Officers Chase Down Illegal Alien Suspects Officers from the Tahoka Police

Dept. Lynn County Sheriff's Dept. and Dept. of Public Safety assisted the Border Patrol in an animated chase of three suspected illegal aliens Monday, corralling two of them on ranchland west of Tahoka that day and locating the third early Tuesday at a convenience store in

The three traveling together were in two vehicles, it was reported. Border Patrol agents spotted two subjects in a pickup towing a minivan and a third in another minivan. All fled and later abandoned their vehicles, one in south Tahoka and one west of town. Officers had to leave their vehicles and hunt the suspects on foot in trees and

One officer said the three were believed to have brought in loads of illegal aliens from Mexico, and already had delivered them somewhere before being captured here. The vehicles were impounded, and the disposition of the cases is up to the Border Patrol.

During the last week. Tahoka Police also arrested a 43-year-old Tahoka man on a warrant for parole ing the firing mechanisms on ali fire-

Two young women were injured, apparently neither seriously, in a one-car accident last weekend near O'Donnell. One was airlifted to Lub-

book by helicopter for treatment, but later returned home to Tahoka. Details were not available from DPS troopers in Dawson County who worked the accident.

During the month of June disspatchers at Lynn County Sheriff's Dept. handled 231 calls, including 109 for City of Tahoka, 94 for the county, 15 for O'Donnell, nine for ambulances and four fire alarms.

Free Gun Locks Still Available

Local residents are reminded that gun safety locks are still available from local law enforcement agencies, including the Lynn County Sheriff's Department and the Tahoka Police Department. The gun locks are free, and are available in two sizes for both small and large firearms. No registration is required, and there is no limit as to how many locks one can take.

We encourage all Lynn County citizens to ensure the safety of their families and others by safely lockarms," said Bryan Geeslin, Sherift's Deputy. "These locks are easy to use and available free of charge - please come pick one up for each of your firearms," he added.

IF YOU HAVE ANY old paintings which belonged to your grandmother or great Uncle Gordo now stored in a closet or attic, you might want to give them a closer look.

In New Hampshire several months ago, three friends pooled their money and paid \$3,200 for a painting at a church auction. It was donated to the church auction by a woman in the city of Dublin, NH, whose family had owned it for nearly 100 years.

The two men and one woman who bought the item must have had some clue that it was valuable, but the Associated Press story a couple of weeks ago didn't say how they knew. Anyway, they sold it at Sotheby's in New York on a winning

be the lost third of a 14th century trio of paintings by an unknown Sienese artist: Unfortunately I don't know of any really old paintings stored

anywhere by any of my relatives. My grandmother had an actual photograph of Quanah Parker in full Indian dress, but I haven't seen it in years. I studied art and art history for awhile in college (about the same time that Jim Thorpe played for the Carlisle Indians), but even if I should discover an old painting I wouldn't recognize it as being valuable.

We have two paintings around the house that I'm pretty sure of their worth. One is a water color of an outhouse which originally was photographed between Hale Center and Plainview. The other is two parrots sitting on a limb. Either of these should be worth about 35 cents, I should know; I painted them both.

The chances of discovering something old and very valuable which has been ignored for years are slim, but wouldn't it be great: I am reminded of this story:

A man who was a collector and authority on old books was approached by a friend one day. The friend said, "You know, when I was going through the attic of this really old house I bought in New Braunfels, I came across this Bible, which looked like it was very old.'

"Oh yeah?" said the book collector, not really interested because he heard this sort of thing all the time.

"Yeah," said his friend. "Inside it said it was printed in Germany by somebody named Gut N. Berg." This excited the book collector. "You have a Gutenberg Bible? I have to see this Bible!"

"Well," the friend admitted, "I don't have it any more. I just

threw it in the incinerator with the other old stuff." His fiend was speechless, pounding his head on the table, finally muttering, "I just can't believe you had a Gutenberg Bible

and destroyed it!" "Don't feel bad," said his friend. "It was no good, anyway. Some guy named Martin Luther had written all over the inside of it."

The Tahoka Little League "Tahoka Blue" team won the championship title at the Petersburg Junior League Post-Season Tournament this past Saturday, July 3, after advancing through three areas of pool

Due to the large number of teams in the tournament, three areas of pool play were established for the first round of competition. Tahoka Blue hosted one area of pool play for the tournament during the week of June 20. Other teams competing in Tahoka were Post, O'Donnell, and the Idalou Yankees. Tahoka Blue advanced to the double elimination round by defeating O'Donnell and Idalou. Also advancing were Post

and O'Donnell. The double elimination round began Saturday. June 26 at Petersburg. All games in the tournament were played under a two-hour time limit with no inning starting after I hour 45 minutes. The team posted a 10-run rally in the fifth inning to defeat Ralls 11-9, after a solohomerun by Ty Cloe in the fourth inning reenergized them. The next game, to be played against O'Donnell, was postponed several days due to the rain that week. O'Donnell eventually withdrew from the tournament due to the delays and prior commitments of their players, helping Tahoka Blue stay in the winners bracket.

The team finally resumed play in Idalou on Friday, July 2, against the Idalou Devil Rays. After starting out slowly, the team again rallied in the. last inning and went ahead of Idalou. 11-10. As the home team, Idalou had last bat, but Tahoka held on and Ernest Gomez pitched a called strike for the last out of the game.

However, due to the double elimination rules, if Tahoka lost the two teams would be forced to play a second game. Tahoka went on top 3-0 after the first inning. They remained ahead through the entire game. Even with Joshua Freitag pitching the entire six innings, striking out 14 of 28 batters. Petersburg managed to close the gap to 5-4 in the last inning. Heads up play by third baseman Kyler Pebsworth and catcher Cameron Rodriguez also prevented two runs from coming in during that inning as Petersburg attempted to steal home. Tahoka had the last bat, having won the coin toss at the beginning the game. The time limit expired after only three batters, giving Tahoka Blue the championship.

The team was steadily supported by a large contingent of parents. grandparents, siblings and friends.

extend to 40 years with a current interest rate of 5.357 percent. Direct operating loans may be made for one to seven years with a current interest rate of 3.375 percent, which is subject to change.

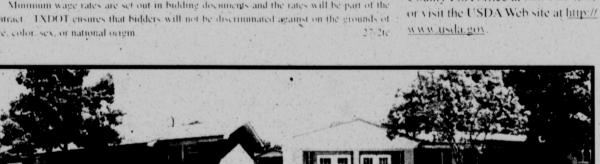

"Applicants requesting direct real estate loans should be aware that funding for this program is limited and may require a waiting period before funds are available and applications approved," said Barlow.

FSA guaranteed loans are made by banks or other commercial lenders and are guaranteed by FSA for up to 90 percent of any loss. The guaranteed loan program includes both operating and real estate loan programs. If a loan applicant is able to obtain financing from a private lender equal to 50 percent or more of the total funds needed to jointly finance the purchase of the farm, the interest rate on the FSA direct loan would be fixed at 5.00 percent.

SDA loan applicants do not receive automatic approval. Individuals must be U.S citizens with a satisfactory history of meeting credit obligations, have sufficient education, training or experience managing or operating a farm, possess the legal capacity to incur debt, and be unable to obtain credit through traditional lending means.

"Qualified loan candidates are provided information and assistance to develop sound management practices, analyze problems and utilize available resources essential for successful farming in the ever-changing agricultural environment," said Barlow.
