Wreck Victims Transferred To Lubbock

The two surviving victims of the July 5 two-car crash on U. S. 84 were transferred Monday to a Lubbock hospital.

Judith Anette Allen, listed in last week's Journal as being in critical condition, remained semi-conscious in West Plains Hospital and Clinic until Sunday, when she began to recover.

Paralyzed on the left side as a result of brain injuries suffered in the collision, Miss Allen also had a fractured jaw and a concussion.

Joe Neal Sparkman, who was also injured in the head-on crash, was also moved to the Lubbock hospital. His injuries included a broken arm and a dislocated hip.

Both were reported in good condition and are expected to recover from their injuries with no complications.

Graveside Rites Held Here For Richard Griffin

Graveside services were held Tuesday at the Muleshoe Cemetery for Richard Payton Griffin, 82 year old Houston resident, and father of Horton Griffin, Muleshoe; Howard Griffin, Bovina; Mrs. Johnny Westbrook, and Mrs. Rita Richards, both of Progress.

Other children surviving are Louis, San Diego, Calif.; Fred, Florida; Judson, South Carolina; and Mrs. Nellie Langley, Bakersfield, Calif.

Services were conducted by Rev. Tommy Gleaton of the Progress Methodist Church and arrangements were by Singleton Funeral Home.

Griffin was a retired carpenter and a former resident of Lampasas.

Pallbearers included Jesse Ray Carter, Gordon Tiller, Muri Stevenson, James Warren, Robert Kelton and L. L. Kitchens.

New Ladies Store To Open Here

GERALD PRIBOTH

Gerald Priboth, formerly of Muleshoe, announced this week that he has purchased the Fashion Shop.

He stated that the shop will be closed for remodeling for about three weeks, after which the shop, to be named "Gerald's", will re-open as a complete ladies' shopping store.

Priboth, who has been with Cobb's Department Stores for ten years, is a native of Muleshoe. He has been manager of Cobb's downtown store in Lubbock the past three and one half years.

The new store, when reopened, will feature a French Provincial decor, with wall-to-wall carpets.

The ladies' ready-to-wear department of the store will be complemented by a complete accessory and millinery department, a sportswear department and complete furnishings for the lady.

When reopened, the shop will be new throughout. Priboth plans to install a new ceiling, new light fixtures, new wall fixtures and furnishings.

Formal announcement of the opening will be made at a later date in The Journal advertising pages.

FIRE FIGHTERS — Lonnie Bass, Joe La Rue, Darrell Matthews, Troy Lee Steinblock and Ricky Daniels are shown on the front row above. Second row, Jimmy Mills, David Parker, Jerry Ottwell, Charles Griffin and Jackie Lay. Third Row, Terry Gunter, Davis, Mike Humphrey, Larry Meyers, Kenneth Wilhite and Bill Humphrey. Also on the team but not shown is Steve Foster.

County Commission Saves \$31,000 With Bond Refund

An agreement whereby \$31,000 in interest would be saved was the main order of business at the Bailey County Commissioner's Court meeting Monday.

The \$70,000 in bonds are part of the \$250,000 Road Bonds voted in April and issued May 8. These bonds provided for the widening of U. S. 84, making it

Two Sisters Meet After 55 Years

After 55 years apart, two sisters were reunited again this week in Muleshoe.

Mrs. Florence Bailey, 82, and her sister, Mrs. Frances Langdon, 80, hadn't seen each other since 1906, when they went their separate ways. Until this week their only contact had been through the letters they wrote.

During the 55-year period they lost contact completely for some 16 years, from 1938 to 1954. Each had moved several times during the 15 years.

Then Mrs. Langdon's son, Tom, now Sunday editor of the Pittsburg, Penn., Press, traced his aunt through several different old addresses. Finally he found someone who could help

him to find Mrs. Bailey. A rural postman in Morton remembered Mrs. Bailey and knew that her daughter, Sarah Griffith, had a sister-in-law living nearby. Asking around Morton, he then located the address of Mrs. Griffith and, thereby, Mrs. Bailey.

The two sisters had made numerous moves during the 55 year period, thus making renewed contact more difficult. Mrs. Langdon had lived in Arkansas, Mississippi, West Virginia, and Louisiana during that time, while Mrs. Bailey had moved around over Texas.

Pro Fires 61 For New Course Record; 18 Holes, No Bogeys

Ray Hardy, Muleshoe Country Club pro, flung a flock of pars, birdies, and one eagle at the local golf course history book to set a new low record last Friday. Ray made the 18 holes in 61 strokes, besting by one stroke the previous course record of 62 set by that well known golfer, Roland Adams, of Lubbock.

During the round Ray had 8 pars, 9 birdies, and one eagle. He got his eagle on No. 3 by holing out from 135 yards away.

On the out nine the play went like this: No. 1, birdie; No. 2, birdie; No. 3, eagle; No. 4, birdie; No. 5, par; No. 6, par; No. 7, par; No. 8, birdie; No. 9, birdie. He made the first nine in 29 against a par of 36; and this was also a record low for the nine holes.

On the back 9, Ray had 5 pars and the nine went like this: No. 10, par; No. 11, birdie; No. 12, par; No. 13, birdie; No. 14, par; No. 15, birdie; No. 16, par; No. 17, par; No. 18, birdie.

Playing with Ray in a foursome were Coach Jake Halter, Irvin St. Clair, and an Amarillo man.

The Customs of Muleshoe plan a Go-Whoa for Sunday, July 16, to be held between the high school and junior high school buildings. Time trials at 1 p. m., and eliminations at 2 p. m.

Entry fee is \$1.00 per car. First, second, and third place trophies will be given. Everyone is welcome.

Proceeds will go to help on the club car, which was recently bought and is being worked on. The club meets each Monday night at 8 p. m., at Long's Garage.

R. E. Kimbrough Funeral Today

Randall Earl Kimbrough, Bailey County farmer since 1933, was buried today in the Muleshoe Cemetery following services in the First Baptist Church.

Mr. Kimbrough, who was born November 16, 1892, in Clay County, died Tuesday in the Muleshoe Hospital.

Surviving Mr. Kimbrough are his wife, Minnie Belle, daughter Mrs. Alvin De Bard, Lubbock; and son J. C. Kimbrough of Muleshoe. One brother, W. D. Kimbrough, Henrietta, also survives him.

Services were conducted by Rev. Don Murray, minister of the First Baptist church in Muleshoe, who was assisted by Rev. R. V. Luna, Assembly of God minister.

Pallbearers included L. E. Lesterman, A. H. Hall, Walter Sain, Jerrell Ottwell, Spencer Beavers and Joe Vaughn.

Cotton Damaged By Mis-Use Of 2, 4-D

Many complaints have come to the Extension Service concerning damaged cotton due to mis-use of 2, 4-D in weed control of grain sorghum.

Listed below are some good points to keep in mind in using 2, 4-D in control of weeds in grain sorghum.

This is particularly timely due to recent rains around Muleshoe, which have resulted in keeping farmers out of the fields to control weeds.

It should always be kept in mind that 2, 4-D regardless of formulation is extremely toxic to cotton and other broad leaf plants.

Grain sorghum should be sprayed when it is from 6-10 inches tall for maximum control of weeds and minimum injury to the grain sorghum. Earlier or later spraying can injure the grain sorghum.

Set nozzles so that good coverage of weeds is obtained — this will vary with type of nozzle and fan angle — setting the spray boom low helps minimize drift — about 20 inches above weed tops is usually a good spacing.

Never spray when wind is above 10 miles per hour and preferably less. Remember, drift is the thing that is the most dangerous to nearby cotton and other broad leaf plants.

Spray pressure should be just enough to make nozzles work 15-20 pounds per square inch. This too minimizes drift. It is extremely important that the low spray pressure be used because high pressure produces small spray droplets which are easily carried by wind.

Use only amine salt formulations, low volatile ester formulations, or emulsifiable acid formulations to reduce the hazard of volatility.

To further reduce drift use a large volume of total mix, 10 to 20 gallons per acre. One-half pound 2,4-D per acre should be sufficient.

Remember, 2,4-D regardless of formulation is extremely toxic to cotton and other broad uses it should be most careful in his application and be prepared to pay damages if he can't operate a sprayer so that drift does not occur.

Remember, 2,4-D regardless of formulation is extremely toxic to cotton and other broad uses it should be most careful in his application and be prepared to pay damages if he can't operate a sprayer so that drift does not occur.

VOTERS OKAY BOND ISSUE

187 Voters Approve All 4 Propositions

Only 251 voters decided the fate of the bond election held Wednesday, passing all propositions with an impressive majority.

The first proposition, providing for the refund and reissue of \$145,000 in bonds, was passed by a 208-43 vote. This was the key proposition of the first three propositions. Had this failed, all three would have failed, but this proposition was actually the key proposal. Without this refund and reissue, the city could not have gone ahead with the other two improvement issues.

Proposition number two, providing for the issuance of \$123,000 revenue bonds for waterworks improvements and extensions, was passed by a margin of 206-43.

Number three on the ballot, providing for the issuance of \$98,000 in revenue bonds for sanitary sewer system improvement and extensions, passed with a vote of 207-42.

The least support was given proposition number four, which asked for \$85,000 in general obligation bonds for installation of storm sewers. This proposition received 187 favorable votes and 62 against.

The first three propositions were a package deal. Passage of one required passage of all three. The first proposition will refund \$145,000 in revenue bonds which were issued in 1948, known as "closed end" bonds. This was the only type bond allowed at the time by state law. Passage of further revenue bonds were dependent upon the refunding of these bonds.

This refund is a one time thing, since existing statutes have done away with the "closed end" type bond.

