Dogs Bite Ft. Davis 20-0

The Tahoka Bulldogs broke a scoreless tie in the third quarter against Fort Davis last Saturday night at Odessa and then went on to win the season opener 20-0 with three Bulldog running backs scoring touchdowns.

Coach Tooter Draper's defensive players did a good job of keeping Fort Davis from scoring in the game, while the offense, sputtering at times partially due to fumbles, got going in the last half when it counted. The Fort Davis defense was tougher than last

year, and the score was tied at zero at halftime, and Tahoka was up just 14-0 until running back Edward Ramirez scored from the 1 with just three seconds left in the game.

This week the Bulldogs will go to Lorenzo to take on a Hornet team also expected to stronger than last year, although the Hornets lost 16-6 to Paducah in their opening game Friday.

Ramirez was the leading rusher at Odessa Saturday, carrying the ball 14 times for 99 yards and one touch-

down. Tailback Steve Wiseman gained 61 yards on 16 carries, scoring once. Monty Hale gained 49 on just 4 runs; Shawn Brewer had 20 in 4 carries and Jermain Rodgers gained 39 on 11 efforts, scoring a touchdown. The Bulldogs completed no passes in the game, trying unsuccessfully 8 times.

Tahoka also fumbled five times, losing the ball three times.

Tahoka broke the scoring ice at 9:24 in the third as Rodgers ran 3 yards for a touchdown. The extra point attempt failed and it was 6-0.

Early in the fourth period Wiseman ran 6 yards into the end zone and QB Brewer then ran for 2 points, making the score 14-0. With just 3 seconds left in the game, Ramirez plunged 1 yard for a touchdown, leaving the final score 20-0.

TISD Trustees Look At Renovations For Gym Restrooms, Concession Area

by JUANELL JONES

Tahoka Independent School District Board of Trustees Tuesday night began looking in earnest at renovation plans for the high school gym restrooms and concession area, and conducted other routine business including board policy updates, textbook adoption, special education cooperative agreement, and naming a records management officer. And, only the fourth week into the school year, a teacher resignation has left a vacancy in the high school math department, compelling school administrators to scramble for a qualified teacher to fill that position.

Richard Black, a high school

math teacher who was new to the district this year, submitted his resignation (due to personal reasons) Tuesday to Superintendent David Hutton, who informed the board of his acceptance of that resignation. Bill Alcorn, High School Principal, told trustees that a substitute teacher will teach the math classes this week while he searches for a qualified person to fill the vacancy.

Trustees looked at preliminary sketches for new restroom facilities and concession area renovation for the high school gym, presented by J. Michael Landress and Kent Coffee, both of Landress Architecture firm in Lubbock. Currently, restroom facilities are woefully inadequate, and the concession area is so narrow that workers say they have a difficult time working the area.

After looking at sketches, the group moved to the gym to discuss several additional possibilities for renovation, and expect to view new sketches of those ideas at the October meeting.

Several board policy updates were approved unanimously by trustees, and environmental science text-

books were approved for adoption, following the recommendation of the textbook committee. Julia Charo, superintendent's secretary, was named Records Management Officer for the district.

No citizens attended the public hearing on the 1993-94 Academic Excellence Indicator System Report Card pertaining to the high school drop out/attendance rate.

An annual contract with Four County Special Services Co-Op for special education students was approved by trustees.

Business Manager Loretta Tekell reported an account balance in all funds of \$1,398,858, and monthly bills were approved for payment.

Trustees will attend the annual School Board Convention in Houston at the end of September, and the next regular board meeting is scheduled for Tuesday, Oct. 10.

All seven trustees were present for the meeting, including Greg Henley, Carmen Chapa, Juanell Jones, Brad Hammonds, Clint Gardner, Joe Calvillo and Rex Rash, as well as several district administrative and staff members.

Three Accidents Occur In City

Three traffic accidents were investigated by Tahoka Police Dept. during the last week, with one resulting in treatment at Lynn County Hospital for injury.

Alwyn Wayne Hatchett, 22, of Tahoka was taken to the hospital for treatment after the 1991 Chevrolet he was driving Friday struck a sign, dumpster and pole in the 1300-block of Lockwood.

