

Cotton Burns ...

Cotton on a truck-trailer headed north on U.S. 87 burned last Friday evening, apparently started from a "hot bale" on the truck which was from Big Spring. The fire off 87 just south of the Lubbock-Lynn County line was battled for more than five hours.

Bulldogs Go Down After Good Struggle

The Tahoka Bulldogs gave heavily favored Seagraves a good fight for three and a half quarters last Friday night, refusing to give up to the district-leading visitors, and the defense ruffled quite a few Eagle feathers before Seagraves finished big to win 40-0.

Time after time in the first three periods Tahoka's defense swarmed to the ball and yielded yardage reluctantly, giving up one touchdown in each of those quarters.

This week the Bulldogs will go to Idalou, another strong district team, which last week beat Crosbyton 49-28.

Highlight of the first quarter for Tahoka was the Bulldog offense getting several first downs on good runs by QB Wes Solomon and a pass to Terry Gwin. Seagraves Quarterback Joe Arguijo scored the first of his three touchdowns, on a 50-yard run. He scored on a 5-yard run in the second, and an 18-yarder in the third period.

In the second quarter Tahoka drove to the Eagles 20, mainly on a pass of 22 yards from Solomon to Edward Ramirez, then Juan Luna missed a field goal try from the 26. Tahoka got another chance when Jason McMillan recovered a fumble, but the Dogs fumbled it back on the next play. A

Seagraves runner broke into the clear and ran about 40 yards before he was overhauled from behind by Drew Stone. Another feature of the second period was a good downfield tackle by freshman Victor Herrera on an Eagle punt return. The score was just 12-0 at halftime.

The third quarter featured good defensive plays by Bulldogs Clay Taylor, Jesse Perez and Martin Aguirre, and one Seagraves threat was stopped on fourth and goal from the Tahoka 4 when sophomore David Garvin hit Eagle runner Todd Moore for a 6-yard loss.

Offensively in the third, Tahoka reached inside the the Eagles 30 on a drive featuring a 16-yard run by Ramiro Rodriguez, followed by a 16-yard run by Solomon.

Seagraves scored in the fourth period as Ben Henderson went 9 yards, and it was 26-0. Tahoka came back with a 26-yard pass from Solomon to End Martin Gill, but an interception set up another Eagle TD and they added still another before the game ended, getting 21 points in the last quarter to make the game appear to be more one-sided than it actually was.

Seagraves is 6-1 for the year, 4-0 in district. Tahoka is 0-3 in district and 1-6 for the year.

Six Persons Indicted By Grand Jury Here

Six persons were indicted by a 106th District Court grand jury which met in Tahoka Tuesday, with a Tahoka man indicted on four counts of sexual abuse involving girls under the age of 17.

Bonds totaling \$200,000 were set for José G. Tijerina on three counts of indecency with a child, incidents dating from August 1988 to December 1992. He also was indicted for aggravated sexual assault on a child under the age of 14 in 1988.

Donald Arnold Smith, 44, of Canyon Lake, TX, and Doug Collins of Lubbock were indicted on charges of theft related to inducing an elderly Tahoka woman to give them \$6,300 on Aug. 19, 1993 by telling her that unless they replaced some roof and ceiling supports in her home, the roof might collapse at any time.

Randy DeLeon Nevarez, 21, of Stanton was indicted on charges of driving while intoxicated, subsequent offense.

Michael Wells of Lubbock was indicted for theft over \$750 and less

than \$20,000 for taking money from the home of Tahoka woman in June.

Randy L. Hadderton of Crosbyton was indicted on charges of tampering with an identification number and on a charge of theft in connection with a stolen 1988 Wildcat spraying rig in his possession since August 1990.

District Judge George Hansard also sentenced four persons in court Tuesday, on pleas of guilty. Jose Luis Hernandez, 37, of Crosbyton, was sentenced to four years in jail for DWI subsequent offense. Richard Halstead, 33, of Lubbock, was given a 10-year sentence, probated, on a charge of indecency with a child, involving a 13-year-old Tahoka girl in August. Delvin Lane Buchanan, 44, of Tahoka, was assessed five years, probated, on charges of DWI subsequent offense. Gregory Dee Fox, 22, of El Paso, received a 10-year probated sentence on charges of possession of cocaine in October 1991.

New incidents investigated during the last week included a traffic accident in the city, and two thefts.

A 1977 Chevrolet pickup driven by Eric Wayne Knight, 28, of Tahoka, and a 1988 Chevrolet pickup driven by Darla Jill Willis, 17, of Tahoka, were involved in a collision last Thursday in the 1500-block of Ave. H.

A Ruger rifle owned by Steve Payne of O'Donnell was stolen from his workshop west of Wells Gins sometime in the last few weeks. And a 16-foot trailer owned by Lynn County Fuel was stolen Sunday or Monday. It was valued at \$500.

In jail during the week were one person for aggravated sexual assault, two for judgment and sentencing on DWI charges, one for judgement and sentencing on aggravated assault charges, two for DWI second, and two for application to revoke probation on DWI convictions, one of these on new charges of theft (from San Antonio).

Crime Line Officers Re-Elected

At the annual meeting of the board of directors of Lynn County Crime Line, Inc. held Monday evening, a slate of four officers was re-elected for the year. John Krey was re-elected as President of the Board.

Other officers re-elected for another term were Vice President, Victor Steinhauser; Treasurer, Joel Inklebarger; and Secretary, Juanell Jones.

A slate of five directors were also re-elected to three-year terms. They were John Krey, Lit Moore, Virginia Gatzki, Kenneth Eaker and Leland White.

Crime Line has offered two rewards of \$500 each in the past two months, one involving a rape case and the other reward involving several thefts of trailers in the county. No rewards have been paid out in either of these cases, however, the reward offers still stand.

