## Assaults, Collision Reported In City

Two incidents of assaults causing injury to family members and one traffic accident with no injuries were among incidents investigated by Tahoka Police Dept. during the last week.

On Tuesday afternoon a 1998 Chevrolet Lumina driven by Carollyn Dyke Quisenberry, 46, was involved in a collision at Conway and Lockwood with a 1996 Ford Contour driven by Jerrica Suzanne Mote, 19. Both drivers are Tahoka residents.

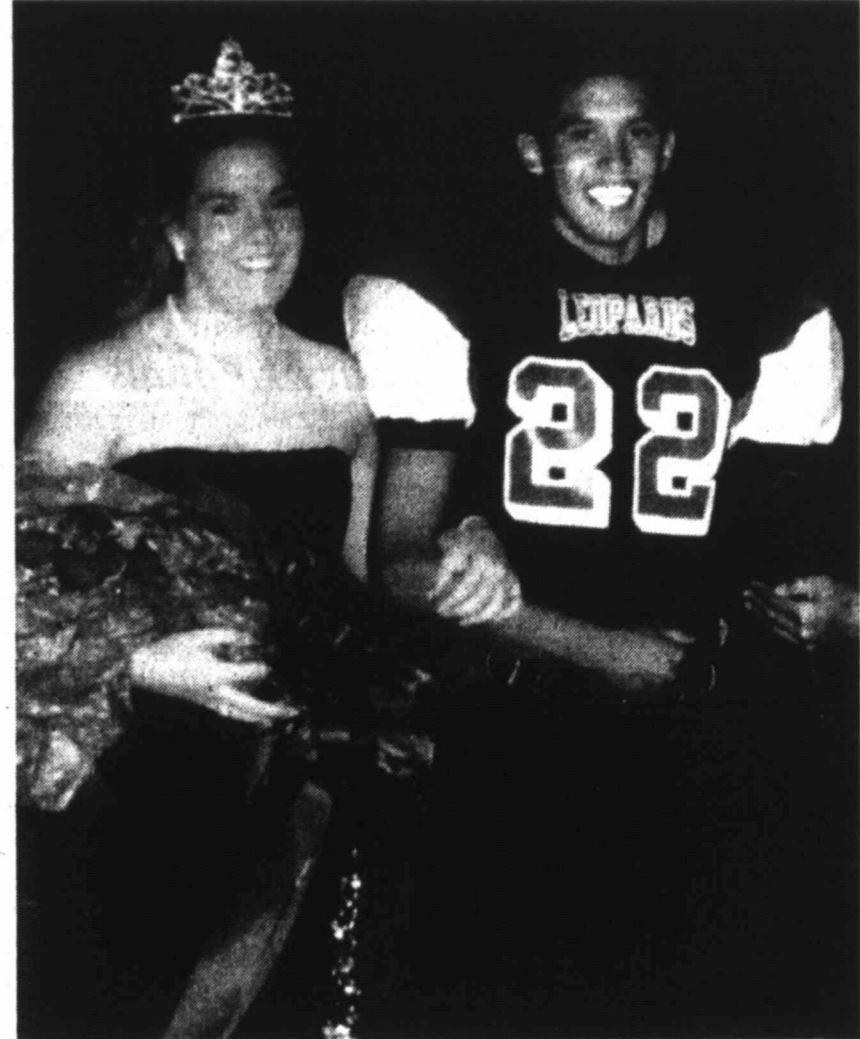

Early last Thursday morning a 14-year-old Tahoka youth was arrested at his home for attacking his mother and causing her to fall, injuring her arm. The woman was treated and released at Lynn County Hospital emergency room, and the boy was taken in custody by juvenile authorities.

On Saturday night a 19-year-old Tahoka woman told police she had been choked, knocked down and bruised by a man she had been living with, who then took her car without her permission and drove away. Police recovered the car and pre-

sented the case to county and district attorneys for further action. The victim was treated for bruises and then released at Lynn County Hospital emergency room.

Ten persons were jailed during the last week, mostly on liquor law violations. Charges against those arrested included bond surrender on failure to identify to a peace officer, application to revoke probation on conviction for driving while intoxicated (DWI) plus assault plus violation of open container law, criminal trespass plus public intoxication, DWI first offense, DWI third or more plus no drivers license plus no liability insurance, DWI second offense plus driving while license suspended, assault causing bodily injury to family member, DWI second, and warrants on charges of no liability plus no drivers license.

Dispatchers at Lynn County Sheriff's Dept. 248 calls during September, including 114 for the county, 97 for the City of Tahoka, 18 for the City of O'Donnell; two fire calls and 17 ambulance calls.

