

The Muleshoe Journal

DEDICATED TO THE PROGRESS AND DEVELOPMENT OF BAILEY COUNTY AND THE GREAT MULESHOE COUNTRY

VOLUME 39, NUMBER 52

10 PAGES

THURSDAY, DECEMBER 28, 1961

THE "THUMBS UP" SIGNAL GIVEN BY ROBERT WISNER as he stepped out of the Tri-Pacer at Warren Field last Thursday signified that Mrs. Morgan Locker had successfully completed her flight test and became Bailey County's only woman to hold a Commercial Pilot License. The look of delight displayed by Mrs. Locker shows that she, along with many of her admirers was elated to see the signal go up.

Woman Pilot Wins Commercial License

Mrs. Morgan Locker passed all phases of a flight test last Thursday morning at the airport and obtained her license to become Bailey County's only Commercially licensed woman pilot.

The tests given her by Robert Wisner, FAA examiner of the Amarillo was taken in two planes, the Piper Super Cub for conventional type landings and the Tri-Pacer with tricycle landing gear.

In flight, Mrs. Locker was required to perform aerial maneuvers such as stalls, power on and power off climbing and turning stalls both to the right and to the left, Chandelles, lazy 8, 8's on Pylon, emergency landings from high altitude, emergency landings, 3 point landings, and wheel landings.

Forty-five minutes of the 2 1/2 hour test was spent with Mrs. Locker flying by instrument and tracking in and out on radio beam at the Texico Omni station, and locating by radio beam the some 15 airways which cross within 5 miles of Muleshoe leading to Texico Omirange station.

Mrs. Locker, mother of four children began flying approximately 7 years ago with Locker as her instructor, and has 245 hours logged. She completed her flight maneuver training this past summer under the instruction of Fred Boyd and has 12 hours of

instrument flying to her credit.

Upon completing her tests and landing at the airport, Examiner Wisner stepped out of the plane with thumbs up, a signal that the pilot in command had passed the test. He stated that he was (extremely) well pleased with her ability as a pilot and that she was especially good on Pylon 8's which is one of the most difficult maneuvers.

Judges Place Lighting Contest

Christmas sparkled and glistened from many homes in Muleshoe over the holidays.

Six homes were judged in two divisions to be the winners of the home lighting contest, Carroll Pouncy, Chamber of Commerce manager, announced Tuesday.

Winners in Division I, north of town, were Letha West, 909 East Fig. first place; Jack Beddingfield, 225 East Elm, second; and Ruby Green, Plainview highway, third place winner.

Mrs. Bill Hunt, 22 West Avenue F, was first place winner in Division II, the area west of Main Street, Gil Herndon, West Avenue B, and Charles Jones, 613 West Avenue F, were judged second and third honors.

262 Children Visited By Goodfellows

Delivery of several truck loads of food, clothing and toys to 262 children by the Goodfellows of Muleshoe was made last Friday and Saturday to 61 families.

Sixty-one families were surprised by the group of anonymous Muleshoe citizens. This is twice as many as last year's group, a representative of the Goodfellow said Monday.

The delivery was the final item on the busy Goodfellow agenda and marks the completion of eighth annual and successful year of operation for the group.

Their only goal is to make sure that needy children are not forgotten Christmas morning. Their activity, hitting all sections of Muleshoe, is financed by donations of local citizens and businesses.

The goal went over the top Saturday with the 61 boxes of food and approximately 3,000 pounds of Christmas goodwill.

Officers of the Portales Chamber of Commerce acted as judges in the Muleshoe Lighting Contest this year.

John Smith was general chairman of the local contest. This year's entries numbered 17, seven more than 1960's entrants.

Southwestern Public Service Company donated the first place prizes of outside pole lamps. Second place winner received strings of 25 colored outdoor lights and third place winners received outside floodlights.

Cotton Trailer Sales Pace Local Scene...

AREA OPTIMISM TALL FOR 1962 BUSINESS

Muleshoe area businessmen are looking back on 1961 and, for the most part, profess satisfaction with the results.

Their outlook for 1962 reflected the local saying "This is a real good 'next year' country, but this had been a real nice year itself". Optimism for 1962 and that the new year will start off with better-than-normal business in January and February were mirrored unanimously.

With good weather in the last

days of 1961 and continuing into the new year, "the bringing-in" of the delayed cotton crop will bring the local economy into a buoyant and confident mood—certainly for the farmers and businessmen of good things ahead locally.

An informal survey of local firms showed only a few spokesmen who didn't regard 1961 as a particularly outstanding year.

Most regarded this year's business activity as a good steady increase over 1960.

One merchant said his business had increased at least 20 per cent another quoted a ten per cent gain over 1960. Several commented with much pleasure that the Muleshoe area was getting a fair share of area business.

In short, most agreed with a banker who said that people had more money than last due to the increasing rain and cotton government supports, the government layout program for farmers, and the dry land crop which were as good or better this year than the irrigated crops.

One grocer said that '61 was a real, real fine year. "At least there is more money—there is more inflation—but whether this makes more profit to the businessman is a good question, too".

Auto sales, reflecting a national trend, were a bright spot on the local scene. A spot check of dealers indicated a fairly sharp upswing in purchases of new and used vehicles. The dealers had high hopes for the coming year.

"This has been the best year for us... and 20 percent above last year's sales," declared one auto dealer.

"People have been in a buying mood... and they will be more so after the late cotton crop is all in," another commented.

A spokesman for another of the city's major dealers described 1961 as "tremendous."

"We expect the trend to continue through 1962," he predicted. Perhaps the most optimistic view was revealed by a dealer who bubbled:

"Yes, 1961 was a good year... 1962 will be a good year... I can't talk now, I've got three customers waiting!"

Cotton trailer sales were the brightest spot in the whole area business reports. One trailer-constructor said that sales were up 50 percent from last year, which was a good year too!

Another added that his trailer sales were several hundred more than last year.

Winners in the Muleshoe area, worried by the slow start of the cotton harvest, due to snow and rains, now are running at full blast (not stopping for Christmas Day itself) and are looking forward to the good cotton crop continuing into the first of 1962.

From the looks of the trailers lined up in each lot over the area, and because of the businessness of the hour, the total bales ginned will not be computed this week by The Journal.

One reason for more trailers being needed this year was given as "more cotton per bale was produced in county this year than in past five years."

As one ginner said "We're so rushed now, I haven't had time to look at the daily report."

The good grain crop also reflected in the elevators' operators' opinion that 1961 was an above average year for this area. "More

people are bringing their grains and cottons locally than ever before," one businessman added.

A consensus of opinion showed farmers regarding the southern part of Bailey county with good grain and cotton crops on the whole, while around Muleshoe the late cotton crop hurt most. "Hail hurt the last five years. The early freeze this year caused the late crops on the north side of town."

"Then there is that problem of draught on the south of town as always," one commented.

The general trend is better, more bought land and have and are paying it off, so there is more money now, one said.

"Most crops were produced less expensively this year so the farmers should have more money this year. Next year should be real good with the soil and moisture content fine and the stage of land preparation progressing well. one utility company executive said.

A hardware dealer and a utility manager had a more trenchant view of things. They put it this way:

"There's a definite buying trend but we've found that people are a little more cautious with their cash, but they are willing to pay for quality."

"We expect continued business growth in 1962, steady and prospering. This bodes well for Muleshoe as a whole. The city has a healthy economy."

"Though city ordinance is needed for Building permits, for accuracy, research reveals that nearly 5,000 were counted in '60 and approximately 7,500 building permits estimated in December, 1961.

"Growth has levelled off from the 1957 to 1959 period; the population is absorbing itself, but an average of 15 new families a month are moving from out-of-town and out-of-state," a businessman added.

"Muleshoe is growing, better and bigger, and more money is around" one appliance dealer said. A lumberman, a grocer, a jeweler and a few others said they view 1961 as only "fair". "We had a weak first half", one said.

A furniture dealer said he is very well-satisfied with 1961, but declined to make any predictions about the future.

Another said "The first half of the year was the best ever. Sales were good, even during periods which we normally expect to be slack," the businessman declared. What about 1962?

"That depends on the weather and crops... but it should be a bumper of a year" one businessman observed.

