Man dead after 3-vehicle crash in Lynn County

by JUANELL JONES

A Lubbock man was fatally injured in a three-vehicle crash in Lynn County, on US. 87 four miles north of O'Donnell, during the week before Thanksgiving.

Authorities responded to the scene at 4:42 p.m. Monday, Nov. 23. All three vehicles were traveling northbound on US 87 when a box truck ran into the rear of a semi that had stopped due to possible mechanical failure, according to information released by Sgt. Bryan Witt, Media and Communications officer with the Texas Department of Public Safety. A 2008 Chevrolet utility van driven by 29-year-old Ernest Molina Torres, of Lubbock, was heading north on U.S. 87 when he failed to control his speed and rear-ended a semi that was stopped in the inside lane after experiencing a possible mechanical power failure.

Another utility van driven by 26-year-old Adam Xavier Belgara, of Lubbock, was right behind Torres but swerved out of the way and into a ditch.

Torres was pronounced dead at the

The driver of the semi, 38-year-old Rodolfo Estrada Perales, of Lamesa, was reportedly not injured. Belgara was also not injured. All three drivers

were wearing seatbelts. Lynn County Sheriff's Officers also responded to a one-vehicle accident due to icy weather, and a vehicle fire, both on Friday, Nov. 27. A 2002 Suzuki SUV driven by Jose Antonio Soliz of Lamesa hit an icy spot on US 87 just north of Tahoka at 6:42 p.m. during icy weather, and slid off into a ditch. No injuries were reported.

And at 10:42 p.m. that same night, a pickup truck driven by Armando Ramirez of Midland caught fire as he was traveling southbound on US 87 in Lynn County. He pulled off the highway about 6 miles north of Tahoka, and the vehicle was totally engulfed in flames when volunteer firefighters from Tahoka VFD responded to the call. No injuries were reported in this incident.

Sheriff's deputies responded to a domestic violence call at 2 a.m. Nov. 25 at a residence in New Home, where a woman reported that she had been assaulted by her boyfriend. According to the report, the man had fled the scene before deputies arrived, and the investigation is continuing.

DA race now has three candidates

by JUANELL JONES

A third candidate has filed for the District Attorney seat in the 106th Judicial District, and two candidates have filed for county positions.

Roxanne Cofer Cox added her name to the candidate slate for DA during the past week, according to the official Republican Party of Texas filing website. She joins Philip Mack Furlow and incumbent Michael Munk, all running on the Republican ticket, for the DA seat. The 106th Judicial District includes Lynn, Garza, Dawson and Gaines counties.

Filing locally during the past week, also on the Republican ticket, was Donna Willis, for another term as County Tax Assessor/Collector, and Matthew S. Woodley for Commissioner Precinct 1, according to John Baker, Lynn County Republican

Chairman.

Previously filing for local positions were Don Blair for another term as Pct. 3 Commissioner, and Abraham Vega filed for County Sheriff. No one has filed locally on the

Democratic ticket, according to County Party Chairman Heather Jester.

There are five county positions that are up for election, including the County Sheriff, County Attorney, County Tax Assessor-Collector, and Pct. 1 and Pct. 3 County Commissioners. All are four-year terms that will begin Jan. 1, 2017.

The filing period opened on Nov. 14 and continues through Dec. 14.

The Republican and Democratic Primary elections will be held in March 2016, with the winners from the primaries having a place on the ballot in the November General Election.

106th District Attorney seeks re-election for another term

By Michael Munk, **District Attorney**

I am a Texan by choice, and have been ever since moving to West Texas in early March 2006, where my pursuit for justice and victims' rights began as a victim advocate for former District Attorney, Ricky B. Smith. In the decade to come, and with God's bless-

ing, my path led me to that of an assistant district attorney in our 106th Judicial District Attorney's Office, the Elected Garza County Attorney, and the Elected District Attorney for our four county district.

In Garza County I had established a much-needed "24-7 no refusal" blood search warrant program in the only county in the district without a hospital, that remains in effect today. As assistant district attorney and as district attorney, I have prosecuted many dangerous criminals. These prosecutions, not only having made a difference in the lives of victims and victim's families, but also protected other citizens by preventing further crime from being committed by serious and repeat offenders. In this term alone, six of these "serious" offenders that I have personally prosecuted were

I literally started from the ground up, with the people and for the people of our district. Over the last 10 years, I have made and cherished many relationships, both professional and personal. After much reflection of my journey,

and over the accomplishments of the Office, and after visiting with friends, citizens, and officials from around the district, it is my pleasure to announce my intent to seek re-

I cannot over-emphasize how important experience is for this position. The district attorney is the most important position regarding the public safety of our citizens. It is not a position you wish to give to a candidate with little or no criminal law experience, or to a candidate with limited experience from 20 years ago. I respectfully ask for your vote and continued support in my bid for re-election in the March 1, 2016 Republican Primary, so that we may continue to pursue justice and security for our communities, as we have done together for the last 10 years.

