## THE PRIVATE EYE

By J. R. Haney

The Mules made a good showing against the Littlefield Wildcats last week and with a little luck they could have won. However, there are many games to play yet and we predict that the Mules will be on the long end of the score many times before the season ends.

The freshman football crop looks real good and the B team shows a lot of hustle, which means that with the depth the team will have next year every body had better keep their eyes on the Mules.

Thanks to the city you can now find a parking place in Muleshoe. Bright yellow markings show where you are supposed to park and we hope everyone takes the hint.

This department tried to call Lazbuddie this week and couldn't get through. On dialing the operator for assistance we were told that we would have to pay for a long distance call if she dialed the number through Littlefield which doesn't make too much sense paying extra for service that is already paid for and should work in the first place.

This department took a trip to Lazbuddie this week and the crops in that area look extra good, plus the fact that the farms there look neat and tidy. The Lazbuddie people are to be commended on their properties.

Something new has been added this week in the Journal with the addition of a regular sports page (page 4 this section). We hope that we will be able to publish all the area football results plus the local bowling results. People in this area are real interested in football and bowling and we hope they enjoy this added feature. A lot of fellows who spend profusely about capital and labor never had any capital and never did any labor.

## Freshman Mules Play Levelland

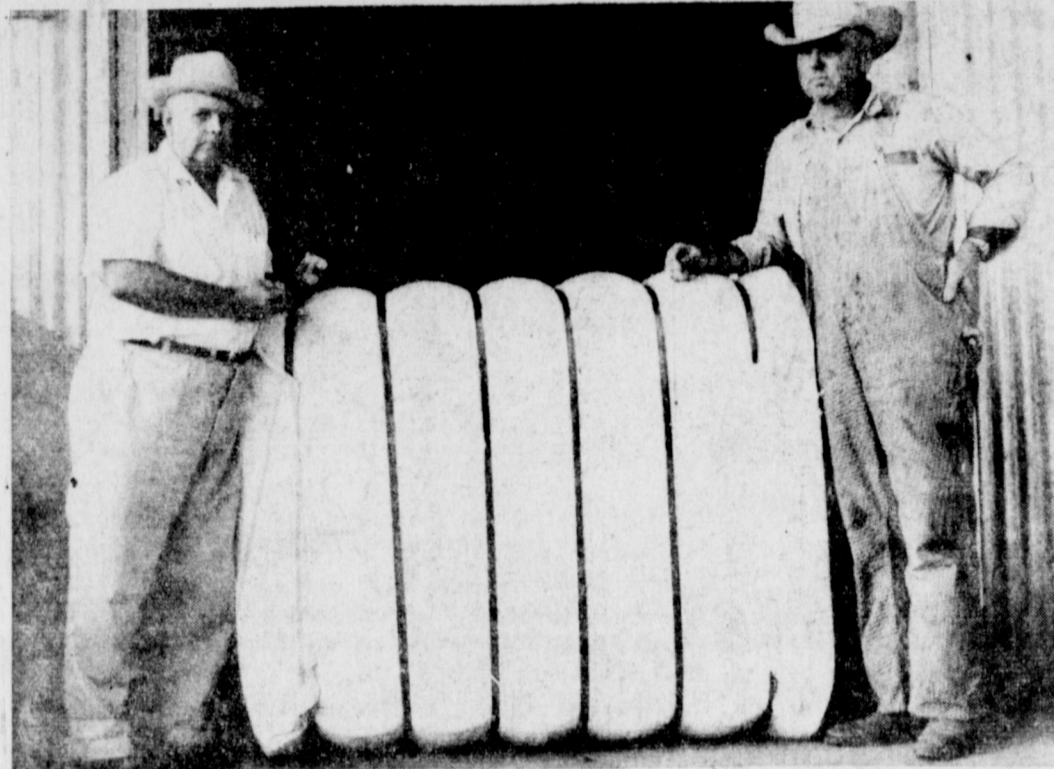

The Muleshoe Freshman Mules take on Levelland tonight at Benny Douglas Stadium hoping to keep the hex on Levelland after beating them last year here as an eighth grade team 14-12.

Coach Washington stated that all the boys would probably get a chance to play it as far as he could tell the starting lineup would be Stanley Black at center, Harbin and Elmore at the guard positions, Holder and Ratliff at tackle, Casey and Patie running the end spots, Nigh and Bruns at the half back slots, Smith at fullback and Oliver at quarterback.

The Mules freshman team has lost only one game and tied one game both to Morton since they have played together in the seventh grade.

FIRST IN BAILEY COUNTY — Earl Richards and J. H. Evins are shown above standing before the first bale of Bailey County cotton to be brought in this year. Evins, who grew the cotton seven miles south of Muleshoe, had the added distinction of being the first to have his cotton wrapped in all-cotton bagging, which replaces the old cane bagging. ## J. H. Evins Grows First Bailey Bale

J. H. Evins brought in Bailey County's first bale of cotton Friday. It weighed in at Muleshoe

Co-op Gin at 584 pounds. Evins grew the cotton on irrigated land owned by Opal Coe, located about seven miles south of Muleshoe. He expects to make about one and one-fourth bales to the acre on the 10-acre field.

Evins has been farming the land from which this cotton came for about six years. He has farmed in Bailey Co. since 1929.

According to Earl Richards, manager of Muleshoe Co-op Gin, Evins will receive 50 cents per pound for this first bale, in addition to free ginning.

Evins said this cotton was of the Austin variety. He bought the seed from the gin and planted it about April 20.

Evins also owns 80 acres of land. Although, he has 97 acres of cotton this year.

Another unique feature pertaining to this bale of cotton is the bagging a new type marketed by the Plains Cotton Growers Association. It is all-cotton, replacing the cane bagging used before. So, for the first time in Bailey County, Evins' cotton was wrapped in all-cotton bagging for a real cotton bale of cotton.

## City Council May Name Wyer To Manager Post

Muleshoe City Council is expected to appoint Harold Wyer as acting city manager in a meeting to be held at 8:30 this morning.

Wyer, who has worked in the City Hall as city tax-assessor

collector for two years, will act in this capacity until a permanent city manager is named, according to reports.

Wyer has lived in Muleshoe since 1927. He came to his present job from a local lumber

company, where he had worked for 11 years. For ten years prior to that, he has been Phillips Petroleum Company consignee in Muleshoe.

Wyer will fill the post which is to be vacated Friday by Arch March, who has been city manager for about a year.

March resigned recently and has accepted a position with the city of Little Rock.

City Council members moved last week to revise speed limits on American Boulevard, in accordance with State Highway Department surveys. Some

speed limits will be raised, meet recommendations.

Muleshoe Co-Op Gin was annexed into the city during the meeting. Earl Richards was present and approved of the move. Thirty days will be required to make the annexation final, with legal publication required by law.

Muleshoe School Superintendent Neal Dillman attended the meeting to discuss plans for joint efforts on the part of the city and the school to relocate the hog pens now located behind the F.F.A. Building at the high school.

## Two-Car Smashup Kills One At Hub

Mrs. Lillian Hargrove, 44, Rt. 1, Friona, died within an hour after arrival at Parmer County Community Hospital in Friona Monday morning following a two-car crash near Hub.

Mrs. Hargrove, who had been heading north on a county road two miles south of State Highway 86, was driving a pickup which collided about 8:30 Monday morning with an eastbound car driven by Duward Ivy, 20, also of Rt. 1, Friona.

