Trustees Approve Proposed \$1.15 Tax Rate; Set Hearing

by JUANELL JONES

Taxpayers within the Tahoka Independent School District may attend a public hearing Thursday, Sept. 23 at 6 p.m. in the TISD Board Room, concerning the proposed tax increase. Trustees last week unanimously approved a proposed tax rate of \$1.15, an increase of almost 14 cents from the current \$1.01.761 tax rate.

The current rate is a combination of the County Education District (CED) tax rate of 90.1 cents and 11.661 cents locally. Now deemed unconstitutional, the CEDs have been abolished, and local school districts are levying all school taxes.

School trustees met last Wednesday night and approved the proposed tax rate, and in other business approved a substitute teacher list for the district, hired an elementary teaching assistant, and authorized the district to purchase a used school bus.

Cindy Jolly of Tahoka was employed by the district as an elementary teaching assistant, to fill a position left by the resignation of Linda Spruiell. A substitute teacher list, comprised of 23 individuals, was approved by trustees.

Molly Helmlinger, elementary principal, informed the board that a student teacher, Laura McCleskey of Tahoka, will be teaching at the elementary school this year.

Trustees authorized the district to purchase a 1990 IHC Ward 60-passenger school bus from National Bus Sales, Inc. Several district policies were discussed and approved.

During the open forum at the beginning of the meeting, school personnel Patti Rambo and Betty Stennett addressed the board, inviting trustees to attend the high school Site Base Council meetings which are held the first Wednesday of each month. "We

want to keep communications open between the council and the board, and invite each of you to attend a meeting when you can," said Mrs. Rambo.

Middle School Principal Ronald Roberts informed the board that a Site Base Council for middle school was in the formulating process, and that two teaching teams from TISD will make an on-site visit to Mackenzie Junior High in Lubbock, which is Tahoka Middle School's mentor school.

Some discussion was held concerning the addition of classrooms for the district, and trustees authorized Superintendent Dr. Duane Carter to begin researching options with an architect.

All members of the board were present for the four-hour meeting, which adjourned at 11 p.m.

Two Wrecks, Theft Of Gun, Purse Reported

A Lamesa woman reported to Lynn County Sheriff's Dept. that her purse had been stolen at O'Donnell Sunday. Lupe Valdez said she realized she had left it at the bingo hall briefly, and when she went back for it, the purse was missing.

The purse reportedly contained keys and papers, \$32 in food stamps and \$850 cash.

A .38 Colt revolver was reported stolen from a vehicle owned by Wesley Kirk Lokey of Lubbock during a hunting trip near Draw Sunday. The gun was valued at \$275.

Dept. of Public Safety officers investigated two vehicle accidents in Lynn County during the last week. On Sept. 8 about a mile east of O'Donnell, a 1992 Mercury driven by Bryan Inklebarger, 15, and a 1987 Pontiac driven by Joe Contreras, 16, of O'Donnell collided on FM 2053 about 7:45 p.m. A passenger in the Pontiac, Reginald Jones, 16, of O'Donnell, was treated for apparent minor injuries at Lynn County Hospital and released.

At 11:22 p.m. Tuesday a 1991 Geo Prizm driven by Betty Riojas Garcia, 35, of Tahoka, and a 1972 Chevrolet Nova driven by Richard Colbert Warton, 25, of Amarillo, collided on U.S. 87 5.4 miles north of Tahoka. Both cars were headed south.

Six persons were jailed during the last week. One was charged with assault, terroristic threat and two counts of disorderly conduct, two were for public intoxication, one each for driving while license suspended plus failure to identify to a peace officer, disregarding stop sign and failure to appear, and driving while intoxicated.

City Targets Four Dilapidated Properties Here

City of Tahoka officials during regular session Monday night targeted four more dilapidated properties within the city limits for compliance with the dilapidated buildings ordinance. Property owners will have 90 days to comply with the ordinance, according to City Manager Barry Pittman, who noted that a list of previously targeted property owners are complying with the ordinance by renovation or demolition of the property.