A 1996 Freightliner owned by Ryder Truck Rental of Oklahoma City and driven by Bobby Joe Dehart, 45, of Mustang, OK turned too sharply off Main onto Lockwood and the trailer knocked down a light pole and street sign Monday morning.

On Wednesday, Sept. 6, in the 1600-block of N. 1st, a 1985 Chevrolet driven by Albert Deleon Alvarado, 15, of Tahoka, backed into a parked 1976 Ford Pinto owned by Lottie Spears of Tahoka, on the north side of the Tahoka Mini Park.

A 15-year-old Tahoka youth was charged with assault following a fight at Thriftway parking lot last Friday.

In jail during the week were 10 new prisoners, one of whom was charged with failure to appear, DWI second offense, failure to appear on charges of driving while license suspended, another DWI charge from Hockley County and parole violation. Other charges which landed persons in jail included assault, disorderly conduct, bond surrender on theft charges, theft by taking, three DWI first offense, one DWI third offense plus driving while license suspended, and one public intoxication.

Elementary Sets Open House

Tahoka Elementary will have Open House on Tuesday, Sept. 19, from 6:30 until 8 p.m. All students and parents are invited to attend.

County Harvest Festival Events Gearing Up

Events are gearing up for the Lynn County Harvest Festival, slated Saturday, Sept. 23, with booth rentals continuing as space allows, and several organizations selling raffle tickets for giveaways at the festival.

Booths are rented on a first-come basis, at \$15 per space, by calling Dustie Cook at 998-5518.

Tickets are being sold by Harvest Festival Queen and Princess contestants for a chance to win two free bicycles, a Texas Tech weekend for the Tech vs. A&M game (includes Lubbock hotel accommodations and game tickets), and a trip for two to Mexico. The Mexico trip includes airfare and hotel accommodations for three nights and four days, at a destination of the winner's choice.

Members of the Tahoka High School Junior Class are selling tickets to the always-popular Cow Patty Bingo. There will also be a bubblegum toss at the Homecoming football game on Sept. 22, with some of the gum wrappers containing numbers. Those receiving a number should bring it to the Harvest Festival for a prize drawing. A children's drawing will also be held, with children signing up at the stage during the day.

Children's games will be offered throughout the day of the festival, with ribbons awarded to all participants. Children are encouraged to find frogs and turtles for those races, sponsored by Lynn County 4-H, and other games will be offered as well.

Booths will offer food, games and crafts until 5 p.m. There will be entertainment on stage throughout the day, as well as merchant prize drawings on the hour, and the Queen and Princess contests during the afternoon.

Wuensche Claims \$20 In First Weekly Football Contest

Mark Wuensche of Tahoka pocketed \$20 this week from The Lynn County News after he won the weekly football contest, missing only one game, and naming Poka Lambro Telephone Cooperative, Inc. as the Secret Sponsor in his entry. The News doubles the \$10 prize money if the winning entry correctly names a secret sponsor.

Several entries missed by only two games in the first contest of the season. Secret sponsors for the week were Poka Lambro, Mr. Bernie's, Hudgens Pump, Balloons and Flowers, First National Bank of Tahoka, and Dr. Richard White.

This year's contest has a new twist, with a chance to win a color television set from Ray's TV & Appliance in Lubbock. Everyone who enters the contest has a chance to win the 13-inch color television in a drawing which will be held at The News Office at the end of the football season.

JOHN WESLEY HARDIN, the infamous Texas gunfighter who was shot to death at the age of 60 in a bar in El Paso, will be the subject of a court trial next January, more than 100 years since he was buried in an El Paso cemetery.

The fight is over an effort by some of Hardin's descendants to have the remains of the gunfighter dug up and reburied in Nixon, east of San Antonio, where Hardin lived for a brief time with his first wife. The folks opposing the removal of Hardin's body by his relatives are members of an historical group which says digging him up will mess up the cemetery (really) and he ought to stay put.

I don't know if they charge tourists to view his grave or not, but this could be a factor.

When I read in a daily paper the other day about this battle over his remains (for the principals in the court battle, a grave matter), I tried to recall what I know about John Wesley Hardin, and discovered it was not much. The only reference in my library, *The Last Chance—Tombstone's Early Years* by John Myers Myers (whose mother must have stuttered badly about the time he was born), just said that Hardin killed several men who probably were his "mechanical equal", but who lacked Hardin's "sure knowledge of what he was going to do, and his refusal to be rattled and diverted from his purpose by any sort of circumstances."

