BAILEY COUNTY

Tower Led Senator Race, Wilson Second

John Tower, of Wichita Falls, Republican led the voting in Bailey County for U.S. Senator Tuesday's special election. He also was top man in Texas. Mr. Tower had 435 votes in the county. Runner-up in this election was Will Wilson, the attorney general, with 213 votes but Mr. Wilson ran fourth in the state.

For the rest of the big six the Bailey totals were: Sen. Bill Blakley, running for re-election, 188; Jim Wright, 133; Maury Maverick, 65; and Senator Gonzalez, 15. More than 1000 votes were cast in this special election and in the two bond issue elections.

Bill Blakley, serving now as U. S. Senator under appointment of Gov. Daniel, was the top vote getter among some 65

or so Democrats seeking the Senate place in Tuesday's election. He will oppose John Tower, the Republican, in the runoff election. Jim Wright was in third place, Will Wilson in fourth.

Sen. Bill Blakley

WRITE IN CANDIDATE LEADS

Lewis, Putman Win Trustee Board Posts

Barry Lewis, a write in candidate, led the field of contestants in the Muleshoe school district trustee election Saturday and was elected a new member of the school board. Dr. B. R.

Putman, currently serving as president of the board was re-elected. Lewis had a total of 454 votes. Dr. B. R. Putman's final was 430.

New Manager For Perry's Store Here

Gil Herndon has been appointed the new manager of the Muleshoe Perry's store.

Gil moved to Muleshoe from Longview in East Texas last week. He is taking up residence at 1420 Avenue B.

The Herndon family of 6 includes Gil and his wife, Betty and their four boys, Jock, Glen, 8 and Ronald and Donald, both 7.

Ray Reeder, the former manager of Perry's has taken a position with Ponca Wholesale, Plainview.

Robert Blackwood, running for reelection to the board was in third place with 353. Martin Oliver, a candidate for a place on the seven man board was in fourth place with 315.

All four candidates maintained the same relative position throughout the vote count as they had when the first report was issued at 8:20. The final count report was made to The Journal at 10:25.

Voting in Muleshoe was done in a single box, located at Junior high school. There was an unusually large turnout of voters, an estimated 787 ballots being marked during the day. Absentee ballots numbered 76. They marked two ballots each, the other being for county trustee at large. Tye Young was re-elected for county trustee.

Boys Club Calves Beef Is Featured

Cashway Grocery this week is featuring boys' club beef, from calves the boys fed out here and exhibited in the recent club show.

Thurman White, store owner, said he bought a calf from a 4-H boy and one from an FFA boy. The calves were in prime condition. He said he felt that purchase of the calves here would give boys an added incentive in their club projects. Description of the beef is contained in Cashway's ad in this paper.

WRITE IN CANDIDATE WINS

Crow Is Elected Mayor of Muleshoe

Arthur Crow, dealer here for Chevrolet automobiles, was elected mayor of Muleshoe in a brisk write-in campaign in the city election Tuesday. Mr. Crow's vote was 326 to 191 for the incumbent, Houston Hart.

Running for reelection to the Council unopposed, Earl Harris, received 487 votes for Place 1; Blackburn, unopposed for Place 2 councilman had 532 votes. Lowell Irvin St. Clair, defeated Mrs. Thurman White for Place 3 councilman and was re-elected 272 to 251. W. M. Pool, III was reelected for Place 4 with a total vote of 522.

REV. HAMBLIN

Methodists of Lazbuddie Will Hold Revival

Revival services at Lazbuddie Methodist church will begin the coming Sunday, April 9, and continue through April 16, Rev. A. N. Motes, pastor announces. Rev. Motes said the evangelist will be Rev. David Hamblin, pastor of the Trinity Methodist church in Snyder.

COSMIC FORESEES

Scattered Light Showers Only

March officials brought Muleshoe 1.67 inches of precipitation. This is well over the .57 normal for the month.

We have measured good amounts of moisture all winter long and the early part of this spring promises to continue the present trend. Cosmic has been calling for about two inches of precipitation in April. April's precipitation began as light snow late Wednesday. Thursday morning measurement revealed .05 in the April ledger with traces of light rain interspersed with snow flurries still falling.

Muleshoe's highest temperature for the young year of 1961 was recorded Tuesday at 89 degrees. This high temperature was quickly replaced 10 hours later with a chilly 35. Thursday morning's temperature slipped to 30 degrees momentarily. Muleshoe's 1961 precipitation now stands at 2.92. Cosmic's pre-year outlook called for 1961 to bring us about 21 inches.

This weekend promises more April showers. Next Friday Cosmic expects a squall line to form in the West Texas area bringing thunderstorms and gusty winds. This would be for April 14.

Friday of April 7 looks continued cool as do Saturday and Sunday with scattered light showers throughout the weekend. Monday and Tuesday will be mild and fair with a warming trend.

Wednesday and Thursday are destined to be warm with southerly winds picking up in velocity to about 25 to 30 mph ahead of next Friday's thunderstorm activity.

Show Fine Interest

Good interest in recent elections was shown by those who intend to be out of the county on voters day.

Church Groups Oppose Opening Private Club

James Leigon, who has obtained a Private Club Registration Permit from the Texas Liquor Control Board, told the Journal this morning that he plans to begin operation of the club in the next few days. He said it would be known as the Buckhorn Club and would operate in the main dining room of Leigon's Cafe, which in the future will be open to members only; the rest of the cafe facilities will be open to everyone and food will continue to be served.

The permit was obtained under the Control Board's "Rule and Regulations No. 52", made effective Jan. 1, 1961. The club would operate on the "locker system". The rule reads in part: "Beverages owned by members of the club may be stored, possessed, mixed, and served by the drink, or in broken or unsealed containers". The rule based on Art. 686-6, of the Texas Penal Code.

Meantime several churches of Muleshoe have passed resolutions opposing opening of the club. At Trinity Baptist the congregation adopted the following, quoted in the church bulletin Sunday, April 2:

"We recommend to this church that any member of the Trinity Baptist Church that becomes a member of any such club or is found to be participating in any such activities is automatically out of fellowship with our church. We further recommend that the Trinity Baptist Church begin Biblical procedure to withdraw fellowship with any member who is participating in any such club."

The above was recommended by the pastor and deacons, adopted by the congregation at a business session following services. Meantime the Rotary Club had moved its place of meeting at noon each Tuesday and has been meeting in the school lunchroom. The Lions Club also voted to move their meeting place.

Resolutions against a private club also were adopted by congregations of the First Baptist Church, Main Street Baptist Church, and by Calvary Baptist Church.

Leo Gilmore Died Wednesday

Leo Gilmore, 73, passed away Wednesday, April 5, in the West Plains Hospital. Services will be held in the West Camp Baptist church Friday, April 7, at 2:30 p.m. The officiating clergyman will be Rev. T. L. Pond, pastor of Mayfield Baptist church, Rev. Carroll Herring, pastor of West Camp Baptist church, and Rev. Troy Walker, pastor of Trinity Baptist church in Muleshoe.

Mr. Gilmore was a retired farmer. He was born August 31, 1887 in Minnesota. He married the former Margarette McGee March 3, 1943. She survives him. He was a member of the West Camp Baptist church and of the Masonic Lodge in Muleshoe.

Listed among his survivors are his wife, two nephews and one sister, Mrs. Nellie Hespil of Tulsa, Okla.

The active pallbearers include J. W. Johnson, J. D. Kent, W. D. Nicewarner, Partin Austin, Woodrow Couch, and Loyd Stephens. The honorary pallbearers are Guy Rustin, Ivan Garr, T. P. Kittrell, Carl Evans, Paul Huber, and Roy Sheriff.

Interment will be in Muleshoe Cemetery under direction of Singleton Funeral Home.

Club Animals In Plainview Auction

Joyce Adams' Duoc barrow, 5th place winner in the heavy class at the Plainview Show, Friday sold for 40c per pound in the animal auction at the end of the event. Joe Adams' second place light Hampshire sold for 32c a pound. They are 4-H clubbers.

Rickey Bell, Muleshoe FFA, won first place in the light Poland China class with his barrow. Other FFA nice winnings went to Jerry Harrison, George Moraw, Donald Shanks, and Gene Bates. The Journal failed to learn how their animals sold.

FRANCIS A. FLYNN

Sales Course To Be Offered

The market for consumer goods indicates this country will have a \$46 billion economy by 1970. One hundred seventy million people will have needs and wants to be satisfied. Taking these two predictions into account, a 17% increase in sales is forecast for the next ten years.

Will we get our share? These were the words of Lindal Murry, chairman of the Education Committee of the Muleshoe CoC when he announced this special training program for Muleshoe businessmen. The University of Texas will offer the sales training course entitled "Dynamics of Selling" at the Junior High School from 7:30 to 9:30 p.m. on April 24-27. This course will help people who sell do a better job.

During the four-day program, discussions will be held on how to secure and hold the customers' wants and needs through the use of proper job knowledge and finally, how to help the customer make the proper buying decision.

Mr. Francis A. Flynn, the instructor from the University of Texas Distributive Education Department, has had extensive experience in retailing and has conducted similar programs for the University during the past three years. Individuals or groups desiring to attend should contact Murray or the C of C office, local sponsors of the program.

Road Bond Proposals Get Clear Majority

Both bond issue proposals voted upon in Tuesday's election were given handsome majorities. A two thirds majority was required for passing of the county wide bond issue for widening highways 70-84 from Muleshoe to the Farmer County line.

The proposal was accorded a two thirds majority, the county total being 710 for, 315 against. Majorities against the proposal were posted in Three Way, Bula, and Circleback boxes.