Minimum water rates will be increased 50 cents due to the issuance of bonds under proposition number two. This will be the only increase in water rates and the remainder of the rate structure will not be affected. The city's water rates will still be among the lowest in West Texas.

Storm sewer and drainage bonds are payable through tax revenues.

Turnout for the election was disheartening to some officials. They compared this figure of 251 voters to the 1956 street improvement and general obligation bond election turnout, in which 307 voters participated. In that election, both issues passed, which involved street improvement, and water and sewer system improvements.

Muleshoe Will Host

Girl Scouts See Inside America

"Seeing the country from the inside," as one girl put it, is the purpose of the Girl Scout Heritage Trail, which will carry a busload of girl scouts from the United States and 12 foreign countries through Muleshoe.

The girls, 15 to 19 years of age, will make only three stops in Texas, one of which will be in Muleshoe. They will also stop in Lubbock and Houston.

While in Muleshoe, arriving at 1 p. m., July 26, the girls will have a packed agenda. They will be met by city officials, Girl Scouts and Brownies from Muleshoe, Littlefield and Friona, and presented with an original souvenir of a mule in a muleshoe designed and made by Mrs. Rudolph Moraw of Muleshoe.

Transportation through town to the City Park will be by Dave Anders' wagon and mules, escorted by the Cochran County Sheriff's posse.

They will be served lunch from a chuck-wagon, after which a program will consist of displays of relics of the Old West, Coronado's trail through the West and Bailey County, and other heritages of this area up to the present modern agricultural facilities.

After leaving Muleshoe and completing their Texas journey, the group will rejoin three other busses in Lawrence, Kansas, to compare notes.

News FOR Women

Milligan-Angeley To Wed In August

Mr. and Mrs. M. M. Milligan announces the engagement and approaching marriage of their daughter, Rita Phyllis, to James Kennon Angeley, son of Mr. and Mrs. E. K. Angeley.

Wedding vows will be exchanged August 19, at 8 p.m. in the First Baptist Church with Judge Glen Williams officiating. All friends and relatives of the couple are invited to attend the wedding and reception. The reception will be immediately after the ceremony in the church dining hall.

Miss Burkett Was Shower Honoree

Miss Juanita Burkett, bride-elect of Jack Roubinek, was honored with a shower Saturday afternoon in the home of LaNelle Boothe.

The serving table was covered with a beige lace cloth over pink and the centerpiece was an arrangement of white and pink gladiolus.

Miss Burkett greeted the guests and showed them to the room where gifts were on display.

Hostesses for the occasion were Misses Rhonda Johnson, Maria Reed, Sandra Harris and LaNelle Boothe.

Mrs. Martinez Shower Honoree

Mrs. Earl Martinez was honored with a bridal shower in the home of Mrs. Tom Flores on June 20.

The brides chosen colors of red and white were used in table decorations. The serving table was covered with a white lace cloth over red, and the centerpiece was white roses with a miniature bride and groom seated on a bench in the center of the arrangement.

Sixty-eight guests were registered by Tina Servantez and Viola Anzaldua.

Hostesses were Inez Flores, Tina Servantez, Nina Flores and Viola Anzaldua.

Mrs. Martinez is the former Ofelia Flores, the daughter of Mr. and Mrs. Tom Flores of Muleshoe.

The couple were married at Morton, Texas, on June 17 and are residing near Littlefield where Martinez is employed on the C. A. Brock farms.

Mrs. Eubanks Is Bridal Coffee Honoree Saturday

Mrs. Neal Eubanks, nee Doris Ann Gilbreath, was honored with a bridal coffee the morning of July 8, at the Muleshoe Country Club.

In the receiving line with Mrs. Eubanks was Neal's mother, Mrs. L. G. Eubanks.

Guests were registered by Mrs. Lila Dutton and Goldilou Goucher. The gifts were recorded by Mrs. Horace Blackburn.

Miss Juanita Burkett, and Maria Reed served coffee, fruit bread and mellow balls from a table covered with a white linen cloth with a pink and green floral decoration.

Hostesses were Mmes.: B. O. McDaniel, Horace Blackburn, Tye Young, Bob Burkett, Travis Reed, C. W. Wilhite, R. L. Dillard, Howard Watson, R. D. Gillard, Ferris Heathington, A. C. Neeley, Lee Pool, L. S. Barron, S. E. Goucher, Andrew Dutton, Thurman White, Woody Lambert, and Miss Rheata Peeler.

Smith-McKenzie Wedding Aug. 5

KATHERINE SMITH

Mr. and Mrs. Jack Smith, of Lazbuddie announce the engagement and approaching marriage of their daughter Katherine, to Jerry McKenzie, son of Mr. and Mrs. S. L. McKenzie of Tennessee Colony, Texas. They will be married on August 5, 1961, at 7 p.m. in the Lazbuddie Methodist Church. All relatives and friends of the couple are invited to attend. No invitations are being mailed locally.

Miss Smith is a 1959 graduate of Lazbuddie High School and has attended Texas Christian University of Fort Worth the past two years.

Jerry McKenzie is a graduate of Palestine high school in 1957 and is employed by the Bell Telephone Company of Mount Pleasant, Texas.

Massengill-Wyatt Wed In Carlsbad

Laura Mae Massengill and Gerald Ellis Wyatt were united in marriage Friday, June 30, in the First Baptist Church at Carlsbad, N. M.

Rev. Meadows, minister of the church performed the double ring ceremony.

The bride is the daughter of Mr. Rudie Massengill, of Brownfield, Tex., and the bridegroom is the son of Mr. and Mrs. Homer L. Wyatt of Muleshoe.

The couple's attendants were Mrs. C. E. LaRue, Artesia, N. M., sister of the bride and the bridegrooms mother and sister, Mrs. Homer Wyatt and Genevieve, from Muleshoe.

The couple will be at home in Artesia where he is employed with a branch of the Ericson Construction Co. of Muleshoe.

CARD OF THANKS
We wish to take this means to thank our many friends for the words of comfort and prayers during our hours of sorrow.

Also for the beautiful floral offering, the food, and every act of kindness.

May God bless each of you.
The Family of Hester Webb

Barbara Ann Williams

Miss Williams, Stanley Fox To Wed In Dallas

Miss Barbara Ann Williams and Stanley Ellis Fox are planning a September 1 wedding in Cox Chapel of the Highland Park Methodist Church, Dallas.

Plans for the wedding have been announced by her parents, Mr. and Mrs. William T. Williams, 5211 Cedar Springs Rd. The prospective bridegroom is the son of Mr. and Mrs. Sam E. Fox of Muleshoe.

The bride-elect is a senior student at Southern Methodist University, and assistant rush chairman of Alpha Delta Pi sorority. She was a class officer and honorary Air Force ROTC Cadet Lt. Col. Last week she was chosen International finalist sweetheart of Sigma Chi.

The prospective bridegroom, an S.M.U. graduate, was president and rush chairman of Kappa Sigma fraternity. He is now employed as assistant Credit Manager for Haggard Slack Co. in Dallas.

The couple invite all their friends to the wedding.

4-H'ers and Leaders In Y. L. Meeting

About twenty-five 4-H club members and leaders of the Muleshoe area met last Friday night, July 7, at the Y. L. church for a cook-out, a program, and a business meeting. After a very delicious meal of charcoal broiled hamburgers, cokes and homemade ice cream, Stanley Black, the club president, called the meeting to order.

After the club motto, Goldilou Goucher read the minutes of the last meeting and had the roll call. Bill Harbin was then elected reporter. It was decided that the reporter would serve as the Parliamentarian.

A committee was appointed to compile a set of Standing Rules for the club. Goldilou informed the club that The Bailey Co. Electric is going to make copies of the club motto and songs for the club.

After the meeting, Betty Harbin and Joanna Kay Goucher led the group in several songs. The very interesting program was presented by district council members. Goldilou presented an illustrated lecture on committees. Stanley Black gave an informal briefing on parliamentary procedure. Mrs. Goucher made an interesting report on meeting which she, Goldilou, and Stanley attended at the South Plains College in Levelland in June. The next meeting of the 4-H club will be at the Jack Bruns home.

Progressive Home Club Met Tuesday

The Progressive Home Club met with Mable Ryan Tuesday, July 11 at 2:30 p.m.

Muriel Lewis was in charge of the program. She invited Harriet Jackson to give a demonstration on food freezing, which was both interesting and educational. Refreshments were served to eight members and one guest.

The next meeting will be in the home of Florance Smith, August 1.

VISITED IN POST

Mr. and Mrs. Grady Eddleman visited with their daughter, Mr. and Mrs. Charles Colman and family in Post last week, and in Coleman with Mrs. Edrieman's sister.

Rebekahs Install Officers Tuesday

An impressive installation ceremony was held at the Muleshoe Rebekah Lodge hall Tuesday night, July 11.

Presiding over the installation was District Deputy president Thelma Gage and her staff: Warden Barbara Burton, Vice Grand Ruby Green, Chaplain Mary Murrell, of Earth, Inside Guardian Edna Fulgham, of Clovis.

The officers installed were Noble Grand Deana Stewart, Vice Grand Lena Hawkins, Appointment officers installed were: Warden, Evelyn Calder; Conductor, Argelee Miller; Chaplain, Ruby Green; past Noble Grand, Cora Snyder; Inside Guardian, Jackie Blaylock; Outside Guardian, Mary Tabor; Right Support to Noble Grand, Callie Smith; Left Support to Noble Grand, Lucil Gross; Right Support to Vice Grand, Grace Morgan; Left Support to Vice Grand, Mary Finley; Right Support to Chaplain, Fern Davis; Right Support to Past Noble Grand, Ina Owen and Flag bearer, Ona Berry.

Barbara Burton and Grace Kemp will keep their offices as secretary until January.

Several reports were given by members who attended friendship night at Friona and the installation of officers at Littlefield.