Parents Address TISD Board

by JUANELL JONES

A group of about 30 parents and students addressed the Tahoka Independent School District Board of Trustees during an open forum at the beginning of the board's regular meeting last Thursday night, expressing concern over the senior pep rally. Two other citizens spoke about the warning signs of gang activity during the open forum, and during regular session trustees approved the district's annual audit report, looked at the high school yearbook schedule, and discussed the possibility of hosting a holiday basketball tournament for next year.

During the open forum, three spokespersons told trustees that seniors and their parents were concerned over the impending loss of the senior pep rally, which they said has traditionally occurred during the last football pep rally of the year and focuses on the senior class. One spokesperson said the seniors were "willing to compromise, wanting only the last ten minutes of the pep rally to recognize the senior class," and asking school administrative staff to reconsider its position.

Two representatives from the Baptist Young Women's group addressed the board, speaking about the warning signs of gang activities and offering their organization's help and support to the school. "We just wanted the board to be aware of any noticeable signs of gang activities, such as gang graffiti or clothing, and offer our assistance in providing 'gang warning' literature for students, teachers or parents, or to help in any way we can," said Julie Uptain. She noted that BYW representatives had also spoken to city and county officials to offer the same assistance.

Board President Greg Henley thanked the citizens for their input during open forum, but reminded the group that no official board action could be taken on those issues, as they were not agenda items.

During regular session, Joe Hays of Love, Hays & Company reviewed the district's annual audit report, which trustees approved unanimously. Hays praised TISD bookkeeper Loretta Tekell, noting that her work was "commendable".

In other business, trustees discussed the high school yearbook schedule with the school sponsor, Leah Taylor, and Taylor Publishing Co. representative, Jerry Clark. Last year's school annual has been delayed due to several circumstances, and is expected to be completed for delivery to Tahoka by Christmas. A schedule for this year's annual was discussed with a delivery deadline of mid-August, and several options to assist in that process are being considered. (See SCHOOL Page 4)

IT'S NO WONDER that most people don't bother to vote when the only thing on the ballot is a bunch of proposed constitutional amendments which few can understand. And even when you understand one and know how you feel about the issue, you sometimes don't know from the wording whether you should mark "For" or "Against" to register your opinion.

Several organizations, including the League of Women Voters, have published information on both sides of each amendment, listing what proponents and opponents say about each one. But even after that, the poor voter may be left confused.

Coming up for vote on Nov. 2 are 16 proposed amendments, three of which have to do with special deals in counties most folks never heard of.

One of the amendments has to do with establishing qualifications for the office of sheriff, and most currently serving sheriffs apparently are opposed to this one.

Another is related to the period of time you can reclaim your property if it is sold for taxes.

Still another is worded just like this: "The constitutional amendment permitting the denial of bail to certain persons charged with certain violent or sexual offenses committed while under the supervision of a criminal justice agency of the state or a political subdivision of the state."

I guess this means if you are on parole and commit a violent or sexual offense, you will be denied bail, which sounds reasonable to me. But the wording sounds like bail will be denied to people committing such offenses under the supervision of some state agency. In other words, if you kill or rape somebody while the county judge is standing there telling you how to do it.

Anyway, the amendments are on the ballot, and right now, up to Oct. 29, you can vote early on them by going to the courthouse. Go early in the day, so you'll have time to determine, if possible, what the heck they're all about.

MRS. MARK ALAN LEDYARD nee SHELLEY RENEE McDONALD
Couple Exchange Vows In Austin

Shelley Renee McDonald of Cedar Park and Mark Alan Ledyard of Austin were married Saturday, Sept. 25, 1993 at 5:30 p.m. in the Hyde Park Baptist Church in Austin, with Dr. Ralph Smith officiating the double ring ceremony.

The bride is the daughter of Frank and Sylvia McDonald of Sweetwater. She is the granddaughter of Margaret Edwards and the late J.B. Edwards of New Home. The groom is the son of Don and Linda Moore of Ft. Worth and Gerald and Gayle Ledyard of Salado.

The bride, escorted by her father, wore a white satin gown with Alecon lace designed by Mari Lee. It featured a V-neckline and leg o' mutton sleeves adorned with bows and casades of pearls. The full skirt fell from the V-waist and swept into a cathedral length train. The waistline was accented by a large bow. The gown was enhanced with pearl and sequin encrusted lace appliques which framed the bodice and cascaded down the back and over the train. She wore a fingertip length veil attached to a pearl encrusted band. Her bouquet was white roses, stephanotis and plumosa.

Lisa Webster was matron of honor. Bridesmaids were Christie Barnes of Dallas and Laurie Martin of Abilene, cousins of the bride, Kerri McDonald, sister-in-law of the bride, and Trudi Angelo both of Austin.

Mitchell Wegner, of Charlotte, N.C., was the best man. Groomsmen were Kirk Ledyard, Crowley Jeff Ledyard of Ft. Worth and Jason Ledyard of Evans Colo., all brothers of the groom, and Ross McDonald, brother of the bride.

The ring bearer was Joey Ledyard, nephew of the groom. Natalie Ledyard, niece of the groom, was flower girl.

Following the ceremony a reception was held at the church. The bride's table featured a triple tiered Italian cream cake decorated with a variety of cut flowers and greenery.

Following a honeymoon trip to Maui and Honolulu the couple will make their home in Austin.

The groom is a graduate of the University of Texas and is co-owner and president of Capital Cruises, Inc. The bride is a graduate of Baylor University and is assistant controller of Dayle Wilson Homebuilders Inc. of Austin.

THS Senior, John Quintanilla Leads DECA Conferences

John Quintanilla, THS senior, has traveled and spoken at three leadership conferences since his election as president of Texas DECA, a student organization comprised of about 15,000 Texas students.

Quintanilla attended leadership training in June at Trinidad, Texas. In August he spoke before about 500 Texas DECA teachers in Dallas. "This young man has a remarkable ability to speak before any audience and deliver a competent, credible, and interesting presentation," said Glo Hays, THS DECA Coordinator. "Tahoka has every right to be extremely proud of this young man!"