**NEW HOME QUEEN AND KING** - New Home ISD held their annual homecoming last week and the festivities included the naming of the Homecoming King and Queen. Heather Kieth, daughter of Mickey and Kelly Kieth, was named Queen. Angel Silva, son of Delia Rios, was named King. Both are seniors at New Home High School.

**WOODWORK** by Dalton

FOR SOME TIME now, I have been thinking about writing a column on procrastination, but, of course, I never did get around to it.

Now someone else has done it so well that all I need to do is steal their stuff. It was sent to me via e-mail, and the name of the original author is not known. But it certainly describes activities and conditions I am familiar with. Here it is:

### Age Activated Attention Deficit Disorder

I have recently been diagnosed with AAADD - Age Activated Attention Deficit Disorder

This is how it goes:

I decide to do work on the car, start to the garage and notice the mail on the table. OK, I'm going to work on the car...

**BUT FIRST** I'm going to go through the mail. Lay car keys down on desk. After discarding the junk mail, I notice the trash can is full. OK, I'll just put the bills on my desk...

**BUT FIRST** I'll take the trash out, but since I'm going to be near the mailbox, I'll address a few bills.... Yes, Now where is the checkbook?

Oops.. there's only one check left. Where did I put the extra checks? Oh, there is my empty plastic cup from last night on my desk. I'm going to look for those checks..

**BUT FIRST** I need to put the cup back in the kitchen. I head for the kitchen, look out the window, notice the flowers need a drink of water, I put the cup on the counter and there's my extra pair of glasses on the kitchen counter. What are they doing here? I'll just put them away...

**BUT FIRST** I need to water those plants. I head for the door and... Aaaagh! someone left the TV remote on the wrong spot. Okay, I'll put the remote away and water the plants....

**BUT FIRST** I need to find those checks.

**END OF DAY:** Oil in car not changed, bills still unpaid, cup still in the sink, checkbook still has only one check left, lost my car keys. .. And, when I try to figure out how come nothing got done today, I'm baffled because... I KNOW I WAS BUSY ALL DAY!

I realize this condition is serious... I'd get help... **BUT FIRST...** I think I'll check my e-mail.

## Bulldogs Nipped By Eagles 29-24

Tahoka came about as close to beating Seagraves as you can get, but the Eagles scored a touchdown very late in the game to win 29-24.

Minutes earlier, Odilon Granados of Tahoka had kicked a 34-yard field goal which put Tahoka ahead 24-22.

Seagraves took a 6-0 lead in the first quarter as José Bueno ran 10 yards and the Bulldogs blocked the extra point kick. Tahoka tied it in the second as Shannon Cowley scored on a 29-yard pass play from QB Brandon McCord.

### O'Donnell Wallops Lorenzo Hornets

The O'Donnell Eagle crushed Lorenzo 40-6 last Friday as Soto made three touchdowns of 15 and 1 yards and a pass of 7 yards from Ramos. Adam Ybarra ran 70 yards for another Eagle touchdown.

Seagraves went ahead in the second period 14-6 on a 9-yard run and an extra point run. But Tahoka came right back with McCord passing 12 to Josh Thompson and Stephen Solorzano running for 2 points.

In the third quarter, Tahoka went ahead 21-14 as Thompson took a pass from McCord and completed a 61-yard scoring play. Granados kicked.

Seagraves took a 1-point lead with a touchdown and 2-point pass in the fourth quarter, and then Granados' field goal put Tahoka up 24-22, only to see the Eagles come back for the winning touchdown.

Coach Bryan Gerlich's Bulldogs fell to 2-3 as the non-district schedule ended. The Bulldogs have an open date this week before beginning district play against New Deal here. McCord completed 14 of 32 passes, with three going for touchdowns.

## Hospital Considers Plans For Any Major Disaster

The possibility of a terrorist attack of major disaster proportions directly affecting Tahoka and Lynn County is considered remote, but the Lynn County Hospital staff has been studying ways to deal with such an event, administrator Dan Powers told the board of directors last Thursday night.

"In the event of bacterial or chemical warfare attack, we at least want to have in place some kind of plan to implement certain procedures immediately," Powers said. "And we want you to know that the entire staff of the hospital and clinics is aware of the danger."

Powers advised the board that a new lab technician from the Philippines, Julie Orzales, has begun work at the hospital, and that Fern Docekal, a physician's assistant, will begin duties as head of the Wellness Clinic on Oct. 15.

Powers also reported more delay in the completion of Lynnwood Assisted Living Center, and said the projected opening date now has been moved back to Nov. 1. Some deposits already have been paid by prospective residents, he noted. Paving, carpeting, and some painting and finishing work still need to be completed.

The board toured the facility after the meeting.

