

Draw Area Farmer Gets Help Harvesting Crop

by DALTON WOOD
Venson Caswell, Draw area farmer, has a lot of health problems right now, but he also has a lot of friends.

Caswell, who suffered a severe heart attack recently, was in Methodist Hospital in Lubbock when some of his cotton crop was ready to harvest, so more than 20 of his friends, most of them also farmers in the Draw area, got together on Caswell property west of Draw on FM 213 last Thursday and stripped about 200 acres of cotton.

Prime organizers of the project were Norman Ledbetter, Cecil Kizer and Boyd Barnes, and many others pitched in to help, some bringing strippers to the scene. Fifteen cotton strippers were used on the 200 acres Thursday. Yield from that acreage

was expected to be only about 40 bales or so; it was to be ginned late Thursday at Woolam Gin in O'Donnell.

His friends had planned to gather more of the cotton, but the crop was not quite ready Thursday on Caswell's remaining acreage.

A partial list of those donating their time, equipment and labor or other help for Caswell last Thursday includes Brad Williams, Jimmy Williams, Herman Ledbetter, Norman Ledbetter, Jay Durham, Kizer, Toby Sharp, Marshall Barton, Burley Brewer, Joe Garza, Pedro Ernesto, Barnes, Bobby Mac Furlow, Phillip Furlow, Cecil Ernesto, Ralph Robinson, Nelson Hogg, Tommy Woolam, and several farm hands brought by some of the farmers.

WILLING TO HELP—These men and several others gave their time and use of their equipment to help a fellow farmer, Venson Caswell, who was hospitalized following a heart attack and who had some cotton ready to strip. The group, using 15 strippers similar to the one shown, went out last Thursday and harvested cotton from about 200 acres of Caswell's land near Draw. (LYNN COUNTY NEWS PHOTO)

Fist, Gun, Chair, And Vehicle Involved In Assault Incident

Lynn County sheriff's officers Wednesday arrested a 30-year-old Wilson area man in connection with an alleged attack on a Wilson woman who said the suspect struck her with his fist, a chair, and later rammed his vehicle into the back of another in which she was fleeing with a witness to the incidents last Friday night. Timothy Paul Felty was charged with aggravated assault after his ar-

rest Wednesday.

The victim said the suspect also fired a shotgun into the air several times while trying to find her as she hid inside and under a pickup outside the Wilson residence where the assault occurred.

The woman was treated at Lynn County Hospital for numerous bruises and abrasions.

Tahoka Police Dept. answered a call to an altercation outside Thriftway Supermarket Sunday where two women reported being attacked and threatened by a Tahoka woman and man. They said they would file charges; investigation was continuing.