Refreshments of salad, cookies and punch were served to 16 members and 5 guests.

Visitors were Edna Fulgham of Clovis, Anna Mae Huston, Bobette Marshall and Mary Murrell of Earth lodge and the two small sons of the Noble Grand.

Hal Ray and Georgiann Newsom, the children of Mr. and Mrs. Harold Newsom, are spending the summer with their grand parents, Mr. and Mrs. Charles D. McLin of Decker, Indiana.

your accounts at their office.

Dr. George H. Chambers

Mrs. Kennedy Is Shower Honoree

Mrs. Clinton Kennedy was honored with a pink and blue shower at the home of Mrs. Melvin Lee, Thursday, June 29.

The round serving table, covered with a white cloth, was decorated with drapes of pink and blue ribbon held by baby rattlers around the edge of the table.

The punch bowl was outlined with sprays of ivy and carnations.

Refreshments of pink punch

and white cakes, decorated with tiny baby bottles, was served.

Hostesses were Mmes. John Crow, Arvel White, J. Lewis Morris, Sherman Inman, Vernie Towns, Jake Die, Ernest McNatt, Melvin Lee, Clarence Wilhite, and A. T. Fowler.

Out of town guests were the honoree's mother, Mrs. John

Bertham, Crosbyton and her aunt, Mrs. Connie O'Brien Bovina.

KETCHUMS RETURN HOME

Mr. and Mrs. E. C. Ketchum returned last week from several weeks' stay in Hugo, Oklahoma.

ANOTHER BIG REASON BEHIND THE BIG BOOM IN FORD SALES:

Ford Dealers were first with a long-term warranty ...because they have the car to back it up

For 1961 the warranty* on all Ford cars was extended to 12,000 miles or one full year, whichever comes first. This action tripled the existing warranty—and scooped the American automobile industry. It was dramatic proof of your Ford Dealer's confidence in the finest, most durable, most reliable Fords ever built. These are the cars with the new service-saving features most other manufacturers are just planning for the future. The '61 Ford goes 30,000 miles between chassis lubrications . . . 4,000 miles before you need to change oil. Brakes adjust themselves automatically. The muffler is built to last three times as long as the ordinary type. Body and underbody are specially protected against rust and corrosion. And, Ford's Diamond Lustre Finish never needs wax. STOP spending money on a car

that's behind the times. SWAP for a '61 Ford while sales are booming and the deals are sensational. SAVE when you buy. Continue to save with the car that's built to be more service-free.

*Extended Warranty—Each part of '61 Fords, except tires, is dealer warranted against defects in materials or workmanship for 12 months or 12,000 miles, whichever comes first. Owners remain responsible for normal maintenance service and routine replacement of maintenance items such as filters and ignition parts.

Today is the day to STOP...SWAP...SAVE

MR. AND MRS. JESSIE WILLIAMS

Mr. and Mrs. Williams were married Saturday, June 10, at 5 o'clock in the Progress Methodist church, with the Rev. Tommie Gleaton officiating. Mrs. Williams is the daughter

Mr. Kerr Is Veteran Backer Of 4-H Girls

A warm-hearted generous woman, who has teenage grandchildren of her own, is known and loved by hundreds of youth who live in every state in the USA. Her interest and devotion to this special group of young Americans stems from her sponsorship of the national 4-H canning program for more than three decades.

Mrs. Ruth Kerr, president of the Kerr Glass Manufacturing Company, Sand Springs, Oklahoma, raised her six children after the death of her husband in 1925, and carried on the business he founded. She knows the problems, hopes, disappointments a joy that are inherent in the growing-up of youngsters.

So when her company was approached in 1929 to support a 4-H project with funds for incentive awards, she gave her time, Mrs. Kerr has personally congratulated some 1,400 state canning winners and handed out college scholarships valued at \$43,200, according to the National 4-H Service Committee which arranges 4-H award programs in cooperation with the Extension Service.

The canning project is one of the oldest 4-H Club endeavors. Its forerunner was the tomato canning club for girls, which paralleled the corn club for boys in the early 1900's. The tomato was chosen because it was common to all localities, and was "easy to can without danger of spoilage," recalls a veteran 4-H leader.

Participation in the project enables members to make a valuable contribution to the home food supply. The "learn-by-doing" experience, which often includes demonstrations, has opened doors to future careers

in home economics for many girls. With vegetable gardens at their peak and orchards soon to be laden with fruits, the modern 4-H home canners have an abundance of fresh products to process and store away for next winter's use. Both home-grown and store-bought products are canned, according to members' reports.

Hearts are set on turning out sparkling colorful jars that will be good enough to exhibit at local or county fairs. Old-timers will be trying for a chance to show their wares at the state fair.

Besides providing funds for the expense-paid trips to the National 4-H Club Congress in Chicago for every state winner, and six \$400 college scholarships for national champions, Kerr last year saw to it that gold-filled medals were furnished for more than 5,400 county canning champions representing 47 states.

GUESTS OF COCHRANS

Mr. and Mrs. Lon Cochran have had as guests the family of their daughter, Mr. and Mrs. Bev Vancleave, and two daughters, Shirley and Brenda, of Iowa Park. The group toured the West Texas Museum at Canyon during the visit. The Vancleaves went from here to Ruidoso for a visit with the family of his sister.

CARD OF THANKS

I want to thank everyone for the many kind deeds that were done after the death of my wife and two children last week. I am deeply grateful for the food, flowers and words of encouragement that I received during this trying time.

Mr. and Mrs. Carl Cody
Curtis Parker

Doings At Muleshoe Airport
By MRS. NOAH KINSER

FLY IN VISITORS

Donald and Kayla, from Farmington, N. M., landed at the Muleshoe Airport at noon Sun-

day to visit here in the home of his parents Mr. and Mrs. H. O. Barbour.

On the flight, Barbour encountered low clouds and poor visibility near Melrose and had to turn back to Ft. Sumner and wait for weather clearance before resuming the flight.

Leaving here Sunday afternoon, they planned to fly to Carlsbad, N. M., and go through Carlsbad Caverns before return-

ing home.

Barbour flies his Beech Bonanza for both pleasure and business.

Attorney Bert Nelson of Lubbock flew to Muleshoe this week for a business appointment with R. O. Gregory. Nelson flies a Tri-Pacer.

GROUND SCHOOL

Visual Aid Ground school is now underway at the Muleshoe Flying Service office.

The Sanderson Visual Aid film is the latest in scientific methods of teaching and contains 40 hours of life-like film. Some students who are attending the school says that after seeing the films, all phases of their training is much easier.

Classes are being taught on Monday and Tuesday night by ground school instructor, Fred Boyd. In addition to obtaining a thorough knowledge of navigation, meteorology, radio aids, and Civil Air regulations, all

students have a guarantee of passing the written test for their private license.

Students who have enrolled thus far are: Kenneth Precure, Ray Precure, DeWitt Precure, Bill Jim St. Clair, Donna Precure, Cliff White, Bobby Murrell of Earth, and Virgil Robbins of Clovis.

STUDENT ACTIVITY

Norman Beauchamp, a student pilot with some 75 hours to his credit, has moved to Muleshoe from Hereford and has resumed flight training at the Muleshoe Flying Service under instructor Fred Boyd.

Beauchamp began flying at Hereford Municipal Airport before moving here where he is employed as a machine operator at the Muleshoe Journal. He soloed at Hereford after about 10 hours of dual instruction.

Donna Precure, the 14 year old daughter of Mr. and Mrs. DeWitt Precure has taken her first lessons as a pilot. She is flying the Super Cub and Fred Boyd is her instructor.

Dr. Ray Santos has been notified by the Federal Aviation Examination Board that he has passed his written test for his private license. Santos took the test on June 29 in the Amarillo office of Examiner Robert Wisener.

Progress News

Baptist Church News
Sunday morning there were 95 present for Sunday School. All Junior girls were asked to be at the church Wednesday at 2:30 p.m., to go to camp. Mrs. Marvin Waggoner and Mrs. Earl Hord attended camp with the girls.

Intermediate GA Camp date is July 17-19.

Intermediate RA camp will be July 19-21.

The pastor urges everyone to be out to the Wednesday night Prayer Meeting. Time is 8:30 p.m. each Wednesday.

Surprise Birthday Social

Rev. and Mrs. Earl Hord were surprised when a group met at the Fellowship Hall with ice cream and cake, and presented them with 3 pieces of luggage, given by the church members. They also presented Mrs. Hord with a pair of scissors. We hope they have many more "Happy Birthdays".

Mr. and Mrs. J. E. Batchelor left Friday for their home at Hooks, Texas, after several days visit here with relatives.

Funeral Services

Services were held for Richard P. Griffin, 82, of Houston Tuesday at 4:30 at the Muleshoe Cemetery.

He was the father of Mrs. Johnnie Westbrook, Mrs. Rita Richards, Mrs. Nellie Langley of Bakersfield, Calif.; five sons, Lewis, San Diego; Howard of Bovina, Judson of South Carolina, Horton of Muleshoe.

Rev. Tommie Gleaton, pastor of the Progress Methodist Church, officiated. Burial was under the direction of Singleton Funeral Home.

New Son

Mr. and Mrs. Ray Ethridge have a new son born July 6 in the Muleshoe Hospital and Clinic. He weighed 8 lbs., 8 ozs., and has been named Jackie Lynn.

Mr. and Mrs. H. W. Walker and children, Patty Ann, Vickie and Ricky of Pittsburg were here his past weekend visiting his parents, Mr. and Mrs. J. R. Walker, Sr. Also visiting in the Walker home Sunday was Carl Sanderson of Earth.

Lou Ann Gudgein of Lubbock spent several days here visiting her cousin, Janet Shipp and

Hospital...

