Dogs Give Cats Rough Time Before Going Down 23-6

By DALTON WOOD
 The Tahoka Bulldogs lost their first game of the season, but gave Idalou a full evening of tough football before losing the district opener here 23-6 last Friday.
 It was not until the fourth quarter that Idalou, behind bruising 200-pound running back Conrad Garcia, scored 10 points that put the game out of reach of the scrappy Dogs, now 3-1 for the year and 0-1 in district.
 This week the Bulldogs will go to Post to play the pre-season district favorites who last week walloped Ralls 42-14 to also go 3-1 for the season.
 Idalou's Garcia, who had 171 yards and two touchdowns on 30 carries, told Lubbock Avalanche-Journal writer Kevin Carmody that his yardage against Tahoka did not come easy and that the Bulldogs are plenty tough.
 Tahoka scored first in the game on a drive which started when Chris Rodriguez recovered an Idalou fumble at the Wildcats' 36. Dustin Burleson, Tahoka tailback who gained 88 yards in 31 carries for the night, ripped off 18 yards to the 26 following an 8-yard loss on an aborted

pass play. Solomon hit Rodriguez on a 16-yard pass to the Idalou 12, then Burleson made it in on two runs, the TD coming on a 5-yard blast with 3:24 left in the first period. The extra point try was blocked, and Tahoka led 6-0 at the end of the first quarter.
 Idalou took a 7-6 lead at halftime, after QB Ryan De La Garza hit flanker Clay Stephenson with a 43-yard touchdown pass and Garcia kicked the point. Earlier in the quarter Tahoka had held Idalou on downs at the Bull-

dog 33 and generally played strong defense against the run.
 In the third, Clay Taylor recovered a fumble for Tahoka at the Idalou 46, but Tahoka fumbled the ball back and the Cats drove 50 yards for a score, with Garcia going in from the 2. Garcia's kick was wide, and Tahoka remained in striking distance, trailing 13-6 at the end of the third.
 With 6:19 left in the game, Garcia kicked a field goal, giving Idalou a 16-6 lead and dimming the Bulldogs' hopes.
 With a minute left in the game, Garcia ran 16 for a touchdown, then kicked the point.
 Tahoka had 120 yards rushing and 32 passing, but QB Wes Solomon was sacked four times trying to pass and that took 33 yards off the total.
 Most of the Bulldogs played well on defense, with linebacker Jesse Perez getting the most tackles, followed closely by defensive end Reggie Moore and Monty Hale, who put some smashing tackles on Wildcat runners. Good defensive work also was turned in by Gerold Cantu, Rodriguez, Bobby De La Cruz, tackle Victor Herrera, Edward Ramirez, Martin Gill and Taylor.

TOO LATE I have realized that I could have had an extra year and a half in my lifetime to do great things.
 I spend 37 minutes of every day doing things that when you get right down to it, are mostly a waste of time because you just have to do them again the next day. I sat down and listed some of the things I do every day which take away from my productive time. It breaks down like this:
 Eight minutes shaving, 2 minutes combing my hair (in my earlier years when I had more hair, it took longer, so 2 minutes is an average), 2 minutes brushing my teeth, 5 minutes dressing. And all this is after 5 minutes spent negotiating the 15 feet or so from my bed to the bathroom every morning. First I groan for a minute, then slide out of bed, bounce off the wall, stagger into the dresser, grab at the door facing, lean on the cabinet top and finally get to where I'm going. Obviously I am not a morning person; I really don't start shining until the sun goes down.
 All of that totals 22 minutes; add 15 minutes for a daily bath and you have 37 minutes already taken up in the day. That's about 225 hours, or 9.3 days a year. At age 65 a person with a schedule like mine has wasted a year and a half, and at that age, you sure could use that time back.
 So you can save a lot of time if you quit shaving, never comb your hair or brush your teeth, go naked and stop taking baths. (After only a few months of not bathing, nobody really cares that you're naked because they won't get any closer than 100 feet away).

Five Juveniles, Adult Admit Writing Graffiti, Draw Fines

Last week's case of graffiti writing on the Tahoka school cafeteria wall and First National Bank's teller driveway were cleared just a few days after the occurrence, through a joint cooperative effort between school officials, Tahoka Police Department, Lynn County Sheriff's Department, and the Juvenile Probation Office.
 A 15-year-old male, a 12-year-old male, and two 11-year-old boys, all from Tahoka, admitted to writing the graffiti on the bank's driveway and were sentenced to pay restitution totaling \$50 and to perform community service under supervision of the Juvenile Probation Office. The 15-year-old has been sent to Lubbock Youth Detention Center.

