## Contest Deadline Nears With 5 Beauties Entered

Five girls had signed up for the Farm Bureau Queen Contest by Wednesday noon, according to Mrs. D. O. Burelsmith, Lariat, chairman of the publicity committee for the contest.

Those having signed up for the contest so far were Mary Sanders, 16, daughter of Mr. and Mrs. Robert Sanders; Sue Wilman, 16, daughter of Mr. and Mrs. Dick Wilman.

Also Shirley Henry, 17, daughter of Mr. and Mrs. Clyde Henry; Davy Jean Anderson, 16, daughter of Mr. and Mrs. David Anderson; and Goldialu Goucher, 18, daughter of Mr. and Mrs. S. E. Goucher.

Deadline for entries is August 12 and the contest will be held in the Muleshoe High School Auditorium August 18. The girls will be judged on appearance, poise, and personality. They will rehearse August 17 in the Auditorium at the high school.

Each contestant will be required to speak approximately one minute on some subject per-

taining to the Farm Bureau program and will be judged on her performance during this talk.

Eligibility rules require that a girl be the daughter or sister of a Farm Bureau member actively engaged in agricultural production in the county of participation.

She must be between 16-22 years of age and must not be a previous state winner, or the daughter of a state director, employee of Farm Bureau county president or secretary.

In the Future Queen and King Contest, three couples have signed up to enter. Entered in pairs, they are Sandra Mardis and Sherman Weldon Presley, 3 and 4 respectively. Sandra is the daughter of Mr. and Mrs. Cecil Mardis, while Sherman is the son of Mr. and Mrs. Jimmy Presley.

Tommie Reed, 3, and Kem Bales, 3, the daughter of Mr. and Mrs. Cayle Reed and son of Mr. and Mrs. Douglas Bales, are the second couple. Also en-

tered are Marilyn Black, 3, daughter of Mr. and Mrs. Eugene Black, and Ross McKillip, 5, son of Mr. and Mrs. Morris McKillip.

Serving with Mrs. Burelsmith on the publicity committee for the contest are Mrs. Goucher, Goldialu Goucher, Fern Warren and Linda Warren.

Stage committee chairman is Mrs. Bill Millen. Helping her are Jani Lou Maraw, Ann Little, Mildred Slayden, Earlene Rayland, Maxine Carter, Mrs. Leslie Howard, Mrs. Burelsmith, Mrs. Jack Schuster and Mrs. Scoggins.

Mrs. Vern McKillip will be in charge of securing judges for the event. The rehearsal committee is composed of Mrs. J. G. Ann, Mrs. Johnnie Prater, Harriet Jackson, Mrs. Dorothy Brock, Mrs. Jack Schuster and Mrs. W. B. Kittrell.

Bob Stevens will be master of ceremonies for the contest to begin at 8 p.m., August 18 in the high school auditorium.

DEDICATED TO THE PROGRESS AND DEVELOPMENT OF BAILEY COUNTY AND THE GREAT MULESHOE

VOLUME 39, NUMBER 32 10c PER COPY 16 PAGES — SECTION I, 8 PAGES THURSDAY, AUGUST 10, 1961

MULESHOE'S CHEERLEADERS for 1961-62 are, left to right above, Shirley Henry, Rhonda Wagnon, Billie Gillis, Karen Jones, Ronda Johnson and Donnie King. All but Shirley Henry and Donnie King left Saturday by train for Cheerleader School at Southern Methodist University in Dallas. They will return August 12 to start preparing for the 1961-62 football season in Muleshoe.

## Law Officers Have Hectic Week Here

City patrolmen Bob Adkinson and Dennis Wrinkle arrested and rehandcuffed a man burglarizing Central Texaco Station here in Muleshoe, thus solving three local burglaries.

Indicted on two counts of breaking and entering was Billy Mack Daniels, who has a long record.

Captured in the act burglarizing Central Texaco Station early Sunday morning after having broken into Little Gulf Station for the second time earlier the same night.

Police, acting upon a call from Mrs. Goldie Roberts, rushed to the scene of the crime and found the burglar still in the building after gaining access through a window of the station.

Bailey County Sheriff Dee Clements had taken moulages of the footprints of the burglar who broke into Little Gulf Station late last month and Daniels' shoes matched the plaster casts. After being faced with this evidence, Daniels made a full statement concerning the three burglaries.

City police sources said Daniels was found hiding in the service station where he was arrested and still had the money bag in his hand.

Police also arrested a man driving a car stolen in Farwell this week. Investigation of a number of cases is pending involving a vehicle believed to have been stolen in Las Cruces, N. M. The man suspected of having stolen this vehicle was being held this week in County Jail on a charge of drunk brought by the City Police.

Sheriff's officers held 30 individuals in jail this past week. Six were arrested by the sheriff on charges of gambling, one for aggravated assault and two for breaking and entering. Three drunks were apprehended by

## Rev. Welch Will Conduct Revival

The fall revival of the Main Street Baptist Church will begin this Sunday, August 13 and continue through August 20, with the Rev. Jack A. Welch as evangelist.

The visiting evangelist is the Father of the pastor of the Main Street Church, Rev. Gene Welch. He is at present the pastor of the Eighth Street Baptist Church of Grand Prairie, Texas.

He is the former pastor of the Central Baptist Church in Lubbock where he served with his twin brother as "Twin Pastors" of that church. The service there was over a period of 23 years.

He is widely known in the plains area for the great work done at Lubbock. He served as evangelist for the Main Street church here in the summer of 1952. Singing to be conducted by J. C. Shanks of Muleshoe.

## Local Businessmen Discuss Wage Laws

Members of the Chamber of Commerce met Tuesday in the Community Room of the First National Bank to discuss changes in the minimum wage law affecting local merchants.

