New Doctor And Family Ready To Embrace Texas Lifestyle

by JUANELL JONES

He's young, energetic, and eager to embrace both a West Texas lifestyle and the people of this area. Dr. Griff Thomas, 37, moved his wife, two children, and the family dog from Fostoria, Ohio to the plains of West Texas last week, and will begin his family medical practice at Lynn County Hospital-Clinic in Tahoka Monday morning.

He moved his family to a home in the country, where the view from the den offers miles of white cotton fields ready for harvesting, and where his wife says they have enjoyed an unobstructed view of the West Texas sunsets.

Dr. Thomas, originally from what he smilingly refers to as a "small city on the east coast" (New York), and his wife, Cindy, who hails from Cleveland, Ohio, say they made the move to Lynn County because there seemed to be such a need here for another doctor and because, accordplained. ing to Dr. Thomas, "this was the kind

of thing I really wanted to do - a medical practice in Ohio which he 'Marcus Welby' type family doctor had been with for six years, and which ... even if it does sound corny." Both he enjoyed, but which he said was had nothing but praise for Lynn "taking more and more of my time in County Hospital Administrator the business/administrative end of Louise Landers and the hospital's Board of Directors.

Dr. Thomas says he is anxious for the opportunity to get to know his patients here, "and for them to get to know me, too." He enjoys the opportunities presented through a family medical practice, humorously referred to as "from the womb to the tomb" kind of practice, where he can deliver a child at birth and watch them grow up, and can know their brothers and sisters, parents and grandparents. "I like knowing that when I'm treating the grandmother, I can call her daughter or some other family member and discuss her treatment," he says

He doesn't hide the fact, either, that he and his family are Christians who believe in the power of prayer. "I like to be able to hold my patient's hand and pray with them, and I like (See New Doctor, page 3)

A 22-year-old Slaton man, Angel Martinez, was identified by Dept. of Public Safety officers as the driver of a 1980 Dodge which overturned 3.2 miles west of New Home on FM 211 about 4:30 a.m. Sunday. The report said the driver had possible injuries, but refused treatment. An O'Donnell woman complained that another woman kicked her in the stomach last Wednesday, and said she would sign a complaint. And a Wilson woman also said she would sign a complaint against a neighbor man who allegedly stood nude in front of a glass door at his residence while she was outside in a direct line of vision last Thursday. A case of criminal mischief in which the windshield of a 1990 Ford pickup owned by Janie Barrera of O'Donnell was reported to sheriff's officers Sunday Sheriff's officers said this week that someone may have information regarding major cattle thefts near Wilson and Tahoka in November of 1991, and issued an appeal for anyone with information in the case to call Crime Line, 998-5145. A reward of \$1000 is being offered for any information which leads to clearing the case, and officers stressed that the caller may remain anonymous. When a call is made to Crime Line, the caller does not have to give his or her name, but will be assigned a number, and arrangements can be made later to pay the reward without the caller ever being identified.

NEW SCIENCE LAB - Reggie Moore and Roland Gonzales are intent on their science lab experiment at Tahoka High School's new lab stations. According to their teacher, Mrs. Cathy Box, the students were discovering whether yeast is a living thing. The new lab was completed this year, and features six octagonally shaped lab tables with electrical, gas, and water outlets, and storage facilities for lab equipment. And, no, the skeleton in the background is not what was left of the teacher at the end of the lab experiment. (LCN PHOTO)

SATURDAY NIGHT (actually at 2 a.m. Sunday) we all have to contend again with the semi-annual time thing. We have to decide which way to reset the clock.

What you do this time is get ready for bed about 11 p.m. and then set the clock back to 10 p.m. Then you have to decide whether to stay up another hour or go on to bed and get that extra hour of sleep which you lost in April.

A couple of months ago, we went to Arizona for a few days and we never were real sure of what time it was, but they knew. Arizona stays on standard time all year, having decided some years ago by popular vote not to mess with the time at all.

Arizona may be the only state in the union which stays on the same time all year. Or they may not; I'm not sure. After all, no contact has been made with states like Montana and New Jersey in the last couple of decades.

SOMEBODY who has authority regarding phone systems in the USA spends all of his or her time sitting around in an office someplace and thinking up new ways to hassle the public. The latest one is this: starting Jan. 1 you will have to dial all area codes outside your home town, if you want to get the proper person or answering machine, even if the number you want is in your same area code.

