

FIRST LOAD MILO--Into the pit at Muleshoe Elevator goes the first load of 1967 Milo. Standing beside the truck being dumped is the grain owner, Buster Kittrell (right) Virgil Woods, Enoch, who arrived shortly after Kittrell's load crossed the scales with the second load and elevator owner, Ben Yeager.

First Loads Of Milo ***** ITS GRAIN HARVEST TIME IN AREA

Within a fifteen minute span of time Monday, three loads of Milo, the first of the 1967 fall harvest, arrived at Muleshoe Elevator.

These are believed to be the first harvested in the county and all three loads were from irrigated land from the southern portion of the county.

First load to arrive was brought in by Buster Kittrell of the Needmore Community. Moisture Content tested 17.6. Planted April 18, the Pioneer 846 variety was irrigated twice and estimated yield has been set at 6,000 pounds per acre.

Just a few seconds later, the elevator was in business with the arrival of a second load owned by Virgil Woods, Enoch. Woods' Milo was planted two days later than Kittrell's on April 20. He had also watered the crop twice. The PAG 430 variety tested 14.4 moisture and has the same estimated yield of 6,000 pounds.

Morris Killough, Fairview community, came in shortly with the third load in one day. Estimated at the same yield of 6,000 pounds, tested 19 percent in moisture content and was watered twice.

If other loads of grain have been delivered to elevators, they were not reported, therefore Kittrell's Milo is thought to be the first in the area and is the first load delivered to Muleshoe elevator.

Experiences

Are Strange

To Serviceman

SP/4 John Ortiz, son of Mr. and Mrs. Benito Ortiz, landed in Travis AFB September 3 after completing 12 months duty in Tay Ninh, Vietnam.

Ortiz enlisted in the U.S. Army January 13, 1966 and completed basic training near El Paso at Fort Bliss.

From Fort Bliss, SP/4 Ortiz went to Fort Ord, Calif. where he attended a clerk's school. After completing this course, he then went to Fort Sam Houston where he was assigned to the 45th Surgical Hospital.

With the first MUST hospital to be effectively used by the Armed Forces, Ortiz and his unit accompanied the mobile hospital it's new home at Tay Ninh where he served his overseas time.

While in the country, Ortiz visited Bangkok where he saw the prize fight, Golden Buddha, religious temple and other things, new and strange to an American soldier.

"The enemy is something I personally saw little of, being with the hospital unit. However, their presence was ever with us and the feeling that they were there was enough for most of us."

It is good to be back in the

Peanut Acreage Transfer Gets 'Thumbs Down'

Representative Maston O'Neal from Georgia, speaking to the House of Representatives on August 21, moved to suspend the rules and pass H.R. 11565 to amend Section 358 of the Agriculture Adjustment Act of 1938 as amended, authorizing the transfer of peanut acreage allotment. The motion to suspend the rules as made by Mr. O'Neal, required a two-thirds majority for approval. When the vote was tabulated, there were 208 voting for the suspension of the rules and 146 voting against suspension of the rules. Thus, the motion failed because it did not receive the two-thirds required majority.

It is assumed that the bill authorizing transfer of peanut acreage allotments is dead for this session.

Mules, Wildcats Clash

Muleshoe's Mules will journey to Littlefield tomorrow night where they will tangle with the Wildcat team. Game time is 8 p.m.

While the Mules won a close well played game, over the Dimmitt Bobcats last Friday night, the Wildcats were defeated on the Plainview field 31-7.

During the Muleshoe-Dimmitt game, the Mules made seven first downs and three penetrations while Dimmitt had 12 first downs and four penetrations.

At the half, the Mules trailed 13-0, then came alive in the fourth quarter to bring their score from nil to the winning figure of 14 on touchdowns run over by Terry Field and Bobby Julian. Julian was credited with the extra point conversion kicks.

Defensive tackles made by five players totaled 65. Individually, the credit goes to Treavor Ford, line backer with 15 tackles; Jerry Lumpkin, de-

fensive guard, with 14; Joe Pat Riley, defensive tackle with 12; Stan Johnson, defensive tackle with 12 and Roger Swint, defensive linebacker, a total of 12.

Charles Beamon ranked top carrying the ball and yardage gained. On 16 times with the ball he carried it 131 yards. Bobby Julian gained 27 yards on six carries; Field 28 yards gain on 11 carries and Swint made 10 yards with the ball five times.

The Littlefield statistics against the Plainview Bulldogs show 11 first downs; 120 net yards rushing; two of three passes completed; 24 yards passing; four fumbles; and 15 yards penalty.

Littlefield's quarterback c k Mike Grissom was the big ground gainer in the season-opener last week with picking up 52 yards while carrying the ball 19 times. Fullback Danny Bryson was next with 35 yards gained on 11 times carrying.

J.W. Coppedge Named Manager Of Cooperative

J.W. Coppedge has been hired as manager of Bailey County Electric Cooperative, James Mason, president of the Board of Directors announced.

Coppedge has been manager of the Cooperative in Memphis, Texas for the past 15 years and will assume duties here October 1.

He is a graduate of Southern Methodist University and a member of the Methodist Church. He is active in civic affairs in Memphis.

Coppedge, his wife, Nita and their daughter, Karen were in Muleshoe Tuesday looking over the town and Karen visited Muleshoe High School where she will be enrolled as a Junior.

J.W. Coppedge

* Helicopter to Land *

Muleshoe airport will figure into a huge Southwest military training exercise which started last week and continues through Friday.

M.D. Locker, manager of the Municipal airport was advised that during this operation, "Bold Shot" a helicopter would land here to pick up passengers during the military maneuver. The following story was sent to the Lockers explaining other portions of the maneuver now underway.

The U.S. Strike Command (USSTRICOM) Tuesday announced it will conduct a joint

airborne assault training exercise in the Southwest area of the United States between Sept. 7 and Sept. 15.

Nicknamed "Bold Shot 2-68," the joint maneuver involving 1,400 Army and Air Force personnel and 30 USAF C130 and C141 transport aircraft will feature parachute air assaults on Ft. Carson, Colo. and Ft. Hood, Tex. and Air Landing assaults on Ft. Huachuca, Ariz. and Cannon AFB, N.M.

The air and ground elements of the USSTRICOM Joint Task Force will stage out of MacDill AFB, Tampa, Fla. Sept. 8 and 9 for Biggs Army Airfield.

Biggs Field at Ft. Bliss will be the main operating base for Bold Shot 2-68 assault forces. For exercise purposes, Biggs Field has been designated the capital of the state of "Banya" - A "Foreign Country" friendly to the U.S. and encompassing the geographic areas of Arizona, New Mexico, West Texas and Colorado. Internal disorder in "Banya" has been stimulated by infiltrating forces from an enemy foreign country called "Go-Go Land," located north of "Banya." The U.S. has been officially requested by the president of "Banya" to assist in protecting and evacuating U.S. and other nationals residing in key "Banyan" cities.

Air assault operations by paratroop and air landing forces will be launched out of Biggs Field, Ft. Bliss and secure airfields near these bases: Ft. Huachuca, Ft. Carson, Cannon AFB, and Ft. Hood. The assault forces will rescue U.S. and other foreign national citizens and evacuate them back to Ft. Bliss.

To provide realism, U.S. Army and Air Force troops also will act as "enemy aggressor guerrilla forces" in the local objective areas to harass the paratroopers as they attempt to accomplish their mission.

Following the exercise completion, the USSTRICOM Joint Forces will be withdrawn by C130 and C141 aircraft.

Bailey Being Canvassed For Sugar Beet Acreage Expansion For '68 Crop

"Bailey County is among those counties in the area being canvassed by Holly Sugar, Hereford, for expanding grower acreage," P.M. Rosenow, agriculture manager of the plant said.

"Old growers, largely in Deaf Smith County, will have first chance at supplying beet growing acreage and also taking up an expansion of 5,000 acres planned for the coming growing season.

Availability to other counties a greater distance from the Holly plant will depend on acreage planted there.

"Some 40,000 acres are to be planted next season compared to the 35,000 grown this year," Rosenow said.

