Jury Hearing Suit Against Lubbock Builder

A 106th District Court jury Wednesday morning continued to hear testimony in a suit by County Atty. Jimmy Wright and Bryan Wright against Lubbock Contractor Earl McCuiston, in which the Wrights allege that McCuiston failed to meet the terms of his contract for building a house for Jimmy Wright in Tahoka in 1990. Bryan Wright is party to the suit as owner of the property.

The jury was chosen Monday and heard testimony in the case in the district courtroom Tuesday. Rick Wardrop of Lubbock represented the plaintiffs and Pete Harland of Lubbock represented McCuiston, whose rebuttal and counter-charges against the Wrights also were being considered by the jury.

In the plaintiffs' petition it was alleged that McCuiston "failed to adequately supervise his employees,

...resulting in errors in construction" and use of sub-standard materials, falsified bills of costs on overages, and other actions, including "a criminal assault" on Jimmy Wright in the latter's office on Oct. 9, 1990, by striking Wright in the face and shoving him into a brick wall. Damages of "at least \$10,000" were being sought for loss of time, medical expenses, pain and suffering resulting from that incident.

Jimmy Wright is seeking a restraining order to keep McCuiston from the premises at 2508 N. 4th St. in Tahoka, and an unspecified total amount of damages for breach of contract, breach of warrant, mental distress, labor performed by the plaintiff, bodily injuries, court costs and punitive damages.

McCuiston's counter action proposes that Wright be barred from use

of the premises until McCuiston is paid all he requested and has released the property.

The original contract for the house stipulated that it would be built for \$71,500.

Judge George Hansard is presiding over the trial.

Wreck, Slashing Incident Reported To Officers Here

A traffic accident with no injuries in Tahoka and an incident in which one 13-year-old boy slashed another on the arm with a knife were among reports filed with law enforcement officers during the last week.

The boy who did the stabbing Friday was arrested and taken to the Lubbock County Youth Center.

A 1987 Ford pickup driven by Charles Elus Boles, 72, of Tahoka and a 1989 Chevrolet Carprice driven by Adrian Garcia, 14, also of Tahoka, were involved in a collision on Ave. L near Lockwood Saturday afternoon.

Eight persons were jailed during the last week in Lynn County, including one 21-year-old O'Donnell man arrested on a federal warrant for desertion from the military, plus a Lynn County warrant for theft by check.

Others were jailed on charges of public intoxication, application to revoke probation on conviction for driving while intoxicated (DWI) first offense, Dept. of Public Safety traffic warrants, assault, bond forfeiture on theft charge (from Lubbock County), driving while license suspended plus bond surrender (from Lubbock County), warrant on assault of family member (Tarrant County).

BACK WHEN Jim Bakker first got in trouble, one of the jokes that went around posed the question, "What do you find when you remove all of Tammy Faye's makeup?" and the answer was "Jimmy Hoffa."

Years later, just when I figured the public would never know what happened to the infamous union leader, I read that he is thinking about running for president of the Teamsters Union.

That's according to a story in Monday's Lubbock newspaper, which never did say whether this James P. Hoffa is Jimmy's son, or what.

Anyway, I figure Jimmy Hoffa, Amelia Earhart and Andrea Phares are all living together in Kuala Lumpur, Timberon, NM or some other place nobody ever goes to.

Andrea Phares was a young housewife who disappeared in the 1950s somewhere in the Lubbock area, possibly near Cotton Center.

THIS 'BLONDE' JOKE came to me from someone online: A blonde and a brunette were watching the 10 o'clock news on TV, and some guy was up on a ledge threatening to jump. The station took an ad break right in the middle of the report.

"I'll bet you \$20 he jumps," said the brunette.

"Okay," said the blonde. "I'll take that bet."

The newscast resumed, and sure enough, the man jumped off the ledge.

"Well," said the blonde. "Here's my \$20."

"I can't take your money," said the brunette. "I have to confess I saw the 6 o'clock news, and I saw him jump."

