## New Home School Burglars Fail In Effort To Open Safe

Burglars who broke into the New Home High School building last Friday failed in efforts to break open a safe in an office. A door to the office was pried open and some type of tool used to try to force a safe open. The safe door was damaged to the extent that the safe would not open, deputies were told. No estimate was made of the dollar amount of damage to the safe door, a wall and the office door.

A resident of Rt. 4, Tahoka, reported a license plate missing from the rear of his vehicle last Thursday.

Lynn County jail met all state standards in the annual inspection Oct. 27 by a representative of the Texas Commission on Jail Standards, and the jail is in full compliance with all regulations, County Judge J.F. Brandon and Sheriff Jack Miller reported.

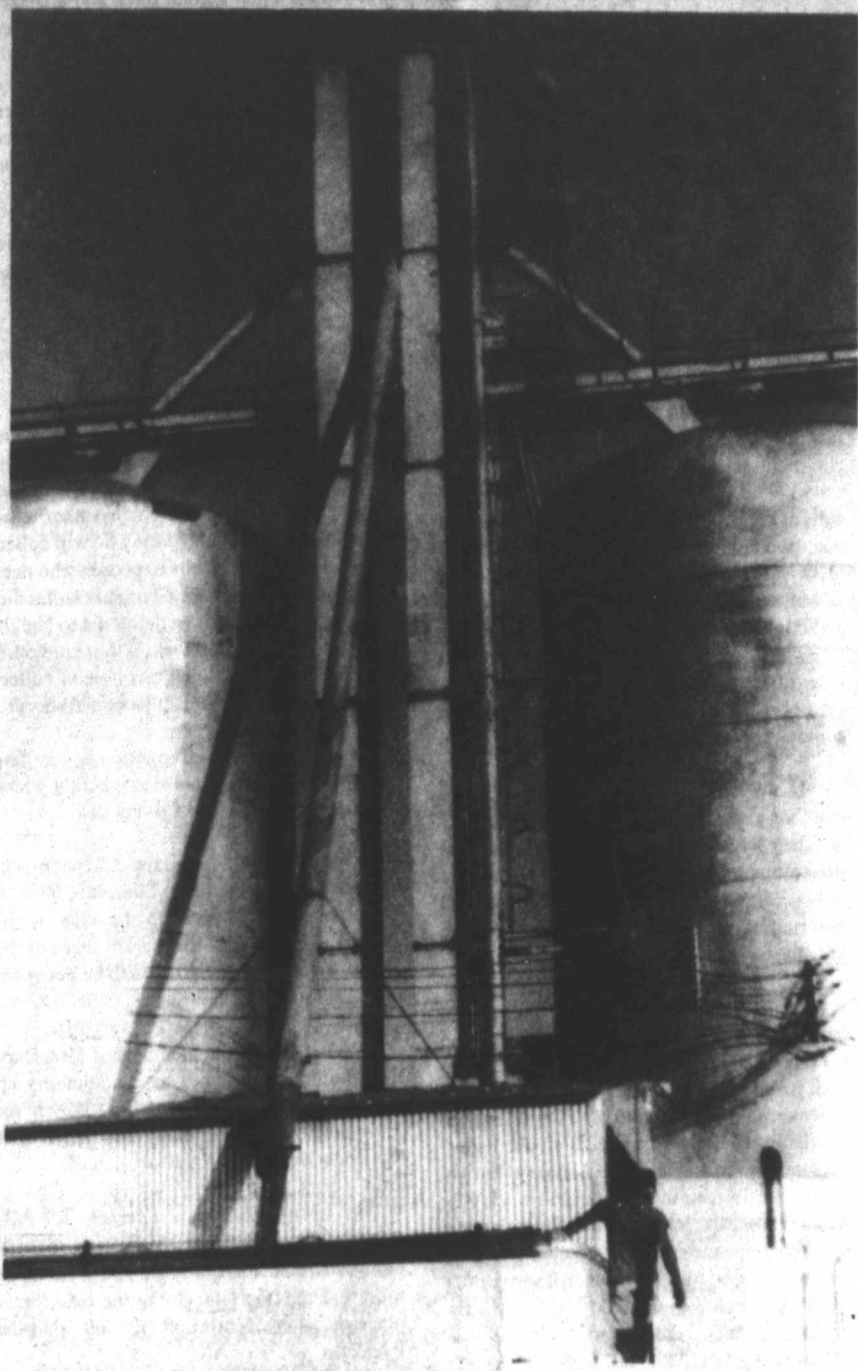

A 1979 Ford pickup stolen from Lamesa was recovered in Tahoka by police officers last week. Officers found the vehicle near S. 2nd St. and Ave. F, and a 22-year-old Lamesa man standing nearby was arrested and later charged with public intoxication and possession of marijuana

under two ounces. The owner of the pickup later came to Tahoka to get his vehicle.

