

around muleshoe

with the journal staff

Two Muleshoe sportsmen came back home for their different pursuits of outdoor life with some new experiences. Harmon Elliott returned 'wounded' and Irvin St. Clair 'lame.' St. Clair has a broken toe he sustained while on a Scouting outing at Camp Post last week and Elliott is favoring a sore hand from a fish hook which anchored there during a fishing trip to Ute Lake. The hook was removed by a doctor in a nearby town.

Attending camp this week in Ceta Canyon from the First Methodist Church are Denette Mann, Roxanne Street, Kim and Tracy Cowan, Kathy Pena, Debbie Kerr, Lizann Gunter, Christi Ford, Tani Murrah, Gary Hooten, Bill Chapman and Dana Cockrell. Councillors are Mrs. Gordon Murrah, Mrs. James Wedel, Mrs. Byron Gunter, Mrs. Harold Cowan and Mrs. Ben Chapman.

D.B. Lancaster Discharged As Firm Manager

D.B. Lancaster of Bailey County Electric Cooperative for the past 17 years, was discharged by the Board of Directors at the meeting held Monday, June 26.

In a telephone conversation with Lancaster, he said: "I was discharged by the Board of Directors as manager of Bailey County Electric with no reason or reasons given me at the conclusion of the regular meeting Monday."

Numerous attempts have been made by the Journal to reach members of the board of directors for their comment concerning the sudden dismissal of Lancaster, however, only one of the seven member board was reached.

Virgil Nowell said "I have no comment to make right now."

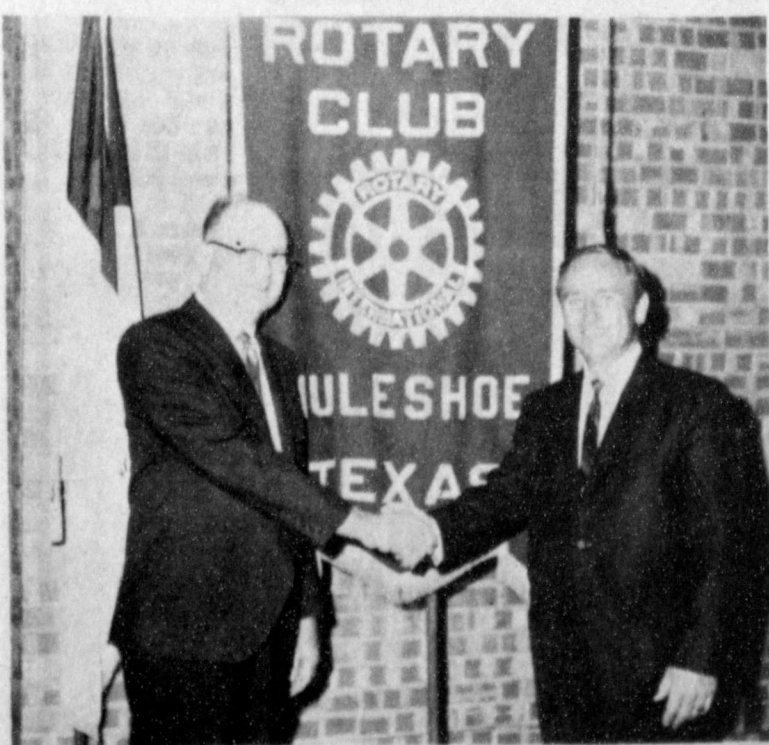

Members of the board attending the meeting were Clarence Mason, chairman; C.G. Lewis, Needmore; Leslie Watson, Earth; Johnny Wheller, Maple; DeWitt Tiller, Bula; Vernon Blackly, Lehman and Nowell.

Bill Harbin, Bailey County Electric Cooperative said Murel Riggan, Lubbock, Organizational Field Representative, had recommended Connie Dale Gupton, office manager, as acting manager of the Cooperative.

Gupton is attending IBM school in Dallas and could not be reached for comment.

Rep. Bill Clayton

Installation Banquet Held for Rotarians

PRESIDENT-GUEST Earl Harris, newly installed president of the Rotary Club is pictured with guest speaker for the evening, Representative Bill Clayton, Springlake.

Installation of Rotary officers was held Tuesday evening at Fellowship Hall of the First Methodist Church. Rotarians were guests for the dinner and program.

Supplying entertainment were Patricia Grusendorf, Elaine Tiller and Dana Crume.

Representative Bill Clayton was introduced by Harvey Bass as guest speaker.

"We Pass This Way But Once" was Rep. Clayton's theme as he passed thoughts for daily living along to the group.

Ten mistakes in life was pointed out as he spoke.

"Remorse over yesterday's failures...we should change and do better and strive to do something about them with experience as a good teacher. "As a remedy for anxiety over today's problems, meet each day with determination, patience and forbearance. Do not neglect the little things that mean so much.

"Hospitals today are filled with people who worry themselves sick over the uncertainties of tomorrow," Clayton continued. "We should realize that opportunity is at hand and make the most of them.

"Putting off until tomorrow what could be done today, is another mistake and resentment of the success of others, are included in the predominate mistakes.

"Criticisms of neighbors imperfections could and should be modified by finding the good in the person as most people are better and more capable than they appear.

"Impatience with youths immaturity can be controlled with the realization that although they do unpleasant things, most members of the younger set deserve a pat on the back. They will be our leaders of tomorrow. Skepticism of the nations future can be eliminated by taking part in the nation's future. Everyone has responsibilities

to their country and all should set the proper example.

"Sometimes we do not understand things through unbelief in God's providences. Yet we should try to be an example while we are passing this way to have a better nation and community.

Officers installed were Earl Harris, president; Johnnie Shelton, vice president; Eddie Faust, secretary and E.T. Ford, treasurer.

John Crow is director of club service; Eddie Faust, attendance chairman; J.P. Shelton, classifications; Olan Burrows and Robert Alford, club bulletin; Troy Atkinson, fellow-ship; E.O. Baker, magazine; Harmon Elliott, and E.T. Ford; Robert Alford and John Crow, program; Larry Hall, public relations, Robert Preston, sergeant at arms and D.B. Lancaster and Myron Pool Rotary information. Vocation service chairman is

Merchants Take To Sidewalk... Come See!

The sidewalk barker, selling the wares for the proprietor of the store where he is hired and the old proprietor himself will crowd the sidewalks of Muleshoe for the annual Sidewalk Sale starting at 10 a.m. Friday, June 30.

Theme of the gala event will be "Frontier Days" with prices of the merchandise being sold by the colorfully attired clerks at a price to match the turn of the century era.

There will be bargains galore found in the setting of the pioneer life on the Plains, but that's not all. The spirit of the thing will be a boost to morale of citizens.

Recalling last year's event of the same type, one never ceased to be amazed to see specially created costumes bobbin' up and down the streets. Umbrellas, high top shoes, top hats, striped coats the men

something' out of the hat for gags. Their antics matched the costumes and the event they were celebrating, sure as shootin'.

Mrs. J. Pat Wagon, chairman of the Retail Merchants division of the event, said prizes would be awarded for the three most outstanding costumes and the store who has the most personell participation will be given a plaque.

These prizes will be given between 3 and 4 p.m. Friday afternoon, with the sales along the street continuing until closing time for the individual stores.

Costumes prizes will be \$15. for first place; \$10. second place and \$5. for third place winner.

Mrs. Wagon said "Come join the fun...give yourself a real treat, both in the department of savings on household needs groceries, clothing, drugs, furniture, hardware, appliances and items too numerous to mention as well as in the 'fun' department which

is just as important to life as material things." DeMolays will have a bake sale stand in front of Cobbs' and Muleshoe Study Club will have their sale set up in front of White's Cashway.

The Art Loft will supply an additional attraction during the day along the sidewalks and the Wrangler's Horse Club will be on hand with a different type entertainment.

Who knows what might turn up. The day is due to be full of surprises.

THEM

THEM, a band from England, will provide entertainment for area youths at American Legion Hall at the Youth Center dance Monday, July 10.

The group is expected to attract young people from surrounding towns.

Randy Burrows Tapped Out At Camp Post

Two Scout Troops, 633, and 634 returned Saturday from a week at Camp Post, where they were instructed in swimming, marksmanship, archery, nature, pioneering, cooking and camping.

Scouts from Troop 634 were accompanied by Bob Palmer and Bob Glass during their stay. It was reported the boys greatly enjoyed their stay and accomplished quite a lot. Irvin St. Clair and Marshall Cooke accompanied Troop 633.

Randy Burrows, son of Mr. and Mrs. Olan Burrows, was tapped out for the organization of the Order of the Arrow. This organization was founded during the summer of 1915 at Treasure Island, the Philadelphia Council Scout camp. Dr. E. Urner Goodman was camp director and Carroll A. Edson his assistant. These two men, working with their staff at Treasure Island, originated the ideas that became the basis for this nationwide campers honor society of the Boy Scouts of America.

Any boy who becomes a candidate for Order of the Arrow, has to be nominated and must be a registered Scout, a First

Plains Soaked By Gentle Rain

'Ole Sol' continues to shine for a time. Almost each day, then the clouds gather and it is gone once more. However from late afternoon Saturday until mid-morning Monday, it seemed to go into seclusion while an overcast sky provided a slow, gentle rain for a major portion of the area.

Some parts of the area reported damaging rain and some wind with Littlefield being hardest hit. Booming thunderstorms dumped almost six inches of

BEAUTIES -- These are the beauties who are contestants in the Miss Muleshoe contest. One will be crowned 'Miss Muleshoe' in ceremonies Friday, 8 p.m. in Muleshoe high school auditorium. They are Jane Branscum, Pam Seymore, Susan Camp, Gail Phipps, Vicki Henexson, Renee Dyer, Val Moore, Sonja Bass, Paula Carter, Beverly Anderson, Velma Evans and Dianne Bryant.

School Tax Rate Raised To Meet Rising Costs

School tax rates were raised here during a special meeting of the board of the Muleshoe Independent School District. The rate for 1967-68 school year was set at \$1.95 per \$100. valuation. This is an increase in the rate of 10 cents per \$100. valuation.

"The Board of Trustees have been looking over this problem facing the school district for the past two months and the major part of two prior meetings was spent studying and discussing the proposed budget, the rising costs, teacher pay and taxes," Dr. Charles Lewis, president said.

Superintendent Neal Dillman said "This increase was necessary because of the increased costs of nearly all items that the school district purchases such as instructional supplies and equipment; plant operation and maintenance supplies and equipment; transportation supplies, equipment and repair. For instance, new buses cost \$940 each more than they were priced a year ago."

"The board voted unanimously to continue to pay locally, \$250. over the state schedule for teachers. This is

necessary in order to compete with our neighboring schools for qualified teachers and to hold the fine teaching staff we have now.

"The local district has to absorb its share of the teacher pay raise which is approximately 20 percent of the total raise.

"It is the opinion of the Board that if the Muleshoe Independent School District is to continue its present program, keep a good staff of teachers, and maintain the buildings, equipment, and campuses, there is no other alternative out

MYF Luncheon Slated Friday

The annual Businessmen's Luncheon will be held at noon Friday, June 30 at Methodist Fellowship Hall. Tickets are \$1.50 each.

Proceeds will be used to defray expense for the Youth Retreat held July 16 for the Methodist Youth Fellowship of the First Methodist Church.

have a ten cent increase in the tax rate," Lewis concluded.

It was pointed out that Sudan, Lazbuddie, Dimmitt, Hereford and many others are exceeding the Muleshoe district pay scale either in bonuses or other benefits such as social security, housing, hospital and medical insurance and numerous other benefits.

Of the \$1.95 assessment, the school maintenance rate is \$1.40 and the debt service rate stands at 55 cents.

Richard K. Minkler, Sr. was approved by the board as auto mechanics teacher for the high school. He succeeds Jim Beller who resigned at the close of the past term of school.

Minkler has been a mechanic and lived in Muleshoe for the past 22 years. He has been certified to teach by the Vocational Industrial Division, Texas Education Agency, Austin.

As an example of what other schools in the area pay their teachers above state base the rate at Sudan runs \$360, and at Lazbuddie, teacher house rent runs \$20-\$25. per month.

Some others are: Denver City, \$886.00; Perryton, \$1,096.00; Hereford, \$900.00; Phillips, \$1,261.00; Farwell, \$500.00; Springlake, \$300.00; Hartley, \$1,000.00; Dimmitt, \$610.00 plus social security and 1/2 insurance and Muleshoe, \$250.00.

An application for an increase in the General Service Rate applicable to the West Texas Distribution System has been made by Pioneer Natural Gas Company. The rate increase will affect 55 towns comprising the West Texas Distribution System.

R.Q. (Doc) Botkin, manager of the Pioneer office here said "the application here had been submitted to Mayor Wilbur LeVeque and copies supplied for Albert Field, city manager and members of the city council.

If approved, the increase will add 72 cents to the average home owner's monthly gas bill, and more than double the annual net operating income of Pioneer Natural Gas Co. in this 55-town area.

City councils have 60 days in which to consider, then reject or approve the application.