"That's okay," the blonde said. "I saw the 6 o'clock newscast too. I just didn't figure he'd be stupid enough to jump twice."

THE JERK on Ave. J says "I almost had a psychic girlfriend, but she left me before we met."

Tahoka Housing Authority To Build New Office/Community Center Complex

by JUANELL JONES

Tahoka is getting another brand new community center/classroom/office complex - and the best news is, it's not costing the local citizens one penny.

That's according to Billy Miller, Executive Director of the Tahoka Housing Authority, who applied for, and obtained, one of the very few high-dollar grants given each year by the U.S. Department of Housing and Urban Development (HUD).

"Congress assesses so much money each year for grants - that's a given amount which somebody will receive and it's not costing us (taxpayers) any more, whether that grant funding is given to Houston or some other big city, or whether it's coming to us. We'd just as soon Tahoka get that money as somebody else - and we were fortunate enough to do just that," said Miller, who is understandably proud of obtaining \$831,997 in grant funds for the Tahoka Housing Authority.

Miller and the Tahoka Housing Authority board were notified last September that the grant was approved, but it has taken almost an entire year to complete plans for building a new Tahoka Housing Authority office and multi-purpose facility for use by the community.

In the meantime, a portion of the

funds has already been spent on beginning the renovation of the 50 housing units owned by the Housing Authority here. Miller says he hired local people to do some of the work which has already been completed, including new roofs on all the units, exterior painting, and screen repair. The remainder of the work needed for the renovation is being contracted along with the bid on the new office complex.

"When we get finished, all 50 housing units will be like new - they will have new flooring, new central heat and air units, new interior paint, new appliances - we are basically re-doing everything, and three of the units will be completely handicapped-accessible," Miller explained.

He noted that although some repair work has been done in the past, nothing of this magnitude has ever been undertaken. "These housing units were built in 1958, 1964 and 1967, which makes all of them at least 30 years old," said the director, noting that funding for the Tahoka Housing Authority comes from the rent collected on the housing units and a subsidy from HUD.

The Tahoka Housing Authority contracted with D'Amico Construction, Inc. in Celina, Tx, as general contractors for the \$595,000 bid for the new office complex and remain-

ing housing renovation.

Ground-breaking ceremonies were held Monday for the new office complex, which will be located on South 3rd and Ave. K, just west of the Lynn County Pioneers Senior Citizens building. The 6,040 sq. ft. brick building will face west, and in addition to office and boardroom facilities for the Housing Authority, the building will also contain a carpeted community room which will encompass nearly 3,000 sq. ft. (accommodating 175 in banquet style seating), and features adjoining kitchen facilities and storage rooms, as well as two smaller classrooms, one of which will contain several computers available for computer classes.

Miller says the new facilities will be available for use by the public, and is not in any way limited to use by those who live in the Housing Authority units. "This community center and classrooms will be for use by any citizens of this area," he stressed.

It is expected that the new building complex will be completed within nine months, barring any weather complications. Cameron Alread, Architect, Inc. of Fort Worth is the architect for the facility.

Miller, who was appointed Executive Director of the Tahoka Housing Authority in April 1996, began working on the grant funding imme-

diately. In September, just five months later, the Tahoka Housing Authority was awarded the approximately \$832,000 grant.

Last week, at the Texas Housing Association's Annual Meeting held in Austin, Miller was presented a Certificate of Excellence in Management Operations for achieving High Performer Designation status. Presented by the U.S. Dept. of Housing and Urban Development, the award was presented "in recognition of exemplary performance for fiscal year 1996 under the Public Housing Management Assessment Program."

It is the first time the Tahoka Housing Authority has received such an award, and Miller says it means the local entity will be under more relaxed scrutiny than in the past.

"The paperwork in this industry is just endless," Miller said with a grin. "This award is hard to come by, and it means they (HUD) believe we're doing a good job - that may transpire into less paperwork for every little detail... they'll spend their time scrutinizing somebody else," he explained.

