## Coronation Set For School's Most Beautiful, Most Handsome

The Catholic Youth Organization was re-organized this month. Meetings will be held every Monday night at eight o'clock p.m. Elected C.Y.O. officers were: Susan Vela, president; Patsy Lucero, vice president; Virginia Ybarra, secretary; Mary Gutierrez, treasurer; Joe Elizarraraz, reporter; Eusebio Villarreal, sergeant-at-arms. The organization will be under the direction of Reverend R. O'Leary, Mr. and Mrs. J. Farias, Mr. and Mrs. S. Madrid and Mr. and Mrs. J. Ybarra.

Val Moore, daughter of Mr. and Mrs. C. E. Moore and Diane Bryant, daughter of Mr. and Mrs. Russell Bryant, spent Friday night with Debbie Bryant at Texas Tech. Val and Diane took SAT tests for college Saturday morning.

Mr. and Mrs. J. K. Adams and Joyce have recently returned from Mineral Wells where they visited Mrs. Adams' mother, Mrs. W. H. McMillan. Adams attended a training course at A&M during that time.

Mrs. Mattie Hammons has just returned from visiting her son and family, the Lester Hammons in Albuquerque.

Mr. and Mrs. DeWitt Precure have returned from a sight-seeing tour to Australia.

Kathy West, daughter of Mr. and Mrs. John West and Steve Mallory of Sunray, visited in the West home Sunday.

Mr. and Mrs. Malcolm Stewart were Sunday evening guests in the home of Rev. and Mrs. Don Murray.

Stewart, director of Mission Development in Hawaii, spoke during the evening services at the First Baptist Church.

Stan Johnson is at home following knee surgery at Methodist Hospital, Lubbock. Stan, who was dismissed Tuesday, is reported to be doing very well.

C. A. Dempsey, Department of Public Safety, Lubbock, was

The most beautiful girl and the most handsome boy of Muleshoe High School will be selected during a program at Muleshoe High School auditorium Saturday, December 9 at 7:30 p.m.

An annual event sponsored by Thespians Troupe 714 will carry the theme "Wonderland by Night" as the theme this year.

Each class chooses eight contestants, four boys and four girls, each to compete for the coveted title. The 32 contestants will be interviewed prior to the pageant and then judged

### 4-H Club To Sponsor Turkey Shoot

Pleasant Valley 4-H Club will sponsor an all-day turkey shoot Saturday, December 9.

From 9:30 a.m. to 5:30 p.m. 11 miles east on the Plainview Highway, turkeys and hams will be awarded to the shooters with the sharpest eye.

Ammunition will be available and the public is invited to attend.

### Redwines On Winning Team

Carroll and Harroll Redwine, twin sons of Mr. and Mrs. J. C. Redwine, were members of the first judging team to enter competition from West Texas State University, Canyon.

The team competed in both national and international competition and brought home honors for West Texas. They attended Lazbuddie High School.

Other members of the crop judging team were Jim Crowder and Kenneth Ferguson. Leonard Wilson was their sponsor.

They faced the National Collegiate Corps in contests at Kansas City first and finished

during the contest on beauty, poise, and personality. The top five will then perform their talent and from this the judges will make their final decision.

Master of ceremonies for the event will be Bill Bradley, former director of the Muleshoe High School band, and present director of the Big Springs High School band. Co-ordinator of the pageant is Betty Harbin. The planning committee consists of Thespians Renee Dyer, Lyla Pitts, Dale Blackstone and Stan Johnson.

Candidates representing the senior class are Gus Taylor, Gary Strahan, David Davis, Alvin Walker, Val Moore, Diane Bryant, Sharron Hutton and Gail Phipps.

### Scout Troops At Camporee

More than 150 scouts and leaders attended the two-day George White District Jamboree held at the Muleshoe National Wildlife Game Refuge Friday and Saturday, December 1 and 2.

George White District is composed of scout troops from Lamb, Bailey, Hockley and Cochran counties. Twelve troops were representatives.

Competition in a series of events, was conducted among the troops and of the three first place ribbons awarded for outstanding performances, Muleshoe's Troops 633 and 634 won two of the three.

The series of events included plant identification, knot tying, relay, time fire building and signals, three-point compass study, building monkey bridges, bow saw relay and various other training and skills feats.

Scout leaders reported that the Scouts showed true scouting and the days and night of the Camporee was both cold and windy.

They camped out Friday night and all meals were cooked on campfires.

Juniors are: Johnny St. Clair, John Freeman Elliott, Joe Pat Riley and Larry Kitchens. Girls are: Vicki Street, Vicki Henexon, Debbie Burrows, and Drucilla Damron.

Sophomores are J. C. Slaughter, Sandy Noble, Bill Bruns, and Delton Bass. Girls are Patte Camp, Lana Moore, Trenea Bryant and Ann Douglas.

### Four Area Schools Announce Holidays

Muleshoe schools will dismiss at regular time on Friday December 22 for the Christmas holiday and resume at regular time Wednesday, January 3. Christmas parties for elementary grades will be held prior to dismissal time.

Lazbuddie school will dismiss for the holidays at 2 p.m. Thursday, December 21 and will resume Tuesday, January 2.

Three Way will leave classrooms for the Christmas vacation at 2:30 p.m. December 22 and will also return for classes at regular time January 2.

At Bula, school will dismiss at 2:30 p.m. December 22 and students are to return to classes Wednesday, January 3.

The 5th and 6th grades of Bula school will present a play in the school auditorium Friday, December 22 entitled "Christmas Carol." The students, under direction of Zoy Risinger, is taking the play from Dicken's "Christmas Carol," making the

### Adams Returns From A & M

J. K. Adams, Bailey County agent, spent the week of November 27 through December 4 at Texas A&M University attending a short course on weed control.

The school was conducted by Dr. Rupert D. Palmer. He was ably assisted by Henry O'Neal, extension agriculture engineer; Gevery Reeves, cotton mechanization specialist; Dr. E. F. Eastin and Dr. M. G. Merkle, of the plant science department; Garland Hoffman, ex-

### Bula Athletes Honored

Athletes of Bula school were honored with a banquet in the dining room of Underwood's, Lubbock, Saturday, December 2.

With football and the players highlighted, tables were decorated with miniature goal posts placed in clusters of fall leaves and flowers. Candles were contained in football shaped holders. Centering the head table where speakers and senior football players were seated was a large arrangement of bronze mums in a football-shaped vase.

Master of ceremonies was L. D. Holt. Donna Crume gave the welcome and the response was given by Mike Richardson. Superintendent Marion McDaniel opened the program with a prayer.

The speaker, John Scoball, first quarterback and senior student at Texas Tech, was introduced by Tom Newton. "Setting Your Goal in Life" was his topic.

Sheryl Medlin was crowned football sweetheart. Team captain and co-captain Dennis Newton and Mike Richardson placed the silver-glittered football helmet crown upon her head and presented her with a dozen red roses.

Following the coronation, the group sang "Let Me Call You Sweetheart" and the Bula school song. Dennis Newton pronounced the benediction.