Christmas lighting contest sponsored by local Chamber

The Tahoka Area Chamber of Commerce is sponsoring a "Deck-the-Town" Christmas Decorating contest for businesses and residences that will be on the route of the Tahoka Polar Express on Saturday, Dec. 19. In the home division, a Best Overall cash prize of \$75 will be awarded, as well as an Honorable Mention prize of \$25. In the business category, one business will receive a prize to display at their place of business. Every business or residence on the

route should have received a flier that designates their home or residence is on

the route. The train will depart from Tahoka Donuts at 1515 S. 1st, turn north on Main Street and continue to N. 5th, where it will turn left (west) and go to Ave. L, turn left and travel south down Ave. L to/N. 2nd, where it will turn right and continue east on N. 2nd all the way back to Main Street. From there, the train will travel south down Main Street all the way past the courthouse, turning right on South 2nd (beside Designs and Daisies) and go one block, turning right at the U.S. Post Office and continue past the parking lot of First National Bank, and then turning right on South 1st to disembark in front of Tahoka Donuts.

"We want Tahoka to shine, and we encourage everyone on the route to consider lighting their property with Christmas lights or some kind of lighted décor," said Juanell Jones, chairman of the Tahoka Polar Express event. "Actually, we encourage everyone in town to decorate, as people do enjoy seeing the lights in the Christmas season. The Chamber expects to extend the lighting contest to incorporate the whole town next year, with one division for the train route, and another division for the entire town but for this year we are offering the lighting contest for those on the train route," she said.

Christmas "disasters" make for fun memories!

Part of the wonder of Christmas comes with the sights, sounds, and smells of the season. They carry a certain nostalgia, allowing us to relive the magical moments of our favorite Christmas memories - and sometimes, our funniest memories involve a Christmas "disaster" or "aggravation."

If you've got a funny, disastrous or aggravating Christmas moment, share it with The Lynn County News! Take a few moments and relive the magic, and share it with our readers. Please send by email (LynnCo-News@poka.com) or mail (P.O. Box 1170, Tahoka, TX 79373) or Private Message us on our facebook page. We will print as many as we have space for in our Christmas edition, but we must have them by Dec. 18th.

One of my favorite (aggravated) memories: Putting together the first bicycle for our 5-year-old son! Of course, we waited until Christmas Eve to even start the project, thinking we would just be adding the wheels and handlebars. Lo and behold when we opened the box, there were numbered pieces everywhere, with the wheels as the only recognizable parts. What started as a fun project in the garage about 10 p.m. ended in bleary-eyed muttering and progressively un-Christmas-like attitudes three hours later. By 1 a.m. we were down to the finishing touches, and the last piece we needed was the bicycle seat - but there was no seat in the box! We looked everywhere, but alas, someone failed to add the seat to the box.

What to do now? Our kid was gonna want to ride the bicycle Christmas morning, which is pretty hard to do without a seat. After some panic, some thought (and some very Grinchlike comments about the person who packed the parts of that bicycle), we found flashlights, went outside and down to the cellar, where we found my (very) old Schwinn bicycle, and hauled it up out of the cellar to the garage. By now, my husband and I were muttering non-stop, each of us carrying on a soliloquy of diatribes that we both hoped Santa could not hear. We pulled off that faded blue seat and attached it to the shiny new red bicycle, stuck a bow on it, pushed it next to the Christmas tree, and dragged our raggedy selves off to

Christmas morning came, and Casey, our son, lit up with joy when he saw that bicycle! He never noticed that faded blue seat. I wish we had kept that bicycle, just for the memories it

... to feed your dog grapes?

How bad is it

Can dogs eats grapes? Absolutely not.

Grapes (and raisins) are toxic to dogs, and they should never be allowed to eat them.

Why, you ask? Well, veterinarians aren't quite sure. But it has been proven that the fruit can cause kidney failure in dogs—a very serious condition that can be fatal. As little as one grape per pound of body weight is enough to cause an issue in some dogs.

