

Jaycees Discuss Upcoming Pageant

Muleshoe Jaycees met at L.B.'s cafe Monday at noon. Plans for the upcoming Miss Muleshoe Pageant were discussed. John Blackwell chairman said that we now had 12 girls entered and looked like it was going to be a real success.

The program was brought by Roger Simpson of the Muleshoe Rattlesnake club. Roger talked about the snakes that are native to this area and told of their habits. He covered such items as life span, habits, diet and myths connected with the rattlesnake.

Roger has a display of copperheads, Rattlesnakes, King snakes, Bullsnares, garter snakes and coach whip snakes. He also had an iguana lizard from Africa. These are the descendants of the dinosaur age reaching weights of two lbs.

Salary Hike Studied

Six Teachers Resign Position

Resignations of six teachers have been accepted by the Muleshoe Independent School Board, it was announced following the Monday night meeting. They are Mrs. Becky Gravitt, English II, High School; Bill Gravitt, history teacher and assistant high school coach; Larry Harris, band director Junior high school; Leasel Richardson, choir director, Muleshoe high school; James T. Perry, woodwork teacher, high school; and Mrs. Gladys Eggers fifth grade teacher, Richland Hills school.

Approved for employment are Royce Barnes and David Gibson.

Barnes will teach math and is assistant high school coach. He has had six years

experience, two years at Hale Center and the past four years in the Lubbock school system. He is a graduate of Levelland high school and holds a B.A. degree from Hardin-Simmons University and will receive his M.A. degree from W.T.S.U. this summer. He is married and has two small children.

Gibson is a history teacher and assistant high school coach. He worked in the physical education department and helped coach Freshman football at W.T.S.U. He is a graduate of Odessa high school and holds a B.S. degree from W.T.S.U. He and his wife have one small child.

In other business, Muleshoe State Bank submitted the low bid for the school depository and Williams and Merriman, C.P.A., was the selection made to audit the 1966-67 school funds.

The tentative estimated budget for 1967-68 were discussed and studied. New salary schedule and rising costs were studied and the salary scale decision was postponed as was the setting tax rate, in order that a more detailed study could be made. A special board meeting has been set for Monday, June 26 at 8 p.m.

The expense statement of the band and choir trip to Corpus Christi was given. Transportation figured \$3,316.20; gas for a special car was \$29.52. Lodging totaled \$1,699.94; entrance fees cost \$229.60; miscellaneous, \$12.30; insurance \$52.50; telephone \$22.49 and meals totaled \$3,000 for the 150 students paid for by the individuals.

The board will let bids on gasoline and milk in July rather than in August so that budget estimate may be more accurately made.

A study of the budget revealed that it is headed for a deficit even though the revenue collected from local taxes and state revenue is a little more than was estimated last August when the budget was approved. A total of \$10,095.04 was ap-

proved for the athletic football budget including the varsity team through the 7th grade. The budget figure for basketball totals \$2,685 and includes 7th and 8th grade boys and girls and varsity boys and girls games.

For track \$929.75 has been set aside in the budget for varsity and 7th and 8th grades. Varsity golf calls for \$150, and first aid has been set at \$543.65.

The above figures brings the total athletic budget to \$14,404.11.

Cooperative To Hold June Meeting

Farmers Cooperative Elevator will hold a stockholders meeting Thursday, June 29 at 8 p.m. in the high school cafeteria.

A report will be heard from a qualified auditor who has made a careful study and analysis of our operations. Printed condensed forms will be available.

Regional cooperatives will give their reports and a short film will be shown.

Two directors will be elected to the seven-man board. Refund checks will be distributed.

The barbeque supper will be served promptly at 8 p.m. with the business meeting beginning at 9 p.m.

Urges Community Unity

Janca Resigns C of C Post

Bob Janca, manager of the Chamber of Commerce here since July 1966 submitted his resignation to the Board of Directors at the Monday meeting. His resignation is effective July 5.

Janca will assume the managerial duty of the Port Lavaca Chamber of Commerce.

growth is the major faction of thought and not the minor interest.

"There is much more enthusiasm in the volunteer worker-type groups here than I have found in my home town of Alice and in Seminole, and channeled in the right direction, could develop into many worthwhile and vital accomplishments for the area financially," Muleshoe is large enough to require unity. The point has been reached when

one can no longer think about 'my store alone, my business alone or Muleshoe alone,' but should see allies and think in terms of welfare of the entire area and its people. Through unity, many things are gained for the good of all concerned.

If you should ask yourself the question "What are we doing?" and find the answer to be "nothing..." then it is time to change that answer from nothing to "something."

To find out what your town has... the possibilities it has through unity and move constructively toward fulfilling that goal, will inevitably lead to industrial growth for the area," Janca said in conclusion.

Firms Merge John Smith, Sam Damron Purchase Ben Franklin

John Smith and Sam Damron, both long-time businessmen, have purchased the Ben Franklin franchise from City Products of Illinois.

Smith has been owner-manager of Corner Drug for many years and Damron has been associated with his father at Damron Drug since childhood. Smith has been in the drug business for the past 32 years.

The new owners will move Corner Drug into the present Ben Franklin building which will also be the location of the Bus Depot.

Plans are to add a side door on the south side of the building for customer convenience and remodeling is to begin in the near future.

Smith and Damron hope to complete the improvements within six weeks.

In merging the two businesses, the establishment will be known as Corner Drug and Variety. The store will feature all the merchandise now found in both stores in the one firm, including fountain service.