This is not only a pain in the uh, finger, but also means reprogramming your phone if you have one with numbers programmed in it.

So far you won't have to dial the area codes for local calls, or at least I don't think you will have to, but that will probably come next. I don't know if you will have to dial all the prefix numbers for in-town calls or not. In Tahoka, we all dial "8" plus a 4-digit number for local calls. We may have to dial "998." We'll just have to wait and see.

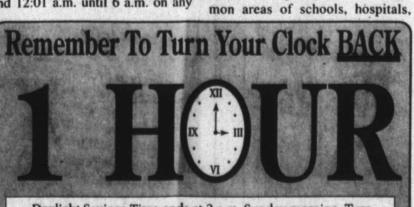

But no doubt within another year or so, you'll have to dial 806-998-8888 plus your social security number just to make a phone call across the street.

City Council To Vote On Youth Curfew

Parents and other interested citizens are invited to attend the next Tahoka City Council meeting on Monday, Nov. 7, when councilmen are expected to vote on a city youth curfew ordinance. The curfew would affect persons under the age of 17 at any public place within the city. The 7:00 o'clock meeting will be held at City Hall, 1612 Lockwood. Brochures detailing the proposed curfew ordinance will be available at the meeting, or at City Hall.

City officials contend that a curfew ordinance would enforce parental control over the responsibility for children, and would reduce the incidence of juvenile criminal activities.

Curfew hours would be from 11:00 p.m. on any Sunday, Monday, Tuesday, Wednesday, or Thursday until 6:00 a.m. of the following day; and 12:01 a.m. until 6 a.m. on any

Owners of the stolen cattle were Lonnie Paul Donald of Wilson and Robbie Roberson of Tahoka. Twentyfour animals were stolen from the two locations, one 2 miles southeast of Wilson, and one a mile and a half north of the overpass at U.S. 87 and FM 400. Value of the stolen cattle was estimated at more than \$18,000. Tracks of pickups and trailers were found near the scenes. Descriptions of the cattle are on file at the sheriff's office.

In jail during the last week were three persons for driving while intoxicated, first offense, one for DWI second offense plus driving while license suspended, and one for application to revoke probation on charges of theft by check.

(continued from page 1) knowing that other friends and family are praying for them too," said the doctor, adding that the people of this area seemed to embrace the same values, which was another drawing factor in his decision to move here.

"We believe a church family is important," added his wife, "because we have no family here. And it seems that many people here feel the same way ... I can't tell you how many people have invited us to attend their church, in the very first conversations we've had with them," she said with a smile.

"This house (which, incidentally she had never set foot in until the day they moved in with their furniture, previewing it only by video) has the perfect 'school room' where I have set up our computer and other materials ... and just being in West Texas has opened up a whole new world for us to explore - everything is so different here," she explained.

The family enjoys a myriad of activities in their spare time, with the doctor including hunting (both big and small game), woodworking and photography on his list of hobbies, and his wife enjoys flower arranging, reading and exercising. Ten-year-old Ben says he loves playing with "Beauy" (short for "Beauregard," the family dog), reading, riding his bike, fishing, inventing, art, and "riding a four-wheeler, if I can get one out

Six-year-old Annie says she enjoys her Barbie dolls and "laying on my dog.'

Though they have never experienced the infamous dust storms of West Texas, they have lived through snow blizzards and 20-degree-below-freezing temperatures, and have already heard the fire sirens in Tahoka which the doctor determined quickly was for a fire, and not a tornado. "I'm hoping that the horror stories about the dust storms here are rather like the horror stories a pregnant woman hears about other women's childbirth experiences, and that my own experience won't be that bad," says his wife with a smile.

And, what does the doctor think about the people he has met so far? "I've never met so many up-front people in my life ... and I've only been here a week," he says with a grin, adding that he likes the characteristic typical of so many west Texans.

Dr. Thomas' office hours at the Lynn County Hospital-Clinic will be from 9 a.m. until 5 p.m. Monday through Friday, with the exception of 9 a.m. until noon on Thursdays. He will be housed in the office at the far west end of the clinic.

Wilson Bank Honors 75-Year Customer

Wilson State Bank had open house Oct. 16, as the bank, friends and customers observed the bank's 75th year of banking in Lynn County.

