldboard with hydraulic sideshift and tip controls. Min. of four (4) front and one (1) rear headlight with directional signals. Adjustable deluxe seat, 24 volt electrical system. Low temperature starting system and Ether starting aid. 14.00 x 24 tires 10 plys mounted on 10" rims. Heavy duty radiator. Differential lock and unlock. Scarifier V 11 Teeth. All items which are normally standard. Minimum operating weight of 30,000 lbs. Brakes on all four drive wheels with safety park brake.

Initial price and specification are only part of the criteria in the evaluation process of determining the best bid for Lynn County. Lynn County Precinct 2 requires a guaranteed minimum repurchase at the end of 60 months or anytime after delivery. Full machine warranty, with a total cost bid. One bid will be with trade-in; John Deere 770A Motor Grader. Complete and total cost specification are available from the County Judge's office at the Lynn County Courthouse.

In addition to the above specifications, the following factors will be considered in arriving at the bid selection:

1. Availability of parts and service.
2. Reputation of bidder and product.
3. Adaptability of the equipment to any other accessory or equipment in the Lynn County inventory.
4. Any variation to these advertised specifications must be so stated.

Lynn County reserves the right to accept or reject any or all bids, and to accept the bid considered the most advantageous to Lynn County.

By order of the Commissioner's Court of Lynn County, Texas.

/s/ J.F. Brandon, Lynn County Judge 13-2tc