CREW MOVES IN -- The Ed Hardage combine crew from Farwell moved into wheat field all over the area this week, getting the grain to the elevators. Three machines are used by the Hardage crew along with two trucks. Lorenzo Soles and Clyde McDonald are shown coming in to dump their first load in the W.E. Rundell field following Gene Hardage with the first load. Mose Glasscock, Farwell and C.M. Brown, Muleshoe, stay busy catching the wheat and getting it to the elevators.

Olton Youth Improves After Palo Duro Fall

An over-night outing for the Olton 4-H Club ended Sunday, June 11, with near tragedy as one of the members on a mountain climbing adventure fell some 100 feet from a cliff to the canyon floor.

Fourteen-year old Kerry Don Wheeler, son of Mr. and Mrs. T.B. Wheeler, remains in a semi-conscious condition here in West Plains Hospital where he was transferred after being hospitalized briefly in Canyon following the accident.

Approximately 49 4-H Club members and adults were on the sixth annual camping trip when the youth fell from a 50-foot cliff, landing on a ledge of another cliff, then falling another 80 to 100 feet to the floor of the Canyon.

He is reported to have suffered internal injuries, a skull fracture from the base of his head to the top, and numerous cuts and bruises.

Young Wheeler was unconscious when rangers, ambulance attendants and others rushing to his aid arrived.

His father said he was some three-fourths of a mile away and drove part of the distance, then traveled by foot the rest.

High Plains Board Holds Area Meet

The High Plains Library Bookmobile Multi - County Board, met Tuesday, June 20, 2 p.m. in the Muleshoe Area Public Library. The purpose of the meeting was to organize, since this was the first meeting of the group. Each county, Farmer, Bailey, Lambard Cochran is to have two representatives and they will control the services of the Mobile Library.

Rev. J. Frank Peery, Chairman of Board of Trustees for Muleshoe Area Public Library, presided over the meeting. The service of the Bookmobile was discussed and it was reported that the results were very favorable in all areas served. Judge Mangram, Littlefield, stated that since the Bookmobile service was started, interest in the library there had improved.

rs. Joe Sooter, Librarian and Mrs. Bob Henderson, driver-clerk were commended for their work by all the representatives.

The budget was discussed and any problems that might arise due to weather conditions were discussed.

Peery expressed his thanks for the interest taken in the program by the area Judges and Commissioners.

It was agreed that Muleshoe was the logical location because of the counties bordering Bailey County. Also the housing for the Bookmobile was already established here.

Officers elected during the meeting were: Judge Don Cihak, Muleshoe - Chairman of Board; Judge Mangram, Littlefield and Commissioner, Henry Lewis, Earth, representing Lamb County.

Those unable to attend were: Mrs. Joe King, and Judge Don Cihak, Muleshoe, serving Bailey County; and Harold Rawls, Cochran County.

Ranger Speaks To Rotary Club

Sgt. W.D. (Bill) Wilson of the Texas Rangers, Company C, Lubbock gave a talk at the Rotary meeting here Tuesday at noon.

Sgt. Wilson explained the functions of the Rangers, stressing the fact that the Ranger unit is an assisting law enforcement agency and are available to any division of action where and when they are called upon.

"The Texas Rangers are the oldest law enforcement agency in North America, Wilson explained in giving some of the history of the organization.

Throughout the early troubled years the Texas Rangers played an effective, valiant role. The ranger force varied in organization and policy under varying conditions. It has existed almost continuously from the era of colonization to the present.

Stephen F. Austin employed a small body of Rangers as early as 1823 to protect the frontier colonies. On October 17, 1835, on the eve of the Texas War of Independence, the council of the revolutionists formally authorized the employment of a corps of Rangers to guard the frontiers. The

Rangers protected the settlements against the invasion of Indians while Sam Houston and his ragged army defeated the troops of Santa Anna.

During the Republic, the Ranger organization was enlarged and used to patrol the frontier and guard against Indian raiders, free - booters on the Rio Grande and threats of invasion by Mexican troops.

When Texas was annexed, the United States Government assumed responsibility for protecting the frontier and the Ranger organization virtually was dropped. However, the federal troops, largely infantry, were so unaccustomed to the border and Indian warfare that the Ranger organization quickly revived.

The history of the Rangers continued in numerous phases in the early days of Texas and as the frontier disappeared, Ranger activity was redirected toward law enforcement and today is a division of the Texas Department of Public Safety.

Their duties include enforcement of the law in major crimes such as murder, rape, robbery, burglary, cattle theft, felonious assault and other felonies, the protection of life and property through enforcement of Criminal status of the State of Texas; suppressions of riots and insurrections; apprehension of fugitives, transporting prisoners and assisting any local prosecutor in compiling information for court action, assisting in disaster, guards, prison and mobs of violence.

The Texas Rangers are stationed at strategic locations over the State.

Today, the Texas Rangers consist of six company units operating under the direct command of the Texas Department of Public Safety with a captain in command of each Company.

A total of 62 rangers from the companies with six sergeants and six captains,

Talent Festival for Youth To be Held in Austin Soon

Do you have talent? Can you sing, dance, paint or play a musical instrument. If so, you may win up to \$100 in the second annual Texas Youth Conference Talent Festival. The Talent Festival is sponsored by the Texas Law Enforcement and Youth Development Foundation in cooperation with the Texas Association of Broadcasters.

The contest is a showcase for talented high school and college students. Contestants may enter in the categories of group instrumental, single instrumental, group vocal, single vocal, solos, painting, sculpture and crafts, ballet and modern dance and other performing arts. More than 300 entrants are expected in these nine categories this year. Early entrants will be auditioned and included in a four-city pre-Talent Festival tour early in July.