About 20 Muleshoe businessmen and women attended the meeting in which Chamber Manager Carroll Pouncey explained the provisions of the new laws, which go into effect September 3.

The new laws provide for a minimum wage and overtime pay requirements for 3.6 million employees and increase the minimum wage for 23.9 million employees previously covered.

Exempted from coverage are auto dealers and farm implement dealers, hotels, motels, restaurants, motion picture theatres, and small stores which have less than \$250,000 in annual sales. Laundries, construction enterprises with less than \$350,000 in annual business, some bulk petroleum dealers, country elevators, cotton gins, are also among those exempt and some telephone operators from coverage.

The new laws carry strict penalties for violation, so business-

## Three Inducted Here Tuesday

Three men were inducted and 19 were sent for pre-induction physicals this week.

Inducted into the Army Tuesday were Eugene Ray Henry, Muleshoe; Elra Clinton Oden, Jr., and Rodney Clark Fralin, Morton.

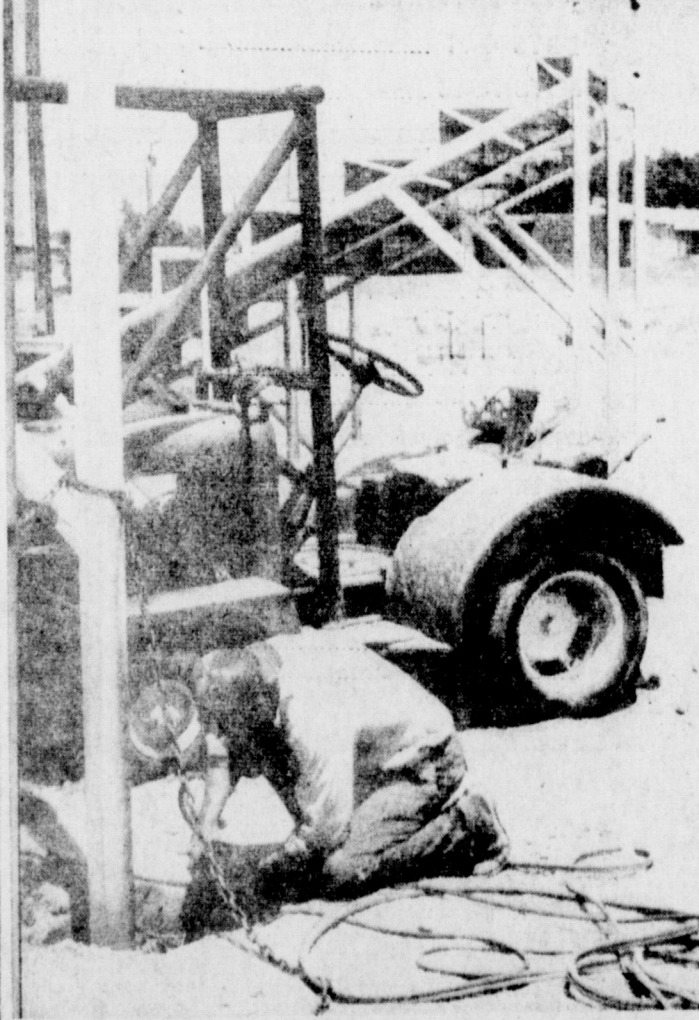

The three men were sent to the induction center in Amarillo. Nineteen sent for pre-induction physicals were Winston Irvin Allison and Donald Ray Lancaster, both of Muleshoe; A. C. Dozier, Douglas George Smith and Teddy Jack Estes, all of Orlton; Billy Dwayne Ricks, Ernest Dell Hoppe, and Kenneth Langston Harlan, all of Littlefield.

Also Melvin Lee McClure and Robert Lynn Conner, Springlake; William Russell Gillette, Anton; Ronald Eldon McCormick, Bledsoe; Charles Richard Tamer, Morton; Ray Lucero Duarte, Goodland; Sam Flores Perez and James Connie Franks, Amherst; and Jimmie Don Graham, Whiteface.

John Wayne Bellar and Jimmy Lynn Williams, Sudan, completed the group.

## Dog Poisoner Loose; Four Reported Killed

Four dogs have been poisoned this week in Muleshoe, according to city police. Two of these were poisoned in fenced yards, so accidental poisoning has been discounted by authorities. Pet owners are warned to watch their pets closely. Rat poison is the chemical being used to kill the dogs.

NEW STANDS FOR FOOTBALL FIELD will be completed about Saturday, according to Luke Adams, shown above working on one of the new metal bleachers for the home-team side of the field. Adams is employed by Mills Machine Shop in Muleshoe, manufacturers of the new stands.

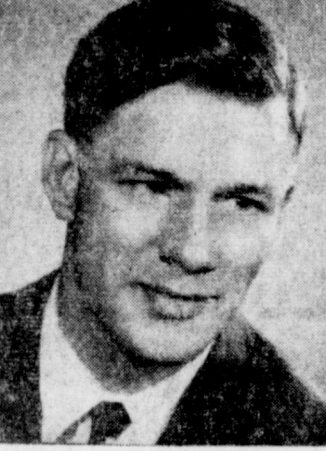

## Davis, Wilcox Buy Santone Paper

Brents Davis, a former Muleshoe Journal editorial staff member, and a long time friend Desmond A. Wilcox recently formed a partnership and purchased The Alamo Heights News a weekly suburban San Antonio paper. Wilcox will be publisher, Davis the editor.

Davis, a native Texan, came to The Journal from Waco, and left in March of this year to become news editor of The Seguin Gazette, in which pos he has been serving until making the San Antonio move. Brents made many friends among the people of Muleshoe and area, who will join The Journal in wishing him the best in his new venture.

