IT all started as an idea and a dream -- with the dream being to dress as many females as possible in Originals, Charlie's Originals. And, after a year, and starting out with just the dreams and on a shoestring, Charlie Hanks has watched her dream blossom.

In fact, she has outgrown her original location on South Highway 214, and in the first anniversary month of the unique business, she has just purchased a new location.

In April last year, Mrs. Hanks opened her store with one employee, Clara Sudduth, who is a designer and seamstress. Mrs. Sudduth coordinates the operation when Mrs. Hanks is at market, or traveling for her business.

Mrs. Hanks laughingly recalls, "When Clara started to work, I told her I didn't know what would happen, and she may just work parttime, or perhaps for just a short time."

However, the way things worked out, Mrs. Sudduth has now been joined by nine other full-time employees of the clothing operation.

Mrs. Hanks has now purchased the former

Heathington Lumber Co. location, and will be renovating the existing building to house her expanded operation.

But, that's not all she will be doing. Charlie's Originals Inc. will be joined at the new location by several other businesses in what is expected to become a 'Shopping Plaza.' She said that at this time, signed up to join the new venture are a gunsmith shop, a photographer and two insurance companies. She will also have other space available, and said she hopes to acquire a small bakery, sandwich shop, or other specialty shops at the new location.

She said she expects to have the building renovated and be moving her own operation to the location at West Eighth Street and American Blvd. in May.

Charlie's Originals Inc. has been approached by other stores who want to stock and sell her uniquely designed clothing, which includes personalized jeans, blouses, jackets, dresses, skirts, sweaters, vests, purses and other items of clothing in many styles.

CHARLIE'S IS EXPANDING--Charlie Hanks is surrounded by some of the fabrics and original designs on display at Charlie's Originals. After one year in operation, she is enlarging and expanding, and will be moving to a Shopping Plaza she is building at West Eighth Street and American Blvd. Other businesses will be located in the facility, which is the former location of Heathington Lumber Co.

The transmission you choose for your car can vary well determine the gas mileage you will get. For instance, if you don't mind shifting gears, a four speed transmission will get the best mileage on any automobile. If, however, you plan to use the car in town the majority of the time, an automatic is much more convenient and you can use it with slower starts and get fair mileage in town. We are proud of our new automatic transmissions as they are designed to get the best mileage of any automatic yet built. Before you buy your car, pick up a brochure from us on the transmissions--it could save you money.

# Easter Sunday Services

## One Perfect Love

By Rev. James Williams  
Calvary Baptist Church

Throughout the world man is celebrating this great day with sermons, special services, choirs and rituals; however it is impossible for man to do justice to this day by celebrating alone. The resurrection of the God-man is high as the heavens, deep as Hades, broader than the universe and fuller than the oceans. Everyone must visit the empty tomb with reverence, humility and deep appreciation, as it signifies to the world God's great love for all mankind.

We see in John 3:16 that God so loved the world that he gave his only begotten son that whosoever believeth in him should not perish but have everlasting life. God gave the supreme gift, His beloved son for us.

John 15:13 tells us, "Greater love hath no man than this, that a man lay down his life for his friends. Jesus made the supreme sacrifice. He gave Himself for us.

This is true love; this is that One Perfect Love. It will last and of this love there is no shortage. This unequalled love was manifested on that great day.

Jesus was crucified in an agonizing death for us. He was placed in a tomb. A new tomb which is fitting because he was a new king of man - the God-man. Everything was new about Him, His virgin birth, His life and His mission, which included His death and resurrection. It is hard for us to visualize that He that made heaven and earth lay in a grave as we must. He that created light for the entire universe was in darkness and He that gave sight to angel's eyes had His own eyes closed in death.

The two Marys came to visit the tomb because they had lost the presence of the One who had been their greatest delight. The tomb speaks of sorrows and separations, of voids and vacancies in homes. These thoughts sadden our hearts, but there is good news, too.

These two Marys were the first to hear the triumphant announcement, "He is not here: for he is risen, as he said. Come, see the place where the Lord lay." They, and the world, had the glorious assurance that death was conquered.

This announcement showed that the tomb was empty, but our hearts can be full. Our hearts can be filled with joy, security and happiness that can only come from that One Perfect Love.

We are told in John 15:11-12 "These things have I spoken unto you, that my joy might remain in you, and that your joy might be full. This is my commandment, That ye love one another, as I have loved you."

It seems the world has forgotten this commandment, as we hear of the conflicts and sorrows that burden the hearts of man. We should let the love of God live in us and touch our fellow man through us. The Great Example is before us in His Word.

This is the day we honor the resurrection of our Saviour. Many a man has died, but only one has rose from the grave on his own power. His name is Jesus. This means that every true believer can have a living salvation and will one day vacate his tomb.

Read God's Holy Word and attend the church of your choice to learn more of this One Perfect Love. This day let us return that love and say in our hearts.....  
Jesus, I Love You.

## Stories By 6th Grade

Mrs. Watson's 6th grade Reading classes created original stories using Brand names: Here are several examples of these.

### The Fun Ranch

I want to tell you about the WHITE RAIN ranch, which covered most of HEINZ and BORDEN counties. The ranch foreman was HERSHEY SASSOON. Families living there were SMUCKER'S, BAMA'S, LIPTON'S, and DEL MONTE'S. Mrs. ORIDA was employed as the cook, Mrs. WISK the housekeeper, and Mr. PALMOLIVE as butler.