A Dept. of Public Safety officer investigated an accident Monday at the intersection of FM 400 and FM 211 in Wilson Monday morning, when a collision involved a 1969 Chevrolet grain truck driven by Fidel Garcia Jr., 24, of Tahoka, and a 1991 Chevrolet Blazer driven by Deborah Dickson, 39, of Slaton. The woman was taken to St. Mary's Hospital in Lubbock by Slaton EMS, where she was treated for apparent minor injuries.

In jail during the week were two persons for driving while intoxicated, two for public intoxication and one for possession of marijuana.

A Crime Line reward of \$100 offered last week for information clearing theft of some silver spurs from a vehicle owned by Earlon Shirley of Tahoka has been increased to \$500 with money from private sources, according to Police Chief Jerry Webster. Crime Line phone number is 998-5145. The spurs were stolen Oct. 23.

LOADING THE GRAIN - Goodpasture Elevator, run by Bartley Grain this year, has been a beehive of activity during the past week as the county's bumper grain crop comes in. Normally, Bartley Grain weighs in about 5-10 million pounds of grain, but this year the grain crop is already weighing in at 35 million pounds, and expectations are for another 15-25 million pounds to come in, according to Ed Bartley. ## Lynn Votes For Bush, Sarpalius, Montford

Lynn County voters followed the Texas trend instead of the national trend by giving the most votes to President George Bush, U.S. Rep. Bill Sarpalius and State Sen. John Montford in Tuesday's election, which brought out 2460 voters, or about 60 per cent of the county's registered voters.

Bill Clinton, the big winner in Tuesday's election, received 902 votes in Lynn County, while Bush had 1233 and Ross Perot got 291.

Sarpalius, a Democratic incumbent congressman from Amarillo whose 13th District has been reshaped to include Lynn County, had 1433 votes to Republican Beau Boulter's 848. He also won district-wide. And

Lynn gave incumbent State Sen. Montford a margin of 1861 to 465 over his GOP challenger.

In other contested races, county voters went as follows:

Railroad Commissioner: Williamson 1273, Guerrero 1011.

Sup. Court Justice 1: Enoch 1179, Mauzy 1032.

Sup. Court Justice 2: Spector 1154, Cook 1029.

Sup. Court Justice 3: Hightower 1380, Montgomery 826.

Appeals Judge 2: Overstreet 1413, Lagarde 689.

## Tahoka City Officials Okay New Fire Safety Gear For Firemen

In a unanimous decision at Monday night's City Council meeting, city officials approved funding approximately \$11,700 for new equipment for the Tahoka Volunteer Fire Department. At a cost of about \$585 per man, new fire-resistant bunker gear consisting of coats, pants, helmets, boots and suspenders will be provided for each of the 20 volunteer firemen in the department.

"This gear is something which our firemen have needed for some time," said City Manager Barry Pittman. "The gear they currently use is in pretty sad shape. They have not been allowed to participate in any recent

area firemen training classes because they did not have the proper gear, and this will enable them to participate in those classes," he added.

The funds will not be taken from the newly-organized Fire Dept. Volunteer Donation fund, instead coming from some money left over from an interest and sinking fund after general obligations were met.

"The new \$3 donation on the city water bills is working out well, with 72 percent of those billed in October volunteering to pay the \$3 donation," said Pittman. "The fund showed \$2,434.92 for the October billing period," he said, noting that the fund will continue to accrue, with the Fireman Finance Committee determining how the money will be spent within the Tahoka Volunteer Fire Dept. Future plans may include a new fire truck in a price range of approximately \$100,000.

In other business, city officials discussed a franchise renewal from Tele-Media Cable Co. with city attorney Cal Huffaker, but no action was taken, with the item tabled until further review. Also tabled for further review was an ordinance amendment concerning dilapidated buildings as fire hazards; and a lease agreement on the property where the county collection station is situated.

Council members voted to advertise for bids for city employee health insurance, and for bids for the dirt work to finish the final cover on the city landfill.

