DEDICATED TO THE PROGRESS AND DEVELOPMENT OF BAILEY COUNTY AND THE GREAT MULESHOE COUNTRY

VOLUME 39, NUMBER 39

20 PAGES - SECTION I, 8 PAGES

Published Every Thursday at Muleshoe, Bailey County, Texas

THURSDAY, SEPTEMBER 28, 1961

## THE PRIVATE EYE By J. R. Haney

This past weekend, the wife and I had to take a trip to Oklahoma after our oldest daughter, Carol, who had gone home for a visit with her grandmother. We sure did miss her and we were glad to get her home.

We passed a lot of interesting sights but one of the most unusual sights now are the signs that are put up along the road and at tourist courts. One sign read \$2.50 in three foot high print but as you drive into the court, in one-half inch lettering you see the words "and up."

Small town newspapers and radio stations always get a lot of criticism about their product but I believe the neon sign people are the worst I have ever seen. We read signs such as "Rooms with Ice." About the two funniest we saw were a Motel advertising "Rhythm Matresses" and a gas station-canteen combination had a sign that read, "Eat and get Gassed."

This week is Dollar Day in Muleshoe and a lot of Muleshoe merchants are advertising special bargains in this issue of the Journal. Muleshoe is a good place to trade and we know that a lot of money can be saved by trading at home.

There is another football contest entry in this week's paper. Be sure to turn in your entry by Friday for a chance to go to the Cotton Bowl.

The Hen is the only animal of nature that can lay around and make money. 10-4.

## Frona Printing New Mexico Daily Paper

Tomorrow will be a record day in Frona, according to the newspaper trade paper, Publisher's Auxiliary.

W. H. Graham, manager of Plains Publishers in Frona, will begin printing the Lovington Leader, a five-day daily newspaper in Lovington, N. M., tomorrow, with what he believes attempted for custom printing a daily paper. It is believed is the greatest distance printing a daily paper. His 133 miles from Frona to Lovington.

The Lovington Leader will close its shop completely with today's issue of that paper. Local news will then be transmitted over a Teletype circuit that will link the Lovington office with the Frona printing plant.

Until now, the Frona printing plant has printed only weekly papers. About 30 newspapers are printed there each week.

## Larry Hicks Enters Dallas Hospital

Larry Don Hicks, 10-year old son of Mr. and Mrs. John R. Hicks of Muleshoe, was admitted Wednesday, September 20, to the Scottish Rite Hospital for Crippled Children in Dallas.

Thirty-seven years ago, Scottish Rite Hospital for Crippled Children in Dallas. Thirty-seven years ago, Scottish Rite Masons founded the hospital, dedicated to an effort to provide a chance at a normal life for the handicapped child. Since 1925, more than 130,000 children have been admitted for treatment to the hospital, which is supported by public contributions and bequests.

## Ronnie Osborn Kickoff Winner

Ronnie Osborn was named winner of Muleshoe Merchants football contest this week, winning \$5.

Osborn, who named all but five of the winners, tied Mrs. Hazel Gilbreath. The tie breaker decided the winner, with Mrs. Gilbreath coming in second and walking away with a check for \$3.

Turn to page 5, third section of this paper for contest entry blank and rules for entering this week's football kickoff contest.

ANOTHER "GOLDEN MULESHOE" award is presented. The second Golden Muleshoe award for outstanding service is presented to C. L. Kay, vice president for Public Services and Industrial Relations at Lubbock Christian College, by Robert Alford, president of the Muleshoe Chamber of Commerce. Looking on are Gil Lamb and Carroll Pouncey, manager of the Chamber of

Commerce. Kay was recognized at Lubbock Christian College Monday for his contribution to Muleshoe by promoting the American way of life under his American Heritage versus Communism program presented here. The first Golden Muleshoe was awarded Odis Echols, Clovis, for his promotion of the Fourth of July celebration held here. (LCC Photo)

## C. L. Kay Receives Second Gold Shoe

C. L. Kay, vice president for Public Services and Industrial Relations at Lubbock Christian College, Lubbock, Texas, was presented with the "Golden Muleshoe" award and an honorary Muleshoe citizenship certificate by the Muleshoe Chamber of Commerce Monday, according to Carroll Pouncey, Chamber manager.

The much sought after and rarely awarded "Golden Muleshoe" was the second of these awards to be given and was presented by Robert Alford,

Muleshoe C. of C. president, while accompanied by Gil Lamb, and Carroll Pouncey. Announced during a daily devotional period in the LCC auditorium, Kay was recognized for his contribution to the town by promoting the American way of life under his five-fold program on "American heritage vs. Communism."

Pouncey stated that Kay received the award for his remarkable work known and appreciated by Muleshoe citizens.

Kay remarked, when called upon to receive the award, that Muleshoe was the first town that he presented with his American heritage program and that he was greatly impressed at the patriotic response with which Muleshoe had accepted it.

It was after his eighteenth speech here before a teacher's banquet in late August that C. of C. members met and decided

to make him the second recipient of the award.

Traveling an approximate 50,000 miles to deliver his addresses not only to clubs and organizations, but also to public school systems, Kay last year made over 335 speeches similar to those at Muleshoe within the last year.

The "George Washington Medal of Honor" award by Freedoms Foundation of Valley Forge, Pennsylvania, is another recognition Kay has received for his service to the betterment of the American way of life. It was granted for his speech,

"The Battle Ahead." Kay is the author of a weekly newspaper column entitled, "The Spirit of America," printed in approximately 15 county and daily newspapers in this area. His outline is designed to promote a type of dedication and service in all capacities.

"Golden Muleshoe" awards will be made in the future as deserved. It was announced by the Muleshoe chamber manager.

## 5-Co. Farmers Meet Expected To Draw 500

Parmer County Farmers Union will host an area-wide Farmers Union Meeting at the Lazbuddie School Auditorium tonight beginning at 7:30.

Following the meeting, there will be a free barbecue and entertainment. Texas Farmers Union Executive Vice President Jay Naman will give a short speech and Prentice Mills, Parmer County ASC manager, will be on hand to answer questions on the new wheat and barley program.

Officials expect about 500 people to attend from Parmer, Deaf Smith, Lamb, Castro and Bailey counties.

## Red Cross Carla Aid Fund Needs Money

Harmon Elliott, chairman of the Bailey County Red Cross Fund, announced this week that the goal of \$595 has not been reached in the county yet.

Gary Stone, editor of The Journal, said, "Many people have forgotten about hurricane Carla now, but many others—those on the cost—have not. They will always remember the damage done to their homes by the terrible storm."

Stone received a letter Wednesday morning from his mother, who visited the hurricane-stricken area last Sunday. In it, she said, "Just as we entered Palacios, we had to detour. Five houses were in the middle of the road... there were huge ships miles from the water, crashed into houses... furniture miles from homes."

And so it goes," said Stone. "We in the Panhandle were not harmed, so we forget all too soon that our neighbors have been left homeless." He concluded by saying, "Let's not forget too soon... before those people have been helped out of their difficulties."

## Clergy Alliance Elects Officers

New officers were elected for the Bailey County Ministerial Association in a called meeting on September 5.

New officers are Rev. J. Frank Peery, president, and Rev. Tommy Gleaton, secretary and treasurer.

All members of the Association and interested ministers in Bailey County are urged to be present at the next meeting, at 9:30 a.m. Tuesday, October 3, 1961, at the First Methodist Church of Muleshoe.

Coffee and rolls will be served. The following items of business are on the agenda: writing of a charter; setting new meeting time; membership dues for related churches and ministers; and other items.

## Cotton Farmers To Meet In Oct.

David Anderson, county chairman of the Organization Committee of the Cotton Producers Institute, announced this week that cotton farmers will soon be shown a plan by which they can achieve greater markets and acreage.

Cotton growers in the Bula area will attend a dinner meeting October 29 at the Bula School lunchroom.

Three Way farmers will meet October 5 at the Maple Community Building.

Pleasant Valley cotton farmers will meet October 9, while those of Muleshoe will meet October 12.

Exact times of the meetings will be announced in next week's Journal.

## Area Farmers To Vote Saturday On Weed Control

Farmers will vote Saturday on a Noxious Weed Control District for Bailey County.

Voters will decide whether or not they wish to join together to fight the noxious weeds such as Johnson grass which are, according to many farmers, costing local farmers large sums of money annually.

Voting will take place at the City Hall in Muleshoe, at the Bailey County Election House, west of the County Court House; at the West Camp Baptist Church and at the Longview Baptist Church. Absentee ballots may be cast at the Bailey County Court House prior to Saturday.

## 7 and 8 Grade Take Plainview

Tuesday night at Benny Douglas Stadium the Muleshoe seventh grade team gave the Plainview B eighth grade team their lick, winning 20-6. While the eighth grade Mules tied the eighth grade Plainview charges 16-16.

## Mayor Proclaims October 8-14 Fire Prevention Week

Mayor Arthur Crow issued a proclamation calling upon all citizens of Muleshoe to take an active part in the nation's observance of Fire Prevention Week, starting October 8.

The Mayor called attention to the fact that his proclamation and that of President Kennedy, in setting aside the week of October 8 to 14 for the annual observance of a week devoted to

fire safety, is a part of a national effort in which Muleshoe will throughout the country.

Property losses resulting from fires reach an annual national total of over \$1 billion, Mayor Crow said.

In his proclamation, the Mayor called upon all city departments to assist the fire prevention committee of the Chamber of Commerce to make this year's Fire Prevention Week the most effective on record for Muleshoe.

The Fire Department and the schools can perform particularly valuable service in observing Fire Prevention Week, the Mayor said. "The reward is a safer community for all our citizens," he concluded.

## Radio's Famous "Lum" Engaged For CC Dinner

Chester H. Lauck, executive assistant of Continental Oil Company, better known as "Lum" of the famous radio team of "Lum 'N' Abner," will be the guest speaker at the banquet of the Muleshoe Chamber of Commerce, January 15, 1962.

The announcement of Lauck's appearance here was made by Chamber president Robert Alford.

Mr. Lauck travels more than 100,000 miles annually. Constantly on the "banquet circuit," Lauck has talked in as many as 18 states in a single month.

Alford said, "We feel extremely fortunate in securing a speaker of Mr. Lauck's ability and popularity."

He urged members of the Chamber to secure their reservations early. Alford expressed the opinion that seats for the January 15 banquet will be at a premium, due to Lauck's popularity as a speaker and entertainer.

## Harvest Worker Dies Here Tues.

Delbert Dunn, 55, died Tuesday morning in Green Hospital and Clinic after being hospitalized Monday night for a cerebral hemorrhage.

Dunn, who had been working on a combine crew near Earth, was a resident of Newark, Texas. Cause of death was apparently coronary following the cerebral hemorrhage.

Dunn was working on the maize harvest near Earth Monday when he became ill. Hospitalized Monday night, his death occurred about 5:30 Tuesday morning.

Dunn's body was taken to Newark, Texas, for services and burial. Local arrangements were made by Singleton Funeral Home.

Col. E. H. Alsop

## Former Resident Promoted, Sent To El Paso Post

E. H. Alsop, son of Mr. and Mrs. J. L. Alsop, Muleshoe, was recently promoted to the rank of full colonel in ceremonies so unexpected that he was caught in his civilian clothes.

Alsop, former executive officer at Tripler General Hospital, Hawaii, received the insignia of his new rank just prior to his transfer to Beaumont General Hospital in El Paso.

He was also presented a certificate of achievement for his outstanding work at the Hawaii hospital since his assignment there in April, 1958.

## Mules Tackle Bobcats Friday

The Muleshoe Mules take on favored Dimmitt Friday night in the home-opener of the season with Dimmitt favored by a slight one-touchdown edge.

The Mules will start practically the same squad as they did with Hereford with the exception of one or two boys who may not be in the starting eleven.

The history of the Mules-Bobcats games reveals eleven years with a record of three Muleshoe wins, seven losses and one tie. The Mules went down to a 6-44 count last year, one of their worst defeats suffered during the 1960 season.

Local fans will enjoy the stands erected by the Mills Machine shop at this year's opening game.

## FFA Exhibit Places In Fair

Muleshoe Future Farmers displayed an educational exhibit in the Agricultural Building at the South Plains Fair in Lubbock Monday, placing eighth in a field of 14. The display dealt with the subject of feeding pelleted feeds to pigs.

SOPHOMORES ELECTED TO OFFICE secretary. Back row, left to right, are Peggy Lewis, Mike Miller, reporter; Kenney Heathington, president; and Ronnie Johnson, vice president. Front row, left to right, Rhonda Wagon, treasurer; and Dianne Chappell, president. (Staff Photo)

# News FOR Women

Mrs. Benny Nichols

## Vows Exchanged In Church Chapel

Miss Genevieve Wyatt became the bride of Benny Nichols in a ceremony in the Chapel of the First Methodist Church on the evening of September 20.

The Rev. J. Frank Peery, minister of the church, officiated.

Parents of the couple are Mr. and Mrs. Homer L. Wyatt and Mr. and Mrs. Freeman Nichols, all of Muleshoe.

Wedding attendants were Mr. and Mrs. Jerald Wyatt.

The couple are at home at 305 E. Fourth St. The bridegroom is employed by the Bailey County Electric Cooperative.

## Senior MYF Sponsors Chili Supper Friday

The public is invited to a chili and pie supper which will be Friday evening, September 29, from the hours of 5:30 to 7:30 p.m. at the High School Cafeteria.

The supper is sponsored by the Senior MYF of the Methodist Church.

Adults' tickets will be \$1.05 and the children 55 cents.

The MYF suggests that you come by and eat and then go to the football game.

## Open Installation Set By Rainbows

The members of the Rainbow Assembly No. 161 met Monday, September 18, in the hall to elect officers for the ensuing term.

Officers elected were Worthy Advisor, Shirley Henry; Worthy Associate Advisor, Ronda Johnson; Charity, Sandra Harris; Hope, Kay Thompson; Faith, Shirley Richards; and Treasurer, Wanda Harris.

Officers appointed were Drill Leader, Ronda Johnson; Love, Nine Ed Bovell; Religion, Susan Birdsong; Nature, Melinda Harris; Immortality, Judy Elliot; Fidelity, Pamela Kerr; Patriotism, Charlene Lindsey; and Chaplain, Karen Jones.

Service, Sonja Bass; Confidential observer, Lynn Barrett; Outer observer, Karen Burksmith; Musician, Linda Timmons; and Choir director, Linda Griffin.

Mrs. Ruby Lee Kerr is Mother advisor. All members are reminded to be at the Masonic Hall at 9 a.m. Saturday for practice.

Installation of these officers will be Saturday, September 30, at 7:30 p.m. in the Masonic Hall.

The installation ceremony is open to the public and the Rainbow girls cordially invite everyone to attend.

## Three HD Clubs Meet For Flower Workshop

Members of the Bailey County Home Demonstration Clubs gathered Tuesday for an all day meeting and workshop on dry floral arrangements.

The workshop was conducted by Mrs. Rex Carden and Mrs. W. M. Alexander, both of Anton. The two ladies have quite a knowledge of flowers, shrubs and wild plants as well as how to gather, dry and preserve them; then arrange them into beautiful fall arrangements consisting of pine burrs, oak leaves, juniper, ash, acorns, dock and corn tassels. The entire cost of the centerpiece was 2 cents for wire bracing.

## Nonnie Taylor Pledges Sorority

Rush week activities climaxed last week at Texas Tech with the pledging of 290 women by 11 national Greek-letter social sororities.

Miss Yuvonda (Nonnie) Taylor accepted a bid from Delta Delta Delta sorority. She is the daughter of Mr. and Mrs. A. G. Taylor, Route 2, Box 46, Lazbuddie.

Mr. and Mrs. Taylor and their two sons, Tommy and Gus, were in Lubbock Monday to visit Nonnie upon her return from a weekend excursion at Lake Altus, Okla., with her 130 Tri Delta sisters. Nonnie and 28 pledge sisters were honorees at the social get-acquainted event, October 4 at Texas Tech.

## Rush Party Held In Italian Setting

A rushing party was held in the home of Mrs. Hermin White Tuesday night, September 19, by members of the Epsilon Sigma Alpha.

The interior of the home was decorated in Italian Restaurant style and a delicious spaghetti supper as served to the guests members.

After supper, they spent an enjoyable evening making hats out of useless articles. They staged a hat making contest and the prize was won by Carol Bryant.

Guests were Carol Bryant, Kay McPherson, Ann Haynes, Charlene Kemp, and Carol Johnson. Members attending were Sammie Lewis, Jo Santos, Laura Bartlett, Vickie Young, Evelyn Johnson, Helen Krebs, Marjorie Precure, Maurine Hooten, Ann Alford, Lanette Small, Lou Martin, Johanna Wrinkle, Marlene Martin, and the hostess Mrs. White.

## Bailey Unit Of TSTA Re-Organized Tuesday

The Bailey County unit of the Texas State Teachers Association held a re-organizational meeting on Tuesday night of last week. Officers were elected and a tentative schedule of meetings was set for the 1961-62 school year.

Nine teachers from Bula and 14 from Three Way attended the meeting, which was held in the Three Way cafeteria building. Mr. Archie Sims, superintendent of Three Way School, served as chairman during the discussion period preceding the unanimous decision to re-organize the teachers of the two schools as the Bailey County unit of TSTA.

Officers elected are James Guinn Casey, first vice president; Mr. Curly Risinger, second vice president, and Mrs. Betty Adams, secretary-treasurer. Mrs. Ruby Reid and Mrs. Ivan Prewett were elected building representatives for Bula and Three Way, respectively.

