Bulldogs To Host Olton After Tie With Lorenzo

The Tahoka Bulldogs, with a win and a tie behind them after a soggy draw with Lorenzo last Friday, will play their first home game of the year Friday night, hosting Olton for Tahoka's homecoming.

Last year Tahoka surprised Olton, and ex-students and other fans on hand Friday night will be looking for the Dogs to get another big win over the Mustangs, who have hardly been tested in two games so far. Olton opened with a 47-7 win over Bovina and last week pounded Farwell 43-0 as their star running back, Michael Wilborn, scored three touchdowns.

Coach Tooter Draper's Bulldogs also remained unbeaten after a 7-7 tie at Lorenzo Friday night, on slippery turf with water standing on parts of the field.

Lorenzo scored first in the game, as Lupe Salinas took a 15-yard pass from Vicente Salinas in the second period. V. Salinas kicked the point.

Lorenzo fumbled nine times, but lost only two of them, recovered by Mike Rodriguez and Steve Wiseman of Tahoka.

Tahoka tied the score in the third

quarter on a 15-yard pass from QB Shawn Brewer to running back Monty Hale. Gerald Cantu kicked the crucial extra point.

Draper was pleased with the play of his defense, and singled out end Joseph DeLeon, linebacker Jermaine Rogers and Cantu for good defensive play. The offense managed only 131 total yards, but Draper said "I feel like our kids played as well as they could under the circumstances... the field conditions were terrible."

Tailback Wiseman gained 36

yards in 20 carries; Rogers gained 27 on just 5 efforts. Hale caught three passes for 40 yards and Matt Garcia and Edward Ramirez also caught passes.

One Hurt As Pickup Overturns

A Conroe woman was treated at Garza Memorial Hospital and released after suffering injuries Monday when a pickup driven by her husband and pulling a travel trailer overturned near Southland on U.S. 84 in Lynn County.

The driver, Frank Cain, 62, told officers a semi-trailer-tractor passed them and caused the trailer to start swaying, after which both trailer and pickup overturned. His wife, Gwen Cain, 54, was not seriously injured.

A 15-year-old Wilson youth was placed on probation and ordered to pay restitution after he was questioned regarding graffiti painted on the concession stand at Wilson High School football stadium. Another youth was to be questioned in the case, reported Monday by Wilson school administrator David Hutton.

Of nine persons jailed in the county during the last week, one faced six charges, including possession of a controlled substance, carrying a prohibited weapon, no liability insurance, possession of narcotics paraphernalia, displaying a fictitious license plate, displaying an inspection certificate issued for another vehicle and displaying an expired license plate. Three persons were jailed for public intoxication, one for DWI plus no drivers license and no liability insurance, two for DWI first offense, two for DWI second offense, including additional charges on one of these for possession of marijuana under two ounces and driving while license suspended.

Saturday's Harvest Festival To Offer Fun, Food, Prizes

A wide variety of entertainment is expected to lure county residents to the 20th annual Lynn County Harvest Festival Saturday, an event which offers prize giveaways, games, contests, and other activities all day long on the Courthouse square in downtown Tahoka.

Drawings will be held on the hour for prizes donated by county merchants, and food, games and crafts booths will draw much interest.

Also, several businesses in town are offering special bargains during the weekend. See their advertisements on pages 4-6 of this edition, as well as a schedule for Saturday's activities and a list of booths at the festival.

Cow Patty Bingo, sponsored by the Tahoka Junior Class, will have prize giveaways of \$250 and \$100 cash for "solid and liquid deposits" respectively. Tickets are being sold for \$5 each, and the sponsors will draw for the numbered squares the day of the festival.

The cow will determine the winners (at its discretion) at some point during the day.

Activities will kick off at 9 a.m. Saturday with a variety of children's games on the street just north of the courthouse, with the not-so-speedy turtle races. The live animal costume contest will begin at 10 a.m., followed by the stuffed animal contest at 10:30, the storybook character contest at 11:00 (children dress as their favorite storybook character), and a three-legged race at 11:30 a.m.

There will not be a frog racing contest this year, due to the difficulty of tagging frogs with numbers, according to sponsors.

Booths open at 10 a.m. and the hourly merchants drawings will begin at 11 a.m. Several organizations are selling chances for a variety of prizes, including a rifle from the Tahoka Volunteer Fire Dept., a quilt from Lynn County Senior Citizens, a barbecue cooker from Lynn County 4-H, and a 13" color TV/VCR combo

from Lynn County Child Welfare Dept. A silent auction for several items will be conducted by the Tahoka City-County Library, and children will have a chance to win savings bonds from a drawing sponsored by the Lynn County Harvest Festival Committee.

Tahoka Mayor Jim Solomon will present awards from the City of Tahoka for 1995 Man of the Year and Woman of the Year at 1 p.m., just prior to the Harvest Festival Queen and Princess contest ceremonies. Nominees for the awards were accepted from the public through a nomination form in *The News*, and Mayor Jim Solomon appointed a special ad-hoc committee to review the nominations and choose the awardees.

