Raymond Young, Clerk of District Court, Callahan County, Texas, 42nd Judicial District.

Clyde Boy Drowned Tuesday In Mexia Creek

Mayo Paulk, 17 year-old Clyde boy was drowned Tuesday afternoon in Mexia Creek east of Baird.

The youth was drowned in nine feet of water just beneath the T and P railway bridge over Mexia creek. Paulk and D. D. Tedford, also of Clyde, had been fishing during the morning. When they ran out of bait, Paulk suggested Tedford go get grasshoppers. In 15 or 20 minutes, Tedford said, he returned and discovered Paulk had disappeared. "I thought he was kidding and hiding," said Tedford. "I called for him and when he didn't answer, I looked and there was his cane pole in the water and bubbles were coming up on the other side of the hole."

Tedford ran to the highway about 30 yards away, and flagged down Bill Hatchett, rancher living south-east of town. Together they recovered Paulk's body and rushed to the Griggs hospital here. Artificial respiration was applied and later an inhalator was also employed in the resuscitation efforts, but to no avail. The inhalator was brought here by Chief I. Ray Roe of the Abilene fire department on request of Sheriff Clarence Nordyke.

Paulk is survived by his mother Mrs. O. D. Paulk of Clyde, an invalid; two brothers, O. D. Jr. and Wade, and a sister, Mrs. Seth Whitmire. The two brothers and the sister arrived in Baird a short time after the youth was brought to the hospital.

Raymond Young, Clerk of District Court, Callahan County, Texas, 42nd Judicial District.

Mrs. Charlie Walker has as her guests her mother, Mrs. Josie Mansker, and sister, Mrs. Tennie Lee Ketch and daughter Bettie Lee all of Stillwater, Oklahoma.

Mrs. E. A. Luce of Riverside California, is visiting Mrs. Charlie Walker and other relatives of Baird.

Ground Broken For Baird Municipal Power & Light Plant

Ground was broken Wednesday afternoon at 4 o'clock for the Baird Municipal Power and Light Plant, when in a short program Mayor H. Schwartz broke the first shovel of dirt.

R. L. Elliott, Jr., City Secretary, Hugs Ross, Curtis Sutphen, Earl Johnson, E. F. Russell and J. T. Lawrence, City Councilmen F. E. Mitchell, Fred Eude, resident engineer, inspector for the W P A and others were present, also a number of citizens.

SUPPLIES AND EQUIPMENT ARE ARRIVING
Supplies and equipment are arriving and are being stored in the B. L. Boydston warehouse. The plant is to be erected on the Sam Poe lot, 200x140, two blocks east of Main Street. Eub-contract for the plant building was let last week by Fairbanks-Morse to Roberts & Son for a cream brick structure, to cost approximately \$21,000.00. The plant is being erected at a cost of \$145,000.00.

First Baptist Church

A. A. DAVIS, Pastor
Perhaps the most sensational political event of the year came this week with the announcement of the Non-Aggression Pact between Germany and Russia, which doubtless will lead to an active alliance between those two great powers. From a political view point this event was certainly unexpected, but from a view of Bible prophecy it was surely destined to so be. In our current series of sermons (each Sunday night) on the second coming of our Lord this prophecy was discussed. Yet its fulfillment was much nearer than we suspected. Furthermore if the present realignment of the powers be that final set up which herald a time of trouble as there has never been before, immediately preceding the return of our Lord. Then France will break with England and join hands with the man from the north country (Russia) and the Prince of the land of Magog (Germany) and France (sons of Gomer). England and "Her Young Lion" (English speaking powers) will be left alone because she championed the cause of the Jew. Only the coming of the Lord will give victory to the English and Jewish cause. America, The U.S.A., will certainly be found in active alliance with Europe.

The recent address of the Pope in which he gave a veiled endorsement of German policies, certainly identified the Popancy as a secret ally of Hitler and Russia, and doubtless the political intrigue of this Apostate Church will play a great hand in this conflict as it has in ever great World struggle. This is a striking fulfillment of Prophecy.

Next Sunday we plan to bring another message on the Second Coming of Christ and will notice these recent political developments in the light of Bible Prophecy. Will France also enter a non-aggression pact with Hitler and Russia? Will Jerusalem be the next field of aggression for Germany--Russia aims? Was Hitler's pact with Russia a fulfillment of prophecy?

