City Sets Public Hearing For Monday

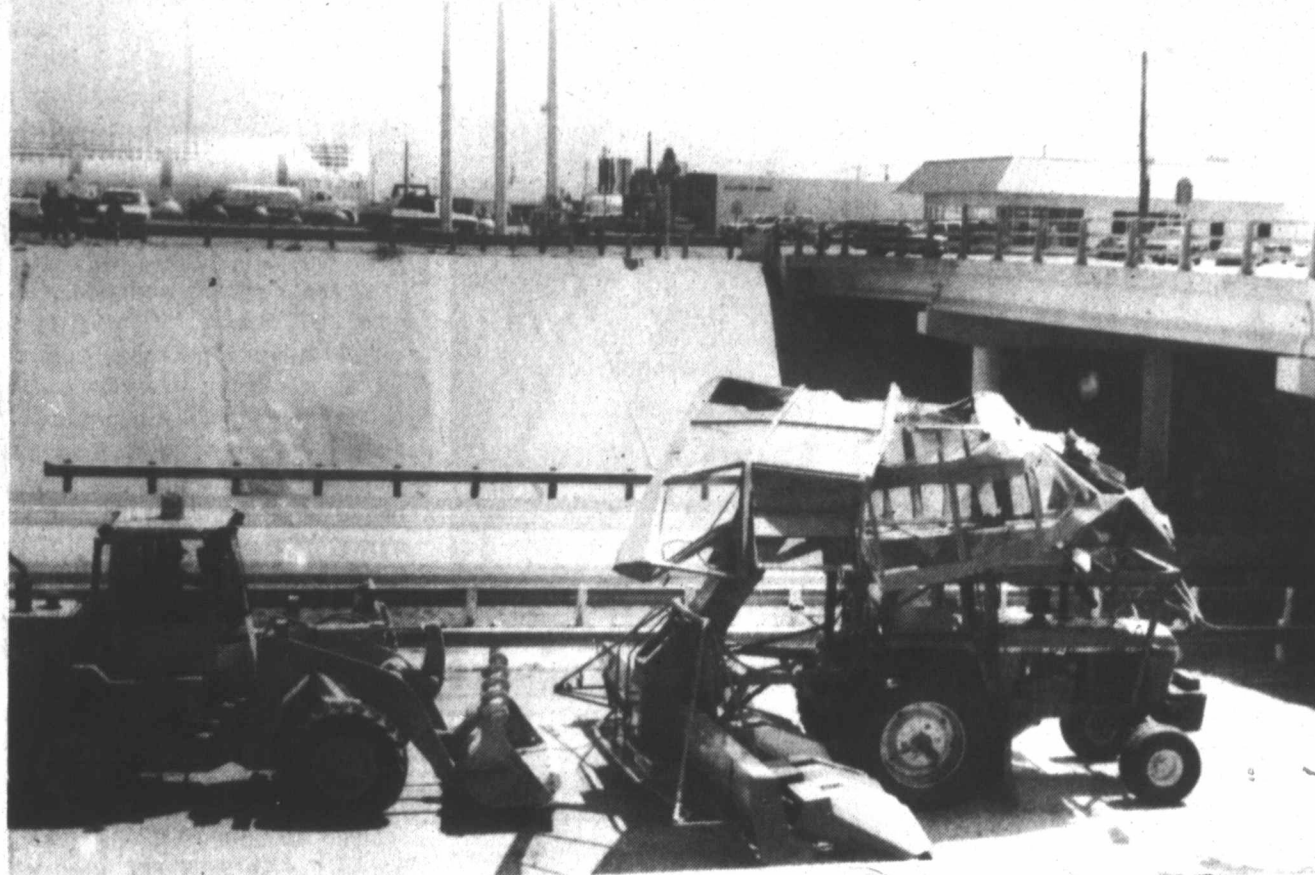

A public hearing will be held at Tahoka City Hall on Monday, Aug. 30 at 7 p.m., for a budget discussion. Following the hearing, city council members will approve a 1993-94 operating budget and consider Ordinance 8-93A, setting the tax rate for 1993.

Any interested persons may attend the meeting.

TISD Sets Hearing For Proposed Budget

A public hearing for the 1993-94 proposed budget for Tahoka Independent School District will be held Monday, Aug. 30 at 6 p.m. in the Tahoka Elementary Resource Center.