Symptoms of kidney failure include vomiting, excessive drinking, and lethargy. Eventually, urine production halts and tremors start. C Another weird fact about this toxicity: It occurs in certain dogs (but we're not sure why some are affected and not others) and has never

What do you do if your dog eats a grape or raisin? Call your veterinarian immediately and tell them the amount of grapes your dog ate and how much your dog weighs. If it just happened, they may suggest you bring him in to induce vomiting and offer activated charcoal. A dog demonstrating signs of kidney failure (mentioned above) should be taken to veterinarian right away-more intensive care may be required.

Bottom line?

Super bad!

n ejection hurts—when your boss hands you a pink slip, or your spouse walks out on you, or a close friend deserts you. Rejection makes you doubt your abilities, your worth, your purpose in life. But not all rejection is bad. The Levites were rejected by Jeroboam, who wanted to choose his own priests to offer sacrifices to false gods. Painful as the rejection was, it motivated the Levites to move to Jerusalem to serve God there—a change they wouldn't have made otherwise. You may never welcome rejection, but you can trust that God will use even that to direct your life toward him.

4-H Meats Judging competes at District

Four Lynn County 4-H members competed at the District 2 4-H Meats Judging Contest that took place on November 19 at Texas Tech University. By participating in meat science judging contests, youth learn science-based information to consider when evaluating and making decisions, as well as learning proper meat storage and handling procedures. This is important so all Texans know how to purchase safe, nutritious meat products. The intermediate team of

Kash Kahl, Riley Cook and Warren Taylor placed fifth overall in reasons and 5th overall as a team. Senior Hayden Smith was fifth in placings and seventh overall. The team was coached by Texas Tech}students Keeley Sears, Cole Perkins and Tommy, Fletcher.

"I am so pleased with what the kids did for their first year of competition," said Wendy Scott, County Extension Agent- Lynn County. "Our kids traveled to Texas Tech two to three times a week for practice. There was

2016 4-H Teen Leadership retreat Jan. 8-10

4-H members in grades 8-12 and adult leaders will have an opportunity to hone their leadership skills during several 4-H programs at the 2016 Teen Leadership Retreat Jan.8-10 at the Texas 4-H Conference Center near Brownwood.

"The teen retreat at the Texas 4-H Conference Center provides a state level leadership experience for 4-H youth ages 14-18," said Mark Carroll, Texas A&M AgriLife Extension Service 4-H youth specialist and conference center program director, Brownwood. "Participants learn leadership skills through workshops and handson learning experiences."

Carroll said the retreat allows participating youth to explore new or revised projects and curricula they can implement in their respective counties.

"This year's program will focus on increasing knowledge in science, technology, engineering and mathematics, or STEM, leadership, the Share the Fun program and wildlife," he said.

4-H specialists, volunteers, and summer staff will lead program sessions.

Registration is \$115 for youth and \$85 for adults, which includes two nights lodging, four meals, snacks and all program supplies. Each county is requested to provide adult chaperones for the weekend. If there is no chaperone, one will be provided for an additional \$90 fee.

Registration is from Nov. 1 to Dec. 31 through the center's website, http://texas4hcenter.

Carroll said the 78-acre center is geographically located in the center of Texas on the western side of Lake Brownwood.

"The environment in and around the center, as well as its variety of indoor and outdoor facilities, make this a perfect venue in which to build friendships and learn new skills that will serve for a lifetime," he said.

The program begins with registration from 7-9 p.m. Jan. 8, followed by a general orientation, adult chaperone meeting, dance, vespers and lights out at midnight.

Jan. 9 activities start at 7:30 a.m. and include a flag ceremony, breakfast and opening assembly. Much of the day will be devoted to concurrent sessions related to the featured programming areas, along with team activities and a dance and recreation time in the center's auditorium.

Jan. 10 activities will begin at 7:30 a.m. with a flag ceremony and optional "polar bear swim," followed by breakfast and then cleaning out the dorms prior to departure at 10 a.m.

Carroll said while this is a learning retreat, the main ingredient for the weekend is "a sense of fun."

Smith, Cook honored at 4-H Banquet

Hayden Smith and Marla Cook were honored at the 58th Annual District 2 4-H Gold Star Banquet that was held Nov. 23 at the Frazier Pavilion at Texas Tech University. Hayden served as a junior director of the Texas Junior Red Angus Association, a wildlife and hunting assistant and a livestock junior leader. His projects have included safety, health, beef, veterinary science and food

and nutrition.
Hayden's community service includes preparing a meal for Hope Lodge and helping with the Friend of Friend event.