Fifty-three athletes and faculty members attended. The banquet was sponsored by the Sophomore class and their sponsor. Eighth grade girls served.

Freshmen are: Lance Puckett, Frank Ellis, Steve Black, Terry Gunter. Girls are Sherry Moore and Suzanne Byrd, Debbie Wagon and Debbie Williams.

All proceeds from the event will go to the Thespians project for the year which is to build a speech and drama library.

### Costumes and Converting Prose Into Play Form

Some 24 students will participate. Elementary grades will have Christmas trees and programs with room mothers supplying refreshments.

### Educator Speaks

The West Texas Association for Supervisors and Curriculum Directors will meet in the Muleshoe High School cafeteria, Thursday, December 7, at 7:30 p.m. for a dinner meeting.

Dr. Alex Crowder, Texas Tech, is president of the organization and Mrs. Betty Scott, Post, is the secretary.

Dr. W. M. (Fred) Stoker, professor and head of the Department of Educational Administration, West Texas State University, will speak and Mrs. Mila Beth Gibson and some members of the Junior High choir will sing Christmas carols.

Administrators from the West Texas area will attend this meeting.

### Linda Gilliam Wins Olds Sweepstake

Linda Gilliam, an 18-year-old senior of Three Way High School, is the Grand Prize winner of the Oldsmobile Young Ideas Sweepstakes contest.

The winner will be presented certificates and titles to three cars, a Toronado, Delmont Holiday and Cutlass Sports Coupe at 10:30 a.m. Friday, December 15. John Bultrud, heading the sweepstakes contest and an Oldsmobile representative from Detroit will fly to Muleshoe to make the presentation.

Miss Gilliam will chose the color and equipment for the automobiles which will be special ordered that day in an effort to get them back by Christmas. The cars are valued at \$15,000.

Ernest Brock, of Brock Motor Company, announced the grand prize winner early Wednesday after confirmation telephone calls were completed late Tuesday.

Brock said "I am real happy that the Grand Prize winner is from Bailey County. This is the first one in the history to be awarded here."

### Groups Present Christmas Musical

The Muleshoe Junior High bands and choruses presented a Christmas program, Tuesday evening, December 5 at 7:30 in the Muleshoe High School auditorium.

Approximately 250 students from grades six, seven and eight participated in this program.

MOST COURTEOUS---Joyce Hicks, receptionist at K. C. Patzer Chiropractic Clinic was awarded a plaque as 'most courteous' employee. Lindell Murray is pictured presenting her with the plaque and Dr. Patzer a roving plaque as employer of the recipient of the most courteous plaque. This selection is made by an anonymous group and is a part of the Businessmen's Activities committee of which Murray is chairman.

## Store Hours For Chisolm Trail Museum Car To Be Here

### Store Hours For Holiday Season

During a meeting of the Business Activities Committee held Tuesday, store hours for shoppers for the coming holiday season were set.

Most downtown stores will remain open until 8 p.m. on Thursday nights, December 7 and December 14.

The week prior to Christmas, most stores will remain open until the 8 p.m. hour each night.

Pointed out in the meeting was the attractiveness of lighting which has been placed either around the fronts of some of the downtown or around buildings. Other businessmen are urged to beautify their store buildings.

### Mule's Varsity Shines In Friona Tournament Play

With the 1967-'68 basketball season barely underway, the Mules are showing their heels to almost all opponents. With four wins in a row under their belts, the Mules lost to Olton Tuesday night. Prior to the Olton tilt, they defeated Littlefield 56-34; and in the Friona tournament Thursday, Friday and Saturday of last week they slipped by Springlake 49-47; next night they duplicated the score by edging out Farwell 49-47 and in the final night of tournament play squeaked by Morton 63-59.

David Davis was high pointer in the Littlefield game with 18 racked up to his credit, followed by Alvin Walker with 13; Don Huff, 12; Terry Field and Ronnie Barrett, 5; David Dillman and Jim Putman, both with 2 and Eddie Derrick, 1 point to his credit.

On field goals the team averaged 43 percent and on free throws, they averaged 46 percent.

The same night as the Littlefield game, the Muleshoe "B" team defeated Littlefield's "B" team 39-31. John Woodard was high pointer in that game along with Dennis Beene. Both had 11 points credited to them; Ricky Botkin, 6; Lionel Patterson, 5; Roy McCormick, 4 and Bobby Burge, 2 points.

Before a surprisingly good crowd of Muleshoe fans at the first night of the Friona tournament the Mules slipped by Springlake varsity by a score of 49-47. The Mules led in all phases except field goals in the game. Don Huff led in points with 18; David Davis racked up 10; Ronnie Barrett, 7; Eddie Derrick, 6; Alvin Walker, 5 and Terry Field, 3. They averaged 24 percent of their field goal attempts and 81 percent of their free throws.

Farwell went down in the second game of the tournament at 49-47 also. Again Don Huff was high pointer with 15; David Davis had 13; Alvin Walker, 10; Terry Field and Ronnie Barrett both had 4 points and Eddie Derrick, 3. With a slight increase over the previous night percentage averages in field goal attempts, the Mules had a 32 percent average on their field goals and slipped downward in their free throw attempts to a 65 percent average.

Before a good final night crowd of cheering fans, Morton was edged out by the Mules 63-59. Don Huff racked up his

### Mark Monday, December 18 on your calendar," historians say, "because if you privilege yourself to use a portion of your time to view what is in store, it will be a day to remember."

The Texas Chisolm Trail Centennial Museum train is coming to Muleshoe.

It will be parked on a track near the Mule Memorial site and open from 10 a.m. until 7 p.m.

The 60-foot train is filled with historical items, memories of the yesteryears and is being brought to Muleshoe under the sponsorship of the Bailey County Historical Survey Committee of which Cecil Davis is president.

Some 1,200 school children from over the area are expected to visit the car. A place will be roped off for unloading and loading school children on and off of the buses. Along with the Muleshoe students from grade six up, will be Lazbuddie, Three Way and Euila.

School students under the 6th grade may tour the train car with their parents after school. The general public is urged to tour the car. There is no admission.

Ceremonies are planned just prior to the 10 a.m. opening

time. Bailey County Judge Don Cihak, Mayor W. B. LeVeque, Cecil Davis and others will be on hand for the cutting of the ribbon to open the car and the ceremonies.

Businessmen will assist with activities for the day. Harvey Bass, Olin Burrows and Lindell Murray are working with Davis in organizing the events.

"Rarely does a town the size of Muleshoe have the opportunity to have this renowned train car." Usually, the population of smaller towns do not meet with the importance of the traveling museum. But through the dedicated efforts of Cecil Davis, the car will be here.

Further and more detailed plans will be announced along with some of the history behind it.

### Middlebrooks Precinct 1 Candidate

W. L. (Lewis) Middlebrooks has authorized Harvey Bass, Bailey County Democratic chairman, of his intention of running for the office of County Commissioner, Precinct 1.

## Christmas Parade Winners Announced

The annual Christmas parade was held here Saturday afternoon with Santa Claus making his first appearance riding in a shay driven by one of his elf helpers.