The increase, once approved, will move the minimum monthly charge up from \$1.65 to \$1.85. For the average domestic user, the new rate would mean an annual hike of \$8.61, putting the figure to \$83.25 over the current \$74.64. The company does not plan to change the industrial rates or irrigation service rate.

In explaining why an increase is needed, Botkin said "revenues are not now sufficient under the present rate which has been in effect for more than six years. The revenue provided by the present rate does not yield the Company a reasonable return on its investment. It is vitally important that the Company be allowed to earn a reasonable return to enable it to attract necessary capital and adequately meet the needs of its service area.

"The last General Service

See BOOK Page 2

Pioneer Gas Requests Rate Increase In Area

Rate adjustment was effective January 28, 1961, to produce a 10 percent in gross revenue. The higher cost of gas contributed heavily to the need for that increase. This request for an increase in the General Service Rate is primarily attributed to the increase which

Facts Book Reviewed By A & M Specialist

Perry J. Shepard, Industrial Economics Research Division, Texas A&M who assisted in compiling the Facts Book for the Muleshoe area explained each part of the book at a meeting held Monday at the community room of the Muleshoe State Bank.

Shepard issued a sizable challenge to the Muleshoe area people in his talk concerning Muleshoe and surrounding area as an industrial site. In this challenge, he told the group that "You are Muleshoe... when you criticize your town, in all actuality, you criticize yourself, because you (the people) are Muleshoe".

He read a poem which carried the theme through that in seeking a place to live by moving to one which suits your fancy, you have gained nothing, but to remain in your present locale and make something more of the area is where accomplishment of plan becomes a reality.

"A city needs planning, guidance and leadership," he said. "The number one thing is to motivate the citizens...the

has been experienced in labor, materials, general taxes, and other operating cost.

"Operating and maintenance expenses and general taxes per customer have increased in the last five years from \$34.87 per customer in 1961 to \$40.15 per customer in 1966 -- an increase of \$5.87 per customer.

"The distribution system investment per customer has increased this same period from \$160.29 in 1961 to \$180.31 in 1966 -- an increase of \$20.02 per customer," Botkin concluded.

The firm of Whitman, Reardon and Associates has given continuous study to building and gas plant construction costs since 1924 and supplied the overall and breakdown percentage increase.

A total of the increase being requested will be 11.5 percent to those customers served under this rate. The Company's requested rate will produce an increase of \$1,378, 771 on an annual basis which is substantially less than the gross deficiency of \$2,164,158 reported by the firm of H. Zinder and Associates, Inc., public utility consulting firm for West Texas Distribution System.

Out of the \$1,378,771, Pioneer must pay additional City Franchise, State Gross Receipts and Federal Income Taxes totalling \$685,342.

The requested rate distributes as uniformly as possible the requested increase through the various rate brackets, although the increase in the minimum bill will be slightly higher in recognition of the fixed costs which are necessary to maintain a meter in service whether gas is consumed in small or large quantities.

Book...

Continued from Page 1
 motivation of citizens can raise a town from the dead.
 In explaining why planning is necessary, Shephard said "Planning is the way to meet events expected to happen and to accomplish the events and it also can be used to keep the things from happening which should not happen."

Outlining the things which keeps a town from growing, tge A&M specialist said the major things were lack of interest in city elections, disorganized community effort; attitude among merchants and lack of recreational facilities.

"In conducting the newspaper surveys and businessmen survey, the most important items which attract industry is parks and recreation places. "Both items shows up in both types of surveys.

Shephard suggested the Muleshoe propose a City Bond election and the people of the city support it.

"A good city has problems and solves them," he stated. If you have improvement suggestions, make them known to the Chamber of Commerce president and the members of the Chamber board."

The Facts Book, a part of the industrial development plan, launched by the Chamber of Commerce and Muleshoe Area Industrial Foundation, is ready for use in helping to locate industry in this area. It will answer 90 percent of industry-related questions.

The book contains the available features of the area as an industrial site and the things which can be developed here.

A meeting of the MAIF Board of Directors was held Wednesday morning along with the Chamber of Commerce and Shephard. The details of the plans being formulated through this meeting will be released, when available.

 rain in the Littlefield area damaging young crops.

Wind and hail damage were reported in other sections of the Plains.

Amounts of rainfall began to diminish late Sunday and highways over the Plains were fog-shrouded by midnight. Overcast skies prevailed Monday with intermittent light rain and Tuesday shows no rainfall however the cloudy condition remained along with high humidity.

The entire Plains area has had good rains during the month of June.

In the age old custom of Indian John Crim's weather predictions at sunrise March 22 each year, the predictor said "I see very little difference in the crop outlook this year, but from the drift of the smoke, during May and June the rains will be more general and we

will have wind and hail." This has come to pass with the recording of the weather during this month.

Muleshoe received 2 inches over the weekend and Monday. Dimmitt received 1.05; Farwell, 3.50; Levelland, 3.75; Morton, 2.00, Olton, 1.85 and Sudan 1.50.

Jill Mimms and Ronald Mayfield

Oratorical Contest Winners Make Trip to Washington

Washington, D.C. was the destination of Jill Mimms, and Ronald Mayfield of Lazbuddie who left June 8, on a twelve day tour sponsored by Bailey County Electric Cooperative, Muleshoe.

Winners of an oratorical contest here Jill and Ronnie met in Dallas with 85 other winners of similar competition conducted by rural electric systems throughout Texas.

From Dallas they traveled by chartered bus with overnight stops in Little Rock, Nashville, and Roanoke, arriving in Washington June 12.

During the five-day stay in the nation's capital, they visited the Capitol, the White House, the Library of Congress, Supreme Court, Department of Agriculture, National Archives, Federal Bureau of Investigation, Mount Vernon, Smithsonian Institute, Arlington Cemetery, the Wax Museum and many historical shrines and monuments.

Their entertainment agenda included a dinner-dance, Potomac River cruise, Watergate Concert and the fun of being with a thousand other young people from all over the country in the observance of Rural Youth Day.

The return trip took them through Knoxville, Chattanooga and Memphis, Tennessee, and back to Dallas on Tuesday, June 20.

Accompanying the youths in addition to chaperones and counselors were Laura Gass of Comfort, the reigning Miss Texas Rural Electrification, Kathy Kobayashi, League City,

President of the Future Homemakers of America, Texas Association, and Marcus Hill of Yantis, President of the Texas Association of Future Farmers of America.

Melodie Brock was the winner of the girl's contest. However, illness prevented her making the trip and as first alternate, Jill went to Washington, D.C.

Mrs. W.H. (Lula) Kistler and her sister, Mrs. Helen Spurlock of Banning, California, visited in Floydada with Mrs. Kistler's daughter and husband, Mr. and Mrs. J.A. Arwine. Mrs. Spurlock returned to California Saturday.

The Senior MYF of the First Methodist Church will have a Dine-A Mite at 6 p.m. Sunday, July 2. After the evening service, the group will play Volleyball.

The First Presbyterian Church, will celebrate the Sacrament of the Lord's Supper,

next Sunday at the 11 a.m. service.

"We believe that it is the Lord's table and not Presbyterian. We invite all who have accepted Christ as Lord to come and take part in this Sacrament," the Rev. Clifton Edwards, said.

The Senior MYF is planning a spiritual retreat to the mountains of New Mexico, at Camp Treis Ritos.

The week will be filled with planning of next years activities and programs and also a time of group and individual spiritual renewal. There will be hiking, fishing and group games. The retreat starts the week of July 16.

Miss Nita Darlene Buhrman, daughter of Mr. and Mrs. R.E. Buhrman, and Donald Ray Furman, son of Walter P. Furman, Bently Creek, Pennsylvania, were united in marriage, June 9, in the home of the bride's parents. The couple are at home at 506 West Tenth Avenue, Apartment 14, Amarillo, Texas.

Circleback to Host Reunion, July 2

A reunion will be held in Circleback, July 2 for all former residents who resided in the community, present residents and all friends who would like to attend.

Those planning to attend are invited to attend Church Services in the Circleback Baptist Church. The meal will follow in the dining hall and kitchen of the church. Those attending are asked to bring a basket lunch, which will be spread and enjoyed by all.

Immediately following the noon meal, a singing will be

held in the auditorium and everyone is invited to attend. New officers will be elected for the coming year.

TIPS

When you are steaming a pudding, be sure to grease the inside of the cover of the mold. If your mold has no cover, grease foil and tie in place so the pudding will be securely covered during the steaming. If the mold cover is not a tight-fitting one, cover the mold with foil before adding the cover.

Custard baked in a shallow dish will need less cooking time than custard made in a deep dish.

Mary Sweatman "Golfer of the Month"

Mary Sweatman was named "Golfer of the Month" at the Wednesday luncheon and meeting of the Womens Playday group held at Muleshoe Country Club.

Mrs. Sweatman was presented the trophy after she was chosen to hold the title for the month of May. Ruby Willman presided over

the meeting and reports were heard from the hospitality committee, tournament committee and Hi-Plain president.

Hostesses for the luncheon were Mildred Lambert, Lois Lenau and Nona Blake Douglass. Playday prizes were given to Lois Lenau, Marie White and Ruth Malone.

Miss Ellington Studies Floral Design

Miss Carla Ellington, Muleshoe, completed a professional course in modern floral designing and executive shop management June 23 at the Benz School of Floral Design, Houston, Texas.

Miss Ellington was awarded a certificate of proficiency after completing the specialized Benz course. This course includes flower arrangements for parties, hospitals and other occasions, funeral work, wedding decorations, bouquets, corsages, salesmanship and shop management.

Miss Ellington also studied the latest flower stylings, new accessory materials and the most efficient methods of providing a first quality floral service to customers.

Governor and Mrs. John Connally will attend the opening of "Texas" Friday, June 30 at Palo Duro Canyon. They will be guests of Mr. and Mrs. L.P. Gilvin. Gilvin is President of Texas Panhandle Heritage Foundation which produces the "Texas" show.

Opening night, June 30, 1967 will find six flags flying over the Pioneer amphitheatre in the Palo Duro Canyon State Park representing the six flags which have flown over Texas. They celebrate the production "TEXAS" by the noted playwright Paul Green which plays there from June 30 through Labor Day every night of the week except Tuesdays. Sixty actors, singers, dancers and horsemen make up the cast and tell the story of the settling of the Texas panhandle. They play on a stage at the foot of a 600 foot bluff which cradles the sound so that the acoustics are perfect and a penny dropped anywhere on the stage can be heard in any one of the 1400 seats. The actors can whisper and sing and mutter and shout without microphones and still be heard.

The Palo Duro Canyon is a magnificent abyss which cuts across the plains of the western panhandle. It drops away suddenly from the level of the prairie and gives no warning of its presence until a traveler is upon it. A hundred miles long and a thousand feet deep, it is a myriad of colors at dawn and in the evening hours which the crowds are gathering for the performance. Against this background of beauty, the audience re-lives with the cast

FHA Officers Attend Workshop

The Lazbuddie FHA Officers attended a FHA Officer's Workshop June 22 and 23 at Lubbock, Texas. They attended sessions on the Texas Tech College campus, spending the night in a Tech dormitory.

Those attending were; Jackie Seaton, Jan Mason, Debbie Burch, Cheryl Ramage, Tamra Jennings, Theresa Seaton, Connie Harlan, Lee Ann Harlan, Charlotte Davis, Sponsors; Miss Ivy and Mrs. John L. Seaton.

TIPS

A pound cake baked in a loaf pan will have unusual (and old-time) flavor if you add very finely cut candied orange peel and caraway seeds. Call the result English Seed Cake.

Enochs WMU Holds Meeting

The W.M.U. of the Enoch's Baptist Church met Tuesday at 9:30 for their regular business meeting. The meeting was opened with a song and a prayer by Mrs. W.B. Peterson. Mrs. L.E. Nichols brought the Devotional "Let the Beauty of the Lord be upon us", Psalms 90:19.

Mrs. R.H. Layton, president was in charge of the business session. Mrs. L.E. Nichols read the prayer calendar and offered the prayer for the Missionaries.

