### Young Burglar Is Foiled In Quick Action By Sheriff

County Sheriff Dee Clements foiled a young burglar's "start in crime" Wednesday morning by nabbing the 17-year-old before he could leave town.

Daniel Leroy Lowe, 17, of Columbus, Ohio, told the Muleshoe Journal that he was enroute to Seattle, Wash., to attend the World's Fair.

He arrived in Muleshoe by bus at 2 a.m. Wednesday morning in a penniless state. Soon thereafter he apparently became desperate in his need for funds.

Lowe signed a statement admitting that he broke a window and entered Higginbotham - Bartlett Lumber Co., and removed a silver dollar and 50 cents in change from a desk drawer.

He also, according to the statement, took a knife from a box, and found a .22 calibre pistol in a back room.

Lowé then apparently went to West De Shazo Elementary School, where he broke the glass in a door to gain entrance. After searching the storeroom Lowé said he found the "Coke" machine from which he removed the contents, about \$3.45 in change. That brought his total to \$4.95.

After unsuccessfully trying to gain entrance to the East De Shazo building Lowé said he went to Shamrock Cafe where he tried without any luck to hitch a ride with a trucker.

He decided to walk to the bus station, and while passing in front of Crossroads Cafe, Sheriff Clements apprehended him. This was at 8:30 a.m. He had received the report of the burglaries around 7:45.

Lowe, who said he is a freshman at Ohio State University, ("I doubled up and finished high school early") insisted that outside of traffic violations, this was his first offense.

Sheriff's officers said that this sounded plausible due to the crude evidence, and method of entering, etc. used by Lowé.

One thing's for sure. If he uses the success of his first venture in crime as a yardstick, it should be his last offense as well.

## GOVERNOR CANDIDATE

### Yarborough Speaks Here

Don Yarborough, Democratic candidate for Governor, visited Muleshoe Tuesday, making a short campaign speech to a gathering at Cox's Restaurant.

Yarborough, who calls himself a "loyal, brass-collared Democrat," said he feels he is the only real Democrat seeking the nomination.

He was lavish in his praise of President John F. Kennedy, terming him "one of the best presidents we've ever had," and criticized his opponents for holding back their feelings for JFK.

**FOR INDUSTRY**

Yarborough said that he would sponsor a program to "develop a

new small industry in every town in the state." He pointed out that 300 communities and 144 counties in the state were reported as losing population by the last census, and that industry is the only salvation.

The 36-year-old ex-Marine declared that he would fight the merit rating auto insurance plan and try to have the general sales tax repealed.

He blasted the auto merit insurance program as "The biggest fraud in the state's history," and likewise labeled the sales tax as "The most unjust burden ever imposed on Texans."

**DIFFERENT TAXES**

Yarborough said his program to scrap the general sales tax includes new taxes on interstate gas pipelines, new tax income by substantially raising the oil allowable attraction of new industries to Texas and boosting Texas tourist trade to three billion a year by a hard-hitting advertising campaign.

The aggressive trial attorney, who became almost emotional in many of his points, and was well-received by the crowd, pledged to return the government to the people.

"The common man in Texas has been forgotten," he said. "You people in West Texas have often been neglected, and when I'm elected I promise to fight for you," he continued, remarking that he wished for the small farmers to have a voice in their government.

Dale Fishgrabe is the retiring resident of the Jaycees.

ed governor of Texas, there's in Texas in years, and I want you to come to my ball," he told the Muleshoe gathering.

In other business by the board, it accepted the resignation of R. E. Bratcher as Driver Education instructor at high school since he and his family are moving to Central Texas.

The group accepted an invitation from the Homemaking Department to be their guests at a banquet May 3 in the high school Homemaking Department.

The board also heard financial report, studied a report on next year's Economic Index submitted by the State Agency, which calls for a raise in the local fund assignment of \$8,666 for the next school year.

The regular monthly bills were approved.

Neal Dillman, Superintendent of Schools, made several recommendations to the group concerning improvements to school property, and a committee was appointed to check the maintenance needs in the school system.

Coltrane, a high school English and history teacher, has eight years of experience in the teaching field, holding a Bachelor of Arts Degree and a Master of Arts degree from Texas Technological College.

## M'shoe Jaycees Install Slate Of Officers

The Muleshoe Jaycees had their annual installation banquet last Friday at the American Legion Hall, with about 31 persons attending. Several more people attended the dance which followed.

The officers installed for the coming year included Tommy Gattis, president; Jim McPherson, first vice president; Bo Bryant, second vice president and John Black, secretary-treasurer.

The three new directors elected by the club are Gene Paul Jarmon, Haney Poyner and Jack Vanham.

Dale Fishgrabe is the retiring resident of the Jaycees.

## 125 EXPECTED Peace Officers To Convene In Muleshoe Next Thursday

Next Thursday, April 19, will see undoubtedly the greatest influx of peace officers to Muleshoe in the city's history.

No, there's no special investigation calling for state or federal authorities. It's the spring meeting of the Texas South Plains and Eastern New Mexico Peace Officers Association.

The convention will get underway at 9 a.m. at the American Legion Hall in Muleshoe. Hosts for the convention include Sheriff Dee Clements, Chief of Police Carl Neely, and the Muleshoe Chamber of Commerce.

Among those who will appear on the program are Bill Kananauh, Administration Assistant in the Texas Department of Safety, Austin, and K. K. Miller, Chief of the New Mexico State Police, Santa Fe, N.M.

Also featuring the program is a demonstration in the training and use of Police Dogs, by five members of the Lubbock Police

Department: Sgt. A. R. Mason, Bob Weed, Ray Carter, Raymond Long and Don Addington.

Texas Ranger Jim Riddle of Austin will give a talk on Texas Burglaries. Curtis Lynum, Special Agent in Charge, F.B.I., Dallas, will talk about new Federal legislation. Also on the program is Bill Allen, of the New Mexico State Police.

Adding a local touch to the convention will be an address by Gil Lamb of radio station KMUL, president of the Mule Memorial Association of America. Lamb is expected to tell the group about the memorial's history, and its progress to date.

Frank Ellis, president of the Muleshoe Chamber of Commerce, will give the welcome address.

Registration is scheduled to begin at 9 a.m. The call to order will be made, with opening remarks at 9:45, by Wilson E. Speir, president of the association. Speir is Regional Commander of the Texas Department of Public Safety, Midland.

Following the call to order will be the invocation by Judge Glen Williams.

The noon meal and entertainment is under the direction of John Fried, chairman of the Chamber of Commerce's tourist and convention committee.

The association expects around 125 law enforcement officers to its convention.

## HERE FRIDAY Public Ceremony To Install Postmaster

Spencer Beavers, named to be new acting postmaster of Muleshoe will be installed in public ceremonies to be held April 13 at 7:30 p.m., it was announced today.

The installation—open to the public and expected to attract many dignitaries—will be held in the Richland Hills Elementary School Cafeteria.

Some of those who have accepted invitations to attend are: Mayor Arthur Crow, Judge Glen Williams, Representative Jesse Osborn, District Attorney Jack D. Young, Chamber of Commerce president Frank Ellis, and others.

The program will feature a presentation of the colors, pledge of allegiance, transfer of the office and charge to the incoming postmaster.

Appearing on the program from the Postoffice Department will be Inspector Albert Slingerland and Mr. Vernon Bell, Regional Real Estate Officer.

Plans for the community program were developed through the Muleshoe Chamber of Commerce.

The public ceremony, a new concept for the Post Office Department, will be the first in this region, and only the second one for the Department.

## Fire Department Answers 58 Calls

Muleshoe Volunteer Fire Department has answered calls to a total of 58 fires during 1962. Only three calls have been made so far in April, according to Fire Chief, Earl Ladd. Each of these calls were small grass fires, as have been the majority of the 58 fires this far.

Ladd blames the unusual number of grass fires to the extra amount of foliage which was left from the area's exceptionally good crop of 1961.

"Of course, most of the blame can be put on carelessness," Ladd added. He pointed out that a lighted cigarette thrown from a car window is not as dangerous as a hot match.

"The match can be reignited by a gust of wind, if it has not been put out very well," the fire chief said. He urges everyone to keep both matches and cigarettes in their car ashtrays.

"We are very fortunate not to have had any large amount of damage from these local fires. Though they are small, they represent a large amount of effort from your volunteer firemen," he added. "Quite a few fires have been ignited between the highway and the railroad, with not all of these being attributed to passing trains.

## Car Inspection Date Looms

The total number of vehicles registered in Bailey County as of April 1 was 4,743, according to a report from the county tax assessor-collector's office.

The figure compared to 4,477 as of the same date last year, an increase of 266 automobiles. The total was broken down to 2,974 passenger car, and 1,503 farm vehicles.

Drivers are warned that the April 15 deadline for having their automobiles inspected falls on Sunday, so they actually have only a couple of days to go.

## A. C. Leveridge Rites Held Here Tuesday

Funeral services for Arlys C. Leveridge, 48, were conducted Tuesday in the First Methodist Church, with the Rev. J. Frank Peery officiating, assisted by Rev. Harold Leveridge of Tulsa.

Leveridge, a salesman for Fry & Cox Bros. Implement Co., died of a heart attack Monday morning while trying to separate two persons involved in a misunderstanding.

Leveridge was born March 16, 1914, in Wayne, Okla. He is survived by his wife, Bonnie, and four children, Mrs. Larry Burke, San Antonio; Mrs. Jim Fielder, Dallas; Mrs. Delbert Black, of Earth, and Richard Leveridge of the home.

Two sisters survive, Mrs. Leo Wooley, Benson, Okla., Mrs. Joe Mizer, Wayne, Okla., and four brothers, R. W. Leveridge of Wayne; Sherman Leveridge, Meeker, Okla.; S. B. Leveridge, Oklahoma City, and M. S. Leveridge, Ft. Worth.

Five grandchildren also survive.

Burial was in the Bailey County Memorial Park, under the direction of Singleton Funeral Home.

Leveridge was a member of the First Methodist Church, and the Masonic Lodge. Active pallbearers were Mr. Leveridge's nephews.

Honorary pallbearers were Jack Cox, Jim Cox, R. A. Bradley, John Dempster, Eugene English, Ray Edwards, Truman Lindsey, Bill Vinson, Ray Black and Jim Burkhead.

## Large Turnout Elects School Board Members

Muleshoe Independent School district voters gave two candidates a top-heavy margin in the trustee election last Saturday.

Elected to the Board of Trustees were Ralph W. Douglas and John W. Smith, replacing A. J. Lenderson and Harold King, whose terms expired. Neither sought re-election.

The total vote was 957, almost 100 votes more than was cast in 1961's hotly-contested election, in which 863 votes were polled.

Douglas received 539 votes to lead the field, followed by Smith with 455.

James Wedel was third, with 272 votes. Wiley Baker came in fourth with 240, and R. O. Gregory polled 226.

Out of the running behind the leaders were Lonnie Bass, with 50 votes, Cecil Rundell with 38 and O'Dean Heard with five.

Election Judge Ernest Kerr and his staff handled the election smoothly, and had the final results by about 8:30.

"We were busy all day long," said Kerr, explaining that there was almost a steady stream of voters throughout the day.

Kerr said there were a minimum of incidents to mar the election, and only two people arrived at the polls after the deadline had passed.

Kerr gave credit to the staff of clerks who helped with the election. "They worked pretty hard to get the returns as early as they did," he said.

**RESCUE THE RESCUER**

STILLWATER, Okla. (AP) — Vickie Damron climbed a tree to rescue a cat. The cat climbed down. Fireman rescued Vickie from her perch some 30 feet up the tree.

## Jones Absolved At Hearing

Leon Jones, who signed a statement admitting starting a fight with Jim Burkhead of Fry and Cox Bros. Monday, was absolved of any blame in the death of A. C. Leveridge, who attempted to mediate the pair, in a hearing Wednesday.

Judge Joe Vaughn said from the evidence heard, it was the opinion of the court that Leveridge met death because of a heart attack, which may or may not have been hastened through his participation in the matter.

## Julia Burkett Places Eighth

Bailey County's spelling champ for 1962, Julia Burkett of Three Way, placed eighth in the District Spelling Bee at Lubbock last Saturday.

Julia, daughter of Mr. and Mrs. J. L. Burkett of Maple, went out of the bee on the word, "hipopotamus."

There were 16 county champions in the district bee, so Miss Burkett's placing was commendable.

## ELECTS OFFICERS Board Names New DeShazo Principal

The Muleshoe Independent School Board of Trustees approved the hiring of a new principal of Mary DeShazo Elementary School for 1962-63, and elected a new slate of officers at their regular meeting Monday night.

The board approved the hiring of W. O. Coltrane as Mary DeShazo principal. He will succeed Fred White, whose contract was not renewed.

Ralph Douglas, one of the newly-elected board members, was chosen president for the next year. W. F. Bartley was elected vice president, and John Smith, another new member, was named secretary.