Members of the Tahoka Housing Authority board are appointed by the mayor. Current members of the board are John Krey, Cal Huffaker, Greg Henley, Mrs. Bennie Nance, and Ms. Mary Morales.

Commissioners Approve Phone Repairs

Lynn County Commissioners met in routine session Monday morning, approving repair of phone lines in the county jail and giving permission for a new phone line for a computer in the District Clerk's office. The computer is for the Attorney General's office and their use and will not cost the county anything. The AG's office will also pay to have the phone lines installed.

Mike Braddock, Precinct 2 Commissioner, discussed problems he was having with a 1982 maintainer and the court gave approval for Pct. 2 to advertise for bids for a new maintainer.

Monthly bills were approved as presented.

The court set a public hearing for Sept. 8 at 10 a.m. to adopt the 1998 county budget.

Present at the meeting were all four commissioners and County Judge J.F. Brandon.

"Dial-around" telephone services are blanketing the airwaves and mailboxes urging consumers to use five-digit access codes before they dial a long-distance number. Some of these companies claim huge savings, anywhere from 10 to 50 percent off long distance rates. However, many fail to mention that the discounts are gauged against the major phone companies' highest long-distance rates, not the rates you might be paying in discounted calling plans. Also, many of the dial-around services assess fees and monthly access charges that can overwhelm savings you might otherwise enjoy from lower per-minute rates. If you are considering using a dial-around service, the BBB suggests that you keep the following tips in mind: •Investigate before you dial. •Check the company out by contacting the BBB for a reliability report. •Compare the rates of the dial-around service to your long distance company's rates. •Don't use the dial-around service for local calls. •Be careful of using dial-around services on nights and weekends; when you consider the surcharges and minimums, the per-minute rate offered by dial-around services may not be much cheaper.

Bible-Based Weight Loss Program Offered

An organizational meeting for a Bible-based weight loss program will be held at 7 p.m. Tuesday, Sept. 2 at the First Baptist Church of Tahoka. This meeting is to give more information and help anyone interested decide if they want to be a part of the workshop. For more information call Diane Reynolds at 998-4871 after 5 p.m.

The "Weigh Down Workshop" offers a series of specially designed classes of videos, audio cassette tapes, workbooks, and Bible lessons, which teach how to be delivered from the slavery of food.

"This workshop teaches people that head hunger (this urge to eat when the body is not calling for it) is not true physiological hunger, but rather is spiritual hunger. So we learn how to replace it with the Word of God so that you transfer this urge for a pan of brownies to that of hungering and thirsting after righteousness," said one program representative.

Remove That Stinger Fast

If you are stung by a bee remove the stinger as soon as possible. It doesn't matter whether you pull out the stinger with your fingers or scrap it out with your fingernails, a knife or credit card. The more time that goes by the greater the dose of venom and the larger the welt. If you're allergic to venom, the longer it's in the greater the risk of a dangerous reaction. If you are allergic to the venom, you should never be without your epinephrine.

Contrary to the general impression that has heretofore prevailed, the line will not be built directly from Lubbock southward, according to Mayor Singleton, but will be built out of Slaton, and instead of entering Tahoka from the west, it will enter somewhere in the neighborhood of the Santa Fe Railway. At a meeting of the commissioners' court Wednesday afternoon, it was decided to employ a county farm agent in this county, his services to begin on December 1.

This date was selected for the reason that the court felt that since this year's crop is already planted that date would be as early as he could be of any material benefit to the farmers.