In October Quintanilla spoke and helped coordinate activities at a District 8 Leadership Development Conference in Amarillo. More recently he "opened" and "closed" the District 10 Leadership Development Conference in El Paso.

Letters from El Paso DECA Coordinators and a phone call from Kima Light, Hanks High School DECA Coordinator, confirmed John's presentation skills. Ms. Light said, "Never have I seen a student that has such audience charisma. Everybody in El Paso just loved having him around!"

He has gained new competencies from his travel experiences. He has learned the "ins and outs" of flying, checking into hotels, and houseguest manners. He brings to this experience many skills obtained from other aspects of his life. He believes playing football taught him teamwork and classroom experiences taught him organizational skills.

He acknowledges, "Every person at Tahoka High School has been wonderful in helping me fulfill the responsibilities of this office. Teachers, administrators, and staff members have been very patient and have supported me 100%."

In November Quintanilla will travel to Charleston, South Carolina, to attend the Southern Region Leadership Conference. He and other state officers from Killeen, El Paso, Little Elm, and Belton have planned and will conduct two Texas Sessions entitled "The Power of One."

In December he will travel to

JOHN QUINTANILLA

Trinidad along with other state officers to finalize plans for the State Career Development Conference to be held in March in Houston.

"This conference will be lots of fun because Tahoka DECA will hopefully compete successfully in several events. It will be fun watching my classmates receive State trophies," said the THS senior.

October Is National Breast Cancer Awareness Month

October is National Breast Cancer Awareness month. One in nine women will be diagnosed with breast cancer at some point in her life, according to statistics from the American Cancer Society.

The American Cancer Society Guidelines for breast cancer detection are as follows: Breast Self Exam: If you are 20 or over - every month. Clinical Breast Exam: If you are 20 to 40 - every three years; if you are 40 or over - every year. Mammography for women who don't have symptoms: if you are 40 to 50 or over - every year, with a screening mammogram by age 40.

TISD Superintendent Search:

Superintendent Profile Meetings Scheduled Here Next Week

by JUANELL JONES
 A series of meetings will be conducted in Tahoka next week for area residents to voice their opinions on the type of characteristics they would prefer in a new superintendent. These "superintendent profile" sessions will begin Monday, with a 6:30 p.m. meeting slated in the cafeteria for the general public, at which time any interested person may attend to voice an opinion.

Other meetings for various fac-

tions and organizations of the school and community are scheduled throughout the week, as shown in the accompanying schedule.

Tahoka Independent School District Board of Trustees is conducting a superintendent search through the Texas Association of School Boards Superintendent Search Services. TISD trustees are asking for local input in determining a "profile" of a superintendent for the district who will assume duties for the 1994-95

school year.

Earlier this year, Superintendent Dr. Duane Carter submitted his intent to resign at the end of this school year, and trustees voted to hire the TASB Superintendent Search Services to assist in the recruitment and selection process of a new superintendent. Dr. E.C. Leslie, a consultant with the service and a former Lubbock ISD Superintendent, will be conducting the Tahoka series of meetings.

Superintendent Dr. Duane Carter informed trustees that the possibility of scheduling football games between Tahoka and O'Donnell High School is being considered. Football coaches had discussed the possibility of the two schools playing each other after the new realignment of districts this year, but both agreed that no action on this subject would be taken until each school had discussed this possibility with the school boards. A majority of Tahoka trustees approved the possibility, but agreed to allow the coaches jurisdiction in the matter.

Also brought to discussion was the possibility of Tahoka hosting a county-wide or invitational holiday basketball tournament, beginning the next school year. Trustees were open to the suggestion and gave the super-

intendent a nod to pursue the possibilities.

In the Superintendent's report, Dr. Carter told trustees that parents of current fifth grade students met with administrative staff last Tuesday night in the school auditorium, with about 30 parents and teachers attending the public meeting to discuss the possibility of moving next year's sixth graders to the middle school/high school campus. He noted that the parents who attended the meeting were opposed to the idea, citing several reasons including the loss of certain elementary programs, and that their children were not ready for the move from the elementary campus.

The district is looking at several options to alleviate overcrowding on the elementary campus, and one of those options was to move sixth grade students to the other campus, which would necessitate making the current business office and superintendent's office into classrooms and building or moving those offices to another site. The meeting with parents was requested by the board to gain input on that option.

Another option being considered is to build extra classrooms on the elementary campus, which would keep sixth grade in the elementary school. "We're going to look at the

numbers on our elementary campus again," said the superintendent. It is expected that trustees will discuss this item at their November meeting.

All seven trustees were present for the meeting which adjourned at 1 a.m. The board retired to executive session from 10:55 p.m. until 12:10 a.m., returning to open session for administrative reports.

September Weather Cooler And Drier

The weather across the Texas South Plains during September turned out to be both cooler and drier than normal, according to the National Weather Service, Lubbock office.

Temperatures averaged 0.7 degree below normal and ranged from 1.1 degrees above normal at Silverton to 2.5 degrees below normal at Jayton.

Precipitation was generally scant although some thunderstorms in northwestern counties on the evening of the 23rd dumped some large amounts of rain. The area averaged 1.45 inches below normal and ranged from 1.92 inches above normal at Muleshoe to 3 inches below normal at Lockettville.

THS Business Class Now Worth College Credit Hours

by Susan Osborne

Tahoka High School students enrolled in Business Computer Applications class now have the opportunity to gain three hours of college credit through the Tech Prep program made possible through South Plains College. Mrs. Barbara Jaquess, who teaches the class, says those students who complete the course will not only have completed their high school requirement for the class, but will be eligible to add three college credit hours to their transcript at South Plains College.

