**ILLEGAL POSSESSION OF BEER** - Tahoka Police Dept., in a coordinated effort with the Texas Alcoholic Beverage Commission (TABC), confiscated these cases of beer, shown here in the trunk of the one the TABC agents' vehicles, and also filled up the back seat of his car with the more than 500 cans of beer, after a raid of a Tahoka man's residence Saturday afternoon. A 49-year-old Tahoka man was charged with possession of alcoholic beverage in a dry area, and sale of alcoholic beverage in a dry area. He was out on bond that same afternoon but will be prosecuted by District Attorney Ricky Smith. (LYNN COUNTY NEWS PHOTO)

### Police Confiscate 628 Cans Of Beer In Raids Here Saturday Afternoon

Tahoka Police Chief Jerry Webster coordinated efforts between his officers and agents of the Texas Alcoholic Beverage Commission (TABC) in raiding two locations in Tahoka last Saturday afternoon, netting 628 cans of beer, four bottles of whiskey and one bottle of tequila, and charging two Hispanic men with possession of alcoholic beverages in a dry area, and sale of alcoholic beverages in a dry area.

Both men were arrested and posted bond that afternoon, and face prosecution under jurisdiction of District Attorney Ricky Smith. Fines of \$100 to \$1000 on each charge could be assessed, and/or jail terms up to one year for the misdemeanor charges.

Two raids were made simultaneously at 2 p.m. Saturday, with Chief Webster, officer Hipolito Zuniga, DPS trooper Gilbert Arredondo, and TABC agents Rod Venner and Robert Blanchard executing a search warrant at one Tahoka location, and Tahoka Police officers Steve McKay and Jimmy Bingham, and TABC agent Terry Parsons executing another search warrant at another location.

At one location, owned by a 54-year-old Tahoka man, officers confiscated 122 cans of beer, two bottles of whiskey and one bottle of tequila, amounting to an approximate value of \$110. Officers also checked the registration of 27 firearms found at the location, all of which checked out to be legally registered to the owner.

At another location, a 49-year-old Tahoka man was charged with liquor law violations after officers confiscated 506 cans of beer and two bottles of whiskey, amounting to an approximate value of \$325.

Unless the two men plead guilty and agree to pay designated fines, they will face prosecution for the misdemeanor charges by the District Attorney, who agreed to prosecute the cases.

In other law enforcement activity during the week, two burglaries reported at Wilson were cleared by the arrest of a 26-year-old Wilson man who was not formally charged with the burglaries, but was held in jail for possible revocation of his probation on a prior burglary conviction.

A sheriff's deputy and DPS officer arrested the suspect Sunday

morning just after a burglary attempt at the home of Margaret Morton on Green St. in Wilson. During interrogation, the suspect admitted a break-in of a storage building at the home of Gertrude Gindorf on Dickson St. in Wilson earlier in the night, where he took a crowbar which later was recovered.

In jail during the week were 12 persons, including the two suspects in possession and sale of alcoholic beverages, and one person each on the following charges:

Burglary of a building, driving while license suspended (DWLS) and failure to identify to a peace officer, aggravated assault plus criminal trespass (for Jones County and Lubbock County), driving while intoxicated judgement and sentence, DWI first offense plus no drivers license, public intoxication plus application to revoke probation on burglary conviction, DWI plus DWLS, DWI first offense, DWI first plus application to revoke probation on conviction of theft by check plus failure to control speed, and application to revoke probation on DWI conviction.

### Three Die, Six Injured As Pickup Flips On 87

Three persons were killed and six others were seriously injured as a pickup carrying nine persons, all believed to be from Abernathy, went off the road and overturned about 6:45 a.m. Tuesday on U.S. 87 13.6 miles north of Tahoka.

The dead were identified as Estella Diaz Marez, 49, of Abernathy, pronounced dead at the

scene by Justice of the Peace H.W. Edwards of Tahoka; Gloria Tanguma, 29, of Abernathy; and Alberto Tanguma Jr., 9.

Two children were considered in very critical condition Tuesday afternoon at University Medical Center, where all the wreck victims were taken. They are Judy Tanguma, age 2, and José Ernesto Acosta, about 18

months. Also believed to be in very serious condition were Anna Gabriel Barbosa, age 3, and Norma Acosta, age and hometown not immediately available. All had head injuries.

Martha Alicia Barbosa, 22, was listed in serious condition, as was her husband, Hugo Alfonso Barbosa, 27, the driver of the 1981 Ford Ranger supercab pickup which had been headed north on U.S. 87.