"Another added "that depends on the national and international situation in lots of ways, in Muleshoe as well as all over the country and world".

As one businessman put it "when the late cotton crop gets in, obligations will be taken care of first so that the new year will be off to a clean start. Then there will be a better attitude toward financial conditions and therefore a better buying attitude."

There were some prophets, many optimists, a few who wouldn't comment at all, but the majority felt 1962 would be a bigger and better year than ever for us all. (And some even added: Happy New Year too.)

Deadline Date On Postmaster Exam Set For Jan. 16

An examination for Postmaster at Muleshoe, Texas, \$6255 a year, will be open for acceptance of applications until January 16, 1962, the Commission announced today. This examination has been announced under revised qualifications standards recently agreed upon between the Commission and the Post Office Department.

Competitors for the postmaster vacancy in this city must have at least 3 years of experience (education above high school level may be substituted for 1 1/2 years of experience) showing that they have the ability to conduct and manage the community's postal business efficiently and to supervise employees so that customers are satisfied with the service.

Competitors must also show that they are of good reputation and that they can deal with the public agreeably and effectively.

Applicants must take a written test. Those who pass will be assigned final ratings on the basis of this test and on their experience, and fitness for the position. They must have resided within the delivery of the office for one year immediately preceding the closing date of the examination. In addition, they must have reached their 18th birthday on the closing date for acceptance of applications. Persons over 70 years of age cannot be appointed.

Complete information about the examination requirements and instructions for filing applications may be obtained at the post office for which this examination is being announced. Application forms must be filed with the U.S. Civil Service Commission, Washington 25, D. C., and must be received or postmarked not later than the closing date.

S. W. Public Service Sponsors Symposium

Southwestern Public Service Company, along with 10 other investor-owned electric companies in Texas, will once again sponsor a nuclear science symposium for high school students and instructors in 1962, it has been announced by A. R. Watson, president of the electric light and power company.

The 1962 symposium will be held at the University of Texas from June 10th through 13th. The Austin campus was also the scene of last year's meeting, attended by more than 400 students and instructors, including more than 30 from Southwestern Public Service Company's service area.

The 1962 symposium will be held at the University of Texas from June 10th through 13th. The Austin campus was also the scene of last year's meeting, attended by more than 400 students and instructors, including more than 30 from Southwestern Public Service Company's service area.

Retirement of Judge E. A. Bills Announced

Judge E. A. (Andy) Bills has announced plans to retire after twelve years of service. His present term in the Bailey, Lamb, and Parmer counties' district expires January 1, 1963.

The district judge of the 154th Judicial District has announced he will not be a candidate for re-election to a post he has held the past 12 years.

Judge Bills gave ill health as the reason.

A practicing attorney in Lamb County, he was appointed Jan. 1, 1950, as judge of the old 64th Judicial District.

In 1957 Bills was appointed judge of the 154th Judicial District, embracing Lamb, Bailey and Parmer counties. He was re-elected in 1958.

Formerly a school teacher and superintendent of schools at Eastland, he moved to Lamb County in 1924, and has plans to retire there presently.

Babson's 1962 Forecast

Events, Business Future Promising

I am hopeful for 1962; it should be a better year for my readers than 1961. Industrial production will exceed that of 1961.

There will be neither a nuclear war nor total disarmament in 1962. Considerable progress may be made toward a ban on atomic weapons.

Some 30 stocks may reach an average of 1000 during 1962, although these will not necessarily be the thirty Dow-Jones stocks.

Retail trade will make new records during 1962. Increased new paper advertising, especially in colors, will be a great boon to merchandising.

Commodity prices will act erratically during 1962. Agricultural prices will be held up by legislation, but many metals will sell for less.

The official cost-of-living figure will rise slightly in 1962, but there may be a scandal in Washington over how this figure is calculated or adjusted. The real increase in the cost-of-living will be due to increased wages demanded.

The only certain shortages during 1962 will be in land suitable for parking places and waterfront property readily accessible to building lots; also for automobile "graveyards" near cities which have been zoned.

The building of shelters will look silly before the end of 1962. Certainly the Federal Government will not underwrite the building of private shelters for individual families.

Good real estate must rise in price as the population increases. Elementary mathematics determines the price of suburban real estate. This is notwithstanding

the claim of the space companies, which are said to be interested in selling rights on the moon. The probably are crazier speculations.

While the land on which your house now stands should increase in value during 1962, the building itself depreciates from the moment when it is first occupied. A possible exception would be certain very attractive ranch houses painted in color.

Automobile production will be the most important statistical indicator during 1962. This applies to both the number of automobiles and their sales value. We now have no reliable figures for the latter.

We will gradually approach an average of two cars for every family. The life of automobiles should gradually increase. The percentage of automobiles annually destroyed will decrease in 1962.

Automobiles and gasoline will be, increasingly, sources for raising money by taxation. These means will be extended to include an additional assessment on the manufacturers of automobiles...

Taxes as a whole, will continue to increase in 1962 for every family. Business net taxes, however, will decrease in 1962, through the granting of depreciation refunds which can be done by Executive order. The manufacturer may greatly increase his deductions for past investments and new equipment, develop greater efficiency, and result in a net improvement in the employment situation. This is good news for 1962.

Speculation in real estate and securities will be active during 1962; but good children will gradually be recognized as the best

investment. Young people will be married earlier and will want to have large families.

Public education will gradually be reorganized during the years ahead. Schoolhouses will be built as places to "park the kids" while the parents are at work. New school houses will be built so as not to be over one story high, with lots of sunshine.

Owing to the lack of airport facilities and to inadequate equipment, there will be increasing airplane accidents during 1962.

With all the above changes, plus increased public improvements and longer vacation periods, families must save somehow and cut somewhere. I think it will begin in 1962 with clothing. This will gradually become cheaper and more attention will be paid to color.

The time is approaching when the weaving of cloth will be greatly curtailed. Clothes will be made like paper. Plastic coats are already on the market. These are produced by feeding the cellophane into a machine which cuts to desired sizes and bands (not sews) the material into beautifully finished goods of different colors.

We will hear more about automation during 1962. But the cost of building automatic factories is so great that the change is coming slowly. Even electronics has been overemphasized.

There need be no unemployment among steel workers during 1962. Figures will remain high. Foreign competition, due to low wages abroad, will be an important factor. Women will prefer to work in air-conditioned factories and have

(See Babson, Page 2)

All Favor Progress

Progress, in the generally accepted meaning, requires increasing the material welfare of the whole society. Most of the people who have chosen to identify themselves as liberals believe that their policies will bring increased material welfare for all, and that those people who call themselves conservative want to hold back progress.

Liberals are, (quite properly) against unemployment, low wages, slums, poor education and ruinous medical expenses. It should be noted that most conservatives are also against these evils, the difference between them and liberals being the method by which they can best be attacked.

The liberals say: "Something must be done to help these people." The conservatives say: "Something must be done to enable these people to help themselves."

The liberals must answer the conservative's question: "Does giving people things really contribute to their progress?" (This does not apply to people in distress; everybody agrees that they must be helped over the emergency.)

The very act of giving is regressive, not progressive, because it takes something away from somebody else. This is true even when giving involves money raised through deficit spending (the liberals' modern money magic), because increasing the dollar supply lessens the value of every other dollar.

The liberals must also answer the question, "Isn't it a more permanent solution for people to earn what they need?" And any idea that is truly progressive results in more production.

One of the more important aspects of this argument is the effect of giving (versus earning) on character of the individual. Is it better for an able-bodied boy to have been given a bicycle than to have earned the money to pay for it himself?

If the father insists that the bicycle must be earned does it mean that he wants the boy to develop self-reliance? On this point there would be little difference of opinion, but when the principle is applied to the people as a whole, the liberals rise up in their wrath.

If you said to them that they were endorsing the Marxist slogan, "from each according to his ability, to each according to his need," most of them would be honestly indignant.

They would say (as one dedicated liberal recently said to us) that they are applying the principle that "as long as some people do not have enough, no one can, in good conscience, have more than he needs."

This particular liberal who could not be a more honest follower of his convictions, applied this principle to all men over the world: America cannot in good conscience have more than it needs as long as poverty stalks the underdeveloped nations.