News from the Better Business Bureau

The Better Business Bureau advises caution when signing up for a magazine subscription package over the telephone. Consumers have been complaining to BBBs that they have been tricked by smooth-talking telemarketers into purchasing expensive multi-year magazine subscriptions. Once they receive the bill, often totaling hundreds of dollars, they realize that it greatly exceeds the total yearly cost of each magazine. If you are contacted by a magazine telemarketer, listen carefully to the initial sales presentation. Don't be afraid to interrupt and ask questions. If you want more information, ask

TMS STUDENT COUNCIL—In the Tahoka Middle School Student Council election held Friday, Aug. 22 the following officers were elected: (from left) Jon Luna, President; Ashley Wilson, Secretary; Brandi Tekell, Vice-President; Pedro Sepeda, Treasurer; Leigh McAfee, Reporter; Stephen Solorzano, Parliamentarian; and Shelli Howard, Student Council sponsor. Other candidates were Chelsey Miller, D'Lea Autry, Kyndel Byrd, Tanner Thomas, Kalesse Hammonds, Jeanine Wilson, and Kent Stone.

them to send you written materials. If you are not interested, it's simple, say good-bye and hang up. There are legitimate companies that sell magazine subscriptions over the telephone, but watch out for those salespeople that will not give you a name or the company's name. Give the Bureau a call to check out the company BEFORE agreeing to any offers. If it sounds like a good deal and you are

interested, ask to get a written copy of the sales terms offered and remember that in some states, your verbal agreement to buy may become an immediate legal contract. If you have any questions, contact the BBB at 763-0459 or (800) 687-7890 or send us an e-mail at lubboccb@gte.net.

Finding the right job can be a tedious and time consuming process. Many job seekers turn to employment services to get the help they need. The BBB cautions job seekers about fraudulent employment services that charge up-front fees of up to several hundred, and sometimes thousands of dollars, to market your career. The schemes start with the placement of ads in the classified sections of newspapers nationwide, touting employment opportunities with good starting salaries. When the consumer calls the number, telemarketers hype themselves as job placement services and claim to have extensive company contacts and know about hundreds of jobs "before they're even advertised," but the consumer must first pay a fee for these

services. Here are the "red flags": Firms that offer a contract for a smorgasbord of help in exchange for an up-front fee; refusal to let you contact satisfied customers; access to unadvertised jobs; limited access to counselors. Finally, check the reliability of the employment company with your Better Business Bureau by calling 763-0459 or (800) 687-7890 or send us an e-mail at lubboccb@gte.net.

The BBB has issued a warning that flyers which appear to have come from a government agency have been distributed in parts of Texas. The flyers are often from out-of-state home improvement companies. The flyers state: "...We are accepting applications in your neighborhood for the F.H.A. (Federal Housing Authority) Title One Program... loans guaranteed by the Department of Housing and Urban Development... and federally insured up to \$25,000..." The flyers also contain official-looking governmental logos. The only reference to the flyer's origin is an 800 number that is answered with a recording from "Neighborhood Rehab Program." Such advertising is considered misleading and deceptive particularly if there is no mention of the company or lender involved. Reference to "federally insured loans" is also considered inappropriate because the insurance protects the lender, not the consumer. If you receive such a flyer, please send it to the Bureau by mail at 916 Main Street, Suite 800, Lubbock 794091, or by fax at 744-9748.

LUBBOCK, Friday, August 22, 1997

Texas Agriculture Commissioner Rick Perry issued a Section 24(c) Special Local Need label for Furadan 4F control of cotton aphids. The 24(c) label, effective for 90 days under provisions of the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), may be limited to a 10 day application window if revoked by the Environmental Protection Agency. The 10 day window would allow producers who purchased Furadan 4F time to apply the product they have on hand. Several restrictions are included with the 24(c) label including the prohibition of feeding gin trash from Furadan treated fields to livestock. Gin trash from Furadan treated fields should be separated at the gin. Growers applying Furadan are required to possess a copy of the Section 24(c) label. Copies of the label can be obtained from chemical dealers, the Texas Department of Agriculture or Plains Cotton Growers.

Yield expectations have declined slightly over the past month and US production is estimated at 17.229 million bales. Texas is pegged to produce 5 million bales in 1997. If the August estimates hold up, the Texas High Plains is on pace to produce 60 percent of the Texas crop or close to 3 million bales.