Also, a new Lynn County Trivia game will be held during the day with audience participation, with the festival emcee to ask questions concerning historical facts about Lynn County, and prizes offered for those answering correctly.

The Harvest Festival Princess Contest will be held on the stage at 1:15 p.m. There are only six candidates this year, all Tahoka girls, and the one who sells the most tickets will be named 1995 Princess and receive a \$100 savings bond. Runnersup will also receive \$50 and \$25 savings bonds.

Princess contestants are Jessica Antu, Britni Engle, Tiffany Stark, Heather Stark, Ashanti Hood, and Kristy Alvarez. They are selling tickets to win two bicycles and a Texas Tech weekend. The Tech weekend includes two tickets for the Oct. 7 Tech vs. A&M game and accommodations for two at a hotel in Lubbock.

The Queen Contest will be held at 2 p.m., and there are 13 Tahoka High School girls vying for this year's crown. They are selling tickets for a trip for two to a destination in Mexico of the winner's choice, and must sell at least 100 tickets each to qualify as

finalists. Winner of the trip may set the departure date and destination for the trip, and will receive accommodations for three days and four nights, and round-trip air fare from Lubbock.

The girls are also judged on personal interviews conducted before the Harvest Festival, and on poise and presentation during the contest on stage.

Queen contestants are Lisa DeLeon, Bonnie Stennett, Abby Wells, Laura Liendo, Carmella Placencia, Marisa Martin, Naomi Aguirre, Linda Resendez, Robin Martin, Stephanie Thomas, Rebekah Curry, Kalie Krey and Brooke Tekell. The Queen will receive a \$200 scholarship when she enters college, and runnersup receive prizes from local merchants.

Drawings for both Princess and Queen contest tickets will be held late Saturday afternoon. Funds raised from ticket sales support the Harvest Festival.

Live entertainment will be offered on stage during the day by Bangora, a five-piece country dance band composed of several members of the old Blue Denim Band of Crosby County, who played for recent festivals here. Toby Burt is lead singer and bass guitarist for the band, and Gary Goens is the drummer. Jason Burt, the youngest member of the band, is lead guitarist, steel guitarist and back up vocalist. Charlie Burt is the rhythm guitarist, and Brian Burt is the sound and light technician.

Bangora will play for the Festival's Street Dance on the courthouse square from 8 p.m. until midnight, and are also scheduled to play at a street dance in downtown O'Donnell Saturday, Oct. 7.

Tahoka Rotary Club, who sponsors the festival band each year, will sell sausage on a stick during the day and will remain open during the street dance.

Damon Moore Wins Football Contest With Tiebreaker

Three entries in the Lynn County News weekly football contest had perfect entries (the two tie games by Tahoka-Lorenzo and O'Donnell-Sundown don't count), but Damon Moore's tiebreaker score was closest in determining this week's winner. Mark Wuensche, who won last week's contest, and Josh Thompson also had perfect entries.

Moore wins \$10 for his entry, missing the secret sponsor for the week. Secret Sponsors were Production Credit Association, Bartley Grain & Fertilizer, Dr. Griff Thomas, Fenton Insurance and Witt Butane.

Entries are due each week by 4 p.m. at the News Office, with each entry earning a chance to win a color TV from Ray's TV & Appliance at the end of the football season. Every entry is entered in the drawing, regardless of who wins each weekly contest.

U.S. WORKERS WITH ON-THE-JOB EXPOSURE TO FUNDAL[®] MAY BE ELIGIBLE FOR FREE MEDICAL MONITORING AND/OR CASH PAYMENTS UNDER THIS PROPOSED LEGAL SETTLEMENT.

PRICE SETTLEMENT CLASS MEMBERS ARE ALL U.S. WORKERS WITH ON-THE-JOB EXPOSURE TO GALECRON[®] (INCLUDING GALECRON[®] AND FUNDAL[®]) WHO DID NOT EXCLUDE THEMSELVES FROM THE PRICE SETTLEMENT. PRICE SETTLEMENT CLASS MEMBERS MAY BE ELIGIBLE FOR CASH SUPPLEMENTS UNDER THIS PROPOSED LEGAL SETTLEMENT.

PLEASE READ THIS NOTICE CAREFULLY. YOU MAY BELONG TO A CLASS OF PEOPLE COVERED BY A PROPOSED SETTLEMENT OF A LEGAL ACTION ("WOODWARD SETTLEMENT"), THE WOODWARD SETTLEMENT MAY AFFECT YOUR LEGAL RIGHTS. FOR MORE INFORMATION CALL 1-800-211-6913

By Order of the Court, a class action has been conditionally certified for settlement purposes. On January 9, 1996, a fairness hearing will be held at the Courthouse, United States District Court, Southern District of Alabama, 113 St. Joseph Street, Mobile, Alabama, 36602, at 9 a.m. Central Time, so the Court can determine if the class action should be finally certified and if the Woodward Settlement, as summarized in this Notice, should be approved as fair, reasonable and adequate. Although participation in this settlement is voluntary, all Woodward Settlement Class Members who do not timely exclude themselves from the lawsuit will be bound by the Woodward Settlement if it is approved.