The contest will be held all day Saturday, July 29, in Austin. Division winners will return to Austin on Thursday, August 17th, for final selection of first, second, and third place winners. Prizes for first, second and third place in the college division (up to age 25) are \$100, \$50 and \$25 respectively. In the high school division (9th - 12th grades) prizes are the same.

Besides these cash awards, the first place winner in each of these two divisions will win an all-expense paid trip to Hollywood or New York to be interviewed by talent scouts. Judges for the competition will be show business professionals and college and secondary school teachers of drama, music and art.

Application must be mailed

New Trend in Selections Endorsed by Baptist

HOUSTON, -- A hard-hitting proposal reflecting long-range planning and establishing a new trend in the selection of representatives for the executive board of the 1.8 million-member Baptist General Convention of Texas was heartily endorsed here Friday by board members.

The recommendation calls for the establishment of 15 new geographical areas designated "zones" and is designed to provide equitable representation on the 191-member board as well as its four commissions and committees.

The executive board also gave Baptist Hospital to acquire 42,500 square feet of property for parking purposes, totaling \$1,250,000 --- plus building costs. The board also nodded with favor a guideline for subcommittees to follow in nominating trustees for Texas Baptists' hospitals.

Roy E. Ladd, pastor of Baptist Temple Houston, and chairman of the Committee for Establishing Geographical Boundaries said the guidelines proposed offer fair and equitable representation on commissions and committees. The recommendation will directly effect two top convention committees, these being the Committee to Nominate Executive Board Members and Committee for Nomination to Institutional Boards.

The executive board with its 180 elected members as well as its four commissions -- State Missions, Human Welfare, Christian Education and Christian Life -- with 57 members, and the Program Coordinating

approval to Houston Memorial Committee with 15 members -- will also feel the change in procedures. Representation calls for a balance between laymen and ministers with a knowledge of the denomination and its functions, and specialists to meet special needs.

Houston hospital officials cited growth of major downtown buildings for creating acute parking problems for its central unit as the need for the purchase of additional land. The Baptist hospital system was granted approval to enter formal negotiations with Gulf Interstate co., owners of the downtown property, together with authority to borrow required funds.

A total of 42,500 square feet is involved in the transaction of which 10,000 square feet will be leased under a 99-year agreement. Approval was also granted for the hospital to borrow an additional \$500,000 for construction of a parking garage if trustees deem it advisable and economically feasible.

Board members also favored its Valley Baptist Academy in Harlingen by approving a request for the lower Rio Grande institution to negotiate a loan not to exceed \$65,000 for interim financing for the development of a new campus. Academy trustees were also authorized to sell the present academy site.

A new campus on 37 acres of land is already under development. The school offers high school training for Latin American youths.