Three additional meetings for this school year were agreed upon and the dates for those meetings set tentatively for the months of November, February, and April. At least one will be a dinner meeting.

Attending from Bula were Mr

and Mrs. Guinn Casey, Mr. and Mrs. Curly Risinger, Mrs. Georgia Perkins, Mrs. Ruby Reid, Mr. Lands, Miss Hurst and Mr. Ernest Dike.

Attending from Three Way were Mr. and Mrs. Archie Sims, Mr. and Mrs. Elber Adams, Mrs. Ivan Prewett, Mesdames Harvey Carer, N. B. Moore, Henry Walker, and Mae Williams, and Messrs. Vernon Bundrant, Jack Tharp, Sam Mayo, James Courtney, and Ray Clay.

## Muleshoe Chapter of L. C. C. Association Met September 21

The Muleshoe Chapter of Lubbock Christian College Associates met in the Production Credit Association building Thursday evening, September 21 for their first meeting of the fall season.

Mrs. Clyde Monk opened the meeting with a prayer and Mrs. D. O. Burlesmith presided at the business meeting. Afterwards, a social hour was enjoyed with the hostesses, Mrs. Paul Scott and Mr. D. O. Burlesmith serving refreshments to

WE PROUDLY INVITE YOU TO SEE  
THE TIMELESS NEW  
**LINCOLN CONTINENTAL FOR 1962**

In 6 years you may want to change the color—just for the sake of change. Through all the years you drive it, the 1962 Lincoln Continental's styling will stay as fresh as today. This is the mark of a classic—the contemporary classic in motorcar design.

The Lincoln Continental is not a car you pamper. It never needs waxing, just washing. It is protected from rust and corrosion. Stainless steel is used lavishly. The body is immersed in 18 inches of anti-corrosion solution, then wet-sanded by hand. Four separate coats of baked enamel are applied. Brakes work more smoothly and last longer because their internal parts are chromium-plated.

In every way, the Continental is an investment that will retain its value for years. Come in and let us show you why the 1962 Lincoln Continental is warranted for fully twice as long as any other American car.\* On display September 27.

\*Ford Motor Company warrants to its dealers, and its dealers, in turn, warrant to their Lincoln Continental customers as follows: That for 24 months or for 24,000 miles, whichever comes first, free replacement, including related labor, will be made by dealers, of any part with a defect in workmanship or materials. Tires are covered by the warranty—appropriate adjustments will be made by tire companies. Owners will remain responsible for normal maintenance service and routine replacement of items such as filters, spark plugs, ignition points and wiper blades.

## SOIL CONSERVATION NEWS

By SILAS FLOURNOY  
Soil Conservationist

More and more farmers and ranchers in the Great Plains are finding the Great Plains Conservation Program a faster and less costly way of solving erosion problems and making yields and income more dependable.

The Great Plains Conservation Program is a voluntary one. Its core is a complete soil and water conservation plan, based (1) on the soil, the plant conditions, the available water and (2) on the problems and needs of the farmer or rancher.

A farmer or rancher enters into an agreement with the Secretary of Agriculture to carry out his conservation plan. He agrees to apply the needed practices according to a schedule which he works out with the help of men trained in the best farming and ranching methods known for his area.

The Great Plains Conservation Program is geared to the going agencies and organizations at

program of the Soil Conservation use of help from other programs, county, state and federal levels.

Great Plains Conservation Program is being coordinated with the "work plan" of Soil Conservation Districts operating in the counties designed by the Secretary of Agriculture for the program, as well as with other Department of Agriculture programs such as ACP and Conservation Reserve instead of Great Plains Conservation Program if you feel one or a combination of them will be more helpful in carrying out your plan.

Each county program committee is made up of the local Soil Conservation Service representative, the chairman of the county ASC committee, the county FHA supervisor, the county agricultural agent, supervisors of the soil conservation district, and other closely associated with soil conservation in the county.

## Survey Shows Pay Checks Go Further In Bailey County

How is the average Bailey County worker making out financially?

His gross earnings have been going up, so that he is better off, from that standpoint, than he was five years ago.

But his living costs have also been rising. Taxes, rent, apparel, food and services are all higher than they were then.

Where does he stand after all the pluses and minuses?

From a study made by the Tax Foundation, it appears that he is somewhat ahead of the game. He is able to buy more goods and services now, after a day's work, than he could in 1956.

The purpose of the study was to determine how much working time goes into meeting the bills that are incurred in the course of normal living.

The typical worker, it shows, spends more of his time earning his taxes than anything else. The extent to which taxes dominate expenses is to be seen in the fact that they now take more than food, clothing and tobacco combined.

According to the national findings, the average worker in Bailey County needs six days every month just to keep up with his taxes—Federal, state and local.

What that boils down to, in

terms of family income, is \$193 a month per household for taxes. The figure is based on the average gross income locally in 1960.

To pay the food and tobacco bills for the month takes four days of work, equivalent to \$129 per household.

For housing and furniture four more days are required, the report shows.

Since the working month consists of 22 days, there are eight days left. Of these, two go for car operation and for other transportation costs, 1½ for apparel and one day each for medical care and recreation.

What remains is 2½ days. Just what is done with the pro-

### CARD OF THANKS

## FHA Welcomes Members With Sandhills Picnic

Members of the F.H.A. Chapters of Muleshoe High School had a sandhill picnic Monday, September 18, 1961. The Big Sisters furnished the food for the Little Sisters as a welcome to the organization.

Everyone met at the high school at 5:30 and went to "Horseshoe Bend" by means of trailers furnished by some of the chapter parents. After some games and fun everyone enjoyed picnic lunches.

After eating, Trudy Davis publicly welcomed the new members and attended to the business that was necessary. After singing, led by Linda Scott and Sandra Scott and announcements, everyone returned. They arrived at the high school about 8 p.m.

It's a safe bet that proper care would have kept the car well a lot longer. Getting in the habit of letting us check your gas, oil, battery, water and tires gives longer life to cars.

**You Will  
Find  
Peace  
In Faith . . .**

Read Mark 12:1-12

Have ye not read this scripture: The stone which the builders rejected is become the head of the corner: this was the Lord's doing, and it is marvellous in our eyes?

(Mark 12:10, 11.)

I was trimming the rosebushes at the local hospital. As I was pruning the branches at ground level, I found to my dismay that some of the brown, dead-looking branches I had cut off were alive. Some were even blooming at the top.

How often do we, in our churches, tend to be snobbish and reject from our various church activities people who are lifeless in appearance or come from some residential district we frown upon. By being snobbish, we can drive people from the church, so that they may never develop their talents for Christ—or even become Christians!

It would be more Christlike for us to see in others their good qualities, talents, and capabilities. It is our duty to God and His church to encourage others to become Christian. Only so can God's plan of redemption find fulfillment in the lives of men everywhere.

**PRAYER:** Our Father in heaven, forgive us for shunning those who might follow Christ but receive no encouragement from us. Use us today to help others find the way of forgiveness and happiness and happiness through faith in Christ. In His name we pray. Amen.

**THOUGHT FOR THE DAY**

Today I will try to bring someone to Christ and encourage him in work for the Master.

## A GOOD JOB

Billy's getting bigger, and Susie's catching up. And Mom—like any proud mother—is delighted. Their physical progress is one indication that she's doing a good job.

But is she being just as careful about other, equally vital parts of that job? Is she also measuring their spiritual progress? As it happens, she is. Billy and Susie are both already going to church and church school.

If you have been thinking that your own children are too young to begin their religious education, why not give them the chance to measure up spiritually, as well as physically? They're apt to surprise you!

### THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

# School Teachers To Study Survival

Superintendent of Schools Neal Dillman announced this week that a Civil Defense school for area teachers will be held here October 2-7.

This school is designed to train teachers who will then be qualified to teach other civilian groups. Teachers from nine other school districts have been invited to attend the school, which will be held in the evenings, except for the Saturday class.

Teachers from Morton, Farwell, Friona, Lazbuddie, Bula, Sudan, Olton, Springlake and Littlefield are expected to attend the school. Six teachers from each school in Muleshoe will attend the school, also.

Classes will begin October 2 in the Muleshoe High School Auditorium at 7 p.m. Classes will run 7-10 p.m. each evening except Friday, when classes will be held 4-7 p.m., and Saturday, October 7.

Subjects to be covered in the classes include Effects of Nuclear Weapons, Plans for Survival, Protective Measures Against all Types of Disaster, Effects of Chemical Weapons, How to Make Preparation for Survival, and Effects of Biological and Conventional Weapons.

The course is designed to increase the survival capabilities of the individual, family and community in natural or war-caused disasters. Materials and class instruction are planned to encourage the development of family and community protective programs to insure intelligent action in emergencies.

With these objectives, the program is an integral part of the national defense effort. When these teachers complete the course, they will conduct classes in cooperation with state and national educational agencies.

# CROP Advisory Board Named

Under the direction of Mr. Walter Mounts of Oklahoma City, Oklahoma Area Representative for Christian Rural Overseas Program met on Thursday, September 14 at 7:30 p.m. in the District Court room. Those present: J. K. Adams, County Agent; Charles A. Daniel, ASC; John Clint Kennedy, FHA; Dale Fischgrabe, CSC; W. T. Millen, Cotton Grower; Bill Bickel, VA Teacher; J. Frank Peery, Methodist Minister; D. B. Head, Cotton Grower; J. R. Lee, Cotton Grower; Johnnie Hubbard, Cotton Grower. The Advisory Committee nominated various leaders in the County as officers for a permanent organization. These names will be ready for release next week. Then the matter of the Project for this year was discussed. It will be the goal of CROP this year to solicit the commodity cotton to be shipped

During the first year of operation, 709 teachers selected by 76 schools were trained by the Civil Defense Adult Education staff and these teachers conducted courses for 14,149 adults.

under authority to needy parts of the world. All millable cotton will be made into cloth. Non-millable cotton will be made into batting to be distributed by Missionaries in Hong Kong and Korea.

Publicity Chairman, Rev. J. Frank Peery, Pastor Muleshoe

Methodist Church speaking for Advisory Committee of CROP invited all interested persons to a general meeting concerning this project Thursday, October 5, District Court Room, 7:30 p.m. If there should be questions feel free to contact Rev. Mr. Peery at the Church Office.

# SHERIFF'S REPORT

Sheriff's officers this week arrested one for simple assault, one for aggravated assault, one for threatening a life, one for investigation and one for fighting. Three men were turned over

to the U. S. Border Patrol for immigration. Highway Patrolmen Bentley and Freeman arrested three for drunk and one for driving without a license. City officers arrested nine for drunk, one for transporting and

one for driving while intoxicated. They arrested two for vagrancy, one for failure to appear, one for forgery for Littlefield and one for immigration. One other man being held by the city was turned over to the U. S. Border Patrol Tuesday.

# Communist Cancer of Cuba Must Be Removed at Once

## Castro Ouster Will Stabilize Latin America

By DAVIS MERWIN

Sen. James Eastland's Internal Security Subcommittee has performed what could prove a monumental service to the Nation, through the Committee's recent hearings on "The New Drive Against the Anti-Communist Program"—if the expert testimony is honestly and widely enough reported for full public grasp. The story will be told here in future installments. Meantime, the findings, while not keyed to the military, make crystal clear the suicidal quality of the creeping censorship by Federal authorities of top uniformed specialists whose words the trainees and public are in dire need of hearing and understanding.

of Army Maj. Gen. Edwin A. Walker are not at hand, certain points in his case germane to the over-all problem are pretty well defined.

John G. Tower, the brand new Senator from Texas, is demanding that General Walker, who was relieved of his command of the Army 24th Infantry Division in Germany, be given a chance to defend himself against charges announced by the Pentagon as reasons for his removal to the sticks. In taking this position, Senator Tower—the first Texas Republican to be elected to the upper house in 84 years—has joined the hardhitting campaign of Democratic Sen. Strom Thurmond against muzzling of top echelon of the advent of a gentleman of elon military officers who have been so indiscreet as to alert their troops and the public to the nature and extent of the Communist menace.

The charges leveled at General Walker by an Army board of inquiry, are first, that

he violated regulations by making "inflammatory and derogatory statements" about past public officials and propagandists.

This column has already dealt with that charge. Generally speaking, all those referred to have records as "left-fielders" and if General Walker violated regulations by generalizing on their errors, it is the duty of informed Americans to pinpoint the records of such public figures—especially in the face of mounting crisis, one produced by the indifference of the last decade or more. More on this later.

In the second place, General Walker was accused of influencing U. S. elections by making available—upon request—the Senate and House voting records of candidates.

Now, concerning the burgeoning invasion of our hemisphere, Senator Tower has expressed himself in no uncertain terms. He sees the pressing need of disposing of Cas-

tro and his Red regime in Cuba before we can get straight the disquieting uncertainties of Latin America as a whole. The Senator correctly suggests that every day that passes will make more difficult the military action necessary on the part of forces, including our own. Inasmuch as this column has for some time taken the same position, we find of com-  
 roance of Nikki and his three-ring influence which promises to be considerable, both because of his seat in the United States Senate and the forceful persuasiveness that won him one of the great political battles of the century.

### Dreams No Cure

We most heartily agree with Senator Tower's conclusion that Mr. Kennedy's "Alliance for Progress" may delude some North Americans into dreaming that we are effectively combating communism in Latin America. But under present conditions it won't fool the Latin Americans themselves.

Mr. Tower stresses the indis-

penability of South American political stability, impossible without the unconditional removal of the Castro-Guevara mirage whose enchantment of the southern continent has, we believe, progressed far beyond public comprehension. Meanwhile, effective friendship and confidence on the part of the whole area is beyond the reach of even a spurge of pay-offs: \$20 billion as proposed, or you name it—to outer space.

As has been noted here before, the American people have yet to erase a crippling black mark, the humiliation of the invasion failure by Cuban Freedom Fighters. Those trusting souls were double and triple-crossed by both breach of faith and an ostrich-style illusion that assignment of the wrong people to the right venture could erase ineptitude such as almost to defy description. The result has been a fantastic compounding of gutless indecision with swift stimulation of Castro acceptance among those hemispheric nations

whose friendship we seek to buy—and of the already-unbridled arcicircus overseas.

### Start With Cuba

Unless we come up with something solid, resembling the brave words of President Kennedy that derided the international frailty of his predecessors and promised to return this nation to the forefront with dispatch, we'd better go shopping for the red flannels and earmuffs associated with a non-tourist sojourn in Siberia.

If, on the other hand, we sock the Commies in Cuba—and do so before our procrastination permits a base and weapons build-up such as to make the task unacceptably hazardous—we shall have disposed of Castro and thus the Latin American threat with one stroke and squared ourselves to meet in reasonable safety the demands of critical situations like those in Asia and Africa, all but forgotten behind the backdrop of Berlin and Cuba diversions. As we have pleaded here before, it is later than you think.

(Continued From Page 2)

### L. C. C. Association

the following new members: Mmes. Robert Grigg, Gary Daie, Roy Jordan, Bill Sullivan, Everett Lambert, Reihl Williams and Miss Donna Kay Bruns also the following old members: Mmes. W. B. Wagon, Jr., Robert Blackwood, Zelpha Zimmer, Ernest Hol land, Gene Lowe, Ola B. Jones, Albert Carroll, J. B. Wright, Jess Pendergrass, Clyde Monk, N. R. Iley, Dick Scott, S. C. Caldwell, L. R. Hall, Morris McKillip and R. L. Dillard.

The next meeting will be October 13. All members are urged to be present and bring someone with you.

## Young Farmers Of Bula Sponsor Tour, Display

Close to 90 went on a tour of farms last week sponsored by the Bula Young Farmers, according to D. J. Cox, chairman of the field trip committee of the group.

This was the second annual field tour sponsored by the group of farmers who are under 35. It went from the Bula School north and east, returning to the school for lunch furnished by the Co-Op Gin of Enochs.

More than 200 people attended a tractor demonstration at the Wendell Lee Speck farm at 2 p.m., where six brands of tractor were displayed.

Others on the committee were Chester Setliff, Jimmy Cannon, Jimmy Drake, DeWitt Tiller. Advisor is J. F. Lands, ag

## Bratchers Feted With Gift Shower

A gift shower honoring the infant son of Mr. and Mrs. Charles Bratcher was given in the home of Mrs. W. R. Bowers Monday, September 25.

The young man, Joel Lynn, greeted the many guests in peaceful slumber from his bas-

inet inside the entrance. The serving table was covered with a cloth of nylon net over blue. The net cloth was edged with embroidered white daisies. Two rows of the daisies extended the length of the cloth.

The centerpiece was an arrangement of white carnations and mums artfully arranged to the side of the Horn of Plenty, which was covered on the outside with white satin and inside with blue satin. A blue nylon ruffle framed the opening of the horn. Baby gifts were spilling from it.

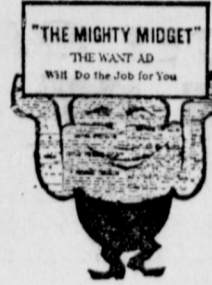

Refreshments of pink punch, pink and blue cookies, mints and nuts were served to the guests. Plate favors were embossed

white and blue cards with an inscription bearing the baby's name, date of birth, weight and the parents name. White napkins had the name "Joey" inscribed in one corner.

Among the guests were both the paternal and maternal great grandmothers. They were Mrs. T. J. Bovell of Tahoka and Mrs. R. D. Montgomery of Talequah, Oklahoma. Both grandmothers, Mrs. W. T. Bovell and Mrs. Lynn Bratcher were also present.