Wilcox is a native of York, England; he visited Davis here on several occasions.

Wilcox has for several years been in the employ of the world travel organization, Thos. Cook & Son, in January made a round the world trip for the company as shore program manager. He recently came home after a post world war revisit to Russia.

## Progress Baptist Church Revival Starts August 18

The Rev. H. C. Vanlandingham of Cloudercroft, N. M., will be the visiting evangelist and Sonny Shaeckelford will lead the singing in a revival that will begin August 18 and continue through August 27. Bro. Vanlandingham was born in Oklahoma. Came to West Texas as a young man, and attended Wayland College. He was pastor at Harts Camp and is now at Cloudercroft, N. M.

Both Sonny and Bro. Vanlandingham have asked that you pray for them and the revival. You are urged to come to the revival and receive the blessings the Lord has in store for you.

## JAYCEES TO SPONSOR ICE CREAM SUPPER

The JayCees will sponsor an ice cream party for the JayCee Little Leaguers and their parents Thursday, 7:30 p.m.

## Sugar Beet Men Should Write J F K

Bill Millen, president of the Muleshoe Sugar Beet Growers Association suggests that this is a good time for Plains farmers to write the President concerning the need for a sugar beet growing allotment for this area. Mr. Millen is in receipt of the following letter from C. W. Witherspoon, of Hereford, attorney for the growers:

"Following the recent speeches in Congress on the floor of the House on July 31, Mr. Benefield, Mr. Sears, and I have concluded that now is the time to have many, many letters written to the President direct.

"These letters should insist that for the safety of the nation and to protect this country in a war situation, which looks possible, that America be permitted to commence the production of sugar consumed in this country at once."

## Band Practice

Kathy Phillips, Muleshoe High School Band Director, announced this week that band rehearsals will start Monday, August 14 and will continue until school starts.

Junior High Band will meet at the High School Band Hall at 9 a.m. each day and the High School Band will meet at 6:30 p.m. Miss Phillips urges all band members to be present Monday.

## Cindy Smith Will Attend Twirling Camp In Arizona

Miss Cindy Smith, 10-year-old daughter of Mr. and Mrs. John Smith, 1810 West Ave. C, will leave Friday for Thatcher, Arizona, to attend a week of Twirling at Kachina Camp, which is located on the Campus of Eastern Arizona Jr. College.

Cindy was the mascot of Muleshoe High School Band for three years, 1955 through 1957. She has won five medals and one trophy.

## Senior M. Y. F. On Red River Trip

The senior M.Y.F. of the First Methodist Church are on their annual ramble to Red River.

The ramble will be a combination of business and pleasure, with the group dividing their time between various recreation and planning for the work of the coming year.

They will enjoy such activities as swimming, bowling and horseback riding, and will make a trip by jeep to a high altitude lake. They will camp out.

Adult counselors making the ramble are Mr. and Mrs. Calvin Embry, Buddy Blackman, Jan Wampler and Miss Alex Fow, Educational director.

Young people going are Edwin Cox, Buddy and Elaine Embry, David Douglass, Kenneth LaRue, Darrell Lancaster, Gerald White, Mike Stone, Jan Davy Jean Anderson, Kathy Moore and Charlene Lindsey.

## School Board Will Meet

Muleshoe's school board will meet August 14 to amend the 1960-61 school budget and approve a tentative budget for 1961-62.

The regular meeting will be open to the public for any patron interested in hearing the details of the tentative budget for the coming school year. The meeting will start at 8 p.m. in the Administration Building.

## Barbara Elliott And Jim Johnson Vows Solomnized In Church Chapel

Mrs. Barbara Johnson

The marriage of Miss Barbara Elliott of Morton and Jim H. Johnson of Goodland was solemnized at 3 p.m. Sunday, August 6, in the First Missionary Baptist Church. Rev. Byron Hardgrove, pastor of the Threeway Baptist Church, officiated at the double-ring rites.

Parents of the couple are Mr. and Mrs. Buford Elliot and Mr. and Mrs. Baker Johnson.

The bride given in marriage by her father was wearing a floor length gown of slipper satin and embroidered silk organza. The bouffant skirt fell into a chapel train. Her fingertip veil of silk illusion fell from a seed pearl tiara. She was wearing a diamond pendant given to her by the bridegroom. The bride was carrying a white orchid bouquet accented by white gladiolus. Miss Linda Elliott, cousin of the bride, was maid of honor. Bridesmaids were Misses Linda Skaggs and Bobbie Jones.

The maid of honor wore a white silk organza over white satin dress. She carried a single white rose. Dresses of blue organza over blue taffeta were worn by the bridesmaids. They also carried a single rose.

Rev. Austin Steadman, pastor of the First Missionary Baptist Church in Morton, was accompanied by Mrs. Carol Baldrige, the organist, as he sang "Because," "The Lords Prayer," and "Whither Thou Goest."

Baker Johnson served his son as best man. Grooms men were Neal Everett and Eugene Huff. Trezelle Hill and Vicki Goodman were flowergirls. They wore white satin dresses and carried baskets containing pebals and blue net. Larry Elliott, brother of the bride, was the ring bearer.

Guest were seated by Butch Johnson, brother of the groom, Bill Foust, Mike Houston, and Steve Middleton. Candle lighters were Elliott Elliott, brother of the bride, Winston Ward, cousin of the bride, Ernest Chesshir, and Robert Wiggins.

The reception was held at the "Chat & Chew" in Morton. Miss Nalda Coffman registered the guests. Others assisting with the hospitalities were Misses Vivian Ledbetter, Shirley Miller, Patricia Egger, Mesdames Junior Cooper, C. W. Wiggins and Ralph Gardner. The table was arranged by Mrs. Earl Elliott.