Tahoka High School is one among 30 schools in this area involved in the new program. There are currently 20 students enrolled in Tahoka.

The Tech Prep program stresses hands-on experience based on real world situations. The course requires students to work with IBM equipment and explore many programs, including Wordperfect 5.1, D base IV, Lotus and DOS. For the college credit, South Plains College

mandates the material which will be covered in each.

The student is eligible for Tech Prep if he or she is a junior or senior in high school. By signing a commitment form, the student agrees to stay enrolled in the Tech Prep course for the entire 1993-1994 school year. He or she must pass a final exam in the spring. Then, once the student has completed 12 credit hours of study at South Plains College, the three credit hours from Business Computer Applications is added to his or her transcript. The student is given five years to complete the required 12 hours at South Plains.

Upon completion of the course, the student is awarded a certificate from South Plains College. This certificate can be used for job interviews or listed on resumes.

"This is the first year for Tech Prep courses to be offered," said Mrs. Jaquess. "There are close to 1500 students involved in the program statewide," she added.

Free Shade Trees Available

Ten free shade trees will be given to each person who joins The National Arbor Day Foundation during October 1993.

The free trees are part of the non-profit Foundation's Trees for America campaign.

The ten shade trees are Red Oak, Weeping Willow, Sugar Maple, Green Ash, Thornless Honeylocust, Pin Oak, River Birch, Tuliptree, Silver Maple, and Red Maple.

The trees will be shipped postpaid at the right time for planting between November 1 and December 10 with enclosed planting instructions. The six to twelve inch trees are guaranteed to grow, or they will be replaced free of charge.

Member also receive a subscription to the Foundation's news magazine, Arbor Day, which includes regular features about tree planting and care.

To become a member of the Foundation and to receive the free trees, send a \$10 membership contribution to SHADE TREES, National Arbor Day Foundation, 100 Arbor Avenue, Nebraska City, NE 68410, by Oct. 31, 1993.

THS Organizes FCA Club

Tahoka High School is starting a new organization called Fellowship of Christian Athletes. Meetings are usually held on Monday nights. Officers were elected at the first meeting; these include: Drew Stone, president; Katy Huffaker, vice-president; Ginger Malone, secretary; and Stephanie Stennett, reporter.

"The FCA club has 35 members and would greatly appreciate your prayers and support," said a spokesman. FCA members are encouraged to become national members at the cost of \$20 which includes a t-shirt, Sports Bible, subscription to Victory

magazine and a national membership card which entitles discounts at several stores. A bake sale is tentatively set for Nov. 20 at Thriftway to raise money for future projects.

High school students who are interested in becoming members are urged to contact sponsors Cindy Gardner, Tooter Draper, David Sutterfield or any of the FCA officers.

A bridal shower honoring Emily Porterfield, bride-elect of Todd Houchin, will be at the home of Joyce Kahlich on Saturday, Oct. 23 from 10-11 a.m. Selections are at Dunlaps in Lubbock; and at The Stenciled Duck and Lowrie's Drug and Gift, both in Slaton.

A baby shower honoring Lendi and Paul Ehlers will be held Sunday, Oct. 24, from 3-4:30 p.m. in the Educational Building at St. John Lutheran Church. Selections are at Toys-R-Us in Lubbock.

The Wilson P.T.O. met Oct. 12 in the High School Auditorium and made plans for the Fall Festival which is to be held Oct. 30 at the school. The P.T.O. will sponsor several booths during the festival and Karen Wilke is heading up the projects. Karen is looking for donations of items such as pumpkins and other Halloween decorations, old photograph records that are no longer wanted so they can be used in a "record toss" game, and pieces of individually wrapped candy (please, not homemade). She also has a sign-up sheet for anyone who would like to help in the booths. This sheet may be sent to the school so that interested people can come to the Elementary School Office and sign up.

Winners of the student incentive prizes at the meeting were Keith Platte, Jessica Wilke, Amber Wilke, Kaci Wied, and Kameron Livingston. The pot plant teacher's award went to Ms. Nancy Koehler.

The P.T.O. is beginning a drive to sell long-sleeve t-shirts. Elementary P.E. teacher Mrs. Kim Oglesby will coordinate this project and information will be sent home with students soon.

The Wilson I.S.D. Band travelled to Plainview last Saturday for the annual Wayland Baptist University Band Contest, receiving an overall II rating, which is considered very good. The band, with 75-80 members, has several upcoming contests, including the U.I.L. Band Contest as Texas Tech on Oct. 26 and the Texas Tech Marching Festival on Oct. 23. Anyone interested in attending these events in support of the band may contact Mr. Gregory at the school for times and places.

The Booster Club meets every Tuesday at 7:30 p.m. in the Cafeteria. Fundraisers are still going on, with caps, seat cushions, magazine subscriptions and drawing ticket sales. There will be a Mexican Stack Supper to benefit Booster Club projects on November 5, prior to the football game against Meadow. All profits from the fundraisers benefit various U.I.L. programs offered by the school, including athletics, band and music, and literary and academic events. The Booster Club is also one of the sponsors of the annual U.I.L. banquet held in the spring each year.

CALENDAR OF EVENTS

Friday, Oct. 22: Varsity football at Ropes.
Saturday, Oct. 23: Texas Tech Marching Band Contest, District FFA Contest in Lamesa.
Monday, Oct. 25: District Cross Country Track Meet in Brownfield.
Tuesday, Oct. 26: U.I.L. Marching Contest at Tech; Booster Club at 7:30 in the Cafeteria; Band Practice at 6:30 p.m. (if band scores a "I" at UIL Contest).
Thursday, Oct. 28: Jr. High Football at New Home.

Shorty Moore and Zora Powers had visitors the past few days. Kent Powers, Lex Frasier, Aleta Powers, all of Lubbock, and Nina Powers from Austin came

The Wilson 4-H has completed most of the preparation for the Tahoka Food Show and all of the paperwork should have been turned in by now. The Food Show will be Saturday, Oct. 30 in Tahoka.