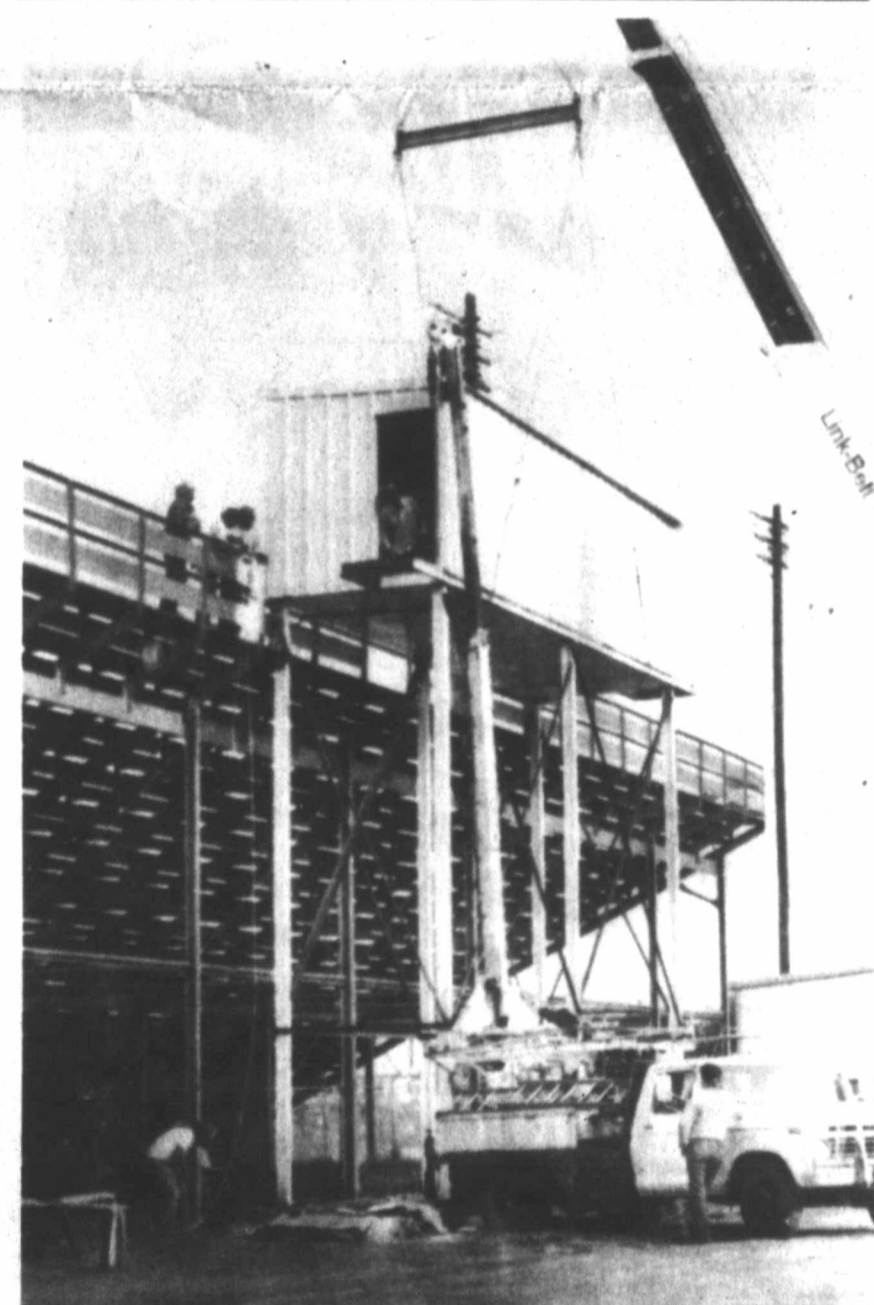

In other action, city council members conducted a public hearing for the proposed 1993 Texas Community Development Program (TCDP) grant application, and then approved a resolution authorizing the submission of the grant application to the Texas Department of Housing and Community Affairs for two new sewer lift stations.

NEW PRESS BOX AT KELLEY FIELD - A new press box was lifted onto steel girders Monday morning at Tahoka I.S.D.'s Kelley Field, where workers were waiting to weld it into place and put on the finishing touches in time for the Bulldog's first home game this Friday night. Leighton Knox (shown in the doorway of the press box) constructed the building for the school district. The new press box stands behind the stadium and will accommodate media personnel, game announcer, coaching staff and videotape personnel. (LYNN COUNTY NEWS PHOTO)

Out of the Woods

The wayward thoughts of Juanell (Wood) Jones

Beware: I hereby notify all ye who dare enter my humble abode that germ warfare is now being conducted. Supersonic sick rays carrying deadly doses of coughing, hacking, stuffy noses and swollen lymph nodes are zipping around my house and infiltrating unsuspecting lungs with no respect at all for the fact that we've been living right and are handing buckets of money over to the doctor.

I suspect that many other homes have been infiltrated by the same rays, because I've seen many a red nose (not Rudolph's) and watery eyes this week, and so many people I've spoken with on the phone have guttural, raspy voices that it almost sounds like a whole slew of godfather-sound-alikes have called the office. It's the price we pay, I guess, of living in this area where all kinds of crud floats around in the air.

My daughter's ears have been really stopped up, and I finally gave in and took her to the doctor. I'd rather do almost anything than make a trip to the doctor's office. It's not the visit I mind so much, it's the waiting ... and waiting ... and waiting in the reception area. I always feel like I should wear one of those mesh suits that beekeepers wear so I can keep all the germs off of me that are wafting off the other sick people in the waiting room.

Anyway, the doctor gave us, among other things, prescription ear drops for her ear and told me to put two drops, four times a day in her ear and that about the time I started forgetting to do that her ear would probably be healed anyway. Boy, he doesn't know me very well, does he? That was two days ago. Today I sent her off to school with ... you guessed it ... no eardrops. I forgot. I'm a terrible mother.

My son and husband are also battling the germs without much success. I, on the other hand, have remained remarkably well, probably due to the fact that I live such an upstanding life and paid attention to this week's sermon at church Sunday morning. In fact, I'm such a good person that ... cough ... aaagh ... hack ... Okay, okay, I get the message.

At least it's only the crud going around (or as former Lynn County News publisher Johnny Valentine used to say, the Chinese Jungle Rot). I hear the publisher over at O'Donnell has a lot worse problems than that - she's pregnant! ... aaagh! I'll be good. Really. Much better than Regina.

County Taxes To Increase By 3 Percent

Lynn County Commissioners will meet at 9:30 a.m. today (Thursday) to set the county tax rate, and are expected to increase taxes by three percent. The current tax rate is .49821 per \$100 valuation, and the increase is expected to raise that amount to .53407 per \$100 valuation.

The tax increase will fund the 1994 budget which commissioners approved Monday afternoon, following a public hearing at which no visitors attended. Total expenditures for the county amount to \$1,671,023, compared to last year's budgeted amount of \$1,569,919.

In a meeting Monday morning, commissioners examined accounts and approved county officials' reports, approved election precinct judges for the November election, and voted to consolidate the 14 voting boxes into four voting boxes, one in each precinct, for the November election which will put forth 16 constitutional amendments.

Commissioners will meet at 11 a.m. Oct. 5 to discuss the retirement system with a TCDRS representative.

ON THE RUN—Tahoka running back Ramiro Rodriguez carries the ball here for a gain against Roosevelt. The Eagles won the game 28-7. Tahoka plays its first game at home Friday night against Coahoma. (LYNN COUNTY NEWS PHOTO)

Bulldogs Lose To Eagles, Now Face Coahoma

The Roosevelt Eagles came from behind to beat Tahoka 28-7 last Friday night at Roosevelt, as the Bulldogs were unable to overcome penalties and bad luck in losing their second game of the season on the road.