For travel the bride chose a two-piece beige dress with brown accessories and her white orchid corsage was taken from her bridal bouquet.

After a trip the couple will be at home two miles west of Maple. Mrs. Johnson is a graduate of Morton High School. The groom is a graduate of Threeway High School. He is engaged in farming in the Threeway community.

## Jo Dean Jarman Weds Merlyn Neel In Church Ceremony

MRS. MERLE NEEL

Miss Jo Dean Jarman became the bride of Merlyn Leroy Neel in a double ring ceremony read at 8 p.m. Saturday, July 22 in the Muleshoe Church of Christ.

Minister Ebb Randol of Farwell officiated when vows were exchanged at the altar, beautifully decorated with candelabras holding white candles forming the archway with matching sets of tri-candelabras, accented with white carnations and gypsophila. A bank of salal with Huckleberry and gypsophila stood gracefully behind the philligrade work.

Parents of the newlyweds are Mr. and Mrs. Orby Jarman of Muleshoe and Mr. and Mrs. Harvey Neel of Spade, Texas.

Given in marriage by her father, the bride wore a gown of white silk organza, styled with a sabbina neckline and cap sleeves. From the bodice flowed a bouffant skirt which swept into a chapel train. The skirt was re-embroidered from the waist line to the hem with imported Alencon lace. Re-embroidered Alencon lace was also featured in the styling of the fitted bodice. The bride's veil of imported French silk of illusion fell to elbow length from an original designed headpiece of Lillies of the Valley and tiny roses encircled with seed pearls and rhinestones.

The wedding bouquet was a cascade of gardenias, Lillies of the Valley and stephanotis carried atop a white leather Bible, which was a gift from the bridegroom.

Donna Kay Bruns of Muleshoe served as maid of honor. Bridesmaids were Shirley Cherry of Amarillo and Linda Gillis of Muleshoe.

They wore identical dresses of mint green, designed with a fitted bodice and a white silk organza overskirt which was scalloped around the bottom and edged with lace. In each scallop was an organdy flower and leaves. Their shoes were dyed to match their dresses.

Their headpieces were designed of leaves fashioned from mint green organdy and trimmed with seed pearls. Each carried nosegays of white pom-poms and lillies of the valley.

Tommy Reed, flower girl, wore a dress designed the same as the bridesmaids. She carried a green basket and wore a tiny corsage of white pom-poms.

Kim Bales, ring bearer carried a heart-shaped satin pillow with lace trim. From it was mint green satin streamers bearing the names Jo Dean and Merlyn.

Traditional wedding music was furnished by soloists Sandra Scott singing "I Pledge My Love" and Betty O'Hair singing "O Promise Me." The church choir sang "The Wedding March" and God Be With You.

Jerry Neel served his brother as best man. Grooms men were Doyle White, brother-in-law of the groom, of Lubbock and Derold Hardin of Spade.

Ushers were Gene Paul Jarman, brother of the bride, Damon Carter, cousin of the bride, of Memphis, Texas, Leon Wilson of Muleshoe and Je Don Gallman of Lubbock.

Gene Paul Jarman and Je Don Gallman were the candlelighters. Mrs. Jarman chose for her daughters wedding a beige embroidered sheath dress and a beige floral hat, with green accessories. She complimented her ensemble with a corsage of gardenias and stephanotis.

Mrs. Neel, mother of the bride groom, wore a pink dress featuring a full skirt and square neckline with a matching pink floral hat. Her accessories were white and she wore a corsage of white gardenias and stephanotis.

A reception following the ceremony in the home of the bride's parents.

The bride's table was covered with a white lace cloth over mint green. It was centered with a tiered wedding cake mounted on a large lazy susan, trimmed with white net ruffles and green bows. The service was silver and crystal.

Members of the house party were Mrs. Sammy Cox, and Mrs. Doyel White of Lubbock. Out of state guests were from Arizona, New Mexico, Georgia and Colorado.

For traveling, the bride wore a sheath dress of blue silk with white accessories. Her corsage was taken from the bridal bouquet.

The couple will make their home in Muleshoe where he is employed by the General Telephone Co. and she is employed as bookkeeper at the First National Bank.

### Stovall Wedding

Mr. and Mrs. Jessie Stovall

Miss Betty Joan Davenport became the bride of Jesse Stovall in a double-ring ceremony Monday, July 31 at 8 p.m. in the home of the bride's parents.

The Rev. Murray, pastor of the First Baptist Church officiated and vows were exchanged before an altar of pink and white roses and glads.

The bride, given in marriage by her father, wore a ballerina length dress of alencon lace over satin. She wore crystal cut ear clips and bracelet. She also wore white gloves and carried a cascade bouquet of pink rose buds atop a white bible.

For something borrowed she carried a lace trimmed handkerchief belonging to her sister-in-law, Gereta Davenport, for something old a lapel watch belonging to Janie Morrow given her by her grandmother. Something new was her ring and for something blue a blue garter.

Mrs. Shirley Smith, sister of the Bride was Matron of honor and Jimmie Patton was best man.

After the ceremony the bride and groom cut the first slice of wedding cake. Shirley Smith and Gereta Davenport served cake, punch and mints to the attending relatives and friends.

The couple are at home in Muleshoe where he is employed as assistant manager of Piggly Wiggly.

### Stone's Throw

by GARY STONE

(Dedicated to the principal of throwing rocks at EVERYTHING)

I finally got around to meeting our competition this week. I had been around to his place of business several times and had missed him, but finally met Gil Lamb in the Corner Drug. He's the fellow on radio, you know.