Police Chief Jerry Webster reported 258 calls to the police department during the month of October, as well as five arrests made, 17 tickets issued, 19 warning tickets issued, three accidents investigated, and one burglary investigated.

## Out of the Woods

The wayward thoughts of Juanell (Wood) Jones

In every house we live in, I test out certain scientific theories so as to be able to pass along consumer protection information to the unsuspecting public. I do this because, (a) I feel it is my God-given talent to perform such consumer testing; (2) God knows nobody ever passed such valuable information on to me when I needed it most; and (d) it gives me something to write about in my columns.

Because I am basically a good person, I'm only charging \$39.99 per theory for the following information. Please send me all your money before reading any further ... or at least send me what you think the information is worth when you finish reading it.

Scientific Theory #1: If you buy seeds and seeds of the really yummy Halloween candy, will any trick-or-treaters come to your door?

Scientific Theory #2: If you buy the house of your dreams (or a reasonable facsimile thereof), and the house has a fireplace which you've always wanted, will the fireplace be even remotely safe to use? Scientific Theory #3: If you let the au gratin potatoes boil over in the oven, will the oven catch fire the next night when you try to bake cornbread? along with the related question, When there's a fire in the oven, the smoke alarm is shrieking like a banshee and the dog is running in circles at your feet barking and looking generally worried, what should you do first?

Scientific Theory #4: If you buy the house of your dreams (or a reasonable facsimile thereof), and the house has a fireplace which you've always wanted, will the fireplace be even remotely safe to use? Scientific Theory #5: If you buy the house of your dreams (or a reasonable facsimile thereof), and the house has a fireplace which you've always wanted, will the fireplace be even remotely safe to use? Scientific Theory #6: If you buy the house of your dreams (or a reasonable facsimile thereof), and the house has a fireplace which you've always wanted, will the fireplace be even remotely safe to use?

Scientific Theory #7: If you buy the house of your dreams (or a reasonable facsimile thereof), and the house has a fireplace which you've always wanted, will the fireplace be even remotely safe to use? Scientific Theory #8: If you buy the house of your dreams (or a reasonable facsimile thereof), and the house has a fireplace which you've always wanted, will the fireplace be even remotely safe to use?

Scientific Theory #9: If you buy the house of your dreams (or a reasonable facsimile thereof), and the house has a fireplace which you've always wanted, will the fireplace be even remotely safe to use? Scientific Theory #10: If you buy the house of your dreams (or a reasonable facsimile thereof), and the house has a fireplace which you've always wanted, will the fireplace be even remotely safe to use?

Well, I believe that's enough consumer information for today, I wouldn't want to overload your brain capacity, which must be sorely lacking if you've read this far.

As more consumer testing occurs, I will be reporting to you live (or dead, if I forget and leave the fire burning when I go to bed) from my computer. Stay tuned to this newspaper for these stupendous research results. Thank you. That is all. Send money.

## Bulldogs Bop Sundown 40-0

By DALTON WOOD

The Tahoka Bulldogs scored the most points for a THS varsity football team in six years last Friday night as they pounded the Sundown Roughnecks 40-0 in a district game at Sundown, led by the running of René Luna, who scored two touchdowns and gained 146 yards rushing.

Luna averaged 8.7 yards per carry as he ran with the ball 17 times against the Roughnecks, who made a game of it until midway of the second quarter. Bulldog running backs Jace Copeland, Heath Brewer and Seth Prince also ran for touchdowns as the Tahoka offensive line again did a super job of blocking and surging forward, and defensive back Juan Luna scooped up a punt blocked by Cody Hale and ran for another touchdown.

Friday's game was the first shut-out of an opponent for Tahoka since beating Ralls 14-0 in 1987, and was the largest score for the Bulldogs since they beat Crosbyton 62-14 in 1986. The win left Tahoka 3-6 for the season.

Tahoka did not get off to a good start, fumbling on the first play from scrimmage after taking the opening kickoff, and Sundown had the ball at Tahoka's 47. Sundown moved to a first down at the 35, then was held by strong defense led by Clayton Laws and Donnie Wiseman. On 4th down, a fumble was recovered by Juan Luna at the Tahoka 35.

René Luna scored Tahoka's first touchdown from the 1 yard line with 4:13 left in the first period, after setting it up with a 25-yard run to the 6. A kick was wide and Tahoka led 6-0.