(Continued From Page 1) Little League. Members of the Muleshoe Methodist Church, 11 Chambers have two children.

E. L. "Sonny" Kirken, who has served with the hospital for three years as business manager and technician, has announced that he, his wife and the two children will soon move to Abilene. "Sonny" has accepted a position with Hendrick Memorial Hospital there in the hematology department. He also will attend McMurry College in Abilene, studying toward a BS degree in medical technology.

Rainfall over the community was general Saturday and Sunday with hail damage heavy east of Maple.

Mr. and Mrs. L. A. Walloger visited several days in the Cecil Cole home on their way to Woodland Hills, Calif., from Milwaukee, Wis. Mrs. Cole and Mrs. Walloger are sisters.

Maple News

by Mrs. Oran Reeves
H. C. Brasher and Miss Glenda Heath of Arlington spent last weekend with H. C.'s parents, Mr. and Mrs. Horace Brasher. Sunday afternoon H. C. and Miss Heath went to Bull Lake skiing and boating. Then later in the afternoon Mr. and Mrs. Horace Brasher, Kay, H. C. and Miss Heath went to Lubbock visiting their daughter and sister and family, Mr. and Mrs. Stanley Stafford, and had a barbecue chicken supper.

Mr. and Mrs. A. J. Ellis of Arlington, Mr. and Mrs. Albert Ellis and Mr. and Mrs. John Richardson of Tatum, N. M., were visiting relatives and friends in the community last weekend. They all went to Bull Lake Sunday and had a picnic lunch. They also went boating and skiing.

Mr. and Mrs. Eoster Kelley and daughter of California are here visiting his parents, Mr. and Mrs. Fred Kelley, and other relatives this week.

Mr. and Mrs. Leo Bartley and children of Muleshoe attended church services at the Maple Church of Christ Sunday morning. They went home with Mrs. Mattie Richardson and had lunch and visited Sunday afternoon.

Roy Don Cash of Lubbock spent the weekend with his grandparents, Mr. and Mrs. Guy Smyer.

Mrs. Vurles Wall visited her mother-in-law, Mrs. M. O. Wall of Portales, N. M., Monday afternoon.

Miss Karen Eubanks of Lubbock spent the weekend in the home of her parents, Mr. and Mrs. Bill Eubanks.

Miss Shirley Davis of Lubbock spent last weekend with Misses Sandra and Kay Lemons.

PLEASANT VALLEY

by Mrs. John West
The Lamb County Favorite Food Show met in the community Thursday, July 6, at 2:30. Each girl showed a centerpiece, correct table setting, and their favorite food. Pleasant Valley girls placed as follows: Junior Division, Patsy Angeley, second on a guaracole salad; Lynna Pitts, first on a fruit salad; Carolyn Allison, first on apple pie. In the Senior Division, Sheryl Stevens, first on a meat loaf; Veta Allison, first on an apple graham dessert.

Veta and Sheryl will represent Lamb County in the Senior Division at the District Favorite Food Show in August. Fifteen girls competed in the Favorite Food Show.

Mrs. Bonnie Haberer was guest speaker for the "Family Night" program at the Y. L. Methodist Church last Wednesday night.

Mrs. John W. West, Johnny, James, and Kathryn and Carol Kendrick's shopped in Clovis last Friday.

Mrs. Maude Bostick of Corpus Christi, Mrs. Ruth Sain and daughters of Durango, Colo., and Mr. and Mrs. Claude Hendricks of Lubbock were weekend visitors of Mr. and Mrs. Claude Hendricks, Sr.

Buddy and Nan Pool are staying with Nan's parents while looking for suitable housing in Clovis. Buddy has been transferred from Amarillo to Clovis.

Mrs. Jack Henderson is a patient in the Taylor Clinic in Lubbock, where she underwent surgery.

Mr. and Mrs. E. K. Angeley entertained their weekend guests with a "Musical" Saturday night. Weekend guests in the Angeley home were Mr. and Mrs. Hiram Cook of Clyde, Mr. and Mrs. Bernie Cook of Beaumont, Mrs. Roy Hardison and daughter of Ft. Worth. The Hardisons are house guests of Mrs. Bonnie Haberer.

The Thurlo Branscum's attended the Rodeo in Clovis Saturday night.

Mrs. E. K. Angeley, Patsy, Mrs. Jewell Crowe and Phyllis Milligan were in Lubbock on business Monday.

Janie Branscum attended 4-H Rally Day in Littlefield Monday.

Mrs. Doyle Turner and Sherri returned home Saturday afternoon from Lubbock. Sherri spent the week with the Allen Turners and Mrs. Turner with Mr. and Mrs. Royce Turner and their new baby.

LUBBOCK VISITORS
Mr. and Mrs. H. F. Vandiver, Muleshoe; Mr. and Mrs. Butch Vandiver of Littlefield and the Bob Vandivers of Lubbock met in MacKenzie Park Sunday.

Mike Barron In Annual Summer Football Classic

Amarillo—Preparations are being made to make the Fourth Annual Panhandle Grid Classic the best ever. Frank Hodnik, general chairman of the Grid Classic, announces a classy, power packed group to make up the Sodbuster squad. The Sodbusters are made up from the outstanding football players from Classes AA, A and B schools of this area.

The Panhandle Grid Classic is the annual all-star football game which is played between the stars of the larger high schools (City Slickers) and the stars from the smaller high schools (Sodbusters). Price College Stadium in Amarillo is the site of the game to be held at 8 p.m. Saturday, August 19.

Mail orders for tickets are now being accepted. Write to Panhandle Grid Classic, P. O. Box 2193, Amarillo, Texas. Ticket prices are Reserved Seats \$2.00 and General Admission \$1.50.

The City Slicker squad and coaches for both teams will be announced next week. Mike Barron, stellar guard on Muleshoe high school football teams the last three seasons will play as a guard on the Sodbuster squad.

David D. Crocker In Germany Exercise

Wertheim, Germany—Pvt. David D. Crocker, son of Mr. and Mrs. Clarence T. Crocker, Route 4, Muleshoe, Tex., recently participated with other personnel from the 72nd Artillery Group's Headquarters Battery in Operation June Bride, a Seventh U. S. Army summer field training exercise in Germany.

The group tested the ability of units within its command to provide maximum artillery fire in support of their mission. Crocker, a mechanic in Headquarters Battery, which is regularly located in Wertheim, entered the Army in March 1959 and arrived overseas the following August.

The 20-year-old soldier is a 1959 graduate of Seagoville High School. Before entering the Army, he was employed by English Form.

4-H Club Will Sponsor Auto Safety Project

An outstanding teenage driver is expected to be among the state delegation to the National 4-H Club Congress in Chicago next November, according to the Cooperative Extension Service. The delegate can be either a boy or girl just so long as he or she is enrolled in the national 4-H automotive program and meets the requirements for a state award. The winner will then be eligible to compete for a national \$400 college scholarship.

Work done in this project is helping to make young drivers more safety conscious and better informed on the mechanism of the automobile, judging from the stories submitted by the 1960 champions. The 4-H'ers not only learn rules of the road, but also the "golden rule" of driving.

Farm and city club members are equally enthusiastic about the new automotive program offered nationally last year by the Cooperative Extension Service and supported by the Firestone Tire & Rubber Co.

Club leaders recruit local law enforcement officers, state officials, traffic engineers, mechanics and other specialists to instruct members in good driving, car purchase and upkeep. Parents are involved, too, since their permission is sought for use of the family car.

Of the estimated 200,000 club members of driver age, better than 10 per cent were enrolled in the automotive program this

Student Council To Attend Workshop

Four members of the Muleshoe Student Council will attend a workshop on July 23 through 28 at Hardin-Simmons University. Kerry Moore, speech teacher and sponsor for the group will accompany them to Abilene. Those going are: Sylvia Pool, Bary Lewis, Jr., Lola Harrell and Robert Garlington. Student Council president, Robert Garlington said that the workshop would be beneficial to them in improving student council leadership and obtaining new ideas.

For more information about the project, contact the county Extension agent.

Girlstown Marks Twelfth Birthday

More than 300 friends responded to the invitation from Girlstown, U.S.A., located near Whiteface, Texas, to attend open house in observance of their twelfth birthday.

Mrs. Cliff Brown of the Leveland's Woman's Club, presented the cake at the celebration.

The older girls in the Home greeted the guests in the living room of the dormitory before leading them down the new covered walkway to the spacious dining hall and recreation center. Here they were served by the other girls hosting the tea tables.

The beautifully decorated cake was especially designed for the

occasion and with the floral centerpiece of blue and white tinted daisies, was a gift of the Leveland Womans Club. Music was furnished by two talented Leveland pianists, Miss Phyllis Moore and Miss Vivian Wheeler.

Buddy Pool Joins Clovis SIC Staff

Buddy Pool has completed a Southwestern Investment Co. training course in Amarillo and is moving from there to Clovis where he will assume his duties with S. I. C. there.

Mr. and Mrs. Pool have been visiting here in the home of their parents, the Lee Pools and Oscar Allison, the past weekend.

POST BINDERS, ledger sheets, columnar sheets at The Journal

Social Security Changes Noted Kinser Receives Army Citation

The new amendments to the social security law, signed by President Kennedy, give men early benefit rights similar to those women have had since 1956.

The change applies to men between 62 and 65 years of age, and is designed especially to help those who are unable to find employment because of their age or poor health.

A man now 62 to 65 years of age can start receiving benefits with the month of August. But if he retires before he reaches age 65, the monthly amount of benefit paid to him is reduced. He will continue to be paid the reduced amount even after he reaches 65.

Dependent widowers and the dependent fathers of workers who have died also can get benefits at age 62. Their benefits, like those of widows and dependent mothers, are not reduced.