"Sugar Beets were grown in Bailey County this year on the Verney Towns farm and Byron and John Gunter farms. Harvesting of these beets will be within a few weeks.

Rosenow said sugar content rated good for a commercial beet is between 15 and 16 percent.

Rosenow and R.C. Hunsaker, Clovis, are available to come to this area for meeting with

farmers to explain the growing of the beets in this county.

Area farmers can plant more sugar beets in 1968 if they so desire, according to an announcement made Wednesday by the U.S. Department of Agriculture. Local acreages, however, must be contracted with Holly Sugar to insure a market for the crop.

Some other acreages were contracted outside Deaf Smith and Bailey Counties this year. The Secretary of Agriculture is required, according to the USDA announcement, to establish proportionate shares in a domestic sugar producing area if he determines that, in the absence of such shares, the production of sugar from a crop would be greater than the quantity needed to enable such area to meet its quota and provide a normal carryover inventory of sugar for the calendar year, during which the larger part

of the sugar from such crop normally would be marketed. Most of the sugar from the 1968 crop of sugar beets will be marketed in 1969.

Proportionate shares were established for both the 1965 and 1966 crops. The 1966 national acreage allocation was established at 1,435,000 acres and total of 60,000 greater than for 1965 with the view of increasing production. Despite the increase, 1966 crop plantings totaled only 1,230 acres, about 70,000 acres less than those in 1965.

Indications are that the effective inventory, (sugar in existence plus 1966 crop made after that date, January 1, 1967), was about 2,378,000 tons. This would represent a reduction of more than 160,000 tons from the inventory a year earlier.

To afford the area the opportunity of increasing production, proportionate shares were not established for the 1967 crop. Recent information received from beet sugar companies indicates 1967 crop

plantings of about 1,210,000 acres. Such an acreage coupled with a sugar yield equivalent to that (2,326 tons per acre) for 1966 would mean a sugar production of about 2,815,000 tons, a quantity well below this year's marketing quota.

Department spokesmen said Continued on Page 3, Column 2

Lamar Pollard Is Contest Winner

Lamar Pollard, Route 2, Sudan, won first place in last Thursday's "Back the Mules" football contest. Pollard selected each winner correctly. Picking only one team incorrectly were Richard Wright, Enochs; Jarrell Pruitt, Muleshoe; LeRoy Holley, Muleshoe; Lloyd Pollard, Sudan; Derrell Oliver, Muleshoe; Terry Pollard, Portales and Bill Taylor, Muleshoe.

Derrell Oliver was second place winner with a six point spread on the Muleshoe-Dimmitt score.

FHA Shows Marked Advance in 30 Years

Since the signing of the Bankhead-Jones Farm Tenant Act by President Franklin Roosevelt on July 22, 1937, more than 8,920 farm operators in Texas have either changed their status from tenants to farm

owners or have been able to enlarge and develop their family farms to more efficient units, according to Clinton Kennedy County Supervisor of the Farmers Home Administration.

In looking back upon the past 30 years of the Farm Tenant Act, Judge Marvin Jones, co-author of the Act, said, "What satisfies me is that the work of financing tenant home purchases and farm home improvements and water use, in expanded form, is helping to keep our country strong and free. In fact I feel richly compensated for being called an impractical dreamer during the fight for the program."

In observing the 30th anniversary of the farm ownership loan program, Kennedy said that in the 30-year period his agency had advanced some \$121,840.- Continued on Page 3, Column 1

Council Reviews Gas Increase

Muleshoe City Council met Monday afternoon. Attending were Mayor W. B. LeVeque, Rudolph Wiedebush and Matt Dudley, councilmen and city manager Albert Field.

R. Q. Botkin, manager of the local office of Pioneer and Charlie Duvall, Littlefield Pioneer representative, met with the group to supply information concerning the request rate hike for gas users.

Field said "There was no change made in the city's status on the previous vote to reject the hike during this meeting, however, additional needed information was obtained from the company's representatives concerning the request.

The second subject discussed was a new group hospital plan for city employees. The present policy is up for cancellation and a new and different type policy was reviewed. Other proposals will be reviewed with other Insurance Company representatives before a decision is made, Field said.

Missionaries Speak at Church

The third annual Missionary Conference began at the Calvary Baptist Church Wednesday, September 13 and will continue through Sunday, September 17.

A different missionary will speak each night and films and slides will be shown from the different Missionary Fields each evening.

These programs will begin each night at 7:30 p.m.

MULESHOE INDUSTRIAL TEAMS--This group will be available to provide complete industrial information personally to industrial prospects for the Muleshoe area. They have been selected by the MAIF board. Eight phases of industrial information will be immediately available through this group. Shown, left to right, are team members (back row) Max King, Neal Dillman, Alex Williams, John Shelton, Don Harmon and Ralph Douglas. Front row, Jeff Peeler, R.Q. Botkin, Eddie Faust, Earl Harris, Roy Whitt, and W.Q. Casey. Team members not pictured are Bob Jones, Bill Wimberly, M.D. Gunstream, and Myron Pool, Jr., Harmon Elliott is chairman of the board.

around muleshoe with the journal staff

Mrs. Marlene McCarty, Clovis, visited in the home of Gilbert Wollard, Monday.

Laura Erickson of Muleshoe, has been selected for honor-at-entrance as a freshman at the University of Puget Sound. She has been invited to participate in the new semester-long program designated as "University Scholars."

Miss Erickson is one of one hundred students selected on the basis of her high school record and College Board Scores to be a University Scholar.

Mrs. Pearl Jennings just returned from a two month visit with her daughter Wilma Maddox of Oklahoma.

Mr. and Mrs. Veryl Scoggin have moved to Portales where he will begin his Freshman year at ENMU and Mrs. Scoggin will attend Portales high school as a senior.

Mr. and Mrs. Paul Zahn visited their daughter and son-in-law the R.M. Dunn's in Amarillo.

The Jimmy Seaton family recently visited Six Flags. On their return home, they visited the J.G. Ward family. The Wards are former residents of Lazbuddie.

Enoch News

by Mrs. J.D. Bayless

Mr. and Mrs. Guy Sanders met Mr. and Mrs. Paul Young of Bula at South Fork, Colo., August 31, for several days of fishing and visitine.

Mr. and Mrs. W.B. Peterson and daughter, Kay, were in Alamogordo, N.M., last Sunday to attend the wedding of their niece, Miss Anonna Shelton. Kay was a member of the wedding party.

WMU of the local Baptist Church met 9:30 a.m. Tuesday, for the Royal Service program. Mrs. Junior Austin opened with a song, "Make Me A Channel of Blessings. Mrs. Donald Grusendorf offered the prayer. Mrs. L.E. Nichols read the Missionaries names and led in prayer. Mrs. Junior Austin was in charge of the program, "An Accelerated Witness to an Exploding and Shifting Population in the U.S." The program was given in a lecture form. Mrs. Austin also dismissed in prayer. There were 11 ladies present and five children. Attending were Mrs. Harold Layton, Mrs. Dale Nichols, Mrs. Donald Grusendorf, Mr. J.W. Layton, Mrs. C.C. Snitker and Mrs. Carl Hall.

W.M. Bryant was admitted to the Medical Arts Hospital in Littlefield, Thursday for X-rays and tests.

Mr. and Mrs. Lester Gilliam and baby from Geary, Okla., visited in the home of his parents Mr. and Mrs. E.C. Gilliam last week.

Mrs. F.M. Scillian who is making her home with her daughter at this time, Mrs. E.C. Gilliam, had surgery on her big toe last Saturday and spent three days in the West Plains Hospital in Muleshoe.

Miss Myrlene Nichols of Lubbock spent the weekend in the home of her mother Mrs. L.E. Nichols. She also attended the wedding of Barbara Autry and Gordon McDaniel at the Enochs Baptist Church Saturday night.

Rev. and Mrs. J.J. Terry from Spade, visited in the home of Mr. and Mrs. Carl Hall Friday. He is a former pastor of the Enochs Baptist Church. Lovetta Joe and Carol Sue Black of Muleshoe, spent the weekend in the home of their grandparents, Mr. and Mrs. Joe Millsap.