I. DEFINITION OF CLASS
Under the Woodward Settlement, Fundal[®] is defined as chlordaneform or any chlordaneform-containing product, either manufactured, formulated, packaged, distributed or sold by or on behalf of NOR-AM Chemical Company ("NOR-AM") or related parties, regardless of the trade name of the product; or any metabolite of Fundal[®], including the substances known as 4-COT or 5-CAT. Galecron[®] has the same meaning as it did in the Price v. Ciba-Geigy Corp., Civ. No. 94-0647-CB-S (S.D. Ala. 1995), Settlement ("Price Settlement"), and is thus defined as chlordaneform or any chlordaneform-containing product, either manufactured, formulated, packaged, distributed or sold by or on behalf of Ciba-Geigy Corporation or related parties, regardless of the trade name of the product; or any metabolite of Galecron[®], including the substances known as 4-COT or 5-CAT.

The Woodward Settlement Class is defined as:

- All persons who fall into one of the following categories, and who reside in the United States as of the date of filing of the Class Action Complaint, who have been exposed in the United States to Fundal[®] only, but not to Fundal[®] and Galecron[®] or to Galecron[®] only ("NOR-AM Exposed Persons");
 - Formulators: An individual (whether or not employed by NOR-AM Chemical Company) who in the course of his or her employment was exposed to Fundal[®] while at a plant or site which was involved in mixing, blending, packaging, handling or otherwise formulating pesticides which contained, in whole or in part, Fundal[®];
 - Applicators: An individual (whether or not employed by NOR-AM Chemical Company) who in the course of his or her employment, was exposed to Fundal[®] while involved in the application of pesticides which contained, in whole or in part, Fundal[®], including, without limitation, aerial and land applicators, flagmen, mixers, blenders, loaders and other individuals who handled such pesticide prior to or during the application process; or
 - Other Covered Workers: (i) An individual employed by NOR-AM Chemical Company who, in the course of his or her employment, was exposed to Fundal[®] in a testing or research laboratory and who was exposed to Fundal[®] in the course of his or her employment; or
 - The spouses, parents, children, other relatives, or legal representatives of the NOR-AM Exposed Persons described above.
- All members of the Price Settlement Class. The Price Settlement Class means all members of the settlement class certified by the court in Price v. Ciba-Geigy Corp., Civ. No. 94-0647-CB-S (S.D. Ala. 1995), excluding persons determined by the court to be opt-outs of that class. That settlement class thus includes persons residing in the United States who in the course of their employment were exposed to Galecron[®] or to Galecron[®] and Fundal[®] ("Ciba Exposed Persons"), and the spouses, parents, children, other relatives, or legal representatives of the Ciba Exposed Persons described above.

Collectively, "Woodward Settlement Class Members." Note: If you are an NOR-AM Exposed Person or a Ciba Exposed Person, you are a Woodward Settlement Class Member whether or not you have been diagnosed with an illness. Spouses, parents, children, other relatives, and legal representatives are Woodward Settlement Class Members but the claims they are settling are limited to those arising from a NOR-AM Exposed Person or Ciba Exposed Person's exposure.

II. IMPORTANT MEDICAL NOTICE TO NOR-AM Exposed Persons and Ciba Exposed Persons (as defined above):

You may have an increased risk of developing bladder cancer if you had on-the-job exposure to Fundal[®] and/or Galecron[®]. Workers exposed to Fundal[®] and/or Galecron[®] should participate in a medical monitoring program because early detection of bladder cancer can result in more effective treatment. If you had on-the-job exposure to Fundal[®] and/or Galecron[®], it is recommended that you or your doctor call 1-800-211-6913 to learn how you can obtain further medical information or enroll in medical monitoring.

III. PROPOSED SETTLEMENT

The Woodward Settlement provides for the establishment by NOR-AM of two funds to provide medical benefits and compensation to eligible Woodward Settlement Class Members or their legal representatives. This settlement is intended, where applicable, to work as a complement to the Price Settlement.

The total package of benefits potentially available to a Woodward Settlement Class Member as the total package of benefits potentially available to a Ciba Exposed Person. Thus, Woodward Settlement Class Members may be eligible for the same benefits whether they were occupationally exposed to Fundal[®] only, or to Fundal[®] and Galecron[®], or to Galecron[®] only.

(1) **The NOR-AM Medical Monitoring and Treatment Fund ("The NOR-AM MMT Fund")**
If the Woodward Settlement is approved, NOR-AM will make an initial deposit of \$3,500,000 into the NOR-AM MMT Fund, and will thereafter make additional deposits on an as-needed basis. There is no limit to the amount of money NOR-AM can be required to contribute over the life of the NOR-AM MMT Fund, which will last a minimum of 20 years.