This week the Dogs will play their first game at home, with a friendlier crowd on hand as another group of Bulldogs, red ones from Coahoma, come to town. Coahoma also is 0-2, after losing a close game to Rotan last week.

Tahoka took a 7-0 lead in the first quarter at Roosevelt as Quarterback Matt Garcia tossed a 12-yard scoring pass to another freshman, David Ayala. Roosevelt came back with six points in the first period and then took the lead in the second.

Tahoka had a long run to near the Eagle goal line, but lost the ball on a fumble at the end of the run, and once had a touchdown return cancelled for a holding penalty.

"We've had some back luck, just when things seem to be going well," said Coach Chris Wigington.

These tax rate figures are not adjusted for changes in the taxable value of property.

LOVE LIVES ON
By Amanda Bradley

Those we love are never really lost to us ... We feel them in so many ways ... Through friends they always cared about and dreams they left behind, in beauty that they added to our days ... in words of wisdom we still carry with us and memories that never will be gone ... Those we love are never really lost to us ... For everywhere their special love lives on.

The Wilson News
by Buster Abbe • 628-6368

There will be a benefit bake sale at the United Supermarket in Slaton this Saturday, 9 a.m.-5 p.m. Weather permitting, there will also be a care wash which is tied to the benefits. The proceeds will be used to help defray the medical costs of Casey Wayne Heath. Week-old Casey, who is the great-grandson of Julia Dworaczky of Wilson, was born with a blood clot near his brain and doctors are anticipating a major surgery for the clot's removal. Casey is the son of Angela and Darren Heath of Tyler. The benefits are being sponsored by Shirley Martin of Wilson and she said that she would welcome the donations of baked goods for the sale. The goods could be taken to the safe location on Saturday morning or dropped by Shirley's home in Wilson. She has also placed a number of jars in various area businesses for your cash donations.

Due to the limited hours that the City Hall is open, and the requests for a location to drop off water bill payments and other items, the City has installed a mail-type drop in the front door. It is a good idea for people not to play cash payments in this drop. If you want to pay your water bill with cash, and the City Hall is closed, you may go to the Wilson State Bank and they will handle this payment for you.

It seems that several people, who do not live in the city, have decided that the dumpsters in the city are good places to dump their trash. City officials note that this practice is not welcomed by the people who are paying monthly fees for the dumpster use and who find that their dumpsters are full of someone else's trash. Also, it is illegal to do this and the city will prosecute those who persist in hauling their trash to town. The people who dispose of the trash in the dumpster have mentioned to city officials that there is an increasing problem with improper items in the dumpster. Citizens are urged to read the instructions on the dumpster to see what is allowed. If you have items that are not allowed in the dumpster or are too large for the dumpster, you are responsible for seeing that it gets to the Tahoka dump site. This site is open 9 a.m.-6 p.m. Mondays and Wednesdays and 8 a.m.-5 p.m. Saturdays.

On the Calendar:
Sept. 16 (Thursday)- Lions Club in Cafeteria 8 p.m.
Sept. 17 (Friday)- Varsity football here vs. Cotton Center 7:30 p.m.
Sept. 21 (Tuesday)- Band practice Band Hall 6:30 p.m.-8:30 p.m.; Booster Club 7:30 p.m. in Cafeteria.

The regular monthly meeting of the Wilson PEOPLE group was held Saturday, Sept. 10 in the Green Building. Business represented were Wilson State Bank and Klaus Insurance. Victor Steinhauser reported that money is the key factor for the

next step on the walking track. An application for a grant from Lutheran Brotherhood has been submitted, but will only be funded when the work is underway. Donation jars and progress charts will be rotated in the city business and any donations will be greatly appreciated.

The Museum committee is still making contacts for the restoration of the meat packing plant. Anyone with pictures of what it used to look like is asked to contact Helen Stephenson at 628-6313, this would be greatly appreciated.

Plans for the Fall Festival are underway. The date is set for Oct. 30 from 5 p.m.-10 p.m. Anyone wishing to have a booth can contact Lynda Williams at 628-6307 or Onita Steinhauer at 628-6270. There is no fee for the booths but will they will be assigned on a first come basis. No duplication of booths, except for crafts and food, will be accepted.

The welcome packet is beginning to take shape. A business and church directory has been completed and all of the local business contacted for advertisement in the packet or a brochure. There is no cost to the business other than the cost of the items included in the packet. These packets will be distributed to new families as they move into the area to show what is available in Wilson.

In an effort to encourage more participation the PEOPLE group has officially changed its name to Wilson Chamber of Commerce.

WHS math teacher, Donna Winkley, recently was awarded a \$500 prize and a Certificate of Commendation in an "Outstanding Lesson Plan" contest sponsored by the Texas Federation of Teachers. She received the award for her lesson plan, "Multiply Binomials, The Play."

The Wilson Booster Club meets Tuesdays at 7:30 p.m. in the Cafeteria. President, Sherri Gicklhorn, stated that concession stand clean-up was a success and she would like to thank Mr. Henry and the FFA Chapter for their help in their preliminary cleanup on Friday and to all those who showed up Sunday to finish.

The Booster Club is planning their annual supper to be held prior to the Meadow football game Nov. 11.

The Club is selling caps and seat cushions at the home football games. They have two types of caps as well as the square seat cushion. Hopefully, they will get all these available to sell before the Cotton Center game this Friday night.

Homecoming for Wilson is scheduled for Oct. 1 and various groups are in the midst of planning for this event. The Wilson ISD parent and community involvement cadre met on Sept. 13 and began planning the activities. Plans call for the parade to be Thursday, Sept. 30. Parade committee mem-

should contact Bob Williams at 628-6201.