Anyway, he seems like a swell fellow and, after reading the news stories he sends off to Lubbock paper, I had wanted to meet him. He would have made a good newspaper man, judging from his stories.

Anyway, Gil and I will probably be seeing more of each other with football season coming on. We'll be covering all the games, along with our new sportswriter, Don Shafer. He'll do the writing and I'll be working the sidelines with the camera.

And that reminds me, the first practice session is going to be held Monday—for football and for band members, as well.

### HONOR MEMBER

MRS. O. N. JENNINGS has called in to say she will pledge \$50 for the Library Fund. I thank Mrs. Jennings and know others interested in a new library for Bailey County thank her. All we need now is a large number of equally enthusiastic readers and Muleshoe will have a new library. How about it? Can you help in some way?

As a parting shot in the library issue, I'll just say this. If books were food, knowledge were water and culture were air, Muleshoe residents would be a starving, thirsty, gasping lot. Not that Muleshoe is any exception to the rule, though. The whole country seems to be that way.

Muleshoe is just like a lot of other towns in that respect, but I think we should MAKE Muleshoe an exception to the rule, don't you? Muleshoe is already a fine place to live, but let's not rest on our laurels when we can make it an even finer place. More rocks will be hurled next week, but for now that's the toss of the stones.

### Farming Requires Use Of Water Wisdom

This year most of the High Plains Area has had very good rains. Except for some being frozen, these rains were very beneficial. Good wheat crops were had from Big Spring to Stratford and Silverton to Farwell.

#### COTTON

Most cotton now, except for late or hailed out cotton, is beginning to bloom. This means that more moisture is required through peak bloom stage. We know that cotton can require as much as one-third inch of moisture per day. Even with all the rain, roots may quickly take water out of the top two feet of soil. It is better to start soon enough to complete irrigation by August 20 to 25 from Lubbock

north and by August 25 to September 1 south of Lubbock in the sandier areas. This observing of cut-off date, year in and year out will make us more pounds per acre as well as give us a better grade and therefore a better price and more net profit. Secure the "Guide for Irrigation Cotton" from your county agent.

Late cotton or hail damaged cotton should certainly not be watered too late and should not require as much water as normal cotton to make what it is capable of making by frost date. Remember cotton squares put on after September 1 seldom mature into good white open cotton by normal frost date. Timing of irrigation of cotton

is all important. Know the capacity of your well, examine soil moisture and allow enough time to get over your crop before it suffers.

#### FEED

Feed requires most water from boot through the bloom stage. Grain sorghum can use one-third inch of moisture per day. Water use begins increasing when feed reaches bloom stage. When half the grain is past the soft dough stage little benefit is derived from additional irrigation. Farmers should examine soil moisture and note feed color in order to irrigate on time and adequately. Your county agent can supply you with a bulletin, "Growing Grain Sorghum" which has grain sorghum water use chart.

#### SOIL MOISTURE

Your county agent has a helpful chart on "How to Test for Soil Moisture". This is practical and can be of great help in determining moisture in the soil and when to irrigate.

#### USE OF LAKE WATER

Many lakes in the Panhandle and South Plains Area are now full of water. If you have a lake, use it. Centrifugal pumps are cheap to buy and economical to operate. Water your crops direct from your lake and then plant the lake bottom to grass, small grain or silage crop. Turn the lake into an asset rather than a liability. Lake water is excellent irrigation water, warmer than well water, rich in silt and marine life.

If your lake happens to be dry or when it is dry, plan to ditch water from center to the side with a pit to collect all of lake water as you pump it with centrifugal pump on a high and dry mound next to the sump or

## ASC Committee Election Date Set

All farmers of Bailey County are hereby advised that an election will be held for the purpose of electing Community Committee members and Alternate Community Committeemen for 1962. Each Community Committee met July 25, 1961, to nominate ten eligible farmers from each community to be placed on the ballot for the committee elections.

**VOTING WILL BE BY MAIL.** Voting in the ASC Community Committee Elections will be by mail and ballots will be mailed to all eligible voters in each community whose names appear on the county office mailing lists. These ballots will be mailed on August 22, 1961, and must be returned to the County ASC office or be postmarked not later than September 11, 1961. Ballots may be returned in person, and if so, must be returned to the County Office by 5 o'clock p.m. on September 11, 1961. Farmers and ranchers eligible to vote in the community election who do not receive ballots may obtain ballots at the County Office in Muleshoe, Texas.

The following is a list of farmers nominated by the present Community Committee as candidates for community committeemen for 1962. In addition to the nominees listed, the name of any person nominated by petition signed by 10 or more eligible voters in the community and presented to the County Office by August 11, 1961, will be included in the slate of nominees if found willing to serve and eligible under the Secretary's Regulations.

The following nominees will appear on the ballot:

Community "A"—B111y D. Bell, Leon Lewis, Morris McKillop, C. E. Moore, Gordon Murray, L. E. D. Phillips, Ernest Ramm, W. O. Stacey, David Stovall and James Wedel.  
Community "B"—Kelly Joe Barnett, Dan Darsey, T. D. Davis, Ralph Ethridge, Joe T. Lemons, Dale Nichols, L. D. Sanderson, W. T. Simpson, Gordon Tiller and Willie Welch.  
Community "C"—Ralph Beasley, Jimmy Drake, H. A. Gore, C. K. Holt, Cecil Jones, L. C. Kessler, Harold Layton, D. M. McBee, Bill Sowder and T. C. Wiseman.

Or better still excavate a broad ditch in lake bottom moving dirt to three sides of the lake to reclaim rich lake land on which to grow excellent crops. This will concentrate water into smaller area, cut down surface exposed and thereby cut down on wasteful evaporation.