The proposed Maintenance and Operating (M&O) budget for 1993-94 is \$3,689,917, which compares to \$3,590,521 for the previous year's budget. In order to fund the budget, trustees are discussing raising the tax rate from the current rate of \$1.01 to \$1.15, in order to recoup funds lost through Senate Bill 7 and reductions in state funding. A new tax rate, however, will not be set until October when so-called "property rich" school districts must make decisions on how to "share the wealth."

**SUPPORT THE BULLDOGS!
GO BIG BLUE!**

The wayward thoughts of Juanell (Wood) Jones

There's a big stink in Tahoka. Actually, it's a lot of little stinks which have been causing problems for some folks around here. I'm speaking of those little quirks of nature, which God in His infinite wisdom deemed vital to the earth's natural animal resources: skunks.

One of our employees (I won't say who she is, except to say that she's worked here longer than any of us; so long, in fact, that one little boy asked her if she worked here when the newspaper was established in 1903) has been plagued with skunks in her neighborhood. She noticed a skunk in their back yard earlier this week, just after dark, and grabbed a flashlight and told her husband to get his gun.

The two of them stalked the little critter until she noticed the skunk sitting near the edge of their garden, his little beady eyes gleaming in the dark. She pointed her flashlight at him and said to her husband, "There he is, shoot him," to which her husband responded, "Where, where?" and she helpfully replied (motioning with the flashlight), "Right THERE, shoot him, shoot him!" He shot, and the skunk was sunk.

He fell over dead on-the-spot (the skunk, that is), and they rather unceremoniously buried him in the alley. Now referred to as "Dead-Eye Dob" around our office, we asked our employee this morning if her husband hired out for skunk patrol. She grinned and said no, that she saw yet another skunk last night and I figure she won't let him out of their neighborhood until it is skunk-free.

One skunk story always leads to another, and this one reminded me of a story our preacher told in church one Sunday morning. He was talking about how we react under pressure, or at least I think that's what he was talking about, and told a story that went something like this:

There was a family with six children, and the mother had to go to the grocery store. When she returned home, she noticed how quiet it was and went looking to see what her children were up to. She found them seated in a circle on the living room floor, and wasn't too worried until she grasped the fact that they were happily playing with six little baby skunks.

Now she, like any other normal mom, hit the panic button at high speed, and wanting to separate her children from the skunks as quickly as possible, ran into the room screaming, "Run, children, run!" The children were startled but obeyed their mother quickly, each one grabbing one little skunk and running for all he was worth.

Now, little baby skunks don't react very well to being squeezed and toted about by screaming little children, and I'm afraid this story's ending stunk. I'm not quite sure, either, what point the preacher was making with this story, but hey, it was a great story!

I'm sure there's lots of folks out here who could tell me plenty more skunk stories, and I'm willing to hear those, too. Send me your stories, folks, and we may just have to have a "Stinky Story Contest", with the winner to receive the highest possible award from this newspaper: your name, in print, in this column. Stink... er, I mean... think about it.

Suspect Sought In Sexual Assault On Tahoka Woman

A young mother of two children was sexually assaulted in her home in Tahoka early Monday morning by an intruder who threatened her with a knife, and police are seeking a young white male with stringy blond hair.

The victim, in her 20s, told police she had gone to sleep on a couch in her living room about 9 p.m. Sunday and was awakened around 2 a.m. by a man on top of her. She said the man placed one hand over her mouth and held a knife in the other, threatening to kill her if she screamed. She said he also said he would kill her children, who were sleeping in another room.

She said he then raped her, told her not to call the police, and left by the front door. She then dressed and called a neighbor, who called police. The woman, not injured physically, was treated at Lynn County Hospital, then examined at University Medical Center in Lubbock, where she was met by a counselor from the Rape Crisis Center.

Officers said the attacker apparently entered the house through an unlocked back door or open window. No vehicle used by the man was heard or seen by the victim or any neighbors questioned.

Crime Line, 998-5145, is offering a \$500 reward for information leading to the arrest of the suspect, described as a white male, shoulder-length blond hair, 22-25 years old, about 5-8, 150 to 160 pounds.

Lynn County Sheriff's Dept., meanwhile, was investigating a report that an elderly Tahoka woman was bilked out of \$6,300 by three men working a repair scam last Thursday. Mrs. Ava Lichey said three men came to her home on N. 2nd St. Thursday morning and told her they wanted to inspect siding which one of the men had put on her house about three years ago. They pointed out a crack in the garage ceiling and then went into the attic and knocked out a few brace boards. They told her the lumber was no good and that she needed work in the attic and also needed some pipes replaced, offering to do the job for \$12,000.