The county will have \$250,000 with which to purchase right of

FOUR PURPOSES EXPLAINED

Feed Grain Law Objectives Outlined By A & M Specialist

Ward Manager Co-op Elevator

Hershel Ward has been named manager of the Farmers Cooperative Elevator in Muleshoe, succeeding C. L. Peat in that position.

Mr. Ward comes here from Hutchinson, Kans. He was previously with Producers Grain Corporation in Amarillo for five years. Mr. and Mrs. Ward have four children: Joy 12, Sara 6, Ben 4, and Michael, 10 months. The family will join Mr. Ward here as soon as he has located suitable housing.

The Cooperative Elevator also operates the Cooperative Farm Store, located on Plainview. Mr. Peat and family have moved to Amarillo, where he will be manager of another Cooperative Elevator.

Mrs. Thornton, 72, Dies At Henrietta

Funeral services for Mrs. J. F. Thornton, age 72, of Henrietta, Texas, were conducted at the First Baptist Church of Henrietta at 2 p.m. Thursday. Burial was in the Berger cemetery at Borger, Texas, under direction of Hawkins Funeral Home of Henrietta.

Survivors are her husband; four sons, A. W. and Hugh Gore of the Circleback community; Jess Gore of Odessa, Harvey Gore of San Diego, Calif.; two daughters, Mrs. Herman Kirkpatrick of Houston, and Mrs. Morris Carpenter of Bastrop, Texas; 16 grandchildren and 22 great grandchildren.

Mrs. Thornton passed away shortly after 12 Wednesday at the M. D. Anderson Hospital in Houston. She had been a cancer patient there most of the time since September, 1960.

In the Muleshoe school trustee election, for instance, 76 voters registered their votes before leaving. For United States Senator, 33 absentee votes were cast, and on the two bond issues 34 absentee voted.

College Station — The feed grain legislation, signed into law on March 22 by President Kennedy, has four purposes. They are to increase farm income; prevent further buildup of the feed grain surplus and reduce it if possible; help assure the consumer of fair and stable prices for meat, poultry and dairy products and reduce the ultimate feed grain program to taxpayers.

According to C. H. Bates, farm management specialist for the Texas Agricultural Extension Service, the program is voluntary and applies only to 1961. All field corn and grain sorghum whether for grain, fodder or silage are covered and co-operators are being asked to reduce their 1961 plantings of these crops by at least 20 percent below the 1959-60 average acreage.

Voluntary reductions up to 40 percent are encouraged for growers with bases of 100 acres or more. Growers with bases of 25 acres or less may retire the total under the program.

Cooperating farmers will be eligible for support prices — \$1.93 cwt. on grain sorghums, \$1.20 per bushel on corn, 92c per bushel on barley, 62c for oats and \$1.02 per bushel for rye. The non-cooperator will not be eligible for price support on any of these crops, Bates said. His production would have to move at market prices. He cannot depend upon the government price support nor his neighbor's production adjustment to hold up the market price.

CC Committee Thanks People For Bond Vote

Members of the highway committee, and the directors of Muleshoe Chamber of Commerce issued a statement Wednesday, thanking the people of Bailey County for their vote of confidence in passing the two road bond issues in the Tuesday election.

Committee members report they feel that the majority vote cast in favor of the two proposals was also a vote of confidence in the Chamber's program of work. Passage of the road bond issue had high priority in the 1961 CC program of work.

Members of the committee circulated petitions calling for the election, and then worked at publicizing the need for widening U. S. Highways 70-84, and repairing county roads.

The Chamber expressed gratitude to The Journal for aid in putting the Chamber's position in the matter before the voting public.

Farm Labor Speaker Will Be Heard At Plainview Friday

Allan Grant, West Coast farm organization official with firsthand knowledge of the farm labor strife in California will discuss the future of domestic and bracero farm labor in Plainview Friday night. The meeting is to begin at 8 o'clock in the high school auditorium. Many from this section are planning to hear Mr. Grant's talk.

He was to speak at Crosbyton tonight. Invitations have gone out to both farmers and businessmen of the Panhandle and South Plains areas, said Hub King, Brownfield, Texas Farm Bureau member, urging that they attend at least one of the meetings.

As a cotton grower in the rich San Joaquin Valley, Grant is "very close" to the farm labor problems on the West Coast, King said. Grant will discuss recent violence-ridden attempts to unionize farm labor in California.

Grant traveled with New Jersey Sen. Harrison A. Williams. Senate Subcommittee on Migratory Labor when it toured California's agricultural areas.

He has represented the California Farm Bureau at hearings in connection with field sanitation, as well as other subjects allied with labor.

Spent 6 Weeks In India Grant and his wife spent six

Cooperators, if they choose, may receive payments in the form of negotiable certificates which represent grain from CCC stocks. The Secretary of Agriculture will determine the flow of this grain into market channels.

A cooperator, Bates said, agrees to reduce by at least 20 percent his grain sorghum or corn acreage for 1961 below his 1959-60 average. The diverted acres must be put to some conservation use. It cannot be harvested or pastured. Weeds, insects and rodents must be controlled on the diverted acreage.

In turn he will receive, in addition to his eligibility for price supports on his grain crops, a payment for each acre diverted to conservation use. The rate of payment for the first 20 percent diverted will be 50 percent of the normal production of the acreage diverted times the county support price. (This price will be announced shortly by county ASC officials). As an additional incentive, a grower may divert an additional 20 percent and receive a payment rate of 60 percent times the county price per acre diverted.

A grower becomes eligible for advance payment — 50 percent of the total — when he signifies his intention of cooperating. This advance payment, Bates said, will help the producer meet his production expenses and is expected to be an important incentive for cooperation.

Called Income Insurance
The specialist added that the program is effective protection in case of crop failure. The payment on diverted acres will be made regardless of weather and is a measure of income insurance as are the higher price supports.

The non-cooperator, Bates advised, will not be eligible for price support on any grain crop and cannot expect to build up his acreage base for future programs. It has been emphasized that the U. S. Department of Agriculture will strongly recommend to Congress that any legislation involving establishment of base acreage for production adjustment give no advantage to producers who fail to cooperate in the 1961 feed grain program.

While many details remain to be worked out, Bates said, county ASC officials have the basic information on the program and are in a position to answer most questions. Local county agents are also receiving information on the program and may be contacted for details. Bates added that educational meetings will be held in all grain producing counties to acquaint growers with the program just as soon as base figures for counties and farms are available and local personnel can be trained.

Legion Turns Down Proposal On Home

Members of the Ben Richardson Post, American Legion, Monday night voted down a proposal that the city of Muleshoe take over the Leigon Home and maintain it. The vote was 29 to 15.

The post had made the proposal to the city, so in effect they were recalling their proposal.

A spokesman for the Leigon men said that the proposal was rejected primarily to permit further study and perhaps make revisions. The Leigon men said the door is being left open for further negotiation.

VISIT RELATIVES

Mr. and Mrs. Bill McKowan and sons, Mike, Larry, and Gail, spent the Easter holidays in Bronte visiting with relatives and friends.

Helen Krebs Is Elected Candidate

LaNetta Small and Laura Bartlett discussed "Contemporary Furnishings" at the regular meeting of the ESA sorority which met in the home of Vickie Young Tuesday, April 4.

Helen Krebs was elected as a candidate for "Outstanding ESA Member" to represent the local Epsilon Chi chapter at the district meeting to be held in Seagraves April 16. She served as district recording secretary and is reporter and scrapbook chairman of her home chapter. Cake, jello desert, coffee and Cokes were served to the following:

Ann alford, Laura Bartlett, Maurine Hooten, Evelyn Johnson, Helen Krebs, LaNetta Small, Johanna Wrinkle, Marlene Martin, and the hostess, Vickie Young.

WEEKEND GUESTS
Easter weekend guests in the Conrad Williams home were Jerry Perra, a student at West Texas State, Mr. and Mrs. Bill Bandy and girls, Mr. and Mrs. Earl Jameson and children, Mr. and Mrs. Virgil Phipps, and boys, all of Friona, Mr. and Mrs. Charlie Phipps of Muleshoe, Mr. and Mrs. Dale Houlette and son of Levelland, Mr. and Mrs. Bob Kluts and Linda, and Mike Flaniken, all of the Three Way community.

WSCS Circle News

Alpha Circle
The Alpha Circle of the W. S. C. S. of the First Methodist Church met in the home of Mrs. Bo Bryant on Tuesday, March 28 at 3:00 p. m. Ten members and one guest, Mrs. Gene Tunell were present.

Mrs. Gedonne Williams began the study, "Heritage and Horizons in Home Missions". Mrs. Hilbert Wisian gave the devotional.

The next meeting will be in the home of Mrs. George Chambers on April 11.

Esther Circle
Mrs. Jack Morris was hostess to the Esther Circle of the WSCS of the First Methodist Church on Tuesday, March 28, at 9:30 a.m. Mrs. Arnold Morris presided over a group of 11 members.

Mrs. Robert Hooten gave the devotional. Mrs. Ralph Douglas introduced the study "Christian Beliefs". Those assisting her were Mrs. Claude Farrell, Mrs. Ray Daniel, and Mrs. Johnny Prater.

The next meeting will be in the home of Mrs. Arnold Morris on April 11.

JOYCE EAKS

Joyce Eaks and James Green To Marry April 22

Mr. and Mrs. E. A. Eaks of Baileyboro announce the engagement and approaching marriage of their daughter, Joyce, to James M. Green, son of Mr. and Mrs. O. E. Green of Muleshoe.

