## City Pool Here Delays Opening

The Tahoka City Pool, scheduled to open last weekend, has delayed opening because no lifeguards are available to oversee the pool. The city is advertising for two certified lifeguards to oversee the pool from 1-6 p.m. Tuesdays through Saturdays.

According to City Administrator Jerry Webster, the pool was scheduled to open last weekend but lifeguard arrangements unexpectedly fell through, causing the delay in opening. Webster said he talked with officials at the Red Cross in Lubbock, who said there is a shortage of lifeguards this year.

The pool will remain closed indefinitely until lifeguards can be hired.

## Sandra Cox Named To State Committee

Lynn County Commissioner Sandra Cox, of O'Donnell, was notified recently of her appointment to the 1995 State Commissioners Education Committee, to serve as a representative for the West Texas County Judges and Commissioners Association.

The state committee is comprised of three members, with Mrs. Cox to serve with Woodrow "Woody" Gossom, Jr. of Wichita Falls and Ivan Johnson, Commissioner Pct. 3, of Kaufman County. Johnson will be chairman of the committee.

Among other responsibilities, the state committee looks at training courses to determine the number of continuing education hours each course is worth.

Mrs. Cox is commissioner of Precinct 3 in Lynn County.

## Ronald Roberts Named Elementary Principal Here

Tahoka Middle School Principal Ronald Roberts was named Tahoka Elementary Principal by Tahoka Independent School District Board of Trustees last Wednesday evening.

All seven trustees voted unanimously to offer Roberts a two-year contract as principal at an annual salary of \$40,000. Roberts, who has worked in the district for eight years, will begin his duties as elementary principal on July 1. He has served as Middle School principal the past two years, was Assistant Principal for two years, and taught high school science for four years prior to his administrative duties.

Superintendent David Hutton and trustees will look at filling the

vacancy in the middle school principal position in the near future.

In other business, the board approved an overnight trip for students who successfully passed the Exit level of the TAAS test to attend the Ropes Leadership Camp near Abilene, and approved a motion to allow Supt. Hutton authority to sign professional contracts for the Board of Trustees.

There was some discussion regarding an additional elementary teacher, but trustees took no action on the item.

Present were trustees Greg Henley, Clint Gardner, Rex Rash, Brad Hammonds, Carmen Chapa, Joe Calvillo, and Juanell Jones, as well as Supt. Hutton, administrative staff, and Business Manager Loretta Tekell.

## Inner City Mission Set Here June 1

Greater Antioch Baptist Church in Tahoka is having an Inner City Mission on Thursday, June 1. Rev. Moore, pastor, invites everyone to attend, beginning at 8 p.m.

## TAAS Tests Available For Viewing

Texas Education Commissioner Mike Moses recently announced that the Spring 1995 TAAS tests will be released. School districts and education service centers are being provided with copies of the released test materials as part of Texas Education Agency's commitment to public disclosure.

The released TAAS tests include the following: the March 1995 Exit Level tests, the grades 4 and 8 March 1995 writing tests, the grades 3-8 March 1995 writing tests, and the May 1995 grades 3-8 mathematics and reading tests.

School districts have been authorized to use the released TAAS tests for two purposes only. Appropriate non-commercial use of the released test materials consists of disclosing the released test items to the public, and using the released tests for the formative evaluation of Texas students.

## Leonard Flores Succumbs To Explosion Injuries

Leonard Flores, one of two men badly burned while running from an explosion at the Tumbleweed Cafe & Grill here on May 8, died last Thursday in Lubbock's University Medical Center burn unit. He was 29.

The other victim, Michael McKean, the 34-year-old owner of the restaurant, remains in satisfactory condition at UMC. Flores was McKean's brother-in-law.

The explosion occurred about 2:45 a.m. and destroyed the cafe. The State Fire Marshal's Office ruled the fire as arson, but no arrests have been made.

## Variety Of Criminal Mischief Reported During Past Week

Local police and county sheriff's officers dealt with a variety of criminal mischief during the past week and over the holiday weekend, but no major offenses were reported.

Last Wednesday afternoon, criminal mischief was reported at an abandoned house where three juveniles had reportedly broken windows, and on Friday police officers received a call complaining of loud music on South 3rd street close to midnight.