At the beginning of the meeting, the election returns from last Saturday's voting were canvassed and approved as submitted by election judge Ernest Kerr and the two new members were sworn in.

In other business by the board, it accepted the resignation of R. E. Bratcher as Driver Education instructor at high school since he and his family are moving to Central Texas.

The group accepted an invitation from the Homemaking Department to be their guests at a banquet May 3 in the high school Homemaking Department.

The board also heard financial report, studied a report on next year's Economic Index submitted by the State Agency, which calls for a raise in the local fund assignment of \$8,666 for the next school year.

The regular monthly bills were approved.

Neal Dillman, Superintendent of Schools, made several recommendations to the group concerning improvements to school property, and a committee was appointed to check the maintenance needs in the school system.

Coltrane, a high school English and history teacher, has eight years of experience in the teaching field, holding a Bachelor of Arts Degree and a Master of Arts degree from Texas Technological College.

## CHAMP OUSTED Finals In City Golf Tourney Sunday

Finals are scheduled Sunday in Muleshoe Country Club Men's and Women's City tournaments, and the men are assured of a new champion.

Don Moore upended defending champion Bill Prince in a quarterfinal match Wednesday, 1-up on 19 holes, to throw Prince into the consolation playoffs.

Moore had to come from three holes behind after nine. In fact, he was four back after eight, and then won a string of five holes to turn the tide.

Moore was to meet Bill St. Clair in the semi-finals. Russell Habersham has already gained the finals, having beaten Houston Hart and Irvin St. Clair in the preliminaries.

The president's flight finals will find Herb Griffiths meeting Bernard Phelps. Griffiths won over Bill Bovell in the first round, and toppled Russell Bryant, 3-2 in the semi-finals. Phelps beat Ray Daniels and Houston Hart.

Bovell scored a consolation win

## Estes, Migrant Labor Are Topics At Farm Women Luncheon April 5

Current political, government and labor problems were the topics of the program at the Women's Committee of the Bailey County Farm Bureau meeting and luncheon held April 5 at Cox's Fine Foods Restaurant.

Presiding over the meeting was Mrs. Morris McKillip chairman. Mrs. Jack Schuster gave the invocation, after which she read the Preamble to the State and National Farm Bureau policies.

Guest speaker, Mrs. Curtis Traewek of Hereford, spoke on the political connections of Billie Sol Estes. She said "Without cooperation in high places a scandal of this magnitude would not have

happened. Estes has \$1,000,000 penalty on his debt sheet in the ASC office and with this knowledge was still appointed to the National Cotton Council."

She added that "in order to be a federally licensed grain elevator or operator, financial operation statements must be OKayed by the Federal government twice yearly - obviously, this was 'overlooked.'" Mrs. Traewek recommended writing representatives and senators.

Mrs. C. F. Newson, Hereford, gave some very interesting comments on the Unesco treaty, Disarmament Bill 298. In a lively discussion period following, Mrs. Newson gave the following as check list questions for office workers:

"Stand on federal aid to education, government controlled agriculture, socialized medicine, UN problem, Constitutionality, a rule of thumb guide 'Is it morally right? Can we afford it? Do we need it?'"

"It is our own fault that we are not represented on the committee", of the Texas Conference on Education for Adult Migrant Workers, Mrs. McKillip said in her report of the two trips she and Mrs. Jack Schuster made to Austin.

The second trip was made March 30 to the Legislative Migrant Labor Study committee appointed by Speaker James Thurman. The women attended as individuals not as representatives of any group and were invited to attend any future meetings by Terry Townsend, Brady.

The advisory board members of the Migrant Farm Worker's committee include heads of the following departments: Health, Labor Statistics, Public Safety, Texas Education Agency, Welfare, Labor Statistic Texas, Council of Migrant Labor, Health, Good Neighbor Committee, Texas Farm Placement Department.

The committee recommendation was made and passed to learn if present laws and agencies are adequate and the concern is, if they are not adequate on the state and local level, the federal government will move in.

Mrs. McKillip and Mrs. Schuster requested women who were interested in taking future trips to Austin on their project of getting area farmers views before the Legislative Study Committee on Migrant Labor to study and advise of their desire.

The women believe that they can, with the assistance of area women, and the finances of area farmers, be effective in getting at least a few more workers for this area, and will endeavor to get some legislative recommendations sympathetic to the farmers of this area before the next session of the legislature.

"This must be done by us - It will not be easy victory if we do get our farmer's views before the legislature," Mrs. McKillip said.

Guests were introduced including Mrs. W. B. Allen of Crosbyton, who came as a representative of the Women's Organization of Crosby County Farm Bureau, Accompanying Mrs. Allen was her mother, Mrs. C. A. McClure and her sister, Mrs. Dennis Taylor, wife of the Republican candidate for the 19th Congressional District.

## Miss Faye Scott Is Shower Honoree

Faye Scott of Sudan, bride-elect of Charles Heffington of Littlefield, was the honoree for pre-bride shower Saturday evening held in the home of Mrs. Bill Curry.

Yellow and white were used for party decorations and a yellow floral arrangement centered the serving table bearing silver and crystal appointments. Yellow punch and white cake squares decorated with wedding bells were served those attending.

Guests were registered in a white brides book by Dyanne Curry. The hostess gift to the honoree was an electric appliance. Among out-of-town guests attending were Mrs. Carroll Heffington, Mrs. Clara Parrott, Littlefield; Mrs. Terry Green, Earth, Mrs. Donnie Polk, Whitharral.

Hostesses included Mmes. Curry, Dyanne Curry, Doyle Chapin, Paul Christolm, Jo Len Bellew, Dale Burnett, Loretta Burnett, Raymond Maxwell, M. C. Engram, Bruce Newman, L. F. Meeks, Oscar Vinson, Hubert Dykes, Hugh Preston, L. E. Price, Loyd Seymore, Dawson Maller, Geneva Ingle, and Misses Sherrilyn Maxwell, Jane Newman, Jane Meeks, Joy Beth Vinson, Beth Price, Jeanne Symore and Geneva Ingle.

## Bula P.T.A. Meeting Held Monday Evening

Thirty-six members attended the meeting of the Bula P.T.A. on Monday evening April 10.

Mrs. John Gunter accompanied the group as they sang "Eyes of Texas" and "Good Time to Get Acquainted".

The Future Homemakers presented their emblem service for their parents.

Mrs. J. F. Lands and Mrs. G. B. Salter gave a report on the district meeting held in Brownfield recently.

High room count went to the Sophomore class and they received the prize money.

The next meeting was scheduled for May 8 when all new officers are to be installed.

Following the meeting the group was entertained in the gym with tumbling acts by students from the first through the fourth grades.

**CHANGING OF GAVELS** between Muleshoe PTA presidents took place Monday afternoon when Mrs. Ray Daniel turned over the presidency of Richland Hills PTA to Mrs. Roland McCormick, and Mrs. Ed Edmiston received the

mary DeShazo presidency for 1962-1963 from Mrs. Carl Bamert. Mrs. J. M. Farmer, District PTA president, was installing officer.

**PTA Publicity Book Compiled By Two Local Women Rated Superior**

A publicity book compiled by two local women won the superior award, a gold seal with a blue ribbon, at the 34th annual conference of District 14 Texas Congress of Parents and Teachers held in Brownfield on Tuesday, April 3.

Mrs. Ed Little and Mrs. Lloyd Haire spent many hours gathering material and putting together the publicity book for DeShazo PTA, and quite happy that it was rated in the superior category. It was their first book of this nature to compile.

The book contains a table of contents and the first picture is of a smiling baby bearing the inscription, "From A New Beginning 1961-62." The following pages contain pictures of the DeShazo School building, both inside and out, lunch room, school activities, such as the science fair, student patrol stationed at intersections near the school and other events occurring during the current school year, as well as teachers, school officials and students in the class rooms; a copy of the PTA

**Officers of Muleshoe AAUW Branch To State Legislative Workshop**

Mrs. Jack Beddingfield, president of the Muleshoe Branch of American Association of University Women and Mrs. Joe Costen, chairman of the legislative committee, attended the Texas Division State Legislative workshop in San Antonio on April 7.

The main objective of the legislative program is an increasingly intelligent, effective, and widespread acceptance of citizenship responsibility by educated women.

**FHA Week Now Underway**

The Future Homemakers of America are having their FHA Week this week. This is an annual activity.

Monday, a special committee decorated the bulletin boards, which consisted of illustrations of the eight purposes of FHA.

Tuesday, the members of FHA gave a party for the eighth grade girls and served punch and cupcakes made by Homemaking classes. All girls, both eighth graders and high schoolers, wore tags bearing her name. This served as quite a step toward becoming more acquainted with one another. About 50 girls also attended a skating party at Farwell, after school. We would like to thank Mrs. J. K. Adams, Mrs. Joe Smallwood, Mrs. McAlister, Mrs. R. L. Lewis, Mrs. Bleeker, Mrs. Hail, Mrs. Davis, Mrs. Birdsong, Mrs. Kelton and Mrs. Inman for furnishing transportation for the party.

Wednesday is the day for favors to be given to patients in the hospitals. Since Easter is rapidly approaching, these favors will be tiny umbrellas filled with spring flowers and Easter chicks.

Thursday was Teacher Appreciation day and a breakfast was served in the clothing laboratory of the Homemaking Department. Tables for this breakfast were decorated with spring arrangements and Easter egg nests.

Friday is to be Campus Clean-up Day and each class will be responsible for cleaning up a part of the school ground. Five dollars will be awarded the class which does the most efficient job.

This week, as every week, is a very busy one for the Future Homemakers of America, who try to make every day one of useful achievements and worthwhile activities.

**Rainbow Girls Set Banquet Saturday Night**

The annual Rainbow Banquet Saturday night, April 14, will climax two meetings' plans.

At a business meeting April 9, the Muleshoe Rainbow Girls, under the presiding officer, Rhonda Johnson, worthy advisor, elected the Queen by secret ballot for the banquet. The Rainbow Queen of 1962 will reign over Saturday's banquet, which begins at 7:30 p.m. in Lodge Hall. Theme of the evening is "Under the Magnolias".

Accepted on petition and by ballot were three new members of the Rainbows: Cindy Davis, Stephany Peery and Kerry Beddingfield.

Money raising projects to send delegates to the Grand Assembly June 14 in Austin were discussed.

Last Sunday some 30 Rainbow girls and ten board members attended as a group at the First Baptist Church in observance of National Rainbow Sunday.

At the March 26 salad supper meeting the girls honored the Grand Visitor, Mrs. Dan McLaughlin of Plainview, and held the formal installation of new members. Initiated were Patsy Angeley, Caroline Allison, Katherine West, and Terri Wiedebush.

Mrs. McLaughlin was presented a lovely corsage made from real money, green and silver pieces. Mrs. Lodon Messer of Earth, a member of the Grand Assembly of Texas, also attended the meeting.

During the business meeting which followed the installation, the banquet plans were organized.

**Epsilon Sigma Alpha Organization Became An International Sorority**

The outstanding women of any community do not just happen rather they are created, individually and together, through the desire to be better: better mothers, better wives, and better citizens.

Among those women in Muleshoe engaged in this striving are the members of an International Sorority organized for just this purpose. Epsilon Sigma Alpha, founded in Jacksonville, Texas, in 1929, originally comprised of ten members, is now grown to include some thirty thousand women, in forty five states and several foreign countries.

E. S. A. was established on the premise that a group of women, through an organized program of self-betterment, developing talents and abilities among them to a high degree, could and would be of much value to the community in which they lived, at the same time forming true and lasting friendships with one another. E. S. A. members were then, and are now, dedicated to the ideals of cultural improvement and community service.

The Epsilon Chi Chapter of Muleshoe was formed in October, 1949, with the aid of Alpha Sigma Chapter, Plainview. Charter members at that time were Marjorie Precure, Dorothy Beddingfield, Gwyneth Bigham, Tiny Forbes, Betty Glaze, Ruby Gregory, Halsee Lee Harrington, Mary Frances Holt, Ann Horsley, Jean Lovelady, and Billie Jones. Some of these women are now gone from Muleshoe; many are region and we are grateful to them.

Epsilon Chi has, in the years since, made an active effort to be of service to Muleshoe and the immediate area, aiding in local Fund Drives, providing glas-

es for school children in need, giving of their time and funds to provide a happier Christmas for those who might otherwise not have them, and for three years raising funds to aid the children's Training Center in Lubbock. The latter is an organization endeavoring to train the mentally retarded children in our area to better care for themselves. In 1959, Epsilon Chi provided the means to send two local children to a Girl Scout summer camp. During these same years E.S.A. in Muleshoe has been making donations to national charity organizations.