Chief of Police Harold White escorted the parade along a route from lower South Main up Avenue H to Morton Highway, to Highway 84 north, then back along Main Street to where the parade concluded at the point of origin.

To make up the parade, the 832nd Security Police Color Guard led off behind the patrol car. The group is from Cannon Air Force Base and consist of Sgt. Gary Presley, Sgt. Roger Bartosiewicz, Sgt. Robert Leatherwood and Staff Sgt. Bobby Richardson.

Floats streamed along the route, depicting both religion and fantasy, along with Santa, the Muleshoe Fire Department trucks, convertibles in which Miss Muleshoe, Diane Bryant, Miss Texas Farm Bureau, Sharron Hutton, and the Muleshoe Ambassadors, Vicki Henexon and Connie Julian were riding. The Cochran County Sheriff's Posse was re-

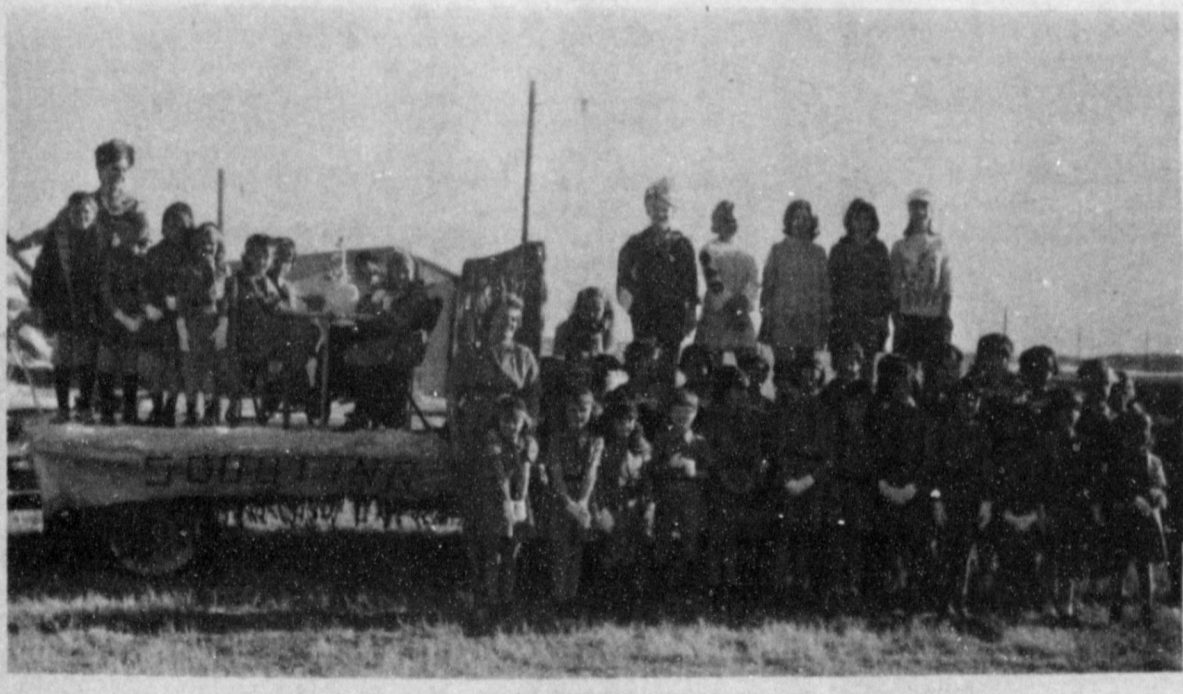

presented and a group of Girl Scouts marched behind their float and the Muleshoe High School marching band.

Prize money of \$100, \$50 and \$25 was given to the first three winners in both divisions. Winning first place in the religious division was Richland Hills Baptist Church. Second place went to the CWF of the First Christian Church and third place was taken by the Muleshoe Jaycees.

In fantasy, the Girl Scouts won first place; the high school chorus took second place and Epsilon Sigma Alpha sorority won third place.

R. A. Bradley, chairman of the 1967 parade, said "The parade chairman and committee takes this opportunity to say 'thanks' to all who had a hand in making the parade successful.

"A special thanks goes to KMUL and the Journals for the way the parade was put before the public to make it more successful and to the Cannon Air Force Color Guard for their time and appearance and to the groups who built and entered their floats."

GO SCOUTING---The float entered by the Girl Scouts and Brownies won first place in the Christmas parade fantasy division Saturday afternoon. The theme "Go Scouting" was carried out in a display of crafts by the Girl Scouts on one end of the float and the Brownie weiner roast on the opposite end.

CHRIST CRUCIFIED---This float scene entered in the Christmas parade by Richland Hills Baptist Church depicts the crucifixion of Christ. It was first place winner in the religious division.

**High Soybean Yield Recorded At Halfway**

Fifty-two bushels of soybeans per acre was the highest yield recorded in the 1967 Soybean Variety test at the High Plains Research Foundation at Halfway. Yields ranged from this high to a low of 32 bushels per acre, which is above the national average again this year. Contrary to expectations, early maturing varieties yielded as well or better than the long-season varieties. An early light frost on October 15 caused the leaves to shed and could have affected the yields of the later maturing varieties. The test was planted on May 26, and the early maturing varieties were harvested October 4. (These include Patterson, Clark, and Wayne varieties.) All other varieties were harvested on November 1. Irrigations were applied on July 28, August 16, and September 4. The longer maturing varieties received an additional irrigation on October 6. This last irrigation was applied to assure optimum moisture conditions for the full-season varieties. It is assumed that this late irrigation had no effect on yields and probably was not necessary because of the early frost. Yields for all varieties were recorded in bushels per acre as follows: Clark 63 - 47 bushels; Dare - 44 bushels; Hood - 44 bushels; Patterson - 44 bushels; Wayne - 43 bushels; Lee - 39 bushels; Hill - 39 bushels; Bragg - 35 bushels; Hinn - 33 bushels and Dortch Lee - 32 bushels. Higher yields were obtained in a separate test known as the USDA Regional Variety Test for Group IV (early maturing) varieties. Their yield were as follows: Custer - 52.7 bushels; Delmar - 52.4 bushels and Kent - 51.4 bushels. These tests were under direction of Dr. Douglas Owen, Agronomist at the Foundation. In another test, under the supervision of Jim Valliant, Soil Scientist, results of an irrigation study were compiled. Yields of early maturing soybean varieties were not affected by a late irrigation applied two weeks after pod set. Results of the 1967 test showed that the late irrigation appeared to increase vegetative growth. Clark produced an average yield of 44 bushels per acre which was significantly higher than yields of other early maturing varieties. On late-maturing varieties such as Hinn, Hill and an experimental variety, PAB-963, the late irrigation increased yields from 44 bushels to 46 bushels.