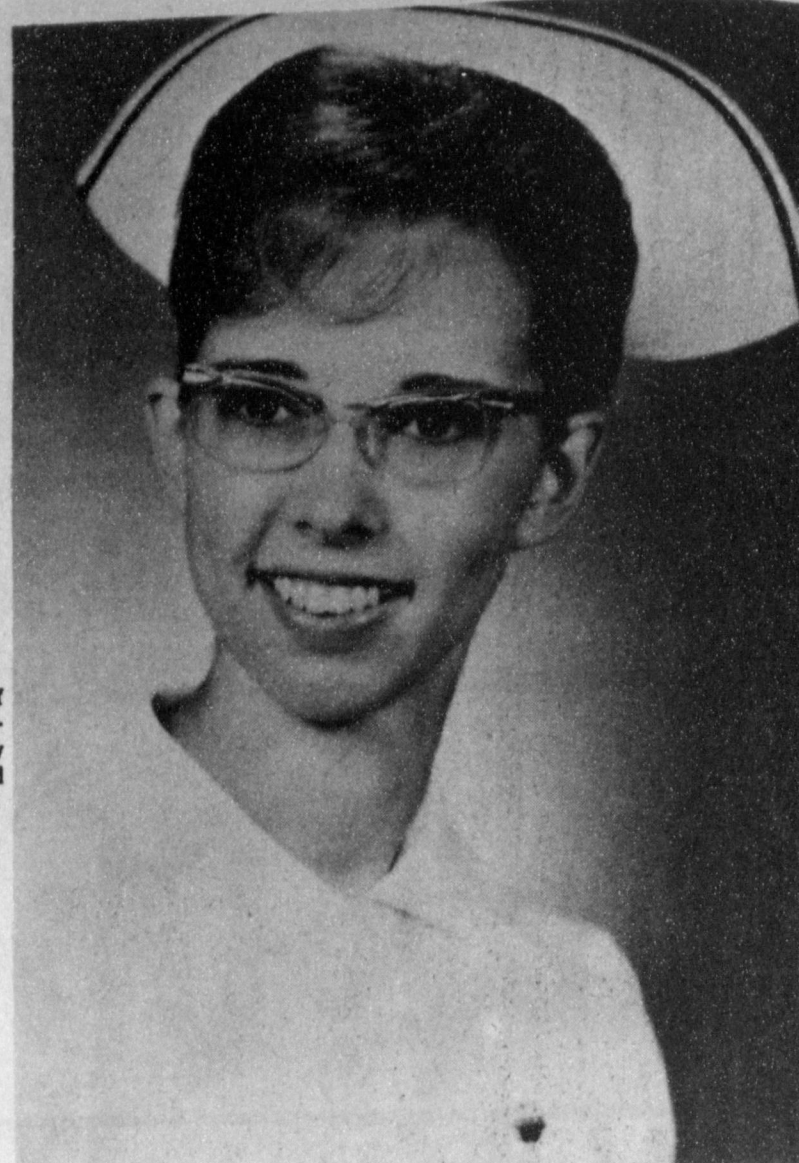

Those attending were Mrs. C.R. Seagler, Mrs. Dale Nichols, Mrs. W.B. Peterson, Mrs. J.E. Layton, Mrs. Ralph Beasley, Mrs. Guy Sanders, Mrs. Quinton Nichols, Mrs. W.M. Bryant, Mrs. C.C. Snitker, Mrs. J.D. Bayless, Mrs. L.E. Nichols, Mrs. Junior Austin, and Mrs. Harold Layton.

Mrs. Delores McCall took care of the children attending. They were: Ronald Beasley, Greg and Carrie Austin, Charles and Day Holliday, Mike Nichols, Paula Nichols, Tammy and Ted Herrington, Lubbock.

Palo Duro Show, "Texas" To Start in Canyon Friday

The humor and hardship, suffering and satisfactions of the early settlers in the place, told through the tale of a young settler and his romance with a rancher's niece, his conflicts with the rancher resolved through striving and understanding, and his friendship with a cast of cowboys, farmers, ne'er do wells, indians and wandering musicians.

A barbecue meal is served each evening before the per-

Mrs. Fritz - Valedictorian

Honor Graduates Revealed In Graduation Services

St. Anthony's School of Nursing held their graduation ceremonies for the Class of 1967 at the School of Nursing auditorium recently. Honor graduates were Mrs. Jolene Craghead Fritz Amarillo, Valedictorian; and Miss Carol Ann Wolfe, Muleshoe, Salutatorian. Diplomas were presented to 15 nursing graduates, 4 x-ray students and 3 laboratory assistants.

Master of ceremonies was Dr. Jeff Moore, President of St. Anthony's medical staff. The Rev. Norbert Wagner, Hospital chaplain, gave the invocation; the graduation address was pre-

sented by Richard Barras of the Lumpkin-Watson-Smith firm of lawyers. Bishop Lawrence Defalco conferred the diplomas on the graduates. A choral presentation was rendered by Junior students, of the School of Nursing, under the direction of Mrs. Florence Vachon, voice instructor at Amarillo College. Mrs. Fritz is the daughter of Mr. and Mrs. Joe M. Craghead

of Amarillo and the granddaughter of Mr. and Mrs. Matt Jesko of Hereford, Texas. She is the niece of Mr. and Mrs. Anthony Jesko Clovis, New Mexico.

ago. "Texas will not play on Tuesdays July 18, July 25, and August 1. On these days, the Amarillo Symphony will present concerts in the theatre.

TROOP FOLLOWERS

PARIS (AP) — Departure of United States troops from France has led to dissolution of nearly all English-language Baptist congregations in the country, including one in Paris, since they were established solely to serve armed forces personnel.

Senior Citizens Enjoy Meeting

The Muleshoe Senior Citizens met in the First Methodist Church, Monday, 2 p.m. for their regular meeting. They enjoyed a program presented for them, by the Piano students of Mrs. A.M. Bradley. They played several pieces on the piano and also sang some selections.

Mr. Prater was the only one present who had celebrated a birthday and he was congratulated and read some appropriate poems by Senn Stenmons and J.K. Adams.

Those attending were served cake and punch by members of the Jayceettes. Those helping to serve the Senior Citizens

were: Darlene Henry, Shirley Walker and Eva Nell Stovall. Approximately 40 were in attendance for the meeting.

8 INTERNATIONAL COMPANIES

LONDON (AP) - The fourth World Theater Season will include a record display by eight companies, appearing in 15 plays.

Participating in the March 27-June 5 season at the Aldwych Theater will be the National Theater of Poland, the Comedie Francaise, Japan's Noh Theater, the Cameri of Israel, West German's Bremen troupe, the Greek Art, Milan's Piccolo and Prague's Theater on the Balustrade.

Rainbow Girls Attend Grand Assembly in San Antonio

The Muleshoe Rainbow girls attended Grand Assembly in San Antonio, June 19 through 21. Attending were: Cindy Davis, Linda Kerr, Kathy Williams, Sue Pylant, Kathy Seymore, Darla Kendall, Norene Green, Mrs. Wanda Newsom, Mother Advisor, and

Mrs. Cleon Davis. Approximately 5,500 girls from all over Texas attended the meetings which were held in San Antonio's Auditorium. All of the girls learned many new things which can be applied to their own Assembly. The girls enjoyed a trip to Brackenridge Park, and the

Lazbuddie News

by Mrs. C.A. Watson

Jill Mimms, daughter of Mr. and Mrs. Pete Mimms and Ronald Mayfield, son of Mr. and Mrs. J.T. Mayfield have returned from an all expense paid trip to Washington D.C. The two attended along with other winning students sponsored by their REA cooperatives. Jill Mimms was first runner up in the oratorical contest but due to the winning girl Melodie Brock from Earth Jill was chosen to go. The group was entertained in many events and saw several historical places and monuments.

Ronald and Jill will be expected to be on various programs in the near future giving descriptions and highlights of their trip. They arrived in Washington June 12.

Word was received last week from SP/4-Benny C. Watson that he had volunteered the balance of his time in the service in Vietnam at the place he is now serving in Vietnam. He will be in there one more year. He was to have served his time there by January 1, 1968.

John Littlefield was in Groom Sunday to be at the bedside of his sister, Alberta Hender-

son. He also visited other relatives in the area Sunday. Mr. and Mrs. Junior Matthews and their son, Gary, left Tuesday for Tulsa where Gary plans to enter as a student in the Spartin Airfield in the near future.

Nola Ivy was called to the bedside of an uncle, J.A. Reed in Marlow last week. She reports he has been dismissed from the hospital there and is steadily improving.

Wylie Bullock is recuperating in the Clovis Memorial hospital after being rushed there Friday at the results of a head injury he received while working on his pickup near his home. Bullock was underneath the pickup when the jack fell causing the accident.

Guests in the home of Mrs. T.D. Reed and other relatives near Lazbuddie Sunday were Mr. and Mrs. Raymond Jones and children from Houston, Jones is a nephew of Mrs. Reed.

Mr. and Mrs. J.T. Mayfield announce the engagement and approaching marriage of their daughter Marcela, to Joe Bates Jennings, son of Mr. and Mrs. J.B. Jennings. Vows will be exchanged in the First Baptist Church in Lazbuddie the evening of August 12.

Both are graduates of Lazbuddie high school. She has been

Lone Star Brewery where they toured Buckhorn Place. They also visited the Sunken Gardens, the Majestic Theatre and other points of interest.

The girls would like to extend their appreciation and thanks to all who made it possible for them to attend Grand Assembly.

4-H Club Meets

The Four Leaf Clover Girls met Tuesday 13, with Connie Floyd, Marilyn Black, Joie Carpenter and Alta Ramm present.

Connie Floyd gave a demonstration on the tools they would need for sewing. Connie also gave a demonstration on how to need to sew. Connie also gave a demonstration on how to thread the machine, wind the bobbin, sew a straight seam and back stitch. Each girl practiced each of these steps. The girls then cut out and made a pin cushion to fit her arm. This is one of the tools they will need for sewing.

Mrs. Austin Floyd is their adult leader.

attending Texas Tech and he at the Junior college at Level-land.

Birthday Greetings this week go to: David Barton, Sherman Morgan, Peter Parros, Maxene Broyles and Larry Vaughn.

A steady rain falling in the area with measurements of from 1 inch to three was certainly nice, especially to those that had their wheat harvested. Crops are growing and well, maybe the weeds, too.

TIPS

Add anchovies to a meatless tomato sauce for spaghetti.

Dora Gonzales Given Shower

Miss Dora Gonzales, bride-elect of Jose Triana, was given a Bridal Shower in the American Legion Hall, Sunday, June 25, 8 p.m.

Receiving guests in the receiving line were; the honoree, Dora Gonzales, her mother, Monica Gonzales, the bridegroom-elects mother, Mrs. Regina Triana and the honoree's sister, Mrs. Salvador Olivarez.

Hostesses for the event were: Francis Padilla, Ana Maria Cuevas, Betty Padilla, Ana Ferta Elizarraraz, Ida Vega, Susan Vela, Josie Mendez, Josie Triana, Lupe Pesina, Rosa Dosada, Elisa Morales, Rachel Farias, Carla Perez, Alice

Acevedo, Mary Lou Acevedo, Joe Perales, Ramon Gonzales, Lupe Acevedo, Ernest Perez, Pete Acevedo, Joe Puente, Neri Marroquin, Frankie Perez, Pete Espinoza, Armando Ruiz, Juan Hernandez, Hugo Guillermo Medino, Ruben Ruiz, Santanna Mendoza and Thomas Marquez.

TIPS

Ever serve squares of chocolate cake with a topping of applesauce flavored with orange? Interesting and delicious combination!

Ever mix pork sausage with ground beef for burgers? Just make sure you cook these meat patties thoroughly.

Homemaking Tips

FROM THE OFFICE OF HOME DEMONSTRATION AGENT

Robin Taylor

Chicken is a Good Buy

Large supplies of chicken at reasonable prices make fryers one of the best meal values.

Nutritionally, chicken fills the bill. It's high protein food well supplied with minerals and vitamins, and comparatively low in calories.

Today's fryers differ as much from the egg-producing hen of 20 years ago as beef cattle differ from dairy cows. Fryers are now grown for meat purposes only. These high-quality birds are especially bred and are fed well-balanced rations of vitamin and mineral enriched foods. This means they are ready for market in eight or nine weeks.

Always cook chicken well done-- fork tender. Low temperatures mean less shrinkage and juicer, more tender, finished product. Whether you broil, fry, roast, or skillet simmer chicken, it's sure to be a family favorite.

Those new sheets will last a lot longer if they're properly laundered and cared for.

It is recommended that tucked-in sheets be loosened from all edges of the bed before they are removed. Pulling

sheets without loosening them will weaken the fabric and may slit weak spots. Mitered corners should be loosened to avoid ripping. If the sheet should rip or tear, mend it before laundering. Small tears will become larger in washing.

Don't use a sheet as a laundry bag. This puts a strain on the sheet and increases snagging and soiling. Time can be saved by not folding sheets before they are put into the laundry bag.

When line-drying sheets, fold the sheet hem to hem and lap about four inches over the line. After securely pinning the sheet, straighten the selvages with your fingers. When sheets are dry, fold them as they are removed from the line. Ironing is not necessary if sheets are folded evenly.

When drying sheets in the dryer, they should be removed before they are completely dry unless the dryer has a moisture sensing control. Remove sheets as soon as the dryer stops. If sheets are folded immediately after removal from the dryer, you'll save a lot of ironing time. You may, however, prefer to press at least the top 12 inches, which will show when the bed is made.

Earth News

by Buleah Newton

Mrs. Mary Jones is a patient in the Littlefield Hospital.

Little Shila Pat Jordan, four yr. old daughter of Mr. and Mrs. Earl Jordan was rushed to the Littlefield Hospital Tuesday evening. While playing with neighbor children, Shila got her hand in a push type lawn mower and lost a part of the index finger on her right hand. Fortunately she is left handed. She is at home doing fine.

Mr. and Mrs. Sam Cearley visited in Hobbs, N.M. last week with their son and family, Mr. and Mrs. Mervyn Cearley, Jon, Joe and Jeff. The Cearleys left Saturday for Martha, Okla. where they will visit Mrs. Cearley's mother, Mrs. Janie Doughty and sisters, Mr. and Mrs. Lawrence Brown and the Edwards.