For men who retire early, the amount by which their benefits will be reduced depends on the number of months which they will receive benefits while still under 65. A worker who retires and claims his benefits as soon as he reaches 62 will qualify for 80 percent of the amount that would be payable to him at age 65 based on his average earnings up until his retirement. If he waits until he is 63, he will get 66 2/3 percent of his full benefit; and if he waits until 64, the amount will be 93 1/3 percent.

The reductions are figured so

that a person may expect to receive, on the average, about the same amount if he takes reduced benefits beginning before he is 65, or waits until 65.

Members of the immediate family of a retired worker can get dependents' benefits if the worker retires at 62 or if he waits. Eligible dependents include a wife 62 or older, or a wife at any age if she has in her care children who are eligible for benefits. The child of a retired worker is eligible if he is under 18, or if he has been totally disabled since childhood.

The Committee on Finances of the Senate, in recommending this change in the law, said "The provision of benefits at age 62 for men will help to alleviate the hardships faced by that group of men who, because of ill health, automation, or other technological change, are forced into premature retirement before age 65."

For more information about this change in the law and the other changes made by the new amendments to the law, ask your nearest social security office for free information. Men 62 to 65 years old who decide to take their social security benefits now instead of waiting can also apply for those benefits at their social security office. The office in Lubbock is located at 1616-19th Street and is open from 8:30 a.m. to 4:45 p.m., Monday through Friday (except national holidays).

A representative of the Lubbock Social Security Office will

Private First Class Jimmy N. Kinser, son of Mr. and Mrs. Noah Kinser, was recently cited for meritorious service by his commanding officer.

The citation read as follows: PRIVATE FIRST CLASS JIMMY N. KINSER is cited for meritorious service as acting Communications Chief of Battery B, 4th Missile Battalion (NIKE-HERCULES), 55th Artillery, Thule Air Base, Greenland from 16 August 1960 through 5 February 1961.

PFC Kinser's performance of duty as Communications Chief was outstanding. He applied himself diligently to this somewhat unfamiliar duty, having enlisted only in January 1960.

PFC Kinser worked long extra hours to accomplish his assignment in an outstanding manner. PFC Kinser's initiative, loyalty and devotion to duty are to be commended and are reflected in the records of the Communication Section at this time.

PFC Kinser is neat in appearance; his military courtesy and discipline is outstanding. PFC Kinser's performance of duty is a distinct credit to himself and the military service.

be at the Bailey County Courthouse at 9:30 a.m., Thursday, July 20 and will be glad to assist in all matters pertaining to social security.

Ask your dealer about a real cool extra-cost option—Chevrolet air conditioning.

Corvair 700 Club Coupe. A 2-door budget-minded beauty with thisledown handling, rear-engine traction and quick-stepping, sassy performance.

Nomad 9-Passenger Station Wagon. Chevrolet's full-sized wagon more people are picking. A choice of six to save on from nifty Nomads to thrifty Brookwoods.

Bel Air 4-Door Sedan. Priced just above the thriftiest full-sized Chevrolets, Bel Airs give you the full treatment of Body by Fisher craftsmanship.

Impala 2-Door Sedan. Like all Chevrolets, this Impala gentles rough roads (or any other kind) with Jet-smooth magic.

Summer Savings Now at your Chevrolet Dealer's One-Stop Shopping Center

You'll find the buys even more inviting than the weather at your Chevrolet dealer's now. Because more people are buying Chevrolets than any other make, your dealer can serve up summer savings in extra big portions.

If you like your driving full sized, you can choose from thrifty Biscaynes, people-pleasin' Bel Airs and impeccable Impalas. If you've a yen for a big wagon, Chevy's got six that haul like sixty.

If thrift-size is your size, then Corvair's the car for you. Ten budget-pleasin' models to pick from. And, of course, every Corvair is a driver's delight thanks to the nimble, sure-footed going that's yours with Corvair's superb rear-engine design.

It sure adds up to a lot of happy-driving ways to save, doesn't it? Thirty-one, to be exact. With so much so handy at your Chevrolet dealer's, choosing a new car just couldn't be simpler or savin'er. Come in and see for yourself.

BABSON SAYS

Investors Should Study History

BABSON SAYS INVESTORS SHOULD STUDY HISTORY

Babson Park, Mass.—In addition to my beloved father and mother there are four outstanding people who have guided my life. These are Joan of Arc of France, Sir Isaac Newton of England, Isabel Babson of Gloucester, Mass., and Cecil John Rhodes of South Africa.

JOAN OF ARC THE UNEXPECTED

In the center of the public square, facing the home where I spent fifteen youthful years, is a life-size statue of Joan of Arc riding a horse and holding a sword. The statue was chiseled by the famous sculptress Mrs. Anna Hyatt Huntington. Joan of Arc not only has inspired me with courage, but has taught me to expect the unexpected. Her life shows how an unknown 18-year-old girl can change the fortunes of two entire nations. One year France was in supremacy and all English fortunes were at a very low ebb; then in a few weeks the picture completely changed. England became powerful and wealthy—despite the wicked trickery of the English who caught Joan with a flag of truce and burnt her at the stake.

SIR ISAAC NEWTON AND ECONOMICS

In the late 17th century, Newton announced to the world his Law of Action and Reaction, later called the "Business Cycle." Isaac Newton—unlike President Kennedy and his advisers—stated that periods of unemployment and suffering were caused by previous excesses of economic activity, waste, and luxury. In fact, Sir Isaac Newton's teachings were the foundation of my business.

We now have the third largest Newtoniana collection in the world. His actual library was brought by Mrs. Grace K. Babson from London and built into the Newton Library at the Babson Institute. My forecasts today are based upon the teachings of Sir Isaac Newton who—in a way—founded Babson's Reports.

ISABEL BABSON OF CAPE ANN

Early in the 17th century a wonderful woman and her young son James left London in a sailing vessel for a six-weeks trip across the Atlantic Ocean to Salem, Mass. From Salem they came to Cape Ann where Isabel became physician, midwife, and

maternal nurse to the sixty families then living on Cape Ann. From her son James all Babsons in America are believed to have descended. April of this year marked the 300th Anniversary of Isabel's death. A small Pre-Natal College is being started in her memory. It will be located at 69 Main Street, Gloucester, Mass., where she had her humble log cabin hospital and became known as "Good Woman Babson."

The fourth character who greatly influenced my life was Cecil Rhodes of London who, broken down with tuberculosis, boarded a sailing vessel to South Africa. Since I have also been so afflicted, Cecil Rhodes is one of my "saints." He became the bold developer of Rhodesia and Africa's greatest statesman and financier—working toward the Congo about which we hear so much today. He died in 1902 at the age of 49. I visited his grave in Africa. His dying words were: "So much to do, and so little time in which to do it." He said this after developing the diamond and gold mines of Africa and leaving all his great wealth to international education.

ANCESTRY STUDIES ARE GOOD HOBBIES

The study of ancestry has been a hobby of mine and I recommend it to other businessmen as a change from collecting stamps and similar means of keeping one's mind employed. Studying ancestry is a most fascinating and surprising avocation. Furthermore, it means we are collecting new and permanent data which can be bequeathed to our heirs. All such work which we do is cumulative and can be carried on further by others after our death.

Those who have the time should interest their children and grandchildren in the laws of heredity, including genes and chromosomes and the new polymer sciences which may completely upset the orthodox theories of heredity. If we could interest our teenagers in the polymers, it might result in much happier marriages and more useful grandchildren.

ERICSONS VACATION IN WASHINGTON

Mr. and Mrs. E. G. Ericson and daughter, Lynn, left Muleshoe Saturday for a two week tour of the state of Washington. They will also do some traveling in and sightseeing in the lower part of Canada.

SANDHILLS PHILOSOPHER GLAD:

To Learn Congress, Like Him, Knows How To Raise Debt Limit

Editor's note: The Sandhills Philosopher on his Johnson grass farm discusses finances this week, personal and national.

Dear editor:

There are many things I don't understand about Washington, and I guess this is balanced out by the fact there are many things Washington doesn't understand about me, but when it comes to financial matters, Washington is pretty much in step with the rest of the country.

I know it's customary to complain, if not yell and scream about the amount of money Washington spends, but when you get right down to it, Washington pretty well reflects the rest of us.

For example, I was trying to scrape up enough money to buy without television, everybody a new picture tube for my television set—I could get along did fifteen years ago, but who does?—and it was straining my budget and to rest my mind and clear my head for a proper decision on this matter I picked up a newspaper and ran across an article that made my decision easy.

According to it, Congress has a permanent debt ceiling for the country. Back in 1954, Congress decided unlimited wild spending had to be curbed, a line had to be drawn, and since then it's been against the law for the national government to get further into debt than 285 billion dollars. But along about this time every year Congress looks up and

discovers a picture tube, so to speak, has blown out and it's going to take some extra money to run the country. So last week, as it has done every year since 1954, Congress temporarily raise the debt limit, this time by 13 billion. Understand, the permanent ceiling of 285 still stands, this is just a temporary measure to get by on this year, and it's still against the law, the permanent one, that is, to go beyond the 1954 figure.

This is what I'm talking about. How could me and Congress know that my picture tube was going to burn out or that 15-million-dollar missile was going to fizzle? We've got to be economy-minded if this country, including this Johnson grass farm, is going to survive, but an emergency is an emergency.

Everybody ought to have a permanent debt ceiling, but if he's going to let it stand in the way of national defense and good television reception, he's out of touch with me and Congress and a good many of the rest of you.

Yours faithfully,
J. A.

2 Local Students On Wayland Honor Roll

Wayland — Making the scholastic honor roll at Wayland Baptist College in the spring were 116 students including Mrs. Martha Wuerflein Morgan of Muleshoe. Of the 116 students, 10 made an "A" average.

