## 500 times on the "CHAIN GANG"...

Bill Chancy (second from right) was honored by the Tahoka Booster Club with a Bulldog jacket in honor of his 500th game as a member of the "Chain Gang" on the sidelines. Chancy has missed only one game in 50 years serving on the sidelines, and his wife says he only missed that one because their car broke down on the way back home for the game. Shown with him at right is TISD Superintendent David Hutton, and from left are family members Clayton, Matt, Jabo and Malcolm Chancy. All five Chancy's in this photo have played football for Tahoka, as well as a grandson, Michael Tipton, who is not shown here.

## Unbeaten Dogs To Open District Play At Morton

By DALTON WOOD

Tahoka won its second close game in a row to remain unbeaten in five games this season as the Bulldogs held off Ralls 14-12 here Friday.

This week Tahoka will go to Morton to open district play. The Indians, 1-4 for the year, were bombed 55-6 by Post last Friday.

Not since 1966 has a Tahoka team won its first five games in a football season. That year the Bulldogs wound up 8-2.

With Dustin Burleson rushing for 136 yards and two touchdowns in the first half Friday, Tahoka took a 14-0 lead at halftime and Ralls was fortunate not to be further behind. But the second half was all Ralls as Tahoka had only 22 yards of total offense in the second half and drew 10 more penalties, mostly on defense, with two big ones coming in a Ralls touchdown drive. Tahoka had just two first downs in the last half (none in the third quarter) and one of these was on a penalty.

Burleson wound up with 148 yards in 18 carries, and Reggie Moore had 49 yards in just four carries for Tahoka. Monty Hale rushed twice for 10 yards and caught three passes for 27 yards.

On defense, there was good work by Hale, Moore, Gary Chapa, Joseph DeLeon, Derrick Hatchett, Armando Pallanes and Matt Garcia, who also kicked the two extra points which made the difference in the game.

The Ralls defense was led by sophomore linebacker Rusty Bevel, who made a lot of tackles, including several good solo shots.

Tahoka started with a bang Fri-

day as Reggie Moore raced for 29 yards on the first play from scrimmage after the Dogs took the kickoff. Then the Bulldogs capped the drive as Burleson ran 10 for the touchdown and Garcia kicked to make it 7-0.

In the second, Burleson had a 40-yard run, but fumbled at the end of it and Ralls recovered. However, Burleson just did it again when Tahoka got the ball back, this time running 43 yards for a touchdown. Again Garcia kicked and Tahoka had what looked like a comfortable lead at halftime.

But in the second half, the Bulldogs' offense couldn't be found. A fumble recovered by Ralls at the Tahoka 9 led to a 1-yard Jackrabbit TD scored by QB Brandon Beversdorf. A kick was no good and it was 14-6 with 6:04 left in the third.

Late in the third, Ralls started a drive which wound up with a score in the fourth, aided greatly by Tahoka defensive penalties, including a personal foul penalty which put the ball on the Bulldogs 10. After that, good defense led by Chapa and Davy Stone left Ralls with a fourth down at the 6. But one of Ralls' two pass completions of the game, from Beversdorf to back Ron Johnson scored a touchdown with 8:22 left in the game. Ralls tried to pass for 2 points which would have tied the game, but Rocky Moore intercepted for Tahoka.

**WILLIAM M. (BILL) SAWYER**  
**Bill Sawyer**  
**Is Candidate**  
**For Commissioner**

Some time ago I, William M. (Bill) Sawyer, announced as an Independent Candidate for Lynn County Commissioner Precinct 2.

My wife, Marguerite, and I are the parents of two sons, William M. Jr. of San Angelo, and Stuart of Lubbock, and grandparents of four, Will, Jeff, Justin and Shelby D'Laine Sawyer. We are members of the First United Methodist Church.

My business background includes General Manager of a Chevrolet Dealership for 11 years; real estate investments; ranching and Furniture Ole' that will soon have a 10th anniversary. Furniture Ole' has customers in Lubbock, O'Donnell, Post, Brownfield and other area towns.

The county is a big business and should be run as a business. I know how to run a business. Lynn County tax money should be spent in Lynn County whenever possible. I'm for responsible government but the tax payer should not be shorted when it comes to service. I am not a "Yes Man" to anyone. I am very cost-conscious and will look for ways to balance the budget without raising taxes. Lynn County is a business and should be run as such.

Your vote and support will be appreciated. Early voting begins Oct. 16 at Lynn County courthouse during regular business hours, additionally, the courthouse will be open 7 a.m. - 7 p.m. Saturday, Oct. 19 for early voting. The election is Tuesday, Nov. 5.