Mrs. J.E. Livingston passed away June 16 at 4:30 a.m. in the West Plains Hospital in

Muleshoe. Mrs. Livingston had been seriously ill several weeks. She was 72 and had lived at Earth 30 years.

Services were held in "The Chapel of The Chimes" of Singleton Funeral Home in Muleshoe with Rev. Don Murray, pastor of First Baptist Church, Muleshoe, officiating.

Mrs. Lula L. Livingston is survived by her husband J.E. Livingston, Earth, two daughters, Mrs. A.T. Stanberry and Mrs. E.M. Malone, both of Wilcox, Arizona, also five grand children and nine great-grand children.

Burial was in Muleshoe Cemetery.

Mr. and Mrs. Sammy McGuire received word Wednesday of the serious illness of Sammy's mother, Mrs. N.R. McGuire of Dennison. Sammy left Earth with his family about 3 p.m. Wednesday and arrived in Dennison about an hour before his mother passed away.

Funeral services were held for Mrs. McGuire in the Johnson Moore Chapel, Dennison, Friday at 2 p.m.

Funeral services for Mrs. Lacky Smith of Carnigy, were held Friday. Mrs. Smith was a sister of Abe and Jim Griffin. Those attending the services from Earth were, Mr. and Mrs. Jim Griffin and Abe Griffin.

Mrs. Sam Jones sustained a broken arm recently. Mrs. Jones fell at her home.

Miss Sharla Haberer received a broken elbow in a fall on the trampoline recently. Mr. and Mrs. Herchel Belew left Thursday afternoon to attend funeral services for Belew's Aunt in Weatherford.

Mrs. Rick Taylor took her mother Mrs. Dora Danenburg, of Holland to Lubbock Thursday, where she took a plane to return to Holland. She had been visiting her daughter and son-in-law Mr. and Mrs. Jerald Taylor for three weeks.

The home of Mrs. Golda Belew was the scene of a coffee Thursday morning, honoring Mrs. W.R. Stockard. Mrs. Stockard came here about two months ago after she and Mr. Stockard were married.

The ladies of the Methodist Church sponsored the coffee. Approximately 45 guests were served coffee and cookies from a table laid with a white linen cloth bordered with wide Irish lace and centered with an arrangement of peach gladiolas in a crystal bowl.

LUBBOCK -- Plains Cotton Growers, Inc. adopted a \$208,950 budget, set policy on three legislative matters affecting the cotton industry and laid other plans for the organization's 1967-68 fiscal year in Lubbock June 22 at the final 1966-67 meeting of its Board of Directors.

The new budget will cover from June 30 this year to July 1, 1968, and includes such major items as \$32,200 for 12 cotton production research grants; \$17,250 for fiber research, textile mill consulting services and utilization research, and \$26,000 for advertising and public relations.

The total figure represents a reduction of just over 10 percent from the \$232,750 budgeted for the 1966-67 year.

However M.A. (Rip) Elms, chairman of the PCG Finance Committee, pointed out that operating economies effected in the current year resulted in actual expenditures of just under \$190,000.

John D. Smith of Littlefield, PCG President and chairman of the Executive Committee, said the committee felt there might be a need for such a bill in other areas producing other commodities, but there was no need for it in the cotton industry on the Plains. The vote to exclude cotton from the provisions of S-109 was unanimous.

Donald Johnson, PCG Executive Vice President, advised the Board of recent efforts in the House and current efforts in the Senate to impose a dollar limit on the government payments that could be made to any producer under present farm programs.

After only a brief discussion the Board resolved to "oppose limiting in any form or by any means the amount of government payments to individual producers of agricultural commodities."

"PCG contends," Johnson says, "that such a limit would penalize those whose initiative in the past has made this the

world's undisputed agricultural leader, place a ceiling on future individual initiative, and destroy the effectiveness of farm programs in their goal of assuring an adequate, reasonably priced supply of food an fiber to meet the nation's requirements."

Johnson also gave the Board a report on general crop conditions across the cotton belt. He stated that reduced acreage together with adverse spring weather conditions which have prevailed across most of the cotton belt could well hold 1967-68 production to 9.5 million bales or less.

"The cotton surplus is expected to be down to around 12 million bales by August 1 of this year," Johnson said, "and with domestic and export consumption this season estimated at around 14.6 million bales, there could well be a need for the production of several million more bales in 1968 than will be produced this year."

In a discussion of ways in which a production increase could be brought about, Roy Forkner of Lubbock, PCG immediate past president and chairman of the Board, suggested that a change in skip-row planting regulations for 1968 could result in an additional 1 million bales being produced.

The Board voted to work for a return to skip-row regulations which were in effect prior to 1965, when only the rows actually planted to cotton were considered in calculating cotton acreage. Since that time, by administrative ruling of the Secretary of Agriculture, a portion of the idle rows have been counted as cotton in all patterns which skipped less than four rows.

Anticipating the election of PCG officers later this year, the Board named a seven-man nominating committee. Under PCG by-laws the three immediate past presidents are automatically members of this committee and four others are selected by the Board.

Past presidents are W.O. (Bill) Fortenberry, Wilmer Smith and Forkner. Elected by the Board were Ray Joe Riley of Hart, Donnell Echols of Lamesa, Bill Thompson of Shallowater and Joe Anderson of Seminole.

J.D. Smith reported to the Board that the Executive Committee had also appointed a Legislative Committee to begin work toward recommending basic PCG policy on cotton legislation that will need to be enacted before the expiration of the current cotton law in 1969.

This group includes J.D. Smith, who as PCG President is a member of all committees, W.L. Edelman, Friona; Roy Davis, Lubbock; Clyde Crausbay, McAdoo; Joe. B. Pate Jr., Lubbock; Don Marble, South Plains; Thompson, Riley, Echols and Forkner.

Veterans Q's and A's

Q -- It has been several years since I have had a complete physical examination, and I feel that I need one. How do I apply to VA for this?

A -- The VA does not give physical examinations or "check-ups" as such. You can get an examination at VA only in connection with some veterans benefit, or if you or your private physician feel you are in need of hospitalization, if for some benefit, such as disability compensation or pension, apply at your nearest VA regional office. If for hospitalization or medical treatment, apply at your nearest VA hospital.

Q -- I am receiving disability compensation for a 100 percent service-connected disability. I have an unmarried 20 year old daughter who has decided to return to school. She desires to become a teacher. Will she be considered my dependent for compensation purposes?

A -- Yes. As a veteran with the disability you describe, you would be eligible for additional compensation for this daughter. The Veterans Administration considers children over 18 years of age but not 23 years to be dependent, if that child remains in school. The school must certify to VA that the child is in school on VA Form 21-674, "Request for Approval of School Attendance." Your daughter may also be eligible for educational benefits as a child of a totally disabled veteran. I suggest that you contact the VA regional office nearest you for further information.

Q -- I have arranged to have the proceeds of my National Service Life Insurance paid to my wife under option one in a lump sum. In a discussion of this matter the other night the question arose as to what would happen if my wife and I were killed in an automobile accident?

A -- In the event both the insured and the beneficiary were killed in a common disaster, a determination would have to be made as to who died first. If this cannot be determined, it is assumed that the insured died first. In this case the proceeds would be paid to the estate of the principal beneficiary. It is possible to avoid this kind of situation by providing in the designation of beneficiary the requirement that he or she survive the insured by a specific number of days, not to exceed 30. If the principal beneficiary does not survive the insured by the number of days indicated, the proceeds of the policy will be paid to the contingent beneficiary or the estate of the insured.

MRS. H. W. GARVIN

Mrs. Kenneth Fox and Mrs. Jack Reeves taught the Primary class in the Enoch Methodist Church Vacation Bible school.

Mrs. Olja Long is a patient in West Plains Hospital in Muleshoe.

Fred Kelley underwent surgery in Methodist Hospital in Lubbock Tuesday.

Mr. and Mrs. Zed Robinson visited in the D.S. Fowler home Sunday afternoon.

Mrs. Dutch Powell and Mrs. Marie Robinson were in Lubbock shopping Tuesday.

Mr. and Mrs. Jack Reeves and Mr. and Mrs. R.L. Reeves visited in Shallowater Sunday in the James Reeves home.

Mr. and Mrs. Don Morgan and son spent a week in the home of her parents, the D.S. Fowlers'. The Morgans are from Irving. Also visiting in the home of his parents were Mr. and Mrs. James Fowler. They celebrated James birthday with a party.

Mr. and Mrs. Tommy Galt, Rickey and Madalyn, Mr. and Mrs. Cass Stegall and Lavan and Frank Stegall and son spent Sunday with their parents and grandparents the T.G. Gaddys' in Portales.

Mr. and Mrs. L.W. Chapman attended a family reunion in Palo Duro Canyon Sunday.

Archie Sowder is a patient in the Green Memorial Hospital in Muleshoe.

Mrs. B.T. Battiest is visiting in Midland with her daughter Mrs. Kenneth Donald.

Ann Fort from Spokane, Washington is visiting her aunt Mrs. Perry Fort and other relatives. Ann is on her way to Ft. Worth to visit her brother, Captain George Fort and family. Captain Fort has just completed a year in Vietnam.

Mr. and Mrs. Elmer Lee and children spent the weekend fishing in New Mexico.

Visiting the H.C. Toombs home Wednesday were Mr. and Mrs. Milton Basham from Poteau, Okla.

Visiting in the D.V. Terrel home is Mr. and Mrs. Buford Toombs from Austin and Mr. and Mrs. Tomas Toombs from Kansas City.

Mr. and Mrs. Willie Burns from Bula and Mrs. Howard Culver and Joyce from Indiana visited in the home of Mrs. Bula Toombs.

Bible Study Club met in the home of Mrs. Pete Tarlton Tuesday. The study club has as the lesson Acts 11. Members present were Mrs. Ted Simpson, Mrs. R.L. Reeves, Mrs. Tommy Galt, Mrs. Cass Stegall, Mrs. Neal Smith and the hostess.

Mr. and Mrs. Jimmy Wheeler and children from Lovington were supper guests in the Johnnie Wheeler home Monday night.

Wendell Kelley, son of the Travis Kelleys is attending Lions Club camp at Kerville for two weeks. He reports he is having a good time.

Madalyn Galt had as her guests Friday Miranda Drennen from Levelland, Madalyn Galt, Katherin Masten and Myranda Drennen spent Friday night with Madalyns grandparents the, T. C. Gaddy in Portales, N.M.

Mr. Hoover cautioned that the 20 percent rise in serious crime in the United States for this three - month period was the sharpest recorded since the publication of quarterly reports began in 1958. The FBI Director stated that a full explanation of the reasons for such sharp increases is difficult because the upward trend was distributed quite evenly in all geographic regions, large and small cities, suburban and rural areas. The fact remains that these crime increases are real and the law enforcement machinery needs the full support of government and citizens alike.

CIRCUIT MINISTER--Carl Silva, circuit minister who serves the Muleshoe congregation of Jehovah's Witnesses will be one of the featured speakers at the four - day assembly in Amarillo June 29-July 2. He has also been named as the assistant trucking and equipment manager for the assembly.

Serious Crime Rate Climbs Over Last Year

According to figures made available today through the FBI's Uniform Crime Reports and released by Attorney General Ramsey Clark, serious crime in the United States jumped 20 percent in the first three months of 1967 when compared with the same period in 1966.

FBI Director J. Edgar Hoover said this substantial upsurge in the Nation's crime was reflected in all Crime Index offenses. Crimes of violence, as a group, recorded a 21 percent increase with murder up 23 percent, forcible rape 8 percent, larceny \$50 and over in value 18 percent, and auto theft 20 percent.

According to the FBI Director, the group of cities with 100,000 or more inhabitants had an overall 20 percent increase. Crime in suburban communities rose 22 percent on the average, and the rural areas were up 16 percent. The effect of the Nation's Crime increase was felt in all geographic regions. Mr. Hoover noted that the regional trends were consistent with the Western States up 21 percent, followed by the North Central and Southern States up 20 percent each, and the Northeastern States up 11 percent.

All crime classifications recorded increases in the four geographic regions. In making these figures available, the FBI Director called attention to the unusually sharp percentage increase in the crime of robbery. He stated every city population group contributed to this trend with the increases ranging from 20 percent in cities having over one million population to 42 percent in the group of cities with 250,000 to 500,000 population. Robbery in the suburbs was up 37 percent and increased 22 percent in the rural areas. Robbery recorded substantial increases in all geographic regions as well.

Mr. Hoover cautioned that the 20 percent rise in serious crime in the United States for this three - month period was the sharpest recorded since the publication of quarterly reports began in 1958. The FBI Director stated that a full explanation of the reasons for such sharp increases is difficult because the upward trend was distributed quite evenly in all geographic regions, large and small cities, suburban and rural areas. The fact remains that these crime increases are real and the law enforcement machinery needs the full support of government and citizens alike.