This makes the argument global: can the underdeveloped nations be best helped by gifts of things produced by others or by giving them a chance to produce for themselves? If charity is the answer, it must be admitted that the Congolese or the Brazilians have just as much moral claim on the "surplus" production of prosperous Americans as do unprosperous Americans. Once you accept the principle of charity instead of self-improvement there is no logical place to stop.

No one can deny the good intentions of the honest liberal: he is motivated by an honest desire to make a better world. This is not true of the dishonest liberal who seeks the people's votes rather than their welfare.

But the honest liberal should ask himself: "Am I really helping to cure a sick world or merely making the patient feel a little better?"

—from Southwest General news

Babson--

(Continued from Page 1)

home pantries filled with pre-cooked foods. . . .

Labor unrest will grow in extent and power. The Kennedy Administration is friendly to union leaders and their demands. There will be demands for more "fringe" in 1962. A steel strike is possible.

This means that with increased taxes, prices of retail products will be higher. This will be blamed on "inflation" of money; but it will be due to inflation of living standards. . . .

The real value of the dollar will decline slightly during 1962, due to the decrease in the productivity of labor. The electronics industry will temporarily suffer in 1962 if atomic warfare is outlawed. But otherwise the electronics industry will increase for some years to come and hold up the dollar value. Watch polymer chemicals and "epoxy" cements.

There will be enough money for mortgages insured by the Federal Housing Administration in 1962. Plenty of money will be available for mortgages guaranteed by the Veterans Administration, although this supply varies with different sections of the country. Interest rates on conventional loans not having any government guarantees will be a little higher. Real estate people will worry about the public's desire to build, rather than about their obtaining mortgage money.

The kilowatt hours of electricity produced in 1962 will exceed the total of any previous year. This is favorable to utility preferences.

Steel production in 1962 will exceed this year's 10 million tons, but the increase will come from producing steel in colors.

Cement production will be about the same in 1962 as in 1961, but the industry's capacity to produce is increasing too rapidly in view of the demand. The cement manufacturers must give more attention to colors.

Expenditures for plant and equipment in 1962 will increase, supplemented by large appropriations for repairing factories and offices in many colors. . . .

Newsprint production depends upon the number of newspapers and the amount of advertising sold. I forecast a decline in the amount of newsprint sold during 1962, but an increase through the better use of colors. This may result in the increased use of coated paper to better take color printing—with a 50 per cent increase in advertising rates.

Furniture manufacturers are marking up prices so that young couples will buy furniture in the raw and paint some themselves. There will be some increases in color TV sales in 1962. In fact, I think the market is far from being saturated.

First-class postage rates will not be increased during 1962. Hence, more money will be spent on . . .

direct mail selling. This should help job printers in 1962, as their present margin of profit is very small. Billboard advertising will increase during 1962, due to a new kind of paint.

Lumber will do well to hold its own in 1962 and much of it will be sold colored. Wall-to-wall carpeting will become even more popular, reducing the price of fast hardwood floors.

Fewer "scatter rugs" will be sold in 1962. Rug dealers must get brighter colors, even for "orientals."

One of the greatest developments during 1962 will be the increased use of color in homes, offices, stores, and factories. This should increase both the demand and the price of good paint.

Exports will probably increase during 1962, but the surplus of trade in favor of the United States is constantly decreasing.

President Kennedy is encouraged by the recent elections in New York, New Jersey, and Texas. This Democratic trend will continue during 1962, notwithstanding former President Eisenhower's campaign speeches.

President Kennedy will be more favorable to "big business" in 1962 only when he is able to use big business to increase employment. Profit margins will not improve during 1962, although most industries will do better in terms of gross and volume.

Bond prices will not change much during 1962, except in the case of "non-taxables". European investors are buying American stocks and bonds feeling that their money is safer in United States industries and real estate. Even the first mortgage bonds of transcontinental railroads are being bought by Europeans. The manufacturers of West Germany are making huge profits through the use of new machinery and low wages. They are sending their money to the United States to be invested. They seem to prefer suburban real estate, shopping centers, and electric utilities. I hope they are not buying into too many "fliv-by-night" new electronic companies.

Buying of Mutual Funds will continue to exceed selling in 1962. Considering that brokers make much more profit by selling Mutual Funds than by selling shares of individual stocks—and considering the thousands of salesmen selling Mutual Funds—this should help stock prices during 1962. Remember that the Mutual Funds operators must go to the New York Stock Exchange to purchase stock to support these Mutual Funds which salesmen are selling in the field.

The so-called "service industries"—including education, beauty and government positions—should prosper in 1962.

Among the fastest growing industries in 1962 will be the plastics and glass industries. These materials will gradually take the place of wood, stone, cement, and even some metals, except as these are colored. Plastics and glass will become more important building materials and perhaps be used much more for automobiles.

Some unexpected event or discovery will cause the Dow-Jones Industrial Average to sell much higher during the next few years. As an illustration of what one of these unexpected events will be, I mention the polymer developments in chemistry, including "DNA" and "RNA", which may provide the source of life and extend it—yes, perhaps restore it, in special cases.

I am bullish on Canada for safe investments during 1962. Canada has a small population of only about 18,000,000, but it is rich in . . .

Stone's Throw

As we sail away in the sunset of an old year, it is always a great temptation to look back. Doing so, we see the events which have transpired during our brief stay in a unit of measure of time.

The year 1961 saw many things happening. This was the year of the Castro Tractor Demand and, locally, the "Castro Rejet" tractor at Progress to lend a bit of humor to a touchy and dangerous situation. It has been the year of difficulties on the international front.

John F. Kennedy took office in 1961 and has proven himself a man capable of thought. He has made mistakes and he has made history. Probably one of his major mistakes of the year was the Cuban Fiasco. But one of the things for which he will probably be remembered is his recent act of removing silver from the support of currency and calling a halt to the government sale of silver. Future years may prove this to be almost as important an event as Roosevelt's taking the nation off the gold standard.

This is the year of Muleshoe's first annual July Fourth celebration, with a gigantic crowd gathered for the event, which was termed a big success.

Muleshoe voters approved a bond issue for construction of town sewers this year. Now residents and merchants are asking why they waited so long to do so. This is one of the marks of growth that makes Muleshoe's promise a bigger and better future.

One of the nicest stories of the Christmas season to come our way was through the Goodfellows who delivered food, toys and clothes to some sixty-one families in Muleshoe.

"You're the best darn bunch of men I ever knowed!" he commented as he stepped out of the car and carefully polished up the toe of his new shoes with his cuff. (Perhaps he should have been carried in the building—then those shiny shoes couldn't have gotten dirty at all!)

We know that all those who were associated with the busy citizens group felt the satisfaction of hearing similar appreciative comments.

The true meaning of Christmas is as well repeated in "Do unto others as you would have them do unto you." And the Goodfellows typify that goal of us all. They deserve an "anonymous set" of well wishes from all.

from the halls of The Journal

The new year is soon upon us. . . . And we look forward to January and the entire 1962 year with high expectations, particularly that it won't be as rushed as the latter quarter of 1961.

You know that clever saying, "Next week we've just GOT to get organized?"

This gradually has been and is being accomplished at The Journal. After mid-January The Journal hopes to have you all come by to see and meet our "organization"—changes and all.

Yes, we are remodeling during the holidays at The Journal. Paint buckets and the clean smell of fresh paint, buzzing saw hammering, and a general state of desk-moving, merchandise straightening, yet with "Business as Usual" and presses rolling, efficiency plans and the holiday-vacation-at-the-office for the staff at the Journal.

In the midst of all, from all of us at The Journal, we wish you a very happy and prosperous new year.

Of a more personal nature, this is the year I came to Muleshoe to join the staff of The Muleshoe Journal, where I have thrown rocks at random trying to promote a new library for the people of Muleshoe. Those of us who are intensely interested in seeing this become reality are sorry the goal was not reached this year, but have hope that the end of the new year will find a new library in Muleshoe.

Still more personally, this is the year I found a bride in Muleshoe, Texas. I suppose this is the thing I'll always remember most about 1961 (and I'd rather not hear any jokes about that statement, please).