**Extension Agents Play Role Statistic Reports**

WASHINGTON--County Extension agents would play a larger role in agricultural statistical reporting under a bill introduced by Congressman Bob Price and 23 other Republicans last week. The bill would amend the act under which the U. S. Department of Agriculture obtains information for agricultural estimates on crop and livestock reports. Price said that the crop estimates issued by the Department are not always accurate and cited understated demand forecasts last year for four major commodities. The Panhandle Congressman said the mistake in each of those cases depressed prices during the prime selling period of each particular crop resulting in a loss of income to farmers. According to reliable Congressional estimates, Price said, such losses amounted to \$180 million from wheat revenue, \$400 million from soybeans, \$300 million from corn and \$25 million from grain sorghum. "In March of this year, we were informed that the Department of Agriculture in January had underestimated cattle population by 2,305,000," Price said. "Also that they had 'lost' five million turkeys." "Upward revision of the statistics depressed prices," he said. Present estimates are based on information gathered from about 90,000 farmers who file reports with state Crop Reporting Boards where they are tabulated, summarized and mailed to the Crop Reporting Board in Washington. "This system needs oversight at the county level to avoid the effects of irregular responses from the farmer-participants," Price said. "With this in mind, we are proposing to write into the procedure a requirement that the opinions of county extension agents, who should certainly know local conditions, be considered in the evaluation of the figures collected within their own counties." "The cost of the crop and livestock estimating portions of this program have risen from seven and one half million in 1961 to more than twelve and one half million in 1967," Price said. "If we are going to spend that kind of money, farmers and ranchers deserve a more reliable product."

**Bob Price**

WASHINGTON -- Congressman Bob Price today reminded those students interested in summer employment with the Federal Government to apply as soon as possible to take the competitive examination. "The earlier you take the exam, the greater will be your opportunity for selection. Some agencies will begin selecting before the end of the year," Price said. All those interested in summer employment must compete in one of four examinations which will be given December 9, January 15, February 10 and March 9 in Amarillo, Childress, Dalhart, Littlefield, Pampa, Perryton and Plainview, as well as Lubbock and other nearby cities in Texas and across the nation. Federal agencies will begin making selections after the results of the second test have been processed. No application post-marked after February 1 will be accepted. There will be a few jobs not requiring eligibility by passing a written test. These will be filled through merit selection plans administered by the agencies accepting applications for summer employment. Selection will be based on appropriate education and experience or a combination of both. The deadline for filing applications for this group is April 15. More detailed information and application forms for taking the summer employment examinations may be obtained from college placement offices, most post offices, any Civil Service Commission office or by writing to Congressman Price in Washington. Price urged all those interested to apply early in order to insure maximum consideration, and he reminded that, unlike the last year, all those who qualified in 1967 MUST RETAKE THE 1968 EXAM.

# Farm Bureau State Queen To Attend Chicago Meet

Miss Sharron Hutton, Texas Farm Bureau Queen, will lead a touch of glamor at the 49th annual meeting of the American Farm Bureau Federation December 10-14 at the Conrad Hilton Hotel in Chicago. She is the daughter of Mr. and Mrs. Horace Hutton.

Her trip is a prize for winning the state crown in Austin last month. State winners in young people's activities who will compete at the national convention are Mrs. C. J. (Virginia) Taylor, Lockney, Talent Find; and Wayne House, Goldthwaite, Discussion Meet.

Eight voting delegates will represent the Texas Farm Bureau's 105,653 member families at the Federation meeting.

Policies to guide Farm Bureau on national matters next year will be adopted by voting

high point game for the new year so far with 32 points on his side of the ledger; Alvin Walker had 12; David Davis, 9; Eddie Derrick, 8 and Terry Field, 2 points in the tilt.

The field goal average began creeping up for the Mules to a 40 percent average in the Morton game on field goals and a good 81 percent on free throw attempts.

Tuesday night, after a four win streak, the Mules lost to Olton by a score of 41-37. Alvin Walker came up with the most points for the night with 17 followed by Don Huff, who had 9 points; Terry Field and Eddie Derrick both had 5 and David Davis, 1.

The Mulettes have had a hard-luck season, and thus far, have lost the last three games. In the first day of the Friona tournament the Mulettes went down under the hardshooting, hardhitting Springlake girl's team 66-33 and the next day fell to the Farwell team with a close 47-46 score. Tuesday night Olton girl's team defeated the Mulettes 39-26. The Mulettes "B" team defeated Olton girl's "B" team 34-29.

"Dr. Palmer is Extension - Agronomist - Weed control for the state of Texas and did an excellent job of bringing together such a fine group of instructors to teach this vital subject," Adams said.

Adams was supplied with copies of all talks made by the instructors and feels that by attending, is better prepared to serve the area farmers, he related.

"Damage done by the improper use of herbicides is holding back the true potential of herbicides," Adams said. "We urge farmers and chemical dealers alike to refrain from putting herbicides to work on any farm crop unless such usage is recommended on the label of the herbicide."

Mrs. Hord is the former Velta Gillis, daughter of Mr. and Mrs. C. H. Gillis of Route 3, Muleshoe and Mrs. Walters is the former Darla Myers, daughter of Mrs. Bobby Myers of Mesa, Ariz. Mrs. Myers and the late Mr. Myers were long-time residents of Muleshoe.

Both Darla and Velta attended the Muleshoe schools.

**TFB QUEEN**---Lovely Miss Sharron Hutton, 18, will add a touch of glamor to the Texas delegation attending the 49th annual convention of the American Farm Bureau Federation, December 10-14 in Chicago. Sharron, daughter of Mr. and Mrs. Horace Hutton of Muleshoe, Bailey County, was chosen TFB Queen last month in Austin over 12 other district finalists. She received an expense-paid trip for herself and matron escort to attend the national convention. There is no queen contest on the national level. Miss Hutton, a senior in Muleshoe High School, has dark brown hair, blue eyes and stands 5' 7". She enjoys skiing, swimming, sewing, singing and cooking.

### Epsilon Delta Chapter Has Christmas Dinner

The Epsilon Delta Chapter of the Delta Kappa Gamma society had a Christmas dinner, Saturday evening, December 2, in the home of Mrs. E. W. Johnson, 320 West 19th. The traditional menu was served on tables decorated with holiday candles and holly. Seasonal arrangements and decorative pieces were used throughout the house. Recordings of Christmas carols were played to provide the music, and gifts were exchanged at the close of the social.

During the business session, the chapter voted to give twenty-five dollars to the Henry W. Stillwell Memorial Home for retired teachers in Waco and twenty-five dollars to aid members of Delta Kappa Gamma who suffered losses in Hurricane Beulah.

Mrs. Lenton Smith, first vice

president, distributed the year-books and previewed the future programs.

The following members from four area towns attended the dinner: Mrs. Kenneth Lynn, Mrs. Lenton Smith, Mrs. A. D. Ward, Mrs. J. D. Traugott, Mrs. Pat Donnelly, Mrs. Addie L. Abernathy, Mrs. Frank Cummings and Mrs. T. R. Collins, Littlefield; Mrs. Fred Gordon, Mrs. Ray Schultz, Mrs. Carl E. Hooper, Mrs. H. E. Ford, Mrs. O. W. Tooker, and Mrs. John E. Lewis, Olton; Mrs. Ray Blessing, Amherst and Mrs. Howard Cummings, Springlake.