Farm Labor Unionization

The unionizing of farm labor will not be accomplished without the aid of the U.S. government. Recent attempts have been to apply enough pressure to the worker's employer to force the employer to require the worker to join a union in order to work. The procedure is for the union to obtain a contract from the employer and then include in that contract requirements for union membership and services such as health, retirement, etc. When this is accomplished, farm labor is forced to buy their jobs and services from a union.

There are at the present time two contracts in existence between the unions and employers in California. With regard to the California situation the United Farm Workers Organizing Committee has a contract with the Schenley Industries. The other contract in California is between A. Perelli-Minetti Company and the Teamsters-United Farm Workers. There is another corporation in California, the Di Giorgio Corporation, that has agreed to negotiate a contract for three of its ranches. The Christian Brothers' Mont La Salle Winery has also agreed to negotiate a contract. In Texas Virgilio Guerra has signed an agreement indicating that the Rancho Las Velas Farm would negotiate a contract with the union.

It is worth noting that all the California groups signing with the union have one thing in common; all of their products are marketed in the form of a consumer package with a readily identifiable label or brand. The Schenley and Di Giorgio are both publicly owned corporations whose major activities are something other than farming. These two corporations are divesting themselves of their farming activities as fast as they can. It is reported at the present time that less than 10% of these two corporation's business is farming.

The Christian Brothers' organization in California is a Catholic Church organization whose funds from its winery and distillery sales go for the support of church schools.

In Texas the 79th district court judge, Woodrow Laughlin of Alice, Texas, issued a temporary restraining order

stopped all picketing at La Casita Farm property in Starr County as of Friday, June 2, 1967. The basis of this injunction was that the farm laborers on the farm have not struck but indeed are still working in the fields each day. Further proof of the fact that there is no strike of the farm laborers is that most of the crops have already been harvested and the growers are generally paying more than the minimum national farm wage.

In order to perpetuate this movement it is now developing into a "civil rights" affair. It is a fact that the leaders of the organizing effort in the Valley of Texas and California are trained primarily in the area of community development, which is indeed a part of the civil rights and poverty program. It is also worth noting that the NAACP representative Richard L. Dockery of Dallas, director of Southwest region, has made his appearance in the Valley.

The United Workers (Obreos Unidos) is being organized in Wisconsin. One of the activities reported by this group has been a march between Wautoma and Madison, Wisconsin. This group in Wisconsin is reported to be led by a Jesus Salas. Salas was originally from Crystal City, Texas.

The Campus Americans for Democratic Action and the Student Peace Union are reported to have joined in the formation of a new organization, Independent Student Union. One of the first projects for the Independent Student Union is to aid in the organization of migratory farm workers in New York. The new organization's other immediate task is to serve as a coordinating center for anti-draft activities.

The move in Washington is to pass H.R. 4769 amending the National Labor Relations Act to include farm workers. If farm labor comes under the provisions of the National Labor Relations Act farm workers will be added to the labor union monopoly. This means that those working will be required to belong to the union or not work. The union will be used to lobby in Washington, D.C. and Austin. The union's forces will also be used to elect candidates and to lobby them while in office. Nothing is quite as

Dear Editor:

HOSPITALS AND YOU
BY EDDIE FAUST,
ADMINISTRATOR
WEST PLAINS HOSPITAL

Many people do not realize it, but in the role of a visitor to a friend or a loved one in the hospital, you play a part in the patient's recovery. Every person who visits a patient may do something to promote or retard the patient's recovery.

Hospital rules and regulations may seem unnecessary and possibly too stringent, but they have been established over a long period of time in the best interests of the patient. Many times rules governing visitors are the result of the doctor's wishes or perhaps those of the patient.

When calling upon a friend in the hospital, the first thing to remember is to limit your visit to 15 minutes. If the patient wishes to discuss his illness, be a good listener, but don't ask questions or add comments to prolong the discussion and try tactfully to

disturb as to receive a letter from a labor union indicating that unless you cooperate with their program your local labor union leaders will be informed of your non-cooperation. The simple fact is that a person may be free to vote as he chooses but if his non-voting, or "incorrect voting", denies him the right to earn a living he is a complete slave to the situation. To illustrate the point, leaders of the AFL-CIO United Farm Workers Organizing Committee recently testified in Washington before House Labor Sub-Committee with regard to H.R. 4769, who were these people testifying in Washington? (1) Cesar Chavez, from California who spent six years in Chicago studying in the "A-linsky School of Revolution," (2) Dolores Huerta, from California, (3) Joe Serda, from California, (4) Mack Lyons, from California, (5) Gilbert Padilla, from California, (6) Domingo Arrendondo, Rio Grande City, (7) Larry Hlong, Philippine American from California.

switch the topic away from his sickness.

Invariably, when the patient is first admitted, visitors come in droves at a time when he is least able to cope with them. The time to visit is during convalescence when he is more himself and in better shape to receive you. During the period of initial hospitalization, a brief, cheery note or get well card shows you are concerned about your friend and that your thoughts are with him.

When the patient has several other visitors in his room, and after you make your presence known, if they do not indicate that they are leaving, it is desirable that you leave and return another time. Actually, only two visitors should be in the room at a time to avoid overcrowding which may hinder the activities of the nursing staff or physician.

If the physician or minister should call upon the patient while you are visiting him, you should immediately withdraw. Such consultations are privileged and should be conducted in private.

If you notice signs of weariness or discomfort, it is a good time to cut your visit short. It could be that the patient may have personal needs that he is not able to attend to until you leave.

It is always comforting to those in the hospital to know that members of the family are being looked after. You can perform a real service to the patient by relieving any anxiety he may have in this regard by offering assistance to his family while in the hospital.

In addition to things which you can do to make your visit worthwhile, there are those things which may have an adverse effect on the patient. He certainly doesn't want to hear of a similar case that resulted in dire circumstance, a condemnation of the course of treatment or ridiculing those responsible for his recovery. If the patient does not bring up the nature of his illness, do not probe for information. His illness is a personal thing and he may find it embarrassing to discuss.

The patient looks forward to getting well and returning home. It is inconsiderate to discuss unpleasant situations or bad news that will have to be faced. Any added worry or anxiety will tend to hinder the patient's recovery. Besides, chances are

BOOSTER TOURS -- The high school activities bus left Muleshoe Wednesday to visit other towns boosting the July 4 celebration here. Among those going were Ann Douglass, Karen St. Clair, Kathy Wyer, Pattie Camp, Val Moore, Kerma Nickels, Druclilla Damron, Vina Bass, Cindy Lorance, Bobby Gilbert, Lindy Kerr, Lyna Pitts, and Melda Finley, all FHA members; Marie Bass, Martha Young, Bob Janca, Cecil Davis, Don Harmon and Melanie Precure. Homer Long is bus driver and the City Police car. Towns visited Wednesday were Needmore, Enoch, Maple, Morton, Whitesface, Petit, Whitharral, Littlefield, Amherst, and Sudan. The Thursday trip included Earth, Springlake, Oiton, Hart, Sunnyside, Lazbuddie, Clays Corner, Hub, Friona, Bovina and Farwell.

he will not be able to resolve an unpleasant situation at home until he is back in familiar surroundings.

One of the most abused liberties taken by a visitor is to smoke during a visit. Even though the patient may be a smoker, an excess of cigar, cigarette or pipe smoke may make him feel nauseated or a little more sick.

Before you make a trip to the hospital, it is suggested that you first call to see if the patient's condition will permit him to have visitors and check the hospital's visiting hours. If the patient has undergone surgery, it is best to wait until the third post-operative day after major surgery or the second after minor surgery.

When the patient is on the road to recovery, he wants to see his friends. When properly handled, a visit breaks the monotony and becomes pleasant respite to which he looks forward. If children accompany you, and it becomes necessary to have them remain in the hospital's main lobby, it would be well to observe the principles of hospital etiquette by making sure they are attended.

Remember, visits should be enjoyed, not endured.

Oil Seed Crops Under Extensive Research Study

Oil seed crops are the subject of an extensive testing and breeding program at the High Plains Research Foundation. The purpose of the oil seed research study is to develop improved varieties which are adapted to complete mechanization. Included in this program are two hundred nineteen varieties and strains of sunflower, which were selected from a total of six hundred twelve strains and varieties in the 1966 test. The sunflower seed contains about 30% oil and 22% protein, and are rich in minerals and vitamins necessary for human, livestock and poultry nutrition.

One of the major objectives in the plant breeding program is to develop insect resistant varieties suitable for machine harvesting. A current problem with the sunflower is the sunflower moth, which causes considerable damage to the seed of susceptible varieties.

Approximately two hundred strains and varieties of Sesame are under observation this year, with the ultimate goal in mind of developing or selecting improved non-shattering varieties which can be harvested mechanically. Expensive hand labor is required with the more common shattering types. Renner 15 is one non-shattering varieties which can be harvested mechanically. A new oil seed crop in the High

Plains of Texas is Rape. Loyd Langford, Associate Agronomist, is testing six varieties for adaptability to our climate and soil. These seed were planted on April 5th at both the recommended rate used in Canada and at double that amount for testing under irrigation. Dr. Ricard Isla, Dean of Agriculture at the Catholic University of Agriculture in Santiago, Chile, who visited the Research Foundation on June 6, has agreed to a seed exchange program which will help enlarge the testing and breeding study next year.

'The Wright Slant'

From Washington Mideast Peace

By Jim Wright (D-Rep.)

TO MAKE the shaky Middle Eastern truce into a peace will require a creative plan. And great understanding. The cease-fire is not a pardon. It is merely a reprieve.

The timeless travail of this ancient land haunts the present age like a procession of ghosts from the long buried past. It was somewhere in this region that man's troubles began in Eden's Garden. And here it was that Noah sighted land after the deluge. Here Abraham began the race whose offspring fell to warring with each other. Isaac and Ishmael, from whom Jew and Arab descended, were half brothers.

Where days ago Nasser's legions flaunted international law in Soviet tanks, Moses once led his remnant of refugees from Egypt through the desert. Here Joshua laid siege to Jericho. In what we call the Gaza Strip Samson slew Philistines.

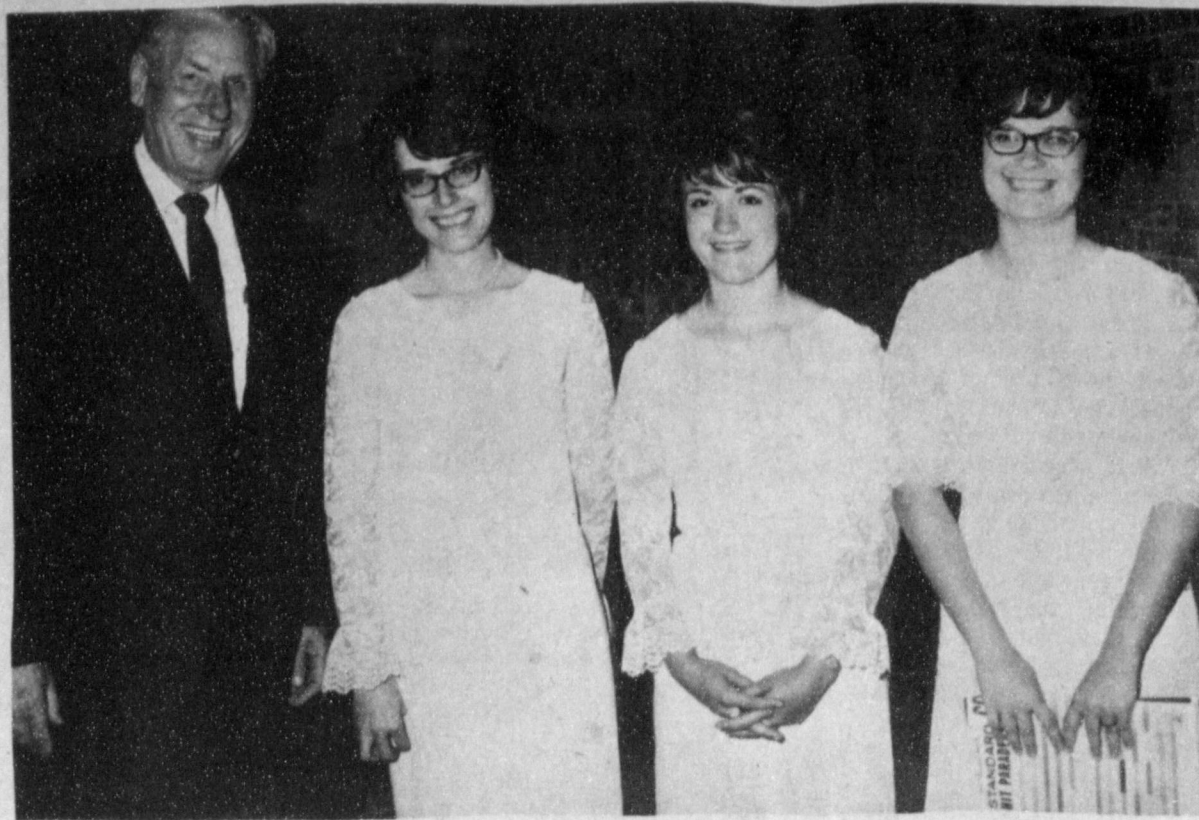

In Babylon (now Iraq) the Jews were held captive until Cyrus let them return to rebuild their city. Persians, Greeks and Romans came and conquered. Byzantium held sway before the Arab conquest in the 7th Century. And here the Crusaders had their Arma-

geddon with Islam. For 13 centuries, foreigners fought over the scarred earth of civilization's cradle, leaving the legacies of 14 different conquerors, until General Allenby wrested Palestine from the Turks in World War I.