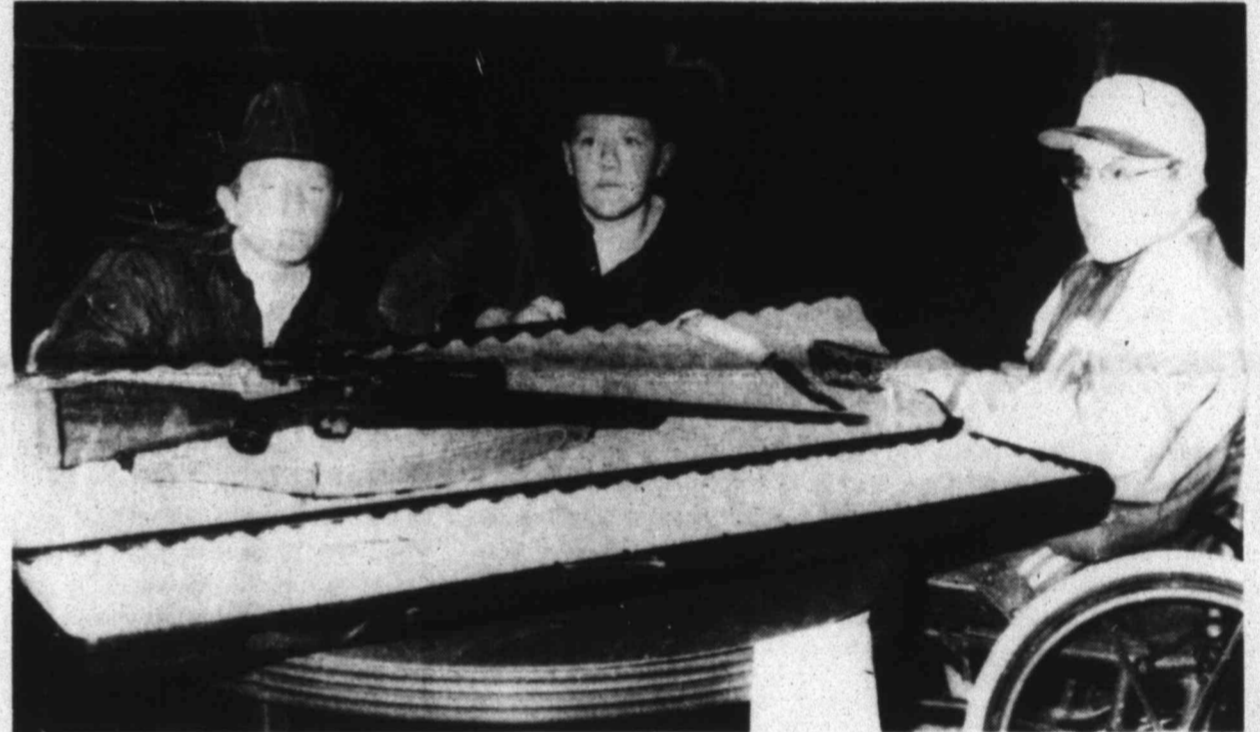

Police also investigated a report that eggs had been thrown at a car and

that \$40 had been stolen from a Tahoka woman's purse. A suspect in the theft case admitted to officers last Thursday that she had taken the money, and returned part of it. No charges were expected to be filed providing the rest of the money is paid back.

A collision on Ave. L near Lockwood Monday involved a 1984 Buick driven by Julia Arriaga Gonzales of Tahoka and a 1978 Mercury driven by Lidia Moreno Gutierrez, 38, of Tahoka.

Charges of injury to a child were filed this week against Enrique Pineda, 37, who admitted firing a shot inside a house last week, resulting in the shooting of an 11-year-old Tahoka boy wounded in the head after the shot went through a wall of the house and hit the boy outside in the yard.

Anderson and Tahoka DECA students Brad Long (second from right) and Will Hudgens (far right) presented checks totaling \$1,625 to the Clopton family to help defray medical costs associated with Jerod's 66-week chemotherapy program for an inoperable brain tumor. Funds were raised from a hot air balloon ride raffle sponsored here by DECA and Anderson, and from contributions from the Southwest Kiwanis Club of Lubbock, of which Anderson is a member. Writer Wants Ghost Stories

Everyone knows that what is ambiguously called "West Texas" - that area stretching from the top of the Panhandle and through the South Plains, all the way down to the Concho Valley and Trans-Pecos region - is full of real, live cowboys and cowgirls. But writer Debra D. Munn is willing to bet that this part of the state has more than its share of ghostly inhabitants, too - not just out on the range, but in the cities and towns as

well. In fact, she's so certain that this region of Texas is liberally infested with phantoms that she wants to collect as many stories as she can for a collection to be brought out by Pruett Publishing of Boulder, Colorado.

As an Amarillo native, she is especially excited about this upcoming volume. Her earlier books, *Ghosts on the Range: Eerie True Tales of Wyoming*, and *Big Sky Ghosts: Eerie True Tales of Montana*. Volumes 1 and 2, were also published by Pruett, with the second volume of the latter coming out only this summer.

"But now it's time for me to begin collecting ghost stories closer to home," said Ms. Munn. "If you know of any spooky stories in the Texas Panhandle, South Plains, Concho Valley, or Trans-Pecos areas, whether they happened to you or to someone else, please call me at 806-359-3619 (and please don't hesitate to leave a message on the answering machine), or write to me at 6407 Hyde Parkway, Amarillo, TX 79109.

Tahoka, O'Donnell, Lubbock Groups Unite In Fund-Raising For Clopton Boy

by JUANELL JONES

Young Jerod Clopton of O'Donnell has a lot of friends he's never even met - friends who have raised more than \$1600 during the past few weeks to help defray medical costs in Jerod's battle with a disease which no 10-year-old should ever have to face.

Jerod, son of Bill and Cheryl Clopton and a fourth grade student at O'Donnell, was diagnosed with an inoperable malignant brain stem tumor early last summer. He is currently undergoing a 66-week chemotherapy treatment program, and although the family has insurance coverage, the miscellaneous costs associated with extended treatment are tremendous.

The Clopton family is discovering they have many friends, however, who are united in their efforts to provide extra funds for young Jerod's continuing battle against the disease. Tahoka High School DECA organization, O'Donnell FHA, a Lubbock Kiwanis Club, a Lubbock hot air balloonist, and a Tahoka man who makes knives and guns have coordinated their efforts for young Jerod.

During halftime ceremonies at Tahoka's varsity football game Friday night, the Cloptons were presented with three checks totaling \$1,625 from the Tahoka High School DECA organization and Keith Anderson, a hot air balloonist from Lubbock whose Kiwanis Club contributed to the cause.

DECA sponsored a hot air balloon ride raffle to benefit the Jerod Clopton Medical Fund at the Lynn County Harvest Festival in early October, raising \$525 in ticket sales. They had planned to offer tethered hot air balloon rides at the festival, but high winds prevented that activity. Keith Anderson, a Lubbock insurance executive who had brought

his "Raider Rider" hot air balloon to Tahoka, was disappointed that DECA had not been able to offer the balloon rides at the festival, and went to his Kiwanis Club in Lubbock seeking contributions for the DECA group to make up for the lost opportunity.