NOR-AM Exposed Persons will be entitled to participate in the NOR-AM medical monitoring and treatment program. Ciba Exposed Persons may receive medical monitoring and treatment benefits only through the Price Settlement. The NOR-AM medical monitoring and treatment program and the medical monitoring and treatment program provided through the Price Settlement are identical. The NOR-AM MMT Fund will pay for a medical monitoring program designed to detect at an early stage the form of bladder cancer alleged to be associated with exposure to Fundal[®], specifically, primary urethelial carcinoma of the urinary collecting system, i.e., renal pelvis, ureter, bladder and urethra. The NOR-AM MMT Fund also will pay for all medically necessary treatment for NOR-AM Exposed Persons.

(2) **The NOR-AM Disease Compensation and Administration Fund ("The NOR-AM DCA Fund")**
If the Woodward Settlement is approved, NOR-AM will also make an initial deposit of \$21,000,000 into the NOR-AM DCA Fund, up to a required maximum of \$30,000,000. The NOR-AM DCA Fund will make cash payments of up to \$626,500 on behalf of a NOR-AM Exposed Person who, after exposure to Fundal[®] only, has developed or in the future develops the form of bladder cancer alleged to be associated with Fundal[®]. In addition, the NOR-AM DCA Fund will make cash supplements amounting to 40% of the amounts scheduled for and paid as compensatory payments pursuant to the Price Settlement, up to \$179,000, on behalf of a Ciba Exposed Person who, after exposure to Fundal[®] and Galecron[®] or to Galecron[®] only, has developed or in the future develops the form of bladder cancer alleged to be associated with Fundal[®] and Galecron[®]. The NOR-AM DCA Fund will also pay for administrative costs and class counsel's and administrative class counsel's attorney fees, costs and expenses.

as determined by the Court. The total attorney fee award to be requested will not exceed 20% of the benefit conferred upon the class. The benefits of the NOR-AM DCA Fund will continue as long as the NOR-AM MMT Fund continues, or until the NOR-AM DCA Fund is exhausted. If the NOR-AM DCA Fund is exhausted, NOR-AM may continue paying for compensable claims. If NOR-AM does not continue to pay for these compensable claims, Woodward Settlement Class Members will be able to opt-out of the NOR-AM DCA Fund and pursue any legal claims they may have, except for claims for medical monitoring, medical treatment, fear of illness or cancer, or increased risk of illness or cancer.

(3) **Other Conditions.** The Stipulation of Settlement presently provides for medical monitoring, treatment and compensation payments for certain medical conditions set forth in this Notice. In the event, however, that a Court-approved Epidemiology Panel determines to a reasonable medical certainty that any other medical condition is caused by Fundal[®] or Galecron[®] exposure, that condition will be deemed a compensable claim, and will be eligible for medical monitoring (if feasible), medical treatment, and cash payments.

(4) **Release.** Woodward Settlement Class Members who do not exclude themselves from the Woodward Settlement Class release all past, present and future claims (i) relating to the covered medical conditions listed above, and (ii) relating to a Woodward Settlement Class Member's exposure to Fundal[®] or Galecron[®], including all claims alleging that any other cause, personal injuries or tasks are caused by exposure to Fundal[®] or Galecron[®].

Community Support Of Bulldogs Encompasses 73 Years Here

by KEVIN FRANKS
Texas Tech Journalism Student

The inaugural season of the Tahoka High School football team was not a successful one, but community support of the team never wavered.

The year was 1922 and Tahoka was excited about their new football team. Local business men donated over \$100 to the team, citizens expected Tahoka to be a strong, competitive team, and local newspaper articles about the games were always positive.

Coached by Cecil E. Peeples, the same man who gave the name Bulldogs to Tahoka athletic teams in 1923, the football team played its first game against Slaton on September 25, 1922. A large crowd was present to witness Tahoka playing in brand new uniforms and headgear.

However, after only a few days of practice for Tahoka, the more experienced Slaton team prevailed 13-0. Players Key and Gregor starred for Tahoka.

Tahoka played its first home game against Lamesa High on October 6, 1922. Tahoka lost 14-0 against the Lamesa team, nicknamed the "Huskies" due to the large size of their players. It was said that Tahoka had done well just to hold their own against such an overpowering team. This was the first of several Tahoka losses attributed to a size disadvantage.

No admission was charged at this first home game, though this was not always the case. When Post came to Tahoka an admission of 15 and 35 cents was charged to offset Post's travel expenses.

The Tahoka football team did not play under a set schedule during this first season. Instead, games were usually announced several days ahead of time. Once, Tahoka played the same team only four days apart. They lost to Slaton 19-0 on a Friday and defeated them 25-19 the following Tuesday. A game at Brownfield was canceled because most of the Brownfield players were too busy picking cotton that day.