"Water is money", if we use it wisely. Talk your water problems over with your county agent. He will be glad to help you.

#### RUN-OFF WATER

In the hardlands run-off irrigation water is a problem. Many farmers are solving this problem with a pit at lower end of field to catch the run-off water and using a centrifugal pump to put this water back on the crop land.

This not only keeps the water from being wasted but is much cheaper than pumping the same amount of water from the well. A little aluminum pipe may be required but this should last a long time and be a real good investment. Talk it over with your county agent. Often change of row direction can cut down on loss of water from the field.

The ASC Community Boundaries are as follows: "A" Community—Everything north of sandhills. "B" Community—Everything south of sandhills and west of Muleshoe-Morton Highway. "C" Community—Everything south of sandhills and east of Muleshoe-Morton Highway.

#### NOXIOUS WEEDS ON SOIL BANK LAND

The Bailey County Committee hereby notifies all producers who have land in the Conservation Reserve Program (Soil Bank) that noxious weeds must be controlled if annual payments are to be made.

Noxious weeds that must be controlled are: Cocklebur, Sunflower, Indigo, and Russian thistle. These noxious weeds must be controlled by shredding by plow later than September 15, 1961. Each farm will be inspected immediately prior to making annual payment.

The County Committee does not wish any farmer to lose his soil bank payment by failure to comply with his Conservation Reserve Contract, so control all noxious weeds and make both the committee and your neighbors happy.

## Three Attend Co-op Meeting

About 40 representatives from thirteen Electric Cooperatives in the High Plains area of West Texas and Eastern New Mexico met in Hereford on Thursday, August 3, to consider a new power agreement offered by Southwestern Public Service Company.

The group passed a resolution to stand united and negotiate only through its "Power Procurement Committee" instead of each Coop dealing separately with the power supplier. It was also resolved that each Cooperative's Board of Directors elect a delegate to serve as an incorporator and board member of a generating and transmitting Cooperative, and further that they would pledge their financial assistance to the engineering study necessary for this system.

Those attending from Bailey County Electric were: E. W. Locker, Vice President of the Board of Directors, and employees C. O. Jones and Joe Harbin.

## New Age Law Now In Effect

During a discussion of the new minimum wage laws Tuesday, Chamber of Commerce members were also advised of a new law related to the minimum age laws of Texas.

Carroll Pouncey, Chamber Manager, read the group a bulletin which advised employers that employees under 18 years of age must obtain a certificate from the Texas Employment Service.

This certificate will certify the exact age of the employee. Proof of age must be furnished the Employment Service in the form of a birth certificate, insurance policy at least one year old, or baptismal certificate.

Employers will be responsible for complying with the Child Labor Provision before hiring anyone under 18 years of age. Those already employed will be required to get a certificate from the Texas Employment Service office in Littlefield.

#### PLEASANT VALLEY 4-H NEWS

Lyna Pitts, 11-year-old daughter of Mr. and Mrs. Kirk Pitts of Pleasant Valley and a member of the Pleasant Valley 4-H Club, represented Lamb County in the Junior Division at the District 4-H Dress Reel in Lubbock, July 25.

Members of the Pleasant Valley 4-H Club want to congratulate Lyna as she won a blue ribbon at the District Contest,

working with delicate instruments and using processes never before attempted. The animations are extremely versatile, being capable of playing instruments, shooting guns and even severing trees.

A particularly heavy concentration of animated characters reside in the Mexican Section. For it is here that visitors board the gaily decorated Fiesta Train bound for an amusing trip around the Mexican countryside. Gates of SIX FLAGS Over Texas officially opened to the public August 5 and the engineer in charge of the animations pushed the button that activated all of these wonderful creations.

## Lazbuddie Schools Announce Schedule

The Lazbuddie School will begin classes Monday, August 28, with 350 students expected to enroll. Parents are reminded with beginning first graders to get their smallpox vaccination before school starts.

At the present time, three teachers are needed to complete the faculty before school starts. Mr. Ward has a few applications but no one has been hired to fill one section of the first grade, public school music, and fourth grade.

Contracts approved at the special board meeting August 4 were: Mr. Carol Stepp, high school social studies; J. F. Lane, Jr., high school math and science; Charles Walton, junior high social studies; Mrs. Frances Walton, home ec.; Mrs. Dorothy Morgan, third grade; and William Morgan, third grade school principal and science.

Other new teachers whose contracts were approved earlier are: Mrs. C. E. King, English and speech; and Mrs. James Mabry, fourth grade (who has decided not to teach).

Bobby Crooks, who has been assistant coach the last three years, will take over as head football coach and he would like for all boys to get their physical examinations from their family doctors. Suits will not be issued to any boy until he has a permit signed by his doctor saying he is physically fit to play football. Football practice will begin Monday, August 14.

## Parmer County Farm Bureau News

As you no doubt know by now, all farm cotton trailers will have to be licensed this year, at the cost of five dollars per trailer over four thousand pounds gross weight.

This is a kind of a nuisance situation, but it doesn't cost much. The law, which hadn't been enforced, previously required licensing them but the cost was about fifty-five dollars per vehicle. The bill which became law was the result of Farm Bureau efforts to get exemptions for such trailers.

The reason Farm Bureau was anxious for the exemption was that the Department of Public Safety was to be instructed to begin enforcing the old licensing law this year.

Therefore, although the nuisance and small cost of licensing are new, they are much less expensive than it would have been without the new law. This law will save the average cotton farmer in Texas at least two or three hundred dollars per year.

Trailers with a gross weight of under four thousand pounds are totally exempt from licensing.

Did you know that Texas Bee Keepers have an estimated 237 thousand colonies of bees?