The Southwest Kiwanis Club of Lubbock not only gave a \$500 check to the Jerod Clopton Medical Fund, but also gave another \$500 to the Tahoka DECA organization, who in turn contributed that amount also to the Cloptons.

Winner of the hot air balloon ride was Lynn County Probation Officer Jeri Akard, who donated the ride back to DECA, who sold the ride to Tahoka School Superintendent David Hutton for \$100, which was also donated to the Jerod Clopton Medical Fund.

During the next few weeks, Tahoka DECA students are selling raffle tickets at a cost of \$5 each, with all proceeds to benefit the Cloptons. The raffle includes a gun, knife, and sheath handmade and donated by Curtis Harvick of Tahoka, and a hard carrying case for the rifle, donated by DECA.

The gun and knife are on display this week at First National Bank of Tahoka through Friday, and then will be displayed at First National Bank in O'Donnell Nov. 7-10, at Wilson State Bank Nov. 14-16, and at the Wagon Wheel Restaurant in New Home Nov. 17-20, making the raffle truly a county-wide opportunity. The drawing will be held Nov. 22.

Harvick made the stock on the Springfield 30.06 rifle from straight grain walnut, glassed to improve accuracy and coated with nine coats of polyurethane. According to the serial number and the four-groove barrel, the gun was handmade by Springfield about ten days before the bomb-

ing of Pearl Harbor. Upon the U.S. entry into World War II, Springfield began mass producing rifles with two-groove barrels.

He says that 95% of the Parkerization is still intact and the scope is a four-power Challenger by Weaver. An adjustable leather sling is attached to the rifle.

The hunting knife features a handmade antler handle and a brass guard from a 120mm WWII cannon shell which was owned by Lawrence Harvick. Harvick made the blade of 440 stainless steel, and made a right-handed sheath from rattlesnake skin and leather.

The Clopton family say they appreciate all the concern and support they have received from everyone, and are especially grateful for the prayers offered on behalf of Jerod. "A lot of people are remembering us that we will never even know," said his mother.

Mrs. Clopton is an Educational Diagnostician and works at the O'Donnell and Tahoka school systems through the Brownfield Coop Special Education Services. Her husband, Bill, is a high school math teacher at O'Donnell. Jerod is the couple's only child.

The Jerod Clopton Medical Fund is at the First National Bank of O'Donnell.

The friends of young Jerod Clopton may be found almost anywhere - in a hot air balloon ... selling raffle tickets ... in small towns and large ... giving the gifts of time, and money, and perhaps most importantly, a supportive circle of love and prayers.

Get well, Jerod.

"The King will reply, 'I tell you the truth, whatever you did for the least of these brothers of mine, you did for me.'" -- Matthew 25:40

Public Notice

Southwestern Bell Telephone Company (SWBT) has filed an application with the Public Utility Commission of Texas (PUC) to restructure the current PLEXAR I and II service offerings. This restructure will significantly change PLEXAR I and II services.

The restructuring of PLEXAR I will, among other things: (1) reduce the maximum line size from 30 to 9; (2) obsolete and grandfather certain optional features; (3) eliminate the requirement to subscribe to Feature Package Two in order to subscribe to certain optional features; (4) reduce the nonrecurring and monthly rates of certain features; and (5) increase the nonrecurring charges for the PLEXAR I System Charge (\$2.10 to \$8.00), Call Transfer Disconnect feature (\$3.00 to \$8.00), and Convenience Dialing I feature (\$6.35 to \$8.00). All current PLEXAR I customers will have the option of keeping their current PLEXAR I service, switching to the new restructured PLEXAR I service, or switching to PLEXAR II service with ten or more lines.

The proposed PLEXAR II restructure will, among other things: (1) change the tariffed offering to serve the market segment of 10-74 stations; (2) create two station pricing structures, one for customers with 10-29 stations, and one for customers with 30-74 stations; (3) reduce the sensitivity for the loop portion of the rate to two price bands: 0-2 miles, and beyond 2 miles; (4) offer a PLEXAR II basic station that can be flexibly configured, from a number of standard features, to meet the individual customer requirements; (5) change the way the termination liability is calculated so the customer is responsible for 65% rather than 56% of the present worth of the remaining monthly payments in the contract; (6) create an option that allows month-to-month customers to convert to long term contracts of at least three years and receive a credit or "contract signing bonus"; and (7) establish a System Subsequent Change Charge which applies per serving central office when changes are made that affect the entire system.

Current PLEXAR II customers will also have the option of keeping their current PLEXAR II service, or switching to the new restructured PLEXAR II service. PLEXAR II customers with at least 75 stations also have the option of switching to PLEXAR Custom service in certain situations.