Final plans for the annual Fall Festival on Saturday, Oct. 30, are being completed. Activities begin at 5 p.m. around and in the school. There will be games, food, entertainment and craft booths. Various individuals, churches, civic groups and others will have booths. There is still room to sign up for a booth, so if interested, contact Lynda Williams at 628-6307.

I received a letter this last week from a woman who lives in Amarillo, but, along with her husband, call Wilson their "place we're from" even though it is their adopted home. It was hard to get through the letter with dry eyes as some of the thoughts and reasons for wanting to come home to a small town are the very reasons that most of us have chosen small town life, over the hustle and bustle, noise and smog of big city life.

Then the writer zinged a really sharp arrow when she said that even with the good things in a small town, there are a few folks who don't respect the property rights of others. All of us who travel the road between Wilson and Tahoka (FM 400) have noticed the artwork that covered the entrance sign to the old El Paso gravel pit. The painting depicted The Three Stooges. Well, last Wednesday, some "stooge" decided the he or she were entitled to that piece of art and took it. What they didn't know was the meaning behind the picture and how important it was to the letter writer and her family. To the person who now has the picture of The Three Stooges, please bring it back. When your conscience begins to bug you, you may return them to their place by the side of the road or if you contact me, anonymously, and tell me where they are, I will go get them and bring them home.

Bank Teller Fools Scam Scheme Against Woman

An alert teller at Wilson State Bank recently foiled a scheme to defraud a former Lynn County woman in a repair scam involving cracks in a concrete walk.

The teller alerted her supervisor after a man presented a check for \$1200 for cash payment. Bank officials contacted the son of the 83-year-old former Wilson resident, and the man who presented the check later was charged in both Lynn and Lubbock counties.

According to bank officials, one or more men had approached the woman as she swept the driveway of her home in Lubbock and told her they had noticed cracks in the drive, and said they could repair them for \$120 or possibly a little more. After working on the driveway, the workers reportedly told the woman that there were more cracks than originally anticipated, and that the bill for the work was \$1400. When the woman protested, the worker then reduced the bill to \$1200.

The woman wrote the check, and less than an hour later it was presented to the Wilson bank for payment.

Bank President Vink Miller warned that everyone should be on guard against deceptive trade practices and scams, and not just on the elderly. "Deal only with known and reliable contractors," he suggested.

WISD Trustees Approve Waiver, Student Trip

At the meeting of the Board of Trustees of Wilson ISD Thursday, Oct. 14, the Board approved a class size waiver request for 4th grade. The 4th grade currently exceeds the 22:1 ratio. Other items approved by the Board include the District Improvement Plan; Policy Update 44; and a student trip for FFA officers to attend the National FFA Convention.

The Board authorized the superintendent to accept bids for the sale of a 1978 International bus and a 1980 Chevrolet bus and authorized the sale of the high school vending machine. The Board also authorized a lease/purchase for the 1993 International Bus.

Trustees amended the 93-94 Budget to purchase a universal weight machine for the athletic program. The machine will benefit both the girls' and boys' athletic programs. In other action, the Board approved the replacement of the heating/air conditioning unit for the high school principal's house.

Emergency Farm Loan Applications Being Accepted

Applications for emergency farm loans for losses caused by extreme fire hazards which occurred on Aug. 30, 1993 and continuing, are being accepted at the Farmers Home Administration (FmHA) office located in Tahoka, FmHA County Supervisor, Curtis Barlow stated.

Lynn and Garza Counties are two of 149 counties in Texas recently named by Secretary of Agriculture, Mike Espy as eligible for loans to cover part of actual production losses resulting from the extreme fire hazards.

Barlow said farmers may be eligible for loans of up to 80 percent of their actual losses or the operating loan needed to continue in business or \$500,000 whichever is less. For farmers unable to obtain credit from private commercial lenders, the interest is 4.5 percent.

"As a general rule, a farmer must have suffered at least a 30 percent loss of production to be eligible for an FmHA emergency loan," Barlow said. Farmers participating in the PIK or Federal Crop Insurance program will have to figure in proceeds from those programs in determining their loss.

"Applications for loans under this emergency designation will be accepted until May 10, 1994 but farmers should apply as soon as possible. Delays in applying could create back-

logs in processing and possibly over into the new farming season," Barlow said.

FmHA is a credit agency of the U.S. Department of Agriculture. It is authorized to provide disaster emergency loans to recognized farmers who work at and rely on farming for a substantial part of their living. Eligibility is extended to individual farmers who are U.S. citizens and to farming partnerships, corporations or cooperatives in which U.S. citizens hold a majority interest.

The FmHA office in Tahoka is open 8 a.m.-5 p.m. Monday through Friday.

Farmers Push NAFTA In National's Capital

A delegation of Texas farmers and ranchers traveled to Washington, D.C., October 3-6, to meet with lawmakers on their legislative concerns. First on the list was passage of the North American Free Trade Agreement.

The group of 52 agricultural producers included the Texas Farm Bureau Board of Directors and winners of the TFB National Affairs Award in each of the 13 Farm Bureau districts.

Leland White, state board member for District II, and his wife, Barbara, were members of the group. White stressed the importance of NAFTA's passage. "We produce the agricultural products that the world

needs in quantity and quality," White said. "Mexico is no exception."

White said the Free Trade Agreement will solidify an already profitable trade relationship with Mexico. He warned that failure to pass NAFTA could lead to loss of much of the Mexican market, as bilateral free trade agreements are negotiated with America's competitors.

The Farm Bureau delegation also discussed agriculture's concerns with environmental legislation, health care and the proposed biological survey of the entire nation.

"We asked our elected representatives to consider private property rights when and if this survey is taken," White said. "We believe agents of the government should seek permission to enter private property," he added.