THEN began the modern period. Britain sponsored independence for Arabia, expressly excluding Palestine, where the Balfour declaration promised "a national home for the Jewish people." This was 1917.

Woodrow Wilson and the victorious allies helped establish national independence for lands that became Egypt, Saudi Arabia, Jordan, Syria, Lebanon, Iraq and Yemen. But the pledge of a Jewish homeland in Palestine awaited still another war and 1948 to become reality. At no time in this period, from the expulsion of the Turks, was there any sovereign Arab rule in this ancient bit of real estate. But Arabs lived there under British mandate.

We know the agonies of the last two decades, which have seen three wars. In the solemn councils of nations and in the sacrifices of the Israeli

ENTERTAINERS -- Gil Lamb, KMUL radio, is pictured introducing three young ladies from Bula who who provided entertainment at the Rotary Club installation banquet Tuesday evening. They are Patricia Grusendorf, Elaine Tiller and Dana Crume.

people, Israel has been firmly established as a sovereign nation with all the rights inherent in that title.

AND NOW we have the present -- an awesome present of nuclear capabilities -- when Americans and Russians share the need to find a way to help right ancient wrongs. It is in our common interest to dampen the smoldering hatreds, correct old injuries and set a watch to see that the combustible fuel of revived hostilities does not explode in the dry tinder of the past to engulf the world in flame.

We must believe that peace is possible, that man's enlightened mind and conscience can find a way to free the future from the burden of sins as old as Eden and suspicions as ancient as Cain. Truly this is the harder task. A peace, to be secure, will have to include several indispensable ingredients.

(1) The sine qua non is the recognition of Israel as a fact of life. The Arabs will have to take the blinders from their eyes and give up the silly fiction that Israel does not exist. They must be made to still their foolish cries about "exterminating" the Israeli Republic. It is a nation, with every right to live in peace, unmolested.

(2) Once and for all, we must establish the security of international waterways and the rights of all to peaceful passage. This applies not alone to the Gulf of Aquaba. It should be reasserted as well with respect to the Suez. In this enlightened age, a world grown small simply cannot pander to any tinpot despot who wants to say who may and may not ship goods in peaceful commerce.

(3) A resettlement program with truly meaningful assistance for the Palestinian Arab refugees, displaced by the creation of the Israeli state, is long overdue. This is a rightful burden on man's collective conscience. A regional planned program, administered by the UN, and aided in substantial ways by the US and the USSR, seems the best solution.

Arab resettlement is a duty not only of conscience but of common sense. To protect the future, we must correct the injuries of the past. Help for the refugees is not only right; it is imperative if we would remove a lingering cause of conflict which could be infinitely more costly to all of us in the long run.

(4) The old city of Jerusalem, whose twisted streets have

echoed to the marching footsteps of too many conquerors, should be made secure for all mankind. What a great thing if it could be an international city, an open city, protected by the UN or a joint international commission as an enduring mecca for the faithful of all lands.

Jerusalem is a Holy City to three great faiths. The Israelis knew this when they took the old parts of the town. With commendable restraint, they used only small arms fire. They paid in the coin of human life to save the sacred places. The Mosque of Omar remains intact, as do the Wailing Wall, the Mount of Olives, with its gnarled 2,000-year old trees, Pilate's courtyard and the place of the Holy Sepulchre. What a magnanimous thing if the historic portions of this city could know no confining national identity but become in truth a city of the world for pilgrims of all lands.

(5) Territorial boundaries must be agreed upon, clearly demarcated, and made to be accepted and respected by all. Perhaps a wider buffer zone could be established between the recent combatants to remove the temptations which arise with tensions. It would have to be patrolled, perhaps for a very long time, by a

continuing UN presence -- not to be removed at the whim of someone who wants to start another war.

As the Arabs will have to yield upon the first two points, the Israelis who now hold this land in military possession should yield to some degree upon these latter two. Israel has every right to demand security, no right to demand spoils. Her people are too mature, I think, to insist upon them.

(6) In all of this, the US and Russia have a common stake. The sensible restraint exhibited by both in the period of armed hostilities shows that we have the wisdom to work together -- if we have the will. President Johnson demonstrated superb calm in the explosive situation. The Russians responded. A confrontation was avoided. Now -- with the cease-fire -- comes the real test.

How much better for the people of both great lands if we can think more of saving the future than of saving face. And how much cheaper. It will cost less by far to help this ancient region to peaceful co-existence than to pour more billions into arms. Three billion dollars of Russian military aid to Egypt has brought nothing but trouble. That which was not taken by the Israelis lies in crumpled heaps, baking in the desert sun and sinking into the sands of centuries.

If mankind is given one more chance, may the future not lament that we were too stupid or too selfish to use it well. For here in the ancient Middle East it also was that Isaiah and later the exiled author of Revelations spoke of a day when "men shall beat their swords into plowshares and their spears into pruning hooks...neither shall they learn war any more."

Here, too, where Syrian artillery shells fell last week on Galilean villages, a Man of peace once taught the multitudes that they should love their enemies. If this is still too much for mortal men, at the very least we must learn to live and let live.

FATHER GETS DEGREE
Ithaca, N.Y.--Joseph G. Ebel, father of 10, finally got a doctor of philosophy degree from Cornell University. The 40-year-old has been going to college since 1951. In that time he had earned a degree in agriculture and then decided to try for his doctorate.

More Soil Samples Submitted For Analysis

COLLEGE STATION, June -- Texas agricultural producers in 1966 submitted more soil samples for analysis and used more fertilizer than ever before.

But the 29,980 samples tested by the Agricultural Extension Service Laboratories and the Stephen F. Austin and Wharton County Junior College Laboratories in 1966 falls far short of the 100,000 tests needed annually to adequately guide fertilization programs, say C.D. Welch and Carl Gray, Extension soil chemists at Texas A&M University.

The soil chemists explain the 100,000 figure this way. They say if each 40 acres of crop and improved pasture land were tested once every five years, the annual rate of sampling would be 250,000. Figuring the amount of land used for low intensity production and subtracting it from the higher potential lands, the net result is their 100,000 figure.

In commenting on the fertilizer from July 1965-April 1966 was 30 percent above the same period of 1966-'67; 1,296,329 tons compared with 990,324 tons.

Welch and Gray attribute this favorable attitude toward fertilization to the fact that more agriculturists are realizing that profitable production levels cannot be reached without adequate available nutrients in the soil.

The ten leading counties in the state for 1966 and the number of soil samples sent to Ex-

tension Laboratories, Stephen F. Austin and Wharton Jr. College Laboratories were Fannin, 1,096; Harris, 971; Hale, 851; Crosby, 684; Floyd, 612; Swisher, 582; Castro, 539; Houston, 450; Hunt, 458; Baylor, 412; and Matagorda 387.

In March and April of this year, 5,160 samples were tested. The five leading counties: Harris, 231; Houston, 112; Wharton, 109; Nacogdoches, 108; and Brazoria, 96.

Only new members of the St. Louis Cardinals this spring are ex-Yankee Roger Maris and ex-White Sox catcher John Romano.

Meet the
Muleshoe State Bank
Customer of the Week

George Provence

George Provence, 117 W 8th., is Muleshoe State Bank's customer of the week. He and his wife, Mae, have two children: Phill, Lubbock and Mrs. Travis Clements, Lubbock. They attend the Church of Christ. Provence is a salesman for Mills' Machine Shop. He said he had banked at the Muleshoe State Bank 25 years and "I really like this bank. They treat you nice. Been quite a help to me."

Muleshoe State Bank is proud to recognize this customer of the week.

Mideast Situation Is Tension Filled

The following is the text of Senator Tower's weekly report to Texans:

June has proved a tension-filled and exciting month thus far as all of us have worried about the Middle East war between Israel and the Arabs. It's probably too soon for us to relax, too, but I do think we need to take stock of the changes made and of their possible future impact.

It would be nice if the world could learn a few lasting lessons from the Middle East war, but perhaps that's too much to ask. Nevertheless, the smashing Israeli victory has changed the world, and we will have to live with the new situation.

For one thing, the United Nations showed early in the crisis that it could do nothing to prevent the fighting. In fact, withdrawal of U.N. buffer forces at exactly the wrong moment allowed the belligerent armies to come face to face. Then, suddenly -- when Israel won -- there was hyper-activity at the United Nations; no less than three cease-fire resolutions; and great strivings for peace.

What happened in the United Nations and in the world can-

not be explained solely in terms of Israel and the Arabs. It can only be explained by the activities of the Communist Soviet Union.

What we must always remember about the Soviet Union is that its declared foreign policy is one of agitation. The Soviets are engaged all over the world in stirring up trouble between other nations. They are dedicated to destruction of world order. They want chaos so that communism may triumph among the rubble of peace and trust.

So, the Soviets armed the Egyptians and egged them on toward aggression by constantly promising them full support and backing. Eventually, President Nasser took the Soviet-furnished bit in his teeth and blockaded Israel's only Red Sea seaport.

This brings us to the thing we must always remember about the United Nations -- which is that the U.N. Security Council can only do what the Soviets will allow it to do. That's because all the major powers, including Russia, can veto any proposed Council action.

So, with Nasser's blockade in force, the United Nations

was totally unable to prevent increasing tensions -- because the Soviet Union wanted increasing tensions.

But -- both the Soviets and Nasser miscalculated the strength of Israel and the speed with which Israel acting alone could and would strike to protect her trade interests and national security.

With the collapse of Arab resistance to Israeli forces, the tune quickly changed at the United Nations. It changed because the Soviet Union now wanted a cease fire fast to prevent total collapse of the Arab nations to which so much Red aid had been sent.

So, the United Nations acted to help end the war it had been powerless to prevent.

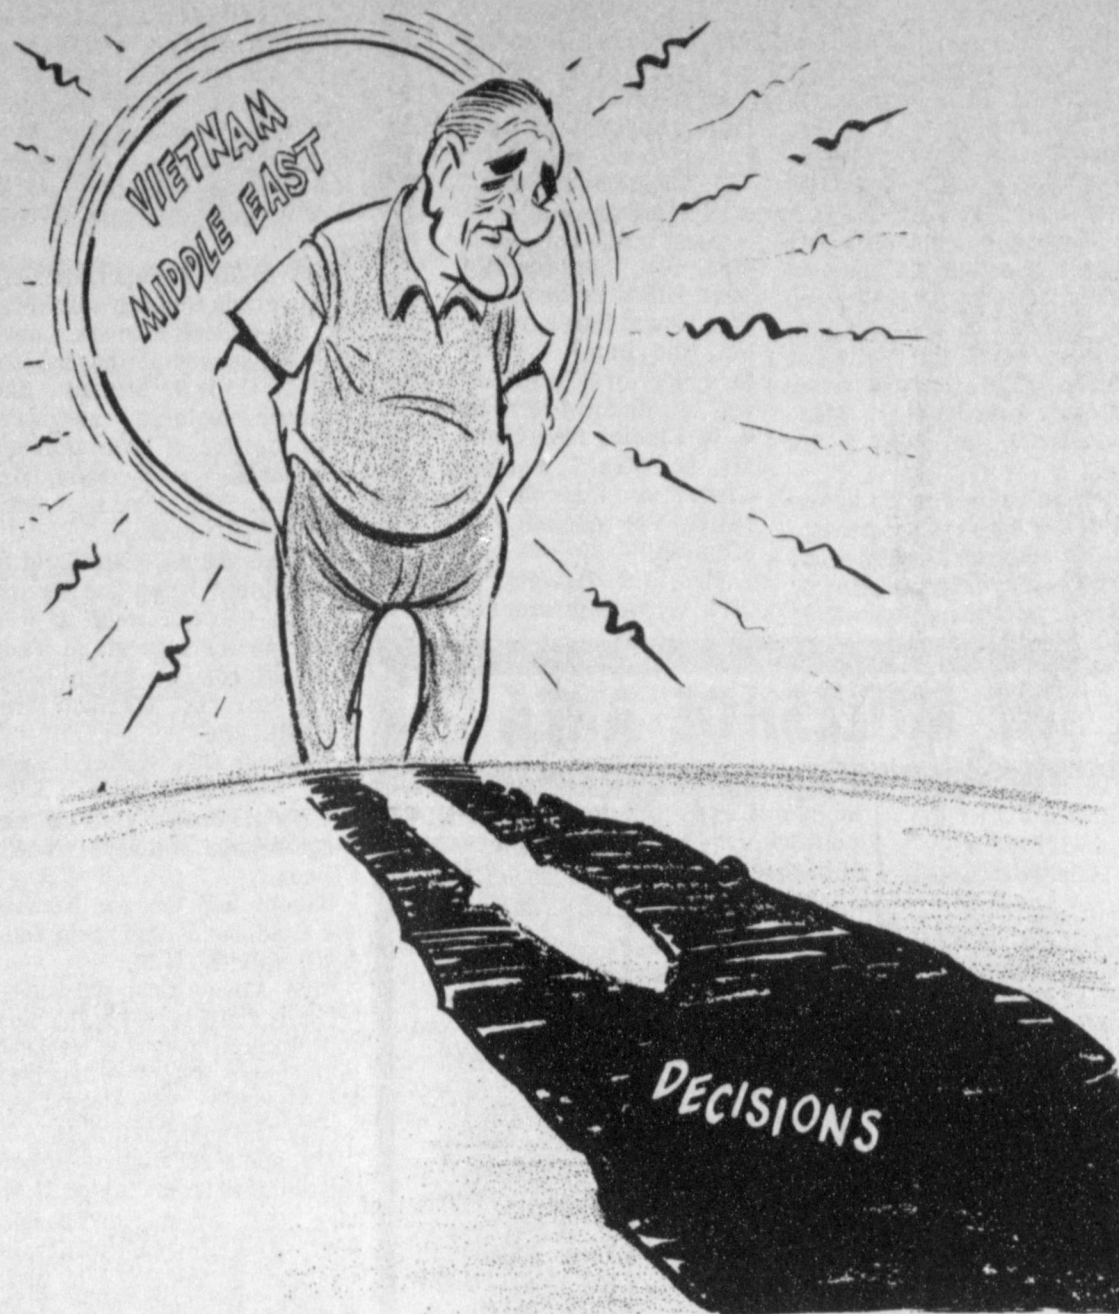

From the American point of view, it should be obvious from this Middle East exercise that we cannot count on United Nations help in any situation in which U.S. and Soviet interests and intentions are in opposition. Therefore, we never can rely on the United Nations as a substitute for a strong American foreign policy.