Past Presidents of Epsilon Chi have been Ruby Gregory; Gwyneth Peterson, now living in Clovis; Lois Witherspoon, one of Muleshoe's favorite teachers; Marlene St. Clair; Alta Mae Ellis, Joy Finley; Cookie Bamert, now President of the Mary De Shazo P.T.A.; Jane Griffiths, now committee chairman of the Richland Hills P.T.A.; Maurine Hooten, active worker in the W.S.C.S. of the Methodist Church; Bill Edd Jones, a familiar face to all customers of the Muleshoe State Bank; and Johanna Wrinkle, active in the local Girl Scout work. Through the years these officers have had the invaluable assistance of four of Muleshoe's leading women, Evelyn Johnson, Blanche Lenderson, Obrieta LeVeque, and Elizabeth Woodley, educational directors of E.S.A.

Currently, Lanetta Small is serving as president, Shorty White is Vice President, Vicki Young, secretary, Marjorie Precure, treasurer. Present active members of Epsilon Chi are studying a program of self-improvement with which they hope to prove themselves of worth to Muleshoe today.

**Missionaries Speak At Calvary Church**

Missionaries were guests at the Calvary Baptist Church for special services March 21 and March 25.

Rev. Ralph McCoy, missionary from Mexico City spoke to the congregation on Wednesday night, March 21 and showed slides of the conditions and the work being done in that locality.

Sunday, March 25, Rev. and Mrs. P. V. Zugg, missionaries stationed in Beirut, Lebanon were in charge of services. Rev. Zugg brought a brief message then showed film of the Lebanon missionary work and of the Holy lands including the Garden of Gethsemane, Jacob's Well, the place where Christ was crucified and many other sites of Biblical events. Special music was given by Mrs. Zugg.

### Judging Team Wins Honors In Contest

The Muleshoe FFA livestock judging team, composed of Jerry Harrison, Myke Murrah and Dean Ethridge, won the contest at the Plainview Stock show Thursday, March 22. The boys had a total score of 1062 out of a possible 1350. They also placed second high team on swine and steers with scores of 331 and 350 out of a possible 450.

Myke Murrah was high man on the team with a total score of 362 out of a possible 450. Ethridge was second with 359 and then Harrison with 341.

The following Saturday these boys attended the contest at Canyon and placed sixth. Dean Ethridge was high man on the team with 406, Harrison second with 376, and Murrah with 368. These three boys will attend the Texas Tech contest April 28. If they place in the top 10 teams of Area I, they will attend the state contest May 5, at College Station.

### Christian Science Sunday Services

Christian warfare, in which spiritual good overcomes the evil in human thinking, is a theme of the Lesson-Sermon to be heard Sunday at Christian Science Church services.

Spiritual selections will include Paul's exhortation: "The night is far spent, the day is at hand; let us therefore cast off the works of darkness, and let us put on the armour of light" (Roman: "Real") is the title of the Lesson-Sermon.

This citation from "Science and Health with Key to Scriptures" reads: "Christians must take up arms against error at home and abroad. They must grapple with sin in themselves and in others, and continue this warfare until they have finished their course. If they keep the faith, they will have the crown of rejoicing." (p. 29)

### Fellowship Award Given To M'shoe High School Grad

CANYON (Special) — A teaching fellowship at Vanderbilt University has been awarded for the 1962-63 session to Jake Ralph Tunnell, a West Texas State College senior.

Tunnell will enroll in September at Vanderbilt and participate in the university's teaching program for master's candidates. He expects to work toward his M.A. in history, his major here at WT.

Jake Tunnell, now of Sudan, is a graduate of Muleshoe High School. A member of Alpha Chi, national honor society, he is president of the History Club and the International Relations Club.

A member of Phi Alpha Theta, national history fraternity, Tunnell was named earlier this year as one of WT's representatives in "Who's Who among Students in American Universities and Colleges." Last fall, Tunnell was awarded the Shelby-Anderson history student at WT.

### STUDENTS TO ATTEND SEMINAR IN AUSTIN

Three Muleshoe High School students will attend a seminar of the Democracy in Action Program in Austin this weekend.

Deek Allison, Scott Oliver and Kenny Heathington will attend with Bryna Hardgrove, sponsor of the trip.

### Honors Won By Science Fair Regional Entries

Honors were won last Saturday at the Regional Science Fair in Lubbock by two Muleshoe High School boys exhibiting in the biological divisions.

Gary Albertson was a second-place winner with his dissected cat. The exposed skeleton was placed back together by delicate wiring after the bones had been boiled. Internal organs were exposed.

A third-place winner in the biological division was Don Williams with his exhibit of mitosis, or cell division. The formation of chromosomes inside the cell and formation were the subjects.

The two students placed one-two in the biological division of Muleshoe High School's science fair the preceding week. Jerry Don Coulter was third in this division.

Other winners in the MHS contest included Gene Atkins, first, Gary Middlebrook and Glen Kenney in the physical division.

Honorable mention in the biological division were Darrell Snow, Jill Joyce Adams, Larry Allison, Sandra Jackson and Mary Jo Leaker.

Junior high winners in the biological division were Stephanie Peery, first, and Dwight Burkhead, second. In the physical division, Larry Myers was first, Tommy Jones second and Carolyn Brock third.

FOR COUNTY

# Top Percentage Of Wrecks Investigated

Sixty-three accidents were reported in Bailey County in 1961, with 61 of them being investigated by the Texas Highway Patrol. This figures out to an investigation rate of 97 per cent. The Texas Highway Patrol made 44 arrests in conjunction with these investigations, or an arrest rate of 72 per cent.

Bailey County had the lowest percentage of non-investigated accidents in the 28-county area. C. A. Dempsey, Safety Officer of Region 5, Texas Department of Public Safety, told the Journal this week.

The average number of fatal motor vehicle traffic accidents in Bailey County shows no change over the last four years, standing at four.

The 1958-59-60 average reveals 5.3 deaths for each four accidents. The 1961 reports shows four accidents leading to six deaths, Dempsey said.

The driver of a vehicle involved in an accident resulting in injury to or death of any person shall immediately by the quickest means of communication give notice of such accident to the local police department if such accident occurs within a municipality, otherwise to the office of the county sheriff or the nearest office of the Texas Highway Patrol.

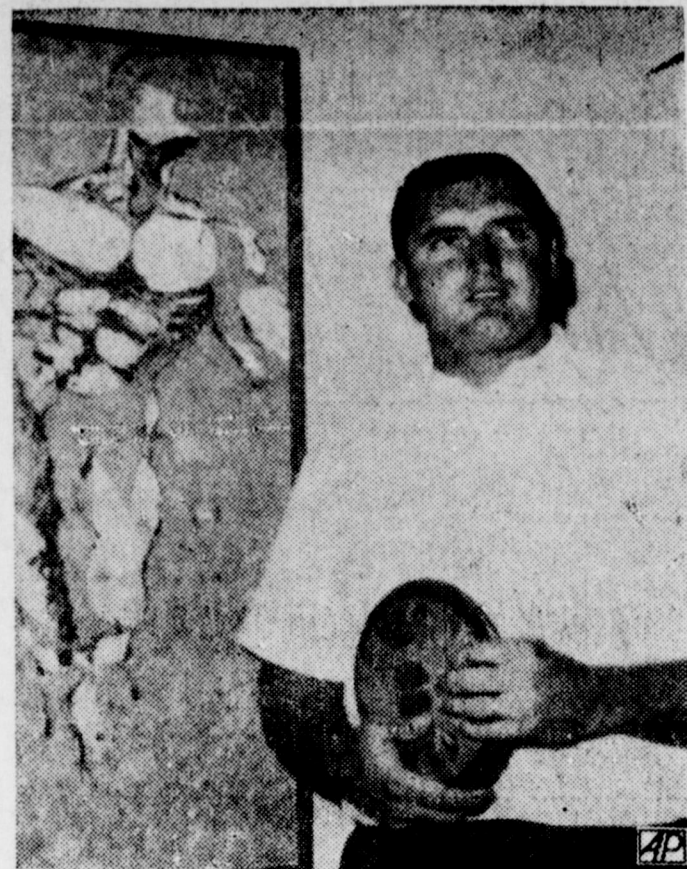

The driver of a vehicle involved in an accident resulting in injury to, or death of any person, or total property damage to an apparent extent of twenty-five dollars (\$25) or more shall within ten days after such accident forward a written report of such accident to the Texas Department of Public Safety. Any person who shall fail to make such a report shall be guilty of a misdemeanor and upon conviction shall be punished.

In order for the (3) E's; Education, Engineering and Enforcement, these accidents must be reported to the investigating authorities. By doing so, the traffic safety education officials can educate the citizens in proper safety defensive driving measures. The engineer will have the information necessary for designing roadways and streets in order to reduce road and street hazards. And the enforcement officials can take proper measures in enforcement action to those who were in violation.

## School Slates Easter Break

## Five Muleshoe Students Enter Regional Contests

Five Muleshoe High School students qualified for the class AA regional interscholastic league contests this weekend in Lubbock.

Muleshoe High School placed second in the District 2-AA literary meet at Floydada last Saturday, scoring 104 points. Floydada won the district title with 141 points.

Abernathy won the junior high district championship with 47 points. Muleshoe was fourth by 36 points.

Those winning first place awards for MHS were the girls debate team of Juanita St. Clair and Shirley Henry, for the second straight year; Nine Ed Bovell in extemporaneous speech and persuasive speech—Karen and David Jones.

Other place winners in the district meet were Shirley Smallwood, second in poetry reading; Shirley Richards, second in extemporaneous speaking; Don Williams and Barry Lewis, second in boys' debate; Rhonda Wagnon, third in prose reading; Jim Thompson, second in ready writing and Georgia Hall, third in shorthand.

## MINISTERIAL ALLIANCE

# Resolution Adopted Opposing Gambling

Jesse Osborn, who has been state representative from the 96th (now 91st) district, spoke to the Bailey County Ministerial Alliance on the topic of legalized gambling at their regular meeting April 10.

The group had a question and answer period, after which they adopted the following resolution: "Resolved, we oppose horse race - mutuel gambling. The Alliance urges all people who will vote in the State primary May 5 to defeat the referendum concerning legalized horse and dog pari-mutuel gambling in Texas. The following facts are brought out for your consideration as a qualified voter:

1. Legalized gambling results in tremendous economic waste.
2. Legalized gambling results in ruined lives.
3. Legalized gambling results in political manipulation.
4. Legalized gambling results in a heavy increase of illegal gambling.
5. Legalized gambling is no panacea for the State tax problem.
6. Legalized gambling on horse in an influx of undesirable persons.
7. Legalized gambling on horse and dog races cannot be localized.
8. Legalized gambling, the same as illegal gambling, is basically immoral.

"We strongly advise voting against Proposition number 2 on the Democratic Primary Ballot and against the similar pari-mutuel wagering proposition on the Republican Primary ballot May 5, 1962. (The state Democratic Executive Committee and most of the candidates for governor and lieutenant governor have expressed opposition to legalized gambling.)"

The resolution was signed by the following members of the Alliance: Rev. Ronald Crosley, Rev. T. G. Craft, Rev. J. W. Farmer, Rev. Tommy Gleaton; Rev. Jim Gresham; Rev. Finis Hodges, Rev. Earl Hord; Rev. Peery, Rev. E. C. Pequeno, Rev. Roque Puente, Rev. Lynn Stephens and Rev. Troy Walker.

## Baptist Association Meets In Levelland

The Plains District of the Texas North American Baptist Association met in Levelland Tuesday, April 9.

The program was directed by Mrs. Paul Robinson of Lubbock, formerly of Muleshoe, Presiding at the meeting was the president Mrs. E. Harold Henderson of Amarillo. Organist was Mrs. Alma Morris, mother of Mrs. Jack Williams of Muleshoe.

The song service was directed by Mrs. Lynn Stephens of Muleshoe.

Others attending from Muleshoe were Mmes. Glen Splawn, L. C. Woods, Elmer Smith and sons, Robert Kimbrough, Jim Shafer, Earl Burton, and the Rev. Lynn Stephens and daughters.

## TODAY'S MEDITATION

Giacomo Cardinal Lercaro pointed out four Christian meanings of work. First, it is a human activity geared to the development of man's God-given capacities. Second work is - in the words of the late Pope Pius XI - ennobling since it continues the work begun by the creator. It is real collaboration with God needed for the perfection of the cosmos.; next Cardinal Lercaro says work is an exercise of love for everything the Christian produces by work is for the good of others; for it is a service given to our brothers. Only finally, as Cardinal Lercaro sees it, is there—the sweat of man's brow meaning and this he places in a much higher context fulfilling the redemption of men. Work to the Christian has the mark of sacrifice and worship closely and affectionately linked to the sacrifice of Christ.

## Easter Sunrise Pageant Slated By Alliance

A Sunrise Easter Pageant is scheduled for Easter Sunday morning at 6 a.m. at Horseshoe Bend.

The pageant is sponsored by the Bailey County Ministerial Alliance, and will feature an adult cast from among the member churches.

The pageant will be narrated by Rev. Tommy Gleason of the Progress Methodist Church who wrote the script for the program.