Mrs. Morgan, a 1957 graduate of Muleshoe High School, maintained an average of 2.0 through the past semester, a "B" average. Daughter of Mrs. Lillie Wuerflein, Route One, Muleshoe, Mrs. Morgan graduated from Wayland this spring. During her senior year she was selected by the students and faculty of Wayland to Who's Who in American Colleges and Universities.

NATIONAL AGRICULTURAL ADVISORY COMMISSION

On June 27, 1961 the White House announced the appointment by President Kennedy of a 25 member National Agricultural Advisory Commission, Chairman by Harry B. Cladwell of North Carolina, 1,547-400. (Texas Crop and Livestock Reporting Service).

Industry on View

The following is the first of a series of articles by E. Hofer. The author's aim is to advocate and encourage policies which he believes essential to the well-being of America, the development of industry, the sound investment of savings and steady employment of American workers.

The editor of the Journal screens the articles, but those views expressed are not necessarily those of the editor, the publisher or this publication. They are offered to stimulate thought and for your consideration.

One of the bill's major provisions would prohibit the patenting of many pharmaceutical products unless the newly discovered compound could be proven significantly more effective than all chemically related drugs already on the market. In other words, proving that a drug is safe and good—matters which are covered by long-established law—would no longer be enough. A government agency would have to agree that it was better.

If this sounds plausible to you, think again. A preparation which is effective with one patient may fail entirely with another. Only the practicing physician is competent to decide which particular drug is best in any given case. Patients, after all, are individuals, with individual idiosyncracies. And, as the old saying has it, one man's meat may be another man's poison.

Moreover, authoritarian bodies—and any government agency with the power to decide which of a group of related drugs is best must be authoritarian—have often been guardians of orthodoxy rather than champions of progress. In the past, medical "experts" rejected Jenner's smallpox vaccine, Pasteur's anthrax vaccine, Lister's theory of antiseptics, and Semmelweis' discovery of the cause of childbed fever. All of these innovations have proven to be milestones in medical history.

American medicine is the best in the world, and the pharmaceutical industry has made an important contribution to that

end. The proposed legislation would amount to a roadblock in the way of further progress—the ultimate in rule by decree.

A NEEDED "EXPORT"

It has been suggested, in high official quarters, that lessons learned by the Tennessee Valley Authority could profitably be exported to other nations to which we provide aid of one kind or another. And that proposal produced an interesting comment from The Saturday Evening Post.

"While few dispute the accomplishments of TVA as an engineering achievement," says The Post, "it would be less than accurate to send abroad the impression that only by tax-consuming, semisocialistic projects have we taken long leaps forward."

"Actually the most striking progress in this industry, as in most others, has been made by private-investor companies. Despite taxes and interest rates which favor public power... at least 80 per cent of our electric power is produced by private-enterprise companies. The Idaho Power Company's Hell's Canyon dams add enormously to the power resources of the area and, incidentally, pay \$10 million in Federal, state and local taxes...."

"Obviously a vast publicly financed and virtually tax-exempt enterprise like TVA can produce electricity, but the message which one might expect an American Government to send abroad is the fact that the most significant American economic progress, including that in the electric-power industry, has been made by private corporations and individuals. Sometimes one is tempted to believe that many

American politicians have forgotten his fact."

This country should not attempt to force the American economic system or any other American innovation or tradition down any country's throat. But we are engaged, at a cost approaching \$50 billion a year, in a no-holds-barred struggle with communism, which is simply an extension of socialism with a maximum of ruthlessness added. Self-preservation, if nothing else, should lead us to "export" the ideals and philosophies from which our strength stems—and one of the most important of these is a free enterprise system which helps maintain all the other freedoms.

H. E. Musson and Co., are the engineers in charge of construction and the Lenora Lumber Co. is furnishing the building material.

and stucco structure and will be 40 by 80 feet.

Electric work will be donated by Dave Collier and the sand and gravel by A. W. Copley. Other labor contracts have been given to the Wilterdings and Lee and S. L. Robinson. Clarence Jennings will do the plumbing.

H. E. Musson and Co., are the engineers in charge of construction and the Lenora Lumber Co. is furnishing the building material.

—1941—

The Pierette Club entertained their husbands, the Pierotts, with a lawn party at the home of Katherine McNeese on Tuesday night.

An old fashioned picnic supper was served. After supper games were played by the guests.

Those attending were: Mr. and Mrs. Houston Hart, Mr. and Mrs. Bob Cantrell, Mr. and Mrs. Ferrell Little, Mr. and Mrs. Woody Lambert, Mr. and Mrs. Francis Gilbreath, Mr. and Mrs. Alvin Hobbs, Mr. and Mrs. Lester Garth, Miss Doris Hamilton, and the hostess, Katherine McNeese.

—1941—

Miss Chrystal Kennedy, daughter of Wm. G. Kennedy left for Austin last week to attend the University of Austin for six weeks to work on her masters degree.

Miss Kennedy is a graduate of Texas Tech and taught in Jayton public schools last year.

(Items from the July 10, 1941 issue of The Muleshoe Journal).

Work was started Tuesday on the educational building for the Muleshoe Methodist Church. The building will be of frame

NEW BRIDES VERSUS MEAL PLANNING

Thoughtful planning can make meal preparation more cheerful and less tearful for beginning homemakers.

Meals need not be elaborate or expensive in order to be attractive, tasty and nutritious. Nor does the cook need a lot of elaborate equipment to prepare an adequate meal. Knowing the basic pattern for planning daily meals will help a great deal.

What is a nutritionally adequate meal? And what equipment is needed in preparing it? Using the Texas Food Standard as a guide for nutritional adequacy, specialists have prepared the following list of equipment needed for the preparation of each basic food group.

Meats, including poultry, fish and eggs; potatoes; green and yellow vegetables; and other vegetables. Utensils needed for these four food groups include: A 6-quart Dutch oven and cover; three sauce pans with covers, 1-quart and 3-quart sizes; two skillets with covers, 8-inch and 10-inch sizes; and a 2-quart casserole with cover.

Breads and desserts. A cookie

sheet; 2 round 8-inch cake pans and 1 square 8-inch or 9-inch cake pan; the casserole cover listed above for a pie pan and one 15 x 2 1/2-inch utility pan.

Beverages. One 6-cup coffee-maker and one teapot. Beginning homemakers will appreciate other meal planning and preparation guides, and the tested recipes given in the following extension bulletins: QUICK MEALS, VEGETABLES—SELECTION AND PREPARATION, and GOOD MEALS EVERY DAY. Call or write for your copy of these bulletins, my phone number is 3-9130 at Muleshoe. My post office box is 464.

TRY A GAY BREAKFAST TABLE

Breakfast tables with eye-appeal are just as important as attractive dinner settings—maybe more so.

Many people are more sensitive to what is appetizing at the start of the day. Haven't you heard, "I like it, yes—but not so early in the morning!"

Sometimes we're sensitive without realizing it. Milk bottles, cereal boxes and cream carons are not really unsightly. Food companies spend a lot of money

making them attractive. But put them all on the table together, and the general effect doesn't add much to the enjoyment of a meal.

Breakfast tables needn't be fussy or elegant. Simple place mats, the table neatly set, cream and sugar in appropriate containers, a center piece of flowers or fruit—all these things mean more than you might realize.

It can mean helping your family—and yourself—start the day right with a good breakfast.

Of course, the food itself should be well selected—fruit, cereal, bread and milk, at least. Or, for bigger appetites, serve fruit or juice followed by an egg, either alone or with ham, bacon or sausage.

This may mean getting up a few minutes earlier. But research proves that it is well worth the time and effort; why not try it?

PUT VALUABLES IN ORDER BEFORE VACATION

Planning a family trip? If so, put aside the road maps and travel folders long enough to place valuable household papers in order.

Loss of a valuable paper from theft, fire or carelessness could spoil your vacation. A safety deposit box at your bank is one of

CARD OF THANKS

Enochs News Events

A wiener roast and swimming party was given at Morton Park by the Junior girls of the Baptist church, Thursday evening, July 6. Sponsors were Mrs. E. N. McCall and Mrs. R. H. Layton. Those attending were Sharon Hall, Dolores McCall, Frankie Sanders, Marilyn McCall, and Debbie Vanlandingham, and one visitor, Joe Linda Robertson.

Mr. and Mrs. Clifford Brasher and girls of Plainview spent the weekend visiting her parents, Mr. and Mrs. W. M. Bryant. Rev. and Mrs. J. J. Terry visited in Roaring Springs on Monday, July 3, with his Mother who has been ill for sometime. She was found to be slightly improved. The Terrys went from there to Floydada on Tuesday to attend Family Day at the Baptist Encampment.

Attending Brotherhood Camp at Floydada on July 7 from the Baptist Church were Buford and Morris Peterson, Donald Grunsendorf and Rev. J. J. Terry. The group cleaned up and cut weeds around the Enochs church cabin in preparation for the visits there by Enoch young folks this week. Later the group attended Worship Service there

limit on most of the toll road will be raised from 60 to 70 miles per hour. Toll charges for an end-to-end trip by passenger cars will be hiked from 50 to 60 cents; for heavy trucks, from \$1.25 to \$1.35.

Texas Turnpike Authority voted the higher fares after receiving estimates that the operation would have a \$425,000 deficit at the end of this year unless revenues increased. Sabine Dam Under Study After a hearing on the pros and cons, State Board of Water Engineers has granted the Sabine River Authority's application for a permit to build the proposed Toledo Bend reservoir. Sabine, for quite a stretch, serves as the boundary between Louisiana and lower East Texas, and the proposed dam is to be a joint Texas-Louisiana project.