On Saturday, a man reported that his 1981 Oldsmobile Toronado had a window broken on the driver's side while parked at a local residence, and a Tahoka man reported a scanner taken from his pickup while parked at his residence.

A report of graffiti on a fence in the south part of town was reported on Sunday, and local police officers arrested a man on an outstanding warrant in Midland following a driver's license check when he was stopped for expired registration on his motor vehicle.

On Monday, a report was made that flowers were disturbed on a gravesite in the Tahoka Cemetery.

Lynn County Sheriff's deputies investigated a traffic accident on Loop 76 just north of O'Donnell on Friday, May 19 involving a 1978 Ford F150 pickup in which the driver reportedly had a false insurance card.

In jail during the week were 11 persons, including three for driving while intoxicated, first offense; and one each on the following charges: application to revoke probation, DWI subsequent offense; application to adjudicate/forgery; possession of narcotic paraphernalia and public intoxication; possession of marijuana under two ounces; resisting arrest/bond forfeiture; public intoxication and display of suspended driver's license; DWI and possession of marijuana under two ounces and no driver's license; and driving while license suspended/automatic license revocation suspension.

## Rainy Weather Prevents Flag Program Here

Monday's rainy weather, though welcomed by area residents, prevented the Tahoka Boy Scout Pack 782 from placing almost 400 U.S. Flags at area residences and businesses in honor of Memorial Day. According to scout leaders here, the flags will be placed an additional time to make up for Memorial Day, on Columbus Day, Oct. 9.

The Boy Scout Flag Program, which places flags on six holidays throughout the year, is available at a

cost of \$25 per year, with proceeds to benefit the scouts. The fee is due annually in February, and Scouts remind those who are already in the program who have not paid to mail their payments to Boy Scouts Pack 782, P.O. Box 1044, Tahoka, Texas 79373, or remit to a local Scout leader.

The helicopter was invented in 1907.

**Woodwork...**

I SAW TWO shows on television last week dealing with mysterious disappearances and supposed abductions by aliens. One was admittedly fiction, "based on fact", and the other claimed to be a documentary.

Both touched on the Roswell, NM incident in the 40s (1947, I think). In that case, UFO believers say, an alien spacecraft crashed, and the weird little bodies were carted off on trucks by the military, reportedly to be studied underground at Wright-Patterson AFB, near Dayton, Ohio. One of the shows claimed they still have the bodies stored there. All of the wild stories are denied by the government.

This, of course, is the same government which has lied to the people on occasion, so maybe the UFO fanatics have a point.

One of the shows, *Sightings*, also had a segment about a woman psychic who has helped law enforcement officers solve murders and has, the show claims, located the bodies of missing persons and things.

This reminded me of a statement from the other show in which a character stated that "Nothing ever vanishes without a trace." What he meant was that the people who had vanished had been abducted by aliens.

So maybe that explains why this psychic has not been asked to locate some of the famous missing persons in the world, like Jimmy Hoffa, Amelia Earhart, Glenn Miller and Andrea Phares (I'll explain who she was in a minute): All of these people were abducted by aliens, and never were returned, unlike some folks who report they have been abducted and then brought back to wherever they were abducted from.

Andrea Phares disappeared from near Cotton Center in the 1950s, as I recall. They searched for traces of her for many months and never did find her. It was an intriguing story, and I may call someone at the *Avalanche-Journal* and suggest they dig into their files and rehash some of it.

Meanwhile, I wish they would contact this woman psychic and she'd tell us what happened to Hoffa, Earhart, Miller, Phares and my youthful energy, all of which vanished more or less without a trace.

WELCOME SIGHT - Water standing in ditches was a welcome sight to area farmers and local residents this week, as rainfall during the past week measured close to three inches in town and more in some outlying areas. Almost two inches of rain was received early Monday morning. This photo shows a ditch on Hwy. 87 just south of Tahoka. (LCN PHOTO)

### Baptist Youth Available For Work

The youth of First Baptist Church, Tahoka are working for donations for their trip to Glorieta this summer. They are available for yardwork, housework, baby sitting or other odd jobs.