Candidates for the 1993 Homecoming Queen and King and freshman and sophomore Prince and Princess will be announced at the pep rally Friday, Sept. 17.

The Wilson ISD Class of 1973 is planning a get-together and meal for their 20th reunion. Members of this class or those who know the where-abouts of some of the "lost" classmates should contact John Earl Fields at 628-6318 or Tony Bishop at 996-5421.

Wilson Board of Trustees met Sept. 9. The Board approved the purchase of a 71 passenger school bus and a vocational bus route to Frenship ISD. The bus route is necessary in order for two students to attend the VEH program at Frenship High School in the mornings.

The Board approved an intent to raise local taxes for the current \$1.351 (local and CED) to a local tax rate of \$1.39. A public hearing will be held on Sept. 23, 1993 and the meeting to adopt the tax rate will be held Oct. 4, 1993.

WISD current enrollment K-12 is 240 students, which is the largest enrollment in WISD in four years. Elementary principal, Kelly Hirt, reported on activities at the elementary campus. Mrs. Hirt reported that the DEAR (Drop Everything And Read) program is well underway. Other activities initiated at the elementary campus include perfect attendance incentives, "Fantastic Friday," and Self-Esteem Cadre activities.

Bob Williams, High School principal, reported on "Zeros Aren't Permitted," and student government activities at the secondary campus.

ASCS Offers Disaster Program For Low Quality Cotton

Lynn County producers have until Friday, Sept. 17, to make application for the quality adjustment of the disaster program, according to the Lynn County ASCS. The signup will be for farms that produced low quality crops in the 1990 through 1992 years.

"It's very important that all eligible operators of farms with low quality cotton make application by the final date," stated Jimmy Woodard, Lynn County Executive Director. "The regulations do not allow applications to be taken after this date. We are asking operators to call and make an appointment as soon as possible," he added.

If the quality adjustment application to the Phase I or Phase III programs, only the operator is required to sign the application. If the application is an initial application, all producers with an interest in the crop in that year are required to sign. Owners have until Oct. 1 to return the applications with their signatures. All signatures are required for the farm to be eligible for the payment.

The 10 year average cotton adjusted loan rates by year for Lynn County are: 1990-42.06¢, 1991-42.56¢ and 1992-44.11¢. The weighted average loan rate for a farm will be compared to these rates to determine low quality. The selling price for below grade cotton will be used to determine low quality.

As of this date, documentation that will be acceptable to show quality has not been determined by ASCS. "As soon as the determination is made we will notify gin managers as well as producers," Woodard stated. "I don't like requiring producers to sign up for a program without being able to explain how the payments will be calculated and what documentation is required. We did not have a choice this time," he explained.

An example of a 1991 farm will help explain how the quality adjustment will be calculated. This farm has 50,000 pounds of cotton produced that had an average price of 29.80 using loan value for eligible cotton and sell price for below grade cotton. The factor for the low quality

cotton will be 70% (29.80/42.56). The 50,000 pounds will be reduced to 35,000 (50,000 X .70) by using this factor.

This adjusted poundage will then be used to determine the possible payment following procedure used in the Phase I and III low yield disaster programs. The quality adjustment information will be transmitted in the latter part of October. This information will be calculated for the nation and compared with available money to what factor will be applied. When this factor is announced the county ASCS office will begin printing checks for payment to producers.

"This has been a very fast sign-up. Applications are being taken at the rate of 175 to 180 farms per day. The staff is working overtime to help farmers complete the application process. Over 100 applications were taken this past Saturday by this office," said Woodard.

*The percentage increase shown in the first paragraph below may appear unusually high because it does not reflect 1992 taxes levied by the now-abolished county education district (CED). In 1992 the CED levied a portion of the taxes used for school purposes, and the school district levied the remainder of school taxes. In 1993, school districts will levy all school taxes. For an explanation of the increase, attend the public hearing scheduled below or call your school district.

NOTICE OF PUBLIC HEARING ON TAX INCREASE

The **TAHOKA ISD** will hold a public hearing on a proposal to increase total tax revenues from properties on the tax roll in 1992 by 861.626905% percent. Your individual taxes may increase at a greater or lesser rate or even decrease, depending on the change in the taxable value of your property in relation to the change in taxable value of all other property.

The public hearing will be held on Thursday, September 23, 1993 at 6:00 PM at TAHOKA ISD BOARD ROOM, 1925 AVE. P, TAHOKA, TX.

FOR the proposal: Clint Gardner, Brad Hammonds, Greg Henley, Mike Huffaker, Juanell Jones, Dan Lee Stone, Myrtle White

AGAINST the proposal: None
PRESENT and not voting: None
ABSENT: None

The statement above shows the percentage increase the proposed rate represents over the EFFECTIVE tax rate that the unit published on September 2, 1993. The following table compares taxes on an average home in this taxing unit last year to taxes proposed on the average home this year. Again, your individual taxes may be higher or lower, depending on the taxable value of your property.

| | Last Year County Education District | Last Year School District | This Year School District |
|----------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------|---------------------------------|---------------------------------|
| Average home value | \$24,730.00 | \$24,730.00 | \$25,030.00 |
| General exemptions available (amount available on the average home, not including senior citizen's or disabled person's exemptions) | \$9,940.00 | \$5,000.00 | \$5,000.00 |
| Average taxable value | \$14,790.00 | \$19,730.00 | \$20,030.00 |
| Tax rate | 0.901000/\$100 | 0.116610/\$100 | 1.150000/\$100 (proposed) |
| Tax | \$133.26 | \$23.01 | \$230.35 (proposed) |
| Total 1992 School Taxes | | \$156.27 | |
| | | | \$230.35 (proposed) |

This paragraph compares last year's CED and school district taxes with this year's proposed school district taxes:

Under this proposal taxes on the average home would INCREASE by \$74.08 or 47.406598 percent compared with last year's total school taxes. Comparing tax rates without adjusting for changes in property value, the tax rate would INCREASE by 0.132390 per \$100 of taxable value or 13.009895 percent compared to last year's total school tax rate. These tax rate figures are not adjusted for changes in the taxable value of property.