We believe most loyal Americans will agree with American Farm Bureau's urging congress to refuse funds for the United Nations Special Fund, which has granted \$1.15 million to assist the Cuban Government in agricultural research.

This is in keeping with AFBEF policies which have for a long time included the statement, "We are opposed to Communism wherever and whenever it is found."

Jack Patterson, Farm Bureau Public Relations man and his family, are planning a trip back to his old stomping grounds, Georgia, the latter part of this week.

The following is copied from Facts For You, written by Bill Wedemeyer, director of Texas Farm Bureau Research and Promotion: At the dedication of the magnificent house of work-

## CLEAN FUEL STORAGE TANKS

If you're storing much tractor gas around the farm, better remember to drain and clean the storage tanks at least once a year to remove sediment and metal chips which flake off inside of the tank.

Tilting the tank or drum slightly to the rear will prevent the residue from collecting near the spigot. Also, make sure you cap the hose nozzle when not in use to keep dust from getting into the tank.

A special train is to bring Texas A&M and Texas Tech alumni from Amarillo to the A&M-Tech football game in Lubbock October 7.

In four seasons of Southwest Conference golf competition Texas Tech has furnished an individual champion—John Farquhar in 1959—and a champion—Chris Bowker in 1961.

Texas Tech's first football game was played in 1925—a 0-0 tie with McMurry College. The contest was played at the site of the present fair grounds in Lubbock.

from the United States. They pay \$7 billion a year in wages and about \$4½ billion in local taxes.

In concluding, U. S. News observes that "Russia has nothing to match this private 'Peace Corps' of business firms, as they bring new wealth and social progress to remote areas."

Every American and our own government should be proud of the strength and accomplishments of our private enterprise system. The American people must understand that government can offer no individual security which they do not first pay for themselves. It can offer no safety from the drive of world Communism unless it is backed by a majority of the American people, who take pride in their political heritage and have confidence in the free economic institutions which built this country and give us our strength.

America needs no apology and does not need to become a welfare state. But she does need a new spiritual force to match the Communist challenge—a new confidence and determination to sell the greatest gift she has: economic, social and political progress based on individual freedom and opportunity.

**Industry on View**

Zionist leaders are holding a conference in New York City to discuss the process of Jewish immigration. Faced with the fact that they are not being accepted successfully in many countries, they are turning to the United States in vain search of the world's most corrupt and poorest country to displace them. The threat of military force encourages the unscrupulous to do so, and encourages others from immigrating.

A recent editorial in Life magazine expressed this opinion that "The chaos of the struggle with Communism will come soon. It has been long in coming but in the present state of our world, it is inevitable. Our only hope is to build a strong, unified, and free Communist world. It will have become a disrupted, uncoordinated and disintegrating force. The time has come then for the United States to make its stand unambiguously and unapologetically."

Military force is only part of the answer. Barring intercontinental war, the only way the United States, as the most powerful Western Nation, has to fill the role of senior superpower, offering ideas and peaceful action in a direct hard hitting way on the problems which people face.

Communism, contrary to the normal course of commercial development, has brought tangible advances to many of the world's underdeveloped areas. A recent issue of U. S. News & World Report reviews achievements of private enterprise abroad. It tells the story of nine companies whose operations span South America, Africa and Asia. It says: "Working largely through local people, these companies have expanded into small beginnings into giant enterprises in their adopted areas. In the process they raised local living standards, helped to create reserve armies of trained people. In short, they have done and are still doing many of the things that the new Peace Corps hopes to do."

"Altogether, more than 3,000 U. S. firms now operate abroad. They have added more than \$2 billion dollars' Peace Corps' that often has been more effective than U. S. Government aid, and far more impressive than any Russian aid." American companies overseas take U. S. know-how with them, presently employing more than 2 million people of whom fewer than 20,000 are

### Highlights and Sidelights

by Vern Sanford  
Texas Press Association

Amid the sound and fury of the tax battle in the Legislature, Texas—new idea of far-reaching sales taxes—could be heard trying to get to the bottom of things by calculating their effect upon such things as baby's diapers.

The key to many discussions, both in the Legislative chambers and in the Capitol corridors, was the term "outer wearing apparel," to be exempt from sales taxes.

It seemed simple enough at first when the proposal was to exempt such articles costing less than \$10, the intention being to exempt work clothes. But many a question popped up when the tax writers went into details and spelled out that this exemption would not include accessories like "cuff links, belts, ties, scarves, billfolds, hand bags, canes, unattached buttons, ornamental jewelry of any type, bathing suits, sleeping garments, bathrobes, lingerie, negligees and lounging pajamas."

Clearly, baby's diapers are outer wearing apparel. But, do they remain in that status when covered with rubber or plastic pants? Nobody could readily answer the question. That was something to be decided later.

And what about bathing suits? These certainly are not undergarments—except, of course, when worn under street clothes. And who ever wears anything "outer" than a bathrobe?

Then there was the more serious talk about the definition of work clothes. The exemption was confined to those made of cotton, twill, poplin, denim, and chambray. Suppose, somebody questioned, a man ran across a pair of blue denims with nylon knees?

And why, a white collar worker asked, shouldn't his wool trousers be exempt, too, since he works in them?

During the Sales Tax debate, Senator Wardlow Lane of Center quipped, "I'm personally not for any kind of tax... just like I'm not for pneumonia, death or anything else bad..."

#### ATTORNEY GENERAL RULES

An Attorney General's opinion holds that the state's admission tax does not apply to tickets to baseball, football and basketball games, but is applicable to horse races, dog races, motorcycle races, auto races, dance halls, night clubs, skating rinks, "and any and all like places of amusements, contests, and exhibitions."

State Comptroller Robert S. Calvert, who asked for the ruling, was advised that horse races are subject to the tax because they are specifically mentioned in the tax law, while baseball, football and basketball games are not.