She told him she could not spend that much on her house, and they offered to do the work for \$6,300, with one of the men making out her check to himself for that amount. When he went to the bank to cash the check, the cashier checked with Mrs. Lichey before cashing it. None of the suspects had returned to work at the house, although one did call back to say their truck was broke down and would be there later.

Todd Lockaby of Tahoka reported an 18-foot trailer and 150 bags of wheat seed stolen Saturday or Sunday from a location about 10 miles southwest of Tahoka. The trailer and seed were valued at about \$2,300.

A 1981 Chevrolet Suburban stolen from the home of Geneva Miller on N. 2nd in Tahoka Friday after-

noon was recovered in Midland. Police have a suspect and expect to file charges in the next few days.

David Franklin of O'Donnell reported a 1983 GMC pickup stolen Aug. 15, and it later was recovered in Big Spring, where it had been sold to a wrecker firm. Joe Anthony Torres, 19, of O'Donnell was arrested and charged and admitted the theft. Torres pleaded guilty of auto theft before District Judge George Hansard in Lamesa this week, and was sentenced to five years in prison, probated.

Also pleading before Judge Hansard was Reynaldo Banda, 45, of O'Donnell, sentenced to one year in county jail on a charge of driving while intoxicated, subsequent offense.

A John Deere cotton stripper basket was demolished when the stripper on top of a tractor was unable to pass through the overpass at U.S. 87 and U.S. 380 early Tuesday afternoon. Driver Basilio Barron, 63, of Lamesa, was not injured. The stripper was owned by Tom Merritt of Lamesa, who had just bought the equipment in Lubbock.

In jail during the week were three persons for driving while intoxicated and one each on charges of assault, driving while license suspended, evading arrest plus contest of speed plus parking in prohibited area, and criminal mischief plus resisting arrest.

No Tan Is A Good Tan
Skin cancer has risen to epidemic proportions with 500,000 people diagnosed each year. However, few US teens understand the risks. One doctor estimates that 80% of lifetime sun exposure takes place before the age of 21. This means that if teenagers take minimal precautions, their cancer risk can be significantly less. Regular use of protective factor 15 sunscreen for the first 18 years can reduce the lifetime risk of skin cancer by 78%.

New Home Has Sights On Playoffs In 1993

The New Home Leopards, with five offensive and five defensive starters back from last year's team, are expected to be much improved, and the coach, players and fans are looking for the team to do very well this season.

Coach Dickie Turner has some big, fast, experienced boys back from a team which was 5-5 last season and which missed the playoffs by a coin flip after tying for district.

The six-man Leopards scrimmaged Cotton Center last week and will scrimmage at Amherst this Friday.

Troy Fillingim, a senior running back who was all-district last season, will return at that position. He is 5-11, 175 pounds and plays linebacker on defense. Last year Fillingim gained 1,984 yards on 233 carries, an average of 8.5 per carry, and scored 31 rushing touchdowns.

Greg Armes, just a sophomore, will return at quarterback where he did well last year. At 5-11, 170, he will also play linebacker on defense, where he was first team all-district last season.

Other returnees on offense, all big, all talented, are senior Shannon Zant, 6-4, 200-pound end, Jason Gandy (6-3, 190), junior center, and Brad Bell (5-11, 175) junior running back. The sixth starter on offense is likely to come from Brandon Nettles, 205-pound running back and end, Julio Hirscheta, 205 end or running back, and José Torres, and senior quarterback and end.

Returning starters on defense are John Barley, who was hurt last season after three games; Danny Scroggins, who replaced Barley at linebacker for the rest of last season; Fillingim, Armes and Bell. Also possible starters on defense are Mario Mendoza, a senior safety, and sophomores Salas Longoria and Shane Zant.

Rev. Bob Ferguson, pastor of Grassland Church of the Nazarene for the past ten years, has announced his resignation as pastor, in order to serve in full-time evangelism in Dickens.

Rev. Ferguson and his wife, Martha, will be honored with a potluck luncheon this Sunday, Aug. 29 after morning services at the Grassland church.

"The Fergusons have served the church faithfully and have many friends in this area, and we wish to invite everyone in this time of fellowship," said one member of the church.