The hostesses gift to the honoree was a high chair. Hostesses were: Mme. Lorene Hatch, Christine McClendon, Minnie Redwine, Odessa Slayden, Inez Nicewarner, Ruth Hammock, Pat Walker, Louise Bynum,

Claudette Rolloff, Maudine Speck, Ruth Roberts, Ann Oyer and Dorothy Bowers.

# The Ford in your future will be here tomorrow!

Starting tomorrow at your Ford Dealer's, you will discover a line of Fords so long, so new, so varied that everyone will find his personal Ford—the car that fits his pleasure and needs as precisely as though it had been made to measure. ■ For those who want a true luxury car, there are two distinguished new series of Galaxies—both swift as a rumor, silent as

a secret. With Thunderbird styling, Thunderbird power, and quality that sets a new industry standard, the 1962 Galaxies give you every essential feature of far costlier fine cars. ■ If you are looking for economy without compromise, look to America's favorite compact: this year there are more Falcons than ever to choose from—13 in all. ■ Wagon

fanciers will find unprecedented variety—from a new wagon that seats eight to a Falcon Squire Wagon with the rich woodlike finish of the famous Country Squire. ■ Pick the Ford in your future with this confidence: every 1962 Ford is built to a standard of quality so high that it will change all your ideas of how fine, how quiet, how enduring a car can be.

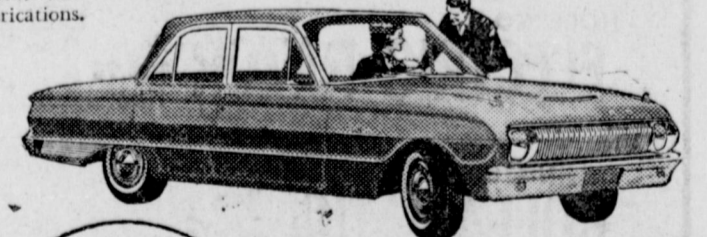

GALAXIE / 500 CLUB VICTORIA (foreground)... GALAXIE TOWN SEDAN (background)... The Galaxie / 500—new in name, new in luxury—is for those who want all of the elegant extras. The Galaxie makes it easier than ever

to move up to fine-car luxury—at the low Ford price. All Galaxies are beautifully built to be more service-free. They go 30,000 miles between major lubrications, 6,000 miles between oil changes and minor lubrications.

Brakes adjust themselves automatically. Special zinc coating protects vital body parts against rust and corrosion.

FALCON SQUIRE WAGON... Brand new for '62, it's sleek, sophisticated... and the only compact wagon of its kind. Inside, it is available with Futura bucket seats and a handy console! Outside, it has steel side paneling with elegant woodlike finish.

FALCON FORDOR SEDAN... Just one of 13 Falcons for 1962, this 4-door sedan has an improved version of the Falcon Six engine that last spring recorded the best gas mileage for a Six or Eight in the 25-year history of the Mobilgas Economy Run. Falcon's low price for '62 makes it America's best compact value!

**Letters TO THE EDITOR**

Dear Editor,

I would like to remind the people of Precincts 1 and 2 that we are voting this coming Saturday, September 30, on the proposition of whether we want a Noxious Weed Control District in our area. This is to especially fight bindweeds and johnson-grass.

Since I have been farming for the last 27 years, I have seen the cancerous soil-consuming bindweeds from a few patches on three farms in our area grow into a hideous giant for several miles up and down our bar-ditches, threatening many farms on either side. These could have been eradicated at a small cost. Already they have reduced the productivity of too many farms; this menace can double in size each year if it is allowed to thrive.

What can we as citizens do to stop it? There has been much said but little done in the past.

Several weeks ago, we invited a group of farmers and the manager of the Hale County Noxious Weed Control District from Plainview to meet with us and explain how they are whipping this problem in Hale Co. We advertised the meeting, expecting a good representation, but only a few attended. The farmers from Hale Co. testi-

fied that through the coordinated efforts of the people through the channels of the Weed District, those who had a pretty bad case of bindweeds now have them on the retreat and hoped in time to have them completely eradicated. They are now starting to control johnson-grass.

Here is the way the program works. After voting in the district, the 3 cents per acre tax is used for administering the program, which pays the salaries of the manager and two helpers who operate two sprayer pickups. The poison is made available to the farmers at cost and skilled help brings the sprayers and do the spraying in a scientific manner. This alone saves the farmer many dollars because where he does the spraying himself or uses a Mexican bracero employee who cares nothing about the cost, who usually has the wrong spray nozzles, who hasn't figured the correct speed of the vehicle in relation to the capacity of the spray nozzles, who usually figures on the assumption that to double the amount you will get a better kill; it adds up to being an expensive mistake.

The A.S.C. program also has provisions to help pay the cost of the poison. Again, this combination saves the land owner many dollars.

The association is managed by an elected board of directors who formulate the rules and

regulations. It is up to the people to elect good men who are reasonable and who will not arbitrarily cause a hardship on some land owners by using dictatorial procedures. The boards in other counties have tried to make it an educational program to instruct the farmer through different and the latest control programs and to have the best help and equipment to get the job done the cheapest way possible. This prevents a hardship on anyone.

Where the farmer controls the weeds on his farm, the county commissioners are asked to control and eradicate them in the bar-ditches. In cases where there is a Noxious Weed District, the state highways and

their bar-ditches and right-of-ways. Also, all transient combines coming into the district are required to stop and be cleaned before coming in. Considering how much land has been fouled up with bindweed and johnson-grass brought in by these transient combines, this seems to be a lot of service for the small cost of \$4.80 per quarter section.

In our county, the areas of the district that have little bindweed problem could have these same services for johnson-grass.

It makes real sense to me to get together next Saturday and vote the Weed Control District in to make a concerted effort to clean our valuable land up where it will be in good shape for future posterity. If we don't

like it, we can vote it out just like we voted it in.  
Your Friend,  
W. T. Bill Miller

Now here—a great new exclusive from Buick

**ADVANCED THRUST**

Moves power forward for arrow-straight going

It puts the engine ahead like the tip of an arrow • It tames "wind waver" and road sway • It sweeps you forward in a hush of luxury • It turns the floor hump into foot space.

WHAT IT IS—Buick's big new move: It positions the great new Wildcat V-8 and Turbine Drive way up front over Buick's front wheels.

WHAT IT DOES—As the engine went forward, the floor hump went DOWN. And, the forward weight makes wheel response far quicker, cornering far surer, ride far smoother.

WHY YOU'LL LOVE IT—It's the closest you can come to sports car handling in a passenger car. Distances shrink before its 3/4-G thrust. Hills disappear. Lean on curves is gone because the frame's gone wider.

Winds don't make you wander. It's going at its Buick best!

MULESHOE HIGH SCHOOL SENIOR CLASS officers are pictured above. They are, left to right, front row, Julie Hollis, secretary, and Sandra Harris, Student Council representative. Back row, left to right, are Travis Bessire, vice president; Stacy Lackey, president; Jerry Howard, treasurer; and Bill Gilbreath, parliamentarian. (Staff Photo)

## Gold Muleshoe Is Unique New Symbol

A new and unusual symbol of service has been created by the Muleshoe Chamber of Commerce. Signifying outstanding achievement in the field of public affairs and service to the Muleshoe community, the "Golden Muleshoe" has recently been created.

Taking the form of a gold-colored genuine mule shoe, mounted on a walnut plaque, the symbol is suitably engraved with the name of the recipient, the date, and the service for which the award is merited.

The "Golden Muleshoe" was created as a means of suitably recognizing unusual contributions to the welfare of the community.

Golden muleshoes will not be awarded often or indiscriminately and are expected to become highly prized possessions of the fortunate few receiving them.

Only two of the awards have been presented to date. One went to Odie "Pop" Echols of Clovis, New Mexico, for his great assistance in putting on the Fourth of July celebration. The other was presented to Dr. C. L. Kay, vice president of Lubbock Christian College, who has publicized Muleshoe throughout the U. S.

Retiring directors of the Chamber of Commerce will receive the awards at the annual membership meeting in January.

## Cecil Osborne On Alliance At Wayland College

Cecil Osborne, son of Mr. and Mrs. Cecil M. Osborne, 3716 Austin Ave, Muleshoe, has been elected publicity chairman of the Ministerial Alliance at Wayland Baptist College, Plainview.

Cecil is a sophomore majoring in speech and minoring in English and Bible. He, together with the other new officers, will be introduced at the annual Ministerial Alliance Banquet.

The Ministerial Alliance is an organization of ministerial students who are seeking to stimulate fellowship, to promote spiritual growth, and to share in the practical needs of the Christian ministry.

## Bovina Youth In First Fleet

Participating in a "Fleet Visit" to San Francisco, aboard the destroyer USS Trathen, a unit of the First Fleet, September 9-14, was Condra D. Cruse, fireman, USN, son of Mr. and Mrs. Marion D. Cruse, Jr., of Bovina, Texas.

During the visit, the ships taking part were open to the public to provide a greater understanding of the Navy's role today and in the future.

Leading the visit was Rear Admiral J. C. Wylie, Jr., Commander Cruiser-Destroyer Flotilla Nine, whose flagship was the guided missile light cruiser USS Oklahoma City.

It is the First Fleet's policy to schedule visits such as this to every major port on the West Coast.

## Friena Soldier Is In Germany

Army PFC Paul D. Coker, son of Mr. and Mrs. James R. Coker, Route 3, Friena, Tex., recently participated with other personnel from the 8th Infantry Division in Exercise Wind-Drift, a field training exercise in Sennalager, Germany.

During the one-week exercise, units of the division were airlifted from staging areas in France to the British All-Arms Training Center in Sennalager, where they participated in a mass parachute drop. After the drop these units engaged in maneuvers against other divisional units which acted as aggressor forces.

Coker, a truck driver in Combat Support Company of the division's 26th Infantry which is regularly located in Baumholder, entered the Army in November 1959, received basic training at Fort Riley, Kan., and arrived overseas the following April. The 23-year-old soldier attended Friena high school. His wife, Margaret, is with him in Germany.

## ARMY LIMITS MILK CONSUMPTION

Hoard's Dairyman dated September 25, have placed a limit of 30 ounces on the amount of milk each man is allowed. Previous rations permitted an unlimited amount of milk per person.

## DAIRY PURCHASES

USDA reports indicate that the August price support purchases average about 90 per cent above the purchases of the same month a year ago.

By MRS. M. O. NIGH

### YOUTH RALLY

There will be a youth rally at the First Baptist Church in Dimmitt this week. Dr. Floyd Golden will be the speaker. His subject is about his tour to Soviet Russia. Everyone is invited. Time will be 8 p.m. Those wanting to go are to be at the church at 7 p.m.

### SS, TEACHERS AND OFFICERS MEET

A teacher and officer meet-

## Five Will Attend Scoutmasters Leadership Camp

Jimmy Beller, George Haskins, Horace T. Edwards, O. Gerrard and Doyle Trap will participate in a fast moving training day designed to bring together Boy Scout adult leaders from Muleshoe and nineteen other counties throughout the South Plains and Eastern New Mexico.

The action-packed day will get under way early Saturday morning (September 30) at Camp Post near Post, Texas.

Color and excitement of scouting skills and interpatrol competition that says to every boy, "Come on in! Scouting's fun!" will be taught adults in scout leadership. The big annual affair is expected to have over one-hundred scouters in attendance for the one day session.

Scoutmasters and other adult leaders will receive instruction and practice in over twenty basic Boy Scouting skills, participate in outdoor cooking, camping, rope making and organization teamwork. "Showando" means to show how, then to let the learner do.

A special area will be set aside for a "Worth Trying" arena which will include new ideas camping gadgets, fire lighting gimmicks, emergency service equipment, and program supplies.

Expert adult scouters are to instruct and train in small groups to better prepare the leaders in various skills so that they in turn can pass their knowledge on to their hometown Boy Scouts.

ing was held Wednesday night, September 27. Elmer Downing will be the new Sunday School superintendent beginning next Sunday. There also was a called conference Wednesday night.

### ICE CREAM SOCIAL

The Baptist Intermediates will have a social and party honoring their out-going teachers and officers next Saturday night in the home of Mr. and Mrs. Whitt Barber. All the Intermediates of this class are urged to come.

Mrs. Paul McCarty of Edmonson, Texas, visited friends in the community last Friday.

### VISITING FRIENDS

Elaine Gully of Colorado visited recently with Janet Shipp. Her brother Kenny visited his cousins, Danny and Larry Donn Gully. They moved to Colorado in August from Muleshoe.

Mrs. M. O. Nigh and Larry visited Friday night and Saturday in Roswell, N. M., with relatives.

### VISITED MOTHER

Mrs. Dora Barber visited her mother, Mrs. Hall, at Enochs Thursday of last week.

### RECENT VISITORS

Mr. and Mrs. L. E. McKinney of Amarillo visited her sister, Mrs. Tom Morgan, last week.

Also visiting Mrs. Morgan recently was her mother-in-law, Mrs. Morgan of Hedley, Texas.

Mr. and Mrs. Jim Fowler of Lubbock visited this weekend with Mrs. Fowler's grandparents, Mr. and Mrs. D. O. Smith.

### CHARTER FLIGHTS

Flying the Aztec, Morgan Locker made a charter flight to Houston last Saturday taking John McCullough of California, son of J. O. McCullough, founder of the McCullough Tool Company on business.

They attended the football game between LSU and Rice, seeing Rice defeat LSU 16-3.

## Maple News

By MRS. ORAN REEVES

We wish to express our sympathy to the Orville Lackey family in the death of their loved one, Mrs. Lackey's father, who passed away last Monday in California. Mr. and Mrs. Orville Lackey left Monday night for California.

Mr. and Mrs. Homer Peel and children of Amherst visited last Sunday in the Albert Smyer and Guy Smyer homes.

Mrs. Kenneth Middleton gave a coffee in her home Tuesday morning from 9:30 until 11:30 o'clock. Those present were Mmes. Foy Lewis, Jack Wright, Bill Eubanks, Jim Simpson, Ted Simpson, Jake Burkett, Oran Reeves, Travis Kelley, Fred Kelley, Virles Wall, and Mmes. Donald Cox and Harper of Bula.

Mr. and Mrs. John Burkett of O'Donnell visited last week with their son and family, Mr. and Mrs. Jake Burkett and their daughter and family, Mr. and Mrs. C. L. Taylor.

Mr. and Mrs. Garland Dempsey and sons of Lubbock spent the weekend in the home of her sister and family, Mr. and Mrs. Oran Reeves.

The ladies from the Maple Church of Christ went to the Portales Children's Home last Friday and helped with the work. Those going was Mmes. Foy Lewis, Jack Wright, R. L. Davis, Ted Simpson, Bill Eubanks, Travis Kelley and Lee.

Mr. and Mrs. Donald Cox and children of Bula visited last Sunday with her sister and family, Mr. and Mrs. Lawrence Taylor and baby.

Bro. and Mrs. Kenneth Middleton and children visited with his sister and family, Mr. and Mrs. Harper of Bula, Tuesday afternoon.

Mr. and Mrs. Bill Eubanks left Sunday morning for San Antonio where they will attend a Commissioners' Convention this week.

Guests Sunday afternoon in the Kenneth Middleton home were her parents, Mr. and Mrs. O. C. Jones; her brother, Mr. and Mrs. Calvin Jones and

children; and her aunt and uncle, Mr. and Mrs. Speck of Oregon.

## Floydada Over Dimmitt, 12-18

The efforts of Teague, who scored both touchdowns, led the unbeaten Whirlwinds to a 12-8 victory over tough Dimmitt before 2,200 fans at Western Field.

It was the third straight win for Floydada, which has lost The Lockney Longhorns edge in the statistics.

It ran with considerable success through the middle of the Floydada line, but the home team stiffened in the clutch. Hard rushing by Floydada linemen kept quarterback Jim Ratcliff under steady pressure, but the 153-pound junior managed to complete 7 of 14 passes.

Dimmitt received some consolation in the final seconds when it became the first team this fall to score on Floydada.

Jim Cowell bucked over from the 1 with 1:30 left, moments after running 47 yards from

## Fishermen Nabbed Without Licenses

Fishing without a license resulted in the arrest of 213 Texans during the month of August, according to the law enforcement division of the Game and Fish Commission. In all, game wardens made 304 arrests. Courts assessed fine totaling \$7317.44.

punt formation to set up the touchdown.

## CARD OF THANKS

We would like to express our heartfelt appreciation to our friends and neighbors. Also to the doctors and nurses for your many expressions of sympathy during the loss of our mother.

The Hudson Family,

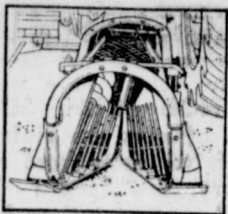

Mr. and Mrs. Arthur Bolton  
Mr. and Mrs. M. Sudderth  
Mr. and Mrs. John Hudson  
Mr. and Mrs. Alva Hudson  
Mrs. Sarah Payne

## Enochs News

Twenty parents and teachers attended the Bula P.T.A. Meeting Monday night. Mrs. J. F. Lands, Jr. was elected president, replacing Mr. Gene Kessler who resigned.

The second Tuesday of each month was chosen for future meetings. Plans were made for a procedure course to be taught by Mrs. Armstrong, District president. Anyone desiring to, may take the course.

Mr. Zed Robinson is still away in a meeting at McLoud, Oklahoma. He is leading singing in a Methodist revival there.

Mrs. F. L. Simmons is still on the sick list. She spent several days in a Littlefield Hospital.