This paragraph compares last year's school district tax with this year's proposed school district taxes:

Under this proposal taxes on the average home would INCREASE by \$207.34 or 901.188630% percent compared with last year's school district taxes. Comparing tax rates without adjusting for changes in property value, the school district tax rate would INCREASE by 1.033390 per \$100 of taxable value or 886.193293% percent compared to last year's school district tax rate. These tax rate figures are not adjusted for changes in the taxable value of property.

Explanation of Conversion from County Education District Taxes

County Education Districts have been abolished. In order to compare school tax rates from last year to this year, it is necessary to compare the combined school tax rate below to the school district's proposed tax rate for this year.

Last year the TAHOKA ISD School District's tax rate was 0.116610.

Last year the TAHOKA CED #6 County Education District's tax rate was 0.901000.

The combined School District and County Education District tax rate was 1.017610.

The proposed tax rate for TAHOKA ISD School District for this year is 1.150000.

Tahoka JV Falls 6-0

by MARISA MARTIN
THS Growl Staff Member
Tahoka Junior Varsity made their record 1-1 when they fell to Roosevelt JV 0-6 last Thursday, Sept. 9.

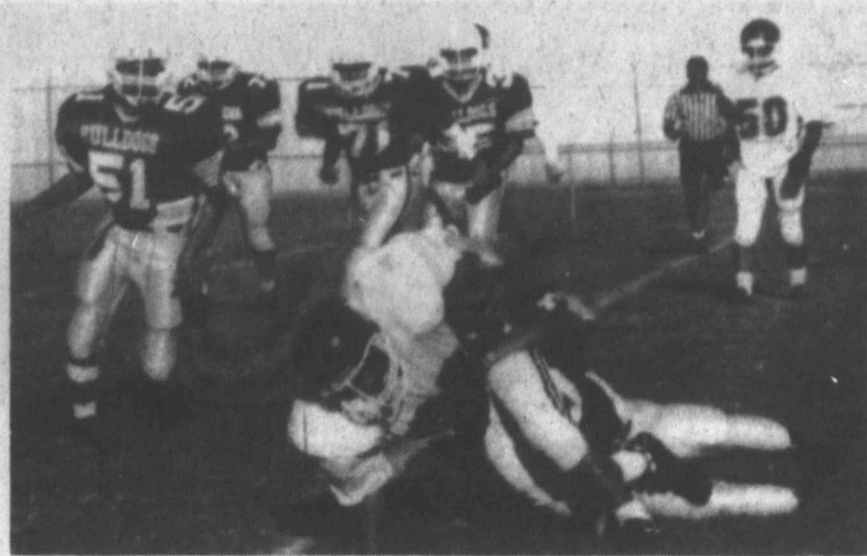

Tahoka JV travels to Coahoma tonight (Thursday) to face another Bulldog team.

"We moved the ball up and down the field," said Coach Hulon Kirkland. "We just never got it in the end zone."

"Michael Rodriguez played the biggest kid they had and did a super job," said Coach Kirkland.

Brent Raindl and Stephen Rodriguez caught two passes. Quarterback Clay Taylor threw well when he had time, said Coach Kirkland, and Michael Castillon was tough on defense. "They (Roosevelt) started running to try to keep away from (Michael)."

According to the coach, Eric Chapast started showing improvement; linebacker Monty Hale ran well; and David Garvin and Reggie Moore did a good job running the ball.

Walk For Your Life

Walking has become our number one fitness sport. Many people are even forming walking clubs (getting the fellowship of fitness centers without the fees). The body burns about the same number of calories to get from one place to another whether you leisurely walk or frantically jog... but you are more likely to get banged up going faster. One expert suggests, "If you can carry on a conversation, you're speed is right." If you're starting a spring program, remember start slowly, stay with it... just do it!

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS

OF PROPOSED CONSTITUTIONAL AMENDMENTS

SPECIAL ELECTION
NOVEMBER 2, 1993

PROPOSITION NO. 1 ON THE BALLOT

Senate Joint Resolution 9 proposes a constitutional amendment that would authorize the Texas Legislature to provide for the issuance of bonds for the state financing of start-up costs for historically underutilized businesses. The amendment provides that the legislature by law may establish a Texas historically underutilized business capital growth and start-up fund. The money in the fund may be used without further appropriation and only for a program established by the legislature to aid in the start-up costs of a historically underutilized business, as defined by the legislature. To carry out the program, the legislature may issue up to \$50 million of general obligation bonds to provide funding. The legislature may require review and approval of the issuance of bonds, the use of the bond proceeds, or the rules adopted by an agency to govern use of the bond proceeds. Bonds authorized by the amendment constitute a general obligation of the state.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to provide for the issuance of \$50 million of general obligation bonds for the recovery and further development of the state's economy and for increasing job opportunities and other benefits for Texas residents through state financing of the start-up costs of historically underutilized businesses."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 86 proposes a constitutional amendment authorizing the legislature, by general law, to exempt from ad valorem taxation all or part of real and personal property used, constructed, acquired, or installed wholly or partly to meet or exceed rules or regulations adopted by any environmental protection agency of the United States, Texas, or a political subdivision of this state for the prevention, monitoring, control, or reduction of air, water, or land pollution. The amendment applies to real and personal property used as a facility, device, or method for the control of air, water, or land pollution that would otherwise be taxable for the first time on or after January 1, 1994. The amendment does not authorize the exemption from ad valorem taxation of real or personal property that was subject to a tax abatement agreement executed before January 1, 1994.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to promote the reduction of pollution and to encourage the preservation of jobs by authorizing the exemption from ad valorem taxation of real and personal property used for the control of air, water, or land pollution."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 3 proposes a constitutional amendment to clear land titles in which the State of Texas relinquishes and releases any claim of sovereign ownership or title to an undivided one-third interest in and to the lands and minerals within the Shelby, Frazier, and McCormick League (now located in Fort Bend and Austin counties) arising out of the interest in that league originally granted under the Mexican Colonization Law of 1823 to John McCormick on or about July 24, 1824, and subsequently voided by the governing body of Austin's Original Colony on or about December 15, 1830. Title to such interest in the lands and minerals is confirmed to the owners of the remaining interests in such lands and minerals.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the clearing of land titles by the release of a state claim in a fractional interest, arising out of the voiding of an interest under a Mexican land grant, to the owners of certain property in Fort Bend and Austin counties."