This is the year Larry and Jessica Hall purchased The Journal from "Scoop" Forbes, Gerald Priboth bought the Fashion Shop, Dr. L. T. Green bought what was formerly the Muleshoe Hospital and Clinic, Dr. Ray Santos bought a white Corvette the Chamber of Commerce bought the Nativity Scene, sugar beets were in the news, the local constabulary caught a lot more than a cold—including a number of wanted criminals and a lot of drunks—and Neil Whittle caught himself a wife, too.

This is the year Bill Moore got his picture in the paper, J. K. Adams was pictured with the number "O-390X," (readers can take that for what it is worth, as I am not saying anything at all), the volunteer fire department built a couple of new trucks, Gil Herndon came to town, we had a lot of bad weather and a 620-pound meteorite was found west of Muleshoe.

Of course, these are just samples of the many things that went on in Muleshoe, Bailey County and the surrounding area this year.

Concerning the future, I can but say I don't know. And, as the last issue to be thrown in 1961, I flip a pebble at those who make predictions concerning the future—mainly because I am one of the multitude of unfortunates who are not gifted with the power of seeing into the future.

The symbol "30" is the newspaperman's way of saying "the end" and so we write a big 30 to this year. And a good one it has been—30.

LATE WANT ADS
ROGER ALBERTSONS VISIT IN WATONGA, OKLAHOMA
Mr. and Mrs. Roger Albertson and son, Gary were holiday weekend guests in the home of his mother, Mrs. Jess Oxley, in Watonga, Oklahoma. They returned Tuesday.

MEET THE MULESHOE STATE BANK EMPLOYEE OF THE WEEK

JULIA HOLLIS, daughter of Mrs. Edna Hollis, a member of the Muleshoe Future Business Leaders of America is pictured working in the Muleshoe State Bank last Wednesday. Members of the club were employed by local business firms that day to give the student a personal insight of the business fields available to them and to acquaint them with various phases of the business.

She worked for a time in each department of the bank.

Julia, a senior at Muleshoe High School, is a member of the Student Council, Senior Class secretary, a member of the National Honor Society and works in the school office.

She plans to attend college and major in business.

BOBS "66" SERVICE

Can't Eat? STOMACH ULCERS?

The inner lining of the stomach is normally strong enough to withstand the normal acid secretions which take place for digestion.

However, when that lining becomes weakened, they cannot withstand this strong acid, and erosion takes place which results as an ulcer.

We all realize that the nerves connecting the brain and stomach is the means through which the brain can keep the stomach lining strong. Should the stomach nerves be pinched, naturally the brain cannot keep the stomach lining strong. Just as a generator cannot recharge you battery if the wires are shorted out.

Chiropractors locate and correct the pinched nerve condition which allows the brain to restore the weak stomach lining tissues back to normal strength resulting in the correction of the ulcer.

OTHERS GET WELL . . . SO CAN YOU!

KEEP SMILING

HAPPY New Year
We sincerely hope it ushers in a year full of health, happiness, peace and prosperity for you and yours!

Double Ring Vows Repeated By Goldialu Goucher and Gary Stone

Goldialu Goucher became the bride of Gary Vance Stone in a ceremony read at the First Christian Church at 8 o'clock the evening of December 23.

The bride is the daughter of Dr. and Mrs. S. E. Goucher. The bridegroom is the son of Mrs. C. A. Vordrbaun of Gonzales and Victor Stone of St. Paul, Minn.

The double ring service was read by the Rev. Ray Vinsin in a blue and white setting. Candelabras formed the altar background. It was flanked by baskets of blue galadiolas, carnations and banks of white flocked bougias. Large satin bows of Azure blue holding white tapers marked the aisle.

Given in marriage by her father, the bride wore a gown of satin and chantilly lace which was designed and made by her mother. The fitted bodice featured long sleeves that tapered to petal points over the hands with tiny self buttons at the wrist closing. The bouffant skirt was enhanced with lace appliques and seed pearl scatterings. The bustle was designed with three self roses at the waist. Her veil of illusion fell from a circlet crown of seed pearls.

Her bridal bouquet of white feathered carnations was carried atop a white Bible belonging to Mrs. Lula Gorrell. She carried a white lace handkerchief made by Mrs. Euna McClary, and wore the traditional blue garter which was made by Mary Ann. She wore a drop pearl necklace given her by the bridegroom and a good luck penny dated the year of her birth.

Maid of honor was Mary Ann Green and serving as bridesmaid was Helen Henry of Albuquerque who was Miss Goucher's roommate at Eastern New Mexico University. Jena Kay Goucher, sister of the bride, and Susan Bradley were candlelighters. Flower girl was Debbie Wannon.

The brides attendants were attired in Azure blue velvet sheath styled dresses with matching shoes. They wore pill box hats with face veils and corsages of white carnations.

Robert Paul served as best man. Ushers were Dick Forest and Neil Whittle and John Black were ushers.

RECEPTION
The reception that followed the ceremony was held in the home of Mrs. Thurman White.

The living room of the home was beautifully decorated in the brides chosen colors of white and blue in Christmas motifs and decor.

Silver wedding bells, entwined with tinsel and mistletoe were suspended from the ceiling and were lighted with blue miniature lights.

The serving table covered with a white linen cloth was centered with the three-tiered wedding cake. Milk glass punch bowl and silver service completed the table appointments.

Magann Lamb and Annamary Elrod presided at the serving table.

Members of the houseparty were Misses J. Pat Wannon, Bill Elrod, Ross Goodwin, Allen Guinn and Thurman White.

For travel to Gonzales and other points of interest the bride wore a pink wool dress with black accessories and a corsage taken from the brides bouquet. Her jewelry was a strand of pink pearls given her by the bridegrooms mother.

Out of town guests were Mr. and Mrs. M. M. Simmons, Debby, Mona and Terry of Roby; Mr. and Mrs. Delmar Goucher and Neil from Alva, Oklahoma, and Mr. W. M. Stevens of Seguin.

Miss Goucher is a graduate of Muleshoe high school and is presently a student of Eastern New Mexico University.

Stone is a 1960 graduate of Southwest State College. He was reporter for the San Marcos Record and summer editor of the College Star and is now editor of The Muleshoe Journal.

CHRISTMAS GUEST IN KILLINGSWORTH HOME
Christmas guests in the home of O. G. Killingsworths were Mr. and Mrs. L. L. Harris and sons of Andrews.

Mrs. Harris is the former Ann Killingsworth.

Also Mr. and Mrs. Bill Mess and daughter, Debbie of Farwell and Mr. and Mrs. W. B. Killingsworth and son, Bill of Arch, N.M.

The Muleshoe Journal Society

Mrs. Doris Kinser, Society Editor

Mrs. Jerry Hicks

Shirley Matthiesen, Jerry Hicks Exchanged Vows Christmas Day

Shirley Lenora Matthiesen and Jerry Neil Hicks were married in a double ring ceremony in the First Baptist Church at 4 o'clock Monday, December 25.

The Rev. Audye Wiley, minister of the Calvary Baptist Church officiated.

Shirley is the daughter of Mr. and Mrs. Roland Matthiesen. Hicks is the son of Mr. and Mrs. T. B. Hicks.

Given in marriage by her father, the bride was attired in a white waltz length gown of chantilly lace over satin. The princess styled bodice was fashioned with a scoop neckline and extended cathedral length sleeves.

Her veil of illusion fell from a circlet crown of seed pearls. She carried a bouquet of stephanotis with a white orchid center accented with seed pearls.

Maid of honor Doris Ann Fields of Del Plaza, California wore a red velvet princess style dress with a scooped neckline and elbow length sleeves. She carried a white fur muff with red roses.

Tona Patterson of Lubbock, cousin of the groom, was flower girl. Teresa and Anthony Valaice of Levelland were candlelighters.

Serving his brother as best man was Tom Pat Hicks of Austin. Ushers were Gary and Larry Hicks of Friona, Joe King and Max Legg of Austin. Ring bearer was Joey Hicks of Albuquerque.

The reception was held in the dining hall of the First Baptist Church.

For a short winter trip to Carlbad, N.M., the bride wore a beige knit dress with a gold metal floral applique over with a white fur hat and gloves with red accessories. Her corsage was pink.