Mr. and Mrs. John Gunter and her brother and wife, Mr. and Mrs. Miller, have returned from vacationing in California.

Rev. and Mrs. Gene Verner and children were visitors in the Baptist Church Sunday. Rev. Verner, a missionary and superintendent of a school in

Ghana, Africa, brought both morning and evening messages Sunday. He also showed some slides of his people in Africa.

Training union time at Baptist Church has been changed. Beginning next Sunday, October 1 it starts at 6:30 p.m. with evening worship service at 7:30.

Mrs. Annie Peterson, mother of W. B. Peterson, was seriously ill in West Texas Hospital in Lubbock this week.

Mrs. Nath Crockett of Morton visited her daughter and family, Mr. and Mrs. R. P. McCall, Saturday.

Mrs. R. P. McCall visited her daughter, Mrs. Burley Roberts at Needmore Monday afternoon.

## Lazbuddie News

Mr. and Mrs. T. L. Byrd visited their son and family, the Edgar Byrds in Wildrado Sunday of last week.

Mr. and Mrs. (Chunky) Ivy, former students in the Lazbuddie school have moved to Hale Center from Lubbock recently.

The students of the senior class have been selling adds for the 61-62 year book. They wish to thank all the Firms who helped them.

J. T. Bostic from New Deal is visiting with his daughter and family, the Raymond Houstons.

Lazbuddie Longhorns lost their game to Cooper Friday night at Cooper 8-0. The Horns have an open date this Friday. The next game will be the home-coming game here with New Home. This will be Lazbuddies first Conference game.

Members of the Lazbuddie First Baptist Church TEL class met Thursday at Clays Corner Cafe for a luncheon. After a pleasant visit and good meal the class went to the home of May Green for a business meeting. Attending were Nina Mosley, Chellie Bradley, Ophelia Williams, Lena Menefee, Carrie Withroe, Lou Reed, Dixie Barnes Vernora Mason and the hostess May Green. The group reports a very enjoyable evening.

Mary Ann Green, daughter of Mr. and Mrs. Horace Green is attending Texas Tech. She is

the granddaughter of Mrs. Mae Green.

Mr. and Mrs. Jess Pendergrass were in Amarillo Monday visiting his brother, G. A. Wingfield, in the Veteran Hospital there.

Mr. and Mrs. Jodie Shuping from Kress visited her mother, Mrs. Annie Vaughn and her sister, Mrs. Willie Steinbock Sunday, Mrs. Annie Vaughn moved into her new home last week.

Students in the Lazbuddie schools are attending the fair in Lubbock this week. Many went with their parents Monday of this week.

## Muleshoe FFA Reaps Honors At Dist. Meet

Stacy Lackey, Jackie Redwine, Dean Ethridge, Myke Murrah, Wayne Tunnel, and Nelson Shipman attended officers training school and the election of the District F. F. A. officers at Hart last Thursday. Stacy Lackey was elected District vice-president and Nelson Shipman was elected district parliamentarian.

The Ag. Chapter has made plans for activities and livestock shows to be attended in the coming school year. It will try for the gold metal rating this year.

## MORE CONTROL

Establishment of a cooperative State Experiment Station Service in the U. S. Department of Agriculture has been announced by Secretary of Agriculture Freeman.

Starting of the new service places the research programs of the state experiment stations on a basis equal to other research programs of USDA, with the administrator reporting directly to the assistant secretary for federal-state relations, Dr.

G. A. Selke, assistant to Secretary Freeman since January, is acting administrator of the new agency.

## Civil Defense Film To Show At Lazbuddie

The Lazbuddie PTA will meet Monday, October 2, at 7:30 p.m. in the High School auditorium.

A 45 minute film will be shown on Civil Defense at this time. The public is urged to be present to see the film so that they might be better prepared in view of a fall out.

## Lazbuddie News Letter

By MRS. C. A. WATSON

County Farmers Union are giving a free barbecue Thursday evening, September 28 in the Lazbuddie school lunch room. The supper will follow an hour of entertainment furnished by Bob Glass and his square dancers from Muleshoe. A group from Earth will also entertain, as well as other talent from around, including a version of the once so popular charleston done by Bessie Clark and Edith Greaf.

Guest speaker will be Jay Naman, State vice president of the Farmers Union, who will give an informative talk on late developments concerning programs. The public is urged to come and enjoy the evening along with the barbecue. The program will begin at 7:30 p.m. Cooper Young was guest

speaker in the First Baptist Church in Lazbuddie Sunday of last week in the absence of the pastor, Rev. Bill Curry. Cooper is a student in the senior class of Lazbuddie.

The freshman class of Lazbuddie were entertained Thursday evening in the home of the T. O. Lesleys honoring Linda Lesley with a party on her birthday. The group roasted weiners and marshmallows, played football and other games. Those attending report a very enjoyable evening.

The Lazbuddie H. D. Club met Tuesday evening of last week in the home of Mrs. Marvin Carroll. Roll call was answered by the cute saying of a child. Mrs. R. L. Forester

and Mrs. A. E. Redwine who had advanced study in seamstress work, gave demonstrations in sewing. Mrs. Marvin Carroll was elected the new treasurer. Refreshments of peaches, whipped cream and sliced cake was served to Mmes. R. L. Foster, Dee Chitwood, Davis Gulley, J. B. Young, Dee Brown, Marvin Carroll, A. E. Redwine and Lora Brown and Louella White.

The next meeting will be in the afternoon of October 3.

Mr. and Mrs. Davis Gulley and children accompanied by the R. L. Foresters attended the Fair in Amarillo Thursday of last week.

During the District 4-H Council meeting in Amarillo recently Richard Chitwood was elected sec-treasurer. Richard succeeds Cooper Young also of Lazbuddie who held the office the last year. Judy Billingsly and Richard Chitwood attended the meeting as district council delegates and Cooper Young as Council secretary-treasurer.

Testing crews against Brucellosis are working in the Lazbuddie area this week. Final tests will be completed by the last of the week. The testing crew will return within two test herds in which infected cattle are found.

The ladies of the Church of Christ has changed their meeting time to 9:30 each Tuesday a.m. instead of the evening meetings they have been having each Tuesday.

Daria Bingham daughter of

**FUTURE FARMERS OF AMERICA OFFICERS** elected at Muleshoe High School last week are shown above. They are, left to right, first row, Dean Ethridge, reporter; Travis Bessire, secretary; Myke Murrah, treasurer. Second row, left to right, are Stacy Lackey, president; Nelson Shipman, Student Council representative; Wayne Tunnell, sentinel, and Jackie Redwine, vice president. (Staff Photo)

Mr. and Mrs. Dean Bingham of Friona and Roert (Shorty) Ivy, son of Mr. and Mrs. D E Ivy of Lazbuddie, will exchange wedding vows November 4 at 4 p.m. in the First Baptist Church in Friona. Miss Bingham is a graduate of Friona high school and the Cliff Mann Floral school, she is at present employed at Billies Flower Shop

in Hereford. Mr. Ivy graduated from Lazbuddie high school and Arlington State College and is at present engaged in farming near Lazbuddie.

The Lazbuddie H. D. Club will meet Thursday afternoon of this week in the home of Mrs. Andrew Brown. Election of new officers will be held. Visitors are invited.

## 1962 MERCURYS

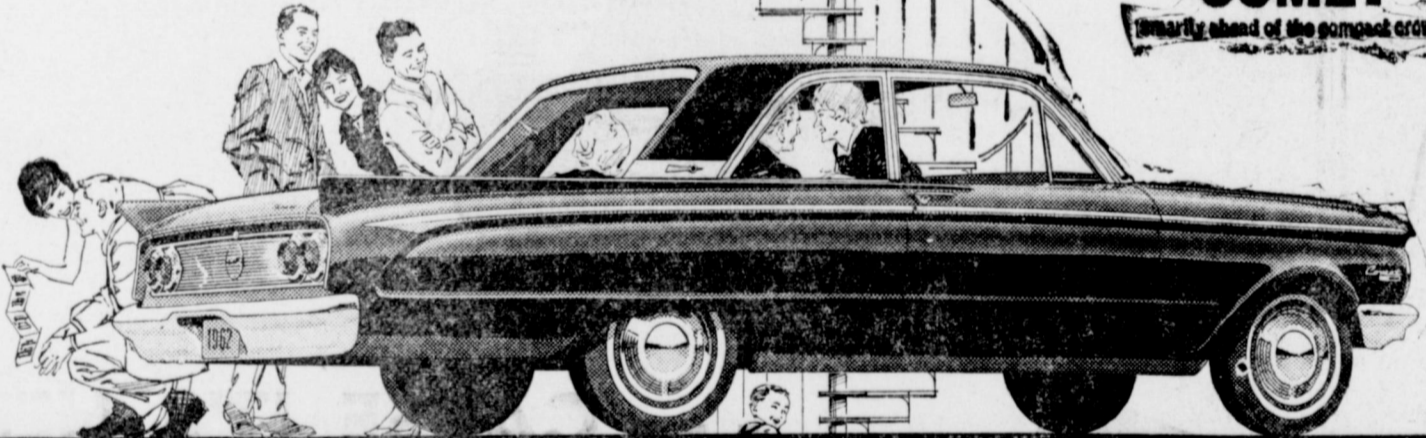

best-looking buys...now in each size

COMPACT MERCURY COMET

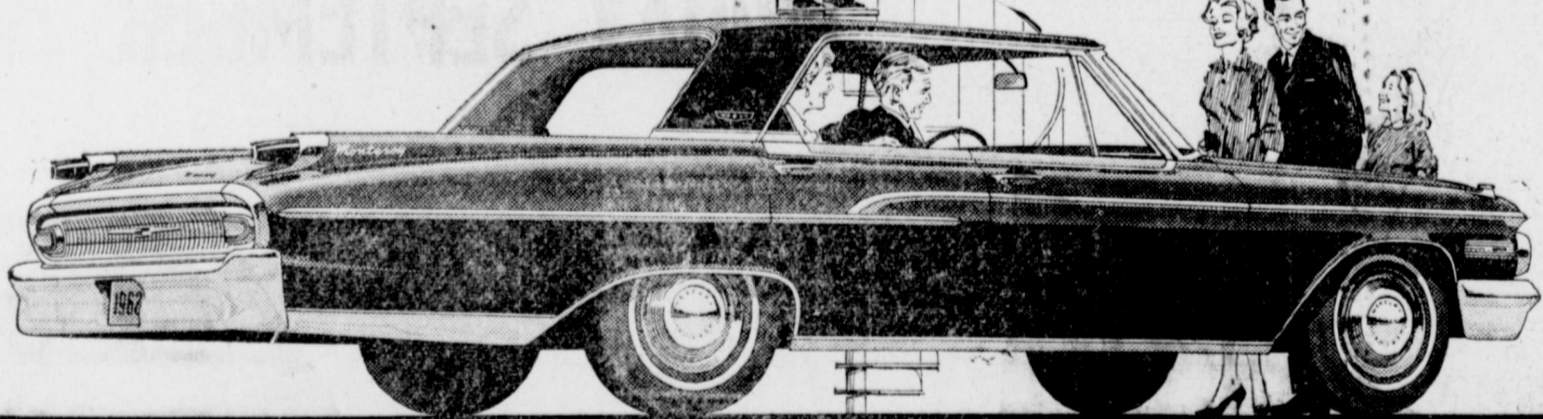

BIG MERCURY MONTEREY

# FIRST SHOWING! THE NEW 1962 MERCURYS (COMPACT AND BIG)

MERCURY COMET

Smaller than the compact crowd

MERCURY MONTEREY

the best-looking buy for the big-car man

**HIGHLIGHTS: COMPACT MERCURY COMET.** Talk value and you're talking Mercury COMET. It's the compact with the extras that make the difference. Take beauty. This is the only compact with fine-car styling. You get extra room plus a smoother ride (up to 7.5-inch longer wheelbase than other compacts). Extra trunk space for as many as six extra suitcases. Extra savings on oil and upkeep. This year you can drive 6,000 miles between oil changes. A new type anti-freeze, anti-rust coolant lasts two years or 30,000 miles. Extra resale value, too (best record of any compact). The price? With or below most compacts.

MERCURY COMET

**HIGHLIGHTS: BIG, LUXURIOUS MERCURY MONTEREY.** This is Mercury's finest car. The very top of the line. It is specially built for the big-car man—with those big extra values a man likes. More room than other cars near its price—for long legs and big families. An extra-long wheelbase (120") for that solid, luxury-car "feel." A smoother, quieter ride—the result of exclusive Cushion-Link Suspension. A wide engine choice—"6" or three V-8's. Plus the kind of savings that really cut upkeep. Routine service is needed only twice a year (at 6,000- to 30,000-mile intervals)! The price? Well within the popular-price range.

MERCURY MONTEREY

WIN A 1962 MERCURY AT OUR ANNOUNCEMENT SHOWING. 18 CARS GIVEN AWAY. 12,680 PRIZES IN ALL! (See your Mercury dealer and see how you can win one of these fabulous prizes. Now to October 14.)

**Three Way News**

October 7 is the date set for the Three Way School Homecoming Registration and supper will be 5-7 p.m. Former students and teachers will register at the gym and the meal will be served in the school lunch room. Price of the plates are 75 cents for a child's plate and

\$1.25 for adults. A football game with Bala will be at 7:30 with a special program at halftime. Following the game a business meeting will be held in the gym. Joe Wheeler is president of the alumni organization, and all ex-students and teachers are invited to the celebration.

The high school football team defeated Smyer 54 to 34 Friday night at Three Way. The Eagles have played 3 games and won 3. They play Cotton Center at Three Way Friday, September 29. Bill Wood, former coach at Three Way, is the Cotton Center coach. Parents of the football team

and pep club will serve refreshments to the visiting team and pep club following the game each time. The entire student body of the Three Way school will attend the South Plains Fair at Lubbock Monday. Mr. and Mrs. Frank Griffith visited their daughter and husband, Mr. and Mrs. Kenneth Paul of Albuquerque, N. M., last week. Mrs. Paul is the former Paula Griffith.

The Goodland Bible Study Club met Tuesday, September 19 in the home of Mrs. Lewie Jordan to study Acts 3 and 4. Following the business meeting and lesson, refreshments were served to Mesdames: Louis Henderson, Tommy Galt, Cass Stegall, Kenneth Corbell, Buck Ragsdale and W. C. McCelvey.

C. J. Feagley underwent nose surgery at St. Mary's Hospital in Lubbock last Monday. He returned home Wednesday.

Mrs. Florence Bailey spent a few days last week with her granddaughter and family, Mr. and Mrs. Jimmie and Batteas and girls of Farwell.

The Three Way Methodist WSCS met Monday at the church for a program. Mrs. Cass Stegall presented two topics, "What A Reformation Means to Methodist" and "Ye Shall Be My Witnesses." Mrs. Cecil Cole discussed "The World Federation of Methodist Women."

Guests in the Frank Griffith home Friday were his parents, Mr. and Mrs. Ira Griffith of Shallowater.

Mrs. Floyd Furgeson and Gary of Hale Center were visiting Mrs. Tommy Galt. Mrs. Furgeson is a sister to Tommy.

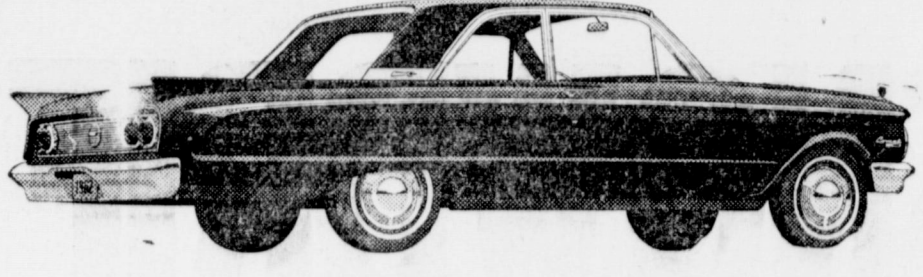

Rickey Galt returned home with them to visit Gary and to attend the fair at Lubbock Monday.

Mrs. Thurl Lemons was hostess to the Rainbow Istalation tea at Morton Saturday evening. Her daughter, Sandra, is the retiring officer. Bailey Griffith accompanied his grandparents, Mr. and Mrs. Ira Griffith to Del Rio, Texas, for a few days fishing.

### Cotton Allotment Law Discussed

Present laws direct the Secretary of Agriculture to establish a marketing quota for upland cotton under certain conditions, stated in standard 500 pound bales gross weight. The cotton quota established by the Secretary under current laws is to be enough when added to the estimated carry-over at the beginning of the marketing year and the estimated imports during the year to make a normal supply of cotton. There are several gadgets placed in the law setting a minimum national allotment or quota. The first condition is that the marketing quota will not be less than the number of bales equal to the estimated domestic consumption and estimated exports (less estimated imports).

The Secretary will make adjustments in the amount of the quota as he determines necessary after taking in consideration the estimated stocks of cotton in the United States (including the qualities of such stocks) and stocks in foreign countries which would be available for the year to assure: (1) the maintenance of adequate, but not excessive stocks in the United States, (2) provide a continuous and stable supply of the different qualities needed in the United States and in foreign countries and for purpose of national security.

Another minimum set by the law is the larger of the following: (1) one million bales less than the estimated domestic consumption and estimated exports for which the quotas are proclaimed, or (2) ten million bales, whichever is larger. The law also prevents the Secretary of Agriculture from reducing the national acreage allotment below 16,310,000 acres (16 million acres regular allotment and 310,000 acres for small farm adjustments).

These proclamations are to be made not later than October 15.