However, it is equally obvious that on those rare occasions when both the United States and the Soviet Union wish to end a brushfire war -- for whatever separate reasons -- the United Nations is a useful tool for proclamation of cease fire orders and for provision of truce observer teams.

Thus, this crisis has served to remind Americans that while they cannot count on the United Nations for everything, neither is the U. N. totally useless. If we can thus view the U.N. in perspective, it still can be meaningful in complementing U. S. foreign policy.

Right now, we must look to the future and toward some long and perhaps bitter negotiations between the Arabs and Israel. Having watched its agitation goals drowned in Arab military defeat the Soviet Union likely will seek to recover its position at the conference table.

I doubt very much that we

THE LONG HOT SUMMER

can reasonably expect Israel to trust again a U.N. peacekeeping force or to settle for anything that does not guarantee her national right to exist and to enjoy free trade routes.

It seems desirable that the United States do what we can to help achieve a new stability in the Middle East. That requires us to take a fresh look at our policies in light of current events. The United States must base its policy not on the inflexibilities of a past rocked by three wars, but on the demands of the future for a new order of peace and stability in the Mideast.

Stability in the Middle East is in America's national interest. If new treaties and even new borders appear necessary to achieve lasting stability, we must approach such suggestions with an open mind.

Mail Package Poundage Raised

Mailers will be able to send 25 pound parcels between first class post offices which are 150 miles apart starting July 1, 1967, Postmaster Spencer Beavers reminded patrons today. The present weight limit is 20 pounds, he said.

This is the first of five increases scheduled to take effect annually until 1971, when a 40 pound, 84 inch maximum size will be authorized between all first class post offices. Size limitations are now 72 inches in combined length and height. The next increase, of July 1, 1968, will raise the weight limit to 30 pounds. On July 1, 1969 the weight limit will be raised from 30 to 40 pounds; on July 1, 1970 the size will be increased to 78 inches; and on July 1, 1971, the size is scheduled to be increased to 84 inches.

Postmaster Beavers also reminded mailers that parcels weighing up to 40 pounds can be mailed between first class post offices less than 150 miles apart. Packages addressed to and 2nd and 3rd and 4th class post offices, Alaska and Hawaii are not affected by the increase in size and weight provisions of public Law 89-573, which became effective January 15, he said. Parcel Post mailings to and from these offices remain at 70 pounds and 100 inches.

PITCHER Mel Queen, who failed to make the Cincinnati Reds as an outfielder, is now trying to make the grade as a pitcher. He owns a good fastball and a slider.

The Sandhills Philosopher

Editor's note: The Sandhills Philosopher on his Johnson grass farm thinks he has learned something from the recent war in the Mid-East, his letter this week indicates.

Dear editor;

As I understand the news now about the Israeli-Arab war (by the way, why doesn't the United Nations Security Council pass a resolution limiting all future wars to four days? How long do you think football would last if a game went on for days and days?) Israel was fighting to maintain its right to the use of the Gulf of Aqaba and the Suez Canal by its ships or, as it's put in international diplomatic language, "innocent passage" through those waters. Up till now I'll admit I wasn't familiar with that nautical term "innocent passage," but I see what it means and would like to recommend a more widespread application of it.

Why limit it to the Gulf of Aqaba and the Suez Canal? I never use those places myself and doubt if very many other people around Muleshoe do, although I don't try to keep track of everybody every time they leave town. It's their business whether they're going to the Gulf of Aqaba or Farwell.

What I'm saying is that what this country needs is innocent passage guaranteed to its citizens on the highway from Muleshoe to Amarillo. From Los Angeles to New York. From Washington to Philadelphia.

What the people of Los Angeles and New York

and Washington and Philadelphia and dozens of other big cities need is innocent passage along their sidewalks, at least during the day time. It's probably asking too much at night. If you can think of anybody we can declare war on to get this through, let me know. Yours faithfully, J.A.

On Wonder Cures

From time to time the average citizen is confronted with reports that an herb doctor or a wizard of the arts and roots has cured cancer, polio or some serious disease. It is surprising how many Americans fall for these reports and seek out the individual and pay large sums of money for miracle treatments.

The worst part of this susceptibility is that it sometimes prevents those taken in from getting the proper cure. Hope for some mysterious simple cure has often led to postponement in seeking a specialist, who could have cured the disease if he had caught it in time. Not caught in time, the disease often proves fatal.

Those seriously sick should seek an accredited doctor or a specialist in the field concerned. There are no miracle-makers. The gullible patient who lets himself believe in them is endangering his health and his pocketbook.

Enoch News

by Mrs. J.D. Bayless

The young people of the Bula School who took Drivers Education were Pamela Layton, Patricia Robertson, Jolene Cox, Terry Sowder, Gene Stroud, Mitchell Autry, Diane Crume, Iva Clawson, Jolene Reid. They all passed their test and have started their driving lessons.

Mr. E.F. Campbell was a patient in the Littlefield Hospital last week from Tuesday until Friday.

Miss Betty Salyer was in Levelland Thursday to preregister at the South Plains

College, where she will attend college this fall.

Those from Enochs attending the workers conference at Lums Chapel Baptist Church Monday night were Mr. and Mrs. W.B. Peterson, Mr. and Mrs. J.O. Dane, Mrs. J.W. Layton, Mrs. Junior Austin, and Mrs. Harold Layton.

Barbara Jan, Dorothy Ann, and Pamela Sue Noah, of Hurlwood spent last week with their grandparents, Mr. and Mrs. Duane Clem. They also attended Bible Church school at

the Methodist church. Mr. and Mrs. Ben Moates from Hurlwood and son Ben Jr. visited in the home of Mr. and Mrs. Duane Clem Saturday. Mrs. Moates is a daughter of Mrs. Clem.

Mrs. Lorene Cox from Levelland was a guest in the home of her son, Mr. and Mrs. D.J. Cox Thursday night. She was a dinner guest in the home of another son at Bula, Mr. and Mrs. Jerry Cox and children. Jolene, Stevie, and Yvette Cox children of D.J. Cox went home with their grandmother, Mrs. Lorene Cox to spend a few days.

Richard De Vos the president of the Amway Cooperation, was the speaker at the Amway Rally Tuesday night at Lubbock. Those attending from Bula

and Enochs were Mrs. Myrna Turney, Mrs. Jerome Cash, Mr. and Mrs. Bill Simpson, Mr. and Mrs. Bradley Robertson, Mr. and Mrs. J.D. Rowland.

Mrs. Harold Layton and Mrs. Junior Austin went to Lubbock Friday to be with their father J.M. Angel who underwent surgery Friday morning.

Guest in the home of Mr. and Mrs. Bill Simpson last week were Bill's sisters, Mr. and Mrs. Pearl Bates from Buffalo, Mo. and Bates son Mr. Mrs. Rayford Bates and children of Seminole, Mr. and Mrs. G. R. Lindley from Yuma, Ariz. Mr. and Mrs. L.W. Mulkey and Cindy from Roswell N.M. Mrs. Mulkey is a sister of Mrs. Simpson.

Mrs. J.D. Bayless, Mr. and Mrs. Clyde Coffman of Morton

visited in the home of Mrs. Gracy Swanner and son Jimmie at Levelland Monday afternoon. Mrs. Swanner is a sister of Clyde and Mrs. Bayless.

Rev. C.R. Smelser preached at Bledsoe Sunday. The first quarterly conference of Enochs and Bledsoe will be at the Enochs Methodist Church July 2.

The District Superintendent Rev. Jordan Gorman will bring the 11, o'clock sermon. Lunch will be served at the church.

Mrs. E.N. McCall and daughter Dolores, and Mrs. Fred Locker of Bula attended the wedding of a cousin, Mr. and Mrs. Bob Morgan at Portales, N.M. Friday.

Mr. and Mrs. Robert George and children Brent and Martha Ann of Lubbock went to Red River on their vacation. They spent Saturday night in the home of her parents, Mr. and Mrs. E.N. McCall.

Mr. and Mrs. Walter Layton spent Saturday night and Sunday in Lubbock visiting his daughter Mr. and Mrs. Ernest Ellison.

Harold and Quinton Nichols and Goldman Stroud spent Sunday in Ruidoso N.M.

Mrs. Alma Altman and daughter, Mr. and Mrs. Kenneth Coats and children spent the weekend in the home of another daughter Mr. and Mrs. Vicky Byrum and family at Tucuman, N.M.

Mr. and Mrs. Dwayne Bryant and children from Clayton, N.M. Mrs. C.L. Bracher and daughters of Plainview spent the weekend in the home of their parents, Mr. and Mrs. W.M. Bryant.

Mrs. Jerome Cash and Mrs. Myrna Turney were in Portales, N.M. Wednesday attending to business, and was dinner guests in the home of Mr. and Mrs. Dudley Cash and family. Dudley is the son of Mrs. Cash, Mrs. Turney also visited in the home of a brother-in-law, Mr. and Mrs. Charlie Turney.

Those visiting in the home of Mr. and Mrs. Earlton Wall last week were his sister, Mr. and Mrs. James Cox from Atlanta, also Mr. and Mrs. Bill Wall and children from Lubbock.

Those visiting in the home of their parents Mr. and Mrs. C.S. Vandever for several days, were, Mr. and Mrs. M.F. Calvert from Layford, Mr. and Mrs. Charlie Vandever and daughters, Pamela and Karen Ann, Mrs. Luther Baughman and children, Debbie, Terry Lynn, and Tracy, from Colorado Springs, Colo., Mrs. T.C. Carlisle and son Jerry from Loyford and Mrs. Mary Kenyon and children Teresa, Linda and Cindy, from Colorado Springs, John Vanderver and daughter Mrs. Almeda Mills and children, Randy and Missy of Hobbs, N.M.

Jerry Nichols is spending a

few days with his grandmother, Mrs. Evelyn Sanderfer at Morton.

Mr. L.E. Nichols and son, Harold Dean visited in the home of a daughter, Mr. and Mrs. L.B. Davis at Lubbock Saturday.

Witnesses Plan Annual Convention

"It is the practice among the members of many families to have an occasional reunion," Boyd Lowery, said today.