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 49 proposes a constitutional amendment that would prohibit a state personal income tax without voter approval and would dedicate the proceeds of any income tax, if enacted, to property tax relief and education. The amendment provides that a general law enacted by the legislature that imposes a tax on the net incomes of natural persons, including a person's share of partnership and unincorporated association income, must provide that the portion of the law imposing the tax not take effect until approved by a majority of the registered voters voting in a statewide referendum held on the question of imposing the tax. The referendum must specify the rate of the tax that will apply to taxable income.

The amendment also provides that a general law enacted by the legislature that increases the rate of the tax, or changes the tax in a manner that results in an increase in the combined income tax liability of all persons subject to the tax, may not take effect until approved by a majority of the registered voters voting in a statewide referendum held on the question of increasing the income tax. The referendum must specify the manner in which the proposed law would increase the combined tax liability of all persons subject to the tax. The legislature may repeal, or amend without increasing, a tax approved by the voters without submitting the amendment or the repeal to the voters. If the legislature repeals a tax approved by the voters, the legislature may only reenact the tax without voter approval if the effective date of the reenactment of the tax is within one year of the effective date of the repeal of the tax.

The amendment also provides that, in the first year in which an income tax is imposed, and during the first year of any increase in the tax, not less than two-thirds of all net revenues from the tax shall be used to reduce the rate of ad valorem maintenance and operation taxes levied for the support of primary and secondary education. In subsequent years, not less than two-thirds of all net revenues of the tax shall be used to continue such ad valorem tax relief. The net revenues of the tax remaining after the deduction of money for reduction of ad valorem maintenance and operation taxes shall be used for support of education. The maximum rate at which a school district may impose ad valorem maintenance and operation taxes is reduced by an amount equal to one cent per \$100 valuation that the school district's ad valorem maintenance and operation tax is reduced by the minimum amount of money dedicated under the amendment, provided that a school district may subsequently increase the maximum ad valorem maintenance and operation tax rate if the increased maximum rate is approved by a majority of the voters of the school district voting at an election called and held for that purpose. The portions of the amendment relating to dedicating tax revenues to reduce the rate of ad valorem maintenance and operation taxes apply on or after the first January 1 after the date on which an income tax takes effect, except that if the income tax begins to apply on a January 1, the amendment applies to ad valorem maintenance and operation taxes levied on or after that date.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment prohibiting a personal income tax without voter approval and, if an income tax is enacted, dedicating the revenue to education and limiting the rate of local school taxes."

PROPOSITION NO. 5 ON THE BALLOT

Senate Joint Resolution 18 proposes a constitutional amendment that would authorize the legislature to prescribe the qualifications of sheriffs. Currently, the constitution authorizes the legislature to prescribe the duties, perquisites, and fees of office, but not the qualifications for the office of sheriff.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to allow the legislature to prescribe the qualifications of sheriffs."

PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 21 proposes a constitutional amendment that would abolish the office of county surveyor in Jackson County. The amendment also provides for the powers, duties, and functions of the county surveyor to be transferred to the county officer designated by the commissioners court.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment abolishing the office of county surveyor in Jackson County."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 57 proposes a constitutional amendment that repeals article XII, section 6, of the Texas Constitution, which currently provides that no corporation shall issue stock or bonds except for money paid, labor done, or property actually received, and that all fictitious increase of stock or indebtedness shall be void.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment repealing certain restrictions on the ability of corporations to raise capital."

PROPOSITION NO. 8 ON THE BALLOT

House Joint Resolution 22 proposes a constitutional amendment that would authorize the commissioners court of McLennan County to call an election to abolish the office of county surveyor. The office of county surveyor will be abolished if a majority of the qualified voters of McLennan County voting on the question favor the abolition. If the office of county surveyor is abolished, the amendment requires the maps, field notes, and other records in the custody of the county surveyor to be transferred to the county clerk of McLennan County. After abolition, the amendment also grants the commissioners court of McLennan County the authority to employ or contract with a qualified person to perform any of the functions that would have been performed by the county surveyor if the office had not been abolished.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to abolish the office of county surveyor in McLennan County."

PROPOSITION NO. 9 ON THE BALLOT

Senate Joint Resolution 19 proposes an amendment to article VIII, section 13 of the Texas Constitution that would modify the provisions for the redemption of real property sold at a tax sale. The amendment deletes current language in article VIII, section 13 that allows the legislature to provide for the sale of property without trial to pay for delinquent taxes. It also states that the deed to the new owner vests a good and perfect title subject only to redemption as set out in this amendment or impeachment for fraud. Language is added limiting application of the current two-year redemption period to former owners of residence homesteads and land designated for agricultural use sold for unpaid taxes. When property is sold as the result of a suit to enforce collection of unpaid taxes, the amendment would allow the legislature to limit redemption to property used as a residence homestead or designated for agricultural use at the time the suit was filed. The amendment creates a second type of redemption for former owners of real property when property is neither a residence homestead, nor designated for agricultural use. These owners would have a six-month period in which to redeem their property by paying the amount of money paid for the property, including the Tax Deed Recording Fee, all taxes, penalties, interest, and costs paid plus an amount not exceeding 25 percent of the aggregate total. The amendment applies to redemption of properties sold at a tax sale for which the purchaser's deed is filed on or after January 1, 1994. For redemption of properties sold at a tax sale for which the purchaser's deed was filed before January 1, 1994, the former law is applicable and remains in effect.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to modify the provisions for the redemption of real property sold at a tax sale."