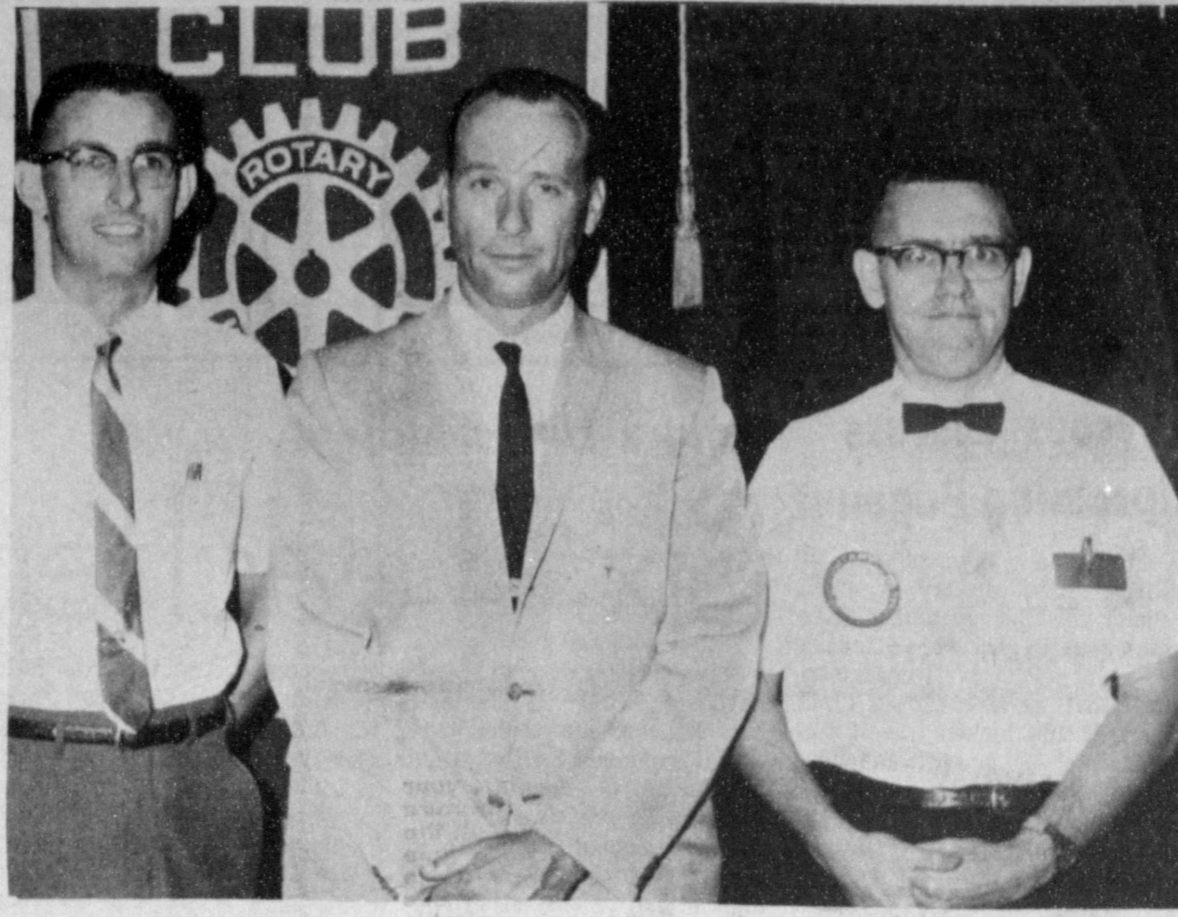

In other board action recommendations were accepted electing Charles Richardson as an associate in public relations; Baker C. Watson, Jr., associate in charge of church development missions, Direct Missions Department, and Cecil W. Roenfeldt, associate, associational Sunday School work, in the Sunday School Department.

Richardson, 31, joins the BGCT public relations staff as a press representative. A former Abilene Reporter-News reporter and Sunday editor, he currently served as public information director for Hardin-Simmons University.

Watson, 37, is pastor of Emmanuel Church in Bryan. He previously served as missionary for Creath-Brazos Association for five years. Roenfeldt, also 37, has served in the youth-music-education field for several years and is presently minister of education at First Baptist Church in Sulphur Springs. He replaces Harold Hanson who will become an associate in charge of adult work and Sunday School enrollment in the Sunday School Department.

Hanson's new responsibilities, effective July 1, will give strong emphasis to assisting churches in reaching and winning more adults and developing new programs, said Charles McLaughlin, secretary, State Missions Commission.

In similar action pastors John Lewis, Olton, and W.R. Shamburger, Tyler, were named to the State Missions Commission. A third pastor, O.A. Taylor, Spring Branch, and Dr. Don

Valley Growers-Shippers Claim Labor Strike Error

The manager of the state's fruit and vegetable grower-shipper association today said excessive news coverage of the Rio Grande City labor situation has created a misconception of the true facts in the minds of the general public.

"No labor strike has ever existed during the past year, the authentic farm workers have shown no interest in this so-called labor union movement and there has been no work stoppage; on the contrary, the shipments of melons and vegetables out of Rio Grande City during the past twelve months are 134% greater than during the previous twelve months," said Willis R. Deines, executive vice president of Texas Citrus & Vegetable Growers & Shippers of Harlingen. He stated 2,476 carloads of produce have been shipped this year compared to 1,058 carloads for last year. Of these totals the Missouri Pacific Railroad moved out 1,211 carloads this year compared to 529 carloads last year, even though a burned out bridge held up shipments for several days this year.

Hybrids Used In Forage Test

Nine Sorghum-Sudan hybrids were used in the 1966 Forage clipping test at the High Plains Research Foundation. The green weight from three clippings ranged from 35.51 to 40.33 tons with an average of 37.41 tons per acre. The average protein content of the nine hybrids was 11.68 percent. August and September rains delayed the third clipping until September 20 and eliminated the fourth clipping, which may have reduced the total yield. The clipping dates were June 24, July 26 and September 20.

All varieties were fertilized with 80 pounds of nitrogen on June 10, prior to the first clipping and 80 pounds of nitrogen after both the first and second clippings. The experiment was designed to clip all varieties when the majority of the entries were between three and four feet tall. However, the August and September rains prevented the 3rd clipping at this height. All hybrids produced approximately the same dry weight yields per acre and no significant difference was found.

The Sorghum-Sudan hybrids used in the test were Tomco SS-2, Frontier Hidan 39, T.E. Haygrazer, Frontier Hidan 35, Paymaster Sweet Sioux, Pioneer 985, Paymaster X-5817, Su Chow P.A.G. and Asgrow Orbit.

The 1966 test was conducted by Loyd Langford, Associate Agronomist, and Howard Malstrom, Associate Soil Scientist on the Foundation staff.

The 1965 Forage clipping test included 17 varieties. The average green weight from four clippings was 36.25 tons per acre with an average protein content of 15.69%. The 1964 clipping test consisted of 16 varieties of Sorghum-Sudan hybrids having an average green weight of 39.40 tons per acre and a 17.51% average protein from four clippings.

The Epsilon Delta Chapter of Delta Kappa Gamma Society, International honor society for women educators, was represented at the annual convention of Alpha State, June 9-11, at the Hotel Texas, Fort Worth by Mrs. Joe Costen, Treasurer and Mrs. Ed Johnson, president of the Muleshoe society.

Mrs. Ruby Lee Lafferty, State President, chose "THE BUILDER: A TEACHER CREATIVE" as the theme for the convention attended by 489 members.

The presidents of the 199 chapters of Alpha State were honored at the Presidents' Dinner on Friday evening, Miss Lisa Sergio, a most dynamic and provocative speaker, gave the address for the occasion. Miss Sergio, Italian born and by choice an American citizen, is recognized both in the United States and abroad among the ablest and well informed analysts of current events and is widely known as a lecturer, editor, writer and free lancer in radio and television.

During the Birthday Luncheon on Saturday at which Mrs. Bess Desmuka, Alpha State First Vice-president presided,

Dr. Lola Beth Green, State Scholarship Chairman, presented Scholarship Awards to Delta Kappa Gamma Society members for graduate study.