Mrs. Hargrove died of injuries sustained in the crash when the car driven by Ivy hit the left front fender of the Hargrove pickup. After the collision, the two cars whipped together. The Ivy car crashed into a utility pole and the pickup continued on down the road to turn over. Mrs. Hargrove is believed to have been thrown from the vehicle when it overturned.

Mrs. Hargrove's injuries included head injuries with a probable fracture and internal injury. Ivy was released from the Parmer County hospital Tuesday morning after treatment for bruises and lacerations and overnight observation.

## H. S. Students Take Aptitude Tests Friday

Nine Muleshoe High School seniors this week took an aptitude test administered as a public service by a technician of the Texas Employment Commission

Doug Criswell, Larry Hartsell, Jerry Killingsworth, Larry Lunsford, George Nieman, Genn Phipps, Eddie Puckett, Wood, all members of Mr. O. E. Lumsden's vocational information course, took the three-hour long test.

This test will be used by these students for information to guide them in choosing a job which they will study in the course. They will research their chosen jobs thoroughly during the course of the year.

According to the technician, the test measures capabilities in over 600 particular jobs in 23 fields of endeavor.

It measures occupational aptitude patterns, and is eight parts clerical and four parts mechanical, with two tests measuring manual dexterity and two measuring finger dexterity.

## Aid Asked For Hurricane Area

Dale Fischgrab, president of the local Jaycees, today issued an appeal to Muleshoe residents on behalf of the area stricken by hurricane Carla.

Fischgrab asked that food, clothing, money—anything that can be used by the people in the disaster area—be donated to this cause. Those desiring to make contributions may mail or bring them to the Muleshoe Chamber of Commerce office or call the local chamber and Jaycees will pick up donations.

Fischgrab stressed the need for speedy action, saying that donations should be in by Saturday morning. Jaycees will continue to pick up articles next week, he said, but donors are asked to try to get articles in as early as possible.

Muleshoe Schools this week aided in the drive. Clothing and other articles will be picked up Friday morning at the schools.

## School Board Okays \$753,719 Budget

Muleshoe School Board met Tuesday night to approve a revised school budget amounting to \$753,719.

Revenues from local sources will cover \$349,418 of the budget, while revenues coming from the state will amount to \$402,301. Non-revenue receipts will bring in \$2,000. Total revenues will be brought to \$753,719 by an Unencumbered Fund Balance of \$30,000.

Assessed valuation of property in the district has risen by over \$1 million over last year's evaluation, to \$22,512,530. Tax rates remained the same, but additional revenue will come in to the district due to the increased evaluation and an increase in state funds.

Budget expenditures are broken down into ten categories, as follows: Administrative, \$38,500; Instruction, \$488,500; Health Services, \$4,996; Pupil Transportation, \$50,550; Operation of Plant, \$36,275; Maintenance of Plant, \$19,830; Fixed Charges, \$3,400; Student Activities, \$7,500; Capital Outlay, \$19,500; and Debt Service, \$84,668. This brings expenditures to an estimated \$753,719. Last year's budget totaled \$665,140.

OTHER ACTION TAKEN

The board also acted on several other measures. Among other things, contracts for two new teachers were approved.

Fredric Byers, who has taught in Lazbuddie for the past three years, was hired as choral director in the Muleshoe Schools. Byers has 25 years teaching experience and a master's degree.

Mrs. Oleta Hodges, wife of the Rev. Finis Hodges, new Presbyterian minister in Muleshoe, will teach third grade in De Shazo Elementary School. Mrs. Hodges has been teaching in the Henderson schools and has a master's degree with ten years experience.

The board voted unanimously to file suit on collection of delinquent taxes through 1959. This was a formality required in order for the school's attorney to take this action.

Dr. Kenneth Osborn of Lovington, N. M., a developmental vision and reading therapist, will speak at the Community Room of The First National Bank here Thursday evening at 7:30 p.m.

Dr. Osborn will be guest speaker of the Muleshoe Study Club and will explain his work (See No. 1 Page 8)

## Nativity Scene Planned For Yule Improvement

"We feel that drawings, as a trade attraction, are dead," stated the Christmas Committee of the Muleshoe Chamber of Commerce last week.

After meeting several times to discuss plans for the Christmas Season, the committee recommended that there be no giveaway program as has been done in some previous years in Muleshoe and surrounding town.

Making this move to de-commercialize Christmas in Muleshoe, the committee suggested that money that would otherwise be spent in paying for bicycles or such prizes be spent for the town as a whole. Their recommendation was that each merchant contribute \$35 to a fund for the purchase of a life-size nativity scene to be erected on the courthouse lawn.

So far as can be determined, there is no other nativity scene anywhere on the plains such as the one proposed by the committee.

Also included in the plan would be the purchase and erection of a 50-foot live Christmas tree to be decorated and placed on Main Street, prize money for floats and bands in the Christmas Parade to be held December 9, and a home decoration contest.

Cost of the nativity scene is \$1300. This scene would, according to the plan, be added to each year.

Cost of a Christmas tree is estimated at \$50. Decorations will also be bought, though some decorations are on hand.

This move was prompted by a desire to find some program that would interest the people

of Muleshoe and the surrounding area without duplicating those plans already used in this area.

Sixty-five bicycles were given away during the Christmas season of 1959, at a total cost of over \$2,400. Last Christmas, merchants participated in a plan whereby each merchant gave away a gift of merchandise from his store. Little interest was shown in this program, as central location.

The present plan does not, of

course, prohibit individual merchants from having drawings in their stores. It does, however, present a plan by which merchants as a group can do something to help promote the town and the Christmas spirit in Muleshoe.

Members of the chamber of commerce were recently mailed stamped post cards to be returned to the Chamber office. These cards offered an option of having payment made through drafts drawn on the

merchant or having the \$35 put on the merchant's bill October 1 if he wished to participate in the plan.

These post cards should be returned as soon as possible, as the nativity scene must be ordered early for delivery prior to December 9, at which time it will be placed on the Court House lawn here in Muleshoe.

Members of the committee are Gil Herndon, Gerald Prebob, John Smith, Bob Kimbrough, Mrs. Marie White and Neal Whittle.

## M'shoe, Lubbock B Teams Tangle

The Muleshoe Mules B squad takes on Lubbock Monterey at Benny Douglas Stadium with game time slated for 7 p.m.

According to coach Louis Powers the probable starters for the game will be Dick Plyant at center, Archie Evans a Ronnie Hurd at the guards posts, Berry Lewis and Mile Miller in the tackle slots, David Roberts and Gaylon Black at the end positions. Calling the signals at the quarterback spot will be Jerry Harrison with Kenny Heathington and David Jones running halfback and Clifford Gray running at fullback. Coach Powers stated that the team would be against a real good team but that from all indications the entire squad would get into the game.

Fischgrabe last week issued a challenge on behalf of the local Jaycees, inviting the Lions and Rotarians to a skeet shooting match on the Jaycee skeet range east of the city.

A number of Jaycees arrived on the scene, while only one Lion showed up for the competition.

Members of the Junior Chamber of Commerce said they had a good time shooting against each other, but had hoped for more competition than was available.

Jaycees are notoriously poor shots, they said, and members of the other civic clubs need have no fear of being beaten too severely when they do come out for the competition.

## Fifty Complete Survival Course

Muleshoe Fire Chief Earl Ladd this week congratulated 50 local people for their efforts in studying civil defense procedures.