Sales Tax Rebates Sent

State Comptroller John Sharp sent a total of \$122.5 million in October sales tax rebates to 979 Texas cities and 109 counties, a 19.1 percent increase over their payments of one year ago.

Lynn County received a payment of \$4,890.60, bringing the total in rebates to \$106,629.43. O'Donnell and Wilson did not receive any payments for this period. O'Donnell's total to date for 1993 is \$16,529.32 and Wilson has received \$14,979.13. Tahoka received a payment of \$4,890.60, bringing the 1993 total to \$75,120.98.

Roy Holmes To Retire From SPS

Roy Holmes, Division Manager for Southwestern Public Service Company's Southern Division, based in Lubbock, has announced he will retire in February.

SPS Lubbock District Manager Jake Webb has been named to the new position of assistant division manager for the Southern Division. This arrangement is designed to allow Webb to make a smooth transition to division manager in February.

The Southern Division includes 40 communities in four company districts within the South Plains. Webb will continue direct responsibility for the Lubbock District, where he has been manager for the past 14 years.

Holmes, 64, has been the division manager of SPS's Southern Division for 13 years. He began his SPS career in 1950 as a personnel supervisor in Borger and served in a number of managerial positions before being named division manager.

Webb, 56, began working for the company 32 years ago as a marketing representative in Amarillo. He later transferred to Pampa, and subsequently was named district manager in Floydada and then Hereford. He was named Lubbock District Manager in 1979.

High Plains Is Part Of 10 State USDA Study

The Texas Agricultural Statistics Service (TASS) will begin surveying farmers and ranchers on the High Plains of Texas in late October about their chemical use and conservation practices in randomly selected fields. Approximately 1,050 fields have been selected in 37 counties in Texas as part of a 10-state USDA study in 1993.

A total of 4,150 farmers and ranchers will be interviewed in Arizona, Arkansas, California, Kentucky, Louisiana, Mississippi, Missouri, New Mexico, Tennessee and Texas. Ten other states participated in the 1991 and 1992 studies.

The USDA's Economic Research Service will use the data obtained to determine relationships among farming activities. Resource characteristics such as soil type, terrain, climate, and ground water quality will be studied.

USDA is committed to offering American farmers, ranchers and forest the chemicals.

Previously, agricultural chemical use information was not readily available and of limited statistical reliability. Consequently, neither USDA nor other farm and ranch organizations were able to respond to issues associated with the environmental impact of agricultural chemicals.

Questions regarding this survey may be directed to State Statistician Dennis Findley.

Questions regarding Lynn County may be directed to Barbara White, supervisor, at 924-7326, Lena Williams 327-5364, John Montgomery 872-6695, or Robin Burton 628-6291.

Sales Closing Dates Extended For Wheat, Barley, Oats

Producers who receive disaster benefits must purchase multiple peril crop insurance for the 1994 crop year if 1993 production loss is greater than 65 percent of the expected production, according to the ASCS.

To assist producers needing multiple peril crop insurance coverage, the Federal Crop Insurance Corporation (FCIC) is extending the September 30 sales closing date for barley, wheat, and oats to Oct. 31, 1993, for the 1994 crop year.

Signup for 1993 disaster losses will continue through March 4, 1994. "Producers need to be aware of the deadline for multi-peril insurance purchase. The disaster application may not be made until later in the year after the final insurance purchase date," stated Jimmy Woodard, County Executive Director of Lynn County ASCS Office. "If a producer has greater than a 65% loss and has not purchased insurance, he will not be eligible for disaster payments on 1993 small grain losses."

FCIC will publish a Federal Register Notice to announce this extended sales closing date for barley, wheat, and oats. No other program crop sales closing dates will be extended.

Tahoka FHA Hosts Leadership Development Workshop For Area Schools

Tahoka High School Future Homemakers of America acted as host Monday, Oct. 18, as five Region I FHA/HERO officers presented workshops for leadership development to area schools.

Toye Childress of Tahoka, Region I Vice-president of Public Relations, Blanda Miller of Tahoka, Region I Vice-president of Records, Labeth Jones of Post, National Officer at Large, Megan Lenhart of Lubbock-Cooper, Region I Vice-president of Recreation, and Becky Carlisle, Region I Vice-president of Projects presided.

state and nation maintain their large membership. Megan Lenhart presided over this workshop with valuable tips and ideas for helping participating chapters increase membership.

Body Language, presented by Labeth Jones, was the topic of the fourth workshop. Helping members to focus on the message they send to others with their bodies was highlighted. Presented in short skits, participants became aware of various inadvertent messages they may be sending.

Present at the meeting were FHA/HERO members from Tahoka FHA, Madeline Hegi FHA, Tahoka, Lubbock-Cooper FHA, Coronado FHA, O'Donnell FHA, Wilson FHA, Denver City FHA, Big Spring FHA, Forsan FHA, and Post FHA.

Toye Childress presided over a workshop on Step One activities. Step One is a technique for introducing the organization to new members and reviewing FHA/HERO facts with experienced members. Members receive a Step I pin upon completion of activities.

FHA is a youth-centered organization with family as its central focus. It is sponsored in the state by the Texas Education Agency.

FHA has two local chapters, the Tahoka FHA, sponsored by Mrs. Patti Rambo, and the Madeline Hegi FHA, sponsored by Mrs. Donna Stone.

event. 'One Day' gives schools a day they can really dedicate to working on the photography which is at the heart of modern publications."

All photos must be submitted to Taylor by Nov. 10, two and one-half weeks after the event. They don't have to be mounted and there's no entry form. Photographers just print their name, their school's name/address, what camera/lens/film they used, and a complete photo caption on a piece of paper and securely tape it to the back of the photo.

The contest's sponsor, Taylor Publishing, with headquarters in Dallas, is a leading publisher of yearbooks nationwide. The Association of Texas Photography Instructors is an organization formed to assist people interested in the instruction of photography on the junior high, senior high and college/university level.