## Gospel Fiesta Benefit To Showcase Many Here

Over 20 performers, including individuals and groups, are slated to provide musical entertainment at the Gospel Fiesta in Tahoka, an event which will benefit the Life Enrichment Center here. Gospel Fiesta is planned for Saturday, Nov. 2 in the Tahoka High School gym, beginning at approximately 11 a.m. and continuing throughout the day before closing ceremonies at 9:15 p.m.

The full day of gospel singing and musical entertainment is being organized by Mrs. Myrtle White of Tahoka, who is coordinating local and area musicians to volunteer their talents for the benefit of the Life Enrichment Center. A concession stand will be open throughout the day also, with all proceeds to benefit the proposed community center in Tahoka.

Admission to the Gospel Fiesta will be on a donation basis, with all who attend throughout the day asked to give what they can for the Life Enrichment Center.

"We don't want to turn anybody away because of the price of a ticket, so we're going to have free admission and just ask for donations," explained Mrs. White. "This is going to be a wonderful day of praising the Lord, and I am so excited to be able to be a part of helping to build a new community center here," she added.

A full list of entertainment will be forthcoming in the next few weeks. Anyone who is interested in helping with the Gospel Fiesta or with the concession stand that day is encouraged to take part. Contact Mrs. White at 998-4624, or Mrs. Retha Pittman

at Tahoka City Hall, 998-4211, who is Project Coordinator for the Life Enrichment Center.

The \$218,000 proposed Life Enrichment Center facility includes a multipurpose activity room with space for seating 125 persons, a workshop/classroom with seating for 30, a kitchen, a library which would double the size of the current city/county library, handicap-accessible restroom facilities, storage space, and a foyer to display art from local artists.

An interior wall in the building, which would be located on Main Street just south of the Wharton building, will feature small plaques recognizing everyone who donated funds and/or services towards the realization of the project.

The building may be used for all types of meetings and organizations, including but not limited to Scouts, Rotary Club, art classes, aerobic and gymnastics classes, banquets, family reunions, educational classes and training opportunities.

Already, through grants and donations and "in-kind" volunteer services, over \$197,000 has been raised for the project, leaving just over \$21,000 needed to complete the funds.

"Local and area residents are being so generous for this project," said Mrs. Pittman. "We have been so pleased that the entire community is giving support for this project, and that two West Texas corporations have given faith in the project to give \$150,000 in grant money for the facility," she added. "This is going to be an undertaking that everyone can be proud of."

## Moore's Perfect Entry Wins Football Contest

Damon Moore turned in a perfect entry in the Lynn County News Football Contest last week, picking all 12 games correctly to win the \$10 prize. However, he missed naming the Secret Sponsor to double his money.

Secret Sponsors for the week were Tahoka Gin Co., The Cake Palace, Farmers Coop Assn. #1, Paschal Plumbing, and David Midkiff, D.D.S.

All entries in the weekly football contest are entered in the grand prize drawing for a VCR at the end of the football season. Entries are due by 4 p.m. Friday.

### GED Test To Change

Beginning Jan. 1, 1997, the national GED Testing Service will require that all states comply with higher minimum scores on the General Education Development (GED) test. Therefore, the Texas State Board of Education has approved new passing standards for candidates earning the Texas Certificates of high school equivalency beginning Jan. 1, 1997.

The new standards require that examinees make an average of "45" on the battery of GED tests, with no score less than "40" on individual parts of the test. Therefore, it is strongly suggested that anyone who has taken one or more of the GED tests complete the battery of tests before Jan. 1, 1997. After that time, the new standards will apply.

The Texas Education Code limits GED testing of persons under age 18, with the following exceptions:

- 17-year-olds may take the GED (1) if they are enrolled in an approved school GED preparation program or, (2) if they are not enrolled in school and have parental or guardian permission.

- 16-year-olds may take the GED if recommended by a public agency that has court-ordered supervision or custody of the person taking the test.

The change in standards resulted from recent standardization studies involving the administration of the GED tests to a representative sample of graduating high school seniors. The results of these studies indicated the need for equivalency credentials to be based on somewhat higher test scores.

GED tests are administered at the Region 17 ESC Adult Education Office in Lubbock (phone 766-1540), and also offered periodically at Tahoka High School.

*We're your experts.  
We're your team.*

*We're **YOUR** hospital,  
**YOUR** medical center.*

It began as a team, a team with vision.

In the late '60s a team of people from West Texas joined together to pursue a dream, a dream of a first class School of Medicine at Texas Tech University. They also envisioned a first class teaching hospital working hand-in-hand with Texas Tech to serve the medical needs of the families living in this area and for generations to come.

This team included Gov. Preston Smith, Bill Parsley, Dr. Brandon Hull, John Logan, Delwin Jones, Bill Clayton, Reed Quilliam, Elmer Tarbox, Doc Blanchard, R.B. McAlister, and countless others including our County Commissioners, the Texas Tech Board of Regents, Hospital District officials and other West Texas Legislators. Through their collective efforts, University Medical Center opened its doors on February 1, 1978.