Ladd said the 50 persons had just completed a 12 hour course in civil defense, involving a plan of survival in case of total war or any other emergency. Included in the course were radio, fallout, shelter, food and storage, chemical, atomic and hydrogen warfare protection.

Forty-three members of the local fire department and their families were enrolled in the course, which ended in graduation ceremonies Sunday afternoon. Also taking the course were Mr. and Mrs. J. W. Thompson, Mr. and Mrs. James E. Fowler, Mr. and Mrs. Bob Hardaway, Tommy Jones and Dickie Fowler.

Teaching the course was Bernard R. Smith, a teacher in the Amarillo School system.

## Jaycees Invite Lions, Rotary To Name Date

"Obviously, the Lions and Rotarians were too busy to accept our challenge for a skeet shooting contest Sunday," Dale Fischgrabe, president of the Muleshoe Jaycees, said at the Monday noon meeting of the local junior chamber.

"Since they were not available to compete against the Jaycees this past Sunday, we are renewing our challenge and will let them set the day and time," Fischgrabe continued.

## Kick-Off Contest Winners Named

Winners of the Muleshoe Merchants first cotton bowl kick-off contest named this week are Douglas and Jones, first place winner and Howard Splawn, second place winner. Jones and Splawn received checks for \$5 and \$3 respectively.

Jones and Splawn only missed two games but the tie breaker was the Littlefield and Muleshoe game. Jones predicted six points difference and Splawn came up with a seven point spread. Other entries missing only two were John R. Young and G. W. Chapman.

Another contest appears in this week's issue of the Journal, in the second section. Entries must be turned in by 5 p.m. Friday or postmarked not later than 6 p.m. the same day. Also see sports, page 4 this section.

## Open House Celebration Marks Alexander's Fiftieth Anniversary

Mr. and Mrs. C. D. Alexander

Mr. and Mrs. C. D. Alexander were honored Sunday, September 3, with open house in observance of their fiftieth wedding anniversary.

Mr. and Mrs. Alexander were married in Ringgold, Texas, on September 3, 1911. They came to West Camp in 1925 and were engaged in farming in that area until 1954 when they retired and moved to Muleshoe.

Hostesses for the occasion were their 8 daughters, all of whom were present.

The serving table was covered with a lace cloth over gold and centered with an arrangement of gold and bronze mums and the numeral "50" on the vase.

The three tiered cake was trimmed in white, blue and gold, topped with golden wedding bells. Crystal and silver appointments completed the table arrangement.

Guests were greeted and registered by Mrs. Alene Jones. Mrs. Francis Furness served the cake and Mrs. Joyce Davis poured the punch.

Daughters and families are: Mr. and Mrs. Clyde Jones, Roswell, N. M.; Mr. and Mrs. Charles Furness, Riverside, Calif.; Mrs. Joyce Davis, Artesia, Calif.; Mr. and Mrs. Ernie Toebert, Artesia, Calif.; Mr. and Mrs. George Phipps, Albuquerque, N. M.; Mr. and Mrs. Pope Follis, Mr. and Mrs. Bob Woods, El Paso, N. M.; and Essie Alexander of the home.

Fifteen of their 16 grandchildren were also present.

Out of town guests registering were from San Angelo, Commerce, Dallas, Clovis, N. M., Portales, N. M., and Riverside, Calif.

## Judy Bishop To Wed Mr. Johnson

Mr. and Mrs. W. C. Bishop of Muleshoe are announcing the engagement and approaching marriage of their daughter, Judy, to Mr. Kenneth Johnson, son of Mr. and Mrs. J. W. Johnson of Muleshoe.

The couple will be married at 3 p.m. on October 15, in the First Baptist Church with the Rev. Don Murray officiating.

Invitations will not be sent as the wedding has been planned only for members of the couple's families.

## Gore Family Reunion Held In Plains

A reunion of the family of the late J. O. Gore of Henrietta, Texas, was held Sunday, September 3 at the Community Park in Plains, Texas.

A basket lunch was spread at noon and the afternoon was spent taking pictures and visiting. Thirty-eight were present for the occasion, Mr. and Mrs. Jess Gore, Mr. and Mrs. G. E. Gore and children of Odessa, Mr. and Mrs. R. B. Edwards and children of Plains, Mr. and Mrs. Herman Burger and Mr. and Mrs. W. H. Schmidt and children of Wichita Falls, Cleotia Carpenter and Ronnie of Bastrop, Mr. and Mrs. Hugh Gore, Mr. and Mrs. A. W. Gore and sons and Mr. and Mrs. Billy Gore and sons of Circle Baek, Mr. and Mrs. Richard Turner and Shawnda, Muleshoe and Mr. and Mrs. Dick Lynskey of the Three-Way community friends of the family.

## Caballero To Teach Series Of Art Classes

The Muleshoe Art Association will sponsor a series of Art instruction by Dr Emilio Caballero of West Texas State College, beginning on September 16. The class will meet in the High School lunch room from 2 until 6 p.m. on one Saturday each month for nine months. Anyone who is interested in taking these lessons may contact and register with Mrs. T. M. Slemmons or Mrs. Jack Lenderson.

Mrs. Jerry Don Glover

## Redwine - Glover Vows Solemnized

Lazbuddie First Baptist Church was the scene of the wedding of Miss Donna Gene Redwine and Jerry Don Glover on Sunday, September 3 at 3:30 p.m. The double-ring ceremony was performed by the pastor, Rev. Bill Curry.

Parents of the couple are Mr. and Mrs. A. E. Redwine and Mr. and Mrs. Charlie Glover all of Lazbuddie.

Given in marriage by her father, the bride wore a formal length gown of white bridal satin ending in points of chantilly lace over satin. The fitted bodice of chantilly lace over satin featured a scalloped sweetheart neckline and elongated sleeves ending in points over her hands.

A row of satin-covered buttons formed the closing of the back bodice. A fingertip veil of French illusion fell from a demicrown encrusted with pearls.

The bride carried a cascade of feathered white carnations and stephanotis. For the traditional something old, she wore a pearl necklace, something new, her wedding gown designed and made by her mother, something borrowed, the penny of her birthdate in her slipper, and something blue was her garter.

Maid of honor was Miss Geraldine Broadhurst of Oklahoma City. She wore a light blue dress of lace over taffeta bodice and the skirt was bouffant with layers of chiffon over the taffeta. She carried a white Bible opened to the Book of Ruth and wore a corsage of white carnations and stephanotis.

Ronnie Gustin was the best man.

Tanya Chester, niece of the groom, was the ring bearer.

Norman Brantley and Darrell Jennings seated the guests and lighted the candles.

Mrs. Ronnie Briggs, organist, accompanied Miss Carol Sneed, cousin of the bride, in traditional wedding solos. She sang "O, Promise Me" and pronounced the benediction to the ceremony as she sang "O Perfect Love."

The guests were registered by Miss Maudine Barnes of Lazbuddie.

For her daughter's wedding, Mrs. Redwine wore a dress of evening blue lace with white accessories. The groom's mother, Mrs. Glover, chose an ensemble of beige silk and wore brown accessories. Each wore a corsage of white feathered carnations and stephanotis centered with a yellow throated orchid.

A reception followed in the home of Rev. and Mrs. Bill Curry.

The table centered with the wedding cake and appointments of crystal and silver carried out the chosen colors of blue and white.