Mrs. Louis (Elsie) Shambeck of Lubbock was recognized by the bank for being the longest continuous customer of the bank. Mrs. Shambeck also celebrated her 94th birthday on this date.

Mr. and Mrs. Shambeck opened their account with the bank on the first business day of the newly chartered bank 75 years ago.

A large crowd browsed through photo albums reflecting the history of the bank Oct. 16 and took refreshments.

Attendants received a gift from the bank as a "thank you" for being a part of the bank's success for the past 75 years.

Wilson Chamber of Commerce presented the bank with a plaque during the reception for the bank's three quarters of a century of service to Wilson and to Lynn County

Tuesday-decorate yourself day with hats, t-shirts, bows, etc. Wednesday- Red Sock Day, Sock it to drugs day, drug free certificates will be issued. Thursday- Dress Red Day, plays to various classrooms. Friday- Drug Free Pledges. ***

Progress reports from the elementary school are distributed the first Monday after the first three weeks of each six weeks. Parents and guardians should review their child's report, sign it, and return it the next day. However, if the child is failing a subject, a conference should be set with the child's teacher. Parents and guardians are welcome at any time to make an appointment with their child's teacher.

The Student Council would like to thank the following sponsors who contributed to the sign on the Wilson ISD campus: Wilson Booster Club, Wilson Co-op Gin, Wilson Lions Club, Wilson Elementary School Pride Committee, Wilson PTO, Wilson Little Dribblers Association, St. John Lutheran Church, Wilson State Bank.

Municipal Court Judge Melvin Burks stressed that one of the main goals of the curfew ordinance will be to hold parents responsible for the actions of their juvenile children.

Tahoka Police Chief Jerry Webster said that before taking any enforcement action, a police officer would ask the apparent offender's age and reason for being in the public place. The officer would not issue a citation or make an arrest unless the officer reasonably believes that an offense has occurred and that, based on any response and other circumstances, no defense is present. \$1500 Raised In Annual Heart Walk

The Lynn County Division of the American Heart Association held it's Annual Heart Walk Sept. 24 at the Tahoka Mini park. This year's walk was dedicated to Wayne Huffaker, who recently received a heart transplant following a five month stay in a Lubbock hospital.

Huffaker was presented a certificate from the AHA. He shared his experience of being a heart transplant recipient with about 30 walkers from Tahoka and Wilson, Approximately \$1500 was raised during the event.

Huffaker, who was honorary chairman, presented gifts donated by local merchants.

The Lynn County division of the AHA wishes to thank everyone who had a part in making this walk a success. Thanks to Wayne Huffaker for being honorary chairman, to the walkers from Wilson and Tahoka who participated and raised money, to the local merchants who donated gift items, and the AHA members who worked hard to get it all together.

Glass Bid Approved For Home Health Building

Lynn County Hospital Board of Directors Thursday approved a bid of \$5,188 from Lubbock Glass and Mirror for glass windows and doors to complete new construction on the Home Health Services building and for glass enclosure on the north side of the breezeway connecting the clinic with the hospital. Directors also approved a bid for heating and air installation in the Home Health building, heard a report on a Medicare audit, and visited briefly with the new doctor who will be on staff beginning Oct. 31.

Dr. Griff Thomas, who is a family practitioner, will open his clinic office at Lynn County Hospital-Clinic on Monday, Oct. 31. He and his family moved to this area last week, and the doctor met briefly with hospital board members at Thursday morning's meeting.

"We're looking forward to you being on duty here as soon as possible, and welcome you and your family to west Texas," Board President Leland White told the doctor, who moved here from Ohio.

The board approved a bid of \$3,300 from LDC Construction Co. to install a heating/air conditioner system in the Home Health building, noting that with the completion of the glass work and heat/air system, the building was nearing completion for use by Home Health services. The building is located between the clinic and hospital emergency room, where the EMS ambulance was previously parked.

STORK REPORT

Damon and Melonie Williams "The Methodist Men will be cook-(formerly Melonie Hill) of Stephensville, announce the arrival "Buy-up" coverage is available

Larry Anderson, Certified Public Accountant, reported to the board concerning a 1992 Medicare financial audit, noting that auditors had made several adjustments on allowable figures, but that the effect to the hospital district was "very minimal". He said the difference between what was tentatively paid in settlements was approximately \$14,000, which the hospital would be required to reimburse to Medicare. "This is not an unusual occurrence," said Hospital Administrator Louise Landers, "It's just something you hope doesn't happen, but you set aside funds just in case they're needed."