The bride is a graduate of Muleshoe High School and attended DePaul University College in Lubbock and Chicago. She was formerly employed by Associate Investment Company in Lubbock.

The couple will be at home in Friona, Oklahoma where 1st Lt. Hicks is stationed at Craig AFB Base there.

Don't salt that steak before it goes under the broiler! Add the salt after the meat is cooked.

Family Reunites During Holidays
Holiday guests of Mr. and Mrs. Joe Harbin were his relatives. Christmas is a time for family and friends to gather as they did at the Harbin's reunion over the Christmas weekend.

The Ralph Harbin family of Canyon and the J. B. Harbin's family of Sundown, both brothers of Joe Harbin, were present, as was his sister, Mrs. L. C. Lewis of Whitarral and his nephews, Joy and Lee Lewis of Levelland.

Mrs. Ada E. Harbin of Whitarral, mother of the family, was here for the visit with her family.

Methodist Church Ceremony Unites Claudia Hartsell-Darvin Bownds
The bride's sister, Mrs. C. W. Brockitt, Jr.

The receiving table was draped with a white overthrow and centered with a crystal service flanked by lighted candles.

Assisting with the hospitalitys were Miss Betty June Hartsell and Miss Glenda Bownds.

For travel, the bride wore a black and white wool suit accented with black accessories.

The couple will be at home near Edwards, Missouri where Bownds will be engaged in dairy business.

W. W. Couches Enjoy Amarillo Christmas Stay

Mr. and Mrs. Woodrew Couch Larial spent the Christmas weekend in Amarillo with their cousins. This is the first visit in several years for the group, Mrs. Couch said.

The group were guests at the home of the Bob Thompsons, The Lewis Paynes of Stillwater, Oklahoma, who had just returned from Sudia Arabia, and the "Junior" Paynes of Key, Oklahoma were also guests.

Interesting films and tales of the Lewis Paynes travels abroad as well as their stay in Arabia, the films of their travels, as well as talk of children and family were enjoyed by the group.

Christmas Guests Visit Daniels
Christmas Dinner guests of the W. W. (Hap) Daniell's of Muleshoe included their two daughters and Mr. and Mrs. Doug Farr and son, Garr.

The Daniell's oldest daughter, Mrs. Jo Vivian Armstrong and two boys were here during the holidays. Also Mr. and Mrs. Johnnie Williams and four children were here; Mrs. Williams is the former Joy Daniel.

LEGAL NOTICE
NOTICE OF HEARING ON SPECIAL BENEFITS TO BE HELD ON THE 18th DAY OF JANUARY 1962 AT 9:00 o'clock a.m.

TO ALL OWNERS OF PROPERTY IN THE CITY OF MULESHOE, TEXAS, ABUTTING ON THE STREETS OR AVENUES, OR PORTIONS THEREOF, IN SAID CITY, HEREIN NAMED, WITHIN THE LIMITS HEREIN DEFINED, AND TO ALL PERSONS CLAIMING ANY INTEREST THEREIN OR LIEN

THEY, AND TO ALL OTHER INTERESTED PARTIES, INCLUDING THEIR AGENTS AND ATTORNEYS.

YOU ARE HEREBY NOTIFIED that the City Council of the City of Muleshoe, Texas, has determined the necessity for and ordered the improvement of certain streets or avenues, or portions thereof, hereinafter described, within the limits hereinafter defined; has approved and adopted the estimate of the City's Engineer, and has taken other proceedings with reference to the making of such improvements, all of which are of record in the Minutes of the City Council of the City of Muleshoe; and has by ordinance ordered that a hearing be held and notice thereof given, NOW THEREFORE,

Pursuant to said proceedings and said ordinance, NOTICE IS HEREBY GIVEN:

I That a hearing shall be given to the owners and all persons owning or claiming any interest in or lien against any property abutting the streets or avenues, or portions thereof herein named, within the limits herein defined, and to all other interested parties and to their agents and attorneys before the City Council of the City of Muleshoe, Texas, which hearing shall begin on the 16th day of January, 1962, at 9:00 o'clock a.m. and shall be held in the City Hall in the city of Muleshoe, Texas, at which hearing all of said owners, or other interested parties, their agents or attorneys shall have the right to be heard on any matter as to which hearing is a constitutional prerequisite to the validity of any assessment sought to be imposed and to contest the amounts of the proposed assessments, the lien and the liability thereof, the special benefits to the abutting property and the owners thereof by means of the improvements for which assessment are to be levied, the accuracy, sufficiency, regularity and validity of the proceedings and contract in connection with such improvements and proposed assessments or concerning any matter of thing connected therewith. The said hearing may be continued from time to time and day to day until a fair opportunity for hearing has been afforded to all desiring to contest the said assessments or proceedings, and the City Council shall have power to, and shall, correct any errors, inaccuracies, irregularities and invalidities, and shall have power to, and shall supply any deficiency and shall determine the amount of assessments and all other matters necessary and shall have power, by ordinance, to close

such hearing, and by the same or by a later ordinance, or ordinance, to levy such assessment before, during or after the construction of such improvements, but no part of any assessment shall be made to mature prior to acceptance by the City of the improvements abutting the property for which the assessment is levied.

No assessment will be made against any abutting property or owner thereof in excess of the special benefits of such property and its owners in the enhanced value thereof by means of such improvements as determined at such hearing. All of said owners and other interested parties, their agents or attorneys, are hereby referred for further information to the proceedings with reference to said improvements on file with the City Secretary of the City of Muleshoe and particularly to the estimate of the City's Engineer on file in the office of the City Secretary.

II The nature of the improvements for which assessments are proposed to be levied and to which this notice relates is the raising, grading, filling, permanently paving or re-paving said streets or avenues, or portions thereof, within the limits herein stated, and by the construction or reconstruction of concrete curbs and gutters, and by the construction of such drains and other necessary incidentals and improvements as deemed necessary or advisable by the Consulting Engineer employed by the City, herein referred to as the City Engineer, all as shown by the plans and specifications of the City's Engineer; and by widening or narrowing, if necessary to attain a paved surface and curb and gutter, so that the paved width of curb to curb of curb shall be the width herein set out, said paving to consist of the construction of an adequate asphaltic wearing surface upon a substantial base course, all in accordance with the plans and specifications of the City's Engineer, said curbs and

gutters to be constructed of concrete on an approved sub-grade, all in accordance with such plans and specifications.

III The streets and avenues, or portions thereof, to be improved, within the limits fixed by the City Council, are listed below. There is stated in connection with the listing of each street or avenue, or portion thereof, within the limits herein defined, constituting each improvement unit, the estimated amount or amounts per front foot to be assessed against the owner or owners of abutting properties and such property; the estimated total cost of the improvements as to each improvement unit; and the width of the portions of the streets or avenues to be improved.

In each unit there is included in the estimated amount per front foot proposed to be assessed against the abutting property and the owners thereof the amount of \$1.50 per front foot for curb and gutter, it being proposed to assess the entire estimated cost of curb and gutter against the abutting property and the owners thereof and such amount having been included, as stated, in the estimated amount proposed to be assessed per front foot for the improvements.

NAME OF STREET EAST AVE. "C" FROM ITS INTERSECTION WITH THE INTERSECTION OF EAST 3rd STREET TO ITS INTERSECTION WITH THE WEST LINE OF EAST 4th STREET. WIDTH 40 FT. ESTIMATE AMOUNT OF ASSESSMENT PER FRONT FOOT AGAINST ABUTTING PROPERTIES, \$4.63. ESTIMATE TOTAL COST OF IMPROVEMENTS, \$2,763.42.

DONE BY ORDER OF THE CITY COUNCIL OF THE CITY OF MULESHOE, TEXAS, IN WITNESS WHEREOF WE HAVE HERETO SET OUR HANDS AND SEAL OF SAID CITY on this 9th day of December, 1961.

Mayor, City of Muleshoe, Texas

Miss Opal Bogard Named Wayland Soph. Favorite

Miss Opal Belle Bogard, daughter of Mr. and Mrs. Tom Bogard, Bula, has been elected sophomore class favorite in a recent class election at Wayland Baptist College, Plainview.

Miss Bogard, a 1960 graduate of Bula High School, is seeking the B. A. degree at Wayland and is also a sophomore class senator for the 1961-62 session.