The guests were served by Mrs. Billy Chester, sister of the groom, and Miss Glenda Robinson.

Out-of-town guests attended from Hereford, Bovina, Littlefield, Friona, Sudan, and Oklahoma City, Okla., Enumclaw, Washington, and Topeka, Kansas.

For her wedding trip to Ruidosa, New Mexico; the bride wore a foulard-printed wool sheath dress of electric blue with beige accessories. Her corsage was of white stephanotis from her wedding bouquet.

The new Mr. and Mrs. Glover are both graduates of Lazbuddie High School. The former, Miss Redwine attended WTSC at Canyon last year and is presently employed at White Auto in Muleshoe.

## Gift Tea Honors Mrs. Don Copley

One of the loveliest post-nuptial showers of the season was the Gift Tea, honoring Mrs. Don Wilson Copley, the former Patsy Anthony, Wednesday, September 6, in the beautiful country home of Ms. R. O. Gregory.

Guests were greeted by Mrs. Gregory and presented to the receiving line, composed of Mrs. A. W. Copley, mother of the groom; the bride, and her mother, Mrs. A. W. Anthony, Sr., of Friona.

The many lovely and useful gifts were displayed in the spacious den, by Mrs. D. E. Beller and R. E. Wright. The hostess gift was a Presto Cooker.

Punch was served by Mrs. Oscar Allison, from a perfectly appointed table, laid with a white handmade nylon net cloth, appliqued with felt roses, outlined in silver. Table appointments, including the beautiful center piece, accented the bride's chosen colors of straw berry pink and white.

Corsages of white carnations were presented by the hostesses, to Mrs. Gregory and the receiving line.

Approximately 60 guests were registered by Mrs. John Farley during the tea hours from 4 to 6 o'clock.

Out of town guests were Mesdames: Estis Bass, A. W. Anthony, Jr., and Gene Anthony of Friona.

Hostesses for the occasion were: Mesdames O. C. Kirk, John Farley, J. T. Shofner, R. R. Wright, H. M. Shofner, Oscar Allison, R. O. Gregory, D. E. Beller, W. H. Elrod, C. C. Anders, Thurman Lindsey, Joe Simmacher, Bill Millen, Troy Wilkerson and Clifton Finley.

## George Birdsong Enters Military Academy In Bryan

Dr. and Mrs. W. F. Birdsong took their son, George, to Bryan Texas, last Tuesday where he enrolled in Allen Military Academy. George attended the Academy last term.

During the summer, he attended classes at San Marcos Military school where he was presented with one of four citizenship awards given there. He also won 4 ribbons, both first and second places in the sports division at the school.

From Bryan, Dr. and Mrs. Birdsong went to Waco and spent the night with relatives, the A. M. Ewings.

They experienced plenty of trouble during their travel and finally left their car at Hamilton and returned to Muleshoe by bus.

## Cats Maul Mules 6-0

The Muleshoe Mules took the measure of the Littlefield Wildcats Friday night at Wildcat Stadium to the tune of 6-0 on the short end of the count.

The only counter for the Wildcats came in the first quarter when Pete Estrada, Wildcat half-back, scored from his own thirty yard line. Mules tackle, Alvin Reason, blocked the try for the extra point.

With the exception of one blocked punt the Mules turned in an exceptional punting game with Travis Creamer averaging about forty yards per punt.

The Mules made five first downs to nine for the Wildcats

showing a very effective defense holding the cats to practically no yards rushing in the second half. Available records show only thirty-one yards rushing for the Cats second half to fifty-one yards rushing for the Mules plus a thirty-two yard punt return by the Mules in the third quarter.

The fourth quarter turned in to a tight defensive battle with the Mules marching to the Cat thirteen-yard line before they were stopped by a penalty setting them back to the twenty.

The Cats intercepted a Mules pass to stop the last threat of the Mules for the evening.

The Mules recovered four of the Cats five penalties and one of their own showing aggressive defensive skill which will show up in the Mules' favor before the season's ending.

The Mule 'B' team and Freshman team will play this Thursday night at Benny Douglas Stadium. The game is scheduled to start at 5:15 p.m.

Game time will be 6 p.m.

# CONGRATULATIONS

EARL RICHARDS (Manager)

J. H. EVINS

## TO J.H. EVINS FOR BRINGING THE FIRST BALE OF COTTON IN FOR GINNING IN BAILEY COUNTY

We wish to congratulate Mr. J. H. Evins who farms south of Muleshoe for allowing us to Gin the first bale of Cotton in Bailey County.

Mr. Evins' bale of cotton weighed out 584 pounds and from all indication the staple will be way over one inch. We encourage all the cotton farmers in this area to let us gin your cotton in a most fast and efficient way. We are proud of our up to date facilities and we hope that you will allow us to serve you.

## Lazbuddie News Letter

By MRS. C. A. WATSON

Mr. and Mrs. Alford Scott received word Saturday that his brother-in-law, Earnest Moot Hart, of Morrison, Ill., 64, passed away Saturday at 9 a.m. Mr. Hart was the husband of Alford Scott's twin sister. Funeral services were scheduled for Tuesday in Morrison, Ill. Mr. and Mrs. Scott were in Illinois for the funeral.

### GREETINGS

Birthday Greetings this week go to: Larry Davis, September

11: Bobbie Gleason, September 12; Linda Smith, September 14; Gayle Hawkins, September 17; Mike Hinkson, September 18; Raymond Fonseca, September 18; Karan Johnston, September 19.

### FOOTBALL

The Lazbuddie Longhorns lost their game to New Deals Lions 6-12 in the game at Lazbuddie Friday night. Lazbuddie Horns were near the scoring line for a touchdown when time was up

in the last quarter. The Longhorns played a very good game and have been complimented by observers for their work against the Lions who are larger than they. The game this week is against the Farwell Steers at Farwell. Game time 8 p.m.

Mr. and Mrs. Harvey Bass, Carolia and Vina from Muleshoe were dinner guests in the C. A. Watson home Sunday.

Eugene Houston and Gary Foster visited Benny Watson Sunday evening. The boys practiced on their musical instruments and are getting to be quite good.

### ATTENDS FUNERAL

Mr. and Mrs. Edgar Hartley received word that her niece's husband Mike Arnet, of Roswell, age 22, was killed in a car accident Friday night near Roswell. Arnet was the only fatality in the wreck. The Hartleys attended the funeral services held Tuesday in Roswell.

### TO CALIFORNIA

Mrs. Madlin Fuquey and little Neil are in Sacramento, California, visiting friends and relatives. The Fuqueys went by train.

### PTA MEETS

The Lazbuddie PTA had their first meeting for the new school term Monday evening, September 4. Spt. Ward introduced the teacher. New parents in the community were also introduced. Officers this year are: Mrs. Don Schumann, President; Mrs. Freeman Davis, Vice president; Mrs. Junior Treider, Secretary; Mrs. A. E. Redwine, Treasurer. Committees are: hospitality—Mrs. Junior Matthews and Mrs. Jimmie Seaton; finance—Mr. and Mrs. J. B. Jennings; Membership—Mrs. Harvey Blackstone, Mrs. James Ward and Mary Maxwell; publicity—Mrs. Cyde Monk; program—Mrs. Davis Gulley, Mrs. D. B. Ivy, Mrs. Harvey Blackstone and Mrs. Freeman Davis. During the business meeting a discussion was held on the possibilities of getting a fallout

shelter at the school and participating in Civil Defence. Mr. Ketchum's 6th grade and Mrs. Willetough's 1st grade won the room count for having the most parents present. A good crowd was present. Refreshments were served by the hospitality committee.