Sunday morning we hope for another good crowd. We plan to bring a message on "Why Christ Loved the Church". The Meeting at Mid-way progresses nicely, good crowd and interest.

W. T., U. Make Rate Reduction Here

The West Texas Utilities Co. have made a rate reduction in Baird and Carl Lamb, local manager is busy this week sending out refund checks to their patrons in Baird. The new rates are retroactive to July 1, 1938. Mr. Lamb says checks amounting to a total of \$1600 is being paid to their Baird patrons.

This rate reduction was due last fall, but due to the fact that Baird had voted bonds for the purpose of building a municipal power and light plant, the reduced rate was not made effective at that time.

Mr. Lamb says the refund is being made now upon the result of a survey made by the Citizens Protective Committee of Baird, recently which he says "indicated that a majority of their electric users here prefer to continue taking service from them."

Billing for August is being made on the reduced rate Mr. Lamb says.

Leona Lawrie and Milton Bryant Wed In Morning Service

In a simple ceremony with only members of their families present, Leona Lawrie and Milton Bryant of McCamey exchanged their marriage vows Wednesday morning in the home of the bride's parents, Mr. and Mrs. George W. Lawrie, at North 19th St. Abilene. The couple stood before an improvised altar banked with ferns and decorated with vases of purple and pink asters. The Rev. J. T. Griswold of Clyde, read the service.

The bride was modestly attired in a teal blue frock with shirtings at the shoulders and the waist. Her only ornament was a rhinestone clip at the neck. She wore black accessories and her corsage was of white gladioluses.

Only attendant to the bride was Loyce Rister who wore a black dress with wine accessories. Her corsage was of dark red roses. Serving Mr. Bryant as best man was his brother Leslie Bryant of Baird.

Mrs. Bryant is a graduate of both the Abilene high school and Harding-Simmons university. In high school she was a member of the National Honor society, debate team, and pep squad. She was a three year member of the Cowgirls, H. S. U. social organization. For the past three years she has been head of the high school mathematics department of Baird.

Mr. Bryant is a graduate of the Baird high school and of McMurry college where he was a football letterman. Following his graduation he was a teacher in the Baird schools for two and one-half years and is now an instructor in the McCamey schools.

He is the son of Mr. and Mrs. J. L. Bryant of the Ione community. Immediately following the ceremony a reception was held after which the couple left for a honeymoon trip to San Antonio, Houston and Galveston. After Sept. 2 they will live in McCamey.

Mrs. Fred Heyser Honors Mrs. Milton Bryant With Shower

Mrs. Milton Bryant, former Miss Leona Lowrie, was honored Tuesday afternoon with a shower given by Mrs. Fred Heyser. The Pep Squad and a few close friends were present. The party was carried out in the vigorous school spirit with entertainment along that vein. Mrs. Roberts Warren Mayes gave a reading and Misses Gussolyn Hall and Charity Gilliland played and accented duet. The remainder of the afternoon was spent in a miniature presentation of a "Road Show" copied after the shows Mrs. Bryant presented so successfully in the schools. Refreshments of punch and cookies was served to the twenty-four guests along with favors of tiny slates bearing the nuptials names, once again sounding the school note in the entertainment set of powder-pastel dishes, a gift from the hostess and pep girls, was presented to Mrs. Bryant.

Mrs. Bryant, who taught in the Baird High School for three years, was popular among the younger set for her unremitting work to build up a Pep Squad and hearty spirit of cooperativeness. She will always hold a foremost position in the hearts of her many friends in Baird.

Mrs. Frank Vaughn Died Thursday

Mrs. Maude Vaughn, wife of J. F. Vaughn, 59 died at the family home 2134 Cedar St. Abilene, yesterday at 6:20 p. m. following an illness of ten months. Mrs. Vaughn spent most of her life in Callahan county and she was brought back to her old home at Admiral for burial, funeral services being held at the Baptist Church at that place at 4 o'clock, this afternoon, the rites being conducted by Rev. A. A. Davis, pastor of the Baird Baptist Church and burial made in the family plot in Admiral cemetery.

Active pallbearers were: Earl Hall, James Ross, Howard Farmer, Bill Hatchett, Homer Driskill, W. B. Jones. Survivors are: Mr. Vaughn, one daughter, Mrs. G. H. Tankersley of Baird; one granddaughter, Ellen G. Tankersley; three sisters, Mrs. T. B. Harris, Panhandle, Mrs. D. J. Bowden and Minnie Whitley, and a brother, Joe Whitley, all of Boice City.