The double-ring ceremony will be performed in the home of Mr. and Mrs. Chester Yerby Saturday, April 22, at 4 p.m. Rev. Troy Walker, pastor of the Trinity Baptist church, will officiate.

Mrs. Hoover Is Hostess For Club

The Progressive Home Club met in the home of Mrs. C. D. Hoover Tuesday, April 4, at 2:30 p.m.

The president, Mrs. L. O. Norwood called the meeting to order after a short business meeting.

Mrs. W. F. Harper was in charge of the program and gave demonstration on smocking aprons and decorative edging made from small rick rack.

Refreshments of pie, coffee, and punch were served to 11 members and three visitors, Mimes, Chester Atchison, Ray Black, and Houston Bartlett.

Next meeting will be in the home of Mrs. Norwood, Tuesday, April 18.

Mrs. Prater And Mrs. Sumrow Give Conference Report

The woman's society of Christian Service of the First Methodist Church met in the Youth Chapel on April 4, 1961 at 2:30 P.M. Mrs. Dean Bishop presided over a group of 18 members.

The meeting was opened with the song, "All Hail the Power of Jesus' Name". After a business meeting, Mrs. Frank Ellis introduced the program. Mrs. Bill Moore gave the devotional. Mrs. Johnnie Prater and Mrs. Don Sumrow gave a most interesting report on their recent attendance at Annual Conference in Vernon on March 21 and 22.

The next meeting will be a salad luncheon on May 2 at 12:30 p.m. Officers will be elected and installed and the Pledge Service will be held at this meeting.

First Aid Course Is Completed By P-TA Members

Six members of the Richland Hills PTA have completed a Standard Red Cross First Aid Course and will receive certificates. Tootie Middlebrook was the instructor.

The first aid course was sponsored by the Education for family living Committee of the Richland Hills PTA.

Those who will receive certificates are Madames: Elsie Williams, Zelma Crenshaw, Betty Oliver, Wanda Baker, Vernon Bleeker, and Annie Floyd.

THANK YOU

I wish to express my sincere thanks and gratitude to my support in the recent trustee election of the Muleshoe Independent School District for the wonderful trust and faith you placed in me. Inasmuch as it is impossible for me to thank each of you personally, may I offer this very inadequate means of expressing my gratitude. In addition, I wish to express my appreciation to the election officials and workers for their excellent handling of the election under the unusual circumstances that existed with a write-in vote. Thanks again.

IN AMERICA'S BIGGEST, TOUGHEST 1961 ECONOMY CONTEST... Which man drove Rambler?

In the most realistic test of all-around gasoline economy ever staged—the NASCAR sanctioned 1961 Pure Oil Economy Trials at Daytona—Rambler won three trophies, held by driver Les Viland in the photo above.

No other make won more than one award . . . most won none.

Unlike other runs that put a premium on feather-footed driving, the Pure Oil Economy Trials closely parallel your own everyday driving experience.

Every U.S.-built production car is eligible. None are arbitrarily barred, as in some runs. In 1961, 145 cars representing all 5 U.S. makers competed.

Rambler American Custom with overdrive beat them all to win the cherished Overall Winner Trophy and captured the Class 6 trophy in competition with Falcon, Corvair, Lark and Tempest 4. In fact, it took the first 6 places and 8 of the first 10.

And Ambassador V-8 by Rambler won its Class, swept the first 8 places and 9 of the first 10 spots.

With speeds up to 65, and averaging more than 40 M.P.H., the winning Rambler American made 14 complete stops, shifted through the gears 15 times while circling the 3.7 mile course, and still averaged 26.86 miles per gallon!

This is the second straight year Rambler won the Pure Oil Economy Trials.

Want more proof of Rambler value? Then see your Rambler dealer. You'll find top gas economy is just part of your savings. Rambler costs less to buy, is voted most trouble-free by owners, has top resale value.

Rambler dealers sell twice as many compact cars per dealer as most other dealer groups. So, you get a better deal . . . on the best of the compacts. Rambler—world standard of compact car excellence.

THRIFTIEST COOK IN TOWN!

That's you — when Reddy's your helper. The real cooking economies come from an electric range. Because electric roasting needs no air, it doesn't draw the moisture from your oven when you're roasting. Result? Less meat shrinkage — more for your meat dollar.

Again — because electric heat is accurately measured — you use less water when cooking vegetables. Result? More minerals and vitamins stay in the food — less heat is used to bring the smaller amount of water needed to a boil. Savings for you once more.

And finally — the big economy from the cleanliness of electric cooking. You won't have to wash your walls and curtains as often — and you'll stretch out the time between painting and decorating expense.

Thrifty cooking? Of course, it's electric.

MR. COTTON FARMER:
MAY WE MAKE THIS SUGGESTION?

Before delinting, have your seed germinated on both at 78 and 65 temperature. We have both at no cost. 1960 seed have fair germination, but very low in vigor. We suggest saving your 1960 seed for a later planting if necessary. If your ginner can't furnish you with strong seed we have a few Lamesa grown Gregg that are very reasonable in price.

L. R. WATSON

HUB DELINTING CO.
 HUB, TEXAS LEO J. RUZICKA Mgr. PHONE 2705, HUB

PLEASANT VALLEY

Mr. and Mrs. W. D. Lackey were Sunday guests of their daughter and family, the Martin Doss' of Muleshoe. Sunday night they visited in the Inroe home in Progress.

Tubby Angeley was home for the Easter holidays. Other guests in the E. K. Angeley home were Miss Twila Whitford of Earth and Miss Phyllis Milligan of Muleshoe and Eugene Buhrman for Sunday dinner, then Sunday afternoon Mr. and Mrs. M. M. Milligan of Muleshoe called.

Mrs. A. J. Commons spent the weekend in McKinney visiting with her mother and other relatives.

Weekend guests in the Oscar Allison home were Mr. and Mrs. J. B. McKinstry of Hagerman, N. M., Mr. and Mrs. Buddy Pool of Amarillo and Mr. and Mrs. Joe Milsap Jr. and Joe of Lubbock. Sunday dinner guests were, in addition to the house guests, The Gerald Allisons, the Harold Allisons, the Gene Tunnels.

Mrs. Lillie Wuerflein's niece and her husband, Mr. and Mrs. Jim Winchester of Kansas arrived last Thursday and visited until Saturday in the Wuerflein home. The Winchesters were on their way to Iowa to make their home.

Martha Wuerflein spent the Easter holidays with her family. She was accompanied by Barry Morgan and George Yang, a student at Wayland from Japan.

Mr. and Mrs. Elmo Stevens, Sheryl, Mr. and Mrs. Roland Stevens were Sunday dinner guests of Mrs. Annie Stevens in Muleshoe.

Mr. and Mrs. Roy Taylor are away on a fishing trip this week.

Young Farmers Chapter To Meet
A meeting of the Muleshoe Young Farmers Chapter will be in the vocational agriculture building at Muleshoe High School. All members are urged to attend.

Three Way News

The Goodland Bible Study Club met in the home of Mrs. Tommy Galt Tuesday. Mrs. Cass Stegall was hostess. Following a business meeting, chapters 14 through 17 in the book of Numbers were read and discussed.

Refreshments of cake and coffee were served to 6 members and 2 guests. They were Mrs. L. W. Chapman, Pete Tarlton, Baker Johnson, L. D. Sanderson, Galt, and Stegall, and the visitors, Mrs. James Courtney and Frank Griffith.

The next meeting will be April 10 in the home of Mrs. W. C. McCelvey, and will continue studying the Book of Numbers.

Mr. and Mrs. Frank Griffith visited relatives in Post Wednesday, then drove on to Snyder to meet their son, Bailey, who is a student at Texas A and M. Bailey spent the Easter holidays here and returned to school Monday.

Attending the funeral at Lubbock of Mr. Crews were Mr. and Mrs. Buck Ragsdale, Mr. and Mrs. W. C. McCelvey, and Rev. Byron Hardgrove. Mrs. Louis Henderson of this community is a daughter of Mr. Crews.

Spending Easter at home from West Texas State College at Canyon were Butch Tucker, Glenn Lowe and Carter Williams.

Read John 16:1-11

Though he were a Son, yet learned he obedience by the things which he suffered; and being made perfect, he became the author of eternal salvation unto all them that obey him. (Hebrews 5:8, 9.)

When one faces tragic experiences in life, someone seems always near who will remark, "But you must submit to the will of God for He knows what is best." The statement is true, but its application is so often a tragic untruth.

It is God's will that we should have health, happiness, the fullest and richest life possible. Life is not to be a passive submission to anything which comes, believing it to be the will of God.

God's purpose was not to destroy Jesus upon the cross; His will was to save the world. In the garden Jesus was seeking to know the ultimate purpose of God's will that He might fulfill it by His living and by His dying.

It is our task to discover God's will, for ourselves as well as for society, and society, and then seek the means by which that will and purpose can be carried out in all of life.

Our Father, help us to realize how much Thou lovest us, and what wonderful things Thou wouldst give unto us. Help us to seek to know Thy will for us and for all mankind. May we earnestly strive to fulfill that will as we live the hours of this day. For Jesus' sake. Amen.

"I am come that they might have life, and that they might have it more abundantly."

Frustration

and

Faith

THE CHURCH FOR ALL . . .
ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Sunday	John	18	4-9
Monday	John	18	10-14
Tuesday	Luke	23	13-21
Wednesday	Mark	15	15-20
Thursday	Matthew	27	33-38
Friday	Philippians	2	1-8
Saturday	Timothy	2	1-6

Do you gain any real comfort from that old cliché about dark clouds having silver linings? Who can peel a cloud to find its happy lining?