All money raised will be placed in a fund for the youth performing the work. Anyone with work to be done can call Linda Mense (998-5492 or 998-4517) or the church office (998-4557) and they will send a young person ready to work.

### Lynn County 4-H'ers To Attend Texas 4-H Roundup, June 5-8

by DORIS COLLINS  
CEA Lynn County

Local 4-H'ers will be among 2,000 outstanding youth from across the state to compete in the 1995 Texas 4-H Roundup at Texas A&M University June 5-8.

Those attending from Lynn County will be Jason Marshall, senior; Brandi Gicklhorn, junior, children of Lester and Sheri Gicklhorn of Wilson; Casey Griffing, freshman, son of Bill and Rubeth Griffing of O'Donnell and Lee Rash, sophomore, son of Rex and JoElla Rash of Tahoka.

Round up, the biggest 4-H event held each year, gives 4-H'ers an opportunity to gain educational experiences that support 4-H projects, demonstrate skills and practice leadership at the state level. Outstanding 4-H'ers compete in 44 contests in which they showcase their speaking abilities, decision-making skills and talents.

After placing first at the District Consumer Decision Making Contest the team consisting of Jason, Brandi, Casey and Lee will compete in that area.

This year, more than \$920,000 in scholarships sponsored by the Texas 4-H Foundation will be awarded. Texas has the nation's largest 4-H scholarship program, which receives tremendous support from private donors.

The young people applying for scholarships are judged on their 4-H experiences, leadership skills, projects, community service, personal needs and other qualifications per-

taining to high school academic performance and college entrance exam scores. Scholarships are granted in agriculture, life sciences and unrestricted categories.

For the second year, 4-H members will have a chance to participate in the Teens of Texas Acquiring Leadership (TOTAL) program - a structured, hands-on, two-day leadership seminar. The TOTAL program will expand 4-H leadership opportunities for Texas youth and adults, involved 4-H youth in cooperative learning activities and involve new 4-H youth in the State 4-H Roundup experience.

The Texas 4-H Fashion Show will also take place during Roundup. More than 100 contestants will exhibit their knowledge and skills in clothing purchasing, construction and modeling techniques. Contestants will compete for plaques, Savings Bonds and scholarships.

The Texas 4-H Food Show is also conducted during 4-H Roundup week. Senior 4-H members who have won county and district 4-H food shows qualify to prepare their favorite recipes in one of four categories - nutritious snacks and desserts, fruits and vegetables, breads and cereals and main dish. Each first-place winner receives a \$750 scholarship from the Morrison Milling Company.

The state event is also a time for recognizing 4-H adult leaders, alumni and sponsors. Awards are given to outstanding volunteers and other supporters of the Texas 4-H Youth Development Program.

New Drug To Fight Alcoholism Okayed  
For the first time in 47 years, a new drug has been approved by the FDA for the treatment of alcoholism. The new drug, Naltrexone, is sold under the brand name Revia. Unlike Antabuse, which causes severe nausea if the patient uses alcohol, Naltrexone reduces the craving for alcohol and the pleasure of getting high. "This is the beginning of a new era...in alcohol treatment," says Enoch Gordis of the National Institute on Alcohol Abuse and Alcoholism. Together with counseling, Revia promises to help patients combat a chronic relapsing disease.

### Jason Gandy Named Outstanding Ag Student

Jason Gandy, son of Mr. and Mrs. David Gandy of New Home, was recently named winner of the 1995 DEKALB Agricultural Accomplishment Award. The award, sponsored nationwide by DEKALB Genetics Corporation, is presented to the outstanding senior agriculture student demonstrating superior scholarship, leader and supervised agricultural program. Announcing the award was DEKALB president Richard O. Ryan.

JASON GANDY

Jason is a 1995 graduate of New Home High School, where he was president and treasurer of the local FFA Chapter and Student Council president. His agricultural program consisted of barrows for show and various judging teams.

Jason plans to attend Texas Tech University and major in agricultural economics.

As this year's winner, Jason receives a pin and certificate, and his name will be inscribed on a special plaque displayed in the school's main lobby. The DEKALB Award, often considered the highest honor a vo-ag student can receive on the local level, is presented at nearly 3,000 students annually.