Muleshoe members attending were Mrs. Jack Beddingfield, Mrs. Joe Costen, Mrs. Clifton Finley, Mrs. John Miller, Mrs. Jack Obenhaus, Mrs. Lavern Taylor, Mrs. John Watson and Mrs. Wilson Witherspoon.

### Green Bean Casserole Favorite of Mrs. Ruby Willman

Mrs. Ruby Willman submits her favorite green bean casserole to the women of Muleshoe and surrounding area.

Ruby has lived in Muleshoe since 1934, moving here from Grady, N. M. She has three children, Charlie Hanks, Muleshoe, Sue Bessire, Muleshoe and Kay Morris, Fort Worth and five grandchildren.

Mrs. Willman, a busy mother, takes care of twenty-three hundred acres of farm and ranch land, is a member of the country club, a member of the Methodist church and a member of two bridge clubs.

Her hobbies are sewing, taking care of her home, snow and water skiing, golfing and playing

the piano and guitar.

### Musical Arts Studio Feature Home of Mrs. McKinstry

The musical studio in the lovely home of Mrs. Sam McKinstry was featured in the Christmas decor of the Christmas Home Tour, sponsored by the Llano Estacado Civic Club, Sunday, December 3.

The pink and cranberry red kissing ball, added a note of excitement as the sparkle mode color 'Choir Angels' arrangement placed before a large mirror, which was viewed.

Pink poinsetta and red velvet ribbon arrangement on nine point frosted candelabrum, complimented the round coffee table.

A large easel Christmas music arrangement of frosted holly, velvet bow and glitter balls appropriately complimented the pianos and organ. The decorations were furnished by Decorators 216.

Following are the names of piano students of Mrs. McKinstry's who played musical selections during the Holiday Home Tour. They are: Trenea and Stephanie Bryant, Brenda St. Clair, Jan Jinks, Patty and Susan Murray, David Hardgrove, Maribeth Dillman.

PIANO STUDENT---Trenea Bryant, daughter of Mr. and Mrs. Don Bryant, and student of Mrs. Sam McKinstry, is pictured at the piano playing selections during the LCC Home Tour Sunday, December 3, in the home of Mrs. McKinstry.

## STATE CAPITAL Highlights AND Sidelights

by Wern Sanford

AUSTIN, Tex.--Texas will almost double its population -- to nearly 18,000,000 by 1990 -- and residents will have more money to spend, if not as much room to live in.

These are among predictions for the not-so-distant future contained in a new forward look at the state's economy prepared by the University of Texas Bureau of Business Research.

Their publication, Texas 90: An Economic Profile of Texas to 1990, includes these highlights:

"New factory growth will bolster the Texas economy more powerfully than any other factor between 1967 and 1990, as the state becomes constantly more dependent upon manufacturing. Value added by manufacturing (a measure of the difference in value between the raw materials that flow into a factory and the goods shipped out) will increase to \$37,500,000,000 a year. It now is less than \$10,000,000,000.

"Due for rapid expansion is the work force -- although not uniformly in all industries. Most dynamic employment growth will be in the service industries: laundries, barber and beauty shops, auto repairs, transportation, hotel management, recreation, professional services, etc.

"Texas agriculture will approximately double its output (cash receipts from farm marketings are seen as reaching nearly \$5,000,000,000 in 1990), although farm employment probably will decrease.

"Texas cities will lead the population growth trend. By 1990 both the Houston and the combined Dallas-Fort Worth metropolitan areas will have populations of more than 3,300,000. That nearly equals the entire U. S. of 1790. All seven of the state's biggest standard metropolitan statistical areas will see massive growth.

"Negro population, while increasing in numbers, now represents less than 13 percent of the total, compared to 25 percent a century ago.

"Spanish-surname population is increasing rapidly and now makes up 15 percent of the Texas total.

HE'S GOT 'EM GUESSING AGAIN--Once more Gov. John Connally's plans are the No. 1 topic of state capitol speculation.

In a press conference here, Connally vigorously denied rumors he may be the next U. S. Secretary of Defense. He plans to serve out his term as governor. But less than 12 hours later in Washington, he acknowledged the secretary's job "would be very difficult to turn down" if offered. With the rumor mill still buzzing, he flew to France on a promotional mission for HemisFair '68, the world's fair in San Antonio next year.

Before he left Texas, Connally had kind words to say about two men who have been mentioned as prospects to succeed him: former Congressman Frank Icard of Wichita Falls (who has stated he does not intend to run) and Secretary of State John L. Hill (who indicates that he plans to announce by mid-January).

Actual declared - candidate list picked up one new name: State Rep. Don Gladden, Fort Worth liberal, announced for lieutenant governor against

House Speaker Ben Barnes. Gladden said he would like to run on a ticket headed by Sen. Ralph Yarborough as a candidate for governor. Houston attorney Don Yarborough, another likely gubernatorial candidate, said he wouldn't seek the governor's office if the senator does.

ATTORNEY GENERAL RULES--Atty. Gen. Crawford C. Martin has held that telephone companies owe sales taxes on electricity used to perform their operations.

Decision means about \$400,000 in revenue to the state. In other recent opinions, Martin has concluded that:

"School board vacancy positions must be specifically designated on ballot.

"To qualify under "grandfather clause", for permit, a corporation need show it was engaged in the legal alcoholic beverage business in the State under a charter or permit prior to August 24, 1935.

"University of Texas may enter into interagency contracts with Coordinating Board, College and University System to furnish it, at cost, data processing equipment and services.

"Firemen in certain cities are entitled to refund of paid-in contributions to retirement fund on separation from service, notwithstanding prior payment of disability benefits.

"Harrison County commissioners may approve purchase of equipment, supplies or material for road and bridge work though purchase was made by someone other than county engineer.

"Children under 15 can be convicted only for perjury under penal code.

APPOINTMENTS ANNOUNCED--Governor Connally named former Hidalgo County Judge J. C. Looney of Edinburg to Public Safety Commission, succeeding John Peace of San Antonio who took oath of office to University of Texas Board of Regents. Looney leaves the Coordinating Board of the Texas College and University System, a post he has held the past two years.

Governor named as regents of Midwestern University R. E. Thornton of Olney, Henry Sears of Hereford and Mrs. Roland Boyd of McKinney. He reappointed E. N. Jones of Dallas.

Peter S. Solito of Houston was appointed by Connally as judge of Court of Domestic Relations No. 4 in Harris County.

House Speaker Ben Barnes appointed to interim House Committee on Juvenile Crime and Delinquency Reps. Vernon Stewart of Wichita Falls, Lamoine Holland of San Antonio, Glenn Johnson of Temple, John Allen of Longview, and Curtis Graves of Houston; also, Mrs. J. Howard Hodge of Midland, Mrs. Jim W. Walker of Amarillo, Joe Golman of Dallas and Judge Scott Moore of Fort Worth.

Lt. Gov. Preston Smith named Sen. Charles Herring of Austin to the Senate Parking and Traffic Committee after Sen. Grady Hazlewood of Amarillo declined to serve.