Mr. and Mrs. Ralph Beasley and children were in Seminole last Sunday to visit her cousin, Mr. and Mrs. Don Sanders and daughter, Kim.

Mrs. Jerome Cash was a guest in the home of her daughter, Mr. and Mrs. Gene Waltrip and children, Jerry and Sheryl, of Muleshoe, Friday. Jerry and Sheryl returned to

Enochs with their gran to spend the night. Mrs. trip visited her parents urday and Jerry and S returned to their home their mother.

Mr. and Mrs. J.B. King Enochs, and Mr. and Mrs. H. Ramp of Morton left Augu 26, for a fishing trip at Padre Texas they returned to their home last Monday night.

Mr. and Mrs. Don Hall and Vester Gilliam returned to their home Thursday from Montana, where they have been harvesting wheat.

Rev. and Mrs. C.R. Smelser drove to Lubbock Wednesday to visit their daughter, Miss Joan Smelser. Mrs. Smelser received word last week that her mother Mrs. S.B. Box had been a patient in the hospital at Vernon, but she was feeling better at the last report.

Fishing at Possum Kingdom Lake from Friday till Tuesday were Mr. and Mrs. Charlie Byars and her brother, Mr. and Mrs. Alford Rowler, and three nieces, Mr. and Mrs. Loyd Truedenrich and twin sons Andy and Randy, Mr. and Mrs. Carl Wagner and daughter Debra, Reta Nichols, a nephew, Mr. and Mrs. Manuel Bridges, and Mr. and Mrs. M.W. Levato. Mr. and Mrs. Byars also visited his brother Mr. and Mrs. Gerald Byars and her sister Mr. and Mrs. Avery Payne at Roaring Springs.

Guests in the home of Mr. and Mrs. E.C. Gilliam Thursday were her cousin Mr. and Mrs. J.B. Riley from Tulsa.

Roy Bayless and daughter Mrs. Cleta Nell Bynum of Muleshoe visited in the home of Mr. and Mrs. J.D. Bayless Friday afternoon. Roy is a brother of J.D. Also other guest Wednesday were their nephew Mr. and Mrs. Sonny Bayless from Ford and Mr. Clyde Coffman of Morton.

Mr. and Mrs. Clyde Price left for Nevada, on their vacation, they returned to their home Sunday afternoon.

Mrs. C.C. Snitker received word that her sister, Mrs. Ike Schultz of Denver City, fell and broke her hip. She is in the Methodist Hospital in Lubbock. Mr. and Mrs. Snitker's uncle, and a brother of F.L. Snitker of Muleshoe, who is 91 years old, is in the Medical Arts Hospital at Littlefield. It is the first time he has ever been a patient in the hospital.

Mrs. George Henderson of Amarillo, sister of Mrs. J.D. Bayless, was able to return home after spending 23 days in the Northwest Texas Hospital in Amarillo.

Jehovah's Witnesses

Plan Circuit Assembly

Jehovah's Witnesses of Altus, Okla. are preparing to be host to 14 other congregations in circuit assembly, Sept. 29 to Oct. 1.

Buster Templeton, overseer of the Altus Congregation, said they were preparing to accommodate about 500 delegates from Texas in a circuit bound by Wichita Falls, Haskell and Muleshoe.

Carl Silva, visiting supervisor of the 15 congregations, has been preparing some of the associated ministers for talks, demonstrations and discussions to highlight the theme from Apostle Paul's words, "Walking Orderly by Spirit."

Silva is being transferred from Texas Circuit 9 to another circuit farther south in Texas.

Robert N. White will take Silva's place in preparing semi-annual assemblies and visiting congregations three times a year.

A. A. Catanzaro, Watchtower Society representative over 10 circuits in Texas, Oklahoma and New Mexico, will supervise the three-day assembly program and analyze the circuit's ministerial activity offering suggested remedies to bring existing weaknesses up to district and national levels.

District Supervisor, Catanzaro, will give the public talk on Sunday, 3 p.m., "Will God Intervene in Men's Affairs?"

The presiding minister of the Muleshoe Congregation, Elmer B. Lowery, said the last circuit assembly was held in Wichita Falls.

Grain Sorghum Predicts More Yield This Season

Grain Sorghum Producers Association reveals that more grain sorghum will be produced this year than ever before. Nationally, producers will--821 million bushels as compared to 720 million last year and only 490 three years ago. To do this, a change has been a change in production practices to make use of the newest seed, herbicides, fertilizers, chemicals and equipment, the tools of better production.

The largest grain sorghum crop in history must also be marketed this year, GSPA says. Selling 821 million bushels is a different situation from selling 490 million, especially when CCC owns only 195 million bushels which can be used to stabilize prices as compared to nearly 400 last year and 702 as recent as 1961. A look ahead at total feed grain supply, carryover stock, exports, domestic use, price pattern last year, now becomes important. Some High Plains grain or sorghum farmers last year received as much as 36 cents a hundred more for their crop than did their neighbors simply by using available tools for better marketing. No one knows exactly what may happen to grain sorghum prices in the year ahead, but there are some

FHA...

Continued from Page 1

216 million to farmers in Texas and that currently there were more than 3,618 active borrowers in the program.

Kennedy said the Bankhead-Jones Act established the concept of advancing to tenant farmers supervised long-term, low-interest credit up to 100 percent of the value of a farm, allowing them to purchase and develop family-size farms. The first farm ownership loan made under the Bankhead-Jones Farm Tenant Act was made in Van Zandt County, Texas, which has since been paid in full.

Each loan is based on a sound farm and home management plan and borrowers receive guidance in carrying out planned operation, he said.

Recently, Secretary of Agriculture Orville L. Freeman called the Bankhead-Jones Act, "one of the great landmarks in American agriculture."

He said: "At the time the legislation was passed, two out of every five farmers were tenants and more were becoming tenants every year. Today, about 83 percent of the nation's farmers are full or part owners of land they operate.

County Supervisor, Kennedy said that on a national basis the Farmers Home Administration has advanced more than \$2 billion during the 30-year period, helping nearly 900,000 people living on farms.

Since 1961, the Farmers Home Administration has advanced more than \$1.3 billion in farm ownership loans compared to \$833 million in the previous 24 years of the program. Texas has shown a similar dramatic increase in these loans since 1961.

"Without these loans," observes Kennedy "many of these farmers might have been forced off their farms and into crowded cities. With them these farmers have been able to live in a d help build rural America."

A recent 5-year national progress report, through 1967, shows that the average FHA borrower increased his gross income from \$10,115 before his loan, to \$18,565 gross income five years later.

Farm ownership loans are made only to farmers who cannot obtain credit elsewhere. Repayment of loans has been excellent; the amount of principal written off over 30 years is less than four-tenths of one percent. This has been more than made up by interest payments, Kennedy said.

Farm ownership loans are made at the local Farmers Home Administration offices serving all rural areas in the state.

guides that can be studied that may give some insight. Thirty-six cents a hundred difference between the season low and the season high may make it worth your effort to study, producers say.

Close analysis indicates that the pre-harvest price slump in corn and sorghum markets is an apparent "over reaction of the market" to crop report releases which point to expected record feed grain production nationally. The big production is a fact that will exert down-

United States where customs are something we are accustomed to. There, maybe effective, yet unusual to us were the natives way of doctoring themselves. This is something, I really noticed, being with the medical unit. For instance, if they get a headache, their remedy is rubbing their forehead until it turns red, then if relief doesn't come, they used a pinching method on their necks as a cure.

"After we had been there some time, doctors talked with the natives and some of them eventually accepted our medical way of life and we treated a few of them at the medical center.

"We did not go into Tay Ninh as it was off limits, so there was very little recreation except those sports and shows provided by the Service for our entertainment.

"Little as one might think about it, a car is something one misses about as much as anything material in a foreign country. We became accustomed to using them as part of our entertainment as well as transportation here and when you land over there without one, well...there you are for 12 full months. You naturally miss the places like local drive-ins where young people congregate, talk and have a Coke."