The two members of Epsilon Delta Chapter receiving scholarships for the summer of 1967 were Mrs. Iona Donnelly, Littlefield, the Lela Williams Scholarship, Texas Tech and Mrs. Ruth Holladay, Olton, the Edna Graham Scholarship, West Texas State University.

Mrs. Lunelle Anderson, State Chairman of Membership and Mrs. Lois Land, Area Director, conducted the very beautiful Birthday Ceremony.

Preceding the Founders' Dinner on Saturday night, the Alpha State officers for 1967-69 biennium were installed in a

very impressive ceremony directed by Miss Frances White, Chairman State Committee on Nominations.

Mrs. Ruby Lee Lafferty, Alpha State President, presided at the Founders' Dinner on Saturday evening. Mrs. Ethel Sloan, Past President Alpha State, introduced Miss Margaret Flinton, International First Vice-President as speaker for the dinner meeting.

The memorial service to honor the deceased of the Society was conducted by Dr. Zelma Cole, Chairman State Committee on Necrology, on Sunday Morning.

The Alpha State convention for 1968 will be held in Dallas, Texas.

Dora Gonzales announces wedding plans.

"Invincibles"

With the dismissal for summer vacation, college and university students across the nation are already on summer jobs performing a variety of tasks for the next couple of months.

One group of college young people from across Texas, however, are foregoing their leisure hours of summer fun and money-making endeavors to serve as summer missionaries.

The students, known as "Invincibles," are dedicated Christian young people sponsored by the State Sunday School Department. "Invincibles" are dedicated Christian young people sponsored by the state Sunday School Department of the Baptist General Convention of Texas.

The name "Invincibles" was given to these young people because of their faith in God's power to overcome and do the impossible.

After a four-day orientation period at Southwestern Baptist Theological Seminary in Fort Worth last week, 123 students began arriving this week at locations across Texas, Wisconsin and Minnesota where they will work for the next 10 weeks.

Invincibles will conduct Vacation Bible Schools in Baptist churches and missions needing assistance; pioneer in the Rio Grande area; and assist with church leadership in other work assigned.

Invincibles are elected by the state Sunday School Department, the Home Mission Board of the Southern Baptist Convention and the State Baptist Student Union.

During the intensive orientation period just completed, students received training in Vacation Bible School administration; study of age groups they will be working with; training in Christian social missions (for work in goodwill centers); and survey work.

A faculty of about 25 denominational leaders conducted the orientation period.

Since 1940, when the program was started, more than 1,780 students have served as Invincibles. They have conducted more than 5,400 Vacation Bible Schools with a total enrollment of 350,000 boys and girls. More than 18,200 have been led to Christ through the program.

Many who have served as Invincibles are now serving on the foreign mission fields and home mission fields as Baptist missionaries.

"We're expecting to have over 250 Vacation Bible Schools this summer with an enrollment of over 20,000 boys and girls," William R. Cox, associate in the state Sunday School Department of the BGCT and orientation coordinator, said.

Cox said the student summer missionaries are "well accepted" by the people of the communities where they work.

"The people beg them to stay or to come back again next year. It's amazing what these students can do."

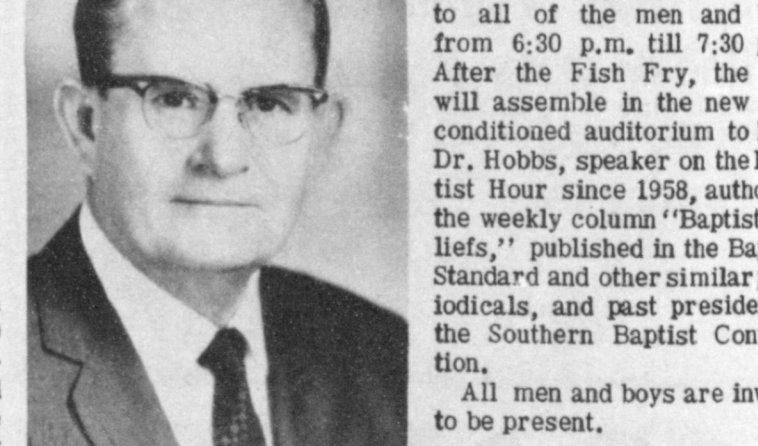

Miss Hope Dean Honored

Miss Hope Dean, young daughter of Dr. and Mrs. William Dean, was treated to a Birthday Party in her home, June 20, 2 p.m. The home was gaily decorated for the party.

Those attending were: Prisca Young, Debbie Dunbar, Jana Oyler, Marcia Rudd, Robbie Nesbitt, Lauren Hall, Kelly Chihak, Joy Dean and the honoree, Miss Hope Dean.

Dr. Hobbs To Speak at Camp

Dr. Herschel H. Hobbs, pastor of the First Baptist Church in Oklahoma City, will be the featured speaker for the worship service which will close the Two Area Southern Baptist Men's Camp at the Plains Baptist Assembly on June 26.

A large number of men and boys from the two areas, which includes Lubbock, Staked Plains, South Plains, Llano, Altos, and Caprock Baptist Associations, are expected to be present at this Men's Camp.

The camp activities will begin at 2:00 p.m. with swimming, horseshoe pitching, and softball. One of the highlights of the afternoon will be the softball tournament. Each association will have a team entered in the tournament.

A Fish Fry will be served to all of the men and boys from 6:30 p.m. till 7:30 p.m. After the Fish Fry, the men will assemble in the new air-conditioned auditorium to hear Dr. Hobbs, speaker on the Baptist Hour since 1958, author of the weekly column "Baptist Beliefs," published in the Baptist Standard and other similar periodicals, and past president of the Southern Baptist Convention.