In the years that followed, others joined the team to secure and preserve this dream. Speaker Pete Laney, Lt. Gov. Bob Bullock, Sen. John Montford and others worked to bring the Texas Tech Medical Center into continued prominence.

With the help of these leaders and the support of the community, our team has brought a new level of care and a number of "firsts" to the region. UMC was the first Lubbock hospital to provide:

- EMS with paramedics
- Neonatal Intensive Care Unit
- Pediatric Intensive Care Unit (PICU)
- ECMO (Extracorporeal Membrane Oxygenation)
- Burn Center
- Institute for Pain Management
- Bone Marrow Transplantation
- Kidney Transplantation

This tradition of firsts continued in 1993 when University Medical Center received the state's first Level One Trauma designation.

Leaders and programs such as these and University Medical Center's affiliation with today's Texas Tech University Health Sciences Center ensure that we are on the leading edge of patient care, research and technology.

It's still a team today, a *winning* team with vision.

### Concession To Benefit Life Enrichment Center

Concession food items at an estate sale in Tahoka this Saturday will benefit the Life Enrichment Center fund in Tahoka. The Lynn County Historical Society is manning a concession stand at the Dr. Richard F. Wright Estate Auction at 2420 N. 2nd Street in Tahoka on Saturday, Oct. 12. The auction begins at 10 a.m., but the concession will be open from 8 a.m. until 5 p.m.

#### New Whooping Cough Vaccine

A safer vaccine against whooping cough, acellular, was approved by the FDA for use in infants. Many parents have come to dread the side effects of the DTP combination of vaccines for diphtheria, tetanus, and whooping cough (Pertussis). The new vaccine has been used since 1991 as booster shots for children at 12-18 months and now can be used in infants. Studies have shown it reduces high fevers, irritability and the redness and swelling at the injection site.

**New Faces At Wilson I.S.D.**

Rene Garcia is Wilson I.S.D.'s new special education teacher. He currently lives in Lamesa and has one brother and one sister. He was raised in Earth and attended and graduated from Springlake-Earth High School. Garcia was an A and B student and also participated in student council and track and field while in high school.

Garcia graduated from West Texas State University and is currently attending Texas Tech to get his Masters degree.

He decided to become a teacher because he had friends in high school that had difficulties learning and he enjoyed tutoring them. Garcia felt being a teacher would be rewarding. He became a teacher at Wilson because he liked the community size. While teaching at big schools, he found he had extra school duties. He finds everyone at Wilson to be very helpful. After teaching at Wilson for six weeks, Garcia feels the students are one of a kind and well-behaved. He really enjoys teaching here.

His advice to young people is "don't take things so seriously; just try to enjoy life." His goals for the future are to become a diagnostician and then pursue a job as a director of special education. If Garcia won the lottery, he would quit teaching and travel extensively.

People Garcia looks up to are his professors at Texas Tech and his parents. He looks up to his professors because they've encouraged him to pursue his goals. They stated anything is possible if you apply yourself. He looks up to his parents because they are hard working and have always supported any decisions he has made.

Garcia's most embarrassing moment was when he was in junior high and lost the Spelling Bee trying to spell the word "care."

Something Garcia wants people to know about his is he is not as serious as people think. He likes to joke around and play practical jokes.

**Plans Underway For Boll Weevil Control Program**

Preparations are well underway for the start of the 1996 High Plains Enhanced Boll Weevil Diapause Control Program. Aerial spray contracts were awarded Monday, Sept. 9, for each of the five operational zones comprising the 1996 Diapause Control Program.

According to Plains Cotton Growers, Inc. Boll Weevil Program Coordinator Roger Haldenby, response from aerial applicators interested in bidding on the 1996 program was outstanding. Individual bids were accepted for each of the program's five operational units.

Successful bidders were: J.R. Davis Flying Service of Seminole, for the Seminole, Lamesa and Big Spring units; Payne Flying Service of Katy, for the Brownfield unit; and Kubecka Operating Company of Seminole, for the Floydada unit.

Aerial contractors will report on Monday, Sept. 23 for final inspections of aircraft and equipment. Spray operations are set to begin Thursday, Sept. 26.

The five contracts awarded for the 1996 program will utilize a total of 23 fully equipped aircraft.

Preparations for ground applications in and around urban areas and sensitive sites are also being finalized at this time.

"All of the resources are now in place to conduct a full and complete 1996 spray program," concludes Haldenby. "The ball is now in the producers' hands since our only limiting factor is going to be whether or not adequate funding is in place to complete all the scheduled operations."

"Assessments continue to be received and we encourage everyone to send their assessments in so that we can get on and do the job you tell us needs to be done — killing boll weevils," stated Haldenby.