"All in all, I am glad to be back in the States," Ortiz concluded.

After his 30 day leave time is up, Ortiz will report to Fort Stewart, Ga.

Beets...

Continued from Page 1

that increased plantings are needed in 1968 in order to build beet sugar stocks up to an appropriate level.

The crops being grown in Bailey County are thriving and expectations of yield and content is high.

Helicopter...

U.S.A. Commander-in-Chief, USSTRICOM, and members of his staff will observe and evaluate the exercise.

Ambassador J.O. Bell, USSTRICOM political advisor, will serve as the American ambassador to Banyu during the exercise.

Participating forces include elements of United States Strike Command Headquarters, the Tactical Air Command and the 82nd Airborne Division.

Bold Shot 2-68 is one of a continuing series of maneuvers designed to test readiness of Army Airborne Forces and Air Force tactical and airlift units.

ward pressure on the market throughout the marketing year, but even slightly lower prices will cause feeding rates to increase, and demand to strengthen. There may then be more of a "price lag" rather than a continued "price slump" if grain producers will watch and act on the changing situations.

Grain sorghum, particularly in the High Plains, has something "going for it" that point to a continued strong demand price situation. The carryover of corn is about the same as a year ago, but grain sorghum carryover is down nearly half of what it was then. The increase in this year's production of corn and sorghum is about the same, 13 percent and 14 percent respectively. This means then that while the total supply of corn for use during the coming year is up 11 percent, grain sorghum total supply for this year's use will be down some six percent.

Corn used in the U.S. this year went down two percent. Grain sorghum used in the U.S. went up eight percent from 582 to 626 million bushels. Exports of corn dropped from 687 to 460 million bushels, 28 percent. Exports of grain sorghum held their own at about the same, 260-266 million bushel level. The strongest point for grain sorghum is the fact that grain consuming animal units nationally are down, while in the sorghum belt area they are up and still increasing. Total export and domestic use of sorghum last year was 886 million bushels, which is 65 million more than will be produced to replace it this fall.

The 1968 Feed Grain Program will probably be announced in November, but already USDA has indicated that it is thinking of changing the program to attract 30 million diverted acres instead of only 21 million in 1967. Some pay is likely to be put back on the diversion. There probably will be another nickel or dime added to the loan rate to strengthen prices.

Capt. Gammons Assigned To Vietnam Base

LONG BINH, VIETNAM (AHTNC)--Army Captain Walter A. Gammons, 25, son of Mr. and Mrs. Hubert Gammons, Route 2, Muleshoe, was assigned to the 160th Signal Group near Long Binh, Vietnam, Aug. 26.

Capt. Gammons, a communications center engineer in the group's Headquarters Detachment, entered the Army in August 1964 and was last stationed near Heidelberg, Germany. A 1960 graduate of Muleshoe High School, he received his B.S. degree in 1964 from Texas Technological College, Lubbock. He received his commission through the Reserve Officers' Training Corps program there.

TRAINS VS MR. ZIP
Despite the efforts of congressmen and postalworkers, the railroad mail-sorting car is losing out to the Zip Code. Beginning September 16, most first-class mail moving east or west among major cities will travel in bulk shipping by air.

Speed Kills: Accidents Increase With Speed

This hard fact of life on the open road is universally accepted by the officers who are charged with the duty of making Texas highways safe, just as it is ignored by many of the drivers using those highways.

Because speed kills--and because the chances of a driver becoming involved in an accident increase with speed--the Texas Department of Public Safety has started a more intensified effort to encourage motorists to stay within a legal speed limit on Texas highways. "Statistics prove that drivers are more likely to be involved in an accident at speeds over the legal speed limit," explained Major Luther C. Moore, Commander of the Department of Public Safety's Region 5, covering thousands of miles of highways in northwest Texas.

The average motorist might ask some questions about these statistics, and Major Moore can provide some eye-opening answers. For instance, the motorist might ask if a driver is more likely to be involved in a traffic accident at 70 miles per hour than 65? What about 75 or 80 miles an hour? And if the accident chances increase above 65 miles per hour, then just how much do they increase?

The grim history from bloody Texas highways during daylight hours shows a 20 percent increase in accident involvement at 70 miles per hour, compared to the 65 mile per hour rate.

Major Moore points out that by increasing the speed from 65 to 75 miles per hour (just 10 miles per hour) the motorist risks a 50 percent increase in accident involvement, and at 80 miles per hour the risk jumps to 90 percent.

The fast driver risks even more at night, the Regional Commander explains. Accident statistics show that a driver is more likely to become involved in an accident at any speed at night, and at 55 miles per hour the accident rate is nearly two and one half times as great as driving at the same speed in the daytime.

Nighttime drivers are more than three times as likely to become involved in an accident at 65 miles per hour than at the same speed in daylight.

Pastor to Speak On 'Stewardship Of Time' Sunday

"The Stewardship of Time" will be the topic of the sermon at the First Presbyterian Church at 11 a.m. Sunday, W. Clinton Edwards announces.

"To take an honest look at the Fourth Commandment (Exodus 20: 8-11) the question of 'Is Sabbath Observance Still Valid, How can I rightly obey God's command to observe one day a week as special when the boss said 'work' or when rain threatens my harvest and is there any answer for the man who thinks 'I have to stay open seven days a week or go broke,' "will be included in the sermon," he added.

During night hours 75 mile per hour speeds produce about five and one half times as many accidents, and at 80 miles per hour the accident frequency is multiplied eight times!

And that's not all of it. Studies show that injuries sustained in motor vehicle accidents are more severe as speed increases.

Major Moore explains that researchers at Cornell University learned the severity of automobile accident injuries is twice as great at speeds over 50 miles per hour as slower speeds.

Research also shows that while a driver trying to maintain 80 miles per hour through traffic on typical rural highways can cut about 30 percent from the time required for the trip at legal speeds, his chances of getting killed in an automobile mishap increase by at least 400 percent.

In hopes of encouraging drivers to stay within legal speed limits, the DPS is placing more patrolmen on the roads and more radar units beside highways to clock the persistent speeder in an effort to control speed.

Tax Man

Sam Sez:

The good tax folks point out that Congress has provided a number of additional tax deductions for retired taxpayers. The IRS folks feel that many retired taxpayers do not understand the benefits and sometimes pay more tax than they owe. If you are a retired taxpayer it will pay you to get Document 5633, "Tax Benefits for Older Americans," from any IRS office. You can write P. O. Box 1738, Dallas, Texas 75221, and request a free copy.

JAY I. NAMAN

Jay Naman Speaks To Farmer's Union

The annual meeting of the Bailey County Farmer's Union was held Thursday, September 7 at the Needmore Community Center building.

Jay Naman, state president met with members and guests and spoke on the problems facing the cotton farmer today. He also reported on the success of the recent "Fly-In" to Washington, D.C. He noted that the women were especially successful in this Capitol visit.

Mrs. Delbert Watson gave a report and showed slides taken on her trip during the "Fly-In."

Ted Weaver, a candidate for Representative of the 75th District gave a short talk.

Visitors at the meeting were Kenneth Moss, Lubbock; Arch Fowler, Lubbock; head of Farmer's Home Administration, Clinton Kennedy, Muleshoe; FHA and D.B. Lancaster, Muleshoe.

Officers for the coming year were elected and installed.

Resolutions were made and approved for the upcoming year.

State Convention will be held in KoKo Palace in Lubbock October 26, 27 and 28. Delegates to the Convention for Bailey County are Nolan Harlan and Delbert Watson with Chester Setliff and M.L. Fine as alternates.

MARSHALL APPROVED

Thurgood Marshall has won Senate approval and has become the first Negro Supreme Court justice in the nation's history.

Lazbuddie News

by Mrs. C. A. Watson

Mr. and Mrs. Owen Broyles visited the weekend in AMA Deleite last week.

They also visited with Mr. and Mrs. S.D. Rule in Friona, Sunday.

Mr. and Mrs. Raymond Houston and Marie Redwine were in Lubbock, Saturday to visit Eugene and Frances Houston. Mr. and Mrs. Paul Zahn visited their daughter and son-in-law the R.M. Dunn's in Amarillo. Steve and Nancy Young visited his parents, the J.B. Young's, last week.