All men and boys are invited to be present.

SUNDAY SUPPER

- Manhattan Clam Chowder Rolls
- Marble Cheesecake Beverage

MARBLE CHEESECAKE
1/2 pound creamstyle small or large curd cottage cheese (not tangy)
1 package (8 ounces) cream cheese, softened
3/4 cup sugar
2 eggs, slightly beaten
3 tablespoons cornstarch
1 tablespoon lemon juice
1/2 teaspoon vanilla
1/4 cup butter or margarine, melted
1/2 pint commercial sour cream
1 ounce semi-sweet chocolate, melted

Spread a 9-inch springform pan with butter; sprinkle with graham cracker crumbs. Into large mixing bowl sieve the cottage cheese; add cream cheese; with high speed of electric mixer beat until thoroughly blended and creamy. Beating at high speed, reduce speed to low. Add cornstarch, lemon juice and vanilla; beat until blended. Add melted butter and sour cream; blend with low speed. Put about 1/3 of batter into another bowl; blend in melted chocolate. Pour plain and chocolate batters alternately into prepared pan. Swirl with spatula. Bake in a slow (325 degrees) oven until firm around edges - about 1 hour. Turn off oven. Let cake stand in oven 1 hour. Remove and cool completely on wire rack. Chill. Remove sides of pan. Makes 6 servings. May be frosted.

Sewing Easy Through 4-H Course

An accelerated course on "Your Sewing Machine" prepared exclusively for volunteer adult and junior 4-H leaders copes with the handling and sewing of the various man-made fibers and the natural fibers as well.

In the 12 years that the course has been offered, in excess of 75,000 women have learned about correct use and care of the sewing machine. They in turn have instructed nearly one-half million 4-H girls engaged in clothing, home improvement, child care and other projects where machine sewing is involved.

The course is supervised by extension clothing specialists and personnel from the Singer Company, sponsor of the program.

Value of the course is demonstrated in the need for being able to sew on some 20 man-made fibers, plus innumerable blends, found on yard goods counters today. New methods and sewing equipment have been developed to work with modern materials. Care of the sewing machine is also taught.

Miss Jessie Hutton, educational director for Singer and co-author of the 4-H leaders' manual "Your Sewing Machine" used in the course, points out some of the techniques for handling new materials.

For example, stretch fabrics, filmy sheers, knits, tricot and crepes need to be guided both in front and behind the machine pressure foot. For stretch fabrics, firm tension is applied, but for sheers, knits and tricot, gentle tension is needed. Old standbys such as napped wool, corduroy, velveteen and velvet must be stitched in the direction of the pile or nap.

Knowing the right needle and thread and tension to use can make the difference between sewing smooth seams and puckered or broken thread seams.

For information about the course, contact the County Extension office. The only requirement is that the person be an adult or junior 4-H leader. All participants get a set of sewing guide books.

DOES YOUR INDOOR GARDEN GROW?

To stay healthy, house plants need an adequate supply of warm water - not cold water which may chill or even shock them. Most plants should be thoroughly soaked once a week, but never overwatered.

It is important to know each plant's preference regarding sunlight and temperature. In general, foliage plants thrive between 60-70 degrees and should not be "roasted" near a heater in the winter. Fertilize plants at regular intervals, and provide for proper drainage and soil aeration. Cleanliness is vital because plants breathe through tiny pores which lace their leaves. If these plants breathe through tiny pores which lace their leaves, if these become clogged, plants wither and die. Thus dust and soot should be removed, and the easiest and best method is with soap and water. Washing the leaves gently helps a plant to maintain both its health and luster.

If the plant is reasonably sturdy, put it into a sink or tub of warm soap suds. To protect the soil, first cut a piece of plastic to fit the top of the pot - allowing an inch of overhang. Slash this plastic to the center, fit it around the plant, and fasten it round the edge of the pot with an elastic band. Up-end the plant and swish it gently through the suds until clean, then rinse it the same way.

When leaves are broad and not too dense, they can be washed individually. Dip a sponge or soft cloth in warm soapsuds and wash both sides of every leaf, supporting it from underneath with one hand. Rinse with a fine spray of clear water. When stems are long and there is danger of breakage, or if the plant is in bloom leaves should be sudsed individually instead of being immersed. After washing, some plants - such as African violets - should be kept out of sunshine until the leaves are completely dry. If foliage is very fragile, spray soapsuds over it with an atomizer; then spray - rinse the same way. This technique is especially good for loosening and washing off the sooty mold which often attacks sensitive gardenia plants. Once foliage is clean and dry, a commercial plant polish may be applied evenly over each large leaf - or may be sprayed over tiny-leaf plants from an aerosol dispenser.

DISPOSERS NOT DISPOSE - ALL'S

Disposers are replacing the garbage pail in many kitchens, but they can't be used as

"dumps". Waste material placed in a disposer is shredded by rotating blades, a grinding ring, and a shredding chamber. For most satisfactory use, the disposer should not be packed with wastes; the food should simply be dropped in.

Cold water must be flowing any time the waste unit is in use. Cold water keeps vegetables crisp for faster chopping and hardens grease to be chopped and flushed away. Warm water would carry melted grease into the lower waste pipes where it might harden and cause a stoppage.