She is also a member of the famed Hutcherson Flying Queens and received all-district honors three years at Bula and All-Regional kudos twice. She plays both the guard and rover positions for the Queens.

The Homemakers Class of the First Baptist Church held their Christmas Party in the home of Mrs. S. P. Stockard, Dec. 21, 1961.

A very interesting program on Christmas Customs in Foreign Lands was presented by Mrs. Jack Obenhaus.

Games were played and refreshments were served to Mrs. Francis Phipps, Clinton Kennedy, Frank Kelton, Jack Schuster, James Gable, T. L. Timmons, Robert Matthews, and the hostess Mrs. S. P. Stockard.

Mrs. Tom Hunke Visits in California

Mrs. Tom Hunke of Muleshoe is visiting her mother and sister in Los Angeles, California this week. This is the first visit for her with her mother in nearly ten years.

Mrs. Hunke will return after the first of January.

Tom Hunke spent Christmas with the Clint Homfelds in Adrian, Texas and returned to Muleshoe Tuesday.

as will their school-age brothers and sisters.

Santa Claus, jovial and promising, appeared for a visit much to the delight of the young folks. Preceding Santa's arrival, the children entertained their mothers who were morning guests with a colorful and happy program.

Gifts were exchanged and refreshments of holiday punch, cookies and candy canes were served to both the children and guests.

Hostesses for the Christmas party were Mrs. Bill St. Clair, Mrs. Goss Doss and Mrs. L. B. Hall.

Huey Dement in Mediterranean

Huey T. Dement, seaman, USN, son of Mr. and Mrs. Ervin T. Dement of Friona, Texas is serving aboard the radar picket destroyer USS Borden, operating with the Sixth Fleet in the Mediterranean.

Since leaving the U. S. in August, the Borden's crew has visited Athens, Naples and the French Riviera. In Thessalonika, Greece, where they attended the annual wine festival, the crew donated blood to the city's poor.

HOLIDAY TOURISTS

HODGES ENTERTAIN GUESTS IN HOME
The Finis Hodges entertained friends at their home during the holiday season. Among their guest was their daughter, Linda who was at home from Tyler Junior College.

Off The Runways

MULTI-ENGINE RATING
Fred Boyd of the Muleshoe Flying Service took his flight test at the airport Thursday and was granted his multi-engine instructors rating by FAA examiner Robert Wisner.

Boyd began training in the twin engine Aztec in September, completed dual instruction and made his solo flight early this month.

Boyd attended Embry-Riddle Aeronautical School in Miami where he obtained his single engine and ground school instructor ratings and his A&E mechanic license. He also has finished glider training since coming to Muleshoe last February and holds an instructors license for gliders.

PURCHASES PLANE
Leon Jones of Texico who recently began training at the Muleshoe Flying Service has purchased an airplane, a P-18.

Jones is training for his "check-out" to fly the craft solo with Fred Boyd instructing. Jones made his initial solo flight in the Super Cub about two weeks ago.

The P-18 will be hanged here and he will continue training in his plane.

TODAY'S MEDITATION

THOMASON FLYS IN
Construction engineer Thomason landed at the airport last week in his Tri-Pacer on business.

Thomason is associated with the construction of the new Post Office which is nearing completion here and flies in often to attend to business.

100 HOUR INSPECTIONS
Regular 100 air hour inspections are being made by A&E mechanic Fred Boyd on the Comanches and Aztec.

For each one hundred hours a plane is airborne, FAA regulations require a complete inspection on the entire landing gear, safety levers, fuel tanks, gauges, etc. Such inspections can be made only by a certified mechanic.

GROUND SCHOOL TO RESUME JANUARY 8
Pilots wishing to enroll in ground school classes are advised night classes will resume on January 8. Students may enroll at any point in the course, however, according to their needs.

The audio-visual course is designed to explain the facts of flight in an interesting easy-to-understand way. It contains thorough illustrations and explains all facts needed to pass the pilot written examination.

The Piper policy of making flying easier to learn fostered the fascinating new ground school program. Whether you are a pilot who might need a refresher course on basic ground school subjects or a new student about to tackle the technical side of flight, the audio-visual course will be an absorbing, informative experience. The comprehensive film-strip made up of actual segments of each topic in flying such as Pre-flight facts, Flight Computer, Meteorology and FAA Regulations.

ARGENTINE LEADS IN PLANE PURCHASES
In dramatic fashion, Argentina has assumed a leading role in the rapidly expanding export market for Piper airplanes. A total of 99 Pipers of all models were delivered to Argentina during the fiscal year that ended September 30, and there is a substantial backlog of orders for the '62 models, including 3 Aztecs and 10 Comanches.

Of particular satisfaction to Frank Jonas, of Jonas Aircraft Company export distributors for South America, and his staff is the meteoric rise of the Comanche as a favorite with Argentine customers. When the Comanche was introduced in Argentina there was some feeling that the low-wing plane might not be ideally suited to the extremely rugged operating conditions there.

In actuality, the high performance Comanche has proved remarkably efficient operating from the roughest fields and the highest altitudes to be found in that country.

Customers for airplanes are Argentina's Provincial Governments, industrial and agricultural firms and air taxi companies.

A typical customer in Argentina is the Provincial Government of Jujuy, a northeastern province close to the Bolivian border where landing strips are located as high as 14,000 feet up in the Andes.

From an original purchase of two Apaches in 1957, Jujuy officials went on to trade these for two Aztecs which they now operate in addition to a fleet of Comanches. The planes are used for executive transport and as aerial ambulances.

GROUND SCHOOL TO RESUME JANUARY 8
Pilots wishing to enroll in ground school classes are advised night classes will resume on January 8. Students may enroll at any point in the course, however, according to their needs.

The room was dark except for the light from the fireplace. As we sat in our circle in silent meditation, we watched the fire grow and the light become brighter with each piece of paper that was added. We saw the face of each one who knelt made radiant by the reflection of the light.

How like our world that darkened room was! What a difference it makes each time another person kneels and adds his dedication to Christ's light for the world! The light grows and spreads to help more people who may be stumbling in the darkness. Christ makes our lives radiant with His light, too, as we dedicate ourselves to Him.

Christ is ever challenging you and me to do our part to spread His light to other persons in the world.

PRAYER: Dear Father, help us to be completely dedicated to Thee. Thus may our lives shine brightly for Thee, and others find Thy light as given to us in Christ. In Thy Son's name we pray. Amen

THOUGHT FOR THE DAY
What a difference it makes each time another person dedicates himself to Christ!

KARIN HARALSON HOME FOR HOLIDAYS
Miss Karin Haralson, freshman student at Wayland College in Plainview, is home for the holidays for a visit with her family, Mr. and Mrs. J. W. Haralson.

FOWLERS VISIT IN BROWNFIELD WITH MOTHER
Mr. and Mrs. Arch Fowler, Joe and Linda spent Christmas in Brownfield in the home of his mother, Mrs. Arch Fowler, Sr.

SPENDS CHRISTMAS IN CHICKASHA
Mr. and Mrs. Alfred Patten and children spent the Christmas holidays in Chickasha, Okla. with her parents, Mr. and Mrs. J. W. Talley.

Sandhill Philosopher Claims Farm Experts Don't Know What They're Talking About On 1962

Editor's note: The Sandhill's Philosopher on his Johnson grass farm is looking forward to the new year with his brand of optimism.

Dear editor:
I was out here on my Johnson grass farm winding up my 1961 farming activities about like I would them up the year before, and was trying to remember whether I wrote down the cost of some feed I bought on the north side of the barn or on the door of the chicken house and was wondering what would happen if the Internal Revenue Service ever asked me to bring my records in.

I mean, it wouldn't be any trouble to take the chicken house door down, the hinges are loose anyway, and I can rip a board off the barn by untying the wire holding it, but it would be sort of unhandy carrying them to town.

At any rate, I found the figures but they were pretty badly faded so I guessed at them, in the government's favor, of course, as I recognize the government has promised to spend more money next year than I have. This is because more people will take the government's promise than they will mine.