DIGITAL CELLULAR EXTENDED COVERAGE AREA

There is an easier way to roam free on the range

Back in the early days, you probably decided to buy a cellular phone to make it a little easier to roam free on the range. Little did you know that there was a whole new set of boundaries to stumble across. Your cellular company wouldn't let you cut across another coverage area and receive calls without an extra roaming fee. And you had to remember every roamer access code for every coverage area you crossed. Soon, people were looking for you, and you couldn't be found. Your face was plastered on a wanted poster in your office because you gave the wrong code to your secretary. People actually said they wanted to 'ring your neck'.

Today, things are different. Digital Cellular has introduced a way for you to 'roam free' on the South Plains of Texas. As a Digital Cellular customer, you can roam in our Extended Coverage Area and receive your calls without additional roaming charges, daytime tolls or access numbers. Regular air time rates do apply.

So now, whether you're roaming across the range from Friona to Sterling City, or Haskell to Odessa or even in downtown Lubbock, Digital Cellular is putting you on the line for less. Less hassle. Less cost.

AUGUST 26 1993

The Wilson News
by Buster Abbe • 628-6368

School is in session and at certain times of the day the school zone speed limit flashers are flashing. These lights mean a 20 mph speed limit.

Wilson schools started off in high gear Monday, August 23. First day enrollment figures showed 140 students in elementary school and 92 in junior high and high school, making a total of 232. This is the highest first day enrollment in the past four years.

Items passed out to students and parents during the first day of school include a school insurance envelope which needs to be completed and returned even if the student is electing to not use the insurance, since the information on the envelopes is used by the school in its blanket coverage of all students in jr. high and high school who participate in UIL events. Also, a page in the student handbook requires both student's and a parent's signature. This page needs to be completed and returned to school, where it is placed in the student's file. This page indicates that the student and the parents have read the handbook and that they are acquainted with the information it contains.

The application for free and or reduced breakfast lunches should be returned only by families applying for these benefits. There is a schedule attached to the application that shows requirements for a family to qualify for this program.

Thursday night, Aug. 26, will be a combined elementary PTO meeting and a school wide open house. The PTO meeting will begin at 7 p.m. in the high school auditorium, with a school wide open house and meet the teachers and faculty following. Refreshments will be served in the cafeteria. PTO officers are asked to show up at 6:30 p.m. for an officers meeting.

The PTO is accepting any and all new members. This organization is a support group for the elementary building and, during its existence, has purchased and donated to the elementary building for staff use several pieces of equipment as well as having school supply kits available. They also host several meetings throughout the year and provide overall support for elementary staff and students. Cost for membership is \$1 per member, per year. Anyone is eligible for membership.

Wilson Mustangs will scrimmage Loop at Wilson this Friday night at 6 p.m. After the scrimmage, the Wilson Booster Club will sponsor the annual "Meet The Mustangs" night with coaches and athletes introduced. All interested parents and guests are urged to attend.

Wilson's own Clara (Granny) Phillips, who now resides at the Tahoka Care Center, celebrated her 95th birthday last Saturday. Most of the Care Center residents and a number of her family and several friends came by to visit and help her celebrate.

Several local churches used to send me newsletters or other items so that I could keep up with their activities and list them as they occurred. Since I haven't gotten any for several weeks please put me back on the mailing list.

St. John Lutheran Church will start off the new year with a rally Sunday, August 29. Special activities are planned for Sunday School at 9:30 a.m. and regular worship at 10:45 a.m. Pastor David Mumford and members of St. John Lutheran personally invite you and your family to come and worship with them. A noon pot-luck and afternoon fellowship will follow the service.

Wilson Lions Club met last Thursday and enjoyed a program on the new directions in health care and what direction the proposed national health care plan might take given by Steve Sypert, an insurance agent from Lubbock.

The club is in the process of wrapping up the annual football program project and results will be seen at the first home game Sept. 17.

The club is also having its annual Broom Sale this Friday, Aug. 27 from 7 a.m.-5 p.m. The sale will be on the school parking lot and all types of items as provided by the caravan for the blind will be on sale.

The park clean-up, sponsored by the PEOPLE group last Saturday, was well attended and the group thanks everyone who helped. Those attending the work day mowed grass, trimmed trees, hoed weeds, sprayed weeds, picked up trash, and other activities necessary to make the park more attractive. Efforts are still being made to raise enough funds to pave the walking track. Anyone wanting to donate toward that goal, please contact Sharon Isham at the Wilson State Bank.