Most food materials may be ground in the disposer. Some fibrous materials - corn husks, pea pods, celery - should be fed into the unit gradually since they require a longer grinding time. The grinding mechanism can usually take care of small amounts of chicken bones, corn cobs, and fruit pits. Viscous foods, like cooked oatmeal and raw dough, should be thoroughly mixed with vegetable peelings and dry crusts before being put into the waste cylinder.

A disposer is self-cleaning. Drain - cleaning chemicals should never be used in a grinder; they may corrode the shredding mechanism. If the waste unit should develop an odor, grinding lemon or orange peel will "sweeten" it.

Certain materials should never be put into the disposer. These include metal, china, will "sweeten" it, metal, china, glass, plastics, paper, string, oyster and clam shells, and filter - tipped cigarettes. In time, these materials mat the cutting teeth, decrease their efficiency, or jam the mechanism completely.

Leader Workshop Held in Levelland

The 1967 Junior Leader Workshop was conducted on the South Plains College Campus in Levelland, June 20-22.

Each county had a quota of four boys and four girls and two adults accompanying the members. The purpose of this workshop is to provide training for Junior Leaders or prospective Junior Leaders so they may function in their club, community and county. Those attending from Muleshoe are Vovory Throckmorton, Diane Crawford, Melita King and Cynthia Puckett. They were accompanied by Mrs. Lloyd Throckmorton.

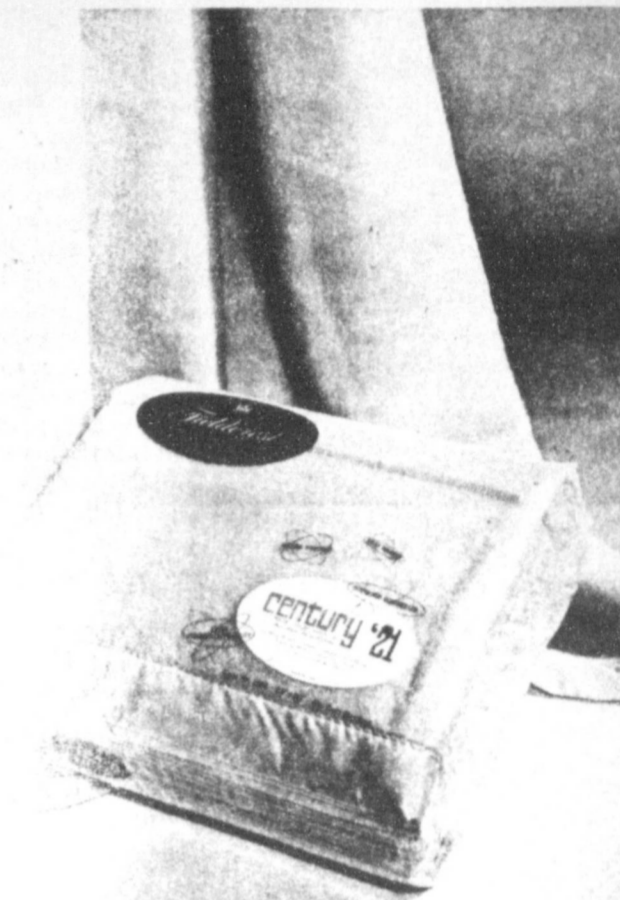

Boys attending were Dennis Newton, Enochs, Bryan Brady II, Robbie Green and Allee Redwine, from the Muleshoe area. The boys were accompanied to Levelland by J.K. Adams.

Try a New Face

by Vivian Brown

Young people usually do not like to share secrets such as beauty problems with others, not even their mothers, says skin specialist, Georgette Klinger. It's the reason why she had designed a special salon for them adjacent to one used by the mamas.

"They want help from professionals; but, they don't want mama staring at them while it is happening," observes Miss Klinger, who has a young daughter of her own.

Many mothers have brought their daughters to Miss Klinger's well-known salon, and she observed that she was more successful when she could talk privately to the young people. They don't hide things when mother isn't listening, she says. They will admit that they drink lots of soda pop or neglect to cleanse their skin, if you are in a position to help them. Once she establishes the cause, she gets to work on the cure.

"Our aim is to get the young person's skin into condition so she can go without makeup. No makeup is as beautiful as the real skin, hair, eyes."

She tries to make them understand their skin and how it gets into difficulty. She talks about the skin layers - Stratum Corneum, Lucidum Granulosum, Germinatum and Basal Cell, explaining how these skin layers operate - offering a protective armor against heat and sun and external injuries at the top layer to pushing up new active cells from bottom layers to replace those that

have become hard and cast off. "Todays bright youngsters can cooperate on this basis. You explain why this, they can understand why they must do certain treatment."

The sessions last 1 1/2 hours, a bad case may require six sessions to get the pores cleaned out, tightened and ready for normal care.

Miss Klinger invites the girls into her little laboratory where she mixes up the cleansing lotions, concocting the formula and strength to the individual skin. Nothing harsh should be used on a young skin, she says.

In the attractive booths, the girls are shown how to cleanse their skin, and the dangers of squeezing eruptions. They also get advice about diet.

They are put in tranquil mood in the reception room, where they watch abstract slides in opalescent colors prepared by the Museum of modern art.

FIRST-COURSE AVOCADO
1 medium ripe avocado, chilled
1 tablespoon olive oil
1/2 tablespoon each cider vinegar and chili sauce
1/4 teaspoon salt
Pinch of white pepper
Just before serving, cut avocado in half lengthwise; do not peel. Twist apart and remove seed; place each half on a bread-and-butter plate. In a small container, with a fork, thoroughly beat together the remaining ingredients; spoon dressing - 1 tablespoon for each - into avocado cavities. Serve at once with teaspoons for scooping out pulp and dressing. (A half-tablespoon measuring-spoon set; if this isn't at hand, remember that 1 1/2 teaspoons is the equivalent of 1/2 tablespoon.)