PROPOSITION NO. 10 ON THE BALLOT

Senate Joint Resolution 34 proposes a constitutional amendment that adds a

PROPOSITION NO. 11 ON THE BALLOT

new section 49-b-2 to article III of the Texas Constitution. This new section provides that, in addition to the general obligation bonds authorized to be issued and sold by the Veterans' Land Board (the "Board") by sections 49-b (8950 million) and 49-b-1 (\$1.3 billion) of article III, the board may provide for, issue, and sell general obligation bonds of the state in an amount not to exceed \$750 million to provide financing to Texas veterans. \$250 million of the bonds authorized by this new section shall be used to augment the Veterans' Land Fund (the "Land Fund"). The Land Fund shall be used by the Board to purchase lands situated in Texas owned by the United States government, an agency of the United States government, the State of Texas, a political subdivision or agency of the State of Texas, or a person, firm, or corporation. The lands shall be sold to veterans in quantities, on terms, at prices, and at fixed, variable, floating, or other rates of interest determined by the Board. Lands in the Land Fund that are offered for sale to veterans and that are not sold may be sold or resold to the purchasers in quantities, terms, prices, and rates of interest determined by the Board.

New section 49-b-2 creates the Veterans' Housing Assistance Fund II (the "Housing Fund II"), and \$500 million of the general obligation bonds authorized by the section shall be used for the Housing Fund II. The Housing Fund II is a separate and distinct fund from the Veterans' Housing Assistance Fund (the "Housing Fund") established under section 49-b-1 of article III. Money in the Housing Fund II shall be administered by the Board and shall be used to make home mortgage loans to veterans for housing within this state in quantities, on terms, and at fixed, variable, floating, or other rates of interest determined by the Board. The principal of, and interest on, the general obligation bonds authorized by this section for the benefit of the Housing Fund II shall be paid out of the money of the Housing Fund II. The principal of, and interest on, the general obligation bonds authorized by section 49-b-1 of article III for the benefit of the Housing Fund shall be paid out of money in the Housing Fund. If there is not enough money in the Land Fund, the Housing Fund, or the Housing Fund II, as the case may be, available to pay the principal of, and interest on, the general obligation bonds authorized by this section or by sections 49-b or 49-b-1 of article III, there is appropriated out of the first money coming into the treasury in each fiscal year an amount that is sufficient to pay the principal of, and interest on, the general obligation bonds that mature or become due during that fiscal year.

If the Board determines that assets from the Land Fund, the Housing Fund, or the Housing Fund II are not required for purposes of the fund, the Board may transfer the assets to another of those funds or use the assets to secure revenue bonds issued by the Board. The revenue bonds shall be special obligations of the Board and payable only from and secured by receipts of the funds, assets transferred from the funds, and other revenues as determined by the Board and shall not constitute indebtedness of the State of Texas or the Board. The Board may issue revenue bonds from time to time, which bonds may not exceed an aggregate principal amount that the Board determines can be fully retired from the receipts of the funds. The revenue bonds shall be sold in forms, denominations, and in installments, and bear a rate or rates of interest as the Board determines.

The general obligation bonds authorized to be issued by the Board by this section or by sections 49-b and 49-b-1 of article III shall be issued and sold in forms and denominations, on terms, at times, in the manner, at places, in installments, and shall bear a rate or rates of interest the Board determines. The bonds shall be incontestable after execution by the Board, approval by the Attorney General of Texas, and delivery to the purchaser.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing issuance of \$750 million in general obligation bonds to augment the Veterans' Land Fund and the Veterans' Housing Assistance Fund and to fund the Veterans' Housing Assistance Fund II."

PROPOSITION NO. 11 ON THE BALLOT

Senate Joint Resolution 31 proposes a constitutional amendment relating to the duties of trustees of local retirement systems which provide retirement and related disability and death benefits for public officers and employees and that do not belong to a statewide retirement system. The amendment provides that the

PROPOSITION NO. 12 ON THE BALLOT

House Joint Resolution 23 proposes a constitutional amendment providing that any person accused of a violent or sexual offense committed while under the supervision of a criminal justice agency of this state for a prior felony may, after a hearing and evidence substantially showing the guilt of the accused, be denied bail pending trial. If the accused is not, however, accorded a trial within 60 days from the time of his incarceration upon the accusation or indictment, the order denying bail shall be set aside unless a continuance is obtained upon the request of the accused. In the amendment, the term "violent offense" means murder, aggravated assault (if a deadly weapon was used or exhibited during the commission of the assault), aggravated kidnapping, or aggravated robbery. The term "sexual offense" means aggravated sexual assault, sexual assault, or indecency with a child.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment permitting the denial of bail to certain persons charged with certain violent or sexual offenses committed while under the supervision of a criminal justice agency of the state or a political subdivision of the state."