Luna had runs of 17 and 18 yards to set up the second score, which he made from the 6 with 6:42 left in the half. Another missed kick left it 12-0. A couple of minutes later, Hale blocked a Sundown punt and Juan Luna picked it up and ran in for the touchdown, from about 20 yards out. René Luna ran for two points to make it 20-0 with 4:34 left in the second.

After the kickoff, linebacker Clayton Laws picked up another Sundown fumble and advanced it several

yards to the Sundown 34. Copeland then galloped 25 yards for a touchdown which made it 27-0 at halftime following Luna's extra point kick.

Early in the third, Coach Chris Wigington shuffled his lineup and used all his players for the rest of the game, giving Luna and Copeland a rest on offense, shifting QB Heath Brewer to running back and inserting sophomore Wes Solomon at quarterback. But Tahoka scored again in the third after Cory Whitley intercepted a pass and returned it to the Sundown 32, from where Seth Prince zipped 32 for a touchdown. The conversion kick failed and Tahoka was up 33-0 midway of the third.

Brewer ran 9 yards for a touchdown after Whitley, from running back position, loped 32 yards to the Sundown 10. René Luna kicked to make it 40-0 late in the third quarter. Tahoka did not score in the fourth period, although Brewer broke 60 yards to reach the end zone, only to have it called back for holding.

"René Luna had a great game rushing, and Clayton Laws did an excellent job on both offense and

defense," said Coach Wigington, who added that the entire offensive line again did very well.

Also doing well on defense were Hale and Wiseman, René Luna, Whitley and Tackle Johnny Rodriguez, who several times made tackles on a Sundown running back whose name was also Johnny Rodriguez. Whitley intercepted two passes.

In addition to Luna's 149 yards, Prince ran 3 times for 38, Copeland 4 for 42, Whitley 5 times for 45, Ramiro Rodriguez 3 for 17, Brewer 3 for 21 and Chris Montez 7 for 21.

The Bulldogs will end their football season this weekend, playing host to Post, whose only win so far this year was a 22-0 victory over Sundown.

The final football contest of the season appears in this issue of *The Lynn County News* as the Tahoka Bulldogs will end their season here Friday night. Last week's contest was won by Justin Pena, who missed just three games, and will receive \$10. Justin tied with Amanda Fuentes, who also missed three, but Justin's tie-breaker score was closest of the two. He missed on guessing a secret sponsor, however. The secret sponsors last week were Tahoka Family Flowers, LynnCo Automotive, David Midkiff DDS and Lynn County Farm Bureau.

The Fun Festival, last Saturday night, was a success. Fun, food, and fellowship were enjoyed by all of those who attended. The kids all seemed to enjoy the "jail" where they could pay a nominal fee and have one of their "friends" locked up for a short period of time. But then it was the friend's turn. There were other games and booths full of crafts and other items, and most important of all were the food booths. "Let's do again next year" was heard several times as things were being cleaned up.

The Wilson Coop gin is in full operation and they report that they have ginned 1080 bales to this date. They also report that most of the lint grades are real good, and that the seed may be better than originally expected.

The First Baptist Church sponsored a cake walk during the Fall Festival, with the Fire Department being the beneficiary of this project. They raised just under \$300 which was turned in to the department for their use.

The Fire Department would like to thank all the people who took time to prepare a cake for the walk and those who took part in the cake walk as well as those who stopped by just to give a donation.

There was a special meeting on Monday to re-organize or rejuvenate the fire department. The fire department duties had fallen on just a few people and the trucks were needing some attention which caused some problems in the trucks not being able to respond to a couple of calls as rapidly as they should have. It is hoped that the community will get behind the department and give it the moral support that it needs as well as supporting the department by taking an active part and joining the ranks.

There is a new training ground in Brownfield and maybe some of the newer members will be able to participate and learn some of the basics about fire fighting.

The Wilson elementary students have been studying about farming and what a farm really is. They have read books, made posters for their rooms and even made layouts of a farm. Several of the area farmers have already or will be bringing various items or animals for the kids to see first hand.

Tuesday, Nov. 10, will be the annual Thanksgiving dinner at the school. Turkey and dressing with all the trimmings will be available for parents and guests as in the past with the exception that carryout plates will not be available. The rules involved with using government commodities in meal preparation say that all meals using these commodities must be consumed on the school premises. So parents, grandparents, and other guests, come on to the cafeteria and become a kid again and eat lunch with your child, grandchild, or friend. The lunch schedule is as follows:

K-3rd grade: 11 a.m. - 11:30.  
4th-6th: 11:30-noon.  
7th-12th: noon-12:30.  
If you plan to eat in the cafeteria on that day you are asked to call Clarissa Henderson in the administration office at 628-6271, and let her know so they can determine how many people to prepare for.