There will be a music background, and a loudspeaker system, so that spectators may sit in their cars and watch the program, if the weather is disagreeable.

There will be five scenes in the program: 1. Gethsemane; 2. Trial; 3. Cross and Crucifixion; 4. Burial and 5. Christ and Mary at the tomb.

Robert Hooten is to portray Christ. The other characters will be announced next week.

The public is invited to make plans to attend this special sunrise service.

## Trinity Baptist Sets Revival April 15-22

REV. MILTON KRESSE

The spring revival at Trinity Baptist Church in Muleshoe begins Sunday, April 15, and runs through Sunday, April 22, according to the pastor, Rev. Troy Walker.

Rev. Milton Kresse, pastor of the Maple Baptist Church, will be the evangelist, and Bill Ellis, editor of the Muleshoe Journal, will direct the music.

"Kresse has been in the ministerial field for 20 years," said Rev. Walker. He came to Maple in August of 1960, from Vega, where he had pastored for eight years. Last summer, Kresse made a tour of the Holy Land.

Ellis, a Muleshoe High School and Texas Tech graduate, served as music director at the West End Baptist Church in Lubbock for three years while he was a Tech student.

Revival services will be held daily at 10 a.m. and 8 p.m., with prayer services at 7:30 nightly. A series of breakfast meetings for the men of the church is scheduled for Monday, Tuesday and Wednesday of next week at 6 a.m.

The public is invited to attend these special services, points out Rev. Walker. Trinity Baptist is located at the corner of Avenue B and East Fourth Street.

# Mules Enter 10 Men in Regional

AT REGIONAL

## Longhorns Attempt To Defend Title

The Lazbuddie Longhorns, winners of the District 3-B track championship for the fourth straight year, will face the task of defending their regional championship this weekend in Lubbock.

But the Longhorns, who lost the major portion of their state championship team by graduation, would have to really come up with a performance to win the regional title once again.

However, the men of LHS proved last Friday at Levelland that Coach Bobby Crooks has done a creditable job of rebuilding by sweeping the district crown once again.

Lazbuddie scored 180½ points, to 146 for second-place Bovina. Happy and Hart were third and fourth. Lazbuddie won eight events and had four second places.

Jimmy Dale Seaton and Dave Smith paced the Longhorns by scoring 27 points apiece. Seaton, running after stepping on a spike on Thursday, won the high and low hurdles and tied for second in the high jump.

Smith won the broad jump, was second in the shot put, ran on the winning mile relay team, and on the 440-yard relay team, which placed second without Seaton.

John Sikes of Bovina was another double winner, taking victories in the shot put and discus.

Seaton won the 120-yard high hurdles in 16.6, the lows in 22.6, and jumped 5-4 in high jump.

Smith broad-jumped 17-5½ and threw the shot 36 feet and one-quarter of an inch.

Terry Darling won the 880-yard run in 2:13.6; Don Watson won the mile in 5:13.1; David Koelzer took a victory in the pole vault at 19-6, and Mike Bean won the high jump at 5-5.

The mile relay team of Gary Brown, Smith, Darling and Cooper Young won in the time of 3:51.6.

Other qualifiers for regional were the 440-yard relay team, Young in the 880 and Don Smith in the pole vault, second at 9-6.

Other Lazbuddie points were

won by Joe Tarter, fifth in the 100; Bean, sixth; Gary Brown, third in the 440, and fifth in the 880; went to James Brown.

Don Smith was third in high hurdles and fourth in the low hurdles; Koelzer fifth; Bean was third in the 220, and Glen King was sixth; Harrol Redwine was fifth in the mile; Gary Foster Tarter for 2nd in the broad jumps and fourth in the shot put; and Ricky Hassel tied for sixth in the high jump.

Another first place for Bovina

went to Jerry Frasier in the 440-yard dash. Others qualifying for regional for the Mustangs were Joe Jones in the high hurdles, Buddy Turner in the 100 and 220, Richard Kennedy in the broad jump, Lowell Boozer in the discus and Jones in the high jump.

Jones and Kennedy gained the regional meet by virtue of coin-toss wins over Lazbuddie's Seaton and Foster, breaking ties.

The meet was held in Levelland after a wet track at Lazbuddie forced the site to be changed.

## Freshmen Race To District Crown

Muleshoe's freshman track team successfully defended its district track championship by running up a total of 52½ points in the District 2-AA freshman meet Tuesday at Abernathy.

The frosh Mules, led by sprinter Larry Nigh, won six of the events and scored in every event except the low hurdles.

The meet closed out coaching duties for freshman coach George Washington, and marked the fourth straight district title for his teams. He had three straight championship 8th grade teams.

Nigh won three events and anchored the winning 440-yard relay team. He won the 75-yard dash, the 100-yard dash, and the broad jump, beating teammate Scott Oliver on his last jump.

Oliver won the 50-yard dash, was second in the broad jump, ran on the relay team, was third in the 100, and fourth in the shot put.

Muleshoe winners included:

50 yard dash, Scott Oliver, 5.9;

Richard Upton, fourth.

75 - Larry Nigh, 8.4; Gary Ratliff, third, Bill Harbin, fourth.

100 - Nigh, 19.9; Oliver, third; Ratliff, fourth.

440 - yard relay - Muleshoe (Oliver, Harbin, Ratliff, Nigh)—47.9.

60 high hurdles - Charles Holder, third.

Chinning - J. C. Pearson, sec-

ond (36), Harbin third, (29).

Pole vault - Bud Bruns, 9-0;

Kenneth Jenkins, second, 8-6;

Burkhead, tie for third.

Shot put - Oliver fourth, 43-8;

Harbin sixth.

High jump - Holder and Bruns

tied for first with two others at 5-2.

Broad jump Nigh, 18 6½; Oliver

second, 18-3; Burns, fifth, 17-2½.

Team Totals: Muleshoe 52-½;

Floydada 28-¾; Abernathy 21-¼;

Morton 10-¾; Lockney 2½.

of 13-30 points for the district title.

The final score was Muleshoe 30 4-15, and Olton 29 5-6. Four teams had a good shot at the title, with Lockney and Abernathy finishing close behind.

Coach Bob Graves said his team had to get a lot of seconds and thirds to take the title, since it won only three events, the pole vault and broad jump, and swept the chinning competition, which helped clinch the title.

Muleshoe's winners in the meet held at Abernathy Tuesday after being postponed last Friday, were:

The Junior Mules edged second place Olton by the slight margin

100-Carl Calhoun second, 11.0; 100 low hurdles - Calhoun third, 12.9.

60 high hurdles - Ronnie Bush fourth, 10.1.

440-yard relay - Muleshoe second (Terry Hutton, L. T. Green, Ronnie McKillip, Calhoun), 50.5.

Pole vault - Danny Gulley, 7-6; second, 40-8.

Broad jump - L. T. Green, 17-1; Chinning - Terry Hutton 38; Roger Burman, second, 35; Mike Bell, third, 34.

High jump - Morris Lewis, third, 4-9.

Team totals: Muleshoe 30 - 4-5;

Olton 29 - 5-6; Lockney 26 14-15; Abernathy 23 3-5; Floydada 10 - 13-15; Morton ½.

## Reign As District Champs Once Again

The Muleshoe Mules are once again track and field champions for District 2-AA.

The Mules, who were beat out by Floydada last year, won the title for the second time in three years and third in five years last Friday, compiling an impressive margin over the five other district teams.

Coach Bill Taylor's Mules also won district crowns in 1958 and 1960. Previous district winners were in 1952 and 1953, tutored by Coaches Willard Hedges and T. J. Bailey.

This year's district title was perhaps the most impressive of the lot. The Mules won seven events outright, and placed second in three others. Both relay teams won and qualified for regional.

The meet, originally scheduled for Lubbock, was shifted to Denver City by district officials. It was the nearest track available to accommodate the district meet due to the rains which had left the Texas Tech track standing in water.

Muleshoe rolled up 155 7-10 points, exactly 70 points more than second-place Lockney. Floydada was third with 83 1-10, followed by Abernathy, Morton and Olton.

The Mules qualified 10 men for the regional meet in Lubbock this weekend, and will be seeking a high finish in this gathering of champions, which qualifies the winners of the first two places for the state meet.

The highest Muleshoe has ever finished in the regional meet as a team is third, by the 1954 team, which was second in district to Levelland.

The chilly windy weather kept the Mules from improving on their season times—that is, with the exception of hurdler Travis Creamer.

Creamer won the high hurdles in 14.7 but was timed in 14.5 for the preliminaries, beating his previous season best of 14.8 both times. Creamer was second to Floydada's Rodney Teague in the low hurdles.

Travis Bessire won the 220-yard dash in 23.3, was second in the 100-yard dash, and anchored the winning 440-yard relay team. That team, composed of Jerry Gilbreath, Jim Cabrera, Rick

Bell and Bessire, was timed in 45.6.

The mile relay foursome of Jim Young, Jerry Gilbreath, Bill Gilbreath and Cabrera, had a winning time of 3:36.8.

Mike Cabrera won the mile run for the third straight year, with a 4:55.3 clocking, and sophomore Robert Seagroves defeated the defending district champ in the high jump for another first place.

Seagroves jumped 5-10½ for the win. Lockney's Jim Whitfield, a regional meet veteran of two years, placed third, failing to qualify for the meet this year.

Bell and David Roberts, another sophomore, swept both regional berths in the pole vault, tying at 10 feet for first place.

Jerry Gilbreath gained a regional spot by placing second in the 440-yard dash behind Olton's Gary Johnson.

Other Muleshoe points in the district meet were won by Bill Gilbreath, sixth in the 220; Jim Cabrera, third in the 160-yard low hurdles; David Roberts, tie for fifth in the high jump (5-6); Archie Evans, tie for fifth in the pole vault (8-6); Jerry Howard, third in the discus (124-3); Bob White, sixth in the discus (113-2); Jim Young, third in the 880-yard run; Dick Pylant, fifth in the shot put (41-1 ¾); and Bell, fifth in the broad jump.

Bell got off his best jump of the season, 20-1 ¾ in the latter event, but it was a matter of six inches that separated the first five places in the event.

Five of Muleshoe's 10 entrants in the regional meet were in last year's regional—the Gilbreaths, Cabreras and Bell. Mike Cabrera qualified for the meet for the third straight year.

Creamer's 14.5 is just a tenth of a second behind the top time for the season in the high hurdles by any regional performer, regardless of classification.

The Mules should make a good showing this weekend, but will be facing tough teams from the likes of Quannah, Fort Stockton, Denver City, Canyon and Dalhart.

## NOT ENOUGH PLAYERS

### End of Era Looms As Masonic Drops F'ball

By HAROLD V. RATLIFF

Associated Press Sport Writer

Masonic Home is dropping out of football because it just doesn't have enough boys to field a team. It brings poignant memories—of a football team that played the best in Texas although there were only a couple of substitutes and the average weight was about 148 pounds.

The Mighty Mites of the thirties and forties of Texas school-boy football occupy a special niche in the sports hall of fame. But here it was the announcement that the Little Fort Worth school wouldn't have eleven boys next fall, thus was dropping football for the first time since the Texas Interscholastic League began in 1920.

"We had only 14 boys on the squad last fall and there was just one other boy in school and he was ineligible," says Bob Tomerlin, the coach. "At the finish of the season we had only 11 on the squad. We won seven games and lost three and lost the district championship in the last 18 seconds. We were leading Everman 3-0 but they carried a punt back for a touchdown and beat us."

That may be the last time Masonic Home plays football although they say out there that they expect for the school to build back up so the game can be resumed in two or three years. Tomerlin fears it will be about five years if at all.

Anyway, there will be only eight boys in the school next fall, six of them freshmen.

Masonic Home has been in Class B football for more than a decade. Once, however, it was with the top class although never showing enough enrollment to justify it. The Masons were up there with the big boys through a special dispensation.

The Mighty Mites, the Little Rascals, the Marvellous Midgets—those were the names given Masonic Homes's football team.

Rusty Russell was the coach. Rusty never needed many substitutes. He could have a game with no more than 13 boys because they were in top physical condition all the time, played the game and studied it the year around and knew each other's every move.

During a four-year period the Masons lost only one game and that was to a junior college. The Masons were undefeated in 1931 when they were in a classification that did not play to a state championship finals only to lose on penetrations and in 1941 when the swept through the district unbeaten and untied but were disqualified because a Masonic Lodge in filing the papers of entrance for one of the boys made a mistake in the date of his birth. That year the Masons beat Wichita Falls 13-6 in a practice game. Wichita Falls went on to the state championship.

The 1938 Masonic Home team drove to the state semifinals but lost to big Lubbock in a sandstorm after out-playing the West erners for three quarters. The Masons averaged 148 pounds to the man.

Finally there came a day when Russell had to move on as he advanced in his profession & enrollment fell so low at the home that its football team was taken out of the top class.

There have been some good teams at Masonic Home in the past few years and there would be good teams again—if there were enough boys to make up one.