Juvenile Probation Officer Jeri Akard told *The Lynn County News* that the 11 and 12-year olds would be doing community service by getting on their hands and knees with a piece of sandpaper to remove graffiti on a local church's sidewalks, and other hours of community service, as well as paying restitution.
 A 23-year-old Tahoka male and a 15-year-old Lubbock male confessed to writing graffiti on the school wall. The Tahoka man admitted driving to Lubbock and bringing the 15-year-old back to Tahoka, where the youth spray painted gang-related graffiti on the school wall and told authorities that he "planned to go for the downtown murals next."
 The Tahoka man was on probation for two other cases involving evading arrest and DWI, and authorities Friday revoked his probation and issued a warrant for his arrest. Jailed Tuesday this week, the man will serve 120 days jail time on the revocation, and authorities say other charges will be filed, including transporting stolen merchandise across a county line, contributing to the delinquency of a minor, and enticing juveniles from a home county by transporting in a vehicle. The Lubbock youth was sentenced to the Lubbock Youth Detention Center. Both were ordered to pay restitution totaling \$225 to the school.
 Tahoka Police and local authori-

ties said the apparent goal of the 23-year-old was to bring gang members from Lubbock to Tahoka to recruit teens and pre-teens into gangs.
 "These cases were cleared through a joint effort between the police department, sheriff's department, juvenile office and school officials," said Police Chief Jerry Webster, noting that although a \$750 reward had been offered in the clearing of the case through Crime Line and other organizations and businesses, the case was cleared without using those funds.
 Tahoka Mayor Jim Solomon praised the quick solving of the graf-

It was a busy week for Lynn County Commissioners, as they finally filled the position of Lynn County Extension Ag Agent last Thursday, but learned a few days later that the other county agent here, Mrs. Rebecca Dimak, is resigning at the end of October.
 Bryan Reynolds was named Lynn County Extension Service Ag Agent during a called session last Thursday morning, filling the position which has been vacant since May. "Thanks to everyone for making my husband and I feel at home here - we're glad to have the opportunity to stay in Tahoka," she added.
 Reynolds, 25, is expected to begin his duties here on Monday, Oct. 17. He and his wife, Paula, have a 9-month-old daughter, Harley. The couple is originally from Amarillo.

MAKE LEMONADE

You've heard the old cliché, "when life hands you a bunch of lemons, make lemonade." These words originated from a truly positive person. But, let's face it, life does hand us alot of lemons (problems, difficulties, challenges). How is one to be positive in the face of so many lemons?

1. Lemons can produce joy. Not that lemons are fun, but they can help us, James said, "Consider it all joy, my brethren, when you encounter various trials, knowing that the testing of your faith produces endurance. And let endurance have its perfect result, that you may be perfect and complete, lacking in nothing" (James 1:2-4).

2. We are not left alone with lemons. We have help to guide, support and aid us in time of trouble. The writer of Hebrews said, "Let us therefore draw near with confidence to the throne of grace, that we may receive mercy and may find grace to help in time of need" (Hebrews 4:16).

We have a choice when problems (lemons) come into our lives. We can let them overwhelm us or deal with them in a way that produces a positive result. The cliché writer was correct. "When life hands you a bunch of lemons, make lemonade." Lemons make a pretty good pie also. Have a good day.

Booth Spaces Still Available For Festival

Booth rental space is available for the Lynn County Harvest Festival, slated Saturday, Oct. 8, according to booth chairman Dustie Cook. "We have several booths rented already, but there is still plenty of space for more. I encourage anyone who is considering renting a booth space to contact me as soon as possible," she said.

Booths are rented on a first-come basis, at \$15 per space. Call 998-5518 for more information.

Tickets are being sold by Harvest Festival Queen and Princess contestants for a chance to win two free bicycles, a Texas Tech weekend for the Tech vs. Texas game (includes Lubbock hotel accommodations and game tickets), and a trip for two to Mexico. The Mexico trip includes airfare and hotel accommodations for three nights and four days, at a destination and of the winner's choice.

Also selling Cow Patty Bingo tickets are members of the Tahoka Junior Class. There will be a bubble-gum toss at the Homecoming football game, with some of the gum

wrappers containing numbers. Those receiving a number should bring it to the Harvest Festival for a prize drawing. A kids drawing will also be held. All of these drawings will be held on the day of the festival.

Children's games will be offered throughout the day of the festival, with ribbons awarded to all participants. Games chairman is Dr. Molly Helmlinger, principal of Tahoka Elementary School.

Booths will offer food, games and crafts until 5 p.m. There will be entertainment on stage throughout the day, with country music provided by the Way Out West band, composed of former Tahoka High School graduates Arron Miller, Cory McCleskey, Mike Ramirez, New Home High School graduate Brad Morrow, and Dwayne Thomas of Lubbock.