Department of Public Safety Director Homer Garrison Jr. promoted Major Leo Gossett of Midland to DPS Chief of Criminal Law Enforcement. Capt. E. K. Browning Jr. of Austin was promoted to rank of major to succeed Gossett as regional commander at Midland. James E. Riddles of Austin was ele-

vated to Texas Ranger Captain, to fill the vacancy created by the death of Jim Paulk of Lubbock earlier this year. Lt. C. L. Russell of Beaumont replaces Browning as highway patrol captain.

TSPE HITS WATER REQUIREMENTS -- Texas Society of Professional Engineers has joined in the attack on federal agency insistence on storing substantial quantities of water for "flushing" streams as "completely unrealistic."

TSPE President H. E. Bovay Jr. said the policies of the Federal Pollution Control Administration and the U.S. Corps of Engineers would seriously affect future Texas water development. He said their position fails to recognize more effective treatment for waste will be discovered in the next century.

COURTS SPEAK--Texas Supreme Court will review a Harris County case in which a dealer in foreign cars claimed \$862,000 in damages to his cars from flood waters which he said city of Houston could have controlled by a culvert.

High court also agreed to take a careful look at a Jefferson County suit by a man who claims his vision was damaged by an improperly-fitted pair of contact lenses.

Court of Criminal Appeals ordered a new trial for a man imprisoned for 30 years, because his lawyer made an inadequate defense, maintained no law office, and actually had appeared in court only twice in 10 years.

Federal Judge Jack Roberts held Mooney Aircraft Corp., Kerrville plane builders, cannot recover \$291,000 in income taxes and interest the firm claims it paid under protest.

NEW VOTE DEVICES APPROVED--Secretary of State Hill, after extended study, has sanctioned five brands of low-cost electronic voting devices for use in Texas elections. Systems are IBM Votomatic, Seismograph Vote Recorder, Datamedia Vote-A-Corder, VIVot-A-Maker and Cubic Votronics Vote Counter.

Advocates of the electronic devices point out that they insure fast, accurate counting and cost only \$185 (or less) each as compared with conventional voting machines which sell for \$1,900.

SHORT SNORTS Highway Commission approved 17 road projects in four Lower Rio Grande Valley counties, and reconstruction or repair of seven bridges in Victoria and DeWitt Counties as a result of Hurricane Beulah damage.

Air Southwest Co., new \$8,000,000 San Antonio-based airline, is seeking Texas Aeronautics Commission certification, proposing cut-rate fares of \$12.95 and \$14.95 between Fort Worth-Dallas and Houston-San Antonio.

Eleven Texas businessmen will huddle in Austin December 14 to map a program which will "quickly and unmistakably transmit the views of the general business community of our State government" according to Dolph Briscoe Jr., president of the State Chamber of Commerce.

Union Bank of Texas City has filed an application for a state charter. Industrial Accident Board of Texas reports that industrial accidents increased by 235 last year to a total of 204,102 but fatal claims decreased by 24 for a total of 678.

Bill J. Doggett will move from superintendent of Travis State School in Austin to the same job at the Austin State School, and Robert L. Breckenridge will transfer from the Denton State School to take Doggett's job, the Department of Mental Health and Mental Retardation announced.

## Washington Report

From Congressman  
**BOB PRICE** 18TH DISTRICT, TEXAS

1222 LOP WORTH OFFICE BUILDING, WASHINGTON, D. C. • 205-3706

Texas gets a big share of prime defense contract awards. Last fiscal year, the state wound up with nine and a half percent of the national total and was second in the nation only to California.

During the first quarter of the 1968 fiscal year (July to September) Texas received \$858,630,000 worth of prime defense contract awards which is a substantial increase over the same period last year.

In most of the large prime contracts let for Department of Defense hardware of all kinds and other material and supplies used by the various agencies of the Federal government, there are set-asides upon which only small business firms may bid.

I have been concerned that Northwest Texas businessmen are not receiving their fair share of the billions of dollars spent every year by the Federal government for goods and services. A possible reason is that our businessmen do not know how to go about seeking Federal business, and are discouraged by the conception that Federal contracts are all of massive size requiring volumes of paperwork.

In order to promote a better understanding between Northwest Texas businessmen and the purchasing agencies of the Federal government, I am supporting the Magic Plains Business Opportunity/Federal Procurement Conference at the Aluminum Dome in Borger on December 7. Its purpose is to bring government purchasing personnel face-to-face with Texas businessmen interested in doing business with the Federal purchasing agencies.

In addition to the government representatives, purchasing specialists from several defense prime contractors will be on hand. These companies, who handle large government contracts, often do considerable subcontracting and will be at the Conference to explain to our businessmen the opportunities available in this area. Among the Federal agencies sending representatives to assist Texas industry at the Conference are the Department of Defense -- including Army, Navy, Air Force, and Defense Supply Agency -- National Aeronautics and Space Administration, Atomic Energy Commission, General Services Administration, Department of Commerce, Small Business Administration, Department of Agriculture, Department of the Interior, and the Veterans Administration.

Officials of the Defense Department -- the largest buyer in the Federal government -- have informed me that their representatives will bring with them to the Conference from \$50 million to \$100 million in open contracts.

It is my feeling that one of the greatest challenges of our times is to find ways to strengthen the position of the small, independent businessman in our growing economy. This meeting should make a major contribution toward bolstering the opportunities of our small businessmen to participate more and more in the area of government contracting.

The Conference is open to any businessman interested in learning more about selling goods and services to the Federal government. More information can be obtained by contacting Wayne Smith of the Borger Chamber of Commerce or J. C. Phillips of the Borger News-Herald.