Mrs. Vaughn was born in Sinclair, Mo., March 28, 1880.

Mrs. Noel Nordyke is visiting her parents in Wright City, Okla.

Mr. and Mrs. James Ross have returned from a trip to Ruidosa, New Mexico.

Mrs. Dale Shockley and Mrs. Bill Banks spent the past week end in Big Spring.

Mr. and Mrs. Hamp Cowan spent Sunday with Mrs. Cowan's mother at Peacock.

Mr. and Mrs. Roy Cutbirth and daughter Patsy, Mr. and Mrs. B. F. Andrews are back from a trip to New Mexico.

Mr. and Mrs. Howard Farmer, Mr. and Mrs. Harold Ray are home from a trip to New Mexico Colorado and other points in the north west.

AROUND TOWN

With Otto B. Grate
Hi gang! Ready to breeze around the village green once more? This is the last Around Town column for August! Yah, yah, foller ya' did'n't I (and woe be unto that fella' who gave that cheer, if I ever find out who it was.)

The Magnolia Service Station, operated by O. C. Rouse, is all spruced up. The place has been redecorated with a gray and red color scheme and the flying horse is in manipulation.

Last week the train bearing the starlet, Linda Darnell, back home to Dallas for a personal appearance with her first picture, came through the home town. Like a nice reporter I trotted down to ye olde depot to get a look to pass on to you. I didn't expect an interview with all the trimmings but I did want to give Texas's latest star the once over. Upon arriving I met a fellow who was evidently an agent of some sort who said if I would be careful I might get a glimpse of the young lady from her window. I'm no peeping Tom but when I passed the car I did get a stupendous view of Miss Darnell's super colossal tongue which she thrust out either in playfulness, or otherwise. I don't know which and care less about finding out. Evidently we "small town" people don't rate with some stars.

Where, O where has my little dog gone, and so forth. Silver, mascot of the Norville Grocery has disappeared and if anyone knows the whereabouts won't they please send the mut home?

Three new teachers have been elected for the Baird Public School Miss Erlene West will be given the first grade work, Miss Ida Louise Fetterly will take over Commercial and English, and Mr. Marvin Cowan of Pecos will have Math. The position of English teacher and librarian is still open.

There was a nice turn-out for the Old Settlers Reunion last Friday and many of the old timers were present. Jack Scott, of Cross Plains Review, was master of ceremonies and handled things nicely. In calling for the oldest settlers, and so on Editor Scott gave a whoop for the most generation of one families present, saying he wanted a father, son grandson, and something. If the crowd hadn't been so dense, by golly, we'd have gone up on that. We know we are "something" and what's more we could furnish proof.

Manager Pawkett is already passing around the "Crying towels to his patrons, all of which is only a nifty little publicity gag for the showing of "Dark Victory" The show starring Bette Davis and George Brent is a real tear-jerker but so well acted that you won't mind. It is, simply, the story of a young woman who was injured in an accident and give only a few months to live. Being the sort she is, she decides to spend those three months in Hoopla fashion but falls in love with her doctor. She marries him, knowing that what happens she has is only leasat. The prelude to her death is a short blindness. This come just as her husband is called away on an important trip. Without telling him she is on the verge of death she bids good by to her husband. Not a happy tale, but a beautifully told, beautifully interpreted story of love so great that even in death it met no defeat. Another Davis picture, "Juarez" is due next Wednesday and Thursday, still on the darker side but a dramatic etain etain etain etain dramatic thunderbolt.

For the spotlight of this week we send out nicest bouquet of flow-ers to a visiting gentleman from Coleman Texas, who helped settle Callahan county and rode the rolling hills of this county as a cow-hand. We have reference to Sam Gilliland, brother of the founder of the Baird Star and our own Editor's uncle. Sam Gilliland is one of the finest people to know that you can imagine; full of fun and energy, knowing everyone as a friend we can't help but tip our hat to him.

THE BAIRD STAR

Established by W. E. Gilliland, December 8, 1887

Issued every Friday, Baird, Texas

Entered as Second Class Matter, December 8, 1887, at the Post Office in Baird, Texas, under the Act of 1879.