With my bookkeeping work out of the way, I settled down with a newspaper and the first article I read was a forecast on the farming outlook for 1962. It's bad, the prediction reported. In fact, it was headlined: FARM OUTLOOK BAD FOR 1962.

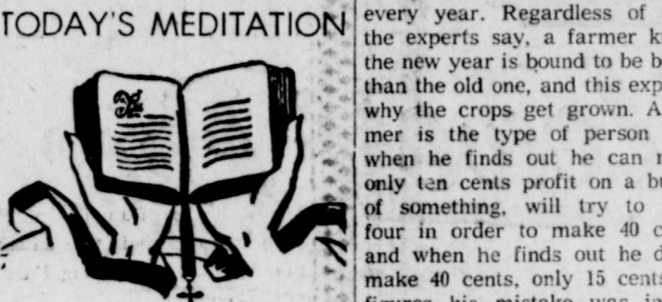

This may show how much the experts know about the farming outlook, but it also shows how little they know about farmers.

At the start of any year, the farming outlook to a farmer is good. It has to be. That's the whole secret of farming, and explains why America produces more food than any other nation on earth.

The reason a farmer knows the new year will be better than the last year is that he knows he hit rock bottom in that one. He's always known this. He knows it every year. Regardless of what the experts say, a farmer knows the new year is bound to be better than the old one, and this explains why the crops get grown. A farmer is the type of person who, when he finds out he can make only ten cents profit on a bushel of something, will try to raise four in order to make 40 cents, and when he finds out he didn't make 40 cents, only 15 cents, he figures his mistake was in not having shot for eight in the first place. This results in a well-fed nation and an under-paid farmer.

The way I see it, 1962 will be all right. In fact, 1961 was too and could have been better if it'd worked harder, but when it comes to a choice between a sorry year and working harder, you know which one I choose. I figured out long ago the worst way to whip a surplus is by piling more on top of it.

Yours faithfully,
J. A.

Read Acts 6:8-15
Let your light so shine before men, that they may see your good works, and glorify your Father which is in heaven. (Matthew 5:16)

At the close of our youth fellowship worship service, each young person was asked to write his dedication to Christ on a slip of paper and to come forward, kneel, and place his paper in the fire.

The room was dark except for the light from the fireplace. As we sat in our circle in silent meditation, we watched the fire grow and the light become brighter with each piece of paper that was added. We saw the face of each one who knelt made radiant by the reflection of the light.

How like our world that darkened room was! What a difference it makes each time another person kneels and adds his dedication to Christ's light for the world! The light grows and spreads to help more people who may be stumbling in the darkness. Christ makes our lives radiant with His light, too, as we dedicate ourselves to Him.

Christ is ever challenging you and me to do our part to spread His light to other persons in the world.

PRAYER: Dear Father, help us to be completely dedicated to Thee. Thus may our lives shine brightly for Thee, and others find Thy light as given to us in Christ. In Thy Son's name we pray. Amen

Redwine Reunion

Held in Littlefield Community Building

The Redwine family reunion was held Sunday December 17th at the Community Building at Littlefield. All of their grandchildren and their families were there also with the exception of two.

Those attending from the Muleshoe area were: Mr. and Mrs. J. L. Redwine, Mr. and Mrs. A. E. Redwine, the D. L. Redwines, the Homer Redwines, the Robert Hunts, Elmer Downings, Jerry Don Glovers, and J. C. Redwines of Friona.

A total of about 85 relatives enjoyed the traditional Christmas dinner and trimmings and exchanging of gifts.

Attend The Church Of Your Choice

*In all kinds
of weather...*

How many times have we walked to church in the snow together . . . and in the rain . . . and in all kinds of weather?

I don't think we've ever stayed home on a Sunday because we were afraid we might get our feet wet. To me, this would be like answering a dinner invitation by saying you couldn't make it unless the sun were shining.

The Church, after all is God's House, and in it I've always felt that I was both a member of the household, and an invited guest.

In this House, you and I have found not only a deeper understanding of each other, but the ability to be tolerant of faults, to forgive and forget smaller angers, and — most important of all — to resolve to try again tomorrow. And this is but a small part of all the Church has given us, and of all that it stands ready to give everyone, everywhere.

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

AMUSEMENT GUIDE

TV Tips

New Year's special programs—with lots of interest on the big "Bowl Games"—will spike the last holiday weekend of 1961. The Rose Bowl parade and other interesting New Year's Day events and games should be noted below in Monday's schedule, as this week's deviation from the regular Monday through Friday events in the T.V. Schedule for the Muleshoe area.

THURSDAY, DECEMBER 28
Gary Lockwood plays Kris Kringle in the happy and heart-warming tale of a South Seas Scrooge in "Follow the Sun" at 6:30 p.m. on Channel 11 and 4.

FRIDAY, DECEMBER 29
"HOLIDAY ON ICE IN FRANCE" will be the International Sports time feature at 6:30 p.m. on channels 11 and 4.

SATURDAY, DECEMBER 30
Top teams in the East, Penn State, clashes with the Georgia Tech Yellow Jackets in the Gator Bowl classic from Jacksonville, Florida, Saturday at 1 p.m. on channel 13.

Live telecasts of the BLUE-GREY and EAST-WEST post-season football games will be presented on channels 11 and 4. At 7:30 on channel 4, MEDICINE '61 will feature in a special program "Heart in Space".

Viewers will see Tech's Bake Turner in action in the East-West Shrine game from San Francisco. Kick off time is 4 p.m., preceded by a pre-game show at 3:45 p.m. The ORANGE BOWL PARADE will be shown on channel 7 at 6:30 p.m.

Guest star Vera Miles plays a blind equestrienne whose rare showstopping horse is killed on "From the Circus" at 5:30 p.m. on channel 13.

At nine there will be a HOLIDAY Basketball tournament on channel 7.

SUNDAY, DECEMBER 31
At 11:45 on channels 11 and 4 the Pro-championship football will be seen.

Ab Izzard's 1961 In Review will be a special by channel 4 at 4 p.m.

GREAT MUSIC from Chicago will feature a Pops Concert with Howard Barlow at 9 p.m. and NBC's NEW YEAR'S EVE Party will be seen at 10 p.m. on channel 4.

MONDAY, JANUARY 1
THE TOURNAMENT OF ROSES PARADE will be seen in color at 10:30 a.m. on channels 4, 11, & 13.

ar Bowl will be seen also in color at 12:45 p.m. on channels 11 and 4.

At 1:15 p.m. channel 13 will have Texas vs Mississippi at the COTTON BOWL CLASSIC BOWL GAME in Dallas.

TUESDAY, JANUARY 2
Khrushchev and Berlin will be shown at 9:30 p.m. on channel 11.

WEDNESDAY, JANUARY 3
We will all cooperate and get ready for the quiet January and Happy New Year 1961 to you all.

Shaffer's Play Set at Tech
The Texas Tech speech department will present Peter Shaffer's New York and London stage success, "Five Finger Exercise," in January.

June Bearden of the speech department is director of the production and Charles E. Buzzard is technical director.

"Five Finger Exercise" will be presented at 8:15 on the night of January 25-27 and 29-31 in the Tech Speech Auditorium.

"This is a play of piercing tension, concerning the impact of a young German expatriate upon the members of an English family," Dr. P. Merville Larson, speech department head, said.

"Five Finger Exercise" is Shaffer's first play and the only one that he has released to date. It ran for two years in Broadway, followed by a successful Broadway run starring Jessica Tandy. Ronald Russell will be starring in the motion picture version to be released next year.

Highlights And Sidelights From Your State Capitol

AUSTIN, Tex. — Announcement that John B. Connally was resigning his post as U.S. Secretary of the Navy to run for governor caused a bit of confusion and conjecture in the Capital City.

Attorney General Will Wilson, also an announced contender, referred to Connally's candidacy as "a Washington fairytale." He recalled his October 9 prediction that Connally would run with Governor Price Daniel's blessing.

Wilson doesn't believe Daniel will now bid for a fourth term.

Governor Daniel says he appreciates Connally's courtesy in advising him of his decision before making it public. He told Connally he would extend the same courtesy, "when my decision is made." Daniel says, "He (Connally) is an able man and my high regard for him will continue even though we end up as candidates for the same office."