Lions Club will meet at the school cafeteria at 7 p.m. instead of 8 p.m. This is the normal seasonal change due to the change from Daylight time to Standard time.

The end of the second six weeks is Friday, Nov. 13. That means six weeks tests and report cards, so parents need to make sure that their kids get a good night's rest and a good breakfast before they come to school so they can do well on the tests.

The Monday morning peace and quiet was disrupted by the crash and crunch of an automobile accident right under the stop light. It was reported that a grain truck and a Blazer-Bronco type vehicle collided in the intersection. The driver of the smaller vehicle, who was reported to be a Slaton resident, was transported by Slaton EMS for medical attention. The other driver was apparently uninjured. The condition of the injured driver was unknown at the time of this writing.

Booster Club will meet Tuesday at 7 p.m. in the cafeteria.

Cleaning out your closet? With the onset of winter's cold there are needy people who could make use of your old, good jacket, coat, gloves, mittens, and other cold weather wear. There are many organizations who will collect and distribute these items to people who need them. St. John Lutheran Church is collecting these types of items to be delivered to Neighborhood House in Lubbock. If there are other churches or groups doing this type of collection project, please contact Robert Abbe, Jr.

Please watch for information concerning the November Young at Heart meeting which will conflict with Thanksgiving day.

The youth of First Baptist Church will have a youth night out on Saturday, Nov. 7. The sponsors will pick up the kids at the church around 6 p.m. and return them to the church around 10 p.m. They will be going for pizza and then go skating.

Watch out, all the members of First Baptist Church. Your ladies have something up their sleeves besides their arms. Watch for more details in your Sunday bulletins and in the December tower light.

St. Paul Lutheran Church LWML (Lutheran Women's Missionary League), will be involved in a fall rally. If you would like more information concerning the date, time, place, etc. of this meeting please contact Norine Patschke.

The LWML of St. Paul Lutheran Church is also involved in several mission projects including a greeting card sales project. Please review the material which is located on a table in the Parish Hall and order those items that you are interested in. Ordering directions are on the table with the exhibit.

The Wilson 4-II club met Monday night in the school cafeteria. Eight members of the club have indicated that they plan to participate in the county food show and they brought their entries to the meeting and practiced serving to the other members and guests. Each participant received a completion certificate.

Cody Donald and Kerri Wied presented a program on Highway Safety.

The club has also decided to participate in the "Adopt-A-Highway" program and will soon begin cleaning a 2 mile stretch of FM400 north of Wilson.

The club had a booth at the Fall Festival. The 4-II would like to thank all of the members and parents who helped make the 4-II booth a success at the festival.

The 4-ers are selling Mustang transfers for \$75 each. These may be purchased from any 4-II leader.

The Jr. High boys will play the Meadow Jr. High at 5 p.m. today (Thursday) here in Wilson. The Jr. High boys are the Varsity of next year so come out and lend your support to these kids.

Sun-down put a 0-6 defeat on the 7th grade Tahoka Bulldogs.

Defensively, the line played a great game, according to Coach Steve Qualls. J.R. Metcalf and Seth Wright stood out as defensive linemen.

Offensively, Jose Luna and Steve Wiseman had some good runs out of the backfield.

Last Thursday, Oct. 29, the Tahoka junior varsity football team hosted the Sun-down Roughnecks.

It was expected to be a close game, but the Bulldogs came out fighting, and roughed up the Roughnecks 20-6.

The Bulldogs scored two touchdowns before the Roughnecks even touched the ball.

The Bulldogs received the ball and drove to score. After scoring, the Bulldogs kicked an on-side kick and recovered the ball.

The JV plays again at Post, Thursday, Nov. 5.

HEALTH  
TIP**

DAYTON PARKER

**RAW VEGETABLES**

Raw broccoli contains twice as much vitamin C as an equal weight of orange juice made from frozen concentrate. But freeze, steam, blanch, or boil broccoli and it loses half its vitamin C. Vitamin C inhibits the building of cholesterol on artery walls, thus lowering the risk of heart attacks and strokes. Cooked vegetables are nutritious, but veggies eaten raw retain more vitamins, minerals, and other health-giving nutrients.