BBB REPORT

Fraudulent telemarketers have found yet another way to steal your money, this time from your checking account. Consumers across the country are complaining about unauthorized debits (withdrawals) from their checking accounts. While automatic debiting of your checking account can be a legitimate payment method, the system is being abused by some telemarketers. For example, a telemarketer may call saying you won a free prize but wants your checking account number to debit the shipping and handling charge. Once the telemarketer has your account information, it is put on a "demand draft", which is processed much like a check. The draft, however, does not require your signature. This kind of fraud can expose you to large financial losses. Do not give your checking account number over the phone to people you do not know. If someone asks for your account number, ask them why they need it. Beware of offers that sound too good to be true.

Football
 The New Home Leopards hosted the Ropes Eagles Oct. 15. The game came to a disappointing end for the Leopards, losing 20-66. The next varsity football game is at Meadow Oct. 22.

The Jr. High team travelled to Ropes on Oct. 14 defeating the Ropes Eagles. This brought their record to 6-0 for the season after a winless season last year. They will host Meadow on Oct. 21.

The JV team game followed the Jr. High on Oct. 14, but they were defeated.

Annual Staff
 The 1993-94 Annual Staff would like to announce the upcoming sale of yearbooks. Sales will begin Nov. 8 and continue through Nov. 24. Yearbooks may be purchased for \$20 at this time. Plan now to take advantage of this special price, because books ordered after Nov. 24 will cost \$25. Plastic covers are \$1 and having your name printed on the book costs \$2.

FFA
 Mr. Schaffner, vocational ag teacher, took 47 students to the Farmer-Stockman Show in Lubbock Oct. 12. The students observed the demonstration and exhibits before returning to school.

Elementary
 Kindergarten through 6th grades attended the play "101 Dalmatians" in Lubbock Friday, Oct. 15. The classes had lunch at the park before returning to school.

Campus Rock
 Campus Rock held their weekly meeting on Oct. 12, to plan their car wash and camp-out. The car wash was held this past Saturday, and the group then went camping at the Miller Ranch on the Tahoka Lake. Several members and sponsors enjoyed the overnight trip.

We Are All Prodigals

We can all identify with the prodigal son of Luke 15. We have all been enticed by and succumbed to sin (Romans 3:23). That's the bad news. Now for the good news.

The prodigal son was welcomed back by the father when he returned home. There were no long speeches. No shaking a finger at him. Only the rejoicing of a father at the return of a son.

We would like to invite you to come worship with us at the Tahoka Church of Christ. You will receive a loving welcome from a group of Christians who have themselves run away from God, but have received His love at their return. There will be a great sharing of compassion, love and gratitude to the Father as we praise Him for His patience and love for all His children.