Senator Ralph Yarborough, also mentioned as a possible candidate, says he won't make a decision "until after Congress convenes January 10."

Houstonian Don Yarborough has a lot of liberal encouragement to run for governor, but may run as lieutenant governor. Already in the Governor's race is Marshall Formby of Plainview.

Nearly 600 paid \$12.50 each to candidate Jack Cox and Republican John Tower at a dinner in Austin's Municipal Auditorium.

TOURIST COUNCIL READY—The 22-member executive committee of the proposed Texas Tourist Council has drafted a bill

Chairman W. Price Jr. says the bill will be introduced at the January 3 special session of the Texas Legislature . . . providing Governor Daniel enlarges the scope of the session to encompass more than escheat legislation.

Harold Robbins of San Antonio was named chairman of the constitution and by-laws committee. Others on the committee include Rep. Joe Ratliff of Dallas; Callan Graham and H. C. Pittman of Austin and J. W. Burton of Decatur.

Steve Matthews of Austin will head an organization and nominations committee which includes Scott Hardy of San Antonio, John Ben Sheppard of Odessa, J. A. Jameson and Charles Simons of Dallas, Ed St. John of Austin, and Bob Conwell of Corpus Christi.

Price and Tom Taylor, Highway Department Travel Director, will serve as consultants to both committees.

LEGISLATIVE LIST GROWS—Texas Legislative Council is considering the report of its Small Loan Study Committee, and Will Wilson still insists "Loan Shark" legislation should be on special session agenda.

Other groups are pushing for consideration of farm-to-market road appropriation in January.

Texas Youth Council has a few matters it would like the Legislature to consider. They are: the problem of extending the state juvenile parole program; a discretionary bill for revision of court procedure on juvenile offenders; and an interstate compact, regarding parole exchange.

Rep. Charles Ballman of Borger says he plans to move for immediate adjournment of the special session. "Unless I am fully convinced that there is a need for a special session, I plan to introduce a resolution the first day of the session, calling for an adjournment on the second day," chairman of the House Revenue and Taxation committee says.

EMPLOYMENT UP—Total employment in Texas hit an all-time high in October, according to the Texas Employment Commission. By mid-month, 3,494,100 Texans were employed.

Increase was largely due to heavy agricultural activity.

Seasonal farm employment rose to an estimated 280,600 workers, with cotton activities accounting for 66 per cent of this total.

Although 4.4 per cent of the total labor force was jobless, the unemployment situation was more favorable than at any time since April, 1960.

People having most job troubles continue to be those who are unskilled.

SCHOOL ATTENDANCE RULING—In answer to an inquiry from Lubbock County Attorney Alton R. Griffin, the Attorney General ruled that while a child over 16 years of age is not required to attend school whether he has completed 9th grade or not, a child under 16 who has completed the 9th grade is subject to the compulsory school attendance law, even if his services are needed for the support of his parents.

NEW MEXICO GUEST ARRIVES TUESDAY
Mrs. June Stevenson of Belen, New Mexico, arrived Tuesday for several days visit in Muleshoe with her sister, Mrs. Wilcy Moore.

HANEY POYNERS SPEND WEEKEND IN LUBBOCK
Mr. and Mrs. Haney Poyner and daughters, Perri, three, and Patti, two, enjoyed the Christmas weekend with his parents, Mr. and Mrs. R. W. Poyner in Lubbock.

W. L. CROW FAMILY VISIT SCHUSTERS
Mr. and Mrs. W. L. Crow and sons Johnbill, four, and Patrick, seven months, left Tuesday, December 26, after a six-day visit with her parents, Mr. and Mrs. H. E. Schuster.

Hail Insurance, Losses In 47 Years Reviewed

AUSTIN — Farmers who insure their crops against hail can pretty well be sure they will pay the same for insurance in 1962 that they paid in 1961.

The State Board of Insurance refused to grant rate increases averaging 4.5 per cent proposed by the Crop-Hail Insurance Actuarial Assn., which represents most major insurance companies. It also turned down the association's request to be allowed to make several changes in its crop-hail insurance policies for 1962.

Also turned down were modifications of the insurance plans in effect in 1961 by the Ranger Insurance Co. of Houston and the Texas Farm Bureau Mutual Insurance Co. of Waco.

This gives the association and the individual companies the choice of keeping their 1961 policies and rates in effect, or making new filings. Under Texas law, the Board of Insurance cannot promulgate rules and policy forms, nor can it set rates. Instead, the companies and associations file proposed rules, rates and policy forms, and the Board must either approve them or reject them.

During the period from 1914 through 1961, insurance companies wrote crop-hail insurance policies with total potential liability of \$1,226,552,101. They had losses totaling \$31,687,856.

The biggest losses reported were in Hale, Castro, Hockley and Reeves Counties, all of them running past the \$2,000,000 mark.

Hale was the greatest, with \$4,538,014 paid.

Indications are that the companies will proceed to write 1962 policies under their 1961 filings and rates. The statistics indicated that a rate increase was in sight, but the association put enough new features in its basic plan to cause an increase. Donald Johnson, speaking for the Plains Cotton Growers Assn., protested the association plan, saying the proposed rates were too high and the coverage was not adequate.

Liability assumed by all insurance companies combined in the years of 1914 through 1961, and losses reported, by counties:

Bailey County, \$14,098,042 liability and \$1,023,047 losses; Briscoe County, \$7,783,460 liability and \$334,192 losses; Castro County, \$29,532,520 liability and \$2,256,355 losses; Crosby, \$22,217,224 and \$1,177,621; Dawson, \$12,702,136 and \$367,887; Deaf Smith, \$33,708,563 and \$1,810,801; El Paso, \$31,499,505 and \$376,025; Floyd, \$32,174,050 and \$2,054,018; Gaines, \$18,399,330 and \$694,417; Garza, \$6,213,282 and \$251,132; Hale, \$4,538,014 and \$4,538,014; Hall, \$9,566,490 and \$556,649; Hockley, \$3,515,403 and \$2,408,954; Lamb, \$26,864,172 and \$2,261,895; Lamb, \$31,026,854 and \$1,848,249; Lynn, \$21,847,733 and \$1,355,413; Parmer, \$29,141,092 and \$1,701,829; Pecos, \$35,375,693 and \$1,800,361; Potter, \$2,962,528 and \$143,874; Randall, \$18,588,405 and \$269,026; Reeves, \$110,013,859 and \$3,828,703; Sherman, \$10,373,299 and \$193,956; Terry, \$31,265,612 and \$1,937,056.

The association used these 1914 through 1961 statistics in proposing rates by counties. A comparison of Hale and Reeves, the two largest crop-hail buying counties, shows that over this long period Hale Counties have bought \$64,374,048 worth of insurance and those in Reeves have bought \$110,013,859 worth. Yet insurance companies have paid off \$4,338,014 in Hale County and only \$3,828,703 in Reeves County.

DUNNS ARE MULESHOE HOLIDAY VISITORS

Mr. and Mrs. Dan Dunn and children of Vernon visited in Muleshoe during the holidays with his parents, Mr. and Mrs. Glenn Dunn and her brother, the Kenneth Brownings and friends.

DESIAZOS VISIT IN EL PASO WITH RELATIVES

Jenks DeShazo of Muleshoe and son, Dick of Amarillo drove to El Paso Saturday where they visited with their daughter and sister and her family, Mr. and Mrs. Jay Weems, Scottie and Marian.

They returned to Muleshoe Christmas Day. Dick, who is employed as a Amarillo city engineer continued on to his home there.

DeShazo reports that his daughter formerly Nell DeShazo, and family are leaving El Paso on a flight to Mazatlan, Mexico where they will vacation and fish. The trip down by plane requires 2 hours while by car would take about 2 days, De Shazo said.

CARPENTERS HAD THEIR CHILDREN AS YULE GUESTS

Mr. and Mrs. Neil Ross and son, Edward William, of Lubbock, Mr. and Mrs. Jimmy Briggs and Joe Dan of Friona and Mr. and Mrs. Frank Hammons of Forwell were Christmas guests in the home of their parents, Mr. and Mrs. H.W. Carpenter. Other guests in the Carpenter home were Mr. and Mrs. Harris Johnson and Massey of Lubbock.