## Boll Weevil Diapause Works

Although Not A Perfect Program - It's all we have presently, and time is running out. See THE MAP BELOW. The Boll Weevil is making a strong run. While we feud, he is growing stronger. Now is a good time to hit him a damaging blow. Pay now or THERE may not be a later.

With only **49%** of total assessments collected in Lynn County, your participation in this program can make the difference between marginal control and a knock-out punch. We should stand together against this common foe, and not let petty differences divide us.

Reports that 3.2 million acres in southeast states are essentially weevil-free and that North Alabama program, completing 2nd year, is registering 95% reduction in weevil numbers and treated acres compared to '95 highlighted Boll Weevil Action Committee fall meeting held in Memphis.

Texas reported Southern Rolling Plains zone, also 2nd year, shows more than 95% reduction of weevils captured and acres treated. South Texas/Wintergarden zone reports smooth startup, and Rolling Plains Central zone has begun operations.

#### JV Dogs

by Brady Raindl  
Tonight, Oct. 10, the junior varsity will play the Morton Indians at home. Last week, they added a 12-8 win over Ralls making their record 4-0-1.

Augustine Cantu scored on a 12-yard carry during the first quarter.

With just 12 seconds remaining in the half, Ralls scored on a 15-yard pass. The two-point conversion was successful, making the score at halftime 8-6.

During the third quarter, Brady Raindl ran for a 7-yard touchdown.

The defense held Ralls from scoring in the second half.

Next week the JV will play here against Shallowater.

#### 8th Grade

by Gary Gandy

With a 0-28 loss to Ralls, the eighth grade Bulldog's record is now 0-4.

The eighth grade plays Morton here tonight (Thursday), following the seventh grade.

The squad has dropped to 15 players after six week grades came in.

"Our turnovers killed us," Coach

Darren Haseloff said. "We've got to keep them under control."

The eighth grade Bulldogs held the Rabbits until 5 minutes before the half when Ralls ran 70 yards for a touchdown. They followed with a touchdown pass at 5 seconds before the second quarter ended.

"On defense our defensive ends, Jason Jaquess and C.J. Simms, had very good containment," Coach Haseloff said. "Our defense just couldn't hold up."

Ralls scored the last two touchdowns in the second half on two Bulldog turnovers.

#### 7th Grade

by Amanda Fuentes

The Tahoka Middle School seventh grade football team won 36-22 against Ralls last Thursday night.

The seventh grade Bulldogs will play Morton here tonight (Thursday).

"The defense did good stopping the quarterback," said Coach Haseloff. "Everyone also had a chance to play."

### Volunteers Sought For Planning Committees

Tahoka Independent School District is soliciting volunteers to serve as parent representatives, community representatives, and business representatives to serve on the Campus and District Planning and Decision Making committees. These committees will serve in an advisory capacity to campus principals and the superintendent in areas of planning, budgeting, curriculum, staffing patterns, staff development and school organization. Meetings will occur outside the regular school day. Selections of the campus committees will be made by each building principal and the superintendent will select those representatives for the District committee.

Anyone interested in serving on the Campus committee should contact the building principal of the campus they are interested in assisting. Anyone interested in serving on the District committee should contact the Superintendent's office at 998-4105.

### Rotary News

The Tahoka Rotary Club met for their weekly meeting at the Tahoka First United Methodist Church last Thursday, Oct. 3. Gerald Huffaker introduced the speaker, Frank McLelland, who is the manager for the T-Bar Ranch. The ranch in Lynn County is one of the oldest in the State of Texas still under the same family ownership. Since 1883, the ranch has been controlled by the Edwards family of Fort Worth.

McLelland brought the Rotarians up-to-date on the changing beef industry. Beef production is the leading commodity in 18 states. In Texas, it is number one, with 48 percent of agriculture receipts, followed by 34.5 percent of cotton and other crops grown. Last year, 6.84 billion dollars was exported from the United States in cattle and beef sales. Beef is the leading supermarket purchase in the United States.

The ranch manager showed a video-tape which described technological advances in the industry with the use of computers and satellites. The club members asked many questions which McLelland had ready answers to.

McLelland and his wife, Jennifer, live on the ranch west of Tahoka with their three children, Matthew, Jessica and Smith.

Thanks so much for your love and support during the past few days. The miscarriage of Katy's baby hurt so badly but God took care of us and continues to do so through the ministry of our loving friends. God bless you!

Perhaps you sent a lovely card, or sat quietly in a chair. Perhaps you sent beautiful flowers, if so we saw them there. Perhaps you spoke the kindest words, as any friend could say. Perhaps you were not there at all, just thought of us that day. Whatever you did to console our hearts, we thank you so much, whatever the part.

God bless each one of you in a very special way.