Powers also reported that a possible source of financing for a proposed new fitness center has rejected the hospital's application, but he is considering other sources and vowed that if at all possible, "we're going to get this thing done some way."

All board members were present, with Billy Tomlinson presiding. Other directors present were Joan Knox, Peggy Morton, Virginia Griffing, Mike Rivas, Dalton Wood and Jerry Ford.

## THS Students Raise \$660 For Red Cross

Tahoka High School students, with the help of the sophomore class, have earned \$660 for the American Red Cross to help with relief efforts for the September 11 tragedy.

For four mornings last week, sophomore class officers Kelley Engle, Michael DeLeon, Lindsay Preston, Meredith Pittman, Hunter Blasingame, and Victoria Charo sold kolaches and donuts to the student body.

David Key, owner of Donut Depot at 1908 50th Street in Lubbock, provided the food at a good cost for the project, and Jeff Foster, the school district's police officer, delivered them each morning to the high school. Jerry Lee, high school principal, allowed students to eat breakfast during classtime, so not only were the students able to contribute to a worthy cause, they were also able to have a treat for themselves.

The freshman class also earned money by selling candy. Bumper stickers that read, "Proud to be an American," can be purchased for one dollar from sophomore class members and before Friday's football game. Proceeds from this will also be sent to the American Red Cross.

The sophomores, with the help of district counselor Sherri McCord, have scheduled several blood drives for the next year. On February 14 and April 12, students and community members will be able to donate blood at the high school.

Friday, Sept. 27, Homecoming night, turned out to be a real delight for Leopard fans as the Leopards faced the Three Way Eagles. A high scoring battle between two determined teams resulted in a 62-44 victory for New Home.  
New Home scored five times in the first quarter alone. Michael Wied, Angel Silva, Shaun Wied, and Zac Morris all had touchdowns to put the Leopards ahead 32-12 at the end of the first quarter.  
Perhaps the game's most exciting play of the first quarter was the 14 yard touchdown reception from Silva to Morris.

"I just looked up and the ball was there," said Morris.  
The second quarter found Three Way slowing down the Leopard scoring attack. New Home was outscored 2 to 1 during the quarter. The lone score this quarter was a 1-yard touchdown pass from Dylan Feaster to Chris McAllister. Feaster connected on his second point after attempt.  
The third and fourth quarters brought the Homecoming crowd three more exciting touchdowns by the Wied brothers. Michael scored twice and Shaun scored once.  
The Leopards record now stands at 3-1 as they prepare to take on the Klondike Cougars on Friday.

**O'Donnell's Sunshine Au Naturel Mill Awarded \$500 Grant From RC&D**

The Wes-Tex Resource Conservation and Development (RC&D) Area, Inc. has announced that Sunshine Au Naturel Mill, Inc., in O'Donnell, has been awarded a matching grant of \$500 through the 2001 Matching Grant Program. The grant funds will complement the local efforts towards the purchase of equipment for job expansion in O'Donnell.

Barry Pittman, Wes-Tex RC&D board member, said, "We received 21 applications for worthy community projects in 12 counties. Our Grant Committee evaluated each proposal and made selections based on community need, expected benefits and local commitment. Our goal was to

make these funds available to the communities and organizations in our 16-county area for local projects," he explained.

Bryant Rayngay, owner of Sunshine Au Naturel, said the grant money will be used to set up another seamstress workstation to create another seamstress job at the O'Donnell mill, which manufactures organic and natural bed, bath, home and body products.

The RC&D program is authorized by USDA and administered by the Natural Resources Conservation Service (NRCS). The individual RC&D councils direct the program to the needs of local communities.

## Stella Moore Wins Football Contest

Two near-perfect entries were among those entered in the weekly Lynn County News Football Contest last week. Joshua Freitag and Stella Moore each missed only one game in the contest, but Moore came closest in the tie-breaker score to claim the \$10 prize money for the week. She missed naming one of the Secret Sponsors to double her money.

Secret Sponsors were Tahoka Auto Supply, Tahoka Drug, Tahoka Family Flowers, and The Lynn County News.

There will be no contest this week, as Tahoka has an open date in their football schedule. The contest will resume next week, with five more weeks remaining in the season.

### Never Change

by Elizabeth Berg

*You know people like me. I'm the one who sat in a folding chair out in the hall selling tickets to the prom but never going, the one everybody liked but no one wanted to be with.*

A self-anointed spinster at fifty-one, Myra Lipinsky has endured the isolation of her middle life by doting on her dog, Frank, and immersing herself in her career as a visiting nurse. Myra considers herself reasonably content, telling herself, "It's enough, work and Frank." And it has been enough — until Chip Reardon, the too-good-to-be-true golden boy she adored from afar, is assigned to be her new patient. Choosing to forgo invasive treatment for an incurable illness, Chip has returned from Manhattan to the New England home of his childhood to spend what time he has left. Now, Myra and Chip find themselves engaged in a poignant redefinition of roles, and a complicated dance of memory, ambivalence, and longing.