But frustration has been a blessing to many men. It has driven self-centered souls to seek a new fulcrum for life. It has brought men to God . . . acknowledging human failure . . . seeking divine strength.

And as they have found in the Church comfort and courage they have learned anew the spiritual meaning of defeat and victory.

The One that this world crucified is King of kings. Beyond a cross and a crown of thorns our greatest aspirations await us.

ROSEBUD OFFICERS

ROSEBUD CHAPTER, Muleshoe FHA, pose for The Journal photographer. The chapter is composed of freshman girls. Left to right in the picture, Joyce Adams, Peggy Lewis, Linda Wells, Diane Chappel, Kathy Moore, Lou Vinia Williams, and Sharon Milen.

DINNER AT HAMMOCKS

Mrs. Pearl Hammock's Easter dinner was notable for one thing especially: Her sister-in-law, Mrs. W. A. Elmore, who has been seriously crippled by arthritis, was unable to be present with her husband, and the lady who stays with them, Della Raley, attended. The Elmore's live at Circleback, and he still farms at age 77. Others present were Mr. and Mrs. John Hammock, Mr. and Mrs. Lee Pool, Mr. and Mrs. Buddy Pool, Amarillo.

REUNION AT SNYDER

Mr. and Mrs. Douglas Horsley spent Easter Sunday in Snyder with his parents, Mr. and Mrs. R. G. Horsley. Also present were Mrs. Buck Chandler, a daughter; Mrs. Skinny Winn, of Floydada, another daughter, besides the two children who live in Snyder, Chet Horsley and Mrs. K. O. Pitner and their families.

VISITED PARENTS

Mr. and Mrs. Willard Heathington and two sons spent Easter with her parents, Mr. and Mrs. I. L. Kitchens. Sunday afternoon members of a Sunday school class of Longview Baptist Church descended upon the Kitchen farm and had their Easter egg hunt.

VISITED THE HOBBS

Mr. and Mrs. R. L. Hobbs had for Easter, their children, Mr. and Mrs. Jay Davis and children, Mark, Cherry, and Melaine, of Lubbock.

Richland Hills Lists TIL Winners

Richland Hills Elementary School Interscholastic League Winners are as follows:

Declamation (5th and 6th grade)

Note: First place winners will represent Richland Hills in the District meet in Abernathy on April 7, 1961.

Girls:

First—Jeanine Wagon, daughter of Mr. and Mrs. B. H. Wagon. Second—Renee Howell, daughter of Mr. and Mrs. Gideon Howell. Third, tie between Kerry Beddingfield, daughter of Mr. and Mrs. Jack Beddingfield and Lynn Ericson, daughter of Mr. and Mrs. E. G. Ericson.

Boys:

First—Bruce Purdy, son of Mr. and Mrs. John L. Purdy. Second—Stan Johnson son of Mr. and Mrs. Randy Johnson. Third—Tie between Jerry Don Redwine, son of Mr. and Mrs. Dalton Redwine, and Gary Knowlton son of Mr. and Mrs. Jack Knowlton.

Story Telling Contest First—Glen Timmons son of Mr. and Mrs. T. L. Timmons, second grade.

Alternate: Karen St. Clair, daughter of Mr. and Mrs. Bill Jim St. Clair, third grade.

Spelling and Plain Writing Donna Heard daughter of Mr. and Mrs. O. D. Heard.

Ann Phelps, daughter of Mr. and Mrs. Bernard Phelps. Alternate: Debbie Bryant daughter of Mr. and Mrs. Russell Bryant.

Picture Memory Contest Val Moore, Cynthia Harris, Cindy Davis, Barbara Ellen, Mrs. I. L. Kitchens. Sunday afternoon members of a Sunday school class of Longview Baptist Church descended upon the Kitchen farm and had their Easter egg hunt.

Alternates: Bobby Allison and Consuela Murrillo.

Alternates: Debbi Bryant daughter of Mr. and Mrs. Russell Bryant.

BUILDING NEW HOME

Mr. and Mrs. M. E. Lee were so busy building a new home on Avenue J here that they barely had time for the Easter visit of their son, Monroe, a sophomore civil engineering student at Tech. The Lees have sold their home to the Wilson Stone family, Mr. Stone being a new employee of West Texas Seed & Grain Co., and moving here from Clovis. Mrs. Lee told The Journal reporter she was very sorry she had nothing of interest to report.

HOME FOR HOLIDAYS

Loretta Sullivan and Paul Crider, both students in Abilene Christian College, spent the Easter holidays visiting in the home of her parents, Mr. and Mrs. Bill Sullivan.

EASTER IN FT. STOCKTON

Mr. and Mrs. Henry Rowe and children spent the Easter holidays in Ft. Stockton visiting in the home of her brother and family.

Maltbys Back After California Stay

Many people here will remember Peter van der Veen, Holland boy who spent the summer of 1951 in the Muleshoe community as the guest in the home of Mr. and Mrs. G. T. Maltby, on whose farm he was employed. Peter made many friends that summer, spoke to Lions and Rotary clubs, and a score of other organizations.

News of him was furnished The Journal by the Maltbys, who have just completed a month's visit in California, where they visited with Peter and his wife at Davis, Calif., where Peter is a student in an agriculture college. Peter met his wife in Iran where he was stationed for some time after leaving here; they will return to Iran for work after he completes his college course.

Peter was studying agriculture as practiced here at first hand during his summer stay. The Maltbys hope that he and his wife will visit here on their way back to Iran.

But the Maltbys didn't go to California only to visit Peter. They visited in Pacifica (San Francisco) with their daughter and husband, Mr. and Mrs. Ed Campton and two daughters; in Alhambra (Los Angeles) with another daughter and husband, Mr. and Mrs. T. S. Cuda, and their three children.

Also they did some sightseeing. They recommend most highly a trip to Marineland and Forest Lawn Park and its wonderful paintings.

CARD OF THANKS

It is with deep gratitude to all our friends and loved ones we attempt to express our thanks for the deeds of kindness, words of sympathy, cards, beautiful floral offerings, and every help extended us in the loss of our mother and grandmother.

The prayer of the family is that God will bless you all and give you such loyal friends when sorrow comes your way.

The Family of Mrs. Mandy Atkinson, Inc.

REUNITED AFTER ELEVEN YEARS

Mr. and Mrs. L. E. Adams of Abilene recently visited in the home of her sister and family, Mr. and Mrs. Billy Vinson of Muleshoe. The sisters were separated 11 years ago when their mother passed away. Mr. and Mrs. Adams are former residents of the state of Washington and have recently been transferred to Abilene.

AFTER SIGNING proclamation designating April 9 to 15, 1961, as Future Homemakers Week in Muleshoe, Mayor Houston Hart poses with officers of Muleshoe FHA Chapter. Left to right, Betty Davenport Sue Phipps, Zona Millen, Mayor Hart, Goldialu Goucher, and Rena Quisenberry. Rosebud Chapter is composed of freshman Homemaker students. (Journal Photo).

Plainview Nursery Featured by "Grit"

The newspaper, Grit, this week published a story from Plainview under the running caption, "I'm Proud of My Town".

This story tells how a nursery for the care of Negro children of pre-school age whose mothers work to help support their families was built.

For five and a half days a week, 85 boys and girls are sheltered in a large cement block building, given wholesome meals, have regular rest periods, and enjoy toys, games, books, and a record player under competent supervision.

A modest fee is charged for the care of the children, and supplementing funds are provided by churches, service clubs, other organizations and individuals.

Plainview Ministerial Association launched the nursery project, Grit relates, after three children burned to death in a fire that destroyed their home, where they had been left alone.

Signed by me this 6th Day of April, 1961.

Mayor of Muleshoe Texas.

HOUSTON HART

FUTURE HOMEMAKERS WEEK

WHEREAS, the destiny of our future rests in the hands of today's youth, and

WHEREAS, the Future Homemakers of America organization is training our youth to become good citizens and good homemakers,

NOW THEREFORE, I, Houston Hart, Mayor of Muleshoe, Texas, do hereby proclaim the week of April 9 to 15, 1961, as

FUTURE HOMEMAKERS WEEK IN MULESHOE

and I call upon all the citizens of Muleshoe to observe the occasion by recognizing the activities of FHA and cooperating with the groups in whatever way possible when called upon to do so.

Signed by me this 6th Day of April, 1961.

Mayor of Muleshoe Texas.

Beautifully built to cost less* and save more than any other full-size car

Ford Fairlane, equipped the way most people like, is the lowest-priced, full-size, six-passenger car in America. And still—the savings only begin when you buy! Because it's beautifully built to take care of itself, you save while you drive. For instance you lubricate it only every 30,000 miles. (See box at right.) Every Ford is so beautifully built that dealers trebled their warranty! This is the car that sets the economy trend...

HERE'S HOW THE '61 FORD TAKES CARE OF ITSELF

Lubricates itself—You go 30,000 miles between chassis lubrications (which cost only about \$4.00 and take about 20 minutes).

Cleans its own oil—You go 4,000 miles between oil changes with Ford's Full-Flow oil filter (which filters better through fibers).

Adjusts its own brakes—New Truck Size brakes adjust themselves—automatically.

Guards its own muffler—Ford mufflers are double-wrapped and aluminum to last three times as long as ordinary mufflers.

Protects its own body—All vital underbody parts are specially processed to resist rust and corrosion, even to galvanizing the body panels beneath the doors.

Takes care of its own finish—Just wash and clean Ford's new Diamond Lustre Finish and it will continue to glisten like new. It never needs waxing.