Spokesmen for timber interests in the area told the Board the reservoir, slated to be 100 miles long, would put valuable timber under water and sawmill workers out of jobs. It would take 10 years, said a sawmill representative, to get all the timber out of the area. Advocates of the dam contended that the \$5,000,000 project will ultimately benefit the area by attracting new industry and helping to offset future water shortage.

More Jobs, More Jobless More Texans were out of work this May than a year ago, Texas Employment Commission reports. Employment increased 3,200 over a year ago, but unemployment was up by 30,800, indicating job seekers are increasing 10 times faster than job openings. Average weekly wage for Texas factory workers during May was \$91.46, compared to the national average of \$92.66.

Highlights And Sidelights From Your State Capital

AUSTIN, Tex. — Texas legislators, like students who failed to complete their work in the long term and have to come back to summer school, return to Austin this week to "get it over with." Goal is the passage of a two-year appropriations bill expected to run around \$2,600,000,000. To pay for it, they will need to find some \$350,000,000 more in tax money than now provided on the law books. But if money is short, advice is not. At least three committees have a word or two for the lawmakers. Two are unofficial. They are the Citizens for a Sales Tax, whose name explains its purpose, and the Citizens for Fair Taxation, which

is pushing Gov. Price Daniel's plan for additional selective sales taxes, plus more business taxes, higher taxes on alcoholic beverages and others. A third committee, appointed by the Governor, avoided a single, specific recommendation but pinpointed some sort of retail sales tax as the most likely source for the amount of money needed. This committee is composed mainly of the chairmen of governing boards of state welfare and educational agencies.

Committee suggested that either the retail sales tax passed by the Senate last session (a "general" sales tax with exemptions for food, farm supplies, medicine) or a "Pennsylvania-type" tax which affects only the items listed in the bill or a combination of the two might be the answer. All of which leaves the Legislature just about where it was—with at least some support, and some opposition, for any course it might take.

Auto Insurance Raised Beginning August 1, Texas motorists will pay higher premiums for automobile insurance. How high the premium goes will depend on the county in which the motorist lives and its accident record. In general, the big city counties have higher accident rates and insurance premiums than rural counties. In Travis County (Austin), the increase on a typical policy would be 15 per cent; in Dallas County, about 17 per cent. This is the first increase in the base rate for auto insurance ordered by the State Board of Insurance since 1958. Reductions or increases for traffic accidents and violations under the Safe Driving Plan will continue as before.

Reasons given for the rate raise include: 1. More people than expected qualified for the 20 per cent premium cut allowed under the Safe Driving Plan for drivers with no accidents or violations. This caused a decline in premium income. 2. Higher cost of repairing today's wrap-around windshield, wrap-around fender cars. 3. Generous jury awards for injury and damage claims. 4. Drop in the number of new cars sold last year. 5. Apparent dropping of insurance by some motorists who had previously carried it.

Highway Costs Up Cost of having good roads, the State Highway Department frankly admits, is going up. Highway Commission has announced a highway maintenance budget for the next fiscal year (Sept. 1, 1961 to Aug. 31, 1962) of \$51,300,000—which is up \$2,100,000 from the previous year.

Reason given for the increase: Texas had more than 1,100 new highway miles to care for and it costs more per mile to care for them. But proper upkeep, says the Commission, "stretches the taxpayer's dollar by increasing the life of the road." Department now maintains 57,757 miles of highway at an average cost of \$811 per mile for upkeep. Per mile upkeep cost has increased \$19 since the last fiscal year.

Higher Speed, Higher Toll Beginning September 1, higher toll charges will be made on the Texas Turnpike, linking Dallas and Fort Worth. Beginning August 28, effective date of authorizing legislation passed last spring, the speed

THE MULESHOE JOURNAL

LETTERS TO THE EDITOR

(Editor's Note: Below is a letter received from Mrs. J. M. Carter, an old-time Muleshoe resident. In it she tells of some of the geographic features of Muleshoe in 1915-16 and of some of the people here at that time.)

Mrs. Carter also asks about the possibility of an Old Timers Reunion in Muleshoe. Regrettably, there is none. Perhaps this would be a good project for some ambitious group. Could it come in connection with the July 4 Celebration?

Editor, The Journal: I have often wondered if Muleshoe holds a celebration that old timers can return and see old acquaintances?

I read about the 4th of July celebration but understood everything was to be after 5 p.m. I wonder how many of those dozen or more, who attended school in the little white church the winter of 1915-16 are living there. I spent several months there in my sister's home. Our teacher was Miss Bess Nance, of Hereford. I would like to learn where she is. I'd like to attend any celebration planned there in the near future.

There was the depot, section house, water tank, which my brother-in-law, G. M. Parker, kept pumped full of water as well as the tanks at Roundup and Jaynes. The church and store, bank, three residences, a barber shop and a two story hotel and city windmill—this was Muleshoe in 1915-16.

I have lived here in Slaton since 1922 and spent part of 1913 here. Yet I have not revisited Muleshoe. I passed through on the train several times and by car, but never had a chance to stop.

Mr. and Mrs. Rutherford ran the hotel. High Carr was the barber, Mr. Smith operated the store.

There was a Rev. Foster, who reached in the little church and taught an art class Friday afternoon at school. He and his wife were from Virginia and as I recall were Congregationalists. They had one baby girl. They had pictures he painted.

If there is to be a gathering soon, I would like to attend. Thanking you to write me of such,

Yours truly,
Mrs. J. M. Carter

DOLLAR BILLS are shown above. Left to right, seated, are Ronald Scott, Donny McDermott, Tommy Taylor, Leland Ferris and Richard Alsop. Second row, Marshall Martinez, Danny Hoover, Dale Bell, Gus Taylor, Gregg Dalton and Johnny St Clair. Third row, Joe Shipman, Alex Schuster, Alfred Patterson, David Gupton Charles and Mike Culbert. Manager is Norman Thomas.

CUBS — Pictured above are the team members of the Cubs. They are, (seated, left to right), Ricky Botkin, Ronnie Daniels, John Grusendorf, Jerry Taylor and John Ward. Second row (left to right), Gary Matthews, Curtis Ball, Mike Ward, Larry Vaughn and Philip Barron. Third row, left to right, players are Mike McMillen, Terry Kendall, Terry Parham and Kenny Gully. Managers are Doc Botkin and Guy Kendall.

Minutes Of School Board Meeting

JULY 10, 1961

1. Accepted resignation of the following personnel:
Mrs. Josephine White, business teacher, High School. Mrs. Tommie Middlebrooks, elementary teacher of Richland Hills. She is moving to Sudan. Mrs. Mrs. Christine Rutherford, elementary teacher of Richland Hills. Moving to Hamilton, Texas. Mr. Frank Ford, principal of Richland Hills elementary. Has accepted a teaching position in California.

2. Approved contract for Mrs. Ruby Lee Kerr for teaching of ninth grade English in the high school. She has seven years experience in this field, at Hobbs and Portales, N. M., and Hereford.

3. Discussed student and football insurance plans for the coming year. Tabled until future investigation can be made of the details of the plans presented.

4. Accepted the bid of Malone Milk Company of 5 1/4¢ per unit, less 3% discount on all invoices, for milk for the school cafeterias.

5. Discussed purchase of new baking oven for High School cafeteria to replace worn out oven. Schools will take quotations for both gas and electric.

6. Discussed personnel needs for the coming school year. No additional teachers will need to be added. There will be a

small adjustment in some levels to meet changing enrollment. The Board approved the hiring of a full time secretary in the High School, and part time secretaries in Richland Hills and Mary DeShazo Elementary schools.

7. Board voted to put up for sale a 150 foot strip along the South side of the High School campus for \$17,500.

8. Set the tax rate for the coming school year, 1961-62, at \$1.60. This is the same rate as last year. \$1.25 of this rate is for maintenance, and 35 cents for interest and Sinking Fund.

9. Financial report given and accepted. Current bills were paid.

10. Authorized Superintendent to take quotations for replacing ceiling at Hilltop school with sheet rock.

11. Approved request to put name plate on East Mary DeShazo Elementary school building.

Today's Meditation

Read Luke 6:12

It came to pass in those days, that he went out into a mountain to pray, and continued all night in prayer to God. (Luke 6:12.)

The Gospels tell us stories about Jesus' seeking the presence of the Father outside the temple doors. In the wilderness He sought God for strength to fight temptation. After a busy day, He prayed in the mountain. At the hour of His greatest need, He went to a secluded garden. Jesus felt that out of doors He could be close to the Father.

During a summer workcamp located on a hilltop, the young people called what they called their "Chapel in the Woods." The walls of the "Chapel" were the foliage and its roof was the open sky. The campers held their dedication service there. They felt the presence of God in this open chapel.

We, too, can be with the Almighty when we seek Him outdoors. He is always there. He whispers to us through the flowers and birds, through the wind, the rain, and running waters. When we appreciate God's handiwork, we exalt Him and rejoice in His presence.

PRAYER: Under the canopy of the sky, O God, we come to Thee. Teach us to

RETURN FROM VACATION

County Attorney Karl Lovelady and family have just returned from a 2-week vacation to points of interest in Colorado, Wyoming, Nevada, Montana, and Canada. Aside from major points of interest such as Yellowstone National Park, they enjoyed many side trips in the various states.

VISITING SON

Mrs. Homer Wyatt is in Artesia, N. M., this week visiting with her son, Gerald Wyatt.

be appreciative of Thy works around us. Teach us to become more aware of Thy presence in the beautiful out of doors. Through Christ, who prayed in the garden, we pray, Amen.

THOUGHT FOR THE DAY
The presence of God is manifested in His creation.
—Henry B. Pablo (Philippines)

Christian Science Service

Enrichment of life through spiritual understanding of God is a theme to be brought out Sunday at Christian Science services.