It was probably best for Brownfield that they cancelled the game. When Tahoka did play them later in the season, Brownfield was dominated 51-0. Typical of the stories that season, the newspaper report bragged that, "the Tahoka boys had the Brownfield lads beaten from the first kickoff."

With Homecoming occurring this week, members of the 50th anniversary class might be interested in recalling the 1945 football season. While the team did nothing unusually spectacular on the field, that season was probably one of the most unusual in Tahoka's history.

The season began with a new head coach, H.D. Stewart, who had replaced Leo Jackson. It would end with another coaching change after Stewart resigned following a dispute with the school superintendent.

Stewart had 35 players that season, and he was so confident in his team's ability that he cited his difficulty in finding a house to live in as his biggest concern.

The season would not unfold as he expected however, and an under-achieving team suffered early because of a number of injuries to starting players, including stars Jerry Edwards and Glenn Newton.

Outweighed and outmanned, Tahoka lost the first game of the year to Big Spring 37-0. It was a good game for gaining experience though, as every player in uniform got into the game.

In what would become a trend that season, Tahoka outplayed their next opponent, only to lose due to their own mistakes, according to newspaper reports at that time. Tahoka lost to Post 6-0 in a game where costly mistakes were the difference. Tahoka lost five of seven fumbles, but led in most statistical categories.

The next week, for the third game in a row, Tahoka failed to score. Tahoka lost to Levelland 48-0.

The following game was the only one that Tahoka would not lose that season. They tied Slaton 0-0 in a game which it was expected that the Bulldogs should have won. Tahoka penetrated Slaton's twenty yard line three times, and got as far as the two yard line once. Each time something happened to end the scoring threat. Coach Stewart partially attributed the performance to bad weather which

had hindered practice the preceding week.

It was at this point that the season took a decidedly unusual turn. Coach Stewart and Superintendent E.E. Howard had a dispute over the coach's athletic policies. The football players supported their coach, and Superintendent Howard had his house egged late one Saturday night. The following Monday morning several of the football players confronted Howard in the hall outside his office. According to newspaper reports, they expressed displeasure with him and said they were quitting school. A scuffle ensued in which Howard received a deep cut on his neck after being knocked to the floor. Two or three of the football players were also hit during the disturbance. Nineteen players turned in their books and announced they were leaving school.

Later that week there was a heated meeting at the courthouse, organized by concerned citizens. In an unprecedented move following the meeting, Howard, Stewart, principal Vernon Brewer, and the entire school board of trustees resigned because of the dispute.

Eventually everyone who resigned, with the exception of Howard, returned to their former positions. All but two of the boys returned to school, but most of them were no longer eligible to play football.

The next two games against Denver City and Seagraves were cancelled as the team attempted to reorganize. Prentice Walker, a local business man and former coach, took over as coach. It was a small and inexperienced team with only three of the former starters remaining, Jerry Edwards, Buddy Bragg, and Bobby Ray Scott.

THS Class of '45 Sets 50th Reunion

The Tahoka High School Class of 1945 will have their 50th year reunion Friday, Sept. 22 at the Lyntegar Electric Cooperative meeting room, west entrance. Registration will begin after the parade and pep rally.

Tahoka's first game back was a 25-0 loss against Sundown. The next game was a 48-19 loss to Seminole. The highlight of this game came when it was over. The Tahoka players and coaches were honored at a dinner held by Seminole business men and school officials. It was possibly the highlight of the football season.

The season ended in a 12-6 loss to O'Donnell, capping a disappointing and unusual season. However, the community remained optimistic about the future, because most players would be returning the next year.

In contrast to the two seasons that have been mentioned, the Tahoka Bulldogs football team has had many successful years including outright district championships in 1942, 1948, 1951, 1952, 1954, and 1981. Tahoka tied for the district championship in 1977, 1978, and 1979. In 1977 the Bulldogs advanced to the quarterfinals before losing to Childress.

With one win and a tie game now under their belts this season, the Bulldogs have an eye towards getting into the playoffs for the first time since 1981. Coached by Darrell (Tooter) Draper, who in his first full season as head coach last year guided the team to its first winning record (5-4-0) since 1981, the Bulldogs take on Olton this Friday night in front of a Homecoming crowd.

(Editor's Note: The Texas Tech Journalism program with area newspapers is made possible by a grant from the Reader's Digest Foundation.)

The Wilson Lions Club will not meet Thursday, Sept. 21 because of a conflict with Homecoming activities.

The Club has scheduled a blood drive for Thursday afternoon from 4-7 p.m. United Blood Services will be taking the blood donations. Those who donate will receive a coupon for a free large one topping pizza from Orlando's in Lubbock.

This is Homecoming week and there

are many activities planned. School students are participating in various activities to promote Homecoming and to build spirit for the football game against Cotton Center which is scheduled for a 7:30 p.m. kickoff Friday night.

The community wide activities begin Thursday with the junior high football game between the Wilson Mustangs and the Cotton Center Elks beginning at 5 p.m. The Homecoming parade is scheduled to begin at 7 p.m. following the jr. high game. The pep rally follows the parade and the bonfire will conclude Thursday's events.