Literally millions of extra dollars have been laid out by mills and merchants for the Plains' early harvest of "quality" cotton. Growers have been paid from \$10 to \$75 and more per bale above set loan values for cotton of known variety, preparation and reputation. More cotton buyers have been found working "cotton row" and gin offices on the Plains than at any time since 1960. The government's offer to take cotton into Commodity Credit Corporation stocks at fixed minimum prices, an indispensable tool for orderly marketing in recent years, has been virtually ignored this year. Cotton has moved, as it was intended to do, directly from the hands of the producer into the hands of the people for whom he produced it. This has been the happy situation to date, November 28. Whether this market and these prices will hold or advance through the season, or even until these lines have the chance to be printed, is a question few will attempt to answer. Don Anderson, Crosbyton farmer and President of Plains Cotton Growers, Inc., is one of the many producers fortunate enough to plant and harvest cotton with the necessary quality to command premium prices. But Anderson is convinced that higher prices are not the most important aspect of this year's return to an active cotton market on the Plains. Here, intact, are his comments. "The big question is whether these buyers will be back in 1969 and 1969 and the years that follow, or whether 1967 will prove to be a one-shot bonus. And that's a question we ourselves can answer. "The tight supply situation this year actually forced buyers to come to the Plains to fill their cotton requirements. Even though we had told them through PCG and other means that we were making an all-out effort to upgrade the quality of our production, if there had been ample cotton elsewhere, most of them probably wouldn't have been here. "Fortunately, I think we have proven to them that we can grow the kinds of cotton they want to buy. With careful production and harvesting practices and by ginning in blocks to maintain varietal purity we have given them thousands of bales of cotton they can depend on to meet their spinning requirements and specifications for a wide range of uses. "The mills should be, and I think they will be pleased with most of the cotton they buy from the Plains this year. "But in future years we will not be able to count on tight supplies or shortages to drive buyers to our door. Buyers will have to be lured to this area, in many instances from other sections of the cotton belt, by a reputation for producing true quality cotton. And that reputation must be built rapidly and strongly on the slight start made this year, because we certainly haven't presented such an image in the past. "Producers, ginners and merchants alike, if we are to have continuing markets, will have to show the highest degree of integrity. When a bale of cotton is represented as of a certain variety, it must be that variety and not some other variety or a mixture of two varieties. "Cotton can sometimes be sold under false pretenses, but it cannot be spun except for what it is. The mill buyer may be fooled, but you can't fool a spinning frame. "And when it is known that cotton was falsely labeled by producer, ginner or merchant, next year's cotton from that farm, gin or merchant -- and eventually cotton from that area -- will be a drug on the market. "We may never again see the day when cotton can be grown at a profit for the government loan. I doubt that we will. So all that is left is to produce for the market. "It appears now that 1968 production will no more than equal the demand, and we will have a second opportunity to prove our ability to grow and market a quality, dependable product. "I don't think we can afford to miss that opportunity."

Some are speculating on whether the Secretary of Agriculture will be able, under current law, to declare marketing quotas for the 1969 cotton marketing year. Quotas can be declared "whenever during any calendar year the Secretary determines that the total supply of cotton for the marketing year beginning in such calendar year will exceed the normal supply for such marketing year. . . ." "Normal supply" is defined by the Agricultural Adjustment Act of 1938, as amended, as "the estimated domestic consumption of cotton . . . plus the estimated exports of cotton for such marketing year, plus 30 per centum of the sum of such consumption and exports as an allowance for carryover." So it would appear that to declare marketing quotas, and thus make a 1969 cotton program possible, the cotton produced in 1968 plus the cotton carryover on August 1, 1968 will need to exceed 130 percent of the estimated cotton consumption during the 1968-69 marketing year. The cotton marketing year runs from August 1 to July 31. The carryover of cotton on August 1 of this year was 12.4 million bales. Production this year is now estimated at about 7.9 million, giving a total supply for the 1967-68 marketing year of 20.3 million bales. Assuming these figures to be correct, and assuming a total oftake this year of 13.5 million bales, the carryover on August 1, 1968 would come to 6.8 million. The 6.8 million bales, added to 1968 production, would need to exceed 130 percent of the Secretary's guess at 1968-69 total oftake. If he estimates consumption for that marketing year at 13.7 million bales, which is probably

At this season of the year, with Thanksgiving day just past, and the warm glow of the Christmas holidays ahead, we realize how very much we have to be grateful for. In our community, we are surrounded by privileges and opportunities as well as comforts, and it is easier to enjoy it all than to remember to express gratitude.

The library staff truly appreciates the opportunity of serving you. These are not just words. Being able to help you when you come looking for information or recreational reading gives us a real glow, and what is this but gratitude for the opportunity to brighten another's day and promote the general welfare?

Surely books should be high on our list of things for which to be thankful. Thoughts and facts, recorded in print, are like treasures saved, and made available through your library, to anyone who will take time to read and thereby deepen his own thoughts, and understandings. This is surely one of our greatest blessings.

Our hearts are lifted up in gratitude to the many, many wonderful people who have made it possible to have the library we have here today. To those who have given so generously, who have risen to the challenge, time after time, to secure the books we have, to give additional books, to give their time, and efforts to our library development, and to give financially to the support of the library . . . to these . . . and all of us who live here, or in the vast areas served by our bookmobile should be very grateful. In the future, it is our sincere hope that we can continue to grow, continue to improve our library services . . . so that . . . each and every one who has helped, may point with pride at your handiwork and say . . . This is truly worthwhile.

Merry Christmas - Happy New Year.

## Lt. Gary G. Snead In Flight Training

PENSACOLA, FLA.--Marine Reserve Second Lieutenant Gary G. Snead, son of Mr. and Mrs. R. E. Snead of Friona has reported for advanced flight training with Training Squadron Six at the U. S. Naval Air Station, Pensacola, Fla.

While with the squadron he will undergo training in the Navy's T-28B "Trojan" aircraft. This training will qualify him to fly modern military aircraft in all kinds of weather.

By the use of navigational instruments he will be able to fly his aircraft from take-off to destination without visual reference to the ground.

Upon completion of his training with Training Squadron Six he will be qualified as an instrument pilot.

LEGAL NOTICE  
ORDINANCE NO. 68A

AN ORDINANCE TO PROTECT THE PUBLIC HEALTH AND PROMOTE THE PUBLIC WELFARE OF THE CITY OF MULESHOE, TEXAS, BY DECLARING THAT THE LOCATION OR PRESENCE OF JUNKED VEHICLES, WITHIN THE CITY SHALL BE PUBLIC NUISANCES, WITH CERTAIN EXCEPTIONS, PROVIDING FOR THE ABATEMENT OF SUCH PUBLIC NUISANCES, PROVIDING FOR THE ASSESSMENT OF COSTS OF ABATEMENT IN CERTAIN CIRCUMSTANCES, PROVIDING FOR THE FIXING OF A LIEN FOR THE COSTS OF ABATEMENT IN CERTAIN CIRCUMSTANCES AND PROVIDING FOR THE DEPOSITION OF ANY JUNKED VEHICLES IMPOUNDED IN ACCORDANCE WITH THE TERMS HEREOF; PROVIDING A SEVERABILITY CLAUSE MAKING THIS ORDINANCE CUMULATIVE OF ALL OTHER ORDINANCES OF THE CITY; REPEALING ALL ORDINANCES IN CONFLICT HEREWITH; PROVIDING A PENALTY; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, there are or may be in the future junked vehicles left about the City other than in junk yards or other appropriate places, and  
WHEREAS, such condition tends to interfere with the enjoyment of and reduce the value of private property, invite plundering, create fire hazards and other safety and health hazards to children as well as adults, interfere with the comfort and well-being of the public, and create, extend and aggravate urban blight; and  
WHEREAS, adequate protection of the public health, safety and welfare requires that such condition be abated,  
NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MULESHOE, TEXAS:

SECTION 1. DEFINITIONS  
Whenever the following terms are used in this ordinance, they shall have the meanings respectively ascribed to them in this section:

JUNKED VEHICLE. Any automobile or other vehicle which does not have lawfully affixed thereto both a valid Texas license plate or plates and a valid Texas Department of Public Safety motor vehicle inspection certificate, and the condition of which is one or more of the following: wrecked,

dismantled, inoperative, abandoned and/or discarded.  
PERSON. Any individual, firm, partnership, association, corporation, company or organization of any kind.