Veterans Q's and A's

Q. --Has Congress amended the New G.I. Bill to authorize Flight Training?

A. -- No. Public Law 89-358 has not been amended to include Flight Training, Job Training or Farm Training.

Q. -- I am enrolled in Graduate School under the G.I. Bill at a state university. How many hours must I attend school to qualify for the full educational allowance?

A. -- This is not prescribed by the law. The Veterans Administration will accept the certification of the school as to whether or not the student is attending full - time, half-time or quarter - time, and pay educational allowance accordingly.

Q. -- I am being transferred to another location and am selling my home on which I have a G.I. loan. The buyer is assuming my loan. Is it possible for me to be released from liability?

A. -- Yes. If the loan is current and the purchaser obligates himself by contract to purchase the property and as-

sume your liability. The purchaser must also satisfy the VA that he is a good credit risk. This release of liability does not mean your G.I. home loan entitlement is restored.

Two Accidents In Bailey County Reported in May

The Texas Highway Patrol investigated two accidents on rural highways in Bailey County during the month of May,

according to Sergeant Thurman Keffer, Highway Patrol Supervisor of this area.

These crashes resulted in an estimated property damage of \$925.00.

The rural accident summary for this county during the first five months of 1967 shows a total of ten accidents resulting in one persons killed, three persons injured, and an estimated property damage of \$10,304.00.

The vacation season is now in full swing. This means more traffic and many drivers going for long hours without sleep.

In many areas harvest is in progress which means slow-moving farm machinery on the highway, often times poorly lighted or not lighted at all.

The Patrol Sergeant cautioned motorists to watch for the dozing driver and to be alert for slow-moving vehicles. If you are traveling this summer, allow plenty of time for your trip, and rest often.

Relive the Night of Your Debut

Remember how lovely you looked as you made your bow. Your dress - your hair - your skin so radiant and without a line. After all, you were only sixteen. Why not recapture that night and keep it. For 2nd Debut can give your face at least an "ageless look" - a quality more fascinating than youth, beauty or both. Regular nightly applications of 2nd Debut accomplish the "ageless look" by lifting the tone of the facial skin...giving it the allure of a smoother complexion. And skin dryness is all but gone. Choose 2nd Debut (with CEF 600) if you are under 40 or 2nd Debut (with CEF 1200) if you're over 40. Price is \$3 and \$5 respectively at good department and drug stores.

Bula News

by Mrs. John Blackman

A group from the Bula Church of Christ gathered at the home of Mr. and Mrs. Bradley Robertson, Friday evening and drove in a group to Morton to give the John Crockett family a surprise house warming. The Crocketts have recently moved from Bula to Morton and were members of the Church of Christ at Bula.

Home made ice cream and cake were carried along, and the Crocketts were really taken on surprise. The evening was enjoyed by eating, singing, 42 playing, visiting, before friends left for home all held hands and formed a circle and sang

"Bless be the Tie" followed by Terry Blake leading in prayer.

Attending were Mr. and Mrs. J.D. Rowland, Mr. and Mrs. Gene Bryan, Mr. and Mrs. Cecil Jones, Mr. and Mrs. Terry Blake and Beckey, Mr. and Mrs. John Hubbard and Wanda, Mr. and Mrs. John Blackman, Mrs. Myrana Turney and children Carolyn, and Sharron and Brenda Jackson, Mr. and Mrs. Bradley Robertson, children Randal, Patricia, Larry and Lynn. Also Mr. and Mrs. Cloud and three children of Morton.

Women's Society of the Bula Methodist church met Wednesday evening at 8 p.m. in the home of Mrs. Tommy Kirk with Mrs. Roy Young having charge of the devotion.

Service of the Bula Methodist church met Wednesday evening at 8 p.m. in the home of Mrs. Tommy Kirk, Mrs. Roy Young having charge of the devotion. This being flag day the program was given

honoring our country and the flag we fly.

The program opened with the group singing "My Country tis of Thee" and Mrs. Young giving the opening prayer and also reading an article entitled "I Am Your Flag". This was followed by comments from Mrs. Young and Opal Bogard, expressing their views and what the flag of America meant to them. Miss Bogard spoke of her trip to Peru while a student at Wayland College and with the Flying Queens. There were 14 countries represented there at this tournament. With flags flying representing each country and that it really made her feel good to see the red, white and blue flag of America flying above the other flags. Mrs. Kirk introduced the record of Dr. Kenneth McFarland "Speak up for America" and the group enjoyed listening to it. This concluded the program.

Secret pals for the past year were revealed, gifts were received and names for secret pals drawn for another year.

Refreshments of pie, coffee and tea were served by the hostess to Mrs. Mary Landers, Mrs. George Bahlman, Mrs. Buck Medlin, Mrs. F.L. Simmons, Mrs. Tom Bogard, Mrs. Roy Young, Mrs. Paul Young, Mrs. Kirk and one visitor Miss Opal Bogard.

PRODUCER DIDN'T PAY FOR PARTY

NEW YORK (AP) - A revision in the ritual of opening-night celebration is being tried by producer Alexander H. Cohen.

Instead of charging off the costs of the traditional after-show party to the production, guests at the "Black Comedy" festivities were required to ante \$35 per couple. Receipts in excess of expenses were earmarked for the Actors Fund, a principal theatrical charity.