Mr. and Mrs. John Neil Agee and daughter, Michelle, were at Six Flags last week-end. Many students are leaving for college this week. Those leaving for Tech are: Terry Parham, Timmy Foster, Kirby Burch, and Marquita Seaton. Bobby Jo Jones is leaving for the University of Texas. Billy

Jones, Leon Watson, Charlotte Seaton, Harold Redwine, and Royce Barnes are all going to WTSU. Debbie Bullock is also attending the University of Texas and Charles Ramage is studying at Vocational Ag. school in Okmulgee, Okla. Other students and their colleges will be given at a later date.

Afternoon Vows Solemnized For King and Nowell

Miss Connie Lynn King, daughter of Mr. and Mrs. W.H. King, Dora, N.M. became the bride of Derrell Dwayne Nowell, son of Mr. and Mrs. Virgil Nowell Sunday, September 3 at 2 p.m. in the Dora Baptist Church.

The double ring ceremony was performed by Rev. Hugh Frazier under an archway of palms, candlelabra, entwined with spic and span gladolas and carnations. Jerry and Bobby Jones sang, "On Promise Me," and "The Lord's Prayer" accompanied by Jerry on the piano.

The bride wore a floor length gown of candle light satin with empire waistline and cathedral train. Her headpiece was a shoulder length veil of illusion tulle, trimmed with lace appliques.

Sister-in-law of the bride, Mrs. Vaundon King was matron of honor and bridesmaids were, Mrs. Larry Massey, and Mrs. Roland Fairies, cousin of the bride and Miss Brenda Finton was bridesmaid. The ring bearer was Gerald Biells, and Kent Nowell cousin of the bride-groom. Serving as best man was Ronnie Hanaberry. Groomsmen were Jimmie White, brother-in-law of the bride-groom, Jerry Bruns, and Dawson Vaughn. Ushers were Gerald Carnes, cousin of the bride, Terry Pruiet, and Frankie Mitchell.

The matron of honor wore a street length, princess a-line with bow in front making it an empire waist. The shoes matched and her headpiece was made of crepe matching the dresses with floral design and tulle as was the brides. She carried nose gay of spic and span Carnations with spic and span ribbon. The flower girl

wore a dress made like the bridesmaid and the headpiece matched also. The reception was held in the Dora community building.

In the background of the table there was white with spic and span bows on the table and a cluster of artificial grapes with flowers laid around it on a mirror. The flowers and grapes were in the chosen colors of the bride.

A wedding trip to Ruidoso,

followed the reception. The couple's new address will be Route 2, Muleshoe. The brides traveling attire was a turquoise suit with pom poms scattered on the front. Cranberry color heels to match pom poms. The suit was made by the bridegroom's sister, Mrs. Jaquita White. He graduated from Muleshoe High School in 1964 and attended Texas Tech for two years. The bride graduated from Dora in 1967.

Friendship Club Has Luncheon

The Friendship Club met in the home of Mrs. Tye Young Thursday September 7, 7 p.m. Mrs. Ed Johnson was co-hostess. Their regular meeting date is first Thursday of each month.

The meeting opened with a Charles Stewarts Host Wiglets With 42 Party

Mr. and Mrs. Charles Stewart entertained the Wiglets ball team with a 42 party Saturday night September 9. Those present were, Mr. and Mrs. Bobby Fudge, Mr. and Mrs. Elvis Powell, Mr. and Mrs. Butch Cox, Mr. and Mrs. D.T. Garth, Mr. and Mrs. Richard Puckett, and Janie McDaniel, and also 15 children. Elvis Powell was high score for the prize.

Watermelon, chips, and dip were served to the group.

Party Given For Betty Matthews

On Thursday evening September 7, the members of Epsilon Chi surprised Betty Matthews with an informal "Farewell Party." The sorority's remembrance gift was a gold charm bracelet with good luck charm attached, engraved "E-

S.A." Refreshments of coffee with interesting and amusing "chit-chat" providing the entertainment for the evening. Betty, her sons, Walter, Tim, and Wayne will be moving soon to join their husband and father, Frank, in Amarillo.

There were ten present. They were Mrs. Albert Davis, Mrs. Anna Hill, Mrs. Byron Guinn, Mrs. Westlie Harrison, Mrs. James Wedel, Mrs. Mattie Griffin, Mrs. J. Westbrook, Mrs. Gordon Murrain, Mrs. Roy Hogan, Mrs. J. Frank Peery and Mrs. Virgess Shaw.

Mrs. Hill served cookies and punch at the meeting. The next meeting will be held September 26.

E.T. Fords

Entertain

F.T.A. Members

Mr. and Mrs. E.T. Ford entertained the F.T.A. members with a back yard party Monday night September, 11. Hot dogs, hamburgers and home made ice cream was served to 120 people.

Glenda Haley Gives CWF

Study Program

The Christian Womens Fellowship of the First Christian Church met in the home of Laverne Harper, president. Margaret Wright read the minutes a f t e r the opening prayer was led by Mrs. Harper.

The devotional and lesson entitled "Creative Obedience" was given by Glenda Haley.

The meeting was dismissed with the CWF benediction. Attending were Laverne Harper, Margaret Wright, Charlene Barthlounf, Alfa Hanks, Edith Goucher, Glenda Haley and Leota Wilterding.

Postal rate rise likely to win in-House test.

Kevin Dale Hensley Marks First Birthday

Kevin Dale Hensley, son of City Patrolman and Mrs. Larry Hensley, was honored with a party celebrating his first birthday at the home of his parents Saturday, September 9.

One lighted candle atop the decorated chocolate birthday cake represented his 12 months of adding cheer to the Hensley household.

Helping to mark this occasion were his paternal grandparents,

Mr. and Mrs. Pete Hensley, Guthrie, Texas and maternal grandparents, Mr. and Mrs. Cletis Dunn, Amherst, Aunts, uncles and cousins also attending were Mr. and Mrs. Charles Hensley and Paula, Peos and Mr. and Mrs. Ray Heim, Littlefield.

Other guests calling during the event were Patrolman and Mrs. R. B. Cunningham, Muleshoe.

Mr. and Mrs. Ed Blair

Blairs Celebrate Golden Anniversary

Mr. and Mrs. Ed Blair of Earth, celebrated their 50th Wedding anniversary September 9, in the Nursing home here. They lived in Plainview, before moving to Earth in the late 1930's. They have two sons, Bob Ed, San Jose, Calif., and Bruce Blair, Slaton, five grandchildren and one great grandchild.

Mrs. Forrest Osborn of Friona, baked the four teired wedding cake. It was white trimmed with gold leaves and gold beads. The dividing columns were centered with pale yellow rose. Two min-

ture love birds of gold were placed on the top tier over looking the numeral (50) encircled in leaves and topped with white and gold ribbons. Punch was served from a crystal punch bowl, yellow and white floral napkins were used. The centerpiece was of canna lillies highlighting the table draped with a white cloth.

Mr. and Mrs. Ed Blair were married in 1917. They lived in Earth, until Mrs. Blair fell and broke her hip last year. She is making her home here in the nursing home. Blair still operates a store in Earth.

UP THE DOWN STAIRCASE

In this motion picture with the provocative title, *Up The Down Staircase*, we find a different approach to problems of the blackboard jungle.

This film plays up the importance of the teacher and deletes some of the gory details of beatings and attempted rapes usually seen in a film of this type.

The public school includes the usual student types from the intellectual and the troublemaker to the class clown and the girl who always falls "in love" with her teacher.

JIMMY D. IVY

Lazbuddie Native Honored At Awards Luncheon

Jimmy D. Ivy, attorney for Employers Insurance of Texas, was honored today at the National Annual Award Luncheon of the Insurance Institute of America in Atlanta, Georgia, for scoring the highest mark of all candidates throughout the United States on the Institute's Part A examination given in December, 1966.

A total of 1,755 persons sat for the national Part A examination in December, and Ivy scored the highest grade of the 1,240 who passed the examination.