Mr. and Mrs. Charley Neeley from Wichita, Kansas, were La-

bor Day guests in the home of their daughter and family, the Junior Treiders.

Dinner guests in the home of the Lacy Hardages were the Wayne Hardages, Lee Masons, Karon Jones, Billy Hardage, the Jim Adys and the Jim Sloans. Billy is from Hardin-Simmons.

Abilene. The Adys and Sloans were weekend guests. They are from Burkbernett.

### WEEK OF PRAYER

The W.M.U. are having a week of prayer beginning at 8:30 each morning this week at the First Baptist Church.

We of this community extend our sympathy to the family of Mrs. J. E. Hargrove. Mrs. Hargrove was killed in the car-pick-up collision 7 miles southeast of Hub.

Darward Ivy, hurt in the collision, was in fair condition in the Friona Community Hospital soon after being admitted.

### Eastern Stars Meet Sept. 5

Mrs. Mary Farley, Worthy Matron, and E. L. Nowell, Worthy Patron, presided at the regular meeting of Muleshoe Chapter No. 792, Order of the Eastern Star Tuesday evening, September 5, in Masonic Hall.

The Charter was draped and a eulogy given in memory of Mrs. Alice Bulloch, who had been a member of Muleshoe Chapter for 15 years.

Mrs. Wynnie Dunn, Program Chairman, directed the Memorial Service for members who have entered the Grand Chapter Eternal. The Altar was draped. When the names of deceased members were read, by Mrs. Ruth McCarty, Past Matron, tributes were given by Past Matrons, Mesdames: Billie Mathis, Ada Thomson, Callie Smith, and Miss Elizabeth Pat Thomson and Hazel Crawford.

Flowers were placed on the Altar by Mrs. Jewell Strong, Associate Matron. Mrs. Ada Thomson read the Scripture, and a prayer was offered by the Worthy Matron. A beautiful cross was formed by the officers, while W. F. Creamer, Associate Patron, sang "The Old Rugged Cross," accompanied at the piano by Mrs. Inez Kennedy.

Mrs. Patricia Johnson reported cards and flowers had been sent to members and friends who are ill. Condolences and resolutions of respect were sent to bereaved members, by Mrs. Viola Layne and her committee.

Invitations to Friendship night at Friona, Sudan, and Tascosa were read; also an invitation to a Tea, honoring Mrs. Ruth Dameron, Deputy Grand Matron, District 2, Section 3, Sunday afternoon, September 21, in Floydada. At the close of the meeting, delicious refreshments were served in the banquet room, to approximately 30 members, by Mesdames: Captola Goodwin, Callie Smith and Ruby Green.

### Porter Giles Dies In Lubbock

Porter Giles, widely known and greatly loved traveling salesman, died at his home in Lubbock Monday, September 11, and funeral services were held Wednesday, September 13. Mr. Giles, who was 65, suffered a stroke about a year ago.

Until that time he had almost continuously called on Muleshoe merchants for 35 years and it was said that he knew personally more people in this community than most of the town's regular citizens did. He was on a first name basis with nearly every business and professional man here, knew members of their families and their names, too.

Porter first sold meat in Muleshoe for Cudahy Packing Co. Vance Wagon recalled that Porter called regularly at Wagon Grocery as early as 1925. He later went with Carpenter Paper Co. of Lubbock, calling on local firms for fine and rough paper orders, then acquired an interest in an Amarillo rough paper firm.

Porter has attended scores of meetings in Muleshoe, and at it no one else had a program Lions Club or C of C lunches, many times they'd call on Porter to say something and he never failed to be ready.

Mr. Giles owned a farm located west of Maple for many years. He was an active worker in the Methodist church, Khiva Temple Shrine and other Masonic bodies.

He is survived by his wife, a son and a daughter.

Mr. Wagon told The Journal: Porter Giles was one of those men who helped to pioneer our community and section and helped to make it a good place in which to live, even though he never held residence here.

## CROP To Organize Tonight

Christian Rural Overseas Program is scheduled to hold an organizational meeting in the District Courtroom, at 7:30 p.m. September 14.

CROP is the community food and fibre appeal of Church World Service. In Texas, CROP is sponsored by the Texas Council of Churches in cooperation with concerned groups. Rev. Herschel Thurston of Hereford is the State CROP Chairman.

Walter Mounts, Texas Assistant Field Director for CROP, will be present to help with the organization and explain the need for cotton overseas. Cotton clothing and cover is urgently needed by the missionaries overseas for distribution to refugees and other oppressed peoples.

Mr. Mounts has stated that the raw cotton contributed by the Texas growers will be shipped overseas and with assistance and supervision from the missionaries will be processed by these needy people into the items they so badly need.

Approximately forty county church and agriculture leaders are expected to attend this meeting. All people who are interested in helping others in this interdenominational program are urged to attend. Highlighting the meeting will be a special showing of the motion picture "Sounds of the Earth." This is an 18 minute film which exists today.

## WCS Holds Business Meet, Salad Luncheon

The Muleshoe First Methodist Church Woman's Society of Christian Service met in the Fellowship Hall on Tuesday, September 5 for a fall salad luncheon and general business session conducted by Mrs. Dean Bishop, president. Seventeen members and five guests, Mrs. Garland Freeman, Mrs. Gill Herndon, Mrs. Wilson Stone, Mrs. Hershel Ward, and the pastor attended.

Mrs. Frank Ellis, program chairman presented the membership year books and introduced the circle study leaders who briefly reviewed their topics for sessions to be conducted: Mrs. W. B. McSpadden, "The Christian and Responsible Citizenship;" Mrs. Gedonne Williams, "Churches for New Times;" Mrs. Sammy Sumroe, "The Meaning of Suffering."

Announcement was made that the pastor will lead the church-wide study on "Latin American Countries in Focus" at the Sunday evening worship hour during the month of November.

For the devotional meditation, the group assembled in the Chapel. Mrs. Neal Dillman led in prayer and read the scripture lesson, and introduced the Reverend J. Frank Peery, pastor, who spoke on the topic, "The Spirit is Lord." After singing the hymn, "Breathe on Me Breath of God," the meeting was adjourned.

## Muleshoe Art Association Plans Exhibit

Mrs. T. M. Stemmmons was elected president of the Muleshoe area Art Association for the coming year, in a meeting held Monday, September 4, in the Triple Inn Dining room.

Mrs. Jack Lenderson who has so faithfully served as president of the association for the past two years will serve as vice-president. Mrs. Bernard Phelps is the new Secretary-Treasurer. Three new members were introduced, which brings the membership total to 30.

Plans were made for an area art show and exhibit which is to be held in the Muleshoe State Bank on Monday, October 2.

All area artists are invited to enter their original paintings. Mrs. Gil Lamb is Show Chairman and will be at the bank from 9 a.m. to 3 p.m. on October 2 to receive the paintings. Judges will be named by Mrs. Stemmmons in the near future.

The show will consist of three divisions: the adult entries, and a Junior and Senior division for school students.

All paintings must be framed, original, painted within the past 12 months, and never before exhibited in this area.

Class work or paintings done under the supervision of a teacher will not be eligible for showing. Judges will reserve the right to refuse to judge a picture they consider a copy.