Eliza Gilliland, Editor and Publisher Haynie Gilliland, Asso. Editor

BALANCE

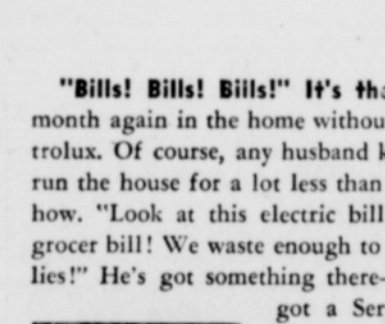

as defined by Webster:

A combination of factors, elements or the like, as in a diet, such that the proportions are correct for a certain purpose.

You can't improve on Webster, and when we say that 997 Motor Oil is balanced for performance, we mean that it has a combination of qualities such that the proportions are correct for the purpose of motor lubrication. . . . Definite improvements in 997 give it all the desirable qualities you seek in a motor oil in perfect balance—none are over-emphasized, none sacrificed. . . . And the result is—perfect performance in your car. BALANCED 997 gives you a clean motor, low oil consumption, safe service, great stability at high and low temperatures, minimum engine wear, freedom from sticky gum and varnish-like formations on pistons and piston rings, easy starting in winter, instant lubrication, a perfect seal between piston rings and cylinder walls, low carbon, easy pumpability and circulation. . . . Try this product of Humble's policy of continuous improvement. Stop at the nearest Humble sign, drain and refill with Humble's BALANCED 997 Motor Oil.

IS THIS ANY WAY TO RUN A HOUSE?

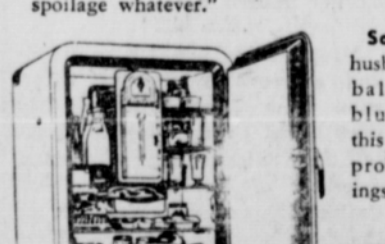

Vegetables and fruits stay fresh in the two big, roomy porcelain vegetable fresheners.

Let's see what Mrs. J. W. Jackson, Paducah, Texas, who used to own another type automatic refrigerator, has to say: "In the summer months, the cost of operating it would be \$8.50 a month. Now our Servel operates for 60c a month." And Mrs. Travis Fore, of Nocona, says, "My ice bill alone ran from \$5 to \$7 a month before I owned a Servel Electrolux. It costs 70c or 80c a month."

And about food savings, here's the story from Mrs. W. E. Tosh, Stamford, Texas: "My grocery bill has been cut to almost half. There is no more food spoilage whatever."

So, next time your husband gets the "unbalanced budget blues," show him this little arithmetic problem—the savings in several hun-

NO MOVING PARTS in its freezing system
 PERMANENT SILENCE
 CONTINUED LOW OPERATING COST
 MORE YEARS OF DEPENDABLE SERVICE
 CONTINUED SAVINGS THAT PAY FOR IT

"Bills! Bills! Bills!" It's the first of the month again in the home without a Servel Electrolux. Of course, any husband knows he could run the house for a lot less than a woman, anyhow. "Look at this electric bill! Look at this grocery bill! We waste enough to feed two families!" He's got something there—unless you've got a Servel Electrolux. And if you have, you never hear these squawks about the unbalanced budget. It's a nice little royalty that Servel pays you, month after month, in grocery savings and operating cost.

But wait... He doesn't know yet that Servel Electrolux is the refrigerator—the only automatic refrigerator—with no moving parts in its freezing system. No, not a one. Nothing to wear; to get rattly and noisy, to lose efficiency, to let you down without refrigeration in August or September, while you wait for the service man. He won't believe this "no moving parts" at first; so bring him to us. We'll show him. Just a tiny little SILENT gas flame.

And as Mrs. Henry Brooks, Paducah, Texas, says, too—any home, anywhere, can enjoy Servel Electrolux refrigeration. Yes, town farm or ranch. She says, "The beauty of Servel Electrolux is, if you move to the country you don't have to trade it off; it operates on butane or kerosene, as well as natural gas." And if you live on a farm or ranch now, by all means come in and see how you can have ice cubes, ice cream and perfect city refrigeration—the same identical Servel Electrolux that a million city families use, except it uses butane or kerosene. And no matter—town or country—we can sure make it easy to own one. Come in and find out these things for yourself—or phone us and we will come to see you.

Flexible grid releases ice cubes instantly—no wasteful melting under the faucet. And plenty of ice all the time!