"There are about 60 boys in the grammar school division who will be moving up," says Tomerlin. "We may be able to build the high school up enough to again have a football team."

However, this is somewhat uncertain. So long as prosperous times continue the enrollment at Masonic Home will be low. That's the way it is; there has to be a depression for Masonic Home to build up.

The Muleshoe Eighth Grade track team made it four district championships in a row Tuesday, and a clean sweep by Muleshoe's three teams in district—by a margin of less than a point.

The Junior Mules edged second place Olton by the slight margin

# Nothing Wrong With MHS Athletic-wise or Otherwise

Personally, we see nothing wrong with the Muleshoe High School Athletic program.

The school as a whole is to be commended on the honors won this year, and the athletic setup, which was attacked just a few weeks ago, certainly doesn't detract from the overall program a bit.

This semester, in the space of exactly two months, Muleshoe High School athletic teams have won a total of three district championships. This is an achievement not to be taken lightly.

We can't remember offhand any other year in which district championships were won in three different sports. This speaks pretty well for the athletic department, the individuals, their abilities and competitive desire.

In a district such as the one Muleshoe has competed in this year, with a total of six schools and a half-dozen sports awarding district titles, you figure a school is winning its share if it wins just one district championship a year. A school could even be excused for not winning a single one, so long as its department was doing its job.

But, when the school comes up with 3 champions in one season, that's a pretty fair batting average in anyone's books. In fact, you might say the school was on the verge of dominating district sports. As a matter of fact, let's say that — it sounds pretty good for a change.

And, before Muleshoe's athletic successes this year are smeared by those crying "over-emphasis on athletics," let's look at the school program as a whole.

Besides the track and golf team entries in the regional meet this weekend, a total of 5 Muleshoe students will enter the regional literary contests, as a result of winning places in the district contests last week, in which MHS as a school placed second.

Other honors won by the school this year includes a "Sweepstakes" trophy won by the band for the first time in history, as a result of getting the top rating in each of the interscholastic league contest divisions.

The high school yearbook, the Mule-train, is beginning to have a monopoly on its yearly contest. The annual was named first in its class for 1961 for the third-straight year.

The Blackburn Chapter of Future Teachers of America placed in the top ten in the state for their yearly project at the state convention, and their scrapbook received an honorable mention.

The Spanish Club's contest, which enters the annual Llano Estacado Fiesta, is yet to come (April 28). Last year, 10 students brought home 10 ribbons from the fiesta.

Mrs. Horace Blackburn, named "Teacher of the Year" by the community this year, brought further honors to the school when she placed second in the Caprock District of Federated Women's Clubs' contest.

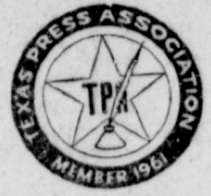

These are just some of the outstanding examples that come to mind, and there are undoubtedly others. It just goes to show that MHS is becoming a pretty well-rounded place to pick up one's secondary education.

## How Much Is Gasoline Worth?

Who or what determines the price you pay for gasoline?

In a manner of speaking, you—the user—determine it. That doesn't mean, of course, that you can drive blithely into a service station and tell the operator just what you'll pay for a tankful and expect him to agree. But it works like this:

Petroleum refining is known as a joint-cost operation. When crude is broken down it produces gasoline — but it also produces fuel oil and various other products. No one can determine just what the difference in cost is between one and another. The situation is analogous to a meat packer who processes a pound of T-bone steak and a pound of tallow from the same steer. It costs, roughly, as much to process the one as the other. But that certainly doesn't mean that the per-pound cost of T-bones and tallow could or should be the same.

So it is with oil products. Gasoline commands a higher price than other yields from the crude. And the reason is that each oil product is, and must be, priced in a way that reflects the value that consumers put on it. That value is established by their purchasers.

Finally, a basic consumer protection is found in the make up of the oil industry. The number of competing suppliers is far greater than in other comparable enterprises. There are 180,000 service stations, all looking for customers favor. And gasoline is a commodity which is difficult and expensive to store, so all concerned have to seek immediate outlets. The result is that it is a first-class value. More than two-thirds of the price charged for it at your service station is accounted for by state and federal taxes which have caused the chief price increases.

Based on the record of gasoline prices and taxes, oil companies are justified in answering critics with righteous and persuasive indignation.

## Real Facts About Highway Safety

A deluge of ghoulish guessing and bloodthirsty reporting has obscured the very real progress that has been made in automotive highway safety.

From a high of 11.5 deaths per 100 million vehicle miles in 1945, the rate was slashed to 5.3 in 1960. In 1961, it was reduced even more, with a record low of 5.1 posted in the first 11 months. This outstanding progress was made during the decade and a half since World War II when the number of cars, trucks and buses on America's streets and highways soared from a little over 31 million to more than 74 million.

With the automotive safety record constantly improving, it's time to stop screaming death and destruction. It's time to call a halt to creating the impression that the only safe place for the family car is home in the garage.

There's no minimizing the importance of highway safety — and nobody wants to — but sensational reports of widespread carnage, instead of making drivers safer and more competent, can make them more tense, more nervous and more accident-prone.

What makes better drivers is not horror but help; not scares but suggestions; not terror but teaching. Safe driving is a skill which, once mastered and remembered, provides great pleasure. America's automotive safety record can be improved still more, without horror and hysteria, by the conscientious application of the principles of safe driving.

### BEEHIVE FLASHBACK NOTES MCADAMS COLLEGE FINISH

From the Beehive Flashback recording events from 20 to 56 years back in the town of Kosciusko, Mississippi comes a reminder that W. B. McAdams, a long-time Muleshoe resident had returned to that town from Memphis, Tennessee where he had finished business college on March 23, 1912.

The clipping was sent to Mr. McAdams from Kosciusko by his cousin when she noticed it in the paper. McAdams said he was surprised to be mentioned in the Flashback and remarked that "lots of water has flowed under the bridges since that time." He left there in 1914.

## Social Security Representative to Visit Muleshoe

When you went to work this morning, you probably thought, "Just another day, very much like the other 23,742 in my life." Wait a minute! Did you think that?

If you did, it means you are now 65 years old. 65 years old and still working right along. Don't intend to retire for quite some time yet?

That's fine. The United States Government believes that people should continue working as long as they want to. Retirement is a good thing IF YOU LIKE RETIREMENT.

If you don't like retirement, it is a bad thing to have to retire. That's why the Government feels it's up to each person to decide for himself.

In fact, the social security law has special provisions for people who don't retire. Although old-age insurance benefits are paid mostly to retired people, workers 72 and over can receive their full monthly social security benefits even though working full time.

Workers under 72 will have some of their benefits withheld if they earn over \$1200. How much depends on their total earnings, and the amount of benefits payable. In some cases, though, people may earn more than \$400 a year and still receive some benefits.

If you are over 65, still working, and have never applied for social security benefits, it's a good idea to check with your local social security office.

The people there may have good news in the form of a green IBM card that is as good as money—a Government check representing money owed you. Only one way to find out for sure. Write or call the Lubbock office at 1816 - 19th Street at Porter 3-9456 or stop by.

A representative of the Lubbock Social Security Office will be in Muleshoe on Wednesday April 1 in the courthouse at 9:30 a.m. and will be glad to assist in all matters pertaining to social security.

Ten years ago, 21,200 steam locomotives were still thundering along the nation's major railroads. Now the big lines own fewer than 80.

## CIRCUS CLOWNS ARE NOT JUST BORN

Clowning is a business before it is an art. Not all clowns are artists, but both the stars and the rank and file—have learned their trade the hard way, the big top way. They know their business. Clowns are not born. However, the good ones are born with the comedy spark. But they are not the ones the folks at home refer to as "born clowns." No cut-ups ever held a crowd in the Big Show with "life of the party" antics. Every skit, gag or walkaround "clown bit" is a studied thing. Knowledge of human nature, psychology and comedy knowhow are factors in each bit, no matter how brief or trivial.

The Carson & Barnes clowns have all been through the mills—they are masters of their business and their business is provoking laughs and bringing happiness to children of all ages. The clowns however, are just one small part of the mighty entertainment program of this year's stellar program presented by Carson & Barnes Circus. Coming to Muleshoe for matinee engagement on Sunday, April 29.

## May Assigned to USAF Course in Mississippi

Airman Basic Harold W. May, son of Mr. and Mrs. Willie E. May of Route 5, M'shoe, is being assigned to the United States Air Force technical training course for radio and radar maintenance specialists at Keesler AFB, Miss.

Airman May, who has completed his basic military training, was selected for the advanced course on the basis of his interests and aptitudes.

The airman is a 1959 graduate of Sudan High School and a former student at Ventura (Calif.) College.

## Deadline Changed For Feed Grain Applications

The feed grain sign-up deadline, which originally was March 30, is extended to Monday April 16, announced Charles Daniel, Bailey County ASC office manager.

"We've signed up about 80 per cent of the farmers as of the original deadline, and that was a higher number than last year," said Daniel, who added that he didn't expect many more applicants.

Farmers cooperating in the program must divert at least 20 per cent of their feed grain land into conservation use. For this land, they receive payment equal to 50 per cent of normal production.

They will also be eligible for price supports on the normal production from reduced acreage.

Those who do not cooperate may plant all the corn or grain sorghum they wish and the grain may be fed or marketed. If sold, it brings only the market price, since no government support price can be obtained.

## Game Climaxes Tech's Drills

LUBBOCK — Visitors to Texas Tech for the Region One spring meet will be able to watch the Red Raiders in an intra-squad scrimmage Saturday afternoon.

The scrimmage will climax a clinic for high school coaches Friday and Saturday. No admission charge will be made for the scrimmage, to be held in Jones Stadium.

Texas Tech's annual Red-White game climaxing the spring drills will be held Saturday night, April 21. This will be held under game conditions, and admission will be charged.

## Parmer County Farm Bureau News

By RAYMOND EULER

Meetings of Rhea Farm Bureau people are still interesting and inspiring. We visited with them Friday night and enjoyed it just as we always did when we were able to meet with them regularly. And they get things done. They have, for some time, combined the 4-H boys and girls meetings with their regular meetings and this saves time and accelerates interest.

Among other things, they set up a date for their community noxious weed poisoning work. The date is May 10, a time when the blooms should be easily detected. It is refreshing and encouraging to see people in a community like this meeting and working out their problems and solving them. This, we believe, is the Ameri-

an way of doing things. President Harry Hamilton has contacted all the candidates for late office and made arrangements for a county-wide meeting with them before everyone interested in their views. The late is Thursday, April 26. They will all be asked to express their views on the same questions and given just two minutes to reply. Further information will be published in the near future, and we hope there will be a good turnout to this "Meet the Public Meeting. We are sure you will be better informed so that you can decide who to vote for, if you are not sure already.

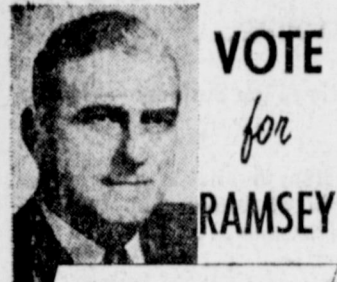

We notice in Facts for You, that the U. S. corn crop of 1961 was one half the world total production. Red Russia's share was seven per cent of the world total. Even though this seems a little small for a country as large as Russia, it is way above their percentage of production of other good things.

Frank Hinkson was elected to complete the term of Dee Chitwood as a Farm Bureau Director. Mr. Chitwood resigned because of other commitments interfering with his duties as director. Hinkson, along with Grady King, represents the community of Lazbuddie. Talk to him about Farm Bureau, or come with him to a directors meeting on the first Monday night of the month.

### Animal Comments

By JERRY GLEASON, D.V.M.

#### Common Disease of the Canine

#### Infectious Canine Hepatitis

Infectious Canine hepatitis is an infectious viral disease of dogs which is characterized by an elevated temperature, tonsillitis, corneal opacity, and severe damage to the liver. Hepatitis may be confused with canine distemper, however it differs in that corneal opacity is present in a greater number of affected animals than distemper and mortality rate is lower than distemper.

Dog from ages of one week to 12 years have been known to be affected by this virus however,

it is more common in young dogs between eight weeks and four years of age.

Puppies are immunized from the disease by the colostrum of first milk received from their mothers provided the mother is immunized and carrying the antibodies against the disease. Two weeks after weaning this passive immunity is lost and the young puppy is susceptible to the disease.

#### TYPICAL SYMPTOM

In typical cases, the owner notices the young dog has lost his desire to eat, play. An exudate may be noticed in the eyes. The mucous membranes of the mouth often appear a bright red. If the temperature is recorded it will be near 104 degrees.

#### CONTROL AND TREATMENT

Vaccination is the only means of controlling this disease since it is present where every dog exist. The vaccine is very reli-

able (up to 98 per cent).

Treatment is far more successful than in distemper. Broad spectrum antibiotics, blood transfusion, and good nursing are generally successful provided an early diagnosis is made and treatment is started early in the disease.