PROPOSITION NO. 13 ON THE BALLOT

Senate Joint Resolution 13 proposes a constitutional amendment that amends article VII, section 17(a), of the Texas Constitution to provide that, of the \$100 million currently appropriated by that section for the use of public institutions of higher education during each fiscal year, those institutions may also utilize this money to pay for acquiring, constructing, or equipping or for major repair or rehabilitation of buildings, facilities, other permanent improvements, or capital equipment used jointly for educational and general activities and for auxiliary enterprises to the extent of their use for educational and general activities. For the five-year period beginning on September 1, 2000, and for each five-year period thereafter, the legislature, during a regular session that is nearest, but preceding, a five-year period may, by a two-thirds vote of the membership of each house, increase the amount of the \$100 million constitutional appropriation for the five-year period. The amendment also reflects name changes that have been made to some of the institutions of higher education for which such funding is available. The amendment adds the Texas State Technical College System to those institutions eligible to receive such funding, but limits its allocation of the annual appropriation to 2.2 percent of the total appropriation each fiscal year. The amendment also provides that each governing board authorized to participate in the distribution of money under article III, section 17, may also issue bonds and notes for the purposes of refunding bonds or notes issued under that section or prior law for the purposes of acquiring capital equipment, library books and library materials, paying for acquiring, constructing, or equipping or for major repair or rehabilitation of buildings, facilities, other permanent improvements, or capital equipment used jointly for educational and general activities and for auxiliary enterprises to the extent of their use for educational and general activities. The amendment deletes language in article III, section 17, which authorizes the legislature to designate a single agency to issue such bonds or notes in lieu of the governing bodies, and to transfer to that agency the authority to collect and pledge money to the payment of such bonds and notes as directed by the governing body of each eligible institution. Funds appropriated under article III, section 17, may not be used for the purpose of constructing, equipping, repairing, or rehabilitating buildings or other permanent im-

provements that are to be used only for student housing, intercollegiate athletics, or auxiliary enterprises.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment relating to the amount and expenditure of certain constitutionally dedicated funding for public institutions of higher education."

PROPOSITION NO. 14 ON THE BALLOT

Senate Joint Resolution 45 proposes a constitutional amendment that adds a new subsection (e) to article III, section 49-h, of the Texas Constitution. The new subsection provides that, in addition to the amounts authorized by subsections (a) (\$500 million), (c) (\$400 million), and (d) (\$1.1 billion) of section 49-h, the legislature may authorize the issuance of up to \$1 billion in general obligation bonds and may use the proceeds of the bonds for acquiring, constructing, or equipping new corrections institutions, including youth corrections institutions, and mental health and mental retardation institutions and for major repair or renovation of existing facilities of those corrections and mental health and mental retardation facilities. The amendment also provides that the provisions of subsection (a) of section 49-h, relating to the review and approval of bonds, and the provisions of subsection (b) of section 49-h, relating to the status of the bonds as a general obligation of the state and to the manner in which the principal and interest on the bonds are paid, apply to bonds authorized by this amendment.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance of up to \$1 billion in general obligation bonds payable from the general revenues of the state for projects relating to facilities of corrections and mental health and mental retardation institutions."

PROPOSITION NO. 15 ON THE BALLOT

House Joint Resolution 37 proposes a constitutional amendment that would authorize the county commissioners court of a county to call an election to abolish the office of county surveyor. The office of county surveyor is abolished if a majority of voters of the county voting in the election approve the measure. If the office of county surveyor is abolished, the maps, field notes, and other records of the county surveyor are transferred to the county officer or employee designated by the commissioners court.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to permit the voters of a county to decide, at an election called by the commissioners court, whether to abolish the office of county surveyor in the county."

PROPOSITION NO. 16 ON THE BALLOT

Senate Joint Resolution 44 proposes an amendment to article III, section 49-(b) of the Texas Constitution, which currently limits the principal amount of bonds outstanding at one time for the Texas agricultural fund to \$25 million and for the rural microenterprise development fund to \$5 million. The amendment would raise the principal amount limit for the Texas agricultural fund to \$100 million. The amendment would also make the principal amount limit for each fund apply to the total principal amounts of both bonds and notes issued or sold rather than just the principal amounts of bonds outstanding at one time.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing up to a total of \$100 million in bonds and notes to be issued or sold to finance the Texas agricultural fund for providing financial assistance to develop, increase, improve, or expand the production, processing, marketing, or export of crops or products grown or produced primarily in this state by agricultural businesses domiciled in the state."

8th Grade Dogs Win Opener, 8-0
by KRIS WOOD

Eighth grade Bulldogs, led by new Tahoka coaches David Sutterfield and Jim Burns, defeated Roosevelt 8-0, Thursday, Sept. 9 in the first game of the season.
Welton Wormly scored with three seconds left in the first half. The play was a pass by halfback Jose Luna that bounced off intended receiver Adrian Graves. Wormly got the ball in the air and ran it across for the touchdown.
Steve Wiseman ran the ball over for the two point conversion.
"The offense moved the ball well all night," said Coach Burns. "The defense did an excellent job as well. Roosevelt made only one first down," he added.
"We're ready for Coahoma next week," said the coaches.

LEOPARDS ON A ROLL—New Home won its second game of the year last week, beating up on Klondike. Here Brad Bell runs with the ball for a good gain. Bell scored three TD's for the Leopards in their 60-38 victory. This week the Leopards go to Grady.

"Quarterback Greg Resendez did a good job passing," said Coach Sutterfield.

Leopards Now 2-0 With 60-38 Win Over Klondike

The New Home Leopards added another win under their belts Friday night when they hosted the Klondike Cougars, chalking up a decisive 60-38 victory before the clock ran out. Coach Dickie Turner's six-man team is now 2-0 in non-district action.

New Home's Brad Bell keyed a 32-point first period explosion with three touchdowns, and Troy Fillingim added another five touchdowns for the night. Bell opened the scoring with a 1-yard blast at the 9:08 mark, and he then added touchdowns on a 35-yard ramble and a 13-yard pass

from Greg Armes. Fillingim lit the scoreboard with the first of his TDs on a 22-yard run with 2:01 left in the first period.

Klondike rallied with a touchdown in the second period, and both teams exchanged touchdowns in the final 26 seconds of the quarter with Fillingim gathering a 5-yard pass from Armes, and Klondike producing a 45-yard TD gallop with only five seconds on the clock.

The Leopards will take on Grady this week, there at 8 p.m.