Not having the time or chance to go to a real library and find out more, I still don't know important things like how many people did he kill and why, what kind of gun did he use, how come he lived to be 60 and whether he was fully covered by insurance.

I have an idea, though, about how they could avoid an expensive trial over where he should be buried. There's likely not much left of the gunfighter who probably was named after the famous preacher who really didn't want to start up the Methodist church but did it anyway. So why not just divide the bones and take some of them to Nixon. That way he could be in two places at once, like O.J. and Elvis.

Commissioners Approve Consolidating County Voting Boxes

by KEVIN FRANKS
The Lynn County Commissioners Court voted unanimously Monday morning to consolidate the 14 county voting boxes into four boxes for the November 7th Amendment Election.

There will be one voting box in each of the four commissioner precincts, Tahoka, Wilson, New Home, and O'Donnell.

In other business at the meeting, the county officials report and the bills against Lynn County were unanimously approved as presented.

The Court also voted to assess a fine against persons caught dumping trash or yard clippings on county roads. A notice will be printed in the *Lynn County News* and in the O'Donnell newspaper informing the public of this new policy.

Another agenda item included funding for a drug dog for use in the county, city and schools, but no discussion was held in this issue.

All four members of the Commissioner's Court, Sandy Cox, Jacky Henry, J.T. Miller, and T.A. Stone, were present, with County Judge J.F. Brandon presiding.

Eating Fish Cuts Heart Disease?
No, Says Harvard Study

DAYTON PARKER

A study by Dr. Alberto Ascherio of Harvard reported in the New England Journal of Medicine followed 44,895 men for six years. To researchers' surprise they found it did not matter if men ate fish once a month or six times a week - the rate of heart disease was unaffected. But don't drop fish from your diet. One study does not necessarily prove fish has no beneficial effects on the heart, and fish is a wholesome food for a variety of reasons.

FARM NEWS
from Lynn County ASC Committee

Certification and Measurement Service: The ASC has mailed almost all reports of measured acreage for operators that requested measurement service. Remember to review the report and make any required adjustments and come to the office to certify the acreage. If no adjustments are required, come by the office to certify the acreage that

was measured. Producers who have questions should come by the office before they begin making adjustments.

Failed Acreage: Just a reminder that all failed acreage must be reported to both the local CFSA office as well as your Multi-Peril insurance agent before destroying the evidence of the crop. Failure to make this report can cause loss of benefits to both the operator and owners. Remember to report low yields even if all acreage was harvested prior to destroying crop stubble. The agent can tell you if a field visit will be required before destroying crop stubble.

All operators of farms with crops planted that were not insurable were mailed a letter that explained the need of reporting any crops that fail before destroying evidence of the crop. These field crops could become eligible for some assistance if the area of loss is large enough to qualify for the NAP Program. The designation announcement might not come until after the crop evidence has been destroyed. Producers are encouraged to make

the report just in case this area qualifies later.

CRP Signup To Begin: Signup for the CRP Program began Sept. 11 and continues through Sept. 22. This program will allow producers to offer a bid to enter into a 10 year contract to receive annual rent payments and cost shares to establish the grass cover. Eligibility will require that the land was planted or could have been planted a crop in two of the years 1986 through 1990. Permanent boundary markers will be required if the field accepted is not the total acreage in the tract. The producer will be required to designate the CABs be reduced if the acres offered are not total acreage in the farm.

Different this signup period will be the requirement that the local NRCS personnel be allowed to determine the acreage of each soil type to be bid before completing the paper work required for the bid. This determination will be used to calculate the maximum bid that can be accepted from the producer for that farm. If the producer wishes to place a bid equal to or less than the maximum bid the process can continue. All producers that have an interest in the land must sign the bid sheet.

Interested producers are encouraged to call and make an appointment to begin the process the first week. The process will take a large amount of time to complete. Those producers who wait until the last week may not have time to obtain all signatures and complete all of the process to submit their bid.