Investigating Dept. of Public Safety Patrolman Jay Drusedow said Barbosa apparently went to sleep, ran into a ditch, and struck a culvert, causing the pickup to become airborne before it smashed into the ground and overturned.

Drusedow said the driver, his wife and Alberto Tanguma Jr. were in the cab, and the other six persons were passengers in the pickup covered by a camper top.

Two Tahoka ambulances, one from Slaton and two Aero Care helicopters took the injured to University Medical Center in Lubbock. Bodies of those killed were transported by Lubbock Aid Ambulance.

It was necessary to use the Jaws of Life to free some of the persons from the wreckage, and DPS officers expressed appreciation to fire department personnel from Woodrow and Tahoka for their assistance with those devices.

Edwards said it was believed that the three families had left from Brownsville and probably had been driving all night when the accident happened.

"An evening spent with Hannah sitting on your knees is like walking through Alaska in your B.V.D.'s..."

The above excerpt from an old song, "Hard-Hearted Hannah," which I ran across in some of my music the other day, has inspired me to do what could be called some undercover work in connection with this dissertation on men's underwear.

What is happening in men's underwear, other than the obvious things, is that styles of undergarments have changed a lot since men and boys used to wear BVDs. I just barely remember anybody wearing them, and I couldn't even recall exactly how they were made, so I called Bill Ball of Slaton, who with his father, operated O.Z. Ball & Co. men's store for a whole bunch of years before closing down a few years ago.

I told him I wanted to talk about BVDs, union suits and longhandles, and he thought I had gone a little way around the bend. But he was willing to answer some of my questions on the phone, if I'd promise not to come see him in person.

BVDs, he said, was considered a certain style of undergarment, which later was copied by other companies. They were made of cotton weave, had two straps over the shoulders, only one of which could be unbuttoned. They descended to about mid-thigh. One main feature (and I remember this one) is that they had a drop-seat which could be unbuttoned.

I think BVD still makes men's underwear, but more in the Hanes-Jockey style, instead of the old way. Ball does not know what the letters "BVD" stand for; he thinks it may refer to the names of the original manufacturers. I'd consider it more likely the letters stand for "Bottom Ventilated Drawers" or something close to that.

I remember when I was a kid, boys in grade school had to wear a grey suit sort of like today's jump suits, only I thought these also had a button seat. Maybe not; I also thought they were called Union Suits, but Bill says union suits were the same as longhandles. In other words, underwear instead of outerwear.

Still, I remember a newspaper headline quoted in *The Pocket Book of Baners* about UMW leader John L. Lewis, saying "Lewis Drops Union Suit."

Now I probably will hear from some oldtimers with more on the subject, claiming I never did really get to the bottom of the situation.

**Letter To The Editor**

Dear Lynn County News Editor,  
My name is Christine Gill and I live in New Home with my husband and two children.

My husband and I were reading the Sunday June 21, 1992 Lubbock Avalanche-Journal and we were both upset by an article in the paper entitled "Cities Blast 911 Funding Formula."

So this is the reply that we sent to the Avalanche-Journal Editor. I was so proud of his response I hoped that you might share it with our area and its readers.

Thank you,  
Christine Gill

Lubbock Avalanche-Journal  
June 23, 1992

Letter To The Editor:  
I would like to comment regarding the article "Cities Blast 911 Funding Formula", in Sunday's Avalanche Journal, whereby Bob Nash of Lubbock and Laverne Hogan of Houston criticized the 911 funding formula.

First of all, I would like to thank all of those individuals that have made the 911 system available to rural areas such as my home - New Home. The New Home City Council welcomed the system with excitement.

When this City Council signed on the receive the 911 services, we did not realize that it would be such a burden to the city of Lubbock. Mr. Nash also seems to feel as if our school system would be a burden to his if the "Robin Hood" school finance "fiasco" was passed.

If I may, I would like to share some of my personal financial information with the readers of the Avalanche Journal in hopes that this perspective might help the people of Lubbock understand where we're coming from. For the month of May, my family spent 84% of its consumer dollars in your city. One hundred percent of my farm expense credit was borrowed from a Lubbock lending institution.

This family has attended your churches, we've used your hospitals, our children play with your children at T-ball, we love your city, and we've paid our way into it. The only real difference between ourselves and you is our address.

Therefore, the head of this household does not feel guilty for one minute about the fact that our school system receives a small fraction of its funding from big cities. Neither do I regret having a fraction of your support for the economical 911 emergency communication system.

If large city leaders continue to argue about the "Robin Hood" plan and our state legislatures give in to their pressure, I do not see any way that small school districts like New Home will be able to exist. Then children from such districts will have to be bused to some surrounding city. Therefore, the child-to-teacher ratio could easily increase adding to inner city woes.