The day's activities will break at 5 p.m. so booths may be dismantled, and then a street dance will be held on the square from 8 p.m. until midnight. The Rotary Club's sausage booth will still be open during the street dance.

Patti Rambo Elected President Of State Vocational Home Ec. Teachers Assn.

Patti Rambo, home economics teacher at Tahoka High School, was recently elected to serve as 1994-95 president of Vocational Home Economics Teachers Association of Texas (VHETAT). She assumed office Sept. 1, 1994.

The statewide organization, representing more than 3,000 home economics teachers in Texas, held its 31st annual meeting at the Hyatt Regency DFW Hotel Aug. 2. Mrs. Rambo will preside over all meetings of the association, serve as liaison at Interregional conferences of home economics teachers around the state, participate as part of the legislative connection team which will meet with national legislators in March in Washington, D.C. as well as serve as ambassador to other committees and boards associated with home economics in the state of Texas.

"It is an honor to serve in the role as president of this association. I believe in the value of a Home Economics education for our students, and I don't hesitate to be vocal about that fact," said Mrs. Rambo.

Established in 1946, VHETAT is the only organization that represents home economics teachers in Texas. The association provides a statewide network for communication with its members, works with legislators around the state and nation to maintain funding for programs, and works to expand public knowledge and understanding of home economics education.

Home economics education has experienced vast changes in the last decade, according to the Mrs. Rambo. "We have moved from the traditional 'cooking' and 'sewing' concepts to a curriculum based on consumer needs and family interests," she said. Strengthening the role of the fam-

ily in society is the main objective of the two-fold home economics program. Advancement in science and technology have increased the need for skills to make informed choices about products and their uses; knowledge of good nutrition has become more complex; economic conditions have increased the difficulty in decision making regarding spending and savings; and changing family patterns have all increased the need for home economics education for both males and females. Home economics curriculum is in place in the public schools that addresses these needs as well as preparation for jobs and careers, explained Mrs. Rambo.

Home economics curriculum changes as the needs of society changes, said Mrs. Rambo. In order to accommodate the growing number of students with young children, the home economics programs across the state provides a Parenting Education Program for school age students. The program provides child care during the day so that the single mom or dad may continue their education and not drop out of school.

Mrs. Rambo has been teaching at Tahoka for 17 years. With her co-worker, Donna Stone, she sponsors an active Future Homemakers of America organization which does leadership training and community service projects.

RECORDBOOK WINNERS — Brandi Gicklhorn and Jason Marshall recently placed first in their contests at the State 4-H Recordbook Contest held at Texas A&M University. They are members of Tahoka 4-H and are the children of Lester and Sheri Gicklhorn of Wilson.

Marshall, Gicklhorn Place First At State Recordbook Contest

Senior 4-H'ers Jason Marshall and Brandi Gicklhorn, recently participated in the State 4-H Recordbook Contest held at Texas A&M University. Both placed first in their contests: Jason in Safety, and Brandi in Health. They have been awarded an opportunity to attend and represent Texas at National 4-H Congress, which will be held Dec. 3-7 at Lake Buena Vista, Florida.

Jason and Brandi are members of Tahoka 4-H and are the children of Lester and Sheri Gicklhorn of Wilson.

"Jason and Brandi feel even more fortunate and excited to be able to attend this 4-H Congress," said Mrs. Gicklhorn. "Because of a lack of funding from National donors, this will be the last official National 4-H Youth Congress. Plans, however, are in the works to have an event for 1995 and coming years," she explained.

National 4-H Youth Congress is the premier recognition event for 4-H members from throughout the United

States. Approximately 2,000 4-H members will participate in National 4-H Youth Congress. Main features of the program include: National 4-H Fashion Revue, educational workshops designed to prepare delegates for future careers, special recognition programs, and visits to Disney World and Orlando area attractions.

The approximately 55 Texas youth delegates are chosen from the total membership of almost a half-million 4-H members in the state based on their superior records of accomplishments in 4-H project work, leadership, citizenship, and community service.

PCCA Announces Record Cash Distribution

A record cash distribution of approximately \$32.4 million was announced by Plains Cotton Cooperative Association (PCCA) during the cooperative's 41st Annual Stockholders Meeting in Lubbock. PCCA reported total net margins of almost \$31.4 million on sales of \$789 million for fiscal-year-end June 30, 1994.

"Our total margins of \$31.4 million were second only to 1993's \$31.7 million," PCCA President Van May reported. "To put this in perspective, the \$63 million earned in the last two years equals the total earnings of PCCA during its first 34 years," May added.