So, next time your husband gets the "unbalanced budget blues," show him this little arithmetic problem—the savings in several hun-

WHY Humble Oil & Refining Co. Reduced the Price of Crude

This statement is published as a paid advertisement by Humble Oil & Refining Company for the benefit of those who are interested and not acquainted with the facts.

On August 11 the Humble Company posted reductions in the prices at which it purchased crude oil in Texas and New Mexico by amounts ranging from 5c to 32c per barrel, and averaging 18.5c per barrel. In view of the fact that this action on our part has been severely criticized before the public, we outline below the facts and reasons on which it was based:

1. On August 1 the quantities of crude oil listed below, aggregating 218,920 barrels daily in Texas, Louisiana and Arkansas, were moving to market at prices substantially below the Humble's postings for similar crudes:

AREA	BBLs. DAY
Texas—	
West Central	37,000
Gulf Coast	22,600
Southwest	16,900
East Central	12,800
East Texas Field	6,850
Panhandle	1,500
Total Texas	97,650
South Louisiana	81,920
North Louisiana and Arkansas	39,350
Total	218,920

2. The amount of crude moving below Humble's postings was greatly increased when on August 10 the Sinclair-Prairie Company posted a reduction of 20c per barrel affecting the oil produced and purchased by it in Texas, New Mexico, Oklahoma and Kansas, which action was followed immediately by reductions in the price made by a number of smaller purchasers. These reductions applied to more than 150,000 barrels of oil. This, added to that mentioned in the preceding paragraph, equals 368,000 barrels. In the three States in which Humble operates, Texas, New Mexico, and Louisiana, the aggregate volume of oil moving below Humble's prices approximated 17 1/2% of the total current production in those States.

3. The movement of constantly increasing quantities over the past year or more of crude produced in the new Illinois fields, reaching a total of 300,000 barrels daily on August 1, on a price basis substantially lower than Humble's postings in its territory, exerted a progressively depressing effect on the crude oil market. The effect was felt in Texas; and actually since April 1 Humble has lost 10,000 barrels per day of business absorbed by Illinois crude. This loss of business was in addition to that lost by Humble as a result of the movement of crude at low prices in the territory where we operate.

4. On August 11, therefore, the total volume of oil moving at prices below those of the Humble was approximately 668,000 barrels.

5. The crude oil market has been under pressure for more than a year. The price adjustments made last October did not remove fully the disparity between Humble's prices and those of some oil moving in its markets. Since that time the volumes of crude moving below our prices have increased steadily, with the result that when the reductions of Sinclair-Prairie and others came on August 10, affecting approximately 150,000 barrels of crude per day, conditions were so bad that we were compelled to reduce our prices to meet this competition. In no case are our new postings lower than the Sinclair-Prairie postings for similar crudes.

6. The Humble Company is primarily a producer of oil. Its crude oil properties constitute its principal asset. Its net production averages 133,000 barrels a day. We are also crude oil merchants and purchase, at our posted prices, 251,000 barrels of crude oil daily in Texas and New Mexico. These prices also govern the price at which we sell the oil which we produce. Because of our large production we are vitally interested in the maintenance of fair prices.

Our refineries consume something near the amount of oil which we produce. As a consequence, with respect to our purchases we are in the same position as a merchant dealing in any commodity. To continue in business, we can not over a long period of time pay higher prices than our competitors. We are compelled to meet competition. The price of oil, like that of other commodities, is subject to change with market conditions. These are simple and fundamental business principles. We were reluctant to cut the price of crude, not alone because of its adverse effect on our own earnings, but also because of its effect on our customers and upon the industry and the state at large. Under these circumstances, we could not continue to pay the prices we had been paying.

7. As a matter of policy the Humble Company maintains stocks of crude oil very slightly in excess of the amount required as working stocks to carry on operations. We do not believe in storage of oil above ground but in production of oil currently as required for market. We do not speculate in oil. We have no desire to buy oil at any price to accumulate for storage.

8. We think the price for oil brought about by the competitive conditions above mentioned is lower than should be realized. In our opinion the flood of oil from Illinois and Louisiana, most of which is being produced wastefully, in violation of conservation principles, is primarily responsible for the market conditions which necessitated our price reductions. It is our hope that these conditions will be corrected and that the market will improve.

H. C. WIESS, President HUMBLE OIL & REFINING CO.