This application has been assigned Docket Number 13210. Persons who wish to comment on this application should notify the Commission by November 28, 1994. Out of the Woods

The wayward thoughts of Juanell (Wood) Jones

As a member of the Texas Press Association (TPA), we receive the TPA Messenger, a monthly publication. What follows is a reprint of a humorous article, which has probably made the rounds in small-town newspapers. I got a kick out of it, and believe many of our readers will too:

You know you're working at a small-town newspaper when ...

- You're invited to every social event in town, then reminded to bring your camera.
 - A caller tells you to join the 20th century because you don't have a FAX machine.
 - A young girl drops off a quarter because she accidentally got two newspapers out of the rack.
 - Readers call to find out if it's raining in town.
 - The same lady calls every press day and asks, "Is the newspaper ready yet?"
 - Someone calls to let you know they lost their dog and you're able to tell them who found it.
 - You take a classified ad and you hear all about the customer's gall bladder surgery.
 - Directions for an interview include: "Go past the old Johnson place; take a right; then go past the old Wentworth School site, and it's about a mile from there."
 - You write stories about a football game, a city council meeting, a ladies club luncheon and obituaries, all in the same day.
 - You're done writing for the day and you're asked to help load paper on the printing press.
 - You take a subscription order while shopping for groceries.
 - You pull up to the news rack to deliver the papers and there's a crowd waiting for you.
 - Cattle theft is a front-page story on a slow news week.
 - A reader bakes you cookies because she likes your work.
 - You run a story about Susie's seventh birthday party.
 - The advertisers you call on invite you to have a Dr Pepper with them.
 - The most serious crime listed on the weekly police report is a missing bicycle.
 - People ask you, "Where's your camera?" even when you are at the movies.
 - People will call you 10 minutes before an event to take a photograph and expect you to be free.
 - You're the drop-off point for toys for needy children during Christmas.
 - You sell circus tickets for the chamber of commerce.
 - Readers call in "personals" about visitors they had over the weekend.
 - You recognize almost all of your callers by their voice.
 - You like your job and wouldn't want to work anywhere else!
- Those are all pretty good descriptions of life at a small-town newspaper, but I can add a few more:*
- A caller admits they have the wrong number, then proceeds to talk to you for the next 30 minutes.
 - Everybody in town knows to come by on Thursday afternoons because that's popcorn day ... and if there's not any popcorn, there's always M&Ms on the editor's desk.
 - You learn within the first week not to talk about anybody to anybody, because they're either all related or next-door-neighbors.
 - People call you at home to see who won the newspaper's weekly football contest.
 - Your "back door" friends and customers who drop by on mail-out days stop to help you load the papers into your car.
 - You lock up and put a note on the door, "Back in 30 minutes," because everybody worked late to meet the deadline and you want to go eat lunch.
 - You're allowed to run a column like this in the paper.

Letter To The Editor

Dear Editor,
Enough is Enough!
I'm tired of Congressman Bill Sarpalius saying one thing and doing another!

At his town hall meeting he said that he was for small business, yet his voting record, published by the U.S. Chamber of Commerce, showed that he voted in favor of small business only 45% of the time. Congressman Larry Combest voted favorably 91% of the time.

He said that he was a friend of agriculture, yet the 1994 Texas Farm Bureau Ag Report, dated 2/18/94, showed that he voted in favor of agriculture only 64% of the time. The lowest in this area! Congressman Stenholm and Congressman Combest both garnered a 91% rating.

Congressman Sarpalius said that he listens to his constituents, yet when hundreds of us called his office in opposition to the 93 budget, he struck a deal with President Clinton and voted for it anyway.

No wonder Bill Sarpalius is running a negative campaign ads against challenger Mac Thornberry. He certainly can't afford to run on his own record! If he did, we just might be reminded that he voted for the largest tax increase in history! Of course, every time I pull up to a gas pump, I remember!

Sincerely,
Susan Cannon

Ladies and Gentlemen:

On Oct. 7, I returned to Tahoka for the 60th reunion of the High School graduating class of 1934. I arrived early on Friday hoping to visit the gravesites of my great-grandfather, John B. Denton, his wife Mary and his sons Frank and Dillard, as well as the graves of my great-uncle and aunt Austin Sullivan and Ray and their daughter Wynona, all who died in the 1930s.

In my youth, as I hunted rabbits with a slingshot, I remembered that the graveyard (today called cemetery) was on the West side of the Railroad Tracks, but when I arrived I found the graveyard on the East Side of the R.R. tracks, well kept with trees, grass and beautiful headstones.

I could not believe that the citizens would move the Railroad tracks over to the west side of the old cemetery. My daughter, who accompanied me to the reunion, said she thought that she saw a stone on the West side of the tracks, so we drove back, and sure enough, there was a small weed patch with approximately 300 graves unmarked. One grave bore a small marble cross and a few had small steel welded crosses, but most were marked by a thin wire dangling

Dear Editor,

The Senior Companion Program oversees a group of elderly who help other Senior Citizens. The main office is located in Levelland. The Senior Companion Program is funded by the Corporation for National and Community Service (National Senior Service Corps) and is sponsored by South Plains Community Action Association. The two main goals of the organization are to help the elderly and handicapped stay in their own homes instead of going into nursing homes and to keep senior citizens active in their communities.