USDA figures reveal that the August 1, 1961, upland cotton carry-over was 7,016,000 bales compared to 7,390,000 bales on August 1, 1960. The grade index (middling white equals 100) of the August 1, 1961, upland cotton carry-over was 97.6 compared to 97.9 a year earlier and 95.0 two years ago.

The August 1, 1961, upland cotton carry-over staple length was 33.3 thirty-seconds inch compared to 33.0 a year ago and stock carry-over grade increased from 95.8 on August 1, 1960 to 97.0 on August 1, 1961.

The mill stock carry-over staple length on August 1, 1961, is the same as it was on August 1, 1960, (33.5).

Total supply in the United States is about one million bales less than last year and world supplies are to remain about the same as last year.

The 1962 upland cotton acreage allotment is very likely to be reduced from the 1961 level of 18,458,424.

Farm Bureau and the National Cotton Council have requested the USDA Secretary not to reduce the 1961 national upland cotton allotment from the 1961 allotment of 18,458,424 acres.

### Feed Grain Exports Down 26 Per Cent

U.S. feed grain exports in July were 595,000 metric tons—down 26 per cent from the 803,000 shipped in July a year ago.

Feed grain exports were down to all major destinations. Relatively small increases were made in shipments to Canada and other Western Hemisphere countries, Norway, Israel and some countries in Africa. Big shipments for relief and charity were important in others. Exports of feed grains were off substantially except loads of corn, which increased slightly. Larger barley crops in Northern Europe and substantial supplies on hand were factors in the decline. (Foreign Crops and Markets)

### Wanda Autry Enters Lubbock Business College

daughter of Mrs. Evelyn Autry, has entered business college in Lubbock. She plans to major in secretarial work.

Miss Autry is a 1961 graduate of Muleshoe High School, where she was voted "Miss M.H.S." While in high school she served as a cheerleader and was senior class Student Council representative. She was a member of the Science Club and the Spanish Club. She was active in speech. Wanda was a member of the Future Homemakers of America Club and the Future Teachers of America. She also played in the band.

**SANITATION LAW**  
The National Milk Sanitation Act being argued in Washington will not be passed this year. Hearings and arguments will be continued in January 1962.

## Whitefaces Crush Mules With Blitz

The Hereford Whitefaces racked up their fourth straight win of the season Friday night as they dumped the Muleshoe Mules, 39-8.

Mack Cansler, the Whitefaces' all-state candidate, crossed the goal line three times to lead the attack as the AAA team continued to roll past the opposition.

He raced 36 yards for the first score and took the extra points pass from Dennis Hodges to make it 8-0.

The Whitefaces made it 24-0 in the second quarter as Hodges went eight yards and Cansler two, Hodges running over

both extra point tries.

Cansler closed out his scoring for the night in the third quarter when he rambled 39 yards. Jack Steele kicked the extra point. Before the quarter was over, Jim Hamey intercepted a pass and scooted 53 yards for a touchdown. Charles Kelly ran over the extra points to make it 39-0.

Muleshoe, losing its third straight game of the season, averted a shutout in the final period when Gary Pierce ran seven yards for a touchdown and then added the extra points.

Hereford gained 252 yards on the ground and then got 66 more through the air. Muleshoe, of Class AA, got 66 yards on the ground and nothing through the air.

Jerry Howard was a standout on defense for Muleshoe with the same honors going to Butch Walter Schied, and John Drake. Hereford swiped four Muleshoe passes.

## Bovina Over Amherst, 22-16

The Bovina Mustangs handed the Amherst Bulldogs their first loss of the season last Friday night with a comeback, 22-16, victory in a battle of Class B powers.

Amherst, ranked the top Class B team in the area two weeks ago, took the lead in the first quarter when John Blair worked the keeper play for seven yards. He passed to James Breshears for the two points.

The Bulldogs made it 16-0 in the second period as Fullback Roy Edwards rambled his way 32 yards. Blair passed to Bob Hedges for the two points.

The Mustangs scored twice in the third period to take the lead and they protected it. Cumpton passed to Hance for 11 yards and the first score and the same combination worked for the tying points.

Buddy Turner then chalked up the winning points when he went around right end for seven yards and the touchdown. Points failed.

John Sikes and Lovell Boozler stood out on defense for the winners, while Charles Collins, Breshears and Earl Ewing led the Amherst Defense. Bovina is now 2-2, Amherst 2-1-1.

## Springlake Takes New Deal, 20-0

The favored Wolverines of Springlake took a 20-0 win Friday night over the New Deal Lions on Lion home ground.

Friday's win gives the Wolverine pack a four game winning streak. New Deal has yet to win.

Springlake has wins over Bovina, Hart and Olton.

Carrying for tallies were Ronnie Dent and Hal Hudson.

## Olton Upsets Hale Center

Olton's Mustangs upset the Hale Center Owls Friday night 19-12 before a capacity crowd at Memorial Field.

The non-conference game saw the favorite Owls toppled under the hoofs of the Mustangs—their first loss of the season. Hale Center tied with Lockney

## Denver City Takes Abernathy

The highly favored Mustangs ran across the goal line six times Friday while handing the Abernathy Antelopes their fourth loss in a row by a score of 14-0.

Sophomore quarterback Pat Hubbard accounted for four of the six touchdowns on runs of 75, 2, 50 and 3 yards respectively and also ran across the marker for a two-point try following Bobby Hannicut.

The district 3AA Mustangs coached by Don Orr are undefeated for the season.

## Jackson Rites Held In Olney

Funeral services for J. R. Jackson, 88, father of Mrs. J. D. Carpenter Jr. of Muleshoe, were held Sunday, September 17, in the First Baptist Church at Olney, Texas.

Mr. Jackson passed away at the home of a daughter, Mrs. E. O. Welch of Gorman, Texas, on Friday morning, September 15, following a long illness.

Mr. Jackson, a retired farmer, moved to Olney from Denton County, where he was married to Mary Francis Ewing, who preceded him in death in 1918.

Survivors other than Mrs. Carpenter are two sons, J. T. Jackson of Centralia, Ill., J. R. Jackson, Jr. of Olney and two daughters, Mrs. R. P. Douglas, and C. L. Douglas both of Olney. Eighteen grandchildren and 12 great-grandchildren also survive him.

Interment was in Olney cemetery under the direction of Lunn Funeral Home of Olney.

but chalked up victories over Abernathy and Sundown. Olton has defeated Petersburg, but lost to McCamey and Springlake.

## Lockney Over Ralls, 14-12

The Lockney Longhorns edged out the Ralls Jackrabbits last Friday night by the margin of extra points, 14-12.

Lockney Fullback Terry Mosley went over from the 1 in the initial quarter to cap a 21-yard drive and to set the stage for the winning margin as Quarterback Johnnie Belt ran for the extra point.

Later in the same period, Ralls Quarterback Charles Edwards scored for the 2 after the tally had been set up by a bad snap back. The extra point try failed.

Lockney came back in the third quarter as Belt went 6 yards for 6 points and extended the Longhorn lead to 14-6.

But the Rabbits were not through as with less than 20 minutes remaining Halfback Danny McDuff went 5 yards to cap a 62-yard drive and pick up the last TD. An attempt to run for the points failed.

## Los Planos Hear Norman Thomas

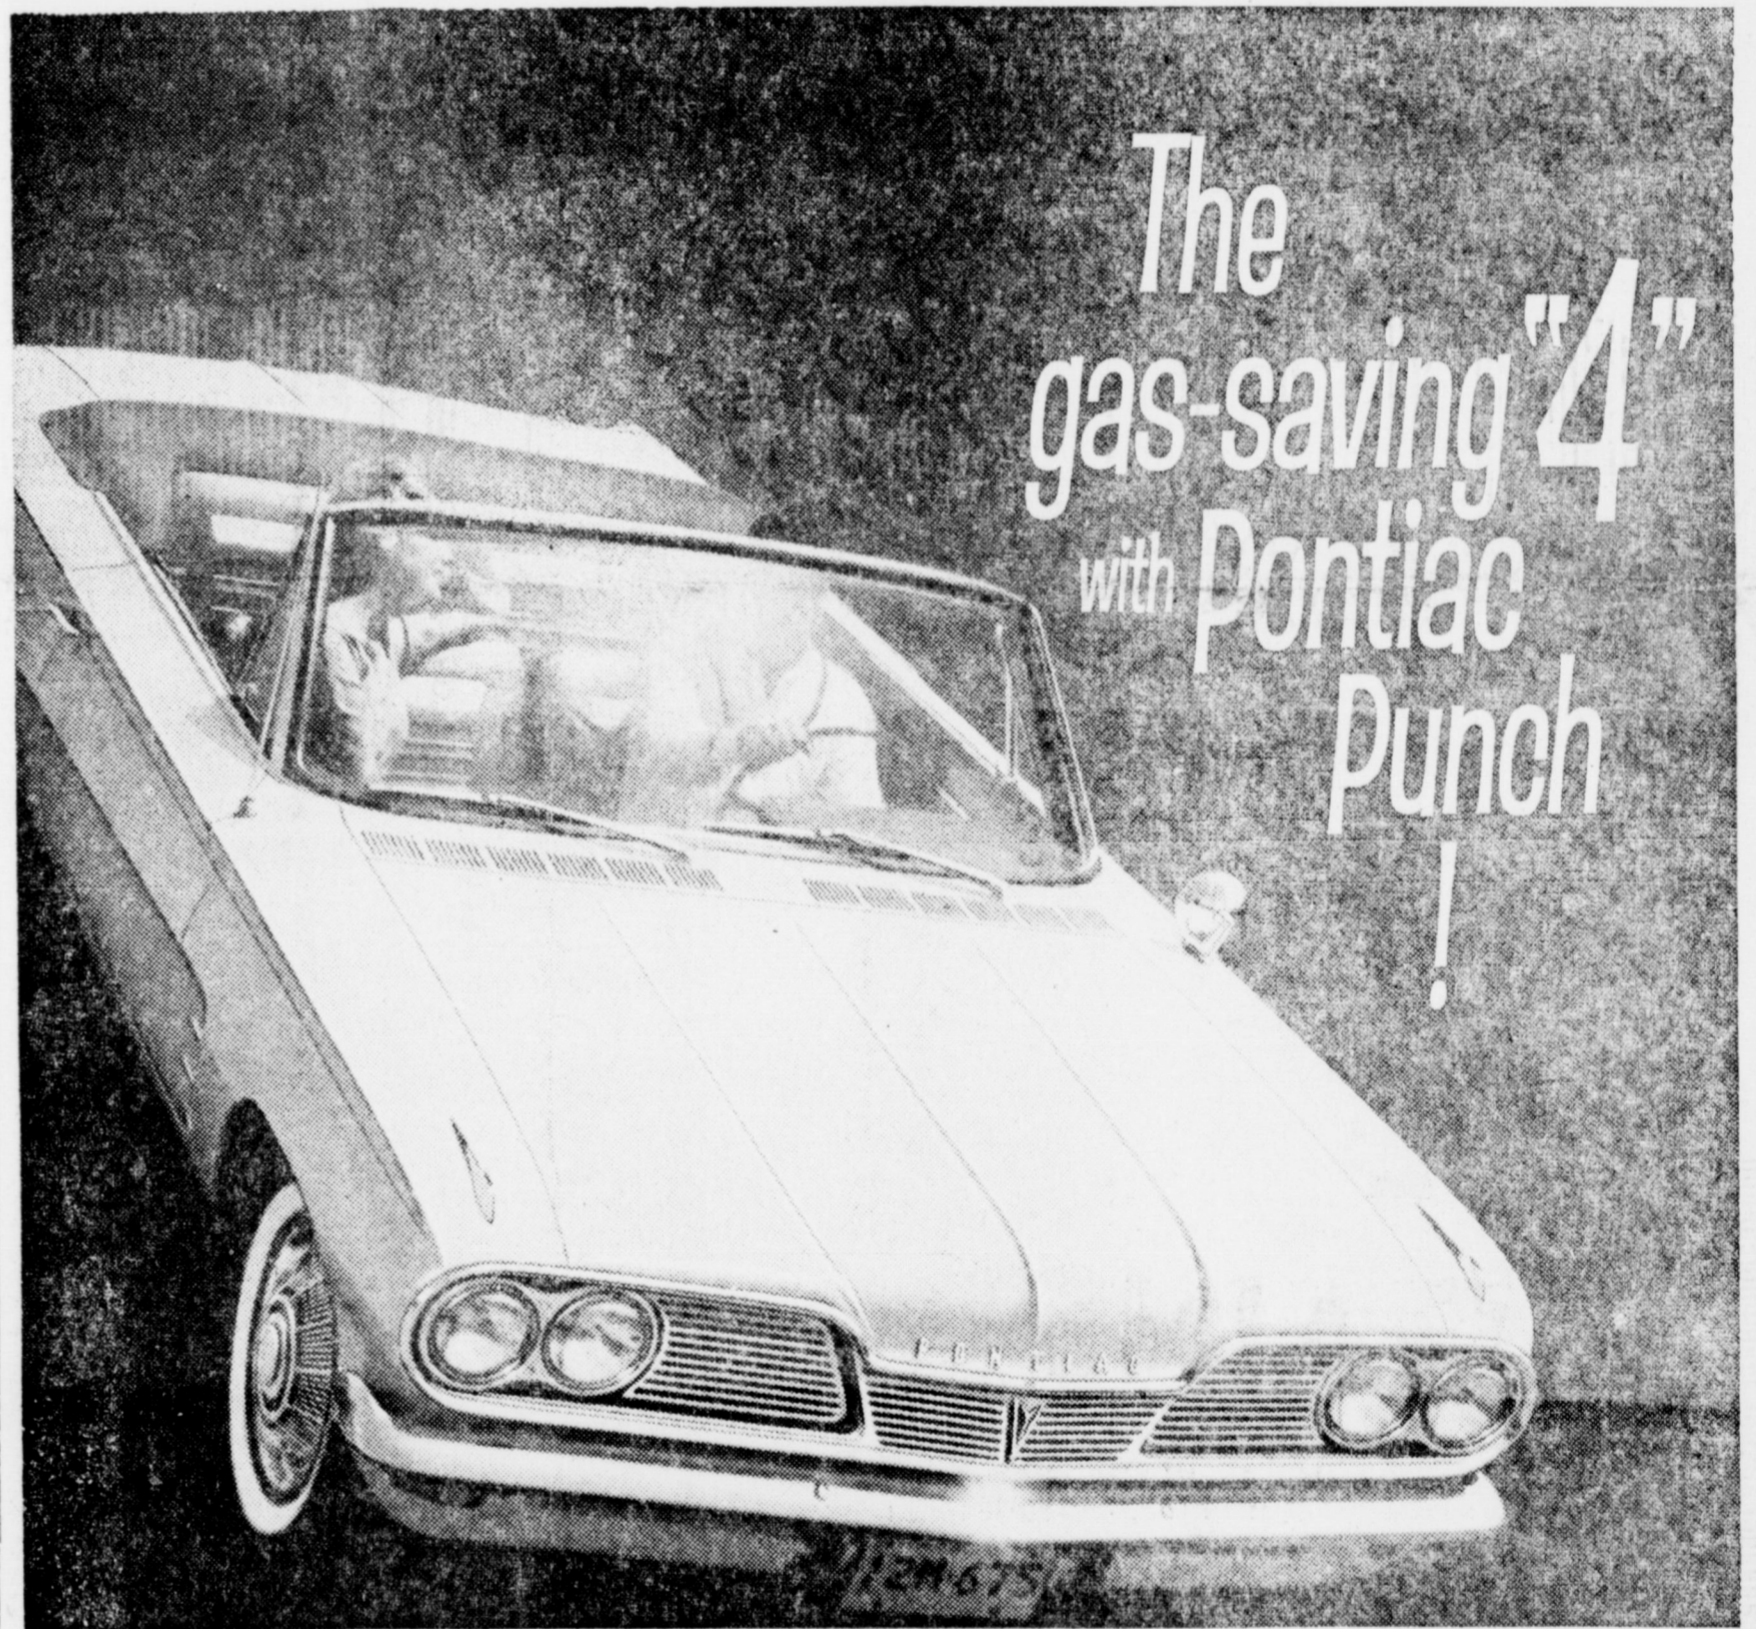

Mr. Norman Thomas spoke to the members and guests of the Los Planos Study Club on the evening of Tuesday, September 12, 1961, in the home of Martha McCormick with Dolly Airhart as Co-Hostess. Mr. Thomas presented a very interesting talk on the topic of the importance of preparing a will, what matters it should cover and he also gave some suggestions as to whom the widow could turn to for financial advice. His talk was very informative and was thoroughly enjoyed by everyone present.

After the program a business meeting was held during which three new members were entered on the club roll: Carol Bryant, Juanita Turner, Euleta Stockard.

Visitors present for this meeting were Kay McPherson, LaJuana Blaylock and, of course, the speaker, Norman Thomas. After the business meeting delicious refreshments of melon balls, cake, coffee and cokes were served members and guests by the hostesses.

MHS JUNIOR CLASS OFFICERS — Pictured above, left to right in the first row, are Donnie King, treasurer; Dean Alvin Reasoner, parliamentarian; George Moraw, reporter, and Jerry Hutton, president of the Junior Class. (Staff Photo)

**PONTIAC TRIGGERS ANOTHER TEAM OF WINNERS.** Every one is a fancy mover. Convertible, Sedan, Wagon, Two Coupes. Choice of 110, 115, 120 or 140 h.p., gas-saving 4-cylinder engine. A couple of extra cost options: Put on a 4-barrel carb and get 166 h.p. The citizen who wants even more can go for an aluminum V-8 option that pulls 185 horses.