Sept. 30 Is Final Date For Crop Insurance Here

Sales closing dates for crop insurance are much earlier than last year for fall planted crops and certain perennials. According to Jimmy W. Woodard, CED, Lynn County CFSA, "Last year, sales closing dates were extended to accommodate producers because the crop insurance law was changed during the growing season. This year's closing dates are the standard "old dates." The sales closing dates for 1996 wheat for harvest as grain in Lynn County is Sept. 30, 1995.

In most cases, crops insured last year are automatically insured this year. Producers planting insurable crops (such as wheat for grain) that were not planted last year need to obtain at least the catastrophic level of insurance by the sales closing date to be eligible for any USDA farm programs and loans.

"If a producer certifies some acreage of wheat to be harvested for grain and does not have at least the CAT level of insurance on the wheat, the producer will be ineligible for program benefits on any cotton in the same county," Woodard continued to explain.

He added, "Producers will be making a decision about harvesting wheat before some of the wheat is planted. If insurance is not purchased and wheat is harvested for grain, 1996 cotton payments would be lost. This would include insurance payments for cotton losses."

Catastrophic coverage may be obtained at the local Consolidated Farm Service Agency office or from a crop insurance agent. Only crop insurance agents can sell coverage in excess of the catastrophic level of protection.

Producers wanting to change their insurance provider or insurance contract need to make the change before the applicable crop's sales closing date. The final sales closing date for spring seeded crops such as cotton will be in the spring of 1996.

"Operators need to keep the owners insurance requirements in mind as they make a decision about wheat for 1996," Woodard added.

The Lynn County CFSA office has the goal of helping producers obtain maximum benefits possible. The telephone number of the Lynn County CFSA office (806) 998-4501.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS

SPECIAL ELECTION NOVEMBER 7, 1995

PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 50 proposes a constitutional amendment providing that the legislature by general law may authorize the Texas Higher Education Coordinating Board to issue general obligation bonds of the state in an amount not exceeding \$300 million to finance educational loans to students. The maximum interest rate to be borne by the bonds must be set by law. The legislature may provide for the investment of bond proceeds and may establish an interest and sinking fund to pay the bonds.

The proposed amendment will appear on the ballot as follows:
"The constitutional amendment providing for the issuance of \$300 million in general obligation bonds to finance education loans to students."

PROPOSITION NO. 2 ON THE BALLOT

Senate Joint Resolution 36 proposes a constitutional amendment that would authorize the legislature to exempt from ad valorem taxation the property of an organization chartered by the Congress of the Republic of Texas if the property is used primarily for the charitable, benevolent, or public service activities of the organization as defined by general law. The Comptroller's Property Tax Division has identified the Grand Lodge of Texas, also known as the Masonic Lodges, as the primary organization which would qualify for this tax exemption.

The proposed amendment will appear on the ballot as follows:
"The constitutional amendment to exempt from ad valorem taxation property of an organization chartered by the Congress of the Republic of Texas that is used primarily for the charitable, benevolent, or public service activities of the organization."

PROPOSITION NO. 3 ON THE BALLOT

Senate Joint Resolution 51 proposes a constitutional amendment that provides that the farm and ranch finance program fund shall be administered by the Texas Agricultural Finance Authority and not by the Veterans' Land Board, as provided by current law. In addition, the proposed amendment provides that the proceeds of \$200 million of the \$500 million in bonds authorized by the Texas Constitution for the farm and ranch finance program fund may be diverted to the agricultural fund and the rural micro-enterprise development fund, also authorized by the Texas Constitution, to be used for agricultural and rural economic development programs.

The proposed amendment will appear on the ballot as follows:
"The constitutional amendment allowing the use of existing bond authority of the farm and ranch finance program to include financial assistance for the expansion, development, and diversification of production, processing, marketing, and export of Texas agricultural products."

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 46 proposes a constitutional amendment that would allow an encumbrance to be fixed on homestead property for an owelty of partition. In divorce and probate situations, a piece of property may be owned jointly by two

or more people, and each person owns an undivided interest in the property, as opposed to a specific portion of the property. If one owner wishes to purchase the other person's interest in the property and wishes to obtain a loan to finance the purchase, the lending institution requires all interests in the property to be used as security for the loan; this is called an owelty of partition. Senate Joint Resolution 46 would allow the lending institution to foreclose on the homestead property for an owelty of partition if the purchaser defaulted on the loan. In addition, the proposed amendment would allow the refinancing of a lien against a homestead. Finally, the proposed amendment would allow a purchaser or lender to rely on an affidavit that states that the property to be conveyed or encumbered is not the homestead of the affiant.

The proposed amendment will appear on the ballot as follows:
"The constitutional amendment permitting an encumbrance to be fixed on homestead property for an owelty of partition, including a debt of a spouse resulting from a divorce proceeding, and for the refinancing of a lien against a homestead, including a federal tax lien resulting from the tax debt of the owner."