Wheat Insurance Reminders: It is time to begin planning for the 1996 crop year. The requirement to purchase insurance to be eligible for program benefits is still in affect for 1996. Producers who have an interest in wheat for grain in 1996 will be required to have the insurance to receive program benefits from the wheat or other programs (ex. cotton). The minimum level of insurance is the Catastrophic level.

Producers who had wheat insurance in 1995 and do not cancel the policy by Sept. 30, 1995 will have the insurance for 1996. Those who wish to purchase the insurance have through the closing date of Sept. 30, 1996 for wheat. Catastrophic level of insurance can be purchased at the local CFSA office or from an insurance agent. Higher levels can only be purchased from an insurance agent.

Final Dates for Wheat: The final date to plant wheat for grain in Lynn County is Nov. 30. The final date to report 1996 wheat acreage for grain to an insurance carrier is Dec. 15, 1995. Please be aware of the final dates for calculation, purchase, planting, and reporting acreage. Program benefits can be lost if these dates are missed.

Weed Control: All operators are reminded to review all acreage of CRP, ACR, CU, and Crop for weeds that are in need of control measures. As in past years, the noncontrol of weeds can result in loss of program benefits. Please make a review and take any needed action before it is too late.

Emergency Farm Loan Applications Being Accepted

Applications for emergency farm loans for losses caused by drought and hot dry winds are being accepted at the Rural Economic and Community Development (RECD) office located in Tahoka, FmHA County Supervisor Curtis Barlow said recently.

Garza County is one of eight in Texas recently named by Secretary of Agriculture Dan Glickman eligible for loans to cover part of actual production losses resulting from the drought and hot dry winds.

Barlow said farmers may be eligible for loans of up to 80 percent of their actual losses or the operating loan needed to continue in business or \$500,000 whichever is less. For farmers unable to obtain credit from

private commercial lenders, the interest is 3.75 percent.

"As a general rule, a farmer must have suffered at least a 30 percent loss of production to be eligible for an RECD emergency loan," Barlow said. Farmers participating in the PIK or Federal Crop Insurance program will have to figure in proceeds from those programs in determining their loss.

"Applications for loans under this emergency designation will be accepted until April 4, 1996, but farmers should apply as soon as possible. Delays in applying could create backlogs in processing and possibly over into the new farming season," Barlow said.

RECD is a credit agency of the U.S. Department of Agriculture. It is authorized to provide disaster emergency loans to recognized farmers who work at and rely on farming for a substantial part of their living. Eligibility is extended to individual farmers who are U.S. citizens and to farming partnerships, corporations or co-ops in which U.S. citizens hold a majority interest.

The RECD office in Tahoka is open from 8 a.m.-12 noon and 1-5 p.m. Monday through Friday.

OHS Sweeps Dawson Fair

Several O'Donnell students participated in the Dawson County Fair Saturday, bringing home medals and ribbons.

Veronica Salazar and Michelle Velasquez won grand champion in the cookies division with their cereal cookies.

Eliseo Salazar and Leticia Rios won grand champion in the candies division with their peanut butter fudge.

Ricky Guzman and Carlos Martinez won first place with their chocolate chip cookies.

Brenda Vargas and Melissa Jimenez won first place in the decorated cake division.

Juan Luera and Junior Costa received second place with their devil's food cake. Arthur Sanchez and Nick Gass won first place with their pound cake.

Teresa De Los Santos and Jackie Hunter tied for first place with their red velvet cake.

Allison Barrett received first and second place in oils pastels in the art division.

O'Donnell Club To Present Comedy Act

"A Bad Year for Tomatoes," a two act comedy, will be presented by the O'Donnell 1946 Study Club this Saturday, Sept. 16.

The performance begins at 8 p.m. in the O'Donnell High School Auditorium.

Tickets are \$7 for adults, \$5 for students, and \$3.50 for children under 12.

"This is a hilarious comedy that you won't want to miss," said one sponsor, adding "This project is another fund raiser to help in the beautification of our community."

Eagle JV Shuts Out Spur 28-0

The O'Donnell Junior Varsity Eagles had a 28-0 victory against Spur last week for their season opener.

Scoring for the Eagles were Tatum Bessire with two and Ramiro Montez and Eric Gandy with one touchdown a piece.

The Eagles' lone interception was made by Gandy. Montez and Gandy each ran a 2-point conversion.