#### REMARKS

Infectious canine hepatitis can not be transmitted to humans. Infections hepatitis of humans has an entirely different etiology. If nothing else has been gained from this article except that CANINES DO NOT CAUSE HEPATITIS in man, it will be a big success. (NEXT WEEK - Leptospirosis.)

#### MADGE CLEMENTS RETURNS FOR CHECKUP

Madge Clements returned to Lubbock Tuesday for a checkup, following her eye surgery several weeks ago.

### 20 YEARS AGO

- 1942 -

One of Muleshoe's oldest grocery stores is now in the process of closing out. J. T. Gilbreath marked down every item in the store and announced that he was quitting business to devote his time and capital to the feed business which is already one of the largest concerns of its kind in West Texas.

For the past ten years, Gilbreath Grocery has served the people of this territory and for the past five years it carried the largest stock of goods between Lubbock and Clovis.

- 1942 -

The weather bureau or somebody pushed the strong button or something Tuesday afternoon. The change from summer to winter started with rain, which turned to sleet just before night. A high wind from the north brought heavier clouds laden with moisture.

..... - 1942 - .....

R. L. Jones was elected as Mayor in Tuesday's election by a one-vote majority over R. L. Brown. Jones received 31 vote to Brown's 30.

- 1942 -

Several members of the O.E.S. were in Littlefield Tuesday night attending a joint meeting of that organization.

Those attending from Muleshoe were Mesdames Carles, Beavers, Bobo, Gardner, Elliott, Copley, Tate, McCarty, Burkhead, Hart, Huckabee, Osborn, St. Clair, Mr. and Mrs. Howard Carlyle, R. J. Klump, and Miss Elizabeth Harden.

- 1942 -

Gail Holt, Ross Smith, H. D. King and Thurrell Lemons were in Houston Thursday to see about employment with a construction firm.

- 1942 -

High school students providing entertainment at the Parent-Teachers meeting Monday night were Gloria Gowdy and Troy Jordan with instrumental selections; Jo Ellen and Imogene Garland with vocal numbers and tap dancing by Jean Witte.

The American Revolution was financed in part by a loan backed by five million pounds of Virginia tobacco. Benjamin Franklin helped get the money from France.

# TO THE PEOPLE OF BAILEY COUNTY

For the past seven (7) years I have served as County Judge and Ex-officio School Superintendent of Bailey County. During this time I have tried hard to make a good official. And I appreciate the splendid support and cooperation that has been given me.

I am now, as you know, a candidate for re-election, and, in that connection, I would appreciate your continued support. I decided to run for re-election because of a desire to be of service in whatever capacity I am best qualified, and because so many people requested me to run again. I sincerely believe that any man with a feeling of public responsibility, had he been in my position would have done likewise.

A vital part of the responsibility of public service is the duty to give an accounting of one's stewardship while in office. I have always been and am ready today to do that. Therefore I say to you:

Due to the very splendid work of my efficient, capable and loyal secretary the records of our office are in as good shape as they have ever been in the history of Bailey County. I make that statement without reservation and without apology. The county books are audited every three (3) months by Alvin C. Webb, C.P.A., Littlefield, Texas. To anyone that would like to see them I will show a copy of any audit report, a copy of any County Budget, I will tell you how much money is in any count fund, I will explain every vote I have cast as a member of the Commissioners' Court, I will account for every penny I have received from the county for any purpose. To the best of my ability I will answer any question or explain any transaction of which I have any knowledge. I will do these things for you any hour of the day or night. So should you have a question, rather than to be erroneously influenced by hearsay, let me urge you to please come in and find out the TRUTH.

I am prepared, should I be re-elected, to carry on without any inconvenience to you, without any additional expense, without any change of personnel, which otherwise would be necessary, and I will render to you efficient, courteous and unselfish service.

## HE NEEDED A STRETCHER?

OLEAN, N. Y. (AP) — Firemen on an ambulance run struggled down two twisting flights of stairs, carefully carrying a man on a stretcher.

At the bottom, they put the stretcher down to rest.

The "victim" spied some mail in his mailbox, clammy got up and removed it, then lay down again with the remark: "I might want to read this in the hospital."

## "Bowl Down" On Cancer Slated At Tri-Co Bowl

Harold Griffith, owner of Tri-Co Bowling Center, has announced that props are set and plans ready for "Bowl Down Cancer" week to be held here April 22-28.

"Bowl Down Cancer" is a nationwide fund-raising and educational campaign undertaken by the bowling industry and the American Cancer Society to help strike down cancer and focus public awareness on need for combating the disease.

The campaign will include a nationwide tournament for all bowlers — league players contests — to raise funds to combat cancer; participation by professional bowling stars and movie, radio, and television personalities will participate.

The nine-banded armadillo has spread from the Rio Grande country in Texas northward to Kansas and Missouri and eastward to Alabama. Introduced into Florida about 1920, the armadillo flourishes there too.

According to the Florida Alcohol Rehabilitation Program, the need for a drink of liquor before beginning the day is a sign of increasing dependence on alcohol and the progressing illness of alcoholism.

## Sudan Neighbors

by Mrs. R. E. Scott

Mrs. Clovis Bridwell has returned home after being confined to the hospital in Amherst.

Mr. and Mrs. W. W. Flowers of Kingman, Arizona have moved to Sudan to make their home.

Mrs. J. W. Olds is reported to be doing well following surgery last week in a Houston Hospital. In Houston to be with her a number of days has been Mr. and Mrs. Byron Lynn and Mr. and Mrs. Lynn Olds.

Visiting Sunday in the Jack Downs home were relatives from Denver City and Littlefield.

### VINCENT INJURED

J. H. Vincent was injured Saturday while loading grain near Morton when he was reported to have been caught in the grain loading machine. He was taken to a hospital in Muleshoe where he was treated and has been confined a number of days.

Mr. and Mrs. Doyle Chapin and family were in Carlsbad Saturday to make a tour through the caverns.

Mrs. Wayne Gordon was confined last week to a hospital in Muleshoe.

### BRIDE ELECT FETED

Faye Scott was feted with a pre-bridal courtesy Friday evening when she was the honor guest for a dinner at the El Monterey in Clovis.

Those going for the event included Verna Munger, Sudan;

### COLLECTOR'S ITEM

George Candier had reason enough for her search, but for her helpers it was a labor above and beyond the call of duty.

Mrs. Gandier missed her diamond wristwatch, a gift from her husband, shortly after the garbage was picked up at her home. She guessed the worst.

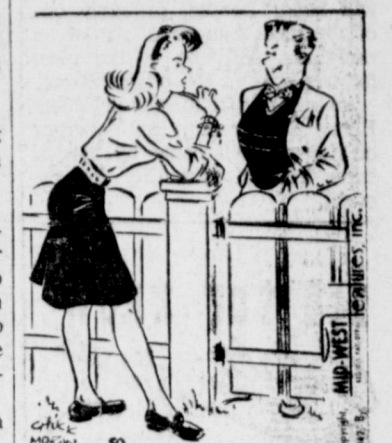

She called T. A. Redding, the garbage collector contractor, and he chased down the truck which had stopped at the Gandier home. The truck was driven to an isolated spot where Mrs. Gandier, truck driver and his helpers began the almost endless task of shifting through its contents — 10 tons of garbage.

But they found the watch. "I just sat down and cried. I was so happy," said Mrs. Gandier. "Those men were wonderful."

Dennis Bekemeyer, 18, of Champaign, Ill., will captain Dartmouth's indoor track team next season.

and Mesdames John D. Harmon, Gordon Taylor, D. L. Bussamus, James Timmians, George Oglesby, Bob White, all of Littlefield.

Mr. and Mrs. Dawson Muller and family visited relatives in Hereford during the weekend. Accompanying them were Mrs. Joe Don Parrott and Beth Price.

"Oh, Johnny, you're so sweet to say that... and it's all so true."

### IT'S THE LAW in Texas

#### FILING A DECLARATION

The Declaration of Estimated Income Tax form 1040 - E S, is over-looked by many taxpayers who regularly file their income tax returns. The purpose of this return is to put you on a pay-as-you-go basis as income is earned, where either the income you earn is not subject to withholding taxes or the withholding taxes are less than the net tax which you will have to pay upon filing your return.

The failure to file this return might result in a 6 per cent charge on the underpayment of installments which you should have paid. It is also to your advantage to file the return and pay your taxes on an installment basis so that you will not have a large amount of tax due at the time that you file your return.

Generally, an estimate must be filed if you expect to earn more than \$200 in income not covered by withholding taxes. In addition, you must file this return if you are single and expect to earn more than \$5,000 in 1962 or are married and expect to receive more than \$10,000 in 1962. However, no estimate need be filed if your estimated tax liability is expected to be less than \$40.

#### ESTIMATE DUE

If you are within the class of taxpayers required to file this return, your estimate is due not later than April 15, 1962, on form 1040-ES. With the return you must pay 25 per cent of the difference between your estimated tax and the amount you estimate will be withheld in 1962 by your employer. Similar quarterly payments are due on June 15, 1962, and January 15, 1963.

By filing this return and estimating your income tax to be the same or greater than the tax which you paid for the previous year, you will avoid all potential liability for interest penalties under the provisions of this section. However, if you attempt to estimate your exact amount of tax for the coming year, and estimate incorrectly, you should file an estimate or amend your estimate on the date the next quarterly tax payment is due and pay your amended estimated taxes over the remaining installment periods.

Farmers who earn at least 2-3 of their gross income from farming have until January 15, 1963, to file their declaration of estimated 1962 income tax. At this time, the entire estimated income tax is due. However, if he prefers, a farmer may file his final 1962 income tax return by February 15, 1963, and pay his entire income tax due at that time instead of filing an estimate on or before January 15, 1963.

### IT'S NOT LENGTH OF SERVICE BUT TYPE OF SERVICE THAT COUNTS

To complete his program for Texas and our people, Governor Price Daniel is asking only for a total of eight years as Governor —no more than is permitted for most officials from County Judge to President and Vice President if they are elected to two four-year terms.

Thirty-four States have four-year terms for Governors, and 19 permit re-election to a second term or a total of eight years.

All Texas County and District officers, except House members, are elected for four-year terms.

The two-year term for Governor is an out-moded relic of the past—34 States having gone to four-year terms.

The people should not be denied the right to re-elect a Governor who is fighting for their best interests simply because he has served two or three short two-year terms.

It is not the length but the type of service that counts.

**MULESHOE LANDMARK** for almost 40 years, the old "Coker" building has been a parking lot for St. Clair's. (Journal photo and engraving).

**MULESHOE LANDMARK**

**"Coker Building" Had Quite a History Of City Business**

By **BILL ELLIS**, Journal Editor  
The old building being destroyed at the corner of Main Street and American Blvd. where St. Clair's Department Store will have a parking lot has quite a history behind it.  
Several well-known Muleshoe individuals and business firms have either gotten their start in the building or had a connection with the white adobe-brick building at some time or another.

Before the demolition procedure started, the building was the second-oldest building one of the oldest buildings still in use in Muleshoe, being built sometime around 1924 by Connie Gupton, Sr.

The oldest commercial building still in use in Muleshoe is Lud Taylor's Barber Shop, built in 1923. Taylor has been in business at the same location for almost 40 years. The building housing Ray's Diner (formerly West's Diner) came soon after, followed by this building. The two formed a "team" on opposite corners of Main Street for nearly 40 years.

Muleshoe was just a budding town when the building now being torn down was built. There were only a few businesses established. Notably among these were the Muleshoe State Bank, M.P. Smith Grocery, E. R. Hart Lumber and Gupton and Son Grocery and Hotel and Lud Taylor's Barber Shop. A farmers group had established a wholesale oil company in the "sister" building across the street, and Magnolia Petroleum Company came into being at about the same time.

The first business to occupy the building was owned by A. W. Coker, who operated an associate Ford dealership there for about a year and a half.

Coker later put in the White Front Garage and Service Station and it operated for several years. Among those who ran the station was D. O. Smith, who now resides west of Muleshoe. Smith had the first official "headlight inspection station" in Bailey County while he operated the station. This was an early forerunner of today's auto inspection, although according to Smith, the drivers had to have their headlight certificate

before they could be issued license plates.  
Smith had operated the wholesale oil plant across the street previously.

**HIGHWAY DIFFERENT**  
In those days, the "highway" turned south down Main between the two buildings, proceeded across Blackwater Draw, which often had running water and wound around through the sand hills until it reached Sudan.

Of course paving was a thing of the future, and a wooden "track" was placed down to help the autos cross the draw.

Arnold Morris, who had worked in the Coker building when it was first completed, leased it in the early thirties, and operated a garage there until around 1940.

**COLLINS OPENS CAFE**  
During the time that Morris was in the building, Bob Faulkner had a real estate office in one corner of it. This part of the building was later occupied by Bill Collins, who started in the cafe business with a "lunch wagon" in front of the garage.