PROPOSITION NO. 5 ON THE BALLOT

House Joint Resolution 34 proposes a constitutional amendment which would increase by \$500 million the constitutional authorization of the Veterans' Land Board to issue and sell general obligation bonds of the state to provide housing financing to Texas veterans. The proceeds from the bonds authorized by this amendment shall be used to augment the Veterans' Housing Assistance Fund II to be administered and invested as provided by law. The bonds authorized by this amendment shall be incontestable after execution by the Veterans' Land Board, approval by the attorney general, and delivery to the purchaser.

The proposed amendment will appear on the ballot as follows:
"The constitutional amendment to increase by \$500 million the amount of general obligation bonds that may be issued to augment the veterans' housing assistance fund II."

PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 64 proposes a constitutional amendment which would extend the tax exemption under article VIII, section 1-b(b) of the Texas Constitution for the residence homestead of a person age 65 or older to the surviving spouse of a person who received the exemption. The surviving spouse must be age 55 or older when the deceased spouse died, and the property must be the residence homestead of the surviving spouse when the deceased spouse died and remain the surviving spouse's residence homestead. A surviving spouse who already receives an exemption under this section of the Texas Constitution is not entitled to an additional exemption under the amendment.

The proposed amendment will appear on the ballot as follows:
"The constitutional amendment exempting from ad valorem taxation the residence homestead of the surviving spouse of an elderly person."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 73 proposes a constitutional amendment that would reduce the amount of general obligation bonds authorized for the superconducting super collider fund from \$500 million to \$250 million.

The proposed amendment will appear on the ballot as follows:
"The constitutional amendment reducing the amount of general obligation bonds authorized for undertakings related to the superconducting super collider research facility from \$500 million to \$250 million."

PROPOSITION NO. 8 ON THE BALLOT

House Joint Resolution 80 proposes a constitutional amendment abolishing the office of constable in Mills, Reagan, and Roberts counties. In Mills County, the office of constable is abolished, and the powers, duties, and records of the office are transferred to the sheriff. In Reagan and Roberts counties, the office of constable is abolished and the powers, duties, and records of the office are transferred to the sheriff only if a majority of voters in each of the respective counties favors the proposed amendment.

The proposed amendment will appear on the ballot as follows:
"The constitutional amendment providing for the abolition of the office of constable in Mills, Reagan, and Roberts counties."

PROPOSITION NO. 9 ON THE BALLOT

Senate Joint Resolution 7 proposes a constitutional amendment that would allow investment of money from the Texas growth fund in a business without the business's disclosure of its investments in or with South Africa or Namibia. Currently, such investments are prohibited by article XVI, section 70(r) of the Texas Constitution, which would be repealed.

The proposed amendment will appear on the ballot as follows:
"The constitutional amendment allowing investment of money from the Texas growth fund in a business without the business's disclosure of its investments in or with South Africa or Namibia."

PROPOSITION NO. 10 ON THE BALLOT

Senate Joint Resolution 1 proposes a constitutional amendment that would abolish the constitutional office of state treasurer effective September 1, 1996. The transfer of specific constitutional powers and duties to the comptroller of public accounts takes effect on that date. The statutory powers and duties and the property and other obligations of the state treasurer are transferred to officers and agencies of state government as the legislature provides by general law.

The proposed amendment will appear on the ballot as follows:
"The constitutional amendment abolishing the office of state treasurer."

PROPOSITION NO. 11 ON THE BALLOT

House Joint Resolution 72 proposes a constitutional amendment requiring that land devoted to wildlife management be taxed on the basis of its productive capacity. The proposed amendment also adds a temporary provision to the Texas Constitution validating the changes to the law made by Chapter 560, Acts of the 72nd Legislature, Regular Session, 1991, which amended the Tax Code to allow land used for wildlife management to be appraised as agricultural land. The temporary provision also provides that a property owner is not authorized to claim a refund of taxes paid unless the tax payment was challenged before the effective date of the proposed amendment. The temporary provision expires on January 1, 1998.

The proposed amendment will appear on the ballot as follows:
"The constitutional amendment to allow open-space land used for wildlife management to qualify for tax appraisal in the same manner as open-space agricultural land, subject to eligibility limitations provided by the legislature."

PROPOSITION NO. 12 ON THE BALLOT

House Joint Resolution 31 proposes a constitutional amendment providing that the legislature may exempt from ad valorem taxation income-producing personal property and mineral interests that have a taxable value which is insufficient to recover the costs of administering the tax.

The proposed amendment will appear on the ballot as follows:
"The constitutional amendment authorizing the legislature to exempt from ad valorem taxation personal property and mineral interests having a value insufficient to recover the administrative costs of collecting the taxes."

PROPOSITION NO. 13 ON THE BALLOT

House Joint Resolution No. 35 proposes a constitutional amendment authorizing the governing body of a political subdivision to exempt from ad valorem taxation boats and other equipment used primarily in the commercial taking or production of fish, shrimp, shellfish, and other marine life.