AUNT JAMIMA visited her nephew, HERSHEY SASSOON, very often. She usually brought CLAIROL, her daughter with her. This time it was CLAIROL'S birthday, so some of the hands, BAMA ADORN, LEVI STRAUSS, OSCAR MEYER and LIP-TON VANISH threw a party for her at HORMEL'S cafe.

CLAIROL really enjoyed it and everyone else, too. OSCAR MEYER and CLAIROL JEMIMA got married. They lived at the

ranch forever and ever, which was near ARM AND HAMMER, North Dakota.

### Mary Kay, John Deere

One day MARY KAY and JOHN DEERE went to the COAST to take a swim before the TIDE came in. When they got out of the water, they found a GOLD MEDAL and they didn't know who it belonged to so they took it to the BORDENS to see how much it was worth. They found out that it was worth 10,000 dollars.

The MORTONS went out and bought a new CHEVROLET, they went over to COTY'S house to show off their new car. As they were leaving they noticed the DIAL was off the radio and COTY said, "What happened!"

The CAMPBELLS bought a floating KRAFT and went to ALIS CHAL-MER'S house to show off their KRAFT. When they came out they saw a hole in the DASH of their new KRAFT.

By: Adrian Perez and Jeff Vinson

### The Jealous Pepsi

SHASTA and MR. PIBB were getting married March 34, 2000 A.D. at the GULF. They were inviting 7-UP, DR. PEPPER, COKE and some others.

PEPSI was jealous of MR. PIBB. PEPSI came to the wedding. When MR. PIBB kissed SHASTA, PEPSI was so mad he spewed everywhere. DR. PEPPER recycled him and he was still mad so he moved to ZEST island. Then he fell in love with HAWIIAN PUNCH. They lived happily ever after on the COAST of ZEST.

By: Mike Harris West Hanks Donny Burreis

### Man Named Borden

By Ricky Rasco and David Vela

A man named Mr. BORDON went to the COAST and watched the TIDE come in.

As he was standing on the beach the LIFE-GUARD told him to listen to the BELL in the chapel.

Mr. BORDON and his wife, Elsie, went to the town named OREIDA.

Here they met BETTY CROCKER who was SURE she was the best cook. They had the JOY of eating with her.

Mr. BORDON went on to SALEM to meet the JOHNSONS.

They had a horse named CRISCO and CLOSE-UP, he had very long LEGGS.

The horse CRISCO eats TENDER VITTLES and BONZ. The BORDEN'S family went to SEARS for a SHAK-BAKE CONTACT. Here everyone was RAVING about the CAMEL who took WHIRLPOOLS.

At SEARS they met two girls named CHARMIN and SINGER who were going to a CHUCK WAGON supper. They had to call their folks to see if the BORDEN'S could spend the night. When they

DIALED the number they received a busy TONE.

At the CHUCK WAGON there was a display of KRAFTS.

Everyone was very nice to the BORDEN family.

SINE-OFF Ricky Rasco & David Vela

He has been teaching for 6 years, 3 here, 2 at Plainview, and one at Kress. When asked how the year was going he said, "Real good."

It's easy to see where many of our priorities are.

The children of today are looking to us for ways they can prepare for their own style of life... families... and job opportunities. To help, we'll need more electricity. It's true, electricity will play a big role toward helping expand the job market to include these adults of tomorrow. The modern use of electricity has contributed to a better educational system to prepare our young people for the new experiences yet to come. Almost 10 years ago, the folks at

Southwestern Public Service wanted to make sure there was enough electricity to keep today's wage earner working. They decided that the fuel used in their power plants should be coal because, coal would be more abundant and cheaper to use than the conventional fuel... natural gas. Now, Southwestern Public Service has a new coal plant in operation and more on the way. Yes, coal plants will help stabilize fuel costs while providing a long-term, reliable, energy source to provide electricity.

It's good to be able to tell someone what they can depend on.

### New loans help owners improve homes

COLLEGE STATION — Buying up is slowing down. Families who need more space are finding that moving to a larger home is too expensive. Instead, many are adding a room, putting in a swimming pool or converting the garage into a den.

The Texas Real Estate Research Center at Texas A&M University reports that money for long-term home improvement loans, which has been difficult to obtain from savings and loan associations and commercial banks, may be more available when the Federal Home Loan Mortgage Corporation (FHLMC) begins rebuying home improvement loans from local lenders later this year.

This new practice is expected to increase the total number of loans and the dollars available at the local savings and loans and participating banks.

The FHLMC announced that the maximum amount available will be \$30,000 for single-family dwellings and \$60,000 for multi-family units with terms from three to 20 years.

### Observing Easter

"Jesus said, I am the resurrection and the life: he that believeth in me, though he were dead, yet shall he live: and whosoever lieth and believeth in me shall never die." John 11:25.

Easter, the day on which we celebrate the resurrection of our Lord, should find us worshipping Him in His Church. He is alive! His presence fills the sanctuary! All things are made new. It is the time of beginning again. Attend church and join your neighbors in singing praises to God for His Glory and Power and Love; and some of this Resurrection Joy and Power will come to you.

THE CHURCH IN THE CHURCH

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedom which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