Collins had his cafe there for eight or nine years before moving to the location in the second block of Main which he occupied for several years.

Fry and Cox Brothers were in the building for about a year and a half before moving to their present location on South First.

Earl Ladd opened Muleshoe Implement and Supply at the location, and had the building for about five years, until 1946, when he moved to his new building on the Clovis Highway.

**GOSS RUNS STATION**  
Carroll Goss opened a service station in the building in 1946, and ran it until 1950, when he sold out to Red Glasscock, Francis Gilbreath and Jim Burkhead.

Sikie Watkins later ran the station. The location was last used for a service station about 1953.

The building has been used in recent years for fruit stand and more recently by the Swap Shop, which was opened in 1958 by Ben Higginbotham and Spencer Beavers. Butler Stephens has been associated with Beavers in the store the past few years.

So now the building, which helped start a "building boom" in Muleshoe in the early 20's is being destroyed. For 40 years it stood as a sentry on the north end of Main Street. With it goes many memories for several Muleshoe residents.

**DISCUSSING GINGER** are three members of the Muleshoe High School senior play "Time Out For Ginger" which will be presented Thursday, April 26. (Journal photo and engraving)

**KNOW YOUR C. OF C.**

**Organizational Structure Of Chamber Is Discussed**

In this second in a series of articles explaining what the Chamber of Commerce is and is not, we will take up the Organization Structure of the Muleshoe Chamber of Commerce.

Each fall, every member of the Chamber receives by mail a ballot with at least two names of members for each of the offices of president, vice president and treasurer, & for either four or five directors.

These names have been chosen from the entire membership list by a committee of five, named by the retiring president. Names of other members not listed on the ballot may be written in by the members.

The nominating committee then meets to canvass the ballots and determine the new officers and either four or five new directors. Since there are 13 directors, their terms expire in "staggered" sections so that one year five will retire, the next year four, and so on, with a quorum of experienced directors always remaining on the board.

For 1962, the following officers were elected: Frank Ellis of Singleton Funeral Home, president; James Jennings, Jennings Insurance, vice president; and Harold Allison, farmer, treasurer.

Directors elected this year include: John Smith, Corner Drug; Harmon Elliott, First National Bank; Spencer Beavers, Beavers Flowerland, Roger Albertson, Cobb's; and Bobby Airhart, Muleshoe State Bank.

Holdover directors are: Irvin St. Clair, St. Clair's; W. B. McSpadden of West Plains Hospital; Earl Harris, Western Auto; Bill Vimberly, Texas Sesame.

Committees are set up to carry out the program of work, and 1962 committees and their chairmen include:

Agriculture - Harold Allison, Roads and Highways - Bill Collins and Harrol Griffiths, Industrial - James Jennings, Education - Neal Dillman, Membership - Spencer Beavers, Retail Trade - Gil Herndon; Civic Affairs - L.B. Hall; Congressional - Gil Lamb Executive - Frank Ellis, Program of Work - L. B. Hall, Farm Diners - Bobby Airhart, Fourth of July - Harmon Elliott, Park - Alex Williams, Fire Prevention - Owen Jones, Tourists and

Convention - John Fried, Christmas Program - John Smith.

Each committee chairman chooses members to assist in the work set out for his committee, and meetings begin to augment the project.

At this point it should be pointed out that the Chamber of Commerce's role in civic affairs is that of an implementing body. The Chamber sees that the people who have the authority and leadership are put into contact with one another to get the job done. The Chamber is not a financing organization and cannot, for instance, undertake the financing of some needed civic improvement. In such a case, the Chamber, through its various committees would attempt to bring together people who can and know how to bring about whatever action is necessary.

Funds received by your Chamber from membership investment are used for administrative expense, special projects and promotions. An accurate account of all funds is kept meticulously. Special group appeal projects are not budgeted, but are paid by those participating.

Perhaps some word about the services performed by the Chamber office and staff would be of interest. During the normal day, an average of 25 persons visit or call the Chamber office for information or assistance. The Chamber acts as an information bureau, a clearing house of facts on a multitude of subjects, and the staff prides itself on seldom having to tell a caller they cannot find the answer to a question.

Reference material, ranging from census manuals to travel folders from every state in the Union are available to give the answers to inquiries. A recent attempt to record the number of inquiries directed to the Chamber office was abandoned out of sheer numbers.

Also, your Chamber office attempts to act as a clearing house for rentals, although this frequently bogs down when owners rent a unit and fail to notify the office, which carries the listing as vacant. Nevertheless, many newcomers head first for the Chamber office, and more often than not, are at least aided in finding

a home.  
Travel maps of very state are available free of charge, as are the informational map - brochures on Muleshoe. During the course of a year, many hundreds of these items are given to tourists and residents as well.

The unique little postal card which has become a "trademark" of Muleshoe, are dispensed to the tune of about 10,000 annually, also free of charge.

These are but a minute fraction of the services provided to the public by your Chamber of Commerce, all without charge, and regardless of Chamber membership.

(NEXT WEEK: The Program for Work for 1962.)

**Localites Plan Desmond Barry Visit April 18**

Harold Sneed, Bailey County Republican chairman, and Frank Hinkson, committeeman for the 30th Senatorial District, announced this week that Desmond Barry, of Houston, candidate for congressman-at-large, will be guest of honor at a coffee at Cox's Fine Foods Restaurant April 18. Barry has been described as "A poven fearless conservative—the man who fought Jimmy Hoffa as a private trucker." A local grain man said "he would walk a mile to vote for this fellow any time."

The public is invited to attend the 9:30 a.m. coffee Wednesday morning, April 18, to meet and hear Barry.

**DARSEY GRANDCHILDREN VISIT IN MULESHOE**  
The three children of Mr. and Mrs. Richard Miller of Clovis, New Mexico, are visiting this week with their grandparents, Mr. and Mrs. E. N. Darsey. Diane, five; Robin, three, and Randy, two, are enjoying their visit while awaiting the arrival of a new brother or sister. Mrs. Miller is the former Barbara Darsey who grew up in Muleshoe.

**TROUTMANS IN ARIZONA**  
Mr. and Mrs. O. D. Troutman are in Arizona on an extended vacation. A majority of their time will be spent in Phoenix visiting with Mrs. Troutman's mother, Mrs. Bonner, and with other relatives there.

**Santa Fe Shows Freight Boost**

Total carloads moved over Santa Fe System Lines for the week ending April 7, 1962, were 35,569 compared with 33,697 for the same week a year ago.

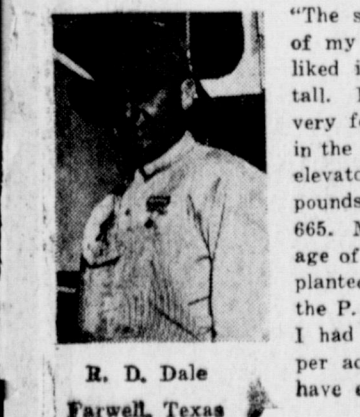

On-line loadings were 22,954 compared with 22,981 for the corresponding week last year.

Cars received from connections totaled 12,615 compared with 10, for the same week a year ago.

Santa Fe handled a total of 34,399 carloads in the preceding week of this year.

## Hepatitis Engulfed Texans In 1961

AUSTIN — A rising tide of hepatitis, sometimes called "yellow jaundice", engulfed 3,155 Texans last year, a 38 percent increase in cases compared to the 1960 rate.

Cases of both serum and infectious hepatitis has been rising throughout the Nation for the past two years. In Texas, cases reported during 1961 exceeded any other 12-month period since the State Department of Health began keeping records on the affliction in 1952.

The reason for the present upsurge is not known. Public health physicians say the disease seems to attack relatively large numbers of people—mostly youngsters and young adults—in regular cycles.

The elusive hepatitis virus attacks only humans. No other animal is known to be susceptible.

Infectious hepatitis—the virus of which is present in both blood and body wastes of patients—is usually spread by close contact with patients or carriers, and

**FISH ON THE DIAMOND**

**KNOWS HIS CAPACITY**  
At the end of an examination, the teacher in a mountain school told her pupils to write a pledge that they hadn't received or given any help. One gangling youth, who had suffered throughout the test, wrote: "I ain't received no help. And God knows I can't give none."

perhaps in contaminated food or water. Serum hepatitis produces the virus is found only in the patient's blood.

Most cases of infectious hepatitis occur among children and young adults, but people of all ages are susceptible. Fortunately, the disease is rarely fatal. Doctors report that the death rate seldom exceeds two percent, even in epidemics.

Victims usually begin feeling sick three or four weeks after exposure. They usually lose their appetite, feel fatigued and weary. They might be severely nauseated, and will feel achy and sore. A sensation of heaviness may be felt in the stomach.

One of the most prominent symptoms is a yellow discoloration—known as jaundice—of the skin and whites of the eyes. But some persons never show such discoloration, and children sometimes contract the disease without showing any of the typical symptoms.

Having one bout with infectious hepatitis usually, but not always, insures against a second one. In any suspected case, a physician should be called at once. Bed rest and adequate diet are necessary to an uncomplicated recovery.

The most efficient tools for preventing infectious hepatitis are good personal hygiene, handwashing before eating or preparing food, and a high level of community sanitation. Contacts of known cases should see their family doctor as promptly as possible after exposure to see if injections of immune serum globulin are advisable for passive protection. ### CHECKED OUT

Student pilot, Jack Van Ness of Sudan was at the Muleshoe Flying Service Sunday afternoon for a check out flight in the J-3. Morgan Locker made check ride with him, then he flew the craft solo.

Van Ness who farms in the Sudan area has 24 hours of flying time logged.

**FROM COLORADO**  
Landing their 250 Comanche here from a flight from Walsh, Colorado were Johnny Shafer, Walsh Real Estate dealer, Hobart Judd, Gary Hall and Wayne Garth.

They were here on business.

**SUNDAY FLYERS**  
Those taking passenger rides over the weekend were CARL CALHOUN and KIM GALYON. They had flown once before in a Cessna in 1956.

MARLIN and JODY MILLS and LARRY DURRETT took a ride in the Tri-Pacer as did the ERNEST MARTIN family.

Others flying were Mr. and Mrs. STANLEY ROBINSON and Mrs. Sue Milsap.

Rogelio Gonzales and Junita Daniels were passengers on a local flight Sunday.

**PILOTS FLYING**  
JACK LITTLE took his family for a ride in the Comanche, then later in the week had JACK MORRIS of the Ford Motor Company as a passenger on a local flight.

**GRIFFITHS TO FLOYDADA**  
Herbert Griffith chartered the Flying Service Tri-Pacer and flew his family to Floydada Saturday where their daughter, Monica, was participating in the district Interscholastic League Literary events.

**NEW STUDENT**  
JOE MILSAP is a new student in flight training. Milsap is advancing and is now working on his landing and take-offs.

Tech students, Henry Collins, Linda Harper, and John Mast flew to Muleshoe Tuesday in a Cessna for dual instruction in the 2-22 sailplane.

Collins showing an enthusiastic interest in the sailplanes had called prior to his arrival for the weather was warm enough to provide the necessary thermal activity. Flying Service personnel told him to wait until warmer weather, but Collins, anxious to try, flew in and Morgan Locker and Fred Boyd moved the craft from its winter storage place readied it for flight and with Boyd flying the Super Cub tow plane Locker made the test flights.

Collins then made his first flight with Fred Boyd instructing and Neal Everett at the control of the tow plane.

An altitude of 1,200 feet was gained on the initial flight and 2,000 on the second. On the third and final flight, thermal activity was strong and circling, they reached 5,000 feet.

Collins, a native of Montgomery, Alabama, began flying at the age of 17 and since enrolling in Tech where he is a senior student for electrical engineer, has continued to fly. He has 200 hours logged and holds a private rating.

**ST LOUIS CARDINALS**  
ST. LOUIS (AP) — St. Louis is the only city in the nation with two major league athletic teams carrying the same name. The St. Louis baseball and football teams are both called the Cardinals.

And both are in leagues with the word National in the title.

However, nicknames of the teams are different. The baseball team is called "The Redbirds" and the football team "The Big Red."

## TWENTY-FIVE YEARS OF CANCER PROGRESS

Today, millions more Americans have annual checkups than they did 25 years ago. Millions more know Cancer's Seven Danger Signals. Early detection and prompt treatment of cancer is the keynote of the American Cancer Society's public education program.

In 25 years, the death rate from uterine cancer has dropped 50 per cent. Dr. George N. Papanicolaou developed the "Pap" smear, a technique for detecting uterine cancer in its earliest, most curable stage. This has helped save thousands of lives.

Research has led to improved treatment by surgery and radiation, and to new life-prolonging drugs. Today, over 1,000,000 Americans are cured of cancer. Only 160,000 had been cured 25 years ago.