As top student, Ivy received a certificate and a U.S. Savings Bond from officers of the Institute at the luncheon ceremony.

The Institute, headquartered in Bryn Mawr, Pennsylvania, is a non-profit educational organization supported by the insurance industry. IIA courses of study are the authorized study programs of the nation's leading agent, adjuster and insurance broker organizations.

Ivy, who joined the legal staff in Employers' home offices in May, 1966, earned his B.A. degree from the University of Texas in Austin and his L.L.B. degree from the University's School of Law. He was a member of the law firm of Witherspoon, Aifin, Thomas & Langley in Hereford prior to joining the Employers insurance complex.

The son of Mr. and Mrs. Jimmy Ivy of Lazbuddie, Ivy is married to the former Donna Rogers of Hereford, and the father of one daughter. The Iveys reside at 2003 Spiceberry in Mesquite.

METER MAID BITTEN

New York--While writing a ticket for overparking, a meter maid Mrs. Audrey Vinzo, was approached by the car owner who began an argument. Mrs. Vinzo put up her hand for protection when the irate car owner lunged at her, grabbed her hand and bit it then fled.

HEALTH AND BEAUTY

The feet of American women are elongating gradually. The ladies don't seem to care. In fact, they would rather be fitted properly, even if it means a size 10, which is not an uncommon size these days.

With the latest fashion trend in mind, they are firstly concerned with color and style, but they still aim for comfort. This is a far cry from the thinking of women fifteen years ago. At that time there were millions of women forcing themselves to wear shoes one or two sizes too short or narrow because "little feet" were considered "cute".

Today, thank goodness, the long slim look is the mode in high fashion. Because of this there is no reason why the contemporary woman can't be both comfortable and fashionable.

Within the last few years foot measuring devices have been equipped to determine the length a shoe must fit between the heel and the ball of the foot. This is a prime requisite for painless walking.

Women today allow the shoe salesman to measure their feet and they accept his judgement, no matter the size.

Your foot should be at home in the shoe he brings you. Shoe designers do wonders to make even the largest foot look attractive.

If you are fitted with the proper last and arch, there is the vamp and other factors that may not conform to the shoe you are trying. In the last analysis you must answer the telling question: "How does it feel?"

Recipe of the Week

By Sarah Anne Sheridan
BEEF BOURGIGNON

This is a dish that I like to make the day before, especially if its for company. And the flavor improves, too. Serve with rice. This makes about 6 servings.

- 1/4 c shortening.
 - 3 lbs. lean beef, cut into 1 inch cubes.
 - 3 T flour
 - 1 1/2 t salt
 - 1/2 t pepper
 - 1/2 t dried thyme
 - 1 c canned condensed beef broth, undiluted
 - 1 c dry red wine
 - 1/2 lb. fresh mushrooms, sliced, or 1 3oz. can sliced mushrooms
 - 12 small white onions
1. Heat oven to 325 degrees.
 2. Brown meat in the fat then stir in flour, salt, pepper, and thyme scraping bottom of skillet well. Turn all into a 2 quart casserole. Pour in beef broth and wine. Cover casserole and bake for 2 hrs.
 3. At the end of 2 hrs. add mushrooms and onions. (If mixture seems dry, pour in equal amounts of broth and wine.)
 4. Continue baking for 1 to 1 1/2 hrs.
 5. Remove from oven and skim any fat from gravy. Serve right from casserole.

SHELLING PEAS--Mrs. Walter Sain, Mrs. Ed Little, Mrs. Alex Little, and Shelly Sain met in the home of Mrs. Sain for an old time pea shelling. Mr. and Mrs. Alex Little, of Decatur are visiting their children, Jack and Ed Little, and Mrs. Walter Sain.

ABOUT YOUR HOME

In a small home, where rooms are used constantly, certain decorating tricks can be used to pull the home together and thus make it more attractive.

In a small house, the doors, windows and walls should be one color throughout. It is wise to choose a neutral color that will look good with a large number of other colors. When you look from one room to another across a hallway, the effect will be continuous and the house will seem much larger.

Whenever possible, it is ideal to use the same flooring throughout except in the kitchen and bathrooms. In these two rooms, match the floor color as nearly as possible to the floors in the rest of the house.

The shades and draperies should be chosen in a color as close to the walls as possible. Some decorators say that the same upholstery fabric should be used for sofas, chairs and bedspreads throughout.

For accessories, use glass, brass or wood, for this is the way to give your home variety. Table lamps and standing lamps should be synonymous throughout.

A small house decorated in this manner will not be monotonous. There will be, however, an absence of clutter that is so typical of most small homes. Remember, you can add bright colored pillows, bowls of flowers and occasional pictures.

MRS BAIRD'S

Stays Fresh Longer

THE MULESHOE MULES' PLAYER OF THE WEEK

Bobby Julian

Bobby Julian scored on a 80 yard touch-down pass run and kicked the two extra points. He played good offensive ball under pressure.

Henry Ford II Issues Statement Concerning Strike Conditions

Following is a statement by Henry Ford II, chairman of the board, Ford Motor Company:

Ford Motor Company has been closed down by a strike that is totally unjustified and completely unnecessary.

Because we would not accede to the unconscionable demands of a powerful union, we are paying a stiff penalty. Our employees, our stockholders, our dealers, our customers, thousands of supplier firms and millions of others are forced to suffer the consequences with us.

This is unjust and, in every

sense of the word, tragic in its implications for the whole nation. At a time when our country needs every ounce of economic strength, there can be no defensible reason to shut down one of the major business contributors to America's economic well-being.

I deplore the action of the UAW in forcing Ford into this situation. I am sorry that we do not have laws that effectively prevent the use of this kind of bludgeon against the public interest. But I do not for one minute regret our decision to take this strike rather than surrender to an unrealistic set of union demands. The strike will be costly, but the effects of an unsound settlement would be far more pervasive, longer-lasting and, in the final analysis, even more costly.

Ford Motor Company made a fair and generous offer to the UAW. It would have provided wage increases of 13 cents an hour for the first year--a 4.1 percent increase in that year alone. Over the three-year term of the contract, wages would have risen a minimum of 34 cents an hour for the delete last line.....

Of 34 cents an hour. We offered the continued protection of cost-of-living allowances and we offered to increase the employees' basic pension rate by 24 percent. In addition, we proposed a number of important improvements in other employee benefits. The UAW flatly rejected this offer. None of its original demands, which have been esti-

mated to cost at least \$4 an hour, have been removed from the table. This is irresponsibility and the leadership of the UAW should be held to account for it.

The Ford strike will hurt everybody. Every day it lasts it will cost our employees more than \$5 million in wages. Every day it lasts will cost the company sales, profits, competitive position, and - perhaps even most importantly - a chance to help meet the needs of a nation troubled in many ways. Every day it lasts will be another blow to the business recovery which has just begun to build up.

We are prepared to get down to the job of settling this strike just as soon as the union is. We will use every possible means to achieve a just and sound agreement. But we will not sacrifice principle to expediency for the sake of a settlement.

Time, Placement of Phosphorus Discussed at Lubbock Symposium

LUBBOCK---Time of application of phosphorus and its placement in the soil are of utmost importance if the element is to be of some use to a plant.

"Phosphorus must be applied when and where young plants can use it," pointed out Dr. Tom Longnecker, director of the High Plains Research Foundation, during a plant food conference Wednesday (September 6) at Texas Technological College.

Some 250 farmers, researchers, educators and fertilizer dealers and manufacturers attended the one-day phosphorus symposium at the Texas Tech Student Union Building.

"Phosphorus is usually the second element which becomes deficient in the soil," Longnecker said. "Young plants absorb it very rapidly and therefore it must be applied preplant or at planting time. This is when the element is most soluble and thereby more readily available to the plant. An adequate supply of phosphorus should be available immediately after seed germination."

The nutrient must be placed where it is positionally available to the roots of young plants, he continued. It can be applied either by broadcasting or by banding preplant or at planting. Longnecker said that banding at planting time is best, applying the phosphorus one to two inches to the side and one to three inches deeper than the seed.