**TEMPEST HAS A FRONT ENGINE/REAR TRANSMISSION!** (The only American car with this feature.) It gives Tempest equal weight at every wheel. It has biting traction on the bricks or in the mud. Tires last longer. Brakes take hold like they mean it. The front floor is practically flat (no big hump in the middle). Tempest seats six—easily!

**TEMPEST HAS INDEPENDENT SUSPENSION—FRONT AND REAR!** Each wheel (and it's a big 15" one) moves up and down independently of the opposite wheel. There's no solid axle in the rear. Result: Firm ride on pavement, soft ride in the boondocks! Swing axles in the rear help the Tempest to carve out clean, firm curves.

**PLUSH NEW SERIES—THE LE MANS (LUH-MAHNZ).** The Tempest Convertible and Coupe are out this year in special custom trim. Call them the Le Mans! They both have sports-type bucket seats, full carpeting, floor mounted stick shift, acceleration rear axle option—no extra cost. Extra cost option: 4-speed gearbox. Take one out—it's a going machine!

Drive America's only front engine/rear transmission car... it's balanced like none of the others!

# VOTE AGAINST WEEDS

Why endanger our land and future economy through willful neglect? Is it fair to saddle posterity with non-productive land with which to pay an overwhelming national debt?

**VOTE SAT. SEPT. 30 FOR NOXIOUS WEED CONTROL DISTRICT**

— PAID FOR BY INTERESTED CITIZENS —

Entered as second class matter at the Muleshoe Post Office under the Act of Congress, March 3, 1897.

(Items from the September 25, 1941, issue of the Muleshoe Journal)

—1941— An annual maize heading contest will be held Saturday, sponsored by the Merchants and Farmers club.

Cash prizes will be given. First place winner will receive \$75, with others as follows, second \$22, third \$20, fourth \$15, fifth, \$10 and sixth \$5. No entry fee will be required, however all contestants must be registered by 6 p.m. Friday.

Two large fields are available for heading. Rows a half mile long will be headed, the winner being determined by the best time and the fewest number of heads left standing.

E. A. Whitfield, last years winner will defend his title, and V. E. Pritchard, runner-up, is expected to be a strong contender.

—1941— The public library has been moved from its former location in the county courthouse into the room previously occupied by the Bailey County Draft Board.

Mrs. Marie Solomon, librarian, said shelves were being constructed and they had received some 200 new State Library books.

—1941— Roy Elrod returned to San Diego, Calif., Sunday after a two-week visit here with home-folks. Roy is with the U. S. Marine Corps on the West coast.

—1941— A number of Muleshoe women met Monday evening to formulate plans for organization of a unit of the Women's Business and Professional Guild.

A nominating committee was appointed and names will be presented for officers at the next meeting.

Those attending were Mesdames Noel Woodley, Jim Cox, Walter Moeller, Buford Butts, Ferrell Little, Clyde Holt, Dick Rockey, Gail Holt, Cozie Burk, R. N. Huckabee and Miss Elizabeth Harden.

—1941— Five local boys who entered Muleshoe schools in the primary grades are entering college together. They are Billy Beavers, Connie Dale Gupton, Marshall Morris, Horace Edwards and Johnny Glasscock.

All the boys finished High School together and are members of the Methodist church. Their trails vary in the course of study. Three of them, Marshall, Connie and Johnny are majoring in aeronautical engineering, Horace in business administration and Billy in arts and science.

Today's Meditation

Read Matthew 23:12 We know that all things work together for good to them that love God, to them who are called according to his purpose. (Romans 8:28.)

In my home town in Argentina, we used one of the rooms of an old two-roomed house as a sanctuary for worship. It proved too small for the congregation. We decided to enlarge it by tearing down the partition.

There was not enough money to hire men for this job. Therefore, some men of the congregation, gave of their time and work to do it. Many of the women did their share by painting the ceiling and walls and cleaning the floor. Thus both men and women took part in changing the interior of our place of worship.

At the same time we were doing something for our church, we had a chance to get much better acquainted with one another. By this experience we have improved the worshipping atmosphere of our church and deepened our feeling of brotherhood in Christ.

PRAYER: Our Father, we thank Thee for every opportunity we have to do something in Thy name. We rejoice in having many and varied ways by which we can express our gratitude for all the blessings we receive from Thee. Through Jesus Christ our Lord, Amen.

THOUGHT FOR THE DAY: Blessed are those who work together for good and to God's honor and glory.

—Esther Oss (Argentina)

Babson Discusses:

Fallout Shelter Effectiveness, Possibility Of Total Warfare

Babson Park Mass., Sept. 28 —A featured article in Life Magazine for September 15, 1961, makes some statements regarding "fallout" which need careful checking and analysis. WHAT PRESIDENT KENNEDY DID NOT SAY In the President's letter which preceded the article, the President said:

"The government is moving to improve the protection afforded you in your communities through civil defense. We have begun, and will be continuing throughout the next year and a half, a survey of all public buildings, with fallout shelter potential, and the marking of those with adequate shelter for 50 persons or more. We are providing fallout shelter in new and in some existing federal buildings. We are stocking these shelters with one week's food and medical supplies and two weeks' water supply for the shelter occupants."

Neither the President nor Life Magazine made clear the difference between the effect of the explosion of an H-Bomb and the resultant fallout. If an H-Bomb should strike a city, the blast would probably kill 97 per cent of the people. No ordinary "fallout shelter" would be of any use. But the fallout which would drift from this explosion would also be deadly. However, if all the nation's people had proper shelters, 97 per cent of the people not killed by the blast might survive the fallout drifts.

COST OF FALLOUT SHELTERS Even 3 per cent of those in shelters who might die from fright or from other causes in the course of two weeks amount to about 5,000,000 people. Hence, the scope of the entire project of shelters is stupendous. I have had a survey made of an average home shelter; the minimum cost quoted is

\$1850. This is for a shelter in a basement 100 miles from the center of a large city which might be bombed. As the distance becomes less than 150 miles, the price of the shelter increases. No shelter within five miles of where the bomb hits would be of any use. At least 90 per cent of those within this radius of five miles would be killed under any conditions—shelters or no shelters.

WHAT DO INHABITANTS OF BERLIN WANT? We are constantly told what Mr. Khrushchev wants; also what President Kennedy wants; but we have never heard what the people of Berlin want, or do not want. Of course they want food, water, and heat. They feel that they get these. But they certainly do not want a "shooting war" between Russia and the Western Allies, with Berlin getting the worst of it all in the center of the fighting.

Therefore, as a practical matter, should one build a shelter here in the U. S. A. until it is learned that the well-to-do families in Berlin (both West and East Berlin) are building shelters? Another awkward question: How many people should such a shelter be built to accommodate for two weeks? Those living on farms and having no near neighbors can answer this question quickly; but in small cities or towns the answer is very difficult, where all are neighbors and friends of one another. It is one thing for a neighborhood or community to build a shelter which would accommodate several hundred; but to build for just one's own small family would, I should think, make one feel rather selfish.

WILL THERE BE A NUCLEAR WORLD WAR III?

All of the above boils down to the question of whether missiles with hydrogen bomb heads will be thrown at cities of the U. S. A. to cause their destruction? I don't believe they will be for many years to come. When I was in Berlin, Poland, and Russia two years ago, I was told by high Berlin officials that there must first be developed an accurate anti-missile missile.

There is none such now. Only bombs launched from airplanes or submarines have an accu-

rate enough aim to destroy a large city. Such a city must be relatively near the seacoast. We are building up the defenses of these cities as fast as possible so that we will be in a position to use "anti-missile missiles" when we have them in storage. Such defense missiles are what Russia is now testing and it is silly to talk about such tests underground either by Russia or by the U. S. A.

Off The Runways

Doings At Muleshoe Airport

By MRS. NOAH KINSER

Returning Saturday from a vacation on the tropical west coast of Mexico were Mr. and Mrs. Bill Jim St. Clair and Mr. and Mrs. Morgan Locker. They flew to Mazatlan, Sinaloa in the Flying Service Comanche where they spent four days enjoying the slow-paced charm of Old Mexico.

Staying at the Hotel Playa, situated three miles north of the city, a lot of their time was spent on the cabana-dotted beach and swimming in the surf. Their rooms in the American-owned resort afforded a spectacular two-way view—the Pacific Ocean and the offshore islands on one side and the swimming pool framed by a tropical garden on the other.

While on a deep sea fishing cruise 25 miles offshore, both Mr. and Mrs. St. Clair caught Dolphin and Sailfish. The Lockers enjoyed the cruise from the sun deck of the 32-foot cabin cruiser, the Azteca. Making a shopping trip thru the city of Mazatlan, the Lockers bought souvenirs for their children, saw Mazatlan's lovely Cathedral which faces the city's main plaza, and watched the

operation of one of the Mexican modes of travel—the fringed top surrey that is called an arana or spider wagon. A tour in this open, horse-drawn carriage costs 8 cents.

From the city, they drove out scenic Paseo del Centenario, a wide avenue finished recently, that skirts the ocean front from the docks that lie at Mazatlan's back door to the airport outside town, and to lookout points that have been built on several of the largest rock formations that jut out into the sea.

Enroute, they flew from Muleshoe to El Paso, then west along the Arizona-Mexico borderline to Nogales, their refueling stop.

After lunch there, they obtained latest information concerning Mexico in general, along with weather information, then took off, flying southward to Hermosillo. Landing there, they cleared customs, then flew non-stop to Mazatlan.

Interesting sights from the air on the flight were the volcano cones in the vicinity of El Paso and flying near the coastline of the Gulf of California observed the many islands in the Gulf, the mountains inland and the development of the once thought "waste land" of Mexico, which is now producing record cotton and vegetable crops.

SAILPLANES Wilkie Williams, who is attending McMurry College in Abilene, flew to Muleshoe Saturday and was given dual in the 2-22 Sailplane. Williams completed training and made his solo flight that day. Fred Boyd, instructor, gave Williams seven instructional flights prior to his solo.

Flying the Super Cub on the tow flights was Mrs. Locker. Williams is a recent graduate of a Flying School in Ft. Worth and holds a Commercial instructor rating.

Meaning Of Peace

One of the powerful weapons used by the Communists in their unending war against freedom is the word "peace." They use it effectively because of the deep-seated yearning for peace that is inherent in people everywhere.

But if the time ever comes when the Communists prevail in America, we will realize all too well that their definition of peace is far different from ours. The kind of peace they seek would mean surrender of freedom, for it would deprive people of the right to think their own thoughts, to go where they please, to worship as they choose, to own property — in fact, it would deprive people of all their rights as individual human beings.

If anyone doubts these statements, let him look upon the slave masses living in any of the countries already taken over by the Communist world hoodlums.

THE DEADLY OCTOPUS

The philosophy of the Communist, the international conspirators who seek to end freedom in the world, is a deadly octopus whose tentacles reach out into every phase of our national life.

We, the People, must defend our land against this deadly octopus whose roving eye is ever on the lookout for new victims. And we have a strong defense against this enemy in the faith, strength and determination of dedicated Americans. We, the People, can save America, but we cannot afford to waste time arguing with the Communists or even with the well-meaning Americans who are being fooled by the Communists.

PROFITS AND EMPLOYMENT

Profits and employment go hand in hand. If we as businessmen, as workers, as individuals do not continue to seek profits, there will eventually be no profits. We shall have a profitless system or, worse still, a no-profit system. That will simply mean a loss of our freedoms because it will mean we have descended into the pit of socialism. This system has been tried and found wanting in every country behind the Iron or Bamboo curtains. In Russia the productivity and labor of every individual can be exploited, and all profit turned to a single project such as a Sputnik or a space flight or a new weapon of war. But there is no freedom, no individuality, no self-responsibility, no human dignity. In such countries there is no freedom to worship God according to the dictates of one's conscience. In such countries there is no free competition to produce the necessities of life at a lower price; there is no incentive to produce the luxuries of life for the average person who cannot afford them. Luxuries are reserved only for the elite slave masters, the master race.

In such countries there is no such thing as a free trade union which can bargain with employers for higher wages, for the employer is the government and it would mean death to strike for better living conditions and higher wages. The individual doesn't count. He must sacrifice his hopes, ambitions and his ideals for the goal of the party, a goal which simply stands to make the entire world slaves to the fiendish ambitions of a few.

But in such countries there are some things which we should all know about. There are four and five families living in two rooms, without hot and cold water. There are millions starving to death each year because there is not enough food to eat. It does take a month's wages for a man to buy a pair of shoes. The government keeps promising that one day all these things will be rectified, but that is the same promise the Communists made when they took over Russia and China. "Just put us in control and you will have heaven here on earth. No one will be hungry, cold, or without a house. There will be full employment all the time."

Listen to the words of a man writing from Hong Kong about the conditions existing right now in Red China. "It is terrible, the most terrible thing that has ever happened to the Chinese people. Millions have died. The mass of civilian population is suffering from undernourishment and diseases resulting from it, such as beri-beri, night blindness, etc. Why don't they rise up in revolt? There are two reasons. One is that the armed forces are still well-fed; in fact they are the only group of people properly fed, aside from the Communist Party bureaucracy. The second reason is that the people are too weak physically to rise in revolt."

When you hear men speak disparagingly and scornfully of profit, just remember that those Communist enemies of God and freedom who swear they will bury us and who predict our grandchildren will grow up under Communism are acting to achieve those ends when they seek to eliminate the profit system from American business and from American life. If the profit system is ever eliminated from our social order, humanitarianism also will truly be dead.

Dear Mr. Farm Owner:

Here are a few good reasons for borrowing money. Do you want to build a new home? Perhaps you need underground irrigation tile to conserve water and increase your yield. Or maybe you would like to buy more property.

These are major projects and few of us have the capital to finance them without borrowing money. We would like the opportunity to discuss a long term low interest rate farm loan with you. We will loan the maximum on your farm, you pay no brokerage or appraisal fees.

If I may be of help to you on arranging a loan or assisting you on your real estate to buy or to sell, please do not hesitate to call me.

Very truly yours, BOB SUDDERTH REAL ESTATE 2247 - 34th Otc. Ph. SH 4-1964 Res. Ph. SW 5-1212 Lubbock, Texas

Sandhills Philosopher:

Believes Russia's Idea Of U. N. Is Like Bank Robber On Jury

Editor's note: The Sandhills Philosopher on his Johnson grass farm discusses the United Nations this week. He may be getting too far away from his farm.

Dear editor:

While I have always suspected that joining up the countries of the world in the United Nations was a laudable goal but about as hard as uniting a bunch of farmers, and while I can't name off-hand very much the U. N. has done, still it must represent a threat to some form of disorder or Russia wouldn't be concerned with it.

However, I'm not going into a discussion of the U. N.—but just because I'm ignorant of it that's no excuse for not discussing anything, you set up a standard that person has to know what he's talking about before he talks and nine-tenth of the conversation would stop—but what interests me is Russia's idea that the U. N. ought to be run by a three-man board, one from Russia, one from the United States, and one from some place else, each with the right to veto the other two.

I have given this proposal careful thought, and the best I can figure it out, it'd be like trying a bank robber before a three-man jury consisting of the judge, the prosecuting attorney, and the bank robber, with a unanimous vote necessary for conviction.

It'd be like me borrowing money from the bank, with an agreement that before the loan could be called in, me and the banker both would have to vote unanimously on whether or not to foreclose on me.

I don't believe Russia will get anywhere with this proposal, yet on the other hand I doubt if it strikes, it's bad for Russia on its hands.

Russia is like a hurricane. You don't know where it'll strike next, but you do know wherever it strikes, it's bad. The world though has survived lots of hurricanes, and it probably can survive Russia, but you'll have to admit, it's going to take a long time for it to blow itself out.

Yours faithfully, J. A.

The 1962 Ford Galaxie line features a crisp, fresh approach to Ford's classic styling. Shown here is the Galaxie 500 Sunliner convertible, one of twelve models in the Galaxie line. While the new Galaxie is slightly shorter and fractionally narrower than the 1961 model, the large passenger compartment is the same as 1961. Large door openings, coupled with Ford's convenient two-position door stops, make entering and leaving the Galaxie an easy and natural movement. The Sunliner top is anchored at each roof bow to prevent "ballooning" when underway. The vinyl-lined top is stowed under a color-keyed boot.

### Good Hunting For Pronghorn

The big game hunting season will open in the trans-Pecos area of Texas, October 1, with permits issued for the harvest-2100 pronghorn antelope in that area, according to Howard Dodgen, executive secretary of the Game and Fish Commission.

Summer rains have improved range conditions in the area and the antelope are reported to be in excellent condition.

Persons wishing to hunt the pronghorns may get lists of ranches where hunting is available by contacting the chambers of commerce in Marfa, Alpine, Sierra Blanca and Van Horn.

Permits are issued to landowners based on head counts by game department personnel. Landowners in turn charge hunters for permission to enter their places. The prices usually range from \$40 for a doe to \$60 for a buck.

Although most of the places are leased up early for the first two or three days, good hunting still can be had, depending upon weather, for the remainder of the season.

Hunters have been having better than 90 per cent success and the antelope are in excellent condition.

### New Office Opens For Chiropractic Treatment Here

Dr. K. C. Patzer opened an office for the practice of chiropractic in Muleshoe today. The office is located on American Blvd next to the Triple Inn Cafe. This office will maintain hours on Tuesday, Thursday, and Saturday. (See advertisement for specific hours).