Extended Warranty—Each part of '61 Ford, except tires, is dealer warranted against defects in materials or workmanship for 12 months or 12,000 miles, whichever comes first. Owners remain responsible for normal maintenance service and routine replacement of maintenance items such as filters and ignition parts.

FORD DIVISION, Dearborn, Michigan

Beautifully built to take care of itself

FORD FAIRLANE

*Based on a comparison of manufacturers' suggested retail delivered prices including radio, heater, automatic transmission and white sidewall tires.

MAN... that's sorghum!

Make Every Acre Count

GOOD SEED DOESN'T COST... IT PAYS

P.A.G. Hybrids have proved to be TOP YIELDING varieties at the High Plains Research Foundation and in County Agent Tests throughout West Texas.

Farmers, who have planted them like them. You'll find P.A.G. Hybrids have the features you want... when you plant... and when you harvest! They're test grown in Mexico for Genetic Purity. You'll echo the statement that hundreds of farmers say about P.A.G. Man, That's Sorghum!

Babson Discusses Chemistry As A Gold Mine

Babson Park, Mass., April 6—My appeal to every woman is to have her children study chemistry in high school. When they get married they should make their kitchen a laboratory. If I were a young man I would train as a chemical engineer in connection with business administration. A woman could also do this, but there are not as many jobs to get as chemical engineers. Their knowledge of chemistry for the woman is primarily for her to do research in her own kitchen. The opportunities along this line are very great and can be very profitable.

The Importance of Creative Work
 Less than 1% of the graduates from our schools go into creative work. Most of them manufacture or sell or advertise what has already been created. Manufacturers are primarily interested in making dividends,—not food, clothing, or shelter. Merchants are interested in selling, at a profit, what has already been produced. Bankers are reluctant to loan money for research. Yet research has given us all that we have today and it is the only cure for, or prevention of, more inflation and a higher cost of living. Our whole economic life is topsyturvy.

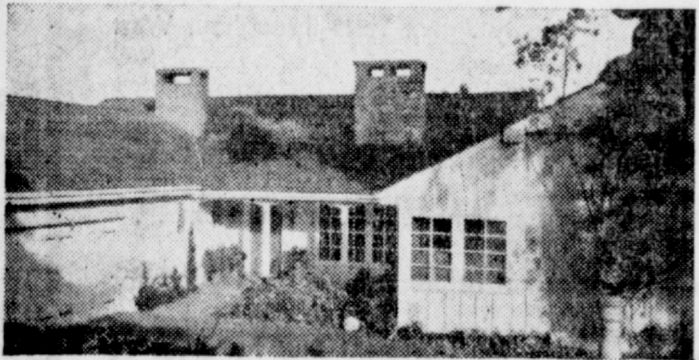

All life starts with a baby who is 100% chemistry. Its inception and its growth within the mother, for the first nine months are wholly a chemical matter. Yet when the baby becomes a little child the mother teaches it to eat things that it should not eat. If mothers knew more about the chemistry of food, there need be very little sickness in the family. Fish live wholly in water and consume the minute plankton therein. Water, sugar, salt, and the grains are only chemicals. Sunday Schools should teach chemistry as a powerful manifestation of God and the Holy Spirit.

SAND HILLS PHILOSOPHER TAKES.

His Mind Off of Big Problems, Rests It On The Little Ones

Editors note: The Sandhills Philosopher on his Johnson grass farm must have been using a neighbors, telephone, his letter this week implies.

Dear editor:
 I know everybody is supposed to be concentrating hard on the solution to the problem in Laos, but a man can stand just so much of these high-level problems and has to rest his mind occasionally by working on small ones.

What threw me off the major problem was an article I read in a Sunday paper which I didn't get hold of until Wednesday, which is soon enough, about progress being made in the telephones.

Is I understand it, the telephone company is working hard all the time to improve service, and everybody has to admit the phone today is better than it was a generation ago, but the thing can be carried too far.

For example, they're working on a dialing system now where you can dial more than one number at a time. It's a fact you may be able to dial three or four numbers and carry on conversation with all of them at the same time, in a sort of general conference.

Now this may be handy for busy executives in business or for housewives trying to decide in a hurry what kind of sandwiches to serve at the reading club, but has the telephone company ever stopped to think what teenagers will do with this system? They'll break down the communication network. Instead of tying up two telephones for two hours, they can tie up four. This is the way with a lot of progress. It finally becomes so immensely complicated it defeats its

unwieldy it defeats its purpose, like cars in a traffic jam, and the only answer is to work harder and put in a second phone for your own use, and for the amount of work it takes to pay for both, you could walk over as cheap and see in person the man you wanted to talk to on the phone in the first place. Also, telephones are becoming too thorough. The purpose of a telephone, as far as I'm concerned, is to reach somebody without having to see him, but they're working on new phones

that'll reverse this, and make it possible for people to reach me on the same terms. If you're not at one number, the phone will automatically trace you to the next one; if your phone is busy, it'll wait till you hang up and then ring immediately. Why, even if you are off on a tractor, it's possible to reach you by phone. This is going too far. As far as I'm concerned, a phone is to reach somebody else with, not for somebody else to reach me with. I'd better get back to working on Laos.

Yours faithfully
 J. A.

Scoop Sez ...

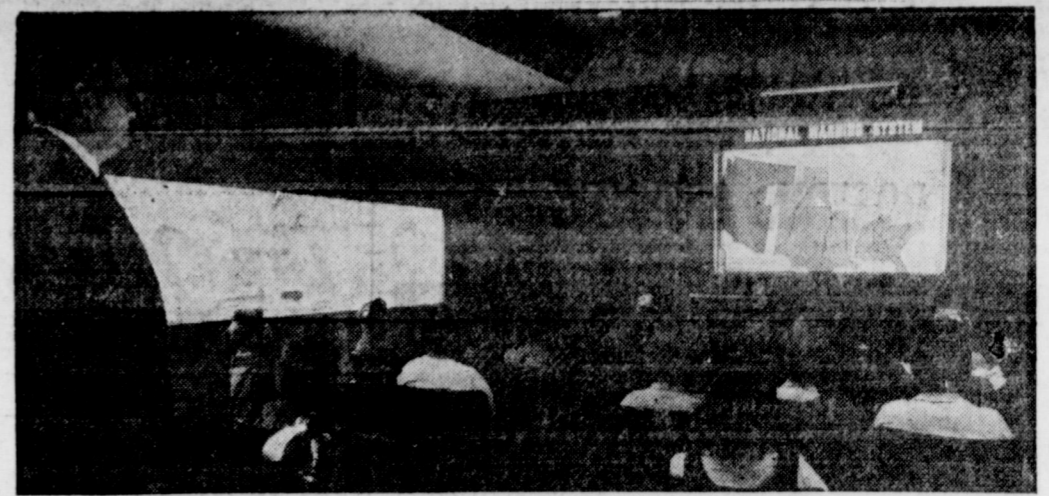

By J. M. Forbes

Across the festive Easter dinner table from me sat the Brain, our niece, who deposed and saith as follows, to-wit: I guess I am just a Republican. I guess I will vote for Mr. Tower or Mr. Blakeley, the latter is a good conservative. And do you know, she ventures further, do you know who my favorite conservative is? I said I don't suppose by the wildest stretch of the imagination that you mean Mr. Goldwater? She half indignantly exclaimed: It's GOLDWATER, not COLLDWATER.

I said I didn't know. I remember that he never had any idea of his own; just wants to throw cold water on other people's ideas. So I thought the name fitted.

She said her ideas sort of conformed to the things she had said by her husband. He yelled out from the living room, where he's had to take his plate, thistly, "I'm glad to hear all these things, little woman."

I told her it is real fashionable and real recherche to be known as a "conservative" these days, although only one out of 22 million people know what the labels "liberal" and "conservative" mean. But if you're a conservative, you might be invited to join the best clubs; the best etc. The conservatives will be in fashion until some crisis hits the country; then they'll crawl in a shell and let the progressive minded people of the U. S. bail them

WOMEN'S GROUP is shown the fundamentals of civil defense during an illustrated talk given by Robert S. Ritz (at projector), a training officer for the Illinois Civil Defense Agency. Ritz was hired recently under a new Federal program to split 50-50 with State and local civil defense agencies the costs of enlarging their staffs to accelerate nuclear-age survival measures. (OCMD Photo)

Today's Meditation

Read Acts 1:1-8
 That which we have seen and heard declare we unto you. (1 John 1:3).

Recently I read the story of Sardon Masih, a sweeper in one of the hotels of a hill city among the mountains of Kashmir. Every afternoon he gathers around him the servants and cooks of that hotel and holds a sort of Bible class with them. He tells them about Jesus, the Savior of mankind.

We, too, are called to witness to the love of God, and this is our great commission. When we have the divine light shining in our lives, we radiate it to others. We want to tell the story of what we have seen and known and experienced. We can tell what Christ has done for us. We experience overflowing joy when we witness about Jesus, the redeemer love of the Son of God.

Prayer: Our heavenly Father, give us strength and insight to use our wisdom and experience not for ourselves, but for others. Help us that they may become stronger through our witness. Use us as witnesses to Thy Holy Word and to the redemptive power of Thy love. May Thy divine light shine on all who are still in darkness, that all men may accept Christ as their Redeemer and pray as He taught us, "Our Father who art in heaven . . . Amen."

TEL CLASS NEWS
 Mrs. Ida Waggoner was hostess for the regular meeting of the TEL Sunday School Class of the First Baptist church Tuesday, April 4.
 Myrtle Alsop presided. The prayer was by Effie Bray. Devotion was given by Mrs. Wakefield. She read Matt. 23.
 The class gave a donation to a needy family who moved to California. They quilted and presented it to a needy family who lost their home by fire.
 Refreshments were served to 12 members and two guests, Mrs. Eugene Black and daughter, Marilyn.