An entry fee of \$2.00 will be charged for non-members or a non-member may pay a fee of \$3 and become a member and also show their painting.

The Muleshoe area Art Association expresses their appreciation to the Muleshoe State Bank for providing a show-place for the exhibits.

Painting will hang in the bank for 2 weeks following the show.

## SHERIFF'S REPORT

Sheriff's officers this week jailed one for drunk and one for worthless check. One wetback was turned over to the U. S. Border Patrol for transfer back to Mexico.

City police jailed seven for drunk this week, while the Highway Patrol charged one for driving while intoxicated, one for drunk and one for a traffic violation.

# Neal Bradshaw Named Top Lazbuddie Farmer

**TWO BALE COTTON** . . . Neal Bradshaw, left, and T. O. Lesly examine a burn-high in some places. Lesly states that from indications the cotton will make at per crop of cotton that stands shoulder least two bales per acre. (Staff Photo)

Neal Bradshaw will receive one of farming's most coveted awards come September 23 in Friona when the Friona Lions club will present the most Outstanding Farmer Awards for four districts.

Neal Bradshaw, who farms three miles west and four miles north of Lazbuddie, has been farming in this area since he came from Slaton in 1951. Neal has seven hundred acres of which he has one hundred acres in cotton, three hundred acres in maize and one hundred acres in wheat plus two hundred acres he has laid out for soil conservation purposes.

The Outstanding Farmer Award is given on the basis of soil conservation, neatness of land and various other methods that lead to more productive farm practices. Actually the farm for which Mr. Bradshaw will receive the award, he has only owned and farmed for nine months. However, the selection committee stated that they have never seen such improvement on a piece of land as has been made on Neal's newly acquired land near Clay's Corner.

Showing other productive farm practices, Mr. Bradshaw was able to develop the land with the help of only one farm hand plus the help of his two boys, Otis, age 19, and Lloyd, age 14.

When interviewed, Neal explained that he also was planning on installing underground tile and that he would make row changes so that the water may be held more effectively.

T. O. Lesly, Soil Conservation Superintendent for the district, stated that a large part of Bradshaw's cotton would make over two bales an acre and that his maize would cut way above average.

## PTA Names 1961 De Shazo Leaders

The first meeting of De Shazo P.T.A. was held Monday, September 11 at 4 p.m. in the De Shazo School Cafeteria. The regular meeting time of the De Shazo P.T.A. will be the second Monday of each month from September to May at 4 p.m.

According to P.T.A. Program Chairman, Mrs. Irvin St. Clair, our hospitality time will be from 4 to 4:15.

Mrs. St. Clair was program director for the first meeting.

Mr. Fred White, principal, introduced all the teachers. A skit entitled "Membership En-

rollment Skit", was presented. Characters were "Membership Chairman" portrayed by Mrs. Irena Phillips and "Mothers" portrayed by Mrs. Mary Nell Chapman.

Membership Chairman, Mrs. Bob Kimborough, had a Membership Registration table for the convenience of the parents and teachers to register their membership at the beginning of the year. The method of soliciting membership will be handled on a different basis this year. Anyone interested in P.T.A., whether you have a child in

school or not is welcome to join and a registration table will be set up for this purpose at each meeting.

The officers and committees for this coming year are Mrs. Carl Bamert, president; Mrs. Irvin St. Clair, first vice president; Mrs. S. P. Stockard, second vice president; Mrs. Joe Mack Wagon, secretary; Mrs. Leon Blair, treasurer; Mrs. George Washington, historian; and Mrs. Donald Harrison, parliamentarian.

# At Last - A Good Idea

Congratulations to the Christmas Committee of the Chamber of Commerce for coming up with the idea of a nativity scene and home lighting contest for Muleshoe.

People have long complained of the commercialization of Christmas, but few ever do anything about it. We feel Muleshoe has taken one gigantic step forward in this move to put emphasis where it belongs.

During the discussions of proposed giveaway programs, we felt that to be the wrong approach. Bicycles will certainly make the recipients happy, but, unfortunately, every child in town cannot be given a bicycle by the local merchants. If they could, then a giveaway such as this would be ideal.

We have seen other cities with nativity scenes such as the one proposed. These towns have rather distinguished-looking streets when the nativity scene is up. People ride around at night and look at the nativity scene, go through the residential sections to see the Christmas lighting, and then go home. Perhaps they don't rush right out to the nearest dry goods store and buy something after seeing the sedate Christmas decorations, but they have a feeling that just can't be matched by a sign saying, "Come in and register for one of 65 bicycles to be given away."

In other words, the merchants of Muleshoe are offering beauty and tender thought to replace the hoopla of gala "Get'em in the store for the giveaway and then sell 'em something."

We don't think the Christmas buying of local people will take any tremendous drop just because merchants aren't giving away thousands of dollars in prizes. In fact, we think it will increase. We have no facts to back up this theory, but it is a feeling we have. Events will tell the tale.

At any rate, Gil Herndon, Gerald Priboth, John Smith, Bob Kimbrough, Mrs. Marie White and Neal Whitte have done a fine job in their capacities as members of the Chamber of Commerce Christmas Committee. The unique solution to the question of the Christmas Season activity must have taken a lot of thought and planning if it is carried out half so well it should be a lasting program that will leave good feelings in local people for many years to come.

Entered as second class matter at the Muleshoe Post Office under the Act of Congress, March 3, 1897.

## Sandhills Philosopher: Tells Congressmen How To Escape Having Backaches

Editor's note: The Sandhills Philosopher on his Johnson grass farm discusses a topic he may be an expert on this week, avoiding back strain.

Dear editor:  
People are always looking to Washington for advice and information, but occasionally Washington ought to look out in the country for advice and information for itself.

For example, I was sitting under a tree on this Johnson grass farm the other afternoon, just stretching my legs and resting my back, and since I figured I could still do that and read a newspaper at the same time, I pulled out a paper and started reading.

What startled me was an article saying a Washington doctor has been advising Congressmen and other officials on how to take care of themselves, to keep from developing backaches and general muscular strains. In the first place, this doctor said, a too-high chair will cause pressure on certain blood vessels in the thigh and may lead to severe cramps in the calf, initiating a painful muscle spasm sometimes with far-reaching consequences.

I have known this for years. If you get the right sort of chair, I have found, you can sit in it for long periods of time without any ill-effects. I've tried it and I know, it never occurred to me that Washington didn't know this, and I would have been glad to supply the information.

And also, the doctor said, muscle cramps may be caused by "holding a telephone for long periods in a poor position, by driving a car in positions that impose strain, or by bending over books for prolonged periods."

Now while I have never been injured by holding a phone for a long period of time, but have seen women get by with it, I'm not disputing this medical advice and I recommend it to a number of women around here I don't have the nerve to name. It's a dangerous practice and ought to be stopped, I do know though that driving a tractor, which is similar to driving a car, probably can cause severe backache, although I've never explored this fully. There are some things a man ought to know are dangerous without demonstrating it with his own back.

As for bending over reading, maybe Congressmen haven't found out this is bad, but I learned long ago you can read just as well sitting in a rocking chair with your feet propped up as you can bending over a desk,

## Babson Discusses: Cemeteries, Granite, Inflation

### BABSON REMINISCES IN HIS HOME TOWN

Gloucester, Mass.—For many years I have been planning to visit the oldest cemetery on Cape Ann. In it is buried Isabel Babson, the first Babson (or Babson; who came to this country, and from whom all Babsons here descend. When she left England, the name may have been Babson; but her signature could not be clearly read when she arrived in Salem in 1637. Hence, the name was interpreted as Babson, which she accepted, and which has been the family name ever since.