The Companions, who are classified as volunteers, do light housework, help with grooming, shop for the clients' groceries and other necessities, give respite care for those living with family members and develop relationships. These services are offered without charge to the client and their family. Presently the companions are caring for 153 clients.

Members of the Lynn County Senior Companion group are Berta Tyson, Audelia Casarez, Dora Hernandez, Buelah Hubbard, Dor-

upward from the grave end. All others were only marked by weeds.

When I checked with the Court House, hopefully to locate these graves, we were directed to the City Hall, where a young man told us that all the old cemetery records when submitted to their care, were received that they were deteriorated to the point that only a few grave sites could be identified.

It seems to me that as civilized people, dedicated to honoring our deceased kin and friends, that we should not discriminate among these dead folks, even though their records have been lost.

Why should not the old graveyard be fenced-off, identified as such, and occasionally the weeds mowed, as a show of respect for those who en-

dured the depression years, and had no part of their destroyed identities?

Yours sincerely,
Jack R. Huffmyer
P.S. The desecration and ugliness of unkempt cemeteries is the principle reason why I have asked my heirs to cremate my remains and scatter my ashes over a hallowed spot not likely to later become a garbage landfill or a sanitary sewer.

The seventh grade Bulldogs lost to the Sundown Roughnecks, 0-8, Oct. 27.

Anthony DeLeon carried the ball three times for 42 yards; Brad Pebsworth had 11 carries for 44 yards and Sedrick Williams had six carries for 26 yards.

Williams made five solo tackles and Cory Engle made three tackles and one fumble recovery. Pebsworth had three solo tackles and two sacks. Brian Alvarado made one sack.

"The defense played well," said Coach Cory Barnes. "The team played super, and we're ready to focus on beating Crosbyton."

Bulldogs Have Shot At Winning Season

By DALTON WOOD
The Tahoka Bulldogs have a good chance to have a winning season for the first time since 1981 when they go to Crosbyton for the football season's final game Friday. The Dogs are 4-4 for the year after losing to Sundown here Friday, and Crosbyton has not won a game this season.

Even so, the Bulldogs will have to play better than they did against Sundown, especially on the offensive

line, if they hope to beat the Chiefs. Sundown sacked QB Wes Solomon nine times, giving him no time to find receivers on most passing plays as the Roughnecks won 20-2.

Tahoka did have an early lead, when a fourth down punt attempt in the first quarter resulted in a safety as the ball was snapped out of the end zone. The 2-0 lead for Tahoka lasted about two minutes before Sundown's Keith Willard broke a 60-yard run for a touchdown. It was Sundown's biggest play of the night, as the Tahoka defense played well and stopped Sundown most of the time.

Gerald Cantu intercepted a Sundown pass at the Roughnecks' 31 in the second period, but Tahoka couldn't score, and on the last play of the half, Willard caught a 24-yard pass for a touchdown which made it 13-2 at intermission.

In the third, Tahoka put on its drive of the game, with running mostly by Dustin Burleson and Monty Hale getting the Dogs down inside the 20, where they lost the ball on downs.

Willard ran 9 yards for a touchdown very early in the fourth quarter to make it 20-2 and there was not much offense by either team after that.

Oscar Garcia recovered a fumble for Tahoka in the first quarter. Burleson gained 73 yards in 23 carries; Hale had 32 yards in 10 carries.

Entries in the weekly contest are due by 4 p.m. Friday at the Lynn County News. All entries are entered in a drawing for a \$75 shopping spree at Thriftway, to be drawn at the end of the football season.

Your HEALTH TIP

Men Burn Fat Faster

Women tend to add more fat than men do, and a new study says females burn fat more slowly. The study found the resting metabolic rate of women is 3% lower than men. "That's about 50 calories per day or a chocolate chip cookie a day," says researcher Eric Poehlman. "Three percent may not seem to be a lot, but it adds up over the period of a lifetime. Exercise is a good way to burn off the caloric difference." The findings could be of importance in weight control.

Lady Westerners Sign Tahoka's Myra Williams

Tahoka High School ex Myra Williams will bring her point guard skills to the Western Texas College Lady Westerners.

Williams, a 5'9" guard for the Lady Bulldogs, averaged 18 points a game, three steals, 10 assists and eight rebounds per game, in 1993.

She was also an all-district performer her senior year and was named to the all-tournament team at Anton and Eula.

Williams is a transfer student from South Plains Junior College.

First-year head coach Brenda Nichols is looking forward to seeing Myra run the open court.

"Myra will give us great speed in the guard position," she said. "I can't wait to see her at the point guard spot.

"She can run, jump and score with the best of them," added Nichols.

Myra graduated from THS in May 1993 and will be majoring in communications while attending Western Texas College in Snyder.