Water Recharge Is Evaluated

"Artificial recharge of runoff water into the underground aquifers is one of the answers to the problem of a declining water table", stated James Valiant, Assistant Water Engineer of the High Plains Research Foundation, in a report on recharge results during 1960 issued to Foundation supporters this week.

Mr. Valiant continued, "A total of 145 acre-feet of water was recharged into the Ogallala formation during 1960. Of this amount, 134 acre-feet was from rainfall. According to the High Plains Water District, approximately five million acre-feet of water per year is pumped from the Ogallala formation for irrigation."

The United States Geological Survey estimates that from 1.4 to 2.5 million acre-feet of water is caught annually in the High Plains. "If this amount of water could be saved for future irrigation by storage underground, instead of being lost through evaporation, the irrigation period could be prolonged throughout the area."

A recharge well was established at the Foundation in 1957 to study the problems connected with artificial recharge. Two main problems are: (1) the rate the formation can accept water, and (2) the silt content of the water being recharged and how to control it.

In reporting on the study of the acceptance of recharge water in the underground sand, Mr. Valiant said that "water from the lake should be allowed to flow into the underground sand at approximately 85% of the pumping rate." During the past year and a half, the water from the lake at Halfway has been allowed to flow into the well by gravity at 850 gallons per minute for twenty-three hours, then pumped for one hour at 1,000 gallons per minute. By surging the well every fifteen minutes during the hour of pumping, approximately 73% of the silt was removed. The pumping period will be increased to one and one-half hours in the 1961 experiments. "If the well pumps sand, a high rate of recharge will allow the water to rise to lake level and might thereby cause a well 'cave-in'." By keeping the water in the well at Halfway at approximately 55 feet below the surface, there was little or no trouble with sand caving in", Mr. Valiant reported.

Methods under study to control silt presented in this report will be outlined in a subsequent news release.

Lateral Oiling Tough On Weeds

College Station — Like to save up to \$25 an acre on labor cost on this year's cotton crop.

Lateral oiling for grass and weed control is the answer, says Glenn Black, extension cotton specialist. He points out that a once-over application of naphtha costs only a dollar and a half an acre for material compared with more expensive hand hoeing.

Black recommends spraying seedling grass and tender weeds in young cotton with 5 gallons of naphtha an acre. The first application can be made when the cotton is 7-10 days old. Be careful, he adds, and apply the spray below the leaves of the cotton plant. Cotton plants growth and natural wax on the stalks at this stage to shed the naphtha without injury while the grass and weeds are killed.

Other applications, at 7-10 day intervals, may be used if needed. Stop oiling, he warns when the cotton is 5-6 weeks old or when bark begins to form on the stalks or damage to the cotton may occur.

This practice, Black says, was used on over 71,000 acres in 75 Texas counties last year where the cotton was rolled at planting time or rotary hoed later to prepare a smooth surface for the operation.

Parmer County Farm Bureau

Let us urge you farmers to write Governor Daniels right now, urging him to sign HB 59, which would exempt farm trailers and semi-trailers up to a gross weight of 12,000 pounds from registration and brake requirements and exempting fertilizer trailers up to a gross weight of 10,000 pounds.

Many legislators, both Senators and Representatives called at the Austin Legislative Office of Texas Farm Bureau inquiring about rumors that Farm Bureau had compromised on the farm to market road money question. Farm Bureau members are urged to notify their legislators that Farm Bureau has not compromised on this issue.

Each Senator and Representative received a telegram from Texas Farm Bureau as follows: "Do not be misled. Texas Farm Bureau has not agreed to any change in farm-to-market road program". Farm Bureau hopes to see HCR 64 passed, signed and sent to Washington, urging the Texas Congressional Delegation to oppose bills that would provide Federal Aid to Education.

HB 129, by Cory, simplifying procedures for claiming refunds of taxes on on-highway used gasoline by: (1) extending time for claiming refunds to one year, (2) removing notary requirements, and (3) simplifying form was amended by sub-committee and then reported out favorably by full Revenue and Taxation committee. This bill carries out Farm Bureau policy, and it is hoped it will pass, thus eliminating the loss of much refund tax money caused by the present complicated method for filing.

There are still some who have neglected to file for tax refund on gas, and Neil Davis, Office Secretary, urges you to come in and file if you are one of the negligent ones.

CONSIDER THIS: There is a generation, O how lofty are their eyes! and their eyelids are lifted up. Prov. 30:13.

EASTER WITH GRANDCHILDREN

Mrs. W. H. Kistler and Mrs. Ethel Thomas of Lubbock spent the Easter holidays in Amarillo visiting with the grandchildren of Mrs. Kistler, Mr. and Mrs. Warwick Thomas and family, and Mr. and Mrs. Keith Levy.

PRE-IRRIGATION — TO DO OR NOT TO DO

Time has arrived again for us to make another pre-irrigation, or at least to make a determination if water is needed. Moisture conditions are good at the present, but there may be need for pre-irrigation on some fields.

Before we can make determination we have to know our land. Soils have horizontal layers or bands which can be seen readily from the surface downward. These layers vary in number and in proportion in different kinds of soil.

Some soil profiles will allow easy penetration of roots with high yields resulting, while other profiles restrict root development with low yields resulting.

Your soil is like a tank, it can hold a definite amount of water and no more. It doesn't make sense to say "I am going to give my cotton a good soaking so I don't have to irrigate next month."

Water applied in excess of the soil reservoir capacity percolates through the soil and moves out of the root zone, and at the same time takes valuable plant food with it. To the irrigator, these soil properties are important.

They are: Soil texture, soil structure, and soil depth.

By considering their relationship to one another these can be used to estimate: the capacity of the soil to store water for plant use, the rate of entry of water into the soil, and the water holding capacity of the soil.

Your farm very likely has individual land features and characteristics, that differ from those of other farms. Therefore, it is important that the method of irrigation you select fit your own land.

Do not adopt a certain method just because it is common practice in the community. Continuous good production can be obtained from your irrigated land only if you apply water wisely and in a manner which provides enough water to satisfy the needs of the plants but not enough to cause waste and damage.

The method of irrigation which you select should allow you to conserve the soil as well as the water.

For more information or assistance contact your Blackwater Valley supervisors of the Soil Conservation Service.

BULA NEWS BRIEFS

by Mrs. John Blackman

Miss Jean Dane, bride-elect of Joe Clark of Muleshoe, was honored with a gift shower Thursday afternoon, March 30 in the home of Mrs. Jack Austin.

The forty guests were registered by Mrs. J. E. Layton in the bride's wedding book.

The bride's chosen colors of pink and white were carried out in the decorations. The serving table was laid in white net over pink, centered with a miniature bride and groom standing underneath an arch surrounded with pink and white water lilies.

Pink punch and white cake squares were served by Mrs. Charlie Byars and Mrs. Harold Layton.

The honoree's mother, Mrs. J. O. Dane, assisted her in opening the gifts. Hostess gifts included an ironing board, pad and cover, bed spread and sheets.

Hostesses were Meses, Charlie Byars, J. W. Layton, J. E. Layton, Harold Layton, C. R. Seagler, Guy Sanders, Ralph Beasley, and Jack Austin.

Rev. and Mrs. R. D. Thommarson attended Saturday evening a dinner in the home of his parents, Mr. and Mrs. G. E. Thommarson of Earth, in observance of their 50th Wedding Anniversary.

On Sunday afternoon they attended the open house given for them at the home of their daughter, Mrs. R. W. Huckabee.

Mr. and Mrs. Eugene Bryan enjoyed having their three daughters and families home for lunch and all the grandchildren enjoyed hunting Easter eggs in the afternoon. Present were Mr. and Mrs. Art Foley and four boys, Mr. and Mrs. Jimmy Crosby and children of Littlefield, and Mr. and Mrs. Clauch and children of Bula.

A large crowd attended the Easter morning sunrise services held at the Methodist church.

Invocation and welcome was given by Rev. W. E. McQueen, pastor of the church, and Rev. R. D. Thommarson, Baptist minister brought the sermon. Special music was furnished by members of both congregations.

Craig Harper entertained several of his little friends Friday afternoon at 3:00 p.m. with an Easter egg hunt.

Present were Kenny, Keith, and Sherry Clauch, Karen and Cindy Drake, Timmy and Janice Cannon, Steve Cox, Felicia Hammans, Jackie, Jodie, and Jeff Withrow. Mrs. Harper assisted by Mrs. Jimmy Cannon and Mrs. Bennie Clauch, served cup cakes and punch to the group afterwards.

Rev. R. D. Thommarson will do the preaching for the revival to begin Sunday, April 9, at the Baptist church.

Morning services will begin at 10 a.m. and evening services at 8 p.m. Music will be furnished by local talent. The public is invited to attend.

Junior Girls Auxiliary met Wednesday afternoon at the Baptist church with seven girls present, and their sponsors Mrs. Edd Crume and Mrs. C. A. Williams.

Lesson opened with Margaret Richardson reading the prayer calendar and Mrs. Crume led in prayer for the missionaries.

During the study hour, the group worked on their forward steps, with three groups working some for Maidens, Lady in Waiting and Princess.

Girls present were Margaret Richardson, Barbara Williams, Joyce Sowder, Diana Teaff, Diana Crume, Betty Salyer, and Juana Young.