Dr. Patzer is a graduate of the Palmer School of Chiropractic in Davenport, Iowa. He is also associated with the Grosic Research of Ann Arbor, Michigan.

### WTSC Prepares For Homecoming

Preparations have begun early here on the campus of West Texas State College for the biggest annual celebration on the calendar, which for years has always been Homecoming. Date this year is October 14.

The day, designed to welcome back to the campus ex-students of WT, will feature the events which have characterized WT Homecomings of many years. These are club reunions, a parade, barbecue, football game, and a dance.

Registration of exes will begin at 9 a. m. in the Student Union Building and continue until 3 p. m. Reunions of clubs are slated from noon until the parade starts at 3:30 p. m. Barbecue, catered gain this year by Walter Jetton of Fort Worth, will be served from 4:30 until 6:30 p. m., and the football game, with the Buffaloes meeting the Arizona State Sun Devils, will be at 7:30 p. m. The dance is to run from 10 p. m. until 1 a. m.

Tickets for the barbecue will cost \$125 each, and the meal will be served in old Buffalo Homecoming Day, the barbecue will be served in the cafeteria.

### BULA NEWS

The school cafeteria was the scene Monday evening, September 18, for the first meeting of the PTA for this school term.

Reverend J. J. Terry opened the meeting with prayer. Followed by the president Leon Kessler presiding over a short business session and asking for the group to accept his resignation, which was accepted and Mrs. J. F. Lands elected as president and immediately took charge of the meeting.

Plans were made for Mrs. Armstrong, district PTA executive leader, to conduct a workshop on what PTA is and what their duties are as members of PTA.

The traveling prize of a dictionary went from the 8th grade class to the 1st grade class for having the largest number of parents present. This will be a permanent gift to the class having the most parents present for three consecutive times.

Other officers are Mrs. J. C. Snitker, vice president; Mrs. I. L. Clawson, secretary; and John Hubbard, treasurer.

Serlyn Ann Maxwell and her room-mate, Susan Brewer of Lubbock Christian College spent the weekend with Serlyn's parents, Mr. and Mrs. Raymon Maxwell.

Mr. and Mrs. Darwin McBee left by plane Monday morning at 11 from Lubbock for Las Vegas. They received an all expense paid trip with \$100-in cash to spend as they wished.

Dr. Patzer is married and has two children. A veteran of World War II, he served with the U. S. Naval Amphibious Forces in the Pacific theatre. He is a member of the Masonic Blue Lodge in Floydada and a member of the Khiva Shrine in Amarillo.

This year a nationally known dance band, Charlie Spivak and his orchestra, has been obtained for the Homecoming Dance, scheduled in the Ballroom of the Student Union Building. Admission will be \$1.50 a person, and the dance will start immediately after the football game.

WT students will begin the Homecoming celebration on October 12 with their traditional Homecoming assembly program, which is highlighted by the crowning of the 1961 Homecoming Queen. Western Week, when all students and faculty don western wear, also starts that day.

met Wednesday with five ladies in attendance with Mrs. Black bringing the last lesson from the Mission Study book. Mrs. Thommarson opened the meeting with prayer and Mrs. Locker gave the benediction.

Ladies attending were Mrs. Fred Locker, Mrs. E. W. Black, Mrs. R. D. Thommarson, Mrs. L. V. Hasty and Mrs. C. A. Williams.

Mr. and Mrs. Edd Ray visited with their children in Lubbock Sunday, and attended services at the Broadway Church of Christ. Their grandson, C. C. Redlemen, 11-year-old son of Mr. and Mrs. Collidge Redlemen, was among a group that received a Bible Sunday for four years of perfect attendance at the Broadway Church.

Mrs. F. L. Simmons has been a patient in the Medical Arts Hospital, Littlefield, since Tuesday, September 19.

Two school buses carried all the children from fourth grade to the Lubbock fair Monday afternoon. School lunches were served early and buses left at 11:30.

Mr. and Mrs. Raymond Rowland, Amarillo, spent the weekend with her mother, Mrs. B. S. Setliff.

Mr. and Mrs. C. K. Holt and Jeanie returned Betty to her school at Levelland College Sunday afternoon and drove on to Lubbock for a visit with his parents, Mr. and Mrs. C. K. Holt, Sr.

Mr. and Mrs. Cecil Jones returned Saturday from a visit with their daughter, Mr. and Mrs. Murry Alexander of Fort Worth, returning by Wellington for a visit with his parents. His mother, Mrs. H. D. Jones, returned home with them for a visit.

Visiting in the home of Mrs. Martin Maxwell Friday afternoon were Mrs. John Tucker

W.M.U. of the Baptist Church

and grandson Gary Tucker and Mrs. Leola Clark and daughter Bobby of Sudan.

Mrs. J. F. Lands, PTA president, called an executive meeting Friday afternoon with the different committees and gave

material so each officer might have the material studied by the next meeting which will be the second Monday, October 9, at 8 p. m. in the school cafeteria.

Miss Marceles Austin, teacher in the New Deal school system, spent Friday and Saturday nights with her parents, Mr. and Mrs. Jack Austin.

present were Jeanie Holt, Brenda Clawson, Diane Teaff and Betty Salyer.

Juana Young observed her thirteenth birthday Wednesday by having a slumber party for several of her friends. Girls

### Legal Notice

Notice of County's Intention To Receive Bids For (1) The Repair and Overhaul of Certain Road Machinery Belonging To The County, (2) The Purchase of Certain Road Machinery and of The Intention To Issue Time Warrants Not Exceeding \$10,000 Bearing Interest At Not Exceeding 4% Maturing Prior To December 31, 1967 To Evidence Such Indebtedness.

SEALED PROPOSALS ADDRESSED TO Glen Williams, County Judge of Bailey County, Muleshoe, Texas, will be received at the office of the County Judge until 10 o'clock A. M. on the 13th day of October, 1961, for the repair and overhauling of the following described road machinery belonging to the County, to-wit:

1 Motor Grader powered by diesel engine; not less than 115 H. P.; weight not less than 24,000 pounds; all steel cab, heater, windshield wipers, scarifier, 14 ft. hydraulic shiftable moldboard with 2 ft. extension, electric lights, generator, starter; 1200x24 pneumatic tires with tubes, hour meter and exhaust deflector.

LESS TRADE IN: One used Austin Western Model 99H Motor Grader, Serial Number H 230.

2 Two ton trucks each having 154 to 156 inch wheel base; 2 speed rear axle (electric or vacuum) engine V-8 or V-6, not less than 160 H. P.; engine displacement not less than 292 cu. inches; 7-825x20 Ten Ply nylon tires and tubes; spare wheel; oil filter and electric windshield wipers, turn signals, front and rear. One truck to be equipped with 4 to 5 feet single hydraulic hoist dump bed. One truck to be equipped with flat steel bed and double hydraulic lift hoist.

LESS TRADE INS: On each of the aforementioned trucks, the county will trade in One V-8 Ford two-ton truck equipped with hydraulic lift and dump bed.

Specifications for the repair and overhauling of the aforesaid road machinery and the specifications for the road machinery proposed to be purchased (including a more complete description of the machinery being traded in and the location where such equipment may be seen and inspected) are now on file in the office of the County Clerk of Bailey County where they may be examined or copies obtained. Proposals must be submitted on the forms provided but may be submitted on one or more items by any bidder.

Such proposals will at said time be publicly opened and read before the Commissioners' Court.

IT IS THE INTENTION of the Commissioners' Court to pay all or a portion of the purchase price of such road machinery and all or a portion of the cost of such repairs and overhauling by the issuance of and delivery to the proper contractor or contractors, the legally issued time warrants of said County, bearing interest at a rate not to exceed FOUR PER CENTUM (4%) per annum, payable annually or semi-annually, which said warrants shall not exceed the principal sum of FORTY THOUSAND DOLLARS (\$40,000), and the principal of said warrants shall be payable serially, the maximum maturity date to be not later than December 31, 1967. The County guarantees that the contractor or contractors will receive face value for such warrants when and as the same are issued and delivered.

As to the repair and overhauling of the road machinery, the successful bidder will be required to furnish a payment bond and a performance bond, each in the full amount of the contract, written by a responsible surety company authorized to do business in the State of Texas, as required by Article 5160, V. A. T. C. S. Such contractor shall also comply with Article 5159a, V. A. T. C. S. which requires that no less than the prevailing rates of per diem wages for work of a similar character in the locality where the work is performed shall be paid all laborers, workmen and mechanics needed to execute the contract.

THE COUNTY reserves the right to reject any or all bids and to award a contract or contracts to that bidder or bidders who, in the opinion of the Commissioners' Court, offer the proposal to the best interest of the County, and the right is further reserved to waive all technicalities.

ALL BIDS will be retained by the County and will not be returned to the bidders.

GLEN WILLIAMS  
County Judge,  
Bailey County, Texas  
39-2tc.

## Amarillo TV Stations Will Carry College Credit Courses

Amarillo College, joining with an estimated 300 other colleges and universities throughout the country, is offering college credit for two new televised courses this fall.

NBC's CONTINENTAL CLASSROOM, via KGNC-TV, Channel 4, in Amarillo, will present "American Government, Its Structure and Function;" CBS' COLLEGE OF THE AIR, via KPDA-TV, Channel 10, Amarillo, will present "The New Biology."

Both courses will be televised beginning September 25, Monday through Friday mornings of each week, from 6:30 to 7:00 a.m. Classes will continue through January 29, 1962.

Viewers interested in registering for college credit may do so by obtaining enrollment forms from the Registrar of

Amarillo College. Enrollment by mail or in person may be accomplished as late as October 2. Each course will carry credit of three semester hours and are the equivalent, respectively, of Government 231 and Biology 135 as listed in the Amarillo College catalogue.

No prerequisite is required for credit enrollment in The New Biology, but those seeking credit for American Government must have completed at least twenty hours of previous college-level work.

Any high school graduate is eligible to enroll and non-high school graduates who are 21 years or older will be accepted. Enrollment will also be accepted for those not seeking college credit but who would like to receive the additional instructional materials and testing that will be given credit seeking students.

"American Government" will be taught by one of the nation's outstanding political scientists, Dr. Peter H. Osgood, professor of political science at the University of California at Berkeley.

"The New Biology" will be taught by Dr. Ray Kappelman, selected after a nation wide search by a special advisory committee of the American Institute of Biological Sciences. Dr. Kappelman is an assistant professor of bio-chemistry at the University of Chicago.

To receive credit for either of the two courses, it will be necessary for students to attend a minimum of three group meetings and a final examination to be held on the Amarillo College campus. These meetings will be held on Saturday mornings; the actual dates and times to be announced.

Serving as proctors for the college will be Dr. Jerome Briscoe (government) and Miss Adele Barnes (biology).

Those present were Meses. George Chambliss, J. A. Ladd, Virgie Shaw, C. H. Odom, E. W. Adkins, Ira Martin, and Charles and Marvena Barnhouse and Jeannie Martin.

Charles, Marvena, and Jeannie entertained by playing the accordion and singing. Cake and ice cream was served to the guests and the honor

### OBSERVES SEVENTH BIRTHDAY

Mrs. L. D. Tison observed her seventy-sixth birthday last Friday with neighbors and friends calling to make the occasion more enjoyable.

Those present were Meses. George Chambliss, J. A. Ladd, Virgie Shaw, C. H. Odom, E. W. Adkins, Ira Martin, and Charles and Marvena Barnhouse and Jeannie Martin.

Charles, Marvena, and Jeannie entertained by playing the accordion and singing. Cake and ice cream was served to the guests and the honor

### FOOT TROUBLE

3/4 of all your bones are in your feet. No wonder there is aching, swelling, perspiring, odor. Bathe feet twice daily with T-4-L Solution for relief of the 52 bones, 66 joints plus ligaments. Curb athlete's foot, toe itch too, or your 48c back if not pleased IN ONE HOUR.

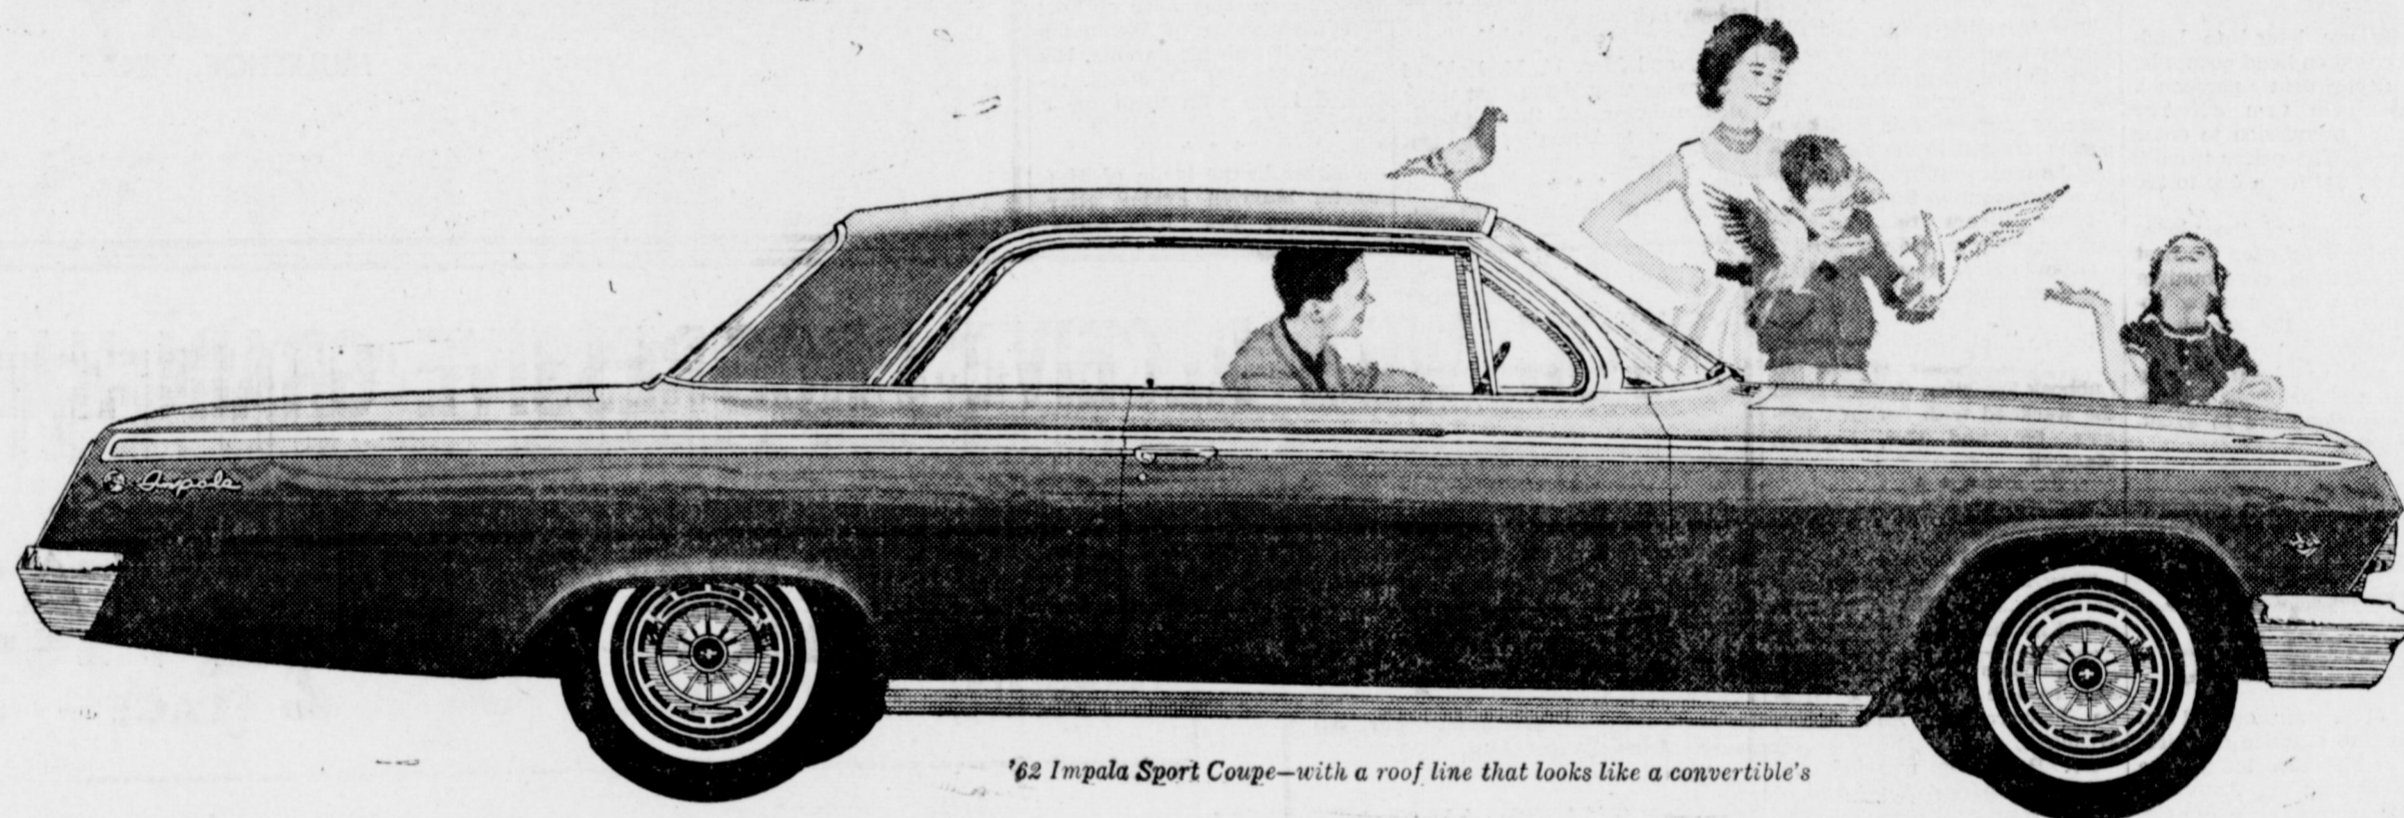

TODAY AT DAMRON DRUG.