The proposed amendment will appear on the ballot as follows:
"The constitutional amendment authorizing the governing body of a political subdivision to exempt from ad valorem taxation boats and other equipment used primarily in the commercial taking or production of fish, shrimp, shellfish, and other marine life."

PROPOSITION NO. 14 ON THE BALLOT

House Joint Resolution 68 proposes a constitutional amendment that allows the legislature to raise the current ad valorem tax exemption for disabled veterans and their surviving spouses and minor children. The tax exemptions would be raised based on a veteran's disability rating as follows:

10%-30%	\$ 5,000
30%-50%	\$ 7,500
50%-70%	\$10,000
More than 70%	\$12,000
Age 65 and 10% or higher	\$12,000
Loss or loss of use of limb	\$12,000
Blindness or paraplegia	\$12,000

The spouse and children of any veteran who dies while on active duty may be granted an exemption of up to \$5,000. The amounts of the exemptions provided for in this proposed amendment may be repealed by the legislature by general law.

The proposed amendment will appear on the ballot as follows:
"The constitutional amendment relating to raising the limits of the exemption from ad valorem taxation of property owned by disabled veterans or by the surviving spouses or surviving minor children of disabled veterans."

Lynn County Jail Ministry Program Needs Volunteers

Reggie and Gloria Moore of Tahoka last month organized a jail ministry at Lynn County Jail, called "Lord Remember Me," and during the month of August the couple reports they handed out over 40 Bibles and ministered to over 40 inmates by prayer, song, and preaching the Word of God.

The Moores are seeking volunteers to assist in the ministry, either by supplying Bibles and songbooks, through prayers, or by volunteering their time for visitations.

The couple visits inmates in the county jail on Sunday mornings, beginning at 10:30, and on Wednesday evenings at 6:30, once a month.

During August, the Moores assisted inmates by making long distance phone calls to contact family members, and in one instance traveled to Lubbock to tell a father who had no phone that his 17-year-old

daughter was incarcerated.

"We have called family members as far as California to let them know that their nephew was alive and in jail here, and we have witnessed to inmates from as far east as Florida and as far west as California," said Mrs. Moore.

"We would like to welcome any and all Christians to support this ministry in some way," she said. "The inmates at Lynn County request to be remembered in your prayers," added Mrs. Moore.

The couple extends their appreciation to Lynn County Sheriff Jake Diggs and the jail staff for their support of the ministry, and to Pleasant Grove Baptist Church for providing the Bibles which were presented to inmates.

"Thanks to Pastor Brawley at Pleasant Grove for his encouragement, and to Pastor Nance at Wesley Chapel C.M.E. Methodist Church in Tahoka for his support and willingness to serve," said Mrs. Moore.

Anyone who would like to assist in the jail ministry program may contact the Moores at P.O. Box 451, Tahoka, TX 79373, or by calling 806-327-5228.

"It rained very hard most of the game and we made a lot of mistakes," Billy Wilson, defensive coordinator, said.

"Sundown has a very good JV. Very physical and very aggressive. We were able to move the ball some, but our mental mistakes hurt us," Steve Patridge, JV coach said.

There Is No Substitute For Quality
Sickness is a great leveler. All the world is related when illness comes. Prince and pauper have the same desire -- to get well. This cannot be accomplished by cheap medicines, designed to cure everything from water on the brain to housemaid's knee. When ill, you must have a remedy to meet your own exact requirement. Consult your physician. Then bring his prescription to us for compounding. We are prescription specialists.

"During the second quarter of 1995 players in Lynn County did their share contributing to various local charities and -of course- collecting some lucky Bingo prizes," Linares said.

Charitable Bingo players who frequented the two licensed Bingo charities in Lynn County won \$43,632 in April, May and June of this year, Linares reported.

The charitable organizations in Lynn County and the Bingo attendance they reported this quarter were: St. Pius X Catholic Church, 2039, and St. Jude Church, 722.

The \$43,632 won locally is part of the \$107.2 million in prizes that Bingo charities across the state paid to winners. That includes \$84.9 million for regular Bingo prizes and \$22.3 million in prizes for pull tab Bingo games.

Local government in Lynn County received \$1,336.59 in Charitable Bingo prize fees covering the second quarter of 1995, Linares said.

The payments cover prize fees collected by Charitable Bingo players in Lynn County for April, May and June of this year. Cities and counties that imposed the gross receipts tax on a local-option basis receive quarterly payments of up to 2.5 percent of the prizes won by Bingo players in their jurisdictions.

The state also receives a 2.5-percent share of the prize fees.

The Lottery Commission allocated \$1,336.59 among Lynn County units of government.

The payments were part of the \$2.7 million in prize fees allocated to Texas cities and counties this week. In total, 67 county governments received \$1.4 million in prize fees, and 128 city governments received \$1.3 million.