Near East Program Heard By WMU

Mrs. Colleen Callan and Mrs. Lois Washington presented a very interesting program on the "Near East" at the Royal Service program of the WMS of the First Baptist Church Monday morning, April 3.

The ladies assisting in the program were Mrs. Frances Doss, Mrs. Mona Harvey and Mrs. Truma Griffiths.

There were 14 ladies present for the meeting. All women of the church are urged to be present every Monday morning at 9:30.

ATTENTION HOMEOWNERS

Mrs. Towns To Be Hostess For Club

The Muleshoe Study Club will observe "Religious Emphasis Week" Thursday, April 13, at the home of Mrs. Verney Towns. Also reports will be given from members of the club who attended the District Meeting at Lamesa.

The Study Club Press Book won second in the Class "B" division of the contest. This is the third year in a row the press book has won.

Girls' Town at Whiteface is the State Project for the next year's work. The State Federation will work for the maintenance and betterment of the facilities there.

DOWPON... Kills Johnson Grass

Problem grasses choke out crops, reduce yields, make extra cultivating work! Clean up your fields with Dowpon*. It's more economical... more effective... kills grasses, roots and all... reduces regrowth problems. Will not injure grazing livestock if accidentally eaten. Apply in spring or fall before planting, or as a selective spray, or as spot treatment on certain crops.

Progress News

Revival Closed

The ten-day revival closed Sunday night at the Progress Baptist church. There was a good attendance throughout the revival. Everyone got a blessing from the good messages brought by Bro. Keith and the singing by Bro. Ivan Wozencraft.

Baptismal service followed Sunday night after service with eight candidates for baptism, and three joined by letters and statements.

Methodist Church News

Progress Methodist had a good group out for sunrise service and breakfast Sunday morning; also for morning worship.

WCS will meet this Friday with Mrs. Annie Hill.

WMU Met

The Baptist WMU ladies met for Royal Service program Tuesday evening at 3:30. R. A. G. A. and Sunbeams met at 4:30 at the church.

Mr. and Mrs. Leander Sims and Renee of Lubbock spent the weekend with his mother, Mrs. Reta Richards.

Mr. and Mrs. C. B. Kindred enjoyed having several of the children and grandchildren for the weekend.

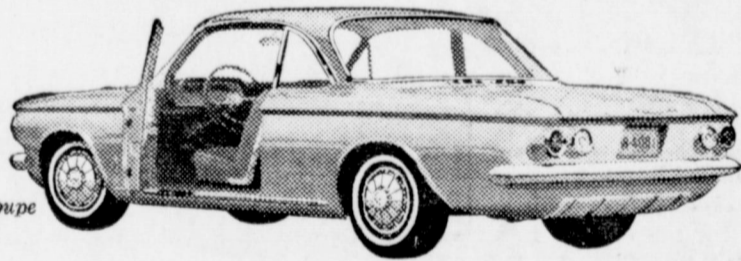

Mrs. M. L. Shipp, Janet, Elaine Gulley, and Mrs. Shipp's father, Mr. Wilson visited her sister and family at Ropesville Friday through Sunday. Her father caught the bus home in Lubbock, after spending the week visiting here.

Those visiting in the home of Mr. and Mrs. O. M. Self Sunday were their son and family, Mr. and Mrs. Max Self and children, Mr. and Mrs. Hopper Ivy, Mr. and Mrs. Ross Goodwin and Bill, Mr. and Mrs. Jimmie Presley and son, and Mr. and Mrs. Bobby Ross Goodwin and children of House, N. M. The children enjoyed an Easter egg hunt.

Mr. and Mrs. Alvy Bishop of Roswell, N. M., spent Sunday visiting his parents, Mr. and Mrs. C. A. Bishop. Charles Holder of Muleshoe, spent Friday and Saturday in the M. O. Nigh home.

1961 700 Lakewood Station Wagon

Monza Club Coupe

One of these Chevy Corvairs wants

YOU

(in a friendly way, of course)

Either of these Corvairs would make you a wonderful traveling companion. (Any of Corvair's ten budget-priced models would, for that matter.) The Lakewood Station Wagon earns its keep with a solid 68 cubic feet of cargo space, 10 of it under that lockable hood. And the Monza Club Coupe, with its bucket-type front seats, lets you in on some ultra-comfortable driving.

And they both handle and brake and perform beautifully. (Proof of the pudding is the way the '61 Corvair manhandled the recent Canadian Winter Rally, winning outright and taking the first five places in its class in this rugged 1,265-mile test.) Look 'em over at your dealer's. And if you can't decide which one you want, feel free to take both.

See the Chevy Corvairs, Chevrolet cars and the new Corvette at your local authorized Chevrolet dealer's

Off the Runways

Charter flights from the Muleshoe Airport last week were made by Harold King on a business trip to Ft. Worth and Dallas, and Mr. and Mrs. Herbert Griffiths and children to Lubbock.

Weather played the leading role on the flight made by King and Morgan Locker.

The pair landed first at Love Field in Dallas, leaving the Comanche at Southwestern Aeromotive there while King attended to business in Dallas. They left there, flying to Meacham Field at Ft. Worth only 30 minutes before a storm alert was issued for the area. Three hours later they took off from Meacham for Muleshoe. Near Guthrie, the bad weather closed in and the ceiling was about 400 feet. Locker continued the flight by instrument, and over Plainview he picked up KMUL on the radio and homed in on the beacon from the radio station to the Muleshoe Airport.

News reports later that day said that 15 planes were de-

stroyed at Southwestern Aeromotive by a hail storm which occurred shortly after King and Locker left there in the Comanche.

Mr. and Mrs. Herbert Griffiths and daughter Monica and Marilyn Pool, daughter of Mr. and Mrs. Myron Pool, Jr., flew to Lubbock Sunday afternoon and attended Walt Disney's latest movie, "1000 and One Dalmatians".

Griffiths, a student pilot, was given dual instruction by Morgan Locker on the flight.

The group returned to Muleshoe by car and Locker flew the Tri-Pacer back.

Lyndol Kinser, accompanied by his parents, Mr. and Mrs. Noah Kinser, flew to Walsh, Colo., for a weekend visit with the Claudis Murrahs, former Muleshoe residents.

The fly-in visitors created quite a stir in the small town of Walsh by circling around for some 30 minutes looking for the airport.

Lyndol made a number of low passes over strips of ground to

the east of town that, from the air looked like could be runways, but upon closed observation from low altitude could see that they were not, so would pull up again. Residents of the town were parked along the highway, watching.

Meanwhile, back at the airport a crowd of residents and friends of the Murrahs had gathered.

Just about the time Lyndol decided to fly on to Springfield to land, he spotted a car with headlights flashing driving up and down the slightly worn runways in a pasture to the north of town. He circled the field and landed.

Lyndol made a charter flight early Monday morning, taking Walsh Real Estate agent, Johnny Shaffer, to Borger to get his Tri-Pacer. Kenny Murrah made the trip with them.

Mrs. Murrah and children, Greg and Vince, returned to Muleshoe with the Kinser's Monday afternoon. The flight was their first cross-country, and Mrs. Murrah said that she was fascinated by the aerial view of the country and the 2-hour trip seemed only minutes long.

Lyndol's age and the training that he has had here under Morgan Locker at the Muleshoe Flying Service proved to be a novelty to the people of Walsh as the airport there is inactive and no training is available in that area.

Two pilots from Walsh plan to fly to Muleshoe soon to look over the Muleshoe Airport and the training facilities here.

Warmer days providing more thermals in the air has revived the glider enthusiasts.

The gliders, which have been hangered for the winter are back in operation at the airport, and some of last year's students have resumed their training.

New Student pilots at the Airport are Ed Wayne Nickels, Harry Waddle, and Pryor Reeves, Muleshoe and Walter Whitfield from Morton.

Reeves is planning a career in the aviation field, beginning by obtaining his Commercial license here at the Muleshoe Flying Service and then enrolling in a training school this fall to qualify for a position with Aeronautical Map companies.

Two student pilots have made their solo flights recently. They are Hugh Yatts and Curtis Snitker from Arch, N. M.

VACATIONLAND headquarters is right here in Muleshoe at the Chamber of Commerce office. A new rack of maps from nearly every state in the union stands tall and full. When you plan your vacation or trip you may drop by the CoC and pick out your special map free. Another service of the chamber.

Enochs News

Mr. and Mrs. C. H. Byars and Mrs. Henry Hardaway and Jerri of Littlefield visited Mrs. Byars' parents, Mr. and Mrs. W. C. Roller and his brother, Mr. and Mrs. Gerald Byars, all of Roaring Springs.

The Bob Newtons moved to Wilson Monday. Mr. Newton was manager of the Co-op Gin here. He will manage two Co-op Gins at Wilson. We wish them lots of luck in their new home and job.

Mr. and Mrs. M. L. Murray of Wilson is the new Co-op Gin manager at Enochs. They moved here Monday.

J. W. Layton, Jr., of Washington State visited with his parents, Mr. and Mrs. J. W. Layton. Others visiting in the Layton home Sunday were Mr. and Mrs. Ernest Ellison and boys from Crosbyton, Mr. and Mrs. Harold Layton and girls, and Mr. and Mrs. J. E. Layton.

Bula students enjoyed a long Easter holiday as school was dismissed from Thursday after-

noon until Tuesday morning.

Clifton Pyburn, still recuperating from his recent illness, visited last week with friends in Spade and returned home Sunday.

C. H. Byars, J. E. Layton, Donald Grusendorf, Guy Sanders left Lubbock by plane Tuesday morning to look at some gin equipment near Dallas. The Co-op Gin Company is planning to build a new gin, hoping to get started in the near future.