The element does not move much in the soil, either horizontally or vertically, he added, and its availability decreases with the length of time it is in the soil.

Presiding at the morning was Dr. W.H. Longstaff, president

of the Texas Plant Food Educational Society. Longstaff outlined the activities and purposes of the TPFES, stating that the organization's main purpose is "to foster and promote the dissemination of useful and practical information regarding all forms of plant food, its application to crops of all kinds, better cultural practices and other related information which would result in the production of better crops and increased farm income."

Jim Valentine, area soil chemist with the Texas Agricultural Extension Service, discussed the responses received from some crops on various types of soils when phosphorus was applied. Clay and sandy soils have produced increased yields in a number of test plots, he said.

Lint yields increased from 26 to 41 pounds per acre when phosphorus was increased from 40 to 80 pounds per acre. Grain sorghum yields were boosted approximately 75 pounds by doubling the amount of phosphorus from 40 to 80 pounds. An increase of two bushels was found on wheat plots on sandy soils when the element was increased from 40 to 80 pounds, but clay soils showed a slight decrease with the same treatments.

In discussing phosphorus deficiencies in plants, Valentine pointed out that there are no visual symptoms in cotton, grain sorghum and wheat that are specific. Plants will just not grow well and production will usually be off some, he added.

Of the 18,152 soil samples from 49 West Texas counties that were tested at the South Plains Research and Extension Center's soils lab within the past year, Valentine said that 36 percent of these indicated a very low phosphorus content and 22 percent were low in

SCHOLARSHIPS--Lindell Wilson, son of Mr. and Mrs. R. G. Wilson and Dennis Burrows, son of Mr. and Mrs. Olin Burrows, are being presented scholarships from the Muleshoe Rotary Club by Harmon Elliott. The youths were guests of the Club at the noon meeting Tuesday.

Employment Increases

An over-the-year nonfarm job gain of 153,400 over the July 1966 total offset a slight drop of 2,900 in farm jobs to push total statewide employment to 4,195,700 at mid-July as 1967 employment increased for the sixth successive month, the Texas Employment Commission's "Texas Manpower Trends" revealed this week.

"The growing population and buoyant economy of Texas added 142,600 workers to the civilian labor force between July 1966 and July 1967," the report said.

The total civilian labor force declined slightly under the June figure to 4,333,100 as students and other summer job seekers withdrew from the job market after an unsuccessful job hunt, yet total employment gained by 12,700 over the mid-June figure, according to the report.

Estimates of the number of Texas workers in the civilian

labor force but unemployed at mid-July stood at 134,500, down 26,500 from the student-swollen mid-June figure and 12,900 under the July 1966 total. Percentagewise, the unemployment figure for mid-July was 3.1% of the total civilian labor force of 4.3 million compared to a 3.5% rate in July of 1966.

"A return to a more normal labor force entrant rate after the (June) influx of thousands of summertime job seekers was responsible for the decline in the idle worker total," the TEC report explained.

New jobs created by Texas' growing economy combined with jobs reopened by the settlement of labor management disputes recorded a 176,900 total gain in nonfarm jobs over July of 1966. Of these, economic growth accounted for 158,400.

Horses Approved For Million Dollar Season

Sunland Park's stall committee headed by racing secretary L. Henderson VanZandt, has been flooded with applications for stalls for the 1967-68 racing season opening Saturday, November 4.

VanZandt has already stamped his seal of approval on 1,000 thoroughbred and quarter horses who have been okay'd to compete during the 74 day meeting. The stall committee has processed more than 1,800 applications according to VanZandt.

Crack stables from Ruidoso Downs and La Mesa Park will be on hand for the opening and outfits from Centennial, Albuquerque, Del Mar, Chicago and Kentucky will add zest to the meeting with high caliber racing stock.

Although the Sunland racing strip will not officially open for training until September 25, several stables have already arrived for the "million dollar" season. Nationally known trainer

Gerald Bloss is on the scene

with 20 runners and G.W. McClanahan bedded down his two-year-old ace Iron Card. The promising colt is eligible for the rich Sunland Thoroughbred Futurity.

Included in the powerful Bloss contingent is the 1966-67 Horse of the Meet, Ala Ram, who was sidelined by an injury during his Kentucky Derby campaign last spring. Ala Ram, along with stable mate Traffic Charger will be pointed for the \$4,000 added Texas Derby to be run December 3.

One of the highlights of the new season will be the Sunland Thoroughbred Futurity up for decision December 17. Subscriptions for the two-year-old fixture closed with 98 nominees which will swell the gross purse to approximately \$45,000.

More than one million dollars in purses will be offered horsemen during the 74 day meeting.

Spell Quiz

Which of the Following is Spelled Correctly?

invincible invincible invincible

(Meaning: Unconquerable.)

See Classified Page for Correct Answer.

Last year, over a quarter million owners of other low-price cars were won over to Plymouth. It started a movement, a momentum, a beat.

And the Plymouth win-you-over beat goes on.

Inside, Fury's options don't have that "added on" look. The Auto-Pilot is on the turn signal lever. Air conditioning outlets are part of the instrument panel. And the beat goes on.

Plymouth Fury has the biggest brakes in its class. And the biggest trunk. It's also the heaviest. And the most solid. And the beat goes on.

This is the 1968 Plymouth Fury. It still looks long and low and wide. Only richer. And much more beautiful. And the beat goes on.

This is the 1968 GTX. One in a whole new line of mid-size cars for '68: GTX, Sport Satellite, Satellite, Belvedere, Road Runner. We've given them all-new styling for '68. And the beat goes on.

We made our 2-door sedans look like hardtops. And we created a new low-cost, high-performance car called the Road Runner. Its horn goes "Beep-Beep!" And the beat goes on.

There are 64 new Plymouths for '68. Full-size, mid-size, sports cars, wagons and compacts. We could build a car a minute for an entire year. And never build two exactly alike. And the beat goes on.

RECEIVES AWARD
Seoul, S. Korea--Novelist Pearl Buck was awarded the South Korean Cultural Medal in recognition of her welfare work for Korean-American children. Premier Chung Il-kwon made the presentation. Miss Buck recently dedicated an \$1,100,000 opportunity center, a gift celebrating her seventy-fifth birthday.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN--Texans will face a \$192,900,000 new tax bill before the 60th Legislature gets through with its work next year, Legislative Budget Board staff predicts.

Gov. John Connally and Speaker Ben Barnes contend the Board's figure is far too high. Barnes says the estimate is "wrong by \$90,000,000."

Lt. Gov. Preston Smith, on the other hand, feels the staff not only is within the ballpark but is actually conservative. "I would not be surprised to see the new revenue need soar to over \$200,000,000 by the middle of next year," says Smith.

Connally made clear he will not call lawmakers into special session to appropriate funds for the second half of the biennium and pass a tax bill until next year. He refused to state what date he has in mind, although speculation persists that there will be no tax session until after June primary elections.

At the first budget board meeting since the Legislature adjourned last spring, staff members predicted the present general fund spending level will jump from \$452,800,000 to \$470,300,000 next fiscal year.

Staff projections see need for a \$6,000,000 increase in funds for health, hospitals, special schools and youth council facilities; a \$5,600,000 cut in executive and administrative agency spending; \$15,800,000 for education; and \$1,000,000 more for the Legislature.

SMITH ANNOUNCES, CONNALLY MUM--Four days after Governor Connally returned from an African hunting safari, Lieutenant Governor Smith told

him of his plans to run for governor. He asked, but did not get, Connally's pledge of support.

Smith then released his official announcement, which contained a criticism of the Connally fiscal policies and complained of too much power centralized in the governor's office.

Connally said he will decide whether to run again himself or not after swapping talk with Texans in all areas and figuring out "what is in the best interests of the people and the state." As for supporting Smith, he commented: "You are not ever very enthusiastic about supporting anybody who announces against you."

Speaker Barnes told voters in his home district (Brown, Coleman, Comanche and Runnels Counties) that he probably is going to run for lieutenant governor, although he might still be a candidate for governor if Connally retires. The speaker will not make a formal announcement before next month.