A VOTER'S GUIDE TO THE CONSTITUTIONAL AMENDMENTS TO BE CONSIDERED ON NOVEMBER 2, 1993

Prepared by Free Market Foundation • P.O. Box 741777 • Dallas, Texas 75374-1777

NUMBER	SUMMARY	ARGUMENTS FOR	ARGUMENTS AGAINST
1	Authorizes state to issue \$50 million in general obligation bonds to finance costs for the start-up of historically underutilized businesses and establish the Texas Historically Underutilized Business (HUB) Capital Growth and Start-Up Fund. HUB is a minority owned business corporation, which is owned by one or more persons who are socially disadvantaged because of their identification as members of certain groups.	Would provide an opportunity to compete with other long-established businesses and fosters economic diversification throughout the state.	Would foster business growth for only one segment of the business community at the expense of all taxpayers and could increase debt service by \$4.5 million from the general revenue fund.
2	Authorizes the Legislature to exempt certain real and personal property acquired after January 1, 1994, from tax on goods if the property is used in reducing pollution.	Would comply that environmental law is one of the leading costs of doing business and this amendment will aid business in complying with the law. Controlling business costs and pollution output would preserve jobs in Texas. Because 32 states offer similar tax incentives, Texas would compete for new and expanding businesses with this tax incentive. This in turn would increase revenues to the General Revenue Fund.	Would enforce the principle that laws are created to protect the public interest. The Clean Air Act is a federal law and should be fully enforced. Tax incentives should not be offered to businesses in order to bring about compliance with the law.
3	Would clear land titles to the Shelby, Frizier & McCormick League in Ft. Bend & Austin Counties. The state would relinquish both mineral & surface rights to this land.	Would protect over 146 families whose ancestors purchased the land in good faith decades ago from having to repurchase the land in order to gain clear title. The amendment could prevent costly lawsuits.	Would cost tax payers \$60,000 each time an election is needed to settle one land title dispute. It is believed other means should be used to settle these disputes.
4	Would require voter approval of any law enacted by the Legislature that would alter personal income tax. Voters must approve the tax rate, personal exemptions & standard deductions. Revenue from the income tax would be dedicated to public education & to property tax relief.	Would maintain Texas as an attractive state in which to do business and would encourage Texas business & personal economic growth. The dedicated revenues could help solve the inequities in the school finance system.	Would tie the personal income tax to public education & reduced property taxes which would make the legislators more likely to pass a personal income tax. Although the measure implies a ban on income tax, it may actually hasten its implementation.
5	Would allow the Legislature to prescribe the qualifications for sheriffs.	Would require sheriffs to meet the same licensing & qualification standards that deputies & constables must currently meet. This could ensure better competency.	Would retain voter's right to decide the qualifications necessary for their county sheriff, thereby lessening state intervention in local affairs.
6	Would abolish the office of the Jackson County surveyor, whose duties would be transferred to an official designated by the County Commissioners Court.	Would abolish an office that has become expensive and unnecessary. Although county surveyors once were an important office, large tracts of land are no longer sold by government.	Would retain voter's right to elect county officials. County surveyors act as an impartial judge to resolve disputes among other surveyors or boundary disputes between counties.
7	Would repeal certain restrictions for corporations to raise capital with respect to the issuance of stock.	Would allow Texas corporations to raise capital through new methods, thus creating a more favorable growth climate.	Would maintain a safeguard protecting consumers from fraud.
8	Would abolish the position of the McLennan County surveyor, whose duties would be transferred to an official designated by the County Commissioners Court.	This position is expensive & no longer necessary.	Would retain voter's right to elect county officials.
9	Would reduce from 2 years to 6 months the time in which all real property seized through tax foreclosure could be eligible for redemption. This would not apply to residence homesteads or land designated for agricultural use.	Governments could sell foreclosed property within a shorter time frame. Buyers are hesitant to foreclose property because the current law gives the former owner 2 years to redeem to property. Holding the property for 2 years causes loss of tax revenues.	Would maintain current policy which gives wide latitude and protection to the property owner to redeem their property.
10	Authorizes state to issue \$750 million in general obligation bonds. Proceeds would be used by Veterans' Land Board to purchase land for resale & make home mortgage loans to veterans. Would also allow the board to issue revenue bonds payable from Veterans Land Fund & Veterans Housing Assistance Fund.	Would continue one of a limited number of state benefits available to veterans by offering them low-interest rates to purchase land and homes.	Would obligate the state to use general revenues to pay the debt service if the program fails regardless of its claim and past history of being self-supporting.
11	Would require the trustees of local public retirement systems to establish operational procedures for the pension system which benefit the system's members and beneficiaries.	Would protect local public pension systems by defining the responsibilities of the trustees.	Would inappropriately involve the state in operations of local pension systems when there is inadequate evidence of a need for such involvement.
12	Would create a fourth instance in which a judge could deny bail to someone accused of committing certain offenses while under supervision of a criminal justice agency for a prior felony.	Would allow courts and judges to keep dangerous criminals in jail while waiting trial.	Would violate the principle of "innocent until proven guilty." Could further escalate prison overcrowding problem.
13	Would add Texas State Technical College (TSTC) to a list of institutions which receive funds from the Higher Education Assistance Fund.	Would give funds to TSTC as the only public institution of higher education that does not receive assistance from dedicated funds. The funds would assist in TSTC's capital expenses.	TSTC is not a 4-year institution & does not have same needs as those receiving assistance.
14	Would authorize issuance up to \$1 billion in general obligation bonds for construction and renovation of prisons.	Would give non-violent offenders a greater chance for rehabilitation & keep violent offenders in state penal institutions longer. State jails are less expensive to build & run, so more beds could be built with the money, the measure would assist in the court-ordered fines paid to counties for housing state inmates.	Would create added state debt and would cost the state \$90.8 million in debt service. Building more beds is not the answer. Officials should get at the root cause of crime.
15	Would permit voters of a county to decide, at an election called by the commissioners court, whether to abolish the office of county surveyor in a county. Surveyor's duties would be transferred to an official designated by County Commissioners Court.	Would keep a position that is expensive and no longer necessary in many counties. This proposition would allow counties to vote to eliminate the county surveyor job without having to pass a Constitutional Amendment each time.	Would retain voter's right to elect county officials.
16	Would authorize Texas Agricultural Fund to issue general obligation notes & bonds and would increase the amount of bonds issued from \$25 million to \$100 million.	Would increase availability of loans to farmers & ranchers, thereby allowing the agricultural industry to continue to grow.	Would obligate the state to use general revenues to pay the debt service if the program fails.

The Free Market Foundation provides this non-partisan voter's guide in an attempt to help citizens cast a more informed vote. It is not an attempt to pass or defeat any of the proposed amendments. FMF expresses appreciation to the Texas Conservative Coalition for background information.

CONTAGIOUS, BUT NO QUARANTINE NECESSARY

Usually the word contagious brings on thoughts of spreading disease and quarantine isolation to prevent this spread. However, here is a "condition" where the possibility of contagion is actually welcome. Enthusiasm is contagious!

Everyone who works in our pharmacy is infected with enthusiasm. We consider this more than just a place to earn a living and we eagerly look forward to each day that we can be helping people to get well more quickly. You will feel this enthusiasm.

"A GREAT MANY PEOPLE ENTRUST US with their prescriptions, health needs and other pharmacy products. We consider this trust a privilege and a duty."

May we be your personal family pharmacy?

Letter To The Editor

On my restaurant receipt one crisp October morning, I read these words: "Happy Halloween!" At first I was going to bring the misspelling to the attention of the cashier . . . but I changed my mind. You see, the message did have a point - a sharp one.

As a boy in the 1950's, I looked forward to Halloween, because it was a time for innocent, pretend fun - a time for dressing up in costumes and going to school Halloween carnivals. There was some "spookiness" in the holiday, but it was all part of a harmless childhood game.

But no more. Halloween in the 1990's is a street gang holiday - of Freddy Krueger and Jason and Stephen King. Like a rude outsider who barges into a party, Halloween has become a frightening mockery of a celebration, bullying even the traditional "giving" holidays. Could you ever have imagined an animated feature titled *The Nightmare Before Christmas*?

It's interesting to realize, however, that Halloween wouldn't be so prominent if it hadn't been for the Christian faith. Halloween in the Dark Ages (500's AD) was a pagan Druid festival named Samhain or summer's end. When the pagans became Christians, they wanted to celebrate at that time of year - but without the Druid overtones. So the church celebrated All Saints' Day on November 1 as a major church commemoration, moving it just after the date of Samhain and giving the day of the festival a new name: All Hallow's Evening . . . Hallow's E'en. Halloween.

But the best lesson may still be found on my restaurant receipt. By now, you may have realized that les-

son. Halloween, separated from the day that gave it a name - a day devoted to the praise of God for His work in the lives of His people - is a Hollow E'en, indeed. 'Nuf said.