Gerrald Bates, son of Mrs. Lindsey Bates, was burned Monday. He is in the Muleshoe Hospital.

The Enochs Baptist Church began their revival Sunday, April 2, with Bro. Tucker as evangelist and Fly Young as song leader. Morning service is at 10 a.m., and evening service is at 7:40 p.m.

Those visiting in the Jerome Cash home Sunday were Mr. and Mrs. Ronnie Etridge and son, Jerry, Mr. and Mrs. H. H. Snow, all from Muleshoe, Mr. and Mrs. Ronnie Etridge and Mrs. James Cash and children from Hereford, Mrs. A. C. Archer and Mrs. Burley Robbins and daughter, of Needmo-

DON'T DEplete YOUR LAND!

**INCREASE CROP YIELD
MAINTAIN SOIL FERTILITY
WITH ARMOUR FERTILIZERS**

Investment in proper fertilization pays two ways. First, good fertilization increases crop production, and can return up to \$3 for every \$1 invested. Second, it improves soil fertility, the land's most valuable asset.

Every crop harvested and removed from the land takes large quantities of the vital plant food elements necessary to grow good crops. Among these are nitrogen—which gives dark green color to plants and produces rapid growth, phosphorus—which stimulates early root formation and growth and gives plants a rapid and vigorous start—and potassium—which imparts increased vigor and disease resistance, and many valuable minor and trace elements as well. If this plant food is not replaced, soil fertility is depleted, and both yield and quality of future crops suffer.

This chart indicates generally the amount of each major element removed from the soil by a characteristic yield of a key crop:

CROP	YIELD	Pounds of Plant Food Removed*		
		NITROGEN	PHOSPHATE	POTASH
CORN (grain) (stover)	100 bushels	80	65	25
	3 tons	70	25	65
COTTON (lint and seed) (stalks, leaves, and burs)	1500 lbs.	40	20	15
	2000 lbs.	65	10	65
WHEAT (grain) (straw)	40 bushels	50	25	15
	1.5 tons	20	6	65
MILO (grain) (stover)	60 bushels	60	25	15
	1.5 tons	65	20	65

LEGAL NOTICE

An Ordinance providing for the repair and/or reconstruction of defective sidewalks, curbs, or gutters, providing for notice thereof, providing for appeals from notice thereof, and declaring the existence of defective sidewalks, curbs, or gutters to be a public nuisance and declaring the maintenance of such public nuisance to be a punishable misdemeanor.

WHEREAS the existence of defective sidewalks, curbs, or gutters endangers the life and property of the citizens of Muleshoe, NOW THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MULESHOE, TEXAS:

SECTION 1. Any sidewalk, parkway, driveway, or curb which has become defective, unsafe and hazardous is hereby declared to be a nuisance and it shall be the duty of the owner of any property abutting on any street, avenue, public alley, place, square, section or part thereof, along which sidewalks, curbs, or driveways are ordered to be reconstructed or repaired within thirty days from the receipt of notice as provided for in the following section, to reconstruct or repair such sidewalk, curb or driveway and the expense of such reconstruction or repair shall be borne by the abutting property owner. Any abutting owner who fails to reconstruct or repair sidewalks, curbs or driveways ordered to be reconstructed or repaired by the city manager shall be guilty of a misdemeanor.

SECTION 2. It shall be the duty of any property owner, or person enjoying the use of any abutting property, to reconstruct or repair any sidewalk, parkway, curb or driveway damaged or put in a defective condition by reason of any use being made of the property abutting such sidewalk, parkway, curb or driveway by tree roots, structures or any other things damaging or causing damage, whether such trees, structures or other things are situated upon such abutting property or within the area between the abutting property and the curb.

SECTION 3. Whenever the city manager receives information and proof of the existence of a defective sidewalk, curb or gutter situated on public property within the city, he shall issue a written notice and order requiring the repair or reconstruction of the same and notifying the owner of the abutting property or the agent thereof to have such defective sidewalk, driveway, curb or gutter so reconstructed and repaired within thirty days from the service of the written notice. He shall attach to such notice a copy of this section and the preceding section.

Such notice may be served by any police officer or other person that may be designated by the city council to serve the same, or it may be sent by registered letter in the United States mail.

SECTION 4. When any person coming within the provisions of this ordinance shall consider that the application of this ordinance is calculated to do manifest injury to the property involved or its use, due to peculiar structural conditions of the property or its improvements, such interested person may appeal to the city council, which council is here vested with jurisdiction to hear the same and council proper orders and directions to the city manager based upon its findings.

SECTION 5. The notice of appeal may be made in writing, by noting the same upon any instrument furnished by the city manager and signed by the person requesting the appeal. Upon such appeal having been made, the city manager shall notify the city council. Upon a date being set for the hearing, the city manager shall notify the appellant city council of the time and place of such hearing.

SECTION 6. The burden of proof shall rest with the appellant to show that application of the terms of this ordinance, is calculated to do manifest injury to the property, or use of the property involved, due to peculiar structural conditions of or on such property. At the hearing, the appellant shall be entitled to an opportunity to discharge this burden of proof.

SECTION 7. The city manager shall submit all pertinent instruments to the city council and appeals, together with such testimony as may be pertinent.

SECTION 8. When the issue has been determined by the city council, by a majority vote, such council is authorized and directed to make its findings and to direct the city manager to proceed in accordance therewith.

Adopted by majority vote of the City Council of the City of Muleshoe this 23rd day of March, 1961.

HOLTS HAD VISITORS
Mr. and Mrs. Clyde Holt had their children, Mr. and Mrs. Jimmy Holt and sons, Jimmy, Lynn, and Glynn, of Anton; and Mr. and Mrs. Bill Black, of Lubbock, with them at Easter. Dinner guests also included his parents, Mr. and Mrs. H. C. Holt.

HOME FROM HOSPITAL
Mrs. R. C. Cline was able to go home from Muleshoe Hospital yesterday after treatment of a week. Mrs. Cline and her husband were injured Jan. 25 in Amarillo when another car struck the back end of their car. She has been in and out of the hospital since.

Y. L. News

by Mrs. D. C. Read

Mrs. Jessie Lewis had visitors in her home this past week. They were Mr. and Mrs. Henry May of Duncan, Okla., and their daughter, Mrs. Crosby of Lawton, Okla.; Mr. and Mrs. Datis May from Ringling, Okla., and their three daughters, one of which lives in Nocona; her sister, Mrs. Ruby Tabor of Blythe, Calif.

Those who ate dinner Tuesday at her home were Leon Lewis and his family, Mr. and Mrs. Marshall Head and family, Mr. and Mrs. Henry May and family, Mr. and Mrs. Datis May and

family, and Mrs. Ruby Tabor. Mr. and Mrs. Ronald Lewis and Rita came Tuesday evening and visited with all of them. They live at Lubbock.

Those visiting in the James Daniel home this past week were Rev. and Mrs. Bill Watson and sons from Ackerly. The Rev. Mr. Watson is pastor of the Ackerly Methodist church. Mrs. Watson is Mr. Daniel's sister. Also visiting them were Mr. and Mrs. Billy Sides and family from Lubbock. Mrs. Sides is Mr. Daniel's niece.

Mr. and Mrs. B. H. Biekel spent the weekend in the home of their daughter and family, Mr. and Mrs. Peyton Dunham and family.

Mr. and Mrs. Charles E. Moore had their children home for the weekend. They were Mr. and Mrs. Bill Scott and children of Clovis, N. M., and Richard and Patty of Y. L. community. Their grandson, Mark, came Friday and stayed until Sunday evening. He is the son of Mr. and Mrs. Bill Scott.

Mr. and Mrs. Walter Kemp are in California visiting their daughter, Mrs. Joe Bishop, Mrs. C. C. Tipton, Mrs. Warren Dippelman, and their son, Andrew Kemp. They are to return about the 20th of April, and Mr. Joe Bishop and family are returning with them.

Mrs. Lloyd Quesenberry went to Enid, Okla., March 21 to visit with her mother, Mrs. Josie Hacker and other relatives. They came back by Hollis, Okla., where she visited her sister and husband, Mr. and Mrs. J. B. Richardson and other relatives and friends, returning to Muleshoe Thursday, March 30.

Visitors in the Lloyd Quesenberry home during the Easter holidays were their son and family, Mr. and Mrs. Russell Quesenberry, Brenda, Narcia and Rodney, of Crane, Texas.

There was good attendance at the Y. L. Methodist church Sunday for church and church school. Seventy-seven for church school and over 100 for worship. There were two new additions to the church.

FIRST FRIDAY TO BE OBSERVED
The Immaculate Conception Catholic Church here in Muleshoe will have night prayers and Holy Mass Easter Friday, April 7, the first Friday in April starting at 7:30 p.m., with Holy Mass at 8 p.m.

First Friday prayers, devotions, and Holy Mass have been widely recognized in Catholic circles throughout the country with a notable increase of Christian living evidenced wherever the first Fridays have been practiced.

Saint Margaret Mary of Paray La Monial popularized the first Fridays with the late Pope Pius XII writing strongly for the Sacred Heart devotions and the First Fridays.

UP FROM UNIVERSITY
Home for the Easter holidays came University of Texas students, Tommy Thomson, Tom Pat Hicks, Darrell Oliver, and Joe King for a visit with their parents. Also home to visit his mother was Roger Gorrell, senior law student at Texas. Roger will get his degree in the spring, study some more during the summer, take his law license exam this fall. Of the visit of his son and three other students, Bill Thomson commented: "I thought college students these days were very modern kids; heck, they came and went by automobile!"