## Children, Adults At Risk For Bacterial Meningitis

(Editor's Note: The Texas Education Agency, under new law enacted in the last legislative session, requires school districts to provide parents or guardians with the following information relating to bacterial meningitis. Letters are also being sent to parents, either with report cards or other information, regarding this information.)

Meningitis is an inflammation of the covering of the brain and spinal cord — also called the meninges. It can be caused by viruses, parasites, fungi, and bacteria. Viral (aseptic) meningitis is common; most people recover fully. Medical management of viral meningitis consists of supportive treatment and there is usually no indication for the use of antibiotics. Parasitic and fungal meningitis are very rare. Bacterial meningitis is very serious and may involve complicated medical, surgical, pharmaceutical, and life support management.

Two common types of bacteria cause meningitis: *strep pneumoniae* causes pneumococcal meningitis (there are over 80 subtypes that cause illness); and *nelisseria meningitidis* or meningococcal meningitis (there are five subtypes that cause serious illness, A, B, C, Y, W-135.)

Someone with meningitis will become very ill. The illness may develop over one or two days, but it can also rapidly progress in a matter of hours. Not everyone with meningitis will have the same symptoms.

Children (over one year old) and adults with meningitis may have severe headache, high temperature, vomiting, sensitivity to bright lights, neck stiffness, joint pain and drowsiness or confusion. In both children and adults, there may be a rash of tiny, red-purple spots or bruises caused by bleeding under the skin. These can occur anywhere on the body. They are a sign of blood poisoning (septicemia), which sometimes happens with meningitis, particularly the meningococcal strain.

The majority of people with bacterial meningitis, if diagnosed early and treated promptly, make a complete recovery. In some cases it can be fatal or a person may be left with a permanent disability, such as deafness, blindness, amputations or brain damage (resulting in mental retardation or paralysis) even with prompt treatment.

Fortunately, none of the bacteria that cause meningitis are as contagious as diseases like the common cold or the flu, and they are not spread by casual contact or by simply breathing the air where a person with meningitis has been. The germs

## The Wilson News

by Buster Abbe • 628-6368

**Wilson Fire Department Tip of the Week:** Most towns and cities have banned the burning of trash within their city limits but most rural dwellers still burn their trash in a 55 gal. barrel. Those who still burn their trash this way are urged to take a few precautions to make sure that the fire stays in the barrel and does not get out onto the ground. Please cover the barrel with some sort of wire or expanded metal top so that the ashes and other burning trash will not blow out of the barrel. Also, make sure that the barrel location is in an area that is free from dead or dying grass and brush so that if an ember does get out it will fall on dry, bare ground. Just use a little common sense when burning your trash so that other property is safe and secure.

Monday, Oct. 8 is the day that has been designated as the observation of Columbus day and as such, is a major holiday. Many businesses, financial institutions, the post office and Wilson schools will be closed in observance of this holiday.

Well, the first six weeks of school are behind the kids, homecoming is over, and it's almost time to begin district play for the 2001 football season. Having beaten Amherst, the Mustang varsity will host

Three Way this week. There is no junior high game scheduled for this week.

The Wilson Lions Club would like to thank all those who turned out for the annual homecoming bar-b-que and visit this past Friday night. It's always good to see old friends and to try to figure out who is who. Well over 100 folks came out and had brisket and all the trimmings including cobbler for desert. It's going to be hard to wait till next year.

The seniors will host a Mexican dinner Friday, Oct. 19 from 5-7 p.m. in the school cafeteria. Cost is \$4 for students and \$6 for adults. Come support the Wilson seniors.

### Free Flu Shots For Veterans

## Wilson Mustang Booster Club News

by Carol Yowell  
 We had a regular meeting Monday night and watched the game film from homecoming night. Three people won door prizes and all who were there received a ticket for our \$100 drawing at the end of the year. Come join us for your chance to win.

Our homecoming concession stand was a big success and the new item on the menu was a big hit. Be sure to try our Dominoes Pizza we are selling. A big thank you to those who worked the concession stand. It ran very smoothly and proved to be very profitable.

Don't forget, those who work are receiving a ticket each time they work to be placed in the drawing for \$100! We will feature the same items in our concession this week as we play Three-Way on the Mustang field, so be sure to visit the concession stand while you are at the game.

We will not have a regular meeting next Monday, but will view the film at 6:30 p.m. and decorate the locker rooms after the film to get our boys ready for district play. We will plan to view the film in the gym with Coach Mantle. Be sure to come!