To my great disappointment, I found this old cemetery overgrown with weeds and shrubs four feet high, and many of the tombstones were broken and overturned. I, however, found tombstones of the prominent families of the first hundred years of settlement of Cape Ann. I felt ashamed to find the cemetery in such a condition and I urge readers who have similar cemeteries in their towns to get them cleaned up and be sure all the headstones are erect.

### GRANITE VERSUS CEMENT

When I was a boy, the great business of Cape Ann was granite quarries. Not only did Cape Ann granite pave the streets of large eastern cities, but the walls of the city halls, banks, and other important buildings had granite facings. The wealthiest families in town were then in the granite business. There was a certain amount of fishing, but not much, as only sailboats were used and the fish were caught by lines and surface nets. Even the keenest businessmen then believed the granite business was good for a hundred or two hundred years. There certainly was granite enough, and even now there must be a million tons left.

But suddenly Portland cement became popular, and quickly took the place of granite. Sidewalk edgestones, which heretofore had been made of granite, were being made of concrete;

and while I don't know what medical opinion Washington has on sitting on the ground under a tree, I've found that if a man trains himself and steels himself for the job, it can be done. Yours faithfully,  
J. A.

walls were built of concrete; and the facings were made of concrete. As petroleum came into use at about the same time, the existing paved roads were covered by either concrete or asphalt. In a few years, the great granite business of Gloucester and Cape Ann came to an end.

This causes me to wonder what other changes may now be going on. It may be that the leading industry of every city in which this column appears will be subject to similar changes. This means that your leading industrialists, and especially the Secretary of your Chamber of Commerce, must not be content with present conditions and close their eyes to new industries in the hope of thus protecting the present industries.

### INFLATION HAS ALWAYS BEEN WITH US

I have been interested also in reading the Court Records of the wills of persons who died before 1700. These appraisals would state the value of acreage of the house, the tools, and of the hogs, cattle, and horses, especially the mares. These appraisals rated a "mare" worth one pound, which was equivalent to \$5 in the currency of that day. As the price of a good mare today is around \$200, it would appear that the currency had been devalued, or the price has increased forty times! Furthermore, going back several centuries, we find that a country hotel charged only "two pence" for overnight compared with \$3-\$5 today.

When forecasting prices of the future, we are inclined to believe that a good mare will sell for several thousand dollars. It really seems that in only fifty years the prices of most commodities will be ten times their present prices. In short, inflation is nothing new. It has always been going on and I see no reason why it should not continue. It may increase gradually, or it may increase in spurts, rising rapidly for a while, and then being followed by period of deflation. On the other hand, we believe that each period of inflation will be greater than the last period of inflation, and that each period of deflation will be shorter than the previous period of deflation. I believe that for the next few years you will see a fairly rapid increase in inflation.

(Items from the September 11, 1941 issue of the Muleshoe Journal)

With the arrival Monday of Prince Scott, head coach of the Muleshoe Yellow jackets, members of the squad buckled down to real practice sessions and are being rapidly hardened for the opening game against Springlake, to be played there Friday, September 19.

The school board ran into a streak of good luck when they secured the services of Scott, who is another former Texas Tech football star.

Coach Scott is a natural leader and the boys are working hard for him during the practice sessions.

The Yellowjackets got off to late start without a coach, but they are snapping into the work with a vim that will make seasoned players out of them in short order.

A group of boys composed of Billy Beavers, Horace Edwards, Marshall Morris, Connie Dale Gupton, and Johnny Glascock will leave this morning for Stephenville, Texas, where they will attend John Tarleton College.

—1941—  
Members of the Half Century returned to Muleshoe Saturday afternoon of last week from a very pleasant stay in the mountains of New Mexico near Ruidoso.

The trip started with plenty of excitement when three visitors and 16 members boarded a bus driven by L. R. Hogan and left Muleshoe at 9:45 Wednesday morning.

They had lunch at Roswell, N. M., then proceeded to Ruidoso.

Five p.m. found everyone settled in their cabin there at the resort. They spent the evening playing games in the spacious living room in front of a large fireplace.

While there they took a sight-seeing tour to the Mesalero Apache Indian reservation; made the scenic drive high in to the mountains; and enjoyed other things such as horseback riding and hiking.

—1941—  
Clifton Griffith, student at Texas A&M college, after several days visiting in Muleshoe with his parents, Mr. and Mrs. Ray Griffith, left Wednesday of last week, returning to College Station.

## Instruction Quality Judge Schools On

National expenditures on education are well over twice that of a decade ago—now about \$390 a year per pupil—but that tells only part of the story of today's schools, according to *Changving Times*, the *Kiplinger Magazine*.

In an article in the current issue of the magazine, the editors point out that while "communities that spend more give their youngsters higher-quality education, which in turn pays off in higher incomes and higher tax revenues," the ultimate test is in the quality of the schools. "You may be spending a lot," the article states, "but for the wrong things, or spending so little that you couldn't possibly have the schools you need."

**ATTENDANCE**  
Youngsters in the community should go to school for at least 12 years. If they don't attend regularly, or dropouts are high, better see why he schools aren't holding them.

**SCOPE**  
School programs should be diversified so that all types are helped to develop—the bright, the slow, those who are heading for college and those who are heading for jobs.

**ELEMENTARY SUBJECTS**  
Reading, writing and arithmetic should receive strong emphasis from the earliest grades. Elementary pupils should also be given social studies (including history and geography), science, music and art. They must gain respect for learning and must be taught that people live, think and speak in different ways.

**Junior High School Subjects**  
All seventh and eighth grade students should take English, social studies, math, science, art, music and physical education. There should be courses in home economics and industrial arts. Algebra should be available in grade eight. Some students should be able to study a modern foreign language in grade seven. By the end of junior high even the poorest readers should be able to read at least at the sixth grade level.

**HIGH SCHOOL SUBJECTS**  
Requirements should include four years of English, at least one year of math, one of science, three to four years of social studies, including American history. At least one modern foreign language should be offered in a three-year sequence; four would be better. Advanced courses in math, chemistry,

physics, social studies and other subject, and a second foreign language should be available for the academically talented. Commercial, vocational, technical and homemaking courses in regular sequences should be available.

**COUNSELING**  
There should be an up-to-date testing program throughout elementary and secondary schools, with teacher-parent cooperation in understanding the results. In junior and senior high schools, help should be available to students in picking courses that match their abilities and plans for the future. A school should have at least one full-time professional counselor for every 300 students.

**TEACHERS**  
Every teacher should have a liberal education as well as substantial knowledge of the subject field or fields in which he teaches. The school system should be willing to pay at least what other school systems pay, and as much as workers get in other occupations that require a college degree (national average teacher pay is \$5,400, ranging from slightly over \$3,500 in Mississippi to nearly \$7,000 in California).

**STAFF SIZE**  
In elementary schools, teachers shouldn't have classes larger than 25 pupils; in secondary schools, the teacher load shouldn't be higher than five periods a day involving a total of 125 to 150 students; English teachers should be responsible for no more than 100 students. The school system should have a full complement of specialists, consultants and supervisor—roughly no fewer than 50 professionals (including teachers) to every 1,000 students. In high schools, a full-time assistant principal is needed for every 750 pupils and a clerk or secretary for every 250 pupils.