## Smooth flowing lines accent Chevrolet's Newest Line—the Chevy II

One of the nine models of Chevrolet's newest passenger car line, the Chevy II series, is this 4-door sedan which proudly reflects straight flowing lines with simply sculptured details. Recessed cylinder engines, and manual or automatic transmission are but a few of the many features found in this new line. The Chevy II's, along with the complete array of 1962 Chevrolet cars, will make their public appearance on September 29.

# FRIDAY A New World of Worth from Chevrolet for '62!

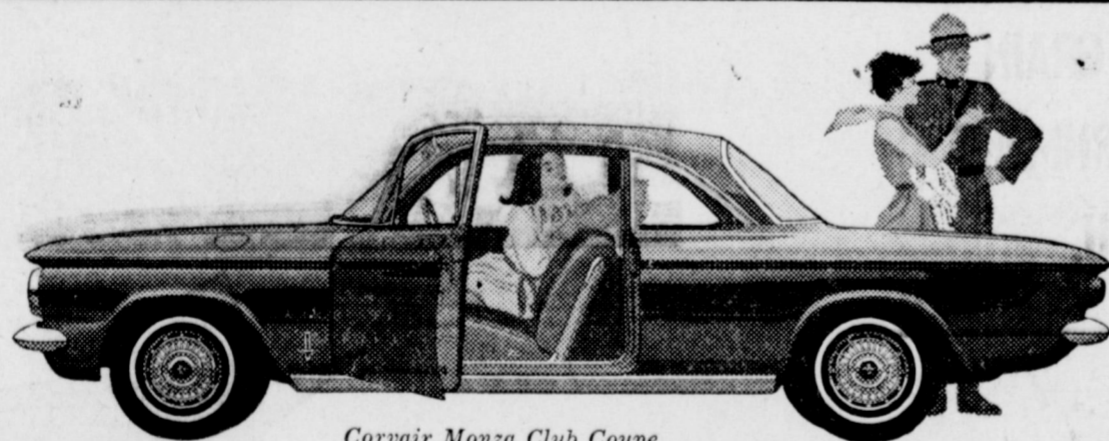

'62 Impala Sport Coupe—with a roof line that looks like a convertible's

## '62 CHEVROLET Rich new styling with Jet-smooth ride!

Here's everything a car fancier could want. Fresh-minted style that comes to a climax in the sportiest sport coupe you've seen yet. A road-gentling Jet-smooth ride. A new choice of V8 skedaddle. Rich Body by Fisher interiors. Beauty that's specially built to stay beautiful. Here in '62 is more than ever to please you from the make that pleases most people.

If you've wondered what owning an expensive car is like, here's where you find out—without the expense. Check it over from its clean-thrusting prow to its rakish rear deck. Look inside the deep-well trunk. Step through one of those wide-opening doors and plump down on a seat the size of a sofa. Then—head for the open highway. That sittin'-on-satin feeling you get is Chevrolet's famous Jet-smooth ride at work—with a pliant Full Coil spring cushioning at each wheel. The standard six and V8 are triggered to do special things on regular gas, and for real hair-trigger reflexes you

have a choice of four optional-at-extra-cost V8's with output all the way up to 409 hp. Hard-working helpers (like the new steel front fender underskirts that guard against corrosion) give this '62 its built-for-keeps beauty. Even the heater and defroster come as standard equipment this year. This is the kind of car that will make you feel luxurious all over, and your Chevrolet dealer will be only too happy to show you how easy it is to have one of your own.

Corvair Monza Club Coupe

### THE '62 CORVAIR MONZA

The car that puts sport in the driver's seat!

Step right up and meet the latest version of the car that's proved its mettle in the fiercest competition going—'62 Corvair. Bigger new brakes team up with Corvair's renowned rear-engine traction for just about the surest footed going on the road. A new Monza Station Wagon makes its debut. And all models sport freshly tailored upholstery inside matched by sassy new styling accents outside.

This jim-dandy's got the stuff that drivers dote on. Backstage you have a standard aluminum air-cooled engine that turns up 80 hp. (or if you like more razzamatazz, one that uncorks 102 hp\*). You can pick from a 3-speed Synchron-Mesh transmission, a 4-speeder\* or Corvair Powerglide. Sure enough, there's independent suspension on all four wheels to keep the ride as amiable as ever. Inside, you'll find a heater and defroster, cigarette lighter, dual sunshades, front-door armrests and automatic choke as standard equipment on the 500 Coupe, 700 Coupe and Sedan, Monza Coupe and Sedan, Monza and 700 Station Wagons. There are lots of reasons for liking what's new—and tried and true—in the '62 Corvair. And your dealer's eager to tick 'em off for you.

\*Optional at extra cost.

Chevy II 300 2-Door Sedan—sensitivity at its Sunday best

### HERE'S THE NEW CHEVY II

Modern basic transportation in a totally new line of cars

Here are all solid, time-tested virtues you know you can count on from all the Chevrolet family—plus some surprises you've never seen on any car before. A full line of saucy new-size models, each built a new way for easier service and maintenance. Thrifty? Choice of a frugal 4- or spunky 6-cylinder engine (in most models). Roomy? Sedans seat six solid citizens, bag and baggage. Price? A real pleasant surprise!

This plucky new Chevy II comes about as close as a car can to perpetual motion. Beneath that fetching, fresh-shaped bonnet you'll find the kind of long-lived dependability that has always been Chevrolet's special stock in trade. All nine models (station wagons, a hardtop, even a convertible will soon be available in the lineup) are designed to save you money and service. Major front-end sections, including fenders, bolt on for easy replacement in case of damage. More savings: The heater and defroster are yours as standard equipment. Tough—but ever-so-gentle—Mono-Plate rear springs flex as a single unit, eliminating the friction of old-fashioned multi-leaf springs. And, maneuverable and sensibly sized as this Chevy II is, it gives you the kind of passenger and packing room that'll make many a "big" car wonder how it's done.

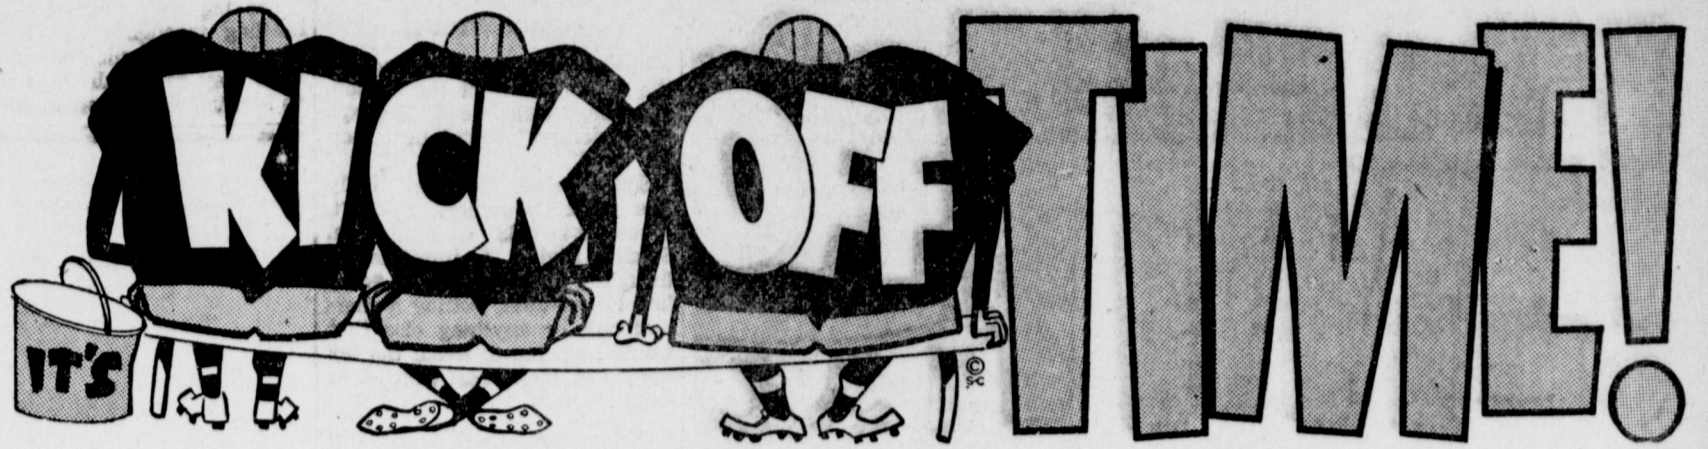

See the '62 Chevrolets, the new Chevy II's and '62 Corvairs at your local authorized Chevrolet dealer's

**Parmer County Farm Bureau News**

Gilbert Kaltwasser, Chairman of the Farm Bureau Resolutions Committee has called a meeting of members of that committee and also Legislative Committee members Thursday night. These men will discuss and prepare resolutions for consideration of the membership in the annual convention October 5.

If you have suggestions along this line, tell Gilbert, Edmund Kitten, or Claude Osborn, who compose the committee. Legislative committee members are Harry Hamilton, Chairman, M. T. Glasscock, Charles Howell and Clarence Johnson. You are welcome to attend the meeting, too, if you wish. President Herman Geries will also be present, and you may want to convey your ideas to him. Opportunity will also be given for submission of resolutions from the floor of the convention.

If you have not yet filed for federal gas tax refund (4 cents per gallon) be sure to do so before the end of this month. Remember that the wife can do this for you if you are unable to get around to it.

The House and Senate has named conferees to develop a final version of a bill already passed by the Senate extending the Mexican farm labor program for two years. Amendments to the bill, added by the Senate Agriculture Committee place major restrictions on the work which Mexican workers can perform and enlarge the authority of the Secretary of Labor to fix their wages. There is also an amendment providing that the Secretary of Labor establish a minimum wage of 90 per cent of the average wage paid in the entire state or in the nation, whichever is lower (for farm workers).

American Farm Bureau is asking Secretary Freeman for

a substantial increase in cotton acreage for 1962. The request is based on the fact that actual plantings of cotton this year were almost 500,000 acres under allotments.

**CONSIDER THIS:** The righteous man wisely considereth the house of the wicked; but God overthroweth the wicked for their wickedness. Proverbs 21:12.

**Hi Plains Gets Headquarters**

A headquarters building for the High Plains Research Foundation was assured by a grant made by the estate of Florence Lee and C. L. Kilgore this week. This grant, along with the prior gift of the Jim Hill Estate, Hereford, of a greenhouse, will give the Foundation its much needed laboratory, library, meeting room and office space. Construction of the buildings will start soon after Field Day, September 27.

The Kilgore grant was made by the estate trustees, C. E. Weymouth, rancher; W. H. Durham, Jr., Vice President, First National Bank and A. A. Bush, accountant, all of Amarillo.

The Research Foundation officials who met with the Kilgore Trustees were: Virgil Paterson, President, First National Bank of Amarillo, member of the Executive Committee; R. V. Payne, President, Hale County State Bank of Plainview; Vice Chairman of the Board; Frank Moore, President of the Foundation; Dr. T. C. Longnecker, Director of the Foundation and Dr. Earl H. Collister, Chief Agronomist and Assistant Director of the Foundation, all of Plainview and Halfway.

The Kilgore grant will be approximately \$15,000 and the Jim Hill Estate will be \$17,500.

**Civic Lubbock Season Tickets On Sale Mon.**

Civic Lubbock, Inc. will open its season ticket sale in the auditorium Lobby Box Office Monday morning at 9: a.m. Patrons may come and choose their seat location for the 1961-1962 auditorium season from 9 a.m. to 5 p.m. each week-day through Friday, October 6.

Including the special attraction, "The Music Man," Civic Lubbock will present nine outstanding shows on the 1961-1962 season. Opening the season on October 24 will be the new Broadway-bound play, "The Short Happy Life" starring Rod Steiger. Other attractions are "The Miracle Worker" with Eileen Brennan; "The American Ballet Theatre"; "Vienna On Parade"; Carol Channing in Show Girl; Arthur Fiedler conducting "The Boston Pops"; Farley Granger and Chester Morris in "Advise and Consent" and "Genevieve, With Love."

Patrons will be allowed to choose the six shows that they desire to see and receive a discount on these tickets. A monthly payment plan, introduced last season, will be in effect again this year.

Patrons interested in prices, locations, dates, etc. should call PO-2-4616 or write the Lubbock Auditorium, Box 2000, Lubbock, Texas.

A special added attraction is Ringling Bros. Circus which will play six performances at the Coliseum on October 16, 17 and 18.

TRAVEL THE HOSPITALITY ROUTE 70 COAST TO COAST

**Stone's Throw**

by GARY STONE

Muleshoe this week welcomed the first norther of the season. Did I say "welcomed?" Perhaps "experienced" would be a better word.

Some people say they really like colder weather. I don't. When the cold wind blew in Sunday night, I immediately thought of heading south, going into hibernation, getting a thermal suit or anything else that would help me to avoid the icy fingers of Jack Frost which that wind forecast.

Of course, there are still many days of warmth left before we really have any cold weather, but it makes a person think. Especially when caught out hunting in short sleeves, as I was.

And, speaking of hunting, the doves were really flying this weekend. Shooting was fine until that north wind blew in and blew all the doves clear out of Bailey County.

Perry Hall, six-year old son of the new owners of The Journal, is standing by my desk watching me write this column. Perry is a slightly freckled lad who is entering the first grade here in Muleshoe this week. What would you give, reader, to be that age again?

Wishing is, probably, the most often used—and least expensive—power in existence. Everyone does it.

My fondest wish has always

been to take the coveted Pulitzer Prize. If I can ever prod a new library for Muleshoe out of someone, I might win it yet. Are you listening, County Commissioners? City Council members? Potential donors? Anyone?

The big rock this week goes hurtling through space toward people who live such exemplary lives they make all the rest of us feel inferior. I personally ab-

hor that feeling of inferiority I drop the opposing teams in some lake. One way or another, we're determined to help the Mules win.

Of course, after we get into competition with teams of equal strength, we should be able to take on a handicap of our own. Mule team members should take heart, though. Morale has been very low lately due to the sound thrashings the Mules

have taken. We hope it won't last into district play. Muleshoe is still backing the Mules, however, and players should remember that in tonight's game against Dimmitt.

All Kinds of Office Supplies and School Supplies — At The Muleshoe Journal.

The BEST way to Beat HEAT is with year 'round GAS air conditioning

For little more than the cost of Gas heating you can enjoy COMPLETE relief from heat, humidity, dust and pollen. And remember, you'll have no service problems because Pioneer provides continuing maintenance for your unit... a mighty important point to consider when buying air conditioning.

LIVE MODERN... FOR LESS... WITH GAS! Pioneer Natural Gas Company

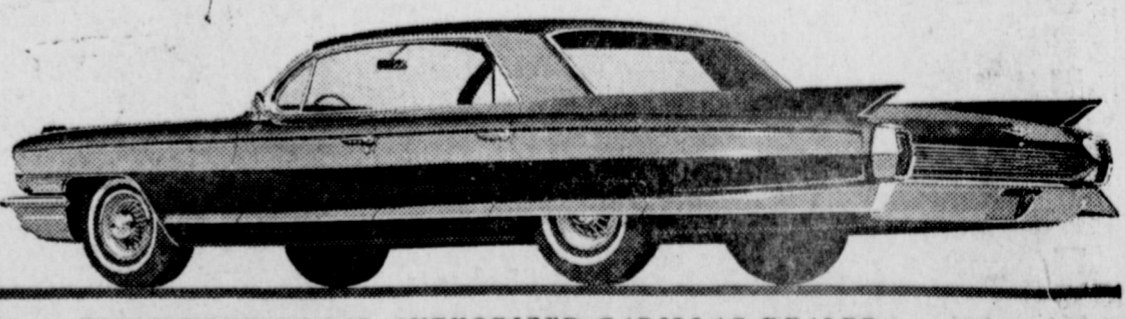

Cadillac presents for 1962 the Masterwork of the Motoring Age

Fleetwood Sixty Special, above; Sedan de Ville, below.

You have had your first look at the new "car of cars". Its name is Cadillac—and its destiny is a place among the most renowned automobiles of our time. Its new styling is remarkably clean and crisp and graceful—with a look of "rightness" in every line and contour and detail. Cadillac's new Fleetwood interiors beckon with a jewel-like beauty. There are marvelous new fabrics and leathers... and new conveniences on every hand. Engineering triumphs include independent front and rear braking... exclusive new cornering lamps that light your way around turns... a revolutionary three-phase rear lighting system... and many other important advances.

Yet, some of the noblest advances cannot be seen. They must be felt and sensed—performance that is incredibly quiet and smooth and nimble... handling ease so great that the mere weight of your hand puts you in command of the road... craftsmanship that is so practiced and so precise that the car has become a marvel of construction and a paragon of dependability. These new Cadillac wonders are evident in each of twelve new body styles—and are available with the widest selection of interiors in Cadillac history. Even if you have never before considered a Cadillac—you should take a journey in this one. It's Cadillac for 1962. You'll be hearing a lot about it.