OIL OUTPUT CUT--Railroad Commission ordered a big whack in the Texas oil production allowable for September.

Slacking off of Mid-East tensions will mean more oil than Texas can use, Commission found. Its order reduced the 54 percent of potential allowable factor to 46.7 percent. Net effect is that production was at old high figure for first week of the month and will be some 44.5 percent for the remaining 23 days.

Cut is about 180,500 barrels a day or 5,415,000 barrels for September. Scaled-down allowable will amount to 3,133,500 barrels a day.

DRAFT QUOTA CUT--Texas draft boards are being called on to provide 977 men for induction in October. This compares with quotas of 1,180 for September and 1,421 for

August. Quotas for July and June were 974 and 975.

The 155 boards are scheduled to send 4,000 for pre-induction mental and physical examinations during October, according to Col. Morris S. Schwartz, state selective service director. The same number was forwarded for the pre-induction exams in September.

Quota is the state's share of a national call of 17,000 men for the Army in October.

STATE JOBS INCREASING--Texas industrial employment growth has been ahead of the nation-wide figure for the last five years, U.S. Department of Labor reports.

Non-farm employment increased 21.7 percent in Texas while the national increase was 18.2 percent.

Only Texas and California among the six biggest industrial states remain above the national average. New York, Illinois, Ohio and Pennsylvania have fallen below.

COOPER CONTRACT APPROVED--Water Development Board has approved Cooper Dam and Reservoir contract on Sulphur River after charging federal government attitudes threatened the state's \$3,500,000 water plan.

Contract as approved does not abide by U.S. Army Corps of Engineers demand for allocation of 63,000-acre feet of water a year from Lake Texarkana for Red River pollution control.

Board voted to notify President Johnson and other appropriate officials that Texas "faces potential permanent loss of 192,000-acre feet" of water from the lower Red River below Lake Texoma. Members said the state also may suffer "potential ultimate loss of from 1,500,000 to 2,000,000-acre feet" from all Texas water to federal jurisdiction if a Corps of Engineers interpretation of U.S. statutes is not changed.

APPOINTMENTS--Charles W. Corkran, formerly of El Paso, has been named director of State Archives, succeeding Dr. James M. Day who joins the teaching staff of the University of Texas at El Paso. Speaker Barnes announced House membership of two key committees:

To Emergency Hospital Treatment Study Committee--Reps. George Richardson of Keller, Chris Semos of Dallas, Tati Santiesteban of El Paso, Arthur Vance of Houston and Don Hand of San Antonio.

To Committee on Faculty Compensation in State Supported Colleges and Universities--Reps. W. Reed Quilliam Jr. of Lubbock, Bob Thomas of Waco and Tom Bass of Houston. He reappointed Wales Madden of Amarillo.

HIGHWAY ANNIVERSARY DINNER SET--Texas Highway Department's golden anniversary dinner will be held here September 26.

Former Gov. Allan Shivers heads a committee of prominent Texans who are arranging a program marking the department's 50 years of service Governor Connally will be principal speaker.

Special feature will be presentation of an endowment fund in the name of retiring State Highway Engineer D.C. Greer to provide engineering scholarships at Texas A&M University, Greer's alma mater. Money was raised by private subscription over the state.

VOTING MACHINES STUDIED--A panel of experts conducted a day-long hearing here on new table-top electronic, punch card voting devices.

Attorneys Dean Turner of Henderson and Jack W. Hayden of Houston and computer expert J.B. Williams of the University of Texas at Austin will advise Secretary of State John Hill chief Texas election officer.

Legislature authorized use of the new small machines, which sell for \$1900 each, subject to Hill's selection of brands which counties should invest in. Three firms have asked approval.

TEXAS ECONOMY FALTERS--Texas' fast-growing economy faltered slightly in July, when the Index of Texas Business Activity dipped 2 percent, according to UT's Bureau of Business Research.

This second consecutive monthly decline left the index at a level of 191.1, only marginally below the all-time peak registered in May and still 12 percent higher than in July of 1966.

SHORT SNORTS

Railroad Commission has set hearing for September 20 on East Texas Salt Water Disposal Company's request for change in salt water injection rules in East Texas field (Gregg, Smith, Rusk and Upshur Counties).

Col. Homer Garrison Jr., director of the Department of Public Safety, says the law now requires that any Texan

applying for first driver's license must have a birth certificate or other legal document showing birth date.

State Building Commission has awarded a contract to Zack Burkett Co. of Graham for construction of piers at Lake Brownwood, Possum Kingdom Lake, Lake Corpus Christi, Fort Parker State Park, Daingerfield State Park, Huntsville and Martin Dies Jr. State Park.

With Texas' new clean air law, the Air Control Board is looking for a way of measuring odor in order to set up regulations under which the discharge of smells into the air may be limited.

Town Hall Series Set for Bob Price

Another series of Town Hall meetings has been scheduled for Congressman Bob Price during the coming weekend. He will arrive in Amarillo Friday night and Saturday morning will meet with Dr. Roy Dugger, head of the James Connally Technical Institute at Waco; Amarillo publisher S.B. Whittenburg; Kenneth Greenwald, chairman of the Amarillo Chamber of Commerce Industrial Development Committee; and others on the proposed Technical Institute to be located at Amarillo Air Force Base. After that meeting, Price will tour Briscoe and Hall counties with stops at Silverton and Quitaque.

His first stop after leaving Amarillo will be at Silverton for lunch and an open meeting at the Production Credit office there arranged by Floyd Williams. At Quitaque, Price will meet with constituents at the First National Bank, Chairman of that meeting will be O.R. Stark.

At Memphis, the Panhandle Congressman will attend a dinner and panel discussion on farm problems arranged by his Southeast Agriculture Advisory Committee Chairman, Wayne Hutcherson. Following the farm discussion, Price will attend a 7:30 p.m. Town Hall meeting at Memphis High School Auditorium arranged by Hall County GOP Chairman J. D. Tuck.

Before returning to Washington, Monday, the Congressman will attend an 8 a.m. Amarillo meeting of his Water Advisory Committee arranged by K. Burt

VISITING -- Guests in the home of Mrs. Lee Pool and family is her brother and wife, Mr. and Mrs. Rex Hammock, Gale's Ferry, Conn. Mrs. Pool and her brother are shown visiting in the Pool home here. The Hammocks have seen many things which is entirely new to one of the Connecticut guests, Mrs. Hammock. She relates that she is quite impressed with our growing crops, cattle auctions and things which native plains people do not notice is attractive and interesting to her. Hammock is retired from the U.S. Navy and is employed by General Dynamics at Groton, Conn.

LEGAL NOTICE

NOTICE TO ALL PERSONS HAVING CLAIMS AGAINST THE ESTATE OF A.H. DOUGLAS, DECEASED.

Notice is hereby given that original Letters Testamentary upon the Estate of A.H. Douglas, Deceased, were issued to me, the undersigned, on the 12 day of September, 1967, in the proceeding indicated below my signature hereto, which is still pending, and that I now hold such Letters. All persons having claims against said estate, which is being administered in the county below named, are hereby required to present the same to me respectively, at the address below given, before suit upon same are barred by the general statutes of limitation, before such estate is closed, and within the time prescribed by law. 13-37t-tfc.

Know THE Weather

By E. H. Sims
Does thunder sound more ominous when we are under a cloud? Does the lowness of the cloud affect chances of being struck by lightning?

Thunder sounds more impressive directly under a thunderhead. The low cloud ceiling magnifies the noise. When a thunderhead is very low the danger from lightning is considerable. The greatest danger comes after the hardest rainfall-when some think the worst is over.
The nearness of the cloud base is an indication of the lightning danger. For, while the electrical discharges we call lightning may streak down from some height, they are more frequent, and more likely, if the distance to the surface of the earth is not great.

16. LIVESTOCK

FOR Sale, Registered Hampshire, 25 open gilts, 10 boars, Harris and Winters Breeding, 7 1/2 months old, Montex Farms, 1/2 mile E., Larlet, Tex. Phone 272-3168 Muleshoe, Night and Sunday.