A long time supporter of youth activities, DEKALB has presented Ag Accomplishment awards since 1947. In addition, the company sponsors college scholarships for certain

Ag careers. Based in DEKALB, Illinois, DEKALB Genetics Corporation is an international researcher, producer and marketer of corn, sorghum, soybeans, alfalfa and sunflower seed.

### Draper Gets Top Rating At State Solo Contest

Susan Draper, a May graduate from Tahoka High School, received a First Rating at the Texas State Solo and Ensemble Contest, University Interscholastic League, in San Marcos Monday.

Miss Draper, daughter of Mr. and Mrs. Milt Draper of Tahoka, played a piano solo entitled "A Debussy Prelude" at the contest held on the campus of Southwest Texas State University.

LUBBOCK, Friday, May 26, 1995  
By Steve Wade

Planting cotton on the High Plains of Texas in 1995 hasn't been easy as the area suffers from the second driest 12-month period on record according to Lubbock-based Plains Cotton Growers (PCG).

Irrigated acreage, which comprises about one-half of the area's 3.5 million cotton acres, is estimated to be 80-90 percent planted through May 26. Irrigated cotton emergence to date is estimated at around 60 percent.

Dryland acres, on the other hand, are estimated at only 5-10 percent planted with many producers contemplating whether or not to "dry-plant" some of their acres instead of waiting for a "planting rain" to come along.

Dr. Kater Hake, Extension Cotton Specialist for the High Plains region, says he expects at least a portion of the areas unplanted dryland acres will be planted in a dry seedbed. Hake is advising producers who are thinking about dry-planting cotton to be conservative and only plant part of their dryland acres in this manner.

"Currently there is still enough time for producers to implement some strategy into their planting efforts," notes Hake. "We still have a little time to get a planting rain. The key will be in getting the number of acres to be planted following that rain down to a manageable level."

Hake's advice is to dry-plant enough cotton acreage so that following a planting rain the producer can easily plant all unplanted acreage in 4-5 days.

Of the acreage already planted and up to a stand, most appears to be in good shape. Producers in some areas may see some increase in seeding disease pressure following several days of cool, damp weather, however, overall the crop is off to a fairly good start.

For producers concerned about the possibility of being prevented from ever planting the 1995 crop the United States Department of Agriculture (USDA) just issued some revised regulations for producers with crop insurance.

The revised provisions relate to a product option under the Federal Crop Insurance program. For more information about the changes producers should contact their county Consolidated Farm Service Agency office.

### Caution Urged For Summer Driving

With the final bell announcing the end of another school year, comes a special air of excitement. Kids will be going to the parks, swimming pools, movies, and a lot may be playing in or near the streets.

Trooper E. Baiza of the Texas Department of Public Safety reminds Texas motorists to help take care of kids this summer. "Be especially watchful for the ones who may be playing on or near streets," he said. "Remember, in the excitement of play, kids may do things they shouldn't, such as darting or running into the roadway into the path of your vehicle. Most of our kids have been taught not to do these things, but it only takes one lapse of memory on a child's part and we may be looking over the hood of our vehicles into their now frightened eyes."

Trooper Baiza also said, "There will be a lot of kids on bicycles this summer. Kids should remember the rules of the roadway and should also remember to abide by them. Above all, they should remember that vehicles are a lot larger than they are and when competing for a space in the roadway, a three thousand pound vehicle will always win."

The DPS not only wants drivers to help take care of children on the streets and highways, but to help them get involved in constructive things this summer. There are a lot of good things for young people to do if parents and others will only look for them.

and family for recommendations. Check with your Better Business Bureau about the shop's reliability. Look for shops that have mechanics certified through the National Institute for Automotive Service Excellence or ASE. Be sure to get an estimate for parts and labor and have the service manager explain all work done to your car. Call the BBB at 763-0459 or long distance at 800/687-7890.

PRESENTED AWARD—Lena A. Williams (left) of Tahoka was presented a Certificate of Appreciation by Dennis S. Findley, State Statistician, for her outstanding performance as an enumerator for the Texas Agricultural Statistics Service.