O'DONNELL PARK DEDICATION— O'Donnell's new Saleh Park was dedicated during the Cotton Festival ceremonies Oct. 15. Shown here, from left, is Maurice Jackson, who was named O'Donnell Citizen of the Year and who helped with the park; John Saleh, a local attorney for whom the park was named; and Tommy Woolam, mayor of O'Donnell.

O'Donnell Residents Proud Of New Downtown Park

The new Saleh Park in O'Donnell was dedicated during the O'Donnell Cotton Festival on Saturday, Oct. 15. The park, named after local attorney John Saleh, represents a culmination of the efforts of many O'Donnell citizens who began the beautification project many months earlier.

In the spring of 1994 a group of concerned citizens held a series of planning sessions where ideas, possible projects, and dreams for beautifying O'Donnell were discussed. With no funds available, the first stages were begun with a handful of volunteers full of high hopes. A massive clean up campaign was launched with the help of O'Donnell city employees, Lynn County employees, the Woolam Gin Crew, the O'Donnell Coop crew, the John Deer employees, the Lynn County jail inmates and other volunteers. People all over town pitched in and many loads of debris were hauled off. Several delapidated buildings were destroyed and the lots were cleared off.

The buildings on 8th Street across from the Plaza were cleared with the help of Wendel Edwards and Harold Hohn and many others. That vacant lot seemed to be a natural place to build a park. Ideas were formulated, donations were begun and volunteers were off and running. Underground sprinklers and new grass were installed in the new park and on the Plaza, old trees were trimmed, and many new trees and shrubs were donated and planted.

After the grass and trees were secured, Judy Williams solicited donations for street lamps and benches and pathway rocks — all donated by families in memory of loved ones.

Each lamp, bench and pathway bears a plaque identifying its donor. Judy and Lynda Woolam laid out the plans for the location of lights and benches in the new park and on the Plaza. But, as people continued to want to donate lights, they were added south toward the Post Office and east toward the Fire Department. Eventually, enough lights were donated to go all around the downtown area.

James and Judy Williams, Don and Charlie Blair, and Maurice Jackson applied the plaques to the appropriate items. A few plaques have not arrived but will soon be here.

All of the limestone benches, path rocks, and the Saleh Park sign were brought in from a rock quarry in Cedar Park, near Austin. The park sign began as a boulder and was carved by an Italian monument artist, Dominic Fazzone. The park sign was picked up in Cedar Park by Gary Moore, David and Treva Franklin, and Lynda Woolam, who designed the sign, chose the bench styles, and the rock pathways on the plaza and in the new park. The Saleh Park sign was erected and dedicated during Homecoming week in October. Bo Jackson from Post was hired to install the grass, do the concrete work and lay the stones in the pathways.

A new 10' Living Christmas tree was donated by Zack Payton, owner of Star Brite Christmas Farm on Highway 87. It will be installed in the Plaza after the first frost.

The 1,700 lb. boulder at the northwest corner of the park was donated and hauled in from a quarry in Georgetown by Tommy and Lynda Woolam in June. The Woolams travelled at night to get the rock to

O'Donnell because the extreme weight caused the tires to heat up in the high daytime temperatures.

Upon arrival at the new park, a crane was hired to remove the rock from the trailer and place it in the park.

In the infant stages of the park, only a few people were involved with the project. But as things began to happen, donations came in, lights, benches, rocks, trees, shrubs and money were donated. As the momentum built, more people volunteered to help with plantings, weeding, watering, mowing, edging, and picking up trash, and some say they could still use more volunteers. To help, contact Francis Rains Stephens or Lynda Woolam.

"We owe a special thanks to Maurice Jackson who faithfully worked all summer in every phase of the development of the new park as well as installing new lights, doing concrete work, raising and lowering the flag daily, changing light bulbs, mowing, edging, picking up trash or whatever needed to be done. In addition, he has served as treasurer for the whole beautification project. Reece has done more than his fair share this year. Also, thanks to Jim Anderson, Larry Pyron, and all the employees of Tommy Woolam and Maurice Jackson who helped plant trees, install lights, and move rocks," said a sponsor.

Another special thanks is extended to Francis Rains Stephens who coordinated many details and who acted as switchboard operator all spring and summer.

There were many unexpected expenses including freight, electric wiring and labor, concrete, epoxy, sealer, the green park signs, fertilizer, root stimulator, water hoses, and sprinklers, etc. Donations are still needed as well as volunteers to help maintain the new and improved areas.

Tips Given For Fund-Raiser Meals

Here are sanity-saving suggestions from members of Aid Association for Lutherans (AAL) who frequently plan fund-raiser dinners:

- For perfect spaghetti, boil the pasta up to three days in advance according to package directions and pour cooked noodles into a large container filled with cold water. Cover and refrigerate until needed. At serving time, put a six-serving portion of spaghetti into a strainer. Dip the strainer into a pot of boiling water for 10 seconds, lift out, drain well and place spaghetti in a non-stick electric fry pan on "warm." Dish up pasta, ladle sauce over top and serve. (Don't mix pasta with oil to keep it from sticking and hold it in a warm oven. You'll end up with overcooked, slippery pasta that sauce won't stick to.) — From Don Everson, Altoona, Wis.