One of the Scriptural selections in the Lesson-Sermon on the subject of "Life" is from John (17): "And this is life eternal, that they might know thee the only true God, and Jesus Christ, whom thou hast sent."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy this passage will be read: "Ignorance of God is no longer the stepping-stone to faith. The only guarantee of obedience is a right apprehension of Him whom to know aright is Life eternal" (p. VII).

BAKING CHAMPION COMBINES COOKING SKILL WITH ELECTRIC RANGE AND HOME FREEZER FOR PRIZE-WINNING RESULTS.

Mrs. Michael is a Tri-State Fair baking champion in many classifications. Her white bread, French bread, sweet rolls and cup cakes have all brought her top honors. And, of course, she bakes electrically.

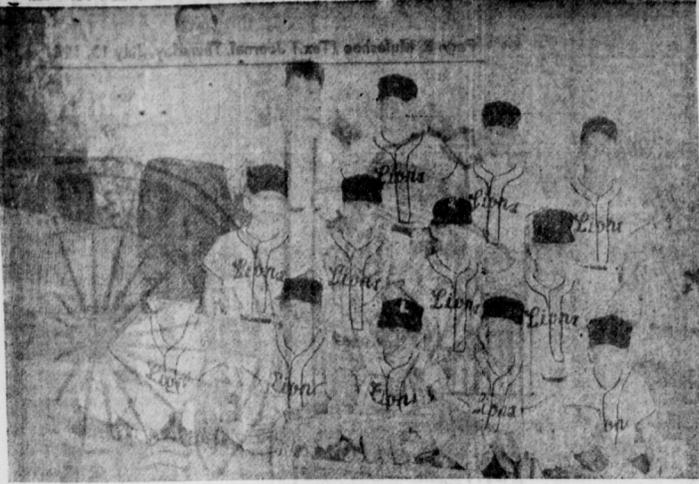

Mrs. Michael bakes in quantity and freezes the bread and rolls in her home freezer so that her family can enjoy these delicious home made pastries at all times.

The Michaels have had a home freezer for 15 years and find that it makes it possible for them to buy in quantity when prices are low — and save money. As Mrs. Michael says: "We couldn't get along without our home freezer." You won't want to after you buy yours.

FREE • WHILE THEY LAST

A set of five durable plastic bowl covers are yours for just asking your Reddy Kilowatt Dealer to demonstrate his freezer or refrigerator-freezer for you. Ask him soon.

Lone Star Agriculture

WHO DO FARM PROGRAMS HELP MOST?

How is it that the American farmer keeps getting it in the neck repeatedly and increasingly as being a burden on taxpayers, a depressant on the economy, a costly necessity for the nation?

It is most likely that those who malign the farmer as being a drain on the country's pocketbook don't realize that it is the public—not the farmer—who would pay most dearly if farm programs should be abolished. What about surpluses? The fact that surpluses are produced—and that alone—holds retail prices for many foods as low as they are today. The slightest shortage would result in skyrocketing consumer prices.

This is but one instance in which farm programs work primarily for the public. Here are some others:

WATER RESERVOIRS AND FLOOD CONTROL

The city dweller who lives near a river which used to wreak havoc by flooding probably doesn't realize the series of reservoirs which regulate the water in upper reaches of the river were charged to the farmer on whose land they are located. The farmer may get little or no benefit from the reservoirs—but they are charged to the farm program.

SCHOOL LUNCHES

Every citizen's child who eats at a public school cafeteria is benefitted by low-cost meals made up partially from surplus products given to the school and charged to the farm program.

FOREIGN AID AND MILITARY ASSISTANCE

Billions of dollars worth of foreign aid programs and military assistance for other countries are paid for with agricultural commodities, the cost of which is charged to farm programs.

MERCHANT MARINE SERVICE
Fifty million dollars a year accrues to the Merchant Marine

for transporting farm commodities to other countries.

ARMED FORCES

How many people realize that part of the cost of the milk and dairy products used by our armed forces is charged against the farm program?

FORESTS

A billion forest trees a year are being planted on eroded and tired land. The farmer who plants those trees will not likely ever harvest any of them. The cost of all public reforestation is charged against agricultural appropriations.

CONSUMER SERVICES

Research on preparation and handling of food for the housewife's benefit is billed to the farm program. Inspection of meats and other food products, charged to the farm program, is primarily for the benefit of the non-farm population.

CONSERVING

The soil and water of our land is our most vital possession. Nearly all the cost of conservation work on soil and water is charged to the farm program.

American agriculture has been called the greatest stabilizing influence in the world's economy. If we had not the assurance of abundant food in our nation, chaos would be felt throughout the world. That food supply must be sustained, for by sustaining it, we sustain ourselves and our families.

WOOL PRICES

Prices received by U. S. farmers for wool during the 1960 marketing year averaged 42.0¢ per pound. This was 3% less than a year earlier and 23% below the 1950-59 average of 54.2¢ per pound.

Wool sold by Texas producers during the 1960 marketing year averaged 42¢ per pound. This compares with a 44¢ average received a year earlier. The wool marketing season extends from April through March of the following year. (Texas Crop Reporting Service)

HALF CENTURY CLUB ENJOYED PICNIC

Members of the Half Century Club met last Thursday in the City Park for a picnic supper.

Those attending were: Meses, Leota Withering, Anna Moeller, Bertie Paul, Hazel Farrell, Laura Gilbreath, Mae Busbice, Mary Young, Pearl Moore and Hertha Walker.

Visitors for the outing were Mrs. Wilhite, Tye Young, Rufus Gilbreath, and Bill Moore.

Mexican Supper To Be At Leal's Cafe

A Mexican supper will be sponsored Tuesday evening, July 18 by the Sociedad Catolica, a Catholic Men's club that is promoting Christian-Catholic education by the press and air.

The Mexican supper will be served in Leal's Cafe on Highway 84 from 5:30 p.m. to 9 p.m. Tickets will be \$1.25.

Parmer County Farm Bureau News

July 23 to 29 is National Farm Safety Week. It may seem to some that such an observance serves no useful purpose. It seems, however, that emphasis on such subjects may have a good educational effect on most of us and make us more alert as we go about our work. So many farm accidents seem to be, and, in fact are unnecessary. The important point is that everyone be extra careful at all times, foreseeing the injury that could occur because of carelessness.

It appears that the Agricultural Act of 1961, the Omnibus Farm Bill, has been defeated in Washington. Credit for stopping this disastrous proposed legislation goes to many individual farmers and ranchers who took the lead in educating

their congressmen and senators in Washington. Farm Bureau has testified against the bill and tried to get the facts to members and all other farmers and ranchers throughout the hearings.

It is not to be expected that this will be the end of the radical socialistic efforts by supporters of the now dead omnibus bill. It is important that farmers and ranchers stay alert to further efforts in this direction. Farm Bureau will, of course, be watching these efforts and at the same time be promoting the Farm Bureau sponsored Croplands Adjustment Program.

We think it is exceptionally good news that the A. F. L. and C. I. O. has officially dropped its program to organize agri-

cultural workers in California. We think, and others have stated that they believe that California Farm Bureau was largely responsible for the opposition that caused labor leaders to drop their program for the present.

It cost the union \$500,000 to enroll only 3,500 farm workers from a potential of 250,000 during the two and one half year drive. It is important that we remember that they may begin similar operations in another area where the opposition may not be so alert.

We believe, however, that this California deal has alerted all state Farm Bureaus to the extent that they will be able to cope with any future ones of a similar nature.

If you haven't paid your dues in the last year, do it now. We just have eleven more members than we had last year at this time.

CONSIDER THIS: Rejoice not when thine enemy falleth, and let not thine heart be glad when he stumbleth: Lest the Lord see it, and it displeases him, and he turn away his wrath from him. Proverbs 24:17-18.

OPERATION ABOLITION

The Americans for Democratic Action called on the Department of Defense to reject the use of the film "Operation Abolition" in any of its programs and also suggested a thorough review of the objectives and methods of the Armed Forces Information and Education Programs to determine whether they serve the needs of the military and the nation.

GUESTS IN POOL HOME SUNDAY

Sunday guests in the Lee Pool home were Mr. and Mrs. Ernest Hammock from Big Spring, Mrs. Pearl Hammock, Mr. and Mrs. Oscar Allison, Gary Stone and Mrs. Norma Jones and children all of Muleshoe, and Buddy and Nan Pool of Amarillo.

Jessie Pool, niece of Mr. Pool, arrived here late Sunday afternoon to spend a week visiting with the Pool family.

LEGAL NOTICE

ORDINANCE NO. 21A AN ORDINANCE AMENDING SECTION 4 OF ORDINANCE NUMBER 20A

BE IS ORDAINED BY THE CITY COUNCIL OF THE CITY OF MULESHOE:

SECTION 1. Section 4 of Ordinance Number 20A, an Ordinance defining and prohibiting nuisances within the City Limits of Muleshoe, Texas, is hereby amended to read as follows:

Whenever any nuisance generally or specifically defined in this article shall exist within the corporate limits of the City, the City Manager and/or the City Health Officer of the Department of the Department of Public Health shall notify, in writing, the owner or occupant of the premises whereon such nuisance exists, described in such notice, within such time as may be specified within the order. Further provided that any owner or occupant so notified may appeal the decision of any administrative officer named above to the City Council in writing. When so notified the City Council shall meet at the earliest possible time and the person requesting said hearing shall be notified of such meeting. The person requesting said hearing may present such evidence to the City Council as he deems pertinent. The City Council shall then decide by majority vote of those present whether a nuisance, as defined and prohibited by this Ordinance does exist.

Adopted by majority vote of the Council of the City of Muleshoe this 6th day of July, 1961.