The table below shows the U.S. Supply/Offtake figures for 1995-96, estimated figures for 1996-97, and the 1997-98 supply/offtake projection.

Students at Wilson I.S.D. also will have a holiday on this day, with classes resuming on Tuesday at the regular time.

The Wilson Mustang Marching Band is still practicing each Tuesday from 7-9 p.m.

The time and day for school pictures for Wilson students has been changed. Pictures were originally scheduled for Sept. 5 but have been re-scheduled for Wednesday, Sept. 24.

The first intersession days for the 1997-98 school year are scheduled for Sept. 8-9 from 9:00 a.m. to 2:30 p.m. Students with an average below 75 in Language Arts, Math, Social Studies, or Science and/or students who failed the writing, math, and/or reading TAAS tests from May 1997, are required to attend. Students who do not meet this criteria will have a school holiday. The band will hold practice on Tuesday, Sept. 9 as usual.

Upcoming events include homecoming on Friday, Sept. 19 and the South Plains Fair Parade of Bands on Saturday, Sept. 20. Watch for information on the homecoming week activities as plans come together.

Mustang Stadium will be the neutral site of a scrimmage on Thursday, Aug. 28. Teams from Threeway and Hermleigh will come to Wilson for this scrimmage. Wilson is scheduled to play Hermleigh on Oct. 3, so come on out and look over the competition.

The Wilson Mustangs will scrimmage Loop on Friday, Aug. 29. The varsity and the JV will both play and the games will begin at 6 p.m. at Loop.

Regular season games begin on Thursday, Sept. 4 for the junior high as they will host the Wellman Jr. High in a 5 p.m. game.

The Wilson Mustang varsity will begin their regular season play on Friday, Sept. 5 when they will travel to Wellman for a game scheduled to begin at 7:30 p.m.

The Wilson Lions Club will be holding a blood drive on Thursday, Sept. 4 from 4-7 pm. The Lions are hoping that this can be a very good drive. Area media reports indicate that blood of all types is needed, and that the blood bank has even had to resort to phone calls to past donors of certain blood types, so that they could meet and immediate need. A special request to those who might be attending the junior high game is to stop by the blood drive on the way to the game and donate a pint.

The Wilson Lions Club is beginning to wrap up their annual football program project. This program is paid for by those who advertise in it and then it is given, free of charge, to those in attendance at the home varsity football games. If you would like to advertise in this program and you have not been contacted by a Lions Club member, please contact Lion John Earl Fields.

The Lions Club held their annual broom and mop sale this past Friday and when all the dust cleared and the final count was made, the club reported a better than average sale. The club would like to thank those individuals and businesses

that supported the group by purchasing items during the sale. Profits from the sale go to support Lions Club district projects, such as the Lions Eye Bank, the Lions Camp at Kerrville, Texas Boys Ranch, the Leader Dog Program, Hearing Conservation, Sight Conservation, and several others.

The Lions Camp at Kerrville is a camp for those children with physical handicaps, diabetes, or sight impairment. Camp sessions are offered, without cost, to those children who qualify and who would like to attend. Lions Clubs are now attempting to locate children that they will sponsor to the camp. If you know of a child who possibly could qualify for this camp, contact any Lions Club member in your community and let them know. For more information about the camp, contact any Lions Club member in your community.

The Wilson Mustang Booster Club continues to meet at 8 p.m. in the school cafeteria on Tuesdays. Membership is still open for those who would like to become members. For more information, contact any Booster Club member or officer or just show up at the next meeting.

The first Community Story Time of the 1997-98 school year will be held on Thursday, Sept. 4 from 2:30-3:00. The library has purchased many new books and attractions especially for children in the Wilson community who are birth to 5 years of age. Story Time will be the first and third Thursday of every month from 2:30-3:00. Children are encouraged to come for a story and to check out books to listen to at home.