#### REFERENDUM ON HORSE RACE BETTING SOUGHT

Rep. V. E. (Red) Berry of San Antonio, who got nowhere with his bill to legalize horse race gambling in Texas and another calling for a statewide referendum on the question, doesn't plan to give up.

Representative Berry said petitions are being circulated by members of the Texas Thoroughbred Breeders Association asking support of Democratic party referendum from 10 per cent of the qualified voters in Texas. He estimated 155,000 signatures will be necessary to cause the State Democratic Executive Committee to submit the proposition to the voters in the first Democratic primary election next May.

The petition, he said, calls for submission of a constitutional amendment to the electorate.

#### HISTORIC DOCUMENT ON WATER PROBLEM

"If Texas cannot change the weather, they can at least, through sound, farsighted planning, conserve and develop water resources to supply their needs."

So said the State Board of Water Engineers as it turned in to Gov. Price Daniel the state's first comprehensive, projected plan for meeting the industrial, municipal and other water needs in 1980.

Governor Daniel termed the 200-page document, which envisions the construction of 45 new

reservoirs over the state, "one of the great things in the life of our state."

The board made the observation that the people of Texas have not yet been "aroused to the dire consequences of inaction or to the consequences of building projects which at best provide for only small increases in water needs... in relation to long term future needs in many areas, water is the least abundant of Texas' important natural resources; certainly it is the most indispensable."

The board said that through proper development, Texas has adequate water to meet its municipal and industrial needs in 1980 and sustain agriculture and other uses. A significant statement in the report was to the effect that such a program as outlined "appears to be within the financial capability of the state and local interests, with federal participation in projects containing flood control."

In short, the so-called "Master Plan" for development of the state's water resources is at least an outline of what can be done, and might be done, to meet one of the state's most crucial problems.

#### ATTACK ON "SOFTNESS" LAUNCHED

Physical education teachers from over the state at a meeting in Austin have come up with a plan to turn talk into action and do something about physical fitness in the schools.

The plan includes 15 minutes of strenuous body exercise in teaching the right way to walk, sit, climb, pull, push and all the other ways the body obeys the laws of physics; teaching games and sports people can use throughout their life including tennis, golf and swimming and other popular sports; teaching the history of games; fitting activities such as folk dancing into social studies; emphasizing sportsmanship as part of social behavior; accomplishing social control through release of tension in athletics; and promoting a favorable attitude toward physical activity both as children and as adults.

#### BUS RATES GO UP

Bus travel in Texas is costing the operators more and so it will be costing the passengers more. No one objected at a hearing which resulted in a general hike of five per cent in bus fares rates approved by the State Railroad Commission.

Operators testified expenses increased 8.9 per cent in 1960 over 1959, against a revenue increase of only 4.5 per cent. The last time bus fares were increased was in 1958.

The increases will be in effect no later than September 1. There were some exceptions to the general five per cent increase, such as an approved boost of 10 per cent for Texas bus lines operating between Galveston-Beaumont and Port Arthur-High Island, and a 10 per cent increase for Texas Electric Bus Lines.

#### GOVERNOR FOR A DAY

One of the nicer traditions in Texas politics is that which permits the man who is third in line to the Governorship officially to take over the reins of state government for a day.

By custom, the Governor and themselves from the state for a 24-hour period so that the Senator who has been elected by his colleagues as President Pro Tempore of the Senate can step into the Governor's chair.

The honor went to easy-going, well-liked Senator Preston Smith of Lubbock last week. He signed proclamations, as Acting Governor, got in little plugs for his area of the state, and was feted at a banquet which rounded out the festivities in the evening last Friday.

#### SHORT SNOOTERS

Moonshining still goes on... The Texas Liquor Control Board reports seven illicit stills were taken by inspectors during the month of June with a capacity of 710 gallons. Inspectors seized 590 gallons of mash and made nine arrests. The stills were located in Lamar, Bowie, Marion and San Jacinto Counties.

Texas Business Review reports retail sales in Texas for the first six months of 1961 increased steadily, but still fell behind the first half of 1960. One

reason—consumers using current income to catch up on old debts.

Construction industry reached near record levels with substantial increases over 1960, according to the University of Texas Bureau of Business Research. Authorized construction this year so far is less than one per cent below the record reached in 1959.

### School Board Okays Budget

The 1961-62 school budget was approved at a special session August 3, and the school board will be in session at 8 p.m., Monday, August 14, to answer any questions you might ask.

The school budget is a little less than the 1960-61 budget due to a sufficient balance this year to pay for a new 48-passenger bus which cost \$4,650, along with \$2,000 worth of other items that were expected to be paid for from the new budget.

No increase is expected in the new budget.

No increase is expected in the

Free Lunch? No...

# Somebody has to feed the mamma hog

These piglets are not worried about how comes their sustenance . . . nor are they much concerned about whether it will be there tomorrow . . . until tomorrow comes.

- Yet their welfare depends very much upon how well somebody feeds and cares for the mama hog. They grow fat or they grow lean in proportion.
- Even as our individual and collective prosperity depends on the vigor of this Local Economy which furnishes us with jobs, business, stable property val-

ues, and a handy source of emergency and daily needs.

- The difference is . . . we, ourselves, are the caretakers of this economy upon which we depend. It's within our power to feed it by trading at home . . . or to starve it by trading in some other town.
- City shopping . . . mail order buying . . . succumbing to the peddler's slick line . . . cutting the community's ration of trade volume by \$3 or \$4 every time \$1 is taken out of local circulation . . . is a good way to dry up the economy that sustains us.

Buy . . . where your trade dollar feeds the economy that sustains you