SECTION 2.  
The location or presence of any junked vehicle or junked vehicles on any lot, tract, parcel of land or portion thereof, occupied or unoccupied, improved or unimproved, within the city shall be deemed a public nuisance and it shall be unlawful for any person or persons to cause or maintain such public nuisance by wrecking, dismantling, rendering inoperative, abandoning or discarding his or their vehicle or vehicles on the property of another or to suffer property of another or to suffer, permit or allow the same to be placed, located, maintained or exist on his or their property; provided that this Section shall not apply with regard to a junked vehicle or junked vehicles in an enclosed building; a junked vehicle or junked vehicles on the premises of a business enterprise operated in a lawful place and manner, when necessary to the operation of such business enterprise; or a junked vehicle or junked vehicles in an appropriate storage place or depository maintained in a lawful place and manner by the City.

SECTION 3.  
Whenever any such public nuisance exists in the city in violation of Section 2 thereof, the City Manager or his representative shall order the owner of the real property, if in possession of the premises, or the occupant, if any, of the premises whereon such public nuisance exists to abate or remove the same. Such order shall be in writing, shall specify the public nuisance and its location, shall specify the corrective measures required and shall provide a reasonable time for compliance. Copies of the order shall be served upon the owner and the occupant, if any, by

serving him or them personally or by sending the copies by registered mail, return receipt requested, to the last known address of such person or persons. One manner of service may be employed with respect to the owner and the other manner with respect to the occupant, if any.

SECTION 4.  
If the owner and/or the occupant fails, neglects or refuses to obey any order issued under the provisions of the preceding section, or if the premises are unoccupied, and the owner or his agent cannot be found, the City Manager or his representative shall abate such public nuisance by impounding the junked vehicle or junked vehicles and shall defray the expenses thereof out of any moneys in the city treasury available for such purpose. All expenses so incurred in the abatement of such public nuisance shall be charged against the owner of the lot, tract or parcel of land, and a statement of the cost incurred by the City to abate such public nuisance shall be sent by registered mail, return receipt requested, to the owner of such premises. When thereby mailed, the said cost statement shall state that the amount due shall be paid within thirty days of such mailing. In the event that said cost statement is returned undelivered, public notice of said cost statement shall be given, and said notice shall state that the amount due shall be paid within thirty days from the giving of said notice. In the event that the amount due has not been paid within the applicable thirty-day period, the City Manager or his representative may file a statement with the County Clerk of Bailey County of the expenses incurred to abate such public nuisance, and the City shall have a privileged lien on any lot, tract or parcel of land upon which such expense is incurred, together with ten per cent (10%) on the delinquent amount from the date

such payment is due. For any such expenditure and interest, as aforesaid, suit may be instituted and recovery and foreclosure had in the name of the City, and the statement so made, as aforesaid, or a copy thereof shall be prima facie proof of the amount expended in any such abatement performed by the City.

SECTION 5.  
The bona fide owner of any such junked vehicle or junked vehicles which have been impounded in accordance with the provisions of this ordinance may acquire possession of such junked vehicle or junked vehicles by paying the costs of abatement as shall have been computed in accordance with the preceding section and by paying a reasonable storage charge based upon the period of time such junked vehicle or junked vehicles have been impounded.

SECTION 6.  
In the event that possession by the bona fide owner thereof of any junked vehicle or junked vehicles impounded in accordance with the provisions of Section 4 hereof, is not acquired within ninety (90) days from the date of the receipt of the registered letter or of giving public notice of the costs of abatement, such junked vehicle or junked vehicles shall be deemed to have been abandoned and may be sold by the City. The proceeds from any such sale shall first be applied to reduce or satisfy the storage charges computed in accordance with Section 5 hereof, and any amount of such proceeds then remaining shall be applied to reduce or satisfy the lien perfected in accordance with Section 4 hereof. Such lien shall remain in full force and effect with respect to any portion of the costs of abatement remaining unsatisfied.

SECTION 7.  
That if any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional, such holding shall not affect the validity of the remaining portions of this ordinance, and all of the remainder of this ordinance not so held to be unconstitutional shall continue to be in full force and effect.

SECTION 8.  
That this ordinance shall be and is hereby declared to be cumulative of all other ordinances of the City of Muleshoe, and amendments thereto, except in those instances where the provisions of this ordinance are in direct conflict with such other ordinances, in which instances said conflicting provisions of such other ordinances are hereby repealed.

SECTION 9.  
That the violation of any provision of this ordinance relating to the maintaining of a public nuisance as described herein or in permitting or allowing such public nuisances to exist shall be punished by a fine of not exceeding two hundred dollars (\$200.00), and each violation thereof shall be and is hereby declared to be a distinct and separate offense and punishable as such; provided, however, if the maximum penalty provided by this ordinance for any such offense is greater than the maximum penalty provided for the same or a similar offense under the laws of the state, then the maximum penalty for violation as provided by state statute shall be the maximum penalty under this ordinance.

SECTION 10.  
That this ordinance shall become effective and be in full force and effect from and after its passage and publication as required by law, and it is so ordained.  
PASSED AND APPROVED

NINETY-FOUR YEARS---William Allen Mathis was honored on his 94th birthday Sunday, December 3, in the Muleshoe Nursing Home by his children, grandchildren and great-grandchildren. A white cake with pink rosettes and one single candle with the numeral '94' attached to the candle, was the point of interest on the beautifully decorated table.

W. A. Mathis, Honored  
On 94th Birthday

W. A. Mathis was honored on his 94th birthday Sunday, December 3, in the dining room of the Muleshoe Nursing Home. His children, grandchildren and great-grandchildren were party hosts and hostesses. Mathis is a long-time resident of Bailey County and has lived at his home in Muleshoe until recently, when he moved into the Nursing Home.

Friends of the home joined relatives in wishing Mathis many more happy birthdays. Relatives attending were Mrs. H. E. Schuster, Mr. and Mrs. Bert Mathis, Mr. and Mrs. Alan Mathis and children,

Carrie Lynne and James, and Mr. and Mrs. Jack Schuster and children, Alex, Debbe and Kathy.

Dear Santa,

I love you.  
Please bring me a toy.  
I want a set of soldiers.

Love,  
Blas

Latin nations protest bills on tariffs in U.S.

Paxton Report

By Eddie Paxton

As I stated in my last report we Texans face the possibility of a \$200 million tax increase next year because of the "spend now - pay later" policy adopted by the Legislature last spring. Since 1960 spending by the state has increased seven times faster than the population -- we must plan better and priorities must be established if the people of Texas are not to be overburdened with taxes.

There are several ways that the state can meet its commitments without producing a greater tax overload.

A favorable climate must be

maintained for business and industrial growth. By maintaining an expanding economy the state sales tax, which is a "growth" tax, will produce more revenue each year.

The budget should be balanced at each regular session of the Legislature. The state now faces an uncertain financial future because of the Legislature's failure to do this last spring.

All taxes owed the state must be collected. According to a former assistant Texas attorney general the state loses \$15 to \$20 million a year because of a failure to collect back sales taxes.