Security fencing and pipes around the oxygen storage facility on the hospital grounds was approved by the board. Directors visited briefly with Dr. Donald Freitag about emergency room coverage. The board also approved the financial statement and monthly bills.

White excused Hospital Administrator Louise Landers from the meeting while the board discussed the administrator's salary, but no action was taken. It is expected that the item will be placed on next month's agenda.

Present at the 3-1/2 hour meeting were White and directors Harold Barrett, Boyd Barnes, Norman Ledbetter, Virginia Griffing and Billy Tomlinson; Mrs. Landers; and Larry Anderson. Absent was director Jackie Stidham.

Crime Line Board Elects Same Officers. Approves \$1000 Reward Request

Board of Directors in an annual session Monday evening re-elected a slate of four directors whose terms were expiring and then re-elected the same slate of officers for the board. A reward request was also approved on a three-year-old case involving cattle theft.

The board unanimously named Tommy Woolam, Don Smith, Juanell Jones and Albert Riojas to serve three-year terms on the Crime Line board. Officers who were reelected to serve one-year terms of office included John Krey, president; Victor Steinhauser, vice president; Joel Inklebarger, treasurer; and Juanell Jones, secretary.

Lynn County Sheriff Jake Diggs attended the meeting, and presented a'reward request for information leading to the conviction of persons responsible for the theft of 23 head of cattle in November 1991, saying that Crime Line had never offered a reward on the case and that it was solved. The Reward Committee ap-

reward money. He thanked Crime Line for the \$500 which had been used by the Sheriff's Department in several drug busts, and said that when the cases came to court he would request that amount as part of the restitution case.

Lynn County Crime Line, Inc. owed by the defendants. "This money was very helpful, and the drug busts have been a useful deterrent to that type of crime within the county," said the sheriff.

> The board heard committee reports and reviewed a financial statement, and the president noted that Crime Line's request for financial

assistance from Lynn County commissioners and the four city councils within the county had resulted in substantial donations to Crime Line's coffers. Requests had been made from each governmental entity for a donation of 50-cents per person according to population, and Crime Line had received \$1400 from the City of Tahoka, \$100 from the City of New Home, and \$950 from Lynn County funds. It was expected that both the City of Wilson and City of O'Donnell would contribute also, with Wilson's population numbers garnering approximately \$250, and O'Donnell's approximately \$600.

The Crime Line phone number, possible the case could still be 998-5145, may be used by anyone who desires to anonymously provide proved the request, offering \$1000 in information on any type of crime within Lynn County. Rewards are offered on felony criminal cases and on cases involving drugs or gang activities, and are paid out anonymously to an informant if the information leads to a conviction in the

Firemen answered a call Saturday afternoon at 2304 N. 3rd, and again Monday evening at 2305 N. 3rd. Both homes suffered some smoke damage, and it was unofficially reported that Saturday's fire began in the home's water heater, and the other fire began in the electrical wiring in the kitchen stove. THURSDAY, OCTOBER 27, 1994, LYNN COUNTY NEWS, PAGE 7 **NOTICE OF FLUORIDE LEVEL IN WATER**

The City of Wilson has been notified by the Texas Department of Health that the water being supplied by our system exceeds the maximum contaminant level for fluoride, established by the Department's Drinking Water Standards, which were promulgated as required by the "Safe Drinking Water Act."

The samples of water from the Wilson system contain 4.1 milligrams of fluoride per liter, and the department requires the city to notify all customers. There is no immediate health hazard for drinking water containing fluoride at this level except that it could cause mottling (brown stains) on the teeth of children under 14 years of age

All dentists in this area are aware of the fluoride level.

The City will continue to search for alternate sources of supply and will investigate any available treatment techniques to lower the level of our fluoride if they are affordable at all. Bottled water is available, at no cost, at the City Office for families with children under 14. 43-1tc

Take One-Half A Pill?

Your prescription instructions say take onehalf a pill. When you try to split the pill it crumbles. It is best to throw out the pill rather than try to estimate how many crumbs equal one-half, because this could result in an incorrect dose. The easiest way to cut an unscored pill is to use a pill cutter. It is inexpensive and can be purchased at our pharmacy. We will be happy to show you how to use it.