### Lena Williams Awarded Certificate Of Appreciation

Lena A. Williams of Tahoka was awarded a Certificate of Appreciation for her outstanding performance as an enumerator for the Texas Agricultural Statistics Service. Mrs. Williams received special recognition for superior performance as a field enumerator with special recognition for her exemplary performance on the Cotton Objective Yield Survey.

Mrs. Williams is one of more than 110 field enumerators who personally interviews farmers and ranchers about their crop acreage and livestock inventories.

Dennis S. Findley, State Statistician, presented the award on May 17 at the annual enumerator training school held in Kerrville.

"We are proud of the work of all of our field enumerators," Findley said. "Their enthusiasm and dedication are evident in all survey work they do for the Texas office, which ultimately benefits the entire Texas agribusiness industry."

Texas Agricultural Statistics Service is responsible for implementing the cooperative program of Agricultural Statistics between USDA's National Agricultural Statistics Service, the Texas Department of Agriculture and the National Association of State Departments of Agriculture. The Service has responsibility for gathering and disseminating crop, livestock and economic statistics about Texas Agriculture.

# The Wilson News

by Buster Abbe • 628-6368

The Wilson Class of 1952 had a class reunion Saturday at the Mercantile. Nine class members plus guests attended.

Those attending include Doris Pack of Slaton, George and Joan Lambright and their daughter Heide of Salem, Ore., Freeman and Normal Smalle of Weatherford, Amanda and Burrell Smalle of Weatherford, Joe and Fran Stone of Lubbock, Naomi and Troy Shields of Olathe, Kan., Billy and Shirley Rhoads of Tulia, Winnie Bartley of Tulia, and Ann Davidson of Wilson.

Hortensia Lopez hosted a graduation party at the Mercantile on Friday for her daughter, Tania, a 1995 Wilson High School graduate.

Rainfall covered the Wilson area over the weekend and Memorial Day with various amounts up to two inches. Many unplanted dryland acres

will be planted now with the seedling cotton now expected to do much better than if it had been dry-planted.

St. John Lutheran Church has scheduled Vacation Bible School for June 26-30 from 6-9 p.m. The VBS will be held at the church and will feature an evening meal each night. For more information contact Lisa Cook at 628-6588.

Other churches are asked to furnish scheduling information for their VBS sessions so that information can be furnished to the public.

Wilson elementary students are reminded that the library will be open on Thursdays from 11:30-12 noon. There are special programs for elementary students in grades Pre-K through 2nd and another program for students in grades 3-6. For more information contact librarian Gayla Carlton or elementary principal,

Kelley Hirt, at the school.

The Wilson Chamber of Commerce will meet the first Wednesday of each month. The June meeting will be on Wednesday, June 7 at 6 a.m. in the Mercantile. Breakfast will be served.

The meeting time was changed so that more "employee type" people and business owners would be able to attend, without the meeting intruding on their business day. Any person interested in promoting the city of Wilson, Wilson businesses and other aspects of life in Wilson are invited to attend.

The Wilson Volunteer Fire Dept. will meet on Monday, June 5 at 7:30 p.m. in the fire station. The fire department has completed replacing the metal tank on the orange truck with a new, larger poly tank. This will enable the department to carry 1/3 more water and since the tank is plastic, no rust will form in the tank to flake off and clog the nozzles.

The Wilson Lions Club will meet Thursday, June 1 in the school cafeteria. The meeting time will change to the summer schedule with the meetings beginning at 8 p.m. until school begins again in August.

## Better Business Bureau Report

Because of competitive prices, huge selections, immediate availability and reputable reliability, millions of consumers are now buying computers by mail. To ensure your transaction goes smoothly, the BBB suggests you do some preliminary research on the type of equipment that would satisfy your needs and also consider these tips before buying a computer by mail. Get a reliability report on the company from the BBB where it is located. Know what the system's specifications are. How much memory and the size of the hard drive. It is important to know whether the system can be upgraded. Consider the manufacturer's and vendor's warranties. Find out if the company offers on-site service and who is eligible. If you have problems with the company, communicate whenever possible in writing. Be sure to keep a record of your order and correspondence and a log of any phone conversations. Call your BBB if you are dissatisfied.