- Pancake breakfast planners: For tender pancakes, don't overmix the batter. For fluffy flapjacks, don't use batter more than 15 minutes old; make fresh batches throughout the event. For perfectly round pancakes, drop batter from 8 to 10 inches above the griddle. — From Aunt Jemima Brands.

- When making tossed salad, shake the lettuce, tomatoes, cucumbers and onions in new plastic garbage bags; refrigerate. At serving time, put salad mixture in bowls to serve 10 to 15 people and stir in salad dressing. Don't add dressing earlier because lettuce will wilt. — From Daniel Marcis, Naples, Fl.

- Don't be afraid to buy or cook too much food. It's better to have plenty of food ready to serve than to be scrambling to cook more in the middle of the event. Unused pack-

aged or frozen items can be stored for future use. If cooked items have been handled in a sanitary way and have not been at room temperature for longer than two hours, the leftovers can be taken home by the fundraiser volunteers or donated to a charitable agency. — From Don Everson, Altoona, Wis.

Husband Of Former Tahokan Featured

An article in the Fort Worth Star-Telegram Sunday featured the activities of Robert Forswall of Euless, purchasing manager for the State Fair of Texas and husband of former Tahoka resident Toi Bragg Forswall. The main thrust of the article, written by Monica Stavish, was that Forswall is entrusted this year with the additional responsibility of dis-

playing the Dallas Cowboys' two silver Super Bowl trophies. Forswall, 40, in his 14th year with the Fair, promises he will take good care of the unusual trophies.

The Forswalls have a 13-year-old daughter, Shelley Ann. Mrs. Forswall is the daughter of Jimmy and Joy Bragg of Tahoka.

Tahoka Care Center News

Tahoka Care Center had trick-or-treaters from Headstart on Friday morning and from Small Wonders on Monday morning. The kids went from room to room receiving treats from residents.

Monday morning the center had a Halloween party. Employees dressing up for Halloween were Yollie Dotson and Lisa Lehman.

The residents have a movie and popcorn on Wednesday afternoons, which everyone seems to enjoy. Staff and residents welcome new

administrator, Keith Nelson. His wife, Priscilla, is a nursing home administrator in Kermit, and the couple has two daughters, a son, and six grandchildren. Nelson says he enjoys fishing during his spare time.

A welcome party was held for Nelson on Tuesday at 2 p.m. with staff, residents and families invited to attend.

A cake was ordered to congratulate the staff on the good survey the Care Center received.

Good Crowd At Indian Program

A goodly crowd of Tahoka church people augmented by others from various neighboring communities gathered in the Methodist church here at 3 o'clock last Monday afternoon to hear Rev. White Parker, Methodist minister and son of the noted Quannah Parker, relate his experiences among the Comanche Indians. He told of their customs and beliefs, sang Indian songs, and beat the Indian tom-tom.

Reid Townes Buys Airplane

Reid Townes, local drug store clerk, is the owner of an airplane. He had it here Sunday for the first time though he purchased the ship about a week previously and is keeping it in a hangar at the Lubbock airport.

Reid purchased the plane from W.T. Edwards of San Angelo. It is a Taylor Club two place monoplane, has a cruising speed of 80 miles an hour and is Government licensed.

Reid has been an aviation enthusiast as long as he can remember, and acquisition of the plane is the realization of his dreams. He has been receiving flying instruction at Lubbock for several weeks and soon will have completed all requirements for a private pilot's license.

FLBA Announces 8 Percent Dividend

The Lubbock-Tahoka Federal Land Bank Association of Lubbock has announced an eight percent dividend to be paid to all stockholders as of Oct. 31, 1994. Approximately 430 association stockholders will benefit from the dividend distribution.

An approximate amount of \$139,000 will be realized from the dividend which will be paid on 561 loans.

"We have just completed two good years of farm income and as a result, borrower repayment has been excellent," said associate president Jay Dee House. "We are fortunate to have strong customer loyalty, and customer referrals have been a key factor in building our business."

"The net effect is that our Farm Credit District has a strong capital base and a healthy financial outlook. We are pleased to be able to pass along these benefits to our stockholders," House said.

The Lubbock-Tahoka FLBA is a member-owned lending cooperative which makes long-term agricultural and rural housing loans in Lubbock, Lynn and Garza counties. The association currently has approximately \$28.1 million in loans outstanding.

USDA Announces 1995 Upland Cotton Program Provisions

The U.S. Department of Agriculture today announced a preliminary 7.5 percent Acreage Reduction Program (ARP) requirement for the 1995 upland cotton program.