Monday night someone tore down the sign posted on the tennis court fence that is required by the Parks and Wildlife Dept. The lights at the park operate on a fuse box setup and because one or more of the fuses were blown, the lights would not operate. Some jerks decided to live up to their name and jerked the covers off the boxes. Why do people behave this way? Don't they realize that by doing this, they might just create a situation where the city gives up and closes the park? The ball park and the city park are maintained by City People at city cost. If you see someone damaging the park, try to get the type of vehicle they are driving and the tag number and give it to Mayor Bishop.

Maybe we need to set up a reward fund, with rewards to be paid out to people who give information about these vandals. It would be paid upon the arrest and conviction of these few who seem to delight in creating problems.

By the way, the little pickup full of kids who tore down the sign, you were seen, and your time will come.

Sunday, August 29, all congregations of the Evangelical Lutheran Church in America have been invited to join in singing a new hymn entitled "O Creator, God of Glory." This new hymn was commissioned for the biannual ELCA Churchwide Assembly, August 25-Sept. 1 in Kansas City, MO.

Earlier this year, Leroy Hildebrand, of rural Slaton was chosen as one of nine delegates representing the 114 congregations of the Northern Texas-Northern Louisiana Synod, ELCA.

Mustangs Have New Look For Grid Season

The Wilson Mustangs 6-Man football program has a total new look this year. Coach Brad Lane, who replaced the retiring Rex Bilby, has come to the Plains after five years at Milford, first as an assistant coach and then last year, as head coach. His record at Milford as head coach was 7-3.

While Bilby had installed the ball-control, option offense, Lane has used the annual two-a-day time to introduce the Mustangs to the spread offense.

Coach Lane will be assisted by Coach Bruce Hirt who has been with the Mustangs for several years as an assistant football coach. Coach Hirt will also be the Mustang boy's head basketball coach.

This year, the Mustangs will be led by Adam Castillo, who is a 1500-yard gainer from last year. He will be surrounded by capable but unproven players such as Wes Joplin, Ronnie Rios, Adam Garza, Joe Hernandez, Greg Castillo, Marcus Vega and Jason Marshall. Marshall, Rios, and newcomer Josh Lee will compete for the quarterback position, but each of them probably will see action wherever needed. Joplin looks like the mainstay at the center position while most of the other positions are up for grabs, as the season begins.

The Mustangs hope to have success with the wide-open spread formation mixed in along with a slot I set in the tight formation. Defense, like to offense, has most of the positions open. Potential linebackers may be Adam Garza and Adam Castillo. The ends may include Joplin, Marshall and John Delgado. The safety position probably will be locked up by returning starter, Ronnie Rios. Coach Lane said "The Mustangs

will be a young team with only one senior in Ronnie Rios, but they are not going to back down from anyone as the gridders appear to have plenty of backbone and desire. Coach Hirt and I are both impressed by the great attitude we see developing."

Wilson scrimmaged against Lazbuddie last week, and will scrimmage against Loop at Wilson Friday.

Mark Tekell Joins Angus Association

Mark Tekell of Tahoka, is a new member of the American Angus Association, reports Dick Spader, executive vice president of the national organization with headquarters in St. Joseph, MO.

The American Angus Association, with over 24,000 active adult and junior members, is the largest beef cattle registry association in the world. Its computerized records include detailed information on nearly 11 million registered Angus.

The Association records ancestral information and keeps records of production on individual animals for its members. These permanent records help members select and mate the best animals in their herds to produce high quality, efficient breeding cattle which are then recorded

with the American Angus Association. Most of these registered Angus are used by the US farmers and ranchers who raise high quality beef for US consumption.

EACH PRESCRIPTION INFLUENCES YOUR LIFE

Your physician writes a prescription because he either wants to make or keep you healthier. His diagnosis of your condition indicates you need this medicine.

Follow his advice as given. We will label his directions for use and, of course, dispense the exact medicine prescribed. But, unless you actually take the medicine as directed, you have wasted his time, your money and lessened your chances to keep well.

"A GREAT MANY PEOPLE ENTRUST US with their prescriptions, health needs and other pharmacy products. We consider this trust a privilege and a duty."
May we be your personal family pharmacy?