**SCHOOL SIZE**  
To be economical, enrollment should be at least 500 for a four-year high school, 350 for a three-year school, 250-300 for an elementary school.

**BUILDINGS**  
The construction program should be characterized by careful, long-range planning. Too many districts wait until the last minute before they build. Outdoor needs generally require an acre and a half for up to 315 pupils in grades one, two and three; about six acres for up to 315 pupils in grades four, five and six; and around 13 acres

for up to 750 pupils in grades seven and eight. Classrooms should be planned for a wide variety of learning activities, and plenty of room should be allowed for counseling, labs and administrative use. Elementary schools as well as high schools need good libraries. These are the criteria, according to the magazine, which will help a community decide whether it is getting its money's worth in schools.

## Stone's Throw

by GARY STONE

Just a couple of weeks ago, I mentioned something to you about fallout shelters. Since that time Russia has broken the moratorium on nuclear weapons testing and has shot the atmosphere full of aerial blasts. It is now time to start thinking of fallout shelters. In fact, it's way past time. It may even be too late.

If it weren't all so deadly serious, the conflict between the U. S. and Russia would be utterly hilarious. I can only think of the little boy who cried wolf so many times that people wouldn't believe him when a wolf finally appeared. Only it is in the reverse and the U.S. isn't nearly so wise as were the shepherds who dealt with the boy.

Russia has cried "peace" so often and so loudly that we have almost fallen for it all. I think it was Karl Marx himself, in his Communist Manifesto, who said the communist world would lull the capitalist nations to sleep with talk of peace and then, when they are off guard, pounce upon them.

The whole scheme of Russian action has been based upon this theory. That is why Mr. K. said the Russian people would beat America in a battle of industrial growth and development. It is another of the cries of "peace" in a long tirade of cries from the tyrants who rule "mother Russia."

It is a matter of semantics, really. To the Russians, the word "peace" means universal communism. Naturally, it means something altogether different to the people of America.

While I am on this subject, I recently received an invitation to hear a speaker September 21 at the Legion Hall in Muleshoe. This speaker represents the John Birch Society, an organization of which I do not approve.

I agree wholeheartedly with the aims of the group, but not with the methods it is reported to employ from time to time. I do not feel that the United States should go through another period such as that of the early part of this century, at which time the so-called Red-Scare and the Anarchist-Terror were in full swing. If any members of the John Birch Society are reading this and wish to know exactly what I mean, check the various diplomatic and political history texts available in any university or public library (other than the public library in Muleshoe, that is, which contains no such reference works, I think).

This is, of course, all a matter of opinion. I am sure those who are members of the John Birch Society feel their actions to be in the best interests of this great nation.

I know several of these people for whom I have nothing but the highest respect. I am familiar with a few for whom I feel nothing but contempt. But, then, there have been presidents of the United States who have prompted only contempt, also.

# The Dog and His Bone

AESOP, the well-known fable teller, started that story about the little dog ... who went trotting home one day with a nice bone. On the way he saw what looked like a much juicier one in the bright mirror of a water hole ... but, in grabbing for it, he lost the bone he already had.

- There's a good moral for one and all in this little story. But the educational value of fables must be over-rated. Because this one has been around for 1300 years and people are still risking ... and often losing ... some of the good things they have by reaching for something that is more temptingly offered.
- Like some of us here in this community ... who roam far and wide in a search for "better deals" and

thereby seriously undermine the economic structure which supports our own businesses and jobs, our fine schools and churches, and all the other elements of our well-ordered American small town life.

- In this community ... right now ... we could be enjoying much greater prosperity, much finer social and civic facilities ... if we had but kept in our local economic bloodstream all of the money we have put into the upkeep and upbuilding of larger cities in years past.

### Today's Meditation

Read Luke 18:1-8  
 I say unto you, Ask, and it shall be given you; seek, and ye shall find; knock, and it shall be opened unto you. (Luke 11:9.)  
 The man who is satisfied with his life and the world about him  
 And all that are akin to the deceased jumpeth on the editor with exceeding great jumps. And they pulleth out their ads and cancelleth their subscriptions and they swing the hammer unto the third and fourth generations.  
 Canst thou beat it?

rarely prays. But when adversity or takes him, in his extremity he turns to the Lord, who is standing at the door of every heart. He will hear the cry of this penitent soul. When the door is opened the life of the penitent man will be flooded with light.  
 Prayer takes man's fear and replaces it with confidence. Fuller life thus comes, for by prayer we can re-establish a lost communion with God.  
 From a missionary, threatened by death in China, prayer removed a terrible fear and helplessness. Despair was replaced by a calm peacefulness. He said afterwards: "My own will had failed in the most critical moment of my life. But knowledge that I could depend on a power

greater than my own sustained me in a wonderful way."  
 He rapidly outdistanced his fears and gained his former sense of hope.  
**PRAYER:** O God, we are conscious of our own inadequacy, especially in the face of trouble. We pray that at such times Thy presence may be very real in our lives. Shine the light of truth into our darkened lives so that we may have complete assurance; through Christ our Lord. Amen.  
**THOUGHT FOR THE DAY**  
 Our lives are incomplete unless we are in constant communion with God.  
 —Angus W. Muir (Australia)

### Inmate Editor Tells Of Many Rewards In Writing News

Editor's note: This bit of spoofery ran in the column "As I See It" printed by the editor of "The Echo," inmate publication from the state penitentiary at Huntsville and was reprinted in the San Marcos Record. It's so rich in newspaper humor, that we couldn't resist not reprinting it. By the way, resemblance to any person, living or dead, is purely accidental.  
 Consider the editor. He wears purple and fine linen, his abode is amongst the mansions of the rich. His wife hath her limousine and his first born sporteth a racing car that can hit her up in forty flat.  
 Lo! All the people breaketh their necks to get to hand him money. A child is born unto the wife of a merchant in the bazar. The physician getteth 10 gold plunks. The editor writeth a stick and a half and telleth the multitude that the prime bundle weigheth in at nine pounds. Yea, he lieth even as a centurion. And the proud father giveth him a Cremona.  
 Behold, the young one, she groweth and matureth much. And the editor putteth into his paper a swell notice. Yea, a peach of a notice. He telleth of the wisdom of the young woman, and of her exceeding comeliness. Like the roses of Sharon is she and her gown is played up to beat the band. And the director getteth two score and four iron men. And the editor getteth a note of thanks from the SGG.  
 The daughter goeth on a journey. And the editor throweth himself on the story of the farewell party, it runneth a column, solid. And the fair one remembereth him from afar off with a picture postal card that costeth six for a jiney.  
 Behold, she returneth and the youth of the city fall down and worship. She picketh one and Lo, she picketh a lemon. But the editor calleth him one of our most promising young men and getteth away with it. And they send unto him a bid to the wedding feast and behold, the bids are fashioned by Muntgumery Hawbuck, in a far city.  
 Flowery and long is the wedding notice which the editor printeth. The minister getteth 10 bones. The groom standeth the editor off for a twelve-month subscription.  
 All flesh is grass and in time the wife is gathered into the silo. The minister getteth his bit. The editor printeth a death notice, two columns of obituary, three lodge notices, a eulog or poetry and a card of thanks. And he forgetteth to read proof on the head, and the darned thing cometh out "Gone To Her Last Roasting Place."