The Agricultural Act of 1949, as amended, requires the upland cotton ARP to be announced by Nov. 1. It also requires that the program lead to a supply/use situation in which pro-

IT'S A YAM — This sweet potato grew in the garden/yard of Winnie Kizziar on S. 1st Street in Tahoka, and was described as "maybe the ugliest sweet potato in the world." This one weighed 6 1/2 lbs, and some of the others looked a lot better than this. (LCN PHOTO)

jected ending stocks approximate, as closely as possible, 29.5 percent of the projected total of domestic mill use and exports for the 1995 marketing year.

Based on USDA's October supply and use estimates, USDA determined that a 7.5 percent ARP level will most likely achieve stocks meeting this ratio. A final ARP requirement, which may be different from today's preliminary announcement, must be announced by Jan. 1, 1995.

Other 1995-crop upland cotton program provisions announced today include:

The established target price will be the statutory minimum of 72.9 cents per pound.

A 51.92-cent-per-pound price support loan level is established for the base quality. The base quality for the 1995 crop will be color grade 41, leaf grade 4, staple length 1-1/16 inches, micronaire 3.5-3.6 and 4.3-4.9 and strength 24-25 grams per tex. No paid land diversion will be offered.

Winter Driving Is Hazardous

Trooper C.B. Baiza, Public Information Officer for the Texas Department of Public Safety said, "Winter driving is more hazardous than most people realize. There are more hours of darkness, often less visibility, and sometimes freezing temperatures with ice, sleet and snow. These are real challenges for drivers and test a person's ability to drive."

"Safe winter driving, when it's all said and done, is largely the application of common sense to some basic driving facts," Baiza added. "Drivers must be able to see all around their vehicle to drive safely. Make sure all ice and snow is removed from all windows. Don't be a 'peep hole' driver. Keep windows from fogging by using the defroster. If necessary, stop and knock ice or snow off wiper blades to keep the windshield clear."

Too much speed on slippery roads is the mistake that breeds the most trouble, according to the trooper. Adjust driving habits to match the weather and road conditions. Trips on icy roads are going to take longer. "Face the facts, don't be in a hurry," he said. "If the road is covered with ice or snow, start your vehicle mov-

ing slowly and gently. When stopping, apply your brakes lightly and much earlier than usual. Make your turns slowly and smoothly," explained Baiza.

Most loss of control comes in the form of skids. "Skids don't just happen, they are caused by the driver in most cases. To recover from a skid, back off the accelerator, stay off the brakes and steer your vehicle in the direction you want to go," said the trooper.

"It is obvious that winter driving can pose problems for even the most experienced drivers. But as stated above, if we take our time, take it easy, make smooth movements and adjust speed to match conditions, we can all have a safer winter," Baiza said.

Middle School Cross Country Places Second

The Tahoka Middle School girls and boys cross country teams placed second in district competition Monday, Oct. 24 at Mae Simmons in Lubbock.

Runners on the girls team included Sara Alvarado, Lori Rodriguez, Valerie Lopez, Andrea Aleman, Amie Lopez, April Benavides, Courtney Stennett, Vikki Deleon, Leticia Antu, and Myra Martinez.

Brad Pebsworth placed fifth in the boys race. He was followed by Jeremy Vega, 6th; Matt Chancy, 7th; Anthony Deleon, 9th; Brady Raindl, and Jonathan Valdez.

"All these young athletes are learning to compete and be successful and that is what it's all about," said coach Cindy Gardner.

THE CANDIDATES' RAP SHEET ON CRIME DON'T READ THEIR LIPS - READ THE RECORD

Ann Richards' Record on Criminal Justice

Source: Texas Dept. of Criminal Justice	Total Prison Releases	Total Prison Population
1990: Republican Gov. Bill Clements leaves office	38,041	49,157
1994: Improvement under Gov. Ann Richards	16,538	92,775

The record, not the rhetoric, best tells which candidate will fight crime most effectively. The last Republican Governor talked tough, but record numbers of prisoners were granted early release. Ann Richards is turning things around. We can't afford another Republican who talks tough but doesn't know how to do the job.

THE DEMOCRATIC RECORD

- 76,490 new prison beds under construction to lock up more criminals and keep them locked up longer.
- Doubled the minimum time served by violent criminals.
- Cut the early release of prisoners by more than 50%, the release of violent criminals by 52%, and cut approval of parole requests by two-thirds to the lowest level in 10 years.
- The Texas crime rate dropped 9.7% from 1991 to 1992 and 8.7% from 1992 to 1993, the lowest level since 1985.

THE REPUBLICAN RECORD

- Clements vetoed prison construction, leading to prison overcrowding and the early release of prisoners.
- A Republican-sponsored bill let prisoners serve only 25% of their sentence before release.
- More than 16,000 prisoners released early and approval of parole requests increased, leading to an increase in the crime rate.
- Under Clements, the Texas crime rate rose. In 1990, the rate was 7,825 per 100,000 Texans; a figure that dropped to 6,400 per 100,000 by 1993.

On Tuesday, November 8, vote for our future. Vote for **TEXAS DEMOCRATS**