Please, we want to keep our schools, and we want some of the services that only you can help us with.

Sincerely,  
Stoney Gill

**RESTLESS LEGS**

This irritating, crawling feeling in the legs while at rest, causes an irresistible urge to move the leg to get momentary relief. It often occurs at night when one lies down to sleep. Medical science has found no cause nor remedy. One opinion is that a lack of adequate blood supply due to constricted blood vessels in the legs mandates the twitching of the leg. A cholesterol check for narrowed blood vessels may suggest a remedy. Meanwhile, deep massage of the calf and upper leg muscles to stimulate blood flow often brings relief and allows sleep.

## NOTICE OF FLUORIDE LEVEL IN WATER

The City of Wilson has been notified by the Texas Department of Health that the water being supplied by our system exceeds the maximum constituent level for fluoride established by the department's "Safe Drinking Water Act."

The samples of water from the Wilson system contain 4.1 milligrams of fluoride per liter, and the department requires the city to notify all customers. There is no immediate health hazard for drinking water containing fluoride at this level except that it could cause mottling (brown stain) on the teeth of children under 14 years of age.

All the dentists in this area are aware of the fluoride level. The City will continue to search for alternate sources of supply and will investigate any available treatment techniques to lower the level of our fluoride if they are affordable at all.

Bottled water is available for families with children under the age of 14 years at the City Office at no cost.

Roy Isham, Superintendent  
City of Wilson Water System

St. John Lutheran Church's 75th Anniversary committee is sponsoring a garage sale and bake sale on Saturday, July 18, from 8:30 a.m. - 4 p.m. The funds raised from this sale will be used to offset the costs of the services and festivities of the congregation's 75th anniversary which will be held in January 1993. Matching funds for this project have been approved by the Aid Association for Lutherans (AAL) branch number 7946207. Those persons having merchandise to donate to this project are asked to bring it to the church on Friday, July 17. If Friday is inconvenient, you may leave your merchandise with Robert Abbe and he will see that it gets to the church on Friday.

Young At Heart held a special potluck dinner and Bingo playing day on June 25. Twenty-two people showed up for the food and games. The July meeting will be at the regular time and place.

Anyone or any organization in the Wilson area who has information of news

for the paper can call me and I will get this information to the paper so that it can be published. This will include thank-you notices (for which there is a small charge), bridal and shower announcements and the related photos, (photos will be returned if you say that you want them back), and what-ever else you have that might be newsworthy. However, the editor reserves the right to accept or not accept material, as well as the right to edit any material submitted.

Wilson ISD's summer reading program is off to a good start with 18 students signed up on the first day. The primary grade students are reading a book about pigs and the elementary grade students are reading a book called "The Borrowers." As they read the book, the elementary level students are using such items as Lincoln Logs and similar hands-on items to create their impressions of what the story is saying to them. They are also using the classroom computer system to work on language skills such as combining simple sentences into complex sentences.

The First Baptist Church of Wilson is pleased to announce that it's Hispanic Mission will begin having church services this Sunday, July 5. Pastor Ruben

A reception was held all day Tuesday at Parker Pharmacy, where Mrs. Hill has worked for the past 24 years. The proclamation read, in part, "Ma Hill has served the citizens in Tahoka and Lynn County for many years, expressing a high degree of care and compassion for all of the citizens of this City and the welfare of the people she served; and has devoted her time, skill, energies and particularly her sympathetic understanding to the people of Tahoka and Lynn County, and those organizations and the causes promoting and benefitting the people of Lynn County, and the country which she loves so well, thereby earning and commanding the high esteem of her fellow citizens ... and it is fitting, just and proper that this community express its appreciation and gratitude for a woman whose deeds shall be long remembered, and that it give this, its expression of gratitude and appreciation to Loretta "Ma" Hill for herself and her community service." **BEWARE OF TOO MUCH SUN**

Too much sun can turn an anticipated pleasurable vacation into days of ceaseless pain and discomfort. With just a little caution and a good suntan product, you can prevent both agony and days of unsightly peeling of your skin. Expose yourself to the sun, with plenty of a good suntan preparation lightly patted on the skin, for a short time to start. Then as your suntan develops take more sun each day.

Watch out for those foggy days with the sun hidden. Ultra-violet rays can filter through to give you a burn. Protect your eyes with a pair of sunglasses, created to filter out most of the harmful ultra-violet rays. Stop in and we will be glad to help you select dependable protection against the sun.