**TWENTY-FIVE YEARS AGO ONLY ONE CANCER PATIENT IN SEVEN WAS SAVED. TODAY IT IS ONE IN THREE. IT IS POSSIBLE TO SAVE ONE IN TWO, SAYS THE AMERICAN CANCER SOCIETY.**

FARMERS, RANCHERS

Over 1,200 Attend Plainview Meeting

More than 1,200 farmers and ranchers from across an eight-county area of the High Plains attended the 27th annual stockholders' meeting of the Plainview High School Auditorium and cafeteria.

Guest speaker at the home-owned and operated agricultural credit organization's meeting was W. H. Calkins, vice president of the Federal Intermediate Credit Bank of Houston.

Calkins said any nation on earth would be thankful to be able to provide sufficient food and fiber with only 10 per cent of its population engaged in agriculture, as does the United States.

In other business meeting activities L. R. Durham of Plainview was re-elected to the association's board of directors for a three-year term.

Officers named in a board reorganizational meeting, held following the stock-

holders' meeting, Durham was re-elected president, Henry Hayes Plainview elected general manager and secretary - treasurer and Fred Conner of Plainview re-elected assistant general manager.

Assistant Manager Conner gave the association's financial report. He said the association's assets totaled \$15,994,095 with capital and reserves of \$4,292,183.

Elmer McGill of Olton, chairman of the 1962 nominating committee, reported on activities of his committee and conducted the director's election.

A 1963 nominating committee was elected, composed of W. E. Schott, Jr. of Briscoe County, M. I. McNeill of Floyd County, Oliver King of Hale County, Wiley Baker of Bailey County, Jay Boston of Castro County, A. L. Doan of Swisher County, C. D. Kirkpatrick of Lamb County and Shirley Garrison of Dimmitt, member-at-large.

President Durham gave the invocation and Director Shepard served as chairman for the meeting. Entertainment was furnished by Mrs. Inez Ferrell at the piano and by the Stamps Quartet.

Manager Alexander introduced special guests and office personnel including: Truman E. Price, H. L. Howerton, Steve Scott, Sarah D. Ross, Melba Kelly, Billy Bevel, Frances Miller and Ruby Lean De Ment of Plainview; W. B. LeVeque, Jo Len Ballew and Frances Powers of Muleshoe, and Frances Miller and Ruby Ewing L. Date Extended On All-Risk Crop Insurance

Due to the increase demand for Federal all risk crop insurance the closing date for filing applications for cotton and grain sorghum insurance for 1962 has been extended until April 30, in the counties of Bailey, Crosby, Castro, Swisher, Hale, Lamb, Hockley, Lubbock, Floyd, Lynn and Garza, it was announced by Joe L. Matthews, District Director, Federal Crop Insurance Corporation. The Federal Crop Insurance Corporation is an agency of the Department of Agriculture.

Cotton crop insurance was first offered in 1942 and since that time many changes have been made in the program. The cotton insurance program is all-risk covering hail, flood, excessive moisture, insects, wind and any other loss due to adverse weather.

The program now offers a lint guarantee per acre and also permits producers to make dollar selections per acre according to preference and need for payment of losses. These dollar amounts range from \$30.00 to \$80.00 per acre. With premium rate for grain sorghum is \$4.50 per hundred dollar amount of insurance.

Many cotton and grain sorghum producers have filed applications for this economical way to protect their cotton and grain sorghum crop investment for 1962, Matthews said.

Applications for cotton and sorghum insurance are serviced 1219 13th Street, Room 110, Lubbock, Texas and the Lubbock County Office is located on the fourth floor of the old courthouse, Phone Porter 2-1229.

Mr. and Mrs. Bob Gilmore and two daughters of Lubbock were also in Muleshoe and Lubazduie one day last week to visit with the couple and other friends and relatives.

James is stationed at James Connally Air Force Base. Mrs. Gilmore will be remembered as the former Mozella Ellis.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — At a joint meeting of the Governor's Highway Safety conference and the Texas Safety Association, Gov. Price Daniel said that good traffic safety legislation still is lacking because citizens "have never taken enough time to tell their legislators exactly what they want."

He said that five bills which have failed to pass will be introduced in the January session, "regardless of the identity of your next governor." These concern: 1. State financing to pay the teachers in public schools.

2. Complete revision of the driver-licensing law. 3. A chemical test law for use in cases of driving while intoxicated - designed to free the innocent and provide medical evidence against the guilty.

4. Adequate city and county traffic courts of record to handle traffic cases with efficiency and justice. 5. Authorization for additional highway patrolmen and additional pay for Department of Public Safety personnel.

Although the Legislature lately approved 51 additional highway patrolmen, a \$300 increase in pay and set a floor of \$4,947 annual salary, the governor reported the patrol still is 150 men short of its authorized strength of 804. He feels the pay hike was insufficient.

VOTERS LIST — Comptroller Bob Calvert added up the poll taxes and exemptions sent in by the counties and found 2,355,159 Texans qualified to vote. This is an increase of 300,000 from 1958, the last non-presidential election year. But it is virtually the same as the number of qualified voters in 1952.

Still holding the record is 1960 with 2,599,924 Texans qualified to vote. TEACHERS QUIZZED — Texas school teachers are pretty good at answering their examinations. Texas Education Agency sent out questionnaires to about 95,000 school people. They expected a 30 per cent return but 92,000 answered.

Questions were part of a Texas Legislative Council study of teacher training. Results will be fed through computers to give lawmakers an idea of what school people think about the way public schools are run and how teachers are trained.

WATER LOANS HIT — The state will borrow another \$15,000,000 on April 19 to help local water districts, river authorities and cities on their water projects. Texas Water Development Board has the authority to borrow up to \$100,000,000 for this purpose.

Its first bond issue of \$10,000,000 is nearly used up in four loans. So another \$15,000,000 worth of bonds will be sold. Major project helped so far by this state program is the Toledo Bend reservoir on the Sabine River near Newton. It will get a \$15,000,000 loan over the next four years.

PADRE STUDY — Herb Petry, chairman of a special committee to study the various proposals for making Padre Island a recreation area, said the committee will have a meeting in April to decide on its recommendations.

Governor Daniel appointed the committee after differences developed as to whether Padre Island should be turned into a recreation area by the federal or state government. A bill in Congress has authorized federal purchase of a large part of the island as a national seashore area. But the bill has not passed the House of Representatives because South Texas Congressmen favor a smaller area if any at all.

GI FARMS — Veterans Land Board has sold 20 repossessed GI farms for \$19,000 more than it had invested in them. But it turned down bids on a Grayson County tract which drew 33 bidders.

Board tried, but failed, to put a block deal together by advertising for bids on an 860 acre farm in Zavala County; Board had set the minimum bid at \$150,000 but nobody bid.

Only qualified veterans who have not made GI land loans were eligible to bid on the tracts. PROFESSORS' PAY — Two University of Texas department heads told their troubles as they moved into a new \$4,000,000 business and economics building.

Dr. Carey C. Thompson, chairman of the economics department, said he recently lost a good faculty member to the University of Rochester which bid up his salary from \$7,800 to \$13,000 a year.

Dr. John Arch White of the College of Business Administration said his college had not had a full staff since the end of World War II. Last year he needed to hire 12 young instructors but could only find eight and then lost four of them. Other employers outbid his salary limits.

The two departments have a fine new building but are hard-pressed for professors for their growing number of students. Sunday SALES — Atty. Gen. Will Wilson has held that the new law which prohibits carouse does not prohibit the sale of mobile homes (house trailers.)

New law requires retailers in many lines to close either on Saturday or Sunday. ROSEMARY POOL TINNEY AND SON HERE FOR VISIT Mrs. W. A. Tinney and son Mike of Abilene are here visiting her parents, Mr. and Mrs. Lee Pool.

**TAX SERIES**

# Be Sure To Count Every Dependent When Figuring Tax

By JAMES MARLOW  
Associated Press Staff Writer

EACH EXEMPTION you can claim — in filing your 1961 income tax return — means \$600 knocked off your income before what's left is taxable.

Everyone filing a return gets a \$600 exemption for himself and \$600 for each dependent. (A wife is NOT a dependent. Husband-wife exemptions were explained in article No. 3 of this series.)

The rules are different for different kinds of dependents. A dependent could be your child, parent, some other relative or a friend.

While each person filing a return gets an extra \$600 exemption for himself if he was 65 and another \$600 exemption if he was blind, you can't claim either of these extra exemptions for a dependent.

You can't claim as a dependent a stillborn child. But you can claim in the case of your child who was born or died in 1961 if you contributed to more than half his support in that part of the year while he was alive.

Age 19 is a magic figure in claiming as a dependent your own child, adopted child or stepchild.

You can claim him as a dependent if he was under 19 even though he had \$600 or more income of his own — if you provided more than half his support.

You cannot claim an over-19 child as dependent unless he was a full-time student — if he had \$600 or more income of his own — even though you provided more than half his support.

He wouldn't qualify as a full-time student if he had a full-time or part-time job and went to night school or took correspondence courses.

The under-19 child who qualifies as a dependent must, if he had \$600 or more income of his own, file his own return, claim his own \$600 exemption, and pay any tax owed. But — you could claim him as a dependent, take a \$600 exemption for his on your return, and NOT have to include his income in your return.

**SCHOLARSHIPS FREE**

If your child received a school scholarship, it is NOT considered income for the child in determining whether you paid more than half his support.

You can't claim exemption for a married child who filed a joint return with his or her spouse to

even though you paid more than half the child's support.

You can't claim as a dependent a paid servant in your house. But you can claim as a dependent a friend who lived in your house a full year if he got more than half his support from you and NO income of his own amounted to \$600.

These relatives, in addition to your child, can be claimed as dependents if they fit the rules given below:

Your grandchild, great-grandchild, and so on; your legally adopted child or your stepchild, but NOT the latter's descendants; your brother or sister, half-brother or half-sister; your parents, grandparents or other direct ancestors, but NOT a foster parent; your stepfather or stepmother; your aunt or uncle, meaning a brother or sister of your father or mother; your niece or nephew, meaning a son or daughter of your brother or sister; your father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law or sister-in-law.

None of these relationships ends through death or divorce. You can, for example, continue to claim your father-in-law as a dependent if he got more than half his support from you, even though your wife died or divorced you.

None of the relatives listed above has to live with you in order to qualify as a dependent. Example: you may have been paying more than 1/2 the support of your mother who was living with your sister.

In short, you can claim any of them as a dependent if he got more than half his support from you and did NOT have \$600 or more of his own in taxable income.

Suppose your brother — even though he got more than half his support from you — earned \$600 or more from odd jobs. You couldn't claim him as a dependent. He'd have to file his own return — because he had at least \$600 taxable income — and take his own exemptions.

That raises an important point in judging who's a dependent: the difference between taxable and nontaxable income.

Social Security benefits, for instance, are nontaxable and do NOT have to be reported by anyone filing a return because he had at least \$600 of taxable income from some other source.

But on the question — did someone you want to claim as a dependent get more than half his support from you? — you must figure the total support he got from all other sources.

For example: suppose your mother received \$800 in Social Security benefits but put the money in the bank and didn't use it to live on. You could claim her as a dependent if you provided more than half her support.

Suppose, however, instead of banking the money, your mother used the \$800 to help her live. You couldn't claim her as a dependent unless you contributed more than \$800 to her support from your own money.

## Driving Tips

**THE SKILLED DRIVER**  
By SHIRLEY SMALLWOOD

The skilled driver can get away with it every time — except once.

He can rush to work every day, forgetting the stop sign on the corner. He can pay no heed to the "yield right of way" sign. He can speed through a school zone and never stop for pedestrians. The curve he has never been around before has a listed speed of 25 mph, but he thinks he can make it at 30 mph.

The "skilled" driver has a built-in radar and knows precisely when the police are near. His extra sense tells him when radar is set up on the highway. Sure, he's a "skilled" driver, skilled in how to avoid fines, tickets, etc.

He has broken the law even though he wasn't caught. But the law of averages will enforce itself. Only once must it take action. Yes, the skilled driver can get away with it every time . . . except once.

**KNOWS HIS SLIDE**  
ST. PETERSBURG, Fla. (AP) — Bob Miller, 23, was pitching for the New York Mets when Dick Groat of the Pirates looked bad swinging at a two-strike fastball that never stopped breaking until it reached Hobie Landrith's mitt.

As Groat walked away he turned around and asked: "Slider?"

"Yes, slider," said Umpire Ed Sudol.

**LOCAL FAMILIES SKI IN SANTA FE BASIN**  
 Four local families, the Herbert Griffiths, James McPhersons, Bill Jim St. Clairs and Morgan Lockers went to Santa Fe for a day of skiing, Sunday April 1. Leaving Muleshoe before dawn the group drove to Bishops Lodge located in the Santa Fe Ski Basin where they enjoyed trying their luck on the slopes. Griffith, who had skied only a few times, provided a comedy version of the sport. Others in the group said Griffith showed true sportsmanship, by making 2 runs on the beginners slope then on to the highest run from which he continued to ski for the remainder of the day.  
 They returned to Muleshoe last Sunday night.