The cash distribution to PCCA members, which exceeds the previous record by almost \$10 million, consists of \$14.2 million in cash dividends, \$15.1 million in stock retirements, and retirement of 1989-crop mill option capital retains totaling almost \$3.1 million. The stock retirements include \$3.2 million for marketing division book credits issued from 1969 through 1987, putting this division on a six-year cycle for the first time in more than 30 years.

The stock retirements also include 1987-crop marketing pool and denim mill equities, the first ever retirement for these divisions following PCCA's acquisition of the American Cotton Growers Denim Mill at Littlefield, Texas in 1987. PCCA also announced a new equity plan for its members.

"Probably the most important thing we did this past year was to develop and present to the board a comprehensive plan for managing PCCA's equity session for the foreseeable future," May explained. "They unanimously approved the plan which is now our road map for handling the equity funds, primarily book credits, that our members allow to remain in PCCA. We call this new equity plan our '20/20 Vision' for PCCA," May added in explaining the plan's earnings and cash payment goals.

PCCA members also re-elected the following directors to three-year terms on the cooperative's board: Larry Lockwood, Spade, District 3; Eddie Smith, Floydada, District 4; Charles Macha, Opsyke, District 5; and Jackie Mull, Idalou, District 6.

New Gallbladder Surgery Safer

The bellybutton surgery or laparoscopic cholecystectomy for gallbladder surgery came into widespread use in 1990. Bellybutton surgery involves doing the operation with tubes inserted through small cuts in the tummy. According to the study done by Johns Hopkins the new approach has made the surgery safer, and the death rate is 80% lower. It also means no large incisions have to heal, so recovery time is counted in days rather than weeks.

What is A Town?

A town is a group of people.

- It is schools.
- It is museums.
- It is churches.
- It is industry and jobs.
- It is retail businesses.

They all have to work together. All must have the support of the people. Or there is no town.

Give your local businessman a chance to work with you on your business. You shouldn't spend your hard earned money with him unless his selection is adequate and his price competitive. But give him the first opportunity to make the sale.

The local businessman pays the highest percentage of local taxes. He most often is the civic leader who dedicates his time and talents to his town. He is contacted first for contributions to charitable projects. Without his business firm, you have no town.

Give the local businessman a fair shake...
...that's all he asks while he continues to work for our town.

JV Game Cancelled

The Tahoka Junior Varsity game scheduled against Post has been cancelled this week, due to a shortage of players due to injuries and eligibility.
The 7th and 8th grade teams will play at Post at 5 p.m. Thursday.
THS Athletic Director Darrell "Tooter" Draper told *The News* this week that the JV team would not play against Post or Seagraves, but that he would try to arrange Saturday games for the last three weeks of football season, adding varsity players to the JV team who may not have seen much play in the varsity game the preceding Friday night.
He also said that he may temporarily add some JV players to the varsity team for the next two weeks so that they may have a chance to play.

New Tutorial Program Aids TISD Athletes

A new mandatory tutorial program for all students involved in athletic programs at Tahoka High School and Middle School has proven effective this week, with only six students in all four football teams ineligible to play due to grades following the release of report cards on Tuesday.
TISD Athletic Director Darrell "Tooter" Draper initiated the tutorial program this year in an effort to help athletes maintain their grades. "We're going to require this tutorial time the whole year for all athletes, not just football players, so we can instill in these kids that they must pass their academic classes," said Coach Draper.

He explained that all athletes, even those involved in off-season programs, are required to complete a grade checklist every Tuesday, and anyone with a failing grade must report to tutorial sessions on Tuesdays from 7-9 p.m.
The coaching staff works with these students during the tutorial sessions, and Draper is quick to praise his staff for their willingness in giving their free time to work with the students.
"Sometimes all it takes is showing these kids that we care, and that we are serious about their grades. We're telling the students that, first of all, they're here to learn through the academic program, and when they get that taken care of then they can participate in the athletic program," said Draper.

"In the past, we've lost many players to grades," explained the coach, adding that this week he only lost one player on the varsity football team, three on the junior varsity, and one each on the seventh grade and eighth grade teams.
"We're very excited about this program... not only is it helping with

TAHOKA vs. POST

7:30 p.m. Friday - There

Go Dogs!

Choose the name of one of these sponsors and write in the designated space on the contest form. At least five sponsors each week will be randomly drawn as the Secret Sponsors for the football contest. If the winner correctly names one of the Secret Sponsors, The Lynn County News will double their prize money!

IT GETS OLD—Conrad Garcia (35) of Idalou carried the ball more than 30 times against Tahoka, whose defenders no doubt got tired of having to tackle him, but kept bringing him down anyway, most of the time. Here Clay Taylor (10) hangs on, with help from somebody on the other side. (LYNN COUNTY NEWS PHOTO)