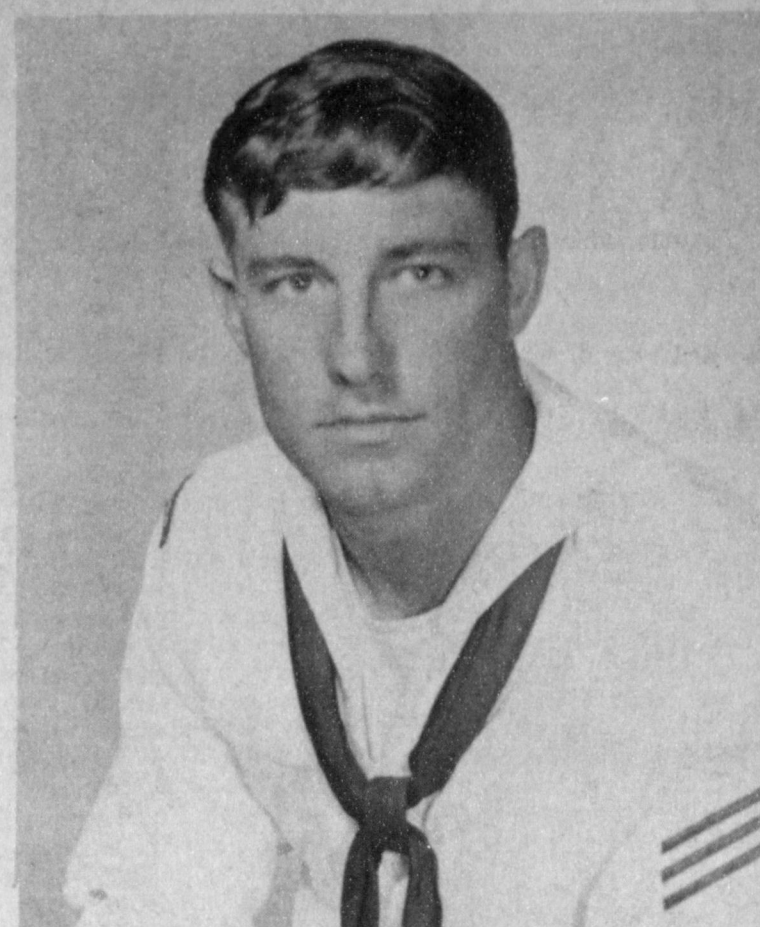

Lowery is the presiding minister of the Muleshoe congregation of Jehovah's Witnesses. The religious group is planning a four-day district convention for the Tri-State Coliseum in Amarillo, June 29--July 2nd. Approximately 7,500 delegates are expected for the bi-lingual Bible conference.

Lowery said hundreds of children are expected to attend the Amarillo convention and others that will be held in 45 cities in the United States, Canada, Bermuda and the British Isles.

"Assemblies of Jehovah's Witnesses are designed for all members of the family, who come equipped with Bible and notebook," he said. "It is vital in these critical times that families do things together. This is most important when it applies to family worship. Such 'togetherness' is a bulwark against delinquency. Certainly family unity is essential to overcoming this problem, which plagues all nations at this time," he continued.

Lowery pointed out that children get more out of deep, involved lectures and discussions of the Bible than most people realize. "Jehovah's Witnesses do not gather their young people into special interest groups, with planned programs for different age levels. Most of these children have a detailed and accurate knowledge of Bible subjects, are qualified to discuss them, and this serves to fortify such youths to ward off delinquent tendencies. In all meetings, the children are encouraged to participate," he said, "and it is our belief that a religion worth accepting is worth talking about and following. We encourage an active interest in our faith--not a passive one."

"The practice of holding a family reunion is prompted by the bond of family relationship that gives them a feeling of closeness," Lowery said. "They are members of a very large family," he said, "A family that is tied together with a bond much stronger than blood relationship. What binds them are the beliefs and worship they hold in common. This

Seaman Danny Michal Gunstream, USN, formerly of Muleshoe is serving aboard the USS Farragut (DLG-6). The Farragut, a light guided missile destroyer, will be traveling with an anti-submarine group, commonly referred to as a huk group and will be attached to the 6th Fleet. He will visit ports in the Northern Europe Scandinavian Complex in the North Atlantic then will tour the Mediterranean Ports. He will also be participating in the Presidents "People to People" program. Danny, son of Mr. and Mrs. M.D. Gunstream is the weapons yeoman aboard the Farragut and will be returning to the states in October.

will be demonstrated when they meet together for the four days in Amarillo. Old Friendships will be renewed, experiences exchanged and future prospects will be discussed," Lowery said.

Seaman Recruit Richard Minckler Is Navy Grad

SAN DIEGO -- Seaman Recruit Richard K. Minckler Jr., USN, son of Mr. and Mrs. Richard K. Minckler Sr. of 202 W. 12th, Muleshoe, has been graduated from nine weeks of Navy basic training at the Naval Training Center here. In the first weeks of his naval service he studied military subjects and lived and worked under conditions similar to those he will encounter on his first ship or at his first shore station.

In making the transition from civilian life to Naval service, he received instruction under veteran Navy petty officers. He studied seamanship, as well as survival techniques, military drill and other subjects.

1 KILOWATT HOUR

MILKS THIS COW FOR 15 DAYS...

June is DAIRY month

"DRINK MORE MILK"

Many things have changed in rural areas but milking time still comes twice a day. But on dairy farms, this chore is now handled efficiently and economically with milking machines powered with electricity from BAILEY COUNTY ELECTRIC COOPERATIVE. In many modern dairy farms the milk goes directly to the cooler which means fresher more wholesome milk on your table. In every field of rural endeavor, rural electrification has helped lighten the load, brighten the day and in many instances increase profits.

The abundant supply of electric power furnished by the BAILEY COUNTY ELECTRIC COOPERATIVE is Helping Texas Grow.

LEGAL NOTICE

NOTICE TO ALL PERSONS HAVING CLAIMS AGAINST ESTATE OF J.A. YOUNG

Notice is hereby given that original letters testamentary upon the Estate of J.A. Young, were issued to me, the undersigned, the 26th day of June, A.D. 1967, in the proceeding indicated below my signature hereto, which is still pending, and that I now hold such letters. All persons having claims against said estate, which is being administered, in the County below named, are hereby required to present the same to me respectively, at the address below given, before suit upon same are barred by the general statutes of limitation, before such estate is closed, and within the time prescribed by law. My residence and post office address is Route 2, Box 251, Muleshoe, County of Bailey, State of Texas. Dated this 26th day of June, A.D. 1967.

LUCY MAE YOUNG, Executrix of the Estate of J.A. Young, Deceased No. 810, in the County Court of Bailey County, Texas

26t-1tc

CARD OF THANKS

From the depths of grateful hearts we desire to thank all those who were so nice during the recent illness and death of our beloved mother, grandmother and near kinsman.

Your many expressions of kindness, and your thoughtfulness, will live in our hearts forever. May the dear Lord bestow upon you the blessings you so richly deserve.

The family of Mrs. H.C. Holt.

GENERATIONS OF MINISTERS

FORREST CITY, Ark. (AP) — "Red Bill," Samuel and William Watson represent one century of service in the ministry.

"Red Bill" was the Rev. William M. Watson, who began in 1886 as a Methodist circuit rider. He got his nickname from his red hair.

He served as a Confederate soldier in the Civil War and once dressed a fellow officer in woman's clothing so he could go into Northern-occupied Jonesboro to report on the number of troops in town.

The Rev. Samuel G. Watson now is 79 and lives in Paragould.

The Rev. J. William Watson, now pastor of the Forrest City Methodist Church, carries on the family tradition of ministry.

COW POKES

By Ace Reid

"Maw, ain't this rain wonderful... jist makes a feller wanta git right out in it!"

Special Film Available For Club Showing

Santa Fe Railway has produced a new travel film, "High Iron Holiday," which is available on a free loan basis to clubs, service groups, social organizations or others.

Many midwestern and southwestern travel attractions are covered in the 28-minute, 16 mm color film. Starting in Chicago's Loop, the film covers the Windy City's famed museums, parks and exciting Old Town section. The film then heads west, covering such attractions as a "shoot-out" at Front Street in Dodge City, breakfast on the desert at an Arizona dude ranch, a birthday party in the Turquoise Room of the Super Chief, and a close-up view of American Indians and the Grand Canyon of Arizona. Many of the colorful attractions of Texas and California are also included in the film.

The film may be reserved through any Santa Fe sales office, or by writing the Santa Fe Film Bureau, 900 Polk street, Amarillo 79101.

PICHTER
 Pitchers of the Chicago White Sox turned in 22 shutouts in 1966.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

By-- Vern Sanford
Texas Press Association

AUSTIN -- Exercising his veto power to cut appropriation Gov. John Connally sliced off \$3,214,121 of the one-year general appropriation bill and killed 37 bills passed by the 60th Legislature.

By way of explanation of his line-item vetoes in the appropriations bill, Connally said, "I endorse the actions taken by the Legislature to provide the funds needed to meet the state's increasing services to its people. However, there are several items of expenditures for which money was appropriated that I do not consider essential or justified." Connally deleted a \$600,000 appropriation which would have allowed the New Texas Research Institute of Mental Sciences at Houston to lease and operate hospital facilities. "This item was not requested by the Department of Mental Health and Mental Retardation in its budget request, nor was it included in my budget recommendations or those of the Budget Board," the Governor explained.

A \$300,000 appropriation for additional Phase I construction at the Corpus Christi State School also was vetoed. Connally said it was not requested by the MHMR Department or in budget recommendations submitted by the Legislative Budget Board or by Connally. He pointed out that the 1965 Legislature appropriated \$2,224,000 for the proposed school.

Connally slashed \$800,000 off the appropriation for the University of Texas Medical School at San Antonio. "With construction of the medical school and teaching hospital and the recruitment of faculty and staff still in process, the number of students actually enrolled will be limited during the 1968 fiscal year," the Governor said.

"Even after vetoing this item, he continued, "the medical school's appropriation for the 1968 fiscal year will exceed my recommendation by \$685,795 and will represent a 145 percent increase over the amount appropriated for the current year."

Also vetoed was \$325,000 earmarked to the State Department of Agriculture for expanding market outlets for Texas' agricultural commodities. Connally explained that "The appropriation of \$325,000 duplicated in purpose a major portion of the \$500,000 'special program' appropriation for marketing and market outlet research, quality research, statistical reporting and other programs relating to agriculture."

Other bills vetoed included those extending the curfew for alcoholic beverage drinking until 2 a.m. in the metropolitan counties, doubling retirement benefits for legislators and improvements in state employees' retirement benefits, prohibiting employment of youngsters under 21 in stores which sell beer and liquor, permitting broader powers for the State Soil & Water Conservation Board, allowing the State Comptroller to seize property for tax debts and sell it without court action, setting up special county boards to assess tax values on agricultural land near cities, and granting cities police powers on private property such as shopping center parking lots.

COSTLY OVERTIME -- Extension of the federal minimum wage act to state hospital and school employees would cost state government in Texas at least \$14,000,000 a year, according to Atty. Gen. Crawford C. Martin.

Martin says he intends to keep fighting inclusion of state institutions under the act all the way to the Supreme Court. Three federal judges in Maryland recently handed down conflicting opinions on the issue but not a final order.

Under the new appropriations bill, all State employees will get more than the required federal minimum wage. Big catch financially is that the federal act also requires time and a half payment for overtime -- or an hour and a half compensatory time off for every hour of overtime worked during the same pay period. Texas em-

ployees get compensatory time off (no cash) on an hour-for-hour basis.

CAR INSURANCE -- Careless Texas drivers will pay more for their car insurance on policies written after July 31. They will be charged more because of their accidents or traffic law violations during the nine months which ended May 1. Penalties which range from 15 to 90 percent, depending on the number and importance of the law violation -- will add up to \$6,439,362 during the year starting August 1.

These penalties, feeding that much more money into the auto insurance "kitty," will prevent rate increases for most drivers. State Board of Insurance held its annual auto insurance rate hearing and got a staff recommendation for a general rate reduction of one percent in insurance rates. It varies from area to area, and from classification of cars and drivers who violate the law and have accidents.

Board also took under consideration a proposal that high school and college students whose grades average B or better be given a 25 percent insurance rate reduction. State Farm Insurance Co. started such a program in 1962. It found that students who make high grades drive less and have fewer accidents. Hence it is a valid basis for lower rates for those who make the honor roll or the dean's list.

COLLEGE TUITION -- Instead of doubling tuition as requested by the Coordinating Board of the Texas College and University system, the Legislature made it easier for poorer youngsters to get tuition and fee exemptions.

Exemptions would go only to students from families with gross incomes of \$4,800 a year or less. No student would be allowed to attend college more than six years under the exemption plan. To be eligible, students must be graduated in the top 25 percent of their high school classes. Or score in the top 20 percent in a nationally standardized college admission examination.

DIPPING NO LONGER REQUIRED -- Panhandle cattle no longer must be dipped before shipment to California. Dr. S.B. Walker, director of Texas Animal Health Commission said the West Coast has removed the requirement since inspection of Panhandle herds during last winter showed no evidence of scabies. Herd owners in nine Texas counties and north and west of them need only permit and health inspection certificates for California shipment; Yoakum, Lynn, Garza, Kent, Terry, Stonewall, King, Cottle and Childress.

ATTORNEY GENERAL RULES -- State agencies charged with providing services to the handicapped may spend money under contract for specific programs and projects conducted by non-profit groups, Atty. Gen. Crawford C. Martin has held.

In another opinion, Martin concluded that the value of an indebtedness secured by mortgages against real estate when computing inheritance taxes due.

SHORT SNORTS

State's first bale of cotton was ginned in the Lower Rio Grande Valley on June 11, setting a new record, reports the State Agriculture Department. Inmate population at the Huntsville state penitentiary unit dropped by 480 -- to 12,384 -- during the last fiscal year, according to State Auditor C.H. Cavness.

State, county and municipal officials have been urged to encourage ringing of all available bells to celebrate July 4 -- at 1 p.m. CDT -- as part of "Bells of Independence Day" observance throughout the nation.

A \$22,048 federal grant has been approved for the Texas Parks and Wildlife Department, to be matched by the Department, to develop a recreational area at Copano Bay, located north of Rockport.

State Highway Department is observing its 50th birthday this month... and will celebrate the anniversary again in September in connection with National Highway week.
